NUMBER 312

MIKADO TALKS PEACE TO STATESMEN FAR EAST

Says Most Cordial Relations
Exist Between Japan and
All Foreign Powers—A
Speech From Throne.

FAVORS RESTRICTION OF COOLIE LABOR

Government Has a Majority in the
Assembly and Leaders Favor
the Emperor's Policies—
Lengthy Debates Are
Not In Order.

Tokio, Dec. 28.—The twenty-fourth diet was formally opened today by the emperor, who delivered a speech from the throne.

He laid particular stress on the cordial relations of Japan with all foreign powers and he said that it augured well for continued cordial relations and peace in the far east.

Emperor Talks Peace.

The emperor concluded with a commentary upon the relations now existing between Japan and Russia as affecting Japan. He expressed the opinion that peace would prevail in the far east and his tone throughout was most conciliatory.

As the government has an overwhelming majority in the diet, it is not probable that there will be an extended debate on any of the questions of state that may come up.

Will Restrict Coolie Labor.

The most vital matter which will likely be considered is the matter of restricting immigration of coolie labor to the United States. It is generally understood that the leaders almost without exception favor the government's policy of restriction of coolie labor.

BRINGING STEVE ADAMS BACK TO TELLURIDE, COLORADO

Rathdun, Idaho, Dec. 28.—Last evening after Judge Woods granted the motion dismissing the case of the state against Steve Adams, he was immediately taken into custody by Sheriff Fitzpatrick of San Miguel county, Colorado, who held extradition papers authorizing him to take Adams to Telluride to stand trial on a charge of the murder of Arthur Collins. Fitzpatrick left immediately with his prisoner on the electric line, but refused to divulge the route by which he expected to reach Colorado. He said the trip would take four days.

TWO CENTS ALMOST COST A LIFE

**Letter Containing Commutation for
Condemned Man Held for
Postage.**

Columbus, O., Dec. 28.—A letter held for two cents postage came near sending John Soley, of Cleveland, to the gallows yesterday for the murder of his sweetheart. Soley was condemned to die.

Receiving no word from the governor the warden prepared to execute Soley, but on second thought telephoned the governor and found that commutation papers had been mailed.

Soon afterward the warden was notified that a letter was being held at the postoffice for postage.

It proved to contain the papers commuting the death sentence of Soley to life imprisonment.

220 BODIES TAKEN FROM COAL MINE

Believed That Some Fifty Others
Remain Buried Under Skate
Slides—Search Has End-
ed for Present.

Jacobs Creek, Pa., Dec. 28.—Altogether two hundred and twenty bodies have been taken from the Darr mine of the Pittsburgh Coal Co., and all were found in the main and headings. The explosion of the mine was completed today with the exception of numerous slate falls, where it is believed that at least 50 more bodies will be found.

Several bodies found today were in a terrible state of decay. Others were mangled and crushed by slides of slate and earth.

The coroner has decided to hold inquests on all the bodies January 9 at which time an effort may be made to fix the responsibility for the disaster. Not all the dead have yet been buried but the relief committee and the mining companies are working to care for all the bodies of the poor families.

Many women and children have been left without a dollar and without a roof over their heads.

They will become charity charges until employment can be found for them.

TROOPS MAY REMAIN IN GOLDFIELD FOR THREE WEEKS

President Willing If the State
Legislature Will Pass the
Legislation Needed to
Cover the Matter.

PRESIDENT NOT WORRYING OVER PRESENT SITUATION

Operators Want Troops to Stay,
While Miners Use Every Means
to Secure Their Removal—
Officials Find the Situation
Embarrassing.

Washington, Dec. 28.—President Roosevelt today telegraphed Governor Sparks of Nevada, that if the governor within five days will issue a call for a special session of the legislature he will continue the troops at Goldfield during the period of three weeks.

If within five days a call has not been issued, the troops will be withdrawn.

The telegram from the president was sent in reply to one from the governor in which he sets forth the need of armed intervention and expresses doubt that a session of the legislature would result in the necessary request from that body for federal aid.

War Department is Worried.

Washington, Dec. 28.—In answer to the question as to whether it has been determined to suspend the operation of the order for the withdrawal of troops from Goldfield the president today said that it would be for the president to determine that question but if any disposition was shown by the governor of Nevada to call the legislature in a special session to deal with the subject of the disorders in the mining section the war department probably will be willing to permit the United States troops to remain at Goldfield a reasonable length of time up to about three weeks in order to enable the legislature to meet and pass necessary legislation upon the subject.

The war department is particularly desirous of being relieved from the charge that it is maintaining the troops there in defiance of the constitutional provision that troops should be regularly called for by a legislature.

War Department is Embarrassed.

In fact the war department is being considerably embarrassed by the present status of affairs in Goldfield.

President Roosevelt is non-committal while he has the authority to order troops to or from Goldfield, he appears to have dismissed the matter for the time being while the war department is being blamed for conditions.

Too Many Strings.

It is said that the mine operators are taking advantage of every means to keep the troops in Goldfield. On the other hand the miners are determined to force the withdrawal of the troops.

It was believed when the troops went to Goldfield that there would be an outbreak on the part of the miners unless the troops were sent. The mines, however, by continued good behavior have placed the officials in a most embarrassing position.

The war department desires the troops withdrawn and unless the legislature asks that they remain, the president will undoubtedly put the order for their removal in force.

**WATERS-PIERCE OIL
COMPANY PAY UP**

Court Forces Payment of Delinquent
Taxes and Penalties.

Austin, Tex., Dec. 28.—The Waters-Pierce oil company today paid to the state its delinquent gross receipt taxes for the last two quarters, the amount being \$16,445. In addition to this sum, the company has paid \$2,645 of penalties for delinquency. The remittance came from C. B. Dorchester, the federal receiver, who was ordered to pay over the sum by Judge Bryant of the federal district court.

W. C. T. U. LEADER ALLEGED FIREBUG

Charged With Plotting to Burn
Dwelling to Pay Mortgage.

Norwalk, Ohio, Dec. 28.—Mrs. Martha A. Campbell, president of the Women's Christian Temperance Union, superintendent of the Congregational Sunday school at Steubenville, and wife of a wealthy Greenfield Township farmer, was arrested today in Sandusky on a secret indictment charging incendiarism.

The indictment charges that Mrs. Campbell burned a dwelling owned by Miss Lea Mather, a neighbor in October, Miss Mather has also been indicted.

The fire insurance company asserts the women framed a plot by which Miss Mather was to take the insurance money, pay off the mortgage on her home, and on that condition Mrs. Campbell would buy the place. Both women are under bond.

BIG YUMA DAM WILL SOON BE FINISHED

Reclamation Service Offers Free
Right of Way to Any Company
Willing to Build a Railroad.

Yuma, Ariz., Dec. 28.—The reclamation service announces that the big Laguna dam will soon be completed and that steel rails will be laid early in January for a railroad between Yuma and the dam.

The government will make a gift of the levee right of way south of Yuma to any company guaranteeing to build a railroad down the Yuma valley.

It is understood that several companies have the railroad projects under consideration.

RAILROADS TO REPEAL SHERMAN ANTI- TRUST ACT

Indications That There is a
Movement Under Way to
Secure Action From
Congress.

HEPBURN ACT WOULD ABOLISH REBATES

If Congress Will Not Kill Trust Law
That Portion of It Relating to
Traffic Associations Will
Be Attacked—Ship-
pers Interested.

Chicago, Ill., Dec. 28.—The railroads and the powerful shipping interests are apparently united in an effort to obtain the repeal of the Sherman anti-trust act in so far as it may apply to traffic associations. This fact is made apparent in a symposium published in a current issue of the Railway Age and participated in by railroad presidents, governors of some states and railroad commissioners as well as the representatives of large shipping interests.

Favor Hepburn Act.

Shippers and railroad men agree that the Hepburn act could bring some great benefits chief of which would be the abolishment of rebates. It is not known how the matter stands in congress but it is understood that the enormous influence of the railroads will be centered towards the repeal of the Sherman act.

Railroad men here today refused to discuss the matter although admitting that there was a movement on foot with that end in view.

OKLAHOMA MOB LAW TOWN AFRAID OF NEGROES

Oklahoma, Dec. 28.—A special from Henrietta says that all is quiet there but the people are in a state of alarm. The negroes have all left town.

Because of reported threats by negroes, armed guards were stationed about the town last night.

No troops have been called for. No attempts at arrests for the lynching of the negro gardner have yet been made.

SENATOR DAVIS THINKS CHARITY BEGINS AT HOME

Washington, Dec. 28.—Senator Jeff Davis, of Arkansas, who denounced the trusts with such vehemence a week after he was sworn in as senator, has placed himself on record as being in favor of the family trust in matters of patronage.

The senator found at his disposal, after he took the oath two small appointments on one secretary and the other a laborer at \$900 a year. He conferred the appointments on each of his two daughters.

Some of the colleagues of the Arkansas trust buster have suggested the advisability of increasing the latter's quota of patronage, as Mr. Davis has six other children not provided with appointments.

W. C. T. U. LEADER ALLEGED FIREBUG

Charged With Plotting to Burn
Dwelling to Pay Mortgage.

Norwalk, Ohio, Dec. 28.—Mrs. Martha A. Campbell, president of the Women's Christian Temperance Union, superintendent of the Congregational Sunday school at Steubenville, and wife of a wealthy Greenfield Township farmer, was arrested today in Sandusky on a secret indictment charging incendiarism.

The indictment charges that Mrs. Campbell burned a dwelling owned by Miss Lea Mather, a neighbor in October, Miss Mather has also been indicted.

