WASHINGTON NEWS.

REGISTER FOR ROSSWELL.
WASHINGTON, Feb. 21.—The president has sent to the senate the nomination of Edward T. Ross, to be supervisor of the 8th district of Texas.
Registers of Land Offices.—Albert F. Dixon, Susanville, Cal.; Edwin Waite, San Francisco; John W. Lewis, Dallas, Tex.; Cash M. Day, Lewistown, Idaho; Winfield S. Colman, Roswell, N. M.; Alfred M. Strong, Spokane Falls, Wash.; John C. Martin, Prescott, A. T.; Webster L. Stahler, agent Yakima Indian agency, Wash.
John Kelley, supervisor of census, 1st district of Oregon.

DEBENT LANDS LAW.

The house committee on public lands has unanimously agreed to report favorably the bill to regulate the timber culture law.

THE UTE BILL.

The house committee on Indian affairs did not reach a decision on the Ute bill at its recent session, but it is certain to be taken up at the meeting on Tuesday next. The report of the subcommittee has already been prepared, making a favorable recommendation to the full committee and there is every reason to believe that it will be accepted, without material change, as reported by the subcommittee, which has incorporated several necessary amendments in the bill.

THE GOVERNMENT'S GAIN.

Senator Cockrell has received from the treasury department a statement showing that the government has made in seigniorage on coining silver since 1878 \$61,042,873.14. In round numbers 3,000,000 ounces of silver were coined, producing \$24,000,000. The amount thus realized by the government is far in excess of what Senator Cockrell thought.

THE GALVESTON HARBOR.

The senate committee on commerce bill appropriating \$5,000,000 for the improvement of the Galveston harbor, made no provision for the Aransas pass, which the committee think should be provided for in the regular river and harbor bill. The senate committee also ordered printed all the manuscripts now in their possession, bearing on the subject of deep water on the gulf coast and that order includes the elaborate and interesting paper presented by Col. A. W. Houston of San Antonio, who came on to Washington in the interest of Aransas pass. General Haupt, of Pensacola, who is an expert engineer, appeared to-day before the house committee on rivers and harbors and spoke in favor of the Willets pier for Parade island, or the outer harbor plan. He made a very favorable impression before the committee.

WILL NOT ACCEPT IT.

Several of the members of the house committee stated this evening that their committee would not accept the senate bill in regard to the Galveston harbor in the shape in which it has been presented, as it is their policy to care for all the harbors in the general bill now being prepared, but that the Texas projects would all receive liberal treatment, and each important item would get its share of the appropriations.

LEAD ORES.

Although it is reported that the ways and means committee in the preparation of the new tariff bill has decided to impose a duty of 1½ cents per pound on lead ore imported into the United States, irrespective of the shape in which it comes, strong influences are being interposed to prevent its application to the silver lead bearing ore coming from Mexico free of duty. The lead producers of this country, however, have formed a strong combination against the free importation of Mexican silver-lead bearing ores, and claim that the ways and means committee is largely in sympathy with this movement. Various members of the committee have been interviewed on this subject, but they are unusually reticent. It is understood that Mexican influences of no small potency are likewise being employed to defeat the proposed duty on these ores, and threats of retaliation are openly made in the event of the silver bearing ores from that country being subjected to duty.

CONGRESSIONAL.

SENATE.

WASHINGTON, Feb. 21.—On motion of Mr. Keegan, the house bill providing for the sale of the military reservation and Fort Bliss, near El Paso, Texas, and the selection of another site, was passed.

The resolution heretofore calling on the attorney general for information as to the assessment of W. B. Saunders, deputy marshal in Florida, was taken up, and Mr. Pasco proceeded to address the senate in explanation of the facts and the circumstances of the case.

Cutcheon, from the military committee, called up the senate bill authorizing the president to confer brevet rank upon army officers for gallant service in the Indian campaign since 1867, and it was passed.

Pasco had not concluded his statement when the hour of 2 o'clock arrived and the educational bill came up as unfinished business.

But, however, yielded the floor to Wilkinson, of Iowa, on whose motion the senate bill appropriating \$100,000 for a public building at Fort Dodge, Iowa, was taken from the calendar and passed.

HOUSE.

Mr. Butterworth, of Ohio, from the committee on patents, presented a favorable report upon the bill providing for the appointment of representatives to the international industrial conference at Madrid, Spain, April 1, 1890.

The house in committee of the whole

reported favorably the bill to provide for the appointment of an assistant secretary of war.

The Oklahoma bill was then taken up, on motion of Mr. Wilkinson, of Louisiana, and, Saturday afternoon, March 22, set apart for the delivery of speeches upon the late Representative Edward J. Gay of Louisiana, and at the instance of Cummings, of New York Tuesday evening April 3, was fixed for the delivery of speeches upon the late Representative S. S. Cook, of New York. The house then adjourned.

IOWA POLITICS.

DES MOINES, Feb. 21.—When the announcement was made that the Democrats had accepted the proposition made by the Republicans of the house, the chamber was the scene of great activity. Up to date, in five weeks and four days session, 91 ballots have been taken on a temporary clerk and 316 on a speaker. The house was called to order again, and on motion of Walden an adjournment was taken until 7:30. The Republicans went into caucus at once to nominate persons to fill vacancies on their ticket and determine what committees they would have. In the senate Harsh introduced a joint resolution asking for the appointment of a committee, to investigate trusts, combinations, etc. Woodson presented a report from the committee on rules. It was placed on file. At the evening session the house in the 137th roll call, Hamilton (Democrat) was unanimously elected speaker.

A PLAN TO SECURE WATER.

Scheme of the Colorado State Grange Laid Before Congress—Land Grants Go with It.

