POWERS WILL GET FAIR JURY THIS TIME POSSIBLY

Representative of Prisoner
Accompanies Kentucky Sher-
iff in His Search For
New Veniremen.

JUDGE DESIRES TO BE IMPARTIAL

Too Many Democrats Appeared at
Last Trial and Court Was Some-
what Mystified at Showing
Made on the
Stand.

Georgetown, Ky., Nov. 22.—If Cal-
eb Powers does not get a fair trial
this time his case is called, it
will be no fault of Special Judge
Morris. A representative of Powers
will accompany the sheriff on his
trips into the remote parts of the
district to secure a jury to try Pow-
ers and the judge has directed that
the officials be absolutely impartial
in their selection of veniremen.

The main contention throughout
the proceedings so far has been that
politics has been injected into the
case as all previous trials had been
an effort to continue this condition
has been made in the selection of the
venire of 200 men summoned from
Harrison county, and that the de-
fendant could not obtain justice at
the hands of a jury composed en-
tirely of political opponents.

It has been argued that it is rea-
sonable to suppose that the 12 men
ultimately selected to try the case
would all be democrats. For this
reason counsel for Caleb Powers at-
tacked the venire drawn from Har-
rison county.

Selection of Democrats.

Testimony introduced to sustain
counsel's view was ineffectual until
proof was forthcoming as to the po-
litical character of these sections of
Harrison county from which venire-
men were summoned, which demon-
strated that these precincts were
large democratic, so much so as to
create a suspicion that undue in-
fluence has been used in directing
the deputy sheriffs from Scott county to
ward these democratic precincts.

The weight of testimony introduced
exonerated the sheriff of Scott
county and his deputies, but the re-
sults of their work in Harrison county
led to the expressing of an opinion
that created a sensation. In sus-
taining the motion of the defense,
Special Judge Morris, an ardent
democrat, and an appointee of Gov.
Beckham, said:

"The proof indicates that the demo-
cratic majority in Harrison county
is somewhere in the neighborhood
of 1,000 perhaps more, in the last
election."

Judge Sees Striking Proof.

"The proof indicates that in the
precincts where the veniremen were
summoned, there is an overwhelming
predominance of democrats, and
so much in the last election as in
previous elections, perhaps. Now, in
looking over these lists in proof here,
it must be striking that so many
democrats were summoned on this
venire and so few republicans."

Concluding his opinion Judge Morris

said:
"I preside at the
trial and I am
not here to
decide the case
but to see that
the law is
administered
fairly and
impartially."

ONE DEAD AND HURT IN FIRE IN HOTEL

Buffalo Hostelry Blaze Caused
Panic Among Guests Early
This Morning.

Buffalo, N. Y., Nov. 22.—One man
is dead, another dying, and a third in a
serious condition, and a score had a
narrow escape as a result of a fire in
Sawell's hotel today. Nearly 50
persons were sleeping in the hotel
and these rushed into the street half
clothed during the progress of the
fire.

The cause of the fire is unknown
as it originated in a room where
no one was supposed to have been for
several days.

The Sawell is one of Buffalo's
prominent hotels and occupies a
central location, the fire causing much
excitement in the thickly congested
district.

Barefooted in Snow.

Guests rushed into the streets in
their night clothing, fighting their
way to what they deemed safety
through a light snow which had
fallen during the earlier part of the
night. Many of them were barefooted,
and few of them wore sufficient
clothing to protect them from the
cold, but they were taken into neigh-
boring buildings and cared for until
the fire was extinguished.

SOLICITOR GENERAL WILL VISIT NEW MEXICO

McHarg and Dezendorf Will
Sever Connections With
Territorial Affairs.

U. S. SOLICITOR GENERAL
COMING HERE SOON

Washington, D. C., Nov. 22.—
(Special.)—It is authoritatively stated
today that Ormsby McHarg,
special assistant to the United States
attorney general, Peyton Gordon,
holding a similar position, and
Frank Dezendorf, United States land
agent at Santa Fe, will sever their
connections with New Mexico affairs
in a short time. Mr. McHarg is still
here and it is said he will not re-
turn to New Mexico.

Solicitor General Hoyt will leave
Washington soon for New Mexico to
investigate matters there
thoroughly. This is the first time in
the history of New Mexico that the
solicitor general has ever left the
supreme court and the department
of justice on such a mission.

Governor Curry will leave tonight
for New Mexico. He secured every-
thing for which he asked both from
the president and the secretary of
the interior coincides with the governor
in sending the solicitor general to
New Mexico.

It is understood that some impor-
tant changes are contemplated in the
public land laws. One will be that
homesteaders can enter more than
160 acres of agricultural land under
the homestead law. Delegate An-
drews, who will remain here has sev-
eral bills already prepared for intro-
duction just as soon as congress
convenes.

J. Leahy, the new attorney gen-
eral, Major W. H. Llewellyn,
United States district attorney, will
leave New Mexico with the gov-
ernor.

NORWEGIAN BARK GOES DOWN WITH PART OF CREW

Five Are Dead and Seven Are
Wandering in Tasmanian
Forests.

Victoria, Nov. 22.—News was re-
ceived here today from Tasmania of
the wreck of the Norwegian bark
Alfhild, five men being drowned and
the captain and six others lost in the
woods and still missing when the
steamer left Sydney, bringing the
news.

The Alfhild went down during a
heavy storm, which drove her onto
the coast of Tasmania and her crew
had to take to her boats in a driving
surf, which wrecked the ship. One
with its five occupants, all of whom
were drowned. The captain and sev-
en others escaped to land in the sec-
ond boat, one man becoming exhaust-
ed so that he lay on the beach, while
the others started through the woods
for safety. This man was picked up
two days later still alive, and he told
the story of the disaster, which is
confirmed by wreckage coming
ashore.

EARTHQUAKE SUFFERING IN ITALY IS INTENSE

Southern Tip of Peninsula Al-
most Wholly Desolated
by the Shocks.

PEOPLE LACK EVEN
COMMON NECESSITIES

Rome, Italy, Nov. 22.—The ruin
and destruction caused by the earth-
quakes that have shaken the extreme
southern tip of the Italian peninsula
during the past month, caused more
awful loss of life and property dan-
age than was at first generally be-
lieved.

