CHAVEZ STOPS OFF  
ON HIS RETURN  
TO DENVER

Trinidad Boxer Not One Whit Discouraged Because of Decision Won Over Him by Eddie Campi at Vernon.

Henry Chavez, the most popular fighter who ever appeared before an Albuquerque audience, and whose rise in the past few months in the fight world gives promise of his some day being either bantamweight or featherweight champion, was in Albuquerque several hours last night between his return to Denver from Los Angeles. Chavez was accompanied by Louis Newman, his manager.

"Campi beat me, all right," candidly admitted Chavez, in discussing his recent twenty round battle with the San Francisco bantam. Continuing Chavez said: "Campi is without doubt the bestest boy I ever saw in my life. He cannot hit hard enough to break an ear, but his speed and cleverness make it so difficult for an opponent to hit him that unless Campi is actually knocked out, he is sure to win."

"I realize that had I gone in and fought Campi as Newman and Earl Mohan told me to start in at the beginning and stop him—I probably would have won in a fair way to be a champion. But I couldn't breathe, it seemed, the air was so oppressive. I wasn't myself from the time I reached Los Angeles until I arrived here yesterday. Then I trained down in 114 pounds, several pounds under what I was required to make, since the weight was 118, ringside, and this weakened me. However, I have no excuse to offer. I was beaten fairly. All I ask is another chance at Campi. We have a promise of a New Year's date at Denver with him, over the fifteen round route, and I'll turn the tables on him then."

Chavez and Newman, with Dan Padilla and other friends, spent the time while here visiting Chavez's numerous admirers about town, leaving on No. 3 for Denver. Chavez is to meet either Frankie Burns or Jimmy Fox at San Francisco on Thanksgiving day at Denver in a fifteen round bout. Chavez did not show any signs of the beating the press dispatches and Los Angeles papers said he received at the hands of Campi.

JAMES B. HAGGIN  
PAYS \$50,000 FOR  
BALLOT, NOTED RACER

Lexington, Ky., Nov. 12.—After purchasing the noted thoroughbred horse, ballot, at the horse sales here today, James B. Haggin, financier of New York and Lexington, announced that he would re-enter the thoroughbred turf and would operate on an extended scale. Haggin paid \$50,000 for ballot to John E. Madden, and shortly afterward purchased the imported English sire Sals, from Barney Schreiber of Missouri, for \$5,000. Both of the horses will be placed at Elwood, Haggin's country home here, where three years ago the millionaire turfman disposed of a large majority of his good stallions, mares and colts.

ABE ATTELL MATCHED  
WITH JOHNNY KILBANE

San Francisco, Cal., Nov. 12.—Abe Attehl, former featherweight champion, received word today that negotiations had been concluded for a match between him and Johnny Kilbane, the present champion. To take place on Washington's birthday, in California, Attehl will go west at once to train.

In damp, chilly weather there is always a large demand for BALDWIN'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinges. Price 25c. 50c and \$1.00 per bottle. Sold by all druggists.

COMMITTEES WILL  
CONSIDER VITAL  
BALL SUBJECTS

National Association in Annual Meeting at Columbus Takes Steps to Correct Existing Evils in Pastime.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Columbus, O., Nov. 12.—Five committees were announced by President Sexton, of the National Association of Professional Baseball leagues, at today's session. To one committee was assigned the problem of devising a way whereby a uniform style of contract can be prepared for players of the five different classes of leagues affiliated with the organization. The committee is headed by President Leavitt, of the Oakland club of the Pacific Coast league.

In a communication to the convention, the National Commission made the suggestion of uniformity. The greatest obstacle now apparent, baseball men say, is the possible insertion of a clause requiring a player to be given notice of release ten days prior to the time the release can be made effective. It is understood that class A leagues are willing to work under this plan, but those in classes B, C and D do not favor the idea of having to carry and pay a useless player for ten days.

President Tamm, of the Three I league, urged a movement for a reform in the system of drafting players. He attacked the practice of major league clubs in claiming a large number of players and then making cancellations of the drafts, and was given hearty support. It was voted that such procedure be abandoned by National association clubs.

In the discussion, President Dryfus, of the Pittsburgh National league club, charged that changes in rules by the National commission themselves were responsible for the trouble that had occurred. Secretary Farrell read to the convention today the list of requests from the players' fraternity. No action was taken, it being left to the committee on contracts to formulate a course of procedure to be submitted to the convention for ratification. No objection will be made to sending a committee into conference with the National committee and representative players.

FINNISH OLYMPIC  
RUNNER DISPROVES  
ENEMIES' CHARGES

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
New York, Nov. 12.—Hannes Kolehmainen, Olympic runner, who came here from Finland and joined the Irish-American Athletic club, appeared before the registration committee of the Amateur Athletic union today to be questioned regarding reports that he is a professional and not an amateur. Having been directed to produce all the prizes he has won since coming to America, Kolehmainen surprised the committee by producing three more trophies than the investigators had recalled. The Finnish runner drove up in an automobile filled with cups and medals, and proved to the committee's satisfaction, it was said, that he had not pawned any prizes awarded him. The committee reserved decision.

Sporting men familiar with the inquiry characterized it as having fallen through for lack of evidence. All of Kolehmainen's prizes were returned to him and it was pointed out by his friends that if he had been found guilty of professionalism they would have been withheld by the committee. It was learned that no direct charges were filed against the runner, and in some quarters the inquiry was regarded as the outcome merely of state-motivated envious of his success.

## Rain Prevents Game.

Sacramento, Cal., Nov. 12.—Chicago Americans-New York Giants game postponed, rain.

DARKEN GRAY HAIR,  
LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Witch's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

Journal wants bring results because everybody reads The Journal.

MATTHEWS ASSERTS  
HE'LL WALLOP  
MANTELL

St. Louis Lightweight Angered Over Weight Dispute; Brooklyn Lad Appraised Highly by Fans.

