HENNESSY'S STORY IS CONFIRMED BY RELUCTANT WITNESS

George H. McGuire, Business
Man of Syracuse, Admits
Sending Telegram After
Having Made Prior Denial.

PERJURY INDICTMENT IS THREATENED BY WHITMAN

Testimony Implicating McCall,
Late Tammany Candidate
for Mayor, Likely to Cause
Grand Jury Action.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
New York, Nov. 11.—George H. McGuire of Syracuse, who denied under oath last Thursday that he had sent a telegram to John A. Hennessy, former Governor of New York, in connection with the political contributions, admitted today he was the author of the telegram.

A threat of indictment for perjury was hanging over him when the admission left his lips, and he left the witness stand almost in a state of collapse. McGuire was testifying for the third time in the John Doe perjury case instituted by District Attorney Whitman into Hennessy's charges that contributions on state work had been "slandered" into making campaign contributions to Tammany Hall. Hennessy had testified that he had ordered most of his information from McGuire and that the latter had sent him a telegram from Syracuse signed "M." setting forth that William H. Kelly, democratic leader of Onondaga county, had been helping Arthur A. McLean, treasurer of the democratic state committee, to "shut down" state highway contractors. McGuire unequivocally denied last Thursday that he had anything to do with the telegram.

District Attorney Whitman set before the grand jury today three witnesses who gave testimony to show that McGuire had not told the truth. One of these was Miss Olive Collier, a stenographer in McGuire's office, another was a typewriter expert who took with him a typewriter which had been brought from McGuire's office. The stenographer testified, it is understood, that it was one which McGuire himself furnished and the expert declared the letters on the original of the telegram corresponded in their peculiarities with the letters on the machine.

McGuire was informed at his hotel of the contemplated action of the district attorney against him and soon afterward his friends telephoned to Mr. Whitman saying he had collapsed. They wanted to know, Mr. Whitman said, what he would promise if McGuire told the truth.

The district attorney replied he would promise nothing, but that McGuire would be indicted for perjury if he did not tell the truth.

McGuire was shown the original of the telegram as soon as he took the stand, and was asked if he had written it.

"Yes," said the witness in scarcely audible tones, "I have refreshed my memory. I wrote it."

"You wrote and composed it alone in your office?" asked the district attorney.

"I did," replied the witness.

Mr. Whitman then began to question McGuire in regard to a conversation with Hennessy at Utica at which, according to the craft investigator, McGuire gave him a list of contractors who had been "slandered."

In his testimony Thursday the witness denied having given Hennessy this information.

McGuire was visibly nervous.

"As I remember it," he said, "my testimony as to that was correct."

At this point, his attorney, former Federal District Attorney Henry A. Wise, who had been retained less than half an hour before the hearing began today, requested Magistrate Mc-

Admission for an adjournment until Thursday. He explained that his client had suffered "an utter physical and mental collapse" and was not in condition to go on with his testimony. The request was granted after Mr. Wise had obtained consent to take the witness into an adjoining room.

There McGuire became hysterical, it was said.

He was pressed on the stand by Eugene D. Wood, the Albany lobbyist from whom Hennessy said he obtained his alleged information that Edward E. McCall, defeated candidate for mayor, paid for his nomination as supreme court justice in 1902. Wood denied every essential part of Hennessy's story and swore all the things Hennessy had charged the latter had told him and not Hennessy.

It was made known at the close of the hearing that Henry P. Burgard, a Buffalo contractor, mentioned by Hennessy as having made a contribution to Tammany Hall, had admitted to District Attorney Whitman that Hennessy had told the truth and corroborated many other charges made by the investigator. Burgard was not called as a witness, it was learned. His information will be used by the district attorney as a basis for further investigation, the results of which, it was said, would probably go directly to the grand jury.

DIAMOND PENDANT FROM HOUSE TO MISS WILSON

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Nov. 11.—A diamond pendant made up of one carat diamond weighing six and one-half carats, surrounded by eighty-five smaller diamonds, arranged in a pear shape and attached to a neck chain in which there are smaller diamonds are set, will be the gift of the house of representatives to Miss Jessie Wilson when she marries Francis R. Sage in the White House on November 25. Republican Leader Mann, who started the movement by which individual members of the house contributed more than \$2,000 for the gift, announced the description in a formal statement today.

DIVORCE DECLARED NATIONAL CRIME BY BISHOP

Speaker at International Pu-
rity Congress Says Way to
Remedy Evil Is to Pay More
Attention to Marriages.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Minneapolis, Minn., Nov. 11.—Divorce was characterized as "the greatest question in the world today, as a national crime against childhood and a confession of failure and weakness by the American people," by Bishop J. N. McCormick, of Grand Rapids, Mich., in an address before the International Purity congress here today.

"The number of divorces granted in America is an evidence that we favor trial marriages, and that we are practicing progressive polygamy," continued the speaker. "America is held up rightly as the land of easy divorces. It used to be shameful, now it is almost respectable."

"One of the causes of divorce is the flippant attitude we adopt toward it. Men and women actually boast of the number of their marriages. The number of our professional divorce lawyers is a disgrace to the country."

"If we spent less time on the problem of divorce and more on the problem of marriage, the world would be better off."

"Make our homes more attractive and cultivate the old-fashioned virtues of patience, contentment, self-sacrifice and Christian charity and the divorce evil will disappear."

"A step which will aid in its solution would be for the clergy of all churches to agree not to marry persons who could not be married in their own church."

"Use the injunction to stop the segregation of vice."

This was the advice given the convention by Arthur Burrage Farwell, of Chicago, secretary of the Hydr-Park Protective association of Chicago, which for fifty years has fought the illegal sale of intoxicating liquors, gambling and other immoral conditions.

The association, Mr. Farwell said, had carried to the Illinois supreme court, eleven cases, ten of which had been decided in its favor. The last case, that in which the supreme court granted an injunction against a Chicago house of ill repute, was cited as a guide. Evidence was submitted, he said, that the officials of the city were violating not only the laws of their own city, but of the state by tolerating restricted districts.

"The significance of that case," said Mr. Farwell, "is that the judge went over the heads of the mayor and superintendent of police and closed an illegal resort which the city officials had of intoxicating liquor."

It was a notice to these officials that there was a power they could not control and a notice to the "vice lords" that there was a power from which the mayor and general superintendent of police could not protect them.

"A case like this," urged Mr. Farwell, "can be brought against any house of ill repute in the United States where a property owner near them is damaged to a greater degree than the damage to the general public, and where sights and sounds are objectionable."

RECORD BREAKING STORM CENTERS ABOUT CITY OF CLEVELAND

Five Deaths Occur and Prop-
erty Loss Runs Into Many
Millions, According to Esti-
mates.

TWO FEET OF SNOW FALLS IN 48 HOURS

Business Is Paralyzed and
Those Who Have Died Since
Sunday Remain in Houses
and Hospitals.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Cleveland, Nov. 11.—With fair and warmer weather predicted for tomorrow, Cleveland is hopeful tonight of a speedy cessation of the difficulties that have beset it since the worst snow storm in its history descended upon it Sunday night.

A resumption of the blizzard would cut off relief from the food scarcity which the city now faces. Rain would seriously complicate the situation as flood conditions would ensue.

As a result of the disturbed state of the lake a new nuisance today developed. The drinking water has turned to the color of coffee and burnings were issued by the health department to boil all drinking water.

The total number of dead was increased to five today.

The work of cleaning up the city was furthered this afternoon when snow ceased for a time. Fifteen hundred workmen succeeded in putting fourteen city street cars in order and others probably will be working on a schedule by tomorrow. In the meantime telegraph and telephone companies cleared away a large part of the wreckage resulting from the destruction of telephone poles and established a few connections with neighboring cities. The work of rehabilitation so far has developed that the vortex of the blizzard was limited to an area of some fifty miles around Cleveland.

It is believed that the steamer G. J. Grammer, which went aground off Lorain, will be saved. A breech buoy was in position ready to take off Captain John Burns of Buffalo, and his crew twenty-two, if danger threatened.

The hospitals are greatly handicapped. Some lack proper food and others have had to do with candle light. The hundred patients are reported moribund in four interurban cars at Gates Mills, near here late today. Relief parties are on the way to them, but are encountering huge drifts.

Not until the snow clears away will the police be able to solve the mystery of numerous disappearances reported to them.

A Nickel Plate train, consisting of forty cars of hogs and chickens, is stalled in west Cleveland. The stock is freezing.

Business men and factory owners estimated the loss in business to wholesale and retail companies at many millions of dollars. A great part of the citizens are unable to leave their homes, and few venture down town.

The streets are impassable for wagons, and undertakers are unable to remove the bodies of persons who have died since the breaking of the storm. The bodies of seven persons who have died at the City hospital since Sunday night have not been removed, several more are being held at the city's correction farm, and even private funerals cannot be held as the bodies cannot be taken to the cemeteries.

Many bakeries closed today because of lack of power and unless coal trains can reach the city soon an alarming bread shortage threatens.

No improvement in the milk situation has been effected and an actual milk famine has been caused because the companies are unable to make deliveries of the milk on hand or to obtain more from dairies in the surrounding territory.

An average of twenty-four inches of snow fell during the storm and snow drifts have piled as high as twenty feet.

Every highway throughout this section will be impassable for several days.

LIFE SAVING CREW REACHES STRANDED STEAMER

Lorain, O., Nov. 11.—After a battle with high waves on Lake Erie, a life saving crew reached late today the steamer G. J. Grammer, which went aground near this port during the storm. The life savers brought the wife of the steamer's steward ashore in the surf boat. The crew, said to number twenty-four, remained aboard the boat.

