CONDENSED NEWS.

President Harrison reached Washing-
ton last night.

American ships are still after the Chi-
lian rebel ship *Eleta*.

A knock down occurred in the Florida
senate over the senatorial contest. But
nobody has yet been elected.

The directors of the Mexican Central
Railroad company have voted to pay 3 per
cent on the first incomes from 1890 earn-
ings, July 10.

Zorrilla, the exiled Spanish Republican
leader, ridicules the statement that upon
the first attempt to establish a republic in
Portugal the Spanish premier would in-
terfere and assist the Portuguese mon-
archists.

At the sixth annual meeting of the al-
umni of the American College at Rome,
Italy, held in Baltimore, fifty priests, re-
presenting nearly every diocese in the
United States, attended. Monsignor Farley was
elected president for the ensuing year.

It is said at the state department that
there has been no suggestion of arbitra-
tion of the difficulties between Italy and
the United States growing out of the New
Orleans tragedy, as was reported in a
special dispatch from Rome.

The chief of the bureau of statistics re-
ports that the total value of the ex-
ports of domestic mineral oils from the
United States during the month of April,
1891, was \$3,808,259. The value of beef
and hog exports for April, 1891, was \$9,-
299,781.

A London special to the New York
Times says: "What is left of the Parnell-
ite organization in Ireland is to receive a
fatal blow within the next few days. I
am authoritatively informed that the two
Harrington brothers, Timothy and Ed-
ward, have decided to give their adhesion
to the Nationalist party."

2,500 PEOPLE IN DISTRESS.

A Fair Sample of What the Rio Grande
Floods Are Doing in the Valley.

Ex-Delegate Luna writes from Peralta,
under date of Wednesday last, to Col. J.
Frank Chavez respecting the floods in the
Rio Grande. He says:

"The river still continues to do a great
deal of harm, and the Lord only
knows what is going to become of us at
Peralta; we are threatened in three dif-
ferent places and it keeps us working day
and night to save ourselves. So far we
have been able to do so; but I am very
much afraid that the worst is yet to come.
In Valencia (the church down to Tome
(four miles), there is nothing left; all fam-
ilies have abandoned their homes which
are now in ruins or washed away. Don
Vicente Lujan's residence is surrounded
and the water is three feet deep at his
merchandise store house; the house is
as good as ruined. The water is now
very near Antonio's house. That branch
of the river running through the former
site of Valencia is about 500 yards wide
and five feet deep. We are not safe here
east of the river; it is water, water every-
where, and most pitiful to see the women
and children praying hourly for the flood
to subside while the men are busy with
shovels. The worst of it is, we have no
place to remove to; we can not cross to
Los Lunas, and there are no more vacant
houses at Ladera."

From the above facts Col. Chavez esti-
mates that at least 2,500 people have been
made homeless and rendered destitute in
that locality. Can not something be done
to relieve the wants of the sufferers?
New Mexico residents should com-
promise to the relief of these flood suf-
ferers.

All kinds of legal blanks, deeds, justice
of the peace blanks, note books, etc.

Telegraphic Tidings

Devastated.
PARIS, May 16.—Algeria is again de-
vastated by locusts. A caravan from
Morocco traveled through swarms of locusts
for thirty-two days.

Burned Out.
BIG RAPIDS, Mich., May 16.—From
Manistee, Huron, one of the lower penin-
sular forest fires are still raging. Up to
date the loss is estimated at \$2,000,000
and will probably double this before it is
checked. The loss in the upper tier will
far exceed this estimate. Hundreds of
families have been left destitute.

Cash Getting Scarce.
LONDON, May 16.—The Times believes
the Russian government will withdraw
£3,000,000 from London within the next
month or two, and that it is doubtful
whether the bank of England will be able
to draw that amount from America, "be-
sides which," adds the Times, "there is
strong probability of partial failure of
European crops, which would cause a drain
of gold to America in the autumn."

After the Etata.
SAN BLAS, Lower Cal., May 15.—A
long low rakish craft is lying on and off
this port with steam up and flying no
colors. Fishing boats report her as be-
ing manned by a large crew and protected
by large guns. A steam yacht has been
sent out to investigate.

