WESTERN CROPS.

What the Department Knows About New Mexico Production.

WASHINGTON, March 27.—The department of agriculture has issued a report on the distribution and consumption of corn and wheat which is of unusual interest to the farming community of the west. The quantity of corn reported as consumed or distributed is very large. In some sections distribution has been hindered by the soft condition of the roads. Its cheapness tends to lavish use and feeling has been liberal if not wasteful. Some corn in the district west has been used for fuel, where it is cheaper than coal—an entirely legitimate use, says the department, because it is superabundant and cheap everywhere, and not desired for food, even by the hungry foreigners.

COLORADO LEADS.

The average weight per measured bushel of the crops of the last seven years is 57.7-10 pounds. The average weight of this year's Colorado product is nearly two pounds above the average, being 59.1-10 pounds per bushel. Careful examination of the reports from other states shows that Colorado leads every state and territory in the union in this particular, namely: The weight of the wheat per bushel, while Utah, Montana, Oregon and Nevada come next.

NEW MEXICO'S PRODUCTION.

New Mexico produced 1,126,000 bushels of corn, 18 per cent of which remained on hand on March 1. None was shipped out of the country, where grown, and 90 per cent of it was merchantable at 50 cents a bushel, the balance of it being valued at 26 cents per bushel. The same territory produced 1,096,000 bushels of wheat, 27 per cent of which remains on hand. Two per cent was shipped out of the country where grown. The average weight per bushel was 57.7-10 pounds.

CROPS OF LOW PRICES.

The subject of the low price of rural products and the resulting agricultural depression is considered briefly. It is shown that the main staple products of agriculture, like corn, wheat and meats are produced in greater proportionate abundance than in former times, notwithstanding the large increase of population and that there is a sad lack of production of foods and fibres and scores of products demanded by our advancing civilization, leaving rural labor idle or employed in an unprofitable enlargement of products which lay lamentably on the world's markets. Another serious cause of depression is the unnecessarily and inequitably large proportion of the value of agricultural products that is consumed by the carrier and middle man in their passage from producer to consumer. The increasing army of non-producers with their combinations for gain under pretense of helpfulness is shown to be a heavy burden upon productive industry and illustrates the truth that the natural sly of the farmer is his fellow producer in other lines.

Pan American on Silver.

WASHINGTON, March 27.—The Pan American conference has adopted the report of the committee on communication on the Atlantic and Pacific recommending the granting of government aid to lines of steamers.

The monetary committee presented two reports. The South and Central American delegates to the committee united in a report in favor of an international silver coin.

Mr. Esteo, one of the United States members, agreed in the general recommendation, but differed in details. He recommends the coinage of silver dollars of 42 grains, 900 fine, and the organization of a monetary union under whose direction the coinage shall be executed. He and the foreign delegates are for bimetallism, but Mr. Coolidge, the other United States member, is a monometallist.

A Touching Incident.

BERLIN, March 27.—A farewell audience between the emperor and Bismarck was held yesterday. It lasted three-quarters of an hour. As the prince was driving across the bridge between Lust Garden and Unter den Linden his horses shied and one of them became entangled in the traces. It was necessary to stop the carriage until the harness was rearranged. A crowd quickly gathered about the ex-chancellor and the ladies threw him bouquets and kissed his hands to him. Bismarck was so greatly affected that he shed tears. He shook hands with a number of those about his carriage, and his voice faltered as he thanked the people for their demonstration of affection. The accident was of trifling nature, and as soon as the harness was rearranged the prince resumed his drive amid cheers.

Smelters Protest.

LEADVILLE, March 27.—At a meeting of the representatives of Leadville's four smelters here yesterday a resolution was passed protesting against the imposition of duty on silver-lead ores from Mexico for the reason that even with those ores it is difficult to get enough to keep the smelters in Colorado alive, and that to shut out Mexican lead would sooner or later close up every smelter in Leadville. Telegrams were sent to leading western members of congress urging them to oppose the proposed duty. The American smelter was represented by its president, Henry I. Higgins; the Arkansas Valley by General Manager Chas. T. Limber, the Harrison Reduction Works by its superintendent and manager, J. W. Neil, and the Elgin smelter by its manager, H. Sherman.

