CLAYTON BADLY DAMAGED BY TORNADO YESTERDAY

Meager Reports Received Here Today Indicate the Greater Part of the County Seat of Union County Was Destroyed by Twister Which Raged Through That Section of the Territory Yesterday Afternoon.

COURT HOUSE AND MANY RESIDENCES WERE RAZED WHILE THREE OR FOUR PERSONS ARE REPORTED KILLED

Inability of Telegraph Companies to Get in Communication With the Town Because of Damage to Wires Leaves Doubt as to the Fate of Eastern New Mexico County Seat—Best Reports Available Today Indicate That the Greater Part of the Town Has Been Destroyed by Fierce Wind-storm, Accompanied by Loss of Life, and Leaving Survivors in Destitution.

El Paso, Tex., Oct. 19.—It is reported here that several persons were killed by a tornado at Clayton, N. M., last night. According to the report the court house was badly damaged and a number of residences blown down, while three or four persons are reported killed. Wires are down and it is impossible to get further details of the storm.

Clayton, N. M., Oct. 19.—At 8:30 o'clock yesterday evening a cyclone from the southwest struck this town, demolishing a forty thousand dollar court house and one residence, and damaged other residences and business houses. The twister struck the court house first and divided its force or otherwise the entire residence portion of the city would have been demolished.

The path of the storm was two hundred feet wide and all the barns, out buildings, etc., in its wake were destroyed. Window lights were blown out of fifty houses and the terrific rain storm which followed the wind damaged the household goods of nearly every family in the town.

Sal Pinar, Democratic nominee for county clerk, was with his wife and four children in their home when the storm struck. The house was lifted up, leaving only the floors, but the family miraculously escaped injury.

WIFE'S WILL GIVES DOLLAR TO HUSBAND

Chicago, Oct. 19.—One dollar, payable in monthly installments of 25 cents, is the bequest given Andrew Heckler by his late wife, Catherine E. Heckler, of Portland, Or. Her will was filed in the Cook county probate court today. The husband is referred to as an "individual." The will was filed by Attorney B. S. Bague, of Portland, Or., who is bequeathed a cut-glass water bottle. Mrs. Isabella Vance, a friend, is given the remainder of the estate.

FOUR HUNDRED FAMILIES MADE HOMELESS BY FIRE

Rogers Point, Mich., Oct. 19.—After three days' battle with forest fires this city was free from smoke yesterday afternoon and no buildings in the town had been destroyed. It is estimated that the homeless victims of the forest fires in the Presque Isle and Alpena counties will number at least 400 families with an average of four to six persons to each family.

SANTA FE TRAINS DELAYED

Santa Fe 4 is reported on time. Train No. 8 from the west is reported here at 10:45 p. m. and No. 1 from the east at 10 p. m. No other passenger trains will arrive from the east before 11 a. m. tomorrow morning.

ate that the damage will be great. Many farm houses are reported blown away and many are injured, while several lives were probably lost. A new \$15,000 bank building here was partly wrecked and damaged to the extent of \$5,000. Hundreds of head of livestock have been killed. But for the fact that the tornado struck the courthouse first and its force was divided by that solid structure, there would probably be little left today of Clayton. As it was, the town had a narrow escape, but the residents are not in need of anything. The total loss is estimated at \$100,000.

Mrs. Leon B. Stern, who has a sister, Mrs. Bitterman, living in Clayton, today received a message from relatives at Socorro that they had a telegram from Mrs. Bitterman, saying that the house in which she and her family lived had been entirely destroyed but that no member of the family had been injured. The message did not give particulars of the storm.

No word has been received from smaller towns in that part of the territory but it is believed from reports that the storm was of unusual severity and may have damaged a wide section of the country. Clayton is the county seat of Union county, in the extreme northeastern part of the territory. It has a population of about 1,000, a number of large stores, banks, etc., and is the trading point for a prosperous section of New Mexico and Texas. It is on the Colorado & Southern railroad.

COLUMBIA UNIVERSITY HAS AERONAUTIC COURSE

New York, Oct. 19.—A course in aeronautics, the first of the kind to be given in an American university, is the latest addition to Columbia's curriculum. Only one student at present is engaged in studying the science of navigation of the air, but it is believed that in the near future many others will take up work along this line.

Grover Cleveland Loening, who received his A. B. degree from Columbia last June, is the first to take up the subject along scientific lines. Under Dr. Charles C. Fawcett, who has spent much time investigating bird flight, Loening has begun work for the degree of master of arts in aeronautics. For the first half of the year he will devote himself to the historical side of the subject, collecting all important matter on airships written thus far. He will then turn to original research in the laboratory, using models of airships for experimental purposes.

THEATER MANAGER LEAVES

Upon returning to work this morning the employees of the Majestic theater were treated to a surprise. Some time during the night the manager, Henry Levy, made his departure for parts unknown, taking with him all the paraphernalia necessary to the showing of moving pictures, so say the employees. They say that he owed Miss Lessee Keith, the pianist, one week's salary, T. O. Drummond four months' salary, R. N. Reeder one month's salary and Charles Thorpe, vocalist, one month's salary.

HE ROBBED THIRTY

Seattle, Oct. 19.—A 100-ton highwayman, armed with two revolvers, walked into the Clear Lake Logging company's camp at Clear Lake last night, lined up the thirty employees in a row, and ordered two of the loggers to search the others, and left the place in safety with \$160 and several cheap watches.

"DISEASES OF OCCUPATIONS" NEW BOOK TELLS ALL ABOUT THEM

According to a New York professor, various occupations cause various diseases and a man should not be held responsible in cases where he is afflicted because of the peculiar vocation he follows.

THE BATTLESHIP MAINE ARRIVES IN PORT AFTER TRIP

First of American Warships to Complete Around the World Cruise.

