VOLUME 20

ALBUQUERQUE, NEW MEXICO, FRIDAY EVENING, MARCH 23, 1906.

NUMBER 76

SENATE NAMES ITS CONFEREES

Conference Committee Said to Be Four to Two Against

JOINTURE FOR NEW MEXICO

Any Way the Question Will be Disposed of in Some Fashion.

MUST SHOW MAN FROM MISSOURI

Washington, D. C., March 23.—On Foraker's withdrawal of his motion yesterday that the senate appoint its conference committee on joint statehood, instead of the senate being appointed, as is usually the case, by the chair, Messrs. Beveridge, Dillingham and Patterson, of Indiana, Vermont and Colorado, respectively, were appointed by the chair.

Of the six members of the conference committee, three from each house, four are understood to be against the making of two states out of the four territories. Those best informed think that something will now come from the bill. Representative Fulkerson of Missouri, republican, in his speech, said that neither New Mexico nor Arizona is fit for statehood, either singly or jointly, though they may get to be in the next hundred years.

Speaker Cannon honored Delegate Andrews, of New Mexico, by appointing him one of the pall bearers for Representative Patterson.

SENATE CONFERS INSTRUCTED

Washington, D. C., March 23.—Immediately after the senate convened today, Beveridge renewed his motion authorizing the appointment of conferees on part of the senate to meet the conferees of the house of representatives in charge of the question in controversy, assuming that the conferees will always sustain them rather than press their own views. Teller, on the other hand, contended for the right of the senate to select its own conferees regardless of the committees in charge of the question. The motion to insist on the senate's amendments was then adopted and Messrs. Beveridge, Dillingham and Patterson were designated by the chair as conferees on the part of the senate, the selection having been made by Beveridge.

IN THE SENATE

Washington, D. C., March 23.—Morgan secured an order for printing the original and final contract between the United States and the Panama Canal company of France, for the purchase of the canal, saying that they had never been made public. The bill authorizing the sale of timber on the Jicarilla Indian reservation in New Mexico was passed. Culberson's resolution calling on the War Department for further information relative to the battle of Mount Dajo was adopted. Spooner then continued his speech on the rate bill.

IN THE HOUSE

Washington, D. C., March 23.—As an echo of the senate controversy of yesterday was the effort to correct the journal when the house met today. Williams maintained that he was put in the ridiculous position of moving to instruct the conferees after they had been appointed, which motion was clearly out of order at that time. The correction was made as suggested. The legislative bill was then taken up.

WILL SOON HAVE BRICK AND TILE PLANT

E. C. ALLEN RETURNS FROM MACHINERY PURCHASING TRIP TO ST. LOUIS—WORK ON BUILDINGS WILL COMMENCE SOON.

E. C. Allen, of the Albuquerque Pressed Brick and Tile company, has returned from St. Louis, where he went to see about the purchase of machinery for the brick and tile plant that is soon to be established in this city.

SEIZED AND LOOTED BY PIRATES NEAR CANTON

Hong Kong, March 23.—A launch owned by the Standard Oil company was seized and looted by pirates near Canton, yesterday. The pirates secured a number of Winchester rifles and 1,000 rounds of ammunition. The United States gunboat Callao is proceeding to the scene of the piracy.

CONTEST ON OVER WHAT NAVY NEEDS

Congress Tries to Pull Down the Appropriations While the

NAVY PEOPLE RUN THEM UP

Already Demands Run Far in Excess of Estimates For Navy Yards.

Washington, D. C., March 23.—The navy department is in receipt of an estimate from the commandant of the navy yard at Brooklyn for 37,000 tons of coal likely to be required during the next fiscal year. This estimate is the first to be received for fuel for the new central power plant, a condition which requires that the coal shall be purchased out of the fund for the maintenance of navy yards and stations. The estimate has caused something like consternation in the navy department, for the reason that it will be necessary to amend the estimates for coal to say nothing of numerous other items needed for navy yards and stations next year, after July 1.

MANY PLANS TO HONOR DISCOVERY OF HUDSON

New York, March 23.—The executive committee of the Hudson-Pulton commission is confronted with an extremely difficult task. The committee is in charge of the plans for the temporary or permanent local observance of the coming three hundredth anniversary of the discovery of the Hudson river by Captain Hendrick Hudson and it is overwhelmed with a large number of propositions, each more significant and sensational than the others.

The city had originally planned the erection of a memorial bridge across the Harlem Ship canal at Spuyten Duyvil, but the project will undoubtedly be abandoned by the city owing to the enormous cost of such a bridge. Mr. James W. Stevenson, who studied the proposition, made the statement that the proposed bridge would cost about \$5,000,000, instead of \$1,000,000 as estimated by the city. Commissioner Stevenson informed the board of estimates and appropriations that the extension of Riverside Drive to the bridge alone would cost about \$2,000,000 and that the construction of the bridge with the approaches would cost at least \$3,000,000 more.

SPRING FLOWER SHOW HAS BEGUN IN BOSTON

Boston, Mass., March 23.—The Spring Flower show of the Massachusetts Horticultural society opens at Horticultural hall today. In connection with this show will be held the annual exhibition of the American Rose society. The exhibition includes a display of spring flowering bulbs and eastern plants, together with Italian azaleas, orchids and carnations. There will also be a collection of winter apples and vegetables.

UTILITY BEFORE BEAUTY

Crowley, La., March 23.—The annual meeting of the Rice Association of America opened here today with a large attendance by rice planters and exporters from all parts of Louisiana and Texas. The convention, which was called to order by President S. A. Knapp, is the largest and most enthusiastic ever held. Many matters of great importance to the rice industry of the south will be brought up at this meeting and will be thoroughly discussed. One of the subjects to be considered is the question concerning the best move to make for securing Cuban reciprocity.

A MILLION WANTED FOR MASSACHUSETTS

So Much Needed to Remodel This Battleship at Brooklyn.

EXPENSIVE PROPERTY ARE THESE GREAT FIGHTING MACHINES

Which Uncle Sam Now Indulges.

Brooklyn, N. Y., March 23.—The estimate of the cost of the work on the battleship Massachusetts in the Brooklyn Navy yard reaches nearly the sum of \$1,000,000 and it is expected that nearly two years will be required to install the improvements and make the alterations recommended by the board of survey, which has examined the vessel carefully, at the yard and reported in full the needs of the ship in the plan of modernizing the equipment, battery, boilers, engines, etc.

Much interest has been attached to this project of the Massachusetts, especially as it has been sent to Brooklyn at a time when the work of the yard is well nigh exhausted and there is no means of retaining the force of expert workmen who have for some years been engaged in the construction of the Connecticut. The work on the Massachusetts will be similar to that authorized board of the Indiana, and something in the time and labor of course will be saved by utilizing the plans and patterns covering the work on the latter ship. Secretary Bonaparte may suggest that the ship be incorporated in the regular appropriation bill.

PITTSBURG EISTEDDFOD'S BENEVOLENT PURPOSE

Pittsburgh, Pa., March 23.—The Pittsburgh Eisteddfod Association will hold its annual Eisteddfod in Carnegie hall, Allegheny, tomorrow evening. Valuable money prizes will be given to the victors in the various contests and the proceeds of the Eisteddfod will go toward establishing a hospital in the Passavant hospital for the Cambro-Americans of Pittsburgh. The adjudicators of the contests will be Prof. J. Powell Jones of Cleveland, music; E. S. Griffiths, Cleveland, recitation; John Gray, Newcastle, poetry; A. J. Edwards, conductor; J. Harry Jones, Pittsburgh, accompanist. The officers of the association are Dr. L. E. Davis, president; Joseph D. Jones, vice president; D. Lloyd Jones, treasurer, and R. H. Davis, secretary.

WORKERS DOWN UNDER GROUND

Twenty-One Miners Lost Their Lives in Mine Explosion.

DEADLOCK STILL UNBROKEN

Governor Willing That Labor Unions Appoint Delegation to Visit

ORCHARD AND HEAR HIS STORY

Grafton, March 23.—Twenty-one miners are believed to have lost their lives in yesterday's mine explosion at Century, W. Va. Eleven bodies were recovered at noon today, and ten more are still missing. The dead are mostly foreigners. The explosion is supposed to have been caused by an accumulation of gas.

Another Version. Fairmount, W. Va., March 23.—It is believed, this morning, that the number of dead as the result of yesterday's explosion at the mine of the Century Coal company, fifty miles from here, does not exceed ten. Of these six were foreigners. There were not over seventy-five men in the mine at the time of the explosion, and the reports state that all but twelve of these have been accounted for.

PROSPECT BY NO MEANS CONTRIBUTIVE TO HOPE

Indianapolis, Ind., March 23.—The joint scale committee of operators and miners went into executive session today in a final effort to break the deadlock which has existed since the conference on the wage scale began.

GOVERNOR MAKES FAIR OFFER TO LABOR UNIONS

Boise, Idaho, March 23.—Governor Frank Gooding has issued a proclamation, in which he says he will allow the labor unions of the country to appoint a delegation to interview Orchard and personally hear him go over the story told by the state's attorney and the detective. He will also allow them to interview Steve Adams, He declares that Moyer, Haywood and Pettibone, or any other men charged with crime in Idaho will have a fair trial.

ARMY CRIBBED BY ABSENCE OF OFFICERS

Washington, D. C., March 23.—The attention of the president has been called to the fact that the line of the army is somewhat crippled by the large number of commissioned officers absent on detached duty and by the fact that few of the companies of infantry or troops of cavalry are up to their authorized enlisted strength. This is especially so in the Philippine Islands, where there are companies on field service which are reduced to twenty or thirty men, or about one-fifth or one-third of what the enlisted strength should be. There is no help for this, apparently, especially in the Philippines, where the situation might become serious in the event of some disturbance. It is likely that an effort will be made to have the recruiting system improved and the distribution of newly enlisted men perfected so as to increase the strength of those commands, raising them to a condition which will give them greater value in military operations.

EMPEROR FRANCIS JOSEPH NOT ILL, AS REPORTED

Vienna, March 23.—It was again announced here today that the grave reports published in Europe, regarding the health of Emperor Francis Joseph are unfounded.

Chicago Live Stock

Chicago, March 23.—Cattle—Receipts, 2,000; market slow and steady; beefs, \$4.60 to \$4.70; cows and heifers, \$1.65 to \$1.75; stockers and feeders, \$2.75 to \$2.85; Texans, \$3.75 to \$4.00.

AMONG SICK OR THE DEAD

Young Woman Is Murdered by Her Would be Lover.

NEGRO IS HUNG FOR RAPE

Many Lost Lives at Sea—Manila Press on the Dajo Massacre.

GOVERNOR PATTISON VERY SICK

Mansfield, Ohio, March 23.—Miss Grace Zeiler, aged 25, was shot and killed today by Roy Shanks, who had committed suicide. She was well known as a leader in society and church work. She and Shanks had been sweethearts. It is thought that the girl had decided to heed her parents' protests and not marry Shanks and that this resulted in the tragedy.

Another Version. Fairmount, W. Va., March 23.—It is believed, this morning, that the number of dead as the result of yesterday's explosion at the mine of the Century Coal company, fifty miles from here, does not exceed ten. Conventions and Meetings
Still Hold the Field
of Attention.

DINE GREAT PROSECUTORS

Author of Popular Hymns Passes
His Seventieth Birthday
in Good Health.

New Orleans, La., March 23.—There is considerable stir among local Salvation Army members over the arrival of Commander Eva Booth, who is expected here today and who will be the principal speaker at a large mass meeting at the Odd Fellows' hall tonight. Major J. M. Berriman, who is in command of the southern territory, an this bride, who are here on an inspection tour, will receive Commander Booth upon her arrival. The subject of her lecture this evening will be "Bridging the Gulf." It is one of her favorite and most famous lectures and it is expected that it will attract a large audience.

