WASHINGTON MATTERS.

NOMINATIONS.

WASHINGTON, Feb. 12.—The president has sent to the senate the following nominations: Charles Emery Smith, of Pennsylvania, to be navy extraordinary minister plenipotentiary to Russia; Frederick M. Ryder, of Connecticut, at Quebec, Canada; S. R. Stewart, of Virginia, at San Juan, Porto Rico.

Samuel Morill, of Indiana, to be consul general of the United States at Calcutta; J. F. Lee, of Maryland, secretary of legation at Rio de Janeiro; Henry R. Newberry, of Michigan, secretary of legation at Madrid.

To be consul of the United States—Ed. Redoe, of Pennsylvania, at Amoy; C. F. Croft, of North Dakota, at Carthage, United States of Colombia; James B. Danforth, of Pennsylvania, at Kehl; F. A. Hershey, of Minnesota, at Fort Stanley and S. Thomas; Frank D. Hill, of Minnesota, at Montevideo; Henry R. Meyers, of South Dakota, at San Salvador; Levi W. Meyers, of Iowa, at Victoria, British Columbia; Felix A. Matthews, of California, at Tangiers.

Flooded Northwest.
PORTLAND, Feb. 8.—The water is still rising at Portland, and reports from above give no hope of its cessation for twelve hours. The topography of the city is such, however, that the spread of the water will be limited to a small area. Except the streets mentioned—Front to Third exclusive—most of the territory flooded is low ground, and the greater part of it is not occupied by buildings.

The greatest loss to be expected, should the flood continue, is the giving way of the bridges crossing the Willamette and the consequent probable destruction of the steel railroad bridge. The subsidence of the water may reveal unsuspected damage to the foundations of buildings, as a strong current is running. Aside from these contingencies the real damage to the city is thought to be trifling.

The isolation of the city from communication during the last three days was not caused by the flood, but by landslides along the Columbia river, obstructing the tracks and destroying the poles and telegraph wires. The only trains running out of the city are to Tacoma and the only other method of travel is by boat on the Columbia river.

CONGRESSIONAL.

SENATE.

WASHINGTON, Feb. 12.—Among the petitions presented and referred was one from the Indianapolis Board of Trade asking for the total repeal of the interstate commerce act; also petitions from Mississippi and Georgia praying for the passage of a national law to secure the right of suffrage and for the enforcement of the fifteenth amendment of the constitution.

The senate committee on territories directed Chairman Platt to favorably report a bill for the admission of Idaho as a state.

On motion of Gibson the senate bill appropriating \$800,000 for a site for a public building at New Orleans was passed.

Senate resumed consideration of the bill to provide a temporary government for the territory of Oklahoma.

Platt offered an amendment to include within the boundaries of the territory all that tract of land bounded on the east by the 100th meridian, on the south by the state of Texas, on the west by the territory of New Mexico and on the north by the states of Colorado and Kansas as public land strip.

Mr. Ingalls inquired of his colleague whether that was the region known as "No Man's Land."

Mr. Plumb—It is.

Mr. Ingalls—I believe it is not contiguous to the territory provided for in the bill.

Mr. Platt—It is a tract of land 125 miles from Oklahoma territory.

Mr. Plumb—It will be admitted that that was one of the difficulties of situation but he argued that nevertheless that the jurisdiction of the territory of Oklahoma should be extended over No Man's Land.

Platt argued against the amendment, stating that it would be just as incongruous as it would be to unite a county in eastern Kansas to a county in western Kansas. The organization of No Man's Land should be left until the Cherokee outlet, which intervened shall be open to settlement and shall be attached to Oklahoma. Then he might be disposed to have the public land strip attached to the territory of Oklahoma, although some people favor its annexation to the state of Texas.

Mr. Coke said it was already attached to Texas for judicial purposes.

The discussion was continued by Senators Vest, Collum, Jones of Arkansas, Plumb and Platt. Finally the question was taken on Plumb's amendment and the vote was yeas 14, nays 18. No quorum.

