## MORSE IS BY THE WITHDRAWAL OF ONE CHARGE

Important Allegation in Misappropriation Case Will Not Be Heard Against Him.

## NOTE OF \$100,000 WAS INVOLVED

Judge Held That Morse Bank Was Not Damaged by the Transaction and Banker Morse Has Less Charge to Face.

New York, Nov. 2.—Charles W. Morse and A. M. Curtis were relieved of one of the most serious charges against them in connection with the accusation of misappropriation when the court today threw out one of the most important allegations in connection with the case now on trial here.

## NOTE DISAPPEARED IN MYSTERIOUS WAY

Suit in District Court Is Stopped Because It Cannot Be Found.

A sensational circumstance developed this afternoon in the case of the State National bank versus Jose Felipe Chavez, a suit to recover on two notes alleged to have been given by the defendant. Chavez testified that he had signed three notes, one for \$512 and two for \$141 and some cents each, in taking out an insurance policy in the Mutual Benefit Life from a man by the name of Hernandez, but that the largest note was torn up. Immediately after this the attorney for the bank was unable to produce the paper. Attorney Wood, counsel for the bank, said that he had looked everywhere for the paper, but could not find it. He spent three hours looking for it. The bank clerks had also looked but with no success. He said that he was sure that he had it in his office but had no idea what could have happened to it.

## A MORE LEADER KILLED BY TROOPS

Constabulary Chases a Band of Outlaws and Kills the Chief.

Manila, Nov. 2.—A force of constabulary from Ialigan was sent in pursuit of a band of Moros which has been raiding plantations and causing depredations in the province of Misamis in Mindanao, and yesterday the constabulary killed the leader and is now following the remainder of the band. With the capture of this band it is believed that it will be restored to that part of the island.

## REPUBLICAN CLUB MEETING TONIGHT

Delegate Andrews and Others Will Make Speeches.

The last meeting of the campaign will be held tonight at the Republican club, 118 West Silver avenue. The meeting begins at 8 o'clock and the attendance promises to be large. Speeches will be made by Delegate Andrews and others, including several prominent men of the territory. Voters are urged to attend and hear the issues discussed.

## SECURED BY MR. ANDREWS FOR BERNALILLO COUNTY

Original appropriation for federal building	\$100,000.00
Additional appropriation for federal building	20,000.00
Appropriation for National Irrigation congress	30,000.00
Total	\$150,000.00
A good guarantee that Mr. Andrews can secure statehood.	

## BOTH THE BIG PARTIES CLAIMING VICTORY IN ELECTION

National and State Chairmen Express Confidence in Result of Balloting.

## NEW YORK CAMPAIGN CONTINUED TODAY

Taft Will Finish Tonight in Ohio and Bryan Reaches Lincoln Where He Will Address a Democratic Meeting This Evening.

New York, Nov. 2.—With the opening of the polls less than twenty-four hours away, the leaders of the two great political parties are giving attention to the last details of one of the most interesting campaigns in recent years. Taft will speak this afternoon at Cleveland and tonight winds up his fight at Youngstown, going thence to Cincinnati to vote. Bryan is touring northeastern Kansas and expects to reach his home at Lincoln tonight.

There was no change today in the announcement of estimates by the two opposing national chairmen. Chairman Hitchcock holds steadfastly to his forecast of 325 votes in the electoral college for Taft. Chairman Mack announces as a certainty that Bryan will receive 333 of the 483 votes in the electoral college. Both chairmen were busy today, engaged in telegraphing final instructions to the leaders of their respective parties throughout the country.

Both claim New York. Both parties are making their last efforts today to increase their vote "before the Bronx." Governor Hughes is expected to deliver ten speeches in this city before midnight. The Republican leaders express the belief that they will hold the Bryan majority in greater New York down to 80,000 and will come down to the Bronx with a sufficient majority to overcome this lead and give Taft a margin of 20,000 votes.

The Democrats claim that party unity prevails in every part of the state for the first time in a decade and depend upon the labor vote to give them victory. The leaders of both parties agree that Hughes will run behind Taft but the Republican leaders still expect to pull the entire state ticket through.

Taft Gets Illinois. Chicago, Nov. 2.—Illinois is claimed today by both Republicans and Democrats, the former estimating the majority for Taft at 200,000 and the latter predicting a lead for Bryan of 60,000.

Close in Indiana. Indianapolis, Nov. 2.—Both the leading parties claim Indiana and a conservative estimate indicates a small plurality either way.

New Jersey by 35,000. Trenton, Nov. 2.—The Republicans claim New Jersey by 35,000 votes while Democratic figures give Bryan 17,000 plurality.

Iowa Doubtful. Des Moines, Nov. 2.—Democratic Chairman Price says that Iowa is in the doubtful column with the chances bright for Bryan. Republican Chairman Franks estimates Taft's majority at 75,000.

Who Gets Nebraska? Lincoln, Nov. 2.—The campaign in Nebraska will close with two rallies in this city tonight. Bryan speaking from a hotel balcony and the Republicans holding a meeting in the auditorium. The rival state chairmen declare the victory won in Nebraska. The Republicans claim the state by 10,000 and Democrats by 15,000.

Wisconsin in Line. Milwaukee, Nov. 2.—Republican figures show that Taft will get 100,000 majority in Wisconsin and the Democratic chairman says the state will give Bryan 5,000 plurality.

The Labor Vote. Cheyenne, Nov. 2.—The Democrats assert that the railroad labor vote will swing everything to Bryan and the Republicans expect Taft to secure 5,500 majority.