The fire insurance company asserts the women framed a plot by which Miss Mather was to take the insurance money, pay off the mortgage on her home, and on that condition Mrs. Campbell would buy the place. Both women are under bond.

KANSAS STRONG FOR TAFT FOR PRESIDENT

At a session of the
Republican state central committee
today, Secretary of War William
H. Taft was unanimously endorsed
as the choice of the party in Kansas
for president of the United States
and of the state convention called
for March 4 at Topeka.

Topeka, Dec. 28.—At a session of the republican state central committee today, Secretary of War William H. Taft was unanimously endorsed as the choice of the party in Kansas for president of the United States and of the state convention called for March 4 at Topeka.

OPENING OF INDOOR SPORT SEASON

Oh the football boy with his shaggy hair,
And the baseball fan with his shout
Have abandoned the field for the winter months,
And the light of our life's gone out.
And the checker board has resumed its sway,
Basket ball, poker and whist,
And the football boy and his shaggy hair,
And the baseball fan ain't missed.

TAFT NOMINATION SURE ROOSEVELT TELLS FRIENDS ONE-QUARTER

Refusal of New York to En-
dorse Hughes Means a Split
Delegation in Convention.

WANTS NOMINATION ON
FIRST BALLOT IF POSSIBLE

Washington, Dec. 28.—President Roosevelt has told his friends that the nomination of Secretary Taft is assured, according to those who have recently visited Washington. His confidence is based on the refusal of the New York county republican committee to endorse Governor Hughes for president.

"That man Parsons is a tramp," is what the president told every New York republican who called to congratulate him on the result.

Mr. Roosevelt is claiming the delegates of fourteen western states, those of the entire south and two eastern states for Taft.

He admits that Indiana will probably be a Vice-President. Fairbanks, Illinois for Speaker Cannon and Pennsylvania for Senator Knox on the first ballot, but is sure they will be in line by the second ballot.

Wants Taft Named on First Ballot.

The president is working now to make the nomination of Secretary Taft certain on the first ballot. He wishes to accomplish this by marshaling sufficient strength to insure his nomination on the first roll call.

Under the rules, delegates from states voting for "favorite sons" would change their votes toward the conclusion of the roll call, thus making Secretary Taft's nomination unanimous.

President Roosevelt believes that he will have the entire seventy-eight delegates from New York for Secretary Taft. He is absolutely certain, in the light of the reception given to the Hughes resolution in New York county that he will control more than one-half of the delegation, thereby crippling the Hughes movement should it show itself in the convention.

NEW YORK BANKS SHOW STEADY GAINS

New York, Dec. 28.—The statement of the clearing house banks for the five days of this week shows that the banks hold \$20,170,350 less than the requirements of 25 per cent reserve rule, an increase of \$11,539,650 in proportion to the cash reserve as compared with last week.

AMERICAN ASSOCIATION WILL STAY AT HOME

Chicago, Ill., Dec. 28.—The owners of the base ball clubs of the American association are holding their annual meeting in this city today. President O'Brien said there would be no attempt to establish a club in Chicago or to invade the National or American Leagues for some time.

TEACHERS WILL MEET IN ALBUQUERQUE NEXT TIME

New Mexico Educational As-
sociation Coming Here—
Frank C. Light Won the
Oratorical Contest.

PROF. C. O. FISHER, OF COLFAX, PRESIDENT

Honors for Sterling, Stroup and
Miller of Bernalillo—Osborn
of Portales Is Secretary,
and Foster of Mesilla
Is the Treasurer.

Santa Fe, N. M., Dec. 28.—(Special). Albuquerque did not carry away all the honors to be secured at the meeting of the New Mexico Educational association, which closed here this afternoon, but it got a large share of them.

The Albuquerque delegation secured the next meeting of the association, Frank C. Light, of the University of New Mexico, captured the first prize in the oratorical contest for the higher educational institutions; Superintendent W. D. Sterling, superintendent of the Albuquerque public schools, was elected local secretary for the association; Prof. Sterling and Prof. Stroup, superintendent of schools for Bernalillo county, were named members of a committee to draft and secure the passage of bills through the next legislature for the benefit of the schools, and J. A. Miller, principal of the Albuquerque high school, figured prominently on the committee on nominations of the present meeting.

Officers Elected.

The election of the association officers was made quietly, the selections having been made in caucus. Each officer was elected by a unanimous vote without opposition, there being only one candidate for each position.

Prof. C. O. Fisher, of Raton, superintendent of Colfax county, was elected president.

Prof. Osbourne, superintendent of the public schools of Portales, secretary.

Dr. Garrison, president of the Las Vegas Normal University, was chosen recording secretary.

Dr. Luther E. Foster, of Mesilla Park, was elected treasurer.

The honor of local secretary went to Superintendent Sterling. This position carries with it all the detail work of the next meeting of the association and is really the most responsible position of the association.

Prof. J. E. Clark, territorial superintendent of public instruction, was elected chairman of the legislative committee of which Professors Sterling and Stroup are the other members.

Oratorical Contest.

Frank Light, of the University, won the oratorical contest for students from the higher educational institutions, with "Individualism," as a subject. Mr. Light's delivery brought him many points, which is very complimentary to Professor Crum of the University, his instructor, as the speaker was in bad voice on account of a cold.

The second oratorical contest of the higher educational institutions went to William Fugate, of the Las Vegas Normal university. Mr. Fugate's subject was "Transportation and Civilization."

The high school honors were captured by Miss Amelia Turner, of the East Las Vegas High school. Miss Turner's subject was "New Mexico, the Land of Tomorrow." Miss Turner painted a glowing picture of the new state of New Mexico, the future development of the land of sunshine and its prospects. The subject was an excellent one.

Charles E. Donnelly, of Raton, was given second place. His subject was "The American People."

THE CLOSING DAY'S WORK.

The principal address of today was that of Dr. Sterling, of Osborn, Teacher Out of School, in which he told the teachers of the value of plenty of out-door exercise, study during vacation and the keeping abreast of current events.

The Albuquerque high school glee club has been a very popular organization in Santa Fe. The club members were the guests of honor at a reception given this afternoon by Mrs. L. B. Prince at the Prince residence, and later in the day will attend a reception given at the home of Judge John R. McFie.

Most of the teachers will leave this evening for their homes.

Among the delegates to the territorial educational association being held at Santa Fe are: The Misses Maud and Mabelle Carpenter of Ketter; the Misses Katherine Gilday, and Belle Sweet, of Corralito; the Misses Corneille and Gertrude, of Las Vegas; W. F. Osborn, superintendent of the public schools at Portales; Miss Myrtle Decker, of Blaine, Ariz.; Prof. R. R. Grant, principal of the high school at East Las Vegas; Miss Ethel Parker, Florence Frost, Susie Richards and Margaret Smith, of Dawson; the Misses Ella Bernard and Margaret Bernard of Las Vegas; J. Silva, superintendent of schools of Sandoval county; Miss Louise Speder, of Las Vegas; Mrs. E. G. Smith, of Gallup; Mrs. W. H. Rishel, of Las Vegas; Miss Thomas, principal, and Miss Kinney, teacher in the Farmington schools; James F. Chambers, of Macy, Roosevelt county.

The members of the association from Bernalillo county worked hard

WEATHER FORECAST

Denver, Colo., Dec. 27.—Partly Cloudy
tonight and Sunday, with snow in north
portion.

EPIDEMIC OF LA GRIPPE FELT THROUGHOUT ENTIRE EAST

Pittsburg Suffering From the
Worst Epidemic Since Sad
Year of 1889, When
Hundreds Died.

MORTALITY INCREASING AMONG OLDER PEOPLE

New York, Chicago and the Middle
West Feel Effects of Winter
Weather—Hospitals Are
Taxed to Accommo-
date All Patients.

Pittsburg, Pa., Dec. 28.—What is said to be the first epidemic since 1889 is being experienced in Pittsburg at this time.

Physicians estimate that several thousand persons are prostrated with pneumonia, la grippe and malignant winter fevers of all kinds.

The epidemic of grippé alone exceeds in severity all but that of 1889. The present epidemic has proven very severe on old persons and the death list is heavy.

La Grippe is proving particularly fatal. The sufferers have it in a severe form and it usually results in acute pneumonia and death. The physicians say that atmospheric conditions have much to do with the present epidemic. There is heavy and damp and fogs are frequent.

New York Feels Grippe.

New York, Dec. 28.—While the number of cases of pneumonia and la grippe are not numerous enough to be called an epidemic at present, yet they nearly approach it. Thousands of people are ill with the grippé and pneumonia cases are particularly severe, generally resulting in death. The hospitals report that they have had more patients than for several winters and there are few idle nurses in the city. Cold, damp weather is given as the cause by physicians.

Many Cases in Chicago.

Chicago, Ill., Dec. 28.—There are an unusual number of cases of la grippe, pneumonia and malaria fever here caused by severe winter weather and foggy damp atmosphere. The hospitals are full of grippé patients and a number of deaths have resulted, generally among the older people.

Boston Hospitals Full.

Boston, Mass., Dec. 28.—The hospitals here are crowded with la grippe and fever patients as the result of the recent damp, foggy weather and continued cold. A number of deaths have resulted from pneumonia.

Middle West Has a Bad Cold.

St. Louis, Dec. 28.—From all sections of the middle west come reports of la grippe and pneumonia, which often result in pneumonia. The present winter has produced more grippé patients than any winter since the epidemic of la grippe a number of years ago. The hospitals are doing a large business in caring for those who apply for admission. The grippé is being felt particularly among the poor people who have not proper clothing and food.

