RUSSIA HAS HANDS FULL

Discontented Elements Preparing Secret Election.

GENERAL STRIKE IN APRIL

Germany is Angry at Russia's Instructions to Algeciras Envoy.

TWENTY ONE EARTHQUAKES FELT

St. Petersburg, March 22.—The agitation among the workmen's organizations in the city of St. Petersburg, and the social democrats, revolutionists and other radical elements, to send delegates, elected secretly, to a meeting to be called at some place in Finland, early in April, at which the ultimate plan of operation will be decided upon. A division of sentiment exists among the leaders. Some favor calling a general strike in the middle of April, for the purpose of forcing the lower house of parliament to demand the immediate convocation of the constitutional assembly, on the basis of universal suffrage, but the more audacious aim at setting up a provisional government.

The authorities perfectly realize that something big is in preparation, and Interior Minister Durnovo has sent circulars to the governors general, instructing them to take "necessary measures" to meet the movement.

RUSSIA SIDES STRONGLY WITH FRENCH CLAIMS.

Berlin, March 22.—Russia's instructions to Count Cassini, her chief delegate to the Moroccan conference, have affected the German government most unfavorably, and came almost as a challenge at the moment that the settlement of the questions in dispute at Algeciras seemed almost certain. It is not improbable that the attitude of both the French and German delegates will be influenced thereby.

Dispatches from Algeciras today indicate the unyielding disposition on either question, whether France and Spanish inspectors of police shall operate in each harbor or consist of four exclusively French and four exclusively Spanish inspectors.

PENAL COLONY TRIED TO MAKE ESCAPE.

New York, March 22.—A cable to the Herald from Palermo says that there had been twenty-one earthquakes on the island of Ustica during the past three days. The population is terrorized. A great valley has been formed in the center of the island, and all the houses demolished. The island is used as a penal settlement for hardened criminals. These made an effort to escape, but were subdued by the guards. One of three mountains on the island is reported in eruption.

THE SCHOOL BOARD MET THIS AFTERNOON

TO DISCUSS MEANS FOR ENLARGING SCHOOL FACILITIES FOR THE COMING SCHOLASTIC YEAR.

The school board met this afternoon at 4 o'clock in the office of the "recess" Craig's office, at which time the matter of issuing bonds, as exploited in yesterday's issue of The Evening Citizen, was discussed.

Owing to the fact that next scholastic year there will be a larger number of pupils present than last year, and that the school buildings are now taxed to their capacity, makes it imperative that some action be taken with a view to securing more school room.

In case it should be decided by the board to ask the people to sanction a bond issue for the purpose of additional school buildings, the matter will have to be presented at a special election. Congress would also have to approve of the matter first, which would take several months.

Other ways and means were discussed this afternoon at the meeting, nothing definite was decided upon. The meeting was more to find out the views of the different members of the board than to take any decisive action.

SOME WORK IN THE SENATE CHAMBER.

Washington, D. C., March 22.—When the senate met today the joint resolution extending from June 15 to August 15, 1906, as the time for opening to entry that ceded portion of the Shoshone Wind river reservation in Wyoming was passed.

The railroad rate bill was taken up and Lodge addressed the senate in support of his amendment, providing for the displacement of the present interstate commerce commission by one with a larger number of commissioners, and with longer terms of office and better pay.

SHOW OF FINE DOGS IN PITTSBURGH, PA.

Pittsburgh, Pa., March 22.—A select convention of the most aristocratic and blue-blooded dogs, with yard-long pedigrees, will be held today in the ball room of the Hotel Schenley. The recent convention of such dogs in the ball room of the Waldorf-Astoria in New York served as the model for this convention, and every feature of the metropolitan show will be closely imitated. No dog will be admitted unless he has been placed on exhibition that is not a pure blood and recognized as such by the American Kennel club. The arrangements are in the hands of a committee of ladies of the most exclusive society of Pittsburgh, and all entries had to be made by women. Walter F. Bender and S. G. Leslie have been selected as judges and Dr. J. Stewart Laroche as veterinarian.

IN THE BROAD MINING WORLD

Agreement Between Coal Operators and Miners Is No Nearer

THAN IN FEBRUARY LAST

Hope of Adjustment Through Compromise is Hardly Entertained at All.

STRIKE IS GENERAL IN FRANCE

Indianapolis, Ind., March 22.—The joint scale committee of the joint conference of coal operators and miners, in the central competitive field and the southwest district, again went into executive session today to continue the contest over the wage scale. The situation before the doors closed on the two meetings was the same that confronted the operators and miners when the former conference adjourned on February 2, following their agreement. The two sides were apparently no nearer a settlement. It is admitted by both sides that should there be an agreement at this time the wage scale agreed upon will be in force for one year only.

FRENCH MINERS CLASH WITH THE MILITARY.

Lens, France, March 22.—Reports from the various mining centers show that the strike is now general. Some districts have occurred and a number of company wagons were smashed. Twelve hundred additional troops arrived here and the whole district is now occupied by military forces.

SOCIETY'S EFFORT AT GETTING THROUGH LENT.

New York, March 22.—The circus season will be formally opened by Barnum & Bailey's show at Madison Square Garden this afternoon. The

MICHIGAN CENTRAL'S UNDER RIVER TUNNEL

New York, March 22.—The advisory board of engineers appointed by the management of the Michigan Central railroad, to take charge of the proposed tunnel under the Detroit river, from Detroit to Windsor, Canada, will meet here this afternoon to open bids for the construction of the tunnel. The tunnel, including under river section and approaches, will be about a mile and a half long and will be one of the biggest undertakings of that kind in this country. The advisory board consists of W. J. Wilgus, chief engineer of the Michigan Central system; Howard A. Carson, chief engineer of the Boston Transit Commission; and W. S. Kinnear, assistant general manager of the Michigan Central.

The work will be carried on under the direction of the Detroit River Tunnel company, which was organized for the purpose. A force of engineers prepared the plans and specifications. The general plan calls for

WOULDN'T IT MAKE YOU MAD—

If you had hidden from the world— And because of your cuteness—

And your ability to dodge the detectives— If you discovered that humanity was celebrating in the hope that you never would come back.

RUOSEVELT HAS A TALK ON PACKERS

He and Attorney General Moody Consult Over Court Decision.

CHOATE AFTER INSURANCE

Man Is Hung For Murder After Being Condemned to Die Four Times

ACCIDENTS BOTH RAIL AND WATER

Another Fatal Collision by Freight and Passenger VESSELS COLLIDE AT SEA

Operator Who Slept on Duty and Caused Wreck Is Now at Home.

Washington, D. C., March 22.—President Roosevelt had an extended conference today with Attorney General Moody. Secretary Taft and Justice Brandeis were also present. The conference was held in the White House.

Webster City, Ia., March 22.—The fast passenger train, No. 1, on the Illinois Central, due here at 3:50 this morning, collided with a freight one mile west of Dunsmuir, this morning.

Two vessels collided at Cape Henry, March 22.—The German steamer, San Miguel, bound from Baltimore to Port Maria, and the schooner Ralph M. Hayward, from New York, collided twelve miles off here last night. The schooner is leaking badly and was beached at Lyn Haven Inlet. The San Miguel proceeded to Baltimore today. Her main mast was carried away, the deck trimmings and stack dismantled and a hole stove in her side near the water line.

Operator who caused the wreck found. Denver, Colo., March 22.—S. Frank Lively, the Swallows operator, whose unfortunate trip caused the collision at Adobe last Friday, is at his home at Mumfordsville, Ky., according to a dispatch received here today. He says he went home to rest and would return to Colorado, if wanted.

It is becoming more certain that the death list in the accident was between forty and fifty. The list of unaccounted for at the Rio Grande headquarters shows forty-eight missing. Undoubtedly, a number of those unaccounted for are alive, but it is believed also that many of them are dead.

Under Sheriff Lopez yesterday received a telegram from Editor McCutchen from San Marcial, saying that he would come to Socorro today to meet the sheriff and receive service of process. Mr. Lopez therefore left last night for Socorro. But in the meantime a bond for Mr. McCutchen, in the amount of \$1,000, had been made by W. S. Hopewell, Ernest Meyers and Messrs. Frank and Thomas Hubbell.

This bond was legally acknowledged by the makers, and of course, Mr. Lopez had not the least hesitancy in accepting it. Whether Mr. McCutchen will return to San Marcial to attend the meeting of cattle and horse men there, which he had gone down to attend, or whether he will go with Mr. Lopez to Santa Fe, The Citizen has not learned.

Circus season to open in new York. Louisville, Ky., March 22.—The county equipment of Nikola Tesla, the United Society of the Christian Endeavor of Boston, Mass., and the Rev. F. M. Tinker, president of the Kentucky Christian Endeavor Union of Lancaster, Ky., will be the principal speakers at two public rallies which will be held this afternoon and this evening at the First English church, Broadway near Jackson street. They will speak on the general work of the young people's societies.

STATEHOOD BILL IS SENT TO CONFERENCE BY A GOOD MAJORITY

Democrats and Recreant Republicans Put Up Strong Fight But Could Not Win Out--Babcock Declared That Reference Meant

NO MORE BE HEARD OF BILL THIS SESSION

In Senate Foraker Proposed to Take Appointment of Conferees From Chairman and Let Senate Name Them Instead.

