HOUSE RULES ARE SHATTERED WHEN PROHIBS TURN LOOSE

Deafening Outbreaks of Applause From Galleries Attend Impassioned Speech by Representative Hobson.

PERSONALITIES BRING REPLY FROM UNDERWOOD

Republican Leader Mann Puts Quiet on Oratorical Broadside by Making Point of Order Against Spectators.

Christian Temperance Union. The crowd extended into long lines in the corridors outside and even those who could not see but who could hear joined in a demonstration as both Representative Mann and Representative Underwood arose.

"The rules of this house," said Mr. Mann emphatically, "have always been that there should be no applause from the galleries. Those in the galleries who are making these demonstrations as good citizens should observe that rule."

As Representative Mann pounded for order, Mr. Underwood turned to the chair to ask why, inasmuch as the members of the floor had made "a partisan demonstration the rules cannot be extended to the galleries just this once."

Quiet eventually was restored and Mr. Underwood again spoke.

"I cannot sit here in silence," he said, "and allow my colleague to assert that I am the candidate of any interest without challenging his statement. I am not, never have been and do not intend to be the candidate of the liquor interests. I never have received a dollar from the liquor interests nor do I intend to receive such. I have asked the people of my state to elect me on other issues. He may assert it if he wishes, but I challenge his statement that I am the candidate of the liquor interests."

Mr. Underwood concluded his speech by declaring he came with a petition sanctioned by a majority of the American people demanding a referendum on the liquor question. The fight of the people for this referendum was an earnest one, he asserted, and men in public life had better realize it. Referring to Mr. Underwood as a reactionary, he added:

"If there is a man on this floor who is afraid of danger," he said, "I'd better get to cover in the next few years."

When the Alabama representative had taken his seat, Representative Bartholdt of Missouri, suggested that Mr. Underwood had packed the galleries with a multitude of his adherents and that he (Bartholdt) could bring "two million German-Americans to Washington for intimidation, but he did not think it was a 'wealthy thing' to do anything of that sort."

He attacked Mr. Underwood's argument and said that "sobriety and temperance are not identical with prohibition, as Mr. Underwood had said, but that prohibition is an attempt to make a man sober by law."

"The Creator himself put temptation into the garden of Eden and it has been there ever since," concluded Mr. Bartholdt, after saying that the man he respected was the man who could resist temptation.

"Why to abolish temptation, you'd have to abolish women."

Mr. Underwood again spoke.

"I cannot sit here in silence," he said, "and allow my colleague to assert that I am the candidate of any interest without challenging his statement. I am not, never have been and do not intend to be the candidate of the liquor interests. I never have received a dollar from the liquor interests nor do I intend to receive such. "Why to abolish temptation, you'd have to abolish women."

COURT REFUSES TO CONSIDER INCOME TAX TEST CASE

Judge Landis Decides He Is Without Jurisdiction and Passes Matter to Supreme Court Without Prejudice.

Chicago, Dec. 11.—The suit to test the income tax law was thrown out of the United States district court today by Judge Landis, who decided that he had no jurisdiction.

The effect of his decision, which does not involve the constitutionality or unconstitutionality of the law, is to send the case direct to the supreme court of the United States.

The medium selected for the test is a suit by Elsie DeWolfe, the former actress, a citizen of New York, now resident at Versailles, France, is plaintiff, and the Continental and Commercial Trust and Savings Bank, of Chicago, is defendant.

W. Bourke Cockran, of New York, and Colin H. Fiske, of Chicago, appeared for Miss DeWolfe, and Levy Mayer, of Chicago, for the bank.

Miss DeWolfe, owner of 85 per cent bonds of the Appalachian Power company, was refused payment of interest due on the bonds because she had not filed the certificate of ownership which the bank claims is required by the income tax law. Her suit is for interest and damages in the sum of \$1,000.

W. Bourke Cockran, of counsel for the plaintiff, will file an appeal three weeks hence, upon his return from a vacation in Europe.

Today's proceedings were brief. Miss DeWolfe sued the Continental and Commercial Trust and Savings bank for interest on bonds which interest the bank withheld because she had not filed a certificate of ownership as required by the income tax law. Levy Mayer, for the bank, demurred to the effect that the United States district court did not have jurisdiction. It was a matter of contract, he said, between plaintiff and defendant, and should be adjudicated in the courts of Cook county.

Pershing Relieved Mindanao Command

Washington, Dec. 11.—War department orders today relieved Brigadier General John J. Pershing from command of the district of Mindanao in the Philippines, where he has served as military governor. General Pershing was directed to proceed to San Francisco to await further orders. No military command will be assigned to succeed him in Mindanao.

Brigadier General Eli D. Hoyle, now in Manila, was assigned today to command of the district of Luzon, Philippines.

PRESIDENT'S TALK AGAINST CAUCUS IS QUOTED BY HITCHCOCK

Vigorous Fight on Democratic Currency Bill Waged by Nebraska Senator in Dramatic Speech.

"THE NEW FREEDOM" IS USED AS GOOD TEXT

Burton of Ohio, Takes Up Much of Day Advocating One Central Bank as Best Solution of Problem.

Washington, Dec. 11.—The final assault on the detailed provisions of the administration currency bill was begun in the senate tonight, Senator Hitchcock of Nebraska, leading the attack. In a full in the flood of currency oratory which has occupied the senate day and night for nearly two weeks, Senator Hitchcock began the presentation of his amendments to the bill, declaring in a dramatic speech that he declined to consider the measure completed by the democratic caucus as unavailing.

Senator Hitchcock quoted from President Wilson's book, "The New Freedom," to show that the president was on record against caucus and committee legislation and was in favor of consideration of reform measures "in the full light of publicity."

"I have no purpose to delay the consideration of the bill," said Senator Hitchcock, "but I deplore the tendency of senators on both sides of this chamber to regard this bill as foreclosed to amendment by action of the democratic caucus. The president has proclaimed time and again that discussion in public was above all things the most important consideration in legislation."

Senator Gallinger, the republican leader, suggested that the president had approved of the caucus on the tariff bill, and had also approved the caucus on the currency bill.

"I doubt that," said Senator Hitchcock emphatically. "I shall not believe until I hear the votes cast here, that men who have assured me that they would not be bound against their convictions by any caucus, will suddenly themselves and come in here to vote against the things in which they believe."

The Hitchcock amendment to section two of the bill, would provide for the organization of four regional reserve banks instead of eight or twelve, and for the sale of stock in the regional banks by public subscription underwritten by the banks.

Senator Burton of Ohio, occupied the greater part of today's session with an argument favoring a great central bank as against the regional bank plan.

Witnesses in Highway Graft Probe.

New York, Dec. 11.—The grand jury heard two witnesses today in connection with District Attorney Whitman's investigation into state highway graft, but took no action.

They were John A. Mason, former secretary of the democratic state committee, and James Hamilton, a partner of Thomas Hasset, who is accused by Madison R. Aldrich, of Poughkeepsie, of obtaining a bribe from him.

SCHMIDT ASKS HIS AGED FATHER TO FORGIVE HIM

Confessed Slayer of Anna Ammiller Makes Tearful Plea on Knees Before Parent He Once Refused to Recognize.

New York, Dec. 11.—Edgar Schmidt, the one-time priest on trial for the murder of Anna Ammiller, fell on his knees this afternoon in District Attorney Whitman's office, kissed the hand of his aged father, who has come all the way from Germany to try to save him from the electric chair, and in a flood of tears begged his forgiveness. This morning Schmidt refused to recognize his father.

Mrs. Elizabeth Schadder, Schmidt's sister, who made the trip from Germany with her father, was present at the meeting. Schmidt embraced her affectionately. For half an hour she and her father tried to soothe the prisoner but he refused to be comforted and was still weeping when led back to his cell.

All the state's witnesses, except alienists, have testified, and Schmidt's trial was halted in mid-afternoon today until tomorrow to permit the district attorney to confer with the alienists before putting them on the stand.

Official Seriously Wounded by Strikers

VILLA'S SOLDIERS INVADE BRITISH VICE CONSULATE AT CHIHUAHUA

During Absence of Official, They Forcefully Enter Building and Arrest Luis Terrazas, Jr.

PRISONER IS PARADED THROUGH STREETS

Victim of Alleged Outrage Unable to Communicate With Friends, Finally Appeals to American Charge.

Chihuahua, Mexico, Dec. 11.—Confusion which arrived tonight from Chihuahua reported that the rebels, since their occupation of that city, had entered the British vice consulate and forcibly seized Luis Terrazas, Jr., a son of the wealthy land owner, and after carrying him through the streets, placed him in jail.

According to the Americans, the rebels also served notice upon 100 Spanish residents of Chihuahua that they must leave the city within ten days.

The entry of the British consulate and the seizure of Terrazas, who had gone there for protection, after hearing that his wife was in danger, were reported to have occurred during the absence of British Vice Consul Scobell. It was said that Scobell, enraged at the action of General Francisco Villa's army, was denied facilities to protest to the British minister at Mexico City, or to the British ambassador at Washington, and that he then appealed to United States Consul Martin Letcher. All the other foreign ministers are said to have joined in a protest, in what was regarded as a violation of the rights of asylum under a foreign flag.

The story told by the Americans was that Terrazas, who had been in charge of much of his father's vast estate, including great cattle ranges, had been left in Chihuahua, after the evacuation by the rebels, to look after women and children members of his family, and that, taking flight, he went to the British vice consulate, that, during the absence of Vice Consul Scobell, the rebels who had been searching the town for Terrazas, rushed into the consulate, seized Terrazas and then paraded the prisoner through the streets, afterwards locking him in a cell in the state prison.

It was said that a demand for \$250,000, which he failed to pay, was the chief motive in the arrest of Terrazas.

Luis Terrazas, Sr., the aged father of the prisoner, recently arrived at Chihuahua with the federal troops. His great wealth has been a special mark for discussion in the propaganda of the revolution, while the thousands of head of his cattle over the state have served to feed both rebels and federals.

United States Consul Edwards, at Chihuahua, said he had received no official confirmation of the arrest of Terrazas up to a late hour tonight. The telephone line between Chihuahua and Juarez was not working.

SEVERE COLD KEEPS PRESIDENT IN BED

Washington, Dec. 11.—President Wilson stayed indoors today, fighting a cold, and cancelled all of his engagements by order of his physician.

The president's indisposition started a week ago, with a cold in the head and nose, and extended to his throat. He improved by staying in bed several days last week, but during the last day or two took a little more cold, which affected his voice.

No engagements will be made for the president for earlier than Monday and those which have already been made will be cancelled. While the president was reported not at all uncomfortable, his physician has determined to guard against any exposure for the next few days.

The president today remained in bed much of the time. He slept in the late afternoon. He was reported to be resting comfortably and feeling much better tonight.

While the president denied himself to visitors, Secretary Tamm had a busy day at the executive offices. Among his callers were Roger C. Sullivan, democratic national committeeman of Illinois; Thomas P. Riley, democratic state chairman of Massachusetts; and W. J. Connors, of Buffalo, former New York state chairman, who came to talk politics of their respective states.

Girl Swimming From Ocean to Ocean.

Colon, Dec. 11.—Miss Elaine Golding, of Bathbanch, N. Y., who hopes to swim the Panama canal from the Atlantic to the Pacific, started this morning from the five mile buoy over Cristobal and reached the lower lock at Gatun early in the afternoon. She will continue her swim across Gatun lake to Gamboa tomorrow.

Official Seriously Wounded by Strikers

Dublin, Dec. 11.—John Holloway, vice chairman of the port and docks board, was seriously injured today by a stray bullet fired by a carter who was being assailed by the strikers. He was wounded in the forehead.

REBELS PREPARE TO MAKE VIGOROUS ASSAULT ON OJINAGA

General Villa Says He Will Delay Movement Against Mexico City Until North Is Cleared of Federals.

BORDER TOWN MAY BE HARD NUT TO CRACK

During Madero Revolution It Held Out for Long Period Against Greatly Superior Besieging Force.