San Diego.—The cruiser *Charleston* is
reported here as having passed Point
Loma, Cal., last evening going north. It
is now believed that the vessel reported
off Point Loma last night, and which was
supposed to be the *Charleston*, was the
Pacific mail steamship *San Blas*, from
Panama, which is due at San Francisco
Saturday.

TAOS COUNTY BUDGET.

Criminal Cases Before the Court.—Heavy
Rains.—Crop Prospects and
White Caps.

Correspondence New Mexican.

TAOS, N. M., May 14.—The court ar-
rived Monday evening in a pouring rain,
and promptly opened for business. Jury
commissioners were appointed, and dur-
ing Tuesday both the grand and petit
juries were empaneled and the grand
jury charged, so that the regular business
was proceeded with Wednesday morning.

There is very little civil business, and the
old criminal prosecutions are lagging be-
cause new indictments have to be found,
owing to the faulty organization of the
last grand jury, or rather the fault of the
law in regard to its organization.

The *Borrego* case, here on change of
venue from Santa Fe county, for the mur-
der of Jose Gallegos, was, by consent,
continued, as a new indictment must be
found in Santa Fe county, on account of
the irregularity in organizing of the grand
jury.

The *Riveras*, charged with murder and
tried at the last term, when there was
a disagreement of the jury, were in-
dicted again, and upon their application,
on the ground of prejudice against them
by the people of their county, the venue
was changed to Santa Fe county, where
they will be tried at the May term. One
of these parties was the young man
who desecrated the parish church here
in the winter, and assaulted the priest,
which has aroused a strong feeling against
him even greater than that aroused by
the murder.

It rained all last night, with prospects
of more to-day, and has been the best
season so far for grass and cattle that has
been known for a long time. Mr. Alex.
Gustorf was taken suddenly sick with
pneumonia Monday evening, and was
violently ill for a time, but is now sup-
posed to be out of danger.

There are reported to be some 300
White Caps here, but the recent action of
their brethren at Las Vegas has created
contentions among them and filled this
community generally with horror.

STOCK JOBBERS AGAIN AT IT.

Another Glaring Attempt to Wreck the
Big Copper and Buy It In
for a Song.

The stock jobbers in New York, Phila-
delphia and Boston, who have so long
held the upper hand in the affairs of the
Santa Fe Copper company, have, it
seems, inaugurated what appears to be a
bold plan to wreck the property, freeze
out the "small fry," stockholders, and
gobble the whole thing for themselves.

At any rate, it is pretty generally known
here that since the elaborate report made
by the expert, Schaeffer, for the Lihning
Concentrator company, of England, the
principal stockholders in Boston have
been more than ever satisfied that the
property is in every sense a great one, and
that immense profits can be realized
by acceptance of the Lihning company's
proposition to erect, at its own expense,
a 500-ton concentrator at San Pedro and
treat the ores at a cost not to exceed 25
cents a ton.

With these facts known here, it be-
comes quite evident that there is "a job"
in the publication of an article in the
New York Financial and Mining Record
of May 9, signed "O—," and printed
as special correspondence from Santa Fe.
Here is an extract from this so-called
"correspondence":

At present there is but a 50-ton concen-
trating plant on hand owned by individ-
uals and leased to the company at very
high rent. From the smallness of its
capacity, it hardly pays expenses.

The capitalization of the company is
500,000 shares, the nominal value of each
share \$10, but the market quotation is as
yet 65 cents.

The whole of the movable and immova-
ble property is, however, covered by a
first mortgage of \$300,000, the interests
on which have not been paid for more
than a year, while the capital, according
to the tenor of the mortgage bonds is due
in full already, and the property thereof
subject at any time to a foreclosure.

Besides, there is a floating debt of at
least \$60,000. Now, with a proper plant,
as indicated before, a paying business
could be established on a proportionate
capital; but certainly not on a fictitious
one.

