WASHINGTON MATTERS.

REPUBLICAN COMMITTEE.
WASHINGTON, June 5.—The Republican congressional campaign committee organized yesterday by the election of Representatives James L. Belden, of New York, chairman, and C. L. Olds, of Michigan, secretary. An executive committee of which Mr. Belden is chairman, was also appointed.

THE CLAYTON-BRECKENRIDGE CASE.
The sub-committee of the house committee on elections has decided not to delay the Clayton-Breckenridge contested election case in Arkansas for the purpose of taking the testimony of California witnesses in regard to the alleged complicity of Hooper in the murder of John L. Clayton.

NO AGREEMENT ON THE PENSION BILL.
After a talk yesterday between Senator Davis and Representative Morrill, chairman of two committees on pensions, it was believed an agreement would be formally reached by the conferees on the general pension bill, but when the house conferees came up with instructions of the Republican caucus to maintain the principal service pensions it was manifest that an agreement could not be secured, and a vote to report disagreement to the respective houses was adopted.

THE WORK ON THE TARIFF BILL.
The sub-committee of the Republican senate finance committee continued its consideration of the tariff bill. The work schedule was passed. The sugar schedule was laid over for the present, it being deemed best to await the return of Senators Morrill and Sherman before taking up a subject of such importance.

THE MORMON LEGISLATION.
The Mormons are making a shrewd and sharp fight against the Bullen-Strubel bill, and are confident that it can not secure consideration in this session, in senate or house. The plan adopted has been to "work" the senators and congressmen, through the newspapers and constituents in their home districts. Interviews in various western newspapers, carefully written and as carefully marked, have been sent to Washington, all of which protest in the name of non-polygamous Mormons and Gentiles against further drastic legislation. Many senators and representatives have received letters in consequence, protesting against the Cullom bill. The press, wherever it can be bought, is being worked in the same direction, in many instances quite unconsciously to its editors. Caine and his attorney here recognize the imminent danger of the passage of the disfranchisement bill, and they are leaving no stone unturned to defeat the measure.

CONGRESSIONAL.

SENATE.
WASHINGTON, June 5.—In the senate the silver bill and the fortifications appropriation bill were discussed.
At the conclusion of Senator Pugh's speech the silver bill was temporarily laid aside, and the following senate bills were taken from the calendar and passed: To amend a section of the act and recited statutes so as to make it read: "Any person who withdraws any fermented liquors from any hoghead, barrel, keg or other vessel upon which the proper stamp has not been affixed for the purpose of bottling the same, or who carries on the business of bottling fermented liquors in any brewery or other place in which fermented liquor is made or upon any premises having communication with a brewery or warehouse, shall be liable to a fine of \$500, and the property used in such bottling or business shall be liable to forfeiture; provided, however, this section shall not be construed to prevent the withdrawal and transfer of fermented liquors from any of the vats in any brewery by way of a pipe line or other conduit to another building or place for the sole purpose of bottling the same, such pipe line or conduit to be constructed and operated under such rules and regulations as shall be prescribed by the commissioner of internal revenue, subject to approval of the secretary of the treasury; and all locks and seals prescribed shall be provided by the commissioner of internal revenue at the expense of the United States; provided further, that liquor tax imposed under section 3233 of the Revised Statutes be paid on all fermented liquor removed from the brewery to the bottling house by means of a pipe or conduit at the time of such removal, by cancellation and defacement by the collector of the district of the number of stamps denoting the tax on the fermented liquors thus moved. The stamps thus cancelled and defaced shall be disposed of and accounted for in the manner directed by the commissioner of internal revenue, with the approval of the secretary of the treasury, and any violation of the rules and regulations hereafter prescribed by the commissioner of internal revenue with the approval of the secretary of the treasury in pursuance of these provisions shall be subject to the penalties above provided by this section. Every owner, agent or superintendent of any brewery or bottling house who removes or connives at the removal of any fermented liquor through a pipe line or conduit without payment of the tax thereon, or who attempts to defraud the revenue as above, shall forfeit all liquors made by and for him and all utensils and apparatus used in making the same."
To provide for exportation of fermented liquor in bond without payment of internal revenue tax the bill provides that "from and after January 1, 1891, fermented liquor may be removed from the place of manufacture or storage for export to foreign countries without payment of the tax, in such packages and under such regulations, and upon the giving of such notices, entries, bonds and other security as the commissioner of internal revenue with the approval of the secretary of the treasury may from time to time prescribe, and no drawback of tax shall be allowed on fermented liquor exported on and after January 1, 1891, unless entered for exportation prior to such date."

HOUSE.
A senate bill was passed changing the boundaries of the reservation of the Uncompahgre Utes.
The house then proceeded to the consideration of the Alabama contested election case of McMillan against Turpin.