It's going to be a real battle. This was the verdict of fans who yesterday afternoon saw Battling Mantell in his first work out at the New Mexico Athletic club gym. They already know Pierce Matthews, who will meet the Battler next Monday night, so they didn't hesitate to express their opinion.

Mantell may not have shown his entire stock yesterday afternoon, but he displayed enough to convince the fans that he has class. That was all that was necessary. They know what Matthews has after seeing him work on Barry Shaffer.

The Brooklyn lightweight sparred with John Stewart, the Immortal Kid and Young Chavez. He showed an almost impervious defense and remarkable judgment of distance. Mantell is not disposed to waste any energy, apparently; he barely allowed his partners' swings to slip by his chin.

Mantell has a vicious chopping blow that is rather remindful of a certain Stanley Yankum. It has been said.

The Mantell-Matthews affair came very being called off yesterday, when Mantell demanded that Matthews make 122 pounds, ringside. The St. Louis lightweight finally consented, however.

"I've always beaten a blink without losing him any more than I've had to," said Matthews to Mantell in Director Mark Levy's office, "but I'll surely make you regret holding out for that weight."

"That's the way I want you to fight," said the unperturbed Mantell.

While Mantell is said to be entitled to his companion of Battler by eastern sportswriters he evidently does not care to risk a tin ear in training. He wears a head guard, similar to a football player's.

Matthews trained last night. He took on Black McCarthy, and several of Director Levy's pupils, boxing six rounds. Matthews will work strenuously. Although getting down to 122 pounds would not be difficult, he has only a few days in which to take off the surplus pounds.

More than 100 fans watched Matthews. Pierce gained almost instant popularity here by his showing against Shaffer, and his friends, augmented by those who missed seeing him operate on Shaffer, made a good attendance.

Regarding the Matthews-Mantell match, the El Paso Times of yesterday says: "A message was received last night from Jack Rose, manager of Battling Mantell, stating that the latter had been matched to meet Pierce Matthews in Albuquerque on Monday night, November 17. Mantell and his manager left for that city Monday night."

"Matthews is one of the cleverest lightweights in this section of the country and holds victories over some fast boys. Mantell has been promised many good fights in the New Mexico territory and the latter stated before he left that he was going after Matthews with all that was in him."

"A message now comes from eastern cities to the effect that several of the most prominent race track men are willing to back Mantell against Gage, or in fact any other lightweight, provided the match can be arranged. Even with a big purse in sight, Gage stoutly refuses to come here and fight Mantell."

"During the fair in Phoenix last week, a Phoenix promoter wired Mantell an offer to go there and box ten rounds with Gage, but Gage evaded the bait by holding out for an exorbitant purse. Instead he chose Max Halford and took the trouncing of his life for doing so."

"Should Mantell show class in his bout next Monday night and prove that he merits a main attraction bout here, there is a likelihood of his being signed to meet some first rate lightweight in the Thanksgiving date. He said before he left that he would meet any lightweight in the world chosen for him by the Juarez promoters."

"Fighting Thorpe wants to come back here and appear in the overpriced arena and many fans are now clamoring for a bout between Thorpe and the Battler. Two such evenly matched boys should prove an attractive drawing card and would no doubt afford fans an opportunity of witnessing a fast bout."

BELEN BOWLERS TO MEET  
LOCAL EXPERTS TONIGHT

The bowling alley at 265 West Gold avenue will open tonight with a game between Albuquerque and Belen. The local team, although hastily organized has several expert bowlers.

Daughters Not to Ask U. S. Pensions. New Orleans, Nov. 12.—United Daughters of the Confederacy in convention here today were requested to discontinue any movement aiming at obtaining United States pensions for Confederate veterans of the civil war. The request was contained in the annual report of Mrs. Alexander White, president of the organization.

Mrs. White said a new state division—Colorado—was soon to be added to the organization.

The daughters of the confederacy refused flatly this afternoon to receive a woman from the Southern States Woman's Suffrage conference after the organization of that body was effected. This action was taken on the grounds that the daughters must eschew politics of all kinds.

PREDICTS NATIONAL SOUTHERN PACIFIC  
LAW SUPPRESSING  
LIQUOR TRAFFIC

Kansas Governor Arouses Anti-Saloons to Upward of Applause-Patterson Tells Why He Changed.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Columbus, Ohio, Nov. 12.—Predicting that a resolution prohibiting the traffic in intoxicating beverages in the United States and all territories under its jurisdiction, soon would be adopted by congress, and declaring that "if I am governor of Kansas, I will immediately convene the legislature in special session, if necessary, for the purpose of ratifying the amendment," Governor George H. Hodges, of Kansas, tonight threw the fifteenth biennial convention of the American Anti-Saloon league into an uproar of applause. Governor L. B. Hanna, of North Dakota, gave statistics to show the prosperity in his state under the "prohibition" reign, and said the "breachers' year book" showed no consumption in his state of their manufacture in 1911. Governor Hanna said, however, that some intemperate were used in North Dakota, but the consumption was so small that there was practically no profit for distillers or brewers.

The day session was brought to a climax with a stirring address by Gov. M. R. Patterson, of Tennessee, in which he gave reasons for his endorsing with the anti-saloon movement and reviewed his former life and activities, which, according to his statements, had been with the forces opposed to suppression of the liquor traffic.

The evening of one hundred, which will formulate the demands upon congress for submission of the federal amendment to the constitution for nationwide prohibition, will meet Friday.

"In some states, the throne of political power is in the saloon," said Governor Hodges, in his address tonight. Kansas people, he said, believe that the "morality that guides us individually must guide us as a state and nation."

"Prohibition has demonstrated," he continued, "that the most exhaustive revenue any state can collect is the saloon license."

With reference to federal aid in the anti-saloon movement, and equal support, Governor Hodges said: "The quickest road to effective prohibition is through congress. The time is opportune for federal prohibition and nation wide equal suffrage."

