Telegraphic Tidings**WASHINGTON MATTERS.**

THE SENATE.
WASHINGTON, May 21.—The senate laid aside the silver bill and continued the discussion of the bill as to the regulation of imported liquors.

KEMMER CASE.
The supreme court is listening to an argument in the Kemmer case, and is expected to render its decision upon the constitutionality of the law, and it is possible that under this decision a smaller portion of the public domain will be withdrawn from for settlement than is contemplated by the construction now placed on the act.

UNFORTUNATE INCIDENT.
The extraordinary occurrence in the house on Saturday resulting in the capture of Bynum, of Indiana, was a most unfortunate affair in every respect, but particularly so in view of the fact that it consumed a whole day which should have been devoted to tariff discussion and will probably use up another of the days set apart before Wednesday next, when the final vote is to be taken. The Democrats do not intend to let the subject drop. They are pleased to find an excuse for consuming time, which they hope will disarrange the Republican tariff program. They also hope, by crowding out consideration of enough of the important amendments already proposed, to combine the Republicans interested in them, if possible, against the passage of the bill until they secure a hearing.

Beef Raisers.
NEW YORK, May 21.—Cattle exporters are being ground between the millstones. While the price of cattle here has been rising it has been falling on the other side. Compared with a year ago the price of beef abroad has fallen three quarters of a cent per pound, while on this side it has risen one and a half cents. On Saturday quotations in the Liverpool market were six cents per pound; on this side, seven and a half. In the fall of this difference shippers find themselves compelled to continue sending cattle abroad for the reason that they have engaged all the freight that they could secure up to August 1, at \$20 per head. Thus, if they do not ship they will lose \$20 per head, and if they do ship they will lose nearly as much. It is a serious condition of affairs and unless a compromise can be effected with steamers, many small shippers will go to the wall soon.

A GREAT ACHIEVEMENT.
Heliographic Message Flashed One Hundred and Twenty-five Miles.

PRESCOTT, ARIZ., May 21.—The greatest achievement yet made in heliography was accomplished during the practice in Arizona yesterday by Lieutenant Wittenmyer, who succeeded in signaling a message of a single flash 125 miles, from Mount Reno, near Fort McDowell, to Mount Graham, near Fort Grant, where it was received by Captain Murry. The latter, by turning his instrument, flashed the message to Fort Huachuca, a distance of ninety miles, making the distance 215 miles with a single intervening station. The longest distance heretofore made with a single flash was about seventy miles.

Dakota's Drought.
WASHINGTON, May 21.—Drought continues over portions of Minnesota and North Dakota, where high winds have rendered some repatriating necessary. More rain is needed in Kansas and Nebraska, while the excessive rainfall in the states of the Ohio valley, attended by cold weather, has retarded farm work, the ground being too wet for planting. Kentucky reports tobacco plants late and scarce and other crops fair. The replanting of cotton and rice is in progress in the districts previously flooded, and in Texas wheat is damaged by rust. Cotton has been injured by cool and excessive rains in Mississippi. In the South Atlantic states condition are more favorable, and cotton, corn and potatoes are reported as very good.

A New Tobacco Field.
TOPEKA, May 21.—The Santa Fe authorities have brought two experienced tobacco growers from Kentucky, who will conduct experiments in tobacco raising in Paul's valley, south of Oklahoma. They will also experiment in Oklahoma. It is believed that country will prove to have the richest and best lands in the United States, the soil, climate and water presenting all the advantages for that product.

Should these experiments prove satisfactory, as anticipated, land in that portion of the territory will be at a premium before another year. Both Kentucky and North Carolina tobacco will be experimented with.

THE ARID LAND ACT.

Work of Segregating Territory Surveyed Under It Nearly Done.

WASHINGTON, May 20.—In a few days the work of segregating the lands surveyed under the arid land law will be completed by the general land office. The act of these lands embraces portions of 1,225 townships, principally in Idaho and Montana, with smaller areas in Colorado, Wyoming and Utah. The land is equal to 900 townships, or about 21,000,000 acres. Not only are the sites for reserve ditches or canals included in the survey, but also as the law of October 2, 1888, is at present interpreted, all the lands made susceptible of irrigation by such reservoirs, ditches or canals.

