ALBUQUERQUE, NEW MEXICO, WEDNESDAY EVENING, MARCH 21, 1906.

NUMBER 74

## NOTHING DONE ON STATEHOOD

Death Caused Adjournment of House—Bill Up Tomorrow.

## SENATE MERELY GRINDING

Commerce Commission Will Investigate Fraud Practiced by Shippers.

## NEW MEXICO NEWS IN SPECIAL

Washington, D. C., March 21.—Representative George R. Patterson of the Twelfth Pennsylvania district, died suddenly here today. Heart failure is ascribed as the cause.

The house adjourned immediately after it was called to order, out of respect for the late George R. Patterson, Pennsylvania member of the house, who died today. The statehood bill will be taken up tomorrow.

## NOTHING OF NOTE HAPPENS IN SENATE.

Washington, D. C., March 21.—The senate, today, continued its discussion of the rate bill, and at 2 o'clock, went into executive session.

## PRESIDENT NOMINATES TO ARIZONA JUDGESHIP.

Washington, D. C., March 21.—The president today sent the following nomination to the senate: Associate Justice of the supreme court of Arizona, Fletcher M. Doane.

## COMMERCE COMMISSION AFTER SOME SHIPPERS.

Washington, D. C., March 21.—The Interstate Commerce Commission today gave out for publication the following notice: "Upon reports to the commission that many shippers in and about the city of New York have been persistently underbidding and misrepresenting freight shipped from that city and other points in the eastern territory, the commission has ordered an investigation and set the matter down for hearing at the United States court rooms, New York City, on Friday, March 23rd, at 10:30 a. m. It is expected that some highly interesting developments will take place, indicating fraud on the part of the shippers, which amounts to forced rebates from published tariff rates."

## OF INTEREST CHIEFLY HERE IN NEW MEXICO.

Special to Evening Citizen: Washington, D. C., March 21.—Senator Penrose of Pennsylvania, has introduced in the upper house, the following bills, introduced in the house of representatives by Delegate Andrews:

Another judicial district for New Mexico, public building at Albuquerque, \$20,000 for a new Indian school at Santa Fe.

Andrews was one of the few representatives who attended the Gompers executive labor committee conference with the speaker of the house in his conference lobby. The Patterson bill fixes the northern boundary of New Mexico, in connection with a part of the boundary of Oklahoma.

## ALBUQUERQUE EAGLES ARE AT LAS VEGAS

Yesterday afternoon in The Evening Citizen, it was stated that Messrs. McKee, Sheridan, Moore, Sherman, Barnes and Westerfield, all members of the local order of Eagles, had gone to Las Vegas to institute a new aerial there. The topic of yesterday contains the following article relative to said visit:

"Mayor Frank McKee, of Albuquerque, territorial organizer of the lodge of Eagles; J. J. Sheridan, W. B. Moore, H. E. Sherman, J. W. Barnes and Henry Westerfield, all prominent citizens of Albuquerque, and members of the Albuquerque degree team of the Eagles, arrived on No. 10 this afternoon and tonight will preside at the raising of some hundred aspiring young Las Vegas birds to the exalted rank of Eagles.

"According to rumor there will be great goings on at the Fraternal Brotherhood hall. The visit of the Eagles haven't brought a goat. In fact, a goat is not in use in their business, but they have a device designed to illustrate various methods of aerial flight, parabolic curves and the molasses required of candidates, and in the illustration of the degree work on several of the new Eagles all the paraphernalia will be utilized.

"The visitors are being entertained this afternoon by a drive up the canyon. They were given dinner at the Casanovia hotel upon arrival, and tonight after the business is over, a banquet will be served, for Eagles, be it remembered, are birds of choice and have discriminating and never failing appetites.

"The new lodge will start with excellent prospects."

## ANNUAL DOG SHOW OPENS IN DETROIT.

Detroit, Mich., March 21.—The first annual dog show under the auspices of the Wolverine Kennel club will open at the Light Guard Armory this evening. The exhibition is held under the rules of the American Kennel club, and will last four days. There is a total of 250 classes. The list of prizes is quite large considering the fact that this is the first exhibition arranged by the club. Many prominent breeders and kennel clubs have contributed special prizes to be competed for in the different classes. The judges selected for this occasion are James Mortimer, Hempstead, L. I.; J. M. Avert, Hickory Valley, Tenn.; J. J. Lynn, Fort Huron, Mich.; Wm. E. Warner, Detroit; and Dudley E. Waters, Grand Rapids, Mich.

## ABOUT SOME OF THE GRAFTERS

Iowa House Passes Bill Against the Standard Oil Graft.

## OIL HEARING IS POSTPONED

Bankers Are Called Into Court Over Deposits of County Funds.

## HAMILTON THROWS DOWN GLOVE

Des Moines, Iowa, March 21.—The house by a vote of 48 to 12 today passed the anti-discrimination bill, which is intended to oust the Standard Oil company from the state of Iowa, or compel a revision of its business methods. The bill prohibits the discrimination in rates for oil and is patterned after the Missouri law. It provides a fine of \$5,000 and imprisonment for a violation. Representative Cummings, its author, in presenting the bill, asserted that the Standard Oil company made a price of four cents a gallon for oil in his home town recently, in order to drive out competition.

## IT MADE PIERCE SICK ADJOURNMENT WAS TAKEN.

St. Louis, Mo., March 21.—At today's hearing in the oil matter, it developed that H. Clay Pierce, former president of the Waters-Pierce Oil company, was ill, and could not appear for several days. In consequence, at the request of Attorney General Hadley, the hearing was adjourned until April 5.

## COUNTY TREASURERS WERE GETTING PAY ON DEPOSITS.

Cincinnati, Ohio, March 21.—George B. Cox, who announced his retirement from the republican leadership of Hamilton county at the close of last campaign, was one of the bank presidents summoned to appear before the grand jury to testify in regard to payment to the county treasurer of interest or gratuities for deposits of public money. The other bank officials summoned include heads of all the banks in which county funds have been deposited during the past few years. This action was taken by County Prosecutor Ralston, following up the investigation by the Drake committee of the state senate, before which County Treasurer Hinkle and others testified that the banks had been paying from 2 to

## FIELD HOSPITAL FOR NEW YORK MILITIA

New York, March 21.—An important step for the benefit of the medical department of the New York National Guard will be the formation of a field hospital, to be attached to the National Guard headquarters. It is believed that the new branch will greatly facilitate the proper caring for the sick or wounded, in case the National Guard should be called out for camp service or riot duty. This is to some extent, an experiment, and it is expected that other states will follow the example of New York, should the experiment prove a success.

The field hospital will conform to army methods as far as the state service will permit, and will not in any way interfere with the field hospital of the regular army, which will remain unchanged. The field hospital will be a great aid to the regimental organizations in many ways and can supply them with medical supplies, such as drugs, dressings, etc., when they run short. Not the least important work of the field hospital will be its aid to the regimental hospital corps in caring for the sick and injured. All sick men in care of the regimental hospital who may not have recovered after twenty-four hours, can be turned over to the field hospital, as is done in the army. The field hospital will then be responsible for the sick or injured and, if men are unable to be removed, to a permanent city hospital they will be cared for in the field until recovered and a regiment will not be loaded down with sick or injured men.

The field hospital will be equipped

## 2½ PER CENT ON THE DEPOSITED FUNDS, SUCH PAYMENTS BEING MADE PERSONALLY TO SOME ONE IN THE COUNTY TREASURER'S OFFICE, AND THAT THE DEPOSITORS WOULD NOT BE MADE IN ANY BANK UNTIL AN UNDERSTANDING IN REGARD TO THESE PAYMENTS WAS HAD.

HAMILTON PROMISES  
RICH REVELATIONS.  
New York, March 21.—Andrew Hamilton, former legislative agent for the New York Life Insurance company, today sent a reply to the Fowler investigating committee of that company. The letter concludes as follows: "I can appreciate that the events of the past week so far as I have participated in them, are not, perhaps, calculated to put you in a judicial state of mind. I will, therefore, accept your latest challenge and meet you in the tribunal where there will be no vanity to be tickled, and the scales of justice will be held on an even balance."

## ST. LOUIS, MO., MARCH 21.—Wool market steady and unchanged.

## MEXICO CELEBRATES HER HERO'S BIRTH

Benito Juarez, the Great Indian Leader and Mexican President.

## DESTROYER OF THE EMPIRE IN SEVENTY SECOND YEAR

And Restorer of the Republic, Was Born One Hundred Years Ago.

Mexico City, March 21.—The centennial of the birth of Benito Juarez, the great Mexican statesman and liberator, is celebrated throughout Mexico today on an unusually large scale. In compliance with a decree promulgated by President Diaz the day is generally observed as a legal holiday. Throughout the country all business is at rest and the people are giving themselves up to the celebration of the national hero with great enthusiasm.

Especially grand celebrations are held at Saltillo and other cities in the state of Coahuila. In Monclova a bust of Juarez was unveiled in one of the public plazas. In Sabins several patriotic organizations have arranged for an elaborate celebration of the day and the erection of a monument in honor of Juarez.