OREGON MAN LONG WAYS FROM HOME

Wanted for Land Frauds, He went
to China—Escaped Once But
Again in Toils.

Pekin, Dec. 28.—Horace McKinley wanted in Oregon in connection with land fraud transactions, who escaped Nov. 11 last, from the Manchurian authorities at Mukden, where he was incarcerated pending the arrival of an officer from America, has been recaptured at Harbin.

MAY MUZZLE CHINESE PRESS

Bureau to Educate People for Con-
stitutional Government Closed—
Something Wrong Somewhere.

Pekin, Dec. 28.—The bureau of information established in this city for the purpose of instructing the people on the ideas of a constitutional government have been closed. The local press is very cautious in its comments upon the throne's course of action, which is attributed to the trouble at Chekiang. There is apprehension that the press will be muzzled.

NEGRESS 125 YEARS OLD PASSES AWAY IN TEXAS

El Paso, Tex., Dec. 28.—Granny Bender Williams, a negro, is dead at Chapel Hill, aged 125 years. She came from South Carolina sixty years ago with the family of Judge Felder and is survived by two sons, aged ninety-three and sixty-two, respectively, the latter the baby of the family.

To see that Albuquerque was chosen as the place next year and they deserve great credit for the success attending their efforts. It is probable that the association will meet here next year during the irrigation congress in order that the teachers may have the benefit of the big displays from all over New Mexico.

The meeting of the association is said to have been the most successful ever held since its organization.

OKLAHOMA IS FOR UNCLE JOE

Republican Editor Says That
Cannon Could Carry
New State.

St. Louis, Dec. 28.—"I believe the new state of Oklahoma will be for Speaker Cannon of Illinois as the republican nominee for president and he will sweep the state."

This declaration was made by F.H. Greer, editor of the Oklahoma State Capital, published at Guthrie, who has been in St. Louis for several days. The State Capital is a republican paper.

Next to the speaker of the house, Mr. Greer says Secretary Taft has many friends. His individual opinion is that Taft will carry Oklahoma should he be nominated.

"Haskell was elected by 27,000 majority," said Mr. Greer. "At the time of the election the people were voting on the adoption of the new state constitution. Many of those voting cast their ballots for the democratic party. Some of them will return to the republican fold in time for the next election."

Expected Shump in Vote.
"The number of votes will fall to about 225,000 at the next election—12,000 less than at the last one. This will be caused by the fact that many of the votes at the recent election were cast because of the adoption of the constitution and the question of admission of Oklahoma as a state."

Mr. Greer says the financial condition of the new state is improving and the people feel much relieved. Everybody is confident of the future.

Senator Gore, who drew the two-year term, will be a candidate for re-election. Mr. Greer believes Gov. C. N. Haskell will seek the nomination also.

AN OPEN LETTER

From Col. R. E. Twitchell

"East Las Vegas, N. M., Dec. 16, 1907.

"Col. D. K. B. Sellers,
"Albuquerque, New Mexico.

"Dear Col. Sellers: In answer to your favor of the 12th relative to my opinion of the 'Ward & Shropshire' ranch subdivision, I have this to say: In company with Col. Hopewell and Dr. G. W. Harrison of your city, I drove over and through this property last week, Wednesday, on my visit to Las Cruces in matter of the holding of the 18th National Irrigation Congress at Albuquerque next year. I have been familiar with this particular piece of property for upwards of twenty years and I consider it an extremely well located subdivision, lying as it does about one mile due north of Las Cruces on the main county road to Dona Ana. So far as the soil and water rights to this property are concerned, I wish to add that there is no finer soil in the Mesilla Valley or in New Mexico for that matter. Every portion of the land is susceptible of irrigation, possessing paid up water rights under the Dona Ana irrigation ditch and being signed up and under the United States government diverting dam in the Rio Grande.

"As to the prices asked by the company owning the property, I consider them very reasonable, taking into consideration the location of the land, its qualities and its proximity to the city of Las Cruces.

"Yours truly,

"R. E. TWITCHELL."

Do you want to own 5 acres of irrigated land that will net you over \$1000 annually and not require any attention from your other business? We attend to the cultivating.

RAILROAD DEPARTMENT

NEW RAILROAD THROUGH NEW MEXICO

Will Extend From Mexico to
Denver, Opening Vast
Rich Territory.

Denver, Colo., Dec. 28.—The El Paso & Southwestern railroad company, the big system built by the Phelps-Dodge syndicate, has announced that it has completed surveys for a new line from El Paso, Texas, to Trinidad, Colo., and that the new road will form a link in a through route from Denver to the City of Mexico. The proposed route is through Dawson, where it will touch the company's big coal fields and through Las Vegas, N. M.

Joel E. Vail, chief counsel for the Denver & Rio Grande, was asked if that road had been approached in reference to connections between Trinidad and Denver. He stated that there was no connection between the Rio Grande and the other roads in so far as the proposed deal is concerned.

There have been reports coming to us several times of these surveys, but they have been vague," said he. "At the present time we have not entered into any deals for traffic agreements but of course we cannot say what may develop."

The people behind the proposed road already own several railroads which make a system with considerable earning capacity. It owns the Dawson Railway and Coal company, which has 25,000 acres of coal land in the vicinity of Dawson, N. M., and which has a railroad 130 miles long at present from Dawson to Tucumcari. It connects with the Rock Island at that point. The same people also control the El Paso & North-eastern railroad, which the Rock Island is going into El Paso for its transcontinental business. The Alamogordo & Sacramento Mountain railroad is also controlled by the syndicate.

The construction of the proposed road will open a southern route for the Rock Island into Denver through a connection now being built by that system from Amarillo, Texas, to Tucumcari, N. M. No intimation is given by the officials as to what tracks will be used from Trinidad to Denver should the plans for the new road be carried out.

Division Storekeeper O. P. Sloan is still confined to his room by the injuries received in being thrown from the track near Duarte some ten days ago, says the San Bernardino Sun. Sloan improved rapidly at first and was taken out to his office one day, but it proved too much for him and as a penalty he has again been confined to his room. He will not be able to return to his desk regularly for some days yet.

ORIENT RAILROAD MAKING PROGRESS

By January 1 the Orient railway will have completed the gap in its line from Dill City to Lagarto, on the north fork of the Red river, 31 miles.

For the past three weeks the Orient has had six gangs of track layers, three laying tracks south and the other three putting the rails north in a herculean effort to complete the line to the north fork of

THE THEATRE

RED FEATHER ON NEW YEAR'S NIGHT

"Red Feather" is a comic opera quite like the old-school operas and contains some of the choicest wit of modern times, wit that ticks the intellect and melody that clings to the memory. It is to be seen at the Elks' opera house on New Year's night.

It has a story, too, one that is entirely satisfactory from every point of view. And best of all, its complement of singers, comedians and choristers, some twenty-five in all, are thoroughly metropolitan, being identically the same cast and ensemble that played in New York city the past summer.

Cheridah Simpson, the celebrated prima donna, is the feature, and supporting her are such uniformly clever artists as Lyman Wheeler, William H. Conley, Richard Kart, Frank Smith, Sarah Edwards and Julia Curtis.

Manager Joseph M. Galtes has provided a sumptuous production, both as to costumes and scenery, and has equipped his big company with a splendid orchestra, which is under the able directorship of Prof. DeWitt Coolman, whose readings of Mr. de Koven's scores in the past have given him an enviable position among musicians. Charles Klein is author of the libretto and Charles Emerson Cook author of the lyrics.

BUSTER BROWN

MONDAY NIGHT

That rollicking musical comedy "Buster Brown" will be the attraction at the Elks' Theater next Monday night, Dec. 30. Its new lines and situations, new music, new costumes and scenery will doubtless cause a lively interest to be taken in its engagement. About the only feature that remains of last season's version is the march and gun drill of the "Bobby Burns' Brigade." This made such an unequivocal hit everywhere that the managers of "Buster Brown" decided to retain it and despite the fact that the costumes worn in that number had been in use but a short time, they were discarded and new ones ordered that have helped to make this number a bigger hit than ever. In the present company is Master Rice the little comedian, "Jack" Bell, Nellie V. Nichols, dainty Lella Cantina, Beatrice Flint, Lizzie Goode, E. Colt Albertson, Roger Gray, Percy Walling, George Yocman and a chorus of forty. The Hughes Musical Trio, instrumentalists, are an added feature of this season.

KODOL is offered on a guaranteed plan for the relief of heart burn, flatulence, sour stomach, belching of gas, nausea, and all stomach troubles. It digests what you eat. It will make you healthy. Sold by J. H. O'Reilly.

Our shirt and collar work is perfect. Our "DOMESTIC FINISH" is the proper thing. We lead—others follow.

IMPERIAL LAUNDRY CO.

Chamberlain's Cough Remedy is sold by all druggists.

GREAT BRITAIN WILL

SEND FLEET TO PACIFIC

Washington, Dec. 28.—Diplomats of all countries here are greatly interested in a point raised and the questions asked in connection with the report, quickly denied, but nevertheless half believed, that the British admiralty contemplates sending a fleet to the Pacific.

The discussion is opening anew, to diplomats and statesmen the enigmatical position in which Great Britain finds itself. American public and foreign diplomats alike say they cannot believe the treaty signed by Lord Lansdowne and Baron Hayashi in London, August 12, 1905 contemplated that Great Britain might be called upon to join Japan in war on the United States, and yet it was that very treaty which resulted in such distrust between the United States and Great Britain that James Bryce was sent as the British ambassador to the United States.