TWO SHIPS TRAVELED MORE THAN 35,000 MILES

Farmington, N. H., Oct. 19.—The battleship Maine, the first of the American Atlantic fleet to return to the United States after a tour around the world, arrived here this morning. The Maine thus ended, together with the battleship Alabama, which is expected to arrive at the New York navy yard tomorrow, the most spectacular around-the-world cruise ever made by a first-class, modern warship. The voyage consumed 308 days and during that time the two vessels covered a distance of about 35,000 miles. The two vessels were detached from the fleet because of the inferior condition of the Alabama's engines and the Maine's limited steaming capacity, and proceeded on the voyage together. They finished without an accident of any consequence and without losing any time from their schedule.

CHAIRMAN MACK EXPECTS HARD FIGHT

Comes From West to Take Charge of New York Campaign Finish.

New York, Oct. 19.—Democratic Chairman Mack came from the west today to take personal charge of what he declares will be the hardest fought finish of any presidential campaign in this state. Not only Mr. Bryan, but other Democratic speakers of note will swing through the state in an effort to capture New York's electoral vote for the Democratic ticket. Mr. Mack asserted today that Bryan will be elected by a landslide, basing his prediction on the precinct polls of New York, Ohio and Indiana, which show Republican losses running from twenty-five to forty per cent.

ROOSEVELT TO WRITE FOR OUTLOOK MAGAZINE

President Signs Contract to Prepare Series of Articles.

New York, Oct. 19.—President Roosevelt has signed a contract with the Outlook to act as associate editor after his retirement from the presidency next March. This is subject to existing contracts to write a history of his African travels for Scribner's Sons. His work for the Outlook is to cover political and economic topics.

TAFT TO END CAMPAIGN WITH SPEECHMAKING IN NEW YORK

Candidate Leaves Washington for Two Weeks Strenuous Work on the Stump.

ATTENDS BIG MEETING AT BALTIMORE TONIGHT

Washington, D. C., Oct. 19.—Before leaving Washington this morning Judge Taft discussed the future demands of the campaign with interest, saying that while the program mapped out for him will be extensive, he hoped that he might be able to complete the work by conserving his voice as much as he could. His itinerary today includes New Jersey and Delaware, ending tonight with a big meeting at Baltimore, at which Secretary Garrison will preside. Tuesday will be devoted to a tour of Maryland and West Virginia. Wednesday Taft will rest at Cincinnati and the last three days of the week will be devoted to a whirlwind dash through Indiana. The last week of the campaign will be given to New York.

THOSE BRYAN FALLACIES

Newark, N. J., Oct. 19.—William H. Taft received an enthusiastic greeting on his arrival here today. His voice and spirits showed the benefits of Sunday's rest. Many were unable to gain admittance to the theater where Taft addressed a large audience. He reviewed Bryan's record and declared that every theory the Nebraskan had advanced had sooner or later proven to be fallacious. This was illustrated, he said, by the Oklahoma constitution, "which is a perfect zoological garden of Bryanesque panaceas."

BILLIK MUST HANG SAYS SUPREME COURT

Refuses to Hear Appeal Case of Accused Chicago Murderer.

Washington, Oct. 19.—The supreme court of the United States today dismissed for want of jurisdiction the appeal of Herman Billik from the decision of Judge Landis of the United States circuit court for the northern district of Illinois who denied the petition for a writ of habeas corpus in the case of Billik. Billik is under sentence of death for the murder of a number of people. Killed Five People.

Chicago, Oct. 19.—The refusal of the supreme court to act in the case of Herman Billik brings to an end one of the most notable struggles ever made in this country to save a condemned man. Billik was charged with the murder of five members of the Venzel family and on conviction was sentenced to hang. His last hope lies with the governor of Illinois.

REPUBLICANS HOLD THEIR PRIMARIES TODAY

Selection of Delegates to County Convention Up to Voters of This County.

POLLS OPEN UNTIL EIGHT O'CLOCK TONIGHT

The Republican primaries to select delegates to a county convention where the county ticket and legislative candidates will be nominated, are being held today.

In the county precincts the primaries were held at 2 o'clock and from reports received at Republican headquarters there was a good attendance and lively interest was manifested in the selection of the delegates. In Albuquerque, which comprises Precincts 12 and 26, the polls were opened at 4 o'clock this afternoon and will be kept open until 8 o'clock this evening in order that every one entitled to vote will have plenty of time to do so. Voting in these precincts is by ballot in accordance with the call issued last week by Chairman Gillenwater. So far as could be learned, there was only one printed list of delegates being distributed this afternoon and the names on that list will probably be those of the delegates to the convention from Precincts 12 and 26, as there did not appear to be opposition.

THREE TROLLEY CARS COLLIDE AT CORNER

Air Refused to Work and One Man Was Killed While Many Were Injured.

Kansas City, Oct. 19.—One man was killed and fourteen other passengers injured today in a collision of three trolley cars at the corner of Thirteenth street and Troost avenue. The accident was caused by the failure of the airbrakes on a car to work, in consequence of which it ran backward down a hill. I. I. Smith, of Nevada, Mo., was crushed to death and the most seriously injured are: Albert Hupp, R. S. Pollitt, Miss Lella Chase Perry, Mrs. W. J. Kline.

A WOMAN DRAWS THE FIRST CLAIM

Very Few of the 23,000 Persons Registering Attend Land Drawing.

Dallas, S. D., Oct. 19.—Very few of the 23,000 persons registered at this place were present when the drawing for Tripp county Rosebud lands began this morning in a big tent. Nineteen large cans were opened, each containing applications for land. Altogether 114,769 applications were received. Judge James W. Whitten, who conducted the drawings, announced that the first name drawn was May A. Melsen, of Kennebec, South Dakota.

SANTA FE PASSENGER COLLIDES WITH A FREIGHT

Engineer of Stock Special Is Killed Outright and Many Passengers Are Injured.

PASSENGER CREW RAN PAST SIGNAL

Wreck Occurred on the Only Stretch of Single Track Between Newton and Emporia. Many Cattle Were Killed.