After a call of the roll and ascertainment of the presence of no quorum it was laid aside without final action on Mr. Plumb's amendment and the bill to aid the establishment and temporary support of common schools was taken up as unfinished business.

Mr. Blair resumed his argument in favor of the bill.

HOUSE.
The house quorum was counted yesterday as usual by the speaker on the vote to approve the journal. Cannon, of Illinois, called up the proposed code of rules, and offered a resolution providing that the general debate close at 1 o'clock today, and that the previous question shall be considered as ordered at 4 o'clock. All communications intended for publication must be accompanied by the writer's name and address—not for publication—but as evidence of good faith, and should be addressed to the editor. Letters pertaining to business should be addressed to NEW MEXICAN PRINTING CO., Santa Fe, New Mexico.

THE NEW MEXICAN is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

WEDNESDAY, FEBRUARY 12.

With forty-eight men in the Kansas state penitentiary under sentence of death for murder the showing of prohibition is not a happy one.

This is a great country and no mistake about it. By the stroke of a pen a man from the black and icy forests of Minnesota is made a high official in sunny and genial New Mexico.

CHAUNCEY DEFEW says the business of the country is simply superb. The railroads can not begin to dispose of the freight. Chances ought to know about railroads. He is well up in other things, too.

It is time that active measures were being planned by the business men and property holders for the advancement of Santa Fe this spring. Incorporation should be the first step. It is pretty hard to be constantly paying taxes and never getting results. If needs be we had better pay a slightly increased tax and select men who will make results.

The people of New Mexico are to be congratulated upon the fact that the chief justice of the territorial supreme court does not hail from Warsaw, Ind. If the Republicans of that burg are anything like the Democrats that hail from there and have come to New Mexico, they are a devilish bad lot. It is therefore an ill wind that blows no one any good.

The Philadelphia Record seems to have had some practical experience in the affairs of life. With infinite toil and trouble, says the Record, we gather money together and build houses and warehouses and mills and manufactories, and die and delve and buy and sell and pay taxes. And then we elect men to handle and spend the tax money who are incapable of managing their own affairs.

The Albuquerque Blackmailer Democrat, under the management of Judas G. Albright, claims to be the only paper in New Mexico receiving Associated Press dispatches. The claim is a delusion and a snare. On yesterday at 11 a. m. the New Mexican received a dispatch from Washington announcing the appointment of Judge James O'Brien, of Minnesota, to be chief justice of the supreme court of New Mexico. The alleged Associated Press dispatches published by the black-mailing sheet of this morning's date contained a lot of clippings, but not the news of this very important appointment. Facts are facts. We believe in showing up the pretensions and sham claims of the sheet in question, just as we do any other matter detrimental to New Mexico and the people. Let the good work proceed.

ALL accounts, every and each account for services, for labor, for supplies, for any matter whatsoever against any county, under the law, should be submitted to the board of county commissioners of any county of this territory upon sworn accounts, examined in open session, approved, ordered paid, and paid by the proper county officer, who is the treasurer. This is the law; it is plain and unequivocal. The chairman of any board of commissioners, of his own responsibility and without official action of the board, has no more legal right to order accounts paid than the man in the moon; the collector, under the law, must pay all county funds over to the treasurer, who alone is the proper disbursing officer. Has the law in this respect been complied with during the past five years in this county by the respective county officials, or has it not? The people and tax payers would like to know, gentlemen of the grand jury, and expect you, as honest, law abiding and good citizens and acting under your solemn oath, to investigate these matters and give them full information in the premises. "How to the line and let the chips fall where they may."

STATEHOOD FOR NEW MEXICO.
Senator Wolcott's bill for the admission of New Mexico into the union will be strongly and ably supported, not only by our junior senator, but by many other senators from the west.

The people of New Mexico are ready for statehood, and the grounds upon which the territory bases its claim for admission are good ones.

A steady tide of immigration has poured into that sunny territory for the past five years, and it now has its share of wealth and intelligence, and in these particulars compares favorably with other candidates for statehood.