WASHINGTON, Feb. 21.—Senator Teller has introduced a bill from the Colorado State Grange dwelling upon the necessity of reservoirs and urging that the thousands of able bodied soldiers stationed at the various points in the country be put to work at the construction of reservoirs and ditches when not engaged in their military duties, and providing that the soldiers shall do this work until the expiration of their term of service receive warrants free for 100 acres of land to be taken up wherever public land can be obtained.

They think that such a requirement would have a tendency to prevent desertion, and the army as well as to develop the country.

Mr. Townsend presented the same petition in the house, and also the petitions of about 2,000 of Denver, Colorado Springs and Pueblo in favor of the Sunday rest bill.

The Salt Lake Election.

SALT LAKE, Feb. 21.—Judge Zane has decided that the six Mormon councilmen who received the highest number of votes in their wards are entitled to certificates of election. This would make the in-sular council stand one Gentile and six Mormons, giving the former a good working majority. The case was decided on a mandamus, the six Mormons having prayed for a writ to compel the canvassing officers to issue certificates of election to them.

The court held that the law of 1888 was in force in this city. Under that law the councilmen are elected by wards and not by a general vote of the city. The Gentile attorneys claimed that this city is still governed by the laws of 1878, which provided that the councilmen should be chosen by the entire electors of the city and not by the wards they represented.

Judge Zane's decision caused much surprise, the Gentiles having felt sure that the decision would be in their favor, and the Mormons having looked upon defeat as a foregone conclusion. An appeal is expected to the territorial supreme court and the bonds fixed at \$500.

Pennsylvania Elections.

PHILADELPHIA, Feb. 19.—The local election yesterday passed off without any exciting incident. Owing to the many candidates for councilmen and trustees and the great amount of scattering and trading indulged in the computation of the vote in all the wards was not completed until this morning. Taylor, Republican, for receiver of taxes has a plurality of 34,158, and Warwick, Republican, for city solicitor, the present incumbent, received a plurality of 36,139.

Philadelphia, Feb. 20.—A bill vote was cast in the 4th congressional district for the unexpired term of the late Judge William D. Kelly, and was: Regburn, Republican, 24,830; Ayres, Democrat, 6,440; Tombleson, Prohibition, 238. Regburn's plurality, 8,384. Kelly's plurality over Ayres in 1888 was 9,639.

Scranton, Pa., Feb. 20.—The entire Republican ticket was elected in this city.

"The Nellie Bly Route."

CHICAGO, Feb. 21.—Ever since the Atchison made its extraordinary time on the "Nellie Bly" train its passenger department has been of the opinion that it need ask no favors of its connecting lines. It considered seriously the advisability of putting on a fast passenger service, and may yet adopt the plan to run in opposition to the Union Pacific-Northwestern combination. Its first step toward keeping all its traffic on its own lines was made to-day by withdrawing from the Chicago association division book. It will make its own divisions with its connections east of Chicago, and between here and the coast will keep all its own passenger traffic or make private divisions with its connections.

A Seminary Burned.

AUSTIN, Texas, Feb. 19.—News was received here last night of the burning of the seminary for girls at San Marcos, thirty miles south of here. Three of the girls were seriously burned and thirty others only escaped death by jumping from the third story to the gallery, from which they escaped on ladders. Many were hurt.

THE SENATE'S SILVER IDEA

It Differs Widely from Sec. Windom's Proposal—More Just to the Metal.

WASHINGTON, Feb. 21.—The Windom bill is not meeting with as much favor in the senate committee on finance as it is with the house commerce committee. The senate committee is by no means a silver committee, but it will report almost unanimously adversely on Mr. Windom's bill.

The committee has recently been holding conferences on the subject, and while no measure has been formulated, it is stated on good authority that the Windom bill will be permanently pigeonholed and another measure reported in its stead. It is said that the new bill will provide for the issuance of certificates on deposits of silver, but it will differ from the Windom plan, particularly in the fact that the new notes will be redeemable in full money of the United States, while Sec. Windom proposes to issue certificates upon the actual value of the silver and accepting American silver without limit. This proposition met with no favor in the committee.

It is supposed by the committee that the new bill will be agreeable to the silver men generally, and it provides for the purchase of an increased amount. The silver men have not, however, been consulted on that point and they will wait for the bill before committing themselves.

The Traveling Men.

DENVER, Feb. 21.—The committee in charge of arrangements for the national traveling men's convention, to be held in Denver, June 19 to 25, has met with great success in raising funds necessary to insure a good attendance of that fraternity at the time. The transcontinental routes have agreed to \$18.00 round trip rate from Missouri river points to Denver, and from there to the convention. The committee is led to believe that eastern connections will make a correspondingly low rate. Delegations from traveling men's associations of all parts of the United States will be present to effect a national federation of commercial travelers, of which there are some 20,000.

A Captive of the Blackfeet.

OTTEWA, Ont., Feb. 21.—The dominion government will appoint a commission to inquire into the truth of the statement that a white child of an American officer reported killed in a recent Indian raid in the western states is at present in possession of the Canadian Blackfeet. It was stated in parliament yesterday that a preliminary investigation showed that the child is of Indian birth.

Heart Disease.

LONDON, Feb. 20.—Joseph Gillis Bigger, the well known home rule member of the house of commons for the west division of county Cavan, died yesterday at Clapham, a suburb of London.

The cause was heart disease. He was present in the house of commons last evening.

The Reduction in Freight Rates.

DENVER, Feb. 21.—The announcement of the reduction in rates east of the Missouri river caused quite a flurry among the large Denver shippers, and especially among jobbers and wholesalers, who claim that the reduction is a discrimination against them and in favor of their Missouri river competitors.

The Approval of the President.

WASHINGTON, Feb. 21.—The president has approved the joint resolution congratulating the people of Brazil on their adoption of a Republican form of government, and the act for the relief of sufferers by the wreck of the Nipic at Apia.