JEROME AND HUGHES

DINED BY FRATERNITY.
New York, March 23.—The Delta Upsilon club of New York will give its annual dinner at the Hotel Savoy this evening and District Attorney Jerome and Charles E. Hughes, counsel for the Armstrong insurance investigation committee, will be the guests of honor of the evening. Mr. Jerome is an alumnus of the Amherst chapter of the fraternity and Mr. Hughes of the Brown chapter. Starr J. Murphy of this city will preside at the banquet.

BIG MID-LENTEN EVENT

IN NEW YORK TONIGHT.
New York, March 23.—The Mid-Carnegie carnival which will be given in the ballroom of the Waldorf-Astoria this evening, promises to be the principal social musical event of the mid-Lenten season. The carnival is given under the auspices of the Rubinstein club. Mrs. Harry Wallerstein, president, and the proceeds are pledged to help to erect the memorial hall in Washington, D. C. The music will be under the direction of William R. Chapman. The Rubinstein Choral society, supplemented by well-known artists and an orchestra will assist. The plot for the carnival has been cleverly written and arranged by Mme. Marie Cross-Newhaus, the chairman on programs of the Rubinstein club. She will have charge of the stage production.

ILLINOIS TEACHERS

IN ANNUAL MEETING.
Galesburg, Ill., March 23.—The twenty-second annual meeting of the Central Illinois Teachers' association opened here this morning. President L. H. Griffith of Danville, Ill., opened the meeting and delivered his annual address. Dr. J. W. Redway of New York, delivered an address on Essentials in Geography. There will be another session this evening and the closing session tomorrow forenoon. Among the prominent speakers on the program are Dr. C. W. Thompson, president of the Ohio State University, Columbus, O.; Dr. J. W. Redway, Superintendent L. D. Harvey, Menominee, Mich., and Miss Segmiller, Indianapolis.

NEW BUILDING OF

ELKS DEDICATED.
New Brunswick, N. J., March 23.—The new building of the Elks at Spring and Albany streets, will be dedicated tonight with appropriate ceremonies. Several high officials of the grand lodge will attend the exercises and deliver addresses.

BRILLIANT COURT

OCCASION AT PEKIN.
Pekin, March 23.—The Dowager Empress will give a brilliant reception at the palace today in honor of the ladies of the diplomatic corps. Great preparations for this important event have been made and it is believed that this function will be one of the most brilliant court events of the season.

AUTHOR OF FAMOUS HYMNS

CELEBRATES BIRTHDAY.
Cape May, N. J., March 23.—The Rev. E. P. Stiles, author of the famous hymns, "Beulah Land," "We'll Be There Some Day" and "Simply Trusting," yesterday celebrated his 70th birthday. He is still strong and vigorous and enjoying good health. He was converted in his youth and soon after began to study for the ministry.

During the revival of 1876 he composed the words of the hymn "Beulah Land," which at once became famous. Other well known compositions followed. His first literary work was done at the age of 16, when he wrote the fishing poem, "Goin' Tother Way."

TROOPS MOBILIZED

AND MANEUVERED.
Washington, D. C., March 23.—In the summer maneuvers, which are to involve the mobilization of all infantry, cavalry and field artillery troops at some seven camps, there will be a large assemblage of troops of Plattsburg barracks, New York, embracing the troops which are on duty at Madison barracks, Fort Ontario, New York, Fort Niagara, N. Y.; Fort Jay, N. Y.; Fort Ethan Allen, Vt.; Fort Adams, R. I.; Fort Wood, N. Y., and Washington Barracks, D. C.

RUSSIAN AMBASSADOR

TO JAPANESE EMPIRE.
San Francisco, Cal., March 23.—Mr. Georges Bakmoff, the first Russian ambassador to Japan ever appointed and the first diplomatic representative of Russia to Japan since the outbreak of the war, accompanied by his wife and attendants, sailed yesterday for Japan on the steamer Kurena. The ambassador was formerly Russian minister to Bulgaria. His wife was formerly Miss Beale, daughter of the late General Edward Beale, at one time United States minister to Austria. She is a sister of Mr. John R. McLean.

Most Anything

A New York man claims the Irish discovered America. Then we have no kick coming. They have a perfect right to run it.

"Talk about hard luck, there's Busten. You know what a struggle he's had for years. Just as soon as he would get settled in a job the company would shut or he'd lose his place for some trifling mistake, or he would have an attack of rheumatism or appendicitis. Then, when he'd finally save up a few hundred dollars, his wife or one of the children would fall sick and eat up his savings. Finally luck turned, and he saved a couple of thousand dollars and organized a cold storage company, and he was made the general manager."

"Yes, I know, but he's done well with the storage house, hasn't he?"
"No, the same old Jonah is on his trail. Everything looked all right. They filled the cold storage house with eggs, thousands of cases, and bought at a low price, too, bought when the market was 'way down.'"
"What went wrong?"
"He sold every egg a week ago to some big eastern buyer at a good profit and when he came to deliver the goods he found that the buyer had not got in the place and ruined the whole stock."

Cassie Chadwick has made her will. Hope she leaves something for a chair of photography in some college.

"You say he has a fine ear for music? Why, re's dead."

"Sure, and lives in a flat. I repeat: he has a fine ear for music."

"I like Mrs. Chumpley, but she's such a dreadful bore," began Mrs. Speakout.

"Don't be too hard on her, said Mrs. Talking. 'She's a fine woman.'"

"I know she is, but she's so tiresome. I was over there this afternoon, and she didn't do a thing but talk about her little Willie all the time."

"He's no smarter than our Henry."

"Not a bit. She bored me to death telling all the bright things Willie had said. But I just let her know Willie wasn't the only bright boy in the world. I told her just as many stories about Harry as she told about Willie."

Almost time for a report on Gas Addicks and the peach crop.

The ice man holds the secret of keeping ice. Do you? You'll find it in "Most Anything's" ice edition.

"I can't say that I like this country," said the English tourist. "Everybody here is as good as everybody else, don't you know? Over here I'm as good as the president. It's not so in England."

"Perhaps," suggested the American friend, "that's because you're better known over there."

"Why don't you deliver your sermons in plain English, doctor?"

"What! And have everybody understand me?"

FORNOFF FOR CAPTAIN OF MOUNTED POLICE

GOOD AUTHORITY HAS IT THAT THE APPOINTMENT HAS BEEN DECIDED UPON.

Deputy United States Marshal Fred Fornoff has returned from Santa Fe where he has been on business connected with his office.

It is now stated that Deputy Fornoff is slated for appointment as captain of the territorial mounted police and while he did not care to discuss the proposed appointment, it is said on excellent authority that he will be officially notified of his appointment to the position in a few days.

The New Mexican has the following to say regarding the appointment: "From what was considered an authoritative source, it was learned today that Deputy United States Marshal Frederick Fornoff, of Albuquerque, had been given the position of captain of mounted police by Governor Herbert J. Hagerman in place of the present incumbent, John F. Fullerton, of Socorro. Captain Fullerton, who has been notified of the contemplated change, but it is said that Fornoff was told he would be given the place when he visited Santa Fe. Governor Hagerman when seen by a New Mexican reporter would neither confirm nor deny the report."

HE HUGGED AND STOLE AT THE SAME TIME

FOLLOWING ENTRANCING CLASP OF PRETTY MAIDEN, LORENZO GAMBOA DISCOVERS HE IS RELIEVED OF CASH.

An affectionate hug by a maiden of entrancing charms resulted disastrously to Lorenzo Gamboa last night, says the El Paso Times. Gamboa was in the southern part of the city visiting friends, when he was introduced to two pretty and most

agreeable maidens. He proceeded to make friends with them with the utmost cordiality and was somewhat pleased that his attentions were not frowned.

It was not long before one of the girls became so enamored of him that she threw her arms around his neck in sheer joy and chuckled. When she removed her arms it was a matter of only a few minutes until Gamboa discovered that he had some-where been relieved of his watch and \$10.

Reporting to Policeman Juan Parra, he caused the arrest of Isabel Bosquez and Ester Gonzalez, both of whom are docketed at the police station on the charge of theft under \$50.

AN EMPIRE ALL

WITHIN ITSELF

A WRITER TELLS OF THE VAST COUNTRY FROM THE SAN JUAN TO THOREAU, OUT WEST.

Few people, who have not traveled overland from Aztec across the continental divide to Thoreau, N. M., have any idea of the country or its possibilities. Says a writer in a communication to the San Juan County Index. From the San Juan river to the divide is a country of rolling mesas, of as fine tillable land as can be found in any country on the habitable globe. It extends south eighty-three miles, with a width averaging forty miles, exclusive of the Navajo reservation, containing 9,124,800 acres, or ranches for 13,280 people, giving each one 160 acres. What is needed is water—the storage of the melting snow from the mountain ranges of our sister state of Colorado, which run riot and waste through the Grand Canyon of the Colorado to the Gulf of California.

The San Juan river has a flow of 1,904 cubic feet per second, and is fed by the Pine, Little and Big Navajo, Pinedra, and as Big Blances, and innumerable smaller streams.

To harness and utilize them for irrigation purposes would be too large an undertaking for individuals or corporations. It would have to be undertaken by the government to make it all feasible and as the government is now engaged in reclaiming the arid lands in the west, the time cannot be far distant when this vast body of land will claim the attention of the authorities.

The climate is excellent, the air pure, the land rich, every condition favorable for agriculture and horticulture.

The Southern Pacific railroad has made a survey which traverses nearly the entire distance from north to south, but whether it will build on this line, or whether it will build on the line to the south, it is not known.

Should and the government become interested in reclaiming this land, the country would develop and produce such crops as to surpass the dreams of the wildest enthusiasts.

Forty-eight miles south of the San Juan river is a vast bed of coal, a disintegrator for railroads, smelters and steamers of the west just now. This coal is at Pueblo Bonito, the city of prehistoric man, the Aztec, whose vast and decaying buildings are to be seen dotted along the Chaco canyon, monuments to the skill in building of a then superior race, who at one time, ages ago, inhabited this region, but who have since disappeared, leaving nothing behind save their buildings, burying grounds and altars—leaving no history as to who they were, whether they came or whence they departed.

CANANEA PUTS THE LID ON TIGHT

EMULATES TUCSON, AND AS A RESULT, ALL OF THE GAMBLING HOUSES ARE PUT OUT OF BUSINESS.

The lid is on in Cananea, Mexico, says the Tucson Citizen. It is on good and tight, with no prospects of its being pried open or blown off. For it was Governor Ysabel who superintended the job, and he has a reputation for doing things well. Governor Ysabel issued his anti-gambling edict while on a visit to Cananea last week with Hon. A. C. Bernard of Tucson. He has been impressed with Tucson and the excellent results from the putting on of the gambling lid here, and he decided to follow the example of Tucson in Cananea.

Naturally the gamblers howled and whined just as they do when occasionally they get touched in one night for several hundred dollars, although their week's play puts them thousands to the good. It was also a stunning blow to a bunch of Blanche gamblers who were planning to establish a Monte Carlo across the line at Naco where the lambs could come to be shorn.

But the gamblers will not be allowed in Naco or anywhere else in Sonora and in that respect Sonora will have the edge on Arizona. However, should congress pass the anti-gambling bill there would be no place in the southwest where the gamblers could ply their nefarious trade and they would have to go away with no tears shed over their departure.

MILLIONS IN GRAFT TO THE RAILWAYS AGAIN IN THIS YEAR'S POSTAL BILL

**SUBSIDY FOR THE RAILROADS
BECAUSE THEY SAY THEY
MUST HAVE IT—OBVIOUS FOR
THE STATESMEN WHO OPPOSE
THIS MAMMOTH GRAFT OF PUBLIC
MONEYS.**

Washington, D. C., March 23.—About \$2,000,000 has been added to the sum appropriated for railway mail pay, in the bill which will soon be reported to the house by the committee on postoffice and post roads.

This will make the total \$13,000,000 for this one item.

Representative Chas. H. Grosvenor says this \$2,000,000 is about 20 per cent graft.

