ATE HEARING GOES INTO THIS WEEK; FIGURES PLAY BIG PART

Early Lawyers and Still More Weary Witnesses Show Disappointment When Enforced Delay Is Announced.

HOME WILL MISS THANKSGIVING AT HOME

Evidence Yesterday for Most Part Review of Figures and Charts by Rate Specialists Introduced by Railroads.

As the third day's hearing of the rate cases before Examiner Mackley, of the Interstate Commerce commission, were on yesterday, it became increasingly evident that the time being killed by discursive witnesses, extended arguments by lawyers and over-inclusive rate men would force a continuance of the case into the coming week, the annoyance and tedium of those who have followed the dry technicalities of the hearing became more and more evident.

Most of those connected with the case are a long distance from home. Many the failure to finish the hearing Saturday night will mean the failure to eat Thanksgiving turkey at home. To all it means disappointment and unsettled plans.

Late in the afternoon this feeling was apparent in the attitude of the various attorneys and litigants towards each other. The good humor and courtesy which have prevailed since the hearing has been in progress, and the discussion of the case, and the atmosphere of the hearing had been only good-natured and friendly rivalry.

Judge Cowan, representing the state corporation commission, could not resist his impatience at what he considered the delay. He said that his opponents in the hearing were not to be much of the evidence that was offered by the railroads. Freight and passenger rates, which took up most of the examination, were not to be much of the evidence that was offered by the railroads.

There was a smaller crowd in the court room than on any day since the hearing began, due doubtless to the testimony of the witnesses. The examination of the evidence was not to be much of the evidence that was offered by the railroads.

Mr. Barnes testified that previous to his connection with the state corporation commission he had been connected with the railroads. He said that at one time he was with the Santa Fe, and afterwards with the El Paso and Southern.

Under normal conditions, Mr. Barnes testified that he had been connected with the railroads. He said that at one time he was with the Santa Fe, and afterwards with the El Paso and Southern.

REINFORCEMENTS OF TROOPS ON FRONTIER IS SIGNIFICANT

Department Attaches No Importance to Movements of Soldiers but Army on Border Is Being Increased.

TROUBLE IS FEARED FROM JUAREZ FIGHT

Apprehension in Regard to Safety of Oil Property at Tuxpam Is Allayed by Assurances of Rebel Leaders.

Washington, Nov. 22.—Reinforcement of American troops on the Mexican frontier was a development today relating to the Mexican problem, but this movement of troops was said to be not at all alarming by official statements issued in explanation.

It was said at the war department that one of two infantry regiments is to be ordered immediately to Fort Bliss, near El Paso, for the purpose of freeing one of the cavalry regiments now stationed at that fort for active duty along the international line.

The choice will fall upon the Sixteenth infantry, now at the Presidio, San Francisco, or the Twentieth infantry, stationed at Fort Douglas, near Salt Lake City.

To serve as a garrison and defend the city of El Paso from any possible attack from the south of the line, or to police the city in case of rioting, it was said that the military organization would be as serviceable as the mounted soldiers, on the other hand, not being a mobile force.

The net result of the order is to increase by a full regiment the force of American troops available to maintain order along the border. That the army may be needed for this purpose was asserted by members of the Texas congressional delegation and Secretary Garrison yesterday.

Reports of threatening disorders near Laredo, far to the south and east of El Paso, also reached the war department, but General Bliss, who transmitted them, at the same time informed the Washington officials that he had dispatched another squadron of the Third cavalry, from Fort Sam Houston, San Antonio, to reinforce the squadron already there.

With the feeling of apprehension as to the safety of the oil tanks near Tuxpam allayed by pleas from the rebel leaders that there is no violation of property rights there, many officials were considerably relieved today. It was expected that one of the two British armored cruisers from the Barbados would put in an appearance at Tampico almost immediately.

Safe to withdraw the battleship New Hampshire from Tuxpam, particularly as the battleship Louisiana remains in that neighborhood to look after foreign interests. With the removal of all understanding as to the reason for the visit of British ships to the oil coast, it was felt that the lines of protection against anarchy would be strengthened materially. There has been fear that an attempt might be made to fire the great oil tanks, wherein are stored nearly 10,000,000 barrels of petroleum.

MEXICAN BANDIT HIDDEN IN MOUNTAIN FASTNESSES

Salt Lake City, Utah, Nov. 22.—Thirty peace officers here were searching today for Ralph Lopez, the Mexican bandit who yesterday shot from ambush and killed three deputy sheriffs, but up to a late hour tonight have been unable to come in contact with him.

This afternoon he was seen by a posse of citizens from Mendocino, in the mountain divide into that mining camp. He retraced his steps upon sighting the posse, and now is lodged in the fastnesses of the mountains. He is surrounded on every side and it is said by Sheriff Smith of Salt Lake county that he cannot hold out longer than tomorrow.

Last night a new posse of deputies left Salt Lake City in an automobile, and it is expected that a battle will be had with the Mexican in the morning. "Diamond" Field, Jack Davis and Lester Wire, Salt Lake peace officers, two of the most expert riflemen in the west, were in the lead party. All are armed with heavy caliber rifles.

LOYD-GEORGE FORESEES DEFEAT FOR SUFFRAGE

Oxford, Eng., Nov. 22.—Chancellor Lloyd George thinks it impossible now for the woman suffrage to obtain the passage of a bill granting the parliamentary franchise to women in the British Isles, as they have not a majority of the people behind them and are not supported by any political machine. He gave this reply to deputations which waited upon him today.

"Ministry of some of the women," said Mr. Lloyd George, "has set forth the opinion in the British Isles against them and there is no use trying to take a woman's suffrage bill against the wishes of the public."

"As for the forcible feeding of the hunger strikers, the only alternative is to allow them to starve and that is counseled by nobody."

NEGRO TROOPS ARE CHARGED WITH ARMY THEFT

Three Soldiers of Ninth Cavalry, Including Private George Washington, Said to Have Defrauded Government.

Douglas, Ariz., Nov. 22.—As a result of the recent theft of 3,200 rounds of ammunition from Troop L, Ninth United States cavalry (negro), six arrests were made and it was said that thirty more were in prospect.

Three soldiers and three Mexicans were arrested, charged with grand larceny and conspiracy to smuggle munitions of war from the United States into Mexico.

The soldiers, Sergeant Sheppard and Private George Washington and William Williams, also were charged with having sold government ammunition, an offense carrying a heavy penalty.

The Mexicans taken into custody were Armando Hernandez, Angel Guadalupe and Juan Madrid, all of whom drive automobiles between Nogales and Agua Prieta, Sonora.

Constitutional officers returned the ammunition, although it had been distributed among the soldiers. A majority of the people behind them and are not supported by any political machine. He gave this reply to deputations which waited upon him today.

"Ministry of some of the women," said Mr. Lloyd George, "has set forth the opinion in the British Isles against them and there is no use trying to take a woman's suffrage bill against the wishes of the public."