The center of the disturbance has
been between Reggio and Salazarro,
in the province of Calabria. Fer-
ruzzano is a village near Catanzaro.
The first shock, on Oct. 26, com-
pletely destroyed Ferruzzano. Two
hundred people were killed and 400
injured. Two other villages, destroyed
by similar disturbances two years
ago, and just rebuilt by the charity
of Milan and Turin, were again laid
in waste. The survivors have been
living since in the open air and pray-
ing daily for relief. Another series
of shocks, on Nov. 18, created ad-
ditional ruin and death. The survivors
into a fresh frenzy of fear.

The fact that a series of shocks
followed the first earthquake caused
great terror among the survivors,
many of whom fled penniless and with
insufficient clothing from the dis-
trict. These people are now return-
ing to their desolated homes, only to
find ruin there in such extent that
they will not have food enough to
supply them for even a week. The
government has been called upon to
relieve their sufferings, and to aid in
restoring their homes.

Appeals to the outside world are
meeting with prompt response and it
is believed that with what aid the
government can give in addition to
that of the outside countries, the suf-
ferers can be cared for.

MORRIS ACQUITTED OF LOBATO MURDER CHARGE

Jury in San Juan County
Frees Prisoner After
Hearing Evidence.

Astec, N. M., Nov. 22.—A verdict
of not guilty was returned here in
the district court by a jury which
heard the evidence and arguments
in the case of the territory vs. John
W. Morris, charged with the mur-
der of Catalino Lobato at Lamy on
Jan. 1, this year. The case was
brought here on change of venue
from Santa Fe county, Morris be-
lieving he could not get a fair trial
there. Morris claimed self defense
and immediately after the verdict
was returned, the judge discharged
the prisoner.

Morris killed Lobato when the lat-
ter, after an altercation in the Lamy
depot with Morris, returned to the
cattle house and was shot by Morris
as he entered the door. It was al-
leged that Lobato was returning to
kill Morris.

The latter was forced to barricade
himself in rooms above the station
from a mob until the sheriff arrived
to arrest him.

DENIAL OF NEW TRIAL EXPERTS TO TESTIFY IN MINE CASE FOR BRADLEY PROBABLE DEFENSE

Indications in Lost Spanish
Bullion Cases Are Against
the Defendants' Request
for Rehearing.

ACCUSE COURT OF PREJUDICING JURY

They Declare That He Ruled
Against Them Wrongfully and
in Other Ways Caused Trial
to Go Against Them—De-
cision Expected.

Denver, Colo., Nov. 22.—Indica-
tions at the adjournment of the
United States district court where the
case against the defendants in the
Lost Bullion Spanish Mines company
is up on a hearing for a new trial,
point toward a denial of the motion.

Arguments began at 10 o'clock, At-
torney Charles W. Franklin present-
ing the contention of the defendants
until adjournment. Judge Lewis in
commenting upon the attorney's ar-
gument, however, showed a tendency
to rule against him.

At the close of the day he made a
significant remark in answer to At-
torney Franklin's contention that
Judge Lewis had greatly injured his
case and prejudiced the jury by mak-
ing comments during the trial which
destroyed the credibility of the de-
fense's witnesses in the eyes of the
jury.

"The court cannot see where its re-
marks would have made any differ-
ence in the end. The evidence against
the defendants was so overwhelming
that any remarks that were made
could have had no influence in the
end," said Judge Lewis.

"We do not look upon it that way,"
replied Attorney Franklin, "for it
seems to us that the remarks of the
court were very prejudicial to the
conviction of the defendants. The
court assumed this attitude in
forcing us to assume the burden of
proof, whereas by all rules of law it
should have remained upon the pros-
ecution. The court assumed this atti-
tude early in the trial and we were
forced to assume the defensive
throughout because of that fact."

Several of the wives of the defend-
ants are in the court room, hanging
anxiously on every word that comes
between the court and attorneys. Mrs.
George Duflo is said to be critically
ill. Grant Avenue, because of
her husband's conviction and bad
news may be serious in her case.

The defendants have brought a car
of ore from the Lost Bullion mine to
Denver and have had it smelted. It ran
something over \$26 a ton. This was
done to prove that the mine has ore
in it, but the government officials will
probably try to prove that this ore
was taken from a large extent from an-
other mine.

Shipment of Ore.

A frequent question of the prosecu-
tion and court during the trial of the
case, and which was made one of the
objections by Attorney Franklin, was
as to why the defendants did not ship
any ore from the mine during the
time the company was organized and
circumstances advertising the stock ship-
ment.

Attorney Franklin answered this
by saying that the court erred in re-
ferring to the "loose ore covering the
floors of the mine, which witnesses
have referred to. The witnesses in
question, declared Attorney Franklin,
said distinctly that this was not ore
but debris, common rock, or the ref-
erence to the mine, he also declared
openings of the mine, he also declar-
ed, were far up a gulch, off any wag-
gon road, with not even a trail leading
to them, and the good faith of the
defendants was shown by the work they
were doing at this time in build-
ing a road and erecting dwellings for
the miners.

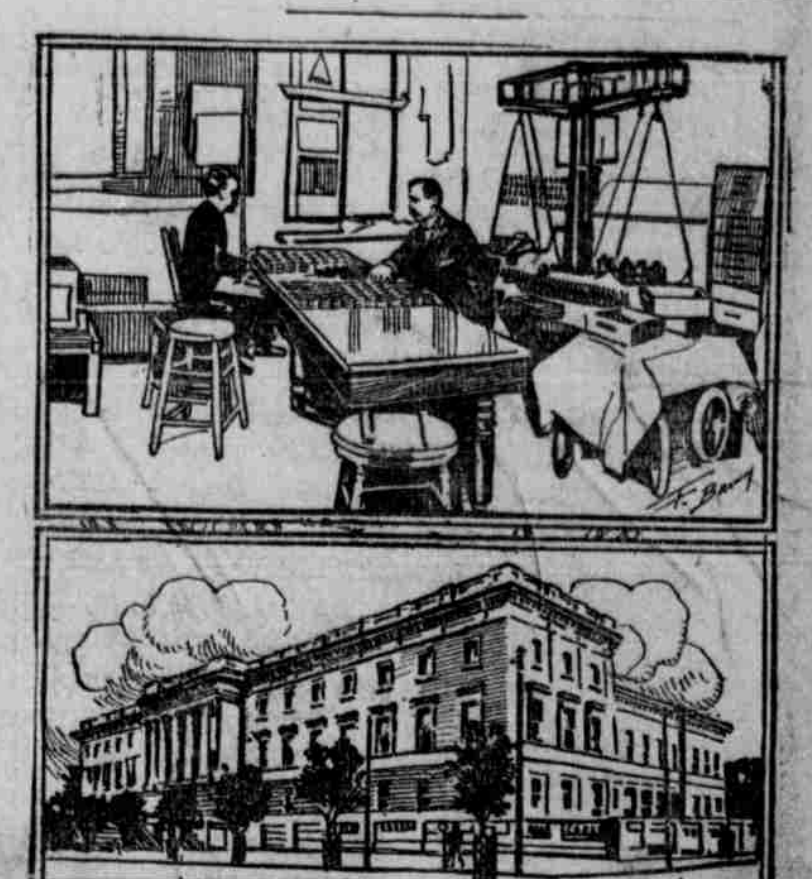

What "Bullion" Is.