Mr. Bryce came to counteract the effect of that document, described by one diplomat as "the most mischievous convention with reference to Anglo-Saxon friendship that was ever drawn."

Appendix:
Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed to cure headache, biliousness, malaria and jaundice, at all drug stores. 25c.

Home Treatment

You naturally would prefer to treat yourself at home, for any form of female trouble, wouldn't you? Well, it can be done. No reason why you should not be able to relieve or cure your suffering, as thousands of other women have done, by proper use of the Cardui Home Treatment. Begin by taking

Wine of Cardui

the well-known female tonic. For sale at all drug stores.

Joe Moorhead, of Archibald, I. T., writes: "My wife had suffered for years from female trouble. On your advice, I gave her the Cardui Home Treatment, and now she hardly suffers at all." Sold by druggists.

WRITE US A LETTER

Write today for a free copy of valuable 64-page illustrated Book for Women. If you need Medical Advice, describe your symptoms, stating age, and reply will be sent in plain sealed envelope. Address: Ladies Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

ARTESIAN WELLS FLOW STRONG AS EVER

Well Inspector Mull Says New
Wells Do Not Affect Wa-
ter Supply.

Artesia, N. M., Dec. 28.—(Special) —The artesian well inspector, Harry E. Mull, reports the flow of water to be stronger now than it has been for many months, there does not seem to be any diminution in the water supply, and expert opinion, based on the splendid watershed and the amount of snow on the mountains, indicate that there will be plenty despite the fact that many new wells are being opened up. Mr. Mull is making a strong campaign against the allowing of water to go to waste by wells running when not in use. The law declares that all wells must be capped and guard made against the flooding of highways, this law has not been enforced as rigidly in the past as it should have been but the inspector is warning all water users, and will prosecute offenders while no cases have been brought to court up to date, it is to the interests of all that the law be enforced and prosecutions are being made against a number of chronic offenders.

E. F. Hardwick, who is one of the large property holders of this city, is getting out plans for a new business block on east Main street. Window breaking by petty thieves seems to have become a fad, the drug store of the Pecos Valley Drug Co., of which Mr. Reed is manager, has been suffering of late from a wise thief who refuses to be caught. Other firms have also suffered.

E. A. Cox, who has been with the Joyce-Fruit Co., has sold his Artesia interests and has moved to Lakewood where he will open a store.

Artesia has the distinction of being one of the few cities of the country without negroes. It has come to be the tradition of the place that none are wanted, a stray colored man was seen in town a few days ago, but by the next morning he had concluded to leave the country.

Artesia affords a nursery where home grown trees can be obtained. J. H. Highsmith is the proprietor. We are rapidly passing the pioneer stage of our community life and are beginning to be sufficient unto ourselves.

Farmers are taking advantage of the close proximity of the splendid Guano caves of the hills to the southwest of Eddy county, and a number have been fertilizing with our native supply.

The Jones Bros. Mercantile company have closed out their stock of groceries and have put in a large stock of dry goods and furnishings. December is proving a phenomenal month for real estate men in this town. Hundreds of colonists have come into this portion of the valley looking for investments and many good sales have been made. The prospectors from the cold climate of the northern states, could not resist the sunshine of New Mexico and the fine lands with spouting artesian wells.

A Reliable Remedy for Croup.
With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety, however, when Chamberlain's Cough Remedy is kept in the home. This medicine is given as soon as child becomes hoarse or even after the croupy cough has appeared, the attack may be warded off. Mrs. S. Rosenthal, of Turner, Michigan, says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all druggists.

MANY PERSONS HERE ARE NOW RELIEVED

Home Mixture for Rheuma-
tism and Kidneys Does
Very Much Good.

A large New York health publica-
tion tells its readers of a number
of simple and safe prescriptions that
can be made at home. The follow-
ing, however, for the cure of rheu-
matism and kidney and bladder
troubles receives the greatest praise,
viz Fluid Extract Dandelion, one-
half ounce; Compound Sarsaparilla,
one ounce; Compound Syrup Sassa-
parilla, three ounces. These simple, harm-
less ingredients can be obtained at
any good prescription pharmacy at
little cost and are mixed by shaking
well in a bottle.

The dose for adults is a teaspoon-
ful after each meal and at bedtime,
drinking a full tumblerful of water
after each dose. It is further stated
that this prescription is a positive
remedy for kidney trouble and lame
back, weak bladder and urinary dif-
ficulties, especially of the elderly peo-
ple, and one of the best things to be
used in rheumatic afflictions, reliev-
ing the aches and pains and reducing
swellings.

A well known local druggist states
that this mixture acts directly upon
the eliminative tissues of the kidneys
cleanses these spongelike organs and
gives them power to sift and strain
the poisonous waste matter and uric
acid from the blood which is the
cause of rheumatism.

Cut this out and hand to some suf-
ferer which would certainly be an
act of humanity.

Portugal Reclaims Land

Now that interest centers in the National Irrigation congress, which will meet in this city next year, it is also interesting to know that other governments and other people are taking up the matter of the reclamation of land just as earnestly and just as scientifically as are the Americans.

While the conditions to be met in the various countries of the world, are entirely different from each other, at the same time the object aimed at is the same the world over.

It is proposed that an international congress be formed at this season of our irrigation congress for the purpose of bringing together representatives of all foreign countries interested in the conservation of natural resources. That such a congress would result in much good and fill a long felt want is shown by the following comment on the work Portugal has in hand to put under cultivation, thousands of acres of exhausted land: "Portugal, according to Vice and Deputy Consul R. H. Kinchard of Lisbon, has started in on a system of land reclamation which, if as successful as it promises to be, must result in similar movements in various parts of Europe.

In the south of Portugal a serious attempt is being made with some chance of success to bring back into cultivation a large tract of land. This country being essentially agricultural, any steps to reclaim land that has gone out of cultivation, estimated at 3,414,000 hectares (about 10,000,000 acres), or 44 per cent of the total area of Portugal, is a move in the right direction.

"Some energetic members of society in the district of Serra, in combination with the municipal authorities, have set to work upon 100,000 acres, dividing it up into allotments of 15 acres each and letting it at a nominal rent, calculated according to the estimated value of the land, which has, as it were, four classifications, the highest cut rent being placed at \$3.20 and the lowest at 40 cents per allotment, free of local rates and taxes for 10 years.

"Quite a heterogeneous mixture of settlers has already taken possession of their allotments. Carpenters, masons, doctors, chemists, barbers, seamstresses, tailors and even bachelors figure in the list."

"One of the chief difficulties to be overcome before making the allotments was to deal with the proprietary rights of beekeepers, who centuries ago had certain privileges conferred upon them whereby they did a thriving trade in honey and wax.

"This trade has in later times diminished, owing to the destruction of the floral produce of the land, chiefly by firing when portions thereof were cleared for wheat and other cereals. Matters have been amicably settled for the beekeepers and the embryo agriculturists. The success of the scheme as far as it has gone has stirred the ambition of the residents of a large part of the north of Portugal, where a project on similar lines is being set on foot to bring back into cultivation something like a half million acres."

That Word Evicted

The news dispatches yesterday contained a story of little interest to the west, but of great and all consuming interest to thousands upon thousands of poor men and women, whose daily lives are spent in the homes of the tenements.

It was a story to the effect that the tenement dwellers were on a strike for lower rents—that they had asked the police to be allowed to give a great poverty parade, in which 20,000 people would take part.

This strike was against the wealthy landlords, who have raised the rent for the squalid, ill-smelling tenements to double what it was three years ago.

While public sentiment is without doubt in favor of the tenants, at the same time it is highly probable that they will either pay their rents or be thrown into the streets bag or baggage.

In fact, the dispatches yesterday said that some had already been "evicted" by the landlords.

That word "evicted" is an ugly word. It has, even yet, too familiar a sound to thousands upon thousands of people with Irish blood in their veins. Moreover, it is a word that does not do very well with our Americanism. It would have been better had some other word been substituted.

But irrespective of words, it is crime against civilization, that the poverty ridden tenants of New York City are forced by circumstances to live in tenements at all, and when they are it is a double crime to ask a rental which is beyond all reason.

Any one who has ever seen a tenement district in a big city is moved to wonder how its people live at all—how they exist.

Generally they are a pretty low order of humanity—those tenants—as far as education or refinement go, but when it comes to a case of exorbitant rents, at the sacrifice of food, then they rebel.

Fortunately there are no tenements in the west. It is to be hoped there never will be. The people of the west hope the poor tenants will win their fight for lower rents and a whole lot of people, the country over, hope that we will hear no more of the word "evict." It is an ugly word, particularly in America.

The business men showed good judgment yesterday in deciding to run a trade excursion over the Belen cut-off into the Pecos valley. It will do them more good than anything they have undertaken in recent years and will be the best advertisement Albuquerque ever had—and she has had a number.

A belated steamer from Alaska reports that Japanese attacked a town there about three months ago. If it took the Russians that long to find out they had been attacked no wonder they were whipped.

If the Denver woman, who married the governor of the Santa Clara Pueblo, is like most of her kind, the poor Santa Clara Indians will now be governed by the "Big White Squaw."

The three Missouri desperadoes who robbed a bank escaped and then surrendered to a posse of farmers, were more mollycoddles when compared to Missouri's old veteran, Jesse James.

There will be a mail service over the Belen cut-off early next month. Hurrah for the trade excursion and a new field of industry opened to Albuquerque.

