## BRIEF WIRINGS.

**Score Another for McKinley.**  
INDIANAPOLIS, Ind., Sept. 11.—The American Tin Plate company, organized for the purpose of manufacturing tin plate and sheet iron, near Elwood, Ind., has been incorporated under the laws of Indiana, with a capital stock of \$300,000.

**Judge Cooley Resigns.**  
DETROIT, Mich., Sept. 11.—A special from Ann Arbor, Mich., says Judge Thomas M. Cooley, chairman of the interstate commerce commission, has handed in his resignation at Washington. When seen by a reporter to-day he stated that his reason is failing in health.

**Black Jack's Memory.**  
NEW YORK, Sept. 11.—The statue of Gen. John A. Logan, designed by St. Gaudens, will be expected to be ready for unveiling next April. The statue which is to be erected in one of the public parks of Chicago represents Gen. Logan, mounted on his famous steed, and as if rushing into battle. The Illinois legislature four years ago appropriated \$50,000 for this statue. The effort to increase this sum by popular subscription was a failure.

**Chicago Live Stock.**  
CHICAGO, Sept. 11.—The Evening Journal reports: Cattle receipts 14,500, of which 3,000 were Texans and 4,000 westerns. General trade active at steady prices for the ordinary run of stock and strong for desirable grades. Texans firm. Westerns strong, native butcher stuff higher. Sheep—Receipts 10,000; trade uneven; sheep 10 cents and lambs 15 and 25 cents lower; bulk of good sheep \$4.25 to \$4.35 and most of the good lambs \$5.00 to \$5.50.

**Anti-Hill Sentiment.**  
ALBANY, Sept. 11.—Although the state Democratic convention will be held next week Governor Hill has so far given no indication of his purpose regarding it. There is no doubt that if he captures the nomination it will be difficult to reconcile Flower, Chapin and the other candidates to his campaign. They have made their fight in the belief that Hill would not seek a renomination. If he proves treacherous, they may permit him to manage his own campaign.

**The Early Frosts.**  
CHICAGO, Sept. 11.—The Farmers' Review says: "A report from all our correspondents in the United States shows that the frost has done little damage in any of the states with the exception of Wisconsin, Iowa, Minnesota and the Dakotas, and that the damage in these states is confined to certain localities, the extent of which will not greatly affect the total crop. In some localities the corn crop is already out of danger, and will be soon in nearly all of the states by two weeks."

**A Great Work.**  
LONDON, Sept. 11.—There was a preliminary opening to-day of the great Manchester ship canal. A vast amount of work however, is yet to be done on it. In November, 1887, at Eastham, the first shovel of earth for the canal was dug up. It is now nearly 300 years since the idea of making Manchester, a shipping center, was seriously considered and at the opening of the present century steps were taken to put the idea into practice. The canal is only thirty miles long, from the Mersey to Manchester. The cost of the work will be £30,000,000.

**A Bad State of Affairs.**  
CHICAGO, Sept. 11.—Now that an appeal has to be made on a Democratic congress for a loan of \$5,000,000 for the World's Fair, the managers of that great enterprise regret that they have given occasion for the allegation that it is in control of Republicans who will use its great patronage for political purposes. Davis, Butterworth and Handy are the three most prominent officials of the fair and they have all been active, aggressive Republicans. The charge has been frequently made that the fair is a Republican institution. The fact that those who direct it and who have the places to which large salaries are attached are all Republicans, lends color to the charge. The Democrats bitterly denounce the

**"German Syrup"**

The majority of well-read physicians now believe that Consumption is a germ disease. In other words, instead of being in the constitution itself it is caused by innumerable small creatures living in the lungs having no business there and eating them away as caterpillars do the leaves of trees.  
**A Germ Disease.**  
The phlegm that is coughed up is those parts of the lungs which have been gnawed off and destroyed. These little bacilli, as the germs are called, are too small to be seen with the naked eye, but they are very much alive just the same, and enter the body in our food, in the air we breathe, and through the pores of the skin. Thence they get into the blood and finally arrive at the lungs where they fasten and increase with frightful rapidity. Then German Syrup comes in, loosens them, kills them, expels them, heals the places they leave, and so nourish and soothe that, in a short time consumptives become germ-proof and well.

management of the fair and the three Democratic congressmen from this city, —McKinn, Newberry and Durburrow will oppose the proposition to loan \$5,000,000 to the fair unless they are cowed into the submission by the Republican press. McKinn, has repeatedly assailed in private the management of the fair on account of its partisanship. He will be likely when the occasion presents itself to publicly voice the sentiments to which he has given utterance so frequently in private.

**Could Will Hold On.**  
CHICAGO, Sept. 11.—General Solicitor Thurston of the Union Pacific, who was in the city to-day, said that there was no foundation for the report that Gould intends giving up control of that road or that the property will go into the hands of a receiver. The Union Pacific, said Mr. Thurston, has a floating debt of \$12,000,000, created when it purchased the Oregon Railway and Navigation property. This was placed in the hands of a great many people. When somebody in Wall Street wanted to make a drive on the Union Pacific, holders of these securities were induced to demand immediate payment. It did not take them long, however, to make arrangements whereby this debt has been bunched and placed with Bixler, Morgan & Co., and that, too, at a lower rate interest than was being paid before. The Union Pacific was never in as good a condition as now.

**LOOKS LIKE HAGERMAN.**  
Status of the D. & R. G. Mudd—Mr. Coppell's Arrival—A Conference with the A. T. & S. F.

DENVER, Sept. 10.—Chairman Coppell, of the board of directors of the Denver & Rio Grande railway, arrived here this morning in a special train over the Burlington. The announcement of the new president is withheld by Mr. Coppell, though he has the full power to name the official, with the assurance that the appointment will be notified at the next annual meeting. He says, however, that it will be a Colorado man.

General Manager Smith is still in charge and has been asked to remain until his arrangements are made.  
Information was received at the Santa Fe office that President Maudslayi of that company would be in the city on Monday morning and possibly on Sunday night to consult with Mr. Coppell. What significance there may be in this if any, is not clear. It is possible, however, that the two officials will jointly view a portion, or possibly the entire Rio Grande system. It is understood that Mr. Coppell does not intend that any other changes shall take place in any of the departments. He seems satisfied that the very best men and assistants have been engaged by the former management, and inasmuch as they are all quite familiar with the affairs and duties, and are competent, that is all that is required. He has not come here to destroy but to maintain the corporation.

**New York Republicans.**  
NEW YORK, Sept. 11.—The state Republican convention nominated the following ticket: J. S. Fassett, for governor; John W. Vrooman, of Herkimer, lieutenant-governor; Eugene O'Connor, of Lewis, secretary of state; Ira M. Hodges, for state treasurer; C. A. Wade, of Jamestown, for comptroller.

**PITTSBURG PHIL.**

The Remarkable Career of a Young Pittsburgh Plunger.

Mr. George E. Smith, a young man who resides at Pittsburgh, Pa., has developed into perhaps the most remarkable plunger on the American turf. On September 3 he won \$100,000 in the Sapphire Stakes at Sheepshead Bay. The winnings of the various turf plungers have been greatly exaggerated; but it has been definitely ascertained that Pittsburgh Phil really won not less than the sum named. This young Pennsylvania man, who is 20 years of age, abandoned a salary of \$10 per week in the City of Pittsburgh to patronize the turf. He is one of the coolest plungers that have ever followed the race tracks. He has suffered the reverses of fortune with which all gamblers are familiar, and it is said that his recent winnings at Sheepshead Bay will not much more than make good his losses on other occasions.
