When not properly cared for, loses its lustre, becomes crisp, harsh, and dry, and falls out freely with every combing. To prevent this, the best and most popular dressing in the market is **Ayer's Hair Vigor**. It removes dandruff, heals troublesome humors of the scalp, restores faded and gray hair to its original color, and imparts to it a silky texture and a lasting fragrance. By using this preparation, the poorest head of hair soon

and beautiful. All who have once tried Ayer's Hair Vigor, want no other dressing. G. W. Starks, Druggists, Sharon, Vt., writes: "We believe Ayer's Hair Vigor to be the best preparation of the kind in the market, and sell more of it than of all others. No drug store is complete without a supply of it."

After Using

A number of other preparations without any satisfactory result, I find that Ayer's Hair Vigor is causing my hair to grow. A. J. Osment, General Merchant, Indian Head, N. W. T.

BRIEF WIRINGS:

AMONG THE BIG GUNS.

What the Far East Presidential Candidates are Doing Just Now.

New York, June 16.—There was an important conference of anti-Hill Democrats in this city a few days ago. The conference was prolonged, lasting several days, and resulted in this determination: Messrs. Gorman, Dickinson, Vilas, Bice and Bell, of Minnesota, agreed formally that they would at once begin the canvass for the renomination of Grover Cleveland; that they would take him into the convention; that they would make an earnest, honest effort, before and during the convention to secure his nomination; and that if they saw in the convention or before, that his candidacy would not be successful or could only be consummated after a struggle which would leave wounds hard to heal, then they would withdraw him. With this understanding Mr. Cleveland goes away for his summer vacation. He leaves entirely in the hands of Mr. Gorman, Mr. Dickinson, Senator Bice, Senator Vilas and J. J. Bell the management of his campaign for the nomination. While in New York he will still have the shrewd counsel of Dan Lamont, Herrick and William R. Grace.

Washington, June 16.—In speaking of the anti-Harrison conference of Indiana Republicans to-day, Col. W. W. Dudley said: "They are acting like a lot of blamed fools. The idea of their trying to do anything like that eighteen months before the convention. The thing is not important or significant. It is a move of some of Gresham's friends to bring him out as a candidate."

"Is the anti-Harrison sentiment in the state so strong that they can not wait until the proper time to express it?" "No; they are trying to force the sentiment. There is always opposition to Mr. Harrison in Indiana. Whether it is strong enough at this time to prevent his getting the delegation, no one can tell."

Cleveland, June 16.—One of the most significant facts in connection with the meeting of the state executive committee of the People's party at Columbus, was that the secretary was C. H. Cobb, a brother-in-law of ex-Governor Foraker, and formerly a very active and enthusiastic Republican.

It is believed his mission in the new party is to organize a farmers' movement against Sherman for senator and in Foraker's interest.

Washington, June 16.—In speaking of the third party movement Congressmen Wilson, of West Virginia, said that great parties are born not made, but that the third party was made, not born, at Cincinnati. He thinks a third party may be born later on.

"It is very strong in Kansas and Ohio. I do not think it will hurt us Democrats very much."

Washington, June 16.—Ex-Representative Stockholder, of Indiana, in speaking last night of the anti-Harrison movement in his state, said:

"There always has been considerable opposition to Mr. Harrison in Indiana, but the Harrison people have the machine, and you know how much that means in politics. Regardless of the popular sentiment, having the machine is apt to give Mr. Harrison control of the state."

"The opposition is getting into the field early, but about the same opposition existed before and he held his own. I know that in my district there is a strong anti-Harrison sentiment. Gresham had the people there with him before, and yet Harrison got the district. I do not think he can carry the state in '92."

More Scandal.

LONDON, June 16.—The Prince of Wales, who at first was disposed to treat the baccarat matter lightly, has now awakened to the seriousness of his position. The London correspondent of the Leeds Mercury says that he has good reasons to state that the Hon. Edward Stanhope, secretary of state for war, will apologize in the house of commons on behalf of the Prince of Wales for the share the latter took in conducting the conduct of Sir William Gordon Cumming at Tranby Croft in September last.

To-day it is stated that a divorce suit, instituted by Lord Brooke is imminent and that the Prince of Wales will be named as co-respondent. Whether it arises because of the recent scandal and her presence by special request of the prince at Tranby Croft can not now be stated. Society is all worked up over the matter, and it may be that revelations will be made rivaling the sensations of the Mordaunt suit.

One Dollar Short.

WASHINGTON, June 16.—The count of the cash in the vault of the treasury consequent on the recent change in the office of treasurer has so far resulted in the discovery of a discrepancy of one dollar. This is missing from a bag of silver in a vault containing nearly \$70,000,000. The bag broken open by its own weight and the decay of the canvas and its contents were scattered among the other bags in the vault. It contained 1,000 silver dollars, all but one of which were found and that will probably turn up before the examination of the vault is concluded. Otherwise ex-Treasurer Huston will have to make it good.