Lawson's new party hasn't filled this section of the country with enthusiasm as yet. Maybe, Mr. Lawson hasn't secured a correspondent down this way.

The Denver white woman, who married a Santa Clara Indian secretly last Monday at Santa Fe, may be expected to go on the war path most any time now.

Just wait until that trade excursion gets under headway. There will be something doing along the line of the Belen cut-off.

The New York wigmakers have organized a union and will ask for higher pay, shorter hours, etc. 'Tis false!

A New York man was scared to death by an automobile yesterday. What tribe of Israel did he belong to?

What a lively old place Santa Fe must be—there are two hundred teachers there this week.

Oklahoma is for Taft. It's pleasing to notice the way they line up one by one.

New York is suffering from a wave of crime. It is a chronic complaint.

A race war in Oklahoma. But New Mexico isn't fit for statehood.

LOOKING FOR A GOOD TIME?

There are about as many conceptions as to what constitutes a "good time" as there are individuals, but there is one place in New Mexico, not very far from Albuquerque, where 99 out of every 100 people find what they are looking for. That place is the Valley Ranch, at Pecos, New Mexico.

Fresh country produce in abundance, horses to ride or drive, dogs, guns, traps, tackle, all at your disposal. The finest hunting and fishing in the territory. You can live in a house, a cabin or a tent, and come and go as you please.

You'll find plenty of company there, agreeable and refined, if you are sociably inclined, a favorite resort for ladies. Conditions ideal for recuperating, reading, hunting or loafing.

You CAN'T SPEND MORE THAN NINE DOLLARS A WEEK ANY WAY YOU FIX IT.

Inquire at The Citizen Office for further particulars, or address The Valley Ranch.

No other food deteriorates so rapidly as the Oyster. Its habitat is the ocean. It requires coolness and absolute freedom from exposure to the air in order to retain its delicate flavor and its wholesomeness. SEAL-SHIP OYSTERS are brought direct to us from the choicest beds of America. They are shocked into porcelain cases, sealed and packed in ice, which never comes in contact with the oysters. The use of the Sealship carrier is the secret of their superiority.

San Jose Mts

MAY TRAVEL OVER SANTA FE CENTRAL ALSO

G. L. Brooks, president of the Albuquerque Commercial club, said today that he would suggest at the next meeting of the promoters of the Albuquerque Business Men's Trade excursion that the excursion go to Estancia and McIntosh and Moriarty and all the new towns on the Santa Fe Central in addition to making a trip over the Santa Fe cut-off. He will propose that the special train be switched on the Santa Fe Central tracks at Willard on its return from the east and that stops be made all along the Santa Fe Central between Willard and Moriarty, where the special train can be switched back on the Santa Fe tracks, the journey making a loop. Mr. Brooks says that there is business to be had along the Santa Fe Central and that he believes that the Estancia valley is tributary to Albuquerque as well as the country along the New Mexico Eastern.

AN WHO KILLED MISS TEMPLETON HAS BAD RECORD

Details of Ve'arde Tragedy as Told by J. R. Farwell of Albuquerque.

The murder of Miss Templeton, the storekeeper who was killed with an ax by a native, Sanchez, by name, at Velarde in northern New Mexico, December 1st, is described in all its harrowing details by J. R. Farwell, the civil engineer, who has rooms in the N. T. Armijo building in this city.

Mr. Farwell was working with a surveying corps on some timber land in the vicinity of Velarde at the time of the killing.

"The man who did the killing," said Mr. Farwell this morning, "was the bully of the town of Velarde. He came near killing his wife one time literally cut to pieces. There were patches up out of court. On another occasion he knocked a man down because he had the audacity to ask him for \$10, which Sanchez had owed him for some time.

"But the killing of the woman, Miss Templeton, was almost inhuman. He killed her because she had threatened to have him arrested for stealing several dollars out of the money drawer in her store. Several nights before the killing, Sanchez went to the store to buy some coal oil and while Miss Templeton went to the back of the store to get the oil he went behind the counter and helped himself to her money.

"She found his pocket book lying on the counter near the money drawer after he had gone and missed the money. She knew that he took it. Sanchez was told of Miss Templeton's intentions while eating his dinner the day of the killing. He immediately got up from the table, mounted his horse and rode away. He took a roundabout way to reach the store and approached it from the rear. Miss Templeton was alone when he arrived. He first struck her with a piece of fire wood, felling her to the floor. Then he attacked her prostrate body with an ax. The face was literally cut to pieces. There were nineteen cuts on the body.

"After completing his heinous crime he went down to the river a short distance away and washed the blood from his hands. After his arrest, the officers found his bloody clothes behind a dresser in the Sanchez home.

"The people of Velarde generally are glad that the man is locked up. They were all afraid of him," concluded Mr. Farwell.

POLICE CATCH ROBBERS AND RECOVER LOOT

Part of Jewelry Stolen From Koury Store Found—Exciting Chase in Yards.

The men who committed the daring Koury robbery on south First street Christmas night, together with all the details of how the theft was committed, are in possession of the police and some of the loot has been recovered.

Three men were implicated and all are under arrest as a result of clever work on the part of the police department, Lieut. Kennedy especially.

The men under arrest are Severo Nolan, alias "Potatoes," Henry Turner, known to the gang as "Colorado Kid," and Piles Ward. All three men profess to be coal miners, and say that they have recently been working in Colorado.

The goods recovered include two watches, a brooch, a ring and a gold pen.

How Arrests Were Made.

Ward was arrested by Lieut. Kennedy about 2 o'clock yesterday afternoon near the railroad tracks. After arrests were made the officers learned that the men had been loitering around a weed patch in the northeast part of the city for several days prior to the Koury robbery.

Turner was arrested by Lieut. Kennedy on south Second street, as he was coming from a pool room. "I was walking along the street, thinking about the robbery when I heard the door to the pool room hall click as Turner closed it," said Kennedy this morning. "I looked up, saw Turner, and something told me that I wanted him. I told him that he was wanted as a witness to an assault committed on Third street, in which Edward Steiner, a brick mason was robbed about 2 o'clock yesterday morning, and for which a man, Magnate by name was arrested. Turner said that he was down where the assault took place but he didn't know much about it."

"I placed him in the cell, where Magnate was confined," continued Kennedy and listened to the conversation which ensued.

"You knocked him cold," said Turner to Magnate.

"Slim got his watch and money," "I considered that live evidence, and it helped to no little extent in the sweating of the men," continued the officer.

Negro Led Officers Chase.

Nolan was arrested at 2 o'clock this morning near the pressed brick plant south of the city by Officers Kennedy and Habbitt, of the police department, and a special officer of the Santa Fe secret service department.

ALBUQUERQUE BUSINESS MEN'S TRADE EXCURSION

Organization Completed---Trip Over Cut-Off Will Be Made First Week in February---Committee On Arrangements Appointed---Special Train Will Be Provided.

The proposed Albuquerque Business Men's Trade excursion over the Santa Fe cut-off is a go.

It will be run the first week in February and according to plans discussed at a meeting last night of committees representing the Albuquerque Commercial club, the Wholesale Dealers' association and the Retail Dealers' association, held over Zeiger's Cafe, will be made with a special train of one or two Pullmans, according to the number going, a buffet car and an engine furnished by J. V. Key, superintendent of motive power on the new road.

The meeting was called to order by G. L. Brooks, president of the Albuquerque Commercial club, and chairman of the committee from the Commercial club. The organization of the Albuquerque Business Men's Trade Excursion, as the pilgrimage will be known, was completed by the selection of P. P. McCanna, secretary of the Commercial club, as secretary of the excursion, and the appointment of several committees to look after the details of arrangement.

These committees were named by Chairman Brooks and are as follows: Transportation—H. B. Henning, George Arnot, J. H. O'Reilly, Ernest Myers and George A. Kaseman.

Soliciting—M. L. Stern, Roy Stamm and David Weinman.

The duty of the first committee, according to instructions from the chair in accordance with a motion made by M. L. Stern, is to ascertain what the Santa Fe will do for the excursion in the way of transportation and what the cost will be.

The duties of the second committee are to visit the merchants and ascertain how many will make the trip and to consider the matter of funds and souvenirs. These committees will report at a called meeting of the chair, which will be made as soon as possible, probably next week.

The secretary was instructed to write a letter to W. E. Brown, district freight and passenger agent, at El Paso, requesting him to come to Albuquerque to confer with the committee on transportation. The next meeting of the excursion boosters will most likely be held while Mr. Brown is in the city.

Various estimates were made as to what the cost per individual would be. These estimates varied from \$50 to \$60 for actual expenses.

The regular fare to Texico from Albuquerque is \$1.25. From Texico to Roswell is \$4.45. No round trip ticket is to be placed, but can be purchased at the local ticket office. The Pullman fare under clubbing rates is \$32 per car for twenty-four hours. The plan of making the trip on

the regular train was first discussed. Several present, who had been over the new road, said that the trip could not be made under the present train service with convenience. The excursionists would not be permitted to make the proper stops while traveling by the regular train.

The plan of a special train met with unanimous favor, the cost not considered. It is believed that the trip can be made at a less cost with a special train with the regular train with better results and with more convenience.

Stops will be made at every station along the line. Many of the towns have commercial clubs and the excursionists will not lack for entertainment.

Charles F. Wade, manager of the American Lumber company, who took an active part in the discussions last night, said this morning that he believed that the excursion would be of lasting value to the city of Albuquerque, and that the merchants would feel the benefit immediately.