A Proposed Elusive Play.

LONDON, Feb. 21.—A Paris correspondent reports that Harcourt's post-dramatic "Lemsters" will be performed Easter Sunday if Sara Bernhard will play Virgin Mary and Garner take the part of Christ.

The Fair Bill in New York.

ALBANY, Feb. 21.—The world's fair conference report was adopted in the assembly. The bill now goes to the governor, who has announced that he will sign it. The senate passed the bill last night.

The Metal Market.

The course of copper defies the keenest insight. Conditions which would ordinarily depress the market seem to advance it and vice versa. That an advance of 3 cents could have occurred with 50,000,000 pounds in stock here, and 100,000 tons in England, would have been considered an insane idea six months ago. Yet that occurred, and it has completely unbalanced the judgment of operators so that they know not which way to turn. Early in the week the New York market looked very heavy, and some light-headed operators offered futures was down as low as 14 cents, but aroused thereby such a whirlpool of orders that they saw they might be caught heavily short, and consequently withdrew from the market. About the bottom price for lake from producers is \$14.25, at which over 500,000 pounds was sold for nearly delivery. The bankers still hold at \$14.50, and the lake companies will not sell futures any less.

Lead has been more active and at slight concessions in price. At Chicago \$3.67½ was the top and it ended off to \$3.65 under. Sales of several hundred tons, while St. Louis dropped away from \$3.62½ and \$3.63 to \$3.57½, with light sales footing up 200 tons, but at New York nearly 1,200 tons were sold at steadily declining prices, from \$3.85 for futures to \$3.80 and \$3.75 for spot. The ores from Mexico are coming in more freely, and the old stock in New York is being marketed by slow degrees.

SANTA FE.

A Few Facts for the General Information of Tourists and Sight-Seeers Visiting the

CAPITAL CITY OF NEW MEXICO.

OFFICIAL DIRECTORY

Table with 2 columns: Office, Name. Rows for Territorial, Executive, and other offices.

THE CLIMATE. Santa Fe, the city of the Holy Faith of St. Francis, is the capital of New Mexico, trade center, sanitary, archiepiscopal seat, and also the military headquarters. It is the oldest seat of civil and religious government on American soil. When Cabeza de Baca penetrated the valley of the Rio Grande in 1538 he found Santa Fe a flourishing Pueblo village. The history of its first European settlement was lost with most of the early records of the territory, by the destruction of all the archives in 1880; but the earliest mention of it shows it then to have been the capital and the center of commerce, authority and influence. In 1894 came the first venturesome American trader—the forerunner of the great line of merchants who have made traffic over the Santa Fe world-wide in its celebrity.

OF NEW MEXICO is considered the finest on the continent. The high altitude insures, during the summer months, especially adapted to the permanent cure of pulmonary complaints, as hundreds will be witness, and by traveling from point to point almost any desired temperature may be enjoyed. The altitude of some of the principal points in the territory is as follows: Santa Fe, 7,047; Costilla, 7,774; Taos, 6,950; Las Vegas, 6,452; Cimarron, 6,489; Bernillo, 5,704; Albuquerque, 4,918; Socorro, 4,655; Las Cruces, 3,844; Silver City, 5,046; Ft. Stanton, 5,800. The mean temperature at the government station at Santa Fe, for the years named was as follows: 1874, 48.9 degrees; 1875, 48.6 degrees; 1876, 48.1; 1877, 48.3; 1878, 47.6; 1879, 50.6; 1880, 46.6; which shows an extraordinary uniformity. For tubercular diseases the death rate in New Mexico is the lowest in the union, the ratio being as follows: New England, 25; Minnesota, 24; Southern States, 26; and New Mexico, 3.

DISTANCES. Santa Fe is distant from Kansas City 869 miles; from Denver, 338 miles; from Trinidad, 216 miles; from Albuquerque, 85 miles; from Durango, 316 miles; from El Paso, 340 miles; from Los Angeles, 1,332 miles; from San Francisco, 1,281 miles.

ELEVATIONS. The base of the monument in the grand plaza, according to latest corrected measurements, 7,019.5 feet above the level of the sea; Bald mountain, toward the northeast and at the extreme northern end of the Santa Fe mountains, 12,661 feet above sea level; Lake Peak, to the north, where the Santa Fe creek has its source, is 12,045 feet high; the divide (Telescope road), 7,171; Agua Fria, 6,480; Cieneguilla (west), 6,025; La Bajada, 5,514; mouth of Santa Fe creek (north of Pena Blanca), 5,225; Sandia mountains (highest point), 10,688; 9th Placers, 6,801; Los Cerillos mountains (south), 5,584 feet in height.

POINTS OF INTEREST. There are some forty various points of more or less historic interest in and about the ancient city:

The Adobe Palace, north side of the grand plaza, occupied as an executive mansion since 1680, the first governor and captain general so far as the data at hand reveals; being Juan de Tormes.

The Plaza—large and beautiful, made triumphal marches over this beautiful oasis, the one in 1591, the other in 1693.

Church of San Miguel.—Erected in the 16th century; destroyed during the Pueblo revolution of 1680; rebuilt by order of "The Marques de la Penuela," in the year 1710.

The oldest dwelling house in the United States is located near San Miguel church. It was built before the Spanish conquest.

The ancient cathedral's walls are gradually crumbling and instead a grand modern stone structure is building. The old cathedral was erected in 1701.

Old Fort Marcy was first recognized and used as a strategic military point by the Pueblo Indians when they revolted against Spanish rule in 1680 and drove out the enemy after besieging the city for nine days. The American army under Kearney constructed old Fort Marcy in 1846.