The surveys are by no means completed, but the work now being done will define the areas which these surveys will bring within the operations of the arid land law. Before the lists are finally ap-

proved, however, the attorney general is expected to render his decision giving his construction of the law, and it is possible that under this decision a smaller portion of the public domain will be withdrawn from for settlement than is contemplated by the construction now placed on the act.

IRRIGATION OF LANDS.

Bill by Which Companies May Acquire and Dispose of Lands.

WASHINGTON, May 21.—The following is the bill to provide that certain corporations, organized for the sole purpose of irrigation of lands for colonization and reclamation, may acquire, hold, sell and pledge lands in the territories, which has been introduced in the senate by Senator Plumb and in the house by Delegate Joseph, of New Mexico.

That any corporation now existing or hereafter to be created for the sole purpose of supplying water for irrigation of land to be colonized and reclaimed within any of the territories of the United States may acquire and hold such lands as may be necessary for the carrying out of their said objects, and may sell or pledge the same, or so much thereof as may be necessary to carry out said purpose, in such quantities and on such terms as they may deem best, provided that not less than four-fifths of the capital stock of said corporation shall always be held by citizens of the United States.

He Talks Sense.

PARIS, May 21.—The Matin publishes an interview had with the French journalist De Soux, who was recently entertained by Bismarck. Bismarck referred to his resignation as a first class funeral, but added that he was quite alive still. He declared among other things that Germany would never attack France or provoke France to attack her. Germany well understands that Russia would intervene to protect France if attacked, just as Germany would aid Austria if Russia attacked her.

Goddard Resigns.

CHICAGO, May 20.—J. F. Goddard, vice president of the Santa Fe, resigned yesterday, and his resignation was accepted to take effect June 1. Personal differences between Goddard and Traffic Manager Hanley proved too great, it is understood, to be overcome by President Marvel's attempts to restore harmony.

Dress Rehearsal.

BERLIN, May 21.—The Passion play at Oberammergau promises to be a great success. In the dress rehearsal the tableaux and actors were excellent. Mayer was marvelous as Christ, and the other actors were skilful with the exception of Judas, who overacted his part. The play lasts eight and one-half hours.

Boulanger's Latest Scream.

PARIS, May 21.—Boulanger has written a letter in which he says that he no longer desires any intermediary between himself and his supporters, and therefore dissolves the Boulangerist national committee. The Boulangerist journals publish the letter without comment.

St. Louis & San Francisco.

NEW YORK, May 21.—The directors of the St. Louis & San Francisco road Saturday organized, electing E. F. Winsemore president. A special meeting was called for July 21, to vote on the proposition to increase the capital stock to \$10,000,000.

ARMY AFFAIRS.

Col. J. K. Mizner, 10th U. S. cavalry, who has been in Europe on leave, will go to Fort Apache, A. T., on his return, to take command of that post and of his regiment.

The San Francisco Report, referring to the recent promotion of Gen. B. H. Grierson, says: "He has always been an able and gallant cavalry leader, and his services in the field rank among the most important in the history of the late contest." Accompanying the article is a likeness of the distinguished general.

Gen. Miles has assigned the 2d and 4th cavalry to stations as follows: Major Jackson, troops D and H, to Fort Lowell; Lieut. Col. Gordon and Major Rafferty, troops B, C, G and M, to San Carlos; headquarters 4th cavalry, Major Noves, troops A, D, C, H and M, to Walla Walla; Lieut. Col. Mills, I and K, to the Presidio; Major Cooney, troop G, to Fort Sherman; troop L to Fort Bidwell, G to Vancouver, and F to Boise. The 4th cavalry will remain in Arizona until relieved by the 2d.

Movement of the latter will commence as soon as the railroad company can provide cars, about May 25 or 28.

