Italy Becoming Excited Over the New
Orleans Affair—International
Complications.

Rome, April 2.—In official circles here
it is stated that Baron Fava, the Italian
minister at Washington, has not cabled
anything decisive to his government in
regard to his recall. The American min-
ister here, Mr. A. G. Porter, yesterday
requested the Italian government to be
patient for a few days, explaining in de-
tail the obstacles existing in the United
States which are in the way of a speedy
settlement of the questions involved by
the New Orleans lynching. The rumors
circulated in the United States to the
effect that a number of Americans are
detained in custody here as hostages for
the future treatment of Italians now in
the United States are classed as poisons
d'avril (April Fool's day jokes) of very
bad taste. Public opinion here
awaits the negotiations between the
United States and Italy in a most
tranquil frame of mind. The tenor
of Baron Fava's note to Mr. Blaine is
that what Italy asked, and still asks, is
the federal government's guarantee that
regular legal proceedings will be taken
against the culprits in the New Orleans
lynching, and that the federal govern-
ment will admit in principle its obliga-
tion to pay an indemnity to the families
of the victims. The note adds that Italy
can not and is not called upon to discuss
American institutions, but must urge
upon the federal government the obser-
vation of the principles of international
law. Italy hopes that the federal govern-
ment will appreciate the obligation in-
cumbent upon it as a government of a
civilized country to accede to Italy's just
demands. If this should not be the case,
the king's minister must, by order of his
government, declare that he quits the
post where his legitimate action as Italy's
representative has proved inefficacious.
It is believed that unless Baron Fava re-
ceives a favorable reply within a week,
he will leave Washington for this city.
Italy likewise asked for an indemnity
for the families of the men killed in
New Orleans by the mob which invaded
the jail.

Influential Italians advise the Italian
government to send a circular note to the
friendly powers denouncing the United
States as being confessedly unable to in-
sure justice in the United States and as
impossible to fulfill the duties of a civil
government. Other prominent Italians
suggest that the Italian government should
break off all negotiations with the govern-
ment at Washington, and that it should, so
far as the New Orleans lynching is con-
cerned, deal directly with the state of
Louisiana, and that the latter's govern-
ment should be called to account for the
killing of the Italian prisoners in the New
Orleans jail. The marquis de Redini,
the Italian premier, arrived here from
Florence last night, having been sum-
moned by telegraph. The Italian cabinet
will meet to-day and will resolve upon
what further steps are to be taken in the
New Orleans matter by the government
of Italy.

Washington.—There was a commotion
among the state department officials when
the fact became known that Baron Fava
had been recalled. None of the officials
cared to be questioned. It is their opin-
ion that the government were to be looked
upon before they could be ventured,
still there was a general disposition to
belittle the matter and there was no idea
that the millions of war were to be loosened.
Baron Fava had not demanded his
passport as has been first reported, but
there have been many steps in diplomacy
and though the slight distinctions and
small formalities appeared trifling in
the public view they were really full of
significance to the trained diplomatist.
A demand for passport is an extreme
measure. It is taken when the war feel-
ing runs high and the minister's person
is in danger at the hands of the populace.
It is also in a degree suggestive of men-
ace. A recall under the circumstances of
this case is a serious matter. There
could be no attempt to disguise the fact,
but it does not signify that mutual ex-
planations and diplomacy can not restore
the old status.

New York.—A Washington special to
the Commercial Advertiser says: This
action on the part of the Italian govern-
ment is almost equivalent to a declaration
of war, or at least smells very strongly of
gun powder. "It is likely that congress
will be called together at once, and that
preparations will be made to meet any
contingency that may arise."

A New Railway Enterprise.
DENVER, April 1.—The Mexico, Cuern-
avaca & Pacific Railway company was
incorporated here yesterday with a cap-
ital of \$2,000,000. The line will run from
the City of Mexico to Cuernavaca and
the coast through a very fertile region for
a distance of 320 miles. The incorpora-
tors are Gen. Herman Strum, George
Tritch, Charles Wheeler, Andrew B.
Heath and Philip Zang.
The officers are Geo. Tritch, president;
Gen. Strum, vice president and general
manager; Chas. Wheeler, secretary; A.
B. Heath, treasurer, and Major John L.
Butman, of Saratoga, N. Y., superintend-
ent of construction.
Gen. Strum has been granted a
concession by the Mexican government
for the construction of the road which
gives him the right-of-way and exempts
the company from taxation for a period of
thirty days. Work on the road will be
commenced as soon as Gen. Strum can
reach the City of Mexico.