The progress made by New Mexico in the past five years is simply wonderful, and statehood will materially assist that section in making greater and more rapid strides forward. There are enough men in both houses of congress who are familiar with our southern neighbor, and there is no danger but what her claims will be ably presented.—Denver Daily Times.

By all means New Mexico's wishes should be gratified, and she should be admitted into the sisterhood of states. Every word in the above from the Denver Times is true. The benefits to be derived from statehood are becoming well understood and the people of New Mexico, a vast majority of them at any rate, want to enjoy them. Posterity does very little for us and can take care of itself. Let us live while we do live.

IS IT FAIR?
It doesn't look very bright at Washington for the Fort Selden-Mesilla valley irrigation canal. The New Mexican's original estimate of Major Anson Mills' expert testimony, jutting from the press despatches, was not far wrong. Notwithstanding the testimony taken on the ground was overwhelmingly in favor of the new canal, and the further fact that, under the law, the prior water rights of the old ditches, further down the valley are fully and completely protected, Major Mills has gone before the secretary of war with his one idea of storage reservoirs, and if the matter is correctly reported, attempts to make a showing detrimental to the new project. Doubtless this grows out of the fact that Major Mills does not love the projectors of this canal enterprise less than he does the old ditch owners who oppose it, but because he loves El Paso and his so-called international dam more. Under the circumstances and viewing things in the light in which they are at present reported from Washington, it does not seem fair that Major Mills should have been called as an expert witness in this controversy. The New Mexican says this with the kindest disposition toward Major Mills, but at the same time feeling it to be a shame and a great wrong that the petty spite which originated this opposition should be able, by this unfair means, to make such a showing of plausibility before the secretary of war as to endanger the chances for expending a quarter of a million dollars in New Mexico in the reclamation of lands now practically without value.

THE NEW MEXICAN very respectfully, but earnestly calls the attention of the grand jury to section 732, Compiled Laws of New Mexico, which reads as follows: "If any person having in his possession any money belonging to this territory or any county, precinct or city, or in which this territory or any collector or treasurer of any city or county, or the treasurer or disbursing officer of this territory, or any other person holding an office under the laws of this territory, or whom is entrusted by virtue of his office, or shall hereafter be entrusted with the collection, safe keeping, receipt, disbursement or the transfer of any tax, revenue, fine or other money, shall convert to his own use, in any way or manner whatsoever, any part of said money, or shall loan, with or without interest, any part of the money entrusted to his care as aforesaid, or willfully neglect or refuse to pay over said money or part thereof, according to the provisions of the law, so that he shall not be able to meet the demands of any person lawfully demanding the same, whether such demand be made before or after the expiration of his office, he shall be deemed and adjudged to be guilty of an embezzlement."

Now the question is, has this statute been complied with or has it not? Have all county funds been paid over to the county and territorial treasurers as the law directs? Has the county treasurer paid public funds out as the law says? Some information upon this section will be very welcome to the tax payers and citizens of Santa Fe county.

THE SPIRIT OF THE TERRITORIAL PRESS.
HE MADE AN EXCELLENT OFFICER.
Hon. J. J. Dolan has been confirmed as receiver of the U. S. land office at Las Cruces, but immediately thereafter tendered his resignation. He will leave the office with a clean record and the respect of all who may have had official or other relations with him. He disarmed opposition to his appointment by his uniform courtesy and efficiency.—San Marcial Reporter.

HAVE DONE GOOD SERVICE.
Col. W. L. Ryerson and Major W. H. H. Llewellyn have done good service to the territory and especially to the Mesilla valley in securing the renewal of permission to construct the new ditch through the Fort Selden reservation. It was a struggle between progress and moss knicker. Fortunately the former has prevailed.—San Marcial Reporter.

A STRONG NOMINATION.
The Albuquerque Citizen suggests that Col. J. Frank Chavez may be the Republican candidate for delegate to congress. It would be a strong nomination.—San Marcial Reporter.