He claims that a comparison with the cost of carrying express packages will prove this. Former Senator Wm. E. Chandler, who served two years as a member of an expert commission to determine the cost of carrying the mails, agrees that this charge is excessive, but thinks the graft is hardly as high as 20 per cent.

Senator Chandler incurred the enmity of the railways in his state by making a report unfavorable to the railways on this subject, and was defeated for re-election to the senate in consequence.

Members of congress are in deadly fear of the railways when it comes to mail compensation, and so far as can be learned every member of the committee on postoffices and post roads voted for this item.

The postoffice appropriation bill also contains the yearly bonus to the Southern and the Atchafalaya roads of \$167,175, of which the Atchafalaya road gets \$25,000, while J. Pierpont Morgan's system gets the rest. This appropriation is known as the "special facilities" appropriation. It is not recommended by Postmaster General Cortis, nor by Second Assistant Shallenberger, who has charge of the railway mail pay. It never has been recommended by the department.

Chairman James Overstreet, who is pretty nearly the whole thing on the postoffice committee, has not much of a defense for putting this special facilities item in the bill. Here it is:

"It has been there for years. The department did not recommend it because it has never recommended special facilities appropriations. The railways claim they could not give fast mails without the subsidy."

Overstreet, however, promised to air the item on the floor of the house. The chairman thinks that the greatest postal abuse is in second class mail. He says that the government is making \$27,000,000 a year by this abuse. He doesn't say how much abuse there is in the \$12,000,000 railway mail pay. But he declares the committee will go to the bottom of the second class matter.

It is learned that the bill which Mr. Overstreet's committee has framed up will contain a provision for weighing and examining second class mail matter during a period of six months. This, it is understood, is for the purpose of laying the foundation for radical legislation at next winter's session of congress. An increase of the postage on second class matter is contemplated.

CHAIRMAN OF THE POSTOFFICE COMMITTEE WHICH AGAIN ALLOWS THE RAILROADS OVER \$13,000,000 FOR CARRYING THE MAILS.

WHAT'S THE ANSWER.

- There are 3064 railroad mail routes.
- Their total length is 209,965 miles.
- The annual travel on these routes is 32,645,731 miles.
- The total number of postal routes is 294, with a total length of 53,000 miles.
- The railway mail clerks handled 18,000,000 pieces of mail (estimated) during 1905, exclusive of registered matter.
- In 1905 the railway companies were paid \$45,576,515 for carrying the mails. They were also paid a \$167,175 subsidy.
- The weight of actual mail matter carried annually now is estimated at about 1,000,000,000 pounds. The weight of the mail equipment carried is estimated at about as much.
- The government employs about 12,500 officers and clerks in the railway mail service, etc., at an annual salary of over \$13,000,000.
- There are about 280,000 people, at a total expense in 1905 of \$167,339,169.
- In the last fiscal year the total weight carried at 1 cent a pound and free was 663,107,128 pounds. The actual revenue was \$6,186,647.
- The postmaster general estimates that it cost over \$33,000,000 to handle this matter in the mail.
- The appropriation for the postoffice department has increased from \$25,756,991 in 1875 to \$181,022,093 for 1905-6, an increase of more than 500 per cent.
- Last year's postal deficit was \$1,572,584.
- The railways tax the government \$2.77 a hundred pounds for the transportation of its mail bags for an average haul of not over 442 miles.

AND YET

The express companies charge only \$3 a hundred pounds from New York to Chicago, 1000 miles, calling for the goods at the domicile and delivering them at the domicile at the other end of the run, and make a good profit.

The house committee on postoffices and post roads is made up as follows: Republicans—Jesse Overstreet, chairman, of Indiana; John J. Gardner, of New Jersey; N. D. Sperry, of Connecticut; Thos. Hedge, of Iowa; Joseph C. Sibley, of Pennsylvania; Howard M. Snapp, of Illinois; Herman P. Goebel, of Ohio; Halvor Steenerson, of Minnesota; Wm. H. Stafford,

GOLD STRIKE NEAR NEEDLES

Ground Was Tramped Over
For Years Rich With
Yellow Stuff.

FORMATION ENTIRELY DIFFERENT

Walked over, stamped upon and picked at for a score of years, wonderfully rich ledges of lead and gold within seventy-five yards of each other have been discovered, less than fifteen miles from Needles and now there is a stampede from near by mining districts, even from as far away as Searchlight, for the new camp. Over 300 men already have reached there and more are pouring in every day.

What makes this new field so remarkable is that the formation of the ore-bearing rock is of a different nature than that of any other known camp anywhere. In all of that district there are ridges of malpais rock, of lava formation which was considered valueless. But a few days ago a prospector named Shackelford broke off a piece of this malpais and underneath found a deposit of galena. An assay showed 50 per cent of lead.

Yesterday, John Denair, division superintendent of the Santa Fe railroad, and heavily interested in a group of thirteen gold mines, twelve miles south of the Needles, went to Los Angeles from Needles. Mr. Denair said this new strike was made about three miles south of his mines and on the Parker Indian reservation, so that it was easily reached. He would not say how many men have already rushed into the new camp, but when he left there were at least 300 miners on the ground. This new camp is about fifteen miles north of the Needles. Another strange development of this camp is that within seventy-five yards of the original lead ridge another was discovered which assayed heavily in gold, according to accounts brought to Needles.

The fact that gold was discovered in this district was not so surprising, as that the near-by group of thirteen mines, (and I hope it isn't an unlucky number," said Mr. Denair, with a smile), is developing ore running from \$40 to \$150 per ton. The fact that the gold reef is in such close juxtaposition to the lead deposits, however, is looked upon by mining men in that district as remarkable.

Another big strike of gold has been made thirty miles north of Needles, in the Von Trigger district, and Mr. Denair told of looking for a section formerly of Silver City, this territory, but now of Los Angeles, who recently thought the Good Hope mine at Searchlight, has bought in the Von Trigger mines. The strike is in his favor and rush work will be started there at once.

Meanwhile the 100-ton smelter at the Needles, which blew in a short time ago, is now running smoothly and handling about 60 tons of high grade ore daily.

Dan Murphy, vice president of the Los Angeles National bank, and president of the Brea Cannon Oil company, and Mr. Denair, both made the announcement that a branch road of the Santa Fe railroad had been decided upon to run to Searchlight, Nev., and that it was expected work would be commenced before long. This will mean that more than ever before, Los Angeles will become the distributing center for that great mining district, the shipping point for machinery and supplies.

A Scientific Wonder.

The cures that stand to its credit make Buckle's Kidney Solvent a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It heals the worst burns, scalds, ulcers, cuts, wounds, chilblains and salt rheum. Only 25c at all drug stores.

NOTICE FOR PUBLICATION.

(Small Holding Claim, No. 2072.) Department of the Interior, United States Land Office, Santa Fe, N. M., March 5, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim, under sections 16 and 17, of the act of March 3, 1891, (26 Stats., 851), as amended by the act of February 21, 1893, (27 Stats., 470), and that said proof will be made before the United States commissioner at Albuquerque, N. M., on April 17, 1906, viz., Emilio Sanchez, for the small holding claim No. 2072, in sections 24 and 25, township 7 north, range 2 east, T. 7 N., R. 2 E., Sec. 25, T. 7 N., R. 2 E., and Sec. 2, T. 6 N., R. 2 E.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Juan Sanchez y Apodaca, of Peralta, N. M.; Edward F. Otero, of Albuquerque, N. M.; Fernando Perea, of Peralta, N. M.; and Manuel Alderete, of Peralta, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

Afflicted With Rheumatism. "I was and am afflicted with rheumatism," says Mr. J. C. Bayne, editor of the Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm, am able once more to attend to business. It is the best of balms. If troubled with rheumatism, give Pain Balm a trial and you are certain to be more than pleased with the prompt relief it affords. One application relieves the pain. For sale by all druggists."

WILLING HELPERS. "What's the use of a helper, if he isn't willing? Willingness is an ample mantle which will also most cover all the sins of servitude. But a classic advertisement is in The Evening Citizen is a willing helper that is not only absolutely competent, but also is a willing worker. It works all the time for you. It is the best and most economical publicity in the world."

NOTICE

Notice is hereby given that an election will be held in the City of Albuquerque, New Mexico, on Tuesday, April 3, 1906, between the hours of 9 o'clock a. m. and 6 o'clock p. m., of said day, at the following polling places:

First Ward—City Hall.
Second Ward—At office of Chas. Chadwick & Co., on Gold avenue.
Third Ward—At office of E. H. Dunbar, on South Third street.

Fourth Ward—Near corner of Copper avenue and Third street.
At which said election the qualified electors of the said City of Albuquerque, New Mexico, residing within the limits of the said city, shall choose the following officers:

One Mayor—For a term of two years.

One City Clerk—For a term of two years.

One City Treasurer—For a term of two years.

Two Members of the City Council from the First Ward—One for a term of four years and one for a term of two years, to fill out an unexpired term.

One Member of the City Council from the Second Ward—For a term of four years.

One Member of the City Council from the Third Ward—For a term of four years.

One Member of the City Council from the Fourth Ward—For a term of four years.

One Member of the Board of Education from the First Ward—For a term of four years.

Two Members of the Board of Education from the Second Ward—One for a term of four years, and one for a term of two years, to fill out an unexpired term.

One Member of the Board of Education from the Third Ward—For a term of four years.

One Member of the Board of Education from the Fourth Ward—For a term of four years.

D. & R. G. System RAILROAD TIME TABLE

(In effect November 12, 1905.)

No. 2, Atlantic Express, arrives 7:55 a. m., departs 8:25 a. m.
No. 4, Chicago Limited, arrives 11:59 p. m., departs 12:03 a. m.
No. 8, Chicago & Kansas City Express, arrives 6:45 p. m., departs 7:45 p. m.

No. 10, Chicago Fast Mail, arrives 6:50 a. m., departs 7:30 a. m.

No. 1, California Express, arrives 7:30 p. m., departs 8:15 p. m.

No. 3, California Limited, arrives 11:10 a. m., departs 11:30 a. m.

No. 7, Mexico & California Express, arrives 10:45 p. m., departs 11:59 p. m.

No. 9, Fast Mail, arrives 11:35 p. m.

No. 6, Mexico Express, departs 12:15 p. m.

Local freight train, No. 99, southbound, departs at 5 a. m., and carries passengers.

Arrives From South.

No. 10, Mexico Express, arrives 6:50 a. m.

No. 10 makes all local stops east of Albuquerque.

No. 1 runs direct to Los Angeles.

No. 7 runs direct to San Francisco.

No. 3 runs direct to Los Angeles and San Francisco.

All trains daily.

T. E. PURDY, Agent.

It is reported that Chas. M. Schwab has taken up his residence in Nevada and is to be elected United States senator. Well, there ought to be some return for living in Nevada.

A. B. BARNEY, Traveling Freight and Passenger Agent.

S. K. HOOPER, G. P. & T. A., Denver, Colo.

For full particulars see any agent, or address

GARNETT KING

TERRITORIAL TOPICS

ANOTHER OF GRINDLE.

PARTY IS FOUND.
The skeleton of another of the missing Grindle party has been found, says the Tombstone Prospector. Olan Roll's body was found by a party of Mexicans and Papagos, who were following a plundering gang of Seris. The body was almost intact and without doubt that of Roll. E. P. Grindle is organizing another search party to find the remains of his brother, and the other members of the party not yet accounted for.

COL. W. C. GREENE AND PARTY RETURNS EAST.

Col. W. C. Greene and party are on their way east from a visit to the mines at Cananea. In the party are Col. Greene, his daughter, Miss Greene, Secretary Robbins of the Greene Consolidated and his wife, and Norton Chase, a prominent attorney of New York, who is legal counsel for the company, and a warm personal friend of Col. Greene. The copper king stated the addition of a new concentrator to the works at Cananea will greatly increase the output of the plant and reduce the price of production about one cent a pound.

SOLD MINE NEAR TOMBSTONE FOR \$20,000.