Hot Fight in Colorado. Denver, Nov. 2.—The Republicans and Democrats both claim Colorado for the entire ticket by 15,000 to 20,000. Conservative estimates indicate that a majority for either Bryan or Taft will fall below 5,000. Interest centers in the application of Democratic managers to the supreme court for the appointment of special justices in Huerfano and Las Animas counties to prevent an alleged plan for rolling up big Republican

## DO YOU WANT STATEHOOD?

It is conceded by all well informed men that Mr. Andrews, the Republican delegate to Congress and the party nominee for re-election, has more influence among the men who are powerful in national affairs than any delegate this territory ever had. Through the influence and assistance of his friends, Mr. Andrews secured for Bernalillo county \$160,000 in appropriations. He secured \$125,000 for Roswell, Chavez county, and he has obtained other appropriations, special pension acts and measures of great benefit to New Mexico.

The enabling act, providing for the admission of New Mexico to the Union, as introduced by Mr. Andrews, is one of the most liberal ever given any territory at the time of its admission. The measure is pending in Congress and will come up for consideration at the next session.

It is absolutely necessary that Mr. Andrews be returned to Congress to secure statehood for New Mexico. His long service in national affairs, his influence with powerful members of Congress, his ability as a statesman and his experience in the handling of legislation make him the one man best fitted to secure the passage of the statehood bill.

Mr. Andrews is opposed by a man who is not known outside of New Mexico and not well known here. A man who has never risen above a very ordinary position in the legal world. A man who has never paid a cent of taxes since he came to New Mexico a few years ago and a man who by his very inexperience would defeat statehood were he sent to Congress.

The present campaign is not one of politics. It is purely a business proposition. It is simply a question of whether or not you want statehood and the surest means of obtaining it.

The election of Mr. Andrews means the immediate admission of New Mexico to the Union on most favorable terms. The election of a Democratic delegate at this time means the probable defeat of statehood and the defeat of the many matters of legislation so vital to the interests of the southwest.

ANDREWS AND STATEHOOD FORM THE ONLY ISSUE IN THIS CAMPAIGN. A VOTE AGAINST ONE IS A VOTE AGAINST THE OTHER.

Every good Republican should vote the Republican ticket straight. Vote for Mr. Andrews and statehood; vote for a good county administration by well known citizens, of good business judgment.

The Republican ticket from top to bottom is composed of good men, who possess the necessary qualifications to fill the offices for which they have been nominated. Every Republican who has the interests of New Mexico and of Bernalillo county at heart should vote the straight Republican ticket.

## SPEAKERS URGE ELECTION OF W. H. ANDREWS

Meeting Saturday Night Well Attended and Enthusiastic.

The Republican rally held at the Elks' theater Saturday night was the biggest political demonstration ever recorded in this city, and argues well for the support of W. H. Andrews as delegate to Congress by the business men of this city. Republicans and Democrats. The meeting was a business men's and voters' meeting. The speakers confined themselves to facts and figures, pointing out conclusively that the Republican ticket was the only one that would secure statehood for New Mexico.

It was shown with arguments not to be disputed that an Albuquerque man was the man the people of Bernalillo county should vote for. The house was filled from pit to gallery, and each speaker was received with shouts and applause. A large number of women present took a noticeable interest in what the speakers had to say.

The meeting was opened by Attorney George S. Kilday. On the opera house stage which had been decorated with national colors were seated Delegate Andrews, former Governor Otero, W. H. Gilchrist, the speaker, and a large number of members of the G. A. R. Attorney Ralph B. Twitcheil, of Las Vegas, secretary of the Sixteenth National Irrigation congress, opened with an address of thirty minutes. Mr. Twitcheil's identification with the irrigation congress and industrial exposition, which were made successful to a large extent by a contribution of \$30,000 from the government secured through the efforts of Delegate Andrews in Congress, fitted him well to explain reasons why W. H. Andrews was and is the logical man for New Mexico to send to Congress.

Mr. Twitcheil spoke very plainly on his views, past and present. He said that there was a time when he was opposed to Andrews, but now he is ready to take his hat off to him. He is certainly the man who does things. Mr. Andrews followed Mr. Twitcheil and devoted his remarks almost exclusively to statehood and the prospects of getting it at the short session of Congress. The Congress of the United States will not give senatorial representation to any more Democratic states. Oklahoma was a lesson. Even though Bryan was elected, the Democratic party should secure a majority in the house, which is most unlikely the senate side as the ruling power. With Democratic success that party could not secure a majority in the senate in six years at the earliest.

Mr. Andrews said that he believed that the people of New Mexico were aware of the importance of sending a Republican delegate to Congress, and that he was sanguine of success at the polls.

Ralph C. Ely, of Denver, N. M., made the closing address and spoke for an hour and ten minutes. Mr. Ely made one of the best speeches ever heard in the Elks' opera house. Clear voiced and with clear ideas, Mr. Ely drove straight at the subject of statehood with language that all could understand. His argument was powerful and convincing. Time and again the speaker was interrupted by applause. After listening to Mr. Ely voters could not help but admit that there are strong reasons why Andrews should be sent back to Congress. There is no other man statehood. He said that the people of New Mexico should send a man to Congress this time that knew the law and was of politics in the national capital who knew the resources of New Mexico and had friends in the east who could help him. This time

## THIS TERRITORY ONE OF FIRST ON THE LIST

Four Hundred Structures Are to be Erected Under an Act of Recent Congress.

## NEW MEXICO GETS LIBERAL AMOUNTS

Persistent Work of Delegate Andrews Has Secured Handsome Structures and They Are Among the First to Be Built.

Washington, D. C., Nov. 2.—Under the omnibus public buildings bill, passed by Congress at its recent session, the supervising architect of the treasury has undertaken the construction of 400 federal buildings. For this work he has \$34,000,000. In addition there are about 100 unfinished buildings begun in former years.

The two senators and sixteen representatives from Texas secured about a dozen new buildings or improvements for buildings in that state and the supervising architect says that not a move has been made toward building any of them yet, and probably nothing will be done for the next six months.