ABOLISH THE FEE SYSTEM.
The next territorial legislature should reduce the salaries of county officers. Twelve to fifteen thousand dollars a year is too much pay for a county sheriff, and \$8,000 is a lot of money to pay an assessor for three months work. This is not a question of politics, it is a matter of vital interest to all tax payers. The people are footing the bills.—Las Vegas Stock Grower.

WHAT IS THE SCHEME?
The Rio Grande Inflammation and Preliminary Divided company, of which Col. Parth Smith is chief booster, seems to be worried over what this paper has said in regard to its impracticable schemes. We get letters and other communications, not only from the company, but from parties who have been talked to. This scheme will never be carried out. It was originated to help out its boosters and now that they have got their money and the concern is controlled by Bostonians what more do they want? This paper always has and always will favor any enterprise that will help this territory in the most remote degree. Schemes that will injure the country will not receive support. If fraud gets into irrigation companies it will be hard work to attract capital into legitimate enterprises in New Mexico and this territory will be set back another ten years.—Las Vegas Stock Grower.

CORRECT, PROVIDED THEY ARE HONEST.
This territory will remain in its present depressed condition unless irrigation canals are built and the arid region is brought under cultivation. There should be no opposition to these needed public enterprises.—Albuquerque Citizen.

A SAN FRANCISCO paper presents a scathing rebuke of the failure of the courts of California to enforce the law in respect to murder. Blind justice leans against a pedestal with the murderous six-shooter largely outweighing the typical sword. Death lurks near with a weapon in hand, while over the prostrate form of a man are piled law books inscribed: "The common law," "Self defense," "jury bribing," "temporary insanity." It is an awful picture, and is not without its lesson for New Mexico at this particular time.

What Scott's Emulsion Has Done
Over 25 Pounds Gained in 10 Weeks
Experience of prominent Citizen
THE CALIFORNIA SOCIETY OF STATE
SECRETARIES OF VICE
SAN FRANCISCO, July 7th, 1886.

I took a severe cold upon my chest and lungs and did not give it proper attention; it developed into bronchitis, and in the fall of the same year I was threatened with consumption. Physicians ordered me to a more congenial climate, and I came to San Francisco. Soon after my arrival I commenced taking Scott's Emulsion of Cod Liver Oil with Hypophosphites regularly three times a day. In ten weeks my weight went from 155 to 180 pounds and over; the cough meantime ceased.

THE MAXWELL LAND GRANT

Farm Lands!

UNDER IRRIGATING DITCHES.

Choice Mountain Valley and Lands near the Foot Hills

FOR SALE.

Improved Printing Machinery and an extensive line of the latest and most beautiful designs in Type, Cuts, etc.

For the irrigation of the prairies and valleys between Raton and Springer one hundred miles of large irrigating canals have been built, or are in course of construction, with water for 75,000 acres of land. These lands with perpetual water rights will be sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.

In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of agricultural lands.

The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.

The A., T. & S. F. railroad and the D., T. & Fort Worth railroad cross this property, and other roads will soon follow.

Those wishing to view the lands can secure special rates on the railroads, and will have a rebate also on the same if they should buy 100 acres or more of land.

Warranty Deeds Given.

THE SUPREME COURT.

Two Options Handled Down—The Unfortunate Possession of the Color Bond Case.

The supreme court convened at 9 o'clock this morning. Again Judge Long failed to put in an appearance, but nevertheless the court transacted some business, Justice McKie presiding.

Options were handed down in two cases. One by Justice Whiteman in the case of Guadalupe S. de Garcia y Perea vs. Mariano Barcia, executor of the estate of Pedro Garcia y Perea, deceased, of Dona Ana county. The decision of the lower court was affirmed.

In the case of David Abraham vs. the California Powder company, a Grant county suit, Justice Lee handed down an opinion reversing the decision of the lower court, and deciding a highly important business principle. By an explosion of a powder house near Silver City, in which a large quantity of powder owned by this company was stored, the building of Abraham was damaged to the extent of some \$1500, and suit to recover this amount was brought against the Powder company, and the lower court decided the company to be liable.