THE MILITIMORE SCANDAL

Suit to Recover a Large Amount—The Army in Arizona All Tied up.

WASHINGTON, June 5.—When the announcement was made that Capt. Alonzo E. Milmore, of the quartermaster department, U. S. A., was to be tried by court martial at Tucson, A. T., on charge of fraud against the government, it was intimated that he was involved in questionable transactions when stationed in St. Louis several years ago, and that although he could not now be punished there were others involved who might be reached by the civil courts.

The treasury department has looked into the matter and as a result proceedings have been instituted at St. Louis against Charles Cantwell & Co., of that city, to recover \$53,000 alleged to have been fraudulently obtained from the government with the aid of Milmore. It is charged that the firm presented vouchers for supplies never delivered, which Milmore had paid by the government. The spoils thus obtained, it is charged, were divided between the two.

CENSUS QUESTIONS.

Persons Who Refuse to Answer will be Prosecuted.

WASHINGTON, June 5.—Census Superintendent Porter today called the attention of the department of justice to violations reported to him of two sections of the census law. One imposes a penalty for refusing to answer the census questions. The other penalty is against the refusal on the part of enumerators to perform their duties, after taking the oath. Up to noon he had received information of the cases of 25 persons in different parts of the country who refuse to furnish any information.

Porter intends to prosecute with vigor all violations of the law reported to him.

Oregon Election.

PORTLAND, June 5.—Herman's (Republican) majority for congress is from 6,000 to 8,000. The Republicans state central committee conceals the re-election of Penneyer (Democrat) or governor, by 500 to 1,000 majority. Both branches of the legislature are Republican by large majorities.

A New Nominee for Congress.

Pittsburg, June 5.—Hon. Thomas M. Payne, congressman for Twenty-Second district, has refused a renomination. He gave as a reason that he was overworked and worn out. Two-thirds of the convention favored him.

Colonel William A. Stone, ex-United States attorney, was nominated in the Twenty-Second district. Hon. John D. Zell was renominated.

Poor Keumler.

BUFFALO, June 5.—In the general term of the supreme court the decision of Judge Underwood, of Auburn, in the Keumler habeas corpus case was affirmed.

This allows the case to go at once to the court of appeals. The only question is whether Keumler can be legally executed by the warden of the Auburn prison.

International Question.

New York, June 5.—It is reported that negotiations are practically completed for the absorption of the "S" line by the Canadian Pacific. This line runs from South Ste Marie through St. Paul to Boynton, Dakota, 800 miles. If the Canadian Pacific absorbs the road it will doubtless renew the subject lately discussed in congress of the rights of Canadian railroads in this country.

McKinley Talks.

New York, June 4.—A Washington special says: Major McKinley said this afternoon: "I believe the silver bill will become a law by act of this session, although it is not a sure thing by any means. There is a demand for it from every direction, and I do not think we ought to adjourn before the silver bill is passed." The house will devote itself to the measure in a few days. Yes, it will be a long session. We will not adjourn, in my judgment, till late in August. "The senate will talk on tariff for a whole month I presume; and it may be till August before the tariff bill is finally passed." No, I don't believe we will pass either a federal or an anti-gerrymandering bill. There are strong objections to all bills introduced, so far, on these subjects. We may be able to get together on the questions, but just now we don't seem to know what kind of a bill we want."

Trinidad Enterprise.
TRINIDAD, June 5.—Yesterday the Cool & James foundry turned out the first cast iron column ever turned out in southern Colorado. It is twelve feet long and weighs over 700 pounds. The foundry has an order for eight of these columns to be sent to New Mexico.

Job Printing.
Merchants and others are hereby reminded that the New Mexican is prepared to do their printing on short notice and at reasonable rates. Much of the job printing now going out of town should come to the New Mexican office. There is no better excuse for sending out of town for printing than there is for sending away for groceries or clothing. Our merchants should consider these things. The New Mexican is acknowledged the leading paper of this section. The patronage of the people will enable us to keep it so.

Road trip tickets to Las Vegas hot springs and return, good for ninety days, on sale at \$5 at A. T. & S. F. railroad office.

Notice.
A good many licenses for 1889 and 1890 have not been paid up to date, May 31, 1890. The sheriff and collector is compelled by law to collect these licenses and make due return of them. He therefore gives notice that unless such delinquent licenses are settled in full by July 1, 1890, it will become his duty to collect same by process of law. Persons indebted to Santa Fe county for delinquent licenses are therefore called upon to take notice and make settlement to avoid trouble and expense.

FRANCISCO CHAVES, Sheriff and Collector, Santa Fe County.

Fine McBrayer whisky at Colorado saloon.

A Duty to Yourself.
It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick headache and all liver troubles. They are small, sweet, easily taken and do not gripe. Sold by A. C. Ireland, Jr., druggist.

