WINCHESTER

RIFLES AND SHOTGUNS

If you hunt big game there is no rifle so well adapted for your requirements as one of the various Winchester models. If you shoot birds or wild fowl a Winchester repeating shotgun will surely please you. There is this advantage in buying a Winchester gun, that is, its entire dependability. Some guns are made to sell. Winchester are made to satisfy. That they do satisfy is shown by the fact that they are used by about two million shooters throughout the world. When buying remember

LARGE INCREASE IN LIVESTOCK ON FOREST RANGES

Nine and One-Half Million Domestic Animals Graze on Government Reserves; Five Million Lambs and Kids Excluded.

A report of the U. S. Department of the Interior, based on the most recent survey, shows that the total number of domestic animals grazing on the public lands of the United States is 9,500,000. This is a large increase over the 8,000,000 reported in 1911. The report also shows that the number of lambs and kids is 5,000,000, which is a decrease from 6,000,000 in 1911. The report is based on a survey of the public lands in the western United States, which are used for grazing. The survey was made by the U. S. Forest Service, which is responsible for the management of the public lands. The report shows that the number of animals is increasing rapidly, and that this is a cause for concern. The U. S. Forest Service is now studying the problem, and is considering ways to limit the number of animals grazing on the public lands.

ALBUQUERQUE JEWS CONTRACT FOR NEW HIGH SCHOOL IS LET BY BOARD

Special Services at Temple Admitted Tomorrow Evening at 7:45 in Celebration of New Year.

The board of directors of the Albuquerque Jewish Community Center, which is in charge of the new high school, has let the contract for the building. The building is to be located on the corner of 10th and Broadway streets. The contract was let to the firm of J. H. & J. W. Smith, who are the architects. The building is to be a two-story structure, with a total area of 10,000 square feet. The estimated cost of the building is \$100,000. The building is to be completed by the end of the year. The new high school is to be a day school, and will admit students from the 10th and 12th grades. The school is to be a secular school, and will not have any religious instruction. The school is to be a public school, and will be open to all Jewish children in the city. The school is to be a day school, and will not have any religious instruction. The school is to be a public school, and will be open to all Jewish children in the city.

"VAGS" CONFESS TO CHIEF M'ILLIN THAT THEY ARE DESERTERS

MANY FIRMS WILL WESTGARD ARRIVES GOVERNOR TO TOUR BE REPRESENTED ON SEVENTH TRIP IN PARADE ACROSS U. S. ROADS BUILT BY CONVICT LABOR

Industrial Pageant of Thirty-third Annual New Mexico Fair to Be Most Noteworthy Ever Held.

Pathfinder Mapping 17,000 Miles for Transcontinental Highway Association This Year.

State Engineer French Announces Executive's Intention of Making Trip to Albuquerque and Silver City.

That the industrial parade of the thirty-third annual New Mexico fair this year will be the most noteworthy ever held is assured by the number and variety of the exhibits. Leading business firms, the external orders, the Indian school orders, company G, of the New Mexico National Guard, police and fire departments, city council and half a dozen bands, not to mention Albuquerque's principal industries, will go to make up a parade which will advertise the business and industrial life of Albuquerque.

Crossing the continent for the seventh time in three years, A. L. Westgard, vice president of the National Highway association, and director of the Transcontinental Highway association, arrived here at 5 o'clock yesterday afternoon.

State Engineer J. A. French, who accompanied A. L. Westgard to Albuquerque from Santa Fe yesterday, was confined before he accepted Santa Fe train No. 4, and right to return to the capital, that he expected to come to Albuquerque the latter part of this week, accompanied by Governor W. C. McDonald.

Chairman C. C. Chubb, of the committee having in charge this feature of fair week, last night announced that the committee would make a thorough canvass this afternoon for entries, thus completing the list for the parade, that the committee might not be able to complete its arrangements, such as securing a line of march, etc. Everyone is urged either to have the entry cards ready for the committee today, or else to make up their mind to enter the parade.

The association projects that the government build and maintain these roads.

The governor, according to Mr. French, for some time has been desirous of making over the route south from Santa Fe to Coors and Silver City, built in convict labor, and tentative plans have been made for him to take this trip upon his return from California.

The following entries to date given on indication of what the parade is going to be:
Albuquerque Gas, Electric Light & Power Co.
W. L. Hawley, the frank man, Wells-Fargo Express company, Butler Auto company, Benjamin Bros. & Co. Coleman-Black company, John M. Moore Realty company, Matthew Dairy company, Nash Electrical Supply company, E. L. Washburn company, The Model company, Hubbs Laundry, Kappeler Furniture company, Builders and Decorators' board, Carpenter's union local, Alameda Hispano-American de las Américas de Barrios, De Krook Brothers-Carved company, Automobile Royal Indian band, Capital City Amusement company and band.

Mr. Westgard was little short of amazed at Albuquerque's growth since his last visit here several years ago, and admitted that he would be glad to see the city and country he would grow up over today. He has 24 of his points with him, and will decide on the route he will take to California from here. Whichever route he takes, he announced that he would return to the other route, thus making two transcontinental roads for automobiles across New Mexico.

Mr. French (though admitted that he was a little surprised at Mr. Westgard's praise of the road from Santa Fe to Santa Fe, Mr. Westgard declared that this stretch of road was in better condition than a great deal of the route over which he so far had traveled.

Government Indian school band and two companies of cadets, City band, Police, Fire department, Mayor and council, Gallup band, Albuquerque, William Zetter, two bands.

Mr. Westgard was little short of amazed at Albuquerque's growth since his last visit here several years ago, and admitted that he would be glad to see the city and country he would grow up over today. He has 24 of his points with him, and will decide on the route he will take to California from here.

Mr. French (though admitted that he was a little surprised at Mr. Westgard's praise of the road from Santa Fe to Santa Fe, Mr. Westgard declared that this stretch of road was in better condition than a great deal of the route over which he so far had traveled.

TIJERAS ROAD WILL BE FINISHED WITH APPROPRIATION

Forest Service Gives \$1,800 for This Highway on Which Work Was Stopped When Fund Was Exhausted.

With the \$1,800 appropriated to the forest service, the best that stretch of the Albuquerque-Tijeras road within the bounds of the Albuquerque National Forest will be completed. The appropriation made by the forest service last year for the Tijeras road has been exhausted, but a stretch of road from El Paso to Tijeras was finished with this money. Work has been stopped on this road, but it will be resumed as soon as the \$1,800 appropriation becomes available, and forest service officials believe that this will be enough to finish the project.