Washington, D. C., March 22.—By a vote of 175 to 156 the house adopted the statehood rule, and the speaker appointed Hamilton (Mich.), Brick (Ind.), and Moon (Tenn.), as conferees.

How It Was Done. The special rule for sending the statehood bill to conference was brought into the house by Duffell, as the first business of that body today. Duffell demanded the previous question, and on a rising vote, 149 voted for it and 124 against it. The roll call was secured on the demand of Minority Leader Williams.

The roll call resulted in ordering the previous question, the vote being 171 to 140. Duffell was recognized for twenty minutes and began an explanation of the reason for the special rule.

Williams Works Hard. Williams tried to have the statehood conferees instructed to concur in the senate amendment omitting Arizona and New Mexico, but was defeated on a point of order. The legislative appropriation bill was then taken up.

Duffell's Views. "There were," said Duffell, "but three ways to dispose of the bill. One was to send it to committee; another, to ask unanimous consent and send it to conference. This was impossible. The third method, as adopted, proposed sending the bill to conference, where there could be just criticism and an orderly course pursued. In opposition, Williams pointed out that the vote to adopt the special rule was to vote against concurrence in the senate amendments. Under the rules of the house, a motion to concur would be in order. The usual course of procedure, this morning, ought to be reversed," he continued. "We ought to have had the first reading and approval of the journal; then the moving of the previous question on this rule, and then an invocation by the chaplain for the mercy of God upon this republican house." (Applause.)

In my opinion they will need it before they get through monkeying with this proposition," he added. He said that if it was the purpose to put up a bluff now and yield to the senate later, such a procedure was child's play.

Bede Waxes Funny. Bede of Minnesota made a very humorous speech in the house on the statehood question. He said he had supported the administration in everything save the statehood and whipping post bills. He praised the president for allowing a member of the

house (Longworth) to break into his private family, without sounding the alarm, and also that when he gave his daughter away, gave her to a good American, instead of a degenerate foreign prince.

Castigate Party Organization. A severe castigation of party organization was made by Humphrey of Washington, and Fulkerson of Missouri followed along the same lines. Babcock predicted that today's action of sending the bill to conference was the last that would be heard of it during the present session. A defense of the method was made by Grover of Iowa, after which Bede kept the house in convulsions. He was against the rule. DeArmond of Missouri spoke briefly, and Duffell closed.

Republicans With Democrats. Republicans who voted with the Democrats against ordering the previous question were: Adams, Babcock, Hanson, Bede, Beldier, Bogoyne, Brown, Calderhead, Cushman, Davidson, Esch, French, Fulkerson, Gillette of California, Goelitz, Gronlau, Hayes, Herman, Howell, Humphrey of Washington, Jones of Washington, Kennedy, Knowland, McKinley, McLachlan, McMoran, Marshall, Mondell, Mudd, Murphy, Needham, Tyndall, Smith of California, Wachter, Welborn, Woodard, Young.

How Received in Senate. When the statehood bill was received from the house, Beveridge, chairman of the committee on territories, moved that the senate insist upon its amendments and agree to the request for a conference. Senator Foraker moved to amend the motion and provide that the senate instead of the vice president, appoint the conferees. The adoption of Foraker's motion would allow the opponents of joint statehood to name the conferees. Upon Foraker's suggestion the whole matter went over until tomorrow.

HOUSE OPPOSES THE SHIP SUBSIDY BILL. Washington, D. C., March 22.—The house committee on merchant marine and fisheries will hold a consideration this afternoon to consider the shipping bill. It is expected that there will be considerable opposition to the bill and its fate is considered very doubtful, particularly as Speaker Cannon is opposed to the bill and will give no encouragement for its consideration, even if it should be reported. Representative Tawney, chairman of the committee on appropriations, is also pronounced in his opposition to the bill.

CASE GOES OVER TO THE NEXT TERM. Special to The Evening Citizen. Santa Fe, N. M., March 22.—Daniel A. Macpherson, charged with criminal libel, waived formal arraignment and case goes over to the next term of court in September. He is under \$1,000 bail. His attorney, A. B. McMillen, and he leave this evening for Albuquerque.

MCCUTCHEEN ALSO HAS GIVEN BOND. Under Sheriff Lopez yesterday received a telegram from Editor McCutchen from San Marcial, saying that he would come to Socorro today to meet the sheriff and receive service of process. Mr. Lopez therefore left last night for Socorro. But in the meantime a bond for Mr. McCutchen, in the amount of \$1,000, had been made by W. S. Hopewell, Ernest Meyers and Messrs. Frank and Thomas Hubbell.

This bond was legally acknowledged by the makers, and of course, Mr. Lopez had not the least hesitancy in accepting it. Whether Mr. McCutchen will return to San Marcial to attend the meeting of cattle and horse men there, which he had gone down to attend, or whether he will go with Mr. Lopez to Santa Fe, The Citizen has not learned.

CIRCUS SEASON TO OPEN IN NEW YORK. Louisville, Ky., March 22.—The county equipment of Nikola Tesla, the United Society of the Christian Endeavor of Boston, Mass., and the Rev. F. M. Tinker, president of the Kentucky Christian Endeavor Union of Lancaster, Ky., will be the principal speakers at two public rallies which will be held this afternoon and this evening at the First English church, Broadway near Jackson street. They will speak on the general work of the young people's societies.

St. Louis Wool. St. Louis, Mo., March 22.—Wool market steady and unchanged.

Wireless telegraph paraphernalia sold. Colorado Springs, Colo., March 22.—The county equipment of Nikola Tesla, the United Society of the Christian Endeavor of Boston, Mass., and the Rev. F. M. Tinker, president of the Kentucky Christian Endeavor Union of Lancaster, Ky., will be the principal speakers at two public rallies which will be held this afternoon and this evening at the First English church, Broadway near Jackson street. They will speak on the general work of the young people's societies.

MASONIC LODGE OF NEARLY A CENTURY

Lowell, Mass., March 22.—Pawtucket Lodge, A. F. & A. M., will observe the ninety-ninth anniversary of the granting of its charter this evening. Dinner will be served at the Masonic Temple, and a musical and literary entertainment will follow. Benjamin W. Clement, Lucius A. Derby, secretary, and other officers are in charge of the celebration.

While the first meeting of the lodge was held in a hall located on land now occupied by the Frederick Ayer estate, its installation took place in the old Pawtucket Congregational church, which was removed some years ago to give room to the present building. Before proceeding to the church the members of the Pawtucket lodge met in the Spaulding residence.

DEDICATING ANOTHER STATE WAR MEMORIAL

Pennsylvania party is traveling in a special train via Fredericksburg, Richmond, Danville, Salisbury, Asheville, Knoxville, Chattanooga, Birmingham and Meridian. The members of the party will take a drive to the National park and other points of interest. Friday night, at 8 o'clock, a reception will be held in the parlors and lobby of the Carroll hotel in honor of Governor and Mrs. Pennington, Governor and Mrs. Vardaman, the members of the two staffs and the ladies accompanying them. On the night after the dedication, beginning at 8 o'clock, a joint Union and Confederate camp-fire will be held at the opera house. On that occasion several highly interesting addresses will be delivered. The dedication will take place on the afternoon of the twenty-fourth.

corner of Pawtucket and School streets. That building is still standing and is thought to be the oldest building in Lowell. The property was owned by the grandfather of the late Dr. Joel Spaulding. Dr. Spaulding died in Lowell on January 30, 1888, and his sister Sarah R., who was his help, died a few years ago while returning from a trip to Savannah. The property has not been occupied since the death of Miss Spaulding. It has been proposed to purchase the property with funds to be contributed by various historical and patriotic societies and to preserve it as a historical relic. The Molly Varnum Chapter D. A. R. has taken the matter in hand and will make an attempt to raise the required fund.

MRS. HUNTINGTON IS GRANTED DIVORCE. San Francisco, Cal., March 22.—Superior Judge Graham today granted a divorce to Mrs. Henry E. Huntington, on the ground of desertion. No request for alimony was made and the attorneys refused to state whether or not there was any money settlement.

CHRISTIAN ENDEAVOR MEET IN LOUISVILLE. New York, March 22.—For the benefit of the Ladies Auxiliary of the Lynde-Hospital a brilliant entertainment with living pictures, music and singing will be given this afternoon in the grand ball room of the Waldorf-Astoria. One of the features of the entertainment will be the production of a clever little French comedy, "La Soeur du Soliste" by Mrs. F. McNeill Rosen Jr. and Mr. Ernest Porritt. Mrs. Stanford White has arranged the living pictures, in which Mrs. Robert Thoms, Mrs. Ralph Pulitzer, Miss Cynthia Roche, Miss Nora Iselin and several other young society women will appear.

MADE BOTH LEGAL AND PHYSICAL FIGHTS. Newark, N. J., March 22.—Giuseppe Manno, an Italian, was hanged here today for the murder of his brother-in-law. The murder followed a quarrel between the two men. The struggle which Manno made to save himself from the gallows, during the past two years, was a most remarkable one. Not only did he exhaust all methods known to the law, but on at least two occasions, made sensational attempts to escape from confinement. One of these was made in the court room, after he had been sentenced to death for the third time. He suddenly drew an iron bar from the leg of his trousers and made a break for freedom. He was overpowered, after one of the court officials was severely injured. The murder was committed August 28, 1904, and the prisoner had been tried and sentenced to death four times.

