NUMBER 311

## CANADIANS RAZE HOMES OF CHINAMEN IN ALBERTA

A Prominent Citizen Was Threatened to Have Been Murdered by Inno-Cent Orientals.

## MISSING AND FOUND BOTH SAFE AND WELL

Fifteen Hundred Searchers Started Riot—A Squadron of Mounted Police Were Called Out to Assist in Quelling the Outbreak.

Portland, Ore., Dec. 27.—A special received today from Lethbridge, says that a race war, directed against the Chinese has broken out there. The citizens of Lethbridge believed that a prominent resident of the place had been murdered in a Chinese quarter Christmas night and they began to search the Oriental quarters.

Search Turned Into Wild Riot. Fully 1500 men, all armed joined in the search which at length resulted in a riot.

Restaurants and laundries were stormed and the buildings torn to the ground.

Doors, windows, and even the fronts of buildings were reduced to splinters by a hurricane of stones hurled against them.

The Chinese, fled in a panic and were chased from the town by angry citizens. A squadron of mounted police was called out to quell the riot and order has been somewhat restored.

Missing Man Turned Up Unhurt. A short time after the police had taken charge, the man supposed to have been murdered turned up unharmed. He had not been in the Oriental quarters. This aided in restoring order. It is not believed that any one was killed, although a number of Chinamen were injured.

There has been feeling at Lethbridge for some time against the Orientals but as long as the police remain there is no danger of another outbreak.

## PATTERSONSWEARS OUT WARRANT FOR BONFIS

Denver, Colo., Dec. 27.—As a result of a fist encounter in which he knocked down and severely beat Thomas K. Patterson of the Rocky Mountain News and Denver Times, Fred G. Bonfils, one of the owners of the Denver Post, today arrested Patterson on a warrant charging him with assault and battery. Mr. Patterson, who was formerly a United States senator, swore out the warrant.

Bonfils was taken before Justice of the Peace Thomas Carlon, who issued the warrant and furnished bond for his appearance for trial. The assault was committed yesterday as Patterson was walking from his home to the office. He said that he did not know who struck him until after it was all over.

In a card published in the Denver Post today Bonfils states that his reason for such action was the publication of articles in Patterson's paper "criticizing" him. He declares that he will call Patterson to account every time he meets him, if similar publication continues.

The affair is the result of a bitter newspaper fight which has degenerated to personalities.

## NEW YORK WIG MAKERS ORGANIZE A UNION

New York, Dec. 27.—The wig makers of New York have organized the "Human Hair Workers' union" and threaten a strike. It is said a demand will be made for shorter hours and more pay. The wig makers say there are hundreds of wig makers in the city whom they know and who will be asked to help the strike along.

## TRADE EXCURSION.

There will be a meeting, as announced several days ago in The Citizen, of committees appointed by the Commercial club, the Wholesale Dealers association and the Retail Dealers association this evening in rooms over the Zeigler Cafe, for the purpose of discussing a trade excursion over the Belen cut-off to Texas and on into the Pecos valley. It is very important that such a meeting should be well attended as the matter is of universal interest to the business men of Albuquerque. Any one desiring to attend in addition to the committee members will be welcome. The opening of the Belen cut-off to traffic has placed a large trade field at the door of Albuquerque, and it is proposed to take steps to bring the trade to this city, where it logically belongs.

## RACE WAR IN NEW STATE EXAGGERATED SAY DISPATCHES

The Officials at Henrietta Say There Will Be No Further Trouble—No Arrests Yet Made for Lynching.

## OKLAHOMA OFFICIALS ARE EMBARRASSED

Negroes Are Leaving Town Where Mob Law Prevailed—A Few Came From the Country With Guns. But They Were Disarmed.

Okla. City, Okla., Dec. 27.—Special newspaper dispatches to this city from Henrietta, where it is reported that the negroes were in danger of extermination, state that there is absolutely no danger of a race war. However, most of the negroes have left the town. It is quiet there today, but not over fifty negroes remain in Henrietta.

A few armed negroes came in from the country yesterday but there was no trouble in disarming them. They threw down their guns when ordered to do so and attempted no resistance. It is believed they carried arms through fear of assault rather than with intentions of retaliation against the whites.

No Arrests for Lynching. No arrests have been made for the lynching of the negro James Garden, whose body was riddled with bullets by a mob. It was this lynching, following the shooting of a white man by Garden, that caused all the trouble. Arrests may be made later.

It is not thought that the trouble at Henrietta is of enough consequence to make it necessary to send state troops there as the local officers say they can control the situation easily.

## Embarrasses New State.

The lynching of Garden and the riotous results, have proven embarrassing to the officials of the new state. They have quietly taken every precaution to prevent further trouble and it is believed that official messengers have been sent to the local authorities holding them to strict account for any further recurrence of trouble.

## Whites Are Determined.

The white men at Henrietta and vicinity, however, are determined that the negroes shall be taught to expect prompt retribution for crimes such as was the murder of the lawyerman by Garden because the negro would not allow the negro to take a team from his stable.

It is believed that the matter will result in most of the negroes leaving the town permanently.

## DRINK-CRAZED INDIAN KILLED TWO MEN

Riverside, Dec. 27.—Two women made widows, seven children left fatherless, is the net result of a holiday tragedy at Temecula, this county.

Preston V. Swanquon, constable of Temecula, and Louis Escallier, proprietor of the Ramona hotel, were the victims, and a report of the outrages were sent to Justice of the Peace Horace McGee.

Swanquon was the first victim of the drink-maddened Indian.

## JAPANESE ATTACK ALASKA TOWN

San Francisco, Cal., Dec. 27.—The steam tender Unimak, which arrived today from Alaska, brings the news that several months ago the Japanese at South End, in Kodiak, swooped down suddenly upon the Indian village at that place and killed it of everything of value. Upon several occasions which followed this attack upon the village the Japanese returned to terrify the inhabitants, and a report of the outrages were sent to Washington.

In reply, it was stated that a United States warship would be immediately dispatched to Alaska. The receipt of this word was all that was needed to put a quietus on the doings of the Japanese who have disappeared from that section of Alaska.

## NO DIVIDENDS UNTIL DEBTS ARE PAID

Directors of Tonopah Company Did Not Declare the Usual 25 Cents Mines Located in Nevada.

Philadelphia, Dec. 27.—The directors of the Tonopah Mining company, whose property is located at Tonopah, Nevada, declared no dividends today. The directors have been at the rate of 25 cents per share, quarterly. The stock which was high as \$21 a share is now quoted at \$4 3/4. The directors announced that they deemed it wise to defer all dividends until the indebtedness of \$775,000 is cleared off. The net earnings for the quarter ending November 30 were \$301,520.

## TRANS CRASH TOGETHER ON ELEVATED RAILWAY

Three Dead and a Score Injured—Fire Added to Horror—A Heavy Fog Obscured the Danger Signals.

## EXPRESS STOPPED BEFORE IT REACHED STATION

Accommodation Train Struck Rear Coaches While Running at Full Speed—Car Is Telescoped by Tender and Engine—An Official Investigation.

DEAD: C. H. BROWN, Morristown, N. J.; J. L. GARBARINI, Mount Holly, N. J.; T. L. WEBSTER, Merchantville, N. J.

Camden, N. J., Dec. 27.—Three are dead, seventeen injured, five of them dangerously, as the result of a rear end collision between trains on the elevated tracks of the Pennsylvania railroad near the station in this city. Of the injured it is believed that several more at least, will die while several will undoubtedly be crippled for life.

Several passengers, in escaping from the wreckage, fell from the elevated tracks to the pavement below, a distance of thirty feet or more.

Flames added to the terror that prevailed but prompt work prevented the fire from spreading to where the injured were pinned beneath the debris until all had been removed.

The trains that collided were the Atlantic City express and the Pemberton accommodation train, which stopped before it reached the station and the Pemberton train, which was running at full speed.

The express train for some reason, stopped before it reached the station and the Pemberton train, which was running at full speed, crashed into the rear coaches, literally tearing them to splinters.

A heavy fog prevailed at the time of the accident so that the trainmen say they could not distinguish the tail lights on the express.

The engineer of the Pemberton train said that when he did finally see the express, it was too late to stop.

## Engineer Stuck to Cab.

He threw on the air brakes and clung to his engine. He escaped injury although his cab was crushed. While men and women were struggling over the debris, blindly groping through the heavy fog for a place of safety, the alarm of fire was given.

There was a terrified scramble on all sides, several women fainting. Half a dozen passengers were pinned under the debris in the wrecked coaches and took half an hour's work to release them. The fire meanwhile was held in check and finally extinguished before it had done much damage.

## Three Die in One Car.

The greatest casualty was in the first car of the Pemberton train. This car was telescoped by the tender and engine and torn into fragments. Three dead bodies were taken and where most of the seriously wounded people were found.

The passengers, as soon as they escaped from the cars, aided the trainmen in rescuing the injured. There were several physicians on the Pemberton train and they rendered valuable aid.

Women tore their linen undershirts into bandages for the use of several most severely injured.

The injured were taken to hospitals here and at other points along the line.

## An Official Investigation Ordered.

The officials saw they will begin an investigation at once, to discover the cause of the wreck and fix the responsibility, if any attaches. Some of the passengers charge the accident to the carelessness on the part of the crew of the express train.

They have not yet explained why their train was stopped before it reached the station without putting out warning lanterns along the track to the rear. The Pemberton train was running at a high rate of speed and struck the express under full steam.

## GIRLS DROWNED WHILE RESCUING CHILDREN

Heroic Act of Two Vermont Women Who Were Skating on Pond—Bodies Recovered.