"I have had considerable experience with these trade excursions in the east," said Mr. Wade, "and we always found the money we spent on them coming back to us two fold and more. I am to some extent a landerfoot in New Mexico as yet as far as geological conditions are concerned and I don't know exactly what the country is which we will travel through. I don't think that we ought to go too far for a starter. We will be making these excursions every year in the future and I think that we should feel our ground carefully. However, I am willing to do the majority favors. Our trade territory probably extended further than most Albuquerque business houses. No matter how far the excursion goes we will have a man on the train."

"This pilgrimage is purely a business proposition. There is no way of getting around that. Every person getting on that train will have an axe to grind. The people who we will meet on the excursion will have fish to fry also. They will have produce to sell and will be looking for bargains in goods."

"As to souvenirs for the trip, I think that all Albuquerque business houses should do something in a modest way. In fact every citizen of the city should be more or less interested as the benefit derived will be general."

A large number of business men were interviewed today regarding the excursion and none were found who did not think that the excursion would be a good boost for Albuquerque. The committee will have little trouble in getting fifty or more persons to make the trip.

ROSWELL WILL WELCOME ALBUQUERQUE TRADE EXCURSION

L. K. McGaffey Says Business Men Should Visit Pecos Valley---Many New Towns.

L. K. McGaffey, a prominent business man of Roswell, who is associated with his brother, A. B. McGaffey, of this city, in the Horabin-McGaffey company of Thoreau, arrived from the Pecos valley metropolis this morning over the Santa Fe cut-off and expects to be in the city for a couple of weeks.

Mr. McGaffey says that the Albuquerque Business Men's Trade Excursion will make a mistake if it doesn't visit Roswell and the whole of the Pecos valley.

"There are many new towns on the Pecos valley road worth stopping at and the people of Roswell will certainly expect a visit if the excursion gets as far as Texico. The people of Roswell have become very much interested in Albuquerque since the visit of Governor Curry's irrigation party there last week, and the new road has aroused a neighborly feeling toward the people of the Rio Grande valley."

Mr. McGaffey says that the people of Roswell as a whole are entirely satisfied with the action of the city council in rescinding the ordinance passed several weeks previous lowering the saloon license from \$2,000 to \$1,000. The people made such a vigorous protest that the low license ordinance was in effect but two weeks. It is now back to the old price of \$2,000. There are six saloons in Roswell now paying \$2,000 city license. Previous to the high license there were seventeen saloons there paying \$400 a year license aggregating \$6,800.

Mr. McGaffey says that Albuquerque will not lose half of its forty saloons as a result of the high license ordinance just passed by the city council.

CARD OF THANKS.

The Jesuit Fathers wish to thank the sisters of charity, the Knights of Columbus and all other friends who have assisted them at the funeral of Mr. Benjamin Desmond, a scholastic of the Society of Jesus.

Mattucci Bros., Props.

Fabiola—A good sized audience witnessed the play "Fabiola" given under the direction of Professor Crum of the university, at St. Mary's hall last evening. The play was presented under the auspices of the Ignatian club an amateur dramatic organization which is developing some good talent. The play was cleverly presented and the players were frequently applauded. The cast was a strong one and those carrying the leading roles had to work hard to show to advantage since they were given a strong support by every member of the cast. The players were as follows:

Miss Mary Brennan "Fabiola"; Miss Isabel Connelly "Agnes"; Miss Christiana Martini "Lucy Coleman"; "Syra, a slave"; Miss Bertha Leob, "Atrax"; M. J. McGuinness, "Fulvius, a villain"; M. P. Kelly, "Tertullus, the prefect of Rome"; John Tierney, "Cervinus"; Roy Hannan, "Sextus"; Lawrence Keeler, "Calpurnius X." Each player had been chosen for his particular fitness for the part he essayed and each one showed the result of hard work and careful training. The costumes were handsome, having been imported for the play and the scenic effects were very creditable. In fact the play ranks well to the front city and the players deserve congratulation for their dramatic work, with the amateur ventures of the amateur drama.

Christmas Week—The past week has been a busy time for the people of Albuquerque churches, schools, societies and nearly every organization seems to have vied with each other in their respective entertainments and their observance of Christmas. The Congregational church presented the cantata, "In Winterland" Wednesday evening, and at the immaculate conception church an interesting musical program was given in the afternoon. Christmas trees were given at both the Methodist and Episcopal church Tuesday evening and Wednesday three services were held at the Episcopal church with a sermon at 10 o'clock by the pastor, Rev. Fletcher Cook. Services were held at St. Paul's Lutheran church Wednesday morning at 10 o'clock and in the evening at 7 o'clock Christmas exercises were given by the Sunday school. Other events of the week were two weddings which took place on Monday evening, the matinee ball on Christmas by the Commercial club, the dance Friday evening at the Elks' hall and the basket ball game which took place at the Casino on Friday evening also added to the gaiety of the season.

Public Installation—The public installation of officers of Temple Lodge No. 6, Ancient Free and Accepted Masons, for the coming year, 1908, took place last evening at the Masonic temple. A pleasant social evening was enjoyed by a large number of guests and the usual number of members. The address to be given by Rev. Fletcher Cook was omitted as he is absent from the city. Solos were rendered by Mrs. Frank, Harry Bullard and Mrs. McDonald, Miss Nellie Pratt and Paul Maloy, accompanists. Past Grand Master of New Mexico, F. H. Kent, was the recipient of a past master's jewel, presented with an appropriate speech by Past Grand Master, E. S. Stover. The officers who took place on Monday evening, F. H. Strong are: Master, C. O. Cushman; senior warden, Harry Braun; junior warden, J. A. Miller; senior deacon, F. A. Patterson; junior deacon, George Craig; senior steward, W. E. Grimmer; treasurer, Simon Stern; secretary, Frank H. Moore; marshal, C. O. Young; chaplain, David Stewart.

Temperance Meeting—The Woman's Christian Temperance Union held a social "crusade" meeting at the Baptist church Wednesday afternoon at 3 o'clock. The meeting was in memory of the temperance crusade, which originated in Ohio thirty-four years ago. An interesting program of recitations, songs and papers was given and is as follows: Crusade Psalm, Mrs. Pitt Ross; Crusade Hymn, Mrs. Leaning; The Origin of the Crusade, Mrs. Louisa Halstead; How the Crusade Began, Mrs. Mary W. Barnes; Early Leaders, Mrs. E. Perkins; Personal Recollections of the Crusade, Mrs. H. E. Dorans; Song, Mrs. C. A. Frank; Miss Willard's Connection with the Crusade, Mrs. C. E. Vaughn; Recitation, Miss Cecil McCumsey; Temperance Glory Song, Mrs. C. S. Nutt; The Evolution of Women from the Crusade, Mrs. C. S. Nutt; Our Responsibility, Mrs. David Stewart; Free Will Offering.

Wedding—Monday evening a very pretty home wedding was solemnized at the residence of Dr. and Mrs. C. H. Connor, when the latter's sister, Miss Lottie Linder, and Elbert A. Wright were united in marriage by Rev. Wilson J. Marsh, pastor of the Congregational church. Those present were Dr. and Mrs. Connor and Reverend and Mrs. W. J. Marsh. Miss Lilia Connor acted as ring bearer. Miss Linder, who is recently a well known teacher in the Albuquerque public schools, and Mr. Wright is an employee of the American Lumber company. The wedding trip has been postponed until after the holidays. Upon their return they will make their home at 592 Keleher avenue.

New Year Ball—On New Year's eve in the Elks' ball room the Casino club will give a party, which promises to eclipse every previous effort of this popular organization. The hall will be decorated with evergreen, holly and small Christmas trees. Light refreshments will be served. The committee in charge of the affair are as follows: Arrangements—Geo. F. O'Brien, William E. Hyatt, J. A. Johnson, Will A. Keleher, Frank Kruske, Robert J. Archer, P. J. MoShane, C. F. McDermott and R. H. Hannan. Decorations—William Ryan, William Beauchamp, J. A. Johnson, John Tierney, R. E. McCabe, Eugene Conroy, P. J. MoShane, Will A. Keleher, Geo. F. O'Brien and R. H. Hannan.

Matinee Dance—The matinee dance given by the Commercial club

fulfilled every expectation and prophecy made as to its success. The club kept open house from three to five-thirty o'clock, during which time dainty refreshments were served. The club rooms were prettily decorated with holly, in true Christmas style. About fifty couples were present. The new Phillips orchestra furnished music. The entertainment committee was well chosen and the success of the party was due largely to its efforts. The members of the committee were as follows: Leon Girtz, chairman; Dr. R. Stamm, William White and Dr. Aiger.

Announcement—The engagement of Miss Stella H. Lewinson, of this city, to Henry S. Weinman, of Philadelphia, was announced Friday. The date set for the wedding has not as yet been made public. Miss Lewinson is the daughter of Mr. and Mrs. Sussman Lewinson, of 622 west Copper avenue, and well known in Albuquerque's social circles. Mr. Weinman is a brother of J. A. Weinman, of the Golden Rule Dry Goods company, and David Weinman of Lewinson & Weinman, of this city, and is himself engaged in the banking business in Philadelphia. He made the acquaintance of Miss Lewinson several months ago while on a visit to his brothers here.

Varsity Drama—The Varsity Dramatic society is busily engaged in preparing a drama which is to be presented at the public New Year's eve, January 31, at the Elks' theatre. The cast has been chosen and rehearsals are progressing very satisfactorily. The public remembers the successful presentation of "The Merry Wives of Windsor" which took place last year with varsity talent. The prospects for the success of the coming drama are bright and "The Girl Behind Me" will in all probability surpass all of the former efforts of the students.