In Tampico a statue of Juarez was unveiled on the Plaza de la Libertad. The monument, which faces the custom house, is quite imposing. In Chihuahua the anniversary will be celebrated this evening with a large meeting at the Teatro de los Heroes. Governor Croel will be present and Lic. Jesus Urteaga, the famous orator, will deliver the principal address. In the afternoon a fine bronze statue of Juarez will be unveiled on Juarez street.

In Ciudad Juarez, across the Rio Grande from El Paso, where the great patriot made his headquarters for several years while he was virtually in exile, hiding with a small band of followers in a wretched shack, where the postoffice now stands, the citizens have made special efforts to celebrate the day in an appropriate way and an elaborate program has been prepared for the occasion.

## EL PASO ASSISTS THE CITY OF JUAREZ.

El Paso, Tex., March 21.—The one hundredth anniversary of the birth of Benito Juarez began in Mexico at daybreak today. Throughout all the public schools exercises were held in honor of the man who drove Maximilian from Mexico. The most novel feature of the celebration on the border was that the school children of El Paso, nearly 3,000 strong, marched to Juarez, opposite El Paso, and took part in the exercises.

## CONGRESSMEN JUGGLING MILITARY MATTERS.

Washington, D. C., March 21.—The congressmen who are bent on abolishing the grade of lieutenant general came near, through an oversight, putting out of service the present incumbent, Lieut. Gen. Bates, and the officers of the retired list, Gen. Miles and Gen. Chaffee. Of course, no such justice was intended but this was the effect of the wording of the bill. The phraseology was accordingly changed so as to protect Generals Miles, Chaffee and Bates, should the bill become a law after General Bates' retirement and the appointment of General Chaffee to succeed him in the grade. Much depends upon the promptness with which the bill is enacted, as to whether either General Corbin or General MacArthur is ruled out and deprived of the opportunity of becoming lieutenant general. The bill is evidently bent on abolishing the office and army officers have become reconciled to the law. The matter has caused considerable agitation in army circles for several months and a great deal of feeling has been directed in some of the discussions before congress and outside of the capital.

## GRAND COUNCIL OF TENNESSEE ARCANUM.

Knoxville, Tenn., March 21.—The Grand Council of Tennessee, Royal Arcanum, opened its annual session here today. The attendance is very large and every lodge in the state is represented. Grand Regent E. E. Francis of Memphis is presiding. The local lodges of the Royal Arcanum have made extensive preparations for the entertainment of the members of the grand council and a number of social functions have been arranged in their honor.

## DEATH OF SENATOR BAILEY'S FATHER

Passed Away at Sanitarium in the City of New Orleans.

## DEATH OF SENATOR BAILEY'S FATHER

Passed Away at Sanitarium in the City of New Orleans.

New Orleans, La., March 21.—After months of illness, Joseph W. Bailey, father of J. W. Bailey of Texas, died today in the sanitarium here, today, in his 72d year. Senator Bailey will be interred today, so he may proceed to Crystal Springs, Miss., where the funeral will occur.

## SENATOR LEAVES TONIGHT.

Washington, D. C., March 21.—Senator Bailey has received no dispatches informing him of his father's death, but is making arrangements to leave tonight.

## COMMERCIAL CLUB MET LAST NIGHT

ENLARGING OF WOOLEN MILLS  
AND OTHER IMPORTANT  
SUBJECTS, UP FOR DISCUSSION.

At last night's meeting of the Commercial club at their rooms in the Commercial club building on the proposition to enlarge the woolen mills, both in their scope of trade and producing facilities, the committee having the matter in hand was given an extension of time in which to make its report to the club.

Irrigation projects, looking to the betterment of Albuquerque, and the enrichment of the Rio Grande valley land adjacent to this city, was discussed at some length, but no definite action taken.

The matter of a daylight train to El Paso was mentioned, but no action of any kind was taken by the club, and it is not probable that the matter will be agitated very strenuously.

## RETURNS FROM PRIMARIES HELD IN MILWAUKEE.

Milwaukee, Wis., March 21.—Complete returns of yesterday's primary elections for nominations on the city tickets, show that Mayor David S. Ross has been re-nominated for the fifth time by the democrats. S. M. Becker will lead the republican ticket, and William A. Arnold will head the social democrats.

## CRIMINALS, INDIANS, STATE ANNIVERSARY

Philadelphia, Pa., March 21.—At the session of the board of pardons, which will convene this afternoon, a petition will be submitted to commute the death sentence of George Hossey, the negro hoodster, doctor convicted of the Danz murder, to imprisonment for life. Acting on the suggestion of District Attorney Bell, Allen C. Thomas, Hossey's attorney, has asked the intervention of Governor Pennypacker and has been greatly encouraged by the governor's answer to try the matter before the board of pardons today. It is considered not more than just that Hossey's life should be spared, as Mrs. Danz, the principal in the crime, who actually did the murder, had her sentence commuted to imprisonment for life. The old negro has become weak minded during his long confinement in Moyamensing prison and is considered entirely responsible for his actions. The district attorney, as well as the board of pardons, and the officials of the police and the courts all favor a commutation of the sentence.

## NOTHING YET HAS BEEN DONE

At Algiciras, but Delegates Are More Hopeful.

## SMOKING CARS FOR WOMEN

Mutinies in Russia Follow the Execution of the Late Lieutenant Schmidt

## BUT SCHOOL CHILDREN GO OUT

Algiciras, March 21.—The conference committee today again sought to reconcile the Moroccan police question, but adjourned, leaving a number of disputed points unsettled. The meeting, however, produced a good impression, the desire to reach an agreement appearing to dominate those present.

## THE FIRST SMOKING CAR EXCLUSIVELY FOR WOMEN.

London, March 21.—The first smoking car ever reserved for women in Great Britain, left London for Liverpool today. A window bear label reading: "Ladies smoking." The innovation attests the spread of smoking among the women of England during recent years.

## MUTINIES FOLLOW DEATH OF LIEUTENANT SCHMIDT.

St. Petersburg, March 21.—Sensational reports current last night that the execution of former Lieutenant Schmidt, leader of the naval mutiny at Sebastopol, November last, had been followed by an extensive mutiny of sailors at Sebastopol yesterday, turns out to be unfounded. The correspondent of the Associated Press at Sebastopol telegraphs that all is quiet there.

## BUT PUPILS STRIKE.

Odesa, March 21.—As prompt as was the execution of Lieutenant Schmidt, so promptly did all of the pupils of the local high schools strike today.

## HEAVY GUNS DEVELOP STRUCTURAL WEAKNESS.

Honolulu, H. I., March 21.—The battleship Oregon, returning to Bremerton for repairs, has arrived here. It is reported that structural weakness has developed under the use of the heavy guns. For some time it is understood, orders have been not to use the 13-inch guns, except in case of dire necessity.

## WASHINGTON GETS THE NEWS.

Washington, D. C., March 21.—Reports have reached here of the weakness of the guns mounted on the battleship Oregon, but it was known that one keel plate was somewhat destroyed, six or eight months ago. Orders were given, at that time, not to fire the big guns.

## NEW YORK MONEY MARKET.

New York, March 21.—Money on call, easier at 5½ per cent; prime mercantile, paper, 5@5½ per cent; Silver, 65½¢.

## RELIGION, CHARITY AND FRATERNALISM

Minneapolis, Minn., March 21.—Filling the great missionary purposes of the church. Among those in attendance are the Bishops E. G. Andrews, John H. Vincent and Wm. F. McDowell and many other prominent ministers and laymen of the church in the west.

## SUNSHINE SOCIETY HOLD STATE MEETING.

Brooklyn, N. Y., March 21.—Delegates of the 227 branches in the Southern New York state division of the International Sunshine society opened their annual session this morning at the Sunshine Rest, Croton and Twenty-third avenues, Bensonhurst, L. I. The beautiful building, which will be used as the headquarters of the society as well as for a rest home for those unfortunate poor who need rest and sunshine. The state meeting is the occasion for the formal opening of the home and the official housewarming. There was a short session this morning and there will be another meeting in the afternoon. Between the sessions the delegates and visitors, all of whom are welcome, will have an opportunity to inspect the handsome and well equipped building.

## STATE ENCAMPMENT GRAND ARMY REPUBLIC.

Minneapolis, Minn., March 21.—The Minnesota state encampment, Grand Army of the Republic opened here today. The attendance is quite large and besides the veterans a great many excursionists are in town. The meeting will be held in McKinley hall, while the camp-fires will be held in the Auditorium. Elaborate programs have been prepared and the veterans will be royally entertained during the two days of the encampment. The great topic of discussion at the meetings will be the consideration of the preparations for the national encampment of the Grand Army, which will be held in this city in August. The Minnesota department is planning great things for the national encampment. These plans will be discussed, and a definite campaign will be mapped out. Another important matter which will be considered is the proposition to change the dates of the state encampments. This evening a big campfire will be held on the program, with speeches, music and singing of patriotic songs.