Chihuahua, Mexico, Dec. 11.—Convinced that General Salvador Madero, with his 4,000 soldiers, the largest number of federals in the north, is preparing at Ojinaga, on the border opposite Presidio, Texas, to make a desperate stand against an attack, the rebel forces today sent an artillery regiment with ten cannon to reinforce the 3,500 rebels already approaching Ojinaga.

Until the outcome of the situation at Ojinaga is determined, Gen. Francisco Villa's march with his rebel army southward to Torreon and Zacatecas, will be checked. The rebel leader, now at Chihuahua, informed his headquarters in Juarez that he would not leave the north with federal troops bent on Ojinaga in the belief that the town would have to be besieged, because the federals have built extensive defenses there. It is believed that an attack at Ojinaga would be of long duration, as the town stands on a hill and from the forts the rebels have a sweeping survey of the approaches. During the Madero revolution the place held out long against superior numbers even though the water supply had been cut off and a fortified ditch from the river had to be dug.

The only ones the federals have at Ojinaga are those which they carried with them in their retreat from Chihuahua and these are believed by the rebels to be few because the federals lost heavily in ammunition and arms in their fight south of Juarez.

Five federal soldiers were killed eight miles south of Juarez today. They had taken refuge in an adobe house when the federals retreated north more than ten days ago. Before being taken they held out several hundred rebels for hours but finally were overpowered.

A band of bandits, not affiliated with the rebels, operating under Maximo Castillo, are raiding the property of Mormon colonies in various parts of Chihuahua state, according to reports from the rebels. E. L. Taylor, a Mormon farmer, was taken prisoner at Pearson, and was liberated on payment of \$200. A B. Call of Colonia Dublin, was threatened with death until a similar amount was paid.

FEDERAL FORCES RETAKE TORREON AFTER EIGHT FIGHTS

Mexico City, Dec. 11.—The story that the federals had recaptured the town of Torreon, situated on the border line of the states of Coahuila and Durango, was announced by General Velasco's official report received today at the war department.

General Velasco says he retook Torreon on December 9, after eight engagements.

The rebel losses are given as 200 men killed. The federal casualties are not stated.

AMERICAN HELD AS SPY RELEASED BY REBELS

Douglas, Ariz., Dec. 11.—After being held prisoner for more than five hours on the charge that he was a federal spy, A. Aronwald, an American citizen, was released from the hands of the rebels. Information concerning ammunition shipments to the rebels, which had been seized, was the prisoner's charge.

The prisoner denied the charges but was held incommunicado until his wife crossed the border from Douglas and pleaded his case.

EGYPTIAN REFUGEES AT GALVESTON FROM VERA CRUZ

Galveston, Tex., Dec. 11.—With eighty-eight American refugees on board, the Hamburg-American liner Frankfort, arrived in port today from Vera Cruz.

GENERAL MURPHY THREATENED BY FEDERALS AT GUAYMAS

Hermosillo, Sonora, Dec. 11.—A general mutiny among the two thousand or more federal troops defending Guaymas is threatening, according to reports reaching the insurgent lines. It was reported today that three federal soldiers arrived at the insurgent base above Guaymas, with news of the execution of federal officers to prevent their desertion to the constitutionalist side.

The refugees, who brought arms and ammunition with them, said that First Lieutenant Gastel and Second Lieutenant Munoz were executed as an example to other federal officers.

It was stated they had attempted to leave Guaymas with their command of sixty men, taking arms and supplies.

The federals had not been paid for three days, it was said, contrary to the usual custom of making small daily payments.

A decree was issued here today by the department of the interior of the constitutionalist government, warning all mine owners in states held by the insurgents, that taxes paid to the federal central government would not be recognized by the revolutionary party. It is said that many American mining men have paid taxes in Mexico City on property located in territory under constitutionalist control.

REORGANIZATION OF REPUBLICAN PARTY

Washington, Dec. 11.—The committee of progressive republicans which will present plans for a reorganization of the republican party to the republican national committee, when it meets here next week, met tonight to consider plans. Senators Cummins and Jones and Representatives Anderson, of Minnesota; Cranton, of Michigan; and Rogers, of Massachusetts, were present. Definite action was postponed until a meeting to be held Sunday or Monday, when former Governor Hadley of Missouri, will be here.

The committee is considering three proposed essential reforms. One would change the basis of the representation of southern states in national conventions; the second would allow state laws to govern the selection of delegates to national conventions, and the third would provide that the national committee, when chosen should immediately take charge of and conduct the convention by which they are selected.

COMPETITION CAUSE OF REDUCTION IN PHONE RATES

Witness at Inquiry Into Monopoly Methods of Bell Company Tells of Improvements by Independent Lines

New York, Dec. 11.—The immediate reduction of telephone rates, reconstruction of old plants and a prompt improvement of service so as to compete with modern methods, inevitably followed the invasion by independent companies of the field of the Bell system, according to testimony adduced today at the hearing here in the government's suit, under the anti-trust law, against the American Telephone and Telegraph company and others, to dissolve the purchases of independent companies in the west.

The suit was brought in Portland, Ore., and hearings have been held in Baltimore, Philadelphia and other cities.

Through D. A. Reynolds, who for many years has been interested in the organization and operation of independent telephone companies throughout the country, C. J. Smyth, special assistant attorney general, sought to show results of competition in Michigan, in several western states and in New York state, where the witness has engaged in the telephone business.

Mr. Reynolds declared that independent companies had always been successful, except in a few cases where they have been improperly managed. He related instances where the independents have been bought out by the Bell system, pointing to Albany, N. Y., where he said the defendant company obtained control of competing lines, and recalled that recently the business men of that city had complained to the public service commission regarding the service.

"Do you know anything that will take the place of competition in producing efficiency in telephone service?"

"I do not think that anything can possibly do it," the witness replied. "Even if the public service commission actually wanted to do it, they couldn't."

Illustrating this point, Mr. Reynolds referred to the sworn statement of the auditor of the New York Telephone company, which states that the capital per telephone amounted to \$43.12, and that while paying eight per cent on the capital stock, they cannot reduce rates without infringing on their securities.

Counsel for the American Telephone and Telegraph company, caused the witness to tell in detail of his connection with the Great Eastern Telephone company, the holding company of two paper corporations, which contend that they hold franchises for the operation of telephone systems in Greater New York. Mr. Reynolds told of the fight of the Bell system made against his companies in Brooklyn some years ago, when the New York & Eastern company established a central office and put up poles and wires, which later were chopped down by the Bell company. He also went into detail about the litigation which is still pending between the Bell system and his companies, which still claim the right to operate telephone lines in this city.

Hot Exit From Burning Hotel.

St. Louis, Dec. 11.—Charles H. Wheelton, of Arcadia, Mo., made a hot exit from a local hotel today, after an alarm of fire had been given. He attempted to slide down a hot smokestack, leading from the boiler room.

ATTACK ON TAMPICO IS AN IMPORTANT STEP IN WAR'S PROGRESS

Admiral Fletcher Reports Constitutionalists Are Gaining Ground in Efforts to Capture Mexican Gulf Port.

PROTECTION IS GIVEN TO ALL FOREIGNERS

No Transports or Merchant Vessels Upon Which American Refugees May Be Taken Embarrasses Consul.

Washington, Dec. 11.—The fighting at Tampico, a Mexican seaport of strategic importance, was recognized by administration officials here as likely to have an effect on the immediate progress of the revolution.

The possession of a port where millions of war could be landed safely from abroad as well as the revenues that would be acquired through the collection of customs receipts there, would greatly aid the constitutionalist cause, in the view of the officials.

Reports of the fighting which reached here today were meagre but those received at the navy department showed that the constitutionalists were making an aggressive attack.

Secretary Bryan conferred today with Secretary Daniels over dispatches from Rear Admiral Fletcher. Both seemed confident that Americans and other foreigners would not be endangered. The taking of British and German vessels aboard English and German vessels, respectively, and the gathering of a number of Americans on the American ships relieved officials somewhat of anxiety. Though there is every assurance that the foreigners who had gone to a some degree as neutral would not be molested, Rear Admiral Fletcher will be expected to take them aboard the ships in the harbor if such danger is encountered.

Official reports from Rear Admiral Fletcher to the navy department today, said the constitutionalists were making progress in their attack on Tampico and that Americans and eleven other foreigners had been removed to a neutral zone for protection. Thus far no foreigners have been injured.

The dispatches say the non-combatants have been concentrated at a point near the water front where they are under the protection of the guns of the scout cruiser Chester, and the gunboats Wheeling and Tacoma. The battleships Rhode Island and Michigan are further out.

Diplomatically there was no development of any kind in the Mexican situation. It became known that the movement of British vessels from the West Indies to Mexican waters was in accord with previous intention of the state department.

Secretary Garrison, when asked by members of the house committee on military affairs, about alleged dissatisfaction of American troops stationed at Texas City, on the Mexican border, said it would be impossible to move the camp from that point now as it might lead to a misinterpretation of the administration's plans.

The navy department received the following wireless dispatch tonight from Rear Admiral Fletcher, sent from Tampico at 10 a. m. today:

"Firing was continued during the night, but there was no change in the situation this morning."

NO FOREIGNERS INJURED IN FIRST DAYS' FIGHT

Vera Cruz, Dec. 11.—The American consul at Tampico, Clarence A. Miller, reports by wireless that no Americans or other foreigners were injured in the first days' fighting between the federals and rebels. He expresses regret that no vessel is now available at Tampico for the reception of American refugees other than the warships. The British and German being more fortunate in having merchant vessels under their flags in port. The consul requests authority from the state department to charter a vessel.

HUERTA UNDISTURBED BY NEWS FROM TAMPICO

Mexico City, Dec. 11.—The knowledge that Tampico was in danger of falling into rebel hands did not appear to disturb President Huerta. He was the guest of honor at a banquet today at Panabaza, a suburb, to celebrate the inauguration of the inter-urban railroad. General Huerta certainly gave the impression that he was not troubled by the possible outcome of events at the port.

According to a private message, fighting was in progress this afternoon at Tampico, the rebels being in possession of the freight yards at Dona Cecilia, between Tampico and the coast, from which point the federals had been forced back into the city. Official messages indicated that the federals would be able to resist the attack, but the same note of optimism was lacking in the few private messages received here.

The anxiety felt in the capital on account of the foreigners at Tampico has been allayed by the information that many of them have been taken

NEW LAREDO GARRISON

REINFORCED BY FEDERALS

Laredo, Tex., Dec. 11.—The Mexican federal garrison at Nuevo Laredo was reinforced today by 1,000 government troops who marched overland from Monterrey. The arriving soldiers knew nothing of the reported dynamiting of a troop train near Monterrey several days ago. Wire communication between Monterrey and the border has been cut off.

Broke Pledge Not to Smoke Cigarettes

Oakland, Cal., Dec. 11.—Suit was returned today in the superior court by Charles A. Appleford, 36, a wealthy liquor merchant, against his son Charles, for the collection of a forfeit of \$100 agreed upon December 18, 1912, whereby the son promised to pay that amount if he broke a pledge not to smoke cigarettes for one year. On his part, Appleford, Sr., bought his son a suit of clothes as an inducement for the pledge.

RAILROAD'S NEEDS FORCIBLY TOLD BY PRESIDENT OF NEW HAVEN

Mr. Elliott Says Dividend Was Passed With Sadness by Directors of Embarrassed Company.

GOVERNOR OF OHIO IS FOR FEDERAL CONTROL

Transportation Securities Now Under Supervision of States Where National Regulation Is Demanded.

NEW YORK, Dec. 11.—"I do not think I ever sat on a board that felt as badly as did the New Haven board when they met conditions which forced them to give the decision to take away dividends and Christmas presents from thousands of people," Howard Elliott, the new head of the New York, New Haven & Hartford railroad system declared here tonight at a dinner of the Railway Business Association. Mr. Elliott alluded to the meeting of the New Haven board directors yesterday, at which it was voted to pass the dividend.

"They had the courage to do it," added Mr. Elliott, "and they did it because they thought it was better for the stockholders and better for the people at large."

Governor James M. Cox, of Ohio, was among the speakers at the dinner, which was attended by many prominent railroad officials and other representatives of the business world.