Fort Marcy of the present day is garrisoned by three companies of the 10th U. S. infantry, under command of Captains Gregory Barrett, J. F. Stretch and Duggan, and here at 9 a. m. daily occurs guard mounting, a feature of military maneuvering ever of interest to the tourist.

Other points of interest to the tourist are: The Historical Society's rooms; the "Garita," the military quarter; the church and cemetery of Our Lady of the Rosary; the church museum at the new cathedral, the archbishop's gardens; church of Our Lady of Guadalupe with its rare old works of art; the soldiers' monument, monument to the Pioneer Path-Finder, Kit Carson, erected by the G. A. R. of New Mexico; St. Vincent hospital, conducted by Sisters of Charity; the Orphans' industrial school; the Indian training school; Loreto Academy and the chapel of Our Lady of Light.

The sights of here may also take a vehicle and enjoy a day's outing with both pleasure and profit. The various spots of interest to be visited are Tesuque pueblo, asking in the divide en route; Monument rock, up in picturesque Santa Fe canon; the Abasco mineral springs; Nambe pueblo; Agua Fria village; the turquoise mines; place of the assassination of Governor Perez; San Ildefonso pueblo, or the ancient cliff dwellers, beyond the Rio Grande.

IF A BODY MEET A BODY the result is a collision, whether "coming from the front" or "back" or "collateral" or something. If it isn't with our neighbors it is with some dread disease that takes up for life. When especially it takes to bear the brunt of more collisions and afflictions than mankind. In all cases of pneumonia, bronchitis, influenza, and all other ailments, Dr. Pierce's Favorite Prescription cures. It is the only medicine for women, sold by druggists, and a positive guarantee, satisfaction in every case, or money paid for it will be refunded. See guarantee on bottle wrapper.

Copyright 1898, by World's Dispensary, Ltd.

Dr. PIERCE'S PELLETS regulate and cleanse the liver, stomach and bowels. They are purely vegetable and perfectly harmless. One Dose. Sold by druggists. So, send a trial.

MAIL LETTINGS.

AMONG THE JOKERS.

Purchase of Bonds. Executive Office, Santa Fe, N. M., Jan. 28, 1899. I will receive bids until March 1, 1899, for the sale of 40,000 pounds of bonds of the territory of New Mexico, to be purchased by the territory for the purpose of raising money to pay the principal of the bonds of the territory of New Mexico, to be purchased by the territory for the purpose of raising money to pay the principal of the bonds of the territory of New Mexico.

Shiloh's Vitazir. Is what you need for constipation, loss of appetite, dizziness, and all symptoms of dyspepsia. Price ten and seventy-five cents per bottle. C. M. Creamer.

Sympathizing Friend.—I am always sorry when I hear of their being any discord in a family. What caused the trouble between you and your husband?

Wife (gloomily).—A mere matter of opinion.

Sympathizing Friend.—Absurd! I should think you would have more sense. A mere matter of opinion.

Wife.—A prison, I said. A bird's wing for my hat. It cost \$20, and he was mad.

Sympathizing Friend.—I guess, my dear, it wasn't the wing of the bird you quarreled about, but the bill.—Boston Courier.

Job Printing. Merchants and others are hereby reminded that the NEW MEXICAN is prepared to do their printing on short notice and at reasonable rates. Much of the job printing now done in this territory has come to the NEW MEXICAN office. There is no better excuse for sending out of town for printing than there is for sending away for groceries or clothing. Our merchants should consider these things. The NEW MEXICAN is acknowledged the leader in paper of this section. The patronage of the people will enable us to keep it so.

Magistrate.—Had you any motive for this heinous crime?

Prisoner.—Faith, I thought I might be able to get a job in the dime museum.—Chicago Journal.

Pimples on the Face. Denote an impure state of the blood and are looked upon by many with suspicion. Aker's Blood Elixir will remove all impurities and leave the complexion smooth and clear. There is nothing that will so thoroughly build up the constitution, purify and strengthen the whole system. Sold and guaranteed by A. C. Ireland, Jr., druggist.

Will You Suffer? With dyspepsia and liver complaint? Shiloh's Vitazir is guaranteed to cure you. C. M. Creamer.

Mother-in-law—I feel so bad, I wish I was dead.

Son-in-law.—So do I.—Lassell Mail.

Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her.

That Hacking Cough. Can be so quickly cured by Shiloh's Cure. We guarantee it. C. M. Creamer.

Miss Gabbie—I have had that parrot for three months now, and it has never spoken a word yet.

Caller.—Perhaps you have never given it a chance.—Terre Haute Express.

\$500 REWARD. Five hundred dollars reward will be paid for the arrest and conviction in the United States court of the parties who robbed and burglarized the postoffice at Albuquerque, N. M., on January 24, 1899. By order of J. W. PATTERSON, Postmaster General, Washington, D. C.

Speaking of flowers, the Astors are the golden rods of New York.—Washington Post.

Buckley's Arnica Salve. The best Salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, ringworm, chapped hands, chafing, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by C. M. Creamer.

Better be good than great. You'll have less competition. The latter business is overdone.—Puck.

People Everywhere. Confirm our statement when we say that Aker's English Remedy is in every way superior to any and all other preparations for the throat and lungs. In whooping cough and croup it is magic and relieves at once. We offer you a sample bottle free. Remember, this remedy is sold on a positive guarantee by A. C. Ireland, Jr., druggist.

Group, Whooping Cough and bronchitis immediately relieved by Shiloh's Cure. C. M. Creamer.

A dog, which had seen a physician attending the burial of a wealthy patient, said: When do you expect to dig it up?

When I bury a bone, said the dog, it is with the intention to unbury it later and pick it.

The bones which I bury, said the physician, are those which I can no longer pick.—San Francisco Examiner.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the child awakes as "bright as a button."

A question of time.—When can I get my watch out?—Life.