Topeka, Kan., Oct. 19.—Westbound Santa Fe passenger train No. 17 collided with an extra freight at Brad-dock, a small station near Newton, at 3:30 o'clock this morning. The engineer of the stock train was killed outright and twenty-two passengers were more or less seriously injured. The dead: ENGINEER DAVID ROBERTS, Emporia, Kan. It is believed that the crew of No. 17 ran past a block signal, but an investigation now being made has not disclosed whether this is true or not. The two trains collided head on and the engine of the stock special was thrown from the track. Engineer Roberts was buried underneath the wreck of his engine and horribly crushed. He died almost instantly. Several stock cars were thrown from the track and about forty head of cattle were killed. The passengers on No. 17 were badly shaken and bruised, but it is believed that none was seriously injured. The wreck occurred on a short piece of single track six miles between Brad-dock and Walton. With the exception of this piece of track the Santa Fe has a double track between Newton and Emporia, a distance of 73 miles. No. 17 is the Oklahoma and Texas express which left Kansas City last evening. It goes south from Newton.

MISS HASKELL DENIES ENGAGEMENT STORY

Daughter of Oklahoma Governor Will Marry an Editor, Though.

Guthrie, Oct. 19.—Miss Frances Haskell today denied the truth of the story from the east telling of her engagement to Samuel Bowles, Jr., editor of the Springfield, Mass., Republican. She intimated that she was engaged to Leslie G. Niblick, editor of the Guthrie Leader.

BRYAN WILL TALK TO THE WORKINGMEN

Commencer Arranges Republican Candidates for Their Attitudes to Labor.

Last St. Louis, Oct. 19.—William J. Bryan began today's speechmaking in Illinois with a talk to a large number of workmen at the railway depot here. He arraigned Taft and Sherman severely because of their attitude on the labor question. Taft, Bryan said, does not seem to appreciate the inequities of the trusts. He closed his speech with a plea that the rival candidates be permitted to fight out the campaign between themselves so that the people may be allowed to decide between the issues "unhampered by executive interference."

ANOTHER DEMOCRATIC CAMPAIGN LIE IS NAILED

Efforts Made to Show That Andrews Did Not Get Appropriation for Irrigation Congress.

CHAIRMAN TAWNEY WRITES A LETTER

Tells Secretary Twitchell That Government Fund Was Due More to Mr. Andrews' Work Than to Any Other Individual.

Mr. Fergusson and Mr. Larrasolo, in their desperate attempt to manufacture some sort of an excuse for an issue, have been making the statement to the public that Mr. Andrews had NOTHING TO DO with securing the \$30,000.00 appropriation for the irrigation congress. In order to expose the fallacy of this statement, Chairman Tawney, in response to their letter, has written an original letter to the Hon. R. E. Twitchell, secretary of the National Irrigation congress, in response to their letter thanking Mr. Tawney for having secured this appropriation for them, is here reproduced. The letter, which speaks for itself and needs no comment, reads as follows: Committee on Appropriations, House of Representatives, Washington, D. C. Winona, Minnesota, June 10th, 1908. Mr. R. E. Twitchell, Secretary, National Irrigation Congress, Albuquerque, N. M. Dear Sir: I am in receipt of your letter of the 1st inst. enclosing a copy of resolutions passed by the board of irrigation congress ten-dering their thanks to me for the aid rendered in securing the appropriation of \$30,000 to assist in defraying the expense of the National Irrigation congress to be held in your city. While I appreciate your kindness in sending me these resolutions and the kindness of your board in adopting them, nevertheless I desire to say that the credit for securing this appropriation is due more to your delegate in Congress, Hon. W. H. Andrews, than to any other individual or any other member of the House or Senate. Mr. Andrews was both industrious and persistent in his effort to secure this appropriation and it was through his efforts that the city of Albuquerque obtained the appropriation. Very truly yours, (Signed) J. A. TAWNEY.

MONDAY, OCTOBER 19, 1908.

SEVERAL NATIONAL
TICKETS IN
THE FIELDMany Issues Are Before the
People of Various States in
Approaching Election.

Chicago, Oct. 12.—Elections will be held in the various states and in the territories of Arizona and New Mexico November 3rd. Three states, Oregon, Maine and Vermont, have held their state elections, and have named members of the next Congress—the sixty-third. Arkansas and Georgia have named state officers only and will select congressmen at the coming election. In twenty-eight states governors or other state officers are to be elected; a number of these states will also elect members of the legislature. Six states will choose justices of the supreme court or minor state officers. In seven, congressmen only are to be elected, and in two, congressmen and a legislature only.

The terms of thirty-one United States senators, eighteen Republicans and thirteen Democrats, expire March 3, 1909. Alabama, Arkansas, Louisiana and Maryland have chosen Democrats, and Kentucky a Republican, while Vermont has chosen a legislator which will name two Republicans. The present Senate is composed of sixty-one Republicans and thirty-one Democrats.

Members of the National House of Representatives are to be elected. Oregon, Vermont and Maine have already chosen Republican representatives. In some of the southern states Democrats only have been nominated while in others party nominees will oppose Republicans and Democrats. The present House is composed of 331 members, 223 Republicans and 108 Democrats. There are two vacancies.

South Carolina, as usual, has only one ticket—the Democratic—for state officers. Louisiana also has but one ticket—the Democratic. In this state, however, a justice of the supreme court and a railroad commissioner are the only state officers to be elected.

The Prohibition Party has tickets in twenty-one states, the Socialist in twenty-seven, the Independence Party in twelve, the People's Party in six, and the People's or Populist Party in five, including Nebraska, where they have fused with the Democrats.

The number of tickets in the different states is: 1, South Carolina and Louisiana; 2, Alabama and North Carolina; 3, Delaware, Florida, Montana, New Hampshire, Oklahoma, Nevada, Rhode Island, South Dakota, Utah, Washington, West Virginia and Wisconsin; 5, Connecticut, Illinois, Kansas, Minnesota, Idaho, Missouri and Nebraska; 6, Indiana, Iowa, Massachusetts, Michigan, New York and Texas; 7, Ohio.