## TEXAS CELEBRATES INDEPENDENCE DAY.

Galveston, Tex., March 21.—The anniversary of the signing of the Texas declaration of independence, which was first read under a grove of spreading live oak trees at the village of Columbia, on the banks of the Brazos river, in 1836, was observed here today in the usual manner. The celebration is of a rather quiet character. Most business houses were closed at least half the day and all schools patriotic celebrations will be held in the afternoon.

## IN FIELD OF HUMAN LABOR

The Joint Scale Committee Met in Coal Conference Today.

## ANTHRACITE OWNERS HAVE

No Idea of Compromise With the Demands of Their Employees.

## DAILY SACRIFICE OF WORKMEN

Indianapolis, Ind., March 21.—The joint scale committee of the joint conference of coal operators and miners in the central competitive field, went into session today. There were thirty-four men present when the conference was called to order in executive session. This conference has for its object the arrival at an agreement and adoption of a wage scale.

## ANTHRACITE OPERATORS KICK AT CONCILIATION.

New York, March 21.—The demand of the anthracite miners for the readjustment of wages and conditions in the anthracite field, would, if granted, mean a veritable revolution in mining conditions, according to a statement issued by the operators' committee of seven, today. The statement declares it a mistake to assume that the eight hour day and 10 per cent increase were the sum total of the demands of the miners. "New and uniform scale," says the statement, "would place every man on the same basis, increasing the wages of some men as much as 150 per cent. The average increase under the uniform scale would be 30 per cent for outside men. The proposed schedule would mean a veritable revolution in mining conditions."

## HOW LABORERS' LIVES WILFULLY SACRIFICED.

New York, March 21.—A contractor of prominence, according to Josiah Strong, recently told him that the killing of workmen was cheaper than protecting them. "If an accident created a stir last night, when made by Dr. Strong, who is president of the American Institute of Social Service, at the municipal art dinner. "Nine men are killed in New York, every day," he continued. "If accidents, which, for the most part, are avoidable. Our city is becoming a veritable human shambles." Coal mines and railroads, he said, were slaughter houses for laboring men. Last year there were 2,500 accidents to laboring men that the public knew nothing about.

## NIGHT OPERATOR AT SWALLOWS ARRESTED.

Pueblo, Colo., March 21.—Night Operator Van Dusen, for whom Operator Lively was working at Swallow station, last Friday night when the collision on the Rio Grande road occurred, has been arrested here. He will be taken to Fremont county this afternoon. He says he knows nothing of the whereabouts of Lively, who, it is believed, has disappeared.

# FOR CONGRESS ON A PLATFORM OF PLENTY OF BABIES

MAYOR BEALL, OF ALTON, ILL., HAS FOR HIS MOST CONSPICUOUS PLANK ANTI-RACE SUICIDE.

BY MAYOR ED BEALL.  
(Ed Beall is the mayor of Alton, Ill., and has proven himself in many ways one of the staunchest champions of the anti-race suicide principle. His friends are now booming him for congress upon a platform in which his opinions upon race suicide form the most conspicuous plank. Why he is a militant opponent of race suicide is told by himself especially for The Evening Citizen.)

I am the father of a large family myself. I believe that I speak with authority born of experience when I say that the truly happy homes are those where children are.

No home can be a real one, the shrine at which its inmates worship, unless there are little folks there to cement the ties which have bound the members together. I believe that there should be little ones in every home where it is possible for them to be, in order to maintain the high character that every true American wishes may be the distinguishing mark of the American nation. If too much misfortune does not come into any man's home, it has been my observation that he always finds some way of providing comfort and necessities of life for the little ones who have come to make it happy and to be the staff of the declining years of the parents.

I believe in encouraging large families, whenever it is possible. Landlords who discriminate against children and increase the rent because there are little folks in the household should be held up to the execration of all right thinking people. Too often, however, this reason for there being no children is used as an excuse that is not justified by facts.

My plan in building flats where children could find a haven has proved a great success. I have never lost a month's rent. The class of people

MAYOR ED BEALL.

who have sought the flats known in Alton as "Stork's Nest" are of the character who can afford to give their children comfort, but perhaps do not consider themselves able to own a home. It is to such people that I turned. My own daughter, living in another city, and not desiring to buy a house, could not rent one because she had some children.

The man or woman who shirks the responsibilities of parenthood is little better, in my mind, than the scarlet woman who is hounded by the police. In a choice between the two I believe my sympathy would be with

the latter. Necessity perhaps compels her to do what inclination prompts in the other. When I go to congress, if the people send me there, I would esteem it one of the privileges of my life to work all the time and work hard to do something that would help the lot of the children who are, and to take some action that might educate the people to see the evils of race suicide, to understand what it means to them and to all the rest of the world, and to better, if I can, the lot of the parents and induce them to see the beauties of a large family as I do.

## Wasted Lives in Albuquerque

Men and Women Who Are in Need of a Helping Hand—J. H. O'Reilly & Co. Offer a Way to Better Things.

There is no more irritating or nerve-racking condition than that caused by a weak stomach. It gnaws and wears upon every nerve fiber in the body and results in sleeplessness, headache, backache, rheumatic pains, furred tongue, distress after eating, poor appetite and general weakness and debility.

As we may look to a weakened stomach for most of the chronic or lingering ills that weaken and rack our lives, it is of the greatest importance to know that a remedy for stomach trouble has at last been offered by a reliable drug firm in Albuquerque under a guarantee that it costs nothing unless it cures.

J. H. O'Reilly & Co., knowing the formula of M-I-O-N-A, feel that it will be successful in every case where it is used in accordance with directions, that is, one tablet before each meal, and they offer to sell it under an absolute guarantee to refund the money if it does not cure.

A large box of M-I-O-N-A tablets costs but 50 cents, if it helps you; nothing unless it restores health.

### CALL FOR REPUBLICAN PRIMARIES AND CONVENTION.

Primaries of the republican party of the city of Albuquerque, New Mexico, are hereby called for Saturday, March 24, 1906, at 7:30 p. m., in the several wards, to select delegates to the city republican convention, to be held in the Colorado hall, on Monday, March 26, 1906, at 7:30 p. m., for the purpose of placing in nomination candidates for the following city officers, to be voted for at the ensuing election, to wit: A mayor for the term of two years. A city clerk for the term of two years.

Two members of the city council from the first ward—one for a term of two years, and one for a term of four years, to fill out an unexpired term. One member of the city council from the second ward—for a term of four years.

One member of the board of education from the first ward—for a term of four years.

One member of the board of education from the second ward—for a term of four years.

Two members of the board of education from the third ward—one member for a term of two years, to fill out an unexpired term, and one member for a term of four years.

One member of the city council from the third ward for a term of four years, and one member of the board of education from the third ward for a term of four years.

Each ward is entitled to fifteen delegates to the general convention. The first ward primaries will be held in the city hall and will be called together by M. E. Hickey.

The second ward primaries will be held at the old K. of P. hall, and will be called together by E. B. Hirsch.

The third ward primaries will be held in a vacant room in the Elks' Opera House, and will be called together by T. N. Wilkerson.

The fourth ward primaries will be held at the corner of Third street and Tijera avenue, in the Albright building, and will be called together by Dr. L. H. Chamberlain.

W. H. GILLENWATER, Chairman of the City Republican Central Committee.

M. E. HICKEY, Secretary of the City Republican Central Committee.

Always Keep Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do.

When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

### NOTICE FOR PUBLICATION.

(Small Holding Claim, No. 548.) Department of the Interior, United States Land Office, Santa Fe, N. M., March 8, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim, under section 17, of the act of February 21, 1891, (26 Stats., 554), as amended by the act of February 21, 1895, (27 Stats., 470), and that said proof will be made before the United States commissioner at Albuquerque, N. ## TERRITORIAL TOPICS

### TWO SECTIONS OFFERED FOR CAMPBELL FARM.

The commissioners of the Las Vegas grant have offered the Campbell Dry Farming association of Denver, two sections of land, on condition that a Campbell dry farm be established upon it. One million acres in that part of the territory can be cultivated if the system proper is used. The average rainfall is more than fifteen inches.

### A WATER ITEM FROM CARLSBAD, N. M.

The town board purchased a twenty-five horse power gasoline engine this week from Artesia parties for \$200, says the Sun.

A well will be dug seven feet square near the northwest corner of town. A centrifugal pump will be put in and the outfall will be used during the summer to pump water to irrigate the town.

Citizens who use the water for irrigation will pay for the same. The cost of the operation will be about \$10 every twenty-four hours. R. O. Hennes is assisting in the work of installing the engine and pump.

### ARTESIA RANCH BROUGHT GOOD PRICE.

The Artesia land company this week sold to J. S. Burns, of Orion, Ill., the Graham farm, two miles south of town, for the sum of \$75 per acre, there being 160 acres of it and a half interest in an Artesian well, says the Artesia Advocate.

Also, according to some who assert they are creditors of Promoter Boggs, it served as a good steer to rope investors. Boggs, it is claimed, has debts aggregating \$250,000. The Bank of Benson is among the creditors. The sum they would like to receive is \$600. Doane Merrill, manager of the smelter, is also a creditor for \$3,400. Boggs' stenographer claims the bankruptcy proceedings against him are the result of spite work.—International American.