Sugar 2 Cents Cheaper.
New York, April 1.—The duty on sugar
came off at 12 o'clock last night and sug-
ar

sale stores will open to meet the demands
from the retailers. The difference of 2
cents per pound will be anticipated result
in enormous sales, as the retail market is
practically bare of stock.

CONDENSED NEWS.

The Arkansas river is rising rapidly.
President Diaz received Gen Miles yester-
day.

Kansas City is seriously affected by la
grippe.
Milwaukee and Des Moines are afflicted
with la grippe.

The allotment of Sac and Fox lands in
severalty has begun.

A London woman went to South Dak-
ota to secure a divorce under the easy
law of that state.

C. G. Mallin, of Cisco, Texas, is look-
ing for several prominent citizens with a
Winchester. He thinks they hypnotized
him.

At a meeting of Methodist ministers in
Chicago the Rev. Dr. Mendenhall an-
nounced that he was the author of "The
Bread Winners."

A saloon that had been doing business
uninterruptedly for nearly eight years
was raided opposite the postoffice in To-
peka, Kas.

Lawrence Gardiner, once the partner of
Aaron Burr and the Beau Brummell of
his day, died in the Brooklyn Home for
Aged Men.

A Kansas City policeman has filed a
claim for back pay on the theory that he
should have worked only eight instead of
twelve hours a day.

Twenty-five German army officers wore
uniforms at a ball given by a money-
lender, and a grave military scandal was
the result.

Men calling themselves the "Biting
club" attacked a party of pleasure seek-
ers in a German forest and bit off their
noses, ears and fingers.

According to the Washington Sunday
Gazette the contest for speaker lies be-
tween Mills and Crisp, with Mills far in
the lead.

Representative Clark, of Alabama, says
that the Democrats have nothing to fear
from the proposed Alliance national
ticket, as every Alliance man in the South
is a Democrat.

The Rio Grande Floods.
The commissioners of Bernalillo county
have put a force of about 500 men at
work on the bank of the Rio Grande,
eight miles above Albuquerque, for the
purpose of building a levee to protect the
settlers in that part of the valley against
an anticipated overflow when the snows
of the north country melt. It is said there
is no danger in the immediate vicinity of
the town, and the river was never known
to have left its banks but once in the
vicinity of where the work is being done,
but in view of the fact that there is such
an unusual quantity of snow in the
southern mountains, it has been deemed
expedient to take precautions against un-
usual high water during the spring.

New Mexico's All Right.
The Denver Republican says: As a
matter of fact nature has done almost as
much for New Mexico as for Colorado.
New Mexico is a great mineral region.
It is in some respects a better gold coun-
try than this and its resources in copper
are much more extensive than those of
Colorado. It is not as good a silver min-
ing region as this state, but nevertheless
it has a number of rich districts which in
the course of time will be developed.
Agriculturally it is fully the equal of any
other part of the arid region in so far as
it can be irrigated. Irrigation has pro-
gressed but little according to modern meth-
ods, although it was practiced 300 years
ago. But eastern capital is being invest-
ed in the construction of irrigation ditches
and soon hundreds of thousands of acres
will be brought under cultivation which
are now arid and barren.

TERRITORIAL TIPS.
Las Vegas will nominate a "Citizen's"
city ticket to-night.

There is a movement on foot at Springer
to organize a lodge of K. of P.

The A., T. & S. F. has all the freight
traffic it can handle at present.

Las Vegas are trying very hard to
settle their community grant contro-
versy.

It is now said that active work on the
Mexican road from Deming south will be-
gin May 1.

The D. D. Bar Cattle company of the
Black Range is gathering a large number
of steers for shipment. They will be
shipped to St. Louis.

The Rustler reports a rich strike in the
big copper mine at San Pedro, a new
large body of first-class ore having been
struck in one of the prospecting slopes.

The examination of Frank Garrison was
held before Justice of the Peace Aebytis,
at Socorro, on the charge of shooting one,
Miguel Trujillo, a sheep herder. The de-
fendant was held in \$2,000 bail.

Tuesday was a proud day for Raton.
Her citizens came nobly to the front and
proclaimed by their ballots that they
have confidence in local self-government.
There were only seven votes against in-
corporation. Good for Raton.