A Chicago Sensation.

CHICAGO, March 26.—A sensation was

created yesterday afternoon in front of the First National bank when Mrs. Frank Kent, a widow, horsewhipped United States Commissioner Simeon W. King. After receiving several blows, King in desperation lifted his cane and struck her. A policeman then arrested the woman and King went to his office.

Mrs. Kent claims King, who had been her attorney, defrauded and calumniated her. King says Mrs. Kent held in unlawful possession one of his houses in company with an alleged anarchist named Harbaugh, and he, objecting to such tenants, was about to have her ejected.

Mrs. Kent was bailed out by Harbaugh.

San Luis Out West.
MONTE VISTA, Colo., March 27.—Edward B. Denton of Akron, Ohio, is in the city. He intends to build an oat meal factory at this place, as he says the oats raised here in this valley are far superior to any oats he has seen.

The famous north and south farms have finished feeding. They have put in about 6,000 acres, and as the outlook is favorable they expect to reach a rich harvest.

Queer Drinks.
ST. LOUIS, March 27.—Mrs. Nat C. Goodwin, in a fit of jealousy, attempted to commit suicide by taking carbolic acid Sunday night, in her room at the Southern hotel.

Evansville, Ind.—Prof. Richard Owen, a well known scientist, was fatally, and night by taking a drink from a bottle supposed to contain mineral water, but which really was embalmic fluid.

Prof. Owen was one of four sons of the Scotch pianist, Robert Owen, known all over the world for his learning and benevolence.

Queer Inventions.
CHEYENNE, March 27.—Michael Solomon, the "wizard turner," exhibited his work to an audience of Cheyenne mechanics last evening. His work includes globular ivory shells containing various shaped figures of perfect form and most marvelous bits of wood work. He has a number of ironwood shells which roll up an incline, but persistently refuses to roll down.

Solomon shows the evidences of his thought and skill to colleges and scientific societies. He has been called "king of the lathe" and has been a turner for fifty-three years.

Dynamite and Disaster.
PANAMA, March 26.—During a severe electric storm that swept over the mining pueblo of Huanchaca, in Peru, recently, the lightning struck the magazine, exploding 200 cases of dynamite and killing five persons were killed outright and about forty more or less seriously injured. Fires immediately broke out on several places, but were extinguished before they had contributed much to the general damage.

Indiana's Next Governor.
WASHINGTON, March 27.—Washington gives currency to the rumor that Clement Stockholder, of the Pan-American congress and well known in Colorado, will probably be the next Republican candidate for governor of Indiana.

He is a strong personal friend of the president and it is believed that if he should permit his name to go before the convention he would be a very strong candidate.

An Epidemic of Diphtheria.
HALIFAX, N. S., March 26.—An epidemic of diphtheria has swept over Burin, N. F. There is no doctor in the district, and the sufferers were attended by Rev. Father Walsh, who with his own hands cleared the throats of the victims, and of forty cases that the priest attended only one proved fatal.

The priest took the disease himself and died after a day's illness.

Alliance Works.
STANTON, March 25.—Major Christman, Jacob Hiesler and Mr. Price, representing the Farmers Alliance of the United States, have concluded to establish alliance agricultural works at Iron Gate, Va. The works will employ from 300 to 500 hands and the products will go to every subdivision in the country, representing 4,000,000 members.

Telephone Earnings.
BOSTON, March 27.—The annual statement of the American Bell Telephone company shows earnings of \$4,044,704, against \$3,805,118 in 1888; increase net earnings, \$244,533. Dividends, \$1,230,500; increase, \$16,644. Surplus, \$2,161,011; increase, \$22,376.

A Union Pacific movement.
NEEDLES, March 27.—A party of Union Pacific surveyors left Homer, a station on the Atlantic and Pacific road, twenty-five miles west of here, today. The party is in charge of Surveyor Maxwell, they are running a line northward from that point.

Boulanger Again.
PARIS, March 27.—Boulanger has written a letter in which he renews his offer to return to France providing the government will allow him to be tried by the court of appeals or court martial.