The Prohibitionists have tickets in Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New York, Ohio, Rhode Island, South Dakota, Texas, Washington, West Virginia and Wisconsin.

The Socialists have tickets in Colorado, Connecticut, Florida, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New York, North Dakota, Ohio, Oklahoma, Rhode Island, South Dakota, Tennessee, Texas, Utah, Washington, West Virginia and Wisconsin.

The Independence Party has tickets in Illinois, Indiana, Iowa, Kansas, Massachusetts, Idaho, Michigan, Minnesota, Nevada, New York, Ohio and Texas.

The People's or Populist Party has tickets in Indiana, Iowa, Missouri, Nebraska and Ohio.

The Socialist Labor in Connecticut, Massachusetts, Michigan, New York, Ohio and Texas.

The American Party has one ticket in Utah.

In twenty-three states a total of ninety proposed constitutional amend-

ments, laws, questions, or propositions, will be voted upon. This does not include Michigan, where a revision of the present constitution will be submitted to the voters for adoption or rejection. The number of amendments or questions in the different states is: 1, Iowa, Texas, Wyoming; 2, Idaho, Illinois, Kansas, Montana, Nebraska, Rhode Island, Washington, West Virginia; 3, Alabama, Colorado, Florida, Ohio; 4, Minnesota, Wisconsin; 5, North Dakota, Oregon; 6, South Dakota; 8, Missouri; 9, Louisiana; 18, California.

The amendments or proposed laws of several states are of general interest. In South Dakota the question of repealing the "one year residence" act, which was passed by the last legislature in order to stop rapid divorces, will be submitted to the voters. Formerly, suit for divorce could be brought after a six months' residence in the state. Opposition to this short term of residence resulted and the one year act was passed. The latter has been objected to in certain quarters and petitions finally were secured for the submission of the one year act to a vote of the people at the coming election.

In Illinois the question of a lake-to-the-gulf deep waterway will be before the people in the form of a constitutional amendment authorizing the state to issue bonds of \$20,000,000 for the enterprise.

A proposed income tax will be voted upon in four states, South Dakota, North Dakota, Minnesota and Wisconsin.

California is one of the latest of the states to agitate election reform. To the people there will be submitted a proposed constitutional amendment, among others, empowering the legislature to enact a direct primary law providing for the direct nomination of all candidates for public office.

YOUNG BRYAN NOT TOO YOUNG TO
MARRY MISS BERGER NEXT YEAR

MISS HELEN BERGER AND WM. J. BRYAN, JR.

Lincoln, Neb., Oct. 13.—The love affair of Wm. Jennings Bryan, Jr., and Miss Helen Berger, which began in Venice, is moving along over paths of thornless roses. The objection of the two families because of the youth of the lovers has been waived and now the statement has been given out that the wedding will take place next year.

Will it be a White House wedding? Young Bryan is a sophomore at the Nebraska State university, and although married he will conclude his college course.

Miss Berger is a brilliant student and a fine musician.

WOMAN KEPT WANT JUSTICE,
HOUSE FOR TWO NOT CHARITY,
HUSBANDS FOR WOMEN

She Alternated Between Two Residences Day After Day for Several Years.

New York, Oct. 19.—Instances of a man maintaining two wives in different parts of the city are not rare, but it is not often that a woman slides into the limelight as the possessor of two husbands with whom she lived every day in the year.

Mrs. Catherine Stroebel was such a versatile helpmate, according to undisputed evidence furnished before Judge Aspinwall in the Brooklyn supreme court, where Philip Stroebel was awarded a decree of divorce from her.

Judge Aspinwall was satisfied by the evidence that Catherine lived with Stroebel as his wife at 247 Stanhope street, and with one Jacob Valuse as his wife at Atlantic and Grant avenues, Richmond Hill, a suburb of New York. She was aided in her dual household accomplishments by the fact that Stroebel, whom she married in 1899, is an engineer and works nights. Valuse is a clerk and works in the daytime.

The protean female performer engaged to reign in the two households. She experienced no difficulties on Sundays and on the rare occasions when her husbands took a night off, Stroebel worked Sunday nights.

The terms of Stroebel's employment forced him to leave his home at 6 o'clock in the evening. Before departing he would eat what corresponds to a day worker's breakfast. As soon as he was out of sight Mrs. Stroebel would put on her wraps, close up the house, and hasten to Richmond Hill, where she would assume her position as Mrs. Valuse.

The clerk Valuse would send his labor at 6 o'clock in the evening. By the time he got out to Richmond Hill his apparent wife would have dinner on the table for him. She would spend the night at Valuse's house, and get up at 5:30 in the morning and prepare his breakfast.

Valuse left his house about 6:30. Mrs. Valuse would put on her wraps, close up the house and hasten down to her home in Stanhope street to begin the day as Mrs. Stroebel. Stroebel would get home about 7:30, tired and sleepy, and wash the oil and coal dust from himself. Then he would sit down to a meal corresponding to a day worker's supper, after which he would go to bed.

If Mrs. Stroebel needed any sleep she could take it while her husband slept through the day. As soon as he was out of the way in the evening she would move out to Richmond Hill again. She alternated between the two houses day after day.

More Than Enough Is Too Much.

To maintain a
woman needs just enough food to
repair waste and supply energy and
calm heat. The habitual consump-
tion of more food than is necessary
for these purposes is the prime cause
of stomach troubles, rheumatism and
disorders of the kidneys. If troubled
with indigestion, revise your diet, let
reason and not appetite control and
take a few doses of Chamberlain's

REPUBLICAN RALLY
TOMORROW NIGHT

Voters Are Invited to Visit Club
Rooms and Hear Some Impor-
tant Talks.

Attorneys George S. Klock and E.
W. Dobson will be the chief speakers
at the rally to be held tomorrow
evening at the Young Men's Republi-
can club. Both men are well known
and well versed in local and national
politics and their addresses will be
well worth hearing.