Another objection made was to the
court's use of the word "bullion," as
referred to by one of the defense's
witnesses. This man said that he
found a piece of slag, dug into the
ground and found more, with several
pieces of bullion, which the district
court said was not bullion but slag.
The court persisted during the
trial in calling this "bullion" in calling this
slag. The general trend of the objections
of Franklin were based upon the in-
troduction of evidence allowed by
Judge Lewis and Attorney's argu-
ments. Franklin especially object-
ed to the introduction of Attorney Kal-
sers testimony. The latter was the
federal attorney who conducted the
investigation in Washington when the
fraud order was issued. His testi-
mony was introduced, together with
the so-called confessions of the two
Du Bays. This according to Franklin
was an entirely different charge and
the confessions obtained under du-
ress and threat of arrest. They are
denials of guilt, he maintained, but
in the case of the territory vs. John
W. Morris, charged with the mur-
der of Catalino Lobato at Lamy on
Jan. 1, this year. The case was
brought here on change of venue
from Santa Fe county, Morris be-
lieving he could not get a fair trial
there. Morris claimed self defense
and immediately after the verdict
was returned, the judge discharged
the prisoner.

TWELVE INJURED IN A COLLISION

Sandusky, Ohio, Nov. 22.—In a
head on collision today between an
interurban Lake Shore electric rail-
way motor and a city car a dozen
men were injured, two of whom may
die. The collision occurred in a
heavy fog.

Uncle Sam's Money Makers Work Overtime on Gold and Silver

MONEY MAKERS WORK- ING OVERTIME AT ALL MINTS

Demands For Currency Keep
Them Rushing Machinery
to the Limit.

BULLION FLOWING TO
THEM FROM EVERYWHERE

Philadelphia, Pa., Nov. 22.—This
is the busy season in the United
States mint. All the country is call-
ing for money. Every bit of coin-
making machinery in the big ins-
titution is working overtime. Streams
of bright new coin, silver and gold-
en, trickle from the big money
stamping presses. Millions of dol-
lars' worth of bullion is coming to
the mint from all directions. For
coinage, Secretary Cortelyou has or-
dered the coinage of \$60,000,000 in
three months. The mint machinery
has a capacity of 4,000 of these coins
an hour. Meantime there is an in-
sistent demand from all over the
country for silver coin of the small
denominations. The mint officials
have been wholly unable to supply
these calls.

Day and night coiners, assayers,
weighers and the countless other
specialized workers have been work-
ing overtime, some of them 14 and
16 hours a day. They have suc-
ceeded only in giving each city less than
half what was requested. Peremp-
tory demands have been made for an
unlimited amount of dimes, quar-
ters, half dollars and dollars. With-
in the last two weeks \$2,000,000 in
gold has been coined. Every de-
partment has been ordered to get
busy.

About \$40,000,000 in bullion is al-
ready within the vaults. More is
coming. It is all to be coined with-
out delay. Massive new machinery
has been added lately and is now
being tried for the first time, very
satisfactorily. The mint officials are
confident they can complete the task
on time.

The new issue of gold eagles will
have 48 stars around the edges in-
stead of 46 as heretofore, Oklahoma
having become a state. None will
carry the motto "In God We Trust."

This motto was added in 1858 by
Supt. James Pollock, with the sanc-
tion of President Buchanan, and af-
ter nearly 50 years has been taken
off by President Roosevelt.

The gold bullion supply comes to
Philadelphia by express and is de-
livered in ordinary express wagons
in charge of two men. The officials
laugh at danger of theft. The bul-
lion is in bars, securely boxed, and
so heavy to the box that a man
could not run two squares with it
without becoming exhausted.

KENTUCKY COURT AFFIRMS TAX CASE

Frankfort, Ky., Nov. 22.—The
court of appeals today affirmed the
consolidation tax case of State Audi-
tor Hager against the First Nation-
al bank of Lexington. This action
involves the taxation of every na-
tional bank in the state.

The court upholds the constitu-
tional act of the act of 1906 requir-
ing an assessment for taxation of the
par value of the capital stock, sur-
plus and undivided profits of nation-
al banks, and that monies convert-
ed into government bonds is not ex-
empt.

Gold Engagements.

New York, Nov. 22.—Gold en-
gagements announced to date bring
the total to date to \$76,209,000.

LLEWELLYN, FREED OF CHARGES, WILL RESIGN

New Mexico District Attorney
Seeks More Acceptable
Federal Position.

CAPTAIN LEAHY FOR
ATTORNEY GENERAL

St. Louis, Mo., Nov. 22.—A GLOBE-
Democrat special from Washington
says:

"Major Llewellyn, United States
district attorney for New Mexico, will
resign in that position if he chooses.
He has been completely vindicated,
so far as charges which involve the
conduct of his office and his personal
integrity are concerned, and retains
the confidence of the administration.
Major Llewellyn has, however, sought
another position under the govern-
ment, which if of greater honor and
emolument, to his mind, and when
an arrangement can be made for the
transfer of his affairs and the vacancy
is available he probably will be ap-
pointed to the place in question."

Leahy Made Attorney General.

"Capt. D. J. Leahy, another mem-
ber of the Rough Riders, has been se-
lected as attorney general of the Ter-
ritory of New Mexico. The decision
in this connection was made today.
Judge A. B. Fall, who has been at-
torney general since the incumbency
of Gov. Curry, tendered his resigna-
tion some time ago. He served as at-
torney general in large part as a per-
sonal favor to Gov. Curry. He has
some large outside interests which
demand his attention."