Through the persistent efforts of Delegate Andrews, Albuquerque got \$160,000 and Roswell \$125,000 for federal buildings. Also through the persistent efforts of Delegate Andrews work has been started at Albuquerque and temporarily discontinued until arrangements are made for a third story, which is to be added. Details of the plans for the Roswell building are being arranged and construction will begin there soon.

The Albuquerque and Roswell buildings are among the first to be started because Delegate Andrews insisted that work begin without delay and then kept after federal officials until a start was made. The record he has made in getting things done is a pointer for other sections of the territory that want buildings.

## DISLOCATED SHOULDER CAUSED PARALYSIS

After suffering severely since last Wednesday from the effects of a dislocated shoulder which he received by falling from a hayrack on the Frank Hubbell ranch, John Goodwin unable to go any longer without the service of a physician, arrived in this city this morning in a buggy, accompanied by a friend. He was taken to the offices of Dr. Kaufman in the Grant building, where chloroform was administered and the injured member set.

The dislocated shoulder has caused paralysis of the left side as well as the loss of sight of the left eye of the patient. After treatment he was again returned to his home on the Hubbell ranch.

Mr. Goodwin is employed by the New Mexico Gun club as watchman for their reserves.

## DENY THE REPORT OF AN EPIDEMIC

According to the city authorities, there is no reason why any one should feel anxious about the reported epidemic of scarlet fever and diphtheria. There is absolutely no danger of an epidemic. There are only five cases in the city of the latter disease and less of the former and all are under the strictest quarantine. Mayor Lester received a petition on Saturday from a number of fathers and mothers asking that the schools be closed. He immediately gave the situation an investigation and found no indication of an epidemic and no cause of anxiety, let alone any reason why the schools should be closed. All of the present cases are old cases and have long been under confinement.

## INCORPORATION PAPERS HAVE BEEN FILED HERE

The corporation papers of the Southwestern Presbyterian sanitarium were filed with Probate Clerk Walker today by R. W. D. Bryan, attorney at law. The incorporators are Rev. H. A. Cooper and Dr. W. G. Hop of this city. Judge John H. McFie of Santa Fe, Prof. R. R. Larkin of Las Vegas, T. L. Lowe of Silver City, Rev. John Meeker of Alamogordo, P. C. Reid of Phoenix, Ariz., and W. P. Eyles of Flagstaff, Ariz. The purpose of the association, according to the corporation papers, is to buy, erect, equip, maintain and operate hospital and sanitariums. The institution will be conducted under the supervision of a board of directors of three, who will be dominated by the Presbyterian synod of New Mexico and Arizona.

## Big Depot for Baltimore.

Baltimore, Nov. 2.—The Pennsylvania railroad has offered to build in Baltimore the third largest passenger station in its system. Gamble Lathrop, acting general agent of the railroad here, laid the plans before the Union depot commission today.

## DEMANDS OIL LEASES BE DECLARED VOID BY CONGRESS

Haskell Writes Letter to President Roosevelt Asking "Justice" to Indians.

## SECRETARY ROOT CALLS H.M. INSOLENT

Governor Quotes Letter From Secretary of State in Which He Is Accused of Seeking Notoriety—Threatens to Use Congress.

Guthrie, Nov. 2.—A letter from Governor Haskell to President Roosevelt regarding the lease of Osage Indian oil lands, in which the governor asks that the lease be declared void, was made public here today. The letter quotes a letter from Secretary Root. It says: Hon. Theodore Roosevelt, President, Washington, D. C.

Sir: In September I called your attention to complaint at the renewal of the oil lease on 680,000 acres of Osage Indian tribal lands. You ignored the matter.

On October 5, having further pressure for investigation of the unjust character of that lease, and having ascertained from that the Osages, being our citizens, it was my duty beyond question to demand of you as the chief guardian of these particular lands an explanation as to what good reason, if any, there might have been for the renewal of the lease, at conditions fixed by you. I, on that date, made the formal demand of you in writing.

October 9 the acting secretary of the Interior, writing to me, stated, on account of your having referred my letter to him, his explanation was that you had nothing to do with the lease except fixing the compensation that the land owners were to receive. I was not satisfied with the answer because that was the very thing which I objected to, namely, the grossly inadequate compensation to the land owners, which was the real complaint.

On October 12 I answered you, referring to the Interior department's explanation, and stating to you:

(a) That you had refused to give the Osages an opportunity to produce evidence before you to show the amount of compensation justly due to them as the land owners.

(b) That the oil field, of which their lands were a part, was an established, rich, producing field, where royalties and bonuses to land owners were established by long practices and precedents.

(c) That among the lowest averages the Osages were at that time entitled to at least seven million dollars cash bonus and one-eighth royalty.

(d) That the Indian Territory Illuminating Oil company, a sub of the Standard Oil company, as the assignee of the original Foster lease, was by substituting this same Osage property to operating companies receiving much more as a bonus than the Osages would receive as the owners of the land on a one-eighth basis.

(e) That against the original judgment of the department of the Interior and upon the request of Messrs. Guffey, Larned, Senator Depew and other well known agents of the Standard Oil company, you had granted an extension of the lease on this 680,000 acres of land at the grossly inadequate compensation of one-eighth royalty, and not one cent of cash bonus.

Pursuing my duties to the Osage Indians as citizens of our state, I requested that you cancel that lease to the end that the Osage Indians might have an opportunity to receive by competitive bids or otherwise an income from the oil value of their lands which they could readily obtain equal to the average obtained by the adjoining land owners to the north, east and the south of their lands.

I am today in receipt of the following letter from your secretary of state: "Sir: Your letter of October 12, 1908, to the president of the United States, and signed by you as governor of Oklahoma, has been referred to the department of state, which is charged with the conduct of correspondence between the president and

## As It Looks Today

Tomorrow all over the United States, the people will select the men who will be at the head of national affairs for another four years.