Attorneys Ben Goodrich and S. A. D. Upton of Tombstone, have sold their interests in several mining claims in the Johnson district, Santa Fe county, to a Philadelphia capitalist for \$20,000. Messrs. Goodrich and Upton are old timers and are well known at Tombstone. Mr. Upton recently accepted a position with Colonel W. C. Greene at attorney for the latter. He left Tombstone for Chihuahua to fill the position, a few days ago.

DEVELOPING THE "TEN SPOT" NEAR PRESCOTT.

Major Pickrell, who has charge of the development work on the Sanator group of mines near Prescott, is in the city, says the Prescott Courier. He says that he had the shaft on the "Ten Spot" down 260 feet; the workers in the shaft could hear the diamond drills working up from the tunnel below, the distance to be made for the connection was less than 100 feet. Then the rain came, the holes along the "Ten Spot" filled up with water, this water found its way to the shaft and filled it to a depth of 125 feet. He started to take the water out by buckets, but made little impression on it. This mishap will delay matters about a month.

NURSE CONFESSES TO MURDERING PATIENT.

A dispatch from Phoenix, dated March 22d, says the coroner's jury which investigated the death of Sallie Jones, an inmate of the insane asylum here, returned a verdict yesterday, stating that the deceased came to her death as the result of turpentine poisoning, administered by Hallie Jenkins, an attendant. The attendant was arrested and was arraigned today. Her

arrest was ordered by the district attorney on the strength of a signed statement, which he claims she made, saying that she held the deceased down upon a bunk in the cell and stuffed her mouth full of rags saturated with turpentine. It is also asserted that turpentine was poured in the woman's mouth.

WILL TOUR ALASKA ON EXTENDED TRIP.

Mrs. Mary E. Taylor, of Great Barrington, Mass., left El Paso the other evening for Mesilla Park, N. M., where she will visit Major Edwards, whose wife is a sister of E. H. Conger, former ambassador to Mexico.

When she returns to El Paso she will leave for an extended tour of Mexico and California, leaving then for Alaska. She will continue her tour for more than a year.

Mrs. Taylor's second husband, who has been dead for some time, was a prominent banker of Massachusetts. Before marrying him she was the widow of the late Josiah Quincy, mayor of Boston. Her brother, Dr. Lane, is one of the greatest New England authorities on tuberculosis.

WORK PROGRESSING ON THE SCENIC ROAD.

Energetic preparations are being made at the territorial penitentiary to start a detachment of convicts at work on the scenic highway between Santa Fe and Monument Rock in the Santa Fe canyon, says the New Mexican. Superintendent Bureau has looked after the matter carefully and it is understood that by Monday

The Recall System

The Citizen, some weeks ago, had an editorial on the initiative and referendum as the remedy for bossism and corruption in city government. It affords The Citizen pleasure to give its readers the following, on the matter of recall, taken from the St. Joseph (Mo.) News:

"The Los Angeles recall system, whereby office holders can be removed by the same power that chose them is finding favor in the east. Chicago seems inclined to it. Philadelphia is looking upon it with favor. Massachusetts is making a study of it, and a proposition is before the New Jersey legislature in the shape of two bills.

"One of these bills adapts the Los Angeles method to elective office holders, the other to appointive officials. Both are nearly identical with respect to the procedure to be taken by the people.

"The bills cover city, county and state officials. They provide that when 20 per cent of the qualified electors of a city, 10 per cent of those of a county, or 5 per cent of those of the state, respectively, petition for the removal of an elective official, filing such petition with the city clerk, county clerk or secretary of state, as the case may require, a special election shall be held within 40 days. At this special election, which may not be held within 30 days of a general election, the qualified voters shall determine whether the incumbent shall be ousted from office or retained therein. He may himself be a candidate or not, as he chooses, and there may be other nominees. If the incumbent receives the highest number of votes he is retained; if not, he is ousted and the one who receives the largest vote takes the office in his stead.

"The other bill refers to appointive officials, and provides that when 10, 5 or 3 per cent of the qualified voters in a city, county or state, respectively, petition for the removal of an appointive official, the appointing body of officers shall appoint a commission of either three councilmen, five freeholders or seven members of the legislature, as the case may require, to hear the petitioners and the incumbent relative to the charges against the latter. If the charges are sustained, to the satisfaction of the commission, and their report is confirmed by the appointing body or officer the incumbent is removed; if not, he continues in office.

"Reports regarding the recall system are that it is highly satisfactory wherever it is in practice, though it is seldom resorted to, for it acts upon the officials as a constant warning that they must perform their duties. The system simply provides an easy way of disposing of obnoxious officials. It should come into general use. St. Joseph has not felt the need of it, though there have been close calls, but there is no telling when it may come in handy."

The Morning Paper

The motto of David Crockett was: Be sure you are right, then go ahead. The morning paper would do well to adopt and act upon this self-same principle; but in its jaundiced jealousy at the superior success achieved by The Citizen, the Journal has become a veritable homicidal mania, ready and anxious on all occasions to fill truth, honor, honesty, justice and even common sense to the winds, in its insatiable longing to do damage to this paper.

Its issue of this morning is an illustration in point. Nearly two columns on its telegraph page, and two full columns in its editorial space, are devoted to The Citizen. The Journal bellows, it paws the earth, it goes the ground, its tongue lolls from its mouth, its eyes roll in frenzy. Why? Because The Citizen published that F. B. Luchinsinger said that he had been offered the city water plant at a price a great deal lower than the city has been asked for it.

If one reads Mr. Luchinsinger's letter carefully, it will be seen that he does not charge The Citizen with misrepresenting him. His letter is about talk on the street. All the charge of misrepresentation by The Citizen is a gratuitous falsehood by the Journal. The Citizen gave Mr. Luchinsinger's words verbatim and is prepared to prove that it did so. The Journal should be sure it is right before it goes ahead.

Interest of Land Owner

According to the Denver Republican, Sir Henry Campbell-Bannerman, the new English premier, is pretty nearly a disciple of Henry George. The following is given as a recent utterance of the premier:

"It may accurately be said that there is practically but one great impediment in the way of a sweeping improvement which would elevate the physical and moral welfare of the people. This is the interest, and the over-riding regard to the interest, of the landowner, and the political and social influence that he and his class can exercise. Let the value of land be assessed independently of the buildings upon it, and upon such valuation let contributions be made to those public services which create the value.

"What is our rating system? It is a tax upon industry and labor, upon enterprise, upon improvement; it is a tax which is the direct cause of much of the suffering and overcrowding in the towns. Overcrowding is not a symptom only, but a cause of poverty, because it demoralizes its victims and forces them to find relief in excesses. By throwing the taxes on site values, communities which have created these values will be set free, free in the sense that they can expand, free to direct their own destinies."

The War Department has requested the Forest Service to make an examination of the military reservations in and around San Francisco bay, with a view to their improvement by forest planting. This work will soon be undertaken, and it is expected that detailed plans will be made for planting on certain portions of the reservations. The aim will be to establish useful forest plantations which will at the same time improve the appearance of the islands and military grounds, which are now without tree growth. Special attention will also be given to the planting of windbreaks and shelter belts for the protection of the parade grounds and buildings. San Francisco bay is acknowledged to be one of the safest and most beautiful harbors in the country. By establishing a forest cover on the shores and islands it will be made still more attractive. Instead of barren bluffs and islands covered only with brown grass, passengers on inbound ships will see groves of flourishing green trees.

The other day the telegraphic news service brought word from Russia that one of the political parties there has offered to put a candidate up for election, it assured that the candidate would not be arrested and put into prison. About the next day came the news from Washington that in the reorganization of the Interstate Commerce Commission, Judge Prouty is to be legislated out of office, because he has become obnoxious to the railroad interests. Which country gains by the comparison—Russia or the United States?

Press Bulletin, No. 111, has been issued by the New Mexico College of Agriculture. It is concerning trichinosis or a disease induced in human beings by eating pork in which trichinae exist. The bulletin gives the life history of the parasite and the symptoms of the disease when a human being becomes host to the trichinae. It also says that the liability to this disease in hogs running loose in unsanitary surroundings, is quite large; but that a sure preventive to man is never to eat pork which has not been thoroughly cooked.

If the water organ had devoted the space it occupied this morning with lying about The Citizen, to furnishing the people with the facts they want to know concerning the water plant, the organ had done more good for both the company it represents and the people, whom it is trying to fool.

Government Plan of Forest Restoration

Press Bulletin, No. 115.

Forest planting on the National forest reserves has gained far wider scope and a wholly new importance since the administration of the reserves passed to the Secretary of Agriculture, a year ago. This work now forms a leading part of the activity of the Forest Service and gives great promise for the future.

This change is due to a fuller appreciation of the needs of timber supply and water conservation, and to the knowledge that nature, unaided, can not repair the forest ravage and waste of the past.

The area now under forest in the west is less by millions of acres than the area suitable for forest growth. In the first place, fire has destroyed an enormous quantity of forest, denuding mountain slopes so completely that forest renewal by natural means has been rendered impossible for ages. Again, vast areas, scores of millions of acres, like the chaparral lands of southern California, which once bore forest growth but long since lost it, must remain indefinitely unproductive wastes, unless brought again, by planting, under forest. Moreover, the demand for timber, even the local demand, can not long be supplied from the reserves unless they are developed to the highest productive capacity, and for this, forest replacement and extension, quite as much as conservative logging, are essential. Finally, the indirect use of the reserves is not less impressive. The vital importance of water for irrigation would, in the case of several of them, alone suffice to render forest planting on watersheds imperative. In southern California forest extension on the mountains is strongly favored by public sentiment, at almost any expense, because it is water, not the supply of fertile soil, which limits agriculture, so that land worth \$2,000 an acre with water could hardly be given away without it.

There are now six permanent reserve planting stations, two in California, one in New Mexico, one in Colorado, one in Utah, and one in Nebraska. Others will be established as it is found advisable.

The past winter has been extremely favorable for planting in California. A large force of men has been employed, both in the San Gabriel and in the Santa Barbara mountains. Since the beginning of the rainy season about one hundred thousand seedlings have been set out. At least a dozen kinds were tried, to ascertain which are most suitable for use at different altitudes and under different exposures. Besides the seedlings set out on the mountain slopes, from two to three hundred thousands more have been transplanted from covered seed beds to open nursery beds, there to be held for use in the winter of 1906-7. The prime object of the operations in southern California is the improvement of important watersheds.

With the approach of the spring season plans are being made for active work at the other stations. The most extensive planting will be done in the Dismal River reserve, near Halsey, Neb. Here five hundred thousand two-year-old pine seedlings will be planted in the sand hills adjoining the nursery site. This work will begin about the middle of April and will continue for a month or six weeks. This Dismal River reserve is located in the typical sand-hill country, where the ground is of little value for agriculture, but well adapted to tree growth. The forestation of this large reserve will create an important future timber supply, and will at the same time demonstrate that these sand-hill lands generally can be put to productive use.

On the Pikes Peak reserve planting will be done near Clyde. From thirty to forty thousand yellow pine and red fir seedlings will be shipped from Nebraska for that purpose, since seedlings in the Clyde nursery are too small for transplanting. The planting will be done on denuded watersheds for the conservation of water and for a future store of timber.

In the recently established reserve in the vicinity of Garden City, Kan., extensive experimental planting will be carried on. For this project fifty thousand pine seedlings will be shipped from Nebraska, and thirty thousand broadleaf seedlings will be purchased from nurserymen. A section of land will be fenced, and fire guards will be placed to protect the planted area. The work here will serve the same purpose as in the Dismal River reserve, and will, besides, be a great incentive to settlement.

The success which accompanied seed sowing in the Black Hills reserve last spring has encouraged the Forest Service to plan similar work for this spring. Broadcast sowing has never before proved successful in reserve work, but the 300 pounds of yellow pine seed cast upon the snow in this experiment produced results far beyond all expectations, results which appear to indicate the practicability of this method on thousands of acres in this region. Of all methods of forest planting it is the simplest and cheapest, and the local demand for timber for mining purposes is great.