Rutland, Vt., Dec. 27.—Ida Putnam, 20 years old and Ida Franklin, 24 years old, were drowned by the breaking of ice on a pond at Castleton near this city while skating yesterday. They were members of a skating party and were skating near the bank when several small children fell out on the pond broke through the thin ice and began calling frantically for help.

The girls, with several companions, went to the rescue of the helpless children. Both could swim but they were held down by heavy clothing and steel skates. They saved the life of one child, but sank from exhaustion, and their companion fled to shore leaving their bodies in the ponds. The bodies were later recovered.

The New Year—See but its cold out here. Why don't you let me in a feller can get some warm clothes?

## OKLAHOMA MAN SAYS FAMOUS ART TREASURE NEW STATE SHOULD BACK TAFT

Declares Uninstructed Delegation Flimsy Pretext of Anti-Roosevelt Men.

BELIEVES PROMPT ACTION SHOULD BE TAKEN

Guthrie, Okla., Dec. 27.—"I am in favor of holding the state republican convention for the election of delegates to the republican national convention as early as February 13, and I am in favor of instructing the delegation for William H. Taft," said Charles H. Hunter, chairman of the republican committee today.

"The republicans of Oklahoma should make an early decision in its choice for the presidential nominee. The state committee, at its meeting here January 3, will fix the time and place for holding the state convention, and I hope the county meetings will be held not later than two or three weeks from that time."

"My personal preference is for the election of delegates at direct primaries, their election to be ratified at a subsequent state convention. If state primaries should not be held, I should prefer that delegates to county conventions be instructed. These questions, however, will be left to the committee without interference at its meeting January 3."

"I believe that every candidate for delegate to the Chicago convention should be required to declare his preference for the presidential nomination and that he should be held to it. Beware of the men who are taking for an uninstructed delegation. Some of them as a compromise, are going to the extreme of saying Oklahoma should send a delegation to Roosevelt. This is a flimsy subterfuge. I know positively that President Roosevelt is not and under no circumstances will be a candidate for the nomination."

He said that the Chicago delegates to Chicago they could say that inasmuch as President Roosevelt's name did not come before the convention they were released to support whom they pleased. Roosevelt's delegation and an uninstructed delegation have the same purpose and meaning—hostility to President Roosevelt and to the nomination of William H. Taft.

## OLD COUPLE STRANGLERED TO DEATH BY AN ASSASSIN

Lamar, Colo., Dec. 27.—Mr. and Mrs. A. H. Maxwell, an aged couple, living on a ranch, seven miles from here, were found dead yesterday and appearances indicate that they were murdered by strangulation.

The coroner will hold an inquest to determine the cause of death and to investigate the circumstances surrounding it.

Edward Maxwell, an adopted son of the couple, is held pending an investigation. He claims he can prove that he was not at the ranch last Saturday or Sunday when the murders were believed to have been committed.

## MALICIOUS MISCHIEF AMUSING CHARGE

New York, Dec. 27.—Jack White, whom Coroner Acitelli located in Tombs prison after a search which began on Dec. 5, was examined yesterday in the case of Mrs. Maude Smith, who was found dead on the ground in the rear of her apartment at No. 752 Columbus avenue, evidently having fallen from the window. White told the coroner that he and two companions left Mrs. Smith's rooms at 5 o'clock in the afternoon of Dec. 5, leaving her alone with her brother, Ralph Halliday.

This contradicts a story Halliday told the coroner, that he left White and his companions in the room about 5 o'clock and that he found the door locked and Mrs. Smith dead when he returned. White was remanded to the Tombs, where he is held on a charge of malicious mischief.

## PEOPLE OF TENEMENTS ARE ON STRIKE FOR LESS RENT

Ask the Police for Permission to Conduct an Enormous Poverty Parade—Conditions Strained.

## EVICTED FROM HOMES BY WEALTHY LANDLORDS

Price for Ill-Smelling Quarters in Great, Gloomy Buildings Has More Than Doubled in the Last Three Years. Its the Charge Made.

New York, Dec. 27.—The strike against the landlords of the tenement houses in this city has assumed alarming proportions and it is estimated that thirty thousand people have taken up the cry of lower rents and better living rooms.

The police department today was kept busy by the strikers who will have thirty thousand people in line if they are allowed to hold such a parade.

Parade or Mass Meeting in Protest. If permission is refused them, they say they will hold a mass meeting and adopt resolutions protesting against conditions in the tenement houses.

The tenement people say their rents have been doubled in the three years and that it is impossible for them to live.

The owners of tenements have begun evicting tenants who have refused to pay their rents and say they will positively not make a reduction in the amount of rents now charged.

## Tenements Are Owned by Wealthy People.

Nearly all of the tenement buildings are owned by wealthy people in this city. They employ agents to levy and collect their rents and many owners of tenements have never been inside the buildings which they own.

Not only do the tenants of the big ill lighted and ill smelling buildings demand lower rates but they demand more sanitary conditions and better quarters.

In the tenement districts, feeling runs high and the number of officers patrolling these districts has been doubled since yesterday when the movement began.

The tenants say that rather than continue to pay the high rents now charged, they will move into the streets with their families and become public charges.

Many heads of families say they can earn less than a dollar a day and that it is necessary for children to work long hours in order to help support the families.

## CUT HIS THROAT TO CHEAT PRISON

Murderer Under Life Sentence, Borrowed Razor and Severed His Early Connections—Killed Wealthy Mine Owner.

Des Moines, Iowa, Dec. 27.—J. C. Cain, convicted of the murder of Charles H. Morris, a wealthy mine owner in this state, borrowed a razor from a friend today, secreted it in his coat and when his guards were not looking, slashed his throat from ear to ear, dying in a few minutes.

He had been sentenced to life in the penitentiary and would have been taken to prison at Fort Madison today to begin serving his sentence.

He said, "I'd rather die than go to prison for life—I'm a dead one any way you fix it."

## WHOLE FAMILY WIPED OUT BY FLAMES

House Caught Fire in Early Morning Hours and Father, Wife and Three Children Perished.

Boston, Dec. 27.—John Clark, his wife and their three children were burned to death in their home at Watertown, a suburb of this city, in early hour this morning. The home was destroyed. There is no means of learning the origin of the fire. It was discovered by neighbors after it had gained such headway that all attempts to extinguish it or enter the house were futile.

## DESPERADOES ROB BANK THEN SURRENDER TO FARMERS

Secured \$2,500 from Missouri Institution and Fled Under Fire From the Angry Citizens.

## SHOT HOLES IN THE AIR BUT NO ONE HURT

A Posse Followed the Robbers So Closely That Escape Was Impossible—Made Their Last Stand in Timber and Were Captured.

St. Joseph, Mo., Dec. 27.—At Camden Point, a small town thirty miles from here, robbers early this morning, robbed a small bank and made their escape taking some \$2,500 in currency.

They were run down by a posse, surrounded in a small tract of heavily wooded land and after a pitched battle lasting several hours, they finally surrendered. All of the money was recovered.

When the robbers entered the bank they were discovered by citizens but not before they had secured their booty and were ready to depart.

## Three Men Heavily Armed.

There were three men in the band. One remained with their horses outside while the other two robbed the bank. All were armed to the teeth.

A hastily organized posse, opened fire on the robbers as they left the bank. The robbers returned the fire and for half an hour there was a running fight. In the excitement, all shots went astray and no one was injured.

The citizens, joined by farmers in the neighborhood pursued the robbers so closely that the desperadoes at length broke for cover and took refuge in some small hills near Camden Point.

This gave the posse time to organize and soon about fifty men, all heavily armed, were engaged in the hunt.

## Every One a Poor Shot.

The robbers were finally surrounded in the woods and again there was a battle, both sides shooting from cover so that no one was injured. When the robbers saw that escape was hopeless, they surrendered. The posse brought them to Camden Point and they will later be brought to this city for safe keeping.

There have been several attempts made to rob banks in Missouri and it is believed these men formed part of a gang organized for that purpose. Bankers will be in charge of an investigation of their records.

## DARROW WITHDRAWS FROM DEFENSE OF PETTIBONE

Boise, Idaho, Dec. 27.—Clarence Darrow, chief counsel for the defense in the Pettibone case, has been forced to withdraw for the present at least, and will go at once to Los Angeles where he will submit to an operation.

He is very ill with an abscess in the ear and the operation will be a most delicate and dangerous one.

After he delivered the opening statement to the jury yesterday, his physicians informed him that his life would be in danger if he did not submit to an operation at once.

Edgar Wilson will be in charge of the defense, but he is ill and was not in court today.

The forenoon of the trial was taken up with the delivery of positions relating to the explosion of a bomb at the home of Fred Bradley in San Francisco.

## SALOON KEEPER WON IN SUNDAY CLOSING CASE

Chicago, Ill., Dec. 27.—The jury in the case of Thomas C. Chambliss, the first saloonkeeper to be tried for a violation of the Sunday closing law, returned a verdict of "not guilty." The jury was out eighteen hours. It is understood that other saloonkeepers under indictment will be tried at once.

## TRADE EXCURSION.

There will be a meeting, as announced several days ago in The Citizen, of committees appointed by the Commercial club, the Wholesale Dealers association and the Retail Dealers association this evening in rooms over the Zeigler Cafe, for the purpose of discussing a trade excursion over the Belen cut-off to Texas and on into the Pecos valley. It is very important that such a meeting should be well attended as the matter is of universal interest to the business men of Albuquerque. Any one desiring to attend in addition to the committee members will be welcome. The opening of the Belen cut-off to traffic has placed a large trade field at the door of Albuquerque, and it is proposed to take steps to bring the trade to this city, where it logically belongs.