NEW MEXICO WILL WIN.

An Enabling Act to Be Reported—Wyoming Under Consideration.

WASHINGTON, March 27.—The house committee on territories held a meeting yesterday for the purpose of considering a bill to provide an enabling act for New Mexico. After considerable discussion a resolution was adopted by a party vote providing that further consideration of the bill be postponed and a sub-committee of five be appointed to consider the propriety of reporting to the full committee an enabling act under which New Mexico may be admitted under the constitutional convention at Santa Fe, October, 1890.

The bill for the enabling act for Arizona was also referred to the same sub-committee.

Washington, March 26.—The house committee on rules reported a resolution making the Wyoming admission bill the special order for the day, to be taken at 5:30 this afternoon until 11 o'clock tomorrow, the previous question to be considered at 11 o'clock. This was adopted and the Wyoming bill was taken up.

Baker, of New York, submitted an argument in favor of the measure.

Barnes, of Georgia, opposed the bill because he believed there were gross irregularities in the adoption of the constitution of Wyoming, and because he believed the territory did not contain the population requisite, and because there were incorporated in the constitution features based upon the subject of female suffrage antagonistic to Republican institutions.

Army Desertions.

WASHINGTON, March 27.—The long looked for proclamation of amnesty for all deserters from the army since 1873 has not yet been issued by the president, and its advocates begin to fear it has struck a snag somewhere and will never appear. Army officers who have studied the subject of desertion in the army and its causes are generally opposed to the proposed proclamation and many of them have concluded the president will not issue it, as it would probably result in a great increase in the number of desertions for the next five years. They say it would amount to declaring to the enlisted men that desertion was not much of a crime after all, and that if they could desert and escape immediate arrest they would soon be included in a new amnesty proclamation. There is comparatively little excuse for desertion, it is argued, in a country where military service is not imposed upon any one and where enlistment is perfectly voluntary, yet in the United States army the percentage of desertions is greater than in any other army in the world. Statistics have been furnished to the president showing that desertion was the disgrace of the volunteer armies, both of the north and the south, during the war, and that over 200,000 deserters from the northern army alone, and many of these deserters have in one way and another, succeeded in getting on the pension rolls or into soldier's homes.

Folks Who Want Free Lead.

WASHINGTON, March 27.—The other side of the Mexican silver-lead ore controversy is now having its turn, and is writing telegrams to the members of the Colorado delegation in London, of the A. K. A. and American Smelting companies, of Leadville, saying in effect that the impression that the Colorado miners want Mexican ore taxed is erroneous; that the lead mine of Colorado now realizes from \$3 to 8 per ton, and that it can be reduced to bullion for this is due to the fact that lead ores are becoming scarcer every day. This they say must be paid by the miners of idyls.

The delegation intimates in speaking of these representatives, that those who hold this are rather slow in coming forward.

A bill passed the senate of the last congress with a provision for taxing lead ore, and no opposition was then made to it by either the miners or smelters of Colorado, nor was any opposition made when an effort was made last spring to have the secretary of the treasury construe the law so as to impose a duty on Mexican ores under the existing law.

The objection that it is strange if the smelters and miners were so greatly interested as these telegrams represent, that they made no protest at the time.

The Cherokees Again.
WASHINGTON, March 27.—The Cherokee commission today heard statements from representatives of tribes in the Indian territory. Several propositions were submitted to the commission, and it was said if the proposition could be made the basis of an agreement, the Cherokees would consent to a cession of land. Chief Mayes' propositions are substantial that the government shall fulfill its obligation and expel from the Cherokee nation all non-citizens. A joint commission will be appointed to determine the question of the citizenship claimed by several thousand freedmen now in the territory; the government to relinquish the right to settle friendly Indians on the Cherokee lands east of 90th parallel. The government shall indicate its willingness to pay a fair cash value for the Cherokee outlet. Mayes and his lieutenants never disclaim the authority to speak for the people.