Nursery work will be carried on extensively at all the stations. At the Fort Bayard station, New Mexico, permanent headquarters will be established, and open transplant beds constructed. With the new nursery beds at the Wasatch station, Utah, at the Bear Creek station in the Pikes Peak reserve, and at Clyde, Colo., the total area of seed beds will have an annual capacity of about twelve million seedlings.

At the end of the planting season nearly five hundred acres will have been newly reforested.

Fully As Slow As An American Court

San Francisco Chronicle.

A remarkable law suit, the origin of which goes back to 1613, has just been decided by the supreme court at Leipzig. The matter in dispute was the right claimed by the communes of Dabo and Engenthal, situated on the border of Alsace and Lorraine, to cut wood in the forest of Dabo. This right had been disputed by the French government, and after the Franco-Prussian war a German jurist was appointed to study the question. It took thirty-five years ago to get up the case, which is described as filling several hundred volumes. A decision was at last reached in 1904, when the court of Savonne found in favor of the communes. This verdict was confirmed on appeal by the court at Colmar, and finally, as stated, by the supreme court at Leipzig. The costs of the proceedings, amounting to many hundreds of thousands of francs, will have to be defrayed by the French treasury.

How John Suffered by His Advertising

New York World.

Don't advertise if you believe you are wasting money. Let your competitor waste his money on advertising and perhaps, in this way, you'll soon "put him out of business." Just stand back and laugh at him when you see him squandering his money for printer's ink. Once there was a boy named—well, his name was Wamamaker, or maybe Moneymaker, anyhow his name was John, with some sort of a maker attached to his last name. He owned fifty yards of calico, three pairs of jeans, a half dozen pairs of boots. He called this a dry goods store through a Philadelphia newspaper, and offered to sell a pair of socks for 350 cents. Young John spent \$65 with a Philadelphia newspaper to advertise just one time and less than \$100 worth of goods. He was cautioned by the merchants who "knew it didn't pay." It was through sympathy that they offered him advice. But John did not listen to them and went and blew his money foolishly; and today poor John sees the result of his misadventure—he has so many large dry goods stores that he can hardly find time to study his Sunday school lesson. Can you see a lesson in this? Be a progressive, up-to-date business man. Advertise your wares, if you want to sell them.

BERNALILLO COUNTY DISTRICT COURT

Penson Liquor Selling Case Occupies Attention Greater Part of the Day.

JOHN MAUS TO PLEAD TOMORROW

The case of the United States against Alfred Penson, charged with the unlawful selling of liquor to Indians, continued yesterday to make room for the Jemez Indians mail obstructing case, was resumed again this morning before the United States petit jury. Three witnesses were heard during the forenoon, and at the time of the noon adjournment, the prosecution still had four witnesses yet to be heard. The defendant is a nephew of T. M. Hinch, of Gallup, and is charged with selling firewater to Navajos on July 4 and 5, 1905, last, while acting as a bartender for his uncle. E. W. Dobson appears as attorney for the defense.

City Marshal Winners, of Gallup, who was one of the most important witnesses in the case for the prosecution, stated that he entered the Hinch saloon from the rear door and saw several Indians standing at the bar, with Penson standing behind it. A whiskey bottle sat upon the bar.

You have been selling whiskey, have you?" he said to Penson. "Yes," replied the boy. "Uncle Tom told me to."

The next witness was a half-breed Navajo residing on the reservation. When asked what nationality he was, the Indian crossed his fingers. Indian Agent Perry was the next witness. He testified that there were between 7,000 and 8,000 Indians on the Navajo reservation, and that he had exercised the same authority over the half-breeds as over the full-bloods. Many of these Indians do freighting between Gallup and the reservation. It was by Mr. Perry's testimony that United States Attorney Llewellyn desired to show that the Indians who had bought liquor, had left the reservation with the consent of the agent.

Alfred Penson, the defendant, took the stand in his own defense. He is 19 years of age.

The case went to the jury at 4 o'clock.

Plead Guilty to Perjury.

Just previous to the taking up the Penson case, Judge Abbott accepted a plea of "guilty" in the case of the United States vs. Rebecca Boswell, alias Rebecca Cumba, and the United States vs. John Grozen, two colored people of Albuquerque, who were charged with perjury, committed in making affidavit to an application for a pension before a special United States pension commissioner. The offense was committed on June 3, 1904. The court took no further action in the matter.

Assault on Nipp Arrested.

Antonio Samora and Thomas Chavez, ranchers of Rancho de Albuquerque, were served with warrants today upon indictments returned by the territorial grand jury yesterday, charging assault and battery. The prosecuting witness in the case will be J. B. Nipp, who alleges he was set upon and beaten by the defendants at a dance given in precinct No. 8. The defendants gave bond in sufficient sum to secure their release.

John Myers to Plead Tomorrow.

John Myers, alias John Maus, and Rose Well, indicted for adultery, were before the court this morning and granted until 2 o'clock, tomorrow afternoon, in which to plead. This is the most sensational case on the United States docket, culminating from circumstances which attracted wide attention in Albuquerque, when exploited by the press several months ago. Maus is a carpenter, and was living as man and wife with the Well woman, when a woman appeared who claimed to be his lawful wife. The attorneys M. E. Hickey and Frank Moore appear as counsel for the defendants.

PROPOSE TO BREAK WILL OF L. A. GRANT

HEIRS SEEK TO GET ORDER OF COURT SO THAT GRANT ADDITION MAY BE SOLD.

E. L. Medler, appearing as attorney for the heirs of Louis A. Grant, deceased, today filed suit against Harriet M. Grant, John Grant and Isidore E. Dockweiler, executors of the Louis A. Grant estate, to secure an order from the court to sell property in the northwest part of Albuquerque, known as the Grant addition.

The heirs of Louis A. Grant consist of Harriet M. Grant, Gertrude Mary Grant, Clara Grant and D. J. Macpherson. The second and third named heirs are 11 and 13 years of age, respectively, and the will of their deceased father provides that certain property be held in trust until the children are of age. By his suit the heirs propose to break the will so that lands referred to may be turned into money.

The democratic city primaries will be called together at 8 o'clock Saturday night in the different wards. In the first ward they will be held in the city building, with Dr. P. G. Cornish as chairman. Second ward, in Beaven's coal office, John Bonnell, chairman. Third ward, office of E. H. Duhan, George Edick, chairman. Fourth ward, office of Justice of the Peace George R. Craig, O. N. Marron, president. The convention will be held Monday night at 8 o'clock in the banquet hall of the Elks' opera house.

A GASTRONOMICAL TREAT WILL BE SERVED DAILY AT THE WHITE ELEPHANT MERCHANTS' LUNCH FROM 11 TO 2:30.

SCREEN TIME IS COMING.

Window screens, 7 cents per foot. A lumen made door with trimmings, for \$1.25.

We are making window screens all combined together, and as strong as a steel, for 7 cents a square foot. A screen door, 2-6x8-6, or 2-8x6-8, that will withstand any door shipped in here from the east, together with trimmings, for \$1.25.

We make the regular shop made screen doors that last always cost, heretofore, \$2.00 to \$2.25, for \$1.50.

SCHOOL BOARD TAKES ACTION

On Matter of Bill to Amend
Territorial Laws Govern-
ing School Bonds.

BILL IS PRINTED VERBATUM

At the meeting of the school board held yesterday afternoon at 4 o'clock in the office of Justice of the Peace Craig, the purchase of two lots adjacent to the First ward school, in the Highlands, was consummated, which will be used as playgrounds. The lots were bought from Emil Mann and will be deeply appreciated by the pupils of this ward school, which heretofore has had no playground attached.

After discussing at some length the proposition to send a bill to congress for the purpose of having a bond issue to raise funds with which to enlarge the Albuquerque public school facilities, the following bill was drawn up and ordered sent to Deane Andrews, with instructions for him to do all in his power to secure the passage of the bill.

The Bill.
An Act to Amend an Act to Prohibit the Passage of Special or Local Laws in the Territories, to Limit the Territorial Indebtedness and for Other Purposes.

Be It Enacted by the Senate and House of Representatives of the United States of America in Congress Assembled:

That the act of congress approved July 30, 1886, entitled, "An act to prohibit the passage of local or special laws in the territories of the United States, to limit territorial indebtedness and for other purposes," is hereby amended so as to authorize the issuance of bonds by school districts in the territory of New Mexico having a bona fide population of not less than 5,000 persons for purchasing or building, erecting and equipping necessary school buildings and purchasing the ground for the same. The limitations of said act of July 30, 1886, shall not apply to such school districts; provided, that before any bonds shall be issued the mayor and common council of the municipal corporation, composing in whole or in part such school district, shall cause an election to be held in such district, and said mayor and common council shall cause to be published in a newspaper of general circulation, published in said district, a notice of the time and place of holding such election. On the question of the issuance of such bonds no person shall be qualified to vote except he be in all respects a qualified elector and owner of real or personal property subject to taxation within the school district. In case two-thirds of the qualified voters, as above described, who vote, shall vote affirmatively for the issuance of said bonds, then the mayor and common council shall certify the result to the board of education, and said board shall issue the same, and not otherwise. Said bonds shall contain all necessary provisions as to form, and such school district shall provide a proper sinking fund for the redemption of said bonds. Said bonds shall not bear a rate of interest exceeding 6 per centum, and the interest shall be paid semi-annually, on the first day of January and of July of each year, and none of said bonds shall be sold at less than their par value; provided, further, that no school district under this act shall issue bonds in excess of 6 per centum of the valuation according to the last preceding assessment of the school district issuing the same.

MRS. RAYNOLDS MARRIES YOUNG NEW YORK BANKER

Miss Pansy Reynolds, of Canon City, Colo., and Harry Woods Donovan, of New York city, were quietly married Wednesday afternoon at the home of the bride's mother, Mrs. Magdalene S. Reynolds. The ceremony took place in the presence of the immediate family of the bride and a few near relatives.

Elaborate plans had been made for the wedding, which was arranged to take place March 28, and was to have been the society event of the season. The sudden death of the bride's father, F. A. Reynolds, which occurred two weeks ago, changed the plans. The bride is one of the most popular society young ladies of Canon City. She is a graduate of Colorado college and of Columbia university, and was a student at Wellesley college, Massachusetts. The groom is assistant cashier of the Bankers' Trust company of New York.

DECKER RESIGNS POSITION AT AMERICAN LUMBER COMPANY

Mr. Thurlow W. Decker has resigned his post as superintendent of sales for the American Lumber company, and within a few days will leave for California, where he will reside in the future. Mr. Decker is the oldest attaché of the office of the American Lumber company, having been identified with that gigantic corporation since the business was established in Albuquerque, before a single log was cut, and having served continuously under all its general managers. His departure will be a genuine loss to the company, as he is recognized in the lumber trade as one of the most expert men in his line in the west.

POLICE COURT

Because he fell up on booze and did a disarming act on West Railroad avenue last night, a native named Tuma was taken into custody. He was arrayed only in his underwear when arrested. This morning he pleaded guilty to being intoxicated, and was fined \$5, which he paid.

A native from Old Mexico this morning pleaded guilty to intoxication and was fined \$5, in lieu of which he went to the chain gang for as many days.

Chief of Police McMillin is in receipt of a letter from a Mrs. Kahn, Chicago, inquiring after an absconding spouse who fled from home

some time ago and is at present supposed to be residing in New Mexico. Mrs. Kahn has also written to several other parties in New Mexico, requesting information of her wayward hubby.

A woman of the under world was taken into custody last night on a charge of being drunk. Not being sufficiently sober this morning to stand trial, she was remanded back to the city hall to sober up, and will be given a hearing later.