"Capt. Leahy, like Gov. Curry and
Major Llewellyn, was a member of the
Rough Riders. He went into the
regiment as a second lieutenant in Capt.
Llewellyn's troop. He went into the
fight at Santiago and was in com-
mand of half of Troop G. Prior to en-
tering the Rough Riders he was city
attorney and superintendent of
schools in Lincoln county, N. M. Capt.
Leahy is a native of Illinois and re-
mained in that state until he was 22.
He was born in Livingston county,
that state."

Inspectors Recalled.

"In further settlement of affairs in
New Mexico, which have been in an
unsettled state since the recent land
and mining investigations have been
going on, the administration pro-
poses the recall to Washington of
Messrs. Peyton Gordon and Ormsby
McHarg, the special counsel sent to
the territory by the department of
justice. It is certain that if such spe-
cial counsel is sent, it will be one of
the assistants of the attorney general,
probably Mr. Purdy or Mr. Cooley."

WOMAN NOT HELD ON POISONING CHARGE

Hillboro, N. M., Nov. 22.—Mrs.
H. Kubale, who was arraigned here
yesterday on a charge of putting
poison in a glass of beer with intent
to kill Mrs. Sadie Orchard, was re-
leased by the justice owing to in-
sufficient evidence.

Mrs. Orchard, who conducts a ho-
tel here, had opened a bottle of beer
one night recently and shared it
with three friends, including Mrs.
Kubale, but before they drank, a
poison outside attracted Mrs. Or-
chard's attention and she went out
to investigate. When she returned
she drank a slight amount of the
beer but threw the major portion
away because it was too bitter. Lat-
er she became ill and physicians said
there was morphine in the beer. Mrs.
Kubale was arrested but later re-
leased.

RAILROAD DEPARTMENT

FRUIT RUSH IS ALMOST IN SIGHT

California Shipping Oranges and Lemons Eastward by the Trainload Now.

The Santa Fe will get her share of the fruit shipments from California this year, if present indications are any criterion. The road has made arrangements for a large number of cars which are being held in the fruit belt ready for immediate use, and these are of the latest and most approved type, being especially adapted to the handling of an immense amount of boxed and crated fruit in a manner which insures its arrival at its destination a thousand or two thousand miles away in perfect condition. Oranges and lemons are being crated by the millions in California and it is stated that the crop is equal to that of former years. The Southern Pacific has usually held the majority of the fruit shipments for its own lines, but the Santa Fe this year is out after game and proposes to have all that is coming its way. This means that there will be solid train loads of oranges and lemons rushing eastward over the Santa Fe in a short time.

Prepared to Handle Crop.
The Santa Fe has always kept its refrigerator and fruit despatch cars in the best of shape and it has given such service heretofore to the California shippers that it will undoubtedly be able to capture a large per cent of the fruit this winter. Statements from the Golden State are that the crop is at its best this year and that the only thing that is holding back shipments is the lack of labor. Every available person, man, woman or child, is being pressed into service in the effort to get the huge crop out of the state and exchanged for gold.

Another feature of the business this year will be increased shipments of meat via the Santa Fe from Chicago and Kansas City to New Mexico, the southwest and California. Contracts are now being made for these shipments.

MEXICAN MINING INTERESTS.
PROTEST AGAINST RATE RAISE.
Mexico City, Mex., Nov. 22.—The representatives of the larger smelting and mining interests of Mexico to

day held a conference with the Mexican railroad commission and protested against the proposed raise in the rates of ore. It is stated that the change in classification amounts to a raise of about 25 per cent in the ore rates. The mining and smelting men claim that this raise would cause the closing down of numerous mines and would result in injury to those industries. The railroads are urging the adoption of the new classification on the ground that the present rates are not equal to the actual cost of transportation. The commission took the protest under advisement.

George Williams, Fred Arned and Percy Wallen were bound over to await the action of the grand jury of Santa Fe county in a justice of the peace court at Santa Fe yesterday on a charge of breaking the seal on a car of merchandise near Lamy. The men were found in the car by Conductor Jones. Officer Ben Williams and Jones, who took the trio to Santa Fe for their trial, have returned to Albuquerque.

F. E. Bronson has accepted a position as call boy on the Santa Fe. He takes the place of Frank Hunter, who was run over by a switch engine, losing his right hand and right foot. Hunter is now recovering from his injuries in the Santa Fe Coast Lines hospital.

L. J. Miller has resigned his position as timekeeper at the shops to take a place with a new coal company being organized here. L. L. Collins, timekeeper for the trip track, succeeds him and E. A. McKay takes Collins' place.

The Brotherhood of Locomotive Firemen will hold their regular monthly meeting Wednesday at Odd Fellows' hall. A large attendance is desired.

Fireman Newby, who has been laying off for a number of weeks, has again reported for duty.

TRAMP FINDS A BABE BESIDE TRACK

Someone Had Thrown Infant From Santa Fe Flyer on the Loop.

San Bernardino, Cal., Nov. 22.—A tiny baby was thrown from the rapidly running Santa Fe loop flyer which leaves this city at 5:17 o'clock just west of North Cucamonga, about 6 o'clock last night, and so fatally hurt that it died five hours later.

The sheriff's office and Coroner Van Wie have been busy today looking for clues that would lead to the identity of the heartless person or persons who are guilty of so vile a crime.

About 8 o'clock last night a wandering brokebeam tourist, who had been ousted from a comfortable berth in a coal car of a freight train, was walking along the Santa Fe track, towards the west, when out of the darkness, at the side of the track came the faint cries of an infant. The tramp stopped with the thought that it might be the whine of a young coyote, which is not unlike that of a child. A second later he heard it again and recognized it as a human sound, and from no great distance. Going a little farther along he detected a white and struggling object at the side of the track and scrambling down the bank he pulled a bundle of clothes from a mud puddle and found it contained an infant.

Tenderly carrying the water soaked bundle in his arms he started back towards North Cucamonga and was soon the center of a crowd which rapidly gathered as the news of the strange crime spread through the little town.

A physician was summoned and worked hard to save the little life. But it had suffered concussion of the brain and numerous bruises on its tender little body and at 11 o'clock breathed its last.

The local sheriff's office and the coroner were notified of the affair this morning. Under Sheriff McNabb immediately became busy on the case and had soon figured it down that the infant could not have been thrown from any other train than the Santa Fe loop flyer, one of the fastest trains on the Santa Fe system which runs between San Bernardino and Los Angeles with few stops.