The supreme court holds that the agent or commission merchant had the care and control of the house in which the explosive was kept, and in such cases not the Powder company but the agent or commission merchant in charge of the property is responsible for any damage resulting from such accidents.

Mortgage for relievers in the case of William H. Newcomb et al. vs. Geo. A. Whittier et al. from Grant county, and in the case of August Kirchner vs. Saron N. Laughlin, from Santa Fe county, were overruled.

In the will contest case of Bent vs. G. W. Thompson, which goes to the supreme court of the United States, the court made order looking to the completion of the record. The color case still hangs fire, and it looks now as if no decision would be had. Judge Long was engaged in writing the court opinion, but has not completed it as yet. It is possible that an attempt will be made at this afternoon's session to have the court adjourn for one week, so that this important case may be decided. Otherwise the court will adjourn until June next, and a new chief justice having been appointed, it may delay matters greatly and eventually necessitate a reargument of the case, which would prove most unfortunate for Santa Fe county. At 3 o'clock this afternoon the court took an adjournment until the second Monday in June.

A Good Woman's Death.

Sister Ann Mary, a sister of charity well known in Santa Fe and beloved for her many acts of kindness during the long term she was located at St. Vincent's hospital, died at St. Joseph's academy, in Trinidad on Monday. She was born in Kentucky in 1835. Her family name was Devine. She entered the order of sisters of charity at the mother home in Cincinnati, Ohio, at the age of 20 years. She served in hospitals and taught in schools till 1869, when she was chosen to the office of procurator (procureur of supplies) of the order, in which capacity she served four years. In 1870 she was transferred to Santa Fe and was with the institution here for seven years. Later she was stationed at San Miguel Pueblo and Trinidad. She was a sister of charity for thirty-five years. Wherever she has been her unfeigned piety has been a subject of frequent remarks, not only by those who saw her often but particularly by the good sisters with whom she was immediately associated.

SAN JUAN ALL RIGHT.

No Money, But Justice for the Indians—Officials on the Ground.

The San Juan Index at hand this morning contains five columns on the subject of the Navajo difficulties. There are 500 settlers on the San Juan river and not very far off are 5,000 angry Navajo Indians who have a grievance, but the difference in numbers is scarcely taken into account in making up a policy to be pursued. At a rousing public meeting the demands of the Navajos were discussed and the following resolutions adopted:

Resolved, That the American people of San Juan county have millions for defense, but not a dime for compromise with the Indians.

Resolved, That the white people of San Juan county are willing to concede the right of the Navajo to the land near Aztec on the 23d of December shall be brought to trial before the legally constituted tribunals of the territory of New Mexico, before which the man supposed to have done the killing is willing and anxious to appear for trial.

Resolved, That Sub-Agent Adams is hereby requested to bring the Navajos who witnessed the killing before any judicial tribunal and lodge a complaint, and the accused will appear for trial.

A committee of three, with Sheriff Carson at its head, was named to convey these resolutions to Sub-Agent Adams, with instructions to inquire whether the method of settlement therein proposed is satisfactory, and if not, to inquire what will be satisfactory, and return and report.

The committee visited the sub-agent, across the river from Ohio, on Sunday, and held an extended conference with Capt. Adams, the sub-agent, and some of the Navajos. They express a satisfaction at the proposition to adjust the difficulty under the forms of law; and a warrant will be sworn out before Justice White of Ohio, as soon as the witnesses can be got together and the necessary papers sent to the sheriff for service. The accused John Cox, who is supposed to have fired the shot that killed the Navajo, is to appear for examination before Justice Smith at Aztec.

Indian Agent Vandever, Capt. Jack Crawford and A. M. Tinker, special agent of the Indian department, left Fort Defiance Monday for the San Juan river and will be present at the examination of Cox.

The Mendelssohn Quintette Club is a deserving combination. How delightful it was to hear five good strings playing good instructive music, in good style. How pleasant to hear the noble tones of a steadily handled cello.—Montreal Gazette.

