### CONGRESSIONAL.

**SENATE.**  
WASHINGTON, Dec. 30.—The senate met, with hardly a dozen senators in attendance. Attention was called to the fact of the absence of a quorum by one of the two Democratic senators who were present, Messrs. Gorman and Faulkner. The roll call showed the presence of only seventeen senators, and the sergeant-at-arms was directed to request the attendance of absentees. It was 11 o'clock before a quorum, 44, was secured. The vice president laid before the senate the credentials of Mr. Frederick L. Dubois, who was elected senator from the state of Idaho, for the term ending March 4, 1897. They were referred to the committee on privileges and elections. Mr. R. gave notice of two amendments to Mr. Aldrich's closure resolution. The senate resumed consideration of the elections bill, and Mr. Hoar continued his speech in its advocacy.

**HOUSE.**  
After the chaplain had delivered a brief prayer, in which he invoked the divine protection over the land during the coming year, and after the journal of the last day's session had been read and approved, the house adjourned until Friday.

**Farmers' Alliance.**  
TOPEKA, Dec. 31.—The executive council of the Farmers' Alliance has completed its work and adjourned. Four state lecturers instead of two will be sent into the field, the chief duties of the lecturers at present will be to explain the new insurance plan of the organization.

**The Kansas Senatorship.**  
TOPEKA, Dec. 31.—Senator Ingalls arrived here today from Atchison and went directly to the Governor's hotel, where he engaged rooms for a month. He will manage his own campaign for re-election. The Farmers' Alliance managers are a good deal disturbed over the activity of Mr. Ingalls' campaign. President McGrath to-day seemed hopeful that an Alliance man would succeed Senator Ingalls. "But," he replied, "everything is possible in politics. Caucus of the Alliance members of the legislature has been called to meet January 12, the evening before the assembling of the legislature."

**Capt. Wallace Killed.**  
CHICAGO, Dec. 31.—The following was received at army headquarters yesterday at a late hour:

Rapid City, S. D., Dec. 29.—To Col. Corbin, army headquarters, Chicago. Col. Forsyth reports that while disarming Big Foot's band a fight occurred. Capt. Wallace and a few soldiers were killed. Lieut. Garlington and fifteen men were wounded. This again complicates the surrender of all Indians which would have taken place in a short time had this not occurred. Forsyth had two battalions and Hotchkiss guns. Quite a large number of young warriors have been away from the camp who were going from the bad land. Also quite a number of Two Stripes band going toward Forsyth. The troops are in close proximity. (Signed) Miles, Commanding.

### THE ARID LANDS.

A Hint as to Their Final Disposition to the States and Territories.

DENVER, Dec. 31.—Mr. Joseph Nimmo, jr., a well known special agent of the department of agriculture, yesterday arrived in Denver from Cheyenne and will make this city his headquarters for some time. Mr. Nimmo has been making an investigation and study of the irrigation question, being detailed for such duty by the government.

"I have been away from home since November 9," he said, "and have visited various points in Montana, Washington, Oregon and Idaho. My work has been to ascertain what the people of these states have done to further the reclamation of the arid lands by means of irrigation, also what they are now doing and what they hope to accomplish by means of a large and systematic scheme of irrigation."

"I think the sentiment is that the best course for the government to pursue would be to donate the irrigable lands to the several states. The case stands thus: these states in their constitutions have incorporated the principle that the waters of the state belong to it, and, in most instances I think, they have adopted a provision, the idea of which is that the water for irrigation purposes is for the public use. So you see, through virtue of the fact that the national government has accepted this provision, the water belongs to the states while the land is owned by the United States. I think the eastern members of congress would be glad to get rid of the subject, not knowing anything about the question. In the role of the public lands the government acts as the agent of the people; and, since 1820, its policy has been not to make such sales the source of revenue, but merely to dispose of itself of those lands at the lowest price, without incurring any drain on the public treasury. Hence, in the event of the states receiving the lands, the United States would be relieved of the responsibility of their ownership. Whether the state governments would be as faithful custodians of these lands as the United States has been, is yet to be determined."

No other preparation combines the positive economy, the peculiar merit and the medicinal power of Hood's Sarsaparilla.

You will find an extra assortment of jellies, preserves, pates and fancy goods of all kinds for New Years, at Emmert's.