Regarding charges of dishonest railroad management, Mr. Elliott said that if some railroads in the past have been over-capitalized, it is to be regretted.

"But no workable method has been suggested," he declared, "by which securities issued legally and bought in good faith can be taken from the owners without failures and receiverships that harm many more people than the owners of the securities."

To criticisms that the railroads were extravagant he replied: "Many economies can only be achieved by throwing away bid apples and buying new ones. And if the railroads have no money with which to get the new tools they must do the best they can with the old ones. The railway managers of the country," he continued, "want to know where to improve. They welcome just criticism based on real knowledge of all the facts. To serve the public adequately is their purpose and it is their duty to seek diligently from the appropriate authorities the authority and help necessary if the railway is to do what the people want and must have if the country is to grow. So it would seem as if it was to the best

interest of the people to be patient with a railway which has practically no control of the price of what it has to sell—transportation—and very little control over the price of labor needed to produce that transportation."

Mr. Elliott said that anything that affects adversely the credit and social welfare of New England will affect the whole country and he urged that business men of the country "who benefit from the accumulated savings of New England and from her large purchases from other parts of the country should at this time of storm and stress help the situation in a very reasonable way."

Voting of authority to pass on the issue of railway securities in the federal interstate commerce commission, rather than in state commissions, was urged as a means of restoring financial health to railroads, by Governor Cox, of Ohio. Regulation of rate also should be left with the interstate commerce commission, he maintained, and these rates should be revised as often as changing conditions of railway demand them.

"No man in common sense," said Governor Cox, "will avow the propriety of a wild out policy in the instance of securities. No community in America will produce the man who will attempt to justify the practices which have shaken the confidence of the conservative thought of New England."

"The whole country stands appalled. A great property built on the resources, thrift and pioneer morals of New England, has been drained of its very blood and bone through methods that inspired the divine command, 'Thou shalt not steal.' Of the twenty-two thousand stockholders, half are women, many are estates and trustees, a circumstance which appeals the confidence of those now dead. What excuse has government to offer those who lived secure in the thought that it protected the defenseless? What word have the states, responsible for this outrage, to utter in explanation? It would have been impossible of accomplishment in any progressive state, I feel sure the federal government, in its present hands will not remain dumb to the constitutional command of absolute control of interstate commerce."

He suggested that railroads issue their securities in small denominations so that stocks and bonds in time might come to be owned by a large number of small investors, and thereby produce "public but not governmental ownership of railroads."

Governor Cox characterized as obsolete the policy of maintaining state rights in relation to railway systems. He criticized those who blame governmental regulation for all the ills of the railway business and declared "state regulation will become the ultimate salvation of the business."

"I introduce, therefore, entirely regardless of the objections which have been raised to the plan, the suggestion that ultimate relief will never come until the interstate commerce commission passes on the issuance of securities."

"There is no question whatever, but that the railroads would be given at once the desired raise in rates, if the government were assured that the increased revenue would be applied properly."

Governor Cox said the railroads abused their powers in the past when there was little government regulation, but urged that "past sins be forgotten" and that the new order be built on an entirely new basis.

The governor declared that public prejudice against railroads had developed in recent years because of reprehensible administrative policies of some companies.

Commenting on the remedy he said: "First of all we might as well recognize at the outset that a partial relief is not going to do any good. The thing to do is to restore the patient and then prescribe and enforce a diet and behavior which will prevent recurrent illness."

"Railroad men everywhere admit that a new day in the affairs of this industry has arrived and that the old order has been replaced first by the impossibility of extensive exploitation and adventure, and second by a new moral code which seems to be timing attention everywhere."

20 Years Penal Servitude Is Sentence.

Calcutta, Ill., Dec. 11.—After three hours' deliberation, a jury tonight found Harvey R. Fields guilty of the murder of Dr. E. L. Gordon, and fixed his punishment at twenty years in the penitentiary. Fields shot Dr. Gordon as the latter was leaving a hospital on September 1, 1912. The plea of the defense was that Fields had been deranged by stories of the alleged abuse of his wife by Dr. Gordon.

GENERAL WOOD TO BRYAN CRITICISED BE RETIRED FROM PRESENT POST BY CIVIL SERVICE REFORM LEAGUE

In Compliance With Spirit of Law, Secretary Announces Another Chief of Staff Will Be Selected.

WASHINGTON, Dec. 11.—An announcement was made today by Secretary Garrison that on April 22, next, Maj. Gen. Leonard Wood would cease to be chief of staff of the United States army. On that date General Wood's four-year detail expires, and though there is a provision of the statutes which would permit him to be extended in case of war or any other emergency, Secretary Garrison declared that he would follow the spirit of the law and choose a successor. The secretary's inference in the subject today was occasioned by the publication of a report that the Mexican situation provided an "emergency" under which General Wood might be continued in office.

"I think the law is a good one," said Mr. Garrison, "and I shall follow the spirit of it by choosing another man." The secretary was somewhat incensed by suggestions that a campaign was afoot to bring about the selection of certain army officers.

"I would consider it just as much an impeachment," he said, "for a man to tell me who I was to marry or who I was to invite to my dinner table, as for anyone to tell me who should be chief of staff. That officer is the chief, personal adviser of the secretary of war and must be persons grata to him. I will consider no man who has friends working in his behalf to secure the place. That is just shows himself. There is only one man in the United States who can influence my judgment in any way and he is Woodrow Wilson."

TO MAKE YOUR HAIR MORE BEAUTIFUL

To give your hair that gloss and lustre and wave which distinguish the Harmon Hair Beautifier. It takes away the dull drab look of the hair and makes it bright—turns the straggles into fluffiness—overcomes the flake odor and leaves a sweet fragrance—makes the hair easier to put up neatly and easier to keep in place. It is just exactly what it is named—a hair beautifier, and whether your hair is ugly now or beautiful it will improve its appearance. You'll be proud of and delighted with the results, or your money back. Very easy to apply, simply sprinkle a little on your hair each time before brushing it. Contains no oil, will not change the color of hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure, liquid shampoo is most convenient to use, because it gives an instantaneous rich, foaming lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no hangover, or sickness, or a greasy, soiling residue.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Ideal Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony Laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made—Butt's, Inc., Druggists, Albuquerque, N. M.

Dinner for Mr. and Mrs. Sayre.

London, Dec. 11.—The American ambassador and Mrs. Walter H. Page gave a second dinner this evening in honor of Mr. and Mrs. Francis Bowes Sayre. Among the guests were Sir Edward Grey, the British foreign minister; the French ambassador, M. Cambon; the Earl and Countess of Halsbury, Baron Leigh and the Hon. Miss Leitch, the Hon. Charles Napier Lawrence and Mrs. Lawrence, Lady Raget, the president of the board of trade and Mrs. Sidney Buxton, and the Hon. Rev. William Hoar Carpenter, canon of Westminster and Mrs. Boyd-Carpenter.

The Nash Electrical Supply Company, of which M. Nash is president and manager, has the largest and best equipped shop of its kind in the state. They have been established here about twelve years and have built up a fine business. They carry everything electrical in stock at all times, and are experts in their line of work.

MURDERS HUSBAND AND POISONS HER CHILDREN

Woman and Farm Hand Arrested on Charge of Attempting to Remove All Obstacles to Marriage.

Little Valley, N. Y., Dec. 11.—Mrs. Cynthia Buffum and Ernest Frahm, a young farm hand, were indicted and arraigned here this afternoon on charges of murder in the first degree. District Attorney George W. Cole said Mrs. Buffum had made a confession in which she admitted administering poison to her husband, Willis Buffum, and her four children, so that they might be free to marry Frahm. Buffum died August 27. One of the children, Laura, 19 years old, is still critically ill. The others are slowly recovering. Frahm and Mrs. Buffum pleaded not guilty and were remanded to the county jail.

The alleged confession of Mrs. Buffum, Mr. Cole says, is to the effect that the poison was placed in the food prepared for the family, covering a period of over a month. It was in the form of a horse medicine containing poison.

The attention of the county authorities was called to the case early in September, shortly after the death of Buffum. At that time, three of the Buffum children fell ill, the symptoms of their attack resembling those

which had resulted in the death of the father.

Dr. M. L. Hilleman, the family physician, called a consultation of doctors, and as a result of their diagnosis, and the children were suffering from poisoning. District Attorney Cole began an investigation. No traces of poison could be found at the Buffum farm and inquiry at drug stores for a hundred miles around failed to disclose the sale of poison to anyone likely to come in contact with the Buffum family.

Buffum's body was disinterred and an examination of the vital organs disclosed, according to the chemist's report, poison in weighable quantities.

Not Beyond Help at 87.

Sleep-disturbing bladder weakness, stiffness in joints, weak, inactive kidney action and rheumatic pains, are all evidence of kidney trouble. Mrs. Mary A. Dean, 47 E. Walnut St., Taunton, Mass., writes: "I have passed my 87th birthday, and though I was beyond the reach of medicine, but Foley Kidney Pills have proved most beneficial in my case of kidney and bladder trouble. Elderly people will find Foley Kidney Pills both tonic and strengthening, and may be sure they contain no harmful drugs. For sale by Butt's, Inc."

Cattle Baron Gets Two Years.

Kansas City, Mo., Dec. 11.—John Alkins, president of the Missouri & Kansas Cattle & Horse Co., charged with obtaining money by trick in connection with an alleged corner of the local calf market, was found guilty late today and sentenced to two years in the penitentiary. Oswald S. Bone, chief buyer of the company, was acquitted of the same charge.

ANNUAL MEETING OF
NATIONAL LEAGUE
COMES TO ENDGovernor Tener Host at Ban-
quet to Baseball Magnates
in Appreciation of His Elec-
tion to Presidency.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
New York, Dec. 11.—The annual meeting of the National League closed tonight. After adjournment, the club owners were the guests at a private banquet given by John K. Tener, governor of Pennsylvania, and the newly elected president of the organization.

The league added three amendments to its constitution today, favored a new method of holding the annual drafting of players and decided to hold the annual schedule meeting on February 5, in this city. President Tener is to announce later his appointments for the constitution, arbitration and rules committees.

The league confirmed the ruling of the arbitration board, which failed to uphold the protest of the New York club against surrendering a quarter of its 1912 world's series receipts to the other seven clubs. It was held today that the national commission rule, requiring the apportionment, was constitutional and the \$36,000 withheld from the New York club, was ordered divided. As a result to the Giants, it was decided that the local club should receive a one-eighth share of the money. The club's protest against surrendering the quarter share of the 1912 world's series receipts, amounting to \$25,000, was referred to the national commission, the league being in doubt whether arbitration board's decision applied to the 1913 contest.

The new drafting rule which meets with the league's support was introduced by Charles H. Ebbetts, president of the Brooklyn club. It is designed to reduce the element of chance in the drawing and to give second division clubs a free selection of players before first division clubs in this manner strengthening the weaker clubs and thus strengthening the league in general. Concurrently by the American league, the national commission and the associated minor leagues is necessary before the rule becomes effective.

One of the amendments adopted was looked upon as an instance of how the league plans to broaden its president's scope of power. Governor Tener will have authority to arbitrate a dispute between two clubs over the waiver price on a player which one desires to release. If a club has paid several thousand dollars for a youngster and, finding him wanting, decides to let him go, the club will not have to dispose of him at the usual \$1,500 waiver price to another National league club claiming him, but can demand a higher price. If the clubs cannot agree, President Tener will have power to strike a medium, by which the purchasing club must abide if it wishes the player.

Another amendment prohibits the owner, manager or agent of one club negotiating with a player of another, without first securing permission from the player's owner to do so.

The third amendment was a technical one, setting aside in the case of New York City, the rule that no city

shall have two National league clubs. This was adopted because Brooklyn is within the greater city.

The meeting adjourned without any deal having been made for Joe Tinker, Cincinnati's deposed manager, although several trades assigning him variously to Pittsburgh, Brooklyn and Philadelphia were rumored.

Manager Stallings offered Pittsburgh \$7,500 for Dolan, it was reported, while Manager Dolan offered Pittsburgh, Cincinnati and Hyatt for Dolan, which would reverse the trade which Dolan and Manager Clarke made last summer. Roy Miller, released recently by Philadelphia in Montreal, announced he had quit baseball and would practice medicine in California.