The Late Storm.

Monday night's snow storm in Santa Fe (its all gone now however) brought a regular blizzard to our less-favored neighbors. At Las Vegas "the wind was ferocious in strength and icy in temperature, and it filled the atmosphere with blinding, suffocating clouds of dust that filtered through the crevices of every house, filled the eyes, nostrils and ears of luckless pedestrians and made life radically and thoroughly disagreeable to both man and beast. A trifle of snow which fell only added to the general misery." Windows were broken and out-houses overturned and at the Los Angeles, near to relate, a frame business house was tumbled over. At Albuquerque a hurricane prevailed during the afternoon and near

the city pedestrians were lost in the sand storm and could not recover their bearings until after the storm had abated. It is at times like this that the real beauty of Santa Fe as a summer and residence city impress themselves upon the public mind.

Do you have dyspeptic troubles? Take Hood's Sarsaparilla, which has relieved thousands and will cure you. Sold by all druggists.

ARBOR DAY PROCLAMATION.

The Governor's Timely Action—The People Called Upon to Serve in a Good Cause.

The following was issued from the executive office to-day:

In accordance with a custom useful and beautiful in itself, and rapidly becoming general in all parts of the country, I, L. Bradford Prince, governor of New Mexico, do hereby appoint Saturday, March 1, and Tuesday, April 1, as Arbor days in this territory; the 1st of March to be observed in the county of Bernalillo and all counties to the south thereof; and the 1st of April in all counties to the north. The great extent of New Mexico and the difference of climate arising from variation of altitude has made it necessary to designate two days for this purpose.

And I earnestly request that all the people of the territory observe these days by the planting of trees, shrubs and vines about the homes and along the highways, as well as in the public grounds and cemeteries of New Mexico, thus contributing to the wealth, comfort and attractiveness of our territory. This is especially necessary in New Mexico, where such planting has been too much neglected in the past. Every line of acquiescence should be a line of beautiful trees, rendering the scene attractive and adding value to the adjacent land.

If every property owner will plant along the aqueduct within his own boundaries on this occasion, the improved appearance of the country within five years will be most gratifying. Let every citizen devote one day to this purpose.

I especially recommend that in all of our schools this day be observed, by the planting of trees in the school house grounds where practicable, and by calling the attention of the children to the importance of the cultivation of trees, and their care and preservation.

Witness my hand and the great seal of the territory of New Mexico, at Santa Fe, the capital, this 12th day of February, in the year of our Lord 1890.

L. BRADFORD PRINCE, Governor of New Mexico.

B. M. THOMAS, Sec. of Territory.

ROUND ABOUT TOWN.

Valentine's day comes on Friday. Skating at the rink this afternoon and to-night.

Somehow or other, the New Mexican will publish the news!

The governor's reception takes place this evening from 8 to 11 o'clock.

Tickets are selling well for the opera company's social hop at Gray's house on Monday night next. A gay time will prove.

Ed Lewis, traveling agent for the Washburn road, is delivering a fine set of calendars and tin letter boxes to his friends hereabouts.

Mrs. M. L. Spradling has secured the local agency for Stanley's wonderful adventures in Africa and to-day began canvassing the city for this truly interesting volume.

Don Romulo Martinez returned home from Washington last night. He says Major Weimer is booked for the Santa Fe postoffice and that official lightning is liable to strike in this direction any day.

Improvements on Manhattan avenue were resumed this afternoon. If nobody can be found who claims that projecting globe wall near the Varden place the county authorities ought to order the unsightly thing removed.

To-morrow evening, Thursday, at Gray's opera house, occurs the first social party of the season given under the auspices of the Lotus club. Only invited guests will be present. Music will be supplied by the military orchestra, and the grand march will begin at 8:30.

Capt. John Gray to-day, in behalf of the Northern Assurance company, of London, settled in full with J. P. Victory, paying him \$10,000, which is the full amount of insurance carried on his office and personal effects that went up in the Kirchner fire. No sixty days delay and 3 per cent off about Capt. Gray's company.