## ROUND ABOUT TOWN.

Mr. Arthur Robertson writes his father Capt. John Robertson from Las Vegas referring to a fatal accident which occurred on the hot springs branch of the A. T. & S. F. night before last. An ice train went into the ditch and killed the superintendent of the Ice & Water company, Mr. Nones, an excellent young man, whose home is at Louisville, Ky. The body was mangled beyond recognition.

Select and nominate good and competent men for precinct officials and school directors, and elect them. The offices are of importance and good men should fill them. Do not stand idly by, but help to nominate and elect good and decent men to these offices; most of the fellows holding these places now and elected by the Democrats a year ago, are utterly unfit for the positions.

New Year's day custom of receiving callers will be honored in the breach rather than otherwise to-morrow. The governor will remain throughout the day at the reception room of the old Palace, (not the capitol) where he may be found by those wishing to call. Mrs. Prince will receive at her residence on Palace avenue, from 2 to 10 p. m. Mrs. Thomas, Mrs. Bartlett and Mrs. F. W. Clancy will receive with her.

Business men generally express a desire to see the local passenger train service between Santa Fe and Albuquerque improved. It is hoped the A. T. & S. F. will carry out the suggestions published on this subject yesterday.

Bids for furnishing the Santa Fe government Indian school with a big bill of supplies, building materials of all kinds, stone, brick, lumber, glass, paints, oils, etc., will be opened by Supt. S. M. Cart at 1 o'clock on Saturday next.

The new year will be greeted with a great noise at 12 o'clock. All the steam whistles in town including the A. T. & S. F. engines will be pulled wide open and will join the church and fire bells in bidding the new year welcome.

Many Santa Feans will learn with regret that Capt. Wallace, of the 6th cavalry, lately at Wingate, has been killed by the Sioux Indians in Dakota. Capt. Wallace and wife were visitors here some two months ago.

The nights are dark and the streets are dark. Thanks to the dishonest county administration during the past two years there are no funds in the county treasury and the streets can not be lighted.

## Model Way of Curing a Cold.

A. A. Averill writes from Salem, Essex county, Mass., February 11, 1888: "About ten days ago I took a severe cold, which settled in my chest and back and caused me much suffering. I immediately procured three of Alcock's Porous Plasters; two I applied to my chest and one to my back. In a few hours my pains sensibly abated, and in three days I was entirely well. I take great pleasure in recommending Alcock's Plasters."

## PERSONAL.

Judge H. L. Waldo returned last evening from a visit to Kansas City.

Probate Judge-Elect Antonio J. Ortiz is in the city from Galisteo. He will qualify to-morrow.

Lieuts. Crawford and Peterson, 10th infantry, stationed at Fort Union, are in the city on a visit to friends at Fort Marcy. They will remain till Tuesday next.

Hon. J. R. Valentine, a Pueblo, Colo., investor who has been visiting Mr. Grigg for the past week, left this morning for his home. He is well enough pleased to say: "I'll return in the early spring."

Hon. E. A. Dow, of the famous Manzanito valley, who was a good and faithful member of the state constitutional convention, and who also is a firm advocate of an advanced American school system, was a visitor at the capital to-day.

## Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

## To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

## Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A. GORF, of Terrace Street, Boston.

## TRYING TO OUST THEM.

That's the Program in the House as Regards Messrs. Read and Mayo.

No Conclusion up to 5 O'clock—Public School and Irrigation Measures in the Council.

In the council the feature of the day's work was the introduction of a voluminous measure by Mr. Mills, of San Miguel, providing for a complete modern school system in New Mexico. Another important measure, also offered by Mr. Mills, was an irrigation bill, fashioned after the law that has proven so beneficial in California. This afternoon the council adjourned to Friday at 2 p. m.

In the house there was much canvassing all forenoon on the Democratic side and it was plain that there was a "hen on." This was made plainer when at noon recess the committee on privileges and election went into a two hours' session. At this session the committee took up the protests presented by Chas. F. Easley and T. P. Gable against the seating at the time of organization of B. M. Read and J. B. Mayo. The committee refused to receive in evidence the record of the proceedings and order of the court enjoining the county commissioners from giving certificates to any person till all the votes of the respective precincts were counted. Also refused to receive the order of the court ordering Chairman Sloan to recognize Comrs. Grace and North, the appointees of the acting governor. Also declined to take any notice of the injunction of the court upon the county commissioners.

Also declined to receive a copy of the acting governor's appointment of Commissioners Grace and North. The majority of the committee refused to receive anything but the certificates. Messrs. Fall and Paulin, a majority of the committee, refused to go into an examination of the facts. Mr. Chavez, the minority member, moved and demanded that an examination be made of the poll books filed in the office of the secretary of the territory. His motion was voted down by the majority. Messrs. Fall and Paulin held that they could not go behind the certificates.