It is easy enough to forecast what the result will be. With Indiana and New York undoubtedly safely in the Republican column, the Democratic candidates have no chance of election. Mr. Taft and Mr. Sherman will undoubtedly be elected. The political situation in national affairs has undergone startling changes during the last week or so. For instance, in New York state, the hoped for Chanler strength has proven a fallacy and Hughes has gained steadily until his election is today, practically assured. In Indiana, the vice presidential nominee, on the Democratic ticket, proved the undoing of the Democratic hopes. Mr. Kern's corporation connections were too well known to make him very strong and the result has been that Mr. Bryan has been placed in an embarrassing light and that is putting it mildly.

With other states, admittedly solid for the Republican ticket, Indiana and New York are undoubtedly the hinges upon which the entire election swings. It is now quite apparent where they are lining up and hence the claims of victory, made by the Republican chairman, are pretty well substantiated.

While the people of New Mexico are undoubtedly deeply interested in national affairs, still the chief issue in this territory at this time is the best means of securing statehood.

That W. H. Andrews, the Republican candidate, is the one man best fitted for the work of securing the passage of the enabling act now pending in Congress, is admitted by all fair minded men of both parties. Mr. Andrews already has a record for accomplishments, which has never been equaled by any other delegate this territory has ever had. He secured for this county alone \$160,000,000 in appropriations, thereby making it possible to fittingly entertain the Sixteenth National Irrigation congress and giving to this city a handsome federal building.

He has secured other appropriations for other agencies of New Mexico and has brought to the assistance of this territory, the influence of some of the strongest men in Congress.

Mr. Andrews has so many powerful friends that he gives this territory more representation in Congress than is enjoyed by many of the states.

In view of these facts, it is plain that Mr. Andrews can do more to secure the passage of the right kind of an enabling act, than any man we could elect at this time.

Mr. Andrews is opposed by a man who is not known outside of the territory; who has no friends and no influence in Congress; who could not secure anything at the hands of a Republican Congress; who has had no experience in matters of legislation; who has never risen above a lawyer of mediocre ability; who has never paid a cent of taxes during the twelve years he has lived in New Mexico; who is making his campaign on purely race issues and who would defeat statehood by his very inexperience were he elected.

Chairman Bursum has predicted the election of Mr. Andrews by something over 4,000 majority. The chairman's estimate is very conservative and the delegate's majority will undoubtedly be much larger. Every voter who has the best interests of the territory at heart, should see to it that he casts a vote for the straight Republican ticket.

With a Republican national administration, a Republican delegate to Congress and a Republican legislature, New Mexico is certain of immediate admission to the union.

Do not be confused by the efforts of those opposing Mr. Andrews to inject other issues into this campaign. There is only one issue and that is Andrews and statehood. A vote against one is a vote against the other.

## A Verbatim Speech

It frequently happens that public speakers and officials complain incessantly about the manner in which the newspaper men report their sayings, not pausing to consider that if the newspaper men did not in many cases, rewrite those speeches, the orators of the occasion would be ashamed to read the reports.

The Washington Herald points out one occasion upon which the newspaper men had all the best of the argument. The Herald says:

Reporters on newspapers become more or less hardened in time, as a rule, to having a certain percentage of people doing things they are credited to themselves in the press. Indeed, men have even been known to deny interviews furnished by themselves and published unedited.

It sometimes happens, we suspect, that a statement strikes the public so squarely in the exact manner not intended that the man who made it really becomes convinced he couldn't possibly have said anything of the kind. So he says he didn't, and the reporter in the case goes on his way rejoicing.

Not a great while ago quite a row was raised in the German Reichstag over the alleged slipshod manner in which debates were reported by the press, and a motion was made to bar the newspaper men entirely, thus forcing the press to the precise official records for the news, which would not only be annoying to a large extent, but delay the publication of the news greatly. One particular member was so bitter in his denunciation of the reporters and the alleged manner in which they filled statesmen's mouths with words never uttered by the said statesmen that one of the press gang in the gallery decided to get him in short-hand and publish his remarks just as he uttered them. This, in part, is what appeared in the paper next day:

"Press gallery men—the reporters—ought not to—the reporters ought not to be the ones to judge of what is important—not to say what should be left out—but—the members can only judge of what is important. As I—as my speeches—the reports—as what I say is reported sometimes, no one—nobody can understand from the reports—what it is—that I mean. So—it strikes me—it has struck me certain matters—things that appear of importance—are sometimes left out—omitted. The reporters—the papers—points are reported—I mean—to make a brief statement—what the paper thinks of interest—is reported."

Curiously enough, this was the last speech made in the Reichstag in favor of the newspaper men's expulsion. When the honorable member saw in cold type the unvarnished truth concerning his speech he subsided—and the reporters were not barred, and probably never will be.

Out of statistics which appear to show that one woman in every five in the United States has become a wage-earner a woman writer in the Broadway Magazine evolves a condition of mild hysteria. "How long will it be," she asks, "before the home, except for rich people, will be as obsolete as stage-coaches, hoop-skirts and merry Christmas?" To which the answer is: As long as never. A little statistics is a perilous thing. It leads to fatal generalization and a mortal disregard of the state of things. In this particular case it has led the lady of the magazine to visit upon the country at large the especial burden of the few great cities—of New York in particular. The great companies of woman workers who make up the one in five ratio are concentrated bodies. They appear in force in a few congested communities. In the major portion of the land they are not a significant quantity. And even in the cities where they throng they have not in the mass "abandoned the domestic life." Year after year yields its brides from the ranks of stenographers, shop-girls, factory girls and teachers, and for each bride a new home opens. Besides, the fact is overlooked by the magazine writer that on the roll of woman wage-earners is a vast contingent of workers whose duties are purely of the household. There are more American homes than there ever were before. The number is increasing. As always many are happy and some are sad. As ever, many are poor, many are comfortably prosperous, some are rich. Times change, but these main facts do not change with them.

**FIRST SHIPMENT OF CARLSBAD COTTON**

Picking is Now in Full Blast and Gins Are Kept Busy.