THREE MEN DROWN IN EFFORT TO RESCUE SAILORS

Sault Ste Marie, Mich., Nov. 11.—The wreck of the steel freighter William Nottingham, was discovered today on Sand Island, Whitefish Bay, Lake

Victims of Fearful Storm Three Score; Huge Property Loss

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Chicago, Nov. 11.—The shores of Lakes Superior, Huron and Erie were strewn tonight with the wreckage of a three day's inland snow storm which cost the lives of probably three score persons, turned bottom up a mid-lake A-200-foot steel vessel with its crew, wrecked or grounded numerous other craft and caused a property loss as yet unestimated, but which will run into the millions.

The full details of the storm, which swept from the westernmost end of Lake Superior to the eastern shores of Lake Erie, became known only today when survivors began arriving in various ports with tales of hardships and heroic rescues seldom equalled on the lakes.

On land the storm hit hardest at Cleveland, O., where five persons were killed and ten others hurt and where \$2,000,000 damages were caused to property. The death toll, with many ports unreported, is told thus:

Twenty-five or thirty men probably drowned in the overturning of a freighter found floating in Lake Huron.

Five bodies washed ashore on the west shore of Lake Huron.

Two bodies washed ashore opposite the position of the overturned boat.

Six members of a lifeboat drowned in Lake Erie near Buffalo, N. Y.

Seven bodies washed ashore at Kelle Point, Lake Huron, and seven other bodies rolling on the decks of a ship wrecked there.

The escapes from death were numerous. After the storm abated Friday, midnight, had blown away the forward part of the ship, Capt. J. W. Dunlop, of the steamer L. C. Waldo, navigated by a small launch, rescued, ran his vessel on a reef.

The crew suffered intense cold and hunger until their rescue today.

The crew of the tugboat Chief, when the ship struck the rocks in Lake Superior, were forced to go ashore scantily clad.

Shippers in Detroit estimated the loss in Lake Huron and the Detroit and St. Clair rivers alone to be several hundred thousand dollars. Three of the wrecked steamers increased the loss by \$100,000, while the scores of smaller craft driven ashore in Lake Superior and Lake Erie, will add the total much higher.

The more important mishaps to vessels were:

Unidentified 300-foot steel freighter, floating bottom up in Lake Huron, a few miles north of Port Huron, in Canada. Cargo probably was lost. United States life saving crew found vessel in such position as to have made it almost impossible for any of the crew of twenty-five or thirty to have escaped.

Lightship No. 82, in Lake Erie off Port Albion, fifteen miles west of Buffalo, with crew of six believed lost.

Steamer L. C. Waldo, of the Bay Transportation company, Detroit, Mich., torn to pieces by storm Friday midnight and pounded against rocks on Gull Rock, Manitowish Island. Vessel valued at \$200,000.

Steamer Toront (Chief of the Merchants Mutual line of Ontario), went to pieces on the rocks, six miles east of Keweenaw Point, in Lake Superior, before daylight Saturday, bound for Port Arthur. All fifteen miles off shore.

Among the craft jeopardized but saved was the Santa Maria, a reproduction of Columbus' canoe, which is bound from Chicago to San Francisco. It was driven into a mud bank near Erie, Pa. On board is what is cherished as the original anchor which Columbus carried to America.

The vessels reported aground with slight or no damage numbered more than thirty.

Reports from all points tonight indicate the storm had ended.

Superior, A. Wheelman, an officer, and a deckhand, whose names have not been learned, were drowned when a small boat launched to summon assistance was captured by the waves.

Tugs sent out from here today to search for vessels found the Nottingham fast on a rocky reef between Sand and Paradise Islands. The vessel struck late Monday afternoon. When the boat was lowered to summon aid it capsized almost as soon as it touched the water and efforts to save the three men thrown into the icy waters were futile. So terrific was the struggle with the waves all the way down Lake Superior that the Nottingham's coal supply was exhausted and part of her cargo of wheat was turned beneath her hull. Some of the Nottingham's plates are buckled and she is in bad condition. The survivors of the crew remained on board tonight.

SHIP BRINGS IN VICTIMS OF STORM

Quebec, Nov. 11.—The steamship Rappahannock, one of the steamers which aided the Voltzons when she was burning, brought tonight the steamship South Port, bound from Philadelphia for London. The South Port engaged was crippled by a terrific storm on November 4. She sent out a wireless call for help, and the Rappahannock picked her up the next day and towed her to Quebec.

CAPSIZE STEAMER IS REGINA OF TORONTO

Port Huron, Mich., Nov. 11.—According to the Port Huron Times Herald, the capsized steamer, the Regina, which was driven bottom up by the storm of Lake Huron since she was discovered, lay Monday afternoon, in the Regard of Toronto, Ont. She was 210 feet long and 12 feet wide.

Ten bodies have been washed ashore on the Canadian side of the lake where the wreck of the steamer was found. Of these, two were identified tonight as having been members of the Regina's crew.

A officer who found the first body washed ashore, Lake of Huron, Ont., the nearest village, and a search was at once begun along the beach. Nine other bodies were found within a distance of five miles.

Two of the bodies were in a difficult marked "X" and two other washed ashore also were the steamer's crew.

A large amount of freight, identified as part of the Regina's cargo, also drifted to the shore, and was found on the beach. The Regina left Sault Ste. Marie, Ont., Sunday morning with a cargo of packages.

Freight for Port Huron, Mich., was being carried by the steamer.

WHITE SLAVING IS CHARGE AGAINST CHINAMAN

Rich Oriental Merchant Places
American Girl in House of
Ill Fame Where She Is Kept
by Threats.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Detroit, Mich., Nov. 11.—The terrific blizzard, which raged over the Great Lakes for forty-eight hours, started to subside today. As the waters washing eastern Michigan grew more calm, they began to cast ashore their dead. No one, perhaps, will ever know just how many others lost their lives. Vessel owners said today that while it may take a month or two to total the damage, it was certain shipping on Lake Huron, the Detroit and St. Clair rivers, suffered a loss of several hundred thousand dollars. The black bottomed freighter, testing test upward in Lake Huron, still was an unidentified derelict tonight, although wrecking time hovering near in an effort to learn her name. The belief held by many mariners men, that the wreck was the steamer J. M. Jenks of the Hoxworth line of Cleveland, was dispelled tonight when William Livingston, president of the Lake Carriers association, announced that the Jenks was safe in a harbor on Georgian Bay near Sault Ste. Marie.

"Despite the rough water, men from the wrecking tug approached close enough to the derelict to examine her hull," said Mr. Livingston. "They found several peculiarities of construction which indicated to them that the steamer was not of American make. As her hull is only about four feet deep, she certainly could not be more than 200 feet long. That, to our mind, disposed of the possibility that the derelict was an alien construction and eliminates suspicion that she might be one of two or three big freighters unreported since Sunday."

"She may have been a flux carrier, but we are not sure. Flux is a brownish cargo in a heavy sea and we are inclined to believe the shifting of the cargo caused the vessel to turn turtle. The fact that her hull is so far about water also might be attributed to one of the peculiar qualities of submerged flux."

"We have hopes of identifying the freighter tomorrow. We succeeded today in having Washington order the revenue cutter Morrill to the assistance of the derelict instead of going to search for missing lifeboat No. 3. We understand the cutter will be permitted to stand by until the name of the freighter is known."

The report received today from Agents that the captain of the steamer Algonquin, which was taken lumber carrier in Lake Huron, brought varied comments from mariners here. It was generally believed that the boat sighted by the Algonquin and the unidentified freighter was the same.

Three bodies were found on the west shore of Lake Huron today, two near Port Frank and one above Point Edwards.

The latter was probably a sailor. It was reported that a card bearing the name "J. M. Jenks" was found in his clothing. President Livingston of the Lake Carriers association said tonight he investigated the report and learned

that the card was not of the kind carried by seamen on lake carriers.

CAPTAIN OF WRECKED LAKE STEAMER'S GRAPHIC STORY

Cadizet, Mich., Nov. 11.—Captain J. W. Trudell, of the steamer L. C. Waldo, of the Bay Transportation company of Detroit, which was broken in two at Gull Rock, Manitowish Island, told a graphic history of the wreck upon his arrival at Houghton tonight with his crew of twenty-five men and two women, aboard the tug Holard.

The Waldo was bound from Two Harbors for Sault Ste. Marie with a cargo of iron ore. The storm struck her at 11:44 o'clock, Friday night. The mountains waves tore off the forward funnel and boiler house and all structures in the forward part of the ship. The survivors were lost and consciousness of the steamer's position was soon broken. Captain Trudell, himself, was forced to steer by a small lifeboat, which was lighted by a lantern held by a member of the crew.

After being tossed for eighteen hours, the boat finally struck the reef. For a time the crew was in imminent danger of being washed overboard. After the boat hit the reef, the officer house was washed away and they were compelled to seek shelter in the wireless room the only superstructure which withstood the impact of the waves.

Paul the arrival of the tug Holard, saving the life saving crew of the Portage Lake ship which in charge of Captain McCormick, shortly after which this morning, the Waldo's crew was without food, Captain Trudell, himself, having the worst of the crew. Had they not braved the numerous sea which were still running this morning, he declared his crew would have been in grave danger of starvation.

The Waldo is valued at \$200,000. Captain Trudell believes the loss is a total loss, but he will leave for the wreck tomorrow to ascertain the full extent of the damage.