We Can and Do. Guarantee Aker's Blood Elixir, for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a positive cure for syphilis, poisoning, ulcers, eruptions and pimples. It purifies the whole system and thoroughly builds up the constitution. Sold by A. C. Ireland, Jr., druggist.

THE LAY OF A LINE.

THE GREAT WESTERN RAILROAD. We are now building a new line from Santa Fe to Los Angeles, and for the purpose of raising money to pay the principal of the bonds of the territory of New Mexico, to be purchased by the territory for the purpose of raising money to pay the principal of the bonds of the territory of New Mexico.

She sat at an evening reception.—I barely got here.

He (observantly).—So I see.—Washington News.

Russian Influenza. Almost every one is now interested in knowing the proper treatment for this disease. According to the best authorities it requires precisely the same treatment as a severe cold, and it is generally known that there is nothing better for a severe cold than Chamberlain's Cough Remedy taken as directed. Extreme care should be taken to keep the feet dry and warm, the body well clothed and to avoid exposure, especially when recovering from the disease, and to keep covering the throat with a cloth.

Persons physically weak should take tonics to keep up their strength. It is also important that the bowels be kept regular. No ordinary case is likely to require any further treatment than this to insure a complete recovery. For sale by C. M. Creamer.

Lady (loosely running away).—Dear, dear, what will become of me?

New Cuckooing (grimly).—Maiden, it depends on your past life, I'm all right.—New York Ledger.

Notice for Publication. (Homestead 3471.) LAND OFFICE AT SANTA FE, N. M., Feb. 10, 1899.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver, at Santa Fe, N. M., on March 13, 1899, viz: Melquiades Arriaga, Bartolo Vigil, Simon Quintana, Encarnacion Vigil, all of Rowe, San Miguel Co., N. M.

A. L. Mounson, Register.

Sleepless Nights. Made miserable by that terrible cough, Shiloh's Cure is the remedy for you. C. M. Creamer.

He—You used to think the world of me.

She.—But I'm not so worldly now.—Town Topics.

Happy Husbands. Wm. Timmons, postmaster of Mayville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from kidney and liver troubles." John Leslie, farmer and stock man of same place, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies, he found new strength, good appetite and felt just like he had a new lease on life. One's got to have a bottle of C. M. Creamer's drug store."

By giving you the current information necessary to intelligently utilize your means. For \$1.00, The Kansas City Weekly Journalist—fourteen-column paper, complete in every feature necessary to make it first-class, can be had for \$1.00 per year. Those who have received this valuable paper during the campaign need no introduction. To all others we say, try it. Hand your subscriptions to the publishers of this paper and he will forward same to us. Journal Co., Kansas City, Mo.

Here today and there to-morrow—the world's exposition.—Frank Leslie's Weekly.

Notice for Publication. (Homestead 4745.) LAND OFFICE AT SANTA FE, N. M., February 15, 1899.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register and receiver at Santa Fe, N. M., on March 27, 1899, viz: Sylvester Davis, for the sec. 4, sec. 4, sec. 2, lot 4, sec. 26, n. e. 4, sec. 33, lots 1, 2 and 3, sec. 26, t. 14 n. r. 9 e.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Jose B. Ortiz, R. B. Wilson, Clemente Ortiz and Encarnacion Duran, all of Santa Fe, Santa Fe county, N. M.

A. L. Mounson, Register.

Just at present the ice man is the individual who is anxious to take the cake.—Berkshire News.

Take Care! There is Danger in allowing the effects of the kidneys to grow through neglect. The steady shows of Bright's disease and diabetes will wreck the body and health in a few months. It is allowed to drift on and on until the kidneys are so diseased that they are unable to perform their duty. Under such conditions, the kidneys are so diseased that they are unable to perform their duty.

The kidneys are so diseased that they are unable to perform their duty. Under such conditions, the kidneys are so diseased that they are unable to perform their duty.

California Excursions.

Are you going to California? If so, read the following and find out how much it will cost you, and what you can get for your money. The Santa Fe route runs weekly excursions (every Friday) from Kansas City and points west to San Francisco, Los Angeles, San Diego, and other Pacific coast points. The ticket rates are the regular second class rates—\$35—from the Missouri river to principal California points. Pullman tourist sleeping cars are furnished. Those cars run through, without change, from Kansas City to San Francisco. Thereafter for berth is remarkably low, being \$2 for a double berth from Kansas City to California. The Pullman company furnish mattresses, bedding, curtains and all sleeping car necessities, including the services of a porter, with each car. The parties are personally conducted by experienced excursion managers, who give every attention to passengers, insuring the comfort and convenience. For more complete information regarding these excursions, rates, tickets, sleeping-car accommodations, dates, etc., address Geo. T. Nicholson, G. P. & T. A., A. T. & S. F. R. R., Topinka, Kas.

A Duty to Yourself. It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Aker's English pills are a positive cure for sick headache and all liver troubles. They are small, sweet, easily taken and do not gripe. Sold by A. C. Ireland, Jr., druggist.

Notice for Publication. (Homestead 2174.) LAND OFFICE AT SANTA FE, N. M., Feb. 10, 1899.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver, at Santa Fe, N. BETTER THAN GOLD. RESTORED HER HEALTH.

For 25 years I suffered from boils, erysipelas and other blood affections, taking during that time great quantities of different medicines, without giving me any perceptible relief. Friends induced me to try S. S. S. It improved me from the start, and after taking several bottles, restored my health as far as I could hope for at my age, which is now seventy-five years.

Mrs. S. M. Lucas, Bowling Green, Ky. Treatise upon the development of the skin from the SWIFT SPECIFIC CO., Atlanta, Ga.

NEW LAND PATENTS.

An interesting list for New Mexico Settlers Now Lying in the Local Land Office.

