"HUERTA DOES NOT INTEND TO QUIT HIS PRESENT POST"

Provisional President of Mexico Declares He Would Only Resign to Be Placed Six Feet Under Ground.

ELECTIONS TO BE HELD AS CALLED, HE SAYS

Head of Republic Asserts Peace Will Be Restored at Early Date and That He Has Plenty of Money.

VOTE FOR HUERTA IS SLOGAN OF CIRCULAR

Vera Cruz, Oct. 18.—Circulars urging the people to vote for General Huerta for the office of president, have been received here by John Lind, President Wilson's personal representative, from various parts of the republic. Some came from as far as Campeche. While others were sent from the west coast. The wording of the circulars is identical and they are signed "Comandante."

Mexico City, Oct. 18.—Provisional President Huerta has not resigned, nor has he fled from the capital. When seen at the national palace at 12 o'clock this afternoon, he said he had no intention of doing either. "When I resign," General Huerta said, "it will be to seek a resting place six feet in the soil. When I see any possibility for the republic, I will not leave it. I will be a soldier and take my place in the ranks to fight the rebels."

This year President Huerta's answer to queries as to whether there was any foundation for the reports which have been freely circulated in the capital and found their way to the United States.

General Huerta looked the picture of health and energy. Attired in a new dark suit, he greeted the Associated Press correspondent with extreme cordiality, mentioned him to a seat, asked for a cigarette and listened to the explanation of the motive for the visit.

"So it is reported that I have fled," he said. "You can see for yourself that I am here at my post. To say that I have resigned or intend to resign is a falsehood. I have no intention of resigning."

"Should the elections, which will be held as I have promised, indicate another for the presidency, I shall step aside. Until that time you will find me here complying with my promises to the nation, which are to re-establish peace, within the law if possible, but to re-establish peace."

President Huerta interspersed his talk with anecdotes illustrative of his point.

"Another thing," the president said, "I have money for my requirements. I don't think that I haven't. Where did I get it? My secret? Tipping his chest with a satisfied smile. But I have it."

On the question of pacification, he asserted that before the end of the month the government would have taken Torreon and made headway toward the pacification of the state of Durango.

"I have eight thousand men at Huixtla," the president said, "more on Torreon and two thousand more are proceeding north from Zacatecas."

In reply to a suggestion that further rumors were about to the effect that a troop train proceeding to Torreon had been blown up, he explained:

"That's nothing of the kind has occurred."

"I have been said that all Americans have been ordered to leave the capital."

In response, General Huerta made a gesture of disgust.

routes to hide his whereabouts. Colonel Carlos Aguila, his son-in-law, who is with him almost continually, sought him in a half dozen haunts before locating him in the palace.

The rumors of President Huerta's resignation and flight caused a sensation in the capital. Many believed them as a fact, finding circumstances to bolster up the story, such as the departure of Colonel Vidaurrera, War Minister Blumstein's private secretary, for Vera Cruz, and difficulty in finding any cabinet ministers. Few remembered having seen General Huerta for a day or two.

There is no truth in the report that Americans have been ordered out of Mexico. A number of American residents here received in the last few days telegrams from relatives in the United States, impugning them to leave. One business man has been entreated by his firm in the United States to close out his business and quit the country. This has given rise to various disquieting rumors.

WASHINGTON LEARNS THAT HUERTA IS OBSTINATE

Washington, Oct. 18.—Throughout the day officials heard various reports and rumors that Provisional President Huerta, of Mexico, had resigned, or intended to do so, that he had secretly left the capital and that General Blumstein would succeed him. The state department received on many inquiries that it called Charles O'Shaughnessy for information.

The receipt of the positive statement from Mexico City that Huerta did not intend to resign, however, did not allay the attention, though administration officials were in hopes that the elimination of Huerta eventually might materialize.

There had been little disposition at any time, however, to credit the report that Huerta actually had submitted his resignation to his cabinet and that it was refused because no successor could be found. Officials here declared it inconceivable that Huerta should submit his resignation to a cabinet of his own choosing with any sincere intention of having it accepted.

Among constitutionalists here the report was construed as meaning merely that Huerta had taken occasion to point out that he alone was able to deal with the critical state of affairs. They believe he may even use that argument as a basis for becoming a candidate next week in the election of October 24.

State department officials from elsewhere reported that the governor of the state of Colima had resigned and that the state congress had designated to his place a military governor, Gen. Juan A. Hernandez.

Comparatively few Americans are now left in Torreon, Avanco and Vera Cruz, according to information received from Monterey, and the difficulty of getting foreigners out of danger places where they were cut off from communication appears to have passed. It probably will be several days before rail and telegraph connection between Monterey and Laredo is resumed.

HENRY LANE WILSON SCORES PRESIDENT'S MEXICAN POLICY

Spokane, Wash., Oct. 18.—"The government of Provisional President Huerta of Mexico is just as legal as the government of Roosevelt when he succeeded to the presidency after the assassination of President McKinley," declared Henry Lane Wilson, former United States ambassador to Mexico, in an address on the Mexican situation delivered at a banquet tendered him here last night.

"President Wilson could recognize Huerta and still save his face, as he has been trying to do ever since," Mr. Wilson continued. "If President Wilson does not get behind the Huerta government, chaos is going to come, and we will have to go down and take care of the country. We would have to supervise the election and then the new president would be labeled 'the Gringo' president. As soon as our soldiers had left the country the Mexicans would get out their knives and we would have to go back again. That would mean controlling the country and all the countries to the Panama canal. Intervention would be all right if we stayed there all the time, but it would be bad for our morals and pocketbooks."

In discussing the condition of the lower classes in Mexico, Wilson said that fifty per cent were Catholics and pariahs and were illiterate and that under the rule of all revolutions, "there is no middle class," he continued. "It can be easily understood what Huerta and Mr. Bryan had done in establishing an extremely corrupt and how the problem kept Mr. Bryan from some of his future achievements."

"In Mexico 15,000 Americans own more than all the Mexicans. For the most part this was acquired honestly, but in spite of this an effort was made to deprive them of their property. Mr. Bryan holds that property abroad has no rights. I do not agree. You might as well take away life as take away property."