FULLBACK BRICKLEY
DOWNS YALE BY
GREAT KICKINGFour Field Goals by Harvard
Star, Result in Defeat of
Blue Eleven by Fifteen to
Five Score.(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Cambridge, Mass., Nov. 22.—The
Harvard football team of 1913, with
Fullback Charles E. Brickley playing
in the stellar role, established a new
epoch in Crimson gridiron history to-
day by defeating Yale, 15 to 5.Neither team succeeded in carrying
the ball across the other's goal line
and all the points were the direct or
indirect results of Brickley's seven
times kicking the ball spinning
and turning over the heads of the
Yale players and so deadly was his
accuracy with eye and toe that five
times the ball crossed the goal bar
for Crimson points. Four times
Guernsey, Yale's field goal kicker, re-
sisted the same feat, but only once
did the leather spheroid cross Har-
vard's goal. To the Blue earned three
points, there were added an unearned
two, due to an unintentional safety by
Left End O'Brien of Harvard.Thus, thanks to Brickley's superior
kicking ability, did Harvard defeat
Yale for the second time in two years
and win undisputed right to the eastern
intercollegiate football championship
of the year.Spectacular as was Brickley's play,
both in punning and kicking, the fact
remains that the superior machine
that Coach Haughton developed this
autumn earned equal glory with the
famous drop kicker, for it was the
concerted play and efforts of the
eleven men as a whole that made the
year for the situation from which
Brickley scored the fifteen points that
stood tonight as Harvard's record
against the Blue.That Guernsey, on the other hand,
failed to approach Brickley's feat, was
due almost entirely to the fact that
the team in front of him could not
hold or drive back the Crimson to a
point where field goal kicking passed
from the improbable to the possible.
This was not accounted for by any
great physical or technical superi-
ority of the Harvard men as individ-
uals, but rather by the coaching
methods and system of attack and
defense.Stated broadly, Harvard played a
well balanced game in the best and
most conservative parts of the new
and old football were successfully
combined.Opposed to this was a Yale game
that would undoubtedly have won
under the "five yards in three downs"
rule, but which was assisted to win
against the Harvard eleven of 1913.
The victory of the Crimson, therefore,
was as much a victory for the Har-
vard coaching system as it was for the
Crimson players.That it was a Harvard victory in
every sense of the word, devoid of
flukes or unquestionable features, is
proved by the statistics of the play-
ing.Harvard in all gained 229 yards
and 9 first downs in 57 rushes, against
Yale's 142 yards and 6 first downs in
41 rushes. Mahan gained 777 yards in
16 punts to 452 yards in the com-
bined 13 punts by Guernsey and Knowles.Brickley kicked five goals out of
seven tries. To Guernsey's one goal in
four tries, Harvard players ran back
Yale punts 133 yards, against 84 yards
thus regained by the Eli backs. In
penalties, Yale lost thirty yards for
holding and rough tackling to Har-
vard's five yards for offside play.More than 47,000 of the alumni,
undergraduates and adherents of the
two universities, were gathered from
all parts of the country. The weather
was perfect.Traditions were upset and history
established in several ways. The vic-
tory was the first scored by the Crim-
son over the Blue in the stadium since
it was built in 1902, and the first vic-
tory over Yale at Cambridge since 1901.
Captain Storck earned the unique
distinction of being the first Har-
vard captain to be graduated from
the university after four years of
play without witnessing or partici-
pating in a Harvard defeat by Yale.Brickley, by his remarkable play-
ing and kicking in this and preceding
games, virtually assured himself of
the captaincy of the 1914 eleven.That Harvard really defeated Yale
by a score of 15 to 5, is conceded by
the adherents of both elevens tonight.
For the safety scored by O'Brien was
a two point gift to the Blue, due to a
misunderstanding of the rules. The
play with its unusual feature came in
the first period. Immediately follow-
ing Brickley's first field goal, from
Yale's thirty-eight yard line, Guernsey
kicked off from his own forty-five
yard line in accordance with the rules.
It was a long drive and the ball hit
the Harvard goal post about six feet
from the ground, bounding back to
Harvard's five-yard line. Had the
spheroid remained there it would have
gone to Harvard and been put in play
in the usual way. Instead, O'Brien,
to make doubly sure what he con-
sidered a sure thing, kicked it up
while the Yale players were still yards
away and carried it back across his
own line, where he touched it down,
thus committing a safety play, ac-
cording to the ruling of Referee Lang-
ford.This was the only error of judgment
noticeable in a hard fought clean
game. Of fumbling there was little
and the few slips that occurred were
rectified by quick recoveries. There
were few exhibitions of temper,
despite the desperate character of the
struggle, and these did not reach the
penalty point at any time. Such oc-
casional lapses were forgotten in the
fine display of individual and team
effort. With but one or two ex-
ceptions the combinations forming the
two teams played football of high
standard and several of both the Yale
and Harvard elevens rose even above
this plane.Navy Family Overwhelms
New York University
Annapolis, Md., Nov. 22.—The Navy
defeated New York University by 45
to 6 today in the final contest on the
home grounds prior to the big inter-
service struggle with the Army at
West Point next Saturday.The team the Annapolis coaches put
in for the contest was composed largely
of subs and several of the varsity men
did not don football clothes, but sat
on the coaching bench watching the
struggle.ARMY SCORES FOURTEEN
POINTS OFF SPRINGFIELD
West Point, N. Y., Nov. 22.—Two
touchdowns and a safety, totaling 14
points, were the army's score in its
game today with the Springfield
Training school. The cadets used
many subs, the coaches giving the
regulars but a short session.CARLEISLE INDIANS BEAT
SYRACUSE IN GREAT GAME
Syracuse, N. Y., Nov. 22.—Carlisle
Indians defeated Syracuse in the
Archbold stadium today, 25 to 27.
The game was one of the most
spectacular seen here. All through
the game the two elevens took turns
in scoring.During the first three minutes of
play Carlisle, the Orange halfback,
broke away from the Indians on an
end run and gained sixty yards for
the first touchdown. By straight rush-
ing two touchdowns were scored for
Carlisle in the first quarter, and the
winning point was scored by Gar-
land in the second quarter. Halfback
Bracklin also accounted for two of
the Indians' touchdowns later in the
game.Toward the end of the second quar-
ter Syracuse carried the ball from
their own forty-yard line over for a
touchdown. Kinsley, right halfback,
making the last run for twenty yards.
For the Indians, Guyon scored a
touchdown in the final period and
Halfback Garlow kicked the goal.BANNER FOOTBALL
GAME SCHEDULED
FOR THURSDAYAnnual Clash Between Uni-
versities of New Mexico and
Arizona Expected to Draw
Record-Breaking Crowd.Thursday afternoon, Thanksgiving
day, the state universities of New Mex-
ico and Arizona will clash in their an-
nual football game at Association park.It is expected that this game will be
one of the hardest fought gridiron
contests ever witnessed in Albuquer-
que, as both teams are evenly
matched, as regards weight, and both
are anxious to be returned the victor.
Arizona has now beaten New Mex-
ico twice in succession, each time by
a small margin, and the New Mexico
boys are anxious to turn the trick on
their rivals and obtain their long de-
sired revenge.Sincere practice to being indulged
in on the hill every afternoon with
signal practice at the gymnasium each
night. The University of New Mexico
realizes that a great deal depends on
winning this game, and every man on
the team is training faithfully to be in
the best possible shape for the con-
test.All the boys are in good condition
and ready for a hard battle. Shuffler-
houser, the varsity star and who was
sick for a couple of weeks, is now
back at practice, and with this pos-
sibility filled, the varsity will present
its regular lineup against Arizona and
is confident that when the final whistle
blows, the long end of the score
will be in their favor.The Thanksgiving game will come
at the end of the N. M. E. A. meet,
and it is expected that a large num-
ber of the teachers will avail them-
selves of the opportunity and remain
over for this contest.EARL COOPER VICTIM
OF SERIOUS ACCIDENT
(BY MORNING JOURNAL SPECIAL LEADER WIRE)
San Jose, Calif., Nov. 22.—Earl
Cooper, winner of several automobile
championships on the Pacific coast, including
this year's Santa Monica road race,
was seriously injured in a hospital to-
night as the result of an accident
while tuning up his car for a contest
against time tonight. Cooper's racer
slew out a rear tire while he was go-
ing at the rate of seventy miles an
hour, and rather than attempt to
make the turn at the head of the race
track he shot straight for the outside
fence, described an arc in a grain field
and crashed back through the same
fence several times, fracturing his
back and his back was wrenched, but at
the hospital it was said tonight that he
would recover, although he would be
on his back for weeks.COLORADO DEFEATS
MINERS; ANNEXES
CHAMPIONSHIP
(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Denver, Nov. 22.—The University
of Colorado captured the Rocky
Mountain conference football cham-
pionship here today, defeating the
Colorado School of Mines by a score
of 20 to 0.The first score was made in the
second period, when Huber, for Colo-
rado, made a touchdown and Nelson
kicked goal. In the third period, Nel-
son kicked a field goal from the
twenty-three yard line. Another field
goal by Nelson in the fourth period
followed by a touchdown by
Walker, after which Nelson, for the
fourth time during the game, booted
the ball through the goal posts.A large crowd jammed the stands.
Both colleges had sent delegations of
hundreds of enthusiastic students to
root for their teams. Ideal weather
prevailed.SILVER CITY-BUSINESS
COLLEGE GAME IS OFF
The proposed basketball game be-
tween the Albuquerque Business col-
lege and Silver City Normal school
has been postponed until a later date.
The Normal school expressed their
desire of playing either Tuesday or
Wednesday, but on account of the
local army being used by the schools
for their various exhibits for three
days of this week, it will be impos-
sible to accommodate Silver City at
this date. Silver City has promised
the local business college team a game
for the middle of December and a re-
turn game in Silver City some time
before the last of February.This news will be a disappointment
to the local followers of this popular
indoor sport, as the stencio are in ex-
cellent shape for a game just now
and reports from Silver City state that
that team has been working hard
in anticipation of sending a winning team
to El Paso in February to compete in
the Southwestern conference meet.This will also disappoint a good
many of the visiting teachers, who
were looking on the game as an at-
traction of the convention second only
to the big football game on Thanks-
giving day between New Mexico and
Arizona.Danny Maher Leading Jockey.
London, Nov. 22.—The close of the
English flat racing season here today
found "Danny" Maher, the American,
again at the head of the list of win-
ning jockeys with a total of 14 firsts.
His nearest competitor is Frank Woot-
ton, who won ninety-one races. The
sums won by owners on the average
was small, J. B. Joel took the flat
with \$125,000, August Belmont and
Harry Payne Whitney were both be-
hind the \$50,000 mark in their win-
nings.1913 Football Record
of Fatalities Totals
Fourteen; 175 HurtChicago, Nov. 22.—Fourteen
players were killed and 175 were
injured in football games in the
season which virtually closed to-
day. This record of casualties is
only slightly below that of 1912,
when fifteen players met death
and 183 were injured. Only two
university players were killed.These figures were compiled
from press reports and published
here today. The injured include
only those who suffered broken
bones, torn ligaments, severe
sprains and strains and internal
injuries.Of the fourteen deaths, thirteen
succumbed to injuries occurring
this year. Charles Schweizer,
formerly a Hamilton university
player, died November 15, at St.
Paul, following a complication of
diseases resulting from injuries
sustained several years ago. Other fatalities
resulted with few exceptions from
fractured skulls, broken necks or
spinal injuries.CHICAGO OUTPLAYS
WISCONSIN AND
WINS 19-0
(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Chicago, Nov. 22.—Outplaying, out-
gunning and outthanking their oppo-
nents, the University of Chicago foot-
ball stars defeated today the Uni-
versity of Wisconsin eleven, 19 to 0, and
won the undisputed title of conference
champions. The Maroons wound up
their campaign with a victory so log-
ged that it left no doubt of their
right to the title.The rout of the Badgers was a fit-
ting climax to the Maroons' wonderful
autumn work, for they have not
downed all rivals. The Maroons
played a steady, machine-like game.
Norgren's long punts were important
factors. Dives into the line by Pierce
and Trace worked wonders and a great
run of eighty-two yards for a touch-
down by the latter, who had inter-
cepted a forward pass, was the spec-
tacular event of the game.The first quarter was less than five
minutes out when the Maroons pushed
Norgren over for the first touchdown.
The kick was missed. A thirty-yard
run by Hollows started a rally in the
first quarter that nearly put the Bad-
gers over, the visitors carrying the ball
to the Maroon's twenty-yard line, where
they lost it by holding in the line.Gray's spectacular run was about
the most disastrous termination of a
forward pass that Wisconsin had. The
ball was on Chicago's twenty-yard
line. Hollows hurried the ball where
he thought Gracie would be. Instead
of Gracie it was Gray who got the ball
and he sped toward the goal. He ran
the eighty-two yards to the line, plant-
ing the ball back of the post and goal
was kicked easily.Touchdown number three came in the
third quarter. Again a Wisconsin
rally was stopped after three times and
the Maroons started Norgren, Russell,
Gray and Pierce driving the Badgers
back to their own line. A halfback
ball, Harris missed the goal from a
difficult angle, after Pierce had
crossed the line. Twice in the last
period fumbles prevented possible
Wisconsin scores.MINNESOTA IS VICTOR
OVER ILLINOIS, 19-0
Champaign, Ill., Nov. 22.—Minne-
sota won from Illinois today, 19 to 0,
after a desperate battle. Both teams
used the forward pass most freely.
Illinois, after a series of straight for-
ward plays, had been scored by the Gophers, came
back strong in the last period and
rushed their opponents off their feet,
scoring one touchdown and keeping the
invaders dazed by their play the
rest of the time.Minnesota, plainly stronger than
Illinois, could not gain by straight foot-
ball. Early in the first period, Cap-
tain Rowe of Illinois scored a field
goal. In the second period, Shaugh-
nessy's yardage was so good that he
scored a touchdown. Solon gained
a touchdown for Minnesota.In the third and early in the fourth
periods the Gophers made two more
scores, principally through forward
passing. Then the tide of battle
quickly changed.The battle was fought on a slippery
field, and the backs slipped and stum-
bled frequently, but fumbling was in-
frequent.Minnesota resorted to kicking much
more than Illinois. The first quarter
was slightly in favor of Illinois in ground gaining
by straight football.During the second and third periods
Minnesota outplayed Illinois, both of-
fensively and defensively. Rowe and
Wilson, star performers for Illinois,
showed well in their last
appearance. Chapman and Watson
played their usual strong game in the
line. Minnesota's with Matern,
Shaughnessy and Solon, its lead-
ing lights, played great football. Wagner,
of Illinois, was the hero of the fourth
quarter. His punt was responsible
for Illinois' touchdown. Quarterback
Solman scored his form of last year
in passing the ball.An enthusiastic crowd witnessed the
game.STAG SUCCESSFULLY

WITH SANTA FE;
SCORE 44-0Negro Substituted on Ancient
City Team Provokes Caus-
tic Comment From Stands
and Temporarily Halts Game.The Albuquerque high school foot-
ball team plainly outplayed the Santa
Fe high school eleven yesterday af-
ternoon on Association park field, win-
ning a lopsided game by the top-sided
score of 44 to 0.The substitution of Slaughter, a lad
of dusky hue wearing button patent
leather shoes with velvet tops, at right
half for Santa Fe, when Cartwright
was knocked in the first quarter,
caused Captain Emmons of A. H. S.
to protest, temporarily delaying the
game, and provoked such a storm of
cussing comment from the spectators
that for a moment it seemed that a
miniature race riot might be in the
making. It had been agreed before
the game that the negro would not be
played and, as he was the only avail-
able back sub in the Santa Fe squad,
the Albuquerque boys were avoiding
the least semblance of race tactics
in order that no substitution would be
necessary in the Santa Fe backfield.Nevertheless, Cartwright was injured
and, though he tried to remain in the
game, Slaughter was run in. Imme-
diately the entire A. H. S. team was
up in arms and Captain Emmons re-
minded the Santa Fe captain of the
agreement made before the game.The Santa Fe boys offered to continue
the game with only ten men, and in
the face of such gestures, the local
team agreed to allow Slaughter to be
substituted, and the game once more
resumed its tortuous course.It was purely and simply a case of
too much class on the part of the lo-
cal team, and, as a result of the un-
willingness of the team from the Ancient
City to cope with their opponents, the
Central school boys did not play up
to their usual form. In fact, from be-
ginning to end, an account of injuries
to players and other delays, the game
was so slow that neither team was
able to even get warmed up. Santa
Fe was touted as having not been de-
feated this year, but that being the
case, it is a cinch they don't play the
same brand of football in the vicinity
of the state capital as is indulged in
in this neck of the woods.The assortment of plays opened up
by the local team completely bewid-
ered the Santa Fe eleven, and they
were groping in the dark from start
to finish, although they seemed to
take a slight trace in the last quar-
ter.The local high school team will
play the Menaul school eleven next
Saturday on Association park field in

GOMPERS IS AGAIN MADE PRESIDENT OF FEDERATION

Choice of Noted Labor Leader Is Practically Unanimous; Philadelphia Is Chosen for Next Convention.

BY MORNING JOURNAL SPECIAL LEADER WIRE
Seattle, Wash., Nov. 22.—The American Federation of Labor adjourned tonight after election of officers and choosing Philadelphia as the place for its next convention, which will assemble on the second Monday of November, 1914. The officers chosen are:

President, Samuel Gompers; first vice president, James Duncan, second vice president, James O'Connell, secretary, third vice president, Dennis A. Hayes, fourth vice president, Joseph P. Valentine, fifth vice president, John R. Alpine, sixth vice president, John H. Perham, seventh vice president, John P. White, president of the United Mine Workers of America, eighth vice president, Frank Duffy, general secretary of the Brotherhood of Carpenters and Joiners, treasurer, John H. Lennan, secretary, Frank Morrison.

In this list are only two new men, White and Duffy. Second Vice-President John Mitchell and Fifth Vice-President William D. Huber retired voluntarily.

For the delegate of the British trade union congress, W. D. Mahon, president of the International Brotherhood of Street and Electric Railway Employees, was elected over Congressman Fred T. Wheeler, of Los Angeles, by a vote of 14 to 3. John Mitchell nominated Mahon and Wheeler's vote was looked on as a test of socialist strength.

For alternate delegate to the British trade union congress, Matthew Wall, of the Photograph Engravers' union, was unanimously elected. Mortimer Doughton, of Butte, Mont., was chosen delegate to the Canadian trades and labor congress.

A conference was held last night at which it was agreed to place John P. White on the executive board, as John Mitchell had desired. This removed all talk of opposition to Samuel Gompers for the presidency. The election of Gompers today was unanimous except that William Kneer, delegate of the Utah Federation of Labor, asked to be recorded in opposition, as he had been instructed so to vote. His declaration was received with jeers and there was a great demonstration when Gompers was declared elected.

There was a contest over the second vice presidency. George Berry, president of the Printing Pressmen, nominating William H. Johnston, president of the machinists, who was defeated by O'Connell. The vote on convention city was: Philadelphia, 16-634; Fort Worth, Tex., 8-132.

President Gompers closed the convention with an address in which he said no further convention had been so largely attended both by delegates and visitors. He announced that the executive council would meet in Seattle next Monday.

The honors of the closing hours were shared by President Gompers with John Mitchell. Shortly before adjournment a resolution was adopted instructing the executive council to draw up resolutions expressing regret at the retirement of Second Vice-President John Mitchell. There was long cheering while Mr. Mitchell went to the platform and shook hands with Gompers. Mitchell made a farewell speech in which he exhorted the delegates to organize the unskilled men

and women workers, and to help the children. For himself, he said, he was more interested in the organization of women than of men.

James J. Reid, president of the seceding faction of the Brotherhood of Electrical Workers, sent a telegram to this city tonight announcing that he had resigned his office on account of broken health. He is in a sanatorium at Springfield, Ill.

Reid's resignation is expected to simplify the task of the executive council of the Federation of Labor, which has been instructed to take steps to bring the seceders back into the regular body of electrical workers.

Among resolutions adopted by the convention was one instructing the executive council to cause an investigation of charges that certain lands of Michigan copper companies were obtained from the government by fraud and directing that if proof of fraud be obtained the president and congress be asked to take steps for the restoration of such lands to public domain and for restitution by the companies.

SECRETARY OF STATE BOSSSED BY GRANDCHILD

BY MORNING JOURNAL SPECIAL LEADER WIRE
Washington, Nov. 22.—Little John Bryan Leavitt, walked into the office of the secretary of state today, attired in hunting garb and with a little shotgun over his shoulder. Diplomats, officials and secretaries were standing about him.

"Grandpa," the little fellow said, "you promised to go duck hunting at 1 o'clock. You're late. Let's go now."