Frank Steffen, proprietor of a rooming house and owner of a lodging house at 519 West Railroad avenue, this morning brought suit to recover \$40 house rent from Mrs. Virginia Shipley, nee Maestas. It seems that Mrs. Maestas, who but recently became Mrs. Shipley, took a lease on the house for a year, but neglected to pay the last month's rent, moving her household goods out in the meantime. A peculiarity of the law governing the recovering of money in such cases, is that the territorial law holds the husband responsible for debts contracted by his wife, no matter whether such debts were made before or after marriage. When a man marries, it seems that he becomes responsible for all the lady's debts contracted in the past. Such being the case, it would be well for would-be husbands to look up their wives' before the ceremony takes place.

WATER USERS TO RATIFY CONTRACT ON APRIL 3

BUILDING OF ELEPHANT BUTTE
DAM MAY BE DELAYED UNTIL
MIDDLE OF SUMMER BY SPRING
FRESHET.

Attorney H. B. Holt, president of the Elephant Butte Dam Water Users' association, arrived from Las Cruces this morning, and after spending the day in Albuquerque, will continue tonight to Santa Fe.

Mr. Holt says that lots of building is going on in Las Cruces and that a great many people are coming into the country buying land. Fruit trees are in bloom, and the people of Dona Ana county feel extremely good over the prospects of prosperous times.

Speaking further of the matter, Attorney Holt said:

"The Water Users' association has practically finished its work, as far as organization is concerned. The contract between the government and the association, the ratification of which by the association means the approval of the land owners of the plans of the government to carry out the project, will be voted upon April 3, and as there is no opposition to this contract, the government reclamation service will shortly have full power to proceed with the work. The diversion dam, as you know, will be at Leesburg, about fourteen miles north of Las Cruces. The contract referred to gives the reclamation service department authority to construct the entire project, dam and irrigation ditches, and I understand that instead of letting the work out to private contractors, the department will have the work done under the guidance of its own engineers and hire all the labor. Owing to the high water, which comes with the spring freshet, however, we fear that the work will be delayed until the middle of the summer."

COLLINS' BOND APPROVED BY COMMISSIONERS

ANDREWS DETERMINED TO HANG
ON TO OFFICE - SAYS HE WILL
START MAKING ASSESSMENTS.

Passengers arriving last night from Santa Fe state that the official bond of Glenville A. Collins, recently appointed assessor for the county of Santa Fe, for \$2,000, was yesterday approved by the county commissioners.

Immediately upon the approval of his bond by the commissioners, the governor's appointee to the position of assessor went to the assessor's office, so the Santa Feans state, and, finding the door locked, forced an entrance and formally took possession of the office, books, records and furniture included.

It is understood that the action of the commissioners in approving Collins' bond is not to be taken as affecting the rights of Collins to the office, they still maintaining that they have the right to appoint the assessor. Messrs. Seligman and Kendall voted to approve the bond, Commissioner Roybal voting against.

Andrews, it is asserted, is still determined to hang on to the office and has stated that he will at once start making the tax assessments.

CONGREGATIONAL CHURCH ENTERTAINMENT A SUCCESS

DELIGHTFUL PROGRAM RENDERED - LUNCH PARTNERS ARE
FOUND BY CONUNDRUM CARDS.

One of the most attractive church entertainments of the season was given last night at the Congregational church by the officers and executive committee of the Ladies' Aid Society. The lecture room was arranged as a parlor, while the study served as a dining room. A very fine two course lunch was served, at small tables, with the decorations in red and green. Partners for lunch were found by conundrum cards.

The following program was rendered, to the great delight of all present:

Piano solo, Mrs. Lester; vocal solo, with violin obligato, Mrs. Washburn and Miss Josie Harris; recitation, Mrs. Heald; vocal solo, Miss Campbell; quartette, "Where the Lilies Bloom," Choir.

OFFERED HER GRANDMOTHER

A certain undertaker in Albuquerque who has several friends among the little folks, was passing a residence on West Railroad avenue yesterday in his buggy, when the daughter of the resident of the house ran out of the front gate and waving a hand at the undertaker, yelled:

"Oh, Mr. ———, if you will come back in about two hours you can get my grandma; she's most dead now."

Andrews is now ill with appendicitis. Edward Andrews, who was recently appointed assessor of Santa Fe county, by the board of county commissioners of that county, vice Anastasio Gonzalez, removed from the office by an order of Judge John R. McPhee, is quite ill at his home in Santa Fe with appendicitis. His condition, however, is not alarming.

WATCH THE PRIMARIES TOMORROW NIGHT

Every Owner of Property
Should Attend The
Ward Primaries.

HOW THE SITUATION LOOKS

The republican and democratic ward primaries will be held tomorrow, (Saturday), night, and in accordance with the call of the republicans, will be called to order at 7:30 o'clock p. m. Fix your watches as they will, for correctly, neither slow nor fast, and by all means attend.

In the First ward the primary will be held at the city building, on Tijeras avenue, between First and Second streets, and will be called to order by M. E. Hickey. Two aldermen are to be chosen for this ward—one for a term of two years, to fill out an unexpired term, and one for a term of four years. A. E. Walker is filling out the unexpired term by appointment, and it is understood that his many friends have persuaded him to become a candidate for alderman at the city election. It is also learned today that P. Hanley, the present incumbent, is desirous to serve again, but the names of A. W. Hayden, Sigfried Grunfeld and Tony Morelli are mentioned for aldermanic honors for this ward.

The Second ward primary will be held at the old Knights of Pythias hall on Gold avenue, and will be called to order by E. B. Harsch. Alderman Leonard, so it is learned, would like to try it again, but he may find opposition at the primary, because the names of several strong republicans not seen of late have been mentioned by T. N. Wilkerson. It is not known positively, but it is asserted on the streets, that W. H. Gillenwater would like to succeed himself as alderman from this ward. Other republicans mentioned for the office are Otto Dieckmann, W. W. McDonald and J. G. Caldwell.

The primary of the Third ward will meet in the west vacant store room on the Elks' theater, on the Gold avenue side, and will be called to order by T. N. Wilkerson. It is not known positively, but it is asserted on the streets, that W. H. Gillenwater would like to succeed himself as alderman from this ward. Other republicans mentioned for the office are Otto Dieckmann, W. W. McDonald and J. G. Caldwell.

The Fourth ward primary will be held in the Albright building, called to order by Dr. L. H. Chamberlain. The retiring alderman will be Louis Hildebrand, but it is stated, by intimate friends of that gentleman, that he will not seek a re-election, as he has been visiting Europe the coming summer and will be absent a number of months. Friends today are mentioning the names of G. L. Brooks, Jacob Weinmann, George Arnold, S. D. Rosencwald, W. H. Hahn, Simon Stern and Dr. W. G. Hope, as being possible candidates for alderman of this ward.

At the primaries the candidates for school trustees will also be selected, and the names of a number of prominent citizens, who have always taken an interest in local school matters, are being mentioned today.

The republican workers have called on several popular men in connection with the race for mayor, but up to 4 o'clock, this afternoon, were not in a position to divulge the name of the prospective candidate to head the ticket.

It is absolutely certain that Harry P. Lee will have no opposition for the nomination for city clerk.

The present city treasurer is Henry Rogers, and it is believed he will try for re-nomination. It is rumored on the streets today that Dr. L. H. Chamberlain is getting in line to make the contest against Rogers for the nomination.

The city convention of the republicans will be held at Colombo hall, on North Second street, on Monday, March 26, at 7:30 o'clock p. m., when candidates for mayor, city clerk and city treasurer will be nominated; and the ward candidates for aldermen and members of the board of education will be ratified.

There are four wards in the city, and each ward is entitled to fifteen delegates to the city convention.

The democrats will hold their ward primaries tomorrow (Saturday) evening at 8 o'clock, when delegates will be selected to attend the city convention, and candidates named for aldermen and school trustees. The city convention of the democrats will be held at the Elks' theater, on Monday night, March 26, at 8 o'clock, when candidates for mayor, city clerk and city treasurer will be nominated. It is a settled fact that Mayor Frank McKee would like to hold the office again and will therefore go before the convention for re-nomination. It is learned today, and the report comes from well known democrats, that the present mayor may have opposition in the person of Hon. Nellie B. Field, many friends desiring that he enter the race for mayor.

The socialist party candidates for the various offices, including aldermen and school trustees, have all been named, and the leaders of this party say that they will cast several hundred more votes for their candidates this spring than they did two years ago.

SCOTTY AND THE "DEATH VALLEY INCIDENT"

"SHORTY" SMITH, ONE OF THE
MEN SAID TO BE IN PLOT TO
MURDER, CAN PROVE ALIBI.

A. W. de Lyle St. Clair, the miner who questioned Scotty and his gang, left the city this morning at 5:15, supposedly for Los Angeles, says the San Bernardino Times-Index.

"Shorty" Smith, who was arrested at Daggett as one of the three defendants charged with assault with a deadly weapon, was still in the county jail at 3 o'clock this afternoon, but District Attorney Sprecher stated that he had received enough information from Daggett by wire to convince him that "Shorty" Smith could prove an alibi and it is likely that he will be released from the county jail either late this evening or tomorrow morning, without the necessity of Lawyer Videman's habeas corpus proceedings.

The whole case now rests on the efforts of Sheriff Ralphs to take in William Keyes, the half-breed of Death Valley, who is one of the defendants, and A. Y. Pearl, who is also on the desert. If Keyes should undertake to deny his presence in Windy Gap, the officers will have a hard time making St. Clair's story stick. Indeed, that gentleman tells very flimsy tales,

which vary according to the number of times they are told.

Scotty continues to shoot off his mouth in Portland and is making the best of the situation by advertising himself all he can.

Among last night's Times-Index dispatches was one from Boston in which Mining Expert Owen was quoted as saying that when Warner Scott was shot at the battle of Windy Gap, he exclaimed that "that shot was meant for Owen." District Attorney Sprecher read this dispatch and forthwith sent a telegram to Owen who is in Boston.

This morning he received the following reply: "Telegram received. Warner exclaimed when shot: 'That shot was meant for Owen.' Will write. My address is care Pilot Range Mining company, No. 60, State street, Boston, D. E. Owen."

Attorney Smith made a statement behind closed doors to the district attorney, yesterday. He offered to prove by eight witnesses that he was at Daggett from the time Scotty's party left that place for Death Valley until they returned.

Attorney Wiemann made the claim last night that if the fall district attorney for no other reason he could knock out the complaints on two technical counts. He appeared confident that the local authorities could not make a case against Scotty.

LOCAL PARAGRAPHS

In the list of new members of the American Medical association, which appears in the American Medical Journal for March, the names of two physicians of New Mexico appear—Dr. W. W. Spargo of Albuquerque, and Dr. J. L. Burnham of Las Cruces.

The meat carving department of the Blanchard Meat and Supply company, where Bookkeeper Wilson and Carver Farr and Ortega hold forth, is under the care of painters and paperhangers, and as soon as these artists get through the inside of the meat shop will present a much improved appearance.

The Englewood rooming house, over O. W. Strong's Sons furniture store, which has been conducted for some time past by Mrs. J. J. Bonilla, has been closed up for the time being. It seems that the proprietress had trouble in making both ends meet on rent days, and decided to move. The hotel will be renovated and reopened, it is understood, in the near future.

J. H. McCutchen, editor and publisher of the Industrial Advertiser, who was indicted by the Santa Fe county grand jury for criminal libel against Secretary W. J. Reynolds, passed through the city this morning on route from attending the stockmen's convention at San Marcel, to Santa Fe to answer the summons in the case. Mr. McCutchen will give bond in the sum of \$1,000, his bonds men being Frank and Thomas Hubbard, Colonel W. S. Hopewell and Major Ernest Meyers, all of Albuquerque.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset, and cured much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

AMUSEMENTS AT THE ELKS THEATRE

The Ellery band, now universally recognized as the greatest organization of its kind in America, is again to be heard in this city after an absence of two years. On the occasion of its previous visit, this wonderful aggregation of fifty-five Italian musicians was pronounced by press and public alike to have been the greatest musical attraction that had ever been heard here.