The Army and Navy Journal at hand to-day contains the following concerning an officer well and favorably known here: "By direction of the president a general court martial will convene at Tucson, A. T., June 10, for the trial of Capt. Alonzo E. Milmore, assistant quartermaster, on charges of fraud against the government in connection with the rent of quarters and the hire of labor. The following is the detail of the court: Col. Henry M. Black, 23d infantry; Col. Thos. M. Anderson, 14th infantry; Lieut. Col. Ed. and E. Pearson, 24th infantry; George H. Weeks, deputy quartermaster general; Anson Mills, 4th cavalry; Major Samuel B. M. Young, 3d cavalry; John M. Bacon, 7th cavalry; Chas. A. Wikoff, 14th infantry; Stevens T. Norvill, 10th cavalry; Capt. Geo. B. Russell, 9th infantry; Frank H. Edmunds, 1st infantry, and Henry C. Carbaugh, judge advocate."

RAIL DOTS.

The eastern mail due at noon is eight hours late.

At present the rate from Santa Fe east is \$10 to Missouri river points; \$17 to St. Louis; \$19 to Chicago. These are east bound prices only.

Harvey Middleton, who has resigned as master mechanic of the Santa Fe, will take a similar position at Omaha with the Union Pacific June 1.

Of material for the Deming & Sierra Madre, the amount thus far unloaded at Deming is as follows: Rails, 140 tons; spikes, bolts and splices, fifteen car loads; ties, about 150,000.

Atchison, Topeka & Santa Fe circulars announcing the appointment of John E. Frost as land commissioner, and E. T. Cartridge as tax commissioner, to succeed Col. A. S. Johnson, whose resignation takes effect June 1, has just been issued.

Live Stock Agent J. C. Leary, of the old Denver, Texas & Fort Worth has contemplated retiring from the railroad business. It is understood, however, the Union Pacific management at Omaha has tendered him the office of general live stock agent of their system. It is also said that the question of salary cuts no figure in the main office.

Says the Fort Worth Gazette: "It is announced by good authority that all bonds necessary to build and equip the Pecos Valley railroad have been placed in New York. The line is to be 185 miles long, extending from the Texas & Pacific in Ward county, Texas, up Pecos valley to Roswell, N. M. Next year it is intended to extend the line via Manzano valley to Cerrillos coal fields, where it will tap the Santa Fe."

The Triple Link.

PITTSBURGH, May 20.—The 67th session of the grand lodge of Odd Fellows, which began yesterday, is regarded as the most important one ever held, in view of the fact that an entire new constitution will come up for action. The question of admitting to membership at the age of 18 years will again be brought to the consideration of the lodge. The Odd Fellows of the city have made elaborate preparations for the entertainment of the visitors.

New Bishops.

ST. LOUIS, May 21.—At the Methodist Episcopal general conference yesterday Rev. Atticus G. Haygood, of Sheffield Ala., and Oscar P. Fitzgerald, of Nashville, Tenn., were elected bishops.

Notice.

Sealed proposals will be received by the board of regents of the territorial agricultural college at Las Cruces, N. M., until 2 o'clock p. m., on the 28th day of May, 1890, for all labor and materials required in the erection of the territorial agricultural college building to be erected at Las Cruces, N. M., in accordance with the drawings and specifications made by George E. King, architect, copies of which may be seen at the office of the board of regents (W. L. Ryerson, esq.) Las Cruces, N. M., or at the office of the architect, rooms 2 and 3, Wells Fargo bank building, El Paso, Texas. Each bid must be accompanied by a certified check of \$500, payable to the secretary of the board of regents of the agricultural college of New Mexico (for the use of the territory of New Mexico) for the faithful compliance with the bid. The board reserves the right to reject any and all bids. GEORGE E. KING, Architect.

MAVERICK NATIONAL BANK

Boston, Mass.

CAPITAL \$400,000
SURPLUS 600,000

Accounts of Banks, Bankers and Corporations solicited. Our facilities for COLLECTIONS are excellent and we discount for Banks when balances warrant it.

Santa Fe, the city of the Holy Faith of St. Francis, is the capital of New Mexico. Trade center, sanitary, archiepiscopal see, and also the military headquarters. Santa Fe, the city of the Holy Faith of St. Francis, is the capital of New Mexico.

HE MARCHED WITH SHERMAN TO THE SEA! Trudged all the way on foot, over mountains and through rivers, carrying knapsack and gun, slept on hard benches to keep out of the rain, and his friends thought he would never recover.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep.