Secretary Bryan looked at his desk, found no dispatches of importance, disposed of his callers and obeyed the call of the hunt. He went down the Potomac river.

ASKS THAW'S DELIVERY TO NEW YORK SHERIFF

BY MORNING JOURNAL SPECIAL LEADER WIRE
Concord, N. H., Nov. 22.—The delivery of Harry K. Thaw into the custody of Sheriff H. A. Dyer, of Coos county, for the purpose of turning the prisoner over to New York state, was asked for late today.

The request came in the form of an answer filed in the United States district court by the sheriff to the deposition for a writ of habeas corpus presented a few days ago by Thaw's counsel.

This writ was asked for after Governor Folger had acceded to New York's request for the extradition of Thaw in connection with charges of conspiracy arising from his escape from Matteawan on August 17.

ENGINEER OF UNITED STATES GEOLOGICAL SURVEY FINISHES MAP

SPECIAL DISPATCH TO MORNING JOURNAL
Santa Fe, N. M., Nov. 22.—A. Gray, of the United States geological survey, will on Tuesday leave for his headquarters at Denver with the completed map of the Rio Grande drainage basin, to illustrate graphically the fact that the Rio Grande loses fifty per cent of its waters by seepage in New Mexico as it meanders from the Colorado to the Texas boundary. Mrs. Gray will accompany Mr. Gray and they will not return to Santa Fe until after Christmas.

French Miners Are on Strike.
Douai, France, Nov. 22.—About 40,000 of the 200,000 coal miners in this district have struck, and refuse to re-enter the mines until their demand for an eight-hour day has been granted. The movement is spreading rapidly and other grievances have been brought to the front.

Socialist Senators Are Likely.
Reno, Nov. 22.—The list of new senators which Premier Gault will submit to the king, it is reported, will include the names of two reformed socialists, who, if they are nominated, by the king, will be the first of that party to enter the senate.

Bank Wrecker Gets Seven Years.
Portland, Me., Nov. 22.—After a trial lasting 114 days, Herr Ohm, managing director of the Norddeutsche bank, which failed with liabilities of \$12,000,000, on July 27, 1914, was sentenced today to seven years' imprisonment for wrecking the institution.

A Richer Sult.
I stood beneath her lattice long
And strummed the mandolin.
She didn't seem to like my song;
She heeded not my din.

Another fellow won the maid
And left me all forlorn.
It seems he played his serenade
Upon an auto horn.

OLD AGE PENSION INAUGURATED BY UNION MEN

Bricklayers' Association Adopts Advanced Plan for Aid to Old and Infirm Members of Organization.

BY MORNING JOURNAL SPECIAL LEADER WIRE
Indianapolis, Ind., Nov. 22.—An old age pension and disability fund will be inaugurated by the Bricklayers' Masons' and Plasterers' International Union of America in 1914. The plan has just been voted on by the members of the union and Secretary William Dolson today began mailing from the union quarters here, circulars to the local unions, announcing that the vote was favorable.

The fund will be maintained by weekly assessments of 25 cents on each member of the organization. Each member entitled to draw upon the fund will receive \$5 a week from the payment, to be made monthly. Pensions will be allowed any member who has reached the age of 65 years and has been in good standing in the union for twenty years. If he is unable to obtain sustaining employment, and to any member who has been in good standing ten years and has become incapacitated for work by accident or ill health, not brought on by his own improper conduct. The widow of a beneficiary also may obtain the continuance of the pension if she is without other means of support.

The membership vote on the adoption of the proposition showed only 19,331 votes cast, with 11,761 in favor and 7,569 against the question. The union has about 30,000 members.

3 ACCUSED POSTAL EMPLOYEES ARE DISCHARGED

Case Against Former Santa Fe Postoffice Clerks, Accused of Embezzlement, Dismissed in Federal Court.

SPECIAL DISPATCH TO MORNING JOURNAL
Santa Fe, N. M., Nov. 22.—The federal court this forenoon dismissed the indictment against Charles J. Parsons, William E. Parsons and Alva G. Cornell, accused of embezzling \$1,500 in currency shipped by the First National bank of Santa Fe for redemption, to the First National bank of Denver. All three of the defendants are colored and were clerks in the Santa Fe postoffice; Charles Parsons in point of years of service being the oldest employee of the office and for many years held the position of secretary of the Civil Service examination board at Santa Fe. Postoffice inspectors charged the money disappeared before the pouch of registered mail was thrown into the mail car at Lamé. When the case was called this forenoon by Judge William H. Pope, United States Attorney Sumner Burkhardt moved for a continuance because of the absence of Postoffice Inspector Smith at Salt Lake. Attorney Charles C. Catron, on behalf of the defendants, insisted that they were not only ready, but eager for trial. After some legal fencing, an order of dismissal was entered and the bondsmen released of responsibility. The defendants have been suspended from the postal service, but their friends will work for their reinstatement.

It is believed that the disappearance of the money will be seized as a pretext for supplanting Postmaster John Plummer, who still has three years to serve, with a democrat.

Former Surveyor General Charles P. Kagle is slated by the democrats to succeed him.

MOTHER LOOK AT CHILD'S TONGUE

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, or has cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is of times all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled!

OLD PEOPLE EVERYWHERE SAY

Peruna is good for Coughs, Colds and Catarrhal Diseases.

Suffered Forty-five Years.
Mr. J. R. Prince, R. R. 1, Topeka, Kan., writes: "I am not very well satisfied with the picture that I am sending you, but when the reader looks at this picture if he could only realize that the original suffered for forty-five years, the best of his life until your kind advice and prescription cured him, he would know from whence those wrinkles came. Next month I shall be sixty-six years old."

Nervous Prostration.
Mrs. Martha Avery, 24 Graham St., Leominster, Mass., writes: "Four years ago I had nervous prostration. I employed several doctors. One would say I had catarrh of the stomach and bowels, another nervousness and another enlargement of the liver. My stomach was in a bad shape. There was nothing which seemed to do me much good."

Doctors Puzzled.
"I tried other remedies, but did not gain any flesh until I commenced taking your Peruna, which built me right up. I have taken several bottles, but have not taken any now for about six weeks."

Feels Ten Years Younger.
"I am seventy-three years old. I never expect to be entirely well or young again, but I am thankful for what Peruna has done for me."

Mr. Henry Mors, 324 Upper Mt. Vernon Road, Evansville, Ind., writes: "When I first wrote to you I had bronchial trouble for four years."

SANTA FE TO FAVOR CONVICT SCHOOL TO ALBUQUERQUE IS BE INSTALLED AT HINT OF RIPLEY STATE PRISON

President Says That While Railway Will Not Do Any More Work Than It Has to, It Will Do Some Here.

Thirty Prisoners Who Can Neither Read Nor Write Will Form First Class; Jose Ortiz y Baca Teacher.

The Santa Fe Railway will not make any more improvements than it has to this year, but it will do some work in Albuquerque.

This was the answer given last night by E. P. Ripley, president of the Santa Fe railway, when questioned as to the effect of the railway's retirement policy upon the erection of the \$1,500,000 shops here.

A statement made recently by the Santa Fe president, saying that the road would largely confine its expenditures this year to the maintenance of the system and that little new work would be undertaken, aroused wonder locally as to whether this intimated that work on the shops would be delayed. Mr. Ripley answered this last night.

"How about the shops?" was the first question shot at Mr. Ripley by an interviewer.

"Well, work on them is going on, and that sort of thing," said the president, "but while the railway would not do any work that it was not forced to do, some work would be done here. That was all he had to say."

Mr. Ripley's coming last night was unexpected to everyone but railroad officials. The Commercial club was not aware that he would be here, and the committee of the club, which raised Albuquerque's share of the purchase price of the shops site, did not see him. None of the Commercial club officers will see him this morning unless he arises early.

Mr. Ripley was accompanied by Mr. Ripley, the president's car, No. 11, was on train No. 1, which arrived at 7:25 o'clock. General Manager F. C. Fox, who hurried from Amarillo, his headquarters, to Trinidad, Colo., also arrived on train No. 1. Train No. 12 brought his private car from Amarillo and he left at 8:45 o'clock last night on No. 8.

General Manager A. G. Wells, of the Santa Fe coast line, arrived here yesterday afternoon, and will accompany Mr. Ripley west this morning on a special train.

This is Mr. Ripley's annual trip west to spend the next few months at his winter home at Santa Barbara, Calif. He will not return until next spring.

For the first time in the history of the state penitentiary, school for convicts will be held this winter, according to Warden John H. McManus, of Santa Fe, who was in Albuquerque yesterday.

Preparations already have been made for the opening of an "A-B-C" class next month. Jose Ortiz y Baca, mail clerk at the institution, will be principal and at the start the only teacher. Later, however, when the school enrollment increases, there will be more teachers.

The first class will have about thirty convicts, none of whom can read or write. The last report shows that there are 100 convicts in the prison who can neither read nor write, but since education is not compulsory at the age of the prisoners, they cannot be forced to attend. Thirty, however, have signified a desire to master a rudimentary education while they are incarcerated.

The last legislature made a provision for the transfer of \$500 from a surplus of the prison fund to a library fund for the penitentiary. Warden McManus will purchase books for the school from this fund.

VITAGRAPH FEATURE DRAMA AT CRYSTAL

In the special Vitagraph feature drama of "The Diver," to be seen at the Crystal today, the champion lady swimmer and acrobatic diver of the world, dives into the Niagara Falls just above the falls with all of her clothes on, to rescue a little girl who is being carried down-stream in a drifting row-boat.

"Ideal" the diver, struggles for her life in the powerful current and only through great strength and remarkable aquatic ability is able to prevent being overcome by the sweeping force of the rapids and carried, drowning, over the falls. Her battle in the rushing waters within spray distance of the terrible falls is grandly portrayed in all its startlingly vivid details in this drama. In her valiant swim to shore, carrying the child on her back, fighting every stroke of her way through the swift water that breaks over her in foamy sheets, she shows what it is possible for a swimmer to accomplish.

"Ideal" is familiar to theater audiences all over the world. She is a woman of charming personality and Venus-like beauty. She is considered one of the most beautifully formed women in the world.

At a town fête, at the home of her friend, whose little girl she saves, she gives an exhibition of her skill as a fancy diver, which is shown in the picture in a Grecian setting of extreme beauty, attended by her maids and knights of the bath.

AUTO ROUTE LOGGER LEAVES TODAY OVER PROPOSED GULF ROAD

Plans for logging the Albuquerque-Gulf road were consummated yesterday at a meeting held in the offices of the John M. Moore Realty company between officers of the Albuquerque Good Roads local, Marcus Doda, official auto "Blue Book" compiler, and Seth B. Holman, secretary of the Co-operative Commercial clubs of New Mexico and the Panhandle.

Mr. Doda and Mr. Holman were given assurance that the route from Albuquerque to the Bernalillo county line would be kept up. This is the worst stretch of road on the entire route, but work contemplated by the forest service on the Manzano national forest will improve this.

Mr. Doda and Mr. Holman will start at 8 o'clock this morning in a Buick car furnished by Jones & Mardorf. They will use this car to Santa Rosa, but at Estancia, Encino and other towns along the route motorists will act as pilots. They will make an effort to organize good roads locals in the larger towns.

800-MILE RACE FOR LIFE OF OFFICIAL BEGINS HERE

Special Carries J. R. Koontz, Santa Fe General Freight Agent Threatened With Pneumonia, Over Cut-Off.

The life of J. R. Koontz, general freight agent of the Santa Fe railroad, is the stake in a race with death begun here yesterday afternoon. The race will end today at Taos, N. M., Mr. Koontz's home, although whether Mr. Koontz is to live may be decided before then.

Mr. Koontz, who testified last Friday afternoon as a railroad witness before A. H. Mackley at the rate hearing here, yesterday morning became suddenly ill. Doctors at the hospital threatened with pneumonia and to ensure his chances of living it was decided to transfer him to a lower altitude.

A special train was made up with a private car, with Mr. Koontz, a physician and nurse as the only occupants, and the race was begun. The train left at 1 o'clock over the Belen "cut-off."

The special will make faster time over the "cut-off" than after it passed No. 812 yesterday afternoon, it has no train to meet. On the main line the schedule of other trains would have interfered somewhat with the speed of the special.

BODY OF MAJOR'S FIRST WIFE EXHUMED; AUTOPSY IS HELD

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
Alamogordo, N. M., Nov. 22.—After being in the tomb since April 9, 1912, the body of the late Mrs. Christina Major has been exhumed in search of evidence against her husband, H. H. Major, who now is in the Otter county jail, charged with the murder of his daughter, Miss Eudora Major, in December last. The exhumation was done by order of District Judge E. L. Medler at the request of the state in the prosecution of the case against Major. Mrs. Major died after a lingering illness and, as is claimed, with symptoms similar to those which brought about the death of the daughter. Major, who is a prominent attorney of this city, was indicted by the grand jury of this county a few weeks ago, and though asking for bail, it was denied by Judge Medler. The date of his trial has been set for January 5, 1914, at which time an adjourned session of the court has been called.

The autopsy upon the body of the wife was conducted by Drs. E. B. Rogers, of El Paso, Gerber, of Las Cruces, Hare, of Mesilla Park, assisted by Drs. Gilbert and Holmes, of this city. The body was taken to the undertaking rooms of A. J. Buck in this city. Three specimens of the stomach were taken, Rogers and Hare taking one each, and the other taken by Dr. Holmes, sealed and deposited in a safety vault in the First National bank of this city with a similar specimen of the stomach of the daughter, which was deposited there some time last spring at the time the autopsy was made in that case. The body, though entombed for nearly two years, was in a good state of preservation, it having been embalmed at the time of burial.

