# Huerta's Immediate Resignation Is the Ultimatum of Washington

UNITED STATES  
DETERMINED  
TO END WAR  
IN MEXICO  
AT ONCE

Formal Demand From American State Department Is Served on Provisional President by O'Shaughnessy.

DIPLOMATIC CORPS IS  
SUMMONED TO PALACE

Attention Acting Executive of State-Torn Republic Will Pay to Note Difficult to Prophecy.

So far as the plans of the administration can be expressed in general terms, the course being pursued is subject to change with the shifting developments of each day and high officials admit that daily different phases of the situation crop up which make it impossible to predict even their own course far into the future.

There is a disposition to handle the present diplomatic efforts by confining the discussion to informal parties at Vera Cruz and Mexico City, unaccompanied by the publication of any document which in the least degree corresponds to the situation.

General Huerta presented the memorandum to his chief late Sunday, but was not permitted to answer, and as far as is known, he has not yet given any answer.

Those who learned of the Washington note regard President Huerta's position as one in which he will be forced to give one of two answers—either, point blank, to comply with the demand, possibly going so far as to hand the diplomatic representatives the powers for the elimination of himself.

Those most intimate with the president insist that the latter course will not be taken for many reasons, chief among which is that such action would be tantamount to submission to the rebels.

Changes in the military situation throughout the country today included, according to the report, the advance of the rebels to attack Zacatecas, but the government believes that the rebellion there is sufficiently strong to resist.

General Huerta, summoned to the national palace tonight by the diplomatic corps, but for what purpose was not revealed.

Three ministers, those of Germany, Norway and Russia, were absent. They have been in conference with President Wilson's representative, John Lind, who is understood to be fully conversant with the latest representations from Washington.

COMMUNICATION TO HUERTA HAS BEEN SENT BY WILSON

It Is Believed That Acute Situation Exists, Notwithstanding Contrary Claims by Administration.

Outwardly administration officials view the situation calmly and some of them express a feeling of optimism over the future. It was evident from a canvass of administration officials that published stories predicting the armed intervention were not justified at this time.

There is a disposition to handle the present diplomatic efforts by confining the discussion to informal parties at Vera Cruz and Mexico City, unaccompanied by the publication of any document which in the least degree corresponds to the situation.

CONTEST

Supreme Court Decides That Massachusetts May Levy Tax on Foreign Companies in State.

AUTHORIZED CAPITAL  
STOCK IS REACHED

Position Taken Now Is Regarded as Contradicting Holding in Case Which Came Up From Kansas.

Washington, Nov. 3.—The Supreme court today decided in favor of the state of Massachusetts in its contention that the federal corporation tax law of 1908, which provides that every foreign corporation shall pay annually an excise tax of one-fifth of one percent upon its authorized capital stock.

The decision was reached by a majority of five to four. The dissenting members of the court held the case to be virtually identical with the Western Union and Pullman cases from Kansas, wherein a Kansas tax on foreign corporations was held unconstitutional.

Although no dissenting opinion was delivered, the report was current during the day that the dissenting members of the court held the case to be virtually identical with the Western Union and Pullman cases from Kansas, wherein a Kansas tax on foreign corporations was held unconstitutional.

# GENERAL CHASE IS READY TO DISARM LUDLOW MINE STRIKERS

Expedition of Militia to Big Tent Colony Is Planned Today and Drastic Action Is Threatened.

Twenty More Rifles Are Surrendered

Large Number of Deputies Are Enlisting in National Guard; Operators Claim Labor Supply Is Increasing.

Both Sides Confident of Victory in New Jersey

Trouton, N. J., Nov. 3.—At the close of the campaign tonight, both sides were confident of victory for their candidates at the polls tomorrow. Besides a governor, eight of the twenty-one state senators and the entire sixty members of the assembly are to be chosen. The legislature is democratic.

James F. Fielder, the democratic candidate for governor, was the declared choice of President Wilson. He is a former member of the assembly and a prominent politician in New Jersey.