Coroner Van Wie held an inquest, but Oxnard, this morning to which place the remains of the unknown little one had been taken. The child is probably of foreign birth, being of very dark skin.

S.S.S. FORTY YEARS SUCCESSFUL SERVICE

When a medicine has stood the test for a period of more than two generations and is then more popular than ever, there can be no doubt of its merit. This is the record of S. S. S. Its period of existence is marked by a long line of cures of blood and skin diseases of every character, and its value in the treatment of such troubles has become so well known that it is today the most extensively used blood medicine on the market. For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases and all other troubles due to an impure or poisoned condition of the blood, S. S. S. has no equal. It counteracts and drives out the poisons, humors and germs, cleanses the system of all unhealthy matter, cures the disease permanently and restores strong, robust health. Where the blood is weak or anemic, and unable to furnish the body with the nourishment and strength it needs, S. S. S. supplies it with the healthful properties and acts splendidly in toning up and reinvigorating the system. It goes down to the very bottom of all blood disorders, and in this way reaches inherited taints on which the ordinary blood medicines have no effect. Not only is S. S. S. certain in its results, but it is at the same time an absolutely safe remedy. It is made entirely of roots, herbs and barks of known healing and curative value. It does not contain the slightest trace of mineral in any form to damage the delicate parts of the system, and may be used by children with the same good results and perfect safety as by older people. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth by its forty years of successful service. If you are in need of a blood purifier for any cause begin the use of S. S. S., write our physicians and they will send you a book concerning your trouble, and will give without charge any special medical advice that is required.

ROOM 18 HAS A BAD DEATH RECORD

Two Men Have Met Death by
Violence in Globe
Hotel.

Globe, Ariz., Nov. 22.—For the second time in thirteen months Room 18 in the International hotel on Lower Broad street, has become involved in a murder mystery and, although the latest crime is not so puzzling, there has been traced a possible connection between the two. Whether in the unravelling of one, the mystery surrounding the other will be solved is doubtful, but there is little doubt that the one will not long remain a mystery.

A year ago last month the body of Joe Ludwig, a miner, was found a short distance south of the city, partially destroyed by dynamite, but his throat had been cut before the explosion.

Bloodstained bed clothing and identification of the body showed that Ludwig's throat had been cut in Room 18 in the International rooming house.

Yesterday afternoon the body of Richard Vecklund, a young miner, was found in the rooming house. Hattie Jackson, the colored woman who does the chamber work, discovered the remains at 2 o'clock and notified the authorities. A post mortem examination showed that Vecklund came to his death by poisoning. The lungs were badly discolored and the heart clogged with blood turned back from the lungs. The stomach will be sent to San Francisco for chemical analysis.

"Room 18, International."

Saturday night, shortly before midnight, Officers Floyd Blevins and Polard Pearson came across the inmate form of a man in front of a house in the business district. He appeared to be intoxicated, but when he failed to yield to the efforts of the officers to bring him to consciousness, it was determined that he had been drugged. He at last opened his eyes and the officers asked him where he lived. In a weak voice he answered, "Room 18, International," where he was taken and put to bed.

But the uncanny as well as the most mysterious feature of the affair is that Vecklund did not room in "Room 18, International," three of his friends, who had been with him earlier in the evening, testifying at the coroner's inquest that the deceased during his short stay in Globe roomed at the Central house, on Broad street, near Cedar, four blocks from the International, and so far as they knew he had never taken a room at the latter house.

What Is the Answer?

What made Vecklund say "Room 18, International" to the officers who found him?

Was Vecklund in some mysterious manner implicated in the Ludwig crime and did he in his drugged condition give that answer because the effect of the drug brought back to his numbed brain recollection of that crime?

These are two questions that the officers at work on the case are asking themselves, with but little probability of an answer to either.

When Vecklund was with three companions, Felix Hendrickson, John Hoffman and Victor Hargulins, at about 9:30 o'clock he had \$100 on his person. When he was picked up unconscious not a cent was found on him.

IT'S the wish and ability of the maker that marks the difference between stylish clothing made to serve, and common kinds made to sell.

It's through more effort, experience, newer methods and better work, that Ederheimer, Stein & Co. get the results that distinguish their garments from the ordinary. There is individuality and style in this make, a greater measure of consistent value, the sort of workmanship that produces perfect fit and the certainty of correct appearance.

And it's our policy of discrimination, selection and sale of such clothing that makes this the real, live Young Men's store. Come and be fitted.

MACHINE SHOPS ARE DESTROYED BY FIRE

Tucson, Ariz., Nov. 22.—Fire which was discovered this morning at 4 o'clock, completely destroyed the machine shop plant of the Gardiner, Worthen and Goss company at the head of Congress street opposite the new Southern Pacific depot. Practically the entire plant was destroyed and the loss is estimated at from \$30,000 to \$35,000. The insurance on the machinery and building of the company will amount to about \$10,000. The company employed about 35 men and they are thrown out of work for the present. It is supposed the fire originated from a heater in the building.

IT PAYS WELL TO DRESS WELL.

Young Men of Good Judgment Know
This Today, and Know How to
Without Being "Dudes."

The day of "dudes" has long since passed, and the young men of today aim to dress well and in style because it pays, and not because they want to be "dudes." This condition has largely been brought about by such manufacturers of young men's clothes as Ederheimer, Stein & Co. of Chicago. This firm has kept pace with advance ideas of young men of this generation; their large business has been built up everywhere in this country by meeting the demand of young men for modish, strictly up to date style of dress; and these things are features in their suits and overcoats especially designed for young men. The safest way for any young man to be sure that his clothes are of the latest fashion in cut and material and expert tailoring is to go to dealers handling these famous young men's clothes and choose just the garments which best suit his taste and appearance.

"STATEHOOD FOR NEW MEXICO"

Wealth of No Avail

The American people have been so prone to believe that our courts and our laws were dominated by money that the story of the wealthy Milwaukee woman being sentenced to twenty years in prison for theft, makes good reading.

There is no use in denying that in this day and age of the world, money does wonders. The Citizen does not make the charge that money influences judicial proceedings for it must be admitted that our courts, considering the wealth they could command, have been a credit to the country.

At the same time money is all powerful in many, many cases. It secures the best attorneys, the greatest brains, the appeal to a higher court and provides for the use of every technicality known to the legal profession.