The St. Helena Mining company has
recently organized with a capital stock of
\$150,000. The owners of the stock are S.
Lindauer, G. Wormser, H. H. Whitehill,
Judge Woods, John M. Wright and Mr.
Lightford, of Chicago. Sixty thousand
dollars in stock has been set aside for
working capital. The St. Helena is in
Central district, Grant county, and is
said to be one of the richest mines there.

An unknown man was found dead
near Glorieta a few days since. He had
been seen wandering about in the moun-
tains a few days previous, and said he
had just arrived from San Diego, Cal.;
that his home was Providence R. I., and
that for nineteen years he had been a
wanderer, going under the assumed name
of John Earl. The man was thought to
have been insane. His body was buried
at Rowe.

Southern New Mexico has been blessed
during the past few days with gentle rains
until the grounds are thoroughly saturated
with moisture. It has been the best and
most general spring rain this section has
had in many years, and is sufficient to
guarantee an abundant crop of spring
grass. The stockmen are all happy.

The building of the Silver City & North-
ern railroad to Hanover, which means an
inevitable boom for that section. Han-
over contains, perhaps the most extensive
deposits of copper, zinc and iron to be
found in the entire west, and now that
she is to have cheap transportation for
the gross output she will receive a boom
for which the boys of that section have
patiently waited for years.—Enterprise.

Says the Silver City Enterprise: After
the high license law goes into effect this
school district will have ample means for
maintenance of a high school department.
A high school has been greatly needed
here for years. This would relieve the
present school from its badly crowded
condition, and would give the larger
scholars a chance to study the higher
branches.

1,000 good fence posts are wanted at
the Government Indian school.

All kinds of legal blanks, deeds, justice
of the peace blanks, note books, etc.,
all stock at the New Mexican office.

First-class, and cheap job printing and
binding at the New Mexican company's
establishment; the largest of the kind in
New Mexico.

First-class binding and job work at the
best and largest printing office in New
Mexico done by the New Mexican Print-
ing company.

Job Printing.
More wants and orders are hereby re-
minded that the New Mexican is pre-
pared to do their printing on short notice
and at reasonable rates. Much of the job
printing now going out of town should
come to the New Mexican office. There
is no better excuse for sending out of
town for printing than there is for sending
away for groceries or clothing. Our mer-
chants should consider these things. The
New Mexican is acknowledged the lead-
ing paper of this section. The patronage
of the people will enable us to keep it so.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

THURSDAY, APRIL 2.

ANNIVERSARIES.

April 24.

BORN: Thomas Jefferson, 1743.
Cardinal Antonelli, 1802.
Hans Christian Andersen, 1805.
DIED: Arthur, Prince of Wales, 1502.
Mairieu, 1791.
Richard Cobden, 1865.

Fleet prison, London, abolished, 1844.

CATTLE have advanced a cent a pound; this means much to New Mexico and is extremely good news.

The Hutchinson, Kas., Alliance Gazette has already nominated ex-Senator Ingalls for president; Ingalls' reward is coming and that like a sand storm.

TEXAS has passed a bill creating a railroad commission for the supervision of the railroads within that state, and the Texas granger is, comparatively speaking, happy now.

SENATOR COCKRELL says, that the Democratic party is not responsible for the pension laws; the able senator is correct; but the Democratic party is responsible for the necessity for the pension laws; there is the rub.

THE town of Raton has voted for incorporation by a good vote; Raton is a live and progressive town, that deserves prosperity and advancement. A town with three weekly newspapers could not be expected to vote against incorporation.

BLAKE, of Las Vegas, is running Chairman W. B. Childers a pretty close race for the United States senatorship from New Mexico when this territory comes in as a state. Why not take both and thus unite the contending factions?

THE dark-eyed sons of Sicily seem inclined to get their backs up over the New Orleans affair. It was bad business, to be sure, but the recall of one minister from Washington doesn't mean "grim visaged war" any more, than one swallow makes a spring, in these piping times of peace.

THIS newspaper in its various additions, the Daily, the English Weekly and the Spanish Weekly, is doing the people of the territory a great deal of good, daily, weekly, monthly, yearly, and in fact all the time, in season and out of season; and the people ought to appreciate this patent and self-evident fact and aid this newspaper accordingly.