AGED GRANT SETTLER TAKES HIS OWN LIFE

(SPECIAL DISPATCH TO MORNING JOURNAL.)
Santa Fe, N. M., Nov. 22.—Word came from Rio Medio, nine miles north of Santa Fe, this afternoon, that one of the oldest residents of the quiet settlement had committed suicide by shooting himself. He had placed the shotgun in such a position that it pointed at his heart when he laid down on the floor. He pulled the trigger with a string and died instantly.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headaches Go.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stepped-up air passages of the head will open; you will breathe freely; dizziness and headache disappear. By returning the unused, sealed-in-head or catarrh will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of choking, nothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing; Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

FLORENCIO HILL IS SURRENDERED BY PANCHO VILLA

Mexican Commander Arrests Man Charged in Socorro County With Murder; Sheriff Brings Him Back.

(SPECIAL DISPATCH TO MORNING JOURNAL.)
Socorro, N. M., Nov. 22.—Sheriff Emil James today returned from El Paso with Florencio Hill, charged with murder, in custody.

Hill has been at Juarez, Mex., for nearly a year. About two months ago he was arrested there by the Mexican federal authorities at the instigation of Sheriff James, but afterward released. The federal authorities, explaining their action, said that owing to President Wilson's refusal to recognize the Huerta government they could not deliver Hill to Sheriff James.

Hill, according to his attorney, Eliezer Baca, intended to come to Socorro and give himself up. Arrangements had been made for his release under \$5,000 bond.

Sheriff James went to Juarez last week, after Pancho Villa had captured the city, and asked for the arrest of Hill. The constitutionalist forces were to place Hill on the international bridge at 8 o'clock last Friday night, but when Hill learned their plans he went voluntarily, it is reported.

Hill is charged with killing Yelas Gallegos near San Marcial about a year ago. He left after the killing. Hill owned a big ranch fifteen miles west of Magdalena.

Eliezer Baca, of this city, attorney for Hill, said he had been notified of the arrest of his client. He will leave this morning for Socorro to make an effort to secure his release on bond.

MAKE YOUR OWN LIQUORS AT HOME.

Cincinnati, O., Nov. 23, 1913.—By a new method of concentration an expert distiller of this city has produced a concentrated extract with which anyone can easily and quickly make in their own home any liquor. Whiskey or Cordial at a saving of over 10 per cent of the liquor dealer's price. A few minutes does the work requiring no apparatus, no boiling, no experience whatsoever. While the liquor making at home idea is new and startling in its possibilities, its legality has been carefully investigated by the highest authorities and his method has been found to conform with the laws in every respect. This new method will be welcomed by thousands of people living in districts where it is now even impossible to obtain whiskey for medicinal purposes. Anyone can now save the heavy expenses, high licenses and enormous profits of the saloon keeper and liquor dealers and can have in his home at any time a pure, nourishing liquor at a very low cost.

It is indeed a remarkable discovery and he has already received thousands of letters of praise. Anyone can try a full quart of his favorite liquor free by writing to M. W. Pritchett, 8165 Universal Bldg., Cincinnati, O., and ask for his booklet, "Secrets of Making Liquors at Home," sent to anyone sending their name and address.

GALLUP WILL HAVE BANK WITH CAPITAL OF HALF A MILLION

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
Gallup, N. M., Nov. 22.—Announcement is made by the officials of the First National bank and the McKinley County bank that an agreement to consolidate these two institutions has been reached. The consolidation will result in a bank with a capital and surplus of \$750,000, and deposits of over \$100,000, thereby giving Gallup a bank with assets of approximately half a million dollars.

Of all the business of the country, 95 per cent is transacted through the banks. The business or other natural resources of any city or county cannot be completely developed and placed in the most prosperous condition without the aid of conservative and strong banks that have kept pace with the progress of the community. Realizing the natural resources of McKinley county and the rapid progress made by the town of Gallup, the stockholders of the First National and McKinley County banks believed the town should have a large or strong bank, and for this reason decided to combine the assets of these two institutions thereby making a bank that would be a credit to any town in New Mexico. The directors of each bank also feel that by reason of the increased assets and equipment of the consolidated bank that the customers of each bank will

receive better banking service than ever before.

It is expected that the business of the two banks when combined will be carried on under the name of the McKinley County bank, with M. W. Flournoy, of Albuquerque, president; T. E. Purdy, vice president; T. M. Quebedeaux, vice president; T. F. Smalling, cashier; L. N. Cary, assistant cashier, and J. H. Clark, assistant cashier.

The board has not yet decided which location it will occupy as a banking home of the combined institution.

CASE AGAINST LEE B. CHASE CONTINUED IN FEDERAL COURT

(SPECIAL DISPATCH TO MORNING JOURNAL.)
Santa Fe, N. M., Nov. 22.—The case of the United States against Federal Commissioner Lee B. Chase of Carrizozo, was continued by Federal Judge Pope this forenoon on motion of the defendant, the United States attorney acquiescing.

The Colorado & Southern Railroad company in the federal court today entered a plea of guilty on thirty-three counts in two cases, one for the violation of the hours of service statute, the other for violating the safety appliance act. Judge Pope imposed a fine of \$100 on each count, or a total of \$2,300.

In the case of the United States vs. the Farmington distillery, a suit for forfeiture because of alleged violation of the internal revenue statutes, the court sustained the demurrer of the United States to the amended answer by the defendant. A jury was waived.

"Do it Electrically"

FINGER TIP CONVENIENCE

ELECTRICITY is the most convenient thing in the world.

JUST THINK!!! With your finger tips you control light, heat and power, and all of their combinations.

Magic it would seem to our forefathers of a hundred years ago. Today 65 per cent of the population of this country uses it in some form or other every day of their lives.

Manufactured in a generating station probably far from your home or factory, it is brought to your very door on wires, carried here, carried there, carried everywhere, in your home until today, the ELECTRICITY you use is a mere incident in your modern life.

YET, TODAY, THE GREATEST BLESSING WE HAVE AS A NATION IS ELECTRICITY.

By its power we cross miles and miles of country, up hill and down dale, run our mills, factories, vehicles, household machinery, cool heated atmosphere and operate office appliances.

By its radiation we heat our street cars, our homes and our buildings, cook our foods, weld our metals, melt our waxes, and solids, purify our water and air, and use this marvelous current in a thousand and one ways.

Its light also gives us the light which makes our night almost day in our homes, our places of business, and even our streets. Its light protects us from thieves and thugs and makes our streets safer.

Powerful, silent, imperceptible, this fluid strength exerts its influence as we direct and with unerring accuracy.

YET ITS HANDLING IS SO SIMPLE AND SAFE THAT WE MAY ENTRUST IT WITH OUR CHILDREN.

It is so wonderful we scarce can realize our dependence. It seems so real in its reality. It takes nothing from the air, gives off neither poison nor potion; yet it SURPASSES IN EFFICIENCY EVERY KNOWN FUEL, POWER OR SOURCE OF LIGHT.

A woman in her home may toast bread, bake, cook, percolate coffee, operate her sewing machine, the vacuum cleaner, the washing machine, heat or cool her room at any time, curl her hair, dry her hair, heat the water for her bath—these and dozens of other things she can do simply by pressing a button or "twitching a switch."

What a marvelous finger tip convenience electricity is, though everyone does not realize it until brought face to face with facts.

AND THIS GREAT SERVICE IS FURNISHED BY YOUR ELECTRIC LIGHT COMPANY AT A PRICE WITHIN THE RANGE OF EVERY POCKET-BOOK—IT IS THE CHEAPEST CONVENIENCE KNOWN TO MAN OR WOMAN. HOW CAN YOU BE WITHOUT IT IN YOUR HOME?

If your house is not wired for electricity consult with any electrical contractor, or with a representative of the Electric Light Company, and reasonable estimates of the cost of installation will be quickly furnished you. You'll be surprised at the low cost.

FOR COMFORT'S SAKE, DO IT NOW.

TROOPS ENROUTE TO SHIPROCK HERE THIS MORNING

Special Trains Will Stop in City Only Short Time; General Scott Already on Way to Navajo Country.

Two special trains, carrying a squadron of the Twelfth United States Cavalry and their mounts, will reach Albuquerque this morning enroute to Gallup, where the troops will detain and march to the Shiprock agency on the Navajo reservation to quell the threatened uprising among the Indians there.

The first section will arrive at 3 o'clock and the second ten minutes later. They will stop here only long enough to allow the crews to change engines. They stopped at Station several hours yesterday, according to dispatches received here, to water and feed the horses.

The troops will reach Gallup early this afternoon, but probably will not start on the 150-mile march to Beautiful Mountain until Monday. They will take nearly all afternoon to detain with their horses, and to unload their commissariat and baggage, so they probably will not be able to start on their hike until tomorrow morning.

GEN. HUGH SCOTT LEAVES HERE AHEAD OF TROOPS

Brig. Gen. Hugh L. Scott, commanding the Second Cavalry brigade at Fort Bliss, accompanied by Lieut. D. H. Scott, his son, who is his aide de camp, arrived here yesterday evening from the Texas post on his way to the Navajo reservation in San Juan county.

The general and his aide left here at 11:30 o'clock last night on train No. 7. He will meet Deputy United States Marshal J. R. Galt at the Navajo reservation, where he will await the arrival of the troops who were detailed as his escort.

This is General Scott's second trip to the Navajo reservation to placate the Indians. In 1908 the Navajos at Four Corners became uneasy and the war department sent General Scott to Washington. He had no escort then with the exception of several army officers and Indian guides, but he succeeded in getting the Navajos to renew once again their allegiance to the United States.

LOCAL AND PERSONAL.

The Thirty club has issued invitations for a Thanksgiving dinner to be given on Wednesday evening at the Federal hall. Those who have received cards are anticipating a delightful time.

Dr. and Mrs. W. D. Cornell, and their son Walter, will arrive here today from Gallup. Dr. Cornell, who is superintendent of schools for McKinley county, will attend the state teachers' convention. The Cornells will remain over Thanksgiving, visiting Mrs. Cornell's mother, Mrs. E. A. Pinney, and sister, Mrs. T. P. Tull.

Superintendent John Milne reports that the school children responded with more than usual generosity to the request of the Benevolent society for the annual donation toward the Thanksgiving dinners for the poor of the city. Fruits, vegetables, jellies and provisions of all sorts were given in large quantities. They will be distributed to needy families by the society and the Salvation Army.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by all druggists.

LABORER ON WAY HOME RUN OVER BY ENGINE

Jose Maria Beltram, Enroute to Mexico From Kansas, Where He Worked Last Summer, Walks in Front of Train.

Jose Maria Beltram, 30 years old, of Chihuahua, was run over by a freight engine in front of the Santa Fe station at 6 o'clock yesterday morning. The locomotive and one car passed over his body, killing him almost instantaneously.

Beltram, with a special coach of laborers who have been working in Kansas, arrived here at 10:10 o'clock last Friday night. Their car was taken to El Paso yesterday morning. The men slept in the car here Friday night. Beltram got off the coach a short time before the departure of the train and started across the yards in front of a passenger engine. A yardman, riding on the pilot, yelled at him. Beltram apparently became confused and stepped in front of the freight.

The body was taken to Strong Brothers undertaking establishment. A coroner's jury empaneled by Justice George R. Craig, viewed it there and adjourned until tomorrow, when the inquest is to be held.

The funeral will be held at 9 o'clock this morning. Burial will be in Santa Barbara cemetery.

ST. VINCENT ACADEMY WELCOMES GRADUATES

St. Vincent academy extends its hospitality during the teachers' convention, to all former graduates now teaching throughout the state, who will be in Albuquerque. Tomorrow evening, a reception will be held in their honor. The academy takes this occasion to extend an invitation to all graduates residing in the city of Albuquerque.

The domestic science department of the academy, which opened a month ago, and is presided over by a competent teacher from the east, is now in a very flourishing condition. The course includes cooking, and plain and fancy work. Classes are held regularly every Saturday morning.

The music and art departments are in a most flourishing condition. The aim in these departments is not only to give art culture, but also art education, which will enable the student to acquire practical methods for teaching purposes. Classes in harmony and theory are held each week and all music pupils are in attendance.

Should any information be desired in regard to any of the classes mentioned above, it will be most cordially given on application.

PRETTY WEDDING AT METHODIST PARSONAGE

Miss Elizabeth Schott, of Waterbury, Conn., and Mr. Walter C. Cowell, of Elephant Butte, were quietly married yesterday afternoon at 4 o'clock at the Lead Avenue Methodist parsonage by Rev. C. O. Beckman. Mr. Cowell is chief government inspector of masons at Elephant Butte, and well known here and in the state. Miss Schott arrived yesterday morning from Waterbury, accompanied by Mr. Cowell's son, Robert, who came on to attend the wedding. They stopped at the Alvarado for the day, leaving at midnight for Elephant Butte, where Mr. and Mrs. Cowell will make their future home.

SICK PRISONER WILL BE TAKEN TO PRISON

Warden John B. McManus of the state penitentiary, will return to Santa Fe this afternoon, taking with him Bartolo Baza, a convict, who became ill with pneumonia while working with the road gang north of Old Albuquerque. Baza was taken to a hospital here, but now has so far recovered that he will be able to return to prison. He probably will be assigned to the hospital there.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat. Meat is a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lousy. When your kidneys get sluggish and you must relieve them, like you relieve your bowels, removing all the body's uric waste, else you have backache, sick headache, dizzy spells, your stomach sour, and you are out when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water solids and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once, or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

Good Cheer Aids Digestion of Food

Dyspeptics Can Make the Rest of the Family Happy by Using a Laxative-Tonic.

The temper of the family and the good cheer around the table depend so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcome their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

Mr. S. Martin, of Joplin, Mo., now 77, thinks Dr. Caldwell's Syrup Pepsin has helped him to a longer and happier life. He has not felt so good in years as he has since taking this excellent medicine, and in spite of his 77 years he says he feels like a boy.