Discussing the Mexican regime, Mr. Wilson said that eighty-four Americans had been killed in Mexico and not one murderer had been punished and that six months prior to the overthrow of Huerta the entire country wanted it yet. "The death of the two Madroses was due to anti-Americanism of the United States government, more than the murder of the Americans."

Regarding the making of Huerta provisional president, Wilson said that the Huerta and Diaz factions were in the capital ready to renew the bombardment and that "while I was not so instructed, I took immediate action to prevent it. The representatives of the two factions were at the embassy seven hours and finally agreed to make Huerta provisional president, leaving Diaz at liberty to pursue his candidacy. No act of mine had anything to do with it."

Wilson said that the officers and crew of the French liner La Touraine, who took part in the rescue of the passengers off the Volturno, were decorated with medals by the French government before the departure of the vessel for New York.

Gold medals of the first-class went to Second Captain Rondelet, Lieutenants Isenle, Lebaron and Royer, and Mate Courte. Gold medals of the second class, or silver medals, went to twenty-seven seamen and stokers.

STOP CONSTRUCTION OF WARSHIPS BY INTERNATIONAL AGREEMENT

Winston Spencer Churchill, First Lord of Admiralty, Makes Proposition to Germany for England.

MOVEMENT SHOULD BE WORLD-WIDE, HE SAYS

Suggestion Is for Purpose of Turning Hundreds of Millions of Dollars Into Legitimate Business.

THE MORNING JOURNAL SPECIAL LEADER WIRE

London, Oct. 18.—The invitation to Germany to initiate a "naval holiday" was repeated today by Winston Spencer Churchill, first lord of the admiralty, who in the name of the British government, made a specific offer to defer the fulfillment of Great Britain's naval construction program next year if Germany would consent to do the same.

The first lord was addressing a great liberal meeting at Manchester in the middle of the afternoon, over the various misdirection of human energies involved in the enormous expenditure on armaments. He remarked that the only way of effective retrenchment was along the lines of an international agreement. He added:

"The proposal I put forward in the name of the British government for a naval holiday is quite simple. Next year, apart from the Canadian ships or their equivalent and apart from anything that may be required by any development in the Mediterranean, we shall lay down four great ships to Germany's two. Now we say to Germany, 'If you will put off beginning to build your two ships for twelve months, we will put off in absolute good faith, the building of our four ships for exactly the same period.'"

"If Great Britain and Germany take the lead, all the other great countries will follow suit, and they will all be just as great and as sound as if they had built the ships at present. If Austria and Italy do not build, the obligation would be removed from France and Great Britain, and the fact that the triple alliance (Germany, Austria and Italy) was building no ships, would make the proposal possible without the slightest danger of risk."

"Isn't it likely that as great and memorable event would produce an effect on the naval construction of the United States and Japan, scores of millions of money would be released for the progress of mankind."

"That is the proposal I make for the year 1914, or if that year is thought to be too near for 1915."

Mr. Churchill declared himself impervious to the objections which would be raised by armament firms here and in other countries. "They must be our servants and not our masters," he said.

He warned his hearers that apart from such a demand, the naval expenditure of next year will be substantially greater than that of this year. "Whatever may be necessary for the safety of our country and the maintenance of our influence all over the world, will have to be done."

"The fact that the situation in Europe is much clearer now than it has been for some time, the strong evidence of a desire for peace and the greatly improved relations between Great Britain and Germany, render the moment favorable for the resumption of consideration of the suggestion of a naval holiday, to which friendly reference was made in a speech by the German imperial chancellor."

FORCIBLE VACCINATION OF 300 HOTEL GUESTS

CHICAGO, Oct. 18.—Three hundred inmates of "Hoban's Flap," a ten-cent lodging house, were vaccinated tonight when the health authorities learned that John Scorer, a smallpox patient at the county hospital, had slept there on Thursday night.

Consternation seized the lodgers when they discovered the purpose of the four city physicians and six policemen who went over the four floors of the cheap hotel, arousing the occupants. Twenty of them escaped by climbing down a fire escape and the reserves were called out from the Desplantes street police station to guard the building while the doctors performed their huge task.

CURRENCY REFORM NOT TO BE PARTY MEASURE IN THE SENATE

President Wilson Holds Conference With Republican Leader in Upper House Which Clears Atmosphere.

NO ADJOURNMENT TILL BANK BILL PASSES

Assurances Are Given That No Delays Will Occur Except Such as Are Necessary to Avoid Errors.

WASHINGTON, Oct. 18.—President Wilson has further cleared the path for currency reform in the senate through a conference, long with representatives of the senate, which took place in the morning.

The first lord was addressing a great liberal meeting at Manchester in the middle of the afternoon, over the various misdirection of human energies involved in the enormous expenditure on armaments. He remarked that the only way of effective retrenchment was along the lines of an international agreement. He added:

BENNY CHAVEZ MAY BOX HERE LAST OF THIS WEEK

Coming Bantamweight Champion, Together With Stanley Yoakum, Want to Appear Before New Mexico A. C.

That Benny Chavez, the coming bantamweight champion, together with Stanley Yoakum, lightweight boxer, may appear here the last of this week before the New Mexico A. C., as the principals in this star fight, was the announcement made last night by Director Mark Levy, of the club.

Chavez and Yoakum, through their manager, Jamie Newman, wired yesterday from Denver that they would like to stop here on their way to the coast, where Chavez is slated to meet Eddie Campio November 4. Newman stated in his telegram that Chavez would meet any bantamweight who might be secured, and that Yoakum also was open for an engagement here.

Telegrams were sent last night to Tommy Dunn, now at Los Angeles and to Billy Burns, of Kansas City, both of whom are aspirants to the 116-pound title. Dunn is the sparring partner of Johnny Kilbane, the featherweight champion, while Burns is one of the best fighters in the bantamweight class in the middle west, having a draw with Johnny Condon to his credit.

If opponents can be secured for Chavez and Yoakum, the local club will stage the bouts the last of this week, probably Friday night.