The league ordered written into its books the tribute paid to William Locke, late president of the Philadelphia club, at the Columbus meeting of the National Association of Professional Baseball clubs.

Governor Tener announced the appointment as his private secretary of D. L. Reeves, sporting editor of the Philadelphia Public Ledger and formerly a secretary of the Philadelphia club.

TINKER IS PARTICULAR
WHERE HE WILL PLAY

Chicago, Dec. 11.—Joe Tinker, erstwhile manager of the Cincinnati National league club, sent out a warning tonight to club owners that he was not to be purchased without consultation. "My business interests compel me to protect you to the extent that you should not complete negotiations for my services without first consulting me," was the message sent several owners reported to be anxious for Tinker's services. Tinker intimated his willingness to play either in Chicago or Pittsburgh. "Should any other club than the Cubs or Pirates land me I can only feel sorry for the manager who made the transaction," he said. "Under no consideration will I play next season for New York, Brooklyn, Boston, St. Louis or Philadelphia. I had one season outside of Chicago, where my family resides and where I have business interests and I don't propose to have another."

JUNKS SELECTS ARE
AGAIN VICTORS OVER
WIZARD BOWLING TEAM

In a hotly contested match at the Drummers' bowling alleys last night, the crack Junk's Selects again demonstrated their superiority over the Wizard team. The total score for the match was 2,617 for the Junks to 2,394 for the Wizards. In the only one game—the last—the Wizards made a larger score than their opponents.

The feature of the match was the bowling of Lathrop, who made a score of 602 for the three games, and incidentally made the high score of the week, with 233 in the second game. The winner of the prize turkey offered for the best score this week must top this record in order to get away with the bird.

Interest in bowling has taken a big spurt since the recent match played between Albuquerque and Las Vegas, and every afternoon and evening finds the Drummers' alleys crowded with enthusiastic fans.

Unbleached Muslin at 4c a yard this afternoon between 4 and 5 o'clock. Regular price 10c a yard.

SILVER CITY TEAMS
ARE HERE FOR
BIG GAMES
JIMMY FOX GETS A
DRAW IN BOUT
WITH CHAVEZ

Two Fives From Normal
School Arrive and Will Do
Battle Tonight With Local
Business College.

With the arrival early this morning of the two basketball teams of Silver City Normal school interest in the big games which are to take place in the armory tonight reached fever heat. The normals are in the very best physical condition, and two red-hot contests for the basketball supremacy of New Mexico are assured.

The Silver City players who came in on this morning's train are: Misses Carter, Thwaites, De Berry, Dimmick, Digbee, Jones, Boone and Graham, and Messrs. Lloyd, Coffey, Dunlop, Crawford and Pennwell. The party had a pleasant trip up from the south, and express themselves as keen for the contest to begin.

Confidence rules supreme in the camps of both the Silver City contingent and the local aggregation—not the over-confidence that leads to loose and indifferent playing, but the feeling that a big, strong pull will surely bring victory and a determination to make that pull. It is certain that there will be some sorely disappointed players when the games are over tonight, for neither team can see anything but victory ahead.

The games will begin immediately after the inspection of the national guard company, by Governor McDonald and Adjutant General Horning is finished. The inspection, which is to take place in the armory, will begin at 8 o'clock, and will probably not take more than a half hour. Everything will then be made ready for the basketball match and the fun will be on.

Messrs. Harry Frank and Fred Calving will officiate for the Albuquerque teams. These gentlemen are thoroughly familiar with all the technicalities of basketball, and their fairness and efficiency give a full guarantee that the games will run smoothly and satisfactorily.

The advance sale has been gratifying, and it is hoped that there will be a large outpouring of spectators to the games tonight. The basketball players deserve the enthusiastic support of local fans, and every effort is being made to see that a record-breaking crowd is in attendance.

JACK TORRES CALLS
HALT IN TRAINING
UNTIL SUNDAY

Old Albuquerque Lightweight
Does Not Want to Risk
Overtraining for Bout With
Matthews Next Wednesday.

Jack Torres, after a strenuous workout last night, announced that he would not train publicly again until next Sunday night.

Torres fears he will become stale. He began training Sunday night and steady adherence to an exercise program might send him into the ring next Wednesday night rather slow. He will make the two-day break by his program to prevent this.

The old Albuquerque boy, working with Lefty Floyd, has shown more speed since his last appearance with Pierce Matthews and he is as strong as ever. He is confident that he will win decisively when he and the St. Louisan meet again.

Matthews trained yesterday afternoon and he will work at the New Mexico A. C. gym again tonight. He boxed six rounds yesterday with Al Smoulding, the middleweight imitator of Torres' crouch and right uppercut and showing Matthews how to make him "open up." Matthews worked hard, skipping the rope and shadow boxing.

Both boys worked before fair crowds of admirers.

TODAY'S LEADERS.
From 3 to 4 p. m.—12½c Galatea Cloth, and all you want while it lasts, at 4c a yard.
From 4 to 5 p. m.—Unbleached Muslin, 36-inch wide, regular 10c value, on sale this hour and all you want, yd. 4c.

These prices are really below cost and the housewife should make some purchases this afternoon. The goods are among the best on the market today.

Coughs That Prevent Sleep.
These coughs are wearing and if they "hang on," can run one down physically and lower the vital resistance to disease. Mr. Bob Ferguson, 319 Pine St., Green Bay, Wis., writes: "I was greatly troubled with a bad cough that kept me awake nights. Two small bottles of Foley's Honey and Tar Compound completely cured me." This medicine is equally good for croup, whooping cough, measles cough, and for the chronic coughs of elderly people. It is soothing and healing and stops tickling throat. For sale by Butts, Inc.

However, Decision of Referee
Is Unpopular, Since Trinidad
Boy Had Shade Entitling
Him to Verdict.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Denver, Dec. 11.—Jimmy Chavez, of Trinidad, and Jimmy Fox, of San Francisco, fought fifteen fast rounds to a draw here tonight. Referee Gallagher's decision was not a popular one, as Chavez was the fresher of the two at the finish, the aggressor in all but the first four rounds and scored the only knock-down in the bout.

Fox was in distress as early as the second round and only heroic work on the part of his trainers enabled him to weather the storm.

Fox displayed great cleverness in the first three rounds and seemed to have Chavez at sea. In the fifth round, Chavez' new manager sent Benny out after Fox and the tide of battle soon turned.

Referee Unhols called the eight-round preliminary between Earl Denning of Chicago and Leslie Winters of Nashville, a draw, as he did also the six-round bout between O. K. Ketchum and Kid Murphy, of Denver.

PITCHER RUSSELL FORD
MAY GO TO CLEVELAND

BY MORNING JOURNAL SPECIAL LEADER WIRE.
New York, Dec. 11.—Russell Ford, for several years one of the most effective pitchers in the American league, may be found in a Cleveland uniform next season. A deal is pending which will give George Kahler and one of the Nap youngsters in exchange for the famous spitball artist. Ford has not been a world-beater in the last two years but, although being handicapped by being compelled to pitch for an unusually poor team, at times has showed flashes of the form which caused him to become known as one of the American league's best pitchers.

President Somers of the Naps is seeking two pitchers and an outfielder. Russell Ford is a right-hander and a spitter. Somers and Birmingham think he will be a winner if added to the Naps' staff. With a gang of swashmen behind him like Rims' boys it is figured Ford would win as many games as he did in the days when the Yankees were a fast team.

Kahler, who is mentioned in connection with the deal for Ford, had all the earmarks of making a great pitcher when he first came from the minors. But he has not improved to any extent. Until six weeks before the last season closed Kahler did not have anything which resembled a curve ball. After he had added the twist to his pitching repertoire Manager Birmingham gave him another chance to show what he could do against real hitters. George failed to make a favorable impression with the fans.

Kahler is weak with men on bases. He seems to be able to go very well until a man reaches first. Then when he is forced to cut out his swing he loses effectiveness.

ROY CORHAN INVESTS
IN FINE RANCH; TO
GO IN FOR FARMING

Friends in Albuquerque of Roy Corhan, who is spending the winter here, will be interested to learn that he has made another investment in New Mexico land. This time, together with his brother-in-law, Charles Le Fever, Corhan has acquired a valuable 160-acre farm near Lucia, N. M. Corhan and Le Fever will place the entire tract under cultivation the coming spring with the expectation of raising several bumper crops thereon next summer. Corhan already has a pretty ranch north of Albuquerque, where he spends each winter while idle from his profession of baseball playing. As a member of the San Francisco club in the Pacific Coast league, Corhan made an excellent record the past year and he is again under the eye of several big league scouts.

HARD TIMES PARTY
AT THE RINK
SATURDAY

On account of so many of their patrons requesting it, the management of the skating rink announces that they will give another "Hard Times" party at the rink Saturday night. All of those who attended the last one will surely be on hand tomorrow night, and anyone who missed the former festivity certainly should attend tomorrow night. Everybody wears his old clothes and goes prepared for a good time, and you certainly will get that. On account of hard times, ladies will be given skates free on this night, and after skating, a free dance will be given. So remember the place—Skating Rink, Elks' theater building. The time—Saturday, tomorrow night. Also, on Tuesday night, a masquerade will be given, which is certain to be a big event.

PURE FOOD LAWS ARE
POORLY ENFORCED

BY MORNING JOURNAL SPECIAL LEADER WIRE.
New York, Dec. 11.—Speaking of the general topic of the regulation of food and drugs today before the fourteenth annual meeting of the National Civic Federation, Dr. Harvey W. Wiley, former chief of the United States bureau of chemistry, declared that of the opponents to the making of efficient laws governing pure food and drugs to help health, some are religious, some dogmatic, some ignorant and some ridiculous.

James H. Wallis, food and drug commissioner of Idaho, who preceded Dr. Wiley, spoke on the importance of food and drug control.

"The reason the pure food law is not because of the illegal interpretation placed upon it by high authorities."

"Nothing, or little, is done to purify the food the people are putting into their stomachs."

WOMAN ON TRIAL FOR
MURDER SUICIDES

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Wahoon, Neb., Dec. 11.—Just as the jury in the case of Mrs. Maggie Johnson, on trial for the killing of her husband, came into the court room tonight with its verdict, word was brought by a bailiff who had been sent to bring in the defendant, that Mrs. Johnson had swallowed a quantity of poison in her cell in the jail and was thought to be dying. Physicians were sent to the woman and court adjourned without receiving the verdict. According to the reports the woman cannot live.

Mrs. Johnson was charged with killing her husband, chopping his body to pieces in the cellar of their home and later sinking the dismembered remains in a creek. Children of the couple testified to witnessing the killing. The defense was insanity, brought on in part, it was alleged, by the abuse of the husband.

TRAIN RESCUES 300
REFUGEES FROM FLOOD

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Houston, Tex., Dec. 11.—The Brazos flood, the crest of which tonight is passing Columbia, in Brazoria county, threatened today to sweep 300 refugees, who had found shelter in box cars, out into the Gulf of Mexico. They were saved from that peril by a special train sent from here, which removed them to safety. No additional deaths were reported today. The body of Henry Martin, vice president of the International & Great Northern railroad, drowned last Friday, was recovered today.

PLAN GOOD ROADS FOR
FARMING INTERESTS

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Philadelphia, Dec. 11.—The advantages of good roads in bringing the farmer into closer touch with the consumer in the big cities, and thus decreasing the cost of living, was dwelt upon by speakers here tonight at a meeting of the American Road Builders' association.

ANDREW BONAR LAW
PREDICTS CIVIL WAR

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Carnarvon, Wales, Dec. 11.—Andrew Bonar Law, leader of the opposition in the house of commons, speaking here tonight, repeated his prediction that the imposition of home rule on Ulster would result in civil war.

"If the government," he continued, "has any proposal to make which holds out even a prospect of avoiding the evils we dread, we shall consider it without any regard to party advantage or disadvantage, but with sole regard to the welfare of the nation."