RODEY WIRES FROM WASHINGTON. Colonel E. W. Dohson today received the following telegram from B. S. Roddy, now at Washington: "Statehood bill sent to conference without instructions, after hard fighting. Chances look good now."

SNOW STOPS RAILWAY TRAFFIC IN OHIO. Wooster, Ohio, March 22.—All traffic over the Cleveland & Southwestern traction line between this city and about forty miles away, has been suspended because of snow drifts in the road. Three cars with fifty passengers have been stuck in the huge snow drifts five miles north of this city since 5 o'clock last evening. Many men are engaged in shoveling snow from the tracks, but the wind blows it back almost as fast as it is removed.

WIRELESS TELEGRAPH PARAPHERNALIA SOLD. Colorado Springs, Colo., March 22.—The county equipment of Nikola Tesla, the United Society of the Christian Endeavor of Boston, Mass., and the Rev. F. M. Tinker, president of the Kentucky Christian Endeavor Union of Lancaster, Ky., will be the principal speakers at two public rallies which will be held this afternoon and this evening at the First English church, Broadway near Jackson street. They will speak on the general work of the young people's societies.

MOST POPULAR MAN IN INDIANA A FELON

SHERRICK AS HE LOOKS TODAY. AGED, AND AS HE LOOKED FIVE YEARS AGO.

Indianapolis, Ind., March 22.—The most popular man in Indiana will soon be wearing the garb of a convict in the state penitentiary. David E. Sherrick, former auditor of state, is now in the custody of the sheriff, pending his removal to the penitentiary.

In 1904 Sherrick received a plurality of 94,000, several hundred larger than given Roosevelt for president, and 10,000 larger than the plurality given J. Frank Hanly for governor. It was the largest plurality ever given a candidate for state office in Indiana.

Everywhere in Indiana Sherrick was known as "Dave." He was a good fellow in every sense of the word. He had a way of winning friends and keeping them.

The downfall of Sherrick is the result of politics. When he first sought office he was a prosperous lawyer and insurance agent at Noblesville. The nomination for auditor of state cost him nearly as much as two years' salary—\$13,000, \$6,500 being the annual salary. He went into office a poor man.

In 1904 Sherrick assisted in the campaign of J. Frank Hanly for governor. He loaned \$250 to assist in lining up delegates in the republican state convention. Hanly was elected. In September, 1905, Governor Hanly learned that Sherrick had loaned and invested \$120,000 of the state's money and was unable to make his quarterly settlement with the state. Governor Hanly demanded Sherrick's immediate resignation, which was given. At the same time, Governor Hanly paid his note for \$750, which money had been taken from the state's funds.

Sherrick was indicted and his trial set for March 5. Before he was placed on trial his friends, headed by former Governor W. T. Durbin, had paid off every cent of Sherrick's indebtedness to the state. This fact failed to impress the jury, which returned a ver-

dict of guilty, and now, unless a new trial is granted, Sherrick must serve from two to twenty-one years in the penitentiary. Sherrick held that it had been the custom of state auditors to invest state funds.

FINDS A VALUABLE DEPOSIT OF MICA

DISCOVERY IS MADE BY STOCK-MAN, NORTH OF GRANITE MOUNTAIN—THE VEIN, AS FAR AS EXPLORED, IS SEVEN FEET THICK AND LOOKS TO BE OF A PERMANENT CHARACTER.

What promises to be come a valuable mica deposit, with development, was recently discovered about twenty miles northward of this city and about ten miles north of Granite Mountain, by Ernest Marlow, a well known stockman of the Williamson valley section. Pieces of the mineral, which is of the white variety, can be stripped from samples that he brought to this city, which measure six inches square, says the Prescott Journal-Miner.

The discovery was made along a feldspar dyke that traverses the country in a northerly and southerly direction, by Mr. Marlow, while riding after stock. A shaft started on the deposit, and now down to a depth of eight feet, shows the vein to be seven feet in thickness, with every indication of permanency. Specimens brought to this city show the mineral to be thin, elastic and transparent, and perfectly free from stain of every kind. He is making arrangements to commence sinking a shaft on the dyke near where the discovery was made, and will continue its development to considerable depth, with a view of determining its extent and value.

Mica is used for many purposes, among which may be mentioned doors for stoves and furnaces, material in the manufacture of electrical apparatus, a coating for the spangling of wall papers and fabrics, while the refuse is turned into mica axle grease, which finds a ready market.

The largest mica mines in the United States are in South Carolina, but extensive deposits of the mineral are being worked in New Mexico, Nevada, and in the Black Hills, South Dakota. Ledges of it have been found in this county in various places from time to time, but have never been developed to any extent. The Marlow find is pronounced by miners familiar with the mineral and its uses to be of superior quality and among the best ever seen here.

Doctors Are Puzzled.

The remarkable recovery of Kenneth McVey of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and is gripe. Guaranteed at all drug stores. 50c and \$1.00. Trial bottle free.

GOOD ORE FROM THE MAUD M. CLAIM.

Assays from ore samples taken from the Maud M., a mining property in the Santa Fe mining district, located in the Box canon of the Tesuque river about five miles northeast of Santa Fe, show that the ore in that claim is valuable. The assays were made by Corbett & Collins, mining engineers and assayers of that city, and gave the following results: 23.1 ounces of gold to the ton valued at \$440. The rock is a white quartz and shows some pepsite and tellurium. The ore vein so far as developed shows a four-foot body, bearing gold. D. C. Allard has charge of the working for Mr. Craycraft, the owner, and has a small force of miners at work doing developing.

DR. DOLLEY FOUND DEAD IN BED.

Dr. F. C. Dolley was found dead in bed at his home near Casa Grande, last week, says the Tucson Star. The discovery was made by Dr. Ernest Walker, who, with others, were at the Casa Grande to meet the doctor, relative to taking an option—price \$45,000—on the improved land held by the doctor. The family of deceased

came over from Pomona, Cal., to have the remains transferred by trolley to Tucson to the train. Funeral services were held at Pomona, and later the body was shipped to Portland, Me., for burial. Dr. Dolley purchased the Reid place, many thousands acres, near Casa Grande, about five years ago, and further improved it. Deceased was an excellent man, and enjoyed the acquaintance of many Tucsonians. He was about 54 years of age.

SHE CAN WHISTLE UP THREE OCTAVES

Denver, Colo., March 21.—Tucked away in an obscure little town in Colorado—Canon City—until this week practically unknown and unheard of excepting among a very few friends, Miss Elsie Proctor has suddenly attracted the attention of the best musicians in the state and her fame is fast spreading throughout the west. All this because she can whistle as no one else has even whistled within the knowledge of experts.

Only a few days ago, before a select audience of masters of music and technique, she whistled some of the most stirring passages in the opera of "Parsifal"—an exhibition so faultless that her auditors were spell-bound.

Daily she receives calls from professors, who she readily convinces of her phenomenal whistling. Her range is three full octaves. Miss Proctor has been refused by her mother to enter a theatrical career, but tempting offers are still being received, some of them by telegraph.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset, and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

NOTICE FOR PUBLICATION.

(Small Holding Claim, No. 2072.)
Department of the Interior, United States Land Office, Santa Fe, N. M., March 8, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim, under sections 16 and 17, of the act of March 3, 1891, (26 Stats., 854), as amended by the act of February 21, 1893, (27 Stats., 470), and that said proof will be made before the United States commissioner at Albuquerque, N. M., on April 17, 1906, viz., Emilio Sanchez, for the small holding claim No. 2072, in sections 24 and 25, township 7 north, range 2 east.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Juan Sanchez y Apodaca, of Peralta, N. M.; Edward F. Otero, of Albuquerque, N. M.; Berninio Peralta, of Peralta, N. M.; and Manuel Alderete, of Peralta, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of the Herald, Addison, Indian Territory. "I have taken to Chamberlain's Pain Balm, and it has more to attend to business. It is the best of liniments." It troubles with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief it affords. One application relieves the pain. For sale by all druggists.

WILLING HELPERS.

What's the use of a helper, if he isn't willing? Willingness is an ample mantle which will almost cover all the sins of service. But a classified advertisement in The Evening Citizen is a willing helper that is not only absolutely competent, but also a willing worker. It works all the time for you, is the best and most economical publicity in the world.

NOTICE

Notice is hereby given that an election will be held in the City of Albuquerque, New Mexico, on Tuesday, April 3, 1906, between the hours of 9 o'clock a. m. and 6 o'clock p. m., of said day, at the following polling places:

First Ward—City Hall.
Second Ward—At office of Chas. Chadwick & Co., on Gold avenue.
Third Ward—At office of E. H. Dunbar, on South Third street.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but

The present legislative assembly of Ohio has passed a joint resolution, declaring for a change in the system of electing United States senators, and that these officials should hereafter be elected by the popular vote. The change is coming surely, if slowly, but it is coming.

PROF. JOHN L. MARCH.

An interesting application of the theory is that which would have to be made to our colleges, hospitals, churches, etc. Here, again, the distinction would have to be made between homestead and social property. The corporation would retain its buildings and appurtenments but would gradually, as the state saw fit, give up its other possessions. It would then have to exist either as a trust or as a collection of most private schools and churches and so on, or have a trustee under greater or less degree of state control. That this would benefit our colleges and universities can hardly be doubted. They would become seats of learning once more, if Germany can be taken as an example.