It is the ideal remedy for indigestion, no matter how severe; constipation, no matter how chronic, biliousness, headaches, gas on the stomach, drowsiness after eating and similar annoyances.

You can obtain Dr. Caldwell's Syrup Pepsin at any drug store for fifty cents or one dollar, the latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will see the fallacy of chewing tablets and pills and similar drastic medicines. Unlike these, Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowels muscles to do their work, soon restores these organs to normal.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. R. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Save Half Your Fuel Expense And Get More Heat!

The peculiar construction of Moore's Base Burner, with its extra large heating surface, gives you twice as much heat as you can get from any other Base Burner with the same amount of fuel.

And the EXTRA HEATER PIPE enables you to heat your upstairs as well as the lower floor with the one stove.

Moore's Base Burner

All parts are surface ground and fit together air tight. Metal doors and all joints are fitted with unusual care. The stove is under perfect control at all times and there is absolutely no waste of fuel.

The firepot is straight and affords a large fire surface on the grate. The large circular flue is almost entirely surrounded by hot metal, which makes an extra large heating surface.

Handsome and Handiest!

The appearance of any home, no matter how expensive it may be furnished.

The Patent Ash Carrier, which enables you to drop the ashes directly into the cellar, and the Portable Oven Attachment, which often saves you the trouble of building a fire in the kitchen range, are

both found in Moore's Base Burner exclusively.

Call and let us explain the many other advantages of Moore's Base Burner. We can show you how it will actually pay for itself in a few months use. Costs nothing to investigate.

Gay and Brilliant Week in Society in Honor of Teachers

ALL arrangements have been completed for the reception to be held at the Masonic temple, Tuesday, November 25, from 4 to 6, by the ladies of the Woman's club and the Parent-Teachers association, to the New Mexico Educational association. It is one of the largest and most elaborate social affairs ever attempted in the history of the city, and it is expected that the most distinguished and thoughtful guests will be entertained during the afternoon.

The receiving committee will include Mrs. W. C. McDonald, wife of Governor McDonald, Mrs. A. N. White, of Santa Fe, wife of the state superintendent of public instruction, Mrs. David B. Lloyd, wife of the president of the University of New Mexico, Mrs. John Milne, wife of the superintendent of schools, Albuquerque, Mrs. A. B. McMillen, member of the board of education, Mrs. O. N. Martin, Mrs. J. A. Maloy, Mrs. M. E. Hickey, Mrs. W. W. Strong, wives of members of the board of education, Mrs. J. W. Wright, president of the Woman's club, Mrs. A. Miller, president of the Parent-Teachers association, Mrs. J. A. Strumquist, Jr., president of the first ward Parent-Teachers association, Mrs. J. A. Strumquist, Jr., president of the second ward Parent-Teachers association, Mrs. Louis Hunsing, president of the Tuesday club. It will be their duty and pleasure to do everything in their power to make the affair as enjoyable as possible for the guests.

The chairman of the various committees are Mrs. Ada Diller, court-tes, Mrs. Walter Hope, serving, Dr. Carwright, Mrs. Fred Canfield, decorations, Mrs. C. O. Clarke, Parent-Teachers soliciting committee, Mrs. David B. Lloyd, music, Mrs. Mottingham, refreshments. Each chairman is assisted by a corps of able women. All the local teachers of the public schools and the university will assist in introducing and looking after the comfort of the guests in various ways.

The high school orchestra, under the direction of Miss Jennie L. Trotter, supervisor of music in the city schools, will furnish the music during the first hour. Professor Diamond's orchestra will entertain the guests during the second hour. Intermission numbers will be given by Mrs. Herbert Galles.

The color scheme is to be yellow and white. Twenty-five high school and university girls will serve. All visitors in the city, all members of the N. M. E. A., and all interested in education, are invited to be present. It is not to be a full dress affair, as owing to the fact that every hour is so fully taken up, the visiting friends and other guests will be compelled to come to the reception directly from the meetings of the various sections.

Musical at St. Vincent's

THE Cecilia choral society of St. Vincent academy celebrated the feast of St. Cecilia, patroness of music, in an appropriate manner, by a musical and literary program, on Thursday afternoon. The numbers were splendidly rendered and heartily applauded. The number given by the orchestra was an especially attractive feature of the program. St. Vincent's has reason to be proud of its orchestra.

Among those who took part were the following: Marie Egan, Marie Ballinger, Cecilia Murphy, Fay Young, Stella Arnold, Lillian Yisari, Mary Springer, Margaret McCann, Catherine Gibbons, Ursula Ballinger, Esther Thompson, Anita Garcia, Rosalie With, Frances Murphy, Victorine With, Rebecca Casano, Hazel Hickey. The violinists were Nellie Danphett, Margaret Foley, Rebecca Casano, Della Valdez, Eugenia Tuppe, Irene Bennett, Margaret Dohle, Eleanor Lynch.

Town Tales

DO YOU KNOW, the shortest little excursion down street in Albuquerque is likely to prove quite enlightening and revealing. One sees the most fascinating and unexpected things in this quiet little town. As witness, two maidens who promenade on Central avenue, in deepest mourning, skirts out in the fashionable haremward tail, revealing—what did they reveal? Sackcloth and ashes, as it were, with the sackcloth appropriately rent.

A story is going around concerning one of our young cotton leaders, who is cultivating an admiration on his father in that he has not become so put it and kindly as possible, long enough to neutral. He also has political views that do not differ for lack of airing. A young lady whom he took to dinner the other evening said to him quite frankly:

"I like your political views quite as

THIS WEEK will be one of unusual importance and interest to the society in Albuquerque, including as it does, the anniversary of our great national holiday, Thanksgiving, which is always attended by numerous dinners, dances and other social affairs, and the meeting of the teachers of the state and a number of prominent educators from other states, at the annual convention of the New Mexico Educational association, in honor and recognition of which a series of enjoyable and brilliant social affairs has been arranged.

For every hour outside the regular sessions of the association, some pleasant has been planned for our visitors. The people of Albuquerque have seemed to vie with each other in the arrangement of every possible provision for the comfort and entertainment of their guests for the first three days of the visiting week. No effort or expense has been spared which could add in the smallest degree to their pleasure.

The largest and most notable social event planned in compliment to the visiting teachers is the reception to be given by the Woman's club and the Parent-Teachers association, between the hours of 4 and 6, on Tuesday, the 25th, at the Masonic temple. Elaborate arrangements have been made for the reception, and it promises to be a beautiful and brilliant affair. Over one thousand guests are expected, among whom will be a number of notable personages in the educational and social world of New Mexico and other parts of the country, including Mrs. W. C. McDonald, Mrs. A. N. White, Mrs. M. C. Bradford, Jr., E. P. Claxton, Governor McDonald, Mrs. A. N. White and Col. Ralph E. Twitcheell.

An illustrated lecture, by Colonel Twitcheell, on "New Mexico at the San Diego Exposition," is planned for Monday evening.

The musical entertainment by the Bohemian Kyril company, is the feature of Tuesday evening. This will take place at the Elks theater.

On Wednesday evening, the inter-school oratorical contest is to be held at the Elks theater. At 10:30 on Monday evening, a special motion picture will be shown at the Crystal theater, provided as another entertainment for the teachers.

Many athletes enthusiasts will remain over for the football game between the University of New Mexico and the University of Arizona, on Thursday afternoon.

A reception was fully planned by the W. C. T. U. for visiting members of the organization, which would doubtless have been a very enjoyable affair, but it was necessary to abandon the idea, as it was impossible to arrange a time that would not conflict with other social affairs.

The schoolmaster's dinner, on Monday evening, at the Alvarado, promises to be a very pleasant affair.

In addition to all the public entertainments that have been arranged, a number of dinners and other private entertainments are planned in various homes in the city for friends in attendance at the educational meeting, or in special honor of prominent persons who will be in Albuquerque.

A first room is to be provided at the Central high school, where light refreshments will be served to callers.

A royal welcome awaits Albuquerque's guests, a number of whom have already arrived and are now stopping with friends, or at various hotels. Every train is bringing more visitors, the number now known to be coming far exceeding the early reports from different parts of the state as to the number which would probably attend.

A most attractive appearance. Added to its natural charms was a graceful introduction throughout the rooms of little as to do your mother's.

"Well," he replied, "I think it will come no trouble between us as you are not likely to come in contact with either."

"Well," responded the lady, "I should have said it is more likely to be in contact than that."

"Remember are flying around town about the unsuitability of a certain pretty little dark-eyed girl and a certain very handsome light young man. No fair telling names, but connected with this is a story which they both deny so warmly that it must have a grain of truth in it. It seems that in the early days of the courtship, the young Adonis was somewhat hostile. The girl, though sweet and adorable, was yet a girl—a high school girl—who was secretly and impudently amused. What woman is not amused when it might be good man shows so plainly that he is in awe of her? So they say, that on one evening when he called on an instance of badinage he referred to the rose in his buttonhole and said demurely:

"I'll give you a kiss for that rose."

The exclamation was somewhat awkwardly made—on his part. Then he grabbed his hat and started for the door.

"Why, where are you going?" she asked in surprise.

"After more roses," he called from the front door.

University Notes

THE piece of the Y. M. C. A. and Y. W. C. A. continue to be well attended. The meeting of last Sunday was addressed by Prof. Ralph Barton, of the university. The service for the afternoon includes an address by Attorney George S. Klock, a very able speaker of this city, and an excellent musical program. The University also will furnish several numbers and there will be a solo by Mr. T. A. Christian.

The regular classes will be in session at the university on Monday to give those who wish to do so the opportunity to inspect the work. On Tuesday, the university will close for the week, in order that the instructors may be free to attend the N. M. E. A. meetings and to celebrate the Thanksgiving holidays afterward.

The U. of N. M. will be represented at the inter-collegiate oratorical contest to be held here during the educational convention, by Fred Calhoun, and his many friends among the students and faculty are hoping for his own glory and that of the university, to see him come out the winner.

The glass globe have been working faithfully and enthusiastically in the preparation of the numbers that are to furnish the programs of the educational meeting and from past experience in hearing them it is safe to predict that their music will not be the least enjoyable feature of the affair. The combined clubs sang Thursday morning at assembly. Their songs were received with appreciation and pleasure.

The football team is to play the team of the University of Arizona Thanksgiving afternoon. The university have been putting in some hard work and are in fine trim for the game. They are looking forward to nothing less than a sweeping victory.

Young-Shebburn Wedding

RYENON in this city of J. Talmage Young, who formerly lived here as an employee of the Hinkle Lumber company, will be interested in the news of his marriage, on November 13, to Miss M. E. Shebburn, at Turkey Creek, Va., the home of the bride. It is understood that Mr. and Mrs. Young are coming to Albuquerque to make their future home.

Physical Culture Club

AS a result of an interest recently awakened in the subject of physical culture and hygiene, in which Mrs. E. E. Barker has been an active influence, sixteen young women in this week organized themselves into a physical culture club, which is to be under the direction of Mrs. Barker. The club has received extensive physical training in Los Angeles, and is giving her services free to the club, the motive of the organization being that each girl is to pass on its little one, and the club is to be a permanent one, forming an endless chain. The meetings are to be held at the Presbyterian church on Monday and Thursday afternoons, after school.

Wednesday Sewing Club

THE ladies of the Wednesday Sewing club, which for the greater convenience of the members, has changed its meeting day to Saturday, though the name of the club remains unchanged, spent a very delightful afternoon yesterday at the home of Mrs. W. H. Parker, 115 North West. The ladies were very informally and pleasantly entertained, and a pleasant evening to the meeting.

Y. W. C. A. Notes

ON next Thursday evening the members of the Y. W. C. A. will be at home to all young women in the city who are away from their own homes, or who are otherwise so situated that they would find it enjoyable to spend a jolly evening with the club. Plans have been made for a very delightful evening.

On Thursday evening, the regular home nursing meeting was held. Miss Bertha Becker gave an instructive

Patrons' Afternoon

THE following delightful and instructive program has been prepared by the School Patrons' section, of the Y. W. C. A., for the afternoon session of the New Mexico Educational association, on Wednesday, November 26:

March, Guard Mount, op. 78 (Bullington), Violet-Mount orchestra.

Vocal solo: First Concerto (Dauclay), Grace Storts.

Cooperation of the Home and the School, Superintendent W. A. Poore, Carlsbad.

Discussion, opened by Rev. C. O. Beckman.

Formally quartette, "The Night Has a Thousand Eyes" (Lien), Lockard and J. H. (Newell), Mrs. Fred Wynn, Mrs. Roy McDonald, Mrs. Ralph Henderson, Mrs. J. W. Wilson.

The Patrons' Duty to the Schools, Mrs. Anna White Strumquist.

Quartette, Serenade (Gounod), Louise Lawler, Grace Storts, Ralph Miller, Chester Miller.

The Need of Greater Financial Backing for Our Schools, Hon. M. H. Dickey.

Discussion, led by Attorney J. A. Miller.

Ladies' quartette, Irish Folk Song (Arthur Foster).

Selection, Hallelujah (Verdi), orchestra.

This program will be given at the Elks theater and will open at 2 o'clock promptly. A brief business session will be held at the close of the program. No session of this great educational meeting should be of more interest and importance to the women than that afternoon, prepared by the patrons' section, not because of the superiority of the program, although it is unquestionably a superior program, but because of the importance to the community that the establishment of a strong bond between the two greatest factors in our national life today, the home and the school, and it is to be hoped that this feeling that is the aim of this section's efforts. It is to be hoped that a proper appreciation of this work will be evidenced by the presence of a large audience, composed of only of teachers, but of citizens in general of Albuquerque.

Hubbs-Skinner Coffee

ONE of the most notable affairs of the week in society was the charming "coffee" at which Miss Jean Hubbs and Mrs. Bert Skinner were hostesses at the Hubbs home on West 2nd avenue, on Wednesday, from 2 to 6. Miss Hubbs and Mrs. Skinner entertained in honor of Mrs. Harry Mitchell, of Denver, house guest of Mrs. Skinner, and Miss Georgia Sherman, of St. Paul, who is visiting her mother, Mrs. Hubbs.