The first mortgage 7 per cent amounts to \$300,000
accumulated interest 7 per cent per an-
num. 31,500
Floating debt about 60,000
Improvements to be made, estimated 60,000
\$451,500

This amount would perhaps be the high-
est valuation of the properties including all
improvements to be made, but practically
leave out the holders of 500,000 shares;
which, as may be seen, can hardly be re-
garded as having any value. In other
words, the improved property can only
be made to pay reasonable on a total
capital of \$500,000.

It should not be forgotten that blanket
or horizontal veins require the continu-
ous outlay of a large amount of money
for development. Hence, the relative
mining expenses are usually very large.

The intrinsic value of the existing 500,-
000 shares can therefore easily be guessed
at, and everybody can draw their own
conclusion.

F. M. Williams, of Kansas City, a
heavy and wealthy cattleman of Kansas
and the Panhandle of Texas, is in the
city, concluding a trade with W. S. Hope-
well, manager of the Las Animas Cattle
company, of Sierra county, for 3,000 head
of steers.—Albuquerque Citizen.

Yesterday in the Las Vegas district court,
in the criminal suit against Moreno and
Chavez, of Los Colonias, for killing a cow,
the case was half finished when the plea
of "not guilty" was withdrawn and that of
"guilty" substituted. The parties arranged
admittedly driving off the cow, but
thought it belonged to the Stoenes and
not to Arrijo! They have not yet been
sentenced.

The Fisher brothers, among the most
industrious and trustworthy farmers in
the Pecos valley, have put in about 100
acres of produce on their farms, about
twelve miles below the place. They have
sixty acres of cane from which they will
raise two crops this season, twenty-five
acres in alfalfa and oats which is up and
will make a good crop, fifteen acres in
beans, and ten in vegetables, all of which
is looking fine.—Roswell Register.

Died at the residence of his mother, in

afternoon at 3 o'clock, at the family
residence, conducted by Rev. A. Hoffman,
of the First M. E. Church, and the body
will be taken to Santa Fe, to be laid be-
side the body of his brother, who died there
not long ago, with lung trouble, the dis-
ease that afflicted the second son.—Las

Will justice be done and will the murderers of Sandoval be punished? That is the question.

The White cap organizations in San Miguel county and other parts of the territory must go; if the law and the officers of the law can not prevent lawlessness and violence, why, let the decent and honest citizens organize and take a hand in the game.

The New Mexican's plan for urging congress to do the right thing by the Rio Grande valley is growing in favor daily. The Colorado Sun joins the Denver News in urging the Colorado congressional delegation to take an active hand in this matter. Now, let us hear from Texas.

EVERYBODY'S business is nobody's business; therefore, the tax payers and property owners of Santa Fe, who are specially interested in the advancement of this town, ought to look after the incorporation movement and that sharply; it will take hard work to carry the question. Commence your work.

The El Paso Times has been fooling with a buzz-saw of late, and as a result its entire edition was confiscated by the postal authorities the other day. The Times seems trying to organize a little boom for itself by defying the U. S. lottery laws. Better let the job out to the Juarez outfit, friend Hart.

ENGLAND'S greatest poet is coming in for some very hard knocks just now from the ultra aesthetic. Mr. Tennyson, it seems has established a plain every-day sort of a milk farm over on the Isle of Wight, and, more than that, he actually owns a line of milk carts. Is it any wonder that our English brother should be indignant?

THE SOUTH IS GROWING.

The San Antonio Express, a rather red-hot Democratic journal, takes occasion to remark that "the McKinley bill, like everything else in this vale of tears, has its faults, but on the whole, it is the best tariff since the war." Now, this is queer, Simon pure Democratic journals talking like this, and in Texas, too, a state heretofore supposed to be the home of anti-McKinleyism. Indeed the south is growing!

A DUTY TO PERFORM.
On Tuesday next the Trans-Mississippi congress assemblies at Denver. Its object is to discuss western interests generally, especially with a view to influencing national legislation. The importance of this gathering seems to have been fully appreciated in New Mexico, if one may judge from the expressions from the press, yet we can not but refrain to again urge upon all who have been named as delegates the necessity of their attendance. It will pay to leave your own business for a day or two and thus serve New Mexico. In the main a strong and influential body of men has been named by those officials and organizations having authority to act, and if one-half of the delegates are on hand New Mexico will be admirably represented.