Against a Third Party.

CHICAGO, June 16.—A Topeka, Kansas, special says that the returns received by the Alliance executive committee from the sub-Alliance, which were asked to pass judgment on the work done by the Cincinnati convention, are far from being encouraging to the People's party politicians. It is known that twenty-five sub-alliances have depreciated the third party movement; fifteen of these have reported to the state Alliance and ten to the Republican state central committee.

Kansas Crops.
TOPEKA, June 16.—The agricultural department has received reports from ninety of the 106 counties of Kansas, within the past three days, showing the wheat crops to be the most promising in the history of the state. The wheat area of Kansas is placed at 2,900,000 acres and a crop of 58,000,000 bushels is estimated. In the extreme southern part of the state, harvesting has begun and several fields average twenty-seven bushels per acre.

Big Boost for Copper.

CHICAGO, June 16.—A special dispatch from Butte City, Mont., says that August Belmont, as agent for the Rothschilds, has been instructed to close a deal by which the latter will, in September next, take possession of the great Anaconda copper mines. The price to be paid is stated at \$20,000,000 to \$25,000,000. The purchase by the Rothschilds is said to be for a foreign syndicate.

Parnell O'Shea.

LONDON, June 16.—It is rumored to-day that Parnell's marriage with Mrs. O'Shea will take place this week. Parnell has subsided somewhat of late, the reason being that he is spending nearly all his spare time in the company of Mrs. O'Shea. That lady is said to look remarkably well by those who have seen her lately and as being elated over the prospects of her marriage to Parnell.

Important If True.

SAN FRANCISCO, June 16.—It is stated here that the Denver and Rio Grande Western road has two surveying parties in the field, one in the San Joaquin Valley, Cal., and the other starting from Marysville, Utah, for the purpose of surveying a route for a road to this city. The Santa Fe road is also reported to be interested in the scheme.

The Jews Limited.

ST. PETERSBURG, June 16.—The government intends to limit the number of Jewish physicians, bankers, lawyers and journalists in every town in Russia.

NEW MEXICO MINES.

W. J. Joblin is working a large force of miners in the Organ district.

The Kingston Shaft says Dan McGowan has made a very rich strike in the Caledonia mine.

Prospects never looked brighter for the future mining interests of the Kingston district than at present.

A hundred stamp mill, to be put up by St. Louis parties, is talked of at Golden, on the great gold ore of McDonald, Canon and others.

The lead carbonate ore that made the Lincoln-Lucky famous, has been struck in the Catron group of claims at San Pedro at a depth of 250 feet.

The Viola, at Pyramid, has struck a large body of seventeen ounces ore on the 150-foot level. It was overlooked by the former management. It is a sulphuret and can be milled to a profit.—Enterprise.

Hermosa note: The St. Charles brothers are taking out 1,000 ounces ore from the Ben Cook lease on the Pelican group, and from \$200 to \$300 a day has been the output for two men for the last few days.

The new Lubing concentrating test machine put in at San Pedro has been started up and run in a small way, and St. Paul appears to think that it will successfully treat the ore. The machine will be fed automatically and run steadily during the present week.

The horny-handed prospectors at San Pedro are telling rather a good one on a so-called expert, who recently visited that camp to examine some machinery. "The fact is, boys," said this "miner," "the man who invented this machine is dead, and I myself don't quite understand it."

Las Cruces Republican: Judge W. T. Thornton, accompanied by Prof. A. E. Foote, the Philadelphia mineralogist and mine expert, arrived in the city this week. Prof. Foote, it is thought, will carefully examine into and report on the possibilities of the Organ mining district. Much good is likely to result therefrom as a favorable report on this district coming from such a recognized authority on mines and mining. Prof. Foote will carry with him much weight.

Mineral specimens in lots of 2,000 pounds or less for exhibition at Pueblo Mineral Palace from any station on the A. T. & S. F. in New Mexico will be transported free of charge. Now this is very generous, and it ought to be taken advantage of by New Mexico miners. The Mineral Palace exhibit open on July 4. Let our miners see to it that New Mexico is fully represented.

Last Saturday the Teel & Poe Mining company declared its first monthly dividend of 1½ per cent on its capital of \$150,000. The company perfected its organization only about the 1st of May, and the fact that it is already making a dividend is certainly remarkable. Those who are well posted as to Cook's Peak district, say that this company will probably declare regular dividends of 2 per cent a month at present rate of output, and that they can double it at any time.—Deming Headlight.

Pinos Altos, Pacific No. 1 is working forty men and taking out a lot of ore to the man per day. This mine never looked better than at this writing. Superintendent John Spiller says the Pacific mill is at present dropping fifteen stamps, but would he thought, in a short time, be running at its full capacity of thirty stamps. The mill is with fifteen stamps, putting through about thirty-five tons every twenty-four hours.

A rich strike has been made in the Bachelor mine at Stein's Pass. In the south shaft at the depth of sixty feet the apex of a rich body of ore was encountered. In sinking seven feet the ore widened from two to three feet and was still widening. The ore is very uniform and shows plenty of chlorides, bromides and

sulphides. Miners who are acquainted with ore estimate it will run from seventy to 100 ounces. A sample is now being assayed.—Silver City Enterprise.

Plans are being considered for putting up a plant to smelt ores at Alex. Rogers' camp in the Sandias. In the mines as far as developed, the ore shows so promising that eastern parties are confident that it is well worth while to interest themselves in putting in such a plant. There are good leads of ore at 100 feet assaying 8½ in gold, 16 per cent copper and fourteen ounces of silver. Near by are heavy bodies of lead and iron for fluxing. This section bids fair to develop into a fine industrial camp this fall.—Rustler.

Says the Denver Mining Industry and Tradesman: White Oaks, N. M., which has been pretty well noted for some years for its rich gold bearing ore, is rapidly coming to the front as a producer. It has passed through its fever age of prospectors' boom, and reached the period when working instead of scheming is relied upon to furnish a living. When this period in the life of a mining town arrives, it has just reached bed-rock and begins to construct a future on a solid foundation.

As matters now look, Cerrillos' coal fields will be greatly improved at an early day. The A. T. & S. F. coal branch is likely to be built before September 1, and, in the meantime, it is probable that a strong company will be formed to operate the coal fields on a larger scale. This is no doubt what the Rustler means when it says: "Again we say to our readers, there is something big with promises for Cerrillos, and soon the lightning will strike. In sixty days from now Cerrillos and southern Santa Fe country will be attracting attention as never before."

Says the Silver City Enterprise: A beautiful sample of chloride and bromide of silver ore is on exhibition at the First National bank. The ore was taken from a depth of forty-six feet on the Rescue mine between Pinos Altos and Central. The ore is increasing in size and value with every foot sunk on the mine at 22 feet the first class ore assayed 130 ounces at 30 feet, 186 ounces; at 40 feet, 977 ounces; at 46 feet it runs 1,382 ounces per ton in silver. The property is owned by Judge J. Crockett Givens, of Central, and promises to make him a bonanza prince.

TERRITORIAL TIPS.

Of the Wolfe Hall academy exercises at Denver the Denver News says that Miss Del. Grier, of Raton, presented the instrumental musical feature of the evening.

His honor, Judge John R. McFie, and his efficient and courteous clerk, A. L. Christy, continue to find the golden opinion of the people of Sierra county having business in the district court.—Advocate.

Home raised fruit will soon take the place of the foreign product in our stores. During the past week cherries raised by James Corbin, have been sold at the postoffice fruit store. They are far superior to any that have been shipped to the town.—Silver City Enterprise.

While on a visit to Kansas, Col. J. W. Dwyer found the right man, who will put a seventy-five-barrel mill at Maxwell City in time for next year's business. The Maxwell Grant company guarantees 3,000 acres of wheat next season as one of the requirements for the project.

Brooks, the colored soldier of Fort Bayard, who killed his mistress and the town constable at Central about nine months ago and has been lying in the Grant county jail awaiting trial ever since, thinks he should draw his pay as a soldier right along. The government thinking different, it is reported that Brooks has sued the government.

TUESDAY, JUNE 16.

ANNIVERSARIES.

June 16th.
BORN: Winthrop, 1682.
Edward I of England, 1230.
Sir John Cheke, 1514.
DIED: John Churchill, Duke of Marlborough, 1722.
Joseph Butler, 1752.

Great Eclipse, 1806.
Panic in Victoria Hall, Sunderland, England, 187 children killed, 1883.

More railroads and more school houses must be had in New Mexico and that speedily.

The plumed knight may be the next Republican candidate for the presidency; who knows?

JERRY SIMPSON, the sockless reformer, wants to break up the old parties; he will find that he has bitten off more than he can chew.

The mail service between this part of New Mexico and the county of San Juan is simply wretched and deserves the full consideration of the postoffice department; it ought to be bettered and that a good deal.

The territorial board of education is working hard to bring order out of chaos and to establish the school system of the territory upon a firm and advanced basis. The people should acknowledge this fact and bear it in mind.

The White Cap element in San Miguel county is loosing ground; this is one of the encouraging signs of the times; with a better and firmer judge upon the bench in that district the White Caps would soon be made to hunt their holes.

During the first three months of the present year 41,692 Germans left the fatherland and emigrated to the United States. The natural inference is that the fatherland is a pretty good kind of a land to leave, and the United States a pretty good kind of a country to come to.

The Church Times wants the Prince of Wales to take a dose of the same medicine that his highness administered to Lord Gordon-Cunningham. It calls loudly upon Wales to appear before Lord Salisbury and the archbishop of Canterbury and solemnly renounce card playing. What a spectacle for royalty this would be!

After all, Mr. Blaine may be in it, so far as the presidency is concerned. That was a significant conference of staunch Republicans at Indianapolis the other day. James McNeill, of Chicago; Col. A. J. Conger, of Ohio; Congressman Burrows, of Michigan; James Bradley, of Kentucky; Charles W. Fairbanks and Judge Fields, of Indiana, are men who know what they are about.

With its splendid showing of earnings and its peculiarly fortunate position as constituting the western outlet for both the Colorado Midland and the D. & R. G. systems, it is not surprising to learn that the Rio Grande Western road—the Dodge-Palmer line—is deliberately laying its plans for a Pacific coast extension. This will be the next trans-continental line to reach San Francisco.

CHICKENS COMING HOME TO ROOST.

The appropriations for witness fees and mileage in several counties of the territory are already exhausted or nearly so. The Boodle-White-Cap-Democratic house of the 20th legislative assembly would not make the necessary appropriations for the proper maintenance of the territorial government for no other purpose than to cripple the courts and the territorial government and these chickens are now coming home to roost.

TIMES ARE CHANGING.

The tax payers of this county will attend to this thing of paying the indebtedness of this county; and as our esteemed contemporaries in Las Vegas and other places are not called upon to pay taxes in this county, it might be remarked right here in a very amiable and sincere manner, that the matter of refunding any fraudulent bonds will be attended to right here and that the day of buying up county officials to refund any such has gone by in this county. Good evening till tomorrow.

EXTORTIONATE EXPRESS RATES.

The Wells-Fargo Express company charged recently for transporting a rusty old carbine, belonging to the territory from Engle to Santa Fe the sum of \$2.50; this in violation of the law defining express companies and fixing their rates. The district attorneys of the counties of Santa Fe and of Socorro ought to take this matter in hand, investigate it, and if the law has been violated, as it seems it has, prompt, legal measures should be taken to teach this monopoly a much needed lesson. If the legislation had in the matter of express companies is no good and not legal, let us have a decision in the matter one way or another. If it is lawful and legal, make this giant monopoly respect the law.

TOO MUCH CRIME.

Life and property are not as safe in New Mexico as they should be. We sincerely regret to be compelled to make this admission, but it is high time that the press should speak on this subject that the attention of the public may be aroused thereon. The men who, as a rule, have comprised the juries of late have much to answer for. We must all strive to right the wrongs already done and see to it that things take a different course in future New Mexico's prosperity; her good name, her every best interest is at stake in the matter. Unpunished crime and commercial and industrial prosperity can not flourish in the same soil. Let the law-abiding element awaken and demand of the juries that they do their duty. The laws must be enforced and criminals punished.

AN EXPERIMENT IN LABOR.

Gradually the eight-hour agitation appears to be making headway. The latest victory for labor in this line is by the home-smiths and builders of New York city who have closed their strike on a compromise agreement to work nine hours daily till January 1, when the eight-hour plan will rule. Were it possible to satisfy the average employer that working eight hours and having from two to four hours of daylight for their own would benefit the laboring man, doubtless this movement would find a great deal more favor than it now does; but employers of experience seem to fear that this idle time will be used both to the detriment of labor and capital. There never was a truer saying than that the devil finds mischief for idle hands. There is a large and intelligent class of American workmen that would unquestionably take advantage of this spare time to seek improvement of themselves, but on the other hand there is a class, quite as large, if indeed, they do not constitute the majority that would have just that much more time for the agitation of socialistic questions, carousing and spending their hard-earned substance in questionable conduct to the great detriment of themselves, their families and their employers. Thus it is that success of the eight-hour movement is fraught with evil that quite counter-balance its possible good results. At most, it is an experiment that will be watched with great interest.

A Most Contemptible Case of Spite Work. Judge Freeman quashed the indictments found by the late grand jury against District Attorney Williams, on the ground that there was no law to base them. The last issue of the Sentinel contains a very sensible and timely article on the exemption of criminals from punishment for foul crimes.

Of the numerous cold blooded and brutal murders which have been committed in this territory, during the past decade, how many executions have taken place to avenge outraged law? How many assassins have paid the extreme penalty in Grant county? The number of victims of "man's inhumanity to man" if counted would run up into the dozens.

Vincent, of 6 Terrace Court, S. F. writes: "I am 60 years of age and have been troubled with constipation for 25 years. I was recently induced to try Joy's Vegetable Sarsaparilla. I recognized 'it' at once as an herb that the Mexicans used to give us in the early 50's for bowel troubles. (I came to California in 1839) and I knew it would help me and it has. For the first time in years I can sleep well and my system is regular and in splendid condition. The old Mexican herbs in this remedy are a certain cure in constipation and bowel troubles." Ask for

2. The local express, "Nelly Fly Flyer," carrying fine parlor cars between Canon City and Denver, has been changed to run between La Junta and Denver, via Pueblo and Colorado Springs. 3. Pullman Palace sleepers have been placed on No. 5 and 6, specially designated for accommodation of tourist between Chicago, Kansas City and Colorado Springs. READABLE PARAGRAPHS.

A Woeful Progress.
I asked the maid, with heart aglow,
Will you be mine? She answered, No.
Next week I asked again, and she
Said with a sigh, it can not be.
A fortnight after that I said,
Remains, she smiled and shook her head.
Next time I asked, instead of no,
She said, Oh, please don't plague me so.
Last night, I asked again and she
Said, Yes, just to get rid of me.

They heard the Seasoning
And the heathen cooked the missionary
In his clothes?
They did.
They were hungry, I suppose, and
couldn't take time to undress him.
No, I guess it was for the seasoning.
You see he had on a pepper and salt suit.

The New Discovery
You have heard your friends and neighbors
talking about it. You may yourself be one
of the many who know from personal
experience just how good a thing it is. It
is the new discovery, the new cure for
stomach troubles, the new cure for
indigestion, the new cure for
heartburn, the new cure for
flatulence, the new cure for
constipation, the new cure for
diarrhea, the new cure for
all stomach troubles.

A Spring Reflection.
This world's so very, very old—
Six thousand years or so—
That you would think that one so old
Most every thing would know.
But notwithstanding it's so old,
It's plainly to be seen—
And growing plainer every day—
The world is very green.

Both Out.
Go down to the country sanctum
While the fishing is good for trout,
And you'll find that the jolly editor,
Like the seat of his pants, is out.

Advice to Mothers.
Mrs. Winslow's Soothing Syrup should
always be used when children are cutting
teeth. It relieves the little sufferer at
once; it produces natural, quiet sleep by
relieving the child from pain, and the
little cherub awakes "bright as a button."
It is very pleasant to the taste. It soothes
the child, softens the gums, allays all pain,
relieves wind, regulates the bowels, and
is the best known remedy for diarrhea,
whether arising from teething or other
causes. Twenty-five cents a bottle.

Why He Stopped.
"I once thought of being a musician,"
he remarked in the course of conversation,
"but I gave it up. I couldn't overcome
the habit of stopping at the end of each
measure." "Oh, I see," she replied
sweetly; "there is always a bar there."

Knocked Him Out.
"Did you," he asked, in an intensely
sensational tone, "never sigh for death?"
"Whose?" she inquired, with an interest
and promptness that brought him back
to earth so fast that he fairly lost his
breath.

A Long Line.
It is 2,714 miles from City of Mexico to
St. Louis. We have just placed some
superb Pullman palace sleepers on
through line between those two cities,
via El Paso and Burro, which makes
the entire distance without change.
Los Angeles to St. Louis is 2,121 miles.
Pullman tourist sleepers now run between
those points, via Albuquerque and Burro,
without change.
The Frisco line, in connection with
Santa Fe route, is a favorite one to St.
Louis and beyond.
G. T. Nicholson, G. P. & T. A., A. T.
& S. F. R. Co., Topeka, Kas.

Married the Groom.
Mamie kept her word, after all.
How is that?
Why, she has always said she wouldn't
marry the best man living.
But she was married to-day.
Yes but she did not marry the best man.

Afraid to Go to Church.
Why doesn't your husband go to church?
Well, you see, he is not very strongly
grounded in religion.
All the greater need for his going to
church.
He says no; he thinks he might hear
a heretical sermon, and that would upset
him altogether.

Hon. W. V. Lucas, ex-state auditor of
Iowa, says: "I have used Chamberlain's
Colic, Cholera and Diarrhoea Remedy in
my family and have no hesitation in saying it is an excellent
remedy. I believe all that is claimed for
it. Persons afflicted by a cough or cold
will find it a friend. There is no danger
from whooping cough when this remedy
is freely given. Fifty-cent bottles for
sale by C. M. Creamer.

The Cause of Her Failure.
And you were beaten at tennis, Mary?
Yes, mother.
Well, I hope it'll be a warning to you
not to go and try and play tennis again
without your nice tennis suit on. Hum!
What do you think I bought it for you
for.

Overheard in Rome.
The Forum—Hullo, Coly! I hear you
are going to the Chicago fair.
The Coliseum—I've been asked, and if
I can get St. Peter's to go along too I may
do it.

The Fall of Man.
Miss Parsons—"And so Adam was
very happy. Now, Willie, can you tell
me what great misfortune befell him?"
Willie—"Please, Miss Parsons, he got
a wife."

The following item, clipped from the
Ft. Madison, (Iowa), Democrat, contains
information well worth remembering.
"Mr. John Roth, of this city, who met
with an accident a few days ago sprain-
ing and twisting his leg and arm quite
severely, was cured by one 50-cent bottle
of Chamberlain's Pain Balm." This
remedy is without an equal for sprains
and bruises and should have a place in
every household. For sale by C. M.
Creamer.

A Good Selection.
President of the Walton Club—We ought
to adopt a flower for our fishing club. Will
some member please suggest one?
Elder Toots—My choice would be the
modest dandy lily.

The World Still Goes On.
"Everybody's out of the city," they say;
Which means "the Four Hundred"
have gone,
But really "the people" don't know they're
away,
And the world all unheeding goes on.

Escape of Prisoners.
The report that prisoners have been and are
constantly escaping from that malignant gaoler
liver complaint, is fully corroborated by the
self-liberated captives. Hostetter's Stomach
Bitters are, they say, the means by which they get
rid of their letters. Few altogether avoid the
bondage of this ailment, and few are unacquainted
with its signs, viz: pain through the right side
and a colder black, furred tongue, yellowness
of the eyes and skin, sour breath, sick headache,
dyspepsia and constipation. Hostetter's Stomach
Bitters promptly relieved these, bringing them
to a full stop in short order. Whether the
trouble is chronic or temporary, this medicine is
equally effective in curing it. It is a sovereign remedy
for rheumatism, kidney complaint, malaria,
heartburn and nervousness.

A Transfer.
I saw her at the hop last night.
She was a symphony in white,
The fairest maiden in the room,
Her soft cheeks touched with beauty's
bloom.
This morn my coat lies on a chair;
When I undressed I threw it there.
That touch of bloom, I grieve to tell,
Has been transferred to its lapel.

It is quite probable that you may need the
services of a physician someday; but you
can postpone the time indefinitely by
keeping your blood pure and your system
invigorated through the use of Ayer's
Sarsaparilla. Preventions are better
than cures.

Dr. Acker's English Pill.
Are active, effective and pure. For sick
headache, disordered stomach, loss of ap-
petite, bad complexion and biliousness,
they have never been equaled, either in
America or abroad.

He Can't Join the Dudes.
They say he can't join the American dudes,
For against all his kind they are railers,
His clothes being made of American
goods,
And made by American tailors.

A Lucky Lawyer.
An Austin lawyer caught a tramp in
his office stealing some law books, which
the latter intended to pawn. Seizing the
intruder by the collar, the lawyer exclaimed:
"You scoundrel, I'll have you tried
and sent to the penitentiary." "Let go
my neck, colonel! If you are going to
have me tried, I reckon I'd better engage
you as my lawyer, as you have the luck
to be on hand," replied the tramp.

The Senator's Courtesy.
Wyer Fuller—Yes, sir, the senator not
only received me with great courtesy, but
when I was leaving accompanied me to the
door.
Stray Tuppence—It is pretty hard to
believe about the courtesy, but I can un-
derstand his accompanying you to the
door. He wanted to keep his eye on the
hatrack and umbrella stand.

Just as sure as hot weather comes
there will be more or less bowel com-
plaint in this vicinity. Every person,
and especially families, ought to have
some reliable medicine on hand for in-
stant use in case it is needed. A 25-cent
or 50-cent bottle of Chamberlain's Colic,
Cholera and Diarrhoea Remedy is just
what you ought to have and all that you
would need, even for the most severe
and dangerous cases. It is the best,
the most reliable and most successful treat-
ment known and is pleasant to take. For
sale by C. M. Creamer.

A Frank Admission.
"Do you play much on the piano," he
asked after she had finished a selection.
"I use the instrument a good deal for
killing time," she said.
"Yes, I should suppose you used it for
that."

Bucklen's Arnica Salve.

Where People Sprang From.
"Do you believe man sprang from the
ape?"
"No; but I believe women sprang from
the mouse."

The First Step.
Perhaps you are run down, can't sleep,
can't think, can't do anything to your
satisfaction, and you wonder what ails you.
You should heed the warning, you are

TAXATION IN NEW MEXICO.

Timely Information Concerning the Tax Levy at Present to Boards of County Commissioners.

Hon. Demetrio Perez, territorial auditor, has issued a second letter respecting the collection of taxes for the present year, (the moneys to be available for expenses of the 43d fiscal year, beginning March 4 next), which is of very general interest to county officials.

As the law directs, the auditor in April issued a general circular letter setting forth that the total tax levy for territorial purposes is 9.15—6.50 mills for general territorial purposes to be apportioned by the auditor among the several funds and 3.65 mills for special territorial purposes. This letter reads as follows.

TERRITORY OF NEW MEXICO, Office of Auditor, Santa Fe, N. M., April 24, 1891.

Gentlemen: I have the honor of informing your honorable board, that, in compliance with the duty imposed upon me by law, I have fixed the rates of taxation given below for territorial purposes on all property assessed subject to tax in the territory, for the 43d fiscal year. The enforcement of my action must be made by the issue of the order of your honorable board commanding the assessor to make the distribution of said territorial taxes upon his tax roll based in the rates herein fixed; and the collector to proceed to make the collection of said taxes as appearing upon said tax rolls, to-wit:

For territorial purposes as fixed by the act of the 26th legislative assembly, approved February 26, 1891, 6.50—1 mill on the dollar. For penitentiary interest and sinking fund, 200,000 of 1 mill on the dollar. For capitol interest fund, 42,000 of 1 mill on the dollar. For current expense interest fund, 27,000 of 1 mill on the dollar. For capitol contingent fund, 10,000 of 1 mill on the dollar. For territorial institutions fund, 1 mill on the dollar. For provisional indebtedness fund, 36,100 of 1 mill on the dollar. For school fund, 2 mills on the dollar. Very respectfully, DEMETRIO PEREZ, Territorial Auditor.

In response to the above the auditor is in receipt of a letter from the clerk of the Bernalillo county board stating that that board had construed the communication of the auditor to mean that "the total tax levy for territorial purposes is 6.50 mills." The construction is incorrect, as the auditor plainly sets forth the fact that the entire levy is 9.15 mills, and accordingly he has written a second letter touching the subject which reads thus:

TERRITORY OF NEW MEXICO, Office of Auditor, Santa Fe, N. M., June 13, 1891.

Gentlemen: In order that there be no misunderstanding about the rate of taxation for various territorial uses for the 43d fiscal year, which were communicated to you in my circular of April 24 ultimo, I again inform you that the following rates have been fixed by me, as required by law, which, by your order must be distributed upon the tax rolls of your county by the assessor, to-wit:

For territorial current expenses (as in the law "territorial purposes") 6.50—1 mill on the dollar. For penitentiary interest and sinking fund, 200,000 of 1 mill on the dollar. For capitol interest fund, 42,000 of 1 mill on the dollar. For current expense interest fund, 27,000 of 1 mill on the dollar. For capitol contingent fund, 10,000 of 1 mill on the dollar. For territorial institutions fund, 1 mill on the dollar. For provisional indebtedness fund, 36,100 of 1 mill on the dollar. For school fund, 2 mills on the dollar. Very respectfully, DEMETRIO PEREZ, Territorial Auditor.

From the above it will be seen that the auditor has spared no pains to make this important matter clearly comprehensible. Let it be understood that the total territorial tax levy is 9.15 mills; that in addition thereto comes the public school tax of 2 mills, and on the top of that the general and special levy for county, and, in several instances, municipal purposes.

Word comes up from Cerrillos that R. Y. Anderson and other Denver parties have secured control of the Lincoln-Lucky mine and will steadily employ a large number of men, half the profits of the ore sales to be turned over to the original owners.

The New Mexican is in receipt of a copy of the elaborate program to be presented at the annual commencement exercises of St. Vincent's academy, Albuquerque, on Thursday evening next. The graduates this year are Misses G. Hawks, K. Quinn, C. Brown, F. Lockhart, D. Lusted and M. Simpson.

Thos. P. Gable is personally acquainted with Judge Henry C. Sluss, one of the newly appointed justices of the court of private land claims, and says he is a first-class man in every respect. Judge Sluss served as senator from Sedgewick county in the Kansas legislature of '78-'79 at the time Mr. Gable represented Leavenworth county in the lower house of that body.

A. T. Grigg, the popular furniture man, has bought out the interest of his associates in business, and yesterday closed a four years lease with J. B. Lamy for the Hotel Capital corner which will be fitted up as a mammoth wholesale and retail furniture and queensware establishment and occupied in the course of the next few weeks. The undertaking business will also be removed to the new stand, Mr. Gable remaining in charge as manager.

Stand Your Ground.

When you make up your mind to take Hood's Sarsaparilla, do not be induced to buy some other preparation instead. Clerks may claim that "ours is as good as Hood's" and all that, but the peculiar merit of Hood's Sarsaparilla cannot be equaled. Therefore have nothing to do with substitutes and insist upon having Hood's Sarsaparilla, the best blood purifier and building-up medicine.

It is conjectured that a specific may yet be found for every ill that flesh is heir to. However this may be, certainly the best specific yet found for diseases of the blood is Ayer's Sarsaparilla, and most diseases originate from impure blood.

THE PUBLIC SCHOOL LAW.

County Treasurers and Old and New Directors—Construction of the Act by the Solicitor General.

In response to an official inquiry the solicitor general has rendered the following opinion:

TERRITORY OF NEW MEXICO, Office of Solicitor General, Santa Fe, N. M., June 15, 1891.

Hon. Amado Chavez, Superintendent of Public Instruction, Santa Fe.

Dear Sir: Your favor of this date, asking my official opinion as to whether county treasurers could be paid any additional compensation for handling the school funds, has had my attention, and in reply, I would say, that there is no provision of the law authorizing such additional pay; their duties are not changed nor enlarged, although the amount of money to be received will probably be increased, but the labor involved is not greater than it was under the old law, so there would seem to be no reason for additional compensation.

In regard to your second inquiry as to the course to pursue where school districts failed to elect directors at the recent election, and asking whether the present incumbents should hold over, or the county superintendent should appoint, I would say, that the laws of 1889, chapter 113, provide that school directors' terms of office should expire on the 1st day of February, 1890, without any limitation; section 1, of that act, provides that they should thereafter be elected on the second Monday in January in each year, should enter upon their duties on the first Monday in February following, and hold the same for one year from that date. By chapter 17, of the laws of '91, this first chapter referred to of the laws of 1889, is repealed, and it is provided that school directors should be elected on the second Monday in January of every other year, and should hold their office for two years unless sooner removed for cause, and it was further provided that the school directors elected to their offices on the second Monday in January, 1891, should

hold the same until the first day of February, 1893. Chapter 23 of the laws of '91, section 19, provides for an election of school directors on the first Monday in June, 1891, whose term of office should be for one year, and until their successors be elected and qualified. Section 20, of that act, provides that the county superintendent shall fill any vacancy in the board, occurring from any cause, from all of which, it seems to me that where there was a failure to elect school directors on the first Monday in June, the old directors would hold over until the next election in '92, but in order to avoid any question which might arise as to the legality of the acts of such board, it would be better for the county superintendents to appoint the old members, as in case of a vacancy. Very truly yours, EDWARD L. BARTLETT, Solicitor General of New Mexico.

Opening of the Sixth Annual Convention of the New Mexico W. C. T. U. at the Presbyterian Church.

The sixth annual convention of the New Mexico Woman's Christian Temperance Union opened a three day's session at the Presbyterian church this morning. A number of ladies from Las Vegas, Albuquerque, Silver City, Socorro and other points prominently identified with this organization have arrived to take part in the proceedings and others will arrive to-night. Mrs. Mary J. Borden, of Las Vegas, president of the union, was among those who came in last night. The program is very complete and of general interest. During the forenoon and afternoon sessions chiefly routine business will occupy attention, but the evening sessions will be specially interesting to the public. The program for this evening is as follows:

MUSIC.

Address of Welcome, in behalf of New Mexico, GOVERNOR L. BRADFORD PRINCE.

Address of Welcome, in behalf local W. C. T. U., MRS. E. P. SEEDS.

Response, MRS. JONES.

MUSIC.

President's Address, MRS. M. J. BORDEN.

Happy After-thoughts, MRS. ADA M. JARRETT.

Benediction.

On to-morrow evening, aside from the devotional exercises, Mrs. Gaines, wife of Prof. Gaines of the University, will deliver an address on a subject which, because of her recent extensive travels she must be fully competent to speak—"The position of woman and the cause of temperance in Japan." Mrs. Collings, of Albuquerque, vice president of the union, will speak on "The future work of temperance workers," and Mrs. Adela Morley-Jarvis, of Socorro, will deliver an address on "A whole humanity." The ladies authorize the New Mexican to extend a cordial invitation to the public to attend the sessions of the union.

Base Ball Excursion.

"The Albuquerquees go to Las Vegas on the night of the 3d of July—playing two games on the 4th and 5th. It is understood that the Las Vegas club has a game with Santa Fe on the 4th, but it has not been decided whether they play in the morning or in the afternoon." So sayeth the Albuquerque Citizen. Must be some mistake about this, as the Las Vegas team has accepted a challenge from the Santa Fe team to play them there on the 4th and 5th of July, and the boys are now making extensive arrangements to be on hand and wipe the earth with them. An excursion rate of \$3.35 for the round trip has been secured and quite a number of citizens will accompany the team to Las Vegas.

City Crumbs.

E. N. Reaser would make a first-class alderman. On the vote for incorporation in the town of Santa Fe only 100 men could be found who were non-progressive enough to vote against it. Surely the spirit of progress has permeated New Mexico to its very fiber.—Roswell Record.

W. F. Dobbin, the well known contractor and builder, writes the New Mexican from Fort Apache, A. T., thus: "The right man in the right place would be Gerard D. Koch for first mayor of Santa Fe."

On the 2d of June an election was held at Santa Fe on the question of incorporation, which was carried by a vote of eight to one on a total vote of nearly 1,000. The evidence of the case seems to be awakened and getting into the line of progress.—San Juan Index.

IN THE DISTRICT COURT.

The Jury Disagrees in County Election Cases—A Taos County Murder Case on Trial.

In the district court this forenoon the jury in the election case of the U. S. vs J. H. Sloan and Teodoro Martinez, ex-county commissioners, failed to agree, and was discharged. This leaves the case standing on the docket to come up at a future time.

The case of Salazar vs Montano, ejectment, involving Rio Arriba county lands, was dropped, the land in Montano's U. S. patent not being within the Chama grant as was at first supposed.

To-day J. M. Ribera and his brother, Felix, of Taos, charged with the murder of their uncle, Cosme Trujillo, on the streets of Taos, February 8, 1889, are on trial. The evidence is largely circumstantial. The Riberas were last seen late at night going home with Trujillo. They claim that the trio were fired upon by unknown parties behind them, but the prosecution presents the dead man's clothes to prove that the two shots, one in the groin and the other in the shoulder, were fired from the front or side and ranged downward. Messrs. Catron and Knaebel are defending and Messrs. E. L. Bartlett and R. E. Twitchell appear for the territory, N. B. Laughlin assisting. Witnesses from Taos to the number of eighteen are present.