Several years ago, an editor in a small Illinois town conceived the notion of strengthening his subscription

the town, they had one

the editor, as an inducement to subscribers, inaugurated a "daily telephone news service." Every night, when I received the latest Chicago newspapers, he cut out the principal headlines, summarized the leading news items, and, at a certain hour, in response to a given signal, the farmers on his lines picked up their receivers and the editor read to them the full news of the day. In this way, families living twenty miles from the nearest railroad or telegraph station had the news of the world as quickly as dwellers in the great cities. The idea spread until now hundreds of country telephone companies are giving their former subscribers daily news service.

ELECT OFFICERS**

And Petition City Council to
Secure Safeguards at
Crossings.

DEATH OF J. W. PAXTON DISCUSSED

The Retail Merchants' association of Albuquerque, met last night at the office of the secretary in the Whiting building, at which time the following officers were elected, to serve the ensuing term:

President—B. O. Jaffa, of the Jaffa Grocery company.
Vice President—J. C. Flournoy.
Secretary—W. D. Clayton.
Treasurer—J. W. Anderson, of the Monarch Grocery company.
President F. G. Pratt called the meeting to order. After the minutes of the previous meeting had been read by Secretary Clayton, the recent violent death of J. W. Paxton, a driver for the Whitney Hardware company, was discussed, and resolutions passed to the effect that better railroad crossing protection was needed, and on motion of Mr. Whitney, seconded by Mr. Skinner, the secretary was instructed to frame a petition to the city council asking that body to make an effort to secure better protection for those forced to cross the railroad at Mountain road and Tijeras avenue crossings.

A communication from the Marshall Field company of Chicago, concerning certain mail matter, was referred to a committee composed of Messrs. Whitney, Rice and Stern. This committee was also appointed to solicit new members.
After a discussion of other important matters, new officers were placed in nomination, and the election followed. The previous president, F. G. Pratt, declined the nomination for a second term as president.

**WATER AND OIL
TALK AT GALLUP**

MARSHAL WINDERS TELLS
INTERESTING FACTS OF THE OIL
FOUND NEAR THAT CITY.

Ellis Winders, marshal of Gallup, accompanied by Sheriff Harry Coddington and Attorney Gaudin, arrived in the city last night on No. 8 to attend the trial of T. N. Hinch, which comes up before the United States court today, on a charge of selling liquor to Indians, the gentlemen being witnesses in the case.

In conversation with a representative of the Evening Citizen, Marshal Winders stated that the trouble in which one T. J. Ranson had succeeded in getting himself, when he filled up on bad booze and took a few shots at his former employer, Mr. Krum, and also Mr. Sanju, who was standing in the yard next to Mr. Krum when the shooting took place, had been settled, Ranson paying a fine for carrying concealed weapons and being discharged upon the complaint of assault with intent to kill. It is said by some that Krum agreed to dismiss the assault complaint, whereas, others claim that Ranson was charged through trickery. At any rate, the matter has been dismissed by the courts, said Marshal Winders, and Hinch, it is claimed, is behaving nicely, having "sworn off" from the fiery liquid.

Marshal Winders stated that a nice flow of soft artesian water was daily coming from the new well there, but that a pump would have to be installed soon, as the natural flow was insufficient.

"It was intended at first to go deeper, but some were afraid that by going deeper they might ruin the softness of the flow they have already," said Mr. Winders. "I am glad that the water is so good, and that the pump will be installed soon, as the natural flow is insufficient."

Speaking of the oil found near Gallup, Mr. Winders said: "There are plenty of signs of oil near Gallup. About fifteen miles northeast of the city there is an oil seepage that is quite visible, and whether it can be developed in paying quantities is the question. Years ago a tunnel, probably eighteen feet long, was sunk, and in this tunnel oil seeps around. When visited the tunnel it was full of water and the water was covered with a thick coat of oil which could be scraped off the water easily. Years ago travelers passing there used the oil for axle grease."

**URGES OBSERVANCE
OF ARBOR DAY**

SUPERINTENDENT H. J. HAGERMAN
SENDS CIRCULAR TO DIRECTORS OF SCHOOLS
IN THE TERRITORY.

Following the proclamation of Governor Hagerman, the directors of the schools in the territory are urged to observe Arbor Day on Friday, March 20, 1936, as Arbor Day, and to recommend that on that day the people in all parts of the territory, aside from the ordinary duties of life, and devote their time to planting of trees for the future.

In accordance with established custom and by virtue of the laws of the territory of New Mexico, enacted for that purpose, His Excellency, H. J. Hagerman, has designated Friday, March 20, 1936, as Arbor Day, and recommends that on that day the people in all parts of the territory, aside from the ordinary duties of life, and devote their time to planting of trees for the future.

Two natives, charged with being intoxicated, were before the police judge, this morning, and were fined.

THE HILT-MACLAREN MARRIAGE

WELL KNOW NEW YORK PEOPLE
UNITED IN MARRIAGE IN THIS
CITY.

Rev. J. W. Barron, the pastor of the Congregational church, was called upon Tuesday evening to join in marriage Allison D. Hilt and Mrs. Mary Dorothy MacLaren, both having registered at the Alvarado from New York city. After the ceremony, the bride and groom, who are both of the firm of Hickox-Maynard, were called on by the couple, and the groom presented to the bride, yesterday afternoon, in his automobile, Mr. Hickox took the couple a spin over the city.

Mr. and Mrs. Hilt have come to Albuquerque to remain some time, and have taken apartments at the Alvarado. While enjoying a quiet honeymoon, Mr. Hilt is recuperating a constitution impaired by the business of a New York brokerage office. While in Albuquerque, he will also give his attention to some compositions of a literary nature, which were slighted in the rush of busy New York.

Mrs. Hilt is the daughter of C. V. Dutton, vice president of the Milwaukee Northern railway, and a sister of A. N. Dutton, assistant to the general manager of the Brooklyn Rapid Transit company, who was a few years ago an official of the Santa Fe coast lines and a frequent visitor to Albuquerque.

Mrs. Hilt made a short visit to Albuquerque about four years ago. The Duttons are particular friends of O. A. Matson.

**GOVERNOR HAGERMAN'S
REASONS FOR CHANGE**

IN THE SUPERINTENDENCY OF
THE NEW MEXICO TERRITORY
PENITENTIARY.

Yesterday's Citizen gave the news of the appointment of Captain Arthur Trelford, of the United States penitentiary at Fort Leavenworth, Kan., to succeed Hon. H. O. Bursum as superintendent of the New Mexico territorial penitentiary at Santa Fe, and regarding said appointment Governor Hagerman is quoted as saying:

"There were a number of men in New Mexico who were considered for this position. The fact they were not appointed is no reflection upon their character. I consider it necessary that the man who holds such a position should have had a great amount of experience in prison management and be in a position to devote his entire time to his work. This place, in my judgment, should not be filled by a man who has other occupations, such as politics or business interests to attract his attention. He should be a man whose intention is to study and advance in this work. That is briefly why I selected Mr. Trelford, although he was not a New Mexico resident. He was recommended very highly by R. W. McLaughrey, warden of the federal prison at Leavenworth, Kan., who is an authority upon prisons and their management. Although Governor Hagerman did not say so, it is understood that the deputy superintendent, R. C. Garrett, who has filled the position he now holds so capably and efficiently for the past three years, will be retained, and that there will not be any changes, at least for the present, among the minor employees."

**BURSUM IN THE CITY
SPEAKS OF RESIGNATION**

Hon. H. O. Bursum, chairman of the republican territorial committee, whose resignation as superintendent of the territorial penitentiary at Santa Fe has been tendered and accepted, arrived in the city last night, and spent the day here, meeting old friends and transacting business of a personal nature.

When seen at the Alvarado by a representative of The Evening Citizen, Mr. Bursum stated that he was en route to Socorro county, for which place he will leave tonight, on a business trip, and to look after some interests he has in that county.

When asked as to the cause leading up to his resignation as superintendent of the penitentiary, Mr. Bursum declined to discuss the subject at any length, saying:

"I have nothing to say relative to the matter, except that I was permitted to resign."

"Have you made any plans for the future, Mr. Bursum?" was asked.
"None in particular," replied Mr. Bursum, "except that I will go ahead attending to my personal business much as I have already done."

When asked if he would confine himself to sheep raising on his large sheep ranch in western Socorro county he replied that he would not pursue more than usual, that he had no definite plans for the future after his resignation takes effect, which it does the 12th of April, but that he would remain in the territory making it his home.

Mr. Bursum affirmed the report that Captain Trelford, of Fort Leavenworth, Kas., had been appointed as his successor, and expressed the wish that that gentleman would have a prosperous reign as superintendent. Speaking of the reported appointment of Deputy Fred Fornoff as captain of the mounted police, Mr. Bursum stated that the rumor was unfounded and that it was virtually settled that Mr. Fornoff will be the next captain of the New Mexico mounted police, vice Captain Pullerton, who, it is understood, will shortly be asked for his resignation.

POLICE COURT

A. C. Emory was taken into custody this morning on a complaint of having stolen, or assisted in the stealing of a bed spring and stove from his wife, Mrs. Emory, who was caught with the spring, alleges that Emory stole the stuff and gave it to him. The stove was disposed of to John A. Thirion for \$1.50. Mrs. Emory, it is understood, refuses to prosecute her light-fingered spouse or his companion.