Test Right to Tax Indians.
Pierre, S. D., Dec. 11.—Walter S. Bird, an Indian resident of Dewey county, S. D., began an action here today to test the constitutionality of the law giving the state the right to tax personal property of Indians holding lands under allotment of the United States. It is expected the case will go to the United States supreme court for final decision and that its findings will regulate the taxing rights of states in regard to allotment Indians all over the west.
500-Year-Old Boy to New York.
New York, Dec. 11.—A 500-year-old boy came to New York this afternoon in a wooden box, 18x12x25 inches. The boy was 12 years old when mummified, some five centuries ago. The mummy was found in the mountains of Peru by Thomas C. Taylor, of Montreal, and was admitted to the country without payment of duty, under the clause in the tariff providing for the free entry of antiquities.

Congress Gives All Power to Mexico City, Dec. 11.—The chamber of deputies approved a bill granting of the special power asked by President Huerta over the departments of the interior, war and finance.

Industrial Workers to Kansas City. Chicago, Dec. 11.—One hundred members of the Industrial Workers of the World left here today for Kansas City, Mo., in response to call issued yesterday by Vincent St. John, national organizer.

Going skating tonight? Sure!

Jack Johnson Still Champion
Paris, Dec. 11.—The newspaper, Auto, says that the announcement that the International Boxing union had deprived Jack Johnson of the title of world's heavyweight champion was erroneous. It declares that the union only proposed that he should be deprived of the title and that this proposal was rejected by the English and American delegates.

PROFIT-SHARING CAMPAIGN BENEFITS ALL MORNING JOURNAL READERS WHO TAKE ADVANTAGE OF GREAT OFFER

Now is the Proper Time to Start—Clip the Nomination Blank and Send in Your Name Immediately.

The Aservo System Profit-Sharing Campaign inaugurated by the Morning Journal is the greatest, most far-reaching and beneficial campaign ever attempted by any newspaper anywhere for the following reasons:

It places all subscribers to the Morning Journal in a position to save money for themselves by reducing their personal or household expenses.

It provides attractive and extensive tours of an educational nature and other valuable awards to young women in Albuquerque, the state of New Mexico, and northern Arizona who are willing to devote a small portion of their spare time to telling their friends of the merits of the Morning Journal and the Aservo system.

It ultimately furnishes the best newspaper in New Mexico to the home or the office FREE OF COST, because the subscriber is placed in a position to save more on necessary expenses by the use of the Aservo Coupon than the subscription price of the newspaper amounts to for an entire year.

These are the awards candidates in the great Aservo System Profit-Sharing campaign inaugurated by the Morning Journal will receive:

One grand tour around the world or an optional award of \$1,000 in gold. The tour includes all necessary expenses about and about and will visit practically every point of interest on the entire globe. It will require approximately four months, starting at the time in 1914 the desire of the winner.

Five transcontinental trips and a cruise in tropical seas of the Atlantic and Pacific oceans with a visit to the Panama canal and neighboring states of Mexico, Cuba, and Kingston, Jamaica, San Diego, and the Grand Canyon of Arizona, requiring more than thirty days.

Five \$100 plane purchased from Lazard & Lindbergh for the next highest point winner. The five districts and five \$100 scholarship for the next highest point winner in the five districts.

There will be no losers. No one is that all. There will be no losers. Every active candidate who takes in \$100 or more during the campaign but who fails to secure an award will be paid 5 per cent commission on all money she turns in on new subscriptions. This insures compensation for every person who strives for one of the awards. Besides, there will be a number of special awards made from time to time during the campaign.

Only women of good moral character, 16 years of age or over, are eligible under the rules of this campaign. Possession of an undigested or impure nature will be eliminated entirely from the race to "win the globe" and nothing of an unbecoming character will be allowed to enter into the friendly rivalry for the awards.

Send in Your Name Now. RIGHT NOW is the time to enroll as a candidate in The Journal's great "Round the World and Tropical Tour Campaign." Every minute lost at this stage of the campaign means hours of loss at the end. Do not hesitate. Do not delay. If you would like to take one of these tours or secure one of the other awards to be made, clip the nomination blank from another page of this paper, fill in and mail immediately to the Tour Manager, or if you know of some young woman whom you think would appreciate an opportunity of this kind, send it in with her name included.

Remember, this campaign is entirely different from anything of the kind ever before inaugurated in Albuquerque. The subscriber is the biggest beneficiary under the Aservo system and you are positively doing your friends a favor by securing their subscriptions to the Morning Journal during this campaign. They are enabled to save money by your efforts and you may secure that grand tour of the world, which heretofore has been beyond your dreams of a possibility.

The opportunity is here for YOU! Journal obtains larger circulation, thereby enabling it to give YOU a bigger and better newspaper. Inducements Never Equalled. Are there not sufficient inducements here for any ambitious young woman to devote some of her spare time to making her friends acquainted with the Morning Journal and the benefits which accrue from a subscription to it at this time? Is there anything more that any newspaper could offer? Anything bigger or more attractive from every point of view?

The Morning Journal does not think so. The Aservo System Profit-Sharing Campaign is the last word in circulation building BECAUSE IT DISSEMINATES THE ADVANTAGES AND PERMITS THE CONSUMER THE DISCHARGE TO REAP MATERIAL BENEFITS TO HIMSELF.

The campaign is on. Now is the time to start after one of the awards. An early start means an easy finish. And the reward at the end is worth the effort that any conscientious young woman can put into it. Call, see, or write the Tour Manager for further particulars. The telephone number is 176. Send in your nomination blank today.

Do not allow a sense of false pride or the opinions of associated friends to deter you from securing something which, in educational value alone is worth years of work and hard work at that. Let no obstacle stand in your way. Call on the Tour Manager personally, if possible, and talk the matter over with him. If this is impossible send in your name and address on an application blank and someone will call upon you and go into details on the matter.

Get Early Start. GET ACT QUICKLY. It will be much easier for you to secure one of these awards if you start at the beginning of the campaign than if you wait until your friends have secured a big lead over you. Call up your friends on the telephone. Tell them of your ambition and ask for their support. And do not hesitate to do this because, REMEMBER—EVERY PERSON WHO HELPS YOU WITH A SUBSCRIPTION TO THE MORNING JOURNAL IS ALSO HELPING HIMSELF, OR HERSELF IN A FINANCIAL WAY. It is not as if you were requesting a favor from them. On the other hand YOU ARE ASSISTING THEM.

Get this fact settled definitely in your mind: You are not only giving every subscriber a newspaper that they will like, a newspaper that they need, but at the same time you are placing benefits at their disposal that mean a material reduction in their household expenses.

Every subscription to the Morning Journal which is paid in advance for at least six months and upwards entitles the subscriber to an Aservo Coupon Book, the coupons in which are good for 5 per cent discount on all merchandise made in any American establishment. This means a saving of from \$10 to \$100 a year to the average family. Isn't that worth while? Isn't it worth something to them to secure this privilege?

Journal Helps Subscribers. The Morning Journal is going to an enormous expense to introduce this profit-sharing system to its readers BECAUSE IT WANTS TO BENEFIT EVERYONE OF ITS SUBSCRIBERS. Naturally it desires to increase its circulation, as every newspaper does, and has selected this method of all others to do so because it places within the reach of everyone a means of reducing the cost of living and makes possible a luxury now and made which heretofore has been out of the question.

In other words, the Aservo System benefits every person involved—seventeen young women will secure valuable awards, and those who do not and are active, will be paid commissions on the money they turn in; every subscriber will benefit in a financial way, ultimately providing him with the Morning Journal free of cost because he will save the price of the newspaper on his first month's purchase. Moreover, the Aservo merchants are benefited through increased cash trade and the Morning

Journal's great "Round the World and Tropical Tour Campaign." Every minute lost at this stage of the campaign means hours of loss at the end. Do not hesitate. Do not delay. If you would like to take one of these tours or secure one of the other awards to be made, clip the nomination blank from another page of this paper, fill in and mail immediately to the Tour Manager, or if you know of some young woman whom you think would appreciate an opportunity of this kind, send it in with her name included.

Remember, this campaign is entirely different from anything of the kind ever before inaugurated in Albuquerque. Rexall
TRADE MARK

Olive Oil Emulsion

(WITH HYPOPHOSPHITES)

Is designed to prevent as well as to relieve disease, whether caused by cold weather, overwork or worry. Vaccination prevents smallpox; inoculation with antitoxin prevents diphtheria. Rexall Olive Oil Emulsion strengthens the body to resist the growth of disease germs in the blood, and thus fortifies the system and puts it into a proper healthy condition to resist disease.

Every person not in perfect health has incipient germs of some distressing ailment in his or her system. You who are weak and run-down, from whatever cause—

You who are apparently well now, but whom past experience has taught are liable to catch cold easily and suffer from the various other effects of cold weather—

Take home a bottle of **Rexall Olive Oil Emulsion** today and use it as a means to get well and keep well.

It Is an Ideal Nerve Food Tonic

The Hypophosphites it contains are recommended by leading physicians everywhere as extremely valuable in all cases of debility and weakness. The pure Olive Oil is one of the most nutritious and most easily-digested foods known to science. It helps to rebuild wasting tissues and restore health and strength in convalescence and in all conditions of feebleness, debility, wasting, emaciation, malnutrition, and particularly in throat and lung affections. It is equally suitable for the child, the adult and the aged. It contains no alcohol or dangerous or habit-forming drugs.

It is very pleasant to take.

Enough for full two weeks' treatment, \$1.00.

Sold only at The Rexall Stores—the World's Greatest Drug Stores—and always with a full guarantee of satisfaction, or your money back.

Sold in this community only at

CANYON POSTOFFICE IN SANDOVAL COUNTY IS DISCONTINUED

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Dec. 11.—Postmaster John Blumberg was notified today that the postoffice at Canyon, Sandoval county, will be discontinued after December 15, the mail after that date to go to Jemez and the supplies to Santa Fe. Similarly, Sulphur Springs, in Sandoval county, will be discontinued on that date, mail to go to Jemez Springs and supplies to Santa Fe. He was also notified that an examination for mail clerk and carrier will be held at the postoffice on January 16.

STRIKERS PROMISE TO GIVE UP ARMS

SPECIAL DISPATCH TO MORNING JOURNAL.
Calumet, Mich., Dec. 11.—Strikers were urged to surrender their firearms by Circuit Judge O'Brien, Sheriff Cruz and Assistant Prosecutor Nichols, who visited headquarters of the Western Federation of Miners today. All strikers present promised to obey and President Meyer, of the federation, agreed to do his utmost to keep strikers out of trouble. Meyer said he would call the heads of local unions together and see that every step possible was taken to avoid violence.

SENATORS ARE ATTACKED FOR FREE WOOL VOTE

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Portland, Ore., Dec. 11.—At the Oregon Wool Growers' convention here resolutions were adopted assailing the interests of the wool growers and both Oregon senators, George E. Chamberlain and Dr. Harry Lane, Democrats, were accused for voting for free wool. The resolutions state in part:

"We had a right to expect that the Oregon senators would give at least as much consideration to the interests of Oregon as they gave to those of New Jersey and Massachusetts."

CAPITOL CUSTODIAN BOARD SUBMITS ITS REPORT ON EXPENSES

SPECIAL DISPATCH TO MORNING JOURNAL.
Santa Fe, Dec. 11.—The capitol custodian board this forenoon made public its report which shows that it cost \$2,500.00 last year to run the executive mansion, and \$10,915.46 to maintain the capitol.

The Man Who Neglects Himself. When his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep, are all symptoms that will disappear with the regular use of Foley Kidney Pills. They put the kidneys and bladder in a clean, strong and healthy condition, and rheumatic pains, stiff joints, lameness and irregular bladder action are all relieved promptly when Foley Kidney Pills are taken. For sale by Butts, Inc.

Want a high-grade employee? Or the better grade of servants? Make use of the want columns of The Journal.

PROMOTER DEFENDS DIVIDEND PAYMENTS

SPECIAL DISPATCH TO MORNING JOURNAL.
New York, Dec. 11.—Samuel E. Darby, one of the defendants in the government suit against the Radio Wireless Telephone company, charged today in his own defense, Darby endeavored to refute the allegation of the government that the dividends paid stockholders of Radio company stock came in part from the sale of assets of its subsidiary companies.