He said he could give assurance that all Kansas congressmen would use their efforts for federal prohibition and universal suffrage.

MISSISSIPPI JUMPS ON  
COTTON OIL COMPANIES

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Jackson, Miss., Nov. 12.—Practical every cotton seed oil mill company in Mississippi is made a defendant in an anti-trust suit filed here late tonight by State's Attorney, Rose Collins. The suit charges that the American Cotton Oil company is practically owned by the Standard Oil company, and that it controls 99 per cent of the cotton oil business of Mississippi, and seeks to forfeit the charters of the domestic corporations made defendants and to oust from the state the foreign corporations named in the suit.

Trouble With Employees Likely  
to Be Settled by Reference  
to Arbitration Under New  
Lands Amendment.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
Houston, Tex., Nov. 12.—An ultimatum of federated engineers and machinists on the Santa Central lines of the Southern Pacific railroad between New Orleans and El Paso that the ultimatum referendum strike vote would be put into effect tomorrow at 1 o'clock and an appeal by the railroad to the federal board of mediation and conciliation in cases existing differences, brought the strike situation to a crisis early today.

It is believed now that a walk out will be averted, as the unions have indicated that a solution of the differences through the Nevada amendment to the Erdman act would be acceptable to them. They have contended for a joint settlement of the grievances of the four unions involved, in which the railroad officials declined to submit.

Approximately 3,000 employees are involved. All are members of the brotherhoods of locomotive engineers, firemen and engineers, railway trainmen and the Order of Railroad Conductors. Wages, alleged violations of contracts and personal claims are among the grievances.

MEN ARE NOTIFIED  
TO PREPARE FOR STRIKE

New Orleans, Nov. 12.—Members of the joint committee representing engineers, conductors, trainmen, and firemen of the Santa Central lines of the Southern Pacific in the Arizona yards returning from Houston today notified fellow workers to be prepared to walk out Thursday night, in the event the railroad officials refused a conference. A thousand men will be affected here.

Many Dead in Peruvian Earthquake. Lima, Peru, Nov. 12.—Official telegrams report a continuance of an earthquake in the province of Ayacucho in the department of Apurimac. The city of Chinabamba, capital of the province, with a population of nearly 3,000, is reported to be in ruins. A private telegram says that the death number more than two hundred.

Auriferous is a southwestern department of Peru, with a population of nearly 200,000.

Concentration of Marines Favorable. Washington, Nov. 12.—Secretary Daniels announced today that he favored the concentrating of all marines except those on duty aboard ship, at three important bases in the United States, with a fourth base in the Panama canal zone. The secretary said he thought one base should be on the Pacific coast, with the other two probably at Pensacola, Fla., and Philadelphia. The plan would leave at the various navy yards and other stations only sufficient marines to perform routine duties.

SULZER PLAYS SAFE ON  
HIS EXPENSE REPORT

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
New York, Nov. 12.—William Sulzer filed in the county clerk's office today an affidavit requesting his expenditure as a candidate for assemblyman in the sixth assembly district under the head of receipts, he said: "I have received nothing personally. All money contributed for my campaign were delivered to and received by and expended by Col. Alexander S. Bacon, ex-treasurer of the William Sulzer campaign committee, sixth assembly district."

Under the same expenditures were written: "Alexander S. Bacon, William Sulzer campaign committee, sixth assembly district, \$200."

The document was signed by Mr. Sulzer and is a notary public.

Mines Narrowly Escape Death. Belle Valley, O., Nov. 12.—This little mining town was rocked today by a terrific explosion of dust in the Imperial mine of the O'Grady Coal company of Chicago. One foreigner was badly burned about the face and arms and eight other miners had narrow escapes. They were working near the scene of the explosion and groped their way through darkness for an hour before they made their escape.

Volcano's Owners Negligent. St. Paul, Minn., Nov. 12.—Charges that the Volcano, the trans-Atlantic liner which burned with heavy loss of life recently, was equipped with worthless life saving apparatus, were made in affidavit filed today with C. E. Hamilton, British vice consul in St. Paul, by two survivors of the disaster. Mr. Hamilton accepted the affidavits and sent them to the British consul in Chicago, at the latter's request.

Drinking Men  
Not Wanted

There is no place in the business world for the man who drinks. He is not wanted because he is not dependable. The Governor of one state declares he will not appoint to office any man who becomes intoxicated, and all large business concerns are adopting the same policy. Do not be handicapped by this habit. You can be freed from all craving for drink in three days—without the use of hypodermic injections. Call and let me explain to you how you can be treated at the Neal Institute—or at your home—and be relieved of sobriety. Write or phone for full particulars and free book.

# WELCOME TO THE BANKERS.

New Mexico's principal city extends a most hearty and cordial welcome to the New Mexico Bankers' association now in convention here. We trust that they will have time from the duties which bring them together to look about and observe the wonderful growth and progress of Albuquerque, and that every moment of their stay may be filled with pleasure and enjoyment.

The importance of Albuquerque as a convention city is becoming more apparent every day. We are getting used to conventions, but we will never cease to appreciate their value to the city or to desire their presence with us. No more representative body of state-builders has ever foregathered with us, and we wish them to know that we value them highly and hope they may come to see us often in the future. The key of the city are theirs.

# SUPPORT THE COUNTY SCHOOLS.

The Journal takes great pleasure in speaking a word of praise and encouragement at this time for the county school system of Bernalillo county and urging upon all citizens the importance of giving to the schools their heartiest support.

An inspection of the schools of the county at this time and a comparison with what they were in former years should bring the flash of pride to the cheeks of all of us and make us more determined than ever to go onward in the march of progress until we reach the nearest point possible to perfection.

The city schools are always assured of good patronage and liberal support. While of course they should always hold a high place in our regard, there is no need for worry about their future. It is in the country that the need of schools is greatest and the opportunities for adequate educational facilities are least numerous. If the unwholesome drift to the cities is to be checked and the farm made a more desirable place to live, the greatest care and the most thoughtful attention must be given to the country schools.

