FACTS OF CALEDONIAN MINES SALE

The Famous Rebate and Damage Suit Will Now Come to an End.

PROCEEDINGS HELD AT GALLUP

From the Gallup Republican.

The famous Caledonian-Santa Fe rebate case has been brought to an end as far as any further extended litigation goes. Thursday morning the American Fuel company, Attorney Ned B. Field of the Caledonian company, President, Bowie of the Caledonian company, and several other men were seen to go out in a rig towards the Thatcher and Otero mines. Something was doing, just what, no one knew, although many reports were instantly put into circulation.

Wednesday morning the air was full of rumors. President Bowen, of the American Fuel company, Attorney Ned B. Field of the Caledonian company, President, Bowie of the Caledonian company, and several other men were seen to go out in a rig towards the Thatcher and Otero mines. Something was doing, just what, no one knew, although many reports were instantly put into circulation.

The principal rumor was that the American Fuel company was buying the Caledonian company's mines, and everything that went with the mines, including the store in Gallup. By night, the original report was added to and speculation as to just what had happened, was rife. At that time it was impossible to get the exact truth for the reason of the conference of the Fuel company's men and Mr. Bowie, as none of the parties interested would say anything about their affairs.

Thursday morning the Fuel company people were still here and in conference with President Bowie in the office of the Caledonian company, but up to noon nothing definite could be learned. As soon as Mr. Bowie was at liberty a reporter for this paper met him and asked for a statement of the sale, if any had been made. Mr. Bowie stated that the Caledonian Coal company had sold to the American Fuel company the mines of the company and the rights of the Caledonian in the suit against the Santa Fe railroad, nothing more. Mr. Bowie stated that the store was not sold, and would be continued under the same management as now. The mines sold were the Thatcher and the Otero, both producers of coal.

Before time for train No. 8 to leave all the papers making the sale valid had been drawn up, signed, acknowledged, and made ready to put on record in the book of records of McKinley county, and now the American Fuel company, which operates the big mines at Gibson, is the owner of the Thatcher and the Otero.

As to the future operation of these mines by the Fuel company, nothing substantial could be learned. However, the prevailing sentiment seems to be that the producing of coal will be continued.

Mr. Bowie was asked as to his personal intention, now that his mines are sold. He stated that he will remain in Gallup and continue to engage in business. It is understood that Mr. Bowen has other properties that are not developed, and it is hoped that he will begin active development work on these properties, which are in this county, and are said to be very promising.

The people of this vicinity are already thoroughly familiar with the history of the Caledonian's suit against the Santa Fe. The Caledonian company prayed for damages through the United States courts for rebates charged to have been given a rival coal company. The case was long drawn out and involved the head men of the Santa Fe, including Paul Morton, who was in high favor with the national administration. The Caledonian company won at every step in the legal proceedings, although the Santa Fe employed the best legal talent in the country, as did the Caledonian company. The case was to have come to trial Monday, March 26, and the court had ordered that the Santa Fe produce in court the contracts made with the American Fuel company. It is understood that these contracts would prove that a discriminating rate had been given. What the outcome would have been is conjecture, as now the case will never be brought to trial and carried through to a decision. The sale of the mines and the suit to the Fuel company ends the case as far as the Caledonian company goes, and also ends one of the most sensational rebate cases ever brought to the attention of the people of this country. Taken as a whole, it is probably a happy ending as the Caledonian company, through its sale, is compensated for any damages that were sustained through the charged rate discrimination.

RANCHMAN DROVE ENEMY AWAY WITH REVOLVER.

Candido Montoya, a ranchman living six miles south of Santa Fe, on the Arroyo Hondo, came to town last Saturday and reported to the

sheriff that on March 22, shortly after dark, two men were seen stealing up to his ranch house from the rear. Mr. Montoya was in the house at the time and in response to a call from his wife, he hastily armed himself with a revolver and started for the men. They fled before he could shoot at them and succeeded in making their escape. Mr. Montoya says that he has no enemies of whom he knows, and is convinced that the men contemplated robbery.

IN THE WOLLY DAYS
AN ARIZONA OFFICER

TOM WORDEN, WHO WAS LATELY KILLED AT SELIGMAN.

The death of Tom Worden at Seligman, Ariz., a short time ago, was mentioned in the papers of both New Mexico and Arizona, but the following dispatch to the Globe-Democrat, a few days ago, contains some information that may be news to most Arizonians, and that has some local interest out west:

"Tom Worden, who met a tragic death at Seligman, a few days ago, was noted throughout the southwest as a peace officer. He belonged to the old school, who derived its power and influence over desperate outlaws and bad men generally through liberal and timely use of the gun. He met his death in the discharge of his duty, and his prediction that he would die 'with his boots on' came true, although it was the locomotive of a railroad train that brought him to his end instead of the bullet of one of his enemies, as he expected it would be. Worden was in the detective service of the Atchison, Topeka & Santa Fe railroad, and he was in pursuit of a car thief when he was run down by a train and killed.

"His death is peculiarly sad, in view of the fact that he has just sold out his interest in the Silver King mine at Calico for \$40,000, and his resignation as detective was in the hands of the railroad officials, and was to have gone into effect on the day after he met with the fatal accident. Worden had dreamed of being wealthy for years, and when the rich strike was made in the Silver King, and the value of the mine jumped from a few hundred dollars to \$160,000, he and his three partners sold out. With his share of \$40,000 placed safely in a bank, Worden wrote out and forwarded his resignation as railroad detective, to take effect on March 1st. He decided that he would take things easy for the remainder of his life. He and his wife had planned to take an extended trip to Mexico and to spend the coming summer in visiting the eastern pleasure resorts of the United States.

"Worden made his big reputation as a peace officer during the riotous boom days of Tombstone. He was marshal of that town who lit was notorious in the southwest. He killed six men during his first term as marshal. His ready use of the gun caused a wholesome fear of the law to enter into the hearts of the desperate element who had been running things in a high hand in Tombstone, and the town was comparatively orderly after he had killed the fourth or fifth man. The Earp boys, who afterwards became famous throughout this part of the southwest, received their early training under Worden. They served as deputy marshals of Tombstone while Worden was marshal.

"Worden was one of the first peace officers of Phoenix, Ariz. He had to use his gun pretty freely in that place until his authority came to be recognized by the lawless element. It is said of Worden that he got every criminal he ever went after. This was true at least in the case of Jose Ortega, a Mexican, who escaped after committing a cold-blooded murder a few years ago. Worden went on the hunt for Ortega. He struck him in the back of the head with a lead bullet, and followed the fugitive into Mexico for a distance of sixty miles from the border. He overhauled his man in a stretch of desert country, and bore down upon him with a pistol. After disarming the fugitive he forced the man to walk the entire sixty miles back to the boundary line, where he was turned over to the officers while Worden laid up for needed rest."

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of the Herald, adding that in Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Palm Balm a trial and you will be certain to be more than pleased with the prompt relief it affords. One application relieves the pain. For sale by all druggists.

LONG DISTANCE TELEPHONE WILL CONNECT SOCORRO WITH POINTS NORTH ON OR ABOUT APRIL 1.

Captain T. J. Matthews says that the long distance telephone wire is now stretched between Socorro and Albuquerque, excepting about five miles on the Rio Salado, says the Citizen. Work has been delayed there by the non-arrival of poles, but it is hoped that everything will be in readiness to open the long distance line on April 1st. This will give Socorro telephone connection with points in Utah, Montana, Idaho, Colorado, western Kansas and Nebraska, and intermediate points.

Torture by Savages. "Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. M. Sherman of Cushing, Mo. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures liver complaint, dyspepsia, blood disorders and malaria, and restores the weak and nervous to robust health. Guaranteed by all druggists. Price 50c.

Not Worth the Living

Sorry Condition of Many Today—Liberal Offer Made by J. H. O'Reilly & Company.

Those who never have any stomach troubles and whose digestion is like that of an ostrich, cannot possibly understand the sorry condition of many in Albuquerque. There is a remedy that restores the lost functions of the digestive system, relieves flagging nutrition, and aids in the assimilation of food. This remedy soothes and heals the irritated and inflamed walls of the stomach, strengthens the nerve centers of the digestive system, and makes a permanent cure of all forms of stomach trouble, excepting cancer.

J. H. O'Reilly & Co. make a very liberal offer in connection with Mi-ona, giving a guarantee with every fifty-cent box they sell, that if the remedy does not give satisfaction, it will cost nothing. Begin its use at once, and see how quickly you will get relief.

HOW THEY CATCH BRIBERS IN LOS ANGELES

THE ATTORNEY OF WALTER SCOTT HIMSELF IN THE COILS OF THE LAW.

The Los Angeles papers, especially the Examiner, and also the two dailies of San Bernardino, are filling up their columns, these days, with sensational reports (some true and others not so true) of the attack on the Walter Scott party, recently on their way to Death Valley, which Warner Scott, brother of Walter, was shot and badly wounded. The latest sensation is the arrest of Scott's attorney, charged with bribery. On this subject the San Bernardino Sun says:

"We will give you \$100 and a ticket, and see that you are cleared for when you get there," was the bribe offer made Thursday night by Delyley St. W. Weideman to A. W. Delyley St. Clair, after the two men had parleyed between them, Weideman wanting St. Clair to leave the country and go to Mexico, and Delyley St. Clair, who was in this country as long as there was danger of the San Bernardino authorities prosecuting Walter Scott and his gang for the shooting at Wingate Pass.

Attorney Weideman is now under arrest, his offer of bribe having been overheard by Deputy Sheriff Carter, detailed by District Attorney Sprecher and Deputy Sheriff Ward to represent this county, and also by Deputy Sheriff Franklin of Los Angeles, and the city editor of the Evening News, all of whom occupied an adjoining room, though Attorney Weideman was totally unconscious of their presence.

Weideman was placed under \$3,000 bonds, and spent several hours tramping the city, in charge of Deputy Sheriff Franklin, before securing bondsmen. Deputy Sheriff Franklin telephoned from Los Angeles last night to the effect that the evidence against Weideman had been laid before the district attorney of Los Angeles, and his deputies, and after a very careful review of all the evidence, they announce that the case against Weideman is so strong that he cannot hope to escape conviction.

This is the second time that Weideman has been involved for tampering with witnesses. Some time ago he was cited for contempt having been charged with offering a woman \$20 if she would leave the country, and the court fined him \$250.

Eczema, Tetters, Salt Rheum, Itch, Ring Worm, Herpes, Barbers' Itch.

All of these diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve, and by its continued use a permanent cure may be effected. It has, in fact, cured many cases that had resisted other treatment. Price 25 cents per box. For sale by all druggists.