LAS VEGAS BASKETBALL PLAYERS SEEKING GAME

That Las Vegas boasts the fastest semi-professional basketball team in the state was the statement made last night by L. T. Swallow, of the Meadow City. Mr. Swallow came to Albuquerque especially to confer with local basketball promoters with a view to arranging a schedule of three or four games between an Albuquerque team and the Las Vegas five, to be played during the winter season. Swallow is so confident of the prowess of the Meadow City boys that he says a healthy side bet could be arranged, if local followers wished to back their team.

Mr. Swallow is a member of the Daily Optic staff at Las Vegas, but finds time between shifts to play basketball.

HARVARD'S LINE IS CROSSED BY HOLY CROSS ELEVEN

Muffed Punt Responsible for Crimson Being Scored On; Latter Team Then Overwhelms Their Opponents.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Cambridge, Mass., Oct. 18.—For the first time this year a football line crossed the Harvard goal line today, but while the Holy Cross team accomplished the feat through a muffed punt, they were overwhelmed, 17 to 7. Both teams made frequent changes in the lineup. Three Holy Cross players were so badly used up that they had to be carried from the field.

Princeton 14; Syracuse 0.
Princeton, N. J., Oct. 18.—Syracuse proved to be a good defensive eleven against Princeton today, but poor on the offensive, and Princeton won a 13 to 0 victory over the New York state team.

Pennsylvania 28; Brown 0.
Philadelphia, Oct. 18.—Reversing the results of their two previous contests, Pennsylvania defeated the Brown football team on Franklin field today, 28 to 0. The home eleven outplayed the Providence team in all departments of the game.

Yale 27; Lehigh 0.
New Haven, Conn., Oct. 18.—Yale defeated Lehigh here today 27 to 0. Lehigh started strong, when Chenevix-Trenchard kicked a 35-yard field goal. The Yale line was inferior to the other, but the Yale ends broke up frequently attempted forward passing.

West Point 7; Colgate 0.
West Point, N. Y., Oct. 18.—The Army defeated Colgate here today after a hard fight by 7 to 0. The game was very close, both on the offense and the defense, and the Army was played to a standstill until the last five minutes of play when a series of clever forward passes changed the situation.

Navy 20; Dickinson 0.
Annapolis, Md., Oct. 18.—The Navy continued its winning streak this afternoon, defeating Dickinson 20 to 0. The visitors put up a stiff defense during the first half, which ended 6 to 0. But in the two final periods the powerful hammering of the Navy Navy line and backfield, wore them completely out.

Chicago 23; Iowa 6.
Chicago, Oct. 18.—Chicago beat Iowa in their annual game, 23 to 6, here this afternoon. Iowa showed unexpected strength and after the first half, held Chicago on even terms.

Ames 37; Washington University 7.
St. Louis, Oct. 18.—Ames played a smashing game here today, and defeated the Washington University football team by 37 to 7. The game was marked by constant fighting and the visiting eleven was punished often for slugging.

Nebraska 7; Minnesota 0.
Lincoln, Neb., Oct. 18.—Nebraska today sent the Minnesota team back to Minneapolis with a 7 to 0 defeat, the result of three perfectly executed forward passes by Nebraska players, beginning on the Minnesota forty-yard line. The result was an overwhelming victory for Nebraska.

Colorado Aggies 20; Denver 6.
Denver, Colo., Oct. 18.—The Colorado Aggies defeated the University of Denver in their first clash here today by a score of 20 to 6 in a game marked by constant fighting by the Aggies and vigorous tackling by the University. The Aggies won the game by Johnson, fullback of Denver.

Colorado Mines 41; Wyoming 0.
Laramie, Wyo., Oct. 18.—The Colorado School of Mines of Golden defeated the University of Wyoming here this afternoon, 41 to 0, in a game marked by splendid playing by both teams. Wyoming was outplayed and outwheeled twenty pounds per man. Layenger, for Colorado, was knocked out for five minutes in a collision with another player. The biggest crowd of the season witnessed the game. Wolff, right halfback for Colorado, and Davis, quarterback for Wyoming, were stars of the game.

Utah 7; Colorado College 16.
Colorado Springs, Colo., Oct. 18.—The University of Utah defeated Colorado College here this afternoon in a fiercely contested game by a score of 7 to 6. Travers, the Mormon fullback, tried a punt which was fumbled by Utah. After six minutes of play, Utah scored a touchdown and kicked. In the latter part of the quarter, after the ball had been crushed by the Tigers to Utah's forty-yard line, Powers caught a forward pass and went over for a touchdown. Kramer missed the goal, leaving the score 7 to 6 in favor of Utah. The remainder of the game was marked by hard play by both teams, which appeared to be evenly matched.

English Woman Golf Champion.
Wilmington, Del., Oct. 18.—For the third time in five years the woman's national golf championship has been won by a player from the British Isles. On the course of the Wilmington Country club today, Miss Gladys Taylor, of England, former champion of Great Britain, defeated Miss Marion Hollins of Westchester, L. I., this year's Metropolitan title holder, 2 up, after a sharp contest in which both played good and bad golf.

MEN AND HIGH SCHOOL BATTLE TO 6-6 SCORE

Presbyterians Employ Old Style Line Bucking Tactics While A. H. S. Boys Play the Open Game; Big Crowd.

With the old and new styles of football pitted against each other, the Albuquerque high school and the Presbyterian school, rivals of old, battled four quarters yesterday afternoon on the Association park gridiron to a tie score, 6 to 6.

Playing the open game as much as possible, the boys from the Central school scored their first touchdown in the second quarter on two perfectly executed forward passes, both from Calkins to Chavez. These two plays were the main features of the high school team's play and saved it, 11 to 0, from a game-egg dribbling at the hands of Menaul. On the other hand, Menaul, with a heavy backfield, relied largely on the glancing tactics and gained consistently by that style of play. Only costly fumbles at critical stages and resolute stands at the last ditch by the high school prevented the Presbyterians from running up a larger score. Menaul's single touchdown was scored on straight line backs in the third quarter, four downs being required to turn the trick and the ball then going over by the narrow margin. Both teams failed in kick goals.