For the excellence of our present system of county schools and the bright promise of their future very much is due to Superintendent Atanacio Montoya, who has given without stint of his time, energy and ability in building it up to what it is. All citizens of Bernalillo county should get actively in behind him and help him to realize the ambitious plans which he has constructed for the system.

# ABSENT TREATMENT.

From Alabama comes a highly entertaining account of the opening speech in Austin of Representative Oscar W. Underwood in his campaign against Representative Richmond Pearson Hobson for the seat in the senate made vacant by the death of the late Senator Joseph E. Johnston.

Until very recently Mr. Underwood has been very busy with the tariff debate in Washington to give any attention to his political fortunes at home, and Mr. Hobson has had the stage all to himself, with the result that he has secured his opponent to the Alabama electorate as a pliant tool of the interests, a base hound of the demagogic race, and several other sorts of an undesirable citizen, and there has been no one to say him nay.

With the tariff bill on the statute books, however, Mr. Underwood has come to the bar, and if his Austin speech is any indication he bids fair to hit the ball to all corners of the lot. He meets the charges made by his opponent in the frankest manner, and then turns in and says a few things which are likely to put Mr. Hobson to explaining.

Regarding the \$25,000 contribution by Thomas E. Ryan to his campaign for the presidency, about which Mr. Hobson has had much to say, Underwood frankly admits that the contribution was made and refuses to make any apologies for it. He explains that he only consented to allow the use of his name as a presidential candidate last year at the urgent request of his friends and upon their promise that he would be relieved of all work in connection with the cam-

paigned. He was busy with the tariff bill at the time—the same tariff bill that President Taft later vetoed—and didn't have time to run for president. Only three times during the campaign was he even in his headquarters, and every detail of his campaign was left in the hands of his managers. Furthermore, he declares, the Ryan contribution came without solicitation by him or his managers, and was accompanied by a short note from Mr. Ryan stating that he hoped to live to see a southern man in the White House.

For his opponent's record in contrast Mr. Underwood does not entertain a very high regard. He attacks Hobson's democracy, and declares that when the Payne-Aldrich bill was before the house the hero of the Maxims voted with the Republicans on four important schedules, including the widely-attacked duty on lamb-lets. Also, he shows Hobson to have been conspicuous by his absence from his seat in congress during the greater part of the time that the present tariff law was under discussion. On this subject Mr. Underwood says:

"I have been at work for nineteen years. I have remained on the job faithfully, and have labored to accomplish for the masses of the people. I feel that as a result of my faith and hard work, I have accomplished and have reflected some credit on my state."

My opponent has missed 585 rail miles out of 977. According to his own statement, in the present session in which such important legislation has and is being accomplished, he has been present only sixteen days.

"If you want absent treatment, then I'm not the man."

It is of course no concern of our what the democrats of Alabama may decide about whom they want to represent them in the United States senate, but we can not refrain from expressing the belief that the prestige of the state will lose much if Hobson is to be preferred to Underwood.

# THE CASE OF MCGUIRE.

The case of George H. McGuire, the Syracuse contractor, who at first denied under oath the statement of John A. Hennessy regarding a telegram alleged to have been sent to the latter and subsequently retracted his testimony in order to avoid a prosecution for perjury, furnishes an ample theme for the copy-book metallists.

The political features of the graft investigation and the sensational charges made by Hennessy are for the moment obscured by the psychology of the case of McGuire. We turn from the mythical John Doe, defending himself from the accusations of high crimes and misdemeanors to the very real George H. McGuire making a desperate effort to save himself from the penitentiary by confessing before it is too late the falsity of his sworn statement.

It is significant of the strange influence of Tammany Hall, even in the hour of its overwhelming defeat, that this man apparently believed that his protecting shadow was sufficient to shield him from the consequences of the gravest of offenses against the majesty of the law. To lapse into the vernacular, it is evident that McGuire calculated that in the interest of Tammany he could even perjure himself and get by with it. In his calculation, however, he failed to take into consideration as a factor in the equation the fearlessness and absolute honesty of District Attorney Whitman, and this failure was his undoing.

We are told by the press dispatches that when he gave his later and more truthful testimony before the grand jury McGuire was "on the verge of a collapse." This is by no means a pretty picture, but it is hardly surprising. Every lie is rooted in cowardice, and it is not to be wondered at that in uncovering and having face his shame, McGuire should have displayed the shrinking horror described by the reports. That he should have been stirred by these emotions is distinctly the most creditable thing that has yet come to light about him.

The case of McGuire will be helpful. It will be a warning to others relying upon the sinister influence of Tammany, and will no doubt hasten the work of justice in benighted Gotham.

The impeachment of former Governor Snider has already cost the state of New York more than \$125,000. The salary for the remaining portion of his term would have been less than \$40,000. It was worth the difference, however, for the effect it had in putting a crimp in the tail of the Tammany Tiger.

There is nothing mercenary in our hostility, but candor compels the confession that there will be no violent objection on our part if the bankers will leave a little of it here in town.

The case of the chairvoyant now on trial in Chicago for swindling necessitates the revision of an ancient axiom. There are at least two of 'em born every minute.

It was heroic treatment that was given former Governor Patterson in Nashville last summer when he was arrested in a notorious dive, but it seems to have taken.

Just who is it that holds the string that is said to be attached to the appointment of Ambassador Pinckney?

Poor John Doe! It begins to look like he will have to face an indictment by a New York grand jury.

# ARCHITECT AT WORK WAR ON USELESS ON PLANS FOR CHRISTMAS GIFTS FAIR GROUNDS IS LAUNCHED

President Ralph C. Ely Returns From Los Angeles Where He Conferred With Wilbur Davis Cook, Landscape Expert.