Milk 10c a quart; 5c a glass, at Colorado saloon.

John McCullough Havana cigar, 5c, at Colorado saloon.

Beginning May 15, passenger rates over the A. T. & S. F. will be reduced \$5 to Chicago, making first class limited tickets from Santa Fe to that point \$22.50. Rates to all eastern points made on this basis.

THIS PAPER is kept on file at E. C. Drake's advertising agency, 64 and 65 Merchants' Exchange, San Francisco, Cal., where contracts for advertising can be made for it.

THE NEW MEXICAN is the oldest newspaper in New Mexico. It is sent to every Post Office in the territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

THURSDAY, JUNE 5.

Republican Call.

Vacancies existing in the offices of president and secretary of Republican central committee, of the territory of New Mexico, have been filled by the election of a committee to do so, at a meeting held at Santa Fe, on June 3, at 11 o'clock a. m. of said day, for the purpose of the election of a chairman and secretary of the committee, and for the consideration of such other matters as may be brought before the committee.

A full attendance is earnestly desired. I. S. TIFANY, Socorro county. E. W. EATON, Socorro county. ALBERT J. FOUNTAIN, Dona Ana county. JOHN H. KELLY, Dona Ana county. GEO. W. BARBER, Lincoln county. FRANK L. LEBLANC, Lincoln county. W. A. LEONARD, Grant county. RICHARD HUDSON, Grant county. THOMAS W. COLLIER, Colfax county. J. M. MADRID, Colfax county. MAX FROST, Santa Fe county. TRINIDAD LUNA, Valencia county. J. FRANK CHAVES, Valencia county. J. W. DWYER, Colfax county. E. S. STOVER, Bernalillo county. P. Y. JARAMILLO, Rio Arriba county. JUAN ANASTASIO, Trujillo county. ZUSTO ARMIJO, Bernalillo county.

This is a free country and any man who does not like it, is at liberty to leave it.

The United States senate should act promptly and pass the McKinley bill. Delay in that respect is not acceptable to the people.

GROVER CLEVELAND has rheumatism, and Charles A. Dana, the sage of the New York Sun, that shines for all, except Grover, is happy.

Honesty and efficiency now exist in the administration of territorial affairs. Dishonesty and inefficiency were the rule under the Ross democratic administration from 1883 to 1889.

The friends and supporters of statehood for New Mexico are neither dismayed or discouraged. The good work on behalf of the advancement of New Mexico goes bravely and steadily on, and the croakers can do all the croaking they have a mind to.

It is becoming reasonably certain that the Santa Fe railroad will be built to San Pedro. The sooner this is done, the greater will be the benefit to the road, to the territory and to that rich mining section of southern Santa Fe county. Development in that direction will pay from the start.

Sensible and patriotic people will answer the questions propounded by the census enumerators fully and promptly. The information sought to be gained will prove of great good. This talk about impertinent questions is the merest rot. Croakers, of course, will kick, but they kick at any and every thing.

COT. GEORGE O. JONES, the head, front, inside, outside and brains of the Green Back Labor party, has issued a call for a conference of that party at Indianapolis, on August 27. We predict that the proceedings of the conference will be very unanimous. It is hard for a man to quarrel with himself for any length of time.

The leading men of the Republican party of New Mexico should attend the meeting of the Republican central committee on the 13th instant. Important matters to the party and to the people at large are to be discussed and acted upon and the presence of as many of the prominent party men as can attend, will be fraught with good results.

The Democratic newspapers all over the country are doling out that the passage of the McKinley bill will cause many Republicans to act with the Democrats hereafter, and at the same time they are fighting the passage of the bill. What is the matter with them? If the passage of the McKinley bill will increase the voting strength of the Democratic party, why the kick?

A GREAT deal has been said in the press of the country of late about the Bennett educational law of Wisconsin, and not a few have been led into a very erroneous idea of its intent and purposes. There was in reality no attempt whatsoever made in the passage of this act to abridge the rights of any set or class of citizens. Ex-Gov. Founds, of Wisconsin, in a recent interview makes a very lucid explanation of its objects, and if his statement of the case is correct the Bennett law isn't half the bug-bear it has been painted.

In a word, it simply provides that the children of this nation shall be taught to speak the English language; they can be taught as many other languages as their parents see fit to pay for, but the state of Wisconsin demands that English shall be taught in her schools. "It is compulsory," says Gov. Founds, "in one particular only, and that is that children shall go to school and be taught the English language. The law does not intend that children shall be forced to go to public schools. They can attend private or parochial schools if their parent so desire. An interpretation of the law to mean that children shall be forced to attend public schools is wrong."

What is the matter with statehood for New Mexico? It is all right.