An effective arrangement of pink and white chrysanthemums and white chrysanthemums made the house look very attractive. In the dining room the decorations were Japanese. An artistically arranged buffet table, fruit occupied the center of the table, surrounded by green candles in brass vases. The refreshments were served from copper dishes and Japanese vases. Lute yellow dishes with a pattern of little Dutch figures.

Also many guests responded to the invitations. In the receiving line were Miss Hubbs, Miss Sherman, Mrs. Skinner and Mrs. Mitchell. Mrs. Hubbs was crowned in green crepe and wore with effective black embroidery. She carried yellow, lavender and white chrysanthemums. Miss Sherman looked lovely in lavender broadened over ching, with trimmings of silver lace. Mrs. Skinner's gown was of silver gray with a striking touch of gold in the trimmings. She carried yellow chrysanthemums. Mrs. Mitchell wore a handsome gown in blue robe over white net. Her flowers were lavender chrysanthemums.

The invited guests were Mesdames George Klock, C. E. Sisk, W. W. McMillan, J. E. Luffy, R. L. Hunt,

Popular Teacher Engaged

TEACHERS throughout the state and many other friends and acquaintances, will be interested in the news of the announcement of the engagement of Miss Mary Ross, secretary of the New Mexico oratorical association, and member of the faculty of the New Mexico Normal university.

Miss Ross is a graduate of the Emerson College of Oratory. She has taught for several years in the Normal university, being at present professor of English there. She is a platform reader of note, having read in many places around Boston and having filled many engagements in the southwest. She has been secretary and treasurer of the oratorical association for three years. Miss Ross is a most effective teacher and will be missed at the Normal, where she has won the highest regard of all connected with the school.

Afternoon Tea

THE afternoon tea to be given by the ladies of St. John's Guild, at the home of Mrs. A. A. Keen, 1091 West Tularosa avenue, on Wednesday afternoon, at a very successful and enjoyable affair.

Mrs. Klock and Mrs. Strickler will pour and the girls of St. Margaret's Guild will assist in serving. The reception committee includes Mrs. W. E. Warren, Mrs. John Milne, Mrs. W. J. Walton and Mrs. Newhall. Mrs. Anna Chaves and Mrs. McLaughlin will preside at the home cooking table and the apron table will be in charge of Mrs. Jenkins and Mrs. Harlan.

Farewell Party

THE ladies of the Woodmen's Circle gave a very pleasant farewell party at Odd Fellows hall on Friday afternoon. The guests at this social affair were Mrs. H. E. Jamieson of Albuquerque, Miss Colton, of Washington, D. C., Governor George H. Colton, of Porto Rico, and Mr. Don P. Johnson, of Silver City.

Tuesday Club

THE members of the Tuesday club enjoyed a very pleasant meeting this week at the home of Mrs. Clio, on North Walter street. Mrs. J. H. Wroth gave an able and well chosen discussion of current events. Mrs. Louis Hunsing read an interesting paper on "The Lippi Lippi." The story of "Basil's 'Singing'" was read by Mrs. A. B. McMillen, and the class study of Italian paintings of the early Renaissance period was conducted by Mrs. Raymond B. Stamm.

For Miss Grimmer

A SERIES of gay and delightful affairs were given this week for Miss Grace Grimmer, whose wedding will be one of the brilliant social events of the coming week.

On Wednesday evening, Mrs. E. L. Bradford entertained for Miss Grimmer with a handkerchief shower. Her guests were the members of the A. Tempo club, to which Miss Grimmer has belonged. The hostess presented the bride-to-be with a beautiful little hand-painted book with the inscription, "Let Me Forget," in which each guest wrote a bit of verse or otherwise advice for the guest of honor. A very pleasant feature of the evening was the musical program, given by Miss Marie Higgins, Miss Frances Strome and Miss Grace Grimmer at the piano, and Miss Kathryn Grimmer, Miss Hortense Switzer, Miss Madge Pinney and Miss Maude Watson, in charming vocal numbers. Mrs. Bradford also read a very interesting article on "The Girl of the Golden West," written by Nellie Strong Stevenson, a prominent musical critic.

Thimble Party

THAT thimbles can fly as fast as tomatoes was proven Wednesday afternoon, when Mrs. Leslie Gillett entertained a few of the younger set at her new home on Santa Fe avenue. The ways and means of thimble play were explained, and the topic of the afternoon. After a busy hour's sewing, the girls adjourned to the dining room, where they found delicious refreshments awaiting them.

In Clubdom

THE Saturday Bridge club met yesterday with Mrs. S. G. Cortwright. The Guild of the Church of the Holy Faith held its bi-monthly meeting at the residence of Mrs. H. S. Kaune, during the Christmas week, to be held the first Tuesday in December, were completed.

The Monday Auction Bridge club was entertained by Mrs. W. H. Lloyd, Monday afternoon. Besides the club members, those present were Mrs. C. M. Wells, Mrs. M. A. Otero and Mrs. W. H. Parker.

Mrs. S. G. Small was hostess to the Thimble club, Saturday afternoon.

The Aid society of the Methodist church met in the church parlors Wednesday afternoon.

The supper given by the Epworth league of the Methodist church, Friday evening, was a success both financially and socially.

The Aid society of the Presbyterian church met with Mrs. Thomas Doran at the Montezuma hotel, Friday afternoon. Final arrangements were made for the Thanksgiving bazaar.

The meeting of the music class of the Woman's club, which was held in the Palace of the Governors, Thursday afternoon, was one of the rare treats of the season. The club members themselves were surprised and delighted to see how much musical talent was shown in the club members of the music class.

Miss Conrad presided at the meeting which was given over to the life and composition of two of the greatest Scandinavian composers, Syndig and Grieg. Mrs. W. H. Pope gave a short history of the life of Christian Syndig, which was followed by various illustrations of his strong and poetic genius. The first was two selections by Mrs. George H. Van Stone, "Hobgoblin" and a "Serenade," then two vocal solos by Miss Britton, "The Bird" and "Norway," a quartet song that has become a national air.

Miss Bishop read the life of that famous and much-loved exponent of northern music, Edward Grieg, which was followed by Grieg's Sonata in E Minor, by Mrs. Charles Doll. Mrs. Pope then read an interesting description of Peer Gynt's cottage and the wild holder people, who were like mortals except that they had cows' heads and of the trolls and gnomes who came to visit Peer Gynt at his cottage. Miss Fisher sang the Sunshine Song from the Peer Gynt suit. Miss Bishop gave Grieg's Sailor Song, and Miss Britton a vocal selection, "Singing Song." Mrs. H. S. Bowman concluded the very interesting program with Grieg's well-known, "Ich Liebe Dich."

The decorations for both affairs were yellow and white chrysanthemums, and a color scheme of yellow and white was carried out in all the appointments of the parties.

Harvest Festival

THE juvenile choir of St. John's is to be heard tonight in connection with the harvest festival service. The choir was heard in the Easter service at this church and created a profound impression, and their appearance is hailed with pleasant anticipation. The program they will render is given in the church notices.

Informal Tea

MRS. T. S. WOOLSEY, JR., entertained a few friends at a very enjoyable informal tea on Thursday afternoon. The guests at this social affair were Mrs. H. E. Jamieson of Albuquerque, Miss Colton,

or unhappy girl in case this particular idea is impossible to carry out.

The Lindbergs' recent under the auspices of the Girl Scouts, originally planned for Thursday evening, has been postponed until some date early in the first of the year. Tague felt over a mistaken impression that this ritual was not to be given, but it has been merely deferred, owing to the impossibility of Mr. Lindbergs' meeting an engagement here at this time because of other engagements arranged for him in the east by his manager. In order to temporarily fill this gap, an entertainment will be given by the school on the evening of December 12, the program being partly exhibits of scout drills, etc., and partly a local musical talent. It will be held at the First Presbyterian church. The proceeds of both entertainments are to be devoted to benevolent purposes in this city. The drama for the entertainments are being prepared under the direction of Miss Adela Linster-Lane, chief of scouts, who is temporarily stopping in the city.

Albuquerque Choral Society

A SPECTACULAR meeting of the Choral Society was held on Tuesday night at the Central high school. The members worked enthusiastically and energetically and made every minute count. The outlook is fine for some rare pleasures in the line of music for Albuquerque during the winter and spring. Music lovers will be pleased to learn that the date of the first public concert will be announced next week.

Card Party and Dance

THE members of the Woman's Catholic Order of Foresters held a very enjoyable social affair on Wednesday evening, at Odd Fellows hall. A business meeting at 7:30, at which there was an initiation, preceded the social part of the evening. Following this, cards were enjoyed in the library, while those who preferred, indulged in dancing in the assembly hall. It was a very pleasant and successful affair. These social meetings are held every month by the ladies and are always very enjoyable occasions.

The Bustle Appears

WHEN it was suggested, a few months ago, that the bustle, consigned to oblivion for so many years, was to be restored to favor, the ladies were greeted with incredulous smiles. But conservative London speaks of it now as a simple fact of fashion. How-

ever, it is not worn quite in its old place, but in front. The couturiers have decided to achieve the fashionable Botticelli figure, most women have to have a small bustle on the diaphragm.

"Women have been schooled to hold their diaphragms in for a long time now," said an expert dressmaker, "because fashion demanded the straight front. And, of course, they cannot suddenly assume the pose that goes with the Botticelli drapings. To make the gown draped up in front look well, it is absolutely necessary that there should be a forward lift, and then a sudden slump or falling-in of the folds of the gown, and when a woman doesn't hold herself with diaphragm advanced or thrust out enough to attain this effect we introduce a small pad at the waist line."

Bridge Parties

BRIDGE seems to have been the form of diversion in highest favor among society affairs of the week. On Tuesday afternoon Mrs. R. A. Frost, of 521 Coal avenue, was hostess to about a dozen guests at an informal bridge that was very enjoyable.

For Miss Miles

MISS KATHERINE MILES, of Wichita, Kansas, who is visiting friends in this city, has been the recipient of a number of very happy social affairs in her honor. On yesterday afternoon, the Misses Margaret and Eugenia Kelscher gave a very enjoyable party for Miss Miles. It was a Kensington, and proved a very delightful affair.

Woman's Club Musical

THE members of the Woman's club and a large number of their friends enjoyed a delightful musical meeting on Friday afternoon, at the club rooms on Gold avenue. A very interesting program was brilliantly rendered.

The afternoon opened with the rondo sonata in E Major (Beethoven), played by Mrs. Henderson, violin; Mrs. Himoe, piano; Mr. Goebel, cello. This was followed

by an instructive paper by Mrs. Mabel Stevens Himoe, accompanied by the following interpretations: Fugue, D. Major (Bach), Miss Louise Nichols.

"Oh, Sleep! Why Dost Thou Leave Me?" from Semle (Handel), Mrs. Ada Pierce Winn.
Aria, C. Major (Mozart), Introduction, Allegro, Adagio, from Sonata Pathétique (Beethoven), Miss Louise Nichols.
Selections from the Fifth Symphony (Beethoven), "Die Freischütz" (Weber), Miss Nichols, Mrs. Himoe.
Waldmug (Franz), Es hat die Rosa sich beklagt (Franz), Mrs. Winn.
The Two Grenadiers (Schuman), The Art Like Unto a Lovely Flower (Wilson G. Smith), Mr. T. A. Christian.

Trio, Moszkowskiana (Moszkowski), Mrs. Henderson, Mrs. Himoe, Mr. Goebel.
Mr. Christian's numbers were received with special pleasure. He graciously responded to a hearty encore with "The Bedouin Love Song." Mrs. Frederic Wain and Mrs. Ralph Henderson formed the committee in charge of the arrangement of the program.

In brilliance of technique and charm of expression, it was one of the most perfectly rendered and exquisite musical programs ever offered by the Woman's club, and they are to be congratulated upon the immense success of the afternoon.

The Star Piano company has very kindly given a piano to the club for their use during the winter, a courtesy which is greatly appreciated.

Engagement Announced

ON Thursday afternoon, Mrs. Emma Shipley, of North Third street, entertained a few intimate friends, the purpose of the occasion being to make formal announcement of the engagement of her daughter, Miss Carol Shipley, to Mr. Oscar F. Blumberg, of this city. The wedding is to occur early in December. This pleasant news is of wide interest, as both Miss Shipley and Mr. Blumberg belong to prominent families of Albuquerque and both are extremely popular in society.

Highland Bridge Club

MRS. JOHN MILNE was hostess to the Highland Bridge club and a few extra guests, yesterday afternoon, at her home on South High street. After the games, a refreshing luncheon was served. A very enjoyable afternoon was spent.

Hutchins-Hawkins Wedding

THE Hutchins-Hawkins wedding, which is to be one of the most notable society events of the week in Prescott, Arizona, is of interest to many people in this city. The wedding will occur on Thanksgiving eve. The bride-to-be, Miss Milla Hawkins, is the daughter of Judge Hawkins, of Prescott, a young woman well known in society in this state as well as in Arizona, and a great favorite. Mr. Robert J. Hutchins, the man she is to marry, is chief engineer of the Burro Copper company, at Mogollon, Grant county.

Armory Dance

THE dance given at the First Regiment armory on Friday evening, by Company G, First Infantry, N. G. of N. M., was a very successful and enjoyable affair. The music, by the booster orchestra, was fine, and the dance was well attended by members of the company and a number of their friends.

Rummage Sale

HOUSEWIVES of the city are requested not to forget the rummage sale to be conducted in December by the Y. W. C. A., but to save for the sale all cast-off articles that could be used by those less fortunate. House furnishings, such as rugs, lamps, dishes, curtains and pieces of old furniture will be most acceptable. Men's, women's and children's clothing of all sorts is also desired, and jewelry will also gladly be received.