### AGENT OF COLONIZATION COMPANY SEES LANDS

To colonize the Las Vegas grant, to take over the reservoir project from the government, or to settle a large colony at some point in New Mexico outside of San Miguel county are projects which Clark Le Fever, general agent for D. H. Bane & Co., Chicago Colonization company, says his company will be very glad to consider.

Mr. Le Fever is in the city, now seeking to advance one or more of the projects mentioned. Could his company secure all the lands to be irrigated by the proposed reservoir, the gentleman suggests that a beet-sugar factory would be assured, if they can find a considerable tract on the Las Vegas grant that can be irrigated and can secure title. Mr. Le Fever says that his company will colonize it within a year with the best class of farmers.

The gentleman points to the many settlements formed by his company in Colorado, to the sugar factories established, to the irrigation works established. Now the organization which has plenty of money, and which is constantly beset by applications for lands that can be farmed, is turning its attention toward New Mexico. And where the land and water resources have been developed, the company is ready to develop them.

All that is asked is land that can be brought under cultivation and water than can be conserved for use on the land. The gentleman is making a thorough study of northern New Mexico and expects to make his study count for his company.—Daily Optic.

### LAWYER SMITH DIED

FROM PNEUMONIA. An inquest was held at the city hall late Monday afternoon, over the late Byron J. Smith, the Las Vegas attorney, who was found in a dying condition at his office in that city, during the morning, and succumbed a few minutes after his discovery.

### Why Buy Water Plant?

A standing joke at the expense of the ladies is that they have an irresistible penchant for buying things simply because they are cheap, regardless of whether the article will ever be of service to them after it has been bought. Evidently the water organ of this city has the same opinion of men, for it never ceases to tell us that the water plant is a great bargain, and that the city should not fail to buy it, because its price is a bargain counter offer.

But why does the city want to own the present water plant? To get water, one is ready to answer. But he is mistaken. The city does not need to own the water plant to get water. It is getting water now, furnished by the Water Supply company; and it can compel the company to continue furnishing the water, for the next thirteen years. The city, then, does not desire to own the water works either because they are cheap—a bargain counter offer—or in order to get water.

The only reason for Albuquerque's municipal ownership of the present or any other water plant, apart from the desires of those wishing to help the water company unload, is that the city may have cheaper water and have it more abundantly. Can this be secured if the company takes over the water plant at not less than \$200,000, and as much more as the necessities of the plant may demand?

If one will think for a moment he cannot but be impressed by the fact that in this whole water controversy the advocates of the purchase of the present plant have avoided this one and only essential point: Can the city, at this price, and with this plant, furnish more water, give better fire protection, and charge the people materially less for the use of the water than the present company is doing with the same plant?

The citizen thinks not, and it bases its opinion on the claims put forth by the Water Supply company and its organ. The company has time and time again, asserted that the present plant is inadequate and that the company cannot make the necessary extension even at the present prices charged. On this the company based its demand that the franchise be extended to the year 1940, and at the present price to consumers.

It is true that Alderman Hanley says that the city can do these things and make it pay; but when one considers that the bonds for the \$200,000 must be sold, that the interest on these bonds must be met, that there must be a sinking fund for their ultimate extinction, and that no one has any idea of how much, in addition to the \$200,000, must at once be expended for extensions, and how great the yearly drain will be from annually growing demands for other extensions—when one considers all these things, it seems evident that Alderman Hanley was too enthusiastic in his estimate.

If then, the city cannot do better for the people of Albuquerque with the present plant than the Water Supply company is doing with the same plant, why burden the city with this \$200,000 of debt, just at this time, when the water matter can go on as it is for thirteen years, and other matters are needing money, which cannot go on as they are now? Because it is dead cheap, says the water organ.

### Bad City Government

Are city governments bad because the candidates for office run on party lines? The morning paper of this city not only affirms that such is the case, but bolsters its affirmation by the assertion that the unanimous verdict of the students of political economy, who have been studying this question for a long time, is that this is the case.

With due apology to Messrs. Smith and Jones, who, according to the argument of the morning paper, are upon the party tickets regardless of fitness or worth, The Citizen would like to know how Smith and Jones got upon their respective tickets? The contention of the Journal is that they were put there by scheming politicians who have chestnuts they want pulled out of the fire. In other words, having his magnifying glasses adjusted, the paper sees the political boss firmly astride every party ticket. That such is often the case, especially in large cities, is undoubtedly true; but that the boss is an integral, essential or even universal accompaniment of party tickets, is like the "universal verdict" claim—it lacks in truth the full equivalent of its exaggeration.

But, wherever it is true, whether the instances be many or few, whose fault is it? The answer to this question lays bare the root to the whole evil. It is the fault of the people. They stay away from the primaries. They let those having chestnuts which need pulling out of the fire, pack the primaries with their tools, select delegates to the convention, and thus nominate the ticket which the bosses have selected and which after election will be subservient to the purposes for which they were placed in office. Here lies the whole evil, and just as it is the fault of the people so the remedy lies with them.

But how can this evil be remedied by allowing the self-same chestnut pullers to select but one ticket instead of two, thus giving the people no choice at the polls whatever?

### Right of Opinion

Alderman Hanley called at The Citizen office, this morning, having two grievances. In the news item concerning his address before the League, the other evening, The Citizen's report said that "Alderman Hanley talked earnestly for the interests of the Water Supply company." Mr. Hanley stated that he had been earnestly solicited by the League to address them, and that he was not speaking in the interest of the water company but was giving the results of his study and information for the benefit of those who favor the ownership of the water plant by the city.

Mr. Hanley also called attention to the fact that The Citizen, in speaking editorially of the folly of having paid a large price for expert opinion when the alderman himself "was prepared to do it without money and without price," placed after this Bible quotation a question mark instead of a period. The editor looked through his waste basket and was fortunate enough to find the original copy which contained no interrogation mark but the proper and orthodox period. This he showed to Mr. Hanley and explained that the question mark was a typographical error, and not, as Mr. Hanley had thought, an insinuation that his opinion had been paid for. The editor also called the alderman's attention to the fact that if the insinuation had been the purpose of the offending punctuation point, according to newspaper usage, it would have been enclosed between two parentheses marks.

The Citizen by no means impugned the motives or would limit the efforts of any conscientious advocate of municipal ownership, being willing to accord to all disinterested parties the honesty of opinion which it claims for itself.

Today more than 40,000,000 Americans live on almost 6,000,000 farms, says Ralph D. Paine in "The Builders," in the Outlook Magazine for March. One bread-winner in every three is a farmer. But from the Missouri to the Pacific the population averages only three persons to the square mile. Disregarding the increasing yields that will be reaped from the arable lands by raising the standard of agriculture, the irrigation projects now planned alone will support an additional population of 25,000,000 on land now called wasteland. The prairie settler and town builder, as we have glimpsed him, is therefore a passing phase, a chapter in a titanic evolution whose goal is not yet in sight.

Do you think of voting for the issuance of \$200,000 of bonds to purchase the Water Supply company's plant? Read Section 8 of the contract the city has made with the company, published in The Citizen, February 20, 1906.

### Official Career

Of H. O. Bursum  
The New Mexican.

It is well known to the friends of H. O. Bursum that when he was reappointed for the fourth term to the position of superintendent of the territorial penitentiary, in February, 1905, he accepted with reluctance and simply because he was urgently asked by the appointing power, by many of the leading citizens of both parties and by his friends to do so. He then told Governor Otero and those who asked for his re-appointment that this had to be his last term, and that under no circumstances would he again take the position.

As to Mr. Bursum's record while in charge of the territorial penitentiary during the past six years and eleven months, but little need be said here. It is too well known by the people who are at all acquainted with territorial conditions as of the most exemplary and proper kind. Under his administration the conduct of the prison, which before that time for years was a disgrace and a great expense, was changed to one of the cleanest, most effective and best in the country. Everybody who knows the man acknowledges that he has superior executive ability and administrative tact; he is honest, energetic, courageous and successful.

While a man of remarkable firmness, courage and nerve, he is, nevertheless, kind hearted and benevolent. In the administration of the prison, he tempered justice with mercy, and whenever possible, was kind and considerate to its unfortunate inmates.

He has concluded to retire a little earlier than was expected. This now is an accomplished fact, as he has tendered his resignation to Governor Hagerman, who has accepted it. This settles that chapter of New Mexico's history. The penitentiary will be turned over to his successor, whoever he may be, in a condition that will make it easy for the new superintendent, who will find no difficulties to worry him and no conditions that are troublesome.

Governor Hagerman desired to make a new departure, and Mr. Bursum, fully acknowledging the governor's right to take such a course, resigned, accordingly. Mr. Bursum retires to private life with the respect and good will of the people of this territory. He is one of its most popular and best citizens and one of the most influential men in the republican party, and for that matter, with the people. In every capacity, in which he has been placed in public life during the past fourteen years, in this territory, he has acquitted himself in the most satisfactory, business like and honorable manner. He is in the prime of life, strong in body, endowed with a remarkable stock of common sense, and virile of mind.