GROVER CLEVELAND says "point me out a public building in the United States that has not a stain on it." Well he ought to know. There were a good many public buildings erected during the four years he was president, and in all likelihood, he is correct. At an era, there were only Democrats to boss the jobs, and when one contemplates the crowd in charge of public buildings during Grover Cleveland's alleged reform administration, he is bound to believe that Grover is right for once.

NEXT to the New Mexican and the Denver News, the Pueblo Chief is the oldest newspaper published in the Rocky mountain country. The Chief celebrated its 23rd anniversary on the 1st inst., and a very happy one it was, for every business man in Pueblo makes it a point of honor to carry an advertisement in the paper that has done so much toward attracting capital to, and building up that grand industrial city. Thus it is that in helping their home paper the business men of Pueblo have helped themselves. It is a rule that has no exception. New Mexico business men should heed.

THE tax payers' association of this county will be organized at an early date. The object of the association will be: the protection of tax payers against the acts of corrupt officials; the investigation of the county debt; an examination into the levy, collection and payment of taxes; and to exercise general care over the affairs of the county. Such an organization is imperatively needed. The affairs of this county have been administered during the past few years for the benefit of a little ring of Democratic bosses and chronic office holders and the thing must stop; and stop it shall.

THE Wells Fargo Express company protects the fruit interests of California. It makes cheap through rates on all express matter from the east to California. Local rates are low in California. In this territory the action of the company is quite the reverse. It makes high rates on fruits and grapes to eastern and northern points. The rates from the east to New Mexican points are exorbitant. The local rates are outrageous. The entire doings of the company in New Mexico seem to be based upon the principle, make all you can and do it—no public. We think there is a remedy for that sort of business and if the Wells Fargo Express company does not change its style of doing business, why the remedy will have to be applied by legislative action at the first opportunity.

THE Denver mails reach Santa Fe now about the same time that the Kansas City mails do. This should not be. The Denver mails ought to reach there in twenty-four hours. The papers and the merchants of that city will help themselves greatly in all respects by aiding us in bringing about faster and more efficient mail service between the Queen city of the plains and this section of New Mexico. Denver has the advantage of Kansas City, if it will only take notice of it and use it. There is a rich section of country in northern and central New Mexico, where quick and reliable mail and traveling facilities would build up a lucrative and valuable connection for Denver. The Denver press and the Chamber of Commerce ought to take the matter in hand.

THE FORT STANTON MAIL ROUTE. On October 15, 1889, service seven times a week and return was established on star route No. 67, 132, from Socorro to Fort Stanton, in Lincoln county, via White Oaks. The western terminus of the route was subsequently changed to Carlsbad, and recently to San Antonio, on the main line of the Atchison, Topeka & Santa Fe railroad.

This daily mail route has for ten years supplied several of the chief towns of Lincoln county with admirable mail facilities; at present the route supplies White Oaks, one of the principal towns of that county, with a population of 900, and with an outlying population of several hundred miners, ranchmen, cattle and sheep owners, who trade at White Oaks and obtain their mail there.

Eighteen miles south of White Oaks is the town of Nogal, with a population of about 300, and an outside population of several hundred, and thirteen miles further it ends at Fort Stanton, one of the most important military posts in the southwest. At the latter office several hundred people receive their mail. Stanton is also the distributing office for a large area of country, containing at least 2,000 people. The people are well served and are satisfied with the location of the route.

At the letting of contracts this present year position in bidding for the contract on the route developed and the successful bidders are 20 per cent lower than last seasons contract price; these bidders find themselves with what promises to be a losing contract. We are informed from Washington that the men who secured the contract at the low rate are endeavoring to get rid of it, by procuring an order for a discontinuance of the said route, as being the easiest and cheapest way for them out of the difficulty.

The discontinuance of the route would be a great hardship on the people of White Oaks and Nogal and vicinity, and would seriously cripple the business interest and advancement of that very important section of New Mexico. By the proposed new route, which would start from some southern point, the time would be increased over the present schedule time about two days to White Oaks and Nogal, and a day and a half to Fort Stanton.

The route should therefore not be discontinued; on the contrary it should be improved and schedule time increased thereon from San Antonio to Fort Stanton. If bidders, with their eyes wide open, have taken the contract too low,

why that is their business. An enterprising and industrious community can not and should not be made to suffer on this account. The discontinuance of the route would be a severe blow at the advancement and business interests of several thousand people and would retard the progress and settlement of a large extent of country. The New Mexican calls Postmaster General Wagonmaker's attention to the case. He is a just, honorable and excellent man of business, having the interests of the people and also of the government at heart. The New Mexican is satisfied that after due investigation he will do what is best for the government and the people, and firmly believes that the route will be kept intact, as in all justice and right it ought to be.

EDITORIAL COMMENTS.