OUR Italian friends are ready to go on the war path; the Italian minister, who has not had a thing to do in Washington for the past twenty years, has been called home to do nothing there. If our Italian friends want bloody, bleeding, ruthless, ferocious war, and are bound to have it, we suppose this country can accommodate them.

IT is really too bad that the World's fair managers could not find an American poet worthy to write an opening ode for the occasion of inaugurating this affair. A Boston woman, however, won the prize for the best design for the woman's department building. That is some consolation even if Lord Tennyson did snub the management.

AND now the medical scientists are agitated over the question whether or not a gripe has a microbe. A Chicago physician says yes, and New York physicians poo-hoo the idea, all of which serves to remind one that on the whole, medical science talks a great deal of knowing as much as it would have the layman believe. More study and plodding, thoughtful work and less noise would help the medical man immensely as a rule.

INCORPORATION FOR SANTA FE.

The incorporation movement is getting along well; the New Mexican has favored this movement and has worked for it strongly; now let due care and caution be observed and let the movement proceed in strict accordance with law and upon a basis, just and fair to all. The New Mexican will continue to sustain and support the object of incorporation fully and strongly upon that basis. This town ought to be incorporated and must be incorporated; this will be for the greatest good of the greatest number, but as we have said, everything must be conducted in the fairest possible manner, and with due regard to the rights of all citizens.

THE SCHOOL BOOK QUESTION.

The several county school superintendents should bear in mind, that at an early day the territorial board of education will prescribe and adopt the text books to be used in the public schools of New Mexico during the coming four years. The law declares that no text books, excepting those approved and adopted by the board, shall be used, and makes it a misdemeanor to use any others. Hence it is an idle expenditure to purchase text books now, as it is not known what kind the board of education will adopt. The new school directors will be elected in June and take office in July next and by that time it will be fully determined what shall be done in this matter. In the mean time the several county school superintendents should leave well enough alone, and not compel people to spend money uselessly.

COMING OUR WAY.

From every quarter of New Mexico come most excellent reports these days; good times prevail, money is easy and very many enterprises for promoting the welfare of the people are in hand. The live stock interest is flourishing beyond all expectations; the mining industry is making all progress that could reasonably be expected, while the agricultural and fruit growing industry is simply booming. A very large area is going into all kinds of fruits; tree dealers have reaped a rare harvest throughout the territory for several months past, and from all sections come good words in respect to the advancement of this industry. Farm lands in the valleys, where irrigation is possible and easy are in demand. In quiet way immigration is coming in and the farm lands under the various big irrigation systems are being taken up rapidly. In many parts of the territory manufacturing enterprises are beginning to spring into life; outside capitalists seem at last to have realized how secure is life and property here and they are no longer timid in advancing money for almost any legitimate enterprise. There is much talk of railroad building in various quarters; city real estate is everywhere in fairly good demand, and on the whole everything appears most auspicious for a season of splendid prosperity. As everything now indicates, New Mexico's advance will be steady and rapid during the coming few years.

EDITORIAL COMMENT.

The McKinley Bill Again Responsible. This is how American plate glass has been forced down the price of imported glass in the last eleven years: The average import price of unsilvered plate glass in 1879 was 40 cents a square foot; in 1880 it was 33 cents.—New York Press.

Approves the Appointment of Mrs. E. L. Bartlett.

Mrs. E. L. Bartlett, of Santa Fe, has received the appointment of a member of the executive committee of the board of lady managers of the World's fair. This is a worthy honor to an estimable lady and a compliment to New Mexico.—Albuquerque Citizen.

Senator Palmer's Record.

Childers and Blake, the Coming United States Senators From New Mexico.

The Silver City Enterprise predicts that Col. F. A. Blake, who has taken charge of the People's party in New Mexico, will give Childers a close race for the senate when New Mexico is admitted as a state.—Albuquerque Citizen.

WHY DO YOU COUGH?

Do you know that a little cough is a dangerous thing? Are you aware that it often fastens on the lungs and far too often runs into Consumption and ends in Death? People suffering from Asthma, Bronchitis, Pneumonia and Consumption will all tell you that.

"IT STARTED WITH A COLD."

Can you afford to neglect it? Can you trifle with so serious a matter? Are you aware that for Coughs, Colds and Consumption is beyond question the greatest of all Modern Remedies? It will stop a Cough in one night. It will check a Cold in a day. It will prevent Croup, relieve Asthma and cure Consumption if taken in time. "You can't afford to be without it." A 25 cent bottle may save you \$100 in Doctor's bills—may save your life! Ask your druggist for it, or write to W. H. HOOKER & Co., 46 West Broadway, New York, for book.