A Little Giant.
ESPAÑOLA, N. M., March 26.—J. T. Hagun, vice president and superintendent of the Kendall mining company, is here shipping a 52-inch turbine water wheel to their placer mines on the Chama. It weighs over 5,000 pounds, and is to operate a 10-inch Hall pump. One thousand gallons per minute is the estimated capacity of the pump, which discharges through a hydraulic nozzle strong enough to lift hundred-pound boulders. It requires a strong wagon and six yoke of cattle to haul the wheel from Espanola to the mine.

TO RECEIVE THE ARCHBISHOP.

Citizens Preparing to Greet Him on His Return from the Holy City.

At a meeting of citizens at the court house last night, over which Don Felipe Delgado presided, it was resolved to arrange a rather elaborate program for the reception of Archbishop Salpointe on the occasion of his arrival home from a long stay in Rome. A street parade will be organized, in which the citizens generally are requested to take part, and other features will be decided upon later with a view to giving his grace a reception that will in every respect prove worthy of Santa Fe's hospitality. Messrs. Nestor Montoya and Jose D. Sena, jr., were named to select two gentlemen who shall deliver addresses of welcome. Other features of the program have yet to be arranged at a meeting of the various committees to be held to-morrow, Friday evening at the court house.

The following are the committees appointed to have charge of the affair: On Program—Major J. W. Summerhayes, Frank Chavez, George A. Johnson, E. H. Salazar, John Gray, C. Mondragon, Felipe B. Delgado.

On Finance—Hon. Sol Spiegelburg, B. M. Read, C. M. Creamer, Luciano Baca, Atanacio Romero, Miguel Silva, Narciso Mondragon.

On Invitation—Hon. A. S. Morrison, Jose B. Ortiz, B. M. Read, Gabriel Martinez, Larkin W. Read, Chas. M. Conklin, Asencio Silva, Antonio Ortiz y Salazar, Trinidad Alarid.

Reception Committee—Rev. Brother Rutolph, Hon. L. Bradford Prince, Gen. E. L. Bartlett, Bernard Seligman, Antonio Ortiz y Salazar, Col. Max Frost, Wan. Bredon, F. W. Clancy, Trinidad Romero, Geo. W. Knaebel, Scarpio Romero, A. L. Morrison, J. L. Johnson, Trinidad Alarid, Jose D. Sena, Felipe B. Delgado, Felipe Delgado, Aniceto Abeyta, Jose Segura, J. H. Sloan, J. Symington, John Gray, W. D. McKenzie, George A. Johnson, Jose D. Sena, jr., August Kirchner.

The archbishop is expected to arrive Monday next at noon, but the exact time of his coming will be announced later.

PLAZA IMPROVEMENT.

The board of county commissioners today authorized Capt. John Gray to have the plaza spaded up and seeded to alfalfa. If the work is carefully done and the ground attended diligently after the seed is in, perhaps alfalfa will make a better showing and more easily produce a green surface than any other grass. There is no use undertaking it, however, unless great attention is given it all through the spring and summer. A garden hose and hydrant ought to be supplied so that a constant spray can be kept playing upon the newly seeded ground. Let it be well done if done at all.

OFFICIAL NEWS.

PROCLAMATION OF PARDON.

The governor today granted a pardon to Barabara Barela Ward, of Albuquerque, sentenced to the penitentiary December 14 last six months and one day for arson. The proclamation sets forth that "after a long and careful investigation extending over more than three months, during which time I have twice visited Albuquerque on the subject, have examined the prisoner and the other prisoner (Lola Garcia), convicted of the same offense, at the penitentiary, have conversed with the most important witnesses at the trial and have obtained all information possible from the judge and the counsel in the case, I am fully satisfied that said prisoner was not guilty of the offense charged, but that the second woman who participated therein was an entirely different person."

NEW NOTARIES.

The governor has commissioned notaries public as follows: H. B. Read, Socorro; L. Jaramillo, Tome; Charles Harvey, Fort Stanton; Lorenzo Labadie, Santa Rosa; Julio Cisneros, East La Joya; T. Labadie, Santa Miguel; E. L. Brown, Socorro; W. S. Williams, Las Vegas; J. M. Chavez, Belen; John McMillen, Pinos Altos.

Mr. Waddingham's Marriage.