Carlsbad, N. M., Nov. 2.—The first shipment of cotton from the Carlsbad project was made this week to Galveston, Texas. The picking of cotton is now in full blast and the gins at Carlsbad and Loving are kept busy.

The quality of the cotton is of the same high grade as has been produced here in the past. It usually grades above middling and brings the top price. The weather conditions here in the fall are ideal for securing an absolutely clean product. The falls, as a rule, are dry and full of sunshine.

**S.S.S. CURES S.S.S. OLD SORES**

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

### DEMANDS OIL LEASES BE DECLARED VOID BY CONGRESS

(Continued From Page One.)

the chief executive or the several  
states, which I understand to be  
mainly false, and which I perceive to  
be wholly insolent, in such that I  
am forced to regard it as a device to  
attract from the president for the  
purpose of a personal controversy a  
degree of notice which yourself would  
not receive personally. Respect for  
the state of Oklahoma, upon which  
you have inflicted the injury of signing  
such a letter over your title as  
governor, leads me to acknowledge its  
receipt. The substance of the communication precludes any further official notice of it.

Very respectfully,

"ELIHU ROOT."

I regret that my duty forces me,  
Mr. President, to decline to have this  
gross injustice to two thousand citizens  
of our state disposed of by side-  
stepping or evasion.

Our secretary of state says I am  
insolent. Mr. President, if honest ad-  
herence to my duties is insolence,  
then let it be insolence, but that ab-  
surd statement from your secretary  
of state will not be accepted as a  
substitute for fifteen or twenty mil-  
lion dollars due to the Osage Indians.  
Mr. President, your secretary of  
state says: my demand is a device to  
attract from the president for the  
purpose of a personal controversy a  
degree of notice which I could prob-  
ably not receive personally.

Mr. President, it is immaterial to  
me what construction your secretary  
of state desires to put upon my de-  
mand in his attempt to shield you. I  
do not seek prominence, but I do  
seek justice for the Osages, and shall  
not permit the Standard Oil company  
to benefit to the extent of fifteen or  
twenty million dollars honestly due  
to the Osages simply because it is a  
friend of yours.

Indeed, Mr. President, this expres-  
sion from the secretary of state is lu-  
dicrous in view of the fact that you  
some two weeks ago descended from  
the dignity that your predecessors  
had established for the high office of  
president and sought to carry me  
down with you to the level of petty  
prejudicial politics.

This effort to fluctuate from the  
highest respect in the land to the  
lowest practices has never been  
equaled in the extent of its fluctua-  
tions of his watered stock on the  
market. It is possible that your  
astute secretary of state might have  
advised you at that time to your own  
advantage, as his twenty-six years ex-  
perience at his law office in Wall  
street, where he has guided the great-  
est corporations of the land with his  
advice, would doubtless then have  
saved you from the humiliation that  
your recklessness and unreliable political  
associate, Mr. Hearst, led you into.

But aside with political discussions.  
The question of whether the Osage  
Indians shall have the ordinary value  
of the oil upon their land, as ad-  
justed land owners acting upon their  
own behalf are able to obtain, or  
whether we shall permit you to make  
the Standard Oil company a present  
of the greater part of these oil values  
is a business proposition.

I represent the personal rights and  
interests of the Osages because they  
are citizens of Oklahoma. You are  
simply the chief guardian of these  
particular lands. Justice to the  
Osages requires the cancellation of the  
lease which you have made with-  
out their knowledge or consent, and  
with respect to your high office and  
the most generous construction I  
could put upon your act would be  
that that lease was made through ig-  
norance of conditions or undue haste  
at the solicitation of the agencies  
above referred to.  
Let it be considered as settled fi-

### COLOMBO THEATER

Since securing a contract with the  
Tally Film Service company of Los  
Angeles the Colombo has enjoyed a  
steady run of well filled houses, dem-  
onstrating that the lovers of moving  
pictures in Albuquerque appreciate  
the high class exclusive pictures  
which this service affords.

For tonight and tomorrow night  
will be presented a brand new special  
film entitled "Lew Dockstader in Min-  
strel Mishaps." The fact that Lew  
Dockstader appears makes it a safe  
bet that it's funny. The advance  
sheet says of this picture:

Seated in a comfortable opera  
chair, watching the antics of "Bones"  
laughing at the end man's jokes, one  
rarely realizes that there may be  
scenes and incidents back of the foot-  
lights that surpass any seen from the  
front. In "Minstrel Mishaps" we re-  
cord that which befell a popular min-  
strel. Lew Dockstader was billed to  
show in a certain town but missed  
his train. Hiring a special he makes  
good time, but with none to spare.  
Tiptoeing, he engages an ancient  
hack and backman. Horse would  
rather sleep than work. Takes a bus-  
fire to start him. "Dobbin" wakes up  
strikes his gait, and up the street  
"Bleeky" looks like a runaway.  
At the critical moment a  
wheel comes off. Dockstader finishes  
on a run. Arrives at the opera house  
out of breath. Disrobes on the run.  
Dresses in a hurry, making up at the  
same time. Rushes on the stage to  
find an idiot, "Red-headed" manager,  
in arms. His various antics keep  
reporting Dockstader's progress.  
Dockstader and manager have a serious  
"talkfest," almost come to blows.  
Manager tries to prevent Dockstader  
going on. Dockstader goes just the  
same. Manager chases him all over  
the stage. Actors take a hand. Gen-  
eral "rough house." Out the stage  
door, comes out a fat man into  
the water. "Up hill and down dale,"  
and out into the county. Dockstader  
getting winded; spies a refuge, a big  
drain pipe. Dashes into it. Crowd  
follows. Dockstader out first and  
quickly sidestepping sees the mad  
manager and the yelling crowd so  
heading into the water. All's well  
that ends well. However, they return  
to the opera house a cooler and wiser  
bunch. Dockstader wins.