Two natives, charged with being intoxicated, were before the police judge, this morning, and were fined.

**EAGLES ORGANIZE
AT LAS VEGAS**

Initiating Team From This
City Return, Having In-
stalled Officers.

WERE ROYALLY ENTERTAINED

The Albuquerque team of Eagles that went to Las Vegas a few days ago to put in the degree work for the new aerie instituted there, returned home last night, and report a royal reception by the feathered ones of Vegas town, and a princely entertainment.

Following are the officers elected to serve for the first year of the new aerie at Las Vegas:
Past President—A. R. Roberts.
President—A. A. Maloney.
Vice President—W. M. Lewis.
Prelate—E. E. Pettit.
Secretary—T. E. Blauvelt.
Treasurer—A. M. Adler.
Conductor—C. N. Bailey.
Inside Guard—Ben Reynolds.
Outside Guard—Florentia Montoya.
Physician—Dr. M. F. Desmarais.
Trustees—T. J. Raywood, three years; John Thornhill, two years; J. F. McGuire, one year.

The Las Vegas lodge was instituted last night at a meeting of the Fraternal Brotherhood hall. It starts out with a membership of ninety and the promoters are sanguine that the roster will be doubled before the end of the year.

Mayor Frank McKee, the territorial organizer of the Eagles, presided at the instituting of the aerie in Las Vegas. He was assisted by the degree team from this city, which included Henry Westerfeld, J. J. Sheridan, W. C. Barnes, H. E. Sherman, W. C. Moore, W. C. Mason and J. C. Martin. There were present sixteen other visitors belonging to aeries scattered throughout the country.

The formal launching of the aerie, initiation of the members and election of officers was followed by a sumptuous banquet. It was midnight before the diners retired to the table and it was well along into the morning before the guests dispersed. The Las Vegas Eagles thus marked the founding of the order in that city in an auspicious manner and they will doubtless be flying high now that they are full fledged members of the society.

The number of the local aerie has not yet been officially announced, but will probably be made known in a few days. The meeting nights have been set for the first and third Tuesdays of each month with headquarters for the time being at the hall, in the Fraternal Brotherhood hall.

The visiting Eagles were royally entertained during their stay in Las Vegas. They were treated to a drive up into the canyon yesterday afternoon and last evening were guests of honor at a dinner at the Castaneda hotel.

**WILL DEFEND INDIAN
CHARGED WITH OFFENSE**

OF A SERIOUS NATURE—ACCUSED
OF OBSTRUCTING UNITED
STATES MAIL.

Attorney A. J. Abbott, of Santa Fe, legal representative of the Pueblo Indians in New Mexico, came down today to look after the interests of Jose Manuel Yappa, a Jemez Indian, charged with obstructing and obstructing the United States mail, at Jemez pueblo, some time ago. He pleaded not guilty at his preliminary trial and his case will come before the grand jury tomorrow.

During the morning Attorney Abbott had for a visitor Jose Chiguilqui, an Ileta Indian, who called to see the attorney in reference to some land his son had been deprived of. It seems the son had married, thereby obtaining title to some valuable land. Later, his wife died and the land was taken away from him. The father wanted Attorney Abbott to have the land returned to his son at once. Throughout the territory Attorney Abbott is looked up to by the Indians somewhat in the light of a godly power, they imagining that all that is necessary to do to have all their troubles and complaints speedily adjusted is to appeal to Mr. Abbott.

**CATTLE ASSOCIATION
OPENS CONVENTION**

AT SAN MARCIAL THIS MORNING,
WITH MANY IN ATTENDANCE—
GOVERNOR HAGERMAN TO BE
PRESENT.

Special to The Evening Citizen.
San Marcial, N. M., March 22.—The annual convention of the Cattle Protective association of Central New Mexico opened here this morning, with a large number of prominent cattlemen from all over the territory, and especially the territory in attendance. Every hotel and place of accommodation is full, and more delegates and visitors are expected to arrive here during the day. Today's session was given over to receiving the delegates and preparing for the business of the convention.

Advises received from Santa Fe are to the effect that Governor Herbert J. Hagerman will arrive here tonight and will address the convention tomorrow or Saturday. The convention lasts three days. Much enthusiasm is being displayed and it is thought that the convention will work much good for the protective interests of the cattlemen.

**HOW EASTERN HORSEMEN
CLEAN UP ON CAST-OFFS**

RUNNERS RETURNING TO EAST-
ERN TRACKS, AFTER EXCITING
SEASON AT ASCOT.

The racing season at Ascot Park, Los Angeles, closed on Saturday, and eastern horses not taking the Pacific coast circuit, are now homeward bound.

Train No. 2 this morning carried the running string of J. S. Holland, of New York. The lunch consisted of ten horses and were in charge of Trainer Frank Regan.

Among the best horses in the car was the well known Masterson. Masterson's latest success was to capture the Brooks-Cost derby this winter at

Ascot, worth \$2,500 to his owner. He made the mile and a quarter in a trifle more than two, flat, thus making up a record at Ascot for the distance.

"Eastern horses always get the money on the coast," said Trainer Regan, a reporter. "The western stock is shy on the quality, a large percentage of them being only the cast-off stock of eastern stables. We cleaned our lunch up this trip, selling all our ponies at good prices. We had sixteen horses when we went to the coast in November, and we are taking back only ten of them."

"This thing of cleaning up their stables by selling to western horsemen, is getting to be quite a practice by eastern owners," continued the trainer. "And it is done with great success. A horse worth \$200 in New York, will bring probably \$1,000 in California, and he may make good there, too, on account of the air being lighter. Horses that can't even get a lock-in at the money at Gravesend, may go over on the Pacific coast and win right along. You see horses need a change of climate, as well as a change of food. We made a good cleaning on the coast this year and are going back to Gravesend with our horses in fine shape, as a result of six months on the coast."

**MEXICO A COUNTRY
OF GREAT POSSIBILITIES**

SAYS DR. AMBLE, OF MANZANO,
WHO HAS JUST RETURNED
FROM THE REPUBLIC.

Dr. C. J. Amble, of Manzano, Torrance county, who has just returned from an extended trip into the interior of Mexico, says that the sister republic is a country of great possibilities. The doctor did not confine his investigations to that part of the country traversed by railroads, but spent many weeks in parts of the country thus far unscathed by the inroads of civilization.

"On one trip of fifteen days," said the doctor, "a mining engineer and myself penetrated the Teotopock region, 300 miles south of the City of Mexico, into a country so rough that we traveled with the utmost difficulty, our trail going first up hill, then down, encountering the most radical changes of climate. The vegetation grew prolific, and rain fell almost every day. At the foot of the mountains, the thermometer registered 105 and files were thick, while up on the mountains snow fell instead of rain. We found lots of mineral on our prospecting pilgrimage, with silver and gold values running as high as \$100 a ton, but the difficulties encountered in getting the ore to the railroad makes mining there of this grade of ore unprofitable."

Although I went to Mexico for the purpose of looking over the country, with a view to locating, and found it a good field for both mining and the practice of medicine, I am yet undecided as to what to do. I have lived near Manzano now about four years, and like New Mexico pretty well."

Dr. Amble came to New Mexico from Chicago, locating at Manzano, which is famous for the apple trees, which grow there to an enormous size and old age.

**ROSWELL DEMOCRATS
SELECT CITY TICKET**

The democrats of the city of Roswell held their city convention last Saturday afternoon, and the following gentlemen were nominated to head the ticket:

Mayor—J. W. Stockdale.
City Clerk—Fred J. Bess.
Treasurer—J. G. Hedgcock.
The candidates for aldermen and school trustees are as follows:
First Ward—M. D. Burns, alderman; Dr. E. H. Skipwith, school trustee.

Second Ward—W. E. Wisely, alderman; F. Divers and H. J. Shaner, school trustees.
Third Ward—C. L. Stone, alderman; J. R. Ray, school trustee.
Fourth Ward—R. D. Bell, alderman; Rev. C. Hill, school trustee.
Fifth Ward—R. H. McCune, alderman; O. Z. Finley and G. G. Gilbert, school trustees.

The Record, in its report, says the report of the resolution committee was amended so that it endorsed emphatically the present city administration and its policies of tilling the irrigation ditches, extending sidewalks, raising the saloon licenses to \$2,000 per year, and prohibiting gambling. This amended resolution was adopted without a dissenting vote.

MUSEMENTS AT THE ELKS THEATRE

The most fascinating characters of the drama are not necessarily the most lovable. "Shylock" has been endowed by Shakespeare with few traits that are prepossessing in the ordinary sense of the word, yet "Shylock" towers head and shoulders in popular interest over any romantic hero that fiction has created. It is the temperament that is capable of great emotions that compels attention and the actor who plays "Shylock" acceptably must be a man of great natural gifts and well grounded in his art. Charles H. Hanford who served his apprenticeship as a player under such masters as Booth and Barrett and who had his post-graduate course as the stellar associate of that heroic figure in the legitimate drama Thomas W. Keene stands pre-eminent today in the esteem of thousands of players as the exponent of this strange, complex and yet intensely human role. "Shylock" is one of the very few instances in which the Hebrew character has been presented to the stage with a complete realization of racial dignity. Although embittered and revengeful, he is a man of resourceful mind and unconquerable pride. This role has been a favorite one with Mr. Hanford and his personal desire to appear in it this season has been supplemented by numerous requests. In the character of "Portia" the poet has shown how a woman may be intellectual and courageous, capable of coping with the most skilled legal minds and brave in an emergency, and yet not a bit like the "new woman" who sometimes appears in modern affairs. Miss Marie Drouhal has portrayed this role with so much success that she has won unhesitating recognition as one of its most charming and efficient exponents. The company has been selected with the utmost care and the production has omitted nothing which is the mischievous of the stage to create. The Merchant of Venice will be presented by Mr. Hanford and his company at the Elks' opera house on Saturday, March 31, at the matinee; The Taming of the Shrew will be Mr. Hanford's play Saturday night.