Major Stonehill, of California, who has been taking some pains to acquaint himself with the views of the Democracy on the Pacific Coast in regard to the presidential nomination in 1892, is for "Cleveland against the world," and also against the planets and the New York Sun.—Kansas City Star.

A Significant Fact.

It is a significant fact, and one worth keeping before the people, that during the first two years of Cleveland's administration the public debt was reduced \$141,500,000, whereas during the first two years of Harrison's administration it has been reduced \$265,000,000. A very slight knowledge of arithmetic and political economy is sufficient to give a man a clear understanding of this comparison.—St. Louis Globe-Democrat.

The Boarders of the Democratic House.

The Santa Fe New Mexican makes against the Democratic members of the last legislature of its territory the serious charge that they sold themselves too cheaply. The fault complained of is certainly not a common one with the Democracy. But perhaps the sellers insisted upon all that the purchasers could raise, and so have a fair excuse.—Denver Sun.

The Question of City Incorporation
Again Before the People in Mass
Meeting Assembled.

Some Stirring Speeches and the Report
of the Executive Committee Adopted—
Work Yet Necessary.

The court house was packed with people yesterday afternoon to hear the report of the citizens' committee of fifteen on the subject of incorporation. Mr. Lehman Spiegelberg acted as president and Mr. S. D. Baldwin as secretary. The report of the committee was presented and read in full.

This report set forth that however desirable it may be to extend the city limits in the future, at present it is most prudent and practicable to be content with the area covering only so much territory as can immediately feel the beneficial advantages of incorporation, and the committee had undertaken to embrace only that part of the town's population thoroughly in sympathy with this progressive movement, "representing sufficient taxable property to insure a reasonable revenue for the necessary municipal expenses without encroaching on the rights of citizens living too remote from the center of the city to enjoy the benefits of its charged conditions."

The report then describes the limits of the proposed city, beginning on the west at a point 200 feet west of the northwest corner of Irvin and Dunlop streets, and running north fifty-two chains to a stake designated as the northwest corner of the Fishers Brewing company's property, which is the northeast boundary of the city limits; thence south 128 chains and twenty-eight links to a stake indicating the southeast corner of the incorporated region; thence west 130 chains to a stake marking the southwest corner, thence north to the point of beginning.

The report recommended that a petition asking the incorporation of this area be presented to the county board and states that, from information gathered, the voters in this region number from 750 to 800, representing a total population of 3,500. A petition in favor of incorporation was circulated in this area and in a very short time received the signatures of 364 voters.

This report was signed by Messrs. Sol. Spiegelberg, B. M. Read, A. L. Morrison, J. D. Koch, Arizeto Abeytia, Meliton Castillo, Frank Chavez, Marcelino Garcia, S. Wedeles, J. G. Schumann, E. L. Bartlett, Candelario Martinez, Frederick Grace and Geo. W. Knaebel.

As to the estimate of expenses for running the city government the sub-committee's report was also submitted in connection with and as a part of the report above referred to. It is precisely as has heretofore been published in these columns. The report estimates expenses as follows:

Marshal, per annum.....	\$ 300.00
Physician, per annum.....	300.00
Garbage removal, per annum.....	500.00
Public printing, per annum.....	250.00
Secretary, per annum.....	80.00
Four policemen, per annum.....	2,400.00
Stationary, per annum.....	100.00
Jail expenses, per annum.....	200.00
Total.....	\$4,050.00

There is to be added to this the expenses for illuminating the streets, and also for water service, which can not be ascertained with any kind of correctness, as the required amount of lights, and hydrants within the incorporated limits can be definitely determined.

We are of the opinion that \$2,500 will fully cover these expenses, in which event the total expenditure would not be beyond \$7,500.

As to revenue with which to meet this expense the report says:

"The assessed valuation of property subject to taxation for county and territorial purposes, within the limits of the proposed city, about \$1,000,000 last year. Taking now into consideration the fact that the former exemption from taxation of property to the amount of \$300, has been recalled by action of the last legislature, it is estimated that the assessed valuation of property within said limits, will now reach the sum of \$1,250,000. Now if the levy on the last mentioned assessed valuation for city purposes, should be the 1 per cent regulated and provided by law, it would result in the payment into the city treasury of the sum of \$12,500 per annum."