The boys from the university de-  
feated the team from the Indian  
school by a score of 12 to 6. In a fast  
game at Traction park Saturday af-  
ternoon.

The Varsity boys entered the con-  
test with the assurance of an easy  
victory, on account of the one-sided  
game a week ago, when the Indians  
were defeated by 25 to 0. They were  
disappointed, however, although  
where the Indian boys had strength-  
ened their team was a question, as  
practically the same line-up was pre-  
sented. They were much improved  
in their tackling and interference  
work, which was undoubtedly due to  
hard practice during the week. The  
Varsity boys showed an improvement  
also in their tackling and interference  
work.

Allen, R. H. . . . . .Lupé  
Ross, F. B. . . . . .Lupé  
Patton, L. H. . . . . .Denny  
Umpire: Lembo; Referee: Lee.  
The Central High school eleven  
was defeated Saturday by the sec-  
ond Varsity team, with a score of 21  
to 9. The teams were evenly match-  
ed in weight and the one-sided score  
was due to lack of practice on the  
part of the Central. They received  
it is reported, but two days' notice  
of the game, and were unfamiliar  
with the signals and lacked team  
work.

Work, but were unable to rush the  
Indians, or foul them in any fake  
plays. Experience is benefiting the  
Indians to a marked degree, and  
slower but surer ball is the result.  
With a few more games the coming  
weeks they will score just about  
even with any local team.

The line-up Saturday was as fol-  
lows:

Arns	L. G.	Harris
Selva	R. G.	Tayado

### INDIANS SHOWED GREAT IMPROVEMENT

Varsity Team Defeated Reds in Game  
Saturday But With a Reduced  
Score.

The boys from the university de-  
feated the team from the Indian  
school by a score of 12 to 6. In a fast  
game at Traction park Saturday af-  
ternoon.

The Varsity boys entered the con-  
test with the assurance of an easy  
victory, on account of the one-sided  
game a week ago, when the Indians  
were defeated by 25 to 0. They were  
disappointed, however, although  
where the Indian boys had strength-  
ened their team was a question, as  
practically the same line-up was pre-  
sented. They were much improved  
in their tackling and interference  
work, which was undoubtedly due to  
hard practice during the week. The  
Varsity boys showed an improvement  
also in their tackling and interference  
work.

The Central High school eleven  
was defeated Saturday by the sec-  
ond Varsity team, with a score of 21  
to 9. The teams were evenly match-  
ed in weight and the one-sided score  
was due to lack of practice on the  
part of the Central. They received  
it is reported, but two days' notice  
of the game, and were unfamiliar  
with the signals and lacked team  
work.

Work, but were unable to rush the  
Indians, or foul them in any fake  
plays. Experience is benefiting the  
Indians to a marked degree, and  
slower but surer ball is the result.  
With a few more games the coming  
weeks they will score just about  
even with any local team.

The line-up Saturday was as fol-  
lows:

## BERNALILLO SPORTS WANT A GUN CLUB

Large Tract of Swampy Land and a Lake Will Probably be Leased.

The citizens of the little town of Bernalillo are planning a gun club to be known as the Bernalillo Gun Club association. A large tract of land west of the town is now being investigated and a lease will probably be procured. In the center of this piece of land is a large lake and it is on this water that some very good hunting has been reported for some time past. Although but a mile and a half from the river, the lake appears to be a great resting place for ducks. Much of the land is swampy.

The organization of this club has been suggested many times to the hunters of Bernalillo by citizens of Santa Fe, Albuquerque and other cities in the vicinity but nothing was done in regard to the matter as a twenty year lease is wanted on the tract of land before any improvements are started. To make a proper hunting grounds of the land in question would require about \$800 and it is figured that this amount could easily be accumulated by forty members, each of whom would be required to pay an initiation fee of twenty dollars. A small monthly fee would be charged in addition which would go toward the supporting of the keeper on the grounds and incidental expenses.

Bernalillo has for years been an excellent locality for duck shooting and has always been the favorite hunting grounds for hunters of both Albuquerque and Santa Fe, as well as Bernalillo, and the new club promises to be one of the best in the territory.

## FINE NEW STORE FOR THE HIGHLANDS

Abbott & Olney Reopen Store in the Occidental Building as a First-Class Grocery and Market.

This morning the store at Central and Broadway, in the Occidental Building, was reopened by Abbott & Olney as a first class grocery and market. Extensive improvements have been made in the interior arrangement which makes it the most complete store on the Highlands, and it is not surpassed either in equipment or completeness of stock by any of the downtown stores.

The fixtures in the meat department are of the latest patterns, designed for cleanliness and arranged with the idea of convenience and quick service to customers.

Mr. J. W. Abbott is well known in this city, having been at one time proprietor of the City market, which he sold to Trotter & Hawkins, with which firm he has been connected up to the present time. Mr. W. T. Olney is a newcomer to Albuquerque, having been engaged in the grocery and general merchandise business in Clifton, Ariz. The new firm is well equipped, both being experienced men in their lines and the stock they carry is the best to be procured.

Mr. Abbott stated that many residents of the Highlands had already visited the new store and have expressed their pleasure that they will no longer have to go downtown when they want "something good" in groceries and meats. Judging from the great variety of goods displayed it does not seem that anything has been missed here. The firm will without doubt be successful from the first.

## ALBUQUERQUE BOYS MADE A GOOD RECORD

Much Fun, but No Property Damaged Saturday Night, Say Officers.

"Saturday night was the most orderly Halloween Albuquerque has known since I became chief of police," said Thomas McMillin this morning as he surveyed the motley bunch of drunks and vagrants that were brought into police court this morning and found no Halloween prank players.

"I have received but one complaint, where an outhouse was turned over, and that was done Friday night. The boys made no trouble at all. The officers reported a large number of Halloween parties out but no property was destroyed."