The committee reports were presented at once upon the assembling of the house at 3 o'clock. Chairman Fall reported that they had considered all the evidence they regarded as "material or legal" and found that the certificates issued by J. H. Sloan and Teodoro Martinez on Dec. 5 to C. F. Easley and T. P. Gable were legal and those issued to B. M. Read and J. B. Mayo by Comrs. North and Grace were illegal. It was set forth that the former certificates bore the county seal, while those held by Read and Mayo bore no seal and there was no evidence to show that the proceedings of North and Grace, sitting as a canvassing board were a part of the county records. The committee presented a resolution to unseat Messrs. Read and Mayo and seat C. F. Easley and T. P. Gable.

Mr. M. Chavez presented a minority report setting forth that a majority of the elections committee refused to entertain anything that might have enlightened them on the subject and refused as set forth in the above reference to the committee's proceedings to accept any evidence looking to a thorough investigation of the subject. The minority report also asked that the subject be referred back to the committee with instructions to fully examine into the facts.

At 4 o'clock speeches began under the ten minute rule. Mr. Mayo spoke and nine members awarded their "time" to Mr. Read, giving that gentleman 100 minutes in which to defend his cause. A vote can not be had before 5:30 at the earliest. There seems to be a determination to carry out the order of Chairman Childers and oust Messrs. Read and Mayo, if the program as arranged by him is carried out.

THE JOINT SESSION.

Gov. Prince finished reading his message to the joint session of the legislative assembly at 4 o'clock yesterday afternoon. On motion of Mr. Read its reading in Spanish was dispensed with, as the message will be printed in Spanish as well as English.

Mr. Pedro Sanchez stated that the message of the governor is a wise one and the measures recommended by him will be of great use to the people of New Mexico. He then moved a vote of thanks to the governor for his able message. Mr. B. M. Read seconded the motion which thereupon carried without a dissenting voice. Mr. McDonald moved that 1,500 copies of the message be printed in Spanish, 500 for the use of the governor and 1,000 for the assembly. Mr. Otero said as both houses were now in joint session he moved the adoption of the resolution, and the motion was carried unanimously.

The president then addressing the governor, said:

"Gov. Prince, I am instructed by a motion adopted by both houses assembled to express to you their thanks for the wise measures recommended in your message, and it is a source of pleasure for me to do so."

Mr. Pedro Sanchez moved that the joint committee now escort Gov. Prince to his office in the capitol. The motion was adopted. Mr. Perea moved that the joint committee now rise and that the council proceed to the council chambers, which motion was carried, and the senators returned to the council.

### THE COUNCIL.

YESTERDAY AFTERNOON'S PROCEEDINGS.

The council having returned to its chamber, Mr. Ancheta asked unanimous consent, and secured it to introduce a bill, and offered C. B. No. 11, "An act repealing an act of the 28th legislative assembly of the Territory of New Mexico entitled an act in relation to change of venue, approved February 22, 1899."

After its first reading, on motion of Mr. Richardson, the bill was read a second time and referred to the committee and printer. Adjourned to 10 a. m.

TO-DAY'S SESSION.

After the opening preliminaries, Mr. Perea offered a resolution to the effect that, until otherwise ordered, all bills and joint resolutions ordered translated and printed by the council be printed in the English language. This was tabled by motion of Mr. Catron.

On resolution of Mr. Richardson it was agreed that when the council adjourn this afternoon it be until 2 p. m. on January 2, 1900.

The following bills were introduced, and after a first reading were read the

second time and ordered translated and printed.

By Mr. Mills, C. B. No. 12, an act establishing public schools in the territory of New Mexico, and creating the office of public instruction.

By Mr. Mills, C. B. No. 13, an act to provide for the organization and government of irrigation districts, and to provide for the acquisition of water and other property and for the distribution of water thereby for irrigation purposes.

By Mr. Stover, C. B. No. 14, an act amending sections 1018, 1101, 1110 and 1115 of the Compiled Laws of New Mexico of 1884, relating to public schools.

Mr. Stover offered a resolution, the house concurring, that the territorial librarian be instructed to supply the members with copies of the Compiled Laws of '84 and session laws of the last assembly. The librarian, in response to a similar resolution adopted yesterday, had replied that any member could secure any book by calling at the library and receiving for same, but that he had no authority to supply any one with books outside of this routine. The question was debated at some length. A motion to suspend the rules to act upon the resolution was lost and the matter went over to the president's table.