## TERRITORIAL CAPITAL OFFICIAL MATTERS

New Companies File Incorporation  
Papers—Valencia County Vac-  
ancy Filled.

The following articles of incorporation have been filed in the office of Territorial Secretary Nathan Jaffa: The Western New Mexico Development company. Principal place of business at Columbus, Luna county. Territorial agent, A. O. Bailey, at Columbus. Capital stock \$100,000, divided into one thousand shares of the par value of \$100 each. Object general industrial business. Period of existence, fifty years. Incorporators, George Estes, D. W. Schoonmaker, D. E. Doane, J. T. Neslin, H. Comstock, H. P. N. Gammal, R. W. Newton, Frank Carr, George Ogden, O. M. Talley, John Brunner, W. E. Rhoten, W. H. Marsh, all of El Paso, Texas, and A. O. Bailey, of Columbus.

Eureka White Lime company. Principal place of business at Albuquerque. Principal place of business at Albuquerque. Territorial agent, Edward B. Crisley at Albuquerque. Capital stock \$200,000, divided into two hundred shares of \$100 each. Object, mining and quarrying business. Period of existence, fifty years. Incorporators, George A. Kaseman, Edward B. Crisley and Joshua S. Reynolds, all of Albuquerque.

Fraser-Bateman company. Principal place of business at Carlsbad. Eddy county. Territorial agent, E. W. Fraser, at Carlsbad. Capital stock \$15,000, divided into one hundred and fifty shares of \$100 each. Object, dealing in general merchandise. Period of existence, fifty years. Incorporators E. W. Fraser, A. Q. Bateman, F. B. Marshall, and A. R. Smith, all of Carlsbad.

**Valencia County Appointment.**  
Having received and accepted the resignation of Jose R. Lucero as a member of the board of county commissioners of Valencia county, Governor Curry today appointed Hilario Chavez of Paria, to fill the vacancy. Mr. Lucero's resignation will take effect on January 7, 1908. His withdrawal from the board is voluntary, he having resigned because he is moving out of the county. He will make his future home in Bernalillo county. Mr. Chavez, who has been chosen to fill the unexpired term of Mr. Lucero, is a well known citizen of Valencia county and was strongly endorsed for the position.

"East Las Vegas, N. M., Dec. 16, 1907.  
"Col. D. K. B. Sellers,  
"Albuquerque, New Mexico.  
"Dear Col. Sellers: In answer to your favor of the 12th relative to my opinion of the 'Ward & Shropshire' ranch subdivision, I have this to say: In company with Col. Hopewell and Dr. G. W. Harrison of your city, I drove over and through this property last week, Wednesday, on my visit to Las Cruces in matter of the holding of the 18th National Irrigation Congress at Albuquerque next year. I have been familiar with this particular piece of property for upwards of twenty years and I consider it an extremely well located subdivision, lying as it does about one mile due north of Las Cruces on the main county road to Dona Ana. So far as the soil and water rights to this property are concerned, I wish to add that there is no finer soil in the Mesilla Valley or in New Mexico for that matter. Every portion of the land is susceptible of irrigation, possessing paid up water rights under the Dona Ana irrigation ditch and being signed up and under the United States government diverting dam in the Rio Grande.  
"As to the prices asked by the company owning the property, I consider them very reasonable, taking into consideration the location of the land, its qualities and its proximity to the city of Las Cruces.  
"Yours truly,  
"R. E. TWITCHELL."

## PULLMAN WIDOW BIDS FAMOUS ARCADE

\$50,000 Paid for Property in  
Little Town Where Cars  
Are Made.

Chicago, Dec. 27.—Mrs. Hattie Sanger Pullman, widow of George M. Pullman, has purchased from the Pullman company the Arcade building and ground in Pullman for \$50,000. The property is at the northwest corner of One Hundred and Twelfth street and Morse avenue, and is on a lot 221x248½ feet. Mrs. Pullman is said to have been largely influenced by sentiment in the purchase of the property, which was one of the most conspicuous structures in the town. Her daughter, Mrs. Florence Pullman, recently purchased over ninety buildings there at an aggregate consideration of over \$350,000. The Pullman company was compelled by court decree to dispose of all its property there not directly connected with its business.

### CONDUCTOR MISTAKEN FOR A SWINDLER

An El Paso railroad conductor had the unpleasant experience Wednesday night of being mistaken for a swindler and arrested just as he was going to take a train out of the Union station.

A man giving the name of Thomas Hudspeth and claiming to be a cousin of Senator Claude Hudspeth, was the complainant in the case. He said that on Monday Morning he met a stranger on an incoming Santa Fe train and that the stranger asked him to loan him \$30. The man claimed to be a banker of Houston and said he had just shipped a large quantity of gold to his bank, the express charges on which amounted to \$30, the sum he wished to borrow.

The stranger claimed to be short on funds, but said he would leave a check for \$1,000 with Hudspeth to secure the loan. This looked good to Hudspeth and he let the man have the money. The man then disappeared, which caused Hudspeth to wake up to the fact that he had been swindled.

Arriving in El Paso, the victimized man decided to play detective in his own case. He shaved off a heavy beard he was wearing and sauntered into the Union depot, hoping to capture his man. Last night he thought he had found him and had the man arrested, but he was mistaken and the well known conductor's inconvenience was the result.

And Hudspeth is still looking for his "Houston" banker, whose worthless check for \$1,000 he holds.

### RAILROAD BUILDING RECORD MAINTAINED

Chicago, Dec. 27.—According to the statistics compiled by the Railway Age, railroad construction in the United States has been nearly as heavy in 1907 as in 1906, which was the heaviest year since 1888. The total number of miles of new track laid this year has been 5730, of which 224 miles were in Louisiana, 241 in Florida, 235 in South Dakota, 214 in Texas and 211 in Washington. In Canada, during the same time,

723 miles were built and 349 in Mexico.

The greater part of the new track was laid before the financial stringency, only a small amount of mileage being constructed after September. The orders for freight and passenger cars and locomotives in 1907 were smaller, however, than at any time during the past seven years. The volume of orders for this part of railroad equipment was about 55 per cent of the total of 1905 and 1906.

The year has been notable for the number of block signals installed, the increase having been 3721 for the twelve months ending December 31.

### STOREHOUSE FORCE BEING INCREASED

San Bernardino, Dec. 27.—During the past week thirty-five men have been taken on in the store department of the Santa Fe in order that a place may be made to care for the heavy shipments of steel that are being received. It was hoped that the new storehouse would be ready for the winter shipments. But as the work is going forward it is not expected that they will be able to use the storehouse much before spring.

The company will receive this winter steel rails of 85 pound weight for about 100 miles of track. Most of the new rails will be used in relaying the track over the Cajon and most of the remainder will be used between range and San Diego.

Considerable excitement was aroused last evening at the station. While the car whackers were filling a gas tank under a Pullman car on train No. 5, the valve stuck and the gas was ignited by a trainman's

lamp nearby. The blaze could not be extinguished until all the gas had been burned out of the tank and two streams of water were necessary to keep the car from catching fire also.

John Powell, of Fairmount, Ind., was in the city for a short time yesterday on his way to Fairmount from Suwanee, N. M., where he has been engaged on a contract for the St. Louis and San Francisco railway company. Mr. Powell is a contracting driller of oil, gas and artesian wells and says that operations have been suspended for the present at Suwanee on account of lack of pipe. The company is said to be testing the land for coal, oil, gas, water or anything else which may be discovered, and the principal well which they are working on, chiefly as an experiment, is down nearly 200 feet.

## WATCHMAN THROWN INTO A SEWER

Omaha, Neb., Dec. 27.—Albert Heft, watchman at the Cudahy Packing plant, was assaulted by thugs and thrown through a manhole, and spent the entire night in the big sewer which drains the Union stockyards. He escaped by crawling a mile to where the sewer empties into an open ditch.

The unfortunate man was found, more dead than alive, by the crew of a stockyard switch engine, who heard his feeble groans as he lay in the half frozen mud. He was dying from exposure when found. When taken to the hospital it was found he had suffered a severe beating before being thrown into the sewer by his assailants, who evidently supposed they had killed him.

Physicians fear the freezing mud in which he must have lain an hour or more may cause severe congestion of the lungs. Heft has not yet recovered sufficiently to give a coherent account of the affair.

## To Heat a Cold Corner

Don't sit in the cold—a touch of a match—a steady flow of genial warmth and in the corner that's hard to heat you'll have real solid comfort with a

## PERFECTION Oil Heater

(Equipped with Smokeless Device)

Just what you need to help out in a cold snap or between seasons. No smoke—no smell—no bother.

—it's the smokeless device that does it. As easy to operate and clean as a lamp. Brass font holds 4 quarts—gives intense heat for 9 hours. Finished in nickel and japan—every heater warranted.

The Rayo Lamp is the best all-round lamp made. Equipped with latest improved central draft burner. Made of brass throughout, nickel plated. Just the light to read by—bright and steady. Every lamp warranted.

If your dealer doesn't carry the Perfection Oil Heater and Rayo Lamp, write our nearest agency for descriptive circular.

(Incorporated)

## SURVEYING NEW ROAD NEAR RATON

News Notes From Gate City—Contract Let for \$10,000 City Building.