On account of the fierce playing the game was marked by injury to players. Three high school men and one Menaul player were removed from the game on account of injuries. However, none was seriously hurt. The two teams were evenly matched in weight, possibly a slight advantage in this respect being with the Menaul team. However, the high school weight was evenly proportioned among the men, while the Menaul backfield was well over the average of the team, thus explaining the more effective work of Menaul in advancing the ball on occasion. The high school backs, while better than Menaul's, were faster, and accordingly were more successful in open play.

The Menaul line bucking machine was working at its best in the second quarter. The high school line was unable to hold under constant hammering and Menaul plowed through the A. H. S. line to the high school goal posts. In the shadow of their goal posts the Central school boys took a brace and held Menaul for downs. At the end of this period, Menaul man secured the ball on a kick and ran through the entire field for a touchdown. However, the players' whistle and blown on an off-side play and the backfield was not allowed. Also, in the first quarter only a determined stand by the high school team on the ten-yard line, and the good work of the A. H. S. ends, Edmunds and Hayes, in getting around the Menaul line and breaking up plays in their inception, prevented Menaul from scoring.

A large crowd of supporters of the two teams saw the game and at the critical stages of the contest stared onto the playing field to such an extent as to interfere with play.

The officials were as follows: Referee, Campbell, U. S. M.; Umpire, Little, U. S. M.; Head linesman, Shuffelbarger, U. S. M.; Timekeeper, Edmunds, U. S. M.; and both high school families.

DAN DAILEY STOPS AL PALZER IN 2 ROUNDS

Pittsburgh Fight Fans Are Treated to Second Sensation Within a Week in Heavyweight Bout.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Pittsburgh, Oct. 18.—Al Palzer, of New York, heavyweight contender, was knocked out in the second round of a six-round boxing contest here tonight by Dan Dailey of New Castle, Pa., with a left and right to the jaw. Previously, Palzer had been knocked down with a left hook to the jaw. Palzer had to be carried from the ring.

The fight tonight was the second surprise here within a week. Last Saturday night George Chip of Madison, Pa., a minor, a companion of Dailey, knocked out Frank Klaus, reputed to have been the middleweight champion. The defeat of Klaus in the sixth round of that bout was a sensation. Dailey's feat of knocking out Palzer tonight was viewed in a similar manner.

In the first round Dailey showed amazing footwork and was quick. He seemed to land at will. The second round was merely a repetition of the first, with Dailey then administering a much heavier blow. After a minute's fighting in the second round, Dailey dropped Palzer for the count of nine. Palzer arose and clinched. Dailey then drove left and right to jaw, and the fight was over.

UNIVERSITY TEAM TO MEET INDIANS NEXT SATURDAY

Coach Hutchinson Perfecting Plays for First Big Game of Season; Calkins Is Shifted to Tackle.

The past week with the university football squad has been one of hard work and quite satisfactory to Coach Hutchinson. Captain Calkins is being tried out at tackle and the change looks like a permanent one. Next Saturday, variety will have its first game and it is hoped that much good material will be in evidence in this game against the Indian school.

Disarrangement of the field will begin on Monday as we take advantage of the bleachers now standing at the south end of the field. The gridiron will run in the new plan east and west.

Manager But his line station details in readiness and they will be put on sale tomorrow. It is expected that a considerable number of the friends of the university will avail themselves of this plan which the management hopes will work to the common advantage of the athletic association and its patrons.

The players are a bit anxious about the eligibility report of the faculty which comes out on Monday and besides the special preparations for the game on Saturday, are ready to redouble their energies on their studies and remove, before the game, any low marks that may stand against their names at the university offices. It is understood that the faculty feels the necessity of carrying out the eligibility rule with justice and fairness. This is in accordance with customs in all other universities, particularly in the east.

The enthusiasm of the students is still strong and their support of the team is encouraging. This is particularly true at the girls, who are not daily. The new surge are practiced daily under the direction of Miss Miller and some consolation for the loss to the students is to be found in the fact that the students are not to be found in the east.

TRUST PUTS UP PRICE OF COTTON BAGGING

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Washington, Oct. 18.—A "trust" is partly responsible for the great increase in price of cotton bagging in recent years, according to Secretary (retired), who informed the senate today that the high price of raw cotton and absolute control of price of cotton bagging in the United States by the American Manufacturing company and the Lumber Manufacturing companies were the causes.

Secretary (retired) pointed out that the two companies opened the market at about the same time each year, at about the same figures. One independent manufacturer gave the department investigator the view that the price of steel bands with which the cotton is baled, commonly called cotton ties, was affected by the Carnegie steel company, which in the Carnegie life in the season when the bagging manufacturers did.

LAST OF ZULU WAR CHIEFS PASSES AWAY

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Capetown, Oct. 18.—Thabizulu, the last of the warrior kings of the Zulu nation of South Africa, died today. He was a son of Cetshwayo, the king who led the Zulu nation against the British troops in the war of 1879. Cetshwayo was eventually defeated after he had inflicted a crushing blow on the British army at the battle of Isandlwana, when practically the entire twenty-fourth infantry was annihilated. It was during this war that the French prince, Imperial, Louis Napoleon, was killed while out scouting, being with the British troops.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get dejected and proceed to load your stomach with a lot of drugs that irritate the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from 100 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much. Also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will see fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

SAVINGS SERMONETTE

TO YOUNG MEN

Success is more a matter of thrift and economy than most people imagine. A young man should realize the habit of saving money. A savings account will compound itself, and secure him a comfortable future. It will also give him a chance to see the money he has saved in the hands of his future wife. The history of the lives of all great builders of fortune shows the power of accumulated savings.

The young man who is not saving is really incurring a serious disadvantage. He is not getting the benefit of the compound interest that is so important.

JUDGE SAVES AGED FATHER'S PROPERTY

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Kansas City, Mo., Oct. 18.—Judge Leland 75 years old, who, upon turning on a trip to Europe two years ago, leaving something to his wife, but before he could return turned over his controlling interest in a real estate business to three sons. Will not lose control of his business. This was decided by Circuit Judge Bird here today.

When he went abroad, Leland divided his twenty-seven box factory shares, valued at \$40,000, between the sons equally. Three, and other people, were placed in a trust to be opened should the father meet misfortune. Mr. Leland alleged that on his return the sons refused to give him back his business.

"This is an exceptional case," the court said. "I will not see this old man, who spent his life time building up a business, dispossessed by three young men who believe they know more than he."