Following is a list of new patents issued for New Mexico land and now lying in the local land office awaiting the pleasure of settlers:

DESERT LAND.
No. 7. Josiah Starbuck, Rio Arriba county.

PRE-EMPTIONS.

- No. 1075. Samuel R. Lashbaugh, Rio Arriba.
1089. Jacob Hoffman, Valencia.
1095. Nicolas L. Winston, San Miguel.
1096. Wm. H. Blue, Socorro.
1096. Walter R. Neil, Valencia.
1092. Manuel Sanchez, Lincoln.
1090. Ricardo Gama, Lincoln.
1084. Richard E. Wilson, Colfax.
1088. James MacDonald, Mora.
1095. John P. Osborne, Valencia.
1091. Chas. Paxton, Valencia.
992. John T. Davis, Colfax.
982. Juan T. Pacheco, San Miguel.
981. Francisco Montoya, Colfax.
980. Juan J. Archuleta, Colfax.
976. Juan Rodriguez, Colfax.
975. John Hatch, Colfax.
967. Mason M. Yeager, Socorro.
966. James M. Siegfried, Socorro.
941. James M. Mundy, Colfax.
922. Trinidad Lucero, Mora.
817. David C. Pryor, Colfax.
806. Antonio Brestes, Colfax.
799. Antonio A. Gonzalez, Colfax.
782. Almer S. Reynolds, San Miguel.
748. Joseph W. Keller, Mora.
739. Jacob Robbins, San Miguel.
728. Wm. O. Bennett, Bernalillo.
687. Geo. C. Cook, Colfax.
685. John Bates, Colfax.
651. John Antonio Mejia, Colfax.
641. Pablo C. Aragon, Colfax.
639. Henry White, Colfax.
694. Saturnino Chavez, San Miguel.
692. Santiago Martinez, San Miguel.
646. Myrtas Barcos, San Miguel.
249. Portr Johnson, Colfax.

HOMESTEADS.

- No. 1371. James H. Ferguson.
1366. Alexander Sevan.
1348. Montegut Garand.
1313. Joseph Harris.
1318. James M. Howard.
1290. Teodoro Sanchez.
1287. Atanacio Sanchez.
1208. Dennis Coryell.
1207. Christine Rivera.
1233. Juan Jose Suis.
1225. Wm. Locke.
1224. Edna Vaughan.
1220. Epifanio Valdez.
1198. Orange Phelps.
1192. Donato Salazar.
1181. Eugenio Romero y Gallegos.
1158. Wm. M. Smith.
1126. Jose A. Martin.
1125. Felipe Santiago Martin.
1115. John McClintock.
1094. Geo. Wheeler.
1092. Burleigh Collins.
1089. Concepcion Dominguez.
1082. German Trujillo.
1061. Daniel Trujillo.
1054. Jose M. Mares.
1053. Miguel Osorio.
1052. Pablo Candelaria.
1051. Juan Gutierrez.
1040. Donato Candelaria.
1043. Jose Apodaca.
1034. Nicolas Bica.
999. Jose M. Ubarri.
998. Augustin D. Ubarri.
989. Florentino Gonzales.
980. Gabriel Gutierrez.
915. Ponciano Hurtado.
880. Teodoro Chavez.
879. Andresito Chavez.
817. Enana macion Gallegos.
809. Samuel M. Martin.
788. Moses B. Stevens.
736. Wm. Wright.
716. Juan B. Pareja.
678. Juan Y. Mollo.
675. Francisco Wall.
662. Vicente N. Quintana.
618. Fernandez Baca.
605. Leon Mestas.
283. Nicolas Ortiz.
220. Eugenio Mestas.
106. Augustin A. Rivard.

MINERAL PATENTS.

No. 26. J. L. Jenks and the Ruelans Consolidated Mining Co.

DODGE SCOUT LOCATION.

No. 1. John S. Conner, assignee of D. H. Talbott.

OFFICIAL BITS.

F. D. Lewis, special agent of the Indian department, came in from the south last night.

Deputy U. S. Marshal Serapio Romero returned last night from a trip to Taos on official business.

The grand jury is to-day engaged in investigating U. S. cases, and a large number of witnesses is on hand.

By reference to the New Mexican's Washington dispatches it will be seen that Mr. Winfield S. Coburn has been appointed register at the U. S. land office for Roswell.

George E. Johnson, at present recorder of the city of Santa Fe, is a candidate for the position of register of the land office at Roswell, held by Capt. John H. Mills until his death last week.

Frank J. Wright, a Silver City attorney, is in the city to examine into the status of the affairs of the late Pueblo Indian agent, Col. Melrose. Mr. Geo. W. Knobel will likely be appointed administrator.

Judge Whitman's condition is little improved to-day. If he does not recover sufficient by Monday to resume his court duties, he will probably ask Judge Lee to take hold here and preside for a few days.

A very important meeting of western cattle men takes place at Fort Worth on March 11. Its object is to inquire into the causes which have led to the low prices of beef to the producer without any corresponding benefit to the consumer. Gov. Prince has been asked to appoint a full delegation of stock men from New Mexico.

It is understood that the board will order work on the foundation for the university of New Mexico on the opening of the spring, and that all the available cash, amounting to about \$12,000, will be used in the construction of the building. Work will then be suspended until the next legislature, when another levy of taxes will be made.—Citizen.

The Democrat asserts that the sheriff of Valencia county, who is a son-in-law of Col. Frank Chavez, has not accounted to the territorial auditor for any of the taxes collected in that county; whereas Col. Chavez files a general denial, and places the editor of the Democrat at odds with vituperative epithets. An easy way to settle the matter would be for Hon. Trinidad Alarid, the territorial auditor, to make a statement on the subject.—Las Vegas Optic.