But this wealthy Milwaukee woman, unfortunately practically pleaded guilty. Like many a poor devil, the police secured a confession from her before she secured an attorney. The court sentenced her to twenty years in prison.

Her husband was wealthy and powerful; her father was wealthy and powerful; her whole family had money, time and influence but to no avail. The law could not be changed.

While it is not pleasing to see a man in prison, much less a woman, yet in this case a peculiar justice was done. The woman had no cause to commit theft. She had everything she wanted—so much more than the average woman. She committed crime for the excitement shoplifting afforded. A negro man disposed of her ill-gotten goods for her. She debased herself to a criminal without cause.

Had she been a poor woman, driven by sickness, poverty and want to steal, she would not doubt have gone to prison just the same. A few kind-hearted individuals would have said "too bad." They would undoubtedly be among the same class as the poor woman who stole—people who by actual experience knew her temptations.

But in the case of the Milwaukee woman there was no plea worth considering. She was sane, she was wealthy, she wore good clothes, lived in a comfortable home; had plenty of servants, owned a carriage, could go in the best social circles.

The temptation to steal was not there in the form of a necessity. It is good, and one may be excused for saying it, to see such a person receive the same treatment that would undoubtedly be given a poorer person.

It is just as unlawful for a rich woman to steal as for a poor woman to steal—and then some.

Twenty years in prison perhaps will prove the truth of the assertion to at least one person.

The real estate men of Clovis, N. M., have the right idea. They advertise at home and they advertise elsewhere. But one thing they do which is not done in many localities—advertise New Mexico property for sale in New Mexico and sell it in New Mexico.

The Rio Grande Woolen Mills can make woolen goods right here at home that money could not buy elsewhere, and can sell them to home people at less than imitations can be bought for anywhere else on earth. Is there anything more to be said?

It has been suggested that Father Tom Sherman, the noted evangelist, who is speaking at the Immaculate Conception school hall, might answer the question of the Albuquerque man as to how "an honest man can make an honest living."

The prosperity of the sister republic of Mexico is plainly indicated in the rapid increase of governmental revenue which has risen from \$25,265,789 in 1895-96, to \$56,900,000 in 1904-7. A pretty good showing for ten years.

Because two men wore the same sized shoes, is given by one of them as the cause of his arrest by the Albuquerque police as a deserter from the army. How would you like to be in his shoes?

Governor Vardaman is to become an editor soon. One great advantage about deciding to become an editor is that you do not have to leave the matter to a political primary.

Among the cast of characters at a recent theatrical performance in Washington appeared "Live-Loose—Mr. Rich." "Of Pittsburgh" would have finished that up nicely.

The report that 350,000,000 cold storage eggs are to be turned loose on the Chicago markets may somewhat depress the theatrical business out that way.

The Houston Post complains that outside papers will not tell the whole truth about Texas. Naturally, they don't want the postal authorities down on them.

A bill is going before congress to prevent stock gambling. We'd like to see a photograph of the United States senators passing this bill.

If Emperor William did not have a lifetime job, doubtless he would charge that heavy London fog to some rich men's conspiracy.

An Arizona grand jury has just adjourned without being able to find a single true bill. What's the matter with our morning neighbor?

Mrs. Hartje has won her divorce suit. This is undoubtedly very satisfactory to Mrs. Hartje. Now for the affidavit on both sides.

The removal of the tariff on wood pulp and high art would touch the newspapers of the land in two of their most sensitive spots.

Noah's diary found in Michigan, eh? Just wait a month and young America will show you the ark itself and all that was in it!

"I'm boss of my house!" exclaims Mr. John Driddell, of Philadelphia. Either his babies have all grown up, or he never had any.

Harriman is sending abroad for proxies in his railroad fight against Fish. If he would only go himself and leave his proxies.

The pretty stenographers are getting all the jobs in Albuquerque. Now watch the rush on the beauty parlors.

Something like \$2 will be the price of the turkey you probably won't have for your Thanksgiving dinner this year.

Rather than submit to the prohibition law, Mobile, Alabama, is going to secede. Good bye.

LOOKING FOR A GOOD TIME?

There are about as many conceptions as to what constitutes a "good time" as there are individuals, but there is one place in New Mexico, not very far from Albuquerque, where 99 out of every 100 people find what they are looking for. That place is the Valley Ranch, at Pecos, New Mexico.

Fresh country produce in abundance, horses to ride or drive, dogs, guns, traps, tackle, all at your disposal. The finest hunting and fishing in the territory. You can live in a house, a cabin or a tent, and come and go as you please.

You'll find plenty of company there, agreeable and refined. If you are sociably inclined, a favorite resort for ladies. Conditions ideal for recuperating, reading, hunting or loafing.

The Ladies of the Presbyterian church gave a chicken pie dinner at the church today and will give a Dutch lunch this evening. The proceeds to go to the Ladies Aid society. Rev. P. E. Zartman, an evangelist, of Winona Lake, Ind., spoke at the Presbyterian church last night to a large audience.

Fine, fat young turkeys for Thanksgiving. Place your order early Richelleu Grocery.

"Dora Thorn" will be the bill at the Elks' opera house this evening. The performance last night "Wyoming" drew only a small crowd but was well put on and was worthy of better box office receipts. Besides carrying a large cast of clever actors and special scenery for the various members of the repertoire, The Walford Stock company has a number of clever vaudeville artists, who do specialties between acts.

Issue Krick, alias George Colwell, who was arrested Wednesday night in the Santa Fe yards, where he was employed as switchman, by Lieut. Kennedy, charged with being a deserter from Fort Leavenworth, Kan., will be taken to Fort Wingate tonight and turned over to the army officials by Lieut. Kennedy. Krick admits being a deserter, but he had evaded detection over two years. Lieut. Kennedy will receive \$50 reward for the capture of Krick.

Just received plain buckwheat flour in bulk, also prepared buckwheat in packages, Richelleu Grocery.

Following their usual custom, established in years past the Non-Sectarian Benevolent association will receive a collection from school children of the city for the poor of the city. The collection will be taken up at the several ward buildings on next Tuesday morning. Clothing and any useful articles will be accepted as well as money. The association is hard pressed for funds and will be thankful for anything that will help the poor and needy.