Captain T. P. Haddington and crew of steamer of the steamer Toront Chief of the Merchants line of Ontario, which foundered six miles east of

WHITE SLAVING IS CHARGE AGAINST CHINAMAN

Rich Oriental Merchant Places
American Girl in House of
Ill Fame Where She Is Kept
by Threats.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Seattle, Wash., Nov. 11.—Harry Toy, a wealthy Americanized Chinese, was arrested last night by Special Agent William H. Bryon, of the department of justice, on a charge of violating the Mann act in making a slave of Goldie Goddell, 18 years old, daughter of Rev. T. C. Goddell, a Portland, Ore., clergyman. Toy was arrested before United States Commissioner W. D. Tuttle, and was remanded in default of \$1,000 bail.

Toy, who has been prominent in Chinese-American activities in Seattle for many years, created a sensation three years ago when he married Charlie Goddell, a worker in a Portland mission where Toy attended school. Soon after the marriage, Toy's wife died and his sister, Goldie, grieving over Mrs. Toy's death, entered a convent.

Government agents allege that after months of pleading, Toy induced Goldie Goddell to leave the convent and come to Seattle to live with him. She accompanied him to Seattle, he placed her in a room, Special Agent Bryon said, and he had evidence that Miss Goddell tried to escape, but Toy caught her and brought her back, telling her that if she ever left him he would notify Chinese tong through the country and she would be sent back to him or killed.

Government agents got on Toy's trail through information given an agent of the Young Women's Christian Association by a woman in the resort with Toy's slave.

Detectives found notes written on scraps of paper, among the girl's effects, which they believe indicate a plan to murder her. One note said "Harry Toy kill me accidentally" and another said "I am waiting when the sun goes out."

Another note said she had committed suicide and asked that her father be notified. Special Agent Bryon believes these notes were written by Toy.

Mrs. Leon Allen Released on Bail, Kansas City, Mo., Nov. 11.—Mrs. Leon Allen, convicted here last week of using the mails to defraud in luring \$250,000 to invest in her Iowa real estate, was released this afternoon in \$2,000 bond. She had been sentenced to eighteen months in the penitentiary at Leavenworth. At the trial Mrs. Allen admitted extensive operations in many cities throughout the country in which she secured large sums of money from prospective business partners several of whom, according to letters introduced, also were prospective husbands.

Boats Right Sort of 122 Containers, Washington, Nov. 11.—If you would make also the heart of Dr. A. D. McLean, chief of the bureau of animal industry, sound him an egg container that will make possible the shipment of eggs by mail. Dr. McLean is in search of such a container as will permit the shipment of eggs from the farm to the consumer by the parcel post.

Cabinet and Chief Executive
Hold Long Conference Re-
garding Conditions of Mex-
ican Republic.

DIPLOMACY EMPLOYED WITH FOREIGN POWERS

Private Secretary to Sir Ed-
ward Gray Gets Views of
Secretary Bryan and Trans-
mits Them to London.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Nov. 11.—President Wilson's cabinet stands firmly behind him in his efforts to force the retirement of Provisional President Huerta as a necessary step to the pacification of Mexico. For more than two hours, the cabinet discussed today every phase of the Mexican situation. The consensus of opinion was that the United States should not take a single backward step in its program to restore constitutional government in Mexico.

It became known that all the secretaries favored steps which would convince Huerta that the United States was in earnest in its demands. Some of the cabinet members recognized in the lifting of the embargo on arms a practical and perhaps early solution of the difficulty, but there was no final decision on the point.

There is a hope on the part of the president and Secretary Bryan that a measure so radical as permitting exportation of arms may not be required to solve the problem. Influences are at work which, in the opinion of many officials, may force the early collapse of the Huerta regime. There is a closer understanding, and more frequent communication between the state department here and foreign governments generally than has been in evidence at any time since the Mexican problem became so widely international. Through ambassadors abroad and through the diplomatic corps in Washington, Secretary Bryan is giving such detailed information of the American policy as to leave no doubt of what the United States wishes accomplished. So far as is known here there have been no direct requests that the United States would like foreign support, but the strong intimations that the United States would like foreign nations to refrain completely from interference in the affairs of the Huerta government, are expected to produce tangible results.

What the United States is seeking is an acquiescence in its policy by the powers, such an approval to carry with it discouragement of financial aid to the Huerta regime through foreign channels. A few weeks of financial isolation, it is believed by high officials here, will force the retirement of Huerta.

That President Wilson might possibly issue a statement in a day or two making a comprehensive explanation of the purposes of the United States was indicated by some of the diplomats. The president, it is said, has not finally determined whether he will make another pronouncement, but it has been suggested to him that such a declaration might place on record before the world the reasons why the elections of president, vice president and members of congress in Mexico could not be recognized by the United States. It is reported that in this connection, too, the president may announce the regulation, in advance, of any acts of the new congress which General Huerta has said would be convened at November 30.

President Wilson was in communication again today through Senator Bacon with members of the senate foreign relations committee. The president feels that members of the committee, republicans and democrats alike, are supporting the policy of the executive and he is giving serious consideration to their views as to the removal of the embargo on arms.

It was reported today that Sir Edward Grey, private secretary to the British foreign minister, Sir Edward Grey, had obtained Secretary Bryan's views on the situation and had transferred them in a long report to London. The British ambassador, Sir Cecil Spring-Rice, is still confined in his bed.

Senor de la Vega, Cuban charge here, issued a statement denying for his government a recent report from Nogales, Sonora, Mexico, that two Cuban warships had been offered to the Mexican constitutionals, at a conference between General Carranza and a Cuban commission headed by Senor Menocal. Senor Menocal, the statement said, went to Sonora on an exclusively commercial trip.

AMERICANS IN TUXPAM ARE REPORTED AS SAFE

Ver Cruz, Nov. 11.—The American, numbering twenty-six persons in the town of Tuxpam, which is being attacked by a large force of rebels, were safe this afternoon. Two American warships the battleship Louisiana and the gunboat Wheeling, are riding at anchor in the Tuxpam harbor. Tux-

\$500 Wedding Cake for Jessie W. Wilson; Weights 135 Pounds

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
New York, Nov. 11.—Miss Jessie Wilson's wedding cake was baked here today. The first layer of the cake is four inches thick and twenty-two inches across. When ready for the knife, the cake will weigh 135 pounds and will be two and one-half feet tall, including the vase of white orchids to be placed on top. It will cost about \$500 and will contain nineteen ingredients.

In 2,000 dainty white boxes, tied with satin ribbon, the cake will be distributed, each box the proper size to go under one's pillow to dream upon.

Over the body of the cake will be molded a thick white icing scroll work.

"Then," to quote the artist who is making it, "there will be a design for the friends of the bride and bridegroom. It will be done in silver and then there will be little of the valley in white sugar on the sides."

Universal Percolator

"IT PUMPS"

The acknowledged superiority of the "Universal" Percolator over all others is due to its patented valve and pumping process, which, before the boiling point is reached, automatically circulates through the coffee grounds six to ten times more water than any other pot, thus extracting a correspondingly greater amount of coffee essence of strength and in the best flavor—making a more delicious beverage than can possibly be prepared in other Percolators.

It is 144 miles northwest of Vera Cruz.

The United States consul here today received a telegram from the American consul at Tampico, Arthur C. Paine, in which the latter estimated the attacking force to number 1,000 men. The consul said the highway between Tampico and Vera Cruz had been closed since the morning. He added that the Americans in the town had not been harmed.

Near Admiral Fletcher, in command of the United States naval forces in Mexican waters received a dispatch by wireless today from Rear Admiral Clifford J. Bouch, on board the battleship Louisiana, which reached Tampico from Vera Cruz just before noon. The admiral said that twenty Americans had escaped from the town leaving behind them as others whom he hoped to rescue and if necessary take them on board his vessel.

FEDERALS CLAIM TO HAVE RECAPTURED TORREON

El Paso, Tex., Nov. 11.—Federals in Juarez claim that Torreon has been recaptured from the rebels by government troops commanded by Gen. Refugio Velasco. A message to this effect was received by them today. It stated that General Velasco had been appointed military commander of the city and that he had sent troops northward from Torreon to assist the federals at Chihuahua.

JOHN BARRETT FAVORS WILSON'S MEXICAN POLICY

Chicago, Nov. 11.—President Wilson's Mexican policy was endorsed tonight by John Barrett, director general of the Pan-American Union in an address before the South American committee of the Association of Commerce.

He asserted the United States was facing a greater peril than the masses of the people realized and that a dangerous phase of the widespread discussion was the almost flippant attitude of many newspapers and public speakers assumed toward Mexico as a nation. He said there was danger of "Jingo enthusiasm leading the American people to intervention."

He said the United States was faced with a crisis which "they precipitate the nation in a zone, and

Fight Is to Be Over House Proposition as Against Central Bank Publicly Owned and Government Controlled.

(Continued From Page One.)

Copper Harbor, Keweenaw Point, at 4 o'clock Saturday morning, arrived in Calumet tonight. They had suffered one of the most harrowing experiences in the history of lake shipping.

The Turret Chief went ashore on a desolate beach Friday night. Part of the crew were asleep when the vessel struck. Thrown from their bunks, they had no time to don warm clothing before they were ordered on deck. Some were barefooted. It soon became evident that the fate of the vessel was sealed, as she was pounded by the waves and the waves were washing over her decks. Without waiting to obtain a supply of food, the officers and crew made their way through the surf to the shore.

A hut was hastily built of driftwood and wreckage. In this the men found some shelter from the storm until yesterday morning, although they suffered severely from exposure.

They were not sure of their location but were directed to Copper Harbor by a trapper. Frost bitten, shivering and weak from hunger they tramped slowly into Copper Harbor yesterday afternoon.

They were taken today to Madan, Keweenaw county, where they were given warm clothing and medical attention until they could be brought here.