A GASTRONOMICAL TREAT WILL BE SERVED DAILY AT THE WHITE ELEPHANT MERCHANTS' LUNCH FROM 11 TO 2:30.

A Scientific Wonder. The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mafford, inventor for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It healed the worst burns, scalds, boils, ulcers, cuts, wounds, chilblains and salt rheum. Only 25c at all drug stores.

ARCHITECTS.

F. W. Spencer and V. O. Wallingford, rooms 46-47, Barnett building, Albuquerque, N. M. Both phones.

ACCOUNTANT.

GOSSIP GOSSIP IN CAPITAL OF NATION

Republicans Divided, Democrats Harmonious.
Southern Presidential Timber--Longworth's
Political Future--Root as Depew's Successor.

UNCLE JOE MAY BE PRESIDENTIAL POSSIBILITY

Washington, D. C., March 26.—For some reason or another political Washington refuses to accept seriously Judge Parker's advice to the south that it put forward its claims to the presidency. A week now has passed since Judge Parker's North Carolina speech and there has not been evidenced yet any serious quantity of excitement. "Good idea, good idea," say southern democrats in congress. "A southern man certainly wouldn't do worse than Parker did." As the Judge characterized his own defeat as the worst in the party's history, his friends could hardly take exception to this remark.

As a matter of fact, democrats in congress are not giving any great amount of consideration to the presidential election of 1908. Their immediate interest is centered in the congressional election of this year. There is a very strong conviction, and it is not confined to democrats, that there is a good fighting chance of electing a democratic majority to the next house; and there is no intention among democrats of hurrying the prospects by getting into a squabble over a contest so remote as the summer of 1908. It will be time enough to think of the presidential nomination, they affirm, when the congressional contest is off hands.

Republican Discard Helps.
Republicans are not a little disturbed by the cheerfulness with which their democratic opponents are entering upon the congressional campaign. The fact that democrats are more united and more harmonious than they have been in any recent congress is not a thing calculated to contribute to republican peace of mind. Especially is this disturbing when the undeniable lack of republican unity and concord is contemplated.

Rumors reach Washington that there is keen dissatisfaction in many parts of the country with the work—or, possibly, the lack of work—of the present congress. Achievements have not measured up either to promises or expectations. The chief things which the public expected congress to do have not been done, and the belief is growing that they will not be done at the present session. It is contended by many that it were wiser not to do all the things for which the public clamored. The truth of this could be admitted without materially changing the situation. The difficulty is that if the public has been mistaken, it is not likely to discover that fact before election day next November.

Program of Non-Performance.
If the present program of non-achievement goes forward to adjournment day, the republican majority will have to go home and begin a campaign of explanation. That is the hardest campaign in the world to make. The party out of power, free itself of responsibility for legislation, can tax the party in power with failure to do its duty, and the excuse has got to be a mighty good one and oft repeated if the public mind is to be disabused of the belief that something is wrong. It is a good deal different matter from going home and pointing with pride to a record of things achieved.

Southern Presidential Timber.
Despite this refusal of the south, however, to be thrown into ecstasy of hope by the Parker speech, there naturally has been more or less discussion of southern presidential timber. The name most often mentioned is that of Governor Folk of Missouri. A native of Tennessee and a son of Missouri by adoption, he is geographically as any southern man, and his record as public prosecutor and governor undoubtedly would be a source of great strength. Former Governor David R. Francis is another Missouri man who is regarded as of presidential stature. He is a native of Kentucky, a man of large business interests and has a good public record as governor and member of President Cleveland's cabinet. Mr. Francis is very highly regarded by the "conservatives" of the democratic party. Texas has two young and able senators, both of whom are regarded as good presidential material. Senator Bailey is the better known of the two

that his marriage should subject him to ridicule and the odities which he, on his merits as a man, never earned nor deserved.

Root Depew's Successor.
Another of the rumors which have been current this week is that Secretary of State Root has been slated to succeed Chauncey M. Depew in the United States senate. The story has it that Mr. Depew has been induced by the president to withhold his resignation until after the adjournment of the New York legislature, that Depew will then resign and that Governor Higgins will appoint Mr. Root to fill the vacancy. Please remember that the story is given here as a rumor which is current in Washington. The writer is very sure he is not going to couch for it.

The dinner given by Speaker Cannon on last Saturday evening let loose another flood of rumors. A member of the house is quoted as authority for the statement that many republican members will be found actively working for Cannon's canvass as a presidential candidate in their respective states. There was no direct reference to this at the dinner, but the many flattering remarks concerning "Uncle Joe" induces friends to talk out in the open. Although Speaker Cannon is 69 years old, his friends say he is rugged and healthy, and fully capable of conducting the responsible work of chief executive of the nation. The story of a presidential boom for Cannon around the friends of Vice President Fairbanks into strenuous declarations that Fairbanks is most likely to control the Illinois delegation in the next republican national convention, and that Speaker Cannon is out of the running so far as the delegation from his home state is concerned.

All of which makes interesting reading, if one be not too busy. As to its importance, well, that is a matter of opinion.

Why This Difference.
No little interest has been aroused in Washington by the fight which Major George W. Steele, the veteran ex-congressman from Indiana, is making to regain his seat which was wrested from him four years ago by young Fred Landis.

Steele, after his retirement from congress, was made governor of the Soldiers' Home of Indiana. Recently he asked for a furlough from his duties in order that he might be able to look after his congressional canvass.

The matter finally found its way to the White House, with the result that he set forth that he did not regard it as compatible with the public life which Major Steele should be absent himself from duty for the purpose of conducting a political canvass. The correctness of Mr. Roosevelt's attitude is not generally questioned, but Major Steele's friends profess to be unable to understand why this very praiseworthy rule of conduct should not apply as well to Secretary Shaw and others in high office who leave their important duties to look after their personal political interests.

SEATS ON SALE WEDNESDAY.

The sale of seats for the forthcoming engagement of Mr. Charles B. Hanford, in "The Merchant of Venice," at the Elks' opera house on Saturday, March 31, will open Wednesday, March 28. Mr. Hanford will appear as "Shylock" and Miss Marie Drouhin as "Portia." The engagement promises to be a notable one, as both these artists are exceptionally popular in this city. It is promised that the play will be elaborately mounted, both in respect to scenery and costumes. "The Merchant of Venice" will be the matinee bill and "The Taming of the Shrew" the offering at night.

BIDS WANTED.
Bids will be received at the office of the clerk of the board of county commissioners of Bernalillo county, up to 10 o'clock in the forenoon of Saturday, April 14, 1906, at the court house of said county, in Albuquerque, for the doing of the following work:

First, for repairs and additions to the county bridge over the Rio Grande at Bernalas.

Second, for reconstruction of a portion of the county bridge at Corralles.

Third, for work upon, and in the vicinity of, the Alameda dyke.

Fourth, for dyke construction at Atrisco and other work for the protection of property from floods in that vicinity.

Bids can be submitted for either or all of said four different pieces of work, and the board reserves the right to reject or accept any or all bids.

Said work is to be done according to specifications which can be seen upon application to the clerk of the board at the court house.

By order of the board of county commissioners.

(Seal) A. E. WALKER, Probate Clerk and ex-Officio Clerk of the Board of County Commissioners of Bernalillo County, New Mexico, March 24, 1906.

FRONTIER LIFE, WITHOUT A GUN, AT WHITE OAKS.

Rev. Jones was in town, the other day, looking out in fringed leggings, clanking spurs and sombrero fit to ride a shaggy necked buffalo, says the White Oaks Outlook. Just to show an admiring crowd of old friends how he honored those gaudy trappings he mounted a meekly little broncho, with a flourish, and the rowels, and instantly landed on the earth like a half baked flapjack. It didn't hurt Jones, but it made the broncho hard to catch.

Always Keeps Chamberlain's Cough

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

NOTICE

In the District Court of the County of Bernalillo, Territory of New Mexico.

Gio Daz, Plaintiff,

vs.

The unknown heirs of Henrietta M. de Ruyter, deceased, and all unknown claimants of interests in the hereinafter described real estate, Defendants.

To the above named defendants:

You, and each of you, are hereby notified that the above named plaintiff has commenced suit against you, in the above styled cause, in the above mentioned court, praying that he may be declared to be the owner in fee simple of, and that his title to certain property, namely, Lots (3) and (4) in block "B" of the Atlantic and Pacific addition to the city of Albuquerque, as the same is shown on a plat of said addition filed in the office of the Probate Clerk and ex-Officio Recorder of Bernalillo county, New Mexico, on the 22d day of November, 1882, be quieted and that the defendants be barred and forever stopped from claiming any right or title to the premises adverse to the plaintiff.

You are further notified that plaintiff's attorneys are McMillen and Raynolds, whose postoffice address is Albuquerque, New Mexico, and that unless you enter your appearance herein on or before the 30th day of April, 1906, judgment will be taken against you by default.

W. E. DAME, Clerk of said court.

COMING EVENTS

March 21—Charles Hanford Com (any in Shakespeare Plays).

April 2—City election.

April 15—Easter Sunday.

May 15—The opening of the Casino.

Doctors Are Puzzled.

The remarkable recovery of Kenneth McIver of Vancouvers, Me., is the only case of much interest to the medical fraternity and a circle of friends.

He was of his case "Owing to severe inflammation of the throat and congestion of the lungs, the doctors gave me up to die when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life. Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hemorrhages and is guaranteed at all drug stores, 50c and \$1.00. Trial bottle free.

CUT OUT THIS COUPON

Fill in and mail to The Liquezone Company, 414-416 Wabash Ave., Chicago.

I have tried Liquezone and I will testify that it is the best medicine I have ever used.

State _____

Send this coupon to the Liquezone Company, 414-416 Wabash Ave., Chicago. They will send you a bottle of Liquezone free of charge.

Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it has secured its widest reputation. In all of these troubles we supply the first bottle free of charge. No one ever fails to get relief from Liquezone. We offer each user a two month's further test without the risk of a penny.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body through the lungs, it is as harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in germ diseases. Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquezone after thousands of tests had

The THEATER

At the Elks' theater Saturday, matinee and night, was heard some of the best musical organizations it has been the pleasure of Albuquerque theatergoers to have the opportunity of hearing, since last the Elly band was here, only this time, the same band was superior to itself, as compared to its last appearance in our city. That Albuquerqueans are lovers of good music, and that they have the artistic temperament, is not to be denied; their hearty approval of the works of the old masters, as interpreted by the Elly band Saturday night, lending full substantiation to the fact; but that there were a few in Saturday night's audience, who came not for music so much, as to see the gifted director, Francesco Ferullo, who they had heard, was a show in himself, cannot also be denied. The same, they saw, and they were conquered, for it takes but one number, such as "Medtastele," to make one realize that, despite the many gyrations of Ferullo's body, each movement of the arm, finger, the head, in fact, every motion, counts for so much melody from the organ, that he so ably directs. Through the softer passages of this selection, the movements of the great director were as calm and peaceful as the scene the band was portraying through the medium of music that clearly defined, but as the climax was led up to, the great finale approached, Ferullo, the great seemingly inspired beyond himself, would, with the self-same gyrations, secure from each individual of the band, and as a whole, such a burst of grandiloquent music, ending in a blaze and glare that fairly shook the roof of the Elks' theater, that the listening audience sitting in rapport with the famous leader, caught the inspiration from his movements, as well as did the individuals of the band, and the storm of their applause was only equalled by the storm of music in the finale.

Ferullo is a great director, the great as is Channing Elly, an organizer of musical organizations, and therein lies the secret of the great success of the Elly band. The careful selecting and bringing together of musicians who know music and can be taught; the even distribution of instruments so as to produce the greatest volume of music, and the greatest variation of melody; this is the difficult part of Channing Elly, so successfully accomplished. The combination of organizer and director, Elly and Ferullo, make a musical combination that is hard to beat. One that the American people have set the seal of approval upon, long ago.

SEATS ON SALE WEDNESDAY.
The sale of seats for the forthcoming engagement of Mr. Charles B. Hanford, in "The Merchant of Venice," at the Elks' opera house on Saturday, March 31, will open Wednesday, March 28. Mr. Hanford will appear as "Shylock" and Miss Marie Drouhin as "Portia." The engagement promises to be a notable one, as both these artists are exceptionally popular in this city. It is promised that the play will be elaborately mounted, both in respect to scenery and costumes. "The Merchant of Venice" will be the matinee bill and "The Taming of the Shrew" the offering at night.

NOTICE

Notice is hereby given that an election will be held in the City of Albuquerque, New Mexico, on Tuesday, April 3, 1906, between the hours of 9 o'clock a. m. and 6 o'clock p. m. of said day, at the following polling places:

First Ward—City Hall.

Second Ward—At office of Chas. Chadwick & Co., on Gold avenue.

Third Ward—At office of E. H. Dunbar, on South Third street.

Fourth Ward—Near corner of Copper avenue and Third street.

At which election the question of authorizing the issuance of Three Hundred Thousand (\$300,000) Dollars of bonds of said City of Albuquerque, New Mexico, to purchase and extend the water works now owned by the Water Supply company of said city, will be submitted to the qualified electors of said city, who are the owners of real or personal property, subject to taxation, within the City of Albuquerque.

FRANK McKEE, Mayor.

NOTICE FOR PUBLICATION.

(Small Holding Claim No. 548.)

Department of the Interior, United States Land Office, Santa Fe, N. M., March 5, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under Sections 16 and 17 of the act of March 3, 1891 (26 Stat., 854), as amended by the act of February 21, 1893 (27 Stat., 470), and that said proof will be made before the U. S. Court Commissioner at Albuquerque, N. M., on April 14, 1906, viz: Pilar Viquez, Lot 1, in Sec. 25, T. 7 N., R. 2 E., and in Sec. 20, T. 7 N., R. 2 E., and in Sec. 25, T. 7 N., R. 2 E., and Tract A, in lot 3, in Sec. 35, T. 7 N., R. 2 E., and Tract B, in lot 3, in Sec. 35, T. 7 N., R. 2 E., and Sec. 2, T. 6 N., R. 2 E.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Edward F. Otero, of Albuquerque, N. M.; Sisto Baez y Bana, of Albuquerque, N. M.; Mariano Vigil, of Albuquerque, N. M.; Placido Salazar y Otero, of Albuquerque, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above-mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

MERCHANT TAILORING

UPSTAIRS, OVER NO. 209 WEST RAILROAD AVENUE, O. SAMBINI, PROPRIETOR.

My merchant tailoring shop is upstairs over No. 209 West Railroad Avenue, where I solicit the patronage of the public. All work guaranteed first class, as I have had fifteen years' experience in the business. Suits made to order. Clothes cleaned, pressed and repaired. The specific I use will not hurt the cloth. Ladies' garments also cleaned and walking skirts made to order. Give me a trial.

O. SAMBINI.

A Lively Tussle.

With that old enemy of the race, constipation, often ends in appendicitis. To avoid all serious trouble with stomach, liver and bowels, take Dr. King's New Life Pills. They perfectly regulate those organs, without pain or discomfort. 25c at all drug stores.

NOTICE

Notice is hereby given that an election will be held in the City of Albuquerque, New Mexico, on Tuesday, April 3, 1906, between the hours of 9 o'clock a. m. and 6 o'clock p. m. of said day, at the following polling places:

First Ward—City Hall.

Second Ward—At office of Chas. Chadwick & Co., on Gold avenue.

Third Ward—At office of E. H. Dunbar, on South Third street.

Fourth Ward—Near corner of Copper avenue and Third street.

At which election the qualified electors of the said City of Albuquerque, New Mexico, residing within the limits of the said city, shall choose the following officers:

One Mayor—For a term of two years;

One City Clerk—For a term of two years;

One City Treasurer—For a term of two years;

Two Members of the City Council from the First Ward—One for a term of four years and one for a term of two years, to fill out an unexpired term.

One Member of the City Council from the Second Ward—For a term of four years;

One Member of the City Council from the Third Ward—For a term of four years;

One Member of the City Council from the Fourth Ward—For a term of four years.

One Member of the Board of Education from the First Ward—For a term of four years;

Two Members of the Board of Education from the Second Ward—One for a term of four years, and one for a term of two years, to fill out an unexpired term.

One Member of the Board of Education from the Third Ward—For a term of four years;

One Member of the Board of Education from the Fourth Ward—For a term of four years.

Business Manager

Out of Argument

The proposition to subsidize an ocean-lying merchant marine, is one which comes up before congress at irregular intervals. It is now before the law making department of the government and strenuous effort is making to secure the passage of a desired bill. An active propaganda is being carried on to influence the people through the press, that public sentiment may seem to demand the passage of the bill.

The Citizen has received quite a number of sheets of prepared matter for this purpose, of which the following is presented as a specimen:

Our Scheme of Irrigation.

"Already some \$30,000,000 has been expended by the government for the reclamation of arid lands in the west, for the benefit of settlers in that section, and the expenditure has been made in the way of building dams and digging ditches throughout the year over these arid plains, in order to make them fertile. It is expected that many millions will be expended in this way during the coming year. This is nothing but a subsidy to the farmers in that section who settle upon, buy and develop those lands. It is beneficial to the whole country, in a way, as most subsidies that are paid by the government are, but the direct aid goes to the localities that are reclaimed and to the people owning the lands."

If this is a fair sample of the arguments to be used for the ship-subsidy bill, the promoters of the scheme had done well to save both their time and money. There is about as much resemblance between the subsidizing of a merchant marine—regardless of the merits or demerits of the scheme—and the government plan of irrigation reclamation of arid lands, as there is between any two things in nature which have nothing in common. The government does not give a cent to irrigation. It simply lends the money for the purpose, every cent of which must be paid back into the government coffers. Then, too, the money lent does not come from taxes upon the people, but from the sale of lands. To call this process a subsidy—which is a pure gift to aid in the establishment of some proposed enterprise, and in which the money given goes into the pockets of the beneficiary, never to return to the government again—shows a lack of logic, a paucity of argument, or a deliberate design to deceive. However, as already said, this is altogether apart from the merits or demerits of the ship-subsidy bill.

Land of Sunshine

The Citizen is pleased to acknowledge receipt of a copy of that well known work "The Land of Sunshine," a handbook of the resources, products, industries and climate of New Mexico. The book comes with the compliments of the Bureau of Immigration of the territory of New Mexico, and was compiled and edited by Col. Max Frost, secretary of the board, assisted by Paul A. F. Waller.

The present book is a second edition of the work by the same parties and of the same name, the first edition having been entirely exhausted. The new edition is typographically very attractive, reflecting much credit on the New Mexican Printing company, by which the book was issued. The work has been enlarged by new and important data, bringing it down to the present time.

As a reference book—a compendium of the resources, products, industries, climate and other attractions of this wonderful territory—little if anything has been left to desire. The 446 pages are filled from first to last with important facts, conservatively stated. About 200 full page pictures, reproductions of recent photographs, tell a graphic story of the growth and present day conditions in every part of New Mexico, and testify that the accompanying text is free from any semblance of exaggeration or misstatement.

It is a pity that this great work cannot be circulated in every place to which the ignorant or malicious misrepresentations of New Mexico have so widely been extended. Every New Mexican has been placed under personal obligation to the Bureau of Immigration, and especially to the secretary of that bureau, Colonel Frost, for the vindication afforded the territory by this masterly presentation of what the country and her people are, and of what the country possesses and the people have attained.

Out of The Way

"Let the clergymen who are protesting so loudly against the killing of children by trains on Eleventh avenue tell their parishioners to keep their children off of Eleventh avenue." Thus a New Yorker argued against a bill to remove deadly railway tracks from a densely populated street.

It sounds indescribably brutal. No wonder the rest of his speech was drowned in a roar of angry remonstrance.

We have not yet reached the state in which we can patiently hear in bald words that the corporations own the streets and that the public can trespass upon them only at their peril. Yet this is precisely the attitude of the trolley car magnate who orders a speed to be maintained through crowded streets that endangers life. It is the attitude of the contractor who makes the street dangerous with heavy blasts and deadly pits. It is the attitude of the automobilist who dashes along the highway at 40 miles an hour and thinks to himself, "Let them keep themselves out of the way if they don't want to be killed."

The foolishly frank speaker in New York only put into utterance a feeling that is quite common throughout the whole country.

Globe-Democrat: There are intimations from Washington, New York and Chicago that the heads of the great combines are to take a hand against the republican party in the congressional canvass of 1906. It is easy to believe this. Trustism at this moment is fighting for its life. It is being assailed by the whole power and influence of the Roosevelt administration. Behind Roosevelt and Moody stand the 7,000,000 republicans of the United States. Ready also to aid the republicans if the trusts show any signs of getting the upper hand in the congressional elections stand hundreds of thousands of democrats, who recognize that Roosevelt and the republican party are fighting the battles of the \$5,000,000 of American people.