Information reaching police headquarters that "strong arm" men, gunmen, and thugs were to be employed to intimidate voters tomorrow resulted in prompt action tonight.

Seven hundred picked policemen familiar with the underworld characters will be assigned to all parts of the borough. At midnight tonight every police captain was shifted from his regular precinct to another for twenty-four hours.

Police Commissioner Waldo gave these orders acting upon a communication from Mayor Kline, who had been visited a few hours previously by John P. Murphy.

## HENNING TELLS OF CONSPIRACY TO DEFAME FUNK

Witness Declares He Was Paid by Attorney Daniel Donahue to Bring Fake Suit for Alienation of Wife's Affections.

Chicago, Nov. 2.—John C. Henning, a former law partner of Attorney Daniel Donahue, charged today with conspiracy to defame Charles A. Funk, former manager of the International Harvester company, that he had been induced by Donahue to bring suit charging Funk with having alienated his wife's affections.

Henning, who was sworn from the witness stand last week because of illness was cross-examined by defense today and denied the charge that he had been induced by Donahue to bring suit charging Funk with having alienated his wife's affections.

Henning told on the stand of his first meeting with Donahue in 1911, after his wife had been introduced to the attorney by Miss Alice Heppner, Henning said.

"When I saw Donahue the first time he asked me was if I knew Charles A. Funk, I said no, and he said: 'Well, there are certain parties who want to bring a suit against Mr. Funk. The interested parties have told me that you and Mrs. Henning will be well taken care of as long as you live. You will never need to worry anymore.' He gave me \$125. I think he also gave my wife some money and tickets to the theater."

Three days later he gave me a statement to sign.

"Well, I was the plaintiff in a suit against Mr. Funk charging him with the alienation of my wife's affections. The witness said he saw Donahue three days later and the attorney advised him to get out of town because the reporters would be hounding him. Donahue bought him a ticket for Mobile and gave him \$250."

## FIGHTERS WAITING FOR GONG AT THE ELKS THEATER

Albuquerque Fans Promised One of Best Boxing Cards in Months When Quartette of Bouts Is Staged Tonight.

Albuquerque fans are promised one of the best boxing cards in months tonight at the Elks theater, when a quartette of high class bouts are staged under the auspices of the N. M. A. C. starting at 8:15.

The main event of tonight's card will be a ten-round contest between Harry Butler, a local lightweight, and Harry Matthews of St. Louis. Young Duran and Benny Carson are due to box eight rounds. Young Herrera and Kid Chavez will travel six rounds, and an extra set over the four-round route will be staged between Harry Brookston, a 120-pounder of Chicago, and Harry Kurth of Albuquerque.

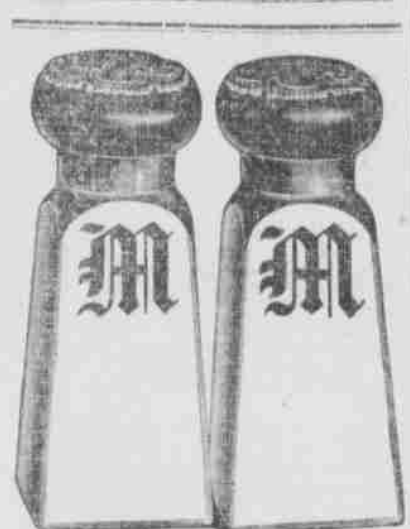

## SANTA FE APPRENTICES HAVE FOOTBALL TEAM

The Santa Fe apprentices have organized a football eleven. C. E. Campbell, apprentice instructor, is manager, while A. H. Coleman is coach. The boys played their first game Sunday at Mesquite park, meeting the Mesquite. The game resulted in a scoreless tie.

The apprentices average about 130 pounds. The team is composed of apprentices, with the exception of two Indians. The boys are anxious to meet the high school Indian school or Mesquite school eleven, or any high school team in the state.

Under the coaching of Coleman they hope to become one of the formidable football machines of the state before the season closes.