GERMAN EMPIRE IS RICHEST COUNTRY ON CONTINENT

Its Aggregate Wealth Is Seventy-four Billions, With Annual Income to People of Over Nine Billions.

By Morning Journal Special Leased Wire.
Berlin, Oct. 18.—Germany is now the richest country in Europe, with an aggregate wealth of about \$24,000,000,000, and an annual income for its people of about \$9,334,000,000, says the conclusions of Dr. Karl Helfferich, a director of the Deutsche Bank and one of the most eminent financial authorities of Germany. He says that the national wealth of Germany is greater than that of Great Britain or France, as estimated by the economists of those countries, although the latter have a greater wealth per head, owing to their small population. He estimates the wealth of the average German as between \$1,074 and \$1,190, compared with an English estimate of \$1,214 for England, and a French estimate for France of \$1,445, and with the estimate of the census bureau for the United States of \$1,318.

In ranking of income capacity, however, the average German now between the Englishman and the Frenchman, the German income being estimated at \$127, the French at the French authority, at \$125, while the British is far in the lead with an income of \$134.

One of the most striking features of Dr. Helfferich's calculations, however, is the tremendous growth in the earning capacity of the German people, which may soon bring the nation to the same position of financial predominance in Europe as it now possesses in military power. He estimates the annual income of the German nation about 1895 at between \$5,750,000,000 and \$6,000,000,000, at present, eighteen years later, it has grown, he estimates, to \$9,334,000,000, and he claims that if the annual savings of the people and the latent growth of land and other values be calculated, a total addition to the national wealth of about \$2,500,000,000 is registered each year.

Reverend Authorized to Get Loan

New Orleans, Oct. 18.—By a decree of the United States district court, signed in Atlanta by Judge J. T. Foster and recorded here today, J. D. McKee, rector of the New Orleans, Texas & Mexico railroad, a part of the Fifth avenue, is authorized to borrow \$1,500,000, or in no event to exceed \$2,000,000, for the year ending September 14, 1914. The rector is authorized to issue \$250,000 in certificates at once.

COLDS ARE CAUGHT IN OCTOBER THAT LAST ALL WINTER

In most parts of the United States October is the pleasantest month of the whole year. And yet October has that peculiar quality for those who are subject to catching cold. September is liable to be warm, and the clothes are worn almost universally. When October begins the climate gets colder, and the days also. Yet people will cling to their thin clothes. The medicine chest without doubt is not like to give it up, sleeveless undershirt and neckerchief, and a great many millions of people carry from a little too long. Frequently, catching cold is the result. A cold acquired in October may last several months and do great damage.

In spite then of the fact that October is a pleasant month, it is a month that presents special difficulties for catching cold. Of course the best way to fortify one's self against cold is to avoid exposure, but people will not always do this, hence colds are the result. To have a remedy handy to break up a cold is almost a household necessity. It has been at least thirty-five or forty years that Peruna has been a standard household remedy for coughs and colds. It is generally sufficient to take a few doses at the first appearance of a cold. The experience of the people has been, if taken in the early stages of a cold Peruna is prompt in its action. The cold disappears very quickly. Those who object to liquid medicines can now procure Peruna Tablets.

GERMAN HOUSEWIFE MAY GARNISHEE HER HUSBAND

If He Does Not Provide Sufficient Funds for Living Expenses, Court Will Grant Interlocutory Decree.

By Morning Journal Special Leased Wire.
Berlin, Oct. 18.—One German housewife at least has proved that she has a legal right to the regular weekly sum—monthly or monthly allowance—which her husband is accustomed to make for housekeeping expenses. If he fails to provide her with an allowance sufficient to conduct the household in a manner suitable to the family's station in life, she may proceed against him at law and the court will grant an interlocutory decree, under which, if necessary, a recalcitrant husband's wages may be garnished.

The foregoing rule of law has just been laid down by the supreme provincial court of Brunswick. The court ruled further that the allowance must be paid in advance for a period of not less than one week. The probable expenses of the house can not be properly estimated through calculations based upon an average for a shorter period, said the court, and the wife is to be considered the husband's agent within a provision of the imperial civil code which prescribes that when an agent is commissioned to do something requiring a money outlay, the money thus required to be held out must be advanced.

The husband cannot escape his obligations to advance the cash by opening a line of credit at various shops for his wife. She must be in a position to buy where she can buy at the greatest advantage and must have the money necessary to enable her to do this.

The case that a man may have a spendthrift wife is provided for in the civil code. His remedy, in case the wife plunders her accreted "power of the keys," is to take her housekeeping into his own hands.

MINING PROPERTIES AGAIN FIRED ON BY STRIKERS

Vice President Calls Off Assassins Before Guards at Camps Attack; No Bloodshed Results From Shooting

By Morning Journal Special Leased Wire.
Denver, Oct. 18.—From 7 o'clock until 10 o'clock tonight, strikers fired upon the mine camps at Jettysville and St. Thomas, but the operators did not return the fire and no one was injured, according to reports received by Governor Ammons tonight. The huge searchlight of the Colorado Fuel & Iron company's mine at Sopris was trained upon the strikers and they did not approach closely.

Mine officials communicated with Vice President Hayes, of the union, and told him that if he was unopposed in getting his strikers to stop firing that the mine camps would rise forth and attack the assassins. Hayes sent union men from Trinidad in an automobile and shortly after their arrival at Sopris the firing ceased.

So far as the governor has learned tonight the day passed with unusual quiet in the strike district. The governor was somewhat surprised by the demand of charges of picketing which had been made against sixty miners and stated tonight he would investigate the cause.