Sower-Martin Reception

WEATHER which seemed especially ordered for the occasion, for the day could not have been more ideally charming, added a note of pleasure to the delightful reception held on Thursday afternoon, from 2 to 6 o'clock, by Mrs. Edwin D. Sower and Mrs. Frank A. Martin, at the Sower bungalow on Coal avenue. The entertainment was given in compliment to Dr. Margaret Cartwright, who is soon to leave for Mexico, and Dr. Cartwright was in the receiving line with Mrs. Sower and Mrs. Martin.

The affair might be said to have been also in the nature of a "house warming," it being the first time Mrs. Sower has entertained guests in her new home. The pretty bungalow, cozy in itself so home-like, so beautifully arranged and so handsomely furnished, so softly lighted, presented

white carnations, white chrysanthemums and ferns. The ladies in the receiving line were also handsomely and becomingly gowned in white, carrying bouquets of white carnations and ferns, and the same color note of green and white was followed in the delicious two-course luncheon.

A delightful feature of the occasion was the music, Mrs. John Wilson, Mrs. A. L. Behringer and Miss Grace Grimmer, in piano selections, and Miss Kathryn Grimmer, Mrs. R. B. Miller and Mrs. E. L. Bradford in a number of beautiful songs, added much to the pleasure of the guests. All the musicians were personal friends of Dr. Cartwright and gave voluntarily of their lovely talent as a mark of special honor to her.

Mrs. Sower and Mrs. Martin were assisted in entertaining by Mrs. J. W. Wilson, Mrs. N. J. Strunquist, Jr., Mrs. Charles Hewitt and Mrs. George Miller. Dr. Evelyn Frisbie and Mrs. Thomas Blakemore poured, and Miss Kathryn Grimmer, Miss Lucy Baca, Miss Ruth Thompson and Miss Marjorie Stowell assisted in the dining room. Over one hundred guests were entertained.

There were numberless expressions of regret at the coming departure of Dr. Cartwright. Her going is a loss to Albuquerque, not only to the circle of her friends, among whom she is greatly loved and sincerely admired, but to the community at large. She has been prominent in social, club and philanthropic activities.

Schoolmasters' Dinner

ONE of the attractive social features of the N. M. E. A. meeting in the 6 o'clock dinner to be given at the Graduate on Monday evening by the Schoolmasters' club to Dr. P. R. Clark, chief speaker of the convention. The organization was formed but a year ago and is purely social, having for its chief purpose the entertaining of prominent school men from outside who are present at the annual meetings of the association. The dinner will be of an informal nature and there will be no previous arrangement of toasts, the members merely spending the time in social intercourse and improving the rare opportunity of meeting one of the most prominent educators of the United States.

Maccabees Entertain

TUESDAY afternoon the ladies of the Maccabees of the World entertained their friends at a card party. Progressive high five was the game. Mrs. H. E. Rogers won the first prize, a handsome decorated pillow; Mrs. Sam Livingston, second prize, a pretty

laundry pad, and Mrs. Brown, the consolation prize, a bonbon dish. A game was also arranged for those not playing cards, the prize in this contest being awarded to Mrs. Gus Wolf. It was a picture of the Madonna. After the game, refreshments were served in the banquet hall. The decorations were large, yellow chrysanthemums, tied with the colors of the order, black, red and white. During the social hour pleasing music was rendered by the Diamond orchestra. The flowers were afterward distributed among the sick. Fifty-five guests were in attendance.

THE TEACHERS.

The welcome which Albuquerque extends to the New Mexico Educational association is no mere perfunctory greeting. It is a whole-hearted expression of genuine gratification at the privilege of entertaining a body of men and women who, in themselves and in the cause that they represent, typify the very best in our civilization.

For the next three days the city is at the disposal of the educators. It will be the pride of all citizens to extend them every hospitality and to conduct them every facility for the satisfactory transaction of their labors. As the leading city of New Mexico, Albuquerque is keenly alive to the responsibility that rests upon her in the entertainment of no distinguished gathering.

And as the leading city in New Mexico, Albuquerque feels that she should be considering the permanent convention city for an organization of the importance of this one. Also, Albuquerque believes that the teachers will look at the matter in the same light. Not only is this the largest city in the state, it is also the most centrally located, the most easily accessible from all points and the one best equipped in every way to handle a convention of this sort.

Let the annual convention of the New Mexico Educational association henceforth be known permanently as the Albuquerque convention.

WHERE CREDIT IS DUE.

Regardless of the outcome of the present rate investigation being held in this city, the state corporation commission is deserving of the warmest praise for the energetic manner in which it has prosecuted the effort to secure more favorable freight rates for the people of New Mexico.

The gentlemen composing the commission have gone about this matter in a thoroughly businesslike and efficient manner. They have presented the strongest case possible and they have left nothing undone to make out that case. If the decision should be adverse to the shippers of the state it will certainly not be the fault of the corporation commission. Not only has the best available legal talent been secured to handle the case from the New Mexico standpoint, but every member of the commission has given his time and his best personal efforts to see that the evidence is presented to the Interstate Commerce commission in the most convincing manner possible.

The Journal does not believe that the shippers will lose in this case, nor does it believe that the state commission is deserving of the warmest praise for the energetic manner in which it has prosecuted the effort to secure more favorable freight rates for the people of New Mexico.

It is a profit. The representatives of the state authorities have not lost their citizens anything, and has gained them much.

With the same sort of action in New Mexico, in which the corporation commission seems to be taking the lead, this state will at no distant day enjoy the same privileges as Texas.

LIFE AFTER DEATH.

Dr. Henry Leffmann, denying man's cherished dream of immortality, is quoted as saying that "when a watch is broken up the tickings and the recording of time cease; so, when the human frame breaks up, 'all the train of petty memories' that makes our life is gone."

Analogy was never yet an argument. A man is not a clockwork. He may feel at times, in his interrelations with the universe, that he is but a cog in the machine of the "sounding labor-house vast," but there remains forever, in fact, a great gulf fixed between the movements of his mind, the aspiration of his soul and the incessant operation of machinery. To argue that a man ceases to exist when he dies, because a watch stops telling the time when it falls apart, is to reduce the image of God to a mere anatomical cadaver, giving him nothing except the senses whereby he perceives and the limbs by which he moves. Is there no more to a man than that? If there is no more, then why are we stirred by music, by a prayer, by the death of one who is loved, by a deep spiritual longing implanted in the very depths of our nature which nothing but the beautiful vision itself could satisfy?

The world is "something good" despite the croaking of the pessimist, and it grows better day by day as men put their shoulders to the wheel and women get their hearts and hands to the answer of the cry of human need in every quarter. If all of us, when "life" ends, were merely to pass out into the dark, to run against the blank wall of Nirvana, to become nothing and utterly to cease, why were we put on earth? All else is created with a purpose—is man to be the sole exception? If life ends, love, too, must end, and who that has sorrowed for the anguish of the separation from one that he has loved is willing for one moment to admit the eternal non-existence of the love that is a mortal term of years became a part of him? "Bring forward your proof," cries the cynic and the agnostic, striving to take from us our hope and our faith, and leave us at once cheerless and purposeless. "The body weighs as much after it has ceased to breathe as it weighed before. Therefore, nothing has gone forth from it; no soul has winged its way to another sphere to wait for our arrival. There is no heaven; there are no angels; immortality is but a pleasing fiction. Virtue is its own reward. If you are not happy here, there's nothing better hereafter; so make the best you can of the long disease of your life."

To which a man, with obstinacy steadfast and incurable, repeats "I know, I know, and none can take from me what I know. The burden of proof is with you, to show that I am the product of a casual chemical reaction born to grope for a little while in a Godless, blind uncertainty and then to perish, as though goodness and truth and beauty and usefulness were perishable."

Those that we have "loved long since and lost awhile" are the answer to the doubt that shakes us. The assurance that we have does not come from credulity and alchemy, scapels and lancets, plummets and balances, or any divining-rod we can apply on this side of the threshold of the undiscovered country. It comes from the other side of death and from beyond the grave that never yet has won the victory upon the human soul.

AWARD OF THE NOBEL PRIZE.

The Nobel prize for literature has been given for the first time to a non-Caucasian, in the person of the Hindu poet, Rabindranath Tagore.

The bestowal of these coveted awards illustrates the cosmopolitanism of the attitude of the Swedish Academy in Stockholm, which determines who shall be the recipients of the literary prizes. In 1901 they conferred the lucrative honor upon Sully Prudhomme, of the French academy; in 1902 they gave it to Mommsen, the German; the following year it went to Bjornson, the Norwegian. In 1904 Mistral for France, and Echeagary, for Spain, divided the award; in 1905 Stenkvist was thus signally honored; since then the winners in succession have been Carducci, for Italy; Kipling, for England; and one might almost say for the Anglo-Saxon race—Rudolf Eucken, for Germany; Selma Lagerlof, of Sweden; Paul Ilyas, the German; Maeterlinck, for Belgium, and last year Anatole France, of the French academy.

The scope of the awards and the catholicity of their distribution is an illustration of the universality of the appeal of that form of the fine arts whose productions are most enduring. Our civilization rests not precisely upon the foundation of book learning, but upon the accumulation of human knowledge, which sooner or later finds its way into print, and which is represented even in sincere and thoughtful fiction and in the higher order of romantic poetry. The Hindu poet writes not in order to communicate facts, but in order to evoke emotion—he is the Robert Burns of his country, plus a strong infusion of religious mysticism and Oriental idealism. But even though the advancement of learning is not his first aim, at least his writings have been a direct inspiration to men of affairs and of action, as well as to brother poets.

GEORGE H. UTTER SELLS ZINC MINE FOR \$125,000

One of Largest Deals in Recent Years Consummated in Pinos Altos District; New Jersey Corporation Buyer.

(SPECIAL DESPATCH TO MORNING JOURNAL.)
 Silver City, N. M., Nov. 22.—George H. Utter, the Pinos Altos zinc mine, after some two or three months of negotiations, has sold his zinc mine in the Pinos Altos district, nine miles from Silver City, for \$125,000, cash, to the Empire Zinc company of New Jersey. The deal is one of the largest consummated in this district in several years. The Empire company owns and is now working valuable zinc mines near Hanover.

WEEK OF DULLNESS IN MARKET IS AT AN END

Saturday's Trading Was Colorless as on Preceding Sessions and Price Changes in Active Stocks Trivial.

(SPECIAL DESPATCH TO MORNING JOURNAL.)
 New York, Nov. 22.—The stock market of today brought to a close a week of dullness which for this season of the year, is almost unparalleled. Today's trading was as colorless as on the preceding sessions, and price changes among the active stocks were trivial. The amount of business was only about 50,000 shares.

The market appeared to be impervious to the influence of adverse factors, London influence in this market was neutral, continuing the general course of American stocks abroad and on account of the foreign trading here. A disturbing feature was the acute weakness of various stocks of which Mexican Petroleum was most conspicuous. Within a few minutes after the opening this stock broke 2 1/2 to within a fraction of its low record. Subsequently it rallied.

The apparent indifference of the market to these influences was ascribed to the stability which it derived from the short interest built up recently. Although there was little evidence of efforts to force up quotations, stocks improved fractionally throughout the entire day. Late selling at leading national banks brought about a reserve movement, however, so that the close showed no definite tendency.

The bank statement was disappointing. Although a substantial cash gain had been indicated by known movements of currency, there was an actual loss of \$1,277,000. Loans increased \$21,744,000, which presumably reflected the financing of the week's wheat and cotton market. The week's stock market dealings were the smallest at this season of the year for a decade. Price changes were irregular and the market important. Money worked easier, but applications for capital were confined to absolute necessities. The quick success of a sale of bonds guaranteed by the Pennsylvania and New Haven indicated a tendency toward improvement in the investment market. A

fresh fall in French bonds disappointed hopes of early easing of capital stringency, for which success of the forthcoming French loan is relied on. Steel and copper prices declined again and working forces at steel mills were reduced. Heavy shipments of currency to New York indicated trade contraction. Customs payments failed to show expansion of imports under new tariff. Interest estimates of the cotton crop resulted from the ginning figures.

The expected crisis in Mexican relations receded again and this influence was of less force as a market factor. Amendments to the currency bill left its final form still uncertain and its definition delayed.

The inactive speculation proved that most factors in sight already had been discounted. Closing prices were: Amalgamated Copper, 42 1/2; American Agricultural, 42 1/2; American Beet Sugar, 22; American Can, 22; American Cattle and Poultry, 42 1/2; American Cotton Oil, 22 1/2; American Ice Securities, 22; American Lumber, 22; American Locomotive, 22 1/2; Amer. CHICAGO BOARD OF TRADE.

Chicago, Nov. 22.—Liberal export sales at New York and fear of black rust in Argentina had a bullish effect today on the buyers of wheat. The market after showing weakness early, closed firm at a range varying from last night's figures to 1-3c advance. Corn finished 1/8 to 1-5/8c up, oats unchanged to a shade higher, and provisions irregular, ranging out from 5c decline to a rise of 1-2 1/2c.

Many wheat traders who were uncertain at the outset, changed later to the opinion that within six months the United States would require increasingly large shipments from producers able to make prompt delivery. Canada and Russia, it was pointed out, were soon to be locked in by ice and other winter conditions for at least five months, leaving the burden of supply descend heavily on the United States, Argentina and Australia.

Rosario dispatches telling of a jump in wheat prices there and referring to chances of serious damage from black rust acted as more than an offset for early reports that Argentine weather was favorable for growth. Estimates were also current that the amount of wheat harvested by farmers in the Dakotas and Minnesota was only 26,000,000 bushels, as against 30,000,000 bushels a year ago.