Raton, N. M., Dec. 27.—The corp of surveyors who have been engaged for many months on the most feasible route for the new line of the El Paso & Southwestern Railway from El Paso to Trinidad, Colo., have reached Long's Canyon, six miles west of Trinidad. This is but one of a number of surveys already made for this route, and is said to be the best one and a practical roadway across this difficult region. The new railway will likely connect with the El Paso & Southwestern Railway somewhere between Carrizozo and Santa Rosa, and will pass through Las Vegas and Dawson, N. M., and open up considerable new territory in New Mexico to settlement and many new towns will be opened up. The new road when built will also make a short line to Mexico City and the Gulf.

J. W. O'Brien, representing the Great Western Town company, has opened office here. The company will open the new town of Colfax, which is to be situated on the St. Louis, Rocky Mountain & Pacific railway, and the Santa Fe, Raton & Eastern railroad. The location is in the eastern portion of Colfax county and the outlook for the town is good.

A splendid crop of ice is being reaped on the reservoirs of the Sugarite river. The thermometer has registered in that region lower than thirty degrees below zero.

Charles Donnelly was given the honors at the oratorical contest held here, which gives the winner the right to enter the territorial contest to be held at Las Vegas Dec. 27.

Mr. Donnelly's theme was "American Politics." The city council has let the contract for a city building, which includes council chambers, jail and fire-engine rooms. The new building is to cost approximately \$10,000.

The work on the new Methodist church building is progressing finely. The building has now reached the first story. The recent hard times scare has made collections of subscriptions a little hard. But the progress of the building will not be retarded. The structure when completed is to cost \$25,000.

## ROCKEFELLER MAN IN COLORADO IRON CO.

Binghamton, N. Y., Dec. 27.—At the request of John D. Rockefeller the board of directors of the Colorado Fuel and Iron company has elected L. M. Bowers, one of Mr. Rockefeller's business representatives, vice president of the corporation. It is learned that the Rockefeller holdings in the company have been gradually increased and that the installing of the new vice president makes a return of the Rockefeller interests to a large share in the management of the corporation.

Mr. Bowers has long represented Mr. Rockefeller in many business enterprises. He has carried through some of the great capitalist's deals. It is understood that George Gould retains a controlling interest in the fuel and iron company. Of late years it has been in a bad way, but it is understood that the Rockefeller programme which Mr. Bowers will carry out calls for the introduction of sound business methods.

Appendix:  
Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed to cure headache, biliousness, malaria and jaundice, at all drug stores. 25c.

FEEL DELICIOUS HOT CHOCOLATE. WALTON'S DRUG STORE.

## TOWN OF CIMARRON SCENE OF ACTIVITY

Bridge Approaches Being Built by Most Novel Plan.

Cimarron, N. M., Dec. 27.—The bridge proper over the Cimarron river which connects the old and new towns, is now finished and the grading of the approaches to the bridge is under way. The Cimarron Townsite company, which for business reasons, namely, the making of a number of lots out of the old creek bed, prevailed on the county commissioners to locate the bridge on dry ground and then turn the river under it by a straight channel, promised to grade the approaches to the bridge at its own expense, the expense being put at about \$1,500. And now the townsite company, with real Yankee shrewdness, has arranged a scheme by which the grading is to be done for practically nothing, and the community be given lots of fun.

The plan made, and which has been advertised is to have a grading bee, prizes are to be offered aggregating \$250, and the men of the town are invited to participate. A prize will be offered for the best day's work done by man and team for the best looking man working with team, and a valuable prize to the ugliest man giving his services that day. It is reported that the latter prize has many chances to be taken, and a multiplicity of entries are being made for it. At the close of the contest the bridge will be dedicated.

Cimarron has been enjoying for some days the use of the new depot for the St. Louis, Rocky Mountain & Pacific Railway. The depot is a handsome structure, two stories, with offices in the second story. The building is fifty-five feet in length, and twenty-five wide. All conveniences are arranged, with two waiting rooms. The location is on Washington street.

The work of laying the rails on the line of the Cimarron & Northwestern Railway up Ponil canyon is nearly finished. This line will open up one of the finest pine timber regions in New Mexico.

Contractor James Griffin, who has been doing the grading on the Ponil canyon railway line, has secured a contract with the French Land & Cattle company to build an immense reservoir for the use of their irrigation schemes. The land company owns considerable tracts of land between Cimarron and Springer, which they are developing and selling to colonists.

A. W. Kesteven, a practical lumber man, is developing the lumber interests of the Black Lakes, in the mountains near Cimarron. He has put up a sawmill and bought a large tract of timber land.

The old postoffice of Vermijo has been rechristened by Uncle Sam. It is now Vermijo Park.

Dr. Horatio Walker, formerly of this place, is now located in San Diego, Cal.

Mr. and Mrs. Charles Springer are sojourning in the east. Their first stop was in Chicago.

Charles H. Webster, Jr., and wife are spending the winter in California. They will return about the middle of February.

The Cimarron Townsite company, of which Fred Whitney is manager, have moved their offices to the Main building, Washington and Ninth streets.

A Hard Debt to Pay.  
"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle used, and two more bottles made a complete cure. Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists, 50c and \$1.00. Trial bottles free.

Our shirt and collar work is perfect. Our "DOMESTIC FINISH" is the proper thing. We lead—others follow.

## WRITES LETTER FROM LIVING GRAVE

Tells Comrades in Note Sent Through Air Tube That He Still Lives.

Victor, Colo., Dec. 27.—(Special). Entombed 1,000 feet below the earth's surface since Dec. 4, A. D. Bailey, a miner, of Victor, has written to his friends a long telling of his hope of being rescued within the next two weeks.

Bailey, with two companions, was caught in the cavern of the Alpha shaft, and 500 feet of solid rock dropped into the passage above them, cutting off all communication with the outer world. By a lucky accident, however, the niche in which they were working was not filled by the falling debris.

The imprisoned miners had oil enough in their lamps to allow them to explore their tomb, and in their search for a way out they stumbled upon a six inch water pipe which extended down the shaft and which escaped destruction in the accident.

Even Have a Telephone. Through this the prisoners established communication with their rescuers and soon drinking water and rations were sent down. They are satisfied with this crude means of talking with the outside world, they connected their telephone with a wire running up the water column.

Although in no need of the necessities of life, the prisoners are still in grave danger, as the ground is still settling, and from time to time it will be necessary to fill in the space with cordwood to prevent another cave-in. Owing to the frequent runs of earth during the last three days it will probably be two weeks before they are rescued.

The rescuers themselves face grave perils in the stability that the piled up muck and timbers on which they are working will give way dropping them to the bottom of the shaft. To prevent this each man works with a rope tied around his body and secured from above.

Text of the Letter. In his letter, sent up the water's tube, mailed and received today by Thomas Hamill, Bailey says, in part: "I am now imprisoned in Alpha shaft. On the 4th of the four men who were working in the pump station are with me and others are buried at the bottom of the shaft. The shaft caved in at the 400 foot level and we are at the 1,000 foot level. The shaft is full of dirt up to the cave-in, and we are under 500 feet of solid rock. If all goes well I hope to be on top in twelve or fourteen days.

"After the accident we disconnected the six inch water column at the pump and they are sending our drinking water and rations down it. We are living on the best in the land, as everybody wants to send us something. Wines, cigars, and all kinds of fruits are being sent down. They send down our supplies in small vessels, attached to a rope and arranged so as to prevent spills.

"After we got the water column opened we connected our phone to the electric cable, and we can telephone up and talk to the men on top at any time.

"Well, brothers, if all is well and the all-wise Providence stays with us I hope to be on the top and see my wife and family in a short time. We are above the water level so there is no danger on that score."

## THINGS DOING AT TOWN OF MAXWELL

Farmers Going in For Sugar Beet Culture—A District That is Self-Supporting.

Maxwell, City, N. M., Dec. 27.—Harry Brennan of Cimarron has accepted a position with the Maxwell Supply company. He will take charge of his work the first of January. The position was vacated by the resignation of Mr. Payne Whiteley.

The Maxwell Land Grant company is enlarging the irrigating ditches from their extensive reservoirs and river sources. The enlargement of the ditches and extending them to further lands will mean the opening up for many more farms. The Maxwell company will be one of the enterprises of the farmers of this section and a large acreage is expected to be planted this year should no other capital be found in sight to float such an enterprise.

Mrs. Jacob Michel is visiting in Tampa, Kansas. Her sister, Miss Lydia Mohn was married at that place before the holidays to Mr. George Haase.

Mr. and Mrs. T. S. Simmons are enjoying a visit from Mr. and Mrs. W. Thompson of Lee's Summit, Mo. Mrs. Thompson is a sister of Mr. Simmons.

Miss Lettie Atwater is spending the winter in Raton with her grandparents.

One of the beautiful ranches of northern New Mexico is that of Mr. S. D. Higgins, twelve miles east of this place. Mr. Higgins has on his ranch everything that he would need in a practical way to keep him living here shut off from communication with the outside. Cattle, hogs, sheep and chickens, and he is able also to raise all kinds of grain and feed. A visit to his ranch home by colonists always convince them of the possibilities of this section of the country.

He Fought at Gettysburg. David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weakness. Great alternative and body builder; sure cure for lame back and weak kidneys. Guaranteed by all druggists. 50c.