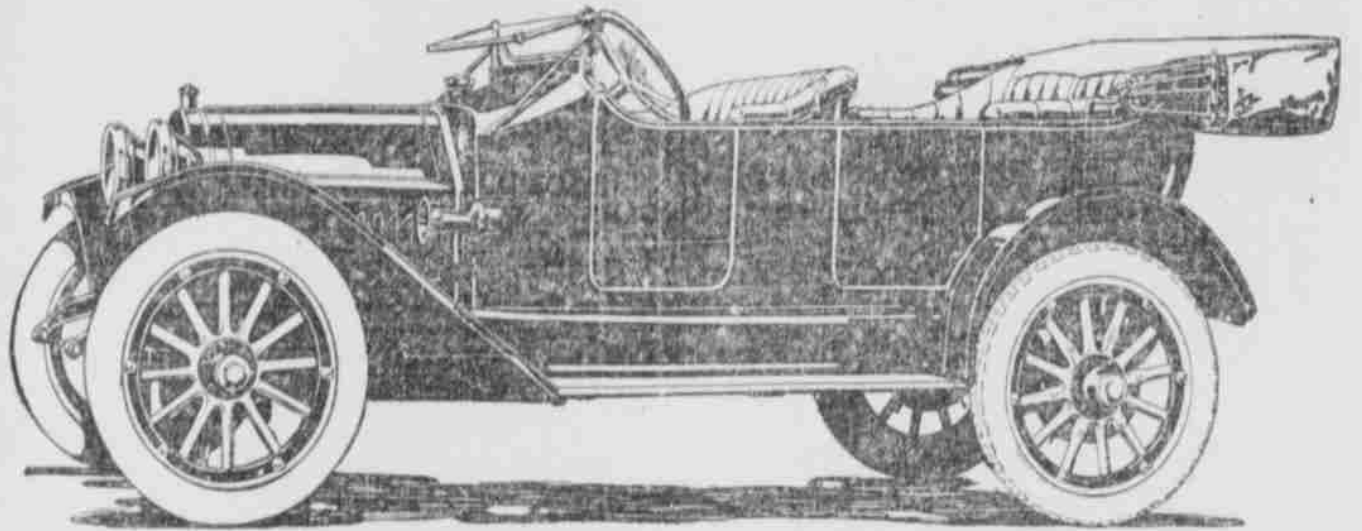

TWO CONVICTED OF WHITE SLAVERY AT EL PASO

Woman and Man Found Guilty After Trial in Federal Court of Conspiracy in Violation of Mann Act.

By Morning Journal Special Leased Wire.
El Paso, Tex., Oct. 18.—Fay Martin and Edward Cole, an ex-soldier, were convicted of conspiracy to violate the Mann white slave act by a jury in the United States district court tonight. Marjorie Campbell, who was charged with being a co-conspirator with the Martin woman and Cole, was acquitted. They were allowed to have complied to transport girls from El Paso to Silver City, N. M., for immoral purposes. The jury was out nine hours. They will be sentenced Monday.

Human Skeleton Found in Colorado.
Friedland, Colo., Oct. 18.—Roy Little, game warden for the Rocky Mountain lumber company, unearthed a human skeleton in the gap near Stonewall, thirty miles north of here, Friday. It has the appearance of having been dead for nearly a year, as the clothes were nearly all decayed. The coroner has been notified and an investigation will be begun at once.

From 800 Cars Three Years Ago to 13,500 Cars This Year

The Paige Car began to attract attention three years ago. They were extra-good for the price.

Two years ago the public and dealers in general recognized the Paige "25" as great value at a thousand dollars. Sales jumped to about 3000 cars.

Last year—the 1913 season—the Paige was hailed everywhere as a sensational value. The factory could not fill one-third the orders. Thousands of purchasers had to be disappointed.

A letter just received from the factory brings good news for Paige purchasers. It says: "We hope to fill all orders during the 1914 season. With the new factory we will build 13,500 cars for the season."

OUR allotment out of this production is liberal, but it is NOT FLEXIBLE. We cannot deliver more cars than we GET. An order placed now, either for early or future deliveries, will assure you of YOUR Paige.

The demand for Paige cars is perfectly logical. Anyone who knows anything about automobiles can see that the Paige is full of extra value. That's why a lot of leading men and publications in the industry declared last spring that the prices would have to be raised.

What they said sounded all right, but it wasn't right, simply because they did not appreciate the economically advantageous conditions under which Paige cars are manufactured. They overlooked the fact that the Paige Company is carrying no load of bonds, no load of preferred stock, no expensive branches, no multiplicity of high-salaried officials. They overlooked the fact that the same executive organization, identically, which directed the manufacture and sale of 800 cars is now directing the manufacture and sale of many thousands of cars. They overlooked the costs advantage of buying with cash.

There are a lot of important manufacturing facts that they overlooked. And, meanwhile, the public has not overlooked the obvious better value of the Paige.

Paige cars really do give all the excellence of construction, completeness of equipment, size, power, style, and finish—all these qualities—that you find elsewhere only in cars costing several hundred dollars more.

When you come to see the Paige bring an automobile expert with you, if you aren't an expert yourself, and let him verify this statement.

SERIOUS CAR SHORTAGE THREATENS COUNTRY

By Morning Journal Special Leased Wire.
Washington, Oct. 18.—Furnishing of a serious car shortage on American railroads induced the Interstate Commerce commission to issue today a vigorous appeal directed to both railroads and shippers to give "close attention to methods of unloading, loading, moving and promptly returning to the cars which are available."

Complaints received from all parts of the country indicate the danger of a car shortage. The commission believes that "the present supply of cars is sufficient for all purposes," but that it will prove inadequate for the movement of all traffic offered only in the event of the being employed fully and promptly.

RAGER, THOUGHT TO HAVE RECOVERED, NOW VIOLENT

A. Julius Johnson Arms Self With Rifle at His Home and Wife Calls Police; Returned to Hospital.

After a display of violence at his home, Seventh street and West State avenue, A. Julius Johnson, who was injured in a motorcycle race October 1, was returned to St. Joseph's hospital yesterday.

He was discharged from the hospital last Friday, apparently having recovered, but yesterday he armed himself with a rifle at his home and his wife, becoming alarmed, telephoned for police. Patrolman N. M. Miller and Pablo Lopez persuaded Johnson to give up his gun, called an ambulance and sent him back to the hospital. Johnson was guarded by two men at the hospital last night.

Johnson's skull was fractured at the base when, trying to avoid hitting a machine that had turned over on the track, he sent his motorcycle into the fence. He also was injured internally and for several days suffered from internal hemorrhages. After surgeons trephined his skull, relieving the depression, he appeared to be recovering rapidly.