The Albuquerque Democrat's boast that it publishes the press dispatches would seem to be a myth and a fraud in view of the fact that it fails to publish the news. "Press dispatches" that contain no news scarcely meet the demands of the reading public. It's news the people want, and the New Mexican is always the first to give it to them, especially the news from Washington, where such great interest is now centered.

Some villainous rascals broke through a window in an out-house at St. Vincent's hospital last night and carried off eight or ten sacks of flour. It's hard to acknowledge it, but this would seem to indicate that some of the meanest men on earth live hereabouts; no others would touch the Sisters of Charity and the orphans under their care. The flour was carted off in wheelbarrows. The police authorities might atone for a great many shortcomings in the past by running down these thieves.

AMUSEMENTS.

MORE FUN ON THE BOARDS.

Amusements have been coming thick and fast of late, but the funniest thing of the year is booked to come on at the court house on Monday evening next. It is "the first appearance anywhere" of the O. S. minstrels, and the chief performers are Messrs. C. H. Gregg, R. E. Twitchell, A. C. Ireland, James Seligman, C. W. Way, Arthur Seligman, Chas. Hayer, C. E. Volk, Geo. Johnson, A. J. Griswold, J. W. Olinger, F. G. Littlehales and Will Hood. "This organization is owned and controlled by and is under the sole management of the Ladies' guild of the church of the Holy Faith." Aside from a very comical minstrel entertainment, an extensive and varied program has been arranged in which vocal and instrumental music plays a prominent part, and the performance is to conclude with a musical burlesque entitled "Mister Mikado; or, the Yap from A. B. Q." As the proceeds are to go toward putting a few bricks into the new church rectory, the house will no doubt be crowded on Monday night. The box sheet will be opened on Friday at Ireland's.

TERRITORIAL TIPS.

Several cases of diphtheria in Las Vegas.

The territorial press is under the observance of Arbor day.

The Albuquerque city election takes place the first week in April.

A little child of Francisco Chaves, son of a little child of Francisco Chaves, died at Pajarito Monday afternoon.

E. W. Nelson, former clerk of Apache county, A. T., arrested near Albuquerque yesterday, says spite work is the cause of it.

Dr. G. M. Kellogg, who has been acting in that capacity for some time past, has been appointed company surgeon for the Santa Fe at East Las Vegas, vice Dr. H. A. Armstrong, transferred.

Mrs. O. E. Cronwell is sick at the San Felipe, and it is likely that Mr. Cronwell, on account of his wife's health, will abandon his trip to Albuquerque, returning to New York as soon as she gets able to travel.—Citizen.

Las Vegas will meet Thursday night for the purpose of getting a full and fair expression from both sides as to the most expedient and feasible ways and means of obtaining a patent from the government for the Las Vegas grant, so that the interests of the east side people and the west side people will be alike preserved.

San Juan G. A. R. note: Comrade C. H. McHenry acted as mustering officer, and installed the following: N. L. Hayden, P. C.; S. T. Maupin, S. V. C.; James Scott, J. V. C.; M. L. Page, Q. M.; A. Bowman, S.; H. C. King, C.; Allen T. Bird, A.; G. W. McCoy, O. D.; C. H. McHenry, O. G.

The other day a murder was committed at Los Rios de Arizaca, and very little can be ascertained regarding the affair, it appearing that the friends of the murderer are endeavoring to shield him from trial, or the family of the man murdered has been terrorized into quietude. The man murdered was named Emilio Ataya.—Albuquerque Citizen.

Last Sunday the bicycle club of this city made excursion to Tijera canon, and on returning time was kept, with the following result: C. M. Rushing, Star bicycle, 30 minutes; Bernard Sleyter, 30 inch ordinary bicycle, 35 minutes; E. J. Davis, 34 inch ordinary bicycle, 45 minutes; Sol. Benjamin, 34 inch ordinary bicycle, 45 minutes. Distance from Tijera canon to reservoir, ten miles.—Citizen.