To lend a little levity to the oc-
casion, President C. O. Cushman has
secured the services of the colored
quartette and Leonard and Linde-
mann's band. Both are well known
musical organizations, worthy
of giving the kind of music that one
likes to hear. Owing to the near-
ness of election, there is likely to be
a few things said at this meeting that
Republican voters should hear. The
Young Men's Republican club has a
spacious hall at 122 West Silver ave-
nue. There will be room for all who
care to come.

SOME FUNNY SCENES
IN "A COWBOY'S GIRL"

Western Play Which Comes Here
Thursday Has Many Comical
Scenes.

One of the most mirth provoking
scenes in "A Cowboy's Girl" which
comes to the Elks' Theater October
22 occurs in the third act, which is
a scene in round-up camp, show-
ing the chuck wagon, the camp fire
and the various paraphernalia which
goes with the round-up and branding
of cattle. Judge Bolivar is suf-
fering with a very bad cold in
the head and being a visitor at the
camp is invited by the boys to stay
and join them in a supper, whose
piece de-resistance is to be hard
boiled prairie chicken eggs, a nest of
which one of the boys had discover-
ed. The judge willingly does so, the
eggs are passed around, every one
takes a bite and discovers that in-
stead of eggs they are getting chick-
ens, all but Bolivar, who with his
cold eats nearly half through his be-
fore his stomach informs him that
there is something wrong some-
where, and he too makes a hasty
exit.

"A Cowboy's Girl" is one of the
few western plays ever written by a
man who thoroughly understood
what he was writing about. Mr.
Benton spent a great portion of his
life in the cattle country of Texas
and knows the old time cattleman,
his ways, expressions, likes, and dis-
likes, as well as he knows the alpha-
bet. The little things which are
lacking in most plays of the west
are strongly emphasized in "A Cow-
boy's Girl" and add much to the real-
ism of the production.

NEW FILMS SHOWN
AT THE SKATING RINK

Several of the New Series Will Be
Exhibited This Evening.

Through the new film service which
was recently installed at the skating
rink some of the best pictures ever
exhibited in this city may be seen
in the very near future. The two new
films which were displayed last even-
ing and which will again be seen this
evening at this popular place of
amusement are "The Power of Labor"
an intensely interesting set of
pictures which depicts in a most
credible way, a large steel mill in
active operation.

A lowering of the wages of the em-
ployees by their heartless superinten-
dent is the cause of a riot among the
laborers of the institution. The news
is carried to the owner of the mill,
who immediately proceeds to adjust
matters with the result that order is
again restored and the men return
again to their labors in the mill. In-
teresting the plot a beautiful love
story is most creditably shown, mak-
ing the pictures very interesting.

Another film which is shown repre-
sents "The Village Gossips." The town
gossips are here shown starting trou-
ble with their gossiping, the ill re-
sults of which are shown amusingly
all through the pictures. As usual, a
 vein of sentiment intermingles with
the humor.

In addition to the pictures Mrs. C.
A. Frank will sing a few songs and
illustrate. The rink has been re-
served for members of the skating
club tonight but the program is for
the public as usual.

COURT DISMISSES
LARCENY CASE

Upholds Contention That Wife Can-
not Steal From Her Husband.

The larceny case brought by
Charles Mitchell against his wife, in
which he alleged that she took prop-
erty valued at about \$400, was dis-
missed by Judge Craig this morning.
Mrs. Mitchell's attorney asked dis-
missal on the ground that a wife
cannot steal from her husband, and
the court upheld the contention.

Mrs. Mitchell in answer to the
charge brought a counter charge that
her husband owed her \$300 and that
she took the property for her debt.
A suit for divorce is now pending in
the district court, having been filed
by Mrs. Mitchell.

NEW SHEEP AND WOOL
COMPANY IS FORMED

Leon B. Stern Quits Dry Goods Busi-
ness to Join Eduardo Chaves
in New Enterprise.

The "Lion Store," one of the old-
est commercial landmarks first of Old
Albuquerque and then of new Albu-
querque, will soon be a thing of the
past. Leon B. Stern, the proprietor,
has decided to retire from the dry
goods business and embark in the
wool, hide and sheep business, and
has formed a partnership with Edu-
ardo Chaves, the well known South
Second street merchant, with this
purpose in view. The name of the
new firm will be the Stern-Chaves
company, and the business headquar-
ters of the company will be in the
Valo building on North First street.

Mr. Stern said this morning, at his
Central avenue store, that he had
contemplated engaging in the wool,
hide and sheep business for several
years but not until now had a favor-
able opportunity presented itself.

Mr. Chaves has had years of ex-
perience in the general merchandise
business and has raised sheep at the
same time. In the new partnership
business that has been started, Mr.
Stern will acquire an interest in Mr.
Chaves' herds of sheep. Both men
have had more or less experience in
the wool and hide business, which
with their vast mercantile experience,
will fit them for the new venture.
Mr. Stern has already begun the
sale in which he hopes to dispose of
his Central avenue store, and he will
give his time to the new business as
soon as it can be closed out. The
stock includes about \$25,000 of gen-
eral dry goods. Mr. Stern said this
morning that the entire stock would
have to go regardless of cost.

TRAIN PORTER GETS
DAMAGES FROM ROAD

Jury Gives Him Sum He Claims as
Salary Withheld From Him.

D. L. Thompson, the train porter
who sued the Santa Fe for holding
out part of his salary for carrying a
passenger, was given \$33.75 damages
by the jury Saturday evening after
being out only a few minutes. The
railway company was also held re-
sponsible for the costs of the suit.

The case of R. H. Greenleaf against
J. L. Bell & Co., in which the lat-
ter is sued for the unlawful retention
of a storeroom on Silver avenue in
which there is a pool room owned by
Doak Bros., was on trial today.
The defendant company had a lease
on the room, and occupied it for a
time but later found it to its interest
to change locations. The company,
then, it is alleged, made a sub lease
to Doak Bros. Greenleaf seeks to
have the pool room put out of his
building. The case was heard by
Justice of the Peace Craig, and dis-
missed by him.