### THE THEATRE

#### "Red Feather."

The company that Manager Joe M. Gates has organized for this season's presentation of the Ziegfeld Opera company's gorgeous production of the romantic comic opera, "Red Feather," which comes to the Elks' opera house New Year's night, is entirely adequate in every way. The scenery is known to be magnificent; the music is thrilling and full of snap and fire, and best of all, the singers are superior to any that can be found outside of grand opera. Cheridah Simpson, for several seasons prima donna of various Savage operas, will be at the head of the company of seventy-five, which includes a number of well-known and popular comedians and a large ensemble of singers. Even the chorus, it is said, was chosen with absolute judgment as to voice qualities, and in personal appearance it is all that can be desired. The great success that "Red Feather" has made seem to prove that real comic opera is as much appreciated as ever, now that the reign of musical comedy has come to an end. "Red Feather" is the result of the combined labors of Reginald de Koven and Charles Klein. Of the uniform excellence of Mr. de Koven's music it is hardly necessary to speak, beyond saying that musical critics of the country agree that this is the best that he has turned out since "Robin Hood." The book is by Charles Klein, author of David Ward's great success, "The Music Master," and also "The Lion and the Mouse." Both of these plays are still drawing enormous crowds in New York. The lyrics are by Charles Emerson Cook, a Belasco protege.

#### "Antony and Cleopatra."

A candid citizen of a western state once remarked, "My family only goes to two shows every season. One is Barnum & Bailey's and the other is Charles B. Hanford's." From the circus to the classics, from the sawdust arena to the forum, is a far cry, yet the compliment was a great one, and reflected the intellectual sincerity of the man who uttered it. Barnum & Bailey strove every season to surpass all previous circus accomplishments including their own and Mr. Hanford has done the same thing in his chosen line of endeavor. He has sought to bring to his performance all that could add interest and charm to his Shakespearean productions. He has searched the world of books and surveyed available acting talent as diligently as the agents of the great moral tent show have explored the jungle in quest of strange creatures. It was a comparison which might flatter both parties who were made its subject, and Mr. Hanford's presentation this year will be no more spectacular than ever before. A scenic revival of "Antony and Cleopatra" has been in his mind for a number of seasons past, and last year's production of "Julius Caesar" formed a splendid preface for this year's representation of Antony, no longer a triumphant statesman but the ill-fated lover. Tuesday, January 7, is Mr. Hanford's date at the Elks' opera house.

#### "Buster Brown."

"Buster Brown," as it will be presented at the Elks' theater next Monday night, December 30, will be almost entirely new. The comedy has been rewritten and the musical numbers without a single exception will be heard for the first time. The company engaged in its presentation numbers among its members some of those who have been identified with Buster ever since it was first presented. The promise is made that scenically it is more handsomely mounted than ever before. More attention has been given to the music this season and the tunes selected have proven most happy ones. Some of the pronounced hits are "Molly from Mayo," "Won't You Be My Baby Boy," "Old Bill Oliver," "I Won't Play Unless You Coax Me," "Rosebud," "I Couldn't Make a Hit With Susie," and a new "Buster Brown" song. As an additional feature this season the celebrated Hughes Musical Trio have been engaged.

Piles Cured in 6 to 14 Days. PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded, 50 cents.

A Reliable Remedy for Croup. With the cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety, however, when Chamberlain's Cough Remedy is kept in the home. If this medicine is given as soon as child becomes hoarse or even after the croupy cough has appeared, the attack may be ward off. Mrs. S. Rosenthal, of Turner, Michigan, says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all druggists.

### Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the cardiac or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, perplexing, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wavering nerve centers. It strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with—

"WE GET THE NEWS FIRST."  
"STATEHOOD FOR NEW MEXICO"

## Oklahoma and Us

The Citizen does not wish to knock in the least nor to draw any odious comparisons, but there is a little object lesson which ought to be called to the attention of the anti-statehood forces in Washington.  
On Christmas day—the day of peace on earth, Oklahoma, the newly admitted state, so far forgot herself as to openly and publicly lynch a negro and after her citizens had riddled his body with bullets, they drove some 100 other helpless blacks out of town.

That was the manner in which Oklahoma celebrated her first Christmas as a state.

The lynching was the result of a killing.  
On Christmas day, right here in the city of Albuquerque there was one of those unfortunate killings which will now and then occur anywhere. But there was no lynching. The officers of the law made the arrests and no attempt was ever thought of to take the prisoner from the jail.

That is the difference in a marked contrast between Oklahoma and New Mexico.

At the same time, there be those who will say, "New Mexico is not fit for statehood."

As before stated, this paper does not desire to disparage Oklahoma, but it takes considerable pleasure in calling attention to the fact that this territory is fifty per cent better qualified for admission to the union than Oklahoma ever was.

## Up to Business Men

There will be a meeting tonight over the Zeiger Cafe at Second street and Central avenue, for the purpose of discussing ways and means to conduct a trade excursion over the Belen cut-off and on into the Pecos valley.

It is up to the business men of Albuquerque in all lines as to whether or not they will enter into active competition with other towns in New Mexico and with El Paso for a trade which will equal the trade we now receive from our fertile Rio Grande valley.

The advisability of a trade excursion needs no discussion. Such an excursion should be arranged for immediately and the business men of Albuquerque should take a trip into the counties to our south and see for themselves the wonderful development that has taken place. There are thousands of people along the new cut-off whose friendship this city can not too closely cement, and whose trade is worth all it will take to secure it.

From Texico north, Albuquerque is the logical place to trade. This city can be more conveniently reached than any other center and its merchants can show a much larger and better line of goods than any place in the southwest with the possible exception of El Paso, which does not excel us even in that line.

It is hoped that the business men will show their usual public spirit and their usual good business judgment, and make a call upon our neighbors to the south.

It will pay an hundred fold in a good many ways.

## Six Thousand Lives

Six thousand lives were lost in American mines last year, according to the most accurate statistics at hand. This indicates a condition of criminal carelessness on the part of mine operators that is little short of cold blooded murder.

Congress should take some action to safeguard the lives of the men who spend their days in the bowels of the earth, away from the sunshine and pure air, digging the hidden wealth of the country.

Whatever else may be said of the miners, their occupation is one that for risk and hardship, makes the life of a soldier on campaign, a mere pastime. They are entitled to every protection it is possible to give them and at that, enough lives will no doubt be lost in mining in this country.

New York Herald: If any one finds a carefully written document entitled "Christ Cleanses the Temple" within the next week or so the Rev. Dr. W. J. Reid, pastor of the First United Presbyterian church, of this city, hereby announces that it is a sermon of his and he'd like it back. He had prepared it for delivery tomorrow before his fashionable congregation, but burglars got into the church building last night and cleansed that temple of the collection boxes and pretty nearly everything else of value, including the minister's sermon for today. Worse Dr. Reid hadn't learned his sermon by heart and things at his study this evening were a bit in the air. The pastor was digging into a barrel for a talk on the "Crime of '73" to use as a substitute, and the police are looking for the thieves. Dr. Reid has been much worked up over the financial crisis and he decided to make it his topic tomorrow, and, despite the fact that many of the members of his congregation count their wealth away up in the millions, he selected the story of Christ entering the temple and driving out the money lenders. Some time last night the robbers got in. They ruined one of the memorial windows and ransacked the pastor's study, taking some valuable papers, but the most important was the sermon. "I've only one consolation," sighed Dr. Reid this afternoon, "maybe the miscreants will read the sermon and it may reform them."

On his way around the world for the Woman's Home Companion Jack London visited the lepers of Molokai, on the Island of Hawaii. "Leprosy is not so contagious as is imagined," writes Mr. London in the January Woman's Home Companion. "I went for a week's visit to the settlement and I took my wife along—all of which would have not happened had we had any apprehension of contracting the disease. Nor did we wear long, gauntleted gloves and keep apart from the lepers. On the contrary, we mingled freely with them, and before we left knew scores of them by sight and name. The precautions of simple cleanliness seem to be all that is necessary. On returning to their own houses, after having been among and handling lepers, the non-lepers, such as the physicians and the superintendent, merely wash their faces and hands with mildly antiseptic soap and change their coats."

In the case of the dispute between the naval officers as to authority over each other, this country has another sample of pin headed officers with too much gold braid for their own good, and not enough to do. Most of the navy officers are a gentlemanly lot but as in the army, there are a few who would not greatly injure the navy's efficiency if they had never been commissioned.

Charles V. Safford, traveling auditor, told a Citizen reporter yesterday that the banks of New Mexico were in a strong financial condition and that the recent flurry would not greatly affect them. The traveling auditor is one of the men who really knows conditions in the southwest and his opinion is valuable.

At a Tokio banquet the American minister remarked that the Pacific is meant to be a great highway for mankind, and that the responsibility of maintaining its freedom for all the world rests upon Japan and the United States. This may be called a broad principle fortified for practical purposes.

The president is taking a little rest at Pine Knob. With the Taft, Cortelyou, Lush scrap on his hands, he no doubt needs it. Then there is Lawson's new party.

If Bob Evans accepts the invitation to visit Japan the people over there will doubtless hear something new in the English language.

A boom has been started for the nomination of Governor-elect Fort for vice president. Now, with Cannon's boom and Fort's boom—

If you look sharp you'll not be the dove are growing longer.

## LOOKING FOR A GOOD TIME?

There are about as many conceptions as to what constitutes a "good time" as there are individuals, but there is one place in New Mexico, not very far from Albuquerque, where 99 out of every 100 people find what they are looking for. That place is the Valley Ranch, at Pecos, New Mexico.

Fresh country produce in abundance, horses to ride or drive, dogs, guns, traps, tackle, all at your disposal. The finest hunting and fishing in the territory. You can live in a house, a cabin or a tent, and come and go as you please.

You'll find plenty of company there, agreeable and refined, if you are sociably inclined, a favorite resort for ladies. Conditions ideal for recuperating, reading, hunting or loafing.

You CAN'T SPEND MORE THAN NINE DOLLARS A WEEK ANY WAY YOU FIX IT.