DR. LUKENS DESIRES HOMES FOR TEN BOYS AND GIRLS

Dr. C. E. Lukens, superintendent of the Children's Home society, announced that he desires homes for ten bright boys and girls, ranging in age from five to twelve years.

Dr. Lukens says that the children are as good looking as are the angels, that they are bright and healthy and will make ideal companions in any home. He wishes to place these immediately and on a permanent basis in a home in one or both of the children's home communities with Dr. Lukens.

There are also two girls, fourteen and fifteen years old, respectively, whom Dr. Lukens wishes to find homes for.

BURGLARS BREAK INTO SEWING MACHINE STORE

Burglars entered the Singer Sewing Machine store, 210 South Second street, Friday night, and found it empty. They broke open the cash drawer with a screw driver and tampered with the safe. They escaped through the back with a lot of the Singer sewing machines.

INCUBATOR FIRE AT E. W. FEE'S CAUSES GENERAL FIRE ALARM

A burning incubator in E. W. Fee's store, 214 West Second avenue, caused the entire fire department to turn out at 12:45 o'clock this morning. The fire was extinguished with a Poudre extinguisher. The building was not damaged.

METHODISTS PLAN STAB MEMORIAL ERECTION OF A SANATORIUM

Conference Votes Favorably for Location of Institution in New Mexico, Probably in Albuquerque.

Members of the Methodist Episcopal church, South, conference yesterday morning at the Central avenue church declared themselves in favor of the erection of a large sanatorium in New Mexico.

The institution probably will be built here, although the members of the conference did not name the site. The Rev. S. E. Allison, pastor of the Central avenue church, has advocated the location of a church sanatorium in New Mexico for some time and Bishop James Atkins, of Waco, Tex., who presided at the conference, also is understood to approve of the plan.

The Rev. George Ward, of Fort Davis, Tex., conducted the devotional services yesterday morning. The reading of reports occupied the most of the morning session.

J. H. Cochran, of Artesia, was elected clerical delegate to the quadrennial conference which will meet at Tulsa, Okla., next year and J. M. Messer, alternate. E. J. Ayres was selected as lay delegate with W. N. Stanford as alternate.

The members and their wives yesterday afternoon were given an automobile ride by Albuquerque Methodists.

ONE OF TRIPLETS DIES; SECOND NOT EXPECTED TO LIVE

John James Jones, one of the triplets born to Mr. and Mrs. Alan Jones of this city, two and one-half months ago, died at a young age yesterday morning and another is dangerously ill. The third baby, however, is in good health. The babies were born at the Mount Carmel when this was about a month old.

Funeral services will be held at the San Juan church at 4 o'clock this afternoon. Burial will be in San Juan cemetery.

UNION REALTY CO. SECURES BETTER QUARTERS

Now at 110 South Second Street; Just Consummates Important Deal in South Albuquerque.

The Union Realty company now occupies a very modern and well-equipped office at No. 110 South Second street, where the company moved yesterday from their old quarters on West Gold avenue. This company has made an excellent record in the real estate field during its brief career in this line of business, and with the choice location of its new quarters, the company expects to double the volume of business done last year. If you have property for sale or rent, or want money on your real estate, or are in the market for anything pertaining to this line, call at once on them.

A very important real estate deal was consummated by the Union Realty company yesterday, in which Mr. J. J. Costa, a business man of Corralitos, N.M., became owner of a two-story brick building and three modern frame buildings, located on the northeast corner of West Atlantic and Third streets. The ground on which these buildings stand covers the southwest quarter of the block, minus a small fraction.

PUSHER LOCOMOTIVE WRECKED PLATFORM OF OBSERVATION CAR

The westbound California limited arrived here yesterday morning without an observation car because the driver of the engine never had time to push the locomotive to push harder than the head engine pulled. The wooden observation car, with the steel platform ahead and the big 1200 class locomotive, became stuck in the sand. The observation car platform and the engine were wrecked and the wrecking of the train was stopped for the night.

Four of the passengers who were asleep at the time, about midnight, were awakened. Passengers in the observation car, "El Chetoneo," were transferred to another Pullman and the damaged car was "cut out" in El Paso.

WILL START POURING CONCRETE ON CITY HALL BY WEDNESDAY

Construction work on the new city hall Wednesday. Before the foundation has been completed for the east wing and they are now laying the concrete for the first floor. The foundation walls and the floor will be poured at the same time. Then the floor will be torn off and set on for the first story. A tower has been started on the site and excavated ground will be run from the top to the bottom.

SERVICES TO BE HELD BY COURT

Bernalillo County Bar Association Appoints Committee to Have Charge of Program November 1.

Requested by the Bernalillo County Bar association, Judge Reynolds, of the district court, yesterday announced that memorial services for the late Judge Julius Staab of the probate court would be held at 10 o'clock Saturday morning, November 1.

Thomas N. D. Maddison, president of the association, appointed A. B. Strong, J. A. Miller and Robert H. Brown as a committee to make arrangements for the memorial. The committee will draft resolutions and have a member of the bar to deliver an eulogy of Judge Staab.

TRIAL OF CRIMINAL CASES WILL BE BEGUN TUESDAY

Judge Reynolds yesterday morning called the criminal docket for the October term. The first criminal case is set for trial Tuesday. The docket follows:

October 21. Joseph B. Tanner, charged with passing worthless check.

October 22. Julian Guerrero, charged with larceny of a mare.

October 23. Charles Easter, charged with assaulting a girl.

October 24. Julian Montano, charged with receiving stolen goods.

October 25. Carlos B. Chavez, charged with perjury.

October 26. Aaron Flory Corbin, charged with reduction.

October 29. Michael A. Allen, charged with assault.

October 30. Frank Eustis, charged with selling liquor to a minor.

October 31. George Harris and J. H. Nicks, charged with selling liquor to a minor.

Judge Reynolds will go to Gallup, N.M., to draw jurors for McKinley county and his case will not be set for trial on that day. The criminal docket will be continued here October 2.