New York Press: In commercial correspondence the tendency nowadays is to eliminate the conventional declaration of "Yours truly," and like expressions, preceding the writer's signature. The inclination toward doing away with "Mr." in addressing envelopes in mercantile communications is also gaining adherents. In many instances the "Yours truly" habit has necessarily been only empty form, as is the case in letters passing between strangers. Advocates of this reform cite the fact that in the sending of telegrams both the points quoted are conspicuously absent, and nobody attributes lack of courtesy or violation of propriety in the premises.

Riverside, Cal. Irrigation companies have formed a merger for the purpose of erecting a power house, that they may use electricity in the development and distribution of water. It is coming to be generally understood that water can be developed in valleys with good underflow, more cheaply by electricity than by any other means, when cheap fuel is abundant for electrical generation.

Chicago Record-Herald: Judge Parker says the republican party is "rotten to the core." "Uncle Joe" Cannon may retort this can not be said of the democratic party, "because there ain't no core."

Kansas City Journal: It is right to punish those who register as voters fraudulently, but it is much more important to punish the scoundrels who induce them to register.

Common Sense Says Carefully Consider

Sunshine.

A government must have money to defray its necessary expenses, and thus we citizens have to pay taxes to keep the government finances in good shape and when it requires larger sums for certain purposes which exceed the ordinary income it has a right to use the credit of the community and to borrow the necessary money for such purposes. But in such a case the action should be in conformity with an ordinary citizen's, and not with those of the multimillionaire. Strict economy should be used and the government should see that it gets its money's worth.

Albuquerque is just facing such a problem. We want to own our own water works. A very sensible and good idea. Other cities all over the globe own their own utilities. Why should not Albuquerque do likewise? But now we come to the vital point: "the value of the outfit." And on this, opinions seem to differ widely. Can we afford, like multi-millionaires, to pay a fancy price for a hobby, or have we to look at the bargain from the standpoint of an ordinary citizen with limited means? We have to bear in mind, also, that we would have to pay interest on this quarter of a million dollars the water company is willing to accept for the plant, and which, besides the capital, would have to come out of our pockets ultimately. Thus, before accepting the proposition, it is well for us to look into the matter carefully and impartially.

Leaving all political and party questions aside, for the ordinary taxpayer and water consumer has nothing to do with them, we should impartially weigh this one point: "Are the water works worth the \$250,000 asked for them or not?"

People who ought to know, tell us conflicting tales; some say "yes," others "no." The "noes," however, seem to be in the majority, arguing in their favor, that the water company, some short time ago, was willing to sell its plant to outsiders at a sum a very great deal less than a quarter of a million. If this point is substantiated and true, why can the city not buy at the same figure? What has caused the sudden inflation in the value of the plant?

As a rule, the ordinary citizen, with but few exceptions, has enough worry and work attending to his own business, that he leaves the consideration of public matters to his—as he thinks, less busy—neighbor, who under the same impression—returns the compliment. Each one arguing that one vote more or less at the polls does not matter at all, and thus the vital issue at stake is left in the hands of some unscrupulous politicians.

Spelling of Sixty Years Ago and Now

J. M. Greenwood in Kansas City Star.

Not many weeks ago J. R. Riley, principal of a Springfield, Mass., school, in rummaging around in an old attic, found a musty volume, containing a list of twenty words that had been given as a spelling test to a class of eighty-five pupils in the Springfield high school in 1846. The examination papers of sixty years ago had also been carefully graded and put away, where they remained forgotten, no doubt.

I gave the list of words to 478 of our seventh grade pupils in the Franklin, Humboldt, Irving, Jefferson, Lathrop, Linwood, Whitaker and Woodland schools; also to 119 sixth grade pupils in the Linwood, Whitaker and Woodland schools and to thirty-nine seventh grade pupils in the Lincoln school, with the results recorded further on as compared with the results of 1846, and again with the Springfield pupils' spelling in 1906.

The first list shows the spelling of the Springfield pupils sixty years ago. These high school pupils had been in school, I suppose, about ten years, while our pupils have been in school nearly seven years and those in the sixth grade not quite six years. The following table of the Springfield test of 1846 shows how many pupils spelled each word correctly and how many spelled each word incorrectly:

	Cor- rect.	Incor- rect.
Accidental	61	24
Accessible	31	54
Baptism	54	31
Chirography	30	55
Characteristic	39	46
Deceitfully	40	45
Descendant	24	61
Decent	17	68
Decorous	39	46
Preciousness	42	43
Poignancy	28	57
Ghastliness	23	62
Gnawed	33	52
Hellness	42	43
Hysterics	40	45
Imbecility	50	35
Inconceivable	20	65
Inconvenience	32	53
Inefficient	33	52
Irresistible	13	72

The class average in spelling in 1846 was 40.6 per cent. Principal Riley gave the same list of words to 245 pupils of the ninth grade in the Springfield schools recently and the result averaged 51.2 per cent.

The result of the test made by 478 seventh grade pupils in the Kansas City schools showed an average of 53.84 per cent, which is 18 per cent higher than the grade made by the high school pupils of 1846 and 7.6 per cent higher than the grade made by the ninth grade pupils in Springfield since the discovery of the list. The result of the test made by the 119 sixth grade pupils in the Kansas City schools averaged 50.8 per cent or only four-tenths less than the grade made by the ninth grade pupils in the Springfield schools.

The test made by the seventh grade pupils in the Lincoln school averaged 35 per cent.

Bringing these results together under dates and localities, we have:

	1846.	1906.
Number of pupils	85	245
Per cent correct spelling	40.6	51.2
Kansas City, Mo.		1906.
Number white pupils in seventh grade		478
Per cent correct spelling		53.84
Number white pupils in sixth grade		119
Per cent correct spelling		50.8
Number negro pupils in seventh grade		39
Per cent correct spelling		35

It will be seen that the list of words is a difficult one to spell. It is such a one as will test the ability of persons somewhat widely read.

One thing the results show is that white children of younger years and less mature minds as a class spell better now than did this special class of eighty-five pupils in the Springfield high school sixty years ago.

Trying to Please.

Mrs. Towne—You say you are learning the Swedish language. May I ask why?

Mrs. Suburban—Certainly. Our cook doesn't like the English language.—Peach.

No Changes.

"A college professor says that twenty years from now women will be ruling the world."

"I don't doubt it. I see no immediate prospects for man getting the supremacy."—Minneapolis Tribune.

BERNALILLO COUNTY DISTRICT COURT

"Bootlegger" Gray Guilty—
Jose Padilla Placed
on Trial.

JUNE HAD 31 DAYS IN 1905

Because the money for which Walter Gray sold whiskey to Indians was given them by agents from the department at Washington for the express purpose of securing incriminating evidence against him, the jury which sat on the case recommended that the court extend clemency to the defendant.

This is the case which went to the jury on Saturday afternoon after an all day trial, and is one of two cases coming up at this term of court, in which decoys were used to trap the saloonists. The evidence showed conclusively that the star witnesses, three Navajo Indians, bought liquor from Gray with money furnished them by agents of the government and that they did so at the request of these same agents.

The second case in which decoys were used to secure incriminating evidence against the saloonist was that of Jose Padilla, of Ketchikan. This case was called this morning and consumed the greater part of the day. E. V. Chaves represented the defendant and Assistant United States Attorney E. L. Medler conducted the prosecution. The offense was committed early in July. The Indian used as decoy in the case is known as "Long Mud," which is the English interpretation of his Navajo name. Jesse E. Flanders, a special agent of the government, who played a prominent part in working up the case against Padilla, was an important witness for the prosecution. The line of defense followed by Attorney Chaves was that of proving an alibi for Padilla. A number of witnesses were produced to prove this alibi, and in cross questioning one of these witnesses an extraordinary circumstance was revealed.

"Where were you on the 31st of June?" asked Attorney Medler.

"Working," replied the witness.

The case went to the jury at 4 o'clock. The territorial grand jury reported four true bills during the forenoon, and continued its labors. Cases are set before this body for tomorrow and Wednesday and it is expected that it will have finished its work by Thursday.

The United States petit jury will also complete its labors this week. The court will then take a recess until April 9, when the territorial petit jury will be called.

LOCAL PARAGRAPHS

T. E. Walsh and Thomas Casey, of Boston, Mass., intimate friends of J. H. O'Reilly of this city, who were with a party of Raymond-Whitcomb excursionists that have been touring the southwest and Old Mexico, were in the city Saturday, Mr. O'Reilly showing the gentlemen around the city. The excursionists left Saturday night for the Grand Canyon of Arizona, where they will spend a couple of days before returning east.

Major H. R. Whiting enjoyed a visit this forenoon from his old friend and comrade, Colonel Charles H. McConnell, of Chicago, who arrived from the south on the early train and left for the Grand Canyon on the California limited. Major Whiting and Col. McConnell were brother officers of the Twenty-fourth Michigan volunteers. The colonel is now on his return to Chicago, where he is the proprietor of a large drug store, from a journey in Mexico and Cuba.

At yesterday's meeting the committee of Shriners having in charge the matter of setting the time of departure of the special train that will carry the Albuquerque Shriners to the meeting of the Imperial Council to be held in Los Angeles in May, decided that the train will leave here Saturday morning, May 5, between 10 and 11 o'clock. This special train is for nobles and their ladies only, and will consist of Pullmans, a diner and buffet car, and the delegation of Shriners from this city will enjoy a rate of \$35 for the round trip to Los Angeles. Arrangements for accommodations have already been made in Los Angeles for the delegation, and they will travel in the best of style.

SPRING HAS SPRUNG

Spring has sprung! In strict accordance with the date set by the weather prophets for its appearance in New Mexico, it arrived, and on every hand evidences of its presence are manifest. Shade trees are putting forth their foliage, peach trees and likewise apple trees are budding or in blossom, and the rain of yesterday, which was general over the southern and central portions of the territory, will hasten the growth of vegetation. Grass is springing up everywhere, and the green leaves, green foliage of the shade trees, and the blossoms of the fruit trees, are beginning to make a beautiful and springlike appearance. A feature of yesterday's rain that brought joy to the hearts of the fruit growers for awhile was the hail that started falling with the first shower. However, it was very fine and of such short duration that it failed to do any damage. A rainbow was also in evidence for a few moments between showers yesterday afternoon.

Couldn't Navigate.
"Why do men use the expression 'couldn't navigate'?" I know what it means, but I don't see where it comes from."

"A boat can't navigate when there is no water," replied her husband. "It's the same way with a man. If he sticks to water, he can."

NOTICE.

Delegates, Attention.