Notice of Mortgage Sale. Notice is hereby given that the undersigned, by virtue of a power of sale contained in a certain mortgage executed by Alexander H. Allan, bearing date March 30, 1889, and recorded on pages 223 to 225 of book F of the record of mortgages, etc., in the office of the recorder of the county of Santa Fe, N. M., on the 5th day of June, 1890, on San Francisco street, in the city of Santa Fe, N. M., and in front of the place of business of the undersigned, at 11 o'clock in the forenoon of said day, expose and sell at public auction to the highest bidder for cash all the following described lots, tracts and parcels of land and real estate, situate, lying and being in the county of Santa Fe and territory of New Mexico, and more particularly described as follows:

CHURCH DIRECTORY. METHODIST EPISCOPAL CHURCH.—Lower San Francisco St. Rev. G. F. Fry, Pastor, residence next the church. PRESBYTERIAN CHURCH.—Grant St. Rev. George G. Smith, Pastor, residence Clarendon Gardens. CHURCH OF THE HOLY FAITH (Episcopal).—Upper Plaza Avenue. Rev. Edward W. Meany, B. A. (Oxon), residence Cathedral St. CONGREGATIONAL CHURCH.—Near the University.

THE CLIMATE. Of New Mexico is considered the finest on the continent. The high altitude insures dryness and purity (especially adapted to the permanent cure of pulmonary complaints, as hundreds will be witness,) and by traveling from point to point almost any desired temperature may be enjoyed. The altitude of some of the principal points in the territory is as follows: Santa Fe, 7,047; Costilla, 7,774; Tierra Amarilla, 7,455; Glorieta, 7,545; Taos, 6,998; Las Vegas, 6,432; Cimarron, 6,489; Bernalillo, 5,774; Albuquerque, 4,918; Socorro, 4,655; Las Cruces, 3,844; Silver City, 5,946; Ft. Stanton, 5,800. The mean temperature at the government station at Santa Fe, for the years named was as follows: 1874, 48.9 degrees; 1875, 48.6 degrees; 1876, 48.1; 1877, 48.3; 1878, 47.6; 1879, 48.6; 1880, 46.7; which shows an extraordinary uniformity. For tubercular diseases the death rate in New Mexico is the lowest in the union, the ratio being as follows: New England, 25; Minnesota, 14; Southern States, 6; and New Mexico, 3.

DR. SAGE'S CATARRH REMEDY. The worst cases, no matter how long standing. 50 cents, by druggist.

The Rev. Geo. H. Thayer, Of Bourbon, Ind., says: "Both myself and my wife owe our lives to Shiloh's Consumption Cure."

Why Will You Cough when Shiloh's Cure will give you immediate relief. Price 10c., 50c., and \$1. C. M. Creamer.

FRATERNAL ORDERS. MONTEZUMA LODGE, No. 1, A. F. & A. M. Meets on the first Monday of each month. SANTA FE CHAPTER, No. 1, K. K. M. Meets on the second Monday of each month. SANTA FE COMMANDERY, No. 1, Knights Templar. Meets on the fourth Monday of each month. SANTA FE LODGE OF PERFECTION, No. 1, 14th degree A. S. R. Meets on the third Monday of each month. NEW MEXICO DIVISION, No. 1, Uniform Rank K. of P. Meets first Wednesday in each month. CATHOLIC KNIGHTS OF AMERICA. Meets second Thursday in the month. SANTA FE LODGE, No. 267, U. O. O. F. Meets first and third Thursdays. GOLDEN LODGE, No. 3, A. O. U. W. Meets every second and fourth Wednesdays. CARLETON POST, No. 3, G. A. R. Meets first and third Wednesdays of each month, at their hall, south side of the plaza.

ELEVATIONS. The base of the monument in the grand plaza is, according to latest corrected measurements, 7,019.5 feet above the level of the sea; Bald mountain, toward the northeast and at the extreme northern end of the Santa Fe mountains, 12,361 feet above sea level; Lake Peak, to the right where the Santa Fe creek has its source, is 12,045 feet high; the divide (Tesque road) 7,171; Agua Fria, 6,480; Cieneguilla (west), 6,025; La Bajada, 5,514; mouth of Santa Fe creek (north of Pena Blanca), 5,225; Sandia mountains (highest point), 10,608; Old Placers, 6,801; Los Cerrillos mountains (south), 5,584 feet in height.