## ALBUQUERQUE DOGS CAPTURE PRIZES AT DENVER

Colliers Owned by Dr. R. Fred Pettit Make Splendid Showing, as Do Exhibits of Other Local Fanciers.

Albuquerque dogs made a fine showing last week at the Denver bench show, capturing a number of prizes. Dr. R. Fred Pettit, who returned yesterday from Denver, where he took his two blood collies, won the Albany hotel cup for the best collie in the show; the Adams hotel cup for the best collie of opposite sex to the winner of the Albany cup, and second prize for the best non-sporting dog in the show; second prize for the best rough-coated dog in the show, and second prize for the best dog of both sexes before shown under the American Kennel club rules.

Other Albuquerque dog fanciers, who had dogs exhibited at Denver, also won prizes. Dr. E. S. Spindler won a second prize with his Akita and A. C. Ringland won second prize with his greyhound.

A fox terrier, exhibited by Dr. W. A. Parviz, of Socorro, also won second prize in this class.

Dr. Pettit said the bench show was an unqualified success. One hundred and sixty-one dogs were exhibited.

Los Angeles, Nov. 2.—Ralph Campbell, the fastest and cleverest boxer turned out by Van Praeden since the day of James Edwards, fought and won today at the Elks theater, when he met Tommy Chaves, the fastest Mexican boxer. Campbell won the fight in a ten-round bout before the Pacific Athletic club at Vernon.

## JACK COOMBS WILL LEAVE HOSPITAL IN NEXT FEW WEEKS

Philadelphia, Nov. 2.—For the first time in eight weeks Jack Coombs, the disabled and crippled pitcher of the Athletics, was able to move yesterday without being hampered by thirty pounds of weights which had been attached to his head and feet in an effort to relieve him of the strain which caused his condition. Coombs is at the University hospital, which institution he now hopes to be able to leave in Thanksgiving days. He plans to come to his home in Maine and remain there until spring, when he will report here for the start of another season.

Jack will be put in a plaster cast for several days, and after this treatment the doctors hope to be able to have him wheeled around the hospital, after which they say his recovery should be rapid.

Coombs has been informed that if he takes longer rest this winter and avoids all hard work, such as farm duties, he will be as good as ever when he reports next spring.

## BANTAMS TO CLASH IN ELIMINATION BOUT TONIGHT

Eddie Campi and Benny Chavez Will Fight for Opportunity to Battle for 116-Pound Championship Title.

Los Angeles, Nov. 2.—Ralph Campbell, the fastest and cleverest boxer turned out by Van Praeden since the day of James Edwards, fought and won today at the Elks theater, when he met Tommy Chaves, the fastest Mexican boxer. Campbell won the fight in a ten-round bout before the Pacific Athletic club at Vernon.

The bantamweight division is practically without a leader, as Johnnie Coulton, while claiming the championship, has steadily declined to defend his honors. It is well over a year since Coulton engaged in a legitimate contest and the public has long since ceased to have a serious regard for the champion.

A half dozen classy and ambitious youngsters are looking for recognition and the plan is to stage a series of elimination bouts, the winner of which will be able to lay claim to the title unless a champion can be knocked back into the ring.

Campi is cleverer on boxing in fact than he has satisfied all else for speed and the one complaint registered against the French lad is that he has no "punch." Campi, both that he has been rapidly perfecting his hitting power, and will prove this when he meets Chavez.

Chavez is a rugged little Mexican boy, who has whipped everything in the middle west and also claimed a few "championships." It is charged that he has been practicing his boxing in the streets of Los Angeles, so that the bout looks up as a battle of speed and cleverness.

## FELIX DIAZ NOW SAFELY LANDED IN HAVANA

Refugee From Huerta's Wrath Issues Statement to Mexican People Announcing Purpose to Stay Abroad.