The City Republican Convention will be held tonight at 7:30 p. m. in the ball room of the Elks' Opera House. Delegates and all persons interested will please note this change.

M. E. TICKET,
Secretary City Republican Central Committee.
W. H. GILLENWATER,
Chairman of the City Republican Central Committee.

CITY CONVENTIONS OF REPUBLICANS AND DEMOCRATS TONIGHT

Both Will Meet in Elks' Opera House Building, The Former in Ball Room and the Democrats in Banquet Room.

SOCIALIST CITY TICKET AND PARTY'S PLATFORM

This city republican convention will be held this evening at 7:30 o'clock, in the ball room of the Elks' opera house.

The city democratic convention will be held in the Elks' opera house (the banquet room), just across the aisle from the ball room, at 8 o'clock p. m.

THE CITY REPUBLICANS

First Ward.
In the first ward the primary was held at the city building, and the following delegates selected:

E. J. Alger, J. W. McQuade, M. E. Hickey, Don J. Rankin, A. E. Walker, E. L. Washburn, Joseph Ravera, J. M. Deolite, A. W. Hayden, C. O. Cushman, J. Martin, Aban Sandoval, C. D. Goff, E. C. Allen, C. B. Strother.

Second Ward.
The city republicans of the second ward met in the Red Men's hall on Gold avenue, and selected the following delegates to the city convention:

T. K. Lawers, Fred Fisher, H. J. Stone, Joe Scott, Dr. O. G. Bebbler, L. W. Gales, Charles A. Hall, W. C. Preston, George P. Learnard, J. Porter Jones, A. W. Bambrack, Otto L. Rice, Ed. Harsch, J. C. Armijo, David Baca.

Third Ward.
The city republicans of this ward met in the Armory department of the Elks' Opera House, on the fifth street side, and in a few minutes had named the following delegates to the city republican convention:

Frank A. Hubbell, T. N. Wilkerson, George Craig, H. E. Rogers, T. H. Apodaca, Antonio Chavez, W. G. Gilenwater, Juan Sandoval, J. Sanb, George F. Albright, Maynard Gussard, H. D. Romero, Frank Fracarro, Isidro Sandoval, Al Frost.

Fourth Ward.
The city republicans of the fourth ward congregated in the vacant Alhambra building, corner of Third street and Copper avenue, and the following delegates were chosen:

O. A. Matson, Melville Summers, L. H. Chamberlin, T. S. Hubbell, A. J. Crawford, R. W. Hopkins, David Rosenwald, H. P. Owen, L. Grady, W. S. Strickler, W. T. McLaughlin, W. H. Hahn, Green Watson, Frank Ackerman, W. H. Springer.

The ward primaries were presided over by the following gentlemen:

First Ward—M. E. Hickey, chairman; Dr. E. J. Alger, secretary.
Second Ward—L. W. Gales, chairman; Otto Bebbler, secretary.
Third Ward—T. N. Wilkerson, chairman; George Craig, secretary.
Fourth Ward—E. S. Stover, chairman; L. H. Chamberlin, secretary.

THE CITY DEMOCRATS

First Ward.
The city democrats of this ward met also at the city building and the following delegates were chosen:

A. B. McMullen, Dr. P. G. Cornish, D. A. Bittner, D. S. Bicklin, Henry Auger, J. L. Bell, R. Doolin, W. Emil Mann, Ben Myer, A. A. Trimble.

Second Ward.
In this ward the city democrats met at the office of the Clarkville coal yards, and elected the following delegates:

John Bonnell, Thomas Isherwood, R. J. Sweeney, G. W. Bixler, Francisco Montoya, Ricardo Montoya, J. A. Skinner, H. C. Clark, W. H. Dacey, R. L. Wootton.

Third Ward.
At the office of E. H. Dunbar, the democrats of this ward held forth, and the following delegates were chosen to the city convention:

George Ellick, Samuel Neustadt, E. H. Dunbar, A. J. Maloy, Thomas Moran, J. S. Black, John R. Abel, F. C. Bullington, John Ford, Frank Kirker.

Fourth Ward.
The fourth ward democrats assembled at Justice Craig's office and selected the following delegates:

Frank McKee, George Browne, W. W. McCallan, R. W. D. Bryan, Summers Burkhardt, P. P. McCanna, John S. Beaven, Dr. H. H. Carns, O. N. Marron.

The primaries of the city democrats were presided over by the following gentlemen:

First Ward—P. G. Cornish, chairman; Emil Mann, secretary.
Second Ward—John Bonnell, chairman; J. A. Skinner, secretary.
Third Ward—George Ellick, chairman; E. H. Dunbar, secretary.
Fourth Ward—Harry M. Shupe, chairman; R. W. Telford, secretary.

THE CITY SOCIALISTS

A few days ago the city socialists met and selected a ticket for the city officers, but for certain reasons the leaders of the party declined to give out for publication the names of their candidates until after the republican and democratic primaries had been held.

The nominees of the city socialist party are as follows:

For Mayor—Albert C. Rock.
For City Treasurer—Gust. E. Gustafson.
For City Clerk—E. R. Hotelling.

First Ward—J. J. Ryan, for two years; A. L. Stachin, for four years; Antonio J. Guvvara, school trustee.

Second Ward—Harry M. Shupe, alderman; James Blackman, school trustee; four years; vacancy occasioned by the death of R. O. Stoll, and nomination yet to be made.

Third Ward—W. E. Kerr, alderman; Emil E. Herrman, school trustee.
Fourth Ward—Mentis Olson, alderman; J. W. Weir, school trustee.

The Socialist Platform.
The platform adopted at a recent meeting of the socialists declares strongly for municipal ownership. It follows in full:

Firmly believing in the ultimate conquest of overthrow of the capitalist system in all lands of the earth and the restoration to the laboring

class of the full product of their toil through the realization of the principles of socialism, we advocate the general study of these principles so clearly and fully enunciated in our national and international programs and being fully cognizant of the utter incapacity of the local capitalistic parties to afford any relief from municipal mismanagement and corporate exploitation, we offer the following program of immediate demands for the candid consideration of the voters of Albuquerque:

1. Abolition of all contract work for the municipality.

2. All city employees to be paid on the basis of the union scale of wages.

3. The procurement of legislation for the absolute self-government of the city and the inauguration of the initiative and referendum.

4. The discontinuance of the sale or gift of franchises by the city, and the abolition of all quasi public service corporations and the substitution thereof of municipal ownership in all departments of public service, beginning with the water works, gas and electric light and street railway.

5. The extension of the system of public schools and the enlargement of the present facilities and the furnishing to all children of free text books and wherever necessary, meals and clothes to children of needy parents.

6. The establishment of a municipal coal and wood yard, where fuel may be obtained at cost; also the establishment of a bath house.

7. The establishment of public baths, playgrounds for children and the extension of the public parks as well as the general beautifying of the city.

8. Provision to be made for furnishing work to the unemployed by a system of public works and the payment of adequate wages by the municipality.

9. We denounce the system hitherto in vogue of levying tribute upon fallen women, and pledge ourselves to discontinue the practice.

To all the foregoing the socialist party of the city of Albuquerque bind the candidates of their party in the forthcoming municipal election, by the power of the initiative and referendum, and hereby declare the fact that each candidate has filed his resignation with the secretary of local Albuquerque of the socialist party of America.

THE CONVENTIONS TONIGHT

The city republicans will meet tonight in the ball room of Elks' Opera House at 7:30 o'clock, while the city democrats will hold forth at the banquet hall of the Elks' opera house, at 8 o'clock.

From all indications, (since the primaries) when the usual cases nominations for ward candidates are made but none announced by either party last Saturday night, the two conventions will be extremely mild, and a fusion ticket will be named.

Wise ones today state knowingly that the fusion ticket has been decided upon and the following gentlemen will be nominated and ratified tonight by the two conventions:

For Mayor—Frank McKee, democrat, renominated.
For City Treasurer—H. E. Rogers, republican, renominated.
For City Clerk—Harry F. Lee, republican, renominated.

First Ward.
For Alderman—P. Hanley, republican, renominated; A. E. Walker, republican, now filling out an unexpired term.
For School Trustee—E. L. Washburn, republican, renominated.

Second Ward.
For Alderman—George P. Learnard, republican, renominated.
For School Trustee—William Kieke, democrat.

Third Ward.
For Alderman—Samuel Neustadt, democrat.
For School Trustee—George Craig, republican, renominated.

Fourth Ward.
For Alderman—John S. Beaven, democrat.
For School Trustee—O. N. Marron, democrat.

AN AMPHITHEATRE OUT OF DOORS

UNIVERSITY OF NEW MEXICO WILL CONSTRUCT ONE ON ITS CAMPUS—WORK ALREADY BEGUN.

Plans have been consummated and actual work is under way on what will in all probability be one of the most remarkable outdoor amphitheatres located in the west. Three hundred feet north of the heating plant on the campus of the University of New Mexico a force of workmen are busily engaged in grading, what is already a naturally adapted hollow for the purpose of erecting therein an outdoor theatre that will be in style an exact miniature of the ancient Roman amphitheatres.

It will be located at the head of a small arroyo, which has such a gradual and gentle slope as to make it an ideal spot for the proposed outdoor amphitheatre. About four feet above the ground, a wooden stage will be erected and rows of wooden benches will extend in semi-circle ranks back from the stage for a distance of eighty or a hundred feet, extending in width about seventy-five feet.

The hollow in which this unique theatre will be built will be graded just sufficient to make it a perfect bowl-shaped basin that will accommodate fully 1,000 people.

Prof. Tigh, who is engineering the project, expects with very little expense, to have a beautiful out-door auditorium. Hitches will be constructed at the back and sides of the basin so as to drain off the water that might settle in the hollow. Back of the stage and around the main basin will be planted a circular hedge, and a few feet back of this trees will be planted so as to give the space perfect acoustic properties and an air of seclusion.

When completed, the amphitheatre

will be one of the most beautiful and unique in the west, although many colleges of the east have these outdoor theatres where class commencement, orations, lectures and class plays are held. It is the intention of the university faculty to hold their lectures, commencements, etc., in this open air auditorium, and that it will be a great addition to the beauty of the university campus is not to be denied.

W. C. T. U. MEETING

The ladies of the Women's Christian Temperance Union met in a parlor session Saturday afternoon at the home of Mrs. Pitt Ross on West Railroad avenue. The reading of the minutes of the previous meetings and a statement of the condition of the union, showed the organization to be in excellent condition. Fifty-five members now belong to the union, and the treasurer's report showed a fairly good financial condition. A resume of the past year's work was read by Mrs. Mary J. Borden, which also included a brief sketch of the work accomplished all over the territory. During the afternoon a musical duet by Mrs. Drury and Mrs. Cassidy was rendered, followed by Miss Beatrice Slight in one of her inimitable recitations, the program ending with a vocal duet in Spanish by Miss Slight and Mrs. Drury. Refreshments of a dainty character were served by the hostess before the meeting adjourned.