Inquire at The Citizen Office for further particulars, or address The Valley Ranch.

No other food deteriorates so rapidly as the Oyster. Its habitat is the ocean. It requires coolness and absolute freedom from exposure to the air in order to retain its delicate flavor and its wholesomeness. SEALSHIP OYSTERS are brought direct to us from the choicest beds of America. They are shucked into porcelain cases, sealed and packed in ice, which never comes in contact with the oysters. The use of the Sealship carrier is the secret of their superiority.

San Jose Mx

## ABOUT TOWN

The Commercial club's New Year's ball will be held Tuesday night and not Wednesday night as before stated.  
Probate Clerk A. E. Walker this afternoon issued a marriage license to Tomas Silva, age 21 years, and Elcira Lopez, age 19 years, both of Barajas.

A large number of temperance workers held a crusade meeting at the Baptist church this afternoon. An elaborate musical program was rendered and several stirring talks were made. The meeting was held under the auspices of the Albuquerque W. C. T. U.

It doesn't come any better than you get it at the Richelle Grocery.  
The first regular meeting of the Bernalillo county commissioners for the new year is set for January 6th. Persons holding bills against the county should file them with the probate clerk at once. There will be a meeting of the probate clerk on the same day.

Juan Marquez, who operates a bus saw at John S. Stevens' black ville coal yard, met with a painful accident yesterday afternoon. While working about the saw he accidentally touched the saw and the index finger of his left hand was taken off at the second joint, and the second finger badly lacerated. Dr. Reidy dressed the wound, which will not prove serious, further than the loss of the finger.

California Naval Oranges at the Richelle Grocery.  
The Pajarito public school gave a very interesting entertainment at the school house Tuesday evening. The teacher, Miss Grace Newman, assisted by the pupils, had prepared a very interesting program which consisted of music, songs and recitations, which they gave with credit to all concerned. The school house was well filled with the parents and friends of the children who were well pleased with the children's efforts.

Phoenix sweet oranges for holiday trade at the Richelle Grocery.  
Divine services at Temple Albert will commence this evening at 7:45 o'clock. The theme which Dr. Chapman has selected for his discourse will be "The Modern Education of Women." This will be a sequel to the rabbi's last subject, which was devoted to "Woman's Influence, Her Agency in Society, the Home and the World." All services at the temple are entirely free. Collections are never made for any purpose, and everybody is cordially invited and very welcome.

Some more Kream Klips. Everybody likes them. Richelle Grocery.  
An article contributed to the December number of "Events," on "The Woman's Club of Albuquerque," has aroused considerable interest. The article, which is the work of the club here, and has attracted general attention. The author of the article is W. T. McCreight, former manager of the Evening Citizen, and who is now engaged in newspaper work in Chicago. He has evidently lost none of his interest in Albuquerque and her welfare and is boosting the city in his article.

The Albuquerque-Estancia Automobile company yesterday informed President W. G. Tikit, of the University of New Mexico, who is chairman of the committee on entertainment for the National Geological society, that the touring cars of the company will be at the disposal of the entertainment committee during the visit of the scientists to the city should the committee desire them. The company will also furnish chauffeurs to run them. The meeting of the society will take place in Albuquerque the first few days in January. The offer of the automobile company was gratefully received by Mr. Tikit.

New York, Dec. 27.—Despite the financial depression in foreign business at this port, the year of 1907 will break all records.  
Estimating the December business the year's business will amount to \$1,543,232,992, which is an increase over the previous year of \$110,127,325.  
The imports reach the enormous total of \$137,892,737. The exports will aggregate \$665,647,175 and duties will amount to \$312,767,125.

Cauliflower, fresh tomatoes and head lettuce, free hat the Richelle

## SLAYER OF LOBATO IS HELD WITHOUT BOND

Evidence at the Preliminary Hearing Against Dorame—Victim Buried Tomorrow.

Clelio Dorame, who shot and killed Augustino Lobato at the corner of Atlantic avenue and Second street at 3 o'clock the afternoon of Christmas day, was bound over to the grand jury in Justice of the Peace Court this morning without bond, Salvador and Manuel Aguirre, who were with Dorame at the time of the killing, were bound over to the grand jury also under bonds of \$100 each.  
The preliminary hearing of Dorame came to a close this morning at 11:30 o'clock. A large number of witnesses were examined, among them were those present at the shooting, and several relatives of the slayer. The evidence throughout was very much against Dorame. Judge W. C. Hancock represented the territory at the preliminary hearing, appearing for District Attorney Clancy. Dorame had no counsel. He held a consultation with A. A. Sedillo, of the law firm of Chavez & Sedillo, but Mr. Sedillo did not appear for him at the hearing. Dorame has very little or no money, and it may be necessary for the court to appoint an attorney to defend him.

Evidence adduced this morning, would indicate that the trouble between Dorame and Lobato began a week previous and is self-sustaining, and that the difficulty which he and the deceased had at Atrisco Saturday night only tended to make the feeling between them more acute.

Dorame said this morning that he first met Lobato a week ago last Saturday night at a dance at Atrisco, which was the scene of the second difficulty.

The pistol from which Dorame fired the fatal shot was produced this morning for identification. It is an old fashioned 38-calibre, with a heavy handle, and is self-sustaining. It is dull with rust, which gives it a very ugly appearance. According to testimony, Dorame carried the gun in the left inside pocket of his coat. After he and Lobato exchanged words, he stepped behind a screen, and as he passed behind the screen he drew the gun with his right hand. When he came from behind the screen, he fired at Lobato at a distance of not more than seven feet.

Born at San Marcial.  
In an interview this morning Dorame said that he was thirty-four years old and was married. His wife was present at the hearing and was more nervous than Dorame himself. He was born at San Marcial, Socorro county, and lived in Socorro until about a year ago. Just prior to his coming to Albuquerque he worked for a mining company at Rosedale, N. M., cutting wood. He lost his leg when quite young in the Santa Fe yards at San Antonio, N. M., in a railway accident.

The authorities say that while previously he has never been charged with any crime, he has several times been under arrest for minor offenses. He has been since coming to Albuquerque.

Lobato Will Be Buried Tomorrow.  
The remains of Augustino Lobato, the man killed, will be buried tomorrow in the cemetery of Rancho de Atrisco. The remains, which are still lying at A. Border's undertaking parlors, will be conveyed across the Rio Grande to Rancho de Atrisco tomorrow morning.

CHRISTMAS PARDON.  
Christmas day this year will long be remembered by Marcarlo Leyba, who was serving a sentence of eighteen months imprisonment in the territorial penitentiary. He was granted a pardon by Governor Curry in pursuance of a long established custom of pardoning a deserving inmate on Christmas day.

Cash for gunny sacks, all sizes; wagon will call for them. Phone 16.

## BRICKLAYER LOST HIS WATCH

Complicated Case That He Had Failed to Identify Suspect.

Edward Steiner, a brick mason living on the north side, complained to the police at 3 o'clock this morning that he had been assaulted and that his watch was missing.

He said that he had been playing cards in a saloon on North Third street, and on leaving, some one struck him. Thirty minutes after, Officer Rosel arrested a man on South First street answering the description Steiner gave of his assailant. This morning in police court, Steiner failed to identify the suspect, and the man was released. How Steiner lost his watch remains a mystery.

## WATER FROM CARLSBAD PROJECT

Lands Will be Irrigated During Present Year and Thousands of Acres Will be Farmed.

Carlsbad, N. M., Dec. 27.—(Special.)—Farmers are already preparing their lands for irrigation from the Carlsbad dam, which will be ready to supply all water needed for irrigation during the coming year.

Official notice has been received here from the secretary of the interior to the effect that water will be distributed by the Carlsbad project as soon as it is needed by the farmers.

Thousands of acres will be farmed during the coming year that could not be farmed because of lack of water heretofore.

Hardinge and Mrs. Henchman were the only means who suffered any injury, which though painful is

## ARMJO THINKS LOPEZ COULD TELL THINGS IF HE WOULD

Convicted Murderer Might Be Able to Solve Col. Chaves Assassination Mystery.

Sheriff Perfecto Armijo said this morning that he had reasons to believe that Benjamin Lopez, alias Hernandez, who is in the county jail, awaiting to be sentenced for murder in the second degree, could, if he would, give some interesting information about the assassination of Col. J. Francisco Chaves.

Lopez was found guilty of murder in the second degree for killing Louis Padilla, of Los Padilla.

While numerous persons identify him as the man who shot Louis Padilla, he declines to recognize any of them. He denies that he ever lived in Los Padilla. He says that he was in Texas when the murder was committed. Attorney Modesto Ortiz, counsel for Lopez, has filed a motion for a new trial for Lopez, which was taken under advisement by Judge Abbott.

Sheriff Armijo says that the grounds for his belief that Lopez knows something about the killing of Col. Chaves are that information was furnished him by persons living at Estancia warranting such a suspicion. The sheriff says that several people of Estancia say that Lopez was in the Pinos Wella country before the killing and several times was seen in company with the parties suspected of the crime. Lopez is charged with having committed several crimes previous to the killing of Louis Lopez. He was arrested in Roosevelt county for murder once, but a case was not proven against him.

## MORTUARY

David Anderson, a native of Scotland, 54 years old, died from a cancer of the stomach at his home, 103 East Silver avenue at 1 o'clock this morning after an extended illness. Funeral arrangements have not been made as yet, but it is thought that it will be held Sunday. The deceased had been a resident of Albuquerque for twelve years, and came to America from Scotland thirty-eight years ago. David Anderson, a son, who is an employee of the Santa Fe at San Marcial, N. M., has been notified of his father's death.