Members of the crew believe that the Turret Chief will be a total loss, as her position is such that she cannot be removed before the waves pound her to pieces. The steamer was bound from Madan, Ont., for Port William and was struck by the northeast gale when 119 miles northwest of Whitefish Point. She drifted more than one hundred miles before the wreck.

The second mate, John Richard, and another member of the crew will remain here until it is decided what can be done with the steamer. The other members of the crew and the captain will go to Toronto. The Turret Chief is a good boat and valued at \$150,000.

FRAGMENTS OF WRECKAGE TOSSED ASHORE AT BUFFALO

Buffalo, N. Y., Nov. 11.—Fragments of wreckage tossed ashore along many miles of lake front confirmed today the fact that the storm which lashed Lake Erie, Sunday and Monday, had claimed its toll of death. Six men perished when shipwrecked Nov. 2, was torn from her anchorage fifteen miles up the lake and either foundered or was shattered on the breakwater in the blinding snow storm Monday. At Loraine, O., the steamer G. J. Creamer, under command of Captain Burns of Buffalo, is hard ashore and in a dangerous position. Life savers are standing by but are unable to take the crew because of the heavy snow.

The first news of possible disaster to the lightship was brought by the captain of the ice carrier Champlain, the first vessel to make port since Sunday. He informed Captain Fred Herbert of the government tender Crocus, that the vessel was missing and Herbert reported to Inspector Rescue House of the tenth light-house district, who at once started up the lake. At the same time Inspector House received word that wreckage was coming ashore at the foot of Michigan street. A door, some broken panels and other wreckage, identified as a part of the lightship, floated in.

Inspector House chartered a tug and joined Captain Herbert in the search. No trace of the lightship was found, however, and when one of her life boats was picked up, all hope was abandoned. In the life boat were three life preservers.

The G. J. Creamer, whose at Loraine, is a freighter, 414 feet in length, 48 in breadth and 28 feet deep.

GUARANTEE SCHEME IS HALTED BY FEDERAL LAW

St. Louis, Mo., Nov. 11.—Further opposition on the part of bankers to the Owen-Chase currency bill will not benefit the bankers, but will delay currency reform, according to Fostus E. Wade, president of the Mercantile Trust company of St. Louis, and a member of the American Bankers' currency commission, who addressed a meeting of Missouri bankers here today.

Opposition on the part of bankers to the Owen-Chase currency bill will not benefit the bankers, but will delay currency reform, according to Fostus E. Wade, president of the Mercantile Trust company of St. Louis, and a member of the American Bankers' currency commission, who addressed a meeting of Missouri bankers here today.

The run on the bank of London and Mexico continued up to closing hours in full force and in a lesser degree on the National bank.

NEGRO'S CONFESSION OF MRS. GAY'S DEATH

Los Angeles, Calif., Nov. 11.—The confession of Burr Laford Harris, a negro, for the murder of Mrs. D. Gay, the Christian Science practitioner, was read today to the jury in the criminal department of the superior court, where Harris' trial is in progress. In the confession, which was given while Harris was in jail at San Diego, the negro admitted having beaten Mrs. Gay to death in her office in a down town building in this city. He said he used a piece of water pipe which he had rolled in wrapping paper.

Harris was a janitor at Mrs. Gay's office and the intention of seeking permission to use the telephone, but found Mrs. Gay talking to a man in her room and struck her down with the pipe as she turned her conversation.

Then, according to the confession, he tried to throw the body out of the window to make it appear that she had met death in an accidental fall. Mrs. Gay's body, which was found between 12 and 1, was found in the street.

The confession also contained Harris' admission that he had once sent poison to Mrs. Helen Mathewson, a former employer, and had tried to burn a hotel the night.

Several witnesses testified that on September 24, the day before Mrs. Gay's body was found, they had seen Harris entering the building in which her office was located.

INDIVIDUALS URGED TO BE REAL CHRISTIANS

Kansas City, Mo., Nov. 11.—"The big problem of the church today is individual responsibility," declared Dr. John T. Stone, of Chicago, moderator of the Presbyterian general assembly in an address at a dinner of the Presbyterian league of Kansas City here tonight. Dr. Stone was speaking of the consolidation of churches movement.

"What we want to do," continued Dr. Stone, "is to impress on each individual of the church his responsibility. He must realize that when he buttons his overcoat and passes down the steps Sunday night, that his responsibility to the church has not ceased for a week, but has just begun."

Full weight and satisfaction guaranteed when ordered from the New State Coal and Wood Yard. Phone 20. C. K. Kunk, proprietor.

LABOR MEN GET TO WORK ON PROGRAM OF CONVENTION

Flood of Resolutions Pour in on President Gompers; Man Smirched by Mulhall Excluded From Floor.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

Seattle, Wash., Nov. 11.—The American Federation of Labor today refused to accept the credentials of Jacob Tasselaar, delegate of the Painters', Paperhangers and Decorators' union, and ordered that he be excluded from the floor of the convention hall.

Tasselaar recently was named by Col. Michael D. Mulhall, former agent of the National Association of Manufacturers, as having been employed by Mulhall to work against the election of Representative (now senator) William P. Hughes of New Jersey.

Mulhall swore before a congressional committee that he paid Tasselaar \$1,500 for his services against Hughes whom the National Association of Manufacturers was seeking to defeat.

Much of the morning was taken up by the reading of the report of G. W. Perkins, president of the International Car union, delegate to the International Secretariat, which met at Zurich, Switzerland, last September. Largely through Mr. Perkins' efforts the World's Trade Union congress will be held at San Francisco in 1915.

The report of the committee on rules was adopted.

A deluge of resolutions was poured into the hands of President Gompers, who referred them to the proper committees.

The federation adjourned until tomorrow morning.

The afternoon was spent in an automobile ride over the city.

The various committees of the American Federation of Labor struggled tonight with their reports on the portions of the executive council report referred to them and on the resolutions offered from the floor. Three subjects that were troublesome at the Rochester convention last year are still in contention, namely, the charges filed by the Central Federation union of Greater New York, and vicinity, against the White Rats actors unions of America; the quarrel between the two factions of the International Electrical Workers of America; and legislation demanded by the postal clerks.

The McNulty branch of the electrical workers is recognized by the federation and the courts, but the Ryd-Murphy faction is powerful in the west, and has 5,000 members on the Pacific coast. The Pacific coast division of the Ryd-Murphy branch of the International Brotherhood of Electrical Workers is holding a secret convention in Seattle.

An old question of jurisdiction between the carpenters and sheet metal workers will be brought before the federation as a result of a strike today on a forty-two story building under construction here. The strike was brought about by the desire to have the matter passed upon by the federation.

The sheet metal workers insisted that the door and window trimming work, now being done by the carpenters, should be performed by the sheet metal workers. The electrical workers, plumbers, and brick masons walked out with the sheet metal workers, and the plumbers, heating engineers and steam fitters remained on the job with the carpenters. The contractors said they had nothing to do with the controversy between the unions.

The first news of possible disaster to the lightship was brought by the captain of the ice carrier Champlain, the first vessel to make port since Sunday. He informed Captain Fred Herbert of the government tender Crocus, that the vessel was missing and Herbert reported to Inspector Rescue House of the tenth light-house district, who at once started up the lake. At the same time Inspector House received word that wreckage was coming ashore at the foot of Michigan street. A door, some broken panels and other wreckage, identified as a part of the lightship, floated in.

Inspector House chartered a tug and joined Captain Herbert in the search. No trace of the lightship was found, however, and when one of her life boats was picked up, all hope was abandoned. In the life boat were three life preservers.

The G. J. Creamer, whose at Loraine, is a freighter, 414 feet in length, 48 in breadth and 28 feet deep.

CONVENTION ALONE HAS POWER TO ACT

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

Washington, Nov. 11.—Power to change the basis of representation in the republican national convention does not lie with the republican national committee, although the committee has authority to call an immediate convention to act upon the question.

This was determined today by the law committee of the national committee after an all day discussion of various questions referred to it preparatory to the meeting of the national committee here next month to consider reorganization of the party.

The law committee decided that if the national committee should decide to call a convention, the basis of representation would have to be just what it has been in the past.

It also was agreed that the committee has no power to alter the method of choosing delegates to future conventions and that it would be inexpedient to make such changes except in accordance with state legislative action.

The lawyers will make a draft of a call for a convention to be submitted to the December meeting of the committee.

Governor Sustains University President

Sacramento, Calif., Nov. 11.—The effort of the San Francisco Democratic club to have Dr. David H. Barrows, acting president of the University of California, rebuked by Governor William W. Johnson, because of speeches Dr. Barrows delivered denouncing the Mexican policy of President Wilson, failed today when Governor Johnson wrote the club that he would not deny any university professor the right of freedom of speech on topics interesting to the public.

THERE IS A DIFFERENCE BETWEEN HAIR PROMISES AND HAIR RESULTS

HERPICIDE

Promises won't overcome hair troubles. The manufacturers of Newbro's Herpicide promise nothing which is not justified by an intelligent use of this preparation. The desired and ultimately becomes an accomplished fact. This is the reason that Herpicide has thousands of satisfied friends all over the world.

By keeping the scalp clean and healthy and destroying the dandruff, Newbro's Herpicide makes beautiful hair. Herpicide prevents the hair from falling and allows it to grow

unhindered and naturally except in cases of chronic baldness which is incurable.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Send 10c in postage for sample and book to The Herpicide Co., Dept. R., Detroit, Mich.

Applications obtained at the best barber shops.

CHARLES G. GATES' ESTATE EQUALLY DIVIDED

Mother and Wife Are to Receive About Two Million Dollars Each; \$600,000 in Bequests to Other Relatives.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

New York, Nov. 11.—The estate of Charles G. Gates will be divided between his widow, Mrs. Charles G. Gates, and his mother, Mrs. John W. Gates, who will get equal shares in the residuary estate, about \$2,000,000 each, after bequests amounting to about \$600,000 are paid to relatives and friends.