Now that the organization has be-

CHANNING ELLERY.
Manager of the Ellery Band.

come so infinitely stronger, both in ensemble and solo playing, under the direction of the inspired young Neapolitan, Francesco Ferullo, there is no question but that the return of this famous band will constitute the musical event of the season. This is the company of players that has been creating during the past nine months the greatest musical sensation ever known in Chicago, Milwaukee, Cincinnati, Kansas City, the Portland exposition and Los Angeles. It is now about to conclude a most sensational engagement in the southern California metropolis and is on its way east to play during the entire summer at the great Coliseum in Chicago.

The date chosen for the concerts in Albuquerque is Saturday, March 24, matinee and night performances, and no one should think of missing what will certainly prove the most wonderful musical treat ever offered to the people of this city.

The program will be made up of classical, operatic and popular selections, interspersed with solos for various instruments. In fact, they will be of a character to appeal with equal force to the trained ear and to those who modestly declare themselves unversed in musical art.

A GREAT ACTOR IS

CHARLES B. HANFORD

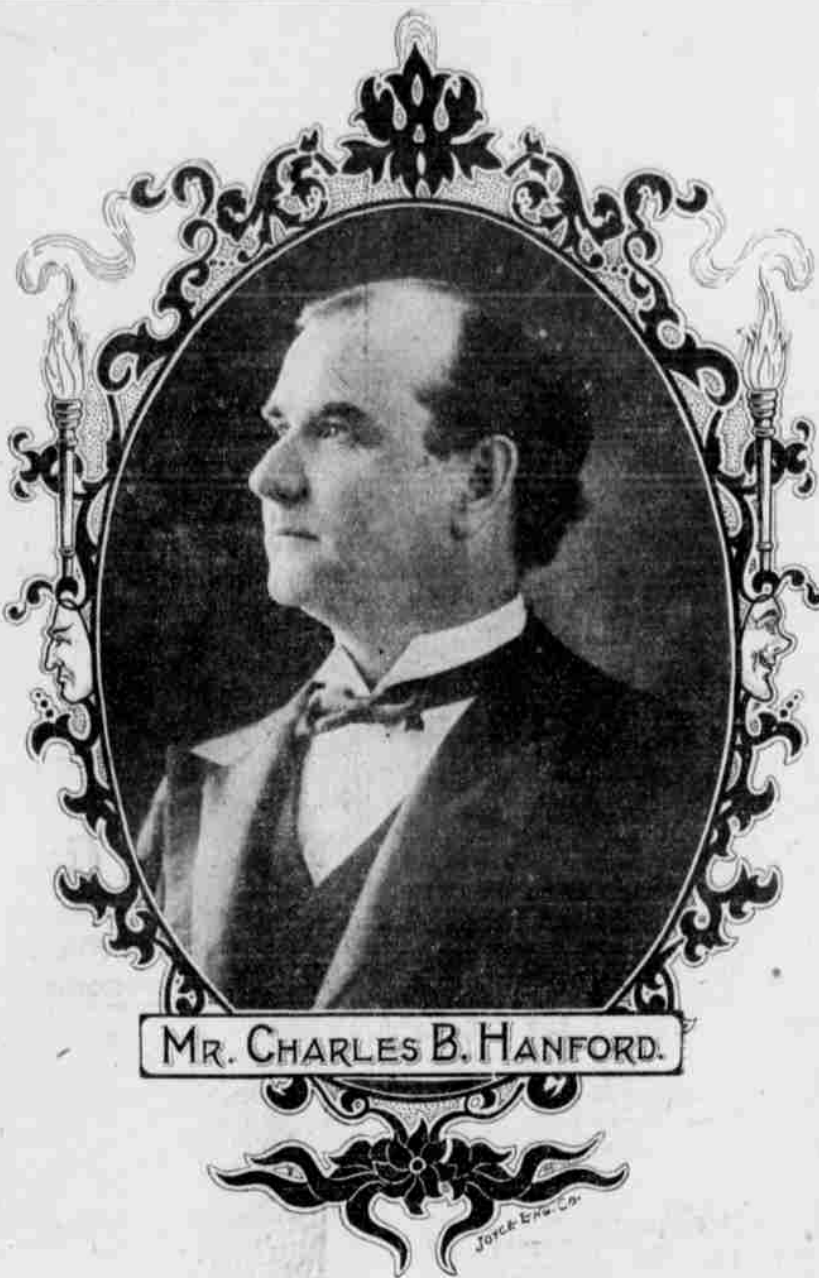

It is a somewhat trite prediction to say that any theatrical entertainment will be "the event of the season." This phrase has become so long established a favorite that it does not carry the weight which it ought to when applied to an attraction of genuine and exceptional merit. The record of unvarying enthusiasm which Charles B. Hanford has established this season is conclusive evidence that his productions are among the very few that deserve to be so heralded. Mr. Hanford has surrounded himself with a company that surpasses any that he has yet organized, if the unanimous opinion of the reviewers may be credited. His leading lady, Miss

Marie Drouhah, has established herself as a favorite with all who have seen her performances and she has received such generous approval, that her appearance here may be awaited with confident anticipation. Mr. Hanford is a positive and reliable factor in the seasons' entertainment, and the assurance that he brings a company of the highest merit, with scenery and costumes whose richness and abundance assure a metropolitan production in the most liberal sense of the phrase, will be gladly accepted by those who have heretofore tested the Hanford guarantee and always with satisfactory results.

Mr. Hanford will present The Merchant of Venice and The Taming of the Shrew at the Elks' opera house on Saturday, March 31, the former at the matinee and the latter at night.

It will not cost you a cent to try Chamberlain's Stomach and Liver Tablets, and they are excellent for stomach troubles and constipation. Get a free sample at any drug store.

John D. Rockefeller is said to be in the care of a nerve specialist. Who? Hen Rogers?

MR. CHARLES B. HANFORD.

STOCKMEN MEET IN SAN MARCIAL

Successful Convention With
Large Attendance--Hospitalities Shown Visitors.

NEW OFFICERS ARE ELECTED

Special to Evening Citizen:

San Marcial, N. M., March 22.—The busy little town of San Marcial was in gala attire for the annual convention of the Cattle and Horse Protective Association of central New Mexico, Thursday and Friday, March 22 and 23. The committee, headed by C. E. Mead, are to be congratulated for the manner in which every detail was handled, and the magnificent success of the event.

Thursday morning, at 10 o'clock, T. W. Medley, chairman of the executive committee, called the convention to order in the spacious opera house, and without preliminary remarks, nominated Hon. W. C. McDonald as presiding officer. The nomination was ratified.

Chairman McDonald thanked the convention in a few well chosen words and then went to work.

Charles V. Mallatt, government inspector, stationed at San Marcial, appeared for the citizens of the town, and delivered an address, warm in its welcome, and strong in its declarations. The declaration of his belief in a third term for President Roosevelt brought forth considerable applause. He concluded by presenting Chairman McDonald with an immense key, symbolic of turning over the town to the visitors.

Chairman McDonald and John L. McCutchen responded, on the part of the visitors.

Secretary Barnes of the Cattle Sanitary Board, was called upon, and made an interesting business talk to the convention.

During the ceremonies, the San Marcial Ocelote rendered several vocal selections in an artistic and delightful manner.

In the afternoon, the convention got down to work. The various officers and committees reported upon the work of the year, showing a most satisfactory condition for the association, and much work done. The report of the retiring secretary, W. C. Sanders, was complete. The association has over \$400 in the treasury.

The following were selected on the executive committee for the ensuing year, and will serve as indicated: Executive chairman, J. W. Medley; secretary, W. H. Spackman of San Acasio; treasurer, William Gardiner; Hon. W. C. McDonald and William P. Sanders.

Ten new members were accepted by the association.

Friday was given up to the entertainment of Governor Hagerman.

E. A. Cahoon Reappointed.

E. A. Cahoon, of Roswell, whose term as a member of the board of regents of the New Mexico Military Institute at Roswell, expired yesterday, was reappointed by Governor Herbert J. Hagerman yesterday morning.

Mlle. La Tour and Her DARING ACT IN THIS COUNTRY

New York, March 22.—As a stirring sign of spring comes "Tody" Hamilton, the invincible, incomparable, imitable, indescribable juggler of circus adjectives.

When the circus begins to peek at daylight and the elephants yawn, two men in the circus business get busy. One is the man who paints the land wagon and the other is "Tody," press agent of, to use his own words, the Greatest Show on Earth.

An inquisitive fellow in whom time has failed to dry up the peanut taste, entered the office of the king of press agents in this city and with garrulous temerity propounded this question: "What'll she be like this season?"

Tody, at work upon a nine-sheet poster, jotted a period after the words

"fugacious frolic with fate," and ejaculated:

"What will it be like, did you ask? Sensation will crowd sensation. Every act awe-inspiring. There'll be the tremendous feat of a woman looping the gap in an automobile, where wonder itself is lost in wonder, and all speculation ceases as to what further extent mortals may taunt death with impunity. A fascinating, fearful, flitting frolic with fate, the incarnation of ingenuity, intrepidity and invention. A dreadful slap, dash, bang, full-tilt-drive, headlong, topsy-turvy jump, leap, furious head-over-heels plunge in an auto.

"But, wait," said the press agent. "Get this! We've got the limit. The absolute limit and positive climax of

sensations. Another auto, driven by the beautiful Mlle. Octavie La Tour. Down a terrible decline she plunges in the most appalling aerial automobile somersaulting act, thrilling, terrifying of all time. This dire disaster and death-decoying deed is the most devilishly ingenious mechanical device for cheating the fates of their prey ever created by the fertile brain of man. A fearless, rash and reckless exploit, automobile and accoutrement making a complete revolution in the air. Think of it! Awful, awe-inspiring, appulsive, outliving every dangerous feat of record, a wild, whirling midair gambol with fate, expectant death meeting disappointment and chargin.

"Keep your seat. That's not all. Hold, man! Witness the glory of the pageantry and allegorical pantomime of peace, America's immortal triumph! An heroic diorama of reality and ideality, stupendous, splendid, bewildering. "And then—

DEATH CREATES PECULIAR POLITICAL SITUATION.

The sudden death of Acting Mayor Moss has produced a somewhat complicated political situation that the council is now engaged in trying to study out, says the Phoenix Republican. Mr. Moss was the holdover councilman from the third ward, together with Mr. Kersting of the first ward, Messrs. Green and Lauer of the second and fourth wards retiring. A special election has been called to fill the vacancy in the mayor's chair, the call being so timed that the special election would be held on May 1, the date of the regular election for councilmen in the second and fourth ward, and the primaries for which election have also been called. A vacancy is left now in the third ward, which naturally would be filled by special election. But there seems to be a question if the time for an announcement required by law for a special election is sufficient between

now and May 1 for the filling of this vacancy in that way. The matter was discussed at the special meeting of the city council yesterday afternoon and the city attorney not being ready to give an opinion yet, was extended further time. There are other ways in which candidates might be named, for instance, by petition, but if it can be done it would be more satisfactory to all to have candidates selected in the usual way, as the other candidates will be, by convention.

Eczema, Tetters, Sait Rheum. Itch. Ring Worm, Herpes, Barbers' Itch.

All of these diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve, and by its continued use a permanent cure may be effected. It has, in fact, cured many cases that had resisted other treatment. Price 25 cents per box. For sale by all druggists.

COMING EVENTS

March 24—Ellery's Royal Italian band.

March 31—Charles Hanford Company in Shakespearean Plays.

April 2—City election.

April 15—Easter Sunday.

May 15—The opening of the Casino.

Doctors Are Puzzled.

The remarkable recovery of Kenneth Melver of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and la grippe. Guaranteed at all drug stores. 50c and \$1.00. Trial bottle free.

You May Buy or You May Wait
But Things MUST Come Our Way!
You'll Have to, Also!