Josephina Gonzales, a member of a well known native family of Old Albuquerque, passed away this morning at the age of 66 years, the cause of her death being old age. The funeral will take place from the old church of San Felipe de Neri Sunday morning at 8:30 o'clock. Interment will be made at Santa Barbara cemetery.

## ENGAGEMENT OF MISS LEWIS ANNOUNCED

The engagement of Miss Stella H. Lewis, of this city, to Henry L. Weinmann, of Philadelphia was announced today. The date set for the wedding has not been made public.

Miss Stella H. Lewis, the bride-to-be, is the daughter of Mr. and Mrs. Susan Lewis, of 621 West Copper avenue, and one of the most popular young ladies of Albuquerque. Mr. Weinmann is a brother of J. A. Weinmann, of the Golden Rule Dry Goods company, and David Weinmann, of Lewinson & Weinmann, both well known business men of this city, and himself is engaged in the banking business in Philadelphia, being a member of the banking firm of M. Weinmann Bros. He has been a guest of his brothers here for several months. It was during one of his previous visits to Albuquerque that he met Miss Lewis.

## IMPORTANT MEETING OF BUSINESS MEN TONIGHT

Arrangements for Trade Excursion Over Belen Cut-Off In Hands of Committees.

The plans for the proposed trade excursion of Albuquerque business men over the Santa Fe cut-off, which will be proposed at the meeting of committees to be held this evening over Zeiger's care, will outline a pilgrimage of several days' duration.

George Arnot, manager of the local house of the wholesale business of Gross, Kelly & Co., who is deeply interested, said this morning that at least three days should be spent on the trip. Owing to the newness of the country and the newness of the towns at which stops should be made a Pullman car or two Pullman cars, or a special will be necessary for the comfort and convenience of the journey.

At least four days should be spent at the towns between Albuquerque and Texico, which will be about as far as Albuquerque merchants can expect to do very much business under the present conditions.

In Texas and in the lower Pecos valley the rates given from other wholesale points is prohibitive to Albuquerque wholesalers.

Mr. Arnot said that the Pecos valley would probably be as far as Albuquerque merchants could expect to do business to any considerable extent.

Regarding the meeting tonight Mr. Arnot said that it was very important that all Albuquerque business men should be present as well as the members of the committees.

The excursion cannot be made for a month yet at least if the best accommodations are secured. The railroad company will have to have thirty days at least to arrange for the excursion. A rate will be asked for and probably granted in the case it is found advisable to make a special train for the trip.

Several hours will be spent at each of the towns along the route. If the number of persons making the trip is not sufficient to warrant a special train, at several of the towns stops between trains will be necessary and in some instances these stops will be for many hours owing to the infrequency of trains.

"However, I am in favor of the excursion if the rest are," said Mr. Arnot. "It is bound to do some good. We should get in closer touch with the people along the new road. We can use their products and they can use our goods. We can take some souvenirs along and I believe that the excursion will result in good both to the people to be visited and the people of Albuquerque." Tonight's meeting will be called to order at 8 o'clock.

## WHITE WOMAN WEDS AN INDIAN BRAVE

Miss Cora Arnold of Denver Finally Gets Her Red Affinity—Ends Long Romance.

Santa Fe, N. M., Dec. 27.—(Special.)—Miss Cora Marie Arnold, a handsome woman whose home is in Denver, was united in marriage here last Monday evening with Albino Chavari, a full blooded Santa Clara Indian, who wore blankets and moccasins, and whose face was painted with the festive colors of red and yellow, as he stood before the minister with his bride.

The affair is the result of a love affair extending over three years. Miss Arnold had frequently visited this city to meet her Indian lover, and once—only once he visited Denver. That time, the newspaper notoriety he received sent him back post haste to Santa Clara.

Miss Arnold will live with Chavari at his big ranch at Santa Clara. He is a finely educated Indian and wealthy, owing several large ranches and several thousand head of fine cattle besides sheep and horses.

Chavari is also "el gobernador" of the pueblo, and has full authority in enforcing the pueblo laws. He is handsome after the Indian fashion, tall, broad shouldered and dignified. He says he loves his white bride and she says she has always loved him since she met him at a Colorado street carnival a number of years ago.

Chavari is a graduate of the Carlsbad Indian school. Rev. Gabino Rendon, pastor of the Spanish Presbyterian mission, performed the marriage ceremony.

Santa Fe Young People Married.  
A pretty holiday wedding which took place in Santa Fe was that of Miss Aubeline Wiss and H. E. McCullough, at the home of the bride's sister, Mrs. W. N. Toulson. Only a few intimate friends were present.

The young people had been engaged for some time, but the date of their marriage was kept secret. They will make their home in Santa Fe, where Mr. McCullough holds a federal position.

Waited 5 Years on Ministers.

A Denver dispatch to the Associated Press today says:

News has been received here that Miss Cora Marie Arnold of this city was married last Monday to Santa Fe, to Albino Chavari, chief of the Santa Clara Indians.

The ceremony was witnessed by the bride's sister from Denver.

Miss Arnold first met Chavari at a Mountain and Plains' festival here five years ago and immediately formed an attachment for him.

The wedding would have taken place sooner, but no minister here or at Santa Fe would consent to perform the ceremony.

Miss Arnold is the step daughter of George Wilder, who committed suicide in 1905, by jumping from a steamer into the Gulf of Mexico.

## New Mexico Bills In Congress

### H. R. 7684, REFERENCE TO INDIAN DEPREDEATIONS

A bill to amend an act entitled "An act to provide for the adjudication and payment of claims arising from Indian depredations," approved March third, eighteen hundred and ninety-one.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the first paragraph of section one of an act entitled "An act to provide for the adjudication and payment of claims arising from Indian depredations," approved March third, eighteen hundred and ninety-one, be, and the same is hereby amended so as to read as follows:

"First. All claims for property of citizens or inhabitants of the United States taken or destroyed by Indians belonging to any band, tribe or nation in amity with the United States without just cause or provocation on the part of the owner or agent in charge and not returned or paid for. Provided, that the claimant, if living, is still an inhabitant, or, if dead, his heirs are still inhabitants, of the United States."

Sec. 2. That in suit instituted under the said act of March third, eighteen hundred and ninety-one, where the claimant has not designated or has incorrectly designated the tribe of Indians which committed the depredation, the petition may be amended so as to designate correctly the tribe by members of which the depredation appears to have been committed.

Sec. 3. That any petition heretofore filed under said act of March third, eighteen hundred and ninety-one, by any party in interest whether such party was the sole owner of the property or not, may be at any time before judgment amended by the substitution of all the parties in interest or their personal representatives.

Sec. 4. That all cases heretofore filed under said act of March third, eighteen hundred and ninety-one, which are embraced within the terms of this act, if heretofore dismissed by said court, may be reinstated and readjudicated under the said act as hereby amended.

## THIS MAN WALKS TO QUIT DRINKING

New Yorker Starts on Long Hike to Chicago Penniless.

Pittsburg, Pa., Dec. 27.—Anthony Brady is walking from New York to Chicago, and further, if necessary, in the belief that the long jaunt will cure him of the liquor habit, to which he has been addicted for fifteen years. He reached Pittsburg yesterday.

"He is the most remarkable case I ever came in contact with," declares Supt. Glenn of the Pittsburg police force. "He is a man of refinement and education, but drank steadily for years until the habit had such a hold of him he could not shake it off. He tried all the various cures."

"Finally in despair, he decided to leave home and walk, walk, walk, until the thirst for liquor no longer possessed him. He started away without a penny in his clothes, depending for his food on what he could beg from door to door. He never accepted money."

Don't think that pills can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents a any drug store.

If you want anything on earth, you can get it through the want columns of The Evening Citizen. We get results.

## SCHOOL OF MURDER RAIDED BY POLICE

Italians Were Teaching Youths the Use of the Stiletto—Black Hand at Work.

Pittsburg, Pa., Dec. 27.—A squad of Pittsburg detectives, aided by forty detectives from all parts of the country, this afternoon raided a black hand headquarters at 37 Clay alley, in the heart of the Italian quarter. They found seventeen young men receiving from two Italian experts, a lesson in the use of the stiletto, and all of the nineteen men and the lookout were arrested after a severe struggle and are now in the jail at Central station.

For months Pittsburg has been terrorized by lawless Italians who styled the organization the "Black Hand." Several murders have been committed and dozens of persons have paid tribute under fear of death. Some weeks ago Captain of Detectives Edward McGough learned that the organization had its headquarters here and that a school was in existence where younger members were taught the use of weapons and the methods of the organization.

Putting the matter into the hands of City Detectives Peter Angelo and Charles Aymer, both of whom speak Italian, McGough sent to nearly every large city in the country and asked that detectives familiar with Italian secret organizations and particularly Italian-speaking detectives, be sent here to assist in cleaning out the band. Ten cities sent detectives, and for two weeks they have been working with the local officers. The raid of this afternoon was the result.

**LINGERING COULD.**  
Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by all druggists.

**TO AILING WOMEN.**  
A Little Sound Advice Will Help Many a Sufferer in Albuquerque.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. Kidneys and bladder get inflamed and swollen, crowding the delicate female organs nearby and sometimes displacing them. This is the true cause of many bearing-down pains, lameness, backache, sideache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills. The remedy that cures sick kidneys. You will get better as the kidneys get better, and health will return when the kidneys are well. Let an Albuquerque woman tell you about Doan's Kidney Pills.