Mrs. August Belmont of National Order of Spugs Sounds Keynote at Meeting of Society in New York.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.  
 New York, Nov. 12.—President Ralph C. Ely of the New Mexico State Fair commission has just returned from Los Angeles, where he has been in conference with Wilbur Davis Cook, the noted landscape artist, regarding the laying out of the grounds of the New Mexico state fair grounds at Albuquerque. The plans as submitted to President Ely are of rare beauty and great convenience, particularly designed for New Mexico conditions. Among other things Mr. Ely said:

"It is the purpose of the architect to take advantage of the character of our climate in the constructing of the buildings, using trees and vines and peribolas to protect people and exhibits from the rays of the sun and from the fall winds in such a way as to lend a beautiful effect and the greatest utility."

"It is estimated that the development of the grounds will cost about \$75,000, and when completed there will be nothing more beautiful or more workable in all America, although there are a number of fair grounds which have come from half a million to a million dollars."

The people of New Mexico are so closely employed in developing farms, extending ranges and improving flocks and herds, that they have not, up to this time, given much attention to the development of natural beauties. A few towns have nice parks, but as a rule these have been neglected. The establishment of fair grounds under patronage of the state, with board fence on which is advertised apartment and case, and ugly buildings which would serve some useful purpose fairly well, would in itself mark a distinct advance in New Mexico's growth, but for the state to make these grounds a thing of beauty, bearing always in mind the necessity of strict economy, will give an inspiration to every county and town in the state, marking the way which they will follow in surrounding the people, particularly the young, with things of beauty which are always uplifting and ought to lead to the establishment of parks and breathing places in every ambitious town, right now when land is comparatively cheap, and trees should be planted to grow for the benefit of future generations."

# CO-OPERATION IN MARKETING HAS GOOD RESULTS

Five Hundred Leading Fruit Growers of Pacific Northwest Will Hold Conference in Spokane Next Week.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.  
 Spokane, Wash., Nov. 12.—Their co-operative marketing efforts having been rewarded successfully at a series of conferences a year ago, 500 leading fruit growers, as well as fruit-by-product manufacturers, bankers and transportation men of the Pacific northwest will hold a second group of meetings in Spokane commencing November 12 and continuing one week.

The movement of fruit growers of Washington, Oregon, Idaho and Montana to unite their settled problems by co-operation is considered by students of affairs to be one of the most economic developments that has taken place in the Pacific northwest in more than a decade.

Standardization of the box apple by the federal government is certain to be sought in one important outcome of the conferences this month. Efforts to secure a standard method of packing apples will be made under the leadership of E. H. Shepard, of Hood River, Ore., chairman of the standardization committee of the International Apple Growers' association. Mr. Shepard has called a meeting of this committee to be held in Spokane Thursday, November 18. Leading fruit men from every district in the Pacific northwest states will assist the movement seeking standardization of pack.

For each hour during each of the six days of the conferences, the fruit growers will discuss various phases of the industry, including the many different plans of better caring for orchards so as to lessen cost of production and to produce a more nearly perfect apple. How best to utilize the lower grades of fruits by manufacturing by-products is a subject that will consume a day or two, as will such of the following as "Processing, Storing and Transporting the Crop," "Marketing the Crop," and "Financing the Crop."

Government agricultural experts who will be in Spokane that week attending the sixth National Apple Show and Fruit Products contest will assist the growers in shaping their plans.

Every lady in the city should be at The Model Co. store at 10 o'clock this morning. Unsurpassed bargains on the counters.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.  
 New York, Nov. 12.—A country-wide appeal for the abolition of the useless Christmas gift and a plea for intelligent and thoughtful giving instead were voiced last night by Mrs. August Belmont, president of the Spugs, at the opening meeting of the 1913 campaign to be waged by the organization against ineffectiveness, vulgarity and waste in Christmas giving.

At this meeting the membership rolls of the Spugs—the Society for the Prevention of Unnecessary Giving—were thrown open to all residents of the United States who might want to enroll against the foolish Christmas gift. Having grown from a handful to more than 5,000 within a few weeks during the last Christmas season, the Spugs have outlined for this year a national campaign and hope to establish societies in all cities and towns throughout the country.

Mrs. J. Borden Harrison presided at the meeting. District Attorney Whitman, newly enrolled as a member, and Francis Cronin, who delivered addresses. Mrs. Belmont was the orator of the evening. The official purpose of the society, she said, was to prevent unnecessary giving by girls in stores and factories to their employers, the custom of collective giving which the girls felt they could not afford but which they could not avoid without embarrassment and possible loss of their positions. This was one of the chief objects of the society, she added, but not the only one. Another prime attainment sought, she said, was a general cultivation, by all classes of givers, of more thoughtful and more expression of personality in making Christmas gifts.

"We do not disapprove of collective giving when it is done on the spur of the moment," she said, "or for some particular cause, because then it means that you have collected a sense of human fellowship of which the money collected is but an expression. We do approve of it when it is for the man lower down instead of for the man higher up."

"Some persons think that we oppose giving. Far from it, we do not oppose giving, but we advocate intelligent giving—giving that is done with the Christmas spirit of good will, distinguished from giving that is compulsory, from fear or with the hope of obtaining reward—whether that reward be the favor of the man higher up or advancement. The world at large should put more of the Christmas spirit into giving. Christmas should be a time for every person to do his or her share."

"Some folks say to us, 'Of course, you want to promote useful giving.' The word useful has many changes of meaning. Usually when one thinks of useful giving, it is in a present decided middle-class or commonplace. So we do not attempt to promote useful giving in the commonly accepted definition of that word. The thing we are really out to do is to abolish something. We feel that when we have done that there will follow good sense in giving and that everybody will be profited thereby."

"We propose to decrease the cost of the gift and increase the good will to make the heart of Father Christmas rejoice by little acts of kindness, selflessness, by putting thought into the gift we send our dear ones. Give generously, but from your heart, with all your thought. Don't make a burden of giving, make it an art. Don't waste what should be a season of good will freely given."