MELODY IN NAMES OF ELLERY'S BAND

Melody radiates from the very names of the musicians of the Ellery band, says an enthusiast who is also a student of languages from what he

considers a psychic point of view. Assistant Manager Voltier of the band helps out the argument with the assertion that Italian is a tongue that carries musical suggestion in every syllable.

"Of course," says Mr. Voltier, "one must have some comprehension of the pronunciation of the names to bring out their real harmony, but without that it need not take the deepest perception to scent the atmosphere of sweet sounds which pervades the roster of the band. Ruminations have often brought to me the concept that the name by which each member of our organization is known could be developed into a musical theme of no mean significance." And this is the song he sang:

FRANCESCO FERULLO
Leader of Ellery Band as seen by a Milwaukee Humorist.

Francesco Ferullo, director; Fertune Covone and Aristode Coccaro, flutes; Eduardo Raho and Gaetano Caranci, oboes; Giuseppe Rucci, E-flat clarinet; Vincenzo Cipriani, soprano saxophone; Pietro Ricci, alto saxophone; Alfonso Rossi, tenor saxophone; Arturo Corti, baritone saxophone; Luigi Lubalin, bass saxophone; Antonio Decimo, Giuseppe Siniscalchi, Aniello Marantino, Eustachio Pili, Gennaro Terraglio, Florindo Maselli, Antonio Scarpa, Camillo Zaccaro, Antonio Lovraglio, Tommaso Tornese, Salvatore Lasorella, Pietro Turi, all B-flat clarinets; Angelo Valente and Antonio Carideo, alto clarinets; Onofrio Vecchio and Giuseppe Pozzo, bass clarinets; Domenico Palma, Taddeo di Girolamo, Giovanni di Natale, Federico Gregorio and Tornese, trumpets; Achille Caranci, Raffaele Gaeta and Vincenzo Montopoli, French horn; Antonio Zitelli, Vincenzo Frezza and Michele Petti, alto; Liborio Lomonte and Vincenzo di Natale, solo trombones; Luigi Basile, Antonio Forte and Giovanni Marinelli, trombones; Vincenzo Riso, solo euphonium; Filippo Mancini, euphonium; Michele Frascolla, bass trombone; Raffaele Greco, Ernesto Milano and Rodolfo Rapini, basses; Silvio Palma, tympani; Luciano Buoncrisitano, drum; Francesco Viola, bass drum.

Both names and melody will be at Elks' theatre Saturday, March 24th; matinee and night.

THE TRADE BOOM IN PACIFIC AND ORIENT

OUTSTRIPPING THE EAST.

During the time the Atlantic ports have been growing from \$624,000,000 to \$917,000,000 the Pacific coast ports have grown from \$12,000,000 to \$193,000,000 of exports.

Washington, March 22.—The most notable feature of the wonderful commercial development now apparent in the United States is the growth of the Pacific coast cities as channels of foreign trade.

During the last year the exports from the Pacific ports have almost doubled—\$103,121,575 worth of merchandise. During 1904 they exported only \$67,722,816. Enough is known to make it certain that this ratio of growth is not only being maintained but increased. Imports have kept pace in the same proportion.

This means commercial development leaps and bounds. Our trade with China and Japan has almost doubled in a year and tripled in two years. Beginning in 1903 at 13 millions of dollars, our exports to China, during a period of 10 months for which the records were kept, grew to the next year, during the same period to 20 millions and the past year to 50 millions. The exports to Japan increased from 16 millions to 22 millions to 49 millions.

This is 10 times as much as we sent Japan 10 years ago and fourteen times as much as we sent to China.

What then of the future of our Pacific coast cities and the future of this Oriental trade? Multiply the total of the present Oriental trade by nine and the result will be a rough estimate of the potentialities of the Oriental trade. To put it in another way the present trade of Asia and Oceania amounts to three billion dollars. But their population is 550,000,000, while that of all the rest of the world is but 750,000,000. But the trade of the rest of the world amounts to nineteen billion dollars. So it is seen that the Orient has a right.

DAGGS CASES WILL PROBABLY BE DISMISSED

PROSECUTING ATTORNEY CONSIDERS CHANCES FOR CONVICTION BUT SLIGHT.

The famous Daggs assault cases, it would seem, may be ended so far as any chance of the two defendants ever serving a term in the penitentiary is concerned, says the Phoenix Gazette. The Maricopa county board of supervisors has taken up the matter with District Attorney Baker, who is in conference with them this afternoon. It is the wish of the members of the board to have the cases dismissed unless he feels pretty certain that he can secure convictions.

Judge Baker said he thought the chances of convicting them was very remote. He said the records show that changes of venue often result in acquittal and especially in this case where there has been a great lapse

of time since the commission of the offenses, he is not at all confident.

The cost of carrying witnesses to Prescott to attend the trial and maintaining them during the trial would be very heavy and the county would have to pay the expenses of its own witnesses, win or lose. Failure to convict would mean also the assumption of the costs to the defendant.

The Daggs case is one of the most sensational on trial here in recent months. The Daggs brothers, R. E. and A. J., were arrested several months ago, on complaint of Esther and Marie Powers, whom they had very forcibly ejected from their offices, it is alleged, in the Monihon block.

A charge of assault with intent to commit rape, was also preferred against R. E. Daggs, the complaining witness being Esther Power, the younger of the two girls, a child of sixteen. She had been employed in the office by R. E. Daggs. Of this crime he was convicted in the district court and was sentenced to the pen-

itentiary at Yuma. The case was appealed to the supreme court but has not been reviewed.

Eczema, Tetter, Salt Rheum, Itch, Ring Worm, Herpes, Barbers' Itch.

All of these diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve, and by its continued use a permanent cure may be effected. It has, in fact, cured many cases that had resisted other treatment. Price 25 cents per box. For sale by all druggists.

IDEAL SHEEP RANCH

The most perfect property for large sheep ranch in the southwest. Over 50,000 acres in solid body, with unequalled water, grass and shelter, and with first class timber, sufficient to pay for property, with a surplus, and leave ranch costing less than nothing. Title absolutely perfect, and every tax paid to date. A proposition that never can be duplicated for large sheep owner, or sheep company starting business.

L. B. PRINCE,
Santa Fe, N. M.

It will not cost you a cent to try Chamberlain's Stomach and Liver Tablets, and they are excellent for stomach troubles and constipation. Get a free sample at any drug store.

AN ACCIDENT AT BALL GAME AT PEARCE.

The Tombstone junior base ball team went to Pearce, Sunday, where they played a game with the Pearce nine, being defeated by a score of 22 to 2, says the Tombstone Prospector. One of the members of the team, George Shearer, met with an accident, by having been struck on the forehead with a bat wielded by John Smith, while batting. Shearer was standing near Smith, when the latter swung to hit a ball, the bat striking Shearer on the forehead, causing him to drop as if dead. A physician was summoned, and after some time he was revived. He was brought into town and is reported to be resting easy.

OFFICIAL MATTERS

Jose D. Sena Appointed Colonel. Jose D. Sena, clerk of the supreme court, was on yesterday appointed a member of the governor's staff, his commission to date from March 21, with rank of colonel.

Notaries Public Appointed. The following notaries public have been appointed by Governor Hagerman: Ma. E. Pierce, Alamogordo, Otero county; E. W. Bryson, Estey, Socorro county; C. R. Phillips, Cloudcroft, Otero county; Charles A. Scheuch, Encino, Torrance county; Arcadio Sals, Bernardo, Socorro county; Leopoldo Contreras, La Joya, Socorro county; Lee Anderson, Tucuman, Quay county; Antonio J. Leyva, Chacon, Mora county.

Resignation Accepted. Governor Herbert J. Hagerman has accepted the resignation of H. O. Bursum, as superintendent of the territorial penitentiary, as follows:

Santa Fe, N. M., March 19, 1906. The resignation of H. O. Bursum is hereby accepted, to take effect on April 12, 1906. H. J. HAGERMAN, Governor.

The governor's note of acceptance was written across the corner of the resignation and has been filed in the office of Territorial Secretary J. W. Reynolds.

COMING EVENTS

March 24—Ellery's Royal Italian band.
March 31—Charles Hanford Company in Shakespearean Plays.
April 3—City election.
April 15—Easter Sunday.
May 15—The opening of the Casino.

A Scientific Wonder. The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It heals the worst burns, scalds, boils, ulcers, cuts, wounds, chilblains and salt rheum. Only 25c at all drug stores.

CHARACTER—

That every ingredient must be of choicest selection, and the brewing, fermenting, aging—and so on—faultless, is told in the taste—

BLATZ WIENER BEER

—But there's something else! An indescribable element that gives to Wiener its striking individuality. In a word, it is Character. There's a most satisfying, grateful flavor that is always a distinct Blatz quality.