YOU May Think We Are SPECULATING
WE Know We Have a "GOOD THING"

Remember: That WE can afford to wait, but YOU cannot; in growing cities, the best residences are seldom built on the low lands. That we are the sole owners of the only heights overlooking the center of the city and which, covering over fifty square blocks, are but eight blocks distant from the heart of the business district. That, having held this tract intact for years, we now are offering it for residence purposes only, and that our deeds will exclude, for all time, all factories, stores, saloons, boarding houses, etc. That we are expending in improvements over FIFTY THOUSAND DOLLARS and TWO YEARS WORK and, at our own expense, are grading the lots and streets, building cement walks and planting trees. That we own our own water plant and will furnish you from deep wells, an ample supply of soft water at a price lower than the present rates. That the entire tract will be graded to a gentle slope, permitting to every residence the Best of Drainage, Broad, Low Terraces, and a Magnificent View of the Mountains, Mesa, City and Valley. That here you are above the dust and the dirt--on mud--the smoke and the noise of less favored localities. **REMEMBER THAT:**

The Natural Advantages We Had—We Made the Artificial!

That SILVER AVENUE, and its adjacent blocks, the only street now ready, the CREAM OF THE ENTIRE ADDITION, will be the FINEST IN ALL NEW MEXICO OR ARIZONA. That, beginning at one park and ending at another, and also parked on both sides throughout its entire length, it is a boulevard eighty feet broad, lying on the crest of the highest ground in the tract.

That on this avenue a thirty-foot building line is imposed, that the lots are sold only in sites of 100x132 feet, that no dwelling may cost less than \$4,000, and that the purchaser insures to himself and his heirs, his home amid beautiful residences and the quiet and refinement of such surroundings. That the sixty sites on this avenue are so advantageously situated that nothing similar can ever again be offered in the City of Albuquerque.

Also Remember That the Majority of the Directors of this Company Have Bought Here and Expect to Build at Once.

GO UP AND SEE! THEN SIT DOWN AND REASON!

ALBUQUERQUE HARDWARE CO.

BRASS COLLARS ARE COMING

Chief Officials of the Santa Fe to Meet in Albuquerque Saturday.

PAUL MORTON EXPECTED SUNDAY

On Saturday and Sunday, Albuquerque will be the gathering place of the chief officials of the Santa Fe. General Superintendent I. L. Hibbard of the coast lines, was the first to arrive, coming in on train No. 2, this morning. Second Vice President, J. W. Kendrick, General Manager J. E. Hurley, General Superintendent R. J. Parker and Superintendent Kurn, of the main line, are expected to arrive from the east either this evening or tomorrow, and General Manager A. G. Wells and Superintendent of Machinery S. L. Bean of the coast lines, are expected on tomorrow's No. 2. The cause of the gathering is said by the officials first to arrive, to be one of general inspection.

George E. Roe, general freight agent for the Santa Fe at Kansas City, is also expected to arrive in the city by Sunday night, for the purpose of appearing as a witness in the Caledonian Coal company's suit against the Santa Fe. Paul Morton, former second vice president of the Santa Fe, but now at the head of the Equitable Life Insurance Company, is also expected to be in Albuquerque the early part of next week, for the same purpose.

PURCELL TO REMAIN WITH THE SANTA FE

John Purcell, superintendent of the local shops of the Atchison, Topeka & Santa Fe, has decided not to accept the position offered him as superintendent of the Moline, Ill., shops of the Chicago, Rock Island & Pacific railway company, says the Topeka State Journal. This position was offered to Mr. Purcell by T. S. Lloyd, general superintendent of the motive power of the Rock Island, whose headquarters are in Chicago, when it became known that A. W. Wheeler, superintendent of the Moline shops, intended to resign to take a position with the Chicago Pacific.

Mr. Lloyd came on here from Chicago and paid a visit to the Santa Fe shops, over which he was shown by Mr. Purcell. He then offered the position at Moline to Mr. Purcell at a salary in excess of the one he has been receiving here. Mr. Purcell made a trip to Moline last week and looked over the situation. It is understood that the Santa Fe met the raise offered to Purcell by the Rock Island, and that on his return from Moline he made known his determination not to accept the place offered by Mr. Lloyd.

PARENTS ASK \$10,000 FOR LOSS OF SON

James R. Sandlin, 14, died at the Santa Fe hospital last week, after a long illness. The parents, G. H. & S. A. Sandlin, for damages in the district court at El Paso yesterday.

The petition sets out that because of the negligence of the railroad company their son, W. F. Sandlin, employed as a brakeman on the Santa Fe, died in a wreck near El Paso. The petition further sets out that the deceased was 27 years old and had the support of his parents and that he had minor children, Lila, aged 12, and Winnie, aged 13.

The petition also states that J. R. Sandlin, one of the plaintiffs, is 53 years old, and was an invalid for eighteen months before the accident and is permanently an invalid; that the entire time of his wife is taken up in caring for him, and that the son had up to the time of his death, contributed \$50 a month to the support of the family.

The petition sets out that his parents reasonably have expected him to live for some time and that they are entitled to that amount.

ROAD SUED FOR \$10,000
Juarez company, which built the Mexican Central Railroad, is in the state district court at El Paso and the federal court at El Paso and the federal court at El Paso and the federal court at El Paso.

petitions set out that on March 4, the company's smelter on the Mexican Central, about 10 miles south of the city of Juarez, was fired by the sparks and flames of an engine of the defendant and that the plant was reasonably safe.

horses and has a brother with him that is a painter. I think they took up land in New Mexico or some place around there. I wish you would advertise in your leading paper for me. I want to find Henry H. Kahn, Corral Painter. He is my husband, and he deserted me last April and went to New Mexico, as he had a brother living there. Now will you try and find any one by that name, or the postmaster may know, and let me hear from you, as I would give anything to find my husband. Yours respectfully, MRS. L. KAHN.
515 Madison street, Flat 1.

Wasted Lives in Albuquerque

Men and Women Who Are in Need of a Helping Hand—J. H. O'Reilly & Co. Offer a Way to Better Things.

There is no more irritating or nerve-racking condition than that caused by a weak stomach. It gnaws and wears upon every nerve fiber in the body and results in sleeplessness, headache, backache, rheumatic pains, furred tongue, distress after eating, poor appetite and general weakness and debility.

As we may look to a weakened stomach for most of the chronic or lingering illness that weakens and racks our lives, it is of the greatest importance to know that a remedy for stomach troubles is at last offered by a reliable drug firm in Albuquerque under a guarantee that it costs nothing unless it cures.

J. H. O'Reilly & Co., knowing the formula of M-i-o-na, feel that it will be successful in every case where it is used in accordance with directions, that is, one tablet before each meal, and they offer to sell it under an absolute guarantee to refund the money if it does not cure.

A large box of M-i-o-na tablets costs but 50 cents, if it helps you; nothing unless it restores health.

CHARGED WITH PERJURY
JOSE PLENO ARRESTED AT HIS HOME IN GALISTO, BY DEPT. UNITED STATES MARSHAL FORNOFF.

Jose de la Cruz P. Pleno was arrested on Tuesday at his home in Galisteo, Santa Fe county, on the charge of perjury, by Deputy United States Marshal Fornoff. At the last term of the United States court for the Fourth judicial district, held at Las Vegas, an indictment was returned against Pleno charging that he perjured himself before the board of pension commission in his efforts to secure a pension for a man, who it is alleged, had never been in the United States army.

According to the indictment, a man appeared before the board of commissioners and requested a pension, representing himself to be a soldier, who had served in the army and who was entitled to a pension. Pleno, it is alleged, appeared before the pension board and testified that the applicant was the man he pretended to be, in order to assist him in securing the pension.

The commissioner of pensions instituted an investigation and learned that the man under whose name the applicant was applying for the pension was dead. It was then that the indictment was returned against Pleno, and subsequently a warrant was issued for his arrest. Pleno further admitted a bond of \$1,000 and will be tried in Las Vegas at the next session of the United States district court.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

ARIZONA INDIANS ARE AGAIN MAKING TROUBLE.

Owing to recent trouble among the Indians at Roosevelt, Ariz., the agent at San Carlos has issued an order for their return to the agency and Indian police deputized to enforce the order as at Roosevelt rounding up the government's red wards. A majority of the Indians at Roosevelt object to returning to the reservation, and are likely to give the angry police some trouble.

Shoes of Quality and Style

Shoe buyers always seek quality first. When this chief element of shoe making is lacking, all the other parts, though they may be of the highest order, will never make good the loss of this essential feature. But quality alone, without embellishment does not appeal to discriminating buyers. It requires the combination of both to please them.

BEAUTIFYING QUALITY is a thing that has been accomplished in our shoes, without any extra charge for the process.

Our shoes in comparison with rivals at even prices, will show you the advantage attractive shoe-making gives them over the ordinary kind.

Shoes of Quality and Style for Men -	\$1.25	\$4.00
Shoes of Quality and Style for Women -	1.65	4.00
Shoes of Quality and Style for Children -	1.00	2.50

LOCAL AND PERSONAL

DAY AND WEATHER.

Partly cloudy tonight and Saturday, with local rain or snow in north portion; warmer in north portion.

Sunrise, 6:00; set, 6:14; length, 12 hours and 14 minutes. Moon rose at 5:30 this morning. There will be new moon tomorrow at 6:37 in the evening. Day has been fine every way. The shower last evening purified the air and laid the dust. It was highly appreciated by those who have begun gardening. La Place, the celebrated French mathematician and author, was born on this day, 1749.

ARRIVAL OF TRAINS.

The 4 o'clock report of the arrival of Santa Fe passenger trains is as follows:

No. 1—On time.
No. 2—On time.
No. 4—At 1:05 a. m.
No. 7—On time.
No. 8—At 8:40 p. m.
No. 9—On time.

Fred Scholle was in the city yesterday from Belen.

James Scott Delamater, of Deming, is registered at the Alvarado.

J. H. Clement is in the city from Toledo, Ohio, transacting business.

Antonio Lucero, of Las Vegas, is in the city transacting business.

Dr. G. W. Harrison has returned from a brief business visit to Bernadillo.

Amado Chaves came down from the capital city last night on business before the courts.

Anna J. Ford, a native Londoner, who is making a tour of America, is registered at the Alvarado.

F. S. Davis, representing a Denver wholesale grocery concern, called upon local merchants yesterday.

G. M. Smith, auditor for the Harvey system, was in the city last night, coming down from Las Vegas.

J. B. Herndon, of the State National bank, left last night for a business trip to Socorro and San Marcial.

Mrs. F. R. Brown, of West Coal avenue, left yesterday for a visit with friends and relatives in Gainesville, Texas.

There will be an adjourned meeting of the board of directors of the Commercial Club, this evening, at 8 o'clock.

It is rumored today that the local post office has been granted another mail carrier by the department at Washington.

Mr. and Mrs. Duncan McGillivray returned to their home at Estancia today, after a pleasant visit of several days in the city.

With the sprouting of "green grass" on the Alvarado lawn, post gift-labeled signs "Keep of the Grass," have been displayed.

John Murray, a stone mason of this city, was a passenger for Santa Fe yesterday, where he expects to secure work at his trade.

Evening prayer at St. John's church at 7:30 p. m. The subject of the recitor's lecture will be "Evening Prayer and the Litany."

Mr. and Mrs. Martin Remelius, from Belleville, Ill., are in the city, and will remain indefinitely. Mr. Remelius is a carpenter.

The Integrity of Our Name

—Now-a-days when the cry "Quality" is shouted on every hand by a hundred brazen throats it is hard to distinguish between the false and the true in clothes.

—It is the part of wisdom then to put your faith in a house of recognized standing and unchallenged reputation. Such a house can not, as a mere matter of business policy, afford to play its customers false.

—OUR NAME on clothes is a mark of which we're right proud and which we have kept unsullied through all the storm and stress of competition—it stands for "promises fulfilled" for "no misrepresentation" for "finest fabrics, best trimmings, advanced styles, our customer's interests," first, last and all the time.