SATISFACTORY. VERY. The report that Col. Fisher of Santa Fe had been appointed collector of internal revenue for N. M., was premature, as the telegraph brings word that the plum has fallen to Levi Hughes of Santa Fe. This is a recognition of the younger Republicans of New Mexico, and an appointment that will give universal satisfaction. —Chama New Mexican.

APPEALS TO NEW MEXICO WITH EQUAL FORCE. Both the necessities and luxuries of life in southern California have become cheaper because more have been produced. This appears as to vegetables of all kinds, strawberries, eggs and butter. The imports from beyond the Rockies have fallen off immensely. Our money consequently is kept in the country. The time is at hand when we will not buy anything which we can produce. Thus and the people are building up the country. —Los Angeles Tribune.

THE COLLECTORSHIP. The Albuquerque Citizen, one of the leading Republican papers of the southwest, whose editor, Mr. Tom Hughes, has sufficient ability and independence to make a living and a mark in the world without a federal office, notices the appointment as revenue collector for New Mexico and Arizona of Mr. Levi A. Hughes, with evident pleasure. He says he is a young man of excellent character and fine business attainment and honest as the day is long. Of these things to do so, our people are now hoping that Collector Hughes will make Mr. C. K. Martindell, of Prescott, his deputy in northern Arizona. Mr. Martindell has resided here a great many years; is an old time Republican; has filled positions of trust in the business world in a satisfactory way; proof of which is found in the fact that the leading Republicans, business and professional men and officials of Prescott and vicinity have combined to make for him the strongest petition we have ever seen. Although differing with Mr. Martindell on his backward in politics, we very readily own up to the highest standing and character of the petitioners. They are mostly men with whom we would trust all that we hold dear in the world. It would be strange indeed, if Collector Hughes should not comply with their reasonable request. —Prescott Morning Courier.

THE MAXWELL LAND GRANT

Farm Lands!

UNDER IRRIGATING DITCHES.

Choice Mountain Valley and Lands near the Foot Hills

FOR SALE.

For the irrigation of the prairies and valleys between Raton and Springer one hundred miles of large irrigating canals have been built, and are in course of construction, with water for 75,000 acres of land. These lands with perpetual water rights will be sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.

In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of agricultural lands.

The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.

The A. T. & S. F. railroad and the D. T. & Fort Worth railroad cross this property, and other roads will soon follow.

Those wishing to view the lands can secure special rates on the railroad, and will have a rebate also on the same if they should buy 100 acres or more of land.

Warranty Deeds Given.

At the New Mexican Office.

SANTA FE COUNTY MINES.

Short Paragraphs Gathered from Prospectors Who Know What they are Talking About.

Dan Taylor, Theo. Carey and Dan Egan have resumed work on the Live Oak.

Another and very promising prospect has been opened near the Chester, Cerillos district.

The Greenwood Brothers, Swan and English, are working the old Ortiz mine under lease from E. E. Slader.

At the present time some twenty odd men are earning good wages extracting placer gold with dry washers near Dolores.

Abel Spiegelberg has packed away in boxes one of the handiest of mineral collections. It has taken him a life time to gather it, but it is worth fully \$10,000.

A citizen who recently inspected the big copper mine at San Pedro says Supt. McLaughlin is right when he used the words: "San Pedro's best days have yet to come."

J. G. Allen, formerly with the Cash & Egan, is now superintendent of the Lincoln-Lucky. It is not yet known here whether or not Mr. Reynolds has paid the bond money and taken the mine, or whether it will revert to the company.

F. H. Strong and a man named Hagle, of St. Louis, have taken bonds on the Hattie and Baird mines at Dolores, and have expended money enough to justify the belief that they mean business. Both are expected soon from St. Louis to discuss the method of treating the ores.

The Cash Entry and Central new machinery was not started up yesterday, but the whistle will screech for the first time to-day or to-morrow. Geo. Biber returned from the camp last evening and says the foundation there is being laid for immense industrial works that will yield silver, lead and zinc.

The Tres Hermanos has closed down at San Pedro until heavier pumping machinery can be shipped from the east. Thought there was "a scarcity" of water at Pedro. The Tres Hermanos shaft proves the contrary. Note the development of the water and operate those rich placer beds.

Through the efforts of Hon. S. D. Baldwin the Rose gold property at Dolores was yesterday bonded to Chicago parties. They agree to expend \$2,000 in development work within six months and if at that time they are pleased with the mineral showing they are to purchase the property for \$10,000. W. G. Ashdown, of Santa Fe, and W. E. Gortner, of Las Vegas, are among the owners of the Rose.

AT A RIPE OLD AGE.

The Widow of the Late Gov. Army Passes Away—One of the Pioneer Women of New Mexico.