Havana, Nov. 2.—General Felix Diaz, fugitive from Mexico, arrived here tonight on the steamer Imperio, by which he had been transferred from the United States battleship Michigan, off the Mexican coast. General Diaz gave out the following statement tonight:

"I, the Mexican people, to fulfill the mission entrusted to me by the Mexican people, have accepted the position of president of the republic. This position was assumed until the date on which, by unanimous vote of the congress, I was elected to the office of president of the republic, thereby fulfilling my promise to the requirements of the law governing elections.

"My purpose being accomplished, and as I did not wish to be involved in the anticongressional proceedings which are certain to develop in Mexico, I am compelled to leave the country. I am going abroad, where I will remain for some time, and I will return to Mexico when I am able to resume my duties."

General Diaz expressed great appreciation at the treatment accorded him by Admiral Fletcher. He appeared in good health and displayed no interest in the fate of the members of the congress who had fled to Mexico, where they were taken back to Mexico on the steamer Imperio. He stated that he had been placed under arrest by the federal authorities. He declared he was afraid of falling into the hands of Huerta, who would make him a prisoner. He stated that he had been placed under arrest by the federal authorities.

When it comes to buying a shotgun, no sportsman who selects a Winchester repeater will make a mistake. While comparatively low-priced, Winchester shotguns are carefully made of the best of material, in shooting and lasting qualities, they are not surpassed, even by the high-priced foreign guns. The Great American Handicap at flying targets, the greatest of all wing shooting contests, was won this year by a Winchester repeating shotgun. Pitted against it were guns costing from ten to twenty times as much, but none of them outshot the low-priced Winchester. Winchester repeaters are made in three different models and in 10, 12, 16 and 20 gauges. Look one over at your dealer's. They are

## Keeps complexions clear and healthy

When you wash your face do you realize that it is not enough to remove the dirt—that your skin needs a soothing, healing influence to keep your complexion fresh and free from blemish?

Ordinary toilet soaps do not exert this influence. Many of them contain free alkali which tends to dry the skin and destroy its delicate texture. Even the best of such soaps can only clean, they cannot heal and protect the skin. Resinol Soap, besides being an absolutely pure toilet soap, contains the same soothing, healing, antiseptic elements as Resinol Ointment, the value of which in the treatment of skin affections is known throughout the medical profession.

That is why Resinol Soap does for the skin what cosmetics are supposed to do—it insures not only a clean skin, but a healthy skin, and a fair, clear complexion.

Resinol Soap and Resinol Ointment are sold at all druggists. For free trial, write to Rev. C. E. Resinol, Bloomington, Ill.

## LET THE CUT PASS.

There is a well-defined rumor that Governor McDonald will call the legislature in extra session, about the first of the year, to consider the tax situation. A third session of the legislature, as now constituted, is a cap that should pass New Mexico, if possible. The first session of that body was a model of efficiency, the second was worse, God alone knows what calamities a third would bring upon the state.

## THE FLIGHT OF CUBA.

Conditions in Cuba are reaching a crisis owing to the extravagance of the previous administration and the failure of President Menocal to secure a quorum of the Cuban congress which was vainly called by him in extra session to authorize a loan of fifteen million dollars to take care of pressing obligations.

Cuba is the richest country in the world in proportion to its area. Of its two million population, only about eight per cent live on farms, though agriculture and stock raising are its principal sources of production. There is little mining and less manufacturing, if we exclude the mills for the production of raw sugar and the cigar factories. Yet Cuba's exports are more than \$145,000,000 and her imports about \$115,000,000. All of which is the result of the labor of not more than two hundred thousand people engaged in the industries of the island. They produce in addition, all that is raised on the island and consumed there.

But notwithstanding the richness of the country and the fact that the people are far more prosperous than ever before, the government is trembling on the verge of bankruptcy—a condition due solely to politics. Under the Gomez administration, public monies were squandered and debts contracted recklessly. The revenue of the republic is not large owing to the fact that land, the chief asset, is not taxed. The government, federal, provincial and municipal, is supported by tariff duties, excise and a light tax on improvements and production.