Mrs. H. Adair, of 817 South Edith street, Albuquerque, N. M., says: "Whether my symptoms indicated kidney trouble or not, I was not certain, but nevertheless from reading about Doan's Kidney Pills I was given a desire to try them to see if they would not afford me at least some relief from the pain between and just below the shoulder blades. While on my feet or stirring around, I did not feel the slightest inconvenience, but when I would sit down, the pain would assert itself and at times was very severe. The use of one box of Doan's Kidney Pills brought relief that warrants my having a high appreciation of this medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.  
Chamberlain's Cough Remedy is sold by all druggists.

## LOST and FOUND

FOUND—Lady's fur collar, on Fourth street between Lead and Silver avenues. Owner can find same at this office.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute" says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it Coffee. Sold by C. N. Brigham. De-Witt's Carbolic Witch Hazel Salve is healing and soothing. Good for piles. Sold by J. H. O'Reilly.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain can not stay where it is used.

**A Significant Prayer.**

"May the lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. "It quickly took the pain out of a fever for me and cured it in a wonderful short time." Best on earth for sores, burns and wounds. 25c at all druggists.

Best remedy for mothers to use is Kennedy's Laxative Cough Syrup. It tastes nearly as good as maple sugar, it contains no opiates. Sold by J. H. O'Reilly.

## PERSONAL PARAGRAPHS

W. J. Johnson, assistant cashier of the Bank of Commerce, is in Las Cruces on business.

M. R. Mirabal, of Peralta, spent Tuesday in the city on business, and left for his home this morning.

M. R. Otero, register of the United States land office in Santa Fe, is in the city visiting with his family.

Col. M. Light, president of the Normal school at Silver City, is attending the educational meeting at Santa Fe.

Hon. and Mrs. W. S. Hopewell, of Albuquerque, are spending the week at the Hopewell ranch near Hillsboro.

Deputy United States Marshal Harry Cooper went to Gallup this afternoon on the California limited to serve papers.

Col. R. E. Twitchell, secretary of the National Irrigation congress, returned to Las Vegas Thursday morning.

H. J. Hagerman, ex-governor of New Mexico, arrived in the city this morning from Roswell over the Santa Fe cut-off.

Robert Stephenson, manager of Windsor's ranch on the Upper Pecos, is in Santa Fe to spend the holidays.

Charles Norman, blacksmith for the American Lumber company at Ketter, spent yesterday in the city visiting friends.

Harry Coddington, sheriff of McKinley county, is in the city on business.

Walter M. Taber, manager of the Glorieta Mercantile and Live Stock company at Glorieta, was in Santa Fe Thursday on business.

Prof. J. A. Wood, superintendent of the city schools of Santa Fe, has been confined to his home the past several days on account of sickness.

A. B. Reuehan, attorney at law of Santa Fe, passed through the city last night en route to Las Cruces, where he is called on official business.

Hon. James Wallace Reynolds has returned to his home in Santa Fe, after spending Christmas with Mr. and Mrs. Jefferson Reynolds at Las Vegas.

S. G. Anderson, of Carrizozo, superintendent of the public schools of Lincoln county, is attending the territorial educational association at Santa Fe.

M. R. Chaves, of the mercantile house of D. Chaves & Co., of Las Cruces, accompanied by Mrs. Chaves, are the guests of friends in this city.

Laz Noble, one of the proprietors of the Valley Ranch resort on the Upper Pecos, is in Santa Fe, for provisions and other supplies. He will return home tomorrow.

Governor Curry is suffering with a severe cold and was unable to attend the educational meeting at Santa Fe yesterday. However, he is reported as much better today.

Fred Gregg, who is a student at the New Mexico College of Agriculture and Mechanic Arts, is spending his vacation with his parents, Mr. and Mrs. William Gregg at Estancia.

M. H. Wood, of Albuquerque, who is interested with his father, Colonel James M. Wood, in mining in the Golden district in South Santa Fe, arrived in Santa Fe Wednesday.

R. W. Priest, business manager for Joseph M. Galt's "Red Feather" which at the Elks opera house New Year's afternoon and evening has been in town the past few days on business.

Mrs. H. W. Warner, of Santa Fe, is entertaining her son, H. A. Hart, of Willard, general manager of the Sunshine Valley Public Utilities company, which is operating telephone exchanges at Willard and Estancia.

Attorney General J. M. Hervey, of Santa Fe, is in Rolla, where he is spending the holidays with his family. He will return to Santa Fe about January 7, accompanied by his family, who will make their home there.

Professor R. R. Larkin, superintendent of the public schools of East Las Vegas, and president of the New Mexico Educational association, is presiding over the sessions of the territorial society which convened at Santa Fe yesterday afternoon.

Mr. and Mrs. James G. McNary, of El Paso, were in the city last evening returning to El Paso from Las Vegas where they spent Christmas. Mr. McNary was formerly owner of the Las Vegas Optic, but is now in the banking business.

Prof. W. D. Gerling, superintendent of the public schools at Albuquerque, and Prof. A. B. Stroup, superintendent of schools of Bernalillo county, were members of the delegation that arrived in Santa Fe to attend the educational meeting.

Captain and Mrs. W. C. Reid, Mr. and Mrs. J. M. Reid, Capt. Reid's parents, and Mrs. Esther Hodgson, Mrs. W. C. Reid's sister, were the guests of Mr. and Mrs. R. C. Reid, of Clovis, on the Belen cut-off, for Christmas. R. C. Reid was formerly attorney general.

Miss Jennie Hedrick, the little black-eyed Texan of Amarillo, who spent a pleasant summer here and became quite an attraction among the younger social set, arrived in Albuquerque this morning and will spend her holiday vacation with her sister and her many friends here.

Ormsby McHarg and Peyton Gordon, of Santa Fe, special assistants to Attorney General Bonaparte, have gone to Phoenix, Ariz., to appear as assistant counsel for the government in arguing demurrers filed by the defendants recently indicted by the federal district court of Globe, on charges of perjury and subornation of perjury in connection with alleged coal land frauds in northern New Mexico.

Col. James A. Wood, who is well known in Santa Fe county mining circles and who for several years was manager of the Gold Bullion Mining company in the Golden district, left Santa Fe Wednesday for San Pedro district, where in a few days he will start work on a number of placer claims and will put into active service the separator and machinery for working the machinery used last year.

Superintendent of Schools C. O. Fisher, of Colfax county, is in attendance at the educational meeting at Santa Fe. Others here are: Mark Howell, of Albuquerque, superintendent of schools of Chaves county; Jesus C. Sanchez, of Tome, superintendent of schools of Valencia county; Professor Luther Foster, president, and Prof. J. J. Vernon and F. E. McClanahan, members of the faculty of the New Mexico College of Agriculture and Mechanic Arts.

FOR SALE—Four lots on Coal, between Second and Third. Correct face. Cheap at \$2,000. Also 3 lots on Lead between Second and Third, for \$2,000. M. F. Stamm.

INSTRUCTIVE PAPERS LATEST DRESS FADS  
READ BEFORE TEACHERS IN GAY PARIS

Governor Too Ill to Address Meeting—Largest Attendance On Record.

Santa Fe, N. M., Dec. 27.—(Special.) The attendance of the second day of the Territorial Educational association, which is in session at Santa Fe, breaks all previous records. More teachers are present, more schools are represented and more enthusiasm is being displayed than at any former meeting.

The papers read thus far have been on live subjects and intensely interesting and the addresses instructive.

The program of the first day of the meeting was broken some by the absence of Governor Curry, who was expected to address the meeting but could not be present on account of illness.

The address of welcome delivered by Judge John R. McFie was a tribute to Santa Fe and the teachers and the association. He gave the association the warmest kind of welcome and told the teachers that as far as he was concerned Santa Fe was theirs. Coming down to practical things, Judge McFie told the teachers some good hard facts about education and gave a short historic speech of the growth of the schools of New Mexico.

For an example he said that in 1899, the city of Santa Fe did not own \$1 worth of school property. Now it is in the possession of thousands of dollars worth of property and has the very best kind of a school system.

Judge McFie said that education and irrigation were the greatest factors in the growth of New Mexico. Judge McFie is a warm supporter of the Agricultural college at Las Cruces. He said that the advancement being made was so rapid that the report of the superintendent of public instruction made two years ago was now entirely out of date.

The annual address of R. R. Larkin, of Las Vegas, president of the association, was another feature of yesterday's program.

The Albuquerque high school glee club, which is attending the convention, rendered several selections and made a big hit with the educators. Bernalillo county has the largest representation. Albuquerque teachers being very much in evidence.

The delegates have been exceedingly busy attending meetings and filling social engagements. A large number of social events have been arranged for the entertainment of the pedagogues. A large reception is being given in honor of the visiting teachers this afternoon in the auditorium of the high school building. The lecture of officers will take place tomorrow.

**DECREE IN GALLUP  
COAL MINE CASE**

Judge Abbott yesterday afternoon issued a lengthy decree in the case of John Kennedy and the Union Coal company, and the Gallup Coal company of Gallup, in which he merges the several cases, which involve a certain coal property near Gallup, into one case.

Kennedy is charged to deposit \$1,000 with the clerk of the court, upon which he will be given a title to the property involved protected by the court. The deeds are then to be delivered to the company desiring to purchase the property and to treat with Kennedy as the party delivering the deeds, the Gallup Coal company, which is composed of Albuquerque men, carrying out its former agreement of purchase. Maynard Gansel, who was named as a defendant in the case, is dismissed.

Kennedy held notes against the property, which the Union Coal company was endeavoring to sell to the Gallup Coal company. He set forth in a petition to the court that the deal was being made to defraud him of his rights and asked for an injunction against the sale of the property.