Mrs. Selma Army, the widow of the late Gov. W. F. M. Army, fell asleep in death at St. Vincent's hospital at 5 o'clock last evening. Her age was 92 years. For the past six months her health has steadily failed, and when death came it was one of peace and quiet. "Grandma" Army, as she has been familiarly called for years was a native of Virginia. She and Gov. Army were residing on a farm in Illinois when the general received from President Lincoln, during the latter's first term, a commission as secretary of New Mexico. Together they came here in 1863, and for twenty years Gov. Army was a prominent figure in official and political circles here. He served as secretary, as special agent of the Indian department and as Navajo Indian agent. An only son, Charles Army, is now a resident of Glenwood Springs, Colo.

"Mrs. Army," said a citizen this morning who had known her since 1864, was one of the noblest women God ever made, a lady of refinement. Her tastes were all thoroughly domestic. Her home in early days here was a haven of rest and peace and her dinners were the grandest that pioneers ever enjoyed.

Gov. Army died on the train at Topeka while en route from the east to Santa Fe some ten years ago, leaving his wife in very poor circumstances. For the past eight years she has been without means of support. For several years David Miller and his wife looked after her for her comfort, and she occupied a room at the Father Hayes place on Manhattan avenue, where the good Sisters of Charity were almost daily ministering to her welfare. Some five years ago the Sisters had her removed to the hospital and since that time their tender sympathies and their charity had sustained the dear old woman in her declining years. In her religious beliefs Mrs. Army was a Methodist. Gov. Army's remains are interred in the old Masonic cemetery. Mrs. Army's last request was that she be laid beside her husband, but this can not be because the Masonic cemetery is condemned and all bodies there will soon have to be transferred elsewhere. The officers of Fair View cemetery have kindly donated a lot for the purpose, and Mrs. Army's body will there be interred, the remains of Gov. Army to be transferred there later. The funeral took place at 4 o'clock this afternoon.

ROUND ABOUT TOWN.

Attend the June fete to-night.

A. E. Green, of El Paso, Texas, is in town.

Ed. McGunn, of Albuquerque, is at the Exchange.

The county board will remain in session all week.

Splendid decorations for the June fete are going on to-day at Gray's opera house.

F. D. Wintle, Chicago, and W. E. Osborne, of New York, are registered at the Palace.

The Allan property on Galisteo road, opposite the Easley place, was sold this morning to E. Yrisarri for \$215.

The home grown strawberries have shut the imported article out of the local market. This is as it should be.

Mrs. Henry C. Burnett, very kindly remembered here by many, arrived this morning from Chicago, and is a guest at the Palace.

A. M. Molock, from El Paso, a colored man with fine business qualifications, has located in Santa Fe and will probably open an ice cream parlor here.

Gov. Prince is not so well to day as it was hoped yesterday he would be. He is very weak and mends slowly. Notwithstanding these repeated announcements it is singular how many people persist in calling and asking to see the governor on business. He can attend to no business

whatever, and it ought to be so understood. In fact the official mail has not been touched since his sickness began.

Secretary Thomas has become impatient of the delay of incorporation, and has created a little city corporation, not all to himself, but all his own, to the extent of a gas lamp in front of his residence. It shines out brightly enough to keep the mess back from that entire end of town.

A literary and debating society has been organized by the following named young men: Camilo Padilla, Fausto Pino, Manuel Delgado, J. S. Candelario, A. P. Hill. All young men in Santa Fe are invited to send in their names for membership. The next meeting will be held at Gray's hall on Tuesday evening, the 10th inst.

The last of the heavy machinery for the Fischer ice manufactory was delivered yesterday. The great double drive-wheels were too heavy to be loaded on the trucks, and Durolo & Hughes devised a clever scheme to transport them, attaching them to the rear of the platform wagon.

Carleton Post's Thanks.

At last evening's meeting of Carleton post, G. A. R., the following resolutions were adopted:

Resolved, That the thanks of the members of Carleton post be, and they are hereby, given to the ladies who so kindly contributed, and those who prepared the flowers on Decoration day for decorating the graves of our fallen comrades.

Resolved, That it was with pleasure and a patriotic pride that we witnessed on that day at the cemetery such a grand concourse of citizens, who by their presence and participation in the ceremonies, paid the tribute of respect to the memory of our dead, and the cause for which so many gave their lives.

THE AGRICULTURAL COLLEGE.

A Little Talk with President Hadley on the Progress of the Institution.

Prof. Hiram Hadley, president of the New Mexico agricultural college and experimental station, informs the New Mexican that the excavation for this public institution's first building was begun at Las Cruces yesterday. It is to be a slightly structure of brick, two stories in height, with stone trimmings. J. R. Bogardus, of Las Cruces, the lowest bidder in the contest, has the contract, and will have the structure ready for occupancy by December 1, next.

