Argentina: January Inflation

by John Neagle

Category/Department: General

Published: Tuesday, February 14, 1989

According to a report by the National Statistics and Census Institute (INDEC) released on Feb. 6, average consumer price inflation for the month of January was 8.9%. Inflation for the past 12 months totaled 378%. The wholesale price index rose 6.9% in January compared to December; the 12-month total was 406.9%. Argentina's Central Bank reported that as of Feb. 3, monthly interest rates had reached 20%. (Basic data from several reports by Diarios y Noticias, 02/06/89)