The auditor, Hon. Trinidad Alarid, does not receive any money collected from any source for the territory. The treasurer, Hon. Antonio Ortiz, is similar under the law (see Sec. 2861, Compiled Laws) receives all public moneys collected by sheriffs for territorial purposes.

Engineer Booker's Loss.

Engineer B. F. Booker, of the Santa Fe company, is at present in camp near Cerillos, running surveys to San Pedro, and he will probably be interested in the substance of a dispatch detailing a bold and successful robbery at his dwelling in

Topeka on Tuesday night last. The dispatch says: A young man ransacked the residence of B. F. Booker and took \$1,500 in cash and diamonds, watches and jewelry valued at \$1,000. Mrs. Booker was awakened at 12 o'clock and found a burglar in her room. She asked what he wanted. He spoke to her and sat down on the window sill and talked for half an hour. Finally calling the servant and asking her for the money. He cautioned the woman to make no outcry, assuring them if they remained quiet until he departed he would hurt no one. When he got ready to go he made them good night and went out the front door. He promised to leave some of the money, but forgot. He said he had entered the house by a back window at 12 o'clock and had gone through every room. He turned on the electric light and went away leaving every light burning except the one in Mrs. Booker's sleeping apartment. Wm. Ragan, a brother of the servant girl, has been arrested on suspicion and Mrs. Booker has identified him.

Rheumatism.
Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, and its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

ROUND ABOUT TOWN.

In figuring upon your fate and calculating the chances, Don't drop your head till you create a trip on better circumstances. But, though the sentiment is bold, Let one hand raise and one hand hold.

The old timers predict a wet spring. City incorporation is making fresh converts daily. Agitate it.

Rain to the depth of .30 inches fell during yesterday's storm.

Col. Douglass offers his valuable carriage horse, a grandson of Lexington, for sale.

Lighted streets these dark nights would secure more comfort and security for the average citizen.

Washington's birthday to-morrow. How many can tell off hand and at once, how old is the father of our country?

The grading of Palace avenue to the Fischer brewery would provide a very pretty drive for Santa Fe citizens.

A little of the tax payers' money judiciously expended on the completion of the bridge on Don Gaspar avenue would benefit the entire community.

According to estimates made yesterday by Mr. Kemer, only the sum of \$141 is required to complete the bridge on Don Gaspar avenue leading to the capitol.

Yesterday's rain storm in Santa Fe brought much worse weather to eastern Colorado and western Kansas. The noon mail from the east was delayed on that account until 3:30 this afternoon.

The combination gas and electric light fixtures will all be in place this evening. There are fifty chandeliers and they add much to the appearance of the already handsome offices and court room.

Many citizens are yet complaining of the effects of la grippe, it being a fact now generally conceded that with this disease a man is scarcely sick until after he thinks he has about recovered. It is the aftermath that hurts most and brings most serious trouble.

John Shank, of Las Vegas, who is largely interested in the Tres Hermanos group of mines at San Pedro, passed down the road yesterday en route to San Francisco. He will purchase pumping and hoisting machinery for the Tres Hermanos while in the western metropolis.

Those citizens who are exercised lest petroleum and not artesian water should be struck in the experiment now in progress, may get some satisfaction out of the fact that a process has been discovered for solidifying petroleum in the form of bricks. These bricks can be easily cut, are small and compact, burn slowly, generate intense heat and are non-explosive, making a cheap and first class fuel.

THE UNIVERSITY WORK.

New Teachers on Hand and Special Classes Organized at Flourishing Institution.

The enrollment of the university now exceeds 130. All the classes in the common branches are large and are doing very commendable work. Aside from the regular work, Miss Whitlock has a class in Latin and an evening class in short hand; the latter especially is making rapid progress. Miss Platt's class in book-keeping shows much interest in the study, and will gain a good knowledge of the subject this year. Miss Platt also teaches penmanship to the whole school, an hour each day free of charge. This is proving itself to be a success. Miss Nellie Gunn, who came a week ago to take charge of the musical department, has started a class already. She will sing in the Methodist church next Sabbath. Prof. Newman has extra classes in commercial arithmetic, algebra and ancient history, the last, though small, is very enthusiastic and will finish Greek and Roman history this year, and will take up the history of the Middle Ages next fall. Altogether the university is now supplied with a first class corps of teachers, and they are working in unison to make this the leading educational institution in the southwest.

PERSONAL.

At the Palace: G. H. Olendorf, St. Joe; Frank D. Lewis, Pomona, Cal.; Ed. S. Waddles, St. Joe; E. H. Twohey, J. T. Twohey, Chicago; C. R. Linz, New York; G. D. Pearce, Butte, Mont.; H. W. Hawley, Minneapolis; Chas. F. Forster, Pittsburg; A. Sedner, Chicago; J. M. Schnapp and wife, Fort Dodge, Iowa; E. Huhn, Cash Entry mines; E. Renshaw Bush, New York.

Mr. and Mrs. W. E. Haskell, E. B. Priest, W. H. Lyman and C. S. Leeds, of Minneapolis, Minn., are sojourners at the Palace.

R. C. Barnard, of Salt Lake, and A. J. Wright, of Alamogosa, came in on the narrow gauge this afternoon.

Mrs. Chas. Drury has gone on a visit to friends at Las Vegas and the hot springs.

E. S. Waddles, a popular St. Joe traveling man, is at the Palace.

Geo. D. Grant and wife, of Boston, register at the Exchange.

J. A. C. Koons, of Monte Vista, Colo., is at the Exchange.

Col. J. N. Smith returned from the east last night.

TERRITORIAL TIPS.

Jose Luz Romero died at Colim, Bernalillo county.

A majority of the stockholders of the Rio Grande Irrigation & Colonization company held a meeting at Albuquerque.

A Mexican boy dug up an old tin can on Bell & Stephens' place, Silver City, containing \$2,000 in gold. Stephens claims it and a law suit is on over it.