While serving the county of Socorro as sheriff for four years, he kept law and order and suppressed lawlessness and crime with a relentless hand and with remarkable energy. As a member of the legislative council from his district, he did the people in general and his constituents in particular yeoman service. His record as superintendent of the territorial penitentiary has been alluded to above. In addition to all these, he is a growing man, and Providence sparing his life, in the opinion of many who know him and his capabilities, he will attain the highest positions that the future state of New Mexico has in store for any of its citizens. The people of Santa Fe regret exceedingly that he has concluded to leave here, return to Socorro and resume his residence there. He has been a good and true friend to the capital, and of the kind that are not often made. But as his retirement was a foregone conclusion and occurs only a few months earlier than was anticipated, it is one of those occurrences that must be endured, although they cannot be cured.

### Apparent Failure Is Often Grand Success

"To think that I have had more than 60 years' struggle for a little liberty, and then to die without it—it seems so cruel." These were Susan B. Anthony's words on her death bed. But will this splendid struggle go down in the annals of failure because woman's emancipation, as she understood it, is as yet accomplished only in a few western states?

While striving for woman's suffrage Miss Anthony accomplished more good in the cause of women than even she seems to have realized. Woman's right to an education, her successful advent in the business world, her wide influence in all matters connected with the educating and training of children, the weight of her opinion in furthering clean, non-partisan government of cities—who can say how many of the privileges women now enjoy are due to the efforts of this wonderful woman who died thinking her life a failure?

Like many other world benefactors, she fell short of her direct aim, but still did more for humanity than she set out to do. Tyndall, while experimenting on heat, hit upon a sure method of killing bacteria—a discovery of incalculable value to science and sufferers. Pestalozzi, the wild-eyed, illiterate Swiss, who insisted on the study of child nature in order that men might be properly trained along natural laws for progressive work, failed utterly in carrying out his ideas. Yet in his failure there was success. Froebel and others have worked out a system of education which meets the individual needs of all alike. Schools for every kind of special work, manual training schools and trade schools all have sprung from the seed-thought of Pestalozzi.

Miss Anthony, with her enthusiasm, her untiring activity, her strong stand for what she thought was just, has inspired thousands of men and women to work with like enthusiasm and with the same moral staunchness for the progress and development of womanhood. The forces for good set into activity by her will never die. Far from failing, she achieved a success that will continue to grow and brighten till the end of time. And thus must every life be judged—not by what it harvests, but by what it sows.

### Race Suicide Is Not Nationally Confined

The first organized census of the British empire discloses the fact that the birth rate is falling off all over King Edward's possessions, markedly in Australasia. The results of the census, recently published in London, have provoked a deal of comment.

The population of the empire is given as approximately 400,000,000, the white people numbering 54,000,000. The lands upon which this population is spread is about 11,208,375 square miles, aggregating more than a fifth of the world's area.

Recently a Berlin scientist contributed a paper to a German periodical, in which he made a comparison, covering the quarter century between 1876 and 1901, showing evidence of race suicide among the people of the most progressive and enlightened nations.

In the United States and in most of the countries of Europe the tendency is noted. The birth rate of 40.7 in Prussia in 1876 had shrunk in 1901 to 36.2. In the German empire the decline in the same period was from 40.9 to 35.7. The condition in France is well known.

The decline in the ratio of natural increase among citizens of foreign extraction begins to manifest itself in the second generation in this country. There is comfort in the reflection that the death rate is showing a corresponding decline.

### The Future State.

"My friend, do you ever think about your future state?" Oklahoma says—Say, pard, don't you read the papers? We ain't been thinkin' of anything else for the last five years.—Cleveland Leader.

### Amusements.

The Elery Italian band, which will stop at Albuquerque and give two concerts on its way from Los Angeles to the east, claims to have increased in size and added with fresh honors gathered in Cincinnati, Chicago, Kansas City, Portland exposition and the southern California metropolis. No musical organization that ever visited this city has behind it such a reputation for having "made good," as did the Elery band, the echoes of whose magnificent harmonies are still ringing in the ears of the people. In choosing his route eastward, Mr. Elery has been governed by the experience he has had on several trips to the Pacific coast, and has selected the southern route as offering the best chances of success to a high class musical company like his wonderful band.

The name "Elery" is a household word in all the chief cities in the country, and has been so because of its identification with the organization that has furnished music never to be forgotten. In the return, therefore, of the Elery band to Albuquerque, none should permit business or pleasures to interfere with their attendance at this superb performance, led by the great Ferullo.

### MERCHANT OF VENICE FOR THE MATINEE.

There is a universality of appeal in "The Merchant of Venice," which comes to the Elks' opera house on Saturday afternoon, March 31, matinee performance, which insures profound interest not only among habitual theatergoers, but among those who only visit the play house when some attraction of extraordinary interest is presented. Charles B. Hanford is one of the very few actors competent to make an adequate and satisfactory production of this great play. His training and triumph have been distinctly and almost exclusively Shakespearean, and he is one of the few American actors who have united with the talents necessary for the portrayal of the great individual roles of the classic knowledge and executive ability necessary for their presentation on a scale of magnificence and an attention to detail such as will enable the performance to satisfy the modern demand for completeness of costume and scenery and general excellence of cast. Mr. Hanford's impersonation of Shylock is described as one of the finest of this celebrated actor's many achievements. The play also presents exceptional opportunities for his talented leading lady, Miss Marie Drofna, who should idolize the character of the wise, witty, but withal, coquettish, Portia, in a most delightful manner. The supporting company has been earning the highest compliments, and the production is one of the few of which it is safe to promise great things in advance.

### BUFFALO BILL IS ALL RIGHT.

Hon. William F. Cody, (Buffalo Bill), has cabled from Genoa, Italy, emphatically denying the reports widely disseminated throughout the United States that, owing to family troubles, business perplexities and failing health, he is threatened with complete collapse, and would shortly retire from the head of his famous wild west show, which is now en tour in Europe. Colonel Cody's cablegram, addressed to J. A. Bailey, general director of the Barnum & Bailey circus, who is Colonel Cody's business partner in the wild west show, is as follows:

"Genoa, Italy, March 12, 1906. 'Barnum & Bailey, 25 West Thirty-fourth street, New York.

Strongly deny reports of failing health, bad business and retirement. Never in life felt better and business immense.

When questioned in regard to the matter, Mr. Bailey said: "I cannot imagine how the reports of Colonel Cody's illness and contemplated retirement originated. Certainly, there is nothing either in Colonel Cody's state of health or the success of the wild west show in Europe to warrant such statements. When he left New York February 15, on the Savoy, en route for France, he was the picture of health and was enthusiastic over the prospects for the season. His feeling was justified by the big business of the opening performance, at Marseilles, and the success of the tour since that time has been beyond all expectations. Colonel Cody is so far from retirement that he had already arranged with me to return to the United States with the wild west show next November and make a very comprehensive tour of this country with an exhibition that will far surpass anything heretofore seen in the way of Rough Riders and sensational acts of horsemanship and heroism."

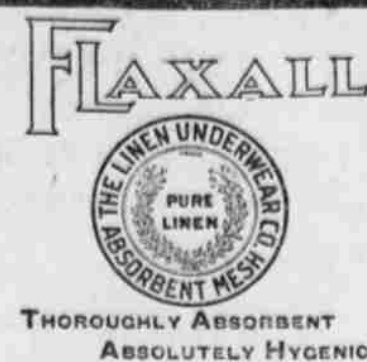

### FRED FORNOFF IN LINE FOR APPOINTMENT

The street has it that Deputy United States Marshal Fred Fornoff, of Albuquerque, is to receive a good appointment from Governor Hagerman at an early date. Some people are inclined to believe that he will be appointed superintendent of the territorial penitentiary, while others say that he will be given the position as captain of the mounted police instead of Captain John F. Fullerton, now holding the place. There is nothing definite, and the New Mexican gives the reports for what they are worth. If they are simply street talk, they are interesting. Color is lent to the reports that the deputy marshal is in for something good from the frequency with which he visits the territorial penitentiary, while others

Since the publication of the above in the New Mexican, it is evident that Mr. Fornoff will not receive the penitentiary plum, as that position has been asked by Governor Hagerman appointing Captain Arthur Treloir. Deputy Fornoff may receive the appointment as captain of the New Mexico mounted police, however, as there are strong rumors of a change in the incumbent of that position, although Captain Fullerton's brother-in-law in interview with a representative of The Evening Citizen, emphatically denied that his brother intended to resign, or that he would be asked to resign.

## MARKET LETTER

Special Correspondence.