MRS. W. A. GARLAND WILL SUE FOR DIVORCE

HUSBAND ADMITS ESTRANGEMENT, BUT IT IS FROM HIS WIFE THAT HE LEARNS THAT SHE WILL SEEK A LEGAL SEPARATION.

The following article relative to a couple well known in Albuquerque, in the early days, when Mr. Garland was a railroad builder operating in this territory, will be read with interest. It is clipped from the Los Angeles Examiner, of March 23:

Mrs. William A. Garland plans to sue for divorce.

"I have been considering such action," she said last night, at the Garland home, at 757 Westlake avenue, "but the suit has not been filed yet. Now you must excuse me."

W. A. Garland had but a minute before admitted that he and his wife had been estranged. But he said that he had no knowledge of the intended suit. Then he called his wife, and from her learned that she was to ask a legal separation.

She will also ask the courts to award her a share of the community property, valued at \$1,500,000, rumor has it, but about this she refused to speak and her husband refused to give an opinion of her plans.

"I know absolutely nothing about my wife's even contemplating a divorce," said Mr. Garland, when he was questioned at his home. "It is news to me. Perhaps you had better see Mrs. Garland."

Then he called her to the drawing room and from her learned that she was thinking of instituting such a proceeding.

"I was warned several months ago while in the east that my wife was dissatisfied," said Mr. Garland, after she had left the room. "A fortune teller suggested it, but I never dreamed of a divorce."

Reports of a separation in the Garland family have been current for several days, but the estrangement between the husband and the wife, which is said to be of some months' standing, will be news to some of their intimate friends.

W. A. Garland is a wealthy railroad contractor and real estate operator, with offices in the Braley building. Seven years ago he built the home at the corner of Eighth street and Westlake avenue.

Mr. Garland is well known as a gentleman sportsman and a lover of the horse of his stable is the fast trotting mare, Sweet Marie.

THEY HAVE ARRIVED

LEARNARD & LINDENMAN'S BOYS' BAND INSTRUMENTS.

After various delays, caused by playing the instruments by special order and the delays in transit, Learnard & Lindenman are pleased to announce the arrival of the greater portion of the band instruments for their Boys' Band. All the boys and all the persons interested are invited to inspect the instruments, which are now on exhibition in Learnard & Lindenman's display window.

If anyone doubts the ultimate success of Learnard & Lindenman's efforts to organize a band that will be a credit to this city, it is suggested that from now on they watch the growth, numerical and musical, of the Boys' Band.

Attention, boys! All the boys who have signified their desire to join the band and those who desire to learn more of the purpose and plans of the band are requested to meet at Learnard & Lindenman's store, Thursday evening of this week. The band instructor will be present.

Don't forget the date and place. Thursday evening, at 7:30 o'clock, at Learnard & Lindenman's, the square music dealers, 206 West Gold avenue.

LOST RING RESTORED TO MRS. MEDLER

About two weeks ago, Mrs. E. L. Medler lost an emerald and diamond ring, and, after exhausting all means she could think of, in her attempts to find the cherished article, Friday she appealed to The Citizen to help her find the ring, and the newspaper persuaded her to insert a small ad in the paper. The ad constituted only three lines, but it did the work. The ring was found one morning, about two weeks ago, in the street, near the San Juan market, by Mr. O. Hamlin. He tried to find the owner, but failed. Friday night he read the small ad in The Citizen, and Saturday morning the ring was returned to Mrs. Medler. And yet, in the face of such strong evidence, there are some people who do not believe in advertising.

VERY EXCITING GAMES

Two very interesting, closely contested and exciting games of base ball were indulged in yesterday afternoon by the "Stars" and "Orion" in one game, and the "Diamond C's" vs. the "Flam Flam" in the other.

In the first named game the "Stars" were of much greater magnitude than their feathered opponents, and they

cleaned 'em up by the very close score of 21 to 2. The "Orions" are still ailing, however, and the threat of their melo is to the effect that "We'll beat 'em next time." It is needless to add that the game was an errorless affair.

In the other contest, played on the West Gold avenue grounds, the score was a bit more even, being 6 to 5, in favor of the "Diamond C's," but the "Flam Flam" claim they were sin-flamed by their opponents, although the "Diamond C's" stoutly maintain that the game was on the square and that the cause of the "Flam Flam" defeat was the numerous "high balls" indulged in by them.

Another game which had real merit in it was the one played Saturday afternoon between the high school ball team and the team from the Indian school. The high school won by a score of 15 to 7. The victory was a clean cut one, and one of which the high school team is very proud, as the Indians are very fast. The two teams now have a game apiece to their credit, and another game, to decide the superiority of these two teams, has been arranged for next Saturday, at which time both sides will make strenuous endeavors to win.

MORTUARY.

William Lorke.
William Lorke, aged 33 years, a member of the Cigarmakers' union, who has been in Albuquerque the past five months for the best part of his health, died at his home in this city, 218 North Walter street, yesterday morning at 6 o'clock as a result of tuberculosis. Deceased was born in Wisconsin, but had spent the latter part of his life, prior to coming to this city, in Marysville, Kan., where the remains will be shipped tonight, accompanied by his wife. Deceased also leaves a sister, who will continue to reside in Albuquerque for the benefit of her health. The body will be accompanied by Borders' undertaking establishment to the depot by an escort from the Cigarmakers' union, at 6:30 o'clock this evening.

Rudolph Stoll.
Rudolph Stoll, aged 39 years, who has been making his home in this city the past ten months, died at his home, 112 South High street, yesterday morning early, from typhoid fever and complications. Deceased recently secured the Albuquerque Business college from Prof. Ramsay, and during his residence in this city had made many friends who extend their heartfelt sympathy to the grief-stricken wife and 14-months-old child who are left to mourn his loss. Deceased was born in Two Rivers, Wis., and was a noted educator in that state, having been the founder and president of Stoll's Business college in Eau Claire, Wis., for many years, until ill health forced him to change his place of residence. The funeral took place this afternoon at 2 o'clock from the family home, Rev. Crawford officiating. Interment was had in Fairview cemetery.

Antonio Martinez.
Surrounded by his family, and apparently in the best of health, without any complaint whatever, of feeling ill, Antonio Martinez, a respected citizen of Yon Durane, fell dead in his chair last evening at his home. The deceased was 54 years of age. Funeral arrangements are being made today.

Spelling Reform.
"What do you think of this so-called spelling reform?" asked the learned professor.

"I don't know anything about it," replied the successful business man. "What is it?"

"It's proposed to spell rough r-u-f; enough, e-u-n-f; through, t-h-r-u."

"Why that's the way I always spell 'em."

A Lively Tussle.
With that old enemy of the race, constipation, often ends in appendicitis. To avoid all serious trouble with stomach, liver and bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort. 25c at all drug stores.

TOUR EUROPE FREE

THE COURIER-JOURNAL TO TAKE NINETEEN YOUNG WOMEN ABROAD AS ITS GUESTS.

The Courier-Journal is conducting a popularity contest that eclipses anything of the kind ever promoted in that section. Briefly, the Courier-Journal proposes to take on a seven-weeks' tour abroad nineteen young women from Kentucky and southern Indiana, all expenses paid, from the day the party leaves Louisville, July 12, until it returns to "The Old Kentucky Home," August 29. To give all a chance the Courier-Journal has divided Louisville into eighteen districts, and the most popular young woman from each district is to be the one to make the tour. The nineteen young ladies is to be selected in another way. Readers of the Courier-Journal are to select the guests for the paper, by ballot. It is estimated that the trip alone will cost the Courier-Journal about \$15,000, to say nothing of incidental and other necessary expenses. There may be a young woman from this city who would be a candidate for this tour. Write the Courier-Journal, Louisville, Ky., for a list of candidates and full details of the tour.

APPLES—YOU CAN BUY A BOX AT \$2.25 AT J. F. PALMER'S, 501 NORTH FIRST STREET.

TERRITORIAL TOPICS

COLD KILLS THE

FRUIT AT ROSWELL.

The cold nights during the fore part of this week killed the peaches, Japanese plums and Kleffer pears in the Roswell vicinity, those being the varieties of fruit which had blossomed out. Apples of all varieties, Bartles, and other late blooming pears do not seem to have been injured at all.

MAY ESTABLISH WOOLEN

MILL AT ROSWELL.

Dr. Charles L. Marsden and William D. Mahoney of Chicago, arrived at Roswell for the purpose of arranging to establish a woolen mill in Roswell, that will work up all the wool raised in that part of the country. The gentlemen will go to take Arthur for a few days, and in the meantime the matter will be in the hands of the Roswell commercial club.

PURCHASING NAVAJO

CURIOS AT GALLUP.

Herman Switzer, of the Harvey curio department, was in the city Tuesday on business, purchasing supplies for the curio department of that system, says the Gallup Republican. He purchased of R. P. Zahn a very fine collection of pillow tops, looms, blankets and a large assortment of bracelets. Indian goods are bringing a higher price than ever and the traders can hardly fill their orders as fast as they come in.

SILVER CITY ELECTS

NEW ELK OFFICERS.

Silver City Lodge, No. 413, B. P. O. E., held their annual election of officers, Wednesday evening, with the following result: E. A. Layne, exalted ruler; E. M. Young, esteemed leading knight; J. E. White, esteemed loyal knight; C. C. Shoemaker, esteemed lecturing knight; H. H. Betts, secretary; W. S. Cox, treasurer; W. J. Rose, tyler; W. B. Walton, trustee for three years, to succeed himself; A. J. Burgess, representative to the grand lodge, which meets in Denver, July 17th, and R. M. Turner, alternate. The installation of the new officers will take place Wednesday, April 4th.

BADLY HURT IN

RUNAWAY AT GALLUP.

The other morning, Edward Watkins, who is with the Irvine market, was quite badly hurt, says the Gallup Republican. He was driving the delivery team, when in some unknown manner the tongue of the wagon dropped, and the horses broke from the wagon, dragging Mr. Watkins from the seat. He fell forward, on his face, on the hard ground, cutting several gashes in his chin and lips; his right hand was also sprained at the wrist. It was necessary to take several stitches in one of the largest of the face wounds. Mr. Watkins is getting along as well as could be expected under the circumstances.