Among the list of Albuquerque teachers who are attending the Educational association, are: Prof. D. M. Richards, a member of the faculty of the University of New Mexico; H. J. Asplund, professor at the university; the Misses Maud Custers and Daisy Hutzinger, teachers in the public schools here; Miss Irene Smith, a member of the faculty of the University of New Mexico; Miss

Myrtle Plant and Miss C. B. Halskell, teachers in the Menaul Mission school; Miss Blood, principal of the Menaul school, and Miss Riley, teacher in the Harwood Mission school.

Wedding—Miss Mabel Conway and William D. Arrighi, a popular young couple at Santa Fe, were married in this city last Monday evening by George R. Craig, justice of the peace. Theonny witnesses to the ceremony were Miss Elizabeth Conway, sister of the bride, and Frank J. Wilson, a friend of Mr. Arrighi. Mrs. Arrighi is a sister of John Conway, superintendent of the Santa Fe public schools. Mr. Arrighi is connected with the Santa Fe Meat and Supply company.

Grand Ball—The Commercial club has completed arrangements for a grand ball to be given on New Year's eve at their hall. The main feature of the evening remains a mystery which will not be solved until the evening of the party. The nature of the mystery is intended as a surprise for the guests. The ball will open at nine o'clock and it is anticipated that the largest crowd of the season will be present.

The dance last evening at the Elks' hall, given by several young men of the city, was one of the most pleasing social events of the week. A congenial crowd of about twenty-five couples was present, and congratulated the young men on their success. Punch and ices were served throughout the evening. The young men will give their next party the evening of the third Friday in January.

Commercial Club Dances—The holiday calendar of the Albuquerque Commercial club contains two social events, the matinee ball given on Christmas and a New Year's ball to be given Tuesday evening. The matinee dance proved to be a very delightful affair, as affairs given by the social set of the Commercial club usually are.

Mr. and Mrs. R. L. Owens, of Corona, N. M., are spending their honeymoon in Albuquerque. Mrs. Owens was formerly Miss Minnie Hall, a popular young lady of Estancia. They were married Tuesday in this city by J. R. Craig, justice of the peace.

Basket Ball—The basket ball game between the Varsity boys and the Indian school, resulted in a score of 46 to 0, in favor of the Varsity. A dance followed the game and was attended by about fifty couples who had the usual jovial time.

H. J. Hagerman, formerly governor of New Mexico arrived in Albuquerque yesterday and will remain here for several days visiting with friends. He is a guest at the Alvarado.

Mrs. L. W. Ayres, of St. Louis, is

spending the holidays with her nephew, Dr. W. E. Province. Mrs. Ayres leaves in a few days for the Grand Canyon of Arizona, thence to Los Angeles, Cal., where she will spend the winter.

Miss Jennie Hedrick, of Amarillo, Tex., is spending her holiday vacation with her sister, Mrs. R. H. Collier. Miss Hedrick, who spent last summer here is well known in this city among the members of the younger social set.

Attorney General J. M. Hervey is spending the holidays with his family in Roswell. He will take his family to Santa Fe January 1, where they will make their home.

Hon. Solomon Luna of Los Lunas, is spending a few days in Albuquerque visiting friends and on business.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

A Hard Debt to Pay.
"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists, 50c and \$1.00. Trial bottles free.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Purifiers purifies the blood—cures the cause—builds you up.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two tremendous must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the constitutional.

The former—Dr. Shoop's Night Cure—is a topical treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve all time, and all blood ailments.

"The Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, cures nervous debility, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well time.

H. J. Hagerman, formerly governor of New Mexico arrived in Albuquerque yesterday and will remain here for several days visiting with friends. He is a guest at the Alvarado.

Mrs. L. W. Ayres, of St. Louis, is

spending the holidays with her nephew, Dr. W. E. Province. Mrs. Ayres leaves in a few days for the Grand Canyon of Arizona, thence to Los Angeles, Cal., where she will spend the winter.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Purifiers purifies the blood—cures the cause—builds you up.

To weak and ailing women, there is at least one way to help. But with that way, two tremendous must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the constitutional.

The former—Dr. Shoop's Night Cure—is a topical treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve all time, and all blood ailments.

"The Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, cures nervous debility, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well time.

H. J. Hagerman, formerly governor of New Mexico arrived in Albuquerque yesterday and will remain here for several days visiting with friends. He is a guest at the Alvarado.

Mrs. L. W. Ayres, of St. Louis, is

spending the holidays with her nephew, Dr. W. E. Province. Mrs. Ayres leaves in a few days for the Grand Canyon of Arizona, thence to Los Angeles, Cal., where she will spend the winter.

Miss Jennie Hedrick, of Amarillo, Tex., is spending her holiday vacation with her sister, Mrs. R. H. Collier. Miss Hedrick, who spent last summer here is well known in this city among the members of the younger social set.

Attorney General J. M. Hervey is spending the holidays with his family in Roswell. He will take his family to Santa Fe January 1, where they will make their home.

Hon. Solomon Luna of Los Lunas, is spending a few days in Albuquerque visiting friends and on business.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle used, and two more bottles made a complete cure." ARIZONA'S BIG COPPER OUTPUT

Metal Mined Last Year Gives Territory Second Place For Quantity.

The blister copper produced in Arizona in 1906 amounted to 262,566,193 pounds, an increase of 35,000,000 pounds over the production of the territory in 1905, and a larger increase by far than that of any other territory or state. The mines yielded a slightly larger quantity, all of which reached the smelters but was not wholly worked up during the year. The territory now stands second in production, the output of Michigan, which is exceeded in 1905, having fallen off slightly in 1906.

Many districts contributed to the output but the great bulk of the production was derived in the copper belt of the great copper-producing states—Montana and Michigan—which have not one important district each.

Biisbee or Warren District. The Biisbee or Warren district, in Cochise county, the third largest district in the country and the largest in Arizona, made a record blister copper production of about 131,000,000 pounds in excess of the production of 1905. This output, which would have been even larger but for the failure of the fuel supply in December, was derived almost entirely from the Copper Queen, Calumet and Arizona, Superior and P. & S., and Shattuck—Arizona mines.

If total production since discovery of the district is used as the basis of comparison, Biisbee is undoubtedly the richest of the great copper camps of the country. The ore mined to date is estimated to have yielded 8 per cent copper, and while the yield in recent years has fallen somewhat below that percentage, it was above 6 per cent in 1906. All the ore mined in the district is rich enough to smelt, and no concentration is practiced. The ores contain but low values of silver, and are considerably too low, on the average, to pay the cost of electrolytic refining.

Morenci District. The copper district at Morenci and Metcalf, in Graham county, produced blister containing over 56,000,000 pounds of copper in 1906, an increase of nearly 5,000,000 pounds over the production of the preceding year. Practically all of the production came from the mines and smelters of the Arizona, Detroit, and Shannon companies. The output would probably have been 2,000,000 pounds larger had not a flood early in December caused the closing of the Arizona Copper company's smelter for the remainder of the year and stopped the receipt of ore at the Shannon plant for nearly twenty days.

The bulk of the ores of this district are of low tenor, nearly 90 per cent of them being of concentrating grade—under 4 1/2 or 5 per cent and averaging 3 1/2 to 3 3/4 per cent. These ores are milled with a concentration of about 6 to 1. The average yield of blister copper from the concentrating ores was slightly over 2 per cent in 1906.

Jerome District. The Jerome district in Yavapai county, produced in 1906 blister copper amounting to 38,500,000 pounds, a notable increase over the production in 1905. The ores of this district are all of smelting grade and carry a high percentage of copper, the average yield in 1906 having been considerably above that of the Biisbee camp, and much higher than that of other large pyritic deposits of Bingham, Utah, Shasta county, Cal., and Ducktown, Tenn. The contents of the ores in gold and silver is also decidedly higher than in any of the other large Arizona copper camps and far above the precious metals yield of the ores of from that of the Bingham and Shattuck of the Bingham and Shattuck county ores.

Globe District. The old silver camp of Globe, in Gila county, produced approximately 27,000,000 pounds of blister copper in 1906, an increase of about 2,000,000 pounds over the yield of 1905. This output was derived chiefly from the Old Dominion and United Globe mines, but the outlying mines, including the Gibson, Warrior, Eureka, Live Oak, and Inspiration, produced more in the aggregate than ever before, and the Arizona Commercial, nearer the larger mines, was also a producer. Fire and consequent flooding in the Old Dominion mine in the early part of the year somewhat reduced the output.

The ores of the Globe district have been known to be of high grade, and the outlying mines are still shipping ores having an average content of considerably over 5 per cent; but the tenor of the ores of this district as a whole has been gradually lowered by the increase in quantity of lower grade concentrating ores and the extraction from old stock of material too poor to be worked in former years, at a lower copper market, so that the average yield from all the ores in 1906 was about 3.4 per cent. A little more than half of the 27,000,000 tons of ore treated in 1906 was concentrated, on an average of 5 to 1.

Other Districts. Outside of the four principal districts, the Silver Bell district, in Pima county, was the largest producer in Arizona, but many other

mines in Pima, Gila, Yavapai and Cochise counties contributed small amounts of copper to the output of the territory. One of the important features of the year in the territory was the blowing in of the custom smelter at Humboldt, Yavapai county.

Considerable Arizona ore was treated at El Paso, some went to Denver, and a little to California. A small quantity of matte was converted in the east.