The first dividends, Darby said, were paid in 1907. They were declared after the sale of the apparatus to the government, which installed it on vessels of the Pacific fleet. Other dividends, the witness explained, were paid when subsidiary companies, formed to float the apparatus commercially, paid the parent company cash as part payment for licenses to operate. Darby said he thought at the time and still thinks that this was perfectly proper.

Counsel for Darby read letters from the bureau of equipment, in Washington, protesting to the Radio company because of the use of the fact that the wireless had been installed on battleships. Replies to these letters, addressed to the Ellsworth company, a Radio subsidiary, that was selling stock of the parent company, also were read. These replies, signed by Darby, protested against the Ellsworth company using this fact in its advertising literature when the navy department had a clause in its contract which stated that the fact that the experiments with wireless telephones was being made, must not be used in any attempt to stimulate the sales of the stock or apparatus of the company.

ALBUQUERQUE FIRMS LAND CONTRACTS FOR PENITENTIARY SUPPLIES

SPECIAL CORRESPONDENCE TO MORNING JOURNAL.
Santa Fe, N. M., Dec. 11.—The following Albuquerque firms were yesterday awarded contracts by the board of penitentiary commissioners for supplies during the next six months: Thomas F. Kelleher, shoe maker; S. B. Kuhn, condensed milk and black pepper; Charles H. Field company, concentrated lye and starch; Grunfeld

Brothers, one thousand yards of tick- ing and one thousand yards of blue drain.

The following firms at other places received contracts: Leo Morsch, yard of flour, chile, salt, oats and bran; Gross, Kelly & Co., yard compound, macaroni, rice, ivory soap and leather; H. H. Cartwright & Co., twenty articles of general merchandise; Seligman Brothers, sewing, sheeting, drill and buttons; John Pfeiffer, shoe buckles; Armour & Co., beef; Charles H. Field company, of Las Vegas, twenty articles of general merchandise; C. V. Engstrom, of Peoria, Ill., sole leather; the Rocky Ford broom company, Rocky Ford, Colo., brooms.

"GETS-IT," for Corns Surely Gets Them!

It's the Corn Cure on a New Plan—Gets Every Corn Quick and Sure! "If you're like me, and have tried nearly everything to get rid of corns and have still got them, just try the new, sure, quick, easy, painless way—

L. E. HERNDON IS DEAD FOLLOWING LONG ILLNESS

Prominent Willard Citizen, and Brother of Albuquerque Bank President, Dies in This City.

L. E. Herndon, manager of the Willard Lumber company, who came to Albuquerque recently on account of illness, died here last night. He was a brother of J. B. Herndon, president of the State National bank. Mr. Herndon had lived at Willard for several years, having moved there from Texas. Besides directing the lumber business there, he managed the Herndon ranch, near that town. Mr. Herndon had been ill for some time, though his condition did not become serious until a few weeks ago. Funeral arrangements had not been made last night.

FIRE DESTROYS HOUSE OF JOHN NEWLANDER

A fire of unknown origin completely destroyed the residence of John Newlander, at the foot of South Seventh street last night about 9 o'clock. The building, which was a two-room frame structure, burned rapidly, and when the fire department arrived was in full blaze. Owing to the distance to the nearest water plug, much time was lost after the engine reached the scene, before a stream could be brought to play upon the house. The building with its contents was a total loss. Mr. Newlander, the sole occupant of the house, was away from home when the fire broke out, and it is not known how the blaze originated.

AUTOMOBILE TIRE CUT INTERESTS WOMEN ALSO

Men Are Not the Only Ones Who Are Sitting Up and Taking Notice of the Big Price Reduction.

Since announcing a reduction of almost 20 per cent on automobile tires in yesterday's Journal, we have received dozens of telephone calls asking for prices on different sized tires. Most of these calls were from ladies who stated that they had thought of giving their husbands tires for Christmas presents. So we have decided to wrap all tires to be used in this unique manner in holly paper and deliver them free of charge, Christmas eve.

Think it over and phone us the size required for your car. Nothing will please him more than a new tire for the new year.

'H. M. S. PINAFORE' BY MRS. BRADFORD'S COMPANY A SUCCESS

"H. M. S. Pinafore," as presented by local talent last evening at the Elks theater under the direction of Mrs. E. L. Bradford, was a tremendous success. The troupe played a well-filled house and the audience was as delighted and appreciative as the leading roles were sung extremely well and the choruses were splendid. The costumes were very picturesque and the scenic effects excellent. The dancing was executed with marvelous lightness and grace. Miss Grimmer was a charming "Josephine." She looked the part of the ingenious heroine to perfection, and her voice was delightful. "Dick Deadeye" as taken by Mr. Christian made a great hit. His make-up was a scream and his acting was true to life. He simply was in reality "Dick" for the time. The role of "Ralph," the unhappy lover, was sung most admirably by Mr. Andrews. Mrs. Henderson as "Buttercup" was splendid, and the "Captain," depicted by Mr. Meyer, and "Sir Joseph" by Mr. Falkenberg, were also excellent. Miss Trout filled the part of "Cousin Jane" delightfully. From every point of view it was a remarkable production for amateurs and reflects great credit upon the musical and dramatic talent of Mrs. Bradford.

DECISION OF COURT IN TAX SUITS FAVORS BANKS

First National and State National to Be Allowed to Pay County Treasurer Amounts They Tendered a Year Ago.

Judge H. E. Reynolds, of the district court yesterday granted judgment in the suits to collect taxes, brought by District Attorney M. C. Vail, against the First National and State National banks, directing Treasurer M. Mandell to receive the amounts they tendered last November.

The district attorney first brought suit to collect from the banks the first half of their 1912 taxes, and November 12, after the first complaints had been dismissed, he filed suits asking for judgment against both banks for the entire taxes for 1912. Judgment was asked against the First National for \$15,265.33. This included \$745.26 penalty and interest. Judgment was asked against the State National for \$5,453.29. This included \$269.27 penalty and interest.

Under Judge Reynolds' orders, the First National will pay the treasurer \$11,519.17, and the State National will pay \$4,149.50, the amounts they tendered Treasurer Mandell more than a year ago, in full payment for their taxes for 1912.

POSSE WATCHES TRAINS FOR ESCAPED CONVICTS

A posse made up of about twenty men, attracted perhaps by the size of the reward offered for their recapture, and several officers, last night patrolled the Santa Fe right-of-way from Martinestown to Abajo, in the hope of catching Hilario Ruiz and Margarito Candelaria, escaped convicts. Some of the men were armed with rifles.

Officers searched all trains entering Albuquerque to guard against the prisoners going through Albuquerque to Mexico.

STRONG'S ATTORNEYS DISMISS CASE AGAINST DR. JULIUS E. KRAFT

The case of Frank H. Strong against Dr. J. E. Kraft and Mrs. Elizabeth Kraft, trial of which was begun Tuesday in the district court, was dismissed at noon yesterday by attorneys for the plaintiff.

Strong instituted the case to enforce an alleged contract between himself and Dr. Kraft to buy El Puente ranch, near Watrous. The defendants filed a counter claim to recover money they say they had expended at the ranch.

GUARD INSPECTION BY GOVERNOR TONIGHT

Boys of Company G Will Be Given the "Once Over" by Chief Magistrate and Newly Appointed Adjutant General.

In pursuance of orders issued from the office of Adjutant General Harry T. Herring on November 26, there will be an inspection of Company G, New Mexico National Guard, and also of the hospital corps, tonight at 8 o'clock in the armory. The inspection will be by Governor W. C. McDonald and Adjutant General Herring, and will undoubtedly draw a big crowd to the armory.

Company G, under Captain W. P. Himes, and the hospital corps, under Captain H. B. Kauffman, have been expecting this inspection for some time.

SAMPLE BOTTLE OFTEN PROVES BENEFICIAL

Some time ago I was afflicted with kidney and bladder trouble and was unable to obtain any relief from other medicines so sent for a sample bottle of your Swamp-Root. I received so much benefit from this small bottle that I purchased a large bottle of the drug. I continued the use of Dr. Kilmer's Swamp-Root until I regarded myself as cured and am now in very good health. I recommended it to a neighbor who has used it with the same results.

I regard your remedy, Swamp-Root, as a preparation that will do all you claim for it.

MRS. ALBERT STERNER, Cressona, Pa. Personally appeared before me this 15th day of September, 1909, Mrs. Albert Sterner, who subscribed the above statement and made oath that the same is true in substance and in fact.

C. A. MOYER, J. P.

Letter to Dr. Kilmer & Co., Binghamton, N. Y. Prove What Swamp-Root Will Do For You. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Albuquerque Morning Journal. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

The Bread Line

The bread line leads to a long path of jubilant health when the bread, pastry and other foods are made with

Cottolene

This pure cooking fat is easily digested, and owing to its low melting point, produces foods of exceptional tenderness and lightness.

Here is a recipe for delicious nut bread made without kneading:

NUT BREAD

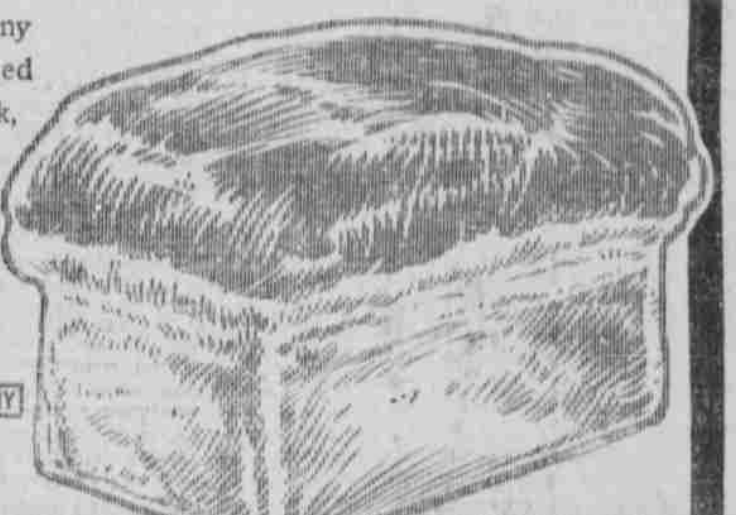

Sift 2-3 cups of flour with 3 teaspoons of baking powder, 1 teaspoon of salt and 1-3 cup of sugar. Beat an egg well and add 2-3 of a cup of milk to this. To the sifted flour add 3-4 cup of sliced or chopped nuts. Then pour in egg and milk, add 2 tablespoons of softened Cottolene, mix thoroughly, place in loaf pan, let stand 10 minutes, then bake in a moderate oven 40 minutes.

The above is only one of many valuable recipes contained in our FREE Cook Book, HOME HELPS. Send for your copy, also order Cottolene from your grocer today.

THE N. K. FAIRBANK COMPANY

CHICAGO

GIRL SCOUTS WILL GIVE BENEFIT TONIGHT

Interesting Program Arranged for Entertainment in Presbyterian Church; Proceeds Will Go to Charity.

COUNTY ASSESSOR OF SIERRA COUNTY MUST CORRECT HIS BOOKS

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Dec. 11.—The books of the assessor of Sierra county received today by the traveling auditor, will have to be returned, for the oath of the assessor is lacking and only one of the three county commissioners signed the roll. The sum total of the assessment also fails to reach the total required from the county by the board of equalization.

The department of education, this afternoon, sent out a circular making inquiry from each county about its summer institute plans, so that they may be laid before the meeting of the state board of education which will be held at Santa Fe on the first Monday in February.

Questions from the "Building of the Ship," "Gettysburg Address," "Christmas," "Each and All," "The Last Leaf," "Michael," "Ode on the Duke of Wellington," and "The Reckoning," will be included in the examinations for promotion in the eighth grade, according to a circular sent out by the state department of education this forenoon.