Mr. Richardson offered a resolution authorizing the printing of 1,500 copies of the governor's message in Spanish, 500 for the use of the governor and 1,000 for the legislature.

Mr. Perea opposed it, saying a bill to pay for the same had best be first offered, and later he moved to amend by allowing the governor 100 and the legislature 1,400.

Mr. Richardson defended his resolution earnestly, saying he had never heard a better executive document than the governor's message yesterday by Gov. Prince, and while opposed to the governor politically, he thought his message contained sentiments which ought to have the widest possible circulation among the people.

Mr. Perea's amendment was lost by a vote of 2 to 9.

Mr. Stover also endorsed the message and moved to amend by having printed 2,500 copies. Lost. A resolution directing the printing of 1,500 copies was adopted by a vote of 9 to 1.

Adjourned to 2 p. m.

### THE HOUSE.

YESTERDAY AFTERNOON'S SESSION.

The speaker called the house to order. Mr. Pedro Sanchez, as chairman, reported that the committee on the house report of the governor to his office had completed its duties and asked to be discharged. The speaker stated that if there was no objection the committee would be discharged with the thanks of the house.

The speaker announced that the committee on rules would hold a session immediately after the adjournment of the house.

Mr. Montoya stated that as they had heard the message of the governor he moved that the message be received.

Mr. Read moved to add to the motion that it also be laid upon the speaker's table until the committee were appointed and that then the various subjects be referred to the appropriate committees. Mr. Montoya accepted this amendment. Mr. Walker moved to further amend the motion by adding that the message be spread upon the journal of the house.

Mr. Montoya accepted this amendment. Mr. Hubbell considered that the proper course was that the message should be in the hands of the clerks of the council and be by him transmitted to the house; and he suggested that the chief clerk of the house ought to send the message to the council. Mr. Montoya's motion as amended by Messrs. Read and Walker was now accepted.

Mr. McDonald offered the following resolution:

Resolved, That the clerical force of the house shall be under the supervision, direction and control of the chief clerk of the house; that the sergeant at arms of the house shall have the control, supervision and direction of all other employees of the house; and that said chief clerk and sergeant-at-arms shall be under the supervision and control of the speaker of the house. The resolution was adopted.

Mr. George stated that the gentleman elected to the position of clerk of the penitentiary committee, Mr. Dougherty, had arrived, and he asked that he now asked that he be sworn in by the speaker, which was done. On motion of Mr. Torres the house adjourned till 10 a. m. to-day.

TO-DAY'S SESSION.

At 10:10 a. m. the house was called to order by the speaker. The roll being called all members responded to their names except Nestor Montoya, of San Miguel. Prayer by the chaplain.

The speaker announced that the committees on privileges and elections and on rules would hold a meeting as soon as the house adjourned or took a recess.

The speaker informed the house that as soon as rules were adopted the committees of the house would be appointed, and the speaker would be obliged for recommendations for the proper persons to serve upon the respective committees.

The speaker wished to state that by resolution the speaker is in charge of the officers of the house.

The speaker instructed the sergeant-at-arms that the public treasury is not for public plunder; that he will report each morning all absent employees, that they may not receive pay when absent; and that he pay strict attention that all employees perform the duties for which they have been selected.

Mr. B. M. Read called for the reading of the journal of the first and second day. The journal of the first day was read in English. Mr. Paulin moved that the reading of the journal in Spanish be dispensed with. Mr. Torres asked that the motion be made to have the names of the members of the house as sworn in by Secretary Thomas, again read as he thought there was some mistake in the names as read. Mr. Montoya asked that as there was a number of Spanish-speaking members that did not understand English, he moved the proceeding be read in Spanish. Mr. B. M. Read seconded the motion to make a correction, the four gentlemen standing at the same time. The speaker said all were out of order, and that the motion to dispense with the reading in Spanish not receiving a second the journal would be read in Spanish.

Mr. Fall insisted on having his amendment made, when Mr. Read objected as it would be unjust to the Spanish-speaking members to be voting on amendments they knew nothing about. Mr. Fall stated Mr. Read was clearly correct, and he would wait till the journal was read in Spanish.

The journal was then read in Spanish.

Mr. Fall moved to correct the journal where it read the temporary speaker was elected by vote of 11 to 13, it should be 13 to 11; and where it read the temporary clerk was elected by vote of 11 to 12 it should be 12 to 11. The journal was corrected. Mr. Paulin moved the journal be approved.