COAL OIL INSPECTION.
During the session of the 29th legislative assembly Hon. E. S. Stover, member of the council from Bernalillo county, introduced a bill providing for the appointment of a territorial oil inspector and the inspection of all mineral oil to be used in New Mexico. The bill was intended to put a stop to the practice of furnishing inferior coal oil for consumption to the people of New Mexico by the Continental Oil company, a concern that seems to have a monopoly of furnishing oil out here, and that is presumed or believed to be a branch of the Standard Oil company.

This bill passed the council where every measure for the benefit of the people received fair and just consideration, and was sent to the house; there it was defeated through the personal efforts of the Democratic lawyer bosses, attorneys for the company in question, and the Democratic-White Cap members of the Democratic house. It is understood that boodle was used to defeat the bill and this is more than likely a fact. Councilman Stover and the Republican members of council worked hard for the passage of the bill, but boodle and corruption in the Democratic house of representatives were too many for them and the best interests of the people had to suffer.

But this matter will come up again, and that at the next session of the legislative assembly, and if that body should be Republican, a bill of the kind and for the protection of the people will become law. Should the coming legislative assembly be Democratic, however, the interests of the people will be again sold out, as they have been every time in the past, whenever and wherever the Democratic bosses can do so.

BUSINESS, PROMPT AND EFFICIENT, BY SECRETARY THOMAS.

The secretary of the territory, Hon. B. M. Thomas, is now preparing to send out the laws of the last session of the legislative assembly of New Mexico in English, and the preparation and publication of the laws in Spanish are also well advanced. In this connection, attention ought to be called to the fact that this is the first time within the history of this territory that the laws have been issued and are ready for distribution as early as they are; heretofore about the middle of July after the close of the session was considered a very early date for publication; this year they are out fully two months ahead of time.

It must also be remembered that the earlier the laws are distributed the better for the people. It must further be remembered, that there is much work connected with the preparation for publication of the acts, which must be done in addition to the regular routine work of the secretary's office. It must again be borne in mind, that part of the emoluments of the secretary's office are derived from fees, and that an early publication and distribution of the laws cuts these fees down considerably and that heretofore, in several instances, certain officials in the secretary's office have paid more attention to what was good for them than what benefited the people.

In this instance however, the work in question was done promptly, thoroughly, satisfactorily and neatly; no attention was paid to any consideration, except the one of publishing the laws as quickly and as correctly as possible. And this work has been accomplished at a lower rate than has ever heretofore been paid by the United States for similar work in this territory.

The New Mexican Printing company are the contractors; they put in a fair and honest bid and the best bid all around; this was accepted by the secretary and the work was done in strict conformity with the regulations of the department and the specifications of the contract.

The people of this territory ought to feel very grateful to Secretary Thomas for the good, timely and beneficial work done by him in the publication of the acts of the 29th legislative assembly of New Mexico.

EDITORIAL COMMENT.

Good Advice to Rudini.

What Rudini should do is to reduce the army and navy of Italy and improve the credit of the country. The poor Italians are taxed so dreadfully they are fleeing to the land of the Billion congress.—Brooklyn Standard-Union.

WHY DO YOU COUGH?

Do you know that a little cough is a dangerous thing? Are you aware that it often fastens on the lungs and far too often runs into Consumption and ends in Death? People suffering from Asthma, Bronchitis, Pneumonia and Consumption will all tell you that

"IT STARTED WITH A COLD."

Can you afford to neglect it? Can you trifle with so serious a matter? Are you aware that

DR. ACKER'S ENGLISH REMEDY

for Coughs, Colds and Consumption is beyond question the greatest of all modern Remedies? It will stop a Cough in one night. It will check a Cold in a day. It will prevent Croup, relieve Asthma and cure Consumption if taken in time. "You can't afford to be without it." A 25 cent bottle may save you \$100 in Doctor's bills—may save your life! Ask your druggist for it, or write to W. H. HOOKER & Co., 46 West Broadway, New York, for book.