# OUTLOOK FOR PEACE CAUSES MARKET TO IMPROVE

Speculative Sentiment Better Both at Home and Abroad; Difficult to Trace Change to News of Day.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)  
 New York, Nov. 12.—Improvement in speculative sentiment, both at home and abroad, was reflected today in a generally higher stock market. It was difficult to trace a direct connection between the change in sentiment and the day's news, which presented no essentially fresh aspect. There was a general feeling that the outlook for a peaceful solution of the Mexican problem was brighter, Mexican securities moved up sharply in London and there was a substantial rise here in National Railways of Mexico second preferred.

An important influence was the conviction that a substantial rally was due, after the protracted period of weakness through which the market has passed.

The better feeling abroad was of direct influence on this market on account of liberal buying for foreign account. Berlin took Canadian Pacific and Paris the Yampers. London's purchases were widely distributed, being estimated at 20,000 shares. Trading was more active in the first part of the day, and it became dull after the immediate requirements of the shorts had been met. The market thereafter maintained its firm tone well in spite of a few weak spots. Mexican petroleum broke nearly five points on the report that the quarterly dividend had been passed. New Haven touched a new low record at 77, but rallied later. Closing prices were:

Chicago, Nov. 12.—Heavy rains in drought afflicted parts of Argentina today lowered the price of wheat. The closing tone of the market, however, was firm at 3-8 to 1-2 decline. Corn and oats both showed a shade off to 1-8 up. In provisions the outcome varied from last night's level to 1-2 to 1-4 advance.

Wheat speculators who had been the most active buyers yesterday, put liberal offerings on the market, and the market, Cordova, Buenos Ayres and Pampas all sent word that the drought which imperiled the Argentine crop was broken. Liquidating sales, however, were checked by resting commission orders before any serious flurry developed.

Rallying power showed itself best in wheat after Winnipeg sent word of a reduced estimate on the size of the Canadian crop and gave figures to indicate the large amount already moved. It was said more than 70 per cent was off the farms in the northwest. There were also late cable dispatches asserting that the Argentine rains were insufficient.

Corn made a good recovery, owing chiefly to profit taking by shorts. The market suffered a break early as a result of the weather and weak cables. Subsequent firmness was helped by news that shipping calls for old corn had considerably improved. A few big traders gathered in all the part that scattered long to go off. The investors ignored liberal stocks in Chicago and elsewhere, as well as the chances of big imports from Canada.

Buying on the part of a leading packer who was said to have been operating on the short side of the market, tended to cause a return to provisions. Section prevalence of hog cholera throughout the best corn-producing states attracted increased attention.

Closing quotations:  
 Wheat—Dec., 85 3-4 85 7-8; May, 89 5-8.  
 Corn—Dec., 69; May, 70c.  
 Oats—Dec., 38c; May, 41 1-2 40 1-2.  
 Pork—Jan., \$20.22 1-2; May, \$20.25.

# The Man Worth While Is the Man Worth Money

—not always but ninety-nine times out of a hundred that's so. It takes mentality to make money. It requires manhood to save money.  
 The man who will take only a little of the money his mentality—his ability has earned for him and will save it, will get on! Ask any man ten years older than you. Ask him how much he regrets saving so little as ten cents a day for the last ten years. Ask him how much less he thinks of himself than men of affairs think of fellowmen who have saved regularly during the last ten years.  
 The moral? SAVE! Deposit your savings in a safe institution—such as this bank. And above all—begin to save NOW!

## DEFICIT FOLLOWING SULZER TRIAL IS FIFTY THOUSAND

Unpaid Bills Above Seventy-five Thousand Dollars Apportionment Have Already Reached That Total.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL, Albany, Nov. 12.—Bills for expenses incurred at the impeachment trial of former Governor Sulzer, not including counsel fees, already total \$30,000 more than the \$15,000 originally appropriated to cover the cost. Verdicts filed with the state comptroller show that \$25,000 already has been expended, and many unpaid bills remain. It is believed a special bill will be introduced in the assembly to meet the added expense.

Thus far \$46,155.12 has been paid to senators and members of the board of managers, and some money is still due them. The pay of employees was \$5,351.70.

One of the largest single items of expense is for the salaries and expenses of detectives. One New York agency head drew \$8,954 for himself and his employees. His salary was \$25 a day, and at times he employed thirty operatives at \$4 a day.

Although members of the board of managers did not meet every day between August 20 and October 10 they received \$10 a day, including Saturday and Sunday, throughout the time. William F. Kearney was paid \$15.24 a day as index clerk.

There were twenty-eight doorkeepers, a chief doorkeeper, a sergeant-at-arms, three janitors and three porters connected with the trial. There were only five main entrances to the courtroom, but the other doorkeepers were employed on the two doors leading to the galleries and various other doors in the outer halls.

## MINERAL OUTPUT OF NEW MEXICO IS ABOUT DOUBLED

Great Increase in Copper Production Shown for Last Year by Geological Survey Bulletin.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL, Washington, Nov. 12.—Until 1912, New Mexico was one of the two states in the Rocky mountain region, Wyoming being the other, which lay more claim to recognition as mining state by reason of their production of coal than by their output of precious and semiprecious metals. In 1912, however, owing to a marked increase in production, the value of the recoverable copper content of the area mined in New Mexico exceeded the value of the coal mined. The increase in the copper production was due principally to the operations of one company mining with steam shovels a large acreage of low-grade deposits at Santa Rita. In 1912 the recoverable copper content of the ore mined in New Mexico was \$4,057,940 pounds, valued at \$507,130; in 1912 this product amounted to \$4,020,984 pounds, valued at \$5,415,188, the quantity in 1912 being approximately 8 1/2 times and the value more than 11 times that of 1911. The coal production increased from 3,418,155 short tons, valued at \$4,255,925, to 2,525,824 short tons, valued at \$3,927,051.