For illustration, one of the big sugar men of the island owns eighty thousand acres of valuable land. He has a sugar mill which cost him approximately a million and a half dollars and his net income is about five hundred thousand dollars. He pays a total of twenty-five hundred dollars in taxes.

The president of Cuba is a business man of large experience and he has attempted to reduce expenditures which favor of graft and to put the affairs of the government on a cash basis. He is meeting an opposition among the politicians that threatens bankruptcy. He has called congress in extra session, but the congressmen refuse to heed the summons. Their salaries are paid whether they are in session or not and they may the president held them unnecessarily long in the recent regular session.

## THE BANKING TANGLE.

The senate committee on banking and currency has voted an amendment to the currency bill by which the number of Federal Reserve banks is to be reduced from twelve to four. President Wilson has made it plain that he will not sanction any measure carrying less than ten.

Just why there is so much opposition among bankers to the larger number of reserve banks is not apparent unless it be their purpose to continue the concentration of money in New York, Chicago, Philadelphia and Boston. The avoidance of such concentration is one of the reasons for currency legislation.

Unless there are to be regional reserve banks in every principal section of the country, it seems that the central bank plan proposed by Mr. Vanderbilt, president of the National City Bank of New York may be a wise solution of a tangled problem. Mr. Vanderbilt's idea follows the European model closely.

The stock of the central bank is to be privately owned, but it is to be controlled solely by the government and its branches are to cover the country. This is the system of continental Europe and the British approach it closely. Experience seems to favor it.

But it is not likely that the Vander-

lip plan will be adopted. The central bank idea never has outlived the unpopularity of the United States bank, which became the storm center of politics during the administration of Andrew Jackson and was destroyed by him. All subsequent banking plans have avoided it, by sacrificing simplicity and efficiency.

Voluntary centralization has been evolved by the national banks, but without government supervision except such as exists in the office of the controller of the currency. Now Mr. Vanderbilt proposes a complete surrender of the banking system to the government. If the opinions of the administration can be changed and the people of the country can be reconciled to the central bank idea, it might not be a bad idea to try the scientific plan in this country.

## THE WASTE OF WAR.

Will the world ever have sanity enough to end the waste entailed by constant preparation for war? Secretary of the Navy Daniels, following the thought of the British first lord of the admiralty, Winston Churchill, talks hopefully of limiting the building of battleships by international agreement. The proposition by Churchill was curtly rejected by Germany, and the Kaiser's government will continue to build floating fortresses. But for every keel laid by Germany there will be two laid by Great Britain.

With all the rest of the world increasing its fighting strength, the United States cannot take the risk of being lagged in preparation for an emergency which might involve the very existence of the nation.

But when thoughtful people contemplate the following list of expenditures of a few of the nations on their armaments, they must stand appalled at the monstrous waste involved and the enormous burden imposed.

Great Britain	\$41,520,000
Russia	\$19,770,000
Germany	\$18,440,000
United States	\$25,000,000
France	\$20,310,000
Italy	\$20,470,000
Japan	\$2,601,000
Austria-Hungary	\$1,244,000
Spain	\$1,567,000
Turkey	\$8,294,000

Total: \$124,322,000  
This money is spent and energy exhausted without the slightest recompense, except that of security against unjust oppression by some other nation.

The plan by which President Wilson and Secretary Bryan hope to bring peace to the world may be impractical, but it is in the right direction.

## PROTESTANT CHURCH UNION.

The protestant churches have gone to work with a view to harmonizing differences and forming a working union. If such could be accomplished, it would eliminate an enormous amount of wasted effort, would show the world a united front instead of dissensions over non-essentials, would result in better church buildings, able preachers, bigger congregations and more effective work for the betterment of humanity.

In Albuquerque, for example, there is room for not more than one or two protestant churches, just as one or two grocery stores, properly run, would serve the needs of the community much better than the forty or fifty which the people now support. The tendency of the times is to eliminate waste in business, and there is quite as much need for such elimination in religion.