What a Decade of Protection Has Done.
In 1880 the value of the manufactured products of the United States was over \$5,000,000,000. In 1890 it had increased to over \$8,000,000,000. This shows what a decade of protection has done for our industries.—New York Press.

Idiotic Bable About Santa Fe.
Either move the capital or cut the territory in two. The latter would seem the better plan of the two, as by it we would be freed at once and forever from the notorious and disgraceful Santa Fe ring, who are piling up such a debt on New Mexico and deliberately injuring the territory that they may benefit themselves.—Silver City Sentinel.

They Know What They Want.
Italy wants the other European powers to boycott the United States, but they won't do it. Not hardly. America sends to Europe a lot of rich fool tourists who leave about \$50,000,000 there every year. We furnish wheat and corn and cotton cheaper than Europe can raise it. In a word, we have got the drop on them and they can't get along without us.—Fort Worth Gazette.

Protection to the People in the Rio Grande Valley.
A strong effort will be made to get an appropriation from the next congress to protect the property along the Rio Grande in New Mexico from damage by the annual spring floods. Cold weather at the headwaters of the river, which held the masses of snow in check, alone saved the settlers along an important portion of the river's course from complete annihilation. President Harrison and others high in authority have seen our western country, and have been kind enough to acknowledge the importance, possibilities and probabilities of western development, so that an effort looking toward western improvement will have at least an intelligent hearing in Washington.—Denver Sun.

Pimples.

The old idea of 40 years ago was that facial eruptions were due to a "blood humor," for which they gave potash. Thus all the old sarsaparillas contain potash, a most objectionable and drastic mineral, that instead of cleansing, actually creates more eruptions. You have noticed this when taking other Sarsaparillas than Joy's. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, result pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is a compound after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate and most satisfactory. A short testimonial to contrast the action of the potash Sarsaparillas and Joy's modern vegetable preparation. Mrs. C. D. Stuart, of 400 Hayes St., S. F., writes: "I have for years had indigestion, tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."

Remarkable Rescue.
Mrs. Michel, Curran, Blainfield, Ill., the statement that she caught cold, which settled on her lungs; she was treated for a month by her family-physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use the medicine until she was cured. Free trial bottle of this great discovery at A. C. Ireland's drug store, large bottles at \$1.00 and \$1.50.

Notice.
Whereas, Samuel W. Bonner, did on the 7th day of November, 1890, make and deliver to the undersigned, his certain promissory note for the sum of \$636 due and payable six months after the date thereof, with 12 per cent interest, per annum; and whereas the said Samuel W. Bonner did secure the said note with 533 shares of the capital stock of the Cerrillos Land company, collateral, with full power of sale, in the event of the default of the payment of the said note and interest, and the said Samuel W. Bonner has made default in the payment of the principal and the interest at maturity on the same: Now therefore, I the undersigned, will on the 22d day of May, 1891, at the hour of 10 o'clock, in the forenoon of said day, at the front door of the office of the First National bank, at Santa Fe, N. M., sell for cash in hand the said 533 shares of the capital stock of "The Cerrillos Land company," or so many shares thereof as may be necessary to fully pay and satisfy the said promissory note and interest and all costs together with attorney's fees, to the highest bidder.

IF A BODY MEET A BODY
The result is a collision, whether "coming through the eye, or not. Life is full of collisions. We are constantly colliding with some body or something. If it isn't with our neighbors it is with some dread disease that has to be kept from our bodies. Women especially it seems, are afflicted with many of these collisions and nervousness, bearing-down sensations, tension, depression, periodic pain, sick headache, constipation, irregularities, and "weaknesses." Dr. Pierce's Favorite Prescription comes to the rescue of women as no other medicine does. It is the only medicine for women, sold by druggists, under a positive guarantee, satisfaction in every case, or money paid for it will be refunded. See guarantee on bottle wrapper.