Mr. Abeytia said he was in favor of city incorporation, but thought the estimate of expenses too low. He offered a minority report which was read, and spoke also in favor of greatly enlarging the area to be incorporated.

Finally on motion of B. M. Read the majority report was adopted by the mass meeting, Mr. Abeytia and one other voting in the negative.

On motion, those opposed to incorporation were requested to state their reasons fully and frankly. No one responded for a time, but there were calls for Mr. Abeytia and he spoke at length in favor of extending the boundary lines. In response Sheriff Frank Chavez made a speech saying that he and other members of the committee had consulted with the people and that the reason the area had been so limited was because the people outside of the boundary as now proposed were against incorporation. Messrs. Candelario Martinez and B. M. Read also made speeches in favor of incorporation, and Judge Axtell also said it would be a wise and timely move that would benefit the laboring classes especially.

Mr. Wedeles moved the appointment of a committee of three to call a meeting of the forty odd citizens who had subscribed to the fund for carrying forward this movement. It being carried, the chairman Messrs. S. Wedeles, Marcelino Garcia and G. W. Knaebel. According to the motion, also these forty odd citizens will select an executive committee of seven members to have charge of and carry forward all the work necessary to bring about city incorporation.

OFFICIAL WAIFS.

It is a violation of law for stock to run at large in all towns and cities of over 400 inhabitants.

Prof. Bandler is hard at work translating and indexing the ancient Spanish and Mexican archives belonging to New Mexico. He is assisted in these duties by Mrs. Anita Chapman.

The case of Pedro Delgado, county clerk, which involves the Santa Fe election case, will be argued before the U. S. supreme court on the 20th inst. John H. Knaebel, esq., will be there to represent the people and Mr. Gildersleeve assisted by Congressman Springer, of Ill., will represent the Democratic claimants.

It is stated that Ex-Congressman Caswell, of Wisconsin, is more than a possibility as one of the members of the new land court. He was chairman of the house committee on private land claims and worked like a Trojan for the passage of the land court measure. Mr. Caswell is a personal friend of Surveyor General Hobart, is an able man and well up in all matters pertaining to land grants.

GRAND ARMY JUBILEE.

Citizens Invited to Join in Celebrating
the 25th Anniversary of the Order.

The quarto-centennial of the organization of the Grand Army of the Republic will take place on Monday next, April 6. This date twenty-five years ago, the first post was organized at Decatur, Ill. By resolutions adopted at the last national encampment and in compliance with general orders No. 18, by Commander in Chief W. G. Veazey, all posts in the union will observe this occasion by holding public ceremonies. Accordingly at last night's meeting of Carleton post the matter was discussed. The following resolutions were adopted and the post commander will announce further orders to-morrow.

Resolved, That in accordance with the directions of general orders No. 18, issued by the commander in chief of the G. A. R., that Carleton post hold a public meeting at the court house, in the city of Santa Fe, on the evening of the 6th of April, and that the post commander be directed to give a special invitation to all commanders and old soldiers, sons of veterans, the clergy, press, school children, and citizens generally, to be present and participate in the scenes of that evening.

Resolved, That the commander of this post be, and is hereby authorized to appoint such committees and take such steps as he may deem necessary for carrying out the purposes of said meeting; and that a sufficient sum to defray all expenses as may be found necessary to properly carry out the purpose and intention of these resolutions is hereby appropriated out of the post funds.

An appropriate program will be prepared for these exercises, and it is hoped the public will join in making them worthy of the occasion they are designed to commemorate.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses \$1" is true.

ROUND ABOUT TOWN.

Fruit buds are beginning to show signs of life.

Rivenburg's nurseries have shipped a car load of fruit trees to Las Vegas.

All sorts of building material, especially brick, is in demand.

There will be a meeting of the Guild of the church of the Holy Faith, Friday, April 3, at 2 o'clock, at the residence of Mrs. R. J. Palen.

John Gray has a force of men engaged to-day in cleaning up the plaza. He will also repair the fence and take other steps to improve the park.

At 4 p. m. to-morrow, at the office of G. W. Knaebel, the forty subscribers to the city incorporation fund will meet and select an executive committee of seven to push the work.

After all, it is plain that work must be done, and steady, persistent work at that, to carry forward the city incorporation movement to success. Its benefits must be fully and frankly explained to the masses.