Prof. Hadley goes east shortly to purchase a library for the college, a duty he is well fitted to perform because of his long connection with the book trade, and during the construction of this building the college will also expend some \$2,000 in various instruments necessary to make the equipment of this college first class in every detail.

The first session of the college, recently closed, was highly successful, and the full term will open in September with a large attendance. In securing the services of Prof. Blunt, late of the Colorado agricultural college, Prof. Hadley thinks the board of regents of this institution specially fortunate. Prof. Blunt was with the Colorado college for twelve years and aided in building it up, and he comes here with a practical experience gained there that will prove most advantageous in building up the New Mexico college.

THE JUNE FETE.

A Delightful Evening's Entertainment at Gray's Opera House To-night.

Everything is in readiness for the June fete which takes place at Gray's opera house to-night, the proceeds of which go toward improving the plaza park. There will be music and dancing, feasting and flowers, and the people are expected to attend en masse. There have been some changes in the musical program, hence the following is republished:

Song—Bird Me to Live. Hatton
Vocal Solo (selected). Miss L. Perca
Harp Solo—Weber's Last Waltz. Miss L. Perca
Vocal Duo—Whispering Hope. Miss L. Perca
Miss L. Perca and Mr. T. G. Littlehales
Vocal Solo—Kubrick. Miss L. Perca
Mandolin Solo—Mandolin Dance. Miss L. Perca
Song—Say Not Farewell. Miss L. Perca
Mr. T. G. Littlehales
Accompanist: Mrs. E. Yrisarri, Mr. Wedeles.

The ladies committee in charge of the flower and refreshment service are: Mrs. Leona, Mrs. Smith and Mrs. Hampton; coffee—Mrs. Bischoff, Mrs. Call and Mrs. Thomas; salads and plates—Mrs. Chapman, Mrs. Clancy, Mrs. Smith, Mrs. Hampton; pickles—Mrs. Spradling; bread and biscuits—Mrs. Spradling, Mrs. Kock, Miss Hilbert, Mrs. Yrisarri; cakes—Mrs. Yrisarri, Misses Ethel and Mabel Meany; Esther Warner; flowers, Mrs. Baca, Miss Maggie Johnson, Miss L'Engle, Miss Sena, Miss Jennie Perca.

The concert will begin at 8:30. Panchito orchestra will furnish music for dancing. General admission, including concert, supper and flowers, \$1; children half price.

FOR INDEPENDENCE DAY.

Santa Feans to Have a High Old Time with Races, Fire Works and a Grand Ball.

As a result of the fire department's meeting night before last a committee to prepare for an unusually hilarious celebration of Independence day was named to consist of Messrs. John Gray, A. M. Dettelbach, Frank Chavez, F. L. Harrison, J. L. Van Arsdell, Sol. Spiegelberg, J. W. Conway, Chas. Bacon, E. W. Parker. At 10 o'clock this morning the above named met at the office of the chairman, John Gray, and discussed the features of the entertainment to be provided on July 4. It was decided to make up an attractive program for the day's sport to consist of horse racing, Indian foot races, speed contests by the hose and hook and ladder teams, etc., a fine display of fireworks to take place in the evening followed by a grand ball. The various sub-committees will be appointed to-morrow.

A special attractive feature will be the racing program, several horses from Albuquerque, Galisteo and Pojoaque having already been secured for matches with Santa Fe horses. This morning a race was arranged between the Baca horse, of Albuquerque, and Hilario Ortiz, runner for \$100 aside to take place here on the 4th. Liberal prizes will be offered as prizes. The federal park, which is a circle of one-third of a mile, is being placed in fine condition. The citizens are determined that a large crowd of visitors shall put in an enjoyable day in the capital city on July 4 and they will be happily entertained. Reduced rates over both the railroad lines will be granted.

POLITICAL POINTERS.

President B. M. Read, of the Santa Fe Republican club, to-day arranged for holding the meetings of the club at the county court house, extra expenses for gas and janitor to be paid by the club. A meeting will be called shortly.

The talk is that Romulo Martinez is to be the Democratic nominee for the county of Santa Fe county.

It looks as if the session of the Republican central committee, to be held here on the 13th instant, will be well attended.

Delegata Joseph now says he does not wish to be a candidate for re-election, but he is willing to be forced.—Albuquerque Citizen.

The Republicans will carry Rio Arriba county at the coming election by a large majority. All the indications point in that direction.

It is reported that the Santa Fe county Democracy will either place C. F. Easley or W. E. Dame on its ticket for the lower house of the legislature.

There are several candidates for the position of deputy revenue collector at Albuquerque. It seems as if John Borralde had the strongest pull.

The friends of Thomas P. Gable are reported as doing a good deal of quiet, but effective work for him in the direction of the Democratic nomination for sheriff.