The Bitter Lake district produces a coaling coal of good grade, and extensive open-pit operations are carried on at Dawson, Gardner and Cochran. The other commercial mineral products of the state are gold, lead, silver, zinc, stone, clay products, fluorspar, gypsum, iron ore, lime, mica, natural gas, salt, sand and gravel, gems, and vanadium minerals.

In connection with the "Leaders" for today's bargains, Men's Furnishings are marked down below cost. Our prices will convince you. THE MODEL CO.

for a clear  
complexion  
PIMPLES and blackheads dis-  
appear, unightly complexion  
becomes clear, clean, and  
velvety, and hair health and  
beauty are promoted by the regu-  
lar use of Resinol Soap and an  
occasional application of Resinol  
Ointment. These soothing, heal-  
ing preparations do their work  
easily, quickly and at little cost,  
when even the most expensive  
cosmetics and complicated  
"beauty treatments" fail.

**Strong's Book Store**  
"Your Money Back If You  
Want It"

o'clock tonight at Odd Fellows' hall.  
A full attendance of members and all  
others interested is urgently re-  
quested.  
Mrs. Ben Williams left last night for  
El Paso, where she and Mr. Williams,  
former chief special agent for the  
Santa Fe, will make their home. Mr.  
Williams left last Saturday, driving  
overland in his automobile.

E. V. Chavez, a prominent attorney  
who formerly lived in Albuquerque, is  
here from Los Angeles on important  
local business. Mr. Chavez reports  
Mrs. Chavez and their children in fine  
health.

H. B. Wicks, a forest service en-  
gineer, left last night for Douglas, Ariz.,  
to survey a part of the international  
boundary in co-operation with the bu-  
reau of animal industry. The purpose  
of the survey is to establish a line for  
the construction of a drift fence.

Mr. Walton says the party was suc-  
cessful in securing a large amount of  
game. He himself shot a white tailed  
cock, two wild turkeys and consid-  
erable small game. The deer which  
he brought back is now on exhibition  
at the San Jose market.

Cesar Quintana, Pedro Mexicano and  
Pedro Torres, charged with riding on  
a Santa Fe employee's pass made out  
for Pedro Lopez and family, were  
taken from a Santa Fe train here yes-  
terday morning by Station Master Ed  
Sundler. They are said to have ad-  
mitted that they bought the pass in  
Kansas City.

Official notice has been received in  
Albuquerque of the appointment of  
N. M. Rice, general storekeeper for  
the Santa Fe system, to be vice pres-  
ident of the Frisco system, in charge  
of the purchasing, stores and fuel  
departments of the road. Mr. Rice  
will have his headquarters at St.  
Louis. He leaves the Santa Fe after  
continuous service with the road since  
1887, having entered its employ as a  
brakeman on the division between  
Furrell, Okla., and Temple, Tex. As  
assistant general storekeeper in charge  
of the coast lines, Mr. Rice made his  
headquarters here for several years  
and his promotion will be gratifying  
news to his friends in this city. His  
successor has not yet been announced.

**WANTED**—Furniture of every  
description for cash. Edward Frank,  
auctioneer, 122 W. Silver, Phone 945.

Full weight and satisfaction guar-  
anteed when ordered from the New  
State Coal and Wood Yard, Phone  
25. C. K. Kunz, proprietor.

**THE ROSE MAID IS**  
COMING TO THE ELKS  
THEATER NEXT MONTH

One of the most attractive offerings  
of the season will be the recent  
Weber-Luescher light opera success,  
"The Rose Maid," that is announced  
for a performance here on December  
6 or 8, at the Elks' theater. Last  
season's three "Rose Maid" com-  
panies have been taken over entirely by  
Frank C. Payne, one of the best  
known of the young producing man-  
agers in New York and he has wisely  
decided that a success of the caliber  
of "The Rose Maid" should be pre-  
sented only with one company and  
with the best production and cast that  
can be secured. Mr. Payne was asso-  
ciated with Henry W. Savage's latest  
productions for seven years and was  
general manager for all the Weber-  
Luescher enterprises until he assumed  
control of this latest success. "The  
Rose Maid" will have his personal  
attention throughout its second  
annual tour, which in itself is a guar-  
antee that the company will be one  
of the best sent out of New York.

**RIOT OF CLEAN FUN**  
ASSURED IN OFFICER  
666 TOMORROW NIGHT

"A riot of clean fun" exactly  
describes Augustin MacHugh's famous  
undramatic farce, "Officer 666,"  
which appears at Elks' theater to-  
morrow night, and which ran for  
nearly a year at the Gaiety theater in  
New York, and when Godhamites con-  
tinue to laugh and applaud a comedy  
for that length of time, it must be  
"some play." "Officer 666" is a sure  
enough play. In construction it is  
absolutely novel, and its many scenes  
are as full of action, its climaxes so  
true in unexpected surprises, that its  
audiences are treated to thrill after  
thrill in a perfect maze of mystery.  
If you want to laugh without in-  
terruption for two mortal hours see  
"Officer 666."

**ALBUQUERQUE WILL**  
HAVE AUTO ROAD  
TO THE GULF

Blue Book Official to Begin  
Logging Route From Here  
to Amarillo, Only Missing  
Link in Highway.

Marion Dods, official compiler of  
the Blue Book, and Seth B. Holman,  
general secretary of the Co-Operative  
Commercial club of western Texas  
and eastern New Mexico, will log a  
road from Albuquerque to Amarillo,  
Tex., according to a telegram sent  
yesterday to Mayor Sellers by Mr.  
Dods from Amarillo.

Mr. Dods and Mr. Holman will ar-  
rive here Sunday. The former sug-  
gested to the mayor in his wife the  
idea of a good road meeting here  
Monday to stir up enthusiasm in the  
project. Mayor Sellers said last night  
that he would call the meeting, but  
was undecided then whether to hold it  
in the afternoon or at night. It will  
be held at the Commercial club.