The L. B. Putney company today
brought suit against Franz Schmidt
and C. H. Story of San Marcial to re-
cover on a promissory note for \$16,
500. The note was given April 13
and was signed jointly by J. N.
Brooks, Charles Lewis, H. Newman
and the defendants. Schmidt and
Story gave a mortgage on 6,000 acres
and a number of cattle to secure the
note. The paper came due Octo-
ber 15.

District Attorney Glancy today
brought suit against all persons, real
estate and land and property in the
delinquent tax list of Bernalillo coun-
ty, to secure judgment so that the
same may be offered for sale thirty
days hence.

CHICAGO NEGROES
ARMING THEMSELVES

They Have Purchased Old Rifles
From the Government.

Chicago, Oct. 19.—The discovery of
more than 500 rifles in the "black
belt" caused the police to break up
what they fear are preparations for
a race war in Chicago.

All of the rifles are of old Spring-
field make, discarded by the army.
They were sold out recently in one
large lot by the government, and
many of them came to Chicago, where
they were disposed of cheaply.

Detective Sergeant Charles Agnew,
secretary to Assistant Chief Schuet-
tler, today sent out a corps of detect-
ives to watch the places in which
rifles are being sold and to question
every purchaser.

One negro, when stopped by de-
tectives as he came out of the store
with a rifle, said: "There are about
300 rifles in the black belt. Negroes
are taking the advice of colored
preachers, who advised us to arm
ourselves. There will be no trouble
out there unless the white folks
bother us. But if they do we will
not be caught empty-handed like the
negroes were down in Springfield.
We want to be let alone, but we also
want to be ready for trouble if it
is going to come."

MASONIC GRAND LODGE BEGINS SESSION HERE

Large Representation of Territorial Lodges Are Here Today.

The New Mexico Grand lodge of Masons opened a two days' session at Ballat Ahyad temple this morning with a better representation of the twenty-nine lodges of the territory than at any previous meeting. The morning session was devoted to organization. Business and reports of officers of various lodges were on the program this afternoon. This evening Ballat Ahyad temple will be host to a smoker given to visiting members. The express purpose of this smoker, however, will be to give the local members an opportunity of becoming acquainted with the visitors, many of whom are late arrivals in the territory and have never before attended the New Mexico Grand lodge.

The election of officers will be the chief business of the session tomorrow.

The out-of-town members present at this morning's session and the lodges of which they are members, and their present residences, follow:

O. H. Brown, Aztec No. 2, Las Cruces; G. B. Sibole, Mimbres No. 10, Mimbres; J. P. Stone, Portales No. 24, Portales; O. L. Gregory, Chapman No. 2, Las Vegas; Jax, Criswell, Sr., Vermojo No. 21, Dawson; E. A. Chabon, John H. Jenkins, W. P. Chisum, Ralph M. Parsons, J. C. Hamblin, Roswell No. 18, Roswell; A. D. Tonight Temple lodge No. 6, A. F. and A. M. entertains the members of the grand lodge of New Mexico.

The Temple quartet, a group of popular male singers, will be heard in the following program:

The Quartet: D. D. MacDonald, first tenor; P. McCallum, second tenor; H. G. Bullard, first bass; T. Y. Maynard, second bass, and Mrs. D. D. MacDonald, accompanist.

All are musicians of a high order, each one is a soloist and with Mr. McCallum's readings they form an excellent combination.

TEACHERS' ASSOCIATION MEETS IN DECEMBER

Society Now Has Large Membership and Expects Big Attendance.

The meeting of the New Mexico Teachers' association, which will be held in this city December 25, 26 and 27, promises to be one of the best in attendance ever held by this association. The organization now numbers nearly 200 members, an increase of nearly 100 over that of last year. In connection with this meeting an oratorical contest will be held and great preparations are already being made by the local high school which will be represented.

The officers of the New Mexico Teachers' association are as follows: President, R. O. Flaher, county superintendent of the Colfax county schools, Raton, N. M.; vice president, W. Fremont Osborne, Greenfield, N. M.; secretary, W. E. Garrison, president of the Agricultural college, Agricultural college, N. M.; treasurer, Luther Foster, director of experiment station of the Agricultural college, Agricultural college, N. M.; executive committee—Prof. C. E. Hodgins, dean of the University of New Mexico, Albuquerque; Superintendent R. R. Larkin, superintendent of city schools of East Las Vegas, N. M.; Superintendent J. E. Clark, superintendent of public instruction for this territory, Santa Fe, N. M.

The officers of the Colfax County Teachers' association are: President, A. J. Hunscomb, formerly of Raton, N. M., but now of California; vice president, C. M. Light, Silver City National school; secretary and treasurer, H. F. Asplund, Albuquerque, N. M.

The reason we do so much ROUGH DRY work is because we do it right and at the price you cannot afford to have it done at home.

SCHOOLS OF COLFAX ARE PROGRESSIVE

Report Issued Shows Them to Be in Excellent Condition With Large Enrollment.

The first annual report of the public schools of Colfax county, New Mexico, for the year 1907-1908 has been issued. The report is in the form of a forty-page booklet, neatly printed and precise and brief in statement. The green-tinted cover contains an excellent photograph of the high school at Springer.

Colfax county has thirty-five school districts, not including the Raton district, which employed forty-nine school teachers during the year. The forty-nine schools, or forty-nine school rooms, enrolled during the year 1,527 pupils. The schools of the county can be divided into three classes. The first class includes those of small towns and mining camps; the second class includes the older and well established single room schools; and the third class includes the smaller schools of the isolated districts.

The report also includes a folder of the school superintendent's special report for Colfax county, June 15, 1908, and gives a clear conception of the work and progress of the schools.