The editor of Harper's Weekly thinks the time has come when we should no longer be afraid of young men. If all depends upon what he is doing, if he is driving a car or riding a motorcycle, caution is commendable in those who may be in front of him. It was Josh Billings who said if he had any reason to shed over a dead mule he preferred to stand at its head.

There is talk of low-necked evening dress for men. A low brow is far enough in the decollete for men to wear.

Former Governor Palace says he is in doubt whether to buy a farm or a newspaper. He might compromise on a Maxim machine.

When the women of Mexico shoulder their babies and go to work, the casualty lists will be greatly increased.

All Carranza asks is to be allowed to buy arms. Removal of the embargo would be hailed with delight by the hardware merchants of El Paso.

The results of the elections today will mean much to Sober, Murphy and President Wilson.

The Columbus caravels are enroute to the Panama-Pacific exposition on a flat car. It is safer.

George H. Cox is still strong enough for a scarecrow in Cincinnati politics.

## CAR LINES TIED UP COMPLETELY BY STRIKERS

### STOCKS DEPRESSED UNFAVORABLE OUTLOOK

It Is Charged That Politics Is Responsible for Failure of Sheriff to Protect Property in Indianapolis From Rioters

Indianapolis, Nov. 3.—The third day of the strike of employees of the Indianapolis Traction and Terminal company ended tonight with no attempt to move the cars, which have stood idle in the yards since late Friday night. Charges that partisan politics caused the police to fail to give the traction company sufficient protection to run the cars were made by candidates for office at tomorrow's election, while an effort of Sheriff Parsons, a democrat, to swear in citizen deputies resulted in the charges being made that he had summoned the police merely to keep active republicans from working at the polls.

The strike situation was further complicated late this afternoon, when a suit for the annulment and forfeiture of the traction company's franchise was filed in the circuit court. The suit was filed by Attorney Albert C. Pearson, acting as a taxpayer, and alleges that the company, by its failure to operate cars for the last three days, has violated its franchise contract with the city. The amount in the suit was made returnable November 13.

After a day in which numerous minor riots were reported, Thomas Carlton, a chauffeur, was shot and fatally wounded while watching a crowd of sympathizers waiting an attack on the Louisiana car barn, where the strikers were housed.

President Todd of the traction company, Superintendent J. J. Mahoney and Martin Hyland, superintendent of police, were indicted by a grand jury for the rioting at the car barn. Todd and Mahoney were indicted while passing the state house and forced to take refuge in a street car to escape a shower of bricks and stones, until mounted police cleared the state house lawn.

## BLACKHAND LETTER LEADS TO ARREST OF SUSPECT

Myron A. Smith, Railroad and Real Estate Man, Is Held Charged With Crime of Attempted Blackmail.

Ogden, Utah, Nov. 3.—Myron A. Smith, railroad and real estate man, was arrested this afternoon by federal officers, on complaint of L. A. McGee, of Salt Lake City, postoffice inspector, and held to appear before Commissioner S. T. Conn, at Ogden, on Thursday, to answer to the charge of blackmailing Mrs. Ralph E. Bristol through a letter sent on April 2, and according to blackmailer David C. Eccles, in a letter sent on October 1. The letter to Eccles, made a part of the complaint against Smith, is the following:

"I will tell you what I have made up my mind to do with you if you don't pay this money to me by Friday night, the third of the month. I am going to murder you, just as sure as your name is Dave Eccles. I am not going to give you a chance of showing me going to shoot you like a dog, you will never live to enjoy the old man's money."

Blackmailers secured \$500 from Mrs. Bristol after their letter was sent and asked Eccles for \$1,000. The home of Eccles, located on West 10th street, was visited by federal officers Saturday night, and he was held at \$5,000.

## 'CASCARETS' FOR BILIOUS LIVER

For Sick Headache, Bad Breath, Sour Stomach and Constipation.

Get a 10-cent box now. No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels; you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascarets tonight. Don't forget the children—their little bodies need a gentle cleansing, too.