ANDREWS DOES NOT WANT

ASSESSORSHIP OF SANTA FE.

Edward Andrews announced Saturday afternoon last that he had tendered his resignation as assessor of Santa Fe county, to Arthur Seligman, chairman of the board of county com-

missioners of that county. Mr. Seligman declined to give the form of the resignation on account of not having had an opportunity to communicate with the remaining members of the board of commissioners. They will be notified by Chairman Arthur Seligman of the resignation, and a special meeting may be called to consider the matter, or Chairman Seligman may be given the power to act for the board. In the latter event Mr. Seligman says he will accept the resignation.

WILL WELCOME HIM

BACK TO SOCORRO.

Shortly after Hon. H. O. Bursum's resignation of the superintendency of the territorial penitentiary takes effect, he and family will become residents of Socorro, says the Chief of the Territorial Penitentiary. The announcement of this fact some time ago elicited many expressions of gratification from Socorro's citizens. Mr. Bursum has already arranged for the making of marked improvements on his residence property in the eastern part of the city. In fact, it is understood that he will erect a fine two story brick residence, adjoining the cottage already there. There are abundant reasons why the coming of Mr. Bursum and family to Socorro will be heartily welcomed.

FATHER JULLIARD RETURNS

FROM TRIP TO MEXICO.

Father Julliard who last week returned from an extended trip into the state of Sonora, reports that the Mexican state is growing very rapidly, and that the land in the agricultural districts along the Yaqui river is rapidly becoming very valuable, already bringing \$10 an acre in the irrigated section, says the Gallup Republican. As to the Yaqui rebellion, Father Julliard was able to gain considerable data on the situation, which is really serious. General Toros explained in detail the exact situation and Father Julliard will devote a large amount of space in his journal, the Catholic Pioneer, to a detailed account of the now notorious Yaqui war, which is devastating parts of the state and rendering it unsafe for travelers.

LAWYERS GAVE DINNER

AT ALAMOGORDO.

A correspondent in the El Paso Times, writing from Alamogordo, says: Wednesday evening, the attorneys of Alamogordo, treated the visiting lawyers to a dinner at the railway eating house. For various reasons quite a number of attorneys from over the territory were here Wednesday, some interested in the Tularosa water case, and others interested in this and that matter before Judge E. A. Mann. Among the visiting attorneys were Attorney General George W. Prehard of Santa Fe, E. C. Wade of Las Cruces, Martin R. Baker, of Sunnyside, J. H. Paxton of Las Cruces, Assistant United States Attorney Medley of Albuquerque, Horton Moore, Las Cruces, J. Y. Hewitt and A. H. Hudspeth of White Oaks. The idea to honor the visiting attorneys was a scheme of Judge Mann, who is ever ready to make life

worth the living. Judge Mann is a big-hearted, sociable and cheerful fellow, the kind of a man that enriches the world by having lived therein.

DEMING AND ITS HOMESEEKERS

OVER TWELVE THOUSAND ACRES OF LAND HAVE BEEN ENTERED SINCE JANUARY 1, 1906.

Since January 1, 1906, to this date, there has been 12,320 acres of land entered that are lying adjacent to Deming, mostly south and east of town, says the Headlight.

These lands have been taken under the homestead act in 160-acre tracts, and by means of the desert land claim act. All have been entered in the office of United States land commissioner B. Y. McKee, and Mr. McKee informs the Headlight that there are a large number of inquiries now on file with him that will locate homes in the near future. Very few of these locators have been residents of this vicinity for any great length of time, in fact, most of them have only just arrived here from the snowbound regions of the north and east, and seeing an opportunity to make a home in this sunny climate, are fast seizing the offers of Uncle Sam.

There are still thousands upon thousands of acres of just as good land as that already taken, and it is now only a question of a few months, or weeks, until we shall see homes all over this valley with orchards and crops growing where now all is waste. The Campbell system of dry farming is what is soon to cause this whole valley from Cook's mountains to the Floridas and Tres Hermanas, and as far west as the Gage mountains, to soon be dotted with comfortable homes, farms and orchards.

This system of dry farming is simply an intelligent preparation of the land which holds the moisture in the ground, after it is closely packed on the surface, instead of allowing it to escape by evaporation, as it does when the land is but poorly prepared at the commencement of each season. Parties who have thoroughly investigated this matter and who are the ones who are so rapidly locating the public domain hereabouts, have no fears of their future success.

If you want to see intelligent farming in this arid region now under full sway, take a look at the lands of Ralph C. Ely, just east of town and at the large farm of James Garr, two and one-half miles west of this city.

A Cornell professor is able to make milk from a powder to which he adds water. In the milk business "add water" is always one of the essential steps.

.....
 • What's the use of a helper, if he isn't willing? Willingness is an ample mantle which will almost cover all the sins of serv-
 • Ice. But a classified advertise-
 • ment in The Evening Citizen is a willing helper that is not only absolutely competent, but also is a willing worker. It works all the time for you. It is the best and most economical publicity in the world.
 •

THEY LOVED INTENSELY IN COURT WHILE ON TRIAL

THE VERY THEATRICAL TRIAL IN PARIS OF A ROMEO AND JULIET—BUT THE BANK CLERK LOVER GOT SEVEN YEARS FOR EMBEZZLEMENT.

How the French love the theatrical! America doesn't know the game, although Americans play it hard enough. The most talked of, admired, almost adored personages in France the past few weeks were not persons of repute or standing.

One was Galley, the bank clerk who stole \$125,000 to squander on Mme. Merelli, a mere girl, whom he loved to distraction. He hired a steamer on which to pay court to the mistress of his dreams. He lavished money on her. He was idiotically fond of her, and the love note caught the Parisians who crowded the court.

Galley was heroic. Mme. Merelli proved herself a superb actress. The court proceedings proved a succession of sighs and love and caresses. Romeo and Juliet were outdone and Paris aided with the lover and forgot the crime.

In court Galley refused to testify unless he was allowed to kiss his mistress, and his request was granted.

MME. MERELLI.

Paris enjoyed that salute. And the man's only excuse for his crime was love, love, love, and Mme. Merelli blew a kiss at him, and then cried: "Tiens! You are adorable. I worship you." And the lover gets seven years at hard labor. And the lady is to go on the stage.

THE KID CONGRESS—MAN SPEAKS YIDDISH

Washington, March 26.—The youngest member of congress is Anthony Michalek, 25, of Chicago, representing the fifth district. The district is located west of the south branch of the Chicago river and has a population of 213,000 people, most of them Jews and Bohemians.

Anthony Michalek is a Christian Jew of Bohemian parentage, having been brought to the United States when three months old. He speaks Yiddish and Hebrew, as well as Bohemian, German and English. He was educated in the Chicago public schools and is a bookkeeper. He takes pride in the fact that he is the first person of Slavonic blood to be elected to the American congress.

The youngest member of congress is eaten up with two overmastering interests—immigration, and the musical education and career of "the kid"—his younger brother, Benjamin, now studying the violin in Prague.

"He is the greatest living violinist," the youthful congressman declares. "The world will soon know it. He is with every evidence of conviction. The world will soon know it. He is to make his debut in Prague next summer."

Congressman Michalek is unmarried. All his salary above the barest living goes to the musical education of "the kid." "And I borrow now and again a little," said the devoted brother, who recently spent \$1000 for a new violin.

Representative Michalek is an enthusiast on the subject of America as a land of opportunity and refuge for the oppressed peoples of the earth. In making his campaign in Chicago, Mr. Michalek spoke mostly in Yiddish, but will address the house on immigration in very good English.

The Watch-Dog in your Vest Pocket

YOU can buy Health Insurance now. Several good "Accident" Companies sell it.

Sixty dollars per year will bring you \$25.00 per week, for every week you are Sick.

But, your time alone may be worth far more than that. And \$200 per week might not pay for your suffering.

That's why "Cascaret" Insurance which prevents Sickness, is worth ten times as much money as other "Health" Insurance.

Yet "Cascaret Insurance" will cost you less than Ten Cents a week.

That gives you a "Vest Pocket" Box to carry constantly.

"Indigestion" means food eaten but only partially digested.

"Constipation" means food retained in the body undigested too long, till it decays. It then supplies the poisons of decay to the system, in place of the nourishment it might have supplied.

Isn't that a tremendous handicap worth insuring against?

What does it cost to Cure Constipation or Indigestion, with their train of small and great ills, and to insure against a return of them?

Not so very much.

One 10 cent box of Cascarets per week, at most, perhaps half that.

One candy tablet night and morning, taken regularly for a short time, is warranted to cure the worst case of Constipation or Indigestion that walks the earth.

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you. Because 90 per cent of these ills begin

in the Bowels, or exist through poor Nutrition.

Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach. No,—they act like Exercise on the Bowels, instead.

They stimulate the Bowel-Muscles to contract and propel the Food naturally past the little valves that mix Digestive Juices with Food.

They strengthen these Bowel-Muscles by exercising them.

The time to take a Cascaret is the very minute you suspect you need one.

—When your tongue is coated a little.

—When your breath is not above suspicion.

—When your head feels dull, dizzy, or

achy.

—When you have eaten too heartily, or too rapidly.

—When you have drunk more than was good for your digestion.

—When you have a touch of Heartburn, Gas-belching, Acid-rising-in-throat, or a Coming-on-Cold.

Carry the "Vest Pocket" Box where it belongs, just as you would your Watch, Pocket-knife or Lead-pencil.

It costs only 10 cents. At any drug-

gist.

Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

.....
 FREE TO OUR FRIENDS!
 We want to send to our friends a beautiful French-designed, GOLD-PLATED BUNION BOX, hand-embossed in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded. Send to-day, mentioning this paper. Address Sterling Remedy Company, Chicago or New York.

DOCTOR BRAY MADE PRESIDENT OF VETERINARIANS

TEXAS STATE ASSOCIATION ELECTS EL PASO GOVERNMENT OFFICIAL AT ITS HEAD.

Dr. T. A. Bray, of the United States bureau of animal industry, returned to El Paso from Fort Worth, where he attended the meeting of the Texas cattle raisers and also the annual gathering of the Texas Veterinary association, says the El Paso Herald.

Dr. Bray was honored by being elected at the state veterinary association. The members were given a banquet at the El Paso hotel in Dallas, and attended a clinic at the veterinary sanitarium of Dr. L. E. Warner, who was elected first vice president.

The association will meet next year in Fort Worth, when the cattlemen gather there.

The cattlemen elected Ike T. Pryor of San Antonio and Kansas City, as their president, W. W. Turney, of El Paso, declining to serve any longer, having had three terms in the chair,

longer than any other president in the history of the association.