TEMPERANCE UNION OFFICERS TO DENVER

Local Leaders Will Join Special From California and Arizona Here.

A special train bearing nearly one hundred delegates on their way from Arizona and California to Denver, where a meeting of the national Women's Christian Temperance union is being held this week, will reach this city tomorrow morning at 9 o'clock. The delegation will be joined in this city by the territorial president, Mrs. S. C. Nutter, of this city, and territorial secretary, Mrs. Mary Barnes, also of this city, who will accompany the delegates to the meeting at Denver. The balance of the New Mexico delegation will join the special at Trinidad.

The meeting at Denver promises to be one of the largest in attendance of any ever held by this association and the sessions will occupy most of this week. Many of the most prominent workers of the country will be in attendance and business of vast importance to the work of the association will be performed.

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done more for me than five hundred dollars to me. I spent much money doctoring for bad case of stomach trouble, to little purpose. I then tried Electric Bitters and they cured me. I now take them as a tonic, and they keep me strong and well." 50c

CHANDLER FUNERAL WILL BE HELD WEDNESDAY

Death of Well Known Conductor Causes Sorrow to Many Friends Here.

The funeral of Alfred Lee Chandler, the Santa Fe conductor who suffered a stroke of paralysis Friday evening while taking passenger train No. 1 to Winslow, and died as a result at 10:45 o'clock Saturday night, will be held Wednesday afternoon at 2 o'clock from the residence, 514 South Arno street, Rev. Fletcher Cook, rector of St. John's Episcopal church, will deliver the funeral address. Interment will be made at Fairview cemetery under the auspices of the Order of Railway Conductors. Brother conductors will act as pall bearers.

The sudden illness and death of Mr. Chandler was a great shock to the many friends of the family. Conductor Chandler came to Albuquerque twenty years ago and has been in continuous service of the road ever since. He was one of the most popular conductors on the coast line division.

Mrs. Chandler was prostrated with grief yesterday but was able to leave her bed today under the influence of restoratives. Two brothers and a sister of Mr. Chandler, one living in Kansas and the other two in Canada, were notified, and the brother from

PURSE SNATCHING CASE IS DISMISSED

No One Appeared to Prosecute Alleged Thief in Police Court.

As no one appeared to prosecute the case, the charge of purse snatching on which Ramon Chavez was arrested yesterday was dismissed in police court this morning. The charge was brought by Mrs. Consolacion Garcia, a resident of Old Town, who says that she was robbed while on her way to visit relatives in the Highlands. She says that she was approached by a young man who told her a sorrowful story of privation, and then snatched her purse while she wasn't looking. The purse contained \$5, which the thief got.

SUNDAY WEATHER OF GREAT VARIETY

It Ranged From Hot to Cold, With Sand, Rain, Snow and Wind Features.

A bright, sunny morning, a windy day, which grew in violence until at sundown it reached a velocity of forty miles an hour, bringing into the city great clouds of sand from the desert west of the Rio Grande; then rain, snow and hail, continuing from 7 until 11 o'clock, was the great variety of weather the people of Albuquerque experienced yesterday. A blanket of clouds covered the sky all night, and that was all that prevented a frost, as the temperature fell rapidly until this morning at 10 o'clock, when it neared the freezing point.

However, the storm was not without its benefits. The precipitation was .22 of an inch, sufficient to lay the dust and partially fill the water holes. Snow covered the mountains to the east this morning but that which fell in the valley last night melted as fast as it fell. Monday has been cloudy and dreary, a sharp wind from the northwest keeping the temperature hovering low.

ANNOUNCEMENT

THE LION STORE

HAVING decided to retire from my present mercantile business, I shall, on Monday morning, October 19th, place my entire stock of goods upon the market for what it will bring. Practically everything is of this season's buying, and is correct for the winter of 1908-9. In this sale price will hardly be mentioned. I have other and more important matters that demand my immediate attention, and which require that I bring my present business to a speedy close. With this necessity in view, I have reduced prices to such an extent that people must buy. Remember, the sale is now on.

Is Regarded as Foregone Conclusion Because of Reception to Fleet by Australia.

The demonstration of pro-American feeling in Australia probably is responsible for a great deal of the present Canadian annexation discussion. England realizes that Australia is virtually lost to her, and she knows the stiff loss with England and now with the island continent. A sentimental attachment to the British crown serves to restrain Australia from proclaiming herself a republic, but this sentiment is slowly but certainly wearing away by the conflict of interests. The Australians are Britons, and in the long run material considerations will overcome sentimentalism every time. Should Australia declare herself independent of the empire, England would not lift a hand to prevent her going.

And the same would hold true respecting Canada. There, also, sentimental attachments to the mother country are one of the strongest forces, though it must be admitted that Canada has more to gain by continuing a British colony than has Australia. The destiny of Australia is independence, which would involve national self defense. Already plans for an Australian navy are under way, Canada is moving chiefly from her British allegiance to her American one, and she is saving the cost of self-defense. Maintenance of an independent Canadian navy would be so great a burden that it would remove to the dim future the probability of Canadian separation. In respect to Canada, the United States has no voice, and annexation to the United States that causes dread in the hearts of Englishmen.

But it is true that the French of Canada are French of an older day, having little sympathy with the motifs of the present French republic and none at all with the present anti-clerical government of France. The French-Canadians are profoundly Catholic and regard with horror the policies of M. Combes toward the church. Their flag is a home-made church flag, the flag of heraldry, the flag of the old regime—golden fleur-de-lis on a white background, with the

It is shown that such a waterway would be the natural highway from the great wheat fields of Manitoba, Assinboia and Albert, and that Ontario, with the whole of the great lakes on her southern border, would be still more vitally interested. In this connection the suggestion is made and it does not arise unnaturally that the interests of these western provinces are so radically different from

In describing the future of the "United States of North America," he had difficulty in finding language with sufficient color to meet his ideas. He pointed out that the area of Canada is 3,745,000 square miles, as against an area of 3,625,000 square

WASHINGTON GIVES BIG SUM FOR FAIR

The state of Washington has been generous to the exposition in its aid of the exposition. A special appropriation of \$600,000 was made for permanent buildings for the university to be used by the exposition. These include the auditorium, fine arts building, machinery hall and power plant. In addition to this was the direct appropriation of \$400,000 to come from sale of shore lands and this sum will reach over \$500,000 in the end. A greater part of this will go into permanent work which will be turned over to the university. Each county or city has a small appropriation for exhibits and four counties will have separate buildings, one—that of King county—costing \$50,000.