The New Mexican is gratified to be able to chronicle in its columns the marriage at Romero, yesterday afternoon, of Mr. Wilson Waddingham, most widely and honorably known throughout New Mexico, to Miss Nannie Barrow, daughter of Major and Mrs. J. E. Barrow, of St. Joseph, Mo. Major Barrow with his wife and daughter have been for some time past stopping at Las Vegas hot springs, and will accompany the happy couple on a tour to Old Mexico.

The ceremony was quietly solemnized at 3 o'clock at the groom's beautiful and spacious residence known as "Buena Vista," and consisted of six to eight relatives and intimate friends of the bride and groom, principal among whom were the bride's father and mother and the groom's eldest daughter and her husband, Hon. John L. Mills.

Mr. Waddingham has been prominently identified with New Mexico the past twenty years, being largely interested in

the cattle raising industry and is the largest individual land owner in the territory. He is a very progressive, far seeing, methodical and remarkably successful man of business, and is at present closely identified with several improvements and large irrigation enterprises on his vast landed estates, and which will prove a great benefit to the territory. In the financial world his standing is justly and properly of the very best. He is one of the most honorable and generous of men, with a whole army of friends who will join the New Mexican in wishing him and his all the felicitous pleasures of this life.

Mr. and Mrs. Waddingham contemplate making "Buena Vista" their home during the fall, winter and spring months.

One Fact.

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also cures that tired feeling, creates a good appetite and gives strength to every part of the system. Try it.

MENNONITES SETTLED.

The First of a Large Kansas Colony Finally Settled in This County.

Some thirty-five Mennonite farmers from Hillsboro, Kas., and other sections of Reno county, arrived in southeastern Santa Fe county yesterday, bringing with them everything in the line of stock, provisions and farming utensils required for successful farming.

Their effects were unloaded at Gloria, and thence they "took to the woods," going westward of that station and near far from Lamy junction, where they found a settlement. They have located public lands there and expect eventually to establish a new town. Some 200 people are expected to come out from Kansas and join them in their new homes before the summer is over. The parties who arrived yesterday simply constitute the advance guard. They brought from Hillsboro, Kas., with them eleven car loads of goods, including sufficient grain to feed their stock for a full year. A. A. T. & S. Co. have given liberal rates for transporting their effects to New Mexico, and Col. Ed. Haren, who for more than a year has been working to bring in this first colony of Mennonites, came as far as Las Vegas with them yesterday.

ROUND ABOUT TOWN.

The new trees are being set out in the capitol grounds to-day.

Several more tramps were run into jail by the police last night.

Does anybody propose to observe Arbor day in Santa Fe this year? It comes April 1.

Bids for the erection of a granary on the military reservation are called for in this paper.

It was a mistake. Mr. Facundo Pino, the very efficient territorial librarian, has no idea of resigning his office.

John Hampel has added plumbing and gas fitting to his hardware business. Look out for his new advertisement on the 1st.

A Raymond & Whitcomb excursion party of about twenty New Englanders are doing the city to-day, en route to California.

Messrs. C. B. Heather, W. H. Whitehill and C. I. Davenport, of Silver City, deputy sheriffs, brought up several prisoners for the penitentiary to-day.

Responsible parties at Rowe say that Trujillo went east yesterday by trail from his Pecos town visit, and that he is now in the vicinity of Tecolote. He is the Las Vegas desperado.

Remember the entertainment Friday night at the Methodist church. General admission 15 cents; children 5 cents. The entertainment is given for the benefit of the church building fund and people should therefore attend it. A good cause should always be helped along.

Hon. J. Frank Chavez is in the city to-day. He is delighted over the gratifying news from Washington concerning the state movement and thinks that every true friend of New Mexico will now redouble his efforts to induce congress to take the right view of this matter.

The New Mexican is urging some improvements in the plaza of Santa Fe. It certainly behooves the "Ancient Capital" not to permit this famous square to fall into decay. Santa Fe would lose much of its charm for tourists and strangers without its well-kept plaza and the evening concerts by the military band.—Denver News.