POINTS OF INTEREST. There are some forty various points of more or less historic interest in and about the ancient city. The adobe palace stands on the spot where the old Spanish palace had been erected shortly after 1635. That ancient structure was destroyed in 1880 and the present one was constructed between 1897 and 1916. The chapel of San Miguel was built between 1636 and 1680. In the latter years the Indians destroyed it. Fully restored in 1911, it had previously, and after 1893, been the only Spanish chapel in Santa Fe. It still remains the oldest church in use in New Mexico. The walls of the old cathedral date in part from 1622; but the edifice proper is from the past century. Old Fort Marcy was first recognized and used as a strategic military point by the Pueblo Indians when they revolted against Spanish rule in 1680 and drove out the enemy after besieging the city for nine days. The American army under Kearney constructed old Fort Marcy in 1846. Fort Marcy of the present day is garrisoned by three companies of the 10th U. S. Infantry, under command of Captain Gregory Barrett, J. F. Stretch and Duggan, and here at 9 a. m. daily occurs guard mounting, a feature of military maneuvering ever of interest to the tourist. Other points of interest to the tourist are: The Historical Society's rooms; the "Garita," the military quarter; chapel and cemetery of Our Lady of the Rosary; the church museum at the new cathedral, the archbishop's gardens; church of Our Our Lady of Guadalupe with its rare old works of art; the soldiers' monument, monument to the Pioneer Path-Finder, Kit Carson, erected by the G. A. R. of New Mexico; St. Vincent military chapel, connected by Sisters of Charity; and the Orphan's industrial school; the Indian training school; Loreto Academy and the chapel of Our Lady of Light.

Electric Bitters. This remedy is becoming well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, skin eruptions and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price 50c. and \$1 per bottle at C. M. Creamer's drug store.

Supremely Delightful. To the emaciated and debilitated invalid is the sense of returning health and strength produced by Hostetter's Stomach Bitters. When that promoter of vigor is tested by persons in feeble health, its restorative and vitalizing potency soon evinces itself in improved appetite, digestion and healthy repose, the side conditions under which strength and recuperation is to be achieved. As a rule, as water follows the fall of the leaf, does disease shadow the presence of declining vitality; when the precursors of declining vitality is not arrested, Marasmus, consumption and other wasting conditions are prone to fasten upon the weakened. Avert disease, therefore, with this great health-giving tonic, which not only renews lost strength, but also cures and counteracts the intricacies of age and those of the gutter. Asthenia, neuritis, malaria, liver and kidney troubles yield to it.

Intelligent Readers will notice that **Tutt's Pills** are not "warranted to cure" all diseases, but only such as result from a disordered liver, viz: Vertigo, Headache, Dyspepsia, Fevers, Constiveness, Bilious Colic, Flatulence, etc. For these they are not warranted infallible, but are as nearly so as it is possible to make a remedy. Price, 25c. SOLD EVERYWHERE.

W. G. GIBSON, Architect and Practical Builder. WATER STREET, near Exchange Hotel. SUBSCRIBE FOR DAILY & WEEKLY THE NEW MEXICAN Santa Fe, N. M. Connected with the establishment is a job office newly equipped with material and machinery, in which work is turned out expeditiously and cheaply; and a bindery whose specialty of fine blank book work and ruling is not excelled by any.

EVERYBODY WANTS IT.

THE CITY OF SANTA FE is making a steady modern growth; has now a population of 8,000, and has every assurance of becoming a beautiful modern city. Her people are liberal and enterprising, and stand ready to foster and encourage any legitimate undertaking having for its object the building up and improvement of the place. Among the present needs of Santa Fe, and for which liberal bonuses in cash or lands could undoubtedly be secured, may be mentioned a cannery factory; a wool scouring plant and a tannery. Skilled labor of all kinds is in demand at good wages. The cost of living is reasonable, and real property, both inside and suburban, is steadily advancing in value.