Mr. Pedro Sanchez moved that the journal be corrected so as to show the ex-

act language of Sec. Thomas when swearing in the members. He not only stated that the members he would swear in had certificates of their election, but above all the returns in his office showed they were elected. Mr. Hubbell seconded the motion of Mr. Sanchez to amend the journal. Mr. Fall demanded the previous question on the motion to approve the journal of Monday. The motion was adopted. Mr. Fall moved to dispense with the reading of the journal of the second day's session. Mr. Hubbell called for the reading of the journal. Mr. Fall stated that the motion was not to dispense with the reading of the journal of the second day entirely, but only for the present. Mr. Hubbell asked to be informed whether the journal of the second day would be read the next session or in 1895. Mr. Fall said the second day's journal might be read in five minutes, five days or the next session.

Mr. Hubbell claimed that any member had a right to demand the reading of the journal.

The speaker put the motion to dispense with the reading of the journal of the second day.

Mr. Hubbell demanded the yeas and nays, resulting ayes 19 nays 5.

Mr. Fall moved that the house take a recess till 3 p. m.

Mr. J. M. Catron asked that the motion be withdrawn for a moment to permit him to offer a resolution.

Mr. Fall withdrew his motion when Mr. Read offered the following resolution:

Resolved, That the chief clerk be, and is hereby directed to enter in his journals every day, the names of each member voting in the affirmative or negative on any question submitted to a vote by yeas or nays. Resolution adopted.

Mr. Walker said the secretary wished to inform the house that the reason he had not furnished the members of the house with more stationary, was because his supply had not yet arrived, but as soon as it arrived he would give them their proper proportion.

Mr. Fall renewed his motion to take a recess till 3 p. m., and the motion was adopted.

CAUGHT IN THE CORRIDOR.

The council will not be in session to-morrow.

Thus far four bills have been introduced in the council on the subject of public schools.

The name of Major Jose M. Sena is being whispered about as a candidate for territorial treasurer.

The territorial treasurer's office seems to be in demand. There are several candidates in the field.

Hon. T. B. Catron, as usual, is a hard working man in the matter of preparing and examining bills.

Gov. Prince's message is generally commended by the members as an admirable state document.

There are sixty-four sections in Councilman Mills' irrigation act, and 104 sections in the school bill, both of which were introduced to-day.

J. W. Nichols, local superintendent of the Wells-Fargo, is here buttonholing members in the interest of his corporation. He may succeed and he may not.

Hon. Pedro Sanchez, of Las, is a good parliamentarian. He has served four terms in the legislature and one term as speaker. He generally knows what he is about and is a good speaker.

There is some disgust among the faithful. There were a good many places promised by Democratic politicians, the promises have not been filled for lack of officers to go around.

Immediately upon adjournment at noon the house committee on rules went into session, and the committee on elections also went into session, investigating the Santa Fe and Taos county cases.

Several recommendations for Hon. M. C. de Baca, of Las Vegas, for appointment as territorial auditor have already been filed with Gov. Prince. Mr. Baca evidently believes that the early bird catches the worm.

Don Felix Martinez, of Las Vegas, secretary of the Democratic committee, is interesting himself greatly in the question of public printing and is doing some heavy work for his man, who is supposed to be Rox Hardy, of the Stock Grower.

### AN ECZEMA 17 YEARS

Cured in 8 Weeks—One of the Greatest Cures ever Performed by the Cuticura Remedies.

At the age of three months a rash (which afterward proved to be eczema or salt rheum) made its appearance on my face. Physician after physician, but none could cure me. The disease continued unabated; it spread to my arms and legs, and I was laid out, and from continually sitting on the floor on a pillow, my limbs contracted so that I lost all control of them, and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all, and had to wear only a sheet and a head, face and ears were exposed. The disease continued in this manner until I was 17 years old, and one day in January, 1879, I read an account in the Tribune of your CUTICURA REMEDIES. It described my case so exactly, that I bought a box at a late resort, to give them a trial. When I first applied them I was all raw and bleeding, from scratching myself, but I went ahead almost immediately, something I had not done for years, the effect was so soothing in about two weeks I could stand bright and not walk, I was so weak, but my sores were nearly well. As near as I can judge, I was cured in about six to eight weeks, and up to this date (i. e., from January, 1879, to January, 1897) I have not been sick, and I have had the last sign of the disease reappearing on me.