Kansas City, Mo., March 19.—The receipts of range cattle have been moderate the past week. Killing cattle remained steady and cows, calves and bulls a little higher, but stockers and feeders barely held steady during the week, except the most desirable stuff. Colorados sold at \$3.85 to \$4.35 early in the week, and some pulp fed steers from Lamar sold at \$4.45; some common she stuff at \$3 to \$3.25; fat two-year old Herefords from the Panhandle sold to killers at \$4.65 to \$4.85. The supply today is 10,000 head. The market is steady to 10c lower on the various kinds, excepting cows and calves, which are holding up steady. More cattle have been coming during the last ten days than former estimates indicated, showing that considerable numbers are still on feed in the country. A widespread storm in this territory yesterday and the day before the next week, but after the weather settles and it gets so the country people can handle the stuff, the demand for country grades will no doubt advance and develop so rapidly as to enable salesmen to secure a sensational advance.

Sheep and lambs declined 10 to 20c last week, most of the loss being on lambs, as usual. The supply was 32,000 for the week, a reduction of 10,000 from the previous week and also a reduction from any recent week. Lambs today being \$5.50, which is moderate. The market is lower today, lambs again suffering most, so that it would seem that lamb prices are getting down so close to the price of aged sheep that further declines must affect all alike. The range lamb prices today is \$6 to \$6.40 for fair to good stuff; wethers, \$5.40 to \$5.75; yearlings up to \$5.50; ewes, \$4.60 to \$5. Today, choice ones would probably bring from \$5.15 to \$5.25.

## STOCK SALES

## GREATER OUTPUT FROM THE MINES

## DAWSON COAL TO BE SHIPPED AT THE RATE OF 200 CARS DAILY.

Every energy is being directed by the Phelps-Dodge company toward increasing the output of the mines at Dawson, N. M. More coal is needed by the company for its smelters in Arizona and the outside demand for the coal is very great. It is used by practically all of the railroads entering El Paso and by others. More locomotives have been ordered and new coal and coke cars have been ordered to increase the output of the mines to 200 cars of coal and coke a day. Compared with other coals as to steaming power, the Dawson coal is said to bear the ratio of 3200 to 1500, according to figures which have been given out, based on tests recently made.

## IDEAL SHEEP RANCH

The most perfect property for large sheep ranch in the southwest. Over 50,000 acres in solid body, with unequalled water, grass and shelter, and with first class timber, sufficient to pay for property, with a surplus, and leave ranch costing less than nothing. Title absolutely perfect, and every tax paid to date. A proposition that never can be duplicated for large sheep owner, or sheep company starting business.

WIPE OUT CHINATOWN,  
NEW YORK PEST HOLE

1—A CHINATOWN BABY. 2—MAN AND WOMAN STRETCHED OUT SMOKING "HOP." 3—CHUCK CONNORS, MAYOR OF CHINATOWN, DINING WITH TONG CHIEFS.

New York, March 21.—There is consternation in Chinatown. To wipe out that plague spot of New York it is proposed to have the city purchase the land and convert it into a park. This was the method adopted to clean up Mulberry bend when that vile haunt of crookdom is at beyond control of the police.

Crowded into the narrow confines of an area of four square blocks, no less than 8000 Chinamen live in squalid quarters, scores sleeping in one room. Evenings and on festival days thousands more congregate in the ill-smelling tenements from laundries scattered over this and surrounding cities.

Opium dens flourish in dark basements and there anyone who has the password or is accompanied by a recognized steerer may witness a score of Chinamen, white men and women, stretched out unconscious on floor mats, a pipe layout at every elbow. Gambling games of all the kinds dear to the oriental heart abound. Such dens of iniquity as the Chatham club, in Doyers street; the "Original Black Cat," in Pell street, and "Nigger Mike's," are well known to the police as the headquarters for gangs of thieves and worse.

In Chinatown police raids the net is invariably found to contain girls not out of their teens. A 16-year-old girl named Baker was lured from her home at Poughkeepsie four months ago to Chinatown. The police and others have searched for her there but she has disappeared as though swallowed up by the earth.

Tom Lee is called the mayor of Chinatown. It was his faction which engaged in a street war with the men of Mock Duck at the Chinese New Year festival. A Mock Duck man drew one of the long pistols always carried by the "braves" of the clans and fired into a crowd. When a Chinaman fires he turns the pistol over his left shoulder and runs and as he runs, pulls the trigger. A Tom Lee man fell with five bullet wounds in his breast. Later another Lee man was killed in the same way.

Tom Lee claimed to be a reformer and had the confidence of the police.

The Mock Ducks claim that Lee was running his own gambling and dope joints with great profit at the time the police believed him to be the Dr. Parkhurst of the district. Mock Duck is now in the Tombs awaiting trial for alleged bribery. At every outbreak of the clans the police make numerous arrests but at the trials all clans, for the common good, feign ignorance and refuse to inform upon each other. For this reason it is almost impossible to obtain convictions.

Converting the place into a park would scatter the Chinamen and destroy their stronghold.

## BUILDING TRADES ORGANIZE A UNION

## IN LAS VEGAS AND OFFICERS ELECTED TO SERVE FOR ENSUING YEAR.

A building trades union, embracing the bricklayers and stone masons, has been organized in Las Vegas, says the Optic. The organization will be known as the Las Vegas Local, No. 4, International Union of Bricklayers and Stone Masons. It is launched with a membership of about twenty. Preliminary steps were taken at a meeting held Saturday night in the rooms over Raywood & Robert's store. Adam Schweitzer, as deputy appointed by the grand lodge, swore in the

members, after which the principal officers were elected, the remaining vacancies to be filled at a later meeting. A committee was also appointed to draft a constitution and set of by-laws, which will make its report at a meeting to be held next Saturday. The officers already elected, were as follows: President, Alexander Munro; vice-president, R. W. Smith; secretary, John Malcolm; treasurer, John Chapman. Mr. Malcolm will officiate as treasurer until that office is filled. Mr. Schweitzer will probably be retained as deputy.

No change is contemplated in the wage scale, which is not less than 62½ cents per hour for bricklayers and not less than 50 cents an hour for stone masons—eight hours to constitute a day's work in each case. Overtime work and work on legal holidays is to be paid for at the rate of time and one-half. The legal holidays recognized are Labor Day, Decoration Day, Fourth of July, and Christmas.

## A Friend in Need—

THAT thin, little, 10-cent Box of Cascarets.

When carried constantly in your Vest Pocket, or in "my Lady's" Purse it will ward off ninety per cent of Life's ordinary ills.

Eat one of the six candy tablets contained in that "Vest Pocket Box" whenever you suspect you need one.

It can't hurt you, and is sure Insurance against serious sickness.

Want of Exercise, Indoor Employment, weaken the Bowel Muscles, just as they weaken Arm and Leg Muscles.

The Muscles lose tone, tension, strength, to force the food onward.

And the longer they stay in that state the weaker they become, because the less exercise they get through the slow passage of food.

Cascarets contain the only combination of drugs that acts on the Muscles of the Bowels and Intestines, just as Cold Water, or Exercise, act on a Lazy man.

They act like Exercise.

When you have Heartburn, Colic, Coated Tongue, Suspected Breath, Acid-riasing-in-throat, Gas-belching, or an Incontinent Cold, take a Cascaret.

Remember, all these are not merely Discomforts, but indications of a serious Cause.

Nip them in the bud—eat a Candy Cascaret. Cascarets don't purge, nor punish the stomach like "Bile-driving" "Physics."

They act like Exercise on the Bowel Muscles that propel Food, and that squeeze the Natural Digestive Juices of the body into Food.

Cascarets ward off, or cure, the following diseases:

Constipation    Bad Breath  
Biliousness      Diabetes

## MAYOR HINKLE OF CITY OF ROSWELL

## RECEIVES THE ENDORSEMENT OF CHURCH SOCIETY FOR HIS STAND ON SUNDAY CLOSING.

Strong endorsement of the action of Mayor J. F. Hinkle, of Roswell, N. M., in his Sunday law enforcing policy, was given by the Home Missionary society of the Trinity Methodist Episcopal church in resolutions which were passed at the last meeting of the society.

Mayor Hinkle permits no business to operate on Sunday except hotels, restaurants and livery stables.

The resolutions follow:

"Whereas, we, the Home Missionary society of Trinity Methodist Episcopal church, south, El Paso, Texas, have learned with pleasure of the action taken by the Hon. J. F. Hinkle, Mayor of Roswell, N. M., in enforcing the law in regard to Sunday closing of business, and,

"Whereas, we consider the lax ob-

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

A coming Headache can be warded off in short order, by a single Cascaret, and the cause removed.

Heartburn, Gas-belching, Acid-riasing in the throat, and Colicky feeling are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, and move on the Bowel wall, if taken at the first signs.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

All Druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet is stamped "CCC."

## FREE TO OUR FRIENDS!

We want to send to our friends a beautiful French-designed, GOLD-PLATED HUNTER BOX, hard-enamelled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded.

We trust also that other cities may be led by his example, to see and feel the necessity for the enforcement of this law, which will uplift mankind, and show to the youth of our land that there is such a day as the Holy Sabbath, and such a thing as obedience to mortal law. ## But Things MUST Come Our Way!