The principal provisions of the will were announced tonight by A. L. Humes, counsel for Mrs. John W. Gates, who is named as executrix. The

will was executed on August 2, 1912. Doubt as to the legal residence of Mr. Gates was the reason assigned for not making application at once for probate. It is believed, however, that it will be offered for probate at Port Arthur, Tex., where Mr. Gates is said to have voted last.

Among the other bequests is one of \$10,000 to the testator's cousin, Henry R. Baker, and one for \$100,000 in trust to another cousin, Mrs. Dolores F. Angell, both of whom live in St. Charles, Ill. The personal effects and paintings are given in part to Mrs. John W. Gates and in part to the widow.

Henry R. Baker, who was 29 years old when John W. Gates died, received \$250,000 from the older Gates, which was paid when Baker completed his college course. Mrs. Angell, daughter of Mrs. Laverne Baker Angell, the blind sister of Mrs. John W. Gates, also received \$100,000 in trust from her uncle.

Gen. Biddle Asks For Retirement.

Washington, Nov. 11.—Major General William Phillips Biddle, commandant of the United States marine corps and an officer of the corps for more than thirty-eight years, has asked for retirement on account of ill health. Secretary Daniels said today that he had not decided what action would be taken upon the request.

Three Reasons Why POSTUM Instead of Coffee

A Food Drink

Postum made of choice whole wheat, roasted with a small portion of New Orleans molasses, contains the nutritive elements of the grain, and is wholesome and nourishing. Coffee no food value whatever.

Has Fine Flavour

Postum has a dark, seal brown color, which changes to rich golden brown when cream is added. It has a delightful aroma, and a rich, snappy flavour quite similar to that of Old Dutch Java.

Free From Drugs

Postum is absolutely free from any drug. Coffee contains caffeine, a poisonous drug—about 2½ grains to the cup. It often causes biliousness, headaches, heart agitation, nervousness, sleeplessness, and other ills. Postum, being pure and free from caffeine or any other drug, may be used freely by young and old.

Postum comes in two forms:

Regular Postum must be well boiled to bring out the flavour and food value.

Instant Postum is a soluble powder. Made instantly by stirring a spoonful in a cup of hot water—with sugar and cream added.

If coffee don't agree, try POSTUM.

"There's a Reason"

The Easiest Shoes on Earth

Ever wear Dr. A. Reed Cushion Shoes? If not, better come in and see them tomorrow, for you'll find them the easiest shoes on earth. Nothing like them if you're on your feet much. For the soft cushion sole supports the arch of your foot, makes you walk on your whole foot instead of half of it—and walking is ten times easier. No tired, aching, burning feet. Come in tomorrow and see the many styles and leathers we have.

There is nothing "new-fangled" about cooking with

Cottolene

The only "new" features you will find will be economy and more appetizing food.

Use any recipe you like—but remember to use one-third less of Cottolene than you would of butter or any other shortening.

Cottolene not only makes better, lighter and entirely digestible biscuits, pies, cakes and other pastries, but it always "creams-up" beautifully, blending perfectly with the flour or sugar.

You cannot "experiment" with Cottolene. Using it is so simple and so completely satisfactory that you will readily appreciate why the prominent cooking experts give it their preference and recommend it so highly.

Without fail, for the prominent cooking experts give it their preference and recommend it so highly.

Write today for the prominent cooking experts give it their preference and recommend it so highly.

TEACHERS ASSURED OF COMFORTABLE QUARTERS

Prof. J. R. McCollum, Local Secretary in Charge of Arrangements, Sends Out Letter to This Effect.

ACCOMMODATIONS TO BE FURNISHED ALL

Albuquerque, Nov. 10. There will be accommodations for all teachers attending the N. M. E. A. November 23, 24, 25, 26, 27, 1913. Albuquerque expects a great meeting and is making preparations to entertain her guests. Guides will meet all incoming trains, ready to direct you and the members of your party to rooms in hotels, rooming houses and private homes. An information bureau will be found at Association headquarters in the Commercial club building. Sunday will be observed in all the churches as Education day, with appropriate service and special music. Monday, Tuesday and Wednesday are filled with good things both day and night. Thursday is the date for the football game, Arizona vs. New Mexico. Please mail letter in enclosed stamped envelope, Wednesday or Thursday of next week, telling us when you will arrive, the number in your party, and as nearly as possible what they will want in the way of rooms. Sincerely, J. R. McCollum, Local Secretary.

The foregoing letter, sent to every teacher in the state, is expected to help swell the attendance at the forthcoming state educational association convention, since if prospective visitors are assured of comfortable accommodations and high class entertainment, they are expected to make a special effort to come to Albuquerque for the convention.

As for the entertainment features being planned for the visiting teachers, the most notable event of the week will be the appearance here especially for the teachers of Bohmiller & Co. The company will give a concert at Elks theater Tuesday night of convention week. All teachers will be admitted free, the expense of the concert being paid by the business men of Albuquerque, who have subscribed liberally to a fund to provide special entertainment for visiting teachers.

The Bohmiller Kryn company consists of Bohmiller Kryn, world-famous cornetist and bandmaster; Josephine Kryn, violinist; and Marie Kryn, pianist. The latter two are daughters of the noted bandmaster. When one knows the reputation of these three artists it is at once apparent that the concert will be the musical event of the year.

HAMILTON, TOGETHER WITH CONNORS, GOES TO COAST TONIGHT

G. P. Hamilton, president and general manager of the Albuquerque Film Manufacturing company, and his assistant producer, Buck Connors, will leave tonight for Los Angeles, where arrangements have been completed for the starting of their first picture of the new season, to be ready by December 15.

It was given out yesterday that Mr. Hamilton had engaged Milton Fort, the greatest producer of the "Universal" staff, Mr. Fort's work has been seen at the Lyric theater for the last six months under the title of "The Lion". In these films the patrons have seen the greatest production work of any film shown in America or Europe.

The new cameras and equipment arrived yesterday and were at once dispatched to Los Angeles to be in readiness to commence work on Monday, the 17th.

Messrs. Hamilton and Connors will be absent from the city for two weeks and will return with a complete company of the best motion picture performers obtainable.

In view of the fact that so many concerns have struggled for months to get a market for their first production, the Albuquerque Film Manufacturing company is to be congratulated.

This afternoon at 3 o'clock, Amoskeag, Red Seal, Zephyr and Toile du Nord Gingham, sold everywhere in the world for 15 cents yard, on sale for one hour only, at 7 1/2 cents a yard.

THE MODEL CO.

Pain in Back and Rheumatism. Formed thousands of people daily. Don't be one of these sufferers. Get relief for a little while. Get relief for the cause. They exert a direct action on the kidneys and bladder that the pain and form of backache, rheumatism and kidney trouble is soon dispelled. They are worthy a trial, as is the only sure test. They contain no habit-forming drugs. For sale by Butts, Incorporated.

Get out of the old way. Order your coal and wood from the new coal and wood yard and give a new man a chance. Hugh Trotter. Phone 912.

M'MILLEN WILL NOT NAME A DEFINITE PRICE, BELIEF

Committee, After Several Days' Delay, Expects to Ascertain Tonight Whether He Will Sell Plant.

The committee which is to visit A. D. McMillen, president of the Water Supply company, does not expect him to name a price for the plant according to Mayor Sellers. The committee's purpose is simply to learn whether he will sell; the price will be determined later.

The committee will report the results of its interview with Mr. McMillen to the council next Monday night. The committee probably will see the president of the water company tonight, George L. Scheer, chairman, informed the mayor yesterday, so he will be prepared to make a statement Monday.

If the committee finds Mr. McMillen disposed to negotiate with the city, the council probably will proceed with the municipal ownership plan at once. The councilmen evinced considerable enthusiasm in the idea broached by Mayor Sellers, and possibly will favor determining soon whether the voters approve the owning a water plant.

The next step, according to Mayor Sellers, will be to hold an election to ascertain whether the people will vote for bonds "for a water plant." The ballots would be so worded, he said, that the city would not commit itself to the purchase of the Water Supply company's system and, if the majority favored it, might construct a new plant. The amount of the bond issue would be determined by the council before the election.

The committee has received several letters from firms of hydraulic engineers, advising that they are engaged to appraise the local plant. The committee, of course, has taken no action as yet, although it was suggested at the last council meeting that the price of the plant be decided upon by a board of appraisers, one to be appointed by the city, one by the water company and the third in a manner yet to be decided.

NEW PRESIDENT OF FRISCO SYSTEM ONCE LIVED IN ALBUQUERQUE

W. C. Nixon, one of the receivers of the St. Louis & San Francisco railroad, and who was elected president of the system on Monday, and W. B. Biddle, also a receiver, who was chosen vice president, are both well known to the old-timers of Albuquerque.

Years ago, when the Santa Fe local depot was a small red-colored frame building, "Bully" Nixon, as he was familiarly called, was the station agent here. Since leaving Albuquerque years ago, promotion after promotion has followed him, not only on the Santa Fe but on the Frisco system, until he has got to the very top of the ladder.

When the coast lines of the Santa Fe were known as the old Atlantic & Pacific, twenty-five years ago, and the general offices were located practically at the foot of South Second street, W. B. Biddle was one of the many clerks employed there. His rise in the railroad world has been phenomenal, first with the Santa Fe, then with the Chicago & Eastern Illinois, and now with the St. Louis & San Francisco.