If the tax payers of this county do not contribute toward the Democratic election slash fund, the Democratic ticket of Santa Fe county will have a hard time pulling through this fall.

C. R. Martindell and Orrick Jackson are candidates for the appointment of deputy revenue collector at Prescott. It looks as if Martindell had very strong endorsements and is the best fitted man for the place.

A Republican league club has been organized at Lincoln, the county seat of the county of the same name. Mr. Jose Montana, a well known citizen, is president of the club. The club in that locality will do a great deal of good; among its members are such good men as George Sena, Romualdo Montana and Bonifacio Baca. The Lincoln precinct contains about 400 voters and the club has an excellent field to work in.

The Dona Ana Republican league club is the strongest in the territory. Col. Albert J. Fountain is the president and Messrs. Mariano Barcia, George Lynch and Eugene Van Patten are the vice presidents. The club has about 1,300 members on its rolls. There is a separate organization in each precinct called a section with a member of the executive committee of the club and its head, and these sections make up the Republican league club of the county. The organization of the club is excellent, and it will do good work for the Republican ticket at the coming elections.

TERRITORIAL TIPS.

Territorial newspapers are very dull.

S. A. Kean & Co. will take the Las Vegas school bonds—no figures given.

Postoffice Inspector Spooner is at work at Taos and Elizabethtown.

Clayton, the liveliest little town in all New Mexico, is just now sustaining a boom. Clayton is bound to come to the front.—Trinidad Advertiser.

In the Pecos valley 145 quarter sections of land have been entered in the last three months—10,000 acres of new farms and all under ditch.

A representative of the Holt cattle company is here from Denver to make a bid for the purchase of 11,000 head of cattle now being driven across the country from the lower Pecos to this city.—Optic.

Wiley M. Weaver, of Albuquerque, N. M., a large owner and official of the Gallup coal company, formerly a wagon freighter between El Moro and Santa Fe, held some friendly chats with old time friends in the city yesterday morning and left for his home on the noon train.—Trinidad Advertiser.

The divorce suit of Scott vs. Scott, which is now going on before J. D. Bantz, master in chancery, is approaching the end, so far as taking the testimony is concerned. The principal contention in the case is the custody of the younger children, and the matter of alimony.—Silver City Sentinel.

Abuquerque Court note: This morning the grand jury returned four indictments, two of the parties indicted now being under arrest. A true bill was found against Fidelas Chavez, who is alleged to have stabbed her husband to death near Nacimiento last month. F. W. Clancy and B. S. Rodey argued motions for a new trial in the ejectment case Mariano S. Otero vs. Emeterio Archuleta et al. The court took the matter under advisement.

Clayton wait: John C. Hill, manager of the Clayton Town Co., has made arrangements for sinking a well in the square near the railroad. Every person subscribing \$25 to the well fund will receive a deed from the Town company for one residence lot in the town of Clayton. A large wind mill and tank will be erected and pipes run through the principal streets to residences and stores, trees set out and general improvements made. The paper was started yesterday morning and already \$500 has been subscribed to the enterprise.

Captain W. H. Huzo, who resides at Fort Bayard, is an old soldier who should be rewarded by his country for services he rendered it. Mr. Becker, a member of Congress from Kentucky, has introduced House bill No. 10,314 to reinstate him captain in the cavalry service and place him on the officers' retired list. The bill has been referred to the committee on army affairs. Captain Huzo is now sixty years of age. He lost his hearing in the service, and is badly crippled, the result of wounds received at Gettysburg, during the war of the rebellion.—Sentinel.

Eddy Argus observation: "In New Mexico it is different. Here the farmer's market is almost at his door. He can sell all he raises to the people in the mountains and the arid uplands. The miners, the cattle men and sheep men buy all he has for sale and at prices that pay him for his work. He does not have to depend upon the Chicago market, which is controlled by such fellows as Old Hutch. We say it right here, and we say it without fear of successful contradiction, there are more dollars in farming in the Pecos valley where there are dimes in Kansas, Nebraska, Missouri and other states that depend upon rainfall."

The Albuquerque college, at its recent commencement, conferred the degree of D. D. upon Rev. Thomas Haywood. This honor came at the close of twenty-one years' faithful service as missionary in New Mexico. The degree of Ph. D. was also conferred upon Rev. O. L. Severson, A. M., of Factoryville, Pa. The following faculty was elected: Rev. T. L. Wiltsie, president; Prof. Marshall, Miss Moore and Miss Herbert were re-elected. It is expected that the services of Prof. Charles Higdon, of Columbus, Ohio, will be secured. Superintendent Wiltsie will have oversight of the school, in addition to his duties in the mission.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competitor with the multitude of low test, short weight, adulterated or phosphated powders. Sold only in cans. Royal Baking Powder Co., 106 Wall Street, N. Y.