Always the Same Good Old "Blatz"

You May Buy or You May Wait

But Things **MUST** Come Our Way!

You'll Have to, Also!

YOU May Think We Are **SPECULATING**

WE Know We Have a "GOOD THING"

Remember: That WE can afford to wait, but YOU cannot; in growing cities, the best residences are seldom built on the low lands. That we are the sole owners of the only heights overlooking the center of the city and which, covering over fifty square blocks, are but eight blocks distant from the heart of the business district. That, having held this tract intact for years, we now are offering it for residence purposes only, and that our deeds will exclude, for all time, all factories, stores, saloons, boarding houses, etc. That we are expending in improvements over FIFTY THOUSAND DOLLARS and TWO YEARS WORK and, at our own expense, are grading the lots and streets, building cement walks and planting trees. That we own our own water plant and will furnish you from deep wells, an ample supply of soft water at a price lower than the present rates. That the entire tract will be graded to a gentle slope, permitting to every residence the Best of Drainage, Broad, Low Terraces, and a Magnificent View of the Mountains, Mesa, City and Valley. That here you are above the dust and the dirt—or mud—the smoke and the noise of less favored localities. **REMEMBER THAT:**

The Natural Advantages We Had—We Made the Artificial!

That SILVER AVENUE, and its adjacent blocks, the only street now ready, the CREAM OF THE ENTIRE ADDITION, will be the FINEST IN ALL NEW MEXICO OR ARIZONA. That, beginning at one park and ending at another, and also parked on both sides throughout its entire length, it is a boulevard eighty feet broad, lying on the crest of the highest ground in the tract.

That on this avenue a thirty-foot building line is imposed, that the lots are sold only in sites of 100x132 feet, that no dwelling may cost less than \$4,000, and that the purchaser insures to himself and his heirs, his home amid beautiful residences and the quiet and refinement of such surroundings. That the sixty sites on this avenue are so advantageously situated that nothing similar can ever again be offered in the City of Albuquerque.

Also Remember That the Majority of the Directors of this Company Have Bought Here and Expect to Build at Once.

ALBUQUERQUE HARDWARE CO.

RAILROAD TOPICS

J. F. McMahon, train master for the Santa Fe at Las Vegas, arrived in the city yesterday on company business, returning to Las Vegas today.

George H. Nelson, inspector of refrigerator cars on the Santa Fe, with headquarters at La Junta, Colo., was in the local yards this morning on official business.

Luciano Romero, for thirty years driver of the stage between Trinidad and Starkville, was run down by a Santa Fe freight train while trying to drive over a grade crossing near Starkville, the other day.

Fireman Lorin Collip, who was seriously injured on the Santa Fe, Raton & Eastern, is slowly recovering. Until recently it was feared a surgical operation would be necessary to remove the clotted blood from over the brain.

Charles Bryant, a locomotive engineer of Rochester, N. Y., who has been in the city for some time past, the guest of the family of J. P. Palmer, left yesterday for his home. His young son, Ross Bryant, who came here with him, will remain in the city for some time longer for the benefit of his health.

Charles J. Lantry, of the Lantry-Sharp Construction company, passed through the city yesterday en route east from a trip of inspection to the Belen cut-off. Mr. Lantry stated that work was progressing rapidly and that by tomorrow night the most difficult part of the roadbed, from Belen to Epris, will have been completed.

The diner on the California Limited, No. 3, which left here yesterday morning, was brought back last night in the middle of a freight train, having jammed the track near El Rio, and so damaging the front trucks that the car had to be cut out of the limited at El Rio and returned here for repairs. It went to the "rip" track last night and will go out today on No. 7.

The Newton, Kan., Republican says: Mail car No. 42 is sidetracked east of the depot and the clerks are using it while running out 1,530,000 slips which came in the latter part of last week. The slips weighed 2,338 pounds in the aggregate, and made an immense pile in the transfer office. The supply in this consignment is enough to last the clerks running south from Newton for two or three years.

J. T. Bate, formerly commercial agent of the Missouri, Kansas & Texas railway at Denison, Texas, passed through El Paso yesterday morning on his way to Los Angeles, to which point he has been transferred. Mr. Bate is successor to F. E. Maguire, formerly commercial agent for the "Katy" in this city, who has resigned on account of ill health, from the post at Los Angeles.

The first division of the Santa Fe cut-off between Belen and Epris, a distance of 120 miles, will be completed tomorrow, the track from Willard to Epris having been completed yesterday, and track laying between Willard and Belen, the short gap, was commenced yesterday and will be completed tomorrow night at the latest. Those having the work in charge feel much gratified at the way work has been pushed forward during the past few weeks that the weather has been nice.

J. M. Connell, general passenger agent of the Santa Fe system, has just completed his first visit through the Rocky Mountain states since he was advanced from general agent of the Santa Fe at Chicago to general passenger agent. Before leaving Denver, two days ago, on his way to Topeka, he said that the Santa Fe system was preparing to handle, this summer, the largest tourist business in its history, and that it is revising its advertising publications and will distribute thousands of copies of these.

SWITCHMEN'S UNION IS SUED FOR A POLICY.

Suit was brought in the district court at Denver by the widow of the late Dennis Davidson, former bailiff of Judge Malone's court, against the Switchmen's Union of North America, of which Mr. Davidson had been a member, to collect the face of a \$500 life insurance policy, which the complainant charges has been unpaid.

According to the claims of counsel for Mrs. Davidson, on September, 1903, the premium on the policy was due and unpaid. In September, friends of Mr. Davidson went to the office of the union and paid the premium, the sum being accepted by the organization's

ONE MORE STEEL MAGNATE IN A MATRIMONIAL TANGLE

STARTLING ALLEGATIONS IN DIVORCE SUIT TO BE TRIED IN NEW YORK.

New York, March 22.—Jas. P. McQuade, another of Pittsburgh's group of steel trust magnates, is having marital troubles which will soon be aired at a trial of a suit brought by his wife for separation and alimony. McQuade, a millionaire, is vice president of the National Powder Co., a large stockholder in the Pressed Car Wheel company, and a partner in

MRS. JAMES P. McQUADE.

the Douglas-McQuade company, which controls the automatic switches in use on surface railroads.

McQuade says that he did not know that his wife was suing him until he read in the newspapers that Mrs. Sarah S. McQuade had told Judge Burr, in the supreme court of Brooklyn, that her husband had beaten her and left her penniless. The millionaire and his wife separated six months ago.

McQuade has declared his intention of fighting the case. He denies that he ever struck his wife and charges that the trouble in his household was instituted by Mrs. McQuade's sister. Among other things, he says his sister-in-law, Mabel, broke five of his ribs.

In reply to the wife's charge that her wealthy husband had driven her out of the house and that she was penniless, McQuade said that he had given his wife the Nyack estate, real estate in this city which she had sold for \$65,000, and had made a trust deed of his income from the National Cable & Conduit company so that his wife received \$533 a month. He claims his wife's extravagance cost him \$700,000 a year to live.

DEVELOPING THE HANOVER DISTRICT.

Hanover and the immediate surrounding mining country is fast becoming one of the leading mining camps of the southwest, owing to the extensive operations of the Hermosa Copper company, says the Silver City Independent. This company is backed, it is understood, by New York capitalists, and during the past few months has purchased nearly all the valuable mines and mining property in and around Hanover that its officers were able to secure. The company has invested several hundred thousand dollars on these properties. It is understood that it is not the idea of this company to take out and ship ore for some time to come, but simply to block out the ore, and when the proper time comes, the operations will be among the most extensive yet undertaken by any company in that district.

The company is at the present time placing the most improved machinery, such as steam hoists, etc., on the different properties and otherwise getting in shape to take out the ores in hundreds of tons daily.

No "Come Back" Here.

This is the first instance in several years of newspaper work that the writer has dared to tell the truth about a wedding for fear of getting licked, and does so now with a keen relish. The groom is an editor and is not an accomplished and popular leader of society; in fact, he doesn't know as much about it as a rabbit. His hair is red and the freckles on his face crowd each other for room. He has never considered that the future looked very bright and promising. The bride, judging from the job she has taken on her hands, is a young lady of more than ordinary nerve.—Gaylord (Kan.) Sentinel.

NOTICE TO STOCKHOLDERS.

LOCAL AND PERSONAL

DAY AND WEATHER.

Partly cloudy tonight and Friday; warmer in eastern portion.

Sunrise, 6:02; sunset, 6:13; length of day, 12 hours and 11 minutes; moon rose at 4:55. The day has been quite pleasant, but at times hazy. Dean Farrar, English clergyman and author, as amiable, as learned and more devout than either, died on this day three years ago, when a star set that had been effulgent alike in the literary and religious heavens.

ARRIVAL OF TRAINS.

Following is the 4 o'clock report of the arrival of Santa Fe passenger trains:

| |
|---------------------------|
| No. 1—9 o'clock p. m. |
| No. 4—12:45 o'clock a. m. |
| No. 7—On time. |
| No. 8—7:25 o'clock p. m. |
| No. 9—On time. |

Dr. G. W. Harrison is spending the day in Bernalillo.

Jose Padilla, the Ketner saloonist, is in the city attending United States court.

Mrs. Frances Cross is in the city from Santa Fe, on a visit to her daughter, Mrs. Fletcher.

C. W. Cook, traveling freight and passenger agent for the Santa Fe, was a passenger for Santa Fe this morning.

Thelma Brock, barbers near First street, on Railroad avenue, have just installed in their shop half a dozen new automatic chairs.

Col. R. E. Twitchell arrived from Las Vegas last night, having some legal matters before the courts here to look after.

Mrs. F. R. Brown, of 704 West Coal avenue, left this morning for Gainesville, Tex., where she will be the guest of relatives for a few weeks.

Miss Elsie G. Bradford is in the city from Fullerton, Cal., and will spend the spring months here, after which she will visit relatives in Denver.

Miss Irene Wilkinson of St. Louis, is in the city, stopping at the Casa de Oro, and expects to remain indefinitely. Miss Wilkinson is a college friend of Mrs. Edward Otero.

A. J. Abbott of Santa Fe, attorney for the Pueblo Indians in the territory, came down from Santa Fe, last night, to look after some legal matters for the government's charges.

W. C. Warlick, representing the J. D. Emmons Furniture store, left last night for a business trip through the southern portion of the territory in the interest of the firm he represents.

Born, this morning to Mr. and Mrs. George Franklin, of North Eighth street, a girl. Mr. Franklin is an employee of the Albuquerque Gas, Electric Light & Power company.

Special communication of Temple Lodge, No. 6, A. F. and A. M., Thursday evening, at 7:30 p. m. Work in the fellowcraft and master mason degrees. By order of W. M. J. C. Forger, secretary.

A meeting of the nights of Columbus will be held tonight in the Mary school hall, at 8 o'clock. All members urged to be present, as matters of importance will come up before the organization.

W. B. Metzgar, who made a trip for Mellini & Eaken, wholesale liquor dealers, has returned to the city. He visited the mountain towns and reports having taken quite a nice bill of orders.

Mr. W. H. Matson, Jr., who was here the past week visiting the parents of her husband, and the latter's brother, O. A. Matson, left last night on one of the delayed west bound passenger trains for Fresno, Cal.

P. Perry, the Indian agent stationed at Fort Defiance, on the Navajo Indian reservation, and J. E. Flanders, are in the city as witnesses in a case of liquor selling to the Indians. They will remain here a few days.

An important meeting of the Brotherhood of St. Paul will be held tonight, at 7:30, at the Lead avenue Methodist church, at which time officers for the ensuing year will be elected. All members are requested to be present.

Regular services at Temple Albert Friday evening, at 7:45. Rabbi Jacob H. Kaplan will speak on the following subject: "Why Are Indigestion and Nervousness the Signs of Recognition in Good Society?" Everybody is welcome.

R. P. McAuliffe, who will be 75 years old the coming June, has been on the sick list the past couple of weeks. He came down town today, however, to transact some private matters, but the veteran of the Civil war claimed that he was yet feeling badly.

In yesterday's issue of The Evening Citizen a typographical error made the article on the bond issue read

\$250,000. This should have been \$300,000, as \$50,000 additional bonds are to be voted on for improving the water plant, in case it is purchased. The city hall bond is for \$20,000, and not \$10,000, as stated.

The regular monthly meeting of the Ladies Aid Society of the Lead avenue Methodist church was held this afternoon, at 2:30 o'clock, in the church parlors. A large number of the members were present and much business of importance to the society was discussed, after which the remainder of the afternoon was devoted to social discussion.

General L. C. Folk, one of the best known railroad men of the state of Texas, passed through the city this morning, on route east from a visit to the Pacific coast. Gen. Folk was formerly general manager of the Colorado, Santa Fe & Gulf road, which extends from central Texas to the gulf. He is now associated with B. F. Yoakum of the Frisco lines.

A. P. Smithers, well known throughout the territory as a former United States postoffice inspector for New Mexico and Arizona, is down from Denver to appear as witness in several postoffice robbery cases, which are to come up at this term of the United States court. Mr. Smithers now occupies the responsible position of auditor for the county of Denver.

E. C. Allen, manager of the Albuquerque Pressed Brick and Tile company, returned today on the California limited, from St. Louis, where he went several days ago, for the purpose of buying machinery for the company's plant, to be put in operation just north of town. Mr. Allen was successful in securing what he went for and says that it will be along in a few days.

D. A. Macpherson, president of the Democrat Publishing company, publishers of the Morning Journal, went to Santa Fe, this morning, to answer summons to appear before the Santa Fe district court, where he is charged with criminal libel. When he purchased a ticket at the local station in morning, Mr. Macpherson was asked how long a time he wanted on it. He was accompanied by his attorney, A. B. McMillen.

T. A. Whitten of Los Angeles and Albuquerque, who, several days ago, purchased an important piece of Albuquerque real estate at the corner of Third street and Gold avenue, left last night, for Long Beach, Cal., to join Mrs. Whitten, who has been spending the winter at that resort.

Mr. Whitten is much impressed with the future outlook for the prosperity of the metropolis of New Mexico, as evidenced by his investments in this city's real estate.

The Imperial laundry—the Edgar boys, proprietors—has just put into position in the rear of their new building in course of erection, one of the largest furnaces and boilers in the southwest, and in a short time a huge smoke stack will be erected.

The brothers are pushers, and inform The Evening Citizen that when everything now in contemplation is put into execution, the Imperial will be one of the biggest and greatest of its kind this side of Kansas City.

Isidro Sandoval, the South Second street general merchant and sheep raiser, has returned to the city from his sheep ranch about thirty-five miles south of the city. He found his ewes in such good condition that this morning he refused an offer of \$5 per head for them. "The conditions as to weather," said Mr. Sandoval, "are such that the sheep are eating fresh green grass and were never as fat as now." The gentleman says he will commence lambing and shearing his flocks about April 15.

B. Ruppe, captain of Company G, of the New Mexico National Guards, has issued circular letters to every member of the company, ordering them to be present for company inspection, at the armory, April 24, at 7:30 p. m. sharp, and for regular inspection by a United States army officer, April 4th, at 7:30 o'clock.

As the equipments, funds, etc., to be issued by the government to the company will be based upon the showing made at inspection, it is urged upon the members that all be present at this inspection, unless compulsory labor or sickness prevents. No other excuses will be accepted.

Children's feet deserve care. It is most important to get good fitting shoes for the little ones. Our shoes are so made that they conform immediately to the foot of the child. When it comes to boys' and girls' shoes, then we do feel proud of our offerings. They are constructed with particular care as to fit—but with extra caution as to stock. The better the stock the better the wear. Prices range from \$1 to \$2.50. C. May's shoe store, 314 West Railroad avenue.

MORTUARY.

Eugene Grasselli.

Eugene Grasselli, head of the Grasselli Chemical company, of Cincinnati, O., and one of the leading manufacturers of Ohio, passed away at his home at 1012 West Railroad avenue, last night, from tuberculosis and a complication of diseases, aged 46 years. Deceased came to this city ten days ago for the benefit of his health and took a lease on the new Daryl A. Day residence on West Railroad avenue. Shortly after his arrival he began to grow worse, and as he was a big, broad chested man, it is thought that other complications besides tuberculosis, caused his sudden demise. A son and the family physician accompanied deceased to this city and were with him at the time of his death. He was rated as a millionaire. The remains will be shipped to the former home in Cincinnati, tonight, on the limited, where the interment will take place.

FUNERALS

The remains of John J. Bardon, who died at his home in this city, a few days ago, will be shipped tomorrow, to the former home of the deceased in Philadelphia, Pa. Deceased had been a resident of New Mexico thirty-five or thirty-six years, coming here in the early days. Most of his

life in the territory was spent as a miner and prospector. For many years he had disappeared from the knowledge of his relatives in Philadelphia, only receiving one letter from them in years, the last one, found among his effects, dated 1886. He was a son, John T. Bardon, living at 2351 Wood street, Philadelphia, who has been notified of the death of his father, and asked that the remains be shipped home for burial. Deceased had made Albuquerque his home for the past twenty-five years and has many friends here who will regret to learn of his death.

The funeral ceremonies over the remains of Antonio Perea, aged 50, who died at his home in the Highlands, yesterday afternoon, at 4 o'clock, took place this morning at 8 o'clock, at the San Felipe de Neri church, in Old Albuquerque. Interment in Santa Barbara cemetery.

Rosalb Gallegos de Arias, aged 42 years, who died yesterday morning of dropsy, was laid to rest in the Santa Barbara cemetery, this morning, the funeral ceremonies taking place at 5 o'clock from the Sacred Heart church.

The Choral Society of the Highland Methodist church will give a tea at the residence of J. D. Emmons, at 310 South Walter street, Friday, March 23d, from 3 p. m. to 11 p. m. Everybody cordially invited to attend.

The Integrity of Our Name

Now-a-days when the cry "Quality" is shouted on every hand by a hundred brazen throats it is hard to distinguish between the false and the true in clothes.

It is the part of wisdom then to put your faith in a house of recognized standing and unchallenged reputation. Such a house can not, as a mere matter of business policy, afford to play its customers false.

OUR NAME on clothes is a mark of which we're right proud and which we have kept unsullied through all the storm and stress of competition—it stands for "promises fulfilled" for "no misrepresentation" for "finest fabrics, best trimmings, advanced styles, our customer's interests," first, last and all the time.