Truant Officer Sill, who was detailed Saturday night to keep the young hopefuls of Albuquerque out of serious trouble, said this morning that he never saw boys behave better than Albuquerque boys.

"I met a crowd of high school boys up in the north end of town," said Mr. Sill, "and asked them what they were going to do."

"We don't know," answered one.

"Well, don't destroy any property," advised the officer, kindly.

"We can't do anything without getting pinched."

"I won't bother you if you don't destroy any property."

"Yes, but you're not the only pebble on the beach."

"I wish I lived in Arizona, where a fellow could have a little fun," said one of the bunch as they went away.

## ALBUQUERQUE WOMAN MARRIED IN OHIO

Mrs. Mary Ostendorf Left Dead Husband Here to Become Bride.

Mrs. Mary Ostendorf, formerly of 1115 North Second street, evidently had her mind made up when she left Albuquerque a few weeks ago. According to a dispatch she went directly to Dayton, Ohio, where she was awaited by Frank T. Moellers, a suitor.

The Ostendorfs lived in a brick cottage at 1115 North Second street for about two months. Mr. Ostendorf held the position of bookkeeper at the Rio Grande Woolen mills for a while and later was employed in the same capacity by W. L. Trimble & Co., at the Second street stable. He was suffering from consumption and recently died.

Following is a special dispatch from Dayton, Ohio, giving an account of the marriage to Moellers, published in a Springfield, Ohio, paper:

All the way from the world-famous beautiful region of Albuquerque, N. M., with its hidden wealth in the mountain-sides, came Mrs. Mary Ostendorf Tuesday, to marry the man of her choice, Frank T. Moellers, of this city.

Tuesday morning two nicely-dressed people entered the precincts of Magistrate Holderman's courtroom and, producing a duly signed certificate, asked the worthy squire to tie the nuptial knot.

The magistrate was startled, for the announcement of the object of their visit was immediately followed with the statement that they wished the double-ring ceremony. Squire Holderman was equal to the occasion.

The bridal party produced two very beautiful gold rings, each of them about twice as wide as the regular wedding ring, and with these the sacred ceremony making the two man and wife was performed. The magistrate pronounced his blessings and well wishes and the couple departed.

Diabetes, eczema, gall stones, jaundice and rheumatism positively cured at Paywood Hot Springs.

## A GOOD SURPLUS LEFT FROM THE FAIR

Board of Control Issues Statement Showing \$3,000 on Hand.

A partially completed statement issued from the headquarters of the board of control of the Sixteenth National Irrigation congress, International Industrial exposition and Twenty-eighth Territorial fair, shows that the board has issued from the ordeal with \$3,000 to the good. According to the statement, there is this much money in the treasury and all obligations have been paid.

The total receipts of the exposition and fair were \$65,202.75. The total disbursements were \$65,302.75. The net in subscriptions amounted to \$10,449.50.

The total cost of the exposition, congress and fair probably amounted to the enormous sum of \$200,000, as the money spent by the Santa Fe, Colfax county, the American Fuel company and other institutions in buildings will easily bring the total up to that amount.

The above figures representing disbursements includes the deficit of the 1907 fair, which was \$1,801.95. The distribution of the money on hand will be made at a meeting of the board to be held immediately after election.

## SOCORRO PLAYS HERE SATURDAY

Varsity Football Team is Confident of Winning the Game.

Some of the best football ever witnessed in this city will be played at Traction park Saturday afternoon when the University of New Mexico and the Socorro school of Mines aggregation meet on the gridiron, both for blood. Both teams are supposed to be evenly matched and some fast work is looked for. The home boys have spent much time since their last game in practice work. The Socorro boys bid fair to give the local boys a hard tussle but from the looks of the line-up of the University it will be a hard proposition. A large crowd is expected to turn out to see the contest, which will show the progress the home team is making.

This game will be the first of the series of games which will be played between the University of New Mexico boys and outside teams. Only two of the series will be played in this city. On the fourteenth of this month the University team goes to Roswell for a game with the Roswell boys, while November 21 they go to Las Cruces, where they will endeavor to wipe up the face of the earth with the Agricultural college team at that place.

The game of the season, however, will be one in which the University of New Mexico will play against the team representing the University of Arizona, Thanksgiving afternoon. The Arizona team will arrive in this city a few days previous to the day of the game and judging from plans already being made by the local students they will be most royally entertained while in this city. The game between these two institutions will be the first inter-collegiate game between organizations representing the territories of New Mexico and Arizona. The game on Thanksgiving is a big undertaking for the local boys, and it will cost very near \$1,000 to bring the Arizona squad here.

Already over 600 tickets have been sold by the University boys, each of whom has vouched for the sale of twenty of them. But this is only a small part of the number which will have to be disposed of as before expenses are cleared 1,600 more will have to be sold. However, the boys feel confident that the entire number will be sold before the game is started and they are working hard toward that end.

Practice on the University campus takes place every day and the boys feel confident that the honors will be left in this city when the contest comes off. There are about thirty men trying hard for places on the team. The lineup for the coming game on Saturday afternoon will be as follows: Allen, right half; Stafford, left half; Wade, full back; Irwin, quarter back; Selva, center; Arnes and Koss, guards; Hoff and McCone, tackles; Mayo and McGinnis, ends; and Silva, March and White, substitutes. While this line-up will be the one used in the Saturday game, it is subject to change before the coming games. The officials for the game played in this city in the future will be Roy Stamm and Julius Staab. Another man will have to be procured.

Miss Ethel Benton, formerly stenographer in the master mechanic's office of the local shops, leaves soon for Riverside, Cal., where she will remain in the future.

E. E. Kauffman, of Phoenix, statistical agent for the department of agriculture, was here yesterday en route for his headquarters after a business visit in Washington.

E. W. Roberts, superintending architect for the new federal building in this city, returned last evening from El Paso, where he has been inspecting various buildings for the government.