Prof. Hodgins informs the Citizen that the public school in district 20 has an enrollment of 110 pupils, and that this district has averaged 100 pupils five years.—Albuquerque Citizen.

The ladies of the Catholic church realized \$25 from their dance, which was a pleasant affair and well attended. They now need \$15.15 to complete the payment for the organ.—Pinos Altos Miner.

Pinos Altos note: Bell & Stephens have let out about half of their men at their mine on account of having out too much ore. The vein is four feet wide and the men can keep a ten stamp mill going steady.

Old residents of the city will remember Col. A. J. Barr and son, Leo. The family now resides in Kansas City. Mrs. Barr writes to a friend in this city that Col. Barr is too blind to attend to any business and Leo is dying with consumption.—Citizen.

Felix Ortiz, of Salitre, was arrested and brought in yesterday, charged with having committed rape on a married woman named Sista Aron. His examination will take place before Judge Armitage, Saturday, and he has given bond for \$1,000 to appear then.—Optic.

Silver City continues to keep up her well deserved reputation as the most thoroughly and artistically musical community in the territory. Some of the finest and best trained voices in all the south are to be found there. And her music loving people are constantly getting up well rendered operas, musical extravaganzas, concerts, etc.

Las Vegas note: The social organization known as "the Sixty-Four club," was reorganized last night at a meeting held at the A. O. U. W. hall and the name changed to "the Las Vegas club." Rex Hardy was elected president, John Hisey, vice-president; Mr. Conner, secretary, and treasurer, and Charles Tammie, Frank Robinson, Sol. Rosenthal, Ed. Rowe and R. B. Forbes, were elected directors.

At an early hour this morning S. A. Johnson discovered the dead body of an old man lying in the acequia north of the city. The dead man's name was Antonio Abad Garcia, who was 88 years old at the time of his death. He lived in the upper town, and was regarded as insane. He had been missing for the past three days from his home, and parties have been searching for him. The jury found that he came to his death by falling in the acequia.—Optic.

District court is in progress at Silver City. Following is a list of the prisoners in the county jail charged with murder and awaiting the action of the grand jury: Pat Devine, Walter Bachfield, Elenio Ortega, Manuel Eduardo, Rafael Trevencon and Harry Brooks. The following are charged with having committed felony and their cases will be considered by the grand jury: Nicholas Esqueda, William Parker, E. Ortiz, Charles McLean, P. L. Helley, Charles Wicke, Leonard Lee and George Smith.

Crucifix note: "There is everything to be gained by incorporating Las Cruces and nothing to lose. The benefits are innumerable; a pest house would be established out of town, where the small pox cases could be properly cared for, and it would be prevented from spreading; the streets could be improved; sidewalks paved; owners of filthy corals would be made to clean them up, and many other things, too numerous to mention, would be done. We hope that the prominent men who have expressed themselves as favoring incorporation will push the matter through."

By a careful observation of the number of loaded cars leaving and arriving at the Silver City depot, it is learned that the number loaded with ore, marble and coal leaving the city will double the number loaded with general merchandise, machinery, etc., arriving here. There is no such thing as an empty car leaving this point, while the number of empties arriving daily are quite noticeable. When it is considered that the freight receipts of this city are as great as those of any city in the territory, a fair idea of the magnitude of our exports can be secured.—Silver City Sentinel.

The finding of the pot of gold recalls the story of Capt. Davis' buried treasure. Capt. Davis washed out over 8000 worth of gold from Rich Gulch and has buried some where around the camp. The gold is in a pickle jar and the jar is in a tin can. Pete Kness, comes nearer to knowing where it is than any one else and he thinks the gold is buried in the old stable next to Fisher's blacksmith shop. A treasure hunter also buried some gold, about \$300 worth, near Skillcorn's mill and that has never been found, so there is still a chance for some one to make a rich strike.—Pinos Altos Miner.

Army Orders.
By authority of the secretary of war, commanding officer Fort Union will grant to Private John C. Hubbard, company C, 10th infantry, a furlough for six months, with permission to go beyond the sea.

The commanding officer Fort Union will grant to Private Henry Traynor, troop 6, 6th cavalry, a furlough for five months, to take effect on March 15, following.

The commanding officer Ft. Marcy will grant to Quartermaster Sergt. William Walther, 10th infantry, a furlough for six months, with permission to go beyond the sea.

The verbal orders of the department commander of February 12 inst. to 2d Cavalry, Chap. 10, over and to be followed by the commanding officer Fort Lowell, A. T., and return to Fort McDowell, are confirmed.

2d Lieut. W. S. Biddle, Jr., 13th infantry, camp at Guthrie, I. T., and 2d Lieut. C. L. Foster, 5th cavalry, Fort Reno, I. T., proceed without delay to camp at Oklawaha, I. T., for general court martial duty.

Wines and Water.

Manager E. Huhn, of the Cash Entry mines, is in the city to-day in company with Mr. E. Renshaw Bush, a mining expert from New York city, who has been looking over properties in the Cerrillos district. Mr. Huhn says the new pumps and hoisting machinery are partly on the ground and partly on the way, and ere long he hopes to have the new machinery doing its work well. From what the gentleman intimates it is evident that bright days are in store for the Cash Entry region. It is believed that this pumping and hoisting machinery now going into place will be as perfect a plant of the kind as ever put up in the territory. The contractor will complete in due time, said Mr. Huhn when asked about that prospective improvement. The gentleman also said his experience in the mines at 600 feet down had convinced him that water was by no means scarce hereabouts and he said that all the people of Santa Fe had to do to secure artesian water was simply to go after it.

Old papers for sale in quantities to suit at this office.

ROYAL BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. Royal Baking Powder Co., 108 Wall Street, N. Y.