WHITECAPERS GIVEN SUSPENDED SENTENCES BY JUDGE MEDLER

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Estancia, N. M., Dec. 11.—District court convened at 9 o'clock Monday morning, at Estancia, with Judge E. L. Medler presiding. The docket was pretty well cleared. Out of fifty-six criminal cases, twenty-nine were disposed of and thirty-three of the seventy-four civil cases were disposed of to Tuesday night. Messrs. Noble, Griffin and Dunn, who were found guilty at a former session of court, of shooting at a home at Mountainair, were sentenced to two years in the penitentiary, but sentences were suspended during good behavior. Perkins, another one of the convicted men, was not sentenced, as he is sick and was unable to be present. The clerk and three commissioners were granted a change of venue to Lincoln county, the case to come up at the March, 1911, term.

A SOUR STOMACH GAS, INDIGESTION

"Pape's Diapiesin" Ends All Stomach Distress in Five Minutes—Time It!

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of distension, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, in that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

FRIDAY, DECEMBER 12, 1913

THE TARIFF AND CANADA.

In advance of a practical test one never knows which way a new tariff law is going to plunge or kick.

Canada was comparatively free from the almost universal curse of high cost of living until our late tariff bill was passed by which it was expected the high cost of living in this country would be ameliorated.

But there was no appreciable lessening of high prices here. On the other hand the price of food in Canada have risen to the level of the United States, and consumers are beseeching the government to do something about it.

Canada produces a large surplus of food for export. Until now its population has had the advantage of world prices less the heavy charges of transportation from interior points to the European markets. The surplus could not be consumed at home, our tariff barred it from the United States. It could be sold only in the London markets for delivery to food-importing countries.

Thus, the price to the consumer in Canada was the London price, less the cost of transportation across the Atlantic. The Canadian consumer took the advantage of the tremendous freight cost. Some twenty-five years ago the same sort of condition prevailed in the United States. We produced a great food surplus and had to find our markets in foreign countries. But with the enormous stimulus of manufacturing in this country we have shifted our balance of population from the country to the city, and now have many more consumers than producers. Our surplus has disappeared, except in exceptional years, and prices fluctuate above the world standard.

We have sought the relief of free trade in food. The president has made us the gift of a "free market basket." It was logical to assume that it would benefit both sides of the international boundary—Canada, with its surplus, and the United States with its deficiency of food. But while there would be a gain, had the scheme worked, to the consumer, there would have been a corresponding loss to the producer. It happened that the crops were unusually short in the United States and in nearly every other part of the world there was shrinkage from the normal.

The result of it all is that we are absorbing the Canada surplus at normal or advanced prices. The cost of transportation has been eliminated, the Canadian producer is receiving unheard of prices and the cost to the consumer has taken a most unexpected jump. Hence the wail of the Canadian housewife.

No one expected such a result from the operations of the new tariff law. In fact, no one ever can tell what may be expected from a tariff law until it is in operation for a while.

VIVISECTION.

The necessity for vivisection as an aid to medical research is a question on which the average layman is hardly competent to express an opinion of any value. The propriety of the indiscriminate practice of vivisection by any and all persons who may claim to be engaged in such researches, however, is a matter on which we are all qualified to hold and express opinions, and it is also a matter on which comparatively little difference of opinion exists.

We have the word of the doctors for it that many of the most important advances in medical science owe their discovery to experiments performed on dumb animals, and that this form of experimentation is necessary to insure still further discoveries of incalculable value to the human race. Not being in a position to discuss this question with the doctors, we take their statement at its face value, and certainly we would not be heard to oppose anything the existence of which is necessary to alleviate human suffering.

The more enlightened of the physicians, however, freely admit that vivisection has been abused and that the indiscriminate practice of it should be sternly repressed. The needless infliction of suffering upon helpless animals is an act which arouses nothing but repugnance in the heart of all humane men, and it is gratifying to note that among the members of the anti-vivisection congress now in session in Washington are many physi-

cians of eminence who, while conceding that experiments on living animals are often necessary, condemn severely the abuse of the practice that has grown up in recent years.

There is a middle ground between savage barbarity and makeshift sentimentality, and it is this middle ground which all should seek to find. There is no mistaking the fact that the life of one child is of incomparably more value than those of innumerable guinea pigs; but on the other hand, we should be reasonably sure that the lives of the guinea pigs are necessary to safeguard the life of the child before inflicting a tortoise which cannot be other than brutalizing in its effect and which may be entirely needless.

THE REAL SPIRIT OF CHRISTMAS.

Christmas trade is in progress in every part of the country, but the real Christmas spirit has not yet made its appearance for this season. We Americans make too little, rather than too much, of the season of good cheer. We take on its spirit feverishly at the last minute, and shake it off to resume the harness at the earliest opportunity. We have little of the real joy with which the Germans treat their Kris Kringle or the French their Noel.

Americans can well afford to have a real season of jollity with Santa Claus in the center of the stage. The people of this country have become saturated with business. The object of life is the accumulation of dollars rather than the enjoyment of them. Our business men spend money like plungers, but not with the enjoyment of their spending. We are a feverish, nervous overworked people who begrudge the little time given up to only tolerated pleasures.

Christmas is a time for enjoyment of life, for good cheer, for laying aside animosities which most people acquire but which none should entertain. Life is too short for that. Christmas is a good time for forgetting them forever.

Albuquerque has had a good year. Not all that many people may have hoped for, but as good as any of us deserve. As 1913 draws to a close, let us all forget such disappointments as we may have had, wipe the slate clean, have a period of good cheer and take on the New Year with confidence that we shall get out of it all that we are entitled to. We should not expect of ask for more.

John D. Rockefeller, in an important sermon in Cleveland recently, declared that sunlight is the greatest antidote for all ills. Some mean paragrapher at once pointed out that oil is necessary for the automobile in which to take the sunlight pleasantly.

This paper has said very little for or against the Tampo, but we must take a stand in its favor, now that the American Medical Association is "ferocious" it. It is impossible to agree with them when they say it is bad for stiff joints.

The Washington Herald has just heard of the secret order of Camels of the World and asks if they can go thirty days without taking a drink.

The tendency of some hunters to shoot at everything they see moving has placed the occupation of guides in the class of the "extra hazardous."

President Wilson still treats congress as though it were the senior class, requiring a lecture now and then.

The Day in Congress

SENATE.
Met at 10 a. m.
Current debate resumed with Senator Burton urging adoption of a central bank plan.

Resolution introduced directing the attorney general to report whether only white slave cases of an "international character" are being prosecuted under the Mann law.

Recessed at 5:05 p. m. to 8 p. m.

HOUSE.
Met at noon.
Vocational education bill taken up. National reservation committee reported acquiring aggregate of 715,413 acres of protection of water shed under Appalachian project.

Edwin F. Howe, New York; K. V. Haymaker, Delaware, Ohio; and E. L. Keyser, Charlotte, N. C., before rural committee in favor of protecting building and loan associations in any new legislation.

Prohibitionists before judiciary committee urged constitutional prohibition amendment.

Representative Stearnson of Minnesota, before interstate commerce committee, urged legislation to prohibit postal transmission of newspapers and periodicals publishing advertisements of falsely represented articles.

Representative Lloyd introduced a bill to limit congressmen to \$40 a year for official telegrams.

Debated without action senate resolution for a commission on national aid to vocational education.

J. M. Law of Kansas City urged the good roads committee to favor national roads across the continent.

D. A. R. authorized to hold \$1,000,000 worth of property in a bill favorably reported.

Welfare secretaries and more chaplains urged for battleships by Rear Admiral Blue before the naval committee.

Adjourned at 5:20 p. m. to noon, Friday.

T. F. Reed, who conducts the general repair shop at 215 1-2 West Cooper avenue, is well known in Albuquerque, having lived here during the past eighteen years. Fourteen years he was foreman for Whitney Company, and two years with the Crescent Hardware company, and during the past two years has conducted this shop on his own account, and enjoys a good business.

Picturesque New Mexico Burro Threatens to Become Extinct

SANTA FE, N. M., Dec. 11.—The picturesque burro will soon be as extinct as the dodo bird in New Mexico, if the returns of the twenty-six assessors of the state are taken as a criterion. Nothing less than a society to prevent the extinction of the historic critter seems to be called for. The corrected assessment rolls from Colfax county report only sixteen burros in that magnificent domain, and Sandoval county's assessment roll, corrected and augmented as per orders of the state board of equalization, shows only 248 burros, hardly more than used to sun themselves in the prehistoric plains of New Mexico. These two first corrected assessment rolls give opportunity for interesting comparisons.

Colfax county, for instance, reports a total assessment of \$9,595,188, while Sandoval county shows a total assessment of only \$1,465,519. This is a per capita assessment of about \$50 for Colfax and less than \$200 for Sandoval. In other words, the average citizen of Colfax county pays in dollars and cents about three times as much as the average citizen in Sandoval county toward the support of state, county, schools and roads.

Still further differences are to be noted in the valuation of various classifications of property. Colfax county's agricultural lands are assessed at \$22,294, those of Sandoval county at only \$12,253; the improvements in Colfax county on farms at \$123,467, low enough, to be sure, but those in Sandoval county at only \$24,340. The grazing lands of Colfax are assessed at \$67,743 and the improvements thereon at \$118,253; those of Sandoval county at \$47,943 with only \$13,578 for improvements. City and town lots in Colfax \$285,320, improvements thereon \$298,571; in Sandoval county \$1,805 and \$5,802, respectively.

Of the school districts there have been less than five months school, forty-nine have five months, sixteen have six months, eight have seven months, two have eight months and fourteen have nine months. There are sixty-five school districts in which school was held last year. The department had thought that there was only one district in the state that did not hold school, and that in San Miguel county, and was surprised, therefore, to learn that Union county had two such districts.

One district has twelve rooms, two districts have six rooms, two have three rooms, five have two rooms and fifty-two one room. There are seventy-six school buildings, one with nine rooms, two with four rooms, one with three rooms, one with two rooms and seventy-one have only one room each. Fifty-three of these buildings are owned and twenty-three are rented. Thirty-six are frame, nine are stone, two are brick, two are cement and nine are adobe. Seventeen are described in good condition, twenty-nine are fair, twelve are poor.

There are four school libraries with 682 volumes valued at \$510. Of the teachers, thirty-three have first grade, forty-one have second grade, eighteen have third grade certificates and one teacher on permit.

The school census is 4,761, the enrollment 2,880, of which 1,826 are English-Americans and 1,160 are Spanish-Americans. The average daily attendance is 1,900. Of these, 557 are in the first grade, 547 in the second grade, 465 in the third grade, 297 in the fourth grade, 225 in the fifth grade, 213 in the sixth grade, 154 in the seventh grade, 127 in the eighth grade and sixty-six in the high school.

Resolutions by Anti-Vivisectionists. Washington, Dec. 11.—Adoption of resolutions calling upon congress to appoint a joint committee to investigate vivisection and various other forms of cruelty to animals, brought to a conclusion today the annual meeting of the International Anti-Vivisection and Animal Protection Congress. Other resolutions asked congress to establish a closed list of animals for five years and to appoint a committee to determine whether some textbooks used in American schools do not incite the children to acts of cruelty.

TODAY'S LEADERS.

From 3 to 4 p. m.—12½c Galatea Cloth, and all you want while it lasts, at 4c a yard.

From 4 to 5 p. m.—Unbleached Muslin, 36-inch wide, regular 10c value, on sale this hour and all you want, yd. 4c.

These prices are really below cost and the housewife should make some purchases this afternoon. The goods are among the best on the market today.

THE MODEL COMPANY.

Journal wants bring results because everybody reads The Journal.

and give promise of being permanently satisfactory. The roads have been built with a gravel surface eight inches deep, which ought to insure a permanent highway for many years to come.

The county road board consists of W. S. Gilliam, Francis E. Lester and P. H. Bailey.

EXPOSITION BOARD WILL LEAVE NEXT WEEK FOR SAN DIEGO

SANTA FE, N. M., Dec. 11.—The New Mexico board of San Diego exposition commissioners expects to leave on December 15 for San Diego to make the final arrangements for the New Mexico building. Architect I. H. Rapp and Architect Christensen will accompany the board.