Mr. and Mrs. O. N. Marron returned on the limited last evening from Berkeley, Cal., where they were called about a week ago by the death of Mrs. Marron's mother, Mrs. Ralph Halloran.

A hunting party composed of Joe White of this city, Ed. Bruce of Kansas City, and E. Z. Vogt of Colorado, returned to the city last Saturday after a few days in the Manzano mountains.

Mrs. J. E. Dupuy and children have returned to their home in Los Angeles after an extended visit in the city at the home of Mr. and Mrs. William Jenks, of Sixth street and Fruit avenue.

Tonight being the eve of election, there will be no meeting of the city council. Many of the councilmen will not be able to be present and Mayor Lester announced this afternoon that the meeting would be postponed. When the council meets again it will have a member of the territorial council, either in the person of Alderman Hanley or City At-

orney Collins. The former is the candidate for the council on the Republican ticket and City Attorney Collins is the candidate on the Democratic ticket.

C. L. Copeland, of Denver, is in the city a guest of his brother, A. E. Copeland, of the Albuquerque Traction company. Mr. Copeland formerly resided here and is en route for Los Angeles.

W. B. Bunker, of Las Vegas, member of the territorial Democratic executive committee, arrived in the city Saturday evening and left yesterday morning for a short trip through the Pecos valley.

T. J. Sawyer, superintendent of logging operations for the American Lumber company at Kettner, has returned from an extended trip in the Zuni mountains in the interests of the company.

Edward George Torlina has returned from St. Louis, where he went about two weeks ago with the body of his father John D. Torlina. He is accompanied by his wife and step mother.

Stated convalescence of Pilgrim Commandery No. 3, K. T. Monday evening, Nov. 2nd, 1926, at 7:30 o'clock sharp. All visiting Sir Knights are welcome. By order of the Em. Com. Harry Braun, recorder.

All members of the Eastern Star are called to attend the funeral of the late B. Myer, at the family home on North Second street. Conveyances will be in waiting for those desiring to go to the cemetery.

First No. 1 is reported at 8:10 this evening, second No. 1 at 9 o'clock, third No. 1 at 9:15. Numbers 7 and 8 are on time as also No. 4. No. 8 is due at the junction at 8:10 and in this city at 8:30.

The rush westward continues. Friday night the Santa Fe had five heavily loaded trains through the city. Saturday night the same number and last night four trains. The occasion is the close of the summer colonist rates.

George Hanlon, tie inspector for the Santa Fe, said this morning that a heavy snow fell on the eastern side of the Manzano mountains last week. It was about twelve inches deep at the town of Manzano, five inches at Mountainair and still heavier out along the cut-off.

Special communication of Temple lodge No. 6, A. F. and A. M. tomorrow (Tuesday) afternoon at 1:30 o'clock for the purpose of conducting the funeral of Past Master Ben Myer. All Masons are requested to be present. By order of the W. M. Frank H. Moore, secretary.

Complete returns of the election will be received at the skating rink Tuesday night. The Postal Telegraph and Colorado Telephone company bulletins will be furnished and bulletins will be thrown on the screen. Complete returns will be received from New Mexico counties and from the national election.

F. J. Houston inaugurated this morning a thirty-day sale of his entire stock, including holiday goods, books, stationery, cameras, sporting goods, etc. The sale is called "A Great Temptation Sale." A general cut of 25 per cent is made and all goods are marked in plain figures. A 25 per cent reduction should prove a great temptation at this time with the holiday season near at hand.

The dance at the Commercial club tomorrow evening promises to be one of the social events of the season. Returns of the election will be received by a special wire as well as messages from the Colorado Telephone company. The event promises to be one of the largest in attendance the club has ever had the pleasure of giving.

There will be a regular meeting of the M. B. of A. in Red Men's hall on the evening of Monday, the 2nd, and all members and their friends are cordially invited to be present. After a short business session there will be a pumpkin pie social and the committee has arranged a very clever program of games, music, dancing and cards for the entertainment of those present.

The new film service at the rink continues to get better and better. Last night's bill being one of the most attractive and amusing ever seen in the city; all the pictures were up to par, funny, furnishing almost an hour of good hearty laughs; especially ingenious is the picture "Willie's Party." This picture displays the most remarkable mechanical ingenuity ever produced in a moving picture. The same bill will be repeated tonight, beginning at 8 o'clock instead of 8:30. On Tuesday night, through the courtesy of the Colorado Telephone company, who are always on the alert to accommodate their patrons, the complete election returns will be furnished at the rink; as the

Dr. Fred Pettit, a well known local dentist, and Julius C. Ottman, manager of the Alvarado bottling works, returned this noon from Pines, N. M., where they spent the past two weeks hunting. The hunters made the trip by wagon and secured a large amount of game. They stopped at Bernall's this morning for a short duck hunt. While at Pines two heavy snow storms fell, one about ten inches in depth and the other about sixteen inches.

### WHICH ARE YOU?

Education consists in the training of the mind or body. It is not all gained from books or a tutor; nor can it be acquired in a day. Education is a growth, developed through years of training. There are persons who would pride themselves upon being educated, yet would choose a trashy 10c novel to a Standard Work of Literature; would prefer rag-time to a selection from one of the great masters; and who would prefer a cheap chromo to a painting by a master hand. Step into a modern home, and you will soon learn of the taste there by the books and pictures in the house.

A merchant, however, has naturally to cater to the tastes of all classes. We carry cheap books but not rubbish. Our stock consists of the greatest books of Literature, standard works of the best authors, latest fiction, Popular Copyrights, works of the best poets, mechanical books etc. We do not have everything, but a great variety of books that persons of good taste will like.

Then too, we have a splendid collection of framed and unframed pictures. We have nothing trashy in the line. Just take a peep at our show window, and you will be convinced of two things—first, that we have an artistic collection, and—second, that they are cheap.