The Kids and the Minors will meet in the second of a series of three games to decide the basketball championship of the city at Colombo hall tonight. The first game of the series resulted in a victory for the Kids and at tonight's game the Minors say they will regain their lost honors.

Both teams have been practicing nightly for the contest. When the city championship is decided a series of games between the winning team and out of town teams will be arranged. Las Vegas has already asked for a game with the Victor.

A new quibler, the Juniors, have appeared in the field and bid for a whack at the city championship. They will challenge the winner of tonight's game for a meeting in the next two weeks. The Juniors are composed of Lawrence Lee, Walter Allen, M. French, C. Heala and K. Bryan.

The line up tonight:

AT OUR STORE FACTS About the Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all times to come.

A Great Majestic Range lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

MOBILE ANGRY, WILL LEAVE STATE

Waxed Over Alabama Prohibition Law She Intends to Secede.

Montgomery, Ala., Nov. 22.—"Unlucky anti-prohibitionists will please give notice that Mobile is prepared to secede from the state of Alabama and organize home government and cease to be dominated by our country cousins, whose efforts to paralyze Mobile will not be tolerated."

The above dispatch, indicative of the wrath of the "Home Rulers" over the prohibition policy of the democratic party in the state, was sent to State Senator Hamberger by M. J. McDermott, president of the Bank of Mobile.

When the enthusiasm of the passage by the senate of the statutory prohibition had slightly cooled people are beginning to ask themselves, will Alabama, as a result, lose one of its first cities? Whether it does or not, there is no doubt that the liquor question will increase in intensity, and many things may occur before the law goes into effect, January 1, 1909.

Unprecedented Scenes in Senate.

Unprecedented scenes were enacted in the senate chamber of the historical capitol of Alabama when the statutory prohibition was passed. Women and children thronged the corridor and gallery, and even usurped the sanctity of the floor itself, pushing the senators from their seats and giving vent to their enthusiasm by shouts and cheers that echoed and re-echoed through the building. Senators who opposed the bill were hissed down when they arose to speak against the measure. When the vote had been taken and the results announced by the clerk a shout of approval went up and the assembly of beautiful women broke out into the doxology, "Praise God from Whom All Blessings Flow," rose from hundreds of throats.

Prohibition Effect Jan. 1, 1909.

Early in the day it was given out that a carload of women were coming to fight the prohibition bill—and the women from Montgomery, Birmingham and Selma, already on the scene, pre-empted all the seats in the galleries so that when the saloon advocates came they were left without places to sit down.

As passed, the statutory prohibition was in the nature of a compromise between the anti and pro-bhibitionists. The anti, seems the handwriting on the wall, agreed to give up the fight provided the time was extended to January 1, 1909, when the sale of whisky will be forbidden in the state of Alabama. Along with the agreement goes the bill to appropriate \$5,000 a year to the enforcement of the law by a

HON. S. B. HERMAN IS WELL AGAIN

Noted Oregon Statesman Restored to Health on Recent Eastern Trip.

Hon. Shiller B. Herman, distinguished statesman and legislator of Portland, Oregon, who was recently on an eastern trip, is among those strongly in favor of L. T. Cooper, in the discussion over Cooper and his medicines, which has raged for the past year in cities visited by the young man on his educational campaigns, as he calls them.

Cooper was explaining his new theories and medicines to Boston people during the Oregonian's visit to that city and in a recent interview Mr. Herman said: "My trip east accomplished more for me than I ever believed possible. It has actually been the means of restoring my health. While in Boston I heard a great deal about this man Cooper and his medicines, and one morning I talked with a Boston banker who told me that he had been relieved by Cooper's medicines after ten years' chronic dyspepsia. For the past twenty years I have been a fearful sufferer with nervous dyspepsia. It has been so bad that it all but forced me to resign from the legislature."

special officer. This amendment will be sent to the house and will be concurred in without a fight.

PROMINENT YOUNG PEOPLE ARE WED

Groom is Salesman for Amarillo Drug Firm and Bride is Daughter of Clayton Man.

Clayton, N. M., Nov. 22.—(Special.)—The marriage of Miss Lida Thompson, daughter of Mr. and Mrs. A. C. Thompson, to Burton Roach, of Amarillo, Texas, occurred here Sunday night at the home of the bride's parents. The contracting parties are both popular young people connected with influential families of both Clayton and Amarillo. Mr. Roach is a brother of E. R. Roach, of the Roach Drug company of Amarillo, and travels for that firm. The couple will make their home in Amarillo.

Lobo wolves have been creating havoc amongst the stock in this vicinity. Joe Sutton, a negro hand employed by W. A. Miller on his ranch, caught a monster lobo last week which no doubt, judging from his size, must have done considerable damage to stock. The bounty on the large wolves is twenty dollars in this county. The wolf caught put up a game fight but was finally overpowered by the pack of ten dogs.

PORTALES HAS NEW COTTON GIN PLANT

Portales, N. M., Nov. 22.—(Special.)—That New Mexico can raise cotton is shown by the splendid yield of this neighborhood which has demanded the erection of a gin. C. W. Morris and Sons have put in two 70-maw gins, a Murray outfit, which has been kept busy lately. The product of this experimental crop will yield the farmers over \$10,000.

The Roosevelt County Telephone company held its annual stockholders' meeting here. The general manager made a report, showing a very considerable extension during the year. The company now has exchanges at Portales, Clovis, Texico, Farwell, Texas, and Melrose with long distance connections of over 500 miles. The board of directors and officers of the company for the new year are as follows: President, C. E. Lukens; vice president, S. L. Oglet; secretary, W. E. Lindsey; manager, an attorney, C. E. Harris; R. C. Reid, Ed. T. Massey, W. F. Boyless, directors.

Take some reliable and safe digestant like KODOL for Dyspepsia. KODOL is the best remedy known today for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by J. H. O'Reilly.

Cured of Colds and Croup by Chamberlain's Cough Remedy.

Geo. C. Bowden, of Little Rock, Ark., has used Chamberlain's Cough Remedy in his family for many years, and is seldom without it in the house. He says: "Chamberlain's Cough Remedy has proved a great relief to our boys in their throat and lung troubles. A few doses of it will ward off a threatened attack of croup, and a bad cold is quickly cured by its use. I take pleasure in recommending it." The prompt cures of colds and croup effected by this preparation, the fact that it can always be depended upon, is pleasant to take and contains no opium, chloroform or other objectionable drug, has made it a favorite with the parents of young children. When you have a cough or cold, try it and see for yourself what an excellent medicine it is. Price, 25 cents. Large size, 50 cents.