John Percival Adams has completed his plans for the reproduction of Fort Bent as the first of the landmarks along the Santa Fe which he has been commissioned to reproduce in plaster. The reproduction of the Pecos Pueblo, which will include the famous mission church will be more than twenty feet square and the models altogether will fill two rooms, making the greatest exhibit of its kind to be found anywhere in the United States. Carlos Vierra has begun his second great panel on the Mayan civilization, the City of Uxmal, the first painting that of the City of Chichen, being completed.

Wesley Bradford is at work on a great relief map of the country in which the Mayan civilization flourished. Mrs. Beman-Smith will return to Santa Fe tomorrow from San Diego to resume work on the beautiful friezes on Mayan themes, which will adorn the California building and for which Professor Sylvanus Griswold Morley of the School of American Archaeology made the preliminary studies.

Prof. Jesse Nephew is also engaged on exposition work, so that altogether, great progress is being made toward the exhibits for the Panama-California exposition.

Donald Beauregard will within a few weeks start on his mural paintings illustrating the life of St. Francis de Assisi, the gift of Hon. Frank Springer and Kenneth M. Chapman, is aiding in making sketches for the exposition.

TWO MURDERERS WHO MADE ESCAPE FROM PRISON, UNCAPTURED

SANTA FE, N. M., Dec. 11.—It developed today that in addition to the two murderers who yesterday effected their escape from the state penitentiary by scaling the walls, seven other convicts also managed to get over the wall. However, for the last named seven, liberty was short, for within a few minutes the guards had overtaken them and they were returned to the penitentiary, where they are now locked in their cells, doing penance for their break for freedom.

Tonight a posse of six men, which is scouring the mountains in this vicinity for Margarito Candelaria and Hilario Ruiz, the two fugitive murderers, reports small prospects of effecting their capture, at least for the time being.

No Need for Aid to Flood Sufferers.

Washington, Dec. 11.—Governor Colquhoun, of Texas, telegraphed the Red Cross today that contributions already sent are ample for sufferers from the overflow of the Brazos river, and that there is no need of further outside aid.

DONA ANA COUNTY BUILDING MODEL ROAD SYSTEM

Over Four Hundred Teams Employed and Work Is Progressing at Rapid and Satisfactory Rate.

SANTA FE, N. M., Dec. 11.—More than four hundred teams are at present working on the construction of Dona Ana county's new system of graded highways. The work is going forward at a more rapid gait than at any previous time; in fact, the finished roads are being built much quicker than the Dona Ana road board expected.

The policy of the road board from the beginning has been to go slowly until quite sure of the most economical and effective methods possible. Five months' experience has developed methods and a system that gives the maximum of efficiency for the minimum of expenditure. The county road board is now satisfied that it is following the cheapest methods possible.

Every effort is being made to complete first the Camino Real from the Texas state line to Las Cruces. Four separate gangs of from twenty to eighty teams in each, are now at work on this road, one gang each being at Brasito, Mesquite, Valdo and Berino. Each gang works from a separate gravel pit and is a complete unit in organization and effectiveness. As the gravel is placed on the road it is thoroughly wet down with water from a pumping plant, which forms a part of each organization, and the gravel is rolled and worked in by the heavy tractor. This, it is found, is even more effective than the use of a steam roller. By means of small graders and drags, the surface is kept smoothed down as it dries.

Within a week, gravel will have been laid over the entire distance of twenty-five miles of the Camino Real between Las Cruces and the state line. Six weeks ago the greater part of this road was almost impassable, because of sand, loose soil and chuckholes. As soon as the first course of gravel has been finished, the top course, of screened, cleaned gravel, will be hauled from the gravel pits and spread on the road and the final finishing process completed.

Work on the West Side road is also being pushed vigorously. Between four and five miles of finished gravel road has been built from Canutillo, by way of La Union, north towards Chamberino. The road has been graded from San Miguel to Mesquite. At La Mesa, two large forces are at work grading the road, and another grading gang is at work at Chamberino, a little farther south. North of Dona Ana, a gang is busy opening up the highway between Dona Ana and Leasburg, and assurance has just been received by Mr. Lester, secretary of the road board, from Supervising Engineer Hill, of the reclamation service, that the road between Leasburg and Selden will be promptly graded and improved, in accordance with the agreement entered into between the reclamation service and the Dona Ana county road board.

In the northern part of the county, a road gang is now at work at Hatch, laying the sandy parts of the road. As soon as the necessary width of right-of-way can be secured work will be pushed in that neighborhood upon a much larger scale. The necessary funds having been set apart for that purpose.

The finished parts of the Camino Real and other graded highways of the county demonstrate the effectiveness of the methods followed by the county road board. These finished roads are almost a model of highway building, low expense considered. They are hard, smooth, well shaped,

"Fifty years ago, when Golden Wedding Whiskey was young."

YOU are not in winning form for a game of billiards unless you're in a cheerful, confident mood. It's wonderful how a little drink of fine, old

Golden Wedding
Bottled in Bond WHISKEY

will give one the nerve and steadiness necessary to get the proper English on the ball.

Golden Wedding is a pure, mellow, sun-ripened whiskey, aged in the wood under the ever-watchful eye of the government, and distilled according to a special formula.

If produces no bad after-effects, but is nerve-soothing and is good for an over-worked or run-down system, because it is

stock of Imported and Domestic
whiskies, wines and cordials ever
brought to the Southwest.
Goods are the best and prices the
lowest consistent with quality. No
bar or drinking on the premises.
Courteous treatment guaranteed to
all. Family trade solicited.

SANTA CLAUS PLAYS
FIREMAN TO SAVE
TOTS; BURNED

C. W. Hubbard, Made Up as
Christmas Saint, Gets Bead
in Way of Flames in Famous
Store Window.

C. W. Hubbard is a good Santa
Claus, and he may be a good fireman,
too, but he learned yesterday after-
noon that the two roles cannot be
played successfully at the same time.
Hubbard was enacting the saintly
role in the big display window at the
Famous store, 211 West Central ave-
nue, when he showed his flowing white
and inflammable beard in too close
proximity to fire. Hubbard's hands
and face were burned and his hair—
his own, not Santa Claus's—was
singled. The burns were not serious,
and he probably will continue to play
the bearded saint at the Famous until
Christmas.

Hubbard, attired in the conven-
tional Santa Claus garb—long cloak,
boots, benevolent white braided de-
corations and cap—was explaining to
fifty children, crowded into a display
at the store, mechanical toys. Pan-
teons blew against an alcohol
burner of an engine and a blaze shot
upward.

The children screamed and a little
panic broke loose in the big window.
Santa Claus was a hero, however, and
trampled on the burning festoons
until the flames licked his venerable
cotton "follage." This turned Santa's
heroic attentions to himself, and with
the assistance of H. L. Foote, man-
ager, he unrobed and unwhiskered in
a way that would make a lightning-
change artist envious.

The sudden undignified of their
ideal quieted the children. The
knowledge that it wasn't the real
Santa Claus they had been chatting
with caused them to forget their re-
cent danger. Mr. Foote and em-
ployees of the Famous carried the
children out of the window as soon
as they saw that the fire was gaining
on Santa, and then a host of dismay
for the fate of Santa arose and con-
tinued until the tots saw Hubbard
suddenly tear off his disguise.

PRESENT OF WOODEN
SHOES NEARLY GETS
LIEUTENANT 'IN DUTCH'

Lieut. William Powers came near
getting "in Dutch" at the Central fire
station yesterday. It happened like
this. Powers has been boasting of a
family fire extending across the At-
lantic to the green shores of Erin, ac-
cording to the Irish faction at the
Central department. Yesterday Pow-
ers received a package by parcel
post, containing a pair of wooden
shoes, sent from Holland, Mich.

Unbleached Muslin at 4c a
yard this afternoon between 4
and 5 o'clock. Regular price
10c a yard.

THE MODEL COMPANY.

Native wheat—the best, per 100
pounds, \$1.85 cash price, Phone 16,
you may pay the driver.

E. W. FEE.

Going skating tonight? Sure!

Hot coffee and sandwiches will be
served for 15 cents at the Woman's
club bazaar, this afternoon from 2 to
6, in the Hotel Combs Cafe.

LEG AMPUTATED, HE MOVIE ACTORS ARE
CAN'T HANG UP
OWN STOCKING

Three-Year-Old Boy at St. Jo-
seph's Hospital Makes Sis-
ters Promise to Perform
Service for Him Christmas.

A golden-curlled 3-year-old boy,
with silver blue eyes and pale lips
that have not recovered their color
since the amputation of his leg, lies
in an immaculate little white bed at
St. Joseph's hospital and wonders
whether Santa Claus will visit him
here.

He wanted to go home because
Santa Claus never yet has failed to
leave a well-filled stocking there for
him, but Dr. G. S. McLandress told
him he would not have recovered by
Christmas and he must stay in bed
long after Santa Claus has come and
gone.

The Sisters have assured the boy
that Santa Claus will come to the
hospital, and Charlie makes them prom-
ise every day to hang up his stocking.
He can't do this himself; his left leg
was cut off above the knee a week
ago and he has no crutches to walk
with.

The boy is Carl Nielsen, son of Mr.
and Mrs. R. F. Nielsen, 1922 North
Third street. The Niensens came here
nearly a year ago from Greenwich,
Conn., in the hope that the rare New
Mexico air would help Mr. Nielsen
back to health, so he would be able
to follow his trade of carpenter.

Mr. Nielsen, however, is confined to
bed most of the time. He has been
usually weak since Charlie under-
went the operation, but a telephone
was placed on a stand near his bed
so he could "call up" the hospital to
learn the condition of his son.

Traces of the disease which brought
his father to New Mexico in search
of health began to show in Charlie's
left knee sometime ago. Dr. McLand-
ress recognized the symptoms at
once, but put off the operation as long
as he could safely. The leg was am-
putated only as the last extremity to
prevent the spread of tubercular
germs to other parts of the boy's body,
and then the surgeon performed the
operation with a heavy heart.

The Sister in charge of the ward
says Carl is the best child she ever
has cared for. He lies in bed from
morning until night, staring with
eyes at everything in the big room
and seldom saying a word. He seems
to be thinking that he never will be
able to play and run like other boys.

Carl is lonely, but he does not
become friendly on short acquaint-
ance with convalescents and visitors
at the hospital who have talked to
him, hoping to brighten him and
drive away the woeful expression
which almost continually shadows his
features.

The boy, however, in a burst of con-
fidence, confessed to Dr. McLandress
his fears that Santa Claus would not
visit him this year. The Sisters have
planned to see that Carl is not over-
looked.

The Niensens had money when they
came to Albuquerque, but now the
husband father of little Carl is unable
to work and what money they have is
needed for household expenses and
medicine. In fact the Non-Sectarian
Benevolent association has been giv-
ing them assistance.

FIRST WESTBOUND
DE LUXE IS RUN
THROUGH ALBUQUERQUE

The first westbound de luxe train,
No. 19, arrived here at 3:26 o'clock
yesterday morning, an hour and forty
minutes late. It remained here ten
minutes.

The passenger list of the first de
luxe was not heavy. Byron Harvey,
brother of Ford Harvey, one of the
passengers, remained here until the
arrival of the westbound California
limited and continued on the way to
Los Angeles on that train.

The train that passed through Albu-
querque will leave Los Angeles next
Tuesday on the first eastbound trip,
arriving in Albuquerque at 9 o'clock
next Wednesday night, and departing
at 9:10 o'clock.

Conductor Sam Meyers and Con-
ductor A. Sathron, who have been
running on the California limited,
have been assigned by the Pullman
company to the de luxe service.
These conductors had charge of the
de luxe trains last winter.

POLICE FIND HOME FOR
GIRL WHO TOOK POISON

Tossie Allen, the demi-mondaine
who, Wednesday night, swallowed bi-
chloride of mercury tablets, yesterday
was found a position by Chief Mc-
Millin. The girl wanted to leave the
"red light" district when she had re-
covered from the effects of the poi-
son and the chief began a search for
work for her. The police said last
night that the girl had been placed in
a home and that she would go to
work.

RIO GRANDE CHAPTER,
ROYAL ARCH MASONS,
HOLDS ITS ELECTION

Rio Grande Chapter No. 4, R. A. M.,
held its annual election of officers last
night. The new officers follow:
