-BRIEF WIRINGS-

Failed to Pass.
LANSING, Mich., June 18.—The bill re-
ducing telegraph tolls to the 20 cents for
ten-word messages has been defeated in
the house.
For the Congo.
LONDON, June 18.—Fifty Jews sailed
from Antwerp, yesterday, for the Congo
free state. This is the first batch of Jews
to go to this region.

Hadn't Heard of It.
BALTIMORE, Md., June 18.—The officers
of the Baltimore Copper company say
they have heard nothing of the reported
sale of the Anacostia mines for \$20,000,
and speak of the story as wheat three
times thrashed.

World's Fair Mining Show.
CHICAGO, June 18.—The national board
of control of the World's Columbian ex-
position has confirmed Director General Da-
vis' appointment of F. J. V. Skiff of Den-
ver, Colo., as chief of mines and mining
bureau.

A Train Wrecked by Hot Weather.
MILWAUKEE, Wis., June 18.—A special
to the Evening Wisconsin from Chilton,
Wis., says: Passenger train No. 3 on the
Milwaukee & Northern road left the track
about six miles south of this city about 9
o'clock yesterday morning. The wreck
was caused by heat expanding the rails
and throwing the track out of gauge.

Religious Persecutions.
BERLIN, June 18.—Dispatches from
Odessa say that many Baptists and Stan-
dards have been banished from the Caucasus
and deprived of their children. The latter
are to be educated in the orthodox
faith. It is reported that similar ac-
tions have been committed in other parts of
the country.
The German professors Virchow and
Mommson accuse German anti-Semitism
of being the origin of the Russian per-
secution against the Jews.

Not Stand Law.
TOPEKA, Kas., June 18.—If the investi-
gations of the attorney-general are not
stopped there will be nothing left except
Peffer and a big expense to the state to
show that Kansas had a session of the
legislature in 1891. It is now announced
that the law creating the board of public
works is unconstitutional. The matter
will be taken to the supreme court, and if
the attorney-general's opinion is sustained
the state will have no one in charge of its
public improvements.

Towns Being Abandoned.
FORT DODGE, Iowa, June 18.—The
fuel question in northern Iowa is be-
coming a grave one. In addition to the
big strikes which have already
made a coal famine imminent, it is now
stated that the extensive coal fields in
this section are rapidly playing out. It
is being realized that the coal veins here
were not based upon a genuine coal field,
but were collections of rock.

Hised 's Ignorance.
LONDON, June 18.—The popular crusade
against the Prince of Wales shows no
signs of abating in strength or bitterness.
After the lecture delivered last night at
Carnarvon, Wales, by Henry M. Stanley,
the band played "God Bless the Prince
of Wales." The Welshman, however, no
sooner heard the first strains of the fami-
liar air than they raised a storm of hisses
which almost drowned the noise from the
band.
At seven religious meetings held in
various parts of the country yesterday the
Prince of Wales was roundly denounced
for the share he took in the baccarat scandal.

**In the Methodist conference now being
held at Leeds the visit to Tranby Croft
was classed as a "gambling orgie."**

Cheers for McKinley.
COLUMBUS, Ohio, June 18.—When Gov-
ernor Foraker, in a stirring speech before
the state Republican convention yester-
day placed in nomination the name of
Major McKinley for governor, with one
wild, bilious cheer of affirmation, the
convention declared Major McKinley
nominated by acclamation and a com-
mittee was appointed to apprise him of
his nomination and escort him to the
ball.
His appearance was the signal for an-
other outburst of enthusiasm.
The chairman then introduced Major
McKinley, who made a speech accepting
the nomination.
The remainder of the state ticket is as
follows:
For lieutenant-governor, Andrew L.
Harris, of Preble county, was nominated
on the first ballot.
For auditor of state, E. W. Poe, of the
present auditor, was re-nominated on the
first ballot.
For state treasurer, W. T. Cope, of
Cleveland, was nominated on the first
ballot.
For attorney-general, J. K. Richards,
of Lawrence county, was nominated on
the first ballot.
For supreme judge, Marshall J. Wil-
iams, of Fayette county, was nominated
by acclamation.

Down to Death.
BOONE, Iowa, June 18.—The Chicago,
Milwaukee & St. Paul express train, going
east, plunged into Coon river, during the
storm night before last, the bridge hav-
ing washed away. The disaster occurred
about 11 o'clock. The train was behind
time and was running fast to make up
for lost time. The following is a list of
the victims:
Henry Gordon, Perry, Iowa, killed out-
right; John McCarthy, Dunkirk, N. Y.,
internally injured, and will die; R. W.

San Juan note: Jos. Starriett sold a
portion of his homestead, the first of the
week, to Dr. Frank E. Prewitt, of Farm-
ington, the purchase of which gives Dr.
Prewitt a body of 270 acres under the
south side canal. The owners of the
ditch expect to have water through to the
end of the ditch within the next thirty
days.
Mesilla valley flood echo in the Repub-
lican: The lands that were recently over-
flowed are again dry, and everyone is
busy putting in late crops. Several fam-
ilies were compelled to move to a higher
ground when the flood was at its highest.
One informed us that his chickens had
got so accustomed to moving that when-
ever a wagon came in sight they would
run down to the house, lay down and
cross their legs ready to be tied.

BORN: June 18th, Francis S. Osgood, 1811. Gounod, 1818.

DIED: William Cobbet, 1835. Gen. Sir Thomas Picton killed, 1815. William Combs (novelist), 1823.

War of 1812 begun. Battle of Waterloo, 1815. Philadelphia evacuated by the British, 1778.

Ten next governor of Ohio is named William McKinley; such is fate, and a happy fate it is for Ohio.

It feels good in the air to have once more a set of honest and public spirited county commissioners for Santa Fe county.

Every official in this county must do as the law prescribes and as his oath of office requires him to do; put a pin right here.

In the light of the latest news from Hayti it would be well to call that republic in place of the black republic the bloody republic.

Our sister republic to the south is changing rapidly, and that for the better; bull fights, cock fights and dog fights have been prohibited by federal statute and lotteries are to be curtailed in their operations; verily this is the latter portion of the 19th century indeed.

The latest and most reliable territorial, political and mining news of interest to the people of New Mexico are to be found in the New Mexican daily; hence subscribe for the New Mexican and read it carefully if you would keep posted.

The people of the 4th judicial district would shed no tears were his honor, Chief Justice O'Brien, to make up his mind to remain home in Minnesota where his actual residence is and where his family resides; there are some things people can easily do without, and Judge O'Brien's presence in that district seems to be one of them.

DENVER is making a wonderful showing in the line of improvements despite the common cry of dull times, and her real estate transfers continue to indicate splendid public confidence in her future. Realty sales last week reached \$1,056,167. This is an increase of over \$200,000 over the previous week's transfers and an increase of over \$100,000 over the transfers of the corresponding week in 1890.

It will be a very happy day and one fraught with great benefit to the people of this city and county, and in fact the territory, when the Texas, Santa Fe & Northern railroad will pass from the hands of present management, and into the hands of its some other corporation. Speed the day; the sooner it comes about the better all around.

THE NEW REGIME.

With the advent of the legal and honest county board of this county, consisting of Messrs. Mayo, Conklin and Garcia, the outrageous and unblushing corruption and dishonesty that have existed in county matters in this county have suddenly

come to a stop; honesty, economy, efficiency and fair dealing is the motto of the new county board and upon that line will they carry on the business of the county.

BUSINESS TO THE FRONT.

"All's well that ends well." Santa Fe county is to be congratulated. She has a good and worthy county board to look after her affairs now, and from their first day's record it is evident that they will do their duty well. Their task is rather a thankless one, to be sure, this bringing order out of such a mass of Democratic jobbery, corruption and chaos, but they will do it. Business to the front now.

WELLS-FARGO EXPRESS CHARGES.

The charges by the Wells-Fargo Express company from Santa Fe to Eddy amount to only 6 1/2 cents per pound; of all the robbing and overbearing monopolies in this country that express company is one of the worst. The district attorneys of this territory must see that the law concerning the regulation of express rates is construed properly and carried out in spirit and letter; if this is not done the people will demand the reason why it is not done; if this gigantic monopoly is to be allowed to do as it pleases and to rob the people daily, the light of publicity will be made to shine upon the matter very brightly and fully; a hint is as good as a kick.

ABOUT FUNDING COUNTY BONDS.

The law does not prescribe at what rate county bonds issued for any purpose shall be refunded; that is a matter to be left to the authorities who are required by law to do the refunding; the Texas, Santa Fe & Northern people may be very sure that the present honest county board will not refund anything in the shape of bonds bearing 6 1/2 per cent interest in gold payable in New York city semi-annually; drinks and booze will not go with this present board, on the contrary, justice, honesty, fairness and a due regard for the rights of the people will characterize its actions.

PRICES OF SCHOOL BOOKS.

Under the new school law and the actions of the territorial board of education the school children of New Mexico will, from the first of September next, be able to procure school books much cheaper than ever before; in some cases the reduction in the price of school books amounts to 60 per cent, and in no case is such reduction less than 40 per cent; this will prove a great saving; in cases where parents are too poor to purchase school books for their children, attending the public school, the county school authorities must supply them free of charge. All this is a great step in advance and will redound to the benefit of the school system of New Mexico. Slowly but surely is the territory advancing in every direction.

A CHANGE IN METHODS.

Nothing more fully illustrates the change that has come over the range stockman's methods of doing business than the fact that they are now given to watching the corn reports of the western states almost as closely as if they themselves were professional farmers instead of range beef raisers. This wasn't the case a few years ago, but the range men have learned that a big corn crop in Kansas and Nebraska, Iowa and Texas means a great deal for them in the way of preparing their stock for bringing the best market prices. This is all very well for the present, but in a few years we shall be able to note another marked change in their methods, this time nearer home. They can not always depend upon the corn belt for help in securing the top-notch prices; they must prepare now to become independent by plowing up part of their great ranges and seeding it down to alfalfa and other grasses suitable to this soil and climate. New Mexico's productive qualities are far too varied for her to rely on her neighbors for anything. Her people must themselves get a living out of the soil and keep their money at home.

EDITORIAL COMMENTS.

Stop It Now, Prevention is Better than Cure. An effort is being made to introduce the White Cap element into the politics of this county. Secret political societies are dangerous to state and church, and should not be encouraged.—Albuquerque Citizen.

Pay up, Messrs. Collectors or You Will be Sued.

There are several sheriffs in New Mexico who are heavily delinquent with the territorial treasurer. They should be forced to make settlement. It is a pleasure to record the fact that Sheriff Perez, of this county, is prompt in his settlements.—Albuquerque Citizen.

A Good Deal of Difference Whose Ox is Gored.

The Democrats and Mugwumps are arguing to prove that their plan of choosing presidential electors is all right in Republican Michigan, but they refrain from striking unanimity from advocating the same plan for any Democratic state.—Rochester Democrat and Chronicle.

Reminds One of Some Justices of the

Not the least of the inflictions that mob primaries in municipal politics have imposed upon the people of Kansas City is the deplorable state of affairs existing in some of the justice courts. The drunken sot, Ganshorn, with his constable service, is an outrage on decency and the personal rights of citizens brought before him, that has been the subject of almost daily comment, but there are other courts where justice and decency are at a discount.—Kansas City Journal.

Piling It on Pretty Steep.

The law of Mississippi requires three things of every voter. First, to register. Second, he must be a tax payer. Third, he must be able to construe the constitution of the state. This last clause is vague and uncertain, and under it one-half the voters in the state can be deprived of the right of suffrage. It is all right to make intelligence a necessity to vote, but when the demand is that a voter shall be able "to explain and interpret the meaning" of the average state constitution it is piling it on pretty steep.—Chicago Inter-Ocean.

Organize Republican Clubs.

In a ringing letter from Paris to a young Republican of Des Moines, General J. S. Clarkson, president of the Republican National League, urges the utilization of the social and literary ambition of every intelligent neighborhood by organizing Republican clubs of social and literary as well as political character. This is the work to which the National League executive committee at its last meeting decided to address its energies. The hunger of communities for social life has been one of the prime foundations of the Farmers' Alliance, and Mr. Clarkson has seen its operations in Iowa with clear vision, since he advocates meeting them with counter organizations of the same kind. In declaring that there should be at least 1,000 clubs organized in Iowa this year, he points out what should take place not only in Iowa, but, proportionately to the Republican vote, in every state in the union.—New York Press.