A detailed report on the production of copper in the United States in 1906 by Mr. L. C. Grafton, geologist of the United States geological survey, has been published by the survey as an advance chapter from "Mineral Resources of the United States, calendar year 1906." Copies of this chapter may be obtained without cost by applying to the Director, U. S. Geological Survey, Washington, D. C.

New Mexico Bills In Congress

H. R. 7683, RELATING TO MINING CLAIMS.

A bill to amend section twenty-three hundred and twenty-four of the revised statutes of the United States relating to mining claims. Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the provisions of section numbered twenty-three hundred and twenty-four of the revised statutes of the United States, which requires that on each claim located after the tenth day of May, eighteen hundred and seventy-two, and until after patent has been issued therefor, not less than one hundred dollars' worth of labor shall be performed or improvements made during each year, be suspended for the year nineteen hundred and seven, so that no mining claim which has been regularly located and recorded as required by the local laws and mining regulations shall be subject to forfeiture for nonperformance of the annual assessment work for the year nineteen hundred and seven: Provided, that the claimant or claimants of any mining location in order to secure the benefit of this act, shall cause to be recorded in the office where the location notice or certificate is filed, on or before December thirty-first, nineteen hundred and seven, a notice that he or they in good faith intend to hold and work said claim.

That this act shall take effect from and after its passage.

RAILWAY DRILLS DEEP TEST WELL

Will Go Down Four Thousand Feet at Swanee Looking for Oil—Navajos Do Large Business in Blankets and Bracelets.

Thoreau, N. M., Dec. 28.—(Special.)—The St. Louis and San Francisco Railway company is drilling a test well on their tract of railroad land at Swanee near here. The well is down now nearly three hundred feet and the order from the company is to put the well down to a maximum of four thousand feet. This portion of the country would be a natural basin for oil and the owners are going to spend enough money to find it if it is there. To the west and north lies one of the largest bodies of coal land anywhere in the United States.

It is thought that the well will be a winner, for there are four chances of a rich strike. Oil, coal, artesian water and gas. John Powell, an Indian, who has much experience in deep well drilling, is the contractor in charge of the company's experiments. This station of the Santa Fe Pacific railway is one of the principal places where the famous Navajo Indian blankets and silverware is bought of the Indians for eastern trade. A. H. and L. K. McGaffey, large the large store and warehouse here. This company also has charge of the commissariat for the American Lumber companies logging camps thirty miles south.

The amount of products of the Navajo Indian in his two famous arts would be a great surprise to those who have long looked upon the Indian as an indigent class. The amount of manufactures will reach up into the millions of dollars.

The winter so far has not been hard on these hogan dwellers, and their sheep and horses are coming through so far in good shape.

PROPOSALS FOR OFFICE BUILDING. Department of the Interior, Office of Indian Affairs, Washington, D. C., Dec. 5, 1907. Sealed proposals plainly marked on the outside of the sealed envelope, "Proposals for Office Building, Santa Fe, New Mexico," and addressed to the Commissioner of Indian Affairs, Washington, D. C., will be received at the Indian Office until 2 o'clock p. m. of Jan. 13, 1908, for furnishing the necessary materials and labor to construct and complete an office building at the Santa Fe School, N. Mex., in strict accordance with plans, specifications and instructions to bidders, which may be examined at this office, the offices of "The Citizen," Albuquerque, N. Mex., "The New Mexican," Santa Fe, N. Mex., the Builders' and Traders' Exchange at Omaha, Neb., St. Paul, Minn., and Minneapolis, Minn.; the Northwestern Manufacturers' Association, St. Paul, Minn.; the U. S. Indian Warehouses at Chicago, Ill., Omaha, Neb., St. Louis, Mo., New York, N. Y., and at the school. For further information apply to C. J. Crandall, Supt., Santa Fe, New Mexico, or F. LARRABEE, Acting Commissioner.

AUCTION

Don't Pay Any Attention to the Knockers!

They knock because they think it a duty. Mr. Brigham's stock of Groceries is A 1, and equal to any sold in the city or elsewhere. There are thousands of dollars worth of high grade groceries, including over 150 full cases that have never been opened; such as full chests of best Teas, Coffees, Syrups and Canned Goods; besides fixtures, horses and Wagons that must be sold and positively will be sold to the highest bidder for cash.

The sale opens at 2 o'clock every day, and will continue afternoons and evenings until everything is sold. This is your chance to get full values at half price. Be on hand and judge for yourself as to the above statement.

Scott Knight, Auctioneer

PERSONAL PARAGRAPHS

W. E. Curry, of El Paso, was in the city on business Friday.

F. E. Hyde, Jr., of Putman, N. M., spent Friday in Albuquerque.

Frank C. Bode, clerk at the territorial penitentiary, spent the holidays at Las Vegas.

Word has been received here of the death at Lamy of the infant daughter of George Chaves.

E. H. Bickford, of Lake Valley, manager of the Lake Valley mines, and who has charge of great landed interests in Sierra and Luna counties, is in Santa Fe on business.

C. H. Elmdorf, manager for the Socorro company of the lower Rio Grande valley, is registered at the Alvarado.

C. P. Heaton, of Gibson, was a business visitor in the city yesterday.

Mr. Heaton is superintendent of the American Fuel company coal properties at that place.

Fred Fornoff, of Santa Fe, captain of New Mexico Mounted police, is in Taos on business. He was accompanied by J. H. Rusk, an officer of the force stationed at Chama.

Attorney Thomas N. Wilkerson left this morning for Las Cruces where he has been summoned to appear as a witness in the sensational divorce case of Darden vs. Darden, now on trial before Judge Frank W. Parker in the district court.

Gus Johnson, superintendent of the Colorado Fuel and Iron com-

pany at Starkville, Colo., and who for some time was superintendent of that company's operations at Madrid, was a visitor in Albuquerque yesterday.

Some more Kream Klips. Everybody likes them. Richelleu Grocery. All Masons are requested to meet at the hall of Temple Lodge No. 6, A. F. & A. M., at 7 o'clock Sunday evening, Dec. 29th, for the purpose of attending divine worship at the First M. E. Church. By order of the W. M. Frank H. Moore, secretary.

J. H. O'Reilly, general manager for the Occidental Life Insurance company, is entertaining his brother-in-law, W. C. Keim, who arrived last night from Kansas City. Mr. Keim is on his way to Phoenix, Arizona to take the management of the Occidental Life office at that place.

Phoenix sweet oranges for holiday trade at the Richelleu Grocery.

Charles V. Safford, traveling auditor, has returned to his home at Santa Fe after a three weeks' trip through the counties of Otero, Torrance, Guadalupe and Quay. He visited the county seats, made inspections of county financial records and also banks under territorial charter.

California Naval Oranges at the Richelleu Grocery.

Members of Temple Lodge A. F. & A. M. will attend services at the First Methodist Episcopal church tomorrow evening in a body, in honor of St. John's day. Special services have been prepared for the occasion.

It doesn't come any better than you get it at the Richelleu Grocery.

W. E. Curry, agent for the American Fuel company at El Paso, is in the city to meet C. P. Heaton, sales

agent for the company at Gallup. Mr. Heaton has just returned to the territory from a business trip east. Mr. Heaton continued his journey to Gallup this afternoon on the California limited.

Deputy United States Marshal E. Newcomer returned to the city this morning from taking a car load of Chinamen to San Francisco for deportation. Mr. Newcomer says that the building that is going on in San Francisco is not a drop in the bucket compared with what was destroyed by the fire and the earthquake.

An appreciative audience listened to the fine program given at the crusade meeting of the Woman's Christian Temperance Union, yesterday afternoon at the Baptist church. The papers were all excellent. The singing of Mrs. Frank was very much enjoyed, and Mrs. S. B. Miller won much praise by her rendition of the "Crusade Glory Song." The next meeting will be a mother's meeting January 10.

A marriage license was issued today to Pedro Sandoval, aged 23 years, and Miss Odella Chaves, aged 20 years, both of Albuquerque.

D. S. Johnson, expects to leave this evening for his home at Needles, Cal., after a pleasant visit in Old Albuquerque with friends. Mr. Johnson is an employee of the Santa Fe at Needles.

The presence of the name of Mrs. Charles A. Frank on the program to be rendered at the First Methodist Episcopal church Tuesday night at the New Year's services will undoubtedly attract lovers of good music of Albuquerque. Mrs. Frank has a well trained soprano voice, which is gaining popularity for its owner with every appearance. Prof. John Gibbs, violinist, is also on the New Year's program for a solo.

JAPANESE AMBASSADOR PREPARING TO LEAVE

Washington, D. C., Dec. 28.—Viscount Aoki, the Japanese ambassador, will sail for home on the steamer Manchuria, leaving San Francisco Jan. 7. He will be accompanied by the Viscountess Aoki. The ambassador will leave Washington Dec. 30. He goes home in response to a summons from his government for a discussion of conditions in America affecting the interests of the Japanese.

SIMON STERN

THE CENTRAL AVENUE CLOTHIER

FOR CHRISTMAS

WE HAVE made it the inviolate rule of our business, and have laid it upon our honor, to offer for sale only such things as are unequivocally the best—in most cases, regardless of price. Many articles, such as table silver, fine hand-painted china, and cut glass, can be secured of us at about half what you pay dealers that carry it as a side line. Suggestive of what we have:

Fine Haviland China in sets or odd pieces, hand painted China, semi-porcelain dinner sets, cut glass, vases, ornamental lamps, Roger Bros. table silver, carving sets, chafing dishes, after-dinner tea sets, fine shaving sets, cutlery, scissors, guns, revolvers, all kinds of mechanics' tools in sets.