The Santa Fe Southern officials to-day received complimentary annual passes over Otto Mears' "Rainbow Route" railway, known as the Silverton road. These annuals are of solid silver, the center representing a mountain scene in oxidized colorings and below and above being blue enamel scrolls inscribed in black letters. On the back of each annual is engraved the name of the official to whom the gift is presented. It is said a special pass of similar design, except that it is solid gold, was presented by Mr. Mears to President Moffat of the D. & R. G. line.

PERSONAL.

T. B. Wallace, Mrs. James Wallace, Detroit; H. K. Coale, Chicago; E. E. Hart, Boston; S. Kohn, San Francisco; A. W. Williams, Cincinnati; John D. Wilson, St. Louis, are among to-day's guests at the Palace.

TERRITORIAL TIPS.

A lodge of Good Templars will be organized in Kingston shortly. J. H. Kent for mayor; C. P. Jones for clerk; Wm. Farr for town marshal, were the nominations last night by the Republicans at Albuquerque.

Mrs. R. J. Rosenwald, relict of the late Joseph Rosenwald, arrived from her present home in St. Louis on last evening's train. She was met at the depot by a number of friends.

Judge L. S. Trimble will go to Washington about the 12th of April as one of New Mexico's delegates to represent to congress the importance of settling land titles in New Mexico.—Citizen.

The fractured arm of Joe Gibbets, shot by house-breakers at San Pedro, was operated upon yesterday afternoon, by Dr. F. H. Harris, assisted by Drs. Marron and Henriques.—Optic.

Rev. J. M. A. La Tourrette, who has been retired from a chaplaincy in the regular army, on account of age, left for Fort Union, last night; his wife for Kansas City. They will soon take up their permanent residence at Indianapolis, Ind.

Miguel Desmarais, M. D., is the way he writes his name now. He is a son of one of the pioneer families of Las Vegas, N. M., and brother-in-law of Hon. Chas. Blanchard. He graduated with distinguished honors at the St. Louis Medical college.—El Paso Bulletin.

The most encouraging news reached this office from New Mexico and Arizona during the past week, and the present month, like the preceding one of February, will exhibit an increased product of ore in both territories over that of the same periods last year.—Bulletin.

There is a regular trail made that leads directly over the roof of the station house at Chambers, by travelers walking from Chama to Ortiz. The snow there in some places is twenty-six feet deep, six feet above the tops of the telegraph poles, and these are twenty feet high. What locality can beat this?—Chama Northwest.

The San Juan county commissioners who have been at Tierra Amarica for several days left for their homes Friday. They offered this county \$5,000 to settle, which was not accepted, our commissioners claiming \$14,000. The debt was San Juan's portion at the time of the division some three years ago, with interest.—Northwest.

Rio Arriba note: Mrs. A. J. Barry died at her home near Kosa last Sunday, after having been four days enduring the pangs of child-birth, and giving birth to a son that weighed thirty-four pounds and measured twenty-six inches in length, one of the most remarkable cases on record, born dead. Mrs. Barry weighed 200 lbs. and her husband 225. She left five little children was a lady of many excellent qualities.

The San Diego Sun of the 21st inst. contains a handsome tribute to the ability and character of I. A. Davis, M. D., who years ago resided at Socorro, N. M., where he was respected, not only for his skill as a practitioner and surgeon, but also for his sterling moral character. The cause that gave the Sun occasion to mention the doctor in its recent issue was that of his retirement, after a year's service, as president of the San Diego Medical society.

Quite a large transfer of mining property at Pinos Altos occurred last Thursday. A deed from Luis L. Fieder to Jens Muller and Thomas H. Sweeney, of Galveston, Texas, and Rufus L. Hillin, of New Orleans, La., conveying a one-half interest in the following mines and mining claims, was held at 10 o'clock, to wit: Knie of the West, Golden Crown, Esperanza, Mammoth, Bell, Carlotia, Golden Cross and the Cross. Also the Golden Spring mill site. The consideration named is \$75,000. The group of mines will be operated by the purchasers under an organization to be known as the Mammoth Gold Mining company.—Sentinel.

In a Good Cause.