Mr. Dods and Mr. Holman will be-  
gin logging the road from here, driv-  
ing to way of Estancia, Encino and  
Santa Rosa. Mayor Sellers will pro-  
vide for automobile relays at these  
towns.

The logging of an automobile route  
from here to Amarillo means that Al-  
buquerque will have a direct road to  
the Gulf of Mexico. Mr. Dods has  
just finished logging a road from Cor-  
pus Christi, Tex., to Amarillo, so the  
greater part of the project already is  
completed. The Albuquerque-Gulf  
road will be a branch of the Ocean-  
to-Green highway, connecting with the  
transcontinental highway at Albuquer-  
que.

The mapping of a road from Clovis  
to Albuquerque was started at the  
Curry county fair held a month ago.  
Mayor Sellers spoke at Clovis at that  
time on the road and the Commercial  
club officials of Clovis began action  
which resulted in the decision of the  
Blue Book officials to log the Albu-  
querque-Amarillo road.

Mr. Dods and Mr. Holman will not  
only map the road but will also or-  
ganize good roads associations in all  
towns along the route, according to  
the former's telegram to the mayor.

**SEVERAL SUBSCRIBERS**  
**TO STATE FAIR FUND**  
**HAVE NOT YET PAID**

Thomas A. Hinkert, assistant man-  
ager of the state fair, reported yes-  
terday to Simon Stern, secretary-  
treasurer of the fair commission, that  
a number of subscribers to the fair  
fund had not yet paid. The manage-  
ment and commission were delin-  
quent to pay their subscriptions at  
once, as neither the manager nor  
commission will be able to make their  
final reports until all money has been  
received.

**SHED AT REAR OF**  
**CHAUVIN HOME BURNS;**  
**FIRE'S ORIGIN UNKNOWN**

A shed belonging to A. Chauvin,  
823 North Eleventh street, was de-  
stroyed by fire at 10:20 o'clock last  
night. The origin of the fire could  
not be ascertained by Chief Jacob  
Klein. Mr. Chauvin, who had retired  
before the fire started, was unable  
to account for it. The shed was al-  
most totally burned when firemen  
from the central station arrived.

**FRAIL, WEAKLY CHILD**  
Made Strong by Vinol.

So many cases like this are coming  
to our attention for the benefit of  
fathers and mothers of weak, sickly,  
ailing children in this vicinity we pub-  
lish the following letter:

Mrs. J. P. Weatherford, Litchfield,  
Ill., says: "We have had an invalid  
child for the past nine years and un-  
til we began using Vinol, we some-  
times thought there was little hope  
for him. He would have terrible  
coughing spells at night, and they  
would leave him so exhausted. We  
tried everything, but to no avail. At  
last some one suggested that we try  
Vinol, and we noticed a change in  
him from the very first. The coughing  
spells ceased and he gained in  
strength right along. We would not  
be without it and would advise par-  
ents who have frail and weakly chil-  
dren to try Vinol."

This is because the child needed  
the strengthening and liver elements  
and the tonic from that Vinol con-  
tains. No oil, delicious taste. Chil-  
dren love it. We give back your  
money if Vinol does not benefit  
Burt's, Inc., Drugists, Albuquerque,  
N. M.

P. S.—For rough, scaly skin, try our  
Saxa Savas. We guarantee it.

**Chicago Mill & Lumber Co.**

**RESULT OF CONFAB**  
WITH M'MILLEN  
KEPT SECRET

Committee Decides Not to An-  
nounce Answer of Water  
Supply Company President  
Until Council Meeting.

The answer given by A. B. Mc-  
Millen, president of the Water Supply  
company, to the committee of coun-  
cilmembers appointed by Mayor Sellers to  
learn whether the corporation would  
sell to the city, will not be known  
publicly until next Monday night.

Councilman George C. Schwan,  
chairman, said last night after the  
conference with Mr. McMillen, that  
the councilmembers decided it would  
be an act of discourtesy to the coun-  
cil to divulge the result of their in-  
terview before the meeting. He will  
make a formal report to the council  
next Monday night, he said.

The committee's report to the coun-  
cil is expected to contain the infor-  
mation that the water company is dis-  
posed to treat with the city officials.

**CHORAL SOCIETY IS**  
**MAKING GOOD PROGRESS**

On Tuesday evening the work of  
the Choral society was begun in ear-  
nest. The meeting of the society was  
held in the high school auditorium,  
which will be the regular meeting  
place hereafter. A marked atmos-  
phere of enthusiasm and sincere effort  
prevailed, most encouraging to the  
director, Charles J. Andrews. Seven-  
ty-five members were present, an in-  
crease of about fifteen in the mem-  
bership list since last Tuesday. The  
new members are: Miss Grace Fort-  
dalle, Miss Margaret Jenkins, Mrs. E.  
B. Risk, Miss Martha Stewart, Mr. and  
Mrs. L. M. Hinchman, Miss Eva-  
nappe, Mrs. L. H. Morris, Mr. O. J.  
Cline and Miss Georgia Sherman.

Phone No. 684.

**JUSTICE ZAMORA'S**  
**ANCIENT PISTOL NOT**  
**DEADLY, SAYS COURT**

Justice Juan R. Zamora's ancient  
pistol did not appear to Justice  
George H. Craig yesterday to be a  
"deadly weapon," so he found the  
Albuquerque official not guilty. Jus-  
tice Zamora was arrested at Old Albu-  
querque Monday night by Deputy  
Sheriff Quenna Center, on a charge  
of carrying a deadly weapon.

State of Ohio, City of Toledo, Lucas County, ss.  
Frank J. Cheney makes oath that he is senior  
partner of the firm of F. J. Cheney & Co., de-  
scribed in the City of Toledo, County and State  
aforesaid, and that said firm will pay  
the sum of \$300,000 to the State of Ohio for  
each and every rate of catch that cannot be  
cured by the use of Hall's Catarrh Cure.