On the Rampage.  
The bad child among nations, hey?  
That's Fractious Mexico.  
She's rather rough about her play.  
As everyone must know.

She's careless in the sports she picks.  
That much is plainly seen.  
And we may look for pranks and tricks  
Along at Halloween.

She's quite a tomboy, that is clear.  
She is no gentle lamb.  
She's apt to play some prank this year  
Upon your Uncle Sam.

London Sells Americans Heavily and Mexican Situation Is Regarded as Menacing to Business Conditions.

New York, Nov. 3.—Further response was made by stocks today to the depressing character of news affecting speculative opinion. The market was impelled on a downward course at the outset by the decline in American stocks at London, which was supplemented by moderate selling here for foreign account. At home, much was made of the reported determination of the government to adopt a sterner policy in dealing with the Mexican problem.

Call loans were renewed at 5 per cent. It was expected, however, that the return of funds put out to meet November payments quickly would eliminate the small deficit. Call funds broke late in the day to 2 per cent.

The brief filed in the suit to dissolve the International Harvester corporation was cited as another cause of depression.

The decline in stocks ran from 1 to 2 points among virtually all of the leaders. Pressure was not severe and there was a small recovery toward the end. Mexican petroleum broke 11 3/4 to a new low record at 44 3/4. The break being influenced by the failure of the directors to act on the dividend Saturday. New Haven broke through 80 for the first time, and both the old and new convertibles also reached new low points.

The bond market was under pressure. Total sales par value, \$1,700,000. United States bonds were unchanged on call.

## CHICAGO BOARD OF TRADE.

Chicago, Nov. 3.—Wheat weakened today after an early show of firmness and the market closed easy 1-3/8 to 1-1/2 lower to that amount not higher, July being the only option to show strength throughout the session. Corn closed at a net uplift of 1-1/2 to 2-3/8 1-2. Oats were off 1-3/8 to 1-1/2 to 1-2 1-2. Provisions finished 2-1/2 to 1-2 1-2 up.

The drop in wheat came after an early show of strength, the chief bulch in fact, at the start, being stronger cables, moderate world's shipments and had news from Argentina, where drought conditions were reported worse. Indian news was also unfavorable. Later on, reports of slow cash trade in the south-west, where arrivals showed an increase, demand slackened, and wheat, which had been partly helped in its upward trend at the first by early strength of corn, eased off considerably. Good weather in the winter belt and continuance of favorable conditions northwest for free movement of grain also served to take the edge off the market. Absence of export demand was another factor that aided the bear.

Although corn closed at an advance over the previous day's wind up, the market had lost considerable of the strength it exhibited at the beginning of today's session. Shorts were eager buyers at first, offerings were light and world shipments were smaller than had been looked for. The resultant return in prices halted till the session was near the close, when the buying fever apparently having been cooled considerably, the market weakened.

Oats followed the course of other grain and sank at the close after early strength. Closing prices were:  
Wheat—Dec. 3 3/8; May, 30 1-5/8; Corn—Dec. 69 7-8; May, 20 3-4; 70 7-8; Oats—Dec. 27 7-8; May, 23 1-2; 7-8; May, 41 3-4; 11 7-8; Pork—Jan., \$20.10; May, \$20.15; Lard—Jan., \$10.75; 10 7-8; 1-2; May, \$10.90; Ribs—Jan., \$10.67; 1-2; 10 7-8; May, \$10.80; 10 7-8; 1-2.

## NEW YORK MONEY AND PAPE.

New York, Nov. 3.—Prime mercantile paper, 5-4-4 1/2 per cent. Commercial bills, 14.90 1-4. Bar silver, 59 3-8. Mexican dollars, 46 1-4. Government bonds steady; railroad bonds heavy. Money on call strong, 5 1/2 per cent; ruling rate, 6 per cent; closing, 2 1/2-4 1/2 per cent. Time loans firm; 60 and 90 days, 5 1/2 1-2 per cent; six months, 4 3-4 1/2 5 per cent.