Reports from Russia and the Danube. For a while, however, mild weather and doubtful advice regarding demand kept the trade in a watch position.
 Oats merely reflected the course of corn. Much of the time, demand was scattering.
 In provisions, shorts covered, but the influence of lower prices for hogs put a handicap on prices. Offerings of lard by a leading packer were so plentiful as to be somewhat oppressive.

The Man Worth While Is the Man Worth Money

—not always but ninety-nine times out of a hundred that's so. It takes mentality to make money. It requires manhood to save money.
 The man who will take only a little of the money his mentality—his ability has earned for him and will save it, will get on! Ask any man ten years older than you. Ask him how much he regrets saving so little as ten cents a day for the last ten years. Ask him how much less he thinks of himself than men of affairs think of fellowmen who have saved regularly during the last ten years.
 The moral? SAVE! Deposit your savings in a safe institution—such as this bank. And above all—begin to save NOW!

NEW DEVELOPMENT PROMISED IN TAX LITIGATION

Attorney Charles A. Spiess of Las Vegas to Intervene in Supreme Court Suit of Chaves County.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)

Santa Fe, N. M., Nov. 22.—A new and important factor will be injected in the Chaves county tax suit in the state supreme court next week, when Charles A. Spiess of Las Vegas, will intervene on behalf of taxpayers and officials of Santa Fe, San Miguel, Colfax, Mora, Taos, Chaves and Eddy counties.

Mr. Spiess, who as president of the constitutional convention, is presumably an authority on the intent of the constitution makers, has gathered a formidable mass of statistics and authorities, and will oppose vigorously the blanket raises made by the state board of equalization, and which have aroused such a storm of opposition throughout the state. This means a legal battle royal for the South Springs Cattle & Land Co., the petitioner in the case, will be represented by two former attorneys general and it is well known that the company is controlled, if not owned by ex-Governor Herbert J. Hagerman.

Fitted against them will be Attorney General Frank W. Clancy and his assistants. The attorney general is also a member of the board of equalization, whose action is attacked, and is prepared to defend vigorously the authority of the board to make the raise.

In the meanwhile, tax collections are halted and there seems to be no permanent cure for the state's financial ills except an adequate tax and assessment statute passed either at a special legislative session, or a year hence at the regular session.

AZTEC ASKS BRIDGE CONTRIBUTIONS FROM MAIL ORDER HOUSES

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)

Aztec, N. M., Nov. 22.—The endeavor to raise money for a new river bridge at Cedar Hill, the Aztec Commercial club wrote to several large mail order houses to see if they would donate toward the bridge. Today a telegram was received from one of the firms saying a draft for \$100 had been mailed. No word has yet been had from the others. Aztec merchants and citizens have donated liberally for this bridge and the Cedar Hill people have subscribed all the labor necessary to build approaches and put up the steel work. The bridge will be completed before Christmas, if the present mild weather continues.

Grandma Maddox celebrated her 90th birthday anniversary Tuesday by giving a dinner to about fifty friends. Mrs. Maddox was born in Indiana in 1824, and remembers perfectly the many events of the period before and during the war of the rebellion. She was living at Nauvoo, Ill., when the agitation was going on which ended in the expulsion of the Mormons. Her maiden name was Emma, and she is a direct descendant of Robert Emmet, the Irish patriot. Grandma Maddox is hale and hearty, doing all her own housework, and bids fair to reach the 100th milestone.

Six cars of cattle and four cars of sheep were loaded out from the local stockyards Tuesday by A. H. Webster, a Monte Vista, Colo., stock buyer. The mild winter so far has been favorable for cattle and sheep. The winter range is better than if the freezing weather had come, as gentle rains have promoted growth of the grass this year long after the customary time.

A tight feeling in the chest accompanied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it buy the Dollar size HALLARD'S HOARSEHOOD SYRUP; you get with each bottle a free HERRICK'S RED PEPPER THROAT PLASTER for the chest. The syrup relaxes the throat and the plaster draws out the inflammation. It is an ideal combination for curing colds settled in the lungs. Sold by all druggists.

To Our Visitors

ALBERS ADDITION offers you a profitable field for investment in Albuquerque property. You will, while here, become convinced that this city is on the eve of largely increasing her population, and consequently that her real estate values will also increase largely in the very near future. The new Santa Fe shops, to cost at least \$1,500,000, are sure to add 5,000 to Albuquerque's population.

ALBERS ADDITION is only a block from the court house, on the street car line, and has city conveniences. The lots are 50x142 feet, \$100 and up, and are sold on easy terms, \$5 down and \$5 a month, without interest on deferred payments. Owner pays taxes until deed and abstract are delivered.

Do not fail to investigate this proposition while you are in the city, as it may prove to be a "lucky strike" for you.

The following agents will be pleased to take you over the addition and supply you with plans and prices:

SAN MIGUEL COUNTY SCHOOL REPORT NOT VERY ENCOURAGING

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)

Santa Fe, N. M., Nov. 22.—San Miguel county's public school report as given to the state department of education, is rather discouraging. Of seventy-five school houses in the county twenty-three are rented, four are loaned. Only ten are described as good by the county superintendent, twenty-six merely as fair and forty-one as poor.

The annual salary paid teachers averages only \$171.82, the lowest thus far reported by any county, although the two men teachers fare better, receiving \$244.72 a year. The average school term is 5.18 months and the lowest still were it not that one district has ten months, ten have nine months, while the rest grade down to one month, in fact, one district has had no school at all.

Of the teachers, fifty-four have only third grade certificates, seventeen have second grade, eleven first grade, two have five-year and two life certificates. San Miguel is one of the few counties with more men than women teachers, forty-seven being male and forty-one female. One district has ten male, six have one male and sixty-six have only one female. Seventy school houses are built of adobe, four are frame, four are stone and one is brick.

The report includes the town of Las Vegas, but not the city of Santa Fe.

SOCIETY

MR. AND MRS. R. H. COWPER,
who are soon to leave Albuquer-
que for their future home in Califor-
nia, have been the recipients of a
number of happy social affairs given
in their honor. On the evening of
the 14th, Dr. and Mrs. Connor en-
tertained very pleasantly at cards and
dancing for the Cowpers. Their
guests were Mr. and Mrs. Cowper,
Mr. and Mrs. L. R. Morris, Mr. and
Mrs. George Taylor, Mr. and Mrs. H.
E. Curry, Mr. and Mrs. H. O. Strong
and Mrs. Susan Parks.

On Saturday evening, the members
of the Tuesday Sewing club, with
their husbands, gave a charming din-
ner at Taff hall, the Alvarado, to Mr.
and Mrs. Cowper. The dinner was
served in eight courses and was beau-
tifully appointed. The decorations
were white chrysanthemums and the
favors American Beauty roses. Fol-
lowing the dinner, an evening at cards
was enjoyed at the Davidson home,
on North Fourth street. The guests
included Mr. and Mrs. L. R. Morris,
Mr. and Mrs. R. E. Curry, Mr. and
Mrs. L. J. Miller, Mr. and Mrs. J. D.
Davidson, Mr. and Mrs. W. C. Ham-
bley, Miss Anna Trexler and Mr. F. C.
Sheilhart.

Informal Dinners

MR. AND MRS. FREDERIC WINN
entertained at a very happy lit-
tle informal dinner on last Sunday
evening. It was a "fours" affair.
Their guests were Mr. & S. Peck, Mr.
Arthur Ringland, Mr. Don P. John-
son, of Silver City, Mr. John D.
Guthrie of the Apache national forest,
and Mrs. Corcoran, of Silver City,
who was stopping here on her way
east.

Mrs. G. L. Brooks entertained at
dinner on Thursday evening, for Col.
H. A. Jastro, of Bakersfield, Calif.
It was a most enjoyable affair.

Ortiz-O'Bannon Wedding

A PRETTY wedding of the week
was that of Mr. Ramon Ortiz
and Miss Eva O'Bannon, which oc-
curred at the Church of San Felipe de
Neri, at 5 o'clock on Monday morn-
ing. On the evening of the wedding,
a dance was given in honor of the
bride, at the Society hall, Old
Albuquerque, which was a very pretty
and happy affair. Mr. Ortiz is the
son of Attorney Modesto Ortiz, of Old
Albuquerque, and the bride is the
niece of Mr. and Mrs. Louis O'Ban-
non. Their many friends have shown
great interest in the wedding and
are to make their home in Old Town.

Arrivals

MRS. ALVAN WHITE, of Santa Fe,
wife of the state superintendent
of public instruction, arrived in the
city Friday evening and is stopping
at the Comba hotel.

Mrs. Mary C. C. Bradford arrives
this morning from Denver and will
stop at the Alvarado while in the
city attending the N. M. E. A., at
which she is to be one of the most
prominent speakers.

Mr. Juan A. Creel, of Chihuahua,
Mexico, is a visitor in the city, at
the home of Mrs. N. T. Armijo, 623 West
Copper avenue. Mr. Creel is presi-
dent of the Banero Minero, of Chihua-
hua, and a brother of Ambassador
Enrique C. Creel, who was formerly
governor of the state.

Departures

**MR. AND MRS. E. H. SCHWERT-
KEER** have left for Roswell, where
they will spend a week with friends.

Mr. and Mrs. Carl Hopping and
daughter, Clara, leave tomorrow night
for California, where they expect to
remain indefinitely.

Mr. and Mrs. C. H. Hawks have
left for a month's trip through Oregon
and Washington. They will also go
on up into British Columbia before
returning home.

Mrs. W. H. Johnson has rented her
home, on the corner of Tileras and
Ninth streets, and will leave shortly
after the first of the month for El
Paso. She will later go to California,
where she expects to spend the win-
ter.

Coming Events

MRS. T. J. WINFREY, of 606 West
1st Silver avenue, has issued invita-
tions for Tuesday evening to an af-
fair in honor of her sister, Mrs. Wat-
son, of Pueblo, Colorado, who is her
house guest.

The wedding of Miss Grace Grim-
mer, of Mr. Eldred's Agency, of
Metesif, Arizona, is to be one of the
interesting society events of the week.
It will be a very quiet wedding, only
the relatives and a few intimate
friends having been invited.

The Misses Ilsen arrived last even-
ing from Santa Fe to spend the week
of the wedding as house guests at the
Grimmer home.

The D. A. R. will meet on next
Saturday afternoon at the home of
Mrs. D. H. Carns, 601 West Gold
avenue.

Church Notes

Two pleasant social events were
enjoyed by the members of the St.
Paul church, and their friends during
the past week. On Wednesday after-
noon and evening, the ladies held their
monthly coffee at the home of Mr.
and Mrs. A. McFar, at Fifth and
Marble. About fifty were entertained,
including about a dozen men who
came in to take supper. On Friday,
the young people of the church spent
a social evening at the home of Mr.
and Mrs. A. McFar, at Fifth and
Marble. The affair being in charge of
the social committee of the Endeavor
society.

The First Congregational church,
corner of Coal and Broadway, has
announced a special Thanksgiving
musical service for this morning. A
full choir will render the "Adeste
Fideles" in English, and Mr. T. A.
Christian will sing "A Song of Thanks-
giving." The general public, and
visitors in the city are cordially in-
vited to the service, which begins at
11 o'clock.

On next Thursday evening the Gold
and Broadway Church of Christ will
celebrate its tenth birthday anniver-
sary. The members of the congrega-
tion will enjoy a musical program
from 5 to 8, which will be followed
by a dinner at 8 o'clock at the din-
ner, an interesting program of
speeches will be heard, after which
the evening will be spent in informal
divisions.

The Young People's society of the

Congregational church has arranged
as the second number of a series of
free entertainments given under their
auspices, a lecture on the Panama
canal, by Mr. C. G. Carly, a man who
has spent the past nine years in the
canal zone, in the employ of the
United States government. His work
has been such as to take him into
every town of size in the zone, and
he is thus well acquainted with the
country and with the history of the
building of the canal. The lecture
will be illustrated by government
views and pictures taken by Mr. Carly
himself. A musical program will
precede the lecture. A cordial in-
vitation is extended to the general pub-
lic and strangers are requested to
make themselves known, that the so-
ciety may aid in making their stay in
the city pleasant. The entertainment
will be given at the church, on Fri-
day, the 29th, at 7:30.

If in Doubt

A SOCIETY article in the Aurora,
Ill., Beacon-News contains some-
thing that may be taken as a sugges-
tion of value to some prospective Al-
buquerque hostess or to some one
who has "nothing to wear" to the
well N. M. E. A. reception. It says:
The hostess was prettily decorated in
autumn leaves.

Weekly and Monthly Rates

YOU probably don't like the
word "classy" any more than
we do; but somehow we can't
find one that comes so near to
describing the appearance of a
man in

Hart Schaffner & Marx

clothes, as that word. If you
want to know what we mean;
look at our illustration.

Special young men styles;
late, new, different ideas;
full of smart fashion. Styles
for older men; sizes for all
men of any shape.

Big suit values at \$25;
and other prices from
\$18 up.

To the Women Teachers of New Mexico

ANY WOMAN of taste in Albuquerque will tell
you that this store is one of the real show places
of the city—a place that never fails to delight the
feminine eye because of its ever-changing presentation
of all that is newest and daintiest and most worth
while in women's wear and novelties.

IN ANTICIPATION of your coming—and in order
to do our part in making pleasant your stay here—
we have arranged a Special Advance Display of Christ-
mas Goods which we feel sure will delight any woman who can
appreciate genuine distinctiveness of styles, beauty of fabrics
and exclusiveness in novelties.

THIS DISPLAY has been arranged especially for you; we're
rather proud of it, and we want you to see it. Come in as
often as you can, and stay as long as you like. Make this store
your meeting place, as the Albuquerque women do—and don't
think for a minute that you will be asked or expected to buy.
We want you to feel as free and comfortable here as you would
in your home town; and you will find our salespeople enthusias-
tic in their efforts to assist you in finding all that Albuquerque
has to offer in the way of sight-seeing and amusements.