Architect E. G. Wood, in charge of the Webster block, will erect a builder's shop on Don Gaspar avenue, near the electric light power house. Half a dozen carpenters arrived last night from Denver to engage in work under his direction.

A horse race will take place to-morrow afternoon on the track near the Indian school. Anto. Ortiz' bay will run 500 yards against Hilario Ortiz' horse, Lew Wallace, and the "pintos" of Jose M. Montoya and Felipe Ortiz will run a race of 300 yards.

The Weekly New Mexican is issued to-day. It contains all the news of the week, in condensed form, and is just the thing to send east to some one who is considering a visit to New Mexico. Secure a copy and send it to your eastern friend.

Sheriff Chavez has placed his chief deputy and clerk, Frank Delgado, in complete charge of the sheriff's and collector's books and accounts, and desires it announced that all business transacted by Mr. Delgado, will stand as valid as if performed by the sheriff and collector in person.

Commodore Decatur Reed, who was supposed to have been dead several months ago, appeared to-day on the plaza and says for himself: "I prefer to write my own obituary notices heretofore, but I would like however to say this, the one man I thank for my being here now is old man Chapin."

In the late snow blockade the Santa Fe road found it necessary to plow through a snow drift 2,100 feet in length and nine feet in depth near a station called Pierceville, between Dodge City and Coolidge. It is not surprising that mails from the east were delayed when facts of this sort are understood.

It's all right, young ladies; the New Mexican is always glad to hear from you—but sign your real name. Not for publication but as a matter of business. "Sauter," "Observer," etc., don't go when no other signature is attached to communications intended for publication in these columns.

One thousand feet of two-and-a-half inch water pipe for improving the water service in the federal building park have been delivered, and John Hampel will begin laying the same in a few days. Collector Hughes has not yet been authorized to set the park in shade trees, but he is working earnestly to this end and it is hoped that the treasury department will not much longer delay action in this matter.

Juan Miguel Valencia, water overseer on the south side, is out to-day calling upon land owners to send their representatives on Monday next to begin work on the irrigating ditches. Senor Valencia is rather a broad minded man, and the request of a number of citizens that the ditches be greatly enlarged and improved has received his favorable attention. This action will guarantee the agriculturalists a much larger volume of water during the coming summer.

PERSONAL.

Antonio Lucero, of Las Vegas, is in the city on business.

Hon. T. B. Catron returned from the south at noon to-day.

Mr. D. P. Burnham, of the Palace hotel, returned last night from a trip to the Pacific Coast.

Judge Thornton returned this morning from Cerrillos, where he went with Mr. Kerens to inspect the coal fields. M. A. Otero, clerk of the first district court and a very efficient officer, too, is here to-day on business.

At the Exchange: Fred Gildman, W. A. Hildebrand, George Winkel, Denver; A. Hillman, R. Hillman, Brooklyn; John Spear, Watrous; James Lucas, Cerrillos. C. G. Coleman got in from the east last night. He says there are eight to ten feet of snow drifts on the A. T. & S. F. road between Trinidad and Raton pass.

At the Palace: D. T. White, St. Joseph; R. A. Smith, Denver; Harry G. Wilson, Topeka; Antonio Lucero, M. A. Otero, Las Vegas; Wm. Dryfus, Denver; H. L. Rothchild, San Francisco; Mrs. E. Rhodes, Miss Kathryn Rhodes, Manchester, Ind.

Miss Cecelia McCarthy, famed the west over as an Indian Missionary and a talented and handsome lady, is here from Taos to visit her cousin, Miss Mabel Blunt and Miss McCarthy, her sister, who are teachers at St. Catherine's Indian school.

Lost—A blue silk purse, probably in the post office, containing a little money and a post office key. Leave at this office.

A Hard Winter Indeed.

With Santa Fe's sunshine prevailing, it seems scarcely possible that there should have been "the severest storm of the season" raging at Denver yesterday morning. That's what the dispatches say, however. "The blizzard continued for five hours, making all travel impossible and completely tying up all the cable, electric and horse-car lines. The snow fell to the depth of eight inches, and the streets rapidly. No attempt will be made to resume traffic on the car lines before to-morrow. The snow and rain turned the streets into perfect seas of slush and this last storm will render them impassable for weeks. This is what the telegrams bring. The snow was heavy in eastern Colorado and western Kansas. The storm extended from La Junta to Trinidad and in some places on the A. T. & S. F. it drifted five feet deep.