### You'll Have to, Also!

## YOU May Think We Are SPECULATING

## WE Know We Have a "GOOD THING"

**Remember:** That WE can afford to wait, but YOU cannot; in growing cities, the best residences are seldom built on the low lands. That we are the sole owners of the only heights overlooking the center of the city and which, covering over fifty square blocks, are but eight blocks distant from the heart of the business district. That, having held this tract intact for years, we now are offering it for residence purposes only, and that our deeds will exclude, for all time, all factories, stores, saloons, boarding houses, etc. That we are expending in improvements over FIFTY THOUSAND DOLLARS and TWO YEARS WORK and, at our own expense, are grading the lots and streets, building cement walks and planting trees. That we own our own water plant and will furnish you from deep wells, an ample supply of soft water at a price lower than the present rates. That the entire tract will be graded to a gentle slope, permitting to every residence the Best of Drainage, Broad, Low Terraces, and a Magnificent View of the Mountains, Mesa, City and Valley. That here you are above the dust and the dirt---or mud---the smoke and the noise of less favored localities. REMEMBER THAT:

### The Natural Advantages We Had—We Made the Artificial!

That SILVER AVENUE, and its adjacent blocks, the only street now ready, the CREAM OF THE ENTIRE ADDITION, will be the FINEST IN ALL NEW MEXICO OR ARIZONA. That, beginning at one park and ending at another, and also parked on both sides throughout its entire length, it is a boulevard eighty feet broad, lying on the crest of the highest ground in the tract.

That on this avenue a thirty-foot building line is imposed, that the lots are sold only in sites of 100x132 feet, that no dwelling may cost less than \$4,000, and that the purchaser insures to himself and his heirs, his home amid beautiful residences and the quiet and refinement of such surroundings. That the sixty sites on this avenue are so advantageously situated that nothing similar can ever again be offered in the City of Albuquerque.

Also Remember That the Majority of the Directors of this Company Have Bought Here and Expect to Build at Once.

## RAILROAD TOPICS

A. Barrman, in charge of the Santa Fe coast lines water service, spent the day in this city, having arrived from the west last night.

Train No. 10 carried twenty-two men laborers this morning. They rode on a pass which read from El Paso, to Keuro, New Mexico division, of the Santa Fe.

Dr. N. H. Morrison, chief surgeon for the Santa Fe coast lines, and surgeon in charge of the coast lines hospitals, was a visitor in the city yesterday, from headquarters in Los Angeles.

James Cashion of Phoenix, Ariz., connected with the Grant Brothers' Construction company, was in the city yesterday, looking after the business affairs of the company. He continued on to El Paso, today, where he is engaged on the Santa Fe cut-off.

John Connelly, general foreman of the Santa Fe shops, Bollemer, Foreman Johnson and Machine Shop Foreman Culham, left yesterday, for La Junta, Colo., and Topeka, Kan., where meetings of the mechanical department heads of the Santa Fe system are to be held.

The San Bernardino Times-Index says: General Foreman Thomas Vickers has returned from Albuquerque. He went there to make a demonstration of the welding process in use on engines frames here and in the east. He successfully made the demonstration to the Albuquerque mechanics.

A syndicate of Chicago capitalists, represented by C. H. Springer, is having a survey made from the Cuernavaca line of the Mexican Central to the city of Chilpancingo. The syndicate has options on more than 2,000,000 acres in the valley of the Rio Balsas. If these lands are purchased they will be colonized, where cotton, can farmers. The electric power for operating the railway will be secured from waterfalls.

## ASSOCIATION MUST OBSERVE THE RULES

Roads in the Transcontinental Passenger association have been brought up with a sharp turn by a man, who has discovered that some of them, through misinterpretation or otherwise, have been ignoring the regulations governing the issuance of side trip tickets in California in connection with the use of nine months' tourist tickets in a way that it likely to result in wholesale demoralization of rates. The chairman has laid down the regulations governing the issue of such side trip tickets in a way that cannot be misunderstood, and has called upon the roads to issue explicit instructions to their agents for a strict observance of these regulations.

## TIES IMPORTED FROM FAR OFF COUNTRIES

Two ship loads of ties from Japan have arrived at Guaymas and are being transferred to the construction camps on the Gila, Santa Fe and Pacific railways. In the shipment there are thirty thousand ties. A shipment of 110,000 oak ties from Japan are now en route and are expected to arrive at Guaymas at any time. Plenty of ties for the railroads are already in the ground and shipments are being made to the railroads at all points. The yard at Guaymas has been practically completed to a point beyond Torin, on the Yaqui river, eighty-three kilometers, or about fifty miles from Empalme. Within a few weeks it is expected the rails will be laid into Torin, giving that town railroad connection with the outer world. —Nogales Oasis.

## WHAT'S IN A NAME

WHERE DOES THE ATCHISON, TOPEKA & SANTA FE ROAD FIGURE?

The Santa Fe road is recognized all of its mile posts between Chicago and Albuquerque, and incidentally, Topeka is no longer on the main line, the Emporia cut-off now being a part of the main line, thus leaving Topeka to one side on a branch.

This new order of things calls attention to the fact that while the Atchison, Topeka & Santa Fe railroad is named for Atchison, Kan., Topeka, Kan., and Santa Fe, N. M., neither of these towns cuts much figure in the affairs of the road. Atchison, for instance, has been a weak point in Santa Fe railroad circles for many years, being a sleepy old Missouri river town, on a sluggish branch line of the Santa Fe. And Santa Fe,

ing up from the top of the car. He was near the end of the car when he started to fall, and to save himself from falling between the cars and meeting certain death under the wheels, he hurried himself over the side of the car. He was bruised quite badly and one of his wrists was broken.

## MORE NEW COMPANIES ORGANIZE

AND FILE THEIR PAPERS TO DO BUSINESS IN THE TERRITORY OF NEW MEXICO.

The following articles of incorporation have been filed in the office of Territorial Secretary J. W. Raynolds: Bond & Nohl company, incorporators are George W. Bond of Trinidad, Colo.; Franklin Bond and Jose Leandros Martinez, Espanola. The amount of capital stock, \$50,000, \$24,000 of which has been subscribed as follows: George W. Bond, \$16,000; Franklin Bond, \$8,000; and Jose Leandros Martinez, \$2,000. The location of the principal office of the incorporation is and shall be at Espanola, and Louis F. Nohl will act as principal agent. The period limited for the duration of the company is fifty years. The object of the corporation is to buy, sell, exchange, barter, deal in and in commerce wool, hides, pelts, sheep, cattle, horses, and other live stock, and the products thereof, and to buy, sell, exchange, barter, deal in and in commerce all kinds and classes of goods, wares and merchandise and to operate and carry on a general merchandise business. Also to purchase, hold, sell or dispose of and re-issue the shares of capital stock of any other corporation or company. They will also deal in real estate and transact other business specified in the articles of incorporation.

The Searchlight Mining company, incorporators together with the shares owned by each are: L. T. Wilson, El Paso, Tex., 20,000 shares; Kit Carson, Oro Grande, 50,000 shares; J. G. Kenan, El Paso, Tex., 5,000 shares; and D. F. Holt, Oro Grande, 10,000 shares. The amount of capital stock is fixed at \$250,000, all of which has been subscribed. The principal place of business will be at Oro Grande, New Mexico, but branch offices will be instituted wherever the company may deem it advisable. The officers of the company will consist of L. T. Wilson, El Paso, Tex., president; Kit Carson, Oro Grande, resident manager and first vice president; A. L. Edwards, El Paso, Tex., second vice president; D. F. Holt, Oro Grande, secretary, and J. G. Kenan, El Paso, Tex., treasurer. The purpose of the corporation will be to prospect and search for mineral lands on the public domain, and other lands in the territory of New Mexico, and elsewhere, and to carry on a general mining business.

The Beckwith Mining company, incorporators all of whom own 10,000 shares each, are: Kit Carson, of Oro Grande; Elizabeth Beckwith, Helen B. Martin and Laura Beckwith, of El Paso, Tex.; L. C. Chapman, M. B. Chapman and D. F. Holt, of Oro Grande. The incorporation has a capital stock of \$250,000, all of which has been paid in. The principal place of business of the company shall be located at Oro Grande and Kit Carson shall act as resident manager. The purpose of the incorporation is that of carrying on a general mining business.

The Burlington route is named for Burlington, Iowa, yet Burlington is a has-been and Burlington trains go right through the town like the dogs were after them.

The Wabash crosses the Wabash river over in Indiana, yet it crosses dozens of bigger rivers in other states and why the Indiana river should have thus been honored with a big railroad system for a namesake, is one of the mysteries of railroading.

## RESUMPTION OF WORK ON DAWSON-LAS VEGAS LINE

General Manager Simmons of the El Paso & Southwestern, as the Phelps-Dodge lines are called, has emphatically contradicted the report that his road has purchased or contracted to purchase the Tucuman-Santa Rosa division of the Rock Island. It is well enough known that negotiations were on between the two companies, but there is reason to believe that these negotiations have proven fruitless. At least, it is known that the Phelps-Dodge company has not relinquished its plan of building a Dawson-El Paso line through Las Vegas to afford a direct coal route to its Blisbee smelters.

It is reported that the company will, before the first of April, resume work on its permanent location, making headquarters in Las Vegas, and working both ways from that city.

## FRANKLIN'S NARROW ESCAPE

H. J. Miller, a Santa Fe brakeman, who lives at Emporia, is in the company hospital here suffering from a fractured wrist and many severe bruises, says the Newton Republican. His escape from sure death a few days ago was rather miraculous and showed remarkable presence of mind on his part. Miller was walking along the top of a freight car on a train moving thirty miles an hour, near Cedar Point. He stubbed his toe on a piece of tin which was stuck

### ARRIVAL OF TRAINS.

Following is the 4 o'clock report of the arrival of Santa Fe passenger trains:

No. 1, about 7:15 p. m.  
No. 7, about 11:45 p. m.  
No. 9, about 12:20 a. m.  
Nos. 8 and 4, on time.

S. B. McDonald and wife are in the city from Denver.

William S. Fitch is in Albuquerque from Pueblo, Colo., on a few days' visit.

Hon. Neil B. Field was in Santa Fe yesterday on business of a legal nature.

Born—To Mr. and Mrs. L. W. Black, of 619 North Sixth street, a baby girl, weighing twelve pounds.

Rev. J. M. Couder, the popular priest in charge of the Bernillo parish, is in the city today on business.

B. F. Garden, sales manager for the Egg-O-See Food company, is in the city, introducing his new breakfast food.

A marriage license was issued yesterday to Mary Dorothy MacLaren, Albuquerque, and Allison D. Hill, Norman, Wis.

Special convocation of Pilgrim commandery, No. 3, this evening, at 8 o'clock for work in the Black degree. By order of Recorder.

Charles J. Lantry, of the Lantry-Sharp Construction company, was a passenger through the city this morning on train No. 2 en route east.

F. C. Desendorf, inspector for the federal land office at Santa Fe, arrived in the city last night, on business connected with the land office.

B. A. Sleyster, the fire insurance agent, left this morning on a trip that will carry him to Santa Fe, Las Vegas, Springfield and as far north as Raton.

Hon. H. B. Ferguson left last night for a ten days' visit to San Francisco, where he will look after some important business matters of a personal nature.

Dr. and Mrs. L. Laughlin of the Fraternal Brotherhood were passengers for Las Vegas this morning. They expect to be absent from the city several weeks.

W. E. Hill, president of the Albuquerque Gas, Electric Light and Power company, arrived on the flyer today from Denver, accompanied by Mrs. Hill.

Walter Jaffa is recovering from an operation at the St. Joseph hospital for appendicitis, and will probably be able to be moved to his home on the coming Sunday.

A. H. Hall, New Mexico agent for the International Correspondence school of Scranton, Pa., left this morning on a business trip to Santa Fe and Las Vegas.

The music store of Leonard & Lindemann, on Gold avenue, is closed today out of respect for Mr. Lindemann's brother, whose death occurred on Monday night.

L. K. McMonney, A. W. Dunbar, Victor Means and H. C. Haines, all of the United States Marine corps, were in the city last night, at the Alvarado, en route from San Francisco east.

Mrs. F. B. Luchinsinger left last night for a visit with friends and relatives in Denver for a few days. From that city Mrs. Luchinsinger will proceed to Monroe, Wis., where she will make an extended visit.

Dr. J. E. Kraft, the dentist, yesterday transferred to Attorney Frank C. Akerman, fifteen lots of the Colorado place, near the local lumber mill. The consideration is in the neighborhood of \$5,000.

The regular monthly meeting of the Ladies' Aid Society of the Lead avenue Methodist church will be held at the church parlors, Thursday, March 22nd, at 2:30. Every member is urged to be present.

Mrs. D. D. Coverdale, the milliner, who spent several weeks at the hospital suffering from an operation for appendicitis, has recovered sufficiently to be removed to her apartments, in the Hope building, on Gold avenue.

As yet no definite date has been decided upon for the driving match now being arranged for by the members of the Mesa Agricultural Park association, but it is thought that a date will be decided upon in the near future.

The New Mexican says: Lawrence Goehel, a former grocery clerk in Albuquerque, is in the city looking for a similar position. He visited several of the local grocery stores and expects to secure employment without much difficulty.

Fourth street, between Tijeras and Copper avenues, is still in a rather impassable condition, as a result of the breaking of a water plug the other night, that caused Fourth street and Tijeras avenue to be flooded for a considerable distance in each direction.

tion. Street Commissioner Tierney promptly had a number of wagon loads of dirt hauled to the spot and dumped around, in an effort to fill up the several mud holes caused by the flooding, but the streets have not dried out yet.

Mrs. Jessie Hanaert, 519 North Second street, entertained yesterday afternoon, with a luncheon, in honor of her guests, Mrs. Berger of Belen, Mrs. Taylor of Santa Fe, and Mrs. Roberts of this city. Mrs. Taylor left last night for a visit to California.

Fred Purcell, the deputy United States marshal, whom rumor says is slated for an appointment to some office in the gift of Governor Hagerman, was at Santa Fe, yesterday, leaving in the afternoon for Las Vegas, where he expects to obtain service in several cases which have been placed in his hands.

Thos. Hall, the well known piano tuner, left last night on his periodical western tour, embracing towns in New Mexico, Arizona and California. He will remain at Redlands, Cal., returning to Albuquerque some time during the summer.

"Herrman, the Great," and his little band of mysterious sleight of hand performers, passed through the city this morning, en route east from the Pacific coast. Unlike the original chesty "Herrman, the Great," the modern Herrman is a small man.

Work on remodeling the Strong building, corner West Railroad avenue and Fifth street, for the reception of an undertaking establishment that is to occupy the building, is well under way. The new firm of undertakers will move into the building about May 1st.

A leaking fire plug at the corner of West Gold avenue and Fourth street, in front of the Commercial Club building, is furnishing an excellent place for the English sparrows to take their daily baths. Many of the little fellows can be seen daily fluttering about in the mud puddle.

Reports have just reached this city of a blaze at the Los Lunas roller mills, Monday, which for a time threatened to destroy the plant, but the quick arrival of the hook and ladder apparatus, which runs on the railroad, saved the mills. A spark from a passing engine is supposed to have started the fire.

Mr. and Mrs. Byron H. Ives entertained the pastor and official board and their wives, of the Methodist Episcopal church last evening, at their beautiful new home on South Fourth street. The house was profuse with tulips and daffodils. The evening was spent in social diversions and a dainty two-course luncheon was served.

F. T. Schmidt, recently of Iowa, has leased the Copeland barn on North Second street, known as the London Club stables, and is preparing to open it for a livery, and boarding stable. Mr. Schmidt is re-equipping the stable with new stock and vehicles, the equipment of the London Club stable company having been sold at private sale.

Prof. Hiram Hadley, territorial superintendent of public instruction, passed through the city this morning, returning to his headquarters at Santa Fe, from a trip to Alamogordo, where he attended a very successful and decidedly enthusiastic meeting of the teachers' association of Otero county. Mr. Hadley says that schools all over the territory are in excellent condition.

The Highland drug store made its initial bow to the public last night and today Dr. L. B. Crawford, the pharmacist in charge, is doing business on a large scale. The new store is located on the north side of East Railroad avenue, just east of the Santa Fe railroad crossing. When the new East Railroad avenue Reynolds building, now in the course of construction, is completed, the Highland drug store will move across the street and occupy the northwest corner of it.

It will then be a new store, one more degree toward being complete, than now, the new store building adding the last degree.

Children's feet deserve care. It is most important to get good fitting shoes for the little ones. Our shoes are so made that they conform immediately to the foot of the child. When it comes to boys' and girls' shoes, then we do feel proud of our offerings. They are constructed with particular care as to fit—but with extra caution as to stock. The better the stock the better the wear. Prices range from \$1 to \$2.50. C. May's shoe store, 314 West Railroad avenue.

Remember the lunch from 11:30 until 2 o'clock. Hot biscuit and butter, cold meats, baked beans, salad, pie and coffee, all served for 25c, at the Woman's Exchange building, by the ladies of the Presbyterian church, Thursday, March 22.

"ARNOLDS BEST" HIGH PATENT FLOUR MAKES TEETH, BONE AND MUSCLE.

A. E. Walker has removed his insurance offices to 217 West Railroad avenue, up stairs, over the Chinese restaurant; the offices of the Mutual Building and Loan association that Mr. Walker represents being moved to that office also, where patrons of the bank named company can pay their dues.

TOE GUM, AT RUPPE'S.

## The Integrity of Our Name

Now-a-days when the cry "Quality" is shouted on every hand by a hundred brazen throats it is hard to distinguish between the false and the true in clothes.

It is the part of wisdom then to put your faith in a house of recognized standing and unchallenged reputation. Such a house can not, as a mere matter of business policy, afford to play its customers false.

OUR NAME on clothes is a mark of which we're right proud and which we have kept unsullied through all the storm and stress of competition—it stands for "promises fulfilled" for "no misrepresentation" for "finest fabrics, best trimmings, advanced styles, our customer's interests," first, last and all the time.