SON OF PITTSBURGH MULTI-MILLIONAIRE AND BRIDE HERE

C. Erick, son of Henry C. Erick, the Pittsburgh multi-millionaire, and his bride of a few weeks, spent yesterday in Albuquerque. They arrived yesterday morning on Santa Fe train No. 16 from the Grand Canyon, where they have been for nearly a week, and left at 6 o'clock yesterday evening on the outbound California limited.

DON'T SCOLD AN IRRITABLE CHILD

If Little Tongue Is Coated, Surely Give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign his little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels pass out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 5-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

TAKES ROCKS FROM GRAND CANYON FOR REPLICA

C. R. Fisher, Who Is Copying Masterpiece of Nature for Panama-Pacific Exposition, in Albuquerque.

C. R. Fisher, assistant to J. S. Sawyer, of San Francisco, who has charge of the construction of the panorama of the Grand Canyon of Arizona to be shown at the Panama-Pacific exposition, was in Albuquerque last night on route from the Dominga and Cochiti pueblos to Acoma.

Mr. Fisher visited the pueblo north of here and is going to view the Acoma dwellings because the front of the building containing the panorama will be the replica of a New Mexican pueblo.

Mr. Fisher has been at the Grand Canyon for several weeks, gathering rocks, cactus and shrubs to be used in the panorama. The foreground in every view of the canyon will be real, though the background will be painted like stage scenery. Several cars of material will be shipped from the canyon to San Francisco.

The panorama is being constructed by the Santa Fe railway, at a cost of \$250,000. Work already has been begun on the site. It will cover six acres and eight different views of the canyon will be shown. The sightseers will ride on electric cars, traveling on a kite-shaped track. The cars will stop in front of each one of the eight views of the canyon three minutes. The views of the canyon to be shown at San Francisco will be from such advertised points, such as Bright Angel trail, Grandview and other places.

Mr. Fisher has been greatly assisted in this work by Herman Schweitzer, curator collector for Fred Harvey.

CONVICT WITH ROAD GANG HAS PNEUMONIA; TO GO TO HOSPITAL

Bartoli Buda, a member of the convict road camp, located north of Old Albuquerque, will be taken to a local hospital today. He is seriously ill with pneumonia. Buda was sent to the penitentiary from Bernalillo county, but sometime ago was assigned to road work and became his home was in Bernalillo county he was assigned to the gang at work on the road north of Old Town.

DISTRICT OFFICES FOR MUTUAL LIFE NOT YET SELECTED

J. H. Coons, manager of the Mutual Life Insurance company of New York, last night said that he and Thomas Morgan of New York, had not yet selected rooms here for the company's New Mexico and Arizona district offices. They will remain here today, however, and expect to announce tonight whether the district will be located here or will remain in Phoenix.

JUDGE POPE ADJOURNS U. S. DISTRICT COURT

Judge W. H. Pope at noon yesterday adjourned the United States district court, which has been in session here since October 21. The court Monday afternoon continued the last case set for trial by jury at this term and yesterday morning heard motions in several cases.

The judge, Mrs. Pope, Miss Hall, their guests Harry E. Lee, clerk, and Mrs. Lee, left for Santa Fe yesterday afternoon in Mr. Lee's car. Other court attaches left for the state capital last night.

SPENCER CRITICISES JURYMEN SELECTED

Chicago, Nov. 11.—Just before adjournment of court today, Henry Spencer looked at the eleven jurymen who had been chosen to try him for the murder of Mrs. Allison Rexroat. "That's a fierce jury," he said. "Just about nerve enough in the whole bunch to send a man to rot in the penitentiary—not enough nerve to hang him. I'm just as hard to get justice when justice means a half-inch rope, as it is when justice means liberty."

"Your jury system is no good. Just as soon as a man says he's got an opinion, out he goes. What good is a man without an opinion? A man must be a fool before you will consider him."

ANTI-SALOON LEAGUE PREPARES CAMPAIGN

Columbus, O., Nov. 11.—Revival of the constitution of the Anti-Saloon League of America, in order to make possible a campaign for national prohibition managed from national headquarters, will be discussed at tomorrow's session of the league, according to an announcement made tonight.

It is proposed to divide the country in sixteen districts over each of which will be a member of the national executive committee to supervise anti-liquor campaigns. State superintendents to be appointed will be answerable to the executive committee.

Easy Money. "There," observed Grumley, "goes a man who has made a fortune out of the automobile business." "Manufacturer or sales agent?" "Neither. He is a notary public and gets a fee for every mortgage he makes out."—Judge.

HERRING NAMED AS NATIONAL GUARD COMMANDER

Governor McDonald Appoints West Point Graduate to Position Made Vacant by Death of A. S. Brookes.

Jefferson City, Mo., Nov. 11.—As forecast yesterday by the appointment of Harry T. Herring to a captaincy in the New Mexico National guard, he was today appointed by Gov. W. C. McDonald to be adjutant general of New Mexico, to succeed the late Albert Sidney Brookes. General Herring took immediate charge of the office, the oath being administered by Secretary of State Antonio Lucero. Acting Adjutant General Norman L. King introduced the new official to the state officials and acquainted him with the routine of the office. The appointment is purely a personal one on the part of the executive, although General Herring was highly recommended by the West Point authorities and by those of the famous St. John's Military academy at Marlton, N. Y. The new head of the militia is still a young man and it is expected that he will come in close touch with every company of the guard in the state in very short time and that under his regime the guard will flourish greatly and maintain a high standard of efficiency.

General Herring was born at Savannah, Tennessee, April 6, 1876, like his predecessor, being a southerner. His parents, Julia and Mrs. D. W. Herring, at present reside at Jackson, Tenn. He attended the Southwest Baptist university at Jackson and the University of Tennessee at Knoxville. Appointed to West Point in 1891, he graduated in 1895, but because of heart trouble was not commissioned in the army, although he was an athlete and active in all forms of athletics. Governor Cox of Tennessee appointed him special instructor for the militia at the state encampment in 1895. He then accepted a position as engineer and draftsman with the Panama canal commission and from 1898 to 1904 was commandant at St. John's academy at Marlton, N. Y. He served in the National guard of New York as second lieutenant of the sixty-ninth regiment, coast artillery, but moved to Los Angeles in 1910, and then to Roswell, engaging in the automobile business. He is unmarried and takes up his residence in Santa Fe immediately.

APPEAL IS FILED IN RAILROAD GRANT SUIT

Portland, Ore., Nov. 11.—A bill of exceptions, appealing the cases of 7,000 cross-complaints and interveners in the litigation between the government and the Southern Pacific railway over the Oregon and California land grant, was filed in federal court today. This is the formal notice of appeal of these litigants to the United States circuit court of appeals.

Formal decrees, forbidding to the government 2,000,000 acres of land west of the Cascades, of the Oregon and California land grant, because the company had not kept its agreement to sell the land to bona fide settlers at \$2.50 an acre were signed July 1. Most of the defendants in today's proceedings are those who applied to the company to purchase 160 acres of land each under the terms of the grant and were refused. They consider their offer to purchase established for them an equitable interest and are seeking to have this equity made good.

STABBING AT SANTA ROSA MAY HAVE FATAL RESULT

Roman A. Labadie, Chairman of County Commissioners, Arrested for Alleged Assault on Hilario Garcia.

Santa Rosa, N. M., Nov. 11.—Roman A. Labadie, chairman of the board of county commissioners, was arrested last night, charged with assaulting Hilario Garcia, with a deadly weapon with intent to murder. It is alleged that Labadie stabbed Garcia twice, in the head and in the neck. Garcia's condition is serious and he may die from his wounds.

The assault on Garcia occurred late Saturday night. Labadie and a number of others had been attending a dance at which Labadie became involved in a fight. Garcia, acting as peace-maker, separated the fighters, and according to the story, Labadie asked him to take him to a livery stable, where Garcia worked, and give him a bed for the night. Garcia consented and he and Labadie walked to the barn. The two men stood at the door for a few minutes and in the meantime several companions of the two men came up. Suddenly, without any warning, it is alleged that Labadie drew a knife and struck Garcia twice. Labadie then ran, it is said, throwing away the knife which was later found by George May, owner of the livery stable.

It was not believed at the time that Garcia's wounds were serious, but yesterday he became unconscious and it is now feared that he may die.

The complaint charging Labadie with assault with a deadly weapon with intent to commit murder was sworn to by Mrs. M. Anaya de Garcia, mother of the wounded man.

District Judge D. J. Leahy and District Attorney Charles W. G. Ward are here and Labadie will be given a preliminary hearing before Judge Leahy.

MISSOURI CASE AGAINST PACKERS ON HEARING

Jefferson City, Mo., Nov. 11.—The suit of the state of Missouri against five big packing companies being prosecuted under the antitrust act, will be argued before the supreme court here tomorrow. Those suits were instituted by Governor Stuart, while he was attorney general, against the Armour, Swift, Morris, and Hammond packing companies, and the St. Louis Dressed Beef and Provision company. The suits were in and the companies from Missouri.

The suit was based on the assumption that the National Packing company of Chicago was the holding company for Armour, Swift, Morris and Hammond, and that the St. Louis Dressed Beef and Provision company was owned by the National company. Since the information was that the National had dissolved and it will be contended by the attorneys for the defense that the charges are unfounded since the suit was filed will answer any demand for judgment against the companies.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The doctors do their utmost to free the blood of this irritating acid, but become well paid the overwork they get through the alternative means and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like bumps of rock, and you have aching pains in the back or the bladder is irritable, causing you to leak urine during the night, when you have nervous headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for generations to flush and strengthen diseased kidneys. It neutralizes the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delicious effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Stiff Joints and Pains? MUSTEROLE Quickly Relieves

Keep a jar in the house. It is the premier remedy for Backache, Sore Joints or Muscles, Rheumatic Pains, etc.