The Methodist church trustees have purchased a spacious plot of ground on Don Gaspar avenue, just opposite Reaser's new buildings, and they will soon begin there the erection of a handsome church edifice to cost about \$10,000. Farson Fry is now east on business connected with this work, and in order to give the scheme a start at home the congregation have decided upon a pleasant entertainment to take place at the church on to-morrow evening. The proceeds ought to be large under the circumstances. This program will be rendered:

Lee White Again.

The following residents of San Pedro attached their names to an article appearing in the Denver News of Monday, exonerating the now notorious Lee White, behind the bars in Santa Fe, from having a hand in the recent shooting of Joe Gibbets in Tannebaum's store at that place. A. C. Reed, Goodman, Zenger & Co., H. C. Reed, J. P. Peter, Mackel, merchant; S. Goding, merchant; William Lohmick, Adolph Zeigler, W. Tannebaum, John Bell, N. S. Strumquist, W. E. Brown, John Lucas, C. C. Turbell, M. S. Myers, June Moore, Dwyer, J. Jaycox, Alexander G. Lane, M. J. attending surgeon wounded man; Joseph Blakely, A. Rogers, W. H. Davis, James Barron, Albert C. Toddman, Perron, Fontaine & Co.

Las Vegas Jimmyrants.

At the Democratic convention held in East Las Vegas last night the following ticket was nominated: R. C. Stewart, mayor; George Fuller, marshal; Gardner Lay, recorder; H. Levy, F. W. Chatfield, D. McDonald and M. Hart, trustees. Mr. Stewart is an employee of the Brown & Manzanares mercantile establishment, and is a strong man. Fuller is a drayman. He has a hard row to hoe to beat George Ward. Lay is a grocery clerk. Levy, as his name would indicate, is a clothing merchant. Mr. Chatfield is the professor in charge of the Methodist seminary. McDonald is the depot ticket agent of the Santa Fe road. Hart is the superintendent of the gas works.

DIED.

Don Abran Ortiz, one of the oldest and best known residents of Santa Fe, departed this life at 9:30 this morning. His death was quite unexpected. For six weeks or more Mr. Ortiz had been ill, his disease being an affection of the bowels, but very few considered his illness of a dangerous nature. At the hour above named he dropped away peacefully, surrounded by his family and a number of friends. The deceased was about 60 years of age. He leaves a large family in good circumstances. The remains will be buried on Saturday morning next from the cathedral.

That Oil Well.

It really looks as if an oil well had been developed on the Troncoso property, not far from Mr. Gerdes' residence. The well is twenty-four feet deep. Yesterday it was thoroughly cleaned out, the bottom mud and sand being actually scraped up and removed, in hopes of cleansing the well of the petroleum smell and taste. But it was all to no effect. The water flowed in as usual and was just as oily as usual. To-day a great many people have visited the well, and it is plain to see that the surface of the water is covered with a scum of oil. The family have been compelled to cease using the water for domestic purposes. This afternoon samples of the water were secured and they are now on exhibition at Creamer's drug store. It is understood that Messrs. F. D. Smith and John Gray are negotiating for an option on the property on which this remarkable well is located.

The War.

DENVER, March 25.—The Burlington and Union Pacific roads met the Missouri Pacific reduction yesterday, making a rate of \$7.50 to the Missouri river.

The impression in railway circles here is that the war will make no better than a \$5 rate from Denver to Chicago will soon be made.

THE LAY OF A LINE.

THE GREAT WABASH ROUTE. Ye who seek while on the wing All the joys which travel bring Without its fuss and bother, Waiting all ye can get for ocher, Had better try the "Great Wabash," Which rivals every other. Quiet comforts never fail Caught while flying o'er this rail In search of health or pleasure, And better still, we can get for ocher, Traveling o'er the "Wabash Line," Which distance does not measure. Picturesque and grand the view Through the land it carries you, God's garden smiles ecstatic, And smiling streams whose foam and dash Lead a charm to the "Great Wabash," Will make the route serene. Easy, soft reclining chairs With sweet summer awnings, Waiting time and space for you; The morning's sun, or day's decline, Shines still up on the "Wabash Line," All other roads outlying.

I am ready to supply the ladies with Easter hats and bonnets.