CIVIL DOCKET WILL BE COMPLETED TOMORROW

Judge Reynolds, at 6 o'clock yesterday evening, closed the civil docket. The Santa Fe railway's condemnation suit against Mrs. Johanna Richter, of Gallup, and it is believed that this case will be finished tomorrow. The trial of this case was begun last week, but last Friday Judge Reynolds continued the hearing until tomorrow to allow attorneys to secure copies of records in the land office at Santa Fe.

W. H. ANDREWS BRINGS EXPERT OIL DRILLERS FROM PENNSYLVANIA

W. H. Andrews returned last night from Pittsburgh, where he has been for the past few weeks making arrangements for financing the Carlsbad Oil & Gas Co., which will begin operations at once southwest of Carlsbad and in connection with the new formation of the New Mexico Central and Albuquerque Eastern projects.

Mr. Andrews brought with him expert oil drillers and arrangements have been completed for placing the equipment on the ground during the week. As far as the railroad project is concerned, he is understood to have them in shape for handling as soon as the legal difficulties can be cleared up.

ENTIRELY BALD

Her Hair Commenced to Grow After Two Weeks' Use of Newb's Herpicide.

"Fever caused me to be entirely bald. I had given up all hope of again having hair when I was advised to use Herpicide. After two weeks my hair commenced to grow. I now have the most beautiful head of hair anyone ever saw. Praise to Newb's Herpicide."

Thus writes Mrs. Howard Haller, of Bellevue, Mich. We can find no thousands of instances where the proper use of Herpicide has been followed by a remarkable growth of hair.

Newb's Herpicide is "the original remedy which kills the dandruff germ" and stops falling hair.

Send 10c in postage for sample and booklet to The Herpicide Co., Dept. B, Detroit, Mich.

Applications may be obtained at the best barbers and hair dressers.

Newb's Herpicide in 50c and \$1.00 sizes is sold by all dealers who carry it to do all that is claimed. If you are not satisfied your money will be refunded.

BE PRETTIEST CITY DRIVE

Residents Plan Paving, Parking Eight-Foot Strip in Center of the Street, and Lighting.

If plans of residents of Luna Place do not fail, Luna boulevard will be the prettiest drive in Albuquerque, although it is not long. A move now is under way for paving, for ornamental lighting and for parking the street.

The paving will not be commenced until next spring, but the lighting and parking probably will be completed before then. Luna Place residents, who are agitating the paving, will attempt to get residents of North Tenth street, from Tieton to Marquette avenue, to join in the paving movement. Tenth street is the outlet for Luna boulevard, and the paving of the boulevard, they realize, would not be of great benefit without a paved link connecting it with other paved streets.

The parking plan embraces the planting of shrubs and grass in a strip eight feet wide in the middle of the boulevard, running from Marquette to New York avenue. Ornamental concrete light posts would be set in this strip.

This would leave driveways eighteen feet wide on both sides of the street and also leave room for a two-foot parking between the sidewalks and the curbing.

COUNTY CLERK ISSUES 5 LICENSES TO MARRY, MAKING NEW RECORD

County Clerk A. E. Walker yesterday issued his own day's record for the issuance of licenses to marry by granting them to five couples. He thought he would double his former best day's percentage when the sixth couple appeared, but the prospective bridegroom will have to wait until next January as he will not be of age until then.

Antonio Lohman, who wants to marry Mrs. Delina Galloway, was refused a license because he is only 20 years old. His father is dead and his mother confined to bed on account of illness, so unless his mother recovers before then, he will have to wait until his next birthday, which is in March.

Lohman was born in El Paso.

RENEWED ACTIVITY IN PINOS ALTOS MINING DISTRICT

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.

Silver City, N. M., Oct. 18.—There is much activity these days in the Pinos Altos mines, and it is getting to be a busy camp. California men are erecting a mill to work over some of the old dumps, having been encouraged to do so by the success of W. T. Chandler, who has been working over the dumps at his mine, having erected a mill especially for that purpose.

Ohlman men are also putting up a mill and very soon three mills will be in operation. Values considered are mostly gold and silver.

BUSINESS SHOWING GIVES HOPE THAT WORST IS OVER

Following Long Recession of
Prices Stocks Take Upturn
and Commercial Agency
Reports Are Hopeful.

ALBUQUERQUE, Oct. 18.—It is only after a further recession of prices that business which was allowed to get into a state of depression began to show signs of recovery. The situation of the market is such that it is not yet possible to say whether the worst is over. The fact that a considerable number of business concerns are beginning to show signs of recovery is a hopeful sign. The fact that the market is beginning to show signs of recovery is a hopeful sign. SMALL CHECK ENDS WOMAN'S SOCIAL ASPIRATIONS

Posing as Daughter of Millionaire
and Wife of Owner of
El Tigre Mine While Husband
Works as Furnace Man

ALBUQUERQUE, Oct. 18.—No more on the back of a check for \$1000 which the social aspirant of Mrs. Thomas (Mrs. Jones) put her hands on. She was found in the hands of a money lender to whom she owes \$1000. She is a woman of 35 years, single, and lived her life in a police court on a charge of uttering a check. Her preliminary hearing was set for Monday. Mrs. Jones had been deceived as the daughter of a millionaire, a Mexican millionaire, and the wife of the owner of El Tigre mine, one of the best known properties of the state of Sonora. She had been deceived as the daughter of a millionaire, a Mexican millionaire, and the wife of the owner of El Tigre mine, one of the best known properties of the state of Sonora.

HUSBAND SAYS WIFE IS NATIVE OF TENNESSEE

Elizabet, Ariz., Oct. 18.—"I don't know why my wife should say I am a native of Tennessee," said the husband of a woman who had been deceived as the daughter of a millionaire, a Mexican millionaire, and the wife of the owner of El Tigre mine, one of the best known properties of the state of Sonora. She had been deceived as the daughter of a millionaire, a Mexican millionaire, and the wife of the owner of El Tigre mine, one of the best known properties of the state of Sonora.

Most Dangerous of Minor Ailments.
of the minor ailments a cold is by far the most dangerous, not in itself, but in the serious diseases it often leads to. Pneumonia and consumption always start with a cold. When you have a cold you are much more likely to contract the infectious diseases than when you are in good health. A cold is a dangerous ailment, and it is a dangerous ailment, and it is a dangerous ailment.