They Will be Rewarded for Economy in the Use of Coal and Other Supplies

All this is due to a spirit of friendly rivalry among the men and the determination on the part of each crew to be known as the best in the fleet. So successful has the experiment been, that the system of the separation of the men from the ships has not only been opened to the possibilities of what might be accomplished if inducements were held out to the men in the different branches of the operating end of the navy. Congress, therefore, will be urged to give the navy an opportunity to demonstrate what, under the expenditure of small sums, can be accomplished by larger sums in maintenance and operating expenses may be saved.

The loss on animals in which tuberculosis is found in the federal meat inspection is estimated at \$2,352,433 annually, and if the same conditions were applied to animals slaughtered without federal inspection the annual loss, he says, on all animals slaughtered for food in this country would be increased to \$4,102,433. The stock of animals on hand, he also points out, is depreciated in value because of this disease. Assuming the living tuberculosis milch cows are depreciated to

MAKE IMPROVEMENTS
ON FOREST RANGES

Service is Endeavoring to Better
Conditions and Increase Extent
of Ranges.

Washington, Oct. 19.—The increasing
demands for grazing pasture on
the national forests, combined
with the necessity for guarding the
range against overstocking, are forcing
the forest service to seize and im-
prove every possible opportunity to
increase the grazing capacity of the
national forest range.

A large number of national forests
contain pasture that cannot now be
grazed for lack of water for the
stock within convenient reach. The
total range area hampered by dearth
of water is immense, so that the
problem presented is of urgent im-
portance.

The ranges of the southwest are
particularly short of water, and dur-
ing the past summer several reser-
voirs and stock tanks were construct-
ed on the Garces national forest,
Arizona, in part by the forest ser-
vice independently and in part with
the cooperation of the stockmen. In
this way a great deal of the very val-
uable range was made available for
permanent use in the future.

In the same region drift fences
were built, and others are contemplat-
ed or are in process of construction.
When finished these fences will effect
complete control of the stock graz-
ing along the international boundary
line, where this forest is situated.

Similar improvements on a large
scale are being carried out on the
Kaibab national forest in northern
Arizona, where it is expected that
the capacity of the range will be in-
creased so as to accommodate several
thousand head of stock more than
at present.

Big Steamship Company Is Cutting Rates and Forcing American Company Out. Report Indicates It Is In Better Financial Condition Than Expected.

San Francisco, Oct. 19.—Commer-
cial war has been declared in the
Pacific ocean between Japan and
America, with the Nippon Yusen
Kaisha, the most powerful from a
financial standpoint of the Japanese
lines, and heavily subsidized by the
government, and the Pacific Mail
Steamship company, running a big
fleet of freight and passenger steam-
ers between this port and the Orient.
The Nippon Yusen Kaisha has cut its
freight rate twenty per cent, and un-
officially advises from Japan state that
the rate has been cut in half in the
last few days. The lowering of rates
by its Japanese rival has resulted in
an order from the Pacific Mail to its
agents to meet any reduction in rates
in order to get freight.

Steamship and railroad men are
wondering how long the war will last
and what the final results will be,
for the San Francisco company is
badly handicapped. Its officials claim
that the fleet was operated last year
with a loss of \$248,000, and in the
losing \$2,000 every day. The ships
which fly the flag of the Japanese
merchant marine are said to get an
imperial subsidy of \$25,000 for each
voyage, or round trip, so those who
realize what the struggle for superma-
rity means, are wondering how long
the fight can go on before the Pacific
Mail has to tie up its ships and
sunk.

All the heavy trade between the
Pacific coast and the Orient is at
stake, for it seems that the Japanese
have a bigger game behind the struggle
on the Pacific, which will make
the present rate cutting on the western
ocean nothing but a little skirmish
before the real battle begins.

The Japanese want to drive their
competitors from the Pacific and open
up the freights for the trans-
continental railroads, which now go to the trans-
continental railroads, with a direct line
of steamers between New York and
Yokohama by way of the Suez canal.
They have made their plans for the
Suez line, and it appears that their
first move is to cripple the American
line. And, strange as it may seem,
the strongest ally of the Nippon Yu-
sen Kaisha in carrying out its designs
to dominate America's trade with the
Orient, is the United States govern-
ment, acting through the Interstate
Commerce commission, so the boast
of San Francisco that she holds the
way to the Orient is likely to get a
setback, when the Oriental cargoes, in
Oriental ships, take the "top side" of
the world.

The rate war comes as a surprise to
local shippers and to many of the
trans-Pacific steamship agencies.
While there has been a great deal of
speculation as to the effect of the
Interstate Commerce commission rule
that tariffs for steamship and rail
shipments must be published, a rate
cutting contest was wholly unexpected.

"The Pacific Mail has entered the
right single handed, against all the
foreign lines in the Pacific, which are
operating under subsidies from their
governments," said A. J. Frey, assist-
ant manager of the Pacific Mail com-
pany.

"Unable to compete longer with the
subsidized lines, the Oriental and Oc-
cidental line is going into liquidation
next month. They have had a ship,
the Persia, tied up in Honolulu for
several months, and the Asa, their
other ship, is carrying light freights.
We have the Mongolia, Manchuria,
Siberia, Korea and China, and we are
losing \$2,000 a day. The Mongolia,
for instance, has been going out with
100 to 300 tons of overland cargo and
\$500 to 10,000 tons