MUSTEROLE is a clean, white ointment made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tender skin.

It relieves the pain of the most stubborn rheumatoid plaster.

MUSTEROLE is recommended for Rheumatic Gout, Arthritis, Neuritis, etc.

OCTOBER WEATHER AVERAGED BELOW THE NORMAL

Both Temperature and Precipitation Fell Off, According to Official Summary for New Mexico Section.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Santa Fe, N. M., Nov. 11.—According to the general summary for the New Mexico section, issued by the United States weather bureau, the month of October, 1913, averaged below the normal both in temperature and precipitation, the latter falling far below the normal amount. The deficiency in temperature was general, however, in the north and northeast counties, where many stations averaged 4 degrees or more a day below the normal. A few scattered stations did exceed the normal. These were, however, mostly high altitude stations, such as at Chiswick, Fort Stanton, Winslow, and Mountainair, although two stations in the lower Rio Grande valley were above the normal, and one or two in the southwest counties.

Other high temperatures prevailed at the beginning of the month. A second warm period occurred from the 12th to the 14th, and a third from the 22d to 25th. The 14th was probably the warmest day of the month. On the other hand, cool periods prevailed from the 4th or 5th to the 11th, from the 19th to 21st, and 26th to the close of the month. The 26th was probably the coldest day of the month. Severe frosts touched all parts of the state by the 27th or 29th, having visited north and central counties at various earlier dates.

The precipitation of the month averaged a little more than one-half the normal amount. It was very local in character. A few localities in the eastern counties, and also in the extreme western, exceeded the normal rainfall, but as a rule the deficiency was general and marked. There was but one well defined rain period, and it occurred from the 1st to 3d; scattered showers also occurred from the 13th to 16th, and over the northern counties some snow fell on the 25th or 26th. It was light, however, and quickly disappeared.

The sunshine of the month was large, many localities not having a cloudy day, and for the state, as a whole there were but three, with eight partly cloudy and twenty clear days. At Santa Fe there was 81 per cent of the total possible sunshine, and at Roswell 67 per cent.

The humidity was low, at the Agricultural college it averaged 38 per cent, at Roswell 57 per cent and at Santa Fe 43 per cent. The winds of the month were prevailing southwest, and light, as a rule, although a number of gales occurred. The 1st was a windy day, also the 7th, 10th, 17th, 21st, 25th, 27th and 29th.

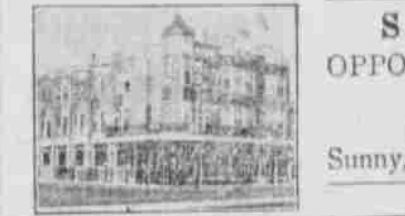

Temperature. The mean temperature of the state, as determined from the records at 91 stations, having a mean altitude of about 5,000 feet, was 52.0 degrees, or 1.0 degree below the normal, and but one-tenth of a degree above the normal of October, 1912. The highest monthly mean was 52.1 degrees at Carlsbad; the lowest, 52.6 at Elizabethton. The highest recorded temperature, 93 degrees, at Glorieta, on the 1st, and the lowest, 6 degrees, at Vermejo Park on the 25th. The greatest local monthly range of temperature was 74 degrees, at Laguna, and the least 46 degrees, at Chiswick, while the greatest local daily range was 63 degrees at Estancia on the 25th. The district averages were as follows: No. 1 (Canadian and northeast), 51.1 degrees; No. 2 (Pecos and Rio Grande), 52.1 degrees; No. 3 (Western), 52.8 degrees.

Precipitation. The average for the state, as determined from the records of 153 stations, was 6.63 inch, or 0.46 below the normal, and 0.15 below the month of October, 1912. The greatest monthly amount was 3.67 inches near Mora county, and the least, none, at 21 stations, while nearly as many more had but a trace of precipitation. The greatest amount in any 24 hours was 3.67 inches at Mills on the 1st, between the hours of 11:45 a. m. and 4:15 p. m. There was an average of but two days with 0.1 inch or more rainfall. The district averages were as follows: No. 1, 6.74 inch; No. 2, 6.53 inch; No. 3, 6.78 inch.

EXPOSITION WORK AT SAN DIEGO IS HALF FINISHED

Buildings for Panama-California Show Are Rapidly Going Up; Operations Are Ahead of Schedule.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) San Diego, Calif., Nov. 11.—A statement issued on the first day of November by the officials of the San Diego exposition informs those interested in the progress of the work on the exposition grounds that the exposition was more than one-half completed, and that the division of works was six weeks in advance of its schedule. The promise had been made by these officials, more than one year ago, that the exhibition buildings and grounds would be entirely complete by the first day of August, 1914, five months in advance of the opening day, January 1, 1915.

With six weeks leeway at the present time, officials of the San Diego exposition are confident that this promise will not only be kept, but that six months, instead of five, as originally intended, will be afforded for additional adornment of grounds and avenues, and the cleaning up process necessary after the completion of the huge exposition structures. They feel safe in asserting, also, that no other exposition was so far advanced a year and two months ahead of its opening time as is the San Diego exposition.

At the time of this announcement fully 80 per cent of the contemplated work on the grounds of the exposition was done. Eight of the twelve main exhibit buildings were nearing completion, and foundations for all of the others were laid. Work on the buildings and spectacular features along the isthmus, the amusement concession street of the exposition, was well under way, some of the largest industrial and commercial exhibits were being installed, and the buildings of foreign countries and the various states of the United States were begun. Inspections now are that nothing can prevent the San Diego exposition from being ready on time.

**FARMINGTON MAN IS
FOUND GUILTY OF
SELLING LIQUOR**

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Farmington, N. M., Nov. 11.—F. P. Downey, who was arrested Monday, October 20, on election day, for selling liquor without a license, was tried in the justice court and found guilty on two charges. The defendant pleaded not guilty to both of the charges.

The justice found the defendant guilty of selling liquor without a license and fined him \$100 and costs. In the second case the defendant was also found guilty of selling liquor to a minor, and was fined \$50 and costs. The defendant appealed to the district court and was placed under bonds amounting to \$500.

bridge.

Simon Stern, the clothier, is around
on crutches. Last Sunday at his resi-
dence on West Copper avenue, Mr.
Stern suffered a fall, badly spraining
his left foot.

There will be a regular meeting of
Albuquerque Lodge No. 481, B. P. O.
Elks tonight at 8 o'clock. A large
attendance of members is desired.
Visiting brothers are welcome.

Mrs. N. C. Wilson and Mrs. J. C.
Booby, of Cadillac, Mich., are visit-
ing Mrs. Florence Chess for a few
days. They are on their way home
from a visit to relatives at Gallup.

The Albuquerque Moose lodge has
secured a special dispensation for
thirty days, beginning November 15,
during which time a spirited campaign
for new members will be carried on.

E. J. Strong, of Strong's book store,
left last night for Los Angeles, on
business connected with the estate of
an uncle who died recently in that
city. He expects to be absent about a
month.

E. C. Newcomer, chief deputy to
United States Marshal A. H. Hud-
speth, who had been here attending
United States court, returned yester-
day afternoon in his headquarters at
Santa Fe.

The meeting of the executive com-
mittee of the New Mexico Good Roads
association to consider the question of
amalgamation with the National
Highways association, yesterday was
postponed indefinitely.

The Woman's Catholic order of
Foresters, Court No. 812, held
memorial exercises last night in St.
Mary's hall. Yesterday was observed
as memorial day throughout the
United States by this order.

Fisheries car No. 2, of the Depart-
ment of Commerce and Labor, ar-
rived here last night on Santa Fe
train No. 1. Fish have been distrib-
uted from the car at points along the
Santa Fe from Denver to Albuquer-
que.

The Modern Woodmen will meet to-
night at 7:30 in J. O. F. hall. Initia-
tion and general business will come
before the lodge, after which the
Woodmen will give a dance to which
the Royal Neighbors and the public
are invited.

Firemen from the central station
made a run to the home of F. Ken-
nedy, 409 West State avenue, in re-
sponse to an alarm received at 2:28
yesterday afternoon. A fire caught
fire, but the flames had been ex-
tinguished when the firemen arrived.

Judge Granville A. Richardson, of
the district court at Roswell, ar-
rived here last night enroute to
California. They are making the
trip in the hope of benefiting the
health of their son, who is suffering
from rheumatism.

The dollar dinner at the Myers
cave, to be given next Wednesday
evening by the Albuquerque Retail
Merchants' association, is expected to
be largely attended. President C. O.
Cushman and other members of the
committee on arrangements are
busily engaged in making prepara-
tions for the dinner. Some interest-
ing addresses on topics of vital im-
portance to the merchants are to be
delivered at the dinner.

C. A. Hudson and his nephew,
Harry Davis, returned yesterday from
a two weeks' hunt in the Mogolian
mountains, seventy-five miles south-
west of Magdalena. While they failed
to bag any big game, both had a fine
outing. The trip was made in the
Hudson automobile and, according to
Mr. Hudson, the roads from Magda-
lena in almost any direction, are in
fine condition, while the road from
Albuquerque south to San Antonio, is
rather sandy.

There will be a special meeting of
the Bernalillo County Poultry and
Pet Stock association tomorrow
night at 8 o'clock at Old Fellows'
hall. All members of the association,
as well as persons interested in the
association, are urged to be present.
Important matters will be taken up
for discussion and action at the meet-
ing. The most important business,
however, will be the election of of-
ficers for the coming year. The as-
sociation already boasts a large mem-
bership, but it is proposed to begin a
campaign to boost the membership
to an even hundred before the first
of the year.

Judge John Haron Burr, of the
probate court, yesterday named A.
Fleischer and W. J. Johnson apprais-
ers of the estate of the late Judge
Julius Suab.