C. L. Hubbs reports mining matters throughout southern New Mexico as lively. At Hillsboro the stamp mill is running night and day. Kingston is excited over a big mining deal in which London capital is interested. The Oro Fino and Bonanza mines in that section are putting in an extensive and valuable plant of machinery, and everything wears the appearance of prosperity and activity.

The booty obtained by the postoffice thieves at Albuquerque is larger than at first reported, and comes nearer home than at first supposed. In addition to \$1,800 in stamps, \$500 in money and \$4,000 in Lincoln county bonds, the thieves got twenty-one registered letters sent from the Keweenaw office alone, which contained from \$25 to \$300 each. It was the largest registered mail ever sent out of this office, and the only one ever molested. A number of Mexicans who live in and around Mora, N. M., and who are at present at work on the big ditch below town, sent, or rather attempted to send, portion of their wages to their homes. This accounts for the large registered mail. J. X. Y. Sutherland, we learn, had a \$300 check included in his letter, and the Mexicans had from \$25 to \$50. It is all in checks, however, and the thieves will have a pretty hard time to successfully pass them without causing suspicion to be aroused.—Pecos Register.

OFFICIAL BITS.

The Las Animas Land & Cattle company has filed a certificate naming W. S. Hopewell, of Hillsborough, as its agent.

Gov. Prince has appointed the following notaries public: Chas. J. Lowman, Silver City; R. E. Twitchell, H. L. Ortiz, Santa Fe; Manuel A. Pino, San Acasio.

Having served their terms in the penitentiary, and having violated none of the rules of the institution, Miguel Herrera and Miguel Trujillo have been released and the governor has restored them to citizenship.

At the territorial secretary's office articles have been filed for the Methodist church of Santa Fe. Board of trustees, S. T. Reed, W. B. Sloan, E. S. Griswold, Elmore Chase, S. S. Beatty, Milo Hill, E. B. Seward.

The A. V. Cattle company, composed chiefly of Pennsylvania parties, has filed with the territorial secretary a certificate designating Santa Fe as its principal place of business in New Mexico, and Edward L. Bartlett as its agent.

U. S. District Attorney Fiske found a vast accumulation of business in his office upon his return from Washington. Stereographer Gortner, of Las Vegas, has been here for the past week assisting him in catching up with his correspondence.

U. S. Marshal Romero to-day received a telegram from his chief deputy, S. Romero, announcing the arrest of John Woods, at Gallup, alleged to be \$1,200 short in his account with the lady serving as postmaster at that place. Woods has been taken to Albuquerque for a hearing before the U. S. commissioner.

Proposals will be received at the contract office of the postoffice department in Washington, D. C., until 4 o'clock p. m. of April 10, 1890, for carrying the mails of the United States upon the routes and according to the schedule of arrival and departure specified by the department, in the territory of New Mexico, from July 1, 1890, to June 30, 1894.

PERSONAL.

Wm. Keese is in from Cerrillos on business.

Hon. Santiago Baca is on a visit from Albuquerque.

Hon. Pedro Perea came in from Bernalillo last night.

John Grant, of Ellenwood, Kas., registers at the Palace.

Mr. Clouthier, a well known merchant of Taos, is in the city.

Mrs. G. Raymond, of Durango, Colo., is stopping at the Palace.

Sister Victoria, of St. Vincent's, is on a visit to her charge at Albuquerque.

Chas. Haspelmath left Lamy yesterday for a three months trip to Germany.

Hon. W. B. Childers came in from Albuquerque last night and is at the Palace.

E. T. Wheeler and wife, of Sharon, Pa., are guests at the Palace, accompanied by Mrs. Douglass, of Youngstown, Ohio.

T. J. Lewis, Denver; Geo. F. Gardner, Salt Lake City; W. H. Middaugh, Denver; Edward Baker, Cerrillos, are at the Exchange.

Col. Henry Douglass is so far recovered from his recent illness as to be out for a drive this afternoon in company with Dr. Cowdry.

W. F. DOBBS. MICHEL CHAVEZ.