Changing Defeat to Victory.
The genius of Sheridan at Winchester changed defeat to victory. So when feeble adversaries in the shape of inefficient remedies fail to stay the progress of that obstinate and malignant foe malaria, Hostetter's Stomach Bitters turns the tide—drives the enemy back. Nothing in materia medica, or out of it, compares with this as an opponent of every form of malarial disease. Chills and fever, dumb ague, bilious remittent and acute cases of malaria, are all cured and expelled by the Bitters. To take a course of the great preparative in advance of the malarial season, is to buckle on, as it were, and armor of proof which defies attack. So fortified, so protected, you shall be scatheless. Remember, too, that the Bitters is an eradicator of liver complaint, constipation, rheumatism, kidney complaints and dyspepsia.

Set-Back—It's a wonder the hands of a clock do their work as well as they do. Why? Just consider the set-backs they meet with.

A Long Line.
It is 2,714 miles from City of Mexico to St. Louis. We have just placed some superb Pullman palace sleepers on through line between those two cities, via El Paso and Burroon, which makes the entire distance without change.
Los Angeles to St. Louis is 2,121 miles. Pullman tourist sleepers now run between those points, via Albuquerque and Burroon, without change.
The Frisco line, in connection with Santa Fe route, is a favorite one to St. Louis and beyond.

It is quite probable that you may need the services of a physician some day; but you can postpone the time indefinitely by keeping your blood pure and your system invigorated through the use of Ayer's Sarsaparilla. Preventions are better than cure.

Painter—Doctor, I should like to present this painting to some public institution; now, which would you recommend? Doctor—The blind asylum.

In almost every neighborhood throughout the west there is some one or more persons whose lives have been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who have been cured of chronic diarrhoea by it. Such persons take especial pleasure in recommending the remedy to others. The praise that follows its introduction and use makes it very popular. 25 and 50 cent bottles for sale by C. M. I understand Henderson is quite a musician. He is. I met him at the Pelton's last night and he gave selections from Götterdämmerung on the xylophone with only one hammer.

C. M. Creamer, the druggist, desires, us to publish the following testimonial, as he handles the remedy and believes it to be reliable.
I bought a bottle of Chamberlain's Pain Balm and applied it to my limbs, which have been afflicted with rheumatism at intervals for one year. At the time I bought the Pain Balm I was unable to walk. I can truthfully say that Pain Balm has completely cured me. R. H. Farr, Hollywood, Kas., Mr. R. H. Farr, the leading druggist at Hollywood, vouches for the truth of the above statement.

Some of the Grand Army boys may be interested in the following from Alex. B. Pope, A. D. C., Commander, Dep't. Tenn. and Ga. He says: "We have had an epidemic of whooping cough here, Newmarket, Tenn. Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when this remedy is freely given. It completely controls the disease. 50 cent bottles for sale by C. M. Creamer, druggist.

Advice to Mothers.
Mrs. Winslow's Soothing Syrup should always be used when children are cutting their teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gum, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for all the ills arising from teething or other causes. I sometimes call it Bermuda Bottled, and many cases of **CONSUMPTION, Brouchitis, Cough, or Severe Cold** have been cured by it. The advantage is that the most sensitive stomach can take it. Another thing worth remembering is the stimulating properties of the Hypophosphites which it contains. We will find it for sale at your Druggist's but see you get the original SCOTT'S EMULSION."

Job Printing.
More-ants and others are hereby reminded that the New Mexican is prepared to do their printing on short notice and at reasonable rates. Much of the job printing now going out of town should come to the NEW MEXICAN office. There is no better excuse for sending out of town for printing than there is for sending away for groceries or clothing. Our merchants should consider these things. The New Mexican is acknowledged the leading paper of this section. The patronage of the people will enable us to keep it so.

THIS PAPER is kept on file at E. C. Duke's advertising agency, 64 and 65 Merchants' Exchange, San Francisco, Cal., where contracts for advertising can be made for it.

1891. Harper's Bazar. ILLUSTRATED.

HARPER'S BAZAR is a journal for the home, and the latest information with regard to the fashions, its numerous illustrations, fashion-plates, and pattern-sheet supplements are indispensable to the house dress-maker and the professional modiste. No expense is spared in making its artistic attractiveness of the highest order. Its clever short stories, pastor plays, and thoughtful essays satisfy all tastes, and it is as famous as a budget of wit and humor. In its weekly issues everything is included which is of interest to women. During 1891, Mrs. B. Oakes will write a series of articles on "The House Comfortable," "Traveling Comfortable," "Sanitary Living," and an interesting succession of papers on "Women in Art and History," superbly illustrated, will be furnished by THOMAS CHILD. The serial stories will be by WALTER DEAN MYERS and THOMAS HARDY.