Dolores Rodriguez was named
guardian of Antonio Rodriguez under
\$200 bond.

P. F. McCanna was appointed
special administrator of the estate of
Annie Laels.

Richard Schreiber filed a petition
asking to be appointed administrator
of the estate of Pauline C. Schreiber.
J. U. Quail was appointed apprais-
er of the Eugene A. Carr estate in the
place of Otto Dieckmann, deceased.

The petition of Manuela C. de Gon-
zales and Jose F. Gonzales to be ap-
pointed administrators of the estate
of Manuel D. Gonzales was granted,
and their bond was fixed at \$1,500,
which they filed. Santiago Garcia and
Antonio Zamora were appointed ad-
ministrators.

A. B. Brown was appointed ad-
ministrator of the William Stroup es-
tate and administrator of the estate
of Louis H. King, with the will an-
nexed.

BANKERS ARE HERE TO ATTEND STATE CONVENTION

Two Days' Session of New
Mexico Financiers Opens
This Morning at Commercial
Club.

The annual convention of the New
Mexico Bankers' association will open
at 10 o'clock this morning at the
Commercial club for a two-day ses-
sion. Last night's trains brought
bankers from various parts of the
state and the sessions promise to be
largely attended by prominent finan-
ciers of the state.

G. B. Harrison, of Kansas City, vice
president of the New England Na-
tional bank, one of the largest banking
institutions of the southwest, arrived
here yesterday to attend the conven-
tion. Mr. Harrison will be the guest
of the convention and will deliver the
principal address tomorrow.

Among the bankers arriving in Al-
buquerque last night for the state
meeting were C. N. Blackwell, presi-
dent of the First National bank of
Raton, who was accompanied by his
wife, J. C. Christensen, of Raton, who
also was accompanied by his wife,
John Becker, president of the First
National bank of Helen; John W.
Harris, of East Las Vegas, president
of the People's Bank & Trust Co.; E.
D. Reynolds, of East Las Vegas, vice
president of the First National bank;
H. B. Jones, president of the First
National bank of Tucuman; his wife
and son, and Oscar Hedemann, cash-
ier of the Bank of Magdalena. D. T. Hos-
kins, president of the association, will
arrive this morning from East Las
Vegas, to preside over the convention.
Other bankers also, are expected on
the morning trains.

The program for the two days' ses-
sion follows:

**Wednesday, November 12—Morn-
ing Session.**

10 o'clock—Registration of dele-
gates at convention headquarters,
Commercial club building.

11 o'clock—The convention will be
called to order by the president.

Invocation—Archdeacon W. E.
Watson, rector Episcopal church.

Address of Welcome—D. E. B. Sel-
lers, mayor of Albuquerque.

Response to Welcome—D. T. Hos-
kins, cashier San Miguel National
bank, East Las Vegas.

Address—"Financial and Business
Outlook of the State," Hon. W. C. Mc-
Donald, governor of New Mexico.

Report of Executive Committee—
C. N. Blackwell, chairman.

Recess 12:30 to 2 o'clock p. m.

Afternoon Session.
Convention called to order by the
president.

Presidents report and annual ad-
dress—D. T. Hoskins.

Annual Reports—Secretary, J. C.
Christensen, Raton; Treasurer, J. U.
Quail, Albuquerque; auditing com-
mittee, legislative committee.

Address—H. J. Paken, Jefferson
Raynolds.

Discussion by Roll Call—Practical
banking questions. Five-minute talks
by New Mexico bankers.

Entertainment—Automobile drive
around the city at 4:30 o'clock.

Thursday, November 13—Morning
10 o'clock—Convention called to order
by the president.

Invocation—Rev. A. M. Mandalari,
of Immaculate Conception church.

Report of Standing Committee—
Chairman.

Address—A. B. McMillan.

Continuation of Discussion by Roll
Call—Practical banking questions.
Five-minute talks by New Mexico
bankers.

New Business—Introduction of propo-
sitions, resolutions, memorials, etc.

Recess to 2:30 p. m.

Afternoon Session.
2:30 o'clock—Convention called to
order by president.

Address—G. P. Harrison of Kansas
City.

Election of officers.
Appointment of standing commit-
tees.

Continuation of Discussion by Roll
Call—Practical banking questions.
Five minute talks by New Mexico
bankers.

Adjournment.
Banquet at 8 o'clock at Alvarado ho-
tel.

MAIN WITNESS ILL; HUERTA CASE SET FOR TODAY

Uncertain When L. Horsley
Will Be Able to Appear
Against Alleged Burglar;
Pleads Not Guilty to Charge.

When the preliminary examination
of Arturo de la Huerta, charged with
burglary, will be held, is uncertain.
L. Horsley, the complaining witness,
who was ill at the time his room was
entered, has suffered a relapse.

Huerta was arraigned yesterday af-
ternoon before Justice George B. Craig
and pleaded not guilty. The justice
set his hearing for today, but whether
it will be held depends upon the con-
dition of Horsley. Horsley appeared
to be all right Monday, having filed
the complaint against Huerta with
the justice then.

CELESTINO OTERO BOUND OVER TO THE GRAND JURY

Celestino Otero, self-styled doctor,
yesterday was held for the grand jury
by Justice Craig under \$100 bond, on
a charge of stabbing Monica Garcia,
Garcia, who was wounded in the side,
has recovered. He was in court.

Otero was arraigned before Justice
Gasper Garcia of Marinatown, but
the case was transferred to Justice
Craig's court on a change of venue.
Garcia, who is a deputy sheriff, tes-
tified that he was trying to arrest
Otero, when he drew his pocket knife
and struck him in the side. Garcia
and a bystander took Otero to
police headquarters and turned him
over to the police.

HEARING OF OLD TOWN JUSTICE IS CONTINUED

Justice Juan R. Zamora pleaded not
guilty to a charge of carrying a deadly
weapon, when arraigned yesterday be-
fore Justice Craig. His hearing was
continued until this morning. Zam-
ora was released under bond after
his arrest, and Justice Craig allowed
this bail to stand.

The Old Albuquerque Justice's de-
fense is understood to be that he was
making the revolver home when De-
puty sheriff Quentin Coulter placed
him under arrest. He had loaned it to
a friend, he said. It is a rather an-
cient "frank" piece, although rather
large.

A Kidney Remedy That Has Thousands of Friends

I believe Dr. Kilmer & Company of
Binghamton, N. Y., manufacture one
of the best remedies for the kidneys
ever produced, and I take pleasure in
recommending it to others.

After trying several remedies for
the kidneys and liver trouble, which
apparently had taken on a chronic
form, I was urged to give Dr. Kilmer's
Swamp-Root a fair trial and wrote
for a trial bottle, which was promptly
mailed to my address. I was so well
pleased with the action of the remedy
that I purchased it in five bottle lots
and continued taking the remedy un-
til I was fully satisfied that my kid-
neys and liver were restored to a health-
ful condition.

Prior to accepting this remedy I
was almost daily afflicted with
hemorrhages from the nose which
physicians were unable to check or
prescribe a remedy for, unquestion-
ably caused by the condition of my
kidneys, my heart at times affected,
my stomach and other organs in sym-
pathy, all of which have been com-
pletely restored to a normal condition.
I weigh fifteen pounds more than I
did three years ago, the result of
complying with the printed directions
found with a bottle of Dr. Kilmer's
Swamp-Root.

I have been in the Railway Service
for the past forty-two years and have
been a resident of this city for the
past twenty-three years.

Very truly yours,
E. B. PITNEY.

328 West Patten St., Paxton, Illinois.
Personally appeared before me this
27th day of June, 1913, Mr. E. B. Pit-
ney who subscribed the above state-
ment and made oath that the same is
true in substance and in fact.

RUDOLPH L. SCHNEIDER,
Notary Public.

**Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.**

**Prove What Swamp-Root Will Do
For You**

Send ten cents to Dr. Kilmer & Co.,
Binghamton, N. Y., for a sample size
bottle. It will convince anyone. You
will also receive a booklet of valuable
information, telling about the kid-
neys and bladder. When writing, be
sure and mention the Albuquerque
Morning Journal. Regular fifty-cent
and one-dollar size bottles for sale at
all drug stores.

PRESIDENT BRAND
Coffee, Teas, Spices and Extracts
No. 2--They Are Strictly Pure
MORE TO FOLLOW.

Undergarments
THE new styles call for more elab-
orate undergarments than ever
before, especially when the outer
skirt is slashed--so it becomes ab-
solutely necessary to wear a pretty,
up-to-date underskirt.
WE have anticipated your wants
and have a splendid assortment
to select from.
MESSALINE, well finished, no raw seams, in
all colors, at \$3.50.
MESSALINE, with Jersey Top, all colors,
at \$4.50.
MESSALINE, trimmed with black Velvet and
Rhinstones.
BROCADED TUSSAH SILK, made of fine
combed Egyptian yarn and silk, making the
strongest and best wearing fabric used in petti-
coat manufacture. In many respects it is better
than silk or messaline, as it will not rip easily,
and wet weather will not affect it. It also has
that clinging feature which is necessary with
the prevailing styles and can still be cut large
enough to allow full action in walking. From
\$3.00 up to \$5.00 for the garment trimmed
with Shadow Lace.
We also have the BROCADED MESSALINE,
SILK CREPE and WASH SILK PETTI-
COATS from \$2.00 to \$6.00.

OUR assortment of Princess Slips in
Messaline and Tussah Silk is the
most complete in the city. Colors are
pink, blue, black and white, and
priced from \$2.00 for the Tussah to
\$9.00 for the very best Messaline.
See them while the assortment is
complete.