BUT LEMONS ARE MEDICINE THERE

Missouri Supreme Court Says They May be Sold on Sunday.

Jefferson City, Nov. 22.—That a lemon is a medicine was officially determined by Decision No. 2 of the supreme court today.

The decision came up in an opinion by Judge Fox reversing the judgment of the Barry county circuit court against James Campbell and discharging Campbell. This is a unique case. Campbell was convicted of selling lemons on Sunday and fined \$1. He operated an ice cream plant near the railroad station in Monett.

The supreme court says, in the opinion, that the only question involved is whether or not Campbell violated the Sunday closing law by exposing lemons for sale in his show window. The court holds that lemons, possessing medicinal properties as they do, come under the exemption, and their sale on Sunday is not a violation of the law.

Speaking of the failure of the trial court to instruct the jury on the exceptions to the articles of merchandise enumerated in the Sunday law, the court says: "But aside from all this, while every good citizen in this state should have the highest respect for the Sabbath and as to those who fail to properly observe it, it is the province of courts when legally brought before them to teach them by the imposition of proper punishment that they must respect the Sabbath. In fact we are unable to reconcile good citizenship with a non-observance and the want of proper regard for the first day of the week commonly called Sunday; yet the people of this state and their views and embodiment in the provisions of section 2243 and section 2244 fully recognized for many years that there were certain articles of necessity, such as drugs, medicines, provisions and other articles of necessity, which ought to be excepted from the general class of goods, wares and merchandise, and the sale or exposure to sale of such articles should not in good morals be regarded as a violation of the Sunday law."

The Fruit's Many Uses.

"In our opinion," it says, "lemons are so universally used by all classes of people, both as a medicine and as food, that it was the duty of the court to declare as a matter of law that they were embraced within the exception provided for in section 2244. It is but common knowledge that the use of lemons are frequently recommended by the most eminent physicians of the country and the response comes from thousands of households in this commonwealth that lemons are used, not only to relieve colds, headaches and other ailments to which the human family are subject, but in many families are daily used in the preparation and as part of the provisions which relieve the hunger of the respective members of the family. It is but common practice for those who talk in public, ministers, lawyers and lecturers, to have conveniently near them a piece of lemon to relieve any interference with proper conditions of the vocal organs."

"It is clear that the legislature did not mean to say that such medicines, provisions or other articles of immediate necessity, which are embraced within the exception of the provisions of section 2244, were not goods, wares or merchandise, but simply that they were not goods, wares or merchandise which might be sold without violating the preceding provisions of section 2243."

All Fruit Included.

Kansas City, Mo., Nov. 22.—If grocery stores sell on Sunday articles of immediate necessity, such as bread, cake, pie, butter, cooked meats, and many other articles, in form that they may be eaten, it will be no offense to eat at the time on Sunday.

PERSONAL PARAGRAPHS

A. J. Chavez, of Estancia, is a visitor in the metropolis.

F. E. Webb and J. W. Rhodes of Belen, are registered at the Savoy hotel.

Col. D. K. B. Sellers and S. O. Andrum expect to leave tomorrow for Death Valley, Cal., on mining business.

Rev. J. M. Solle, former pastor of the Methodist church south of this city, has returned to the city after a prolonged absence.

Dr. J. O. Schwenker, of New York, brother of F. B. Schwenker, of this city, returned here this morning from a visit to Paywood Hot Springs.

George Tarkington, one of the chief train dispatchers on the Santa Fe, is here visiting his sister, Mrs. (Rev.) Fletcher Cook, 603 West Silver avenue.

Dr. P. A. Jones, the mining expert, returned to the city this morning from a professional trip to the southern part of the territory, where he went a week ago in the interest of clients.

Mr. and Mrs. A. D. Campbell, of 316 West Coal avenue, are enjoying a visit from Mr. and Mrs. J. H. Hartley, who arrived last night from Indiana. Mrs. Campbell and Mrs. Hartley are sisters.

Ralph Johnson, who has charge of a logging camp owned by Albuquerque capitalists in northern Santa Fe county, is in the city visiting his father, W. P. Johnson, president of the American Lumber company.

J. W. Key, superintendent of construction for the Santa Fe, is the Eastern Railway of New Mexico, is authority for the statement that the Albuquerque-Roswell passenger train will be put in service on December 1.

L. B. Crawford, the well known pharmacist, returned to Albuquerque this morning from Winslow, Ariz., where he managed a drug store for a company several months. The company sold the store to a private party. Mr. Crawford was accompanied by his family and expects to make Albuquerque his home again.

Mrs. Chas. Frankl, of New York, who has been stopping at the Alvarado for a week, expects to leave this evening for Kincon, N. M., where she will join Mr. Frankl. Together they will go to Silver City.

Mr. Frankl is representing the Valley Dew Distillery company of New York in the southwest and made the state of Texas, while Mrs. Frankl visited in Albuquerque. The Valley Dew Distillery company is one of the leading liquor companies of the United States.

E. Z. Ross, manager for the Bluewater Development company, left last night for Bluewater, accompanying a number of men interested in the proposition, who arrived from the east. Mr. Ross says that the late money stringency only interfered with the work but a short time.

"We stopped for a few days," said Mr. Ross, "to see how bad it was going to be. The delay while watching the money market during its first summeraults may permit the weather to interfere with the progress of the work, but if we have open weather, it will make no difference."

Col. D. K. B. Sellers, real estate broker, is in receipt of a letter from Henry G. Droppleman, promoter of the Albuquerque Brewing company, a company which proposes to build a large brewery and ice plant in the city. Mr. Droppleman, who is now at Louisville, Ky., writes that John Ackerman, who owns large interests in three large breweries in Louisville, and his associates will leave Louisville at once, and Monday of next week, will purchase the machinery for the brewery, which is to be built here, of a St. Louis firm.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

HORSES FOR SALE

If you are raising horses for sale or have one for sale it will make a great difference in the selling price if you use "International Stock Food" for thirty days. It will often add \$50 to the selling price. It is absolutely harmless and can be fed one week, one month or one year with perfect safety. A horse that is run down can be fed "International Stock Food" for 30 to 60 days and command nearly twice as much money. He could if you did not use it, because "International Stock Food" will make an extraordinary change. This information is specially valuable to horse dealers.