Mortgage Sale Notice.

Notice is hereby given that the undersigned, by virtue of a power of sale contained in a certain mortgage executed by Santiago C. de Baca, and his wife Francisca Ortiz de Baca, bearing date the 15th day of February, A. D. 1881, and recorded in record book O of the records of deeds and conveyances, pages 162, 163, 164, 165 and 166, in Santa Fe Co., N. M., will on the 22nd day of May, A. D. 1891, in front of the court house in the city of Santa Fe, N. M., at 10 o'clock a. m., of said day, expose and sell at public auction to the highest bidder for cash, the following described property, to wit: All that certain tract of land and houses and tenements thereon formerly occupied by G. A. Smith and now deceased, bounded on the north by the lands and property of Jose Ortiz, or Josefa Baca de Ortiz, and on the south by the property of Jose B. Ortiz, on the east by the property of James L. Johnson, on the west by the public street that runs along said property, said Rosario church, measuring from north to south 82 feet, and from east to west 275 feet, said property lying and being in precinct No. 4, in the county of Santa Fe, N. M., together with all, and singular the lands, appurtenances, hereditaments, and appurtenances thereon belonging to, or in any wise appertaining to, secure the payment to R. H. Longwill or order, of the principal of a certain promissory note, dated Santa Fe, N. M., February 15, 1881, for the sum of \$430, due one year from date, with interest until paid, at the rate of 18 per cent per annum, and in case said note and mortgage is not paid at maturity, the said parties of the first part have authorized and empowered the said R. H. Longwill to take possession of said granted real estate and premises, and after having given notice of the time and place of sale by ten hand bills posted on public places in the county of Santa Fe, at least ten days prior to the sale, or by notices published in some newspaper printed in the county of Santa Fe, at least ten days prior to the time of sale, to execute and sell all right title and interests of the grantors to the highest bidder for cash, in the said granted premises, and to make, execute and deliver to the purchaser or purchasers thereof a good and sufficient deed therefor.

And, whereas, the said note has not been paid, and the interest accrued thereon has been paid, and whereas the said note has been renewed by endorsement thereon, bearing date December 31, 1886. Now therefore, the undersigned as mortgagee, hereby give notice, that I will at the time, and place fixed, and mentioned aforesaid, sell the same to the highest bidder for cash. The amount due at the time of sale, including accrued interest, being the sum of \$402.96; cost of advertising and sale to be added to the above stated sum. And by virtue of the power and authority upon me conferred and in me vested by said mortgage, I will execute and deliver to the purchaser or purchasers thereof, a good and sufficient deed therefor.

R. H. LONGWILL, Mortgagee.

FRANCIS DOWNS, Attorney.
Santa Fe, N. M., May 11, A. D., 1891.

PROCLAMATION

CALL FOR ELECTION ON INCORPORATION.
Whereas, Pursuant to statute, the inhabitants of the territory to be embraced within the limits of the proposed city of Santa Fe, in the county of Santa Fe and territory of New Mexico, have expressed their desire to organize into a city, by petition in writing signed by over 200 of the qualified voters, permanent residents of the said territory to be embraced within the limits of said proposed city, and who had, at the time of presenting said petition, resided therein not less than six months (the name of said city to be the "City of Santa Fe"); and

Whereas, Said petition has annexed thereto an accurate description and map or plat of said territory to be embraced within the limits of said proposed city, and which said petition together with said accurate description and map or plat, pursuant to law, on the 6th day of May, A. D. 1891, duly presented to the board of county commissioners of the county of Santa Fe, at a session of said board held on said day in said county, and was duly filed on the 6th day of April, A. D. 1891, in the office of the clerk of the probate court of said county; and

Whereas, The said territory to be embraced within the limits of said proposed city is accurately described in said petition and upon said map or plat annexed thereto, as follows, to-wit:

All that certain tract of land situated in the county of Santa Fe, territory of New Mexico, beginning on the west side at W. stake marked No. 29, which is situated 200 feet west of the northwest corner of Irvine and Dunlop streets, and running thence north fifty chains to a stake marked No. 39, which is the northwest corner; thence east 130 chains to a stake marked 42, which is the northeast corner; thence 128 chains and 28 links to a stake marked No. 47, which is the southeast corner; thence west 130 chains to a stake marked No. 34, which is the southwest corner, and thence north 76 chains and 28 links to the said stake No. 29, the point of beginning. The center point is 64 chains and 14 links due north of a point upon the south boundary, which is 6 chains and 46 links west of a stake marked No. 13; and, whereas, upon the receipt of said petition duly and properly signed and filed, as aforesaid, the sheriff of said county did take an accurate census of all the permanent residents who have resided within the said limits of said proposed incorporated city, not less than six months prior to the said presentation and filing of said petition and said accurate description and map or plat as aforesaid; and, whereas, said petitioners have paid the expense of making such census or enumeration; and, whereas, the said sheriff did accordingly take an accurate census as aforesaid and return the same to the said board of county commissioners, on lists, as provided by law, and which said return was duly presented to said board, at a session thereof held on the 6th day of May, A. D., 1891, at Santa Fe, N. M., and was duly filed in the said office of the probate clerk of said county on the 20th day of April, A. D., 1891; and, whereas this board has duly ratified, confirmed and approved the filing of said petition, and said accurate description and map or plat and the taking of said census and filing of the return thereof as aforesaid; and, whereas said census shows that there are 3,880 inhabitants within said limits of said proposed city, an amount amply sufficient under the law to entitle said proposed city to be incorporated.

Now therefore, in pursuance of the statutes in such case or cases made and provided, the said board of county commissioners for the county and territory aforesaid, do hereby call an election of all the qualified voters residing within the said territory embraced within said limits, as described and platted as aforesaid, said election to be held on the second day of June, A. D., 1891, from the hours of 8 o'clock a. m. to 6 o'clock p. m., at the county school house, situate in precinct No. 3 of said county, and at the corner of the school house situate in precinct No. 4 of said county (such polling places being within the territory embraced within the limits of said proposed city as aforesaid). And in further pursuance of the statute in such case made and provided, the said board of county commissioners do hereby divide said territory to be embraced within the limits of said proposed city, into two wards and which said board hereby names and designates, as the "First Ward" and the "Second Ward," the said first ward to embrace within its limits all that portion of the present precinct No. 3, of said county of Santa Fe, which lies within the said limits of said proposed city; and the 2d ward, to embrace within its limits, all that portion of the present precinct No. 4, of said county, which lies within the said limits of said proposed city. And in further pursuance of the statute in such case made and provided, the said board do hereby appoint Larkin G. Read, Sol. Spiegelberg and Epifanio Jose as judges of said election, and Josef D. Sena, Jr., and Samuel D. Baldwin, as clerks of said election for said first ward, and Aniceto Alaydia, Charles C. Probst and Marcelino Garcia, as judges of said election, and Perfecto J. Gonzales and Adolfo P. Hill, as clerks of said election for the said 2d ward, and said judges and said clerks shall qualify as required by law for judges and clerks at general election, and shall report the result of the ballot to the said board of county commissioners. The ballot used at said election shall be "for incorporation" or "against incorporation." Dated, Santa Fe, N. M., May 6, A. D., 1891.

The Board of County Commissioners of Santa Fe county, by
JOSEPH B. MAYO, Chairman.
JUAN GARCIA, Commissioner.
[Attest.] CHAS. A. SPIESS,
Clerk of said Board.

S. HIS CHILDREN.

My little son had a number of bad ulcers and running sores to come on his head and body, which lasted for four years. I tried all the doctors and many remedies, but the sores still grew worse, until I did not expect him to recover. My friends were confident that if the sores healed it would kill him. I at length quit all other treatment and put him on Swift's Specific, and less than three bottles cured him a sound and healthy child. S. S. S. also cured a sore on another of my children.