Dr. Bray says the state veterinarians are going to work for a law regulating the practice of veterinary surgery in Texas, in the same manner as the practice of medicine is regulated. At present there are many veterinarians in the state without licenses.

A number of other El Pasoans attended the meeting of the cattlemen, in addition to Dr. Bray. Among them were J. H. Nations, G. E. Dubey, E. C. Houghton, H. M. Mundy, John Pul-kerson and Tom Powers. They all stopped at Fort Worth for the fat stock show.

Dr. Bray says that a number of buyers and many sellers were present at the live stock meeting, but he did not hear of many sales, there being a considerable difference in the prices asked and those offered.

It will not cost you a cent to try Chamberlain's Stomach and Liver Tablets, and they are excellent for stomach troubles and constipation. Get a free sample at any drug store

You May Buy or You May Wait

But Things MUST Come Our Way!

You'll Have to, Also!

YOU May Think We Are SPECULATING

WE Know We Have a "GOOD THING"

Remember: That WE can afford to wait, but YOU cannot; in growing cities, the best residences are seldom built on the low lands. That we are the sole owners of the only heights overlooking the center of the city and which, covering over fifty square blocks, are but eight blocks distant from the heart of the business district. That, having held this tract intact for years, we now are offering it for residence purposes only, and that our deeds will exclude, for all time, all factories, stores, saloons, boarding houses, etc. That we are expending in improvements over FIFTY THOUSAND DOLLARS and TWO YEARS WORK and, at our own expense, are grading the lots and streets, building cement walks and planting trees. That we own our own water plant and will furnish you from deep wells, an ample supply of soft water at a price lower than the present rates. That the entire tract will be graded to a gentle slope, permitting to every residence the Best of Drainage, Broad, Low Terraces, and a Magnificent View of the Mountains, Mesa, City and Valley. That here you are above the dust and the dirt—or mud—the smoke and the noise of less favored localities. **REMEMBER THAT:**

The Natural Advantages We Had—We Made the Artificial!

That SILVER AVENUE, and its adjacent blocks, the only street now ready, the CREAM OF THE ENTIRE ADDITION, will be the FINEST IN ALL NEW MEXICO OR ARIZONA. That, beginning at one park and ending at another, and also parked on both sides throughout its entire length, it is a boulevard eighty feet broad, lying on the crest of the highest ground in the tract.

That on this avenue a thirty-foot building line is imposed, that the lots are sold only in sites of 100x132 feet, that no dwelling may cost less than \$4,000, and that the purchaser insures to himself and his heirs, his home amid beautiful residences and the quiet and refinement of such surroundings. That the sixty sites on this avenue are so advantageously situated that nothing similar can ever again be offered in the City of Albuquerque.

Also Remember That the Majority of the Directors of this Company Have Bought Here and Expect to Build at Once.

GO UP AND SEE! THEN SIT DOWN AND REASON!

ALBUQUERQUE HARDWARE CO.

RAILROAD TOPICS

E. L. Taylor, auditor for the Santa Fe, arrived in the city yesterday from his headquarters in La Junta.

Charles E. Ross, of Santa Fe, formerly assistant traveling auditor for the Santa Fe, was in the city Sunday to spend the day with friends, returning to the capital city this morning.

Born, Saturday night, to Mr. and Mrs. Lawler, of 1007 South Arno street, a boy. The exultant father is an employee of the local shops.

Harry Rankin, who travels over the Santa Fe reporting anything that would be of betterment to train service, spent Sunday in the city and left for the north this morning.

H. S. Lutz, station agent for the Santa Fe, at Santa Fe, is in the city attending court. Mr. Lutz says that much rain fell at Santa Fe yesterday, and that the weather was very disagreeable through the day.

A fire in the blacksmith department of the Santa Fe shops Saturday night called out the shops fire department, and after half an hour's fight the boys succeeded in subduing the flames before any great damage had been done.

Rolla Stevens spent Sunday in the city with his parents, Mr. and Mrs. N. E. Stevens, and left this morning for Equis on the Santa Fe cut-off, where he holds the responsible position of chief clerk to the engineer who has charge of the work for the Santa Fe at that place.

The Holbrook Argus says: Superintendent E. J. Gibson and Roadmaster Gabriel were here Wednesday and in company with Agent Daum drove over the hills. We were informed the gentlemen were looking at the grade with the intention of opening a pit if they find the desired material.

President A. E. Stillwell of the Kansas City, Mexico & Orient railway, and party of bankers and capitalists, have returned to the east. They made a two weeks' trip over the Orient's properties in Mexico and the great southwest. While in Mexico, President Diaz entertained the party.

J. A. Burton and James A. Canton, connected with the Grant Bros. Construction company, were in the city last night for a short time en route to Los Angeles from the Belen cut-off, where they have been looking after grading operations on the cut-off.

In Arizona and southern California washouts have been occasioning the Santa Fe coast line more or less trouble. Almost all trains are late nowadays as a result of these washouts, the greatest damage in this line being confined to the southern part of California.

The court of civil appeals at Austin, Texas, declared unconstitutional the law passed at the last regular session of the Texas legislature assessing a two-cent tax on the gross earnings of all railroads. By this judgment, the state will lose several hundred thousand dollars in taxes, and it saves to the railroad at present nearly \$200,000 in the way of penalties accumulated in consequence of their refusal to pay the taxes.

John, who has held the position of officer at Laleta, has been known for some time. He has not been with the company for some time, but he has not been with the company for some time, but he has not been with the company for some time.

ED RATES.

John says: Repairs met here question of passenger fares matter of considerable importance to make the line one and round trip, but cents each way. If special rates including clerical half rates, are offered, the state will need not expect rates so long as two-cent fare law is in effect. It is explained that this is not done in a retaliatory spirit, but because it is the only way the railroads have of preventing a serious loss in passenger revenues.

in effect. It is explained that this is not done in a retaliatory spirit, but because it is the only way the railroads have of preventing a serious loss in passenger revenues.

CHICAGO'S TUNNEL FREIGHT LINES.

Will begin running this spring. Have been building five years. Forty-three miles of track. Tracks forty feet below the street level.

Every down town street tunneled. Nearly all work done without opening top. Plan to take wagon freight from the streets.

Includes all merchandise, coal, lumber, etc. Capacity when complete will be double all street freight traffic today.

Underground railroad's business, when complete, estimated at \$60,000 a year gross.

STRANG CAR TAKES SPIN ON SANTA FE.

Instead of coming direct to El Paso over the Rock Island, the "Ogerita," the strang self-propelling motor car, has switched to the Santa Fe and is making trial trips over lines in Kansas, says the El Paso Herald.

Railroads in Kansas are taking great interest in the new car, especially those roads where the opportunities for development of suburban traffic are alluring.

It is altogether probable that cars built on the lines of the "Ogerita" will soon be in regular service on some of these lines.

Four thousand miles of running, at a high average speed in all classes of weather, without any repairs of machinery is the record of which the inventor of the car is boasting.

Only one criticism of the car has been offered. It is said that the vibration of the car has at times been considerable. This will be remedied, the inventor says, by making new cars of a longer and broader type.

FORCE AT SAN BERNARDINO MAY BE CUT DOWN.

According to the statement of railroad officials in this city who are in a position to know, the "bonus" system being installed in the Santa Fe line of the force of mechanics in the local shops, says the San Bernardino Times-Index.

The "bonus" system has brought about what the officers of the road term better service in the Albuquerque shops, said an official, "and though it is a very slight improvement over the old piece system, it holds out extra pay for the rapid workman, and still provides that the slow, though first class workman shall receive a regular scale of wages. Thus

the approval of the employer is gained and a better service secured for the road.

"It has also played havoc with the employees, some of them, and many are working out of a job. It is said that under this system seven men can do the work of eight under the old system, and it is believed that the local force will be cut down to that ratio when the system is in full swing."

It is reported that the bonus system has worked the same effect in nearly every shop in which it has been installed, and the main official who installs and puts the system on a working basis receives a salary as large as that of a life insurance president.

ARTESIAN WATER FOR ESTANCIA

COMPANY ORGANIZED AND FUNDS SECURED FOR SINKING OF TEST WELL—OTHER ITEMS.

Special Correspondence. Estancia, N. M., March 23.—Edward Zink and Miss Cora McBride, of this city, were united in marriage here the 17th, thus uniting two very precious metals, although what the result of the combination will be remains to be seen. James Brown and Miss Dry, of Corona, were also married here on the 19th.

A project to organize a stock company for the purpose of sinking an artesian well here was started a few days ago, and an enthusiastic meeting of the leading citizens of the town was held Monday at R. O. Soper's store to discuss the question. At a later meeting it was reported by the soliciting committee that \$1,000 had already been raised for the project, and it is thought that there will be no difficulty experienced in securing the necessary funds for the purpose. It is intended to incorporate a company with \$10,000 capital stock, and make a thorough test for artesian water, and it is now rumored that the sinking of the well will be commenced in the very near future.

An Albuquerque man named Dabney has arrived in town and rented a building from H. H. Hawkins, which he will stock with drugs as soon as the building, which is being altered, is completed.

A. Fitzpatrick, of El Paso, has purchased two lots and will erect a four-room cottage thereon in the near future for rental purposes.

Building operations are going rapidly forward in the little metropolis of the Estancia valley, and the place is taking on city airs.

S. E. Pophrey, contractor and proprietor of the Alamogordo door, window and sash factory, Alamogordo, N. M., has secured the contract to build the large hospital and office buildings for the Phelps-Dodge people at Dawson. The work is to commence at once.

Mr. Pophrey has done considerable work at Dawson since the Phelps-Dodge people bought the Northeastern and Dawson coal fields. The hospital building, when completed, will be quite an addition to the Dawson layout.

EXPERT CHEF AT THE WHITE ELEPHANT WILL SERVE A MERRY CHANTS' LUNCH FROM 11 TO 2:30 DAILY.

NOTICE FOR PUBLICATION.

(Small Holding Claim, No. 2072.) Department of the Interior, United States Land Office, Santa Fe, N. M., March 8, 1906.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim, under sections 16 and 17, of the act of March 3, 1891, (26 Stats., 854), as amended by the act of February 21, 1892, (27 Stats., 470), and that said proof will be made before the United States commissioner at Albuquerque, N. M., on April 17, 1906, viz., Emilio Sanchez, for the small holding claim No. 2072, in sections 24 and 25, township 7 north, range 2 east.

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz:

Juan Sanchez y Apodaca, of Peralta, N. M.; Edward F. Otero, of Albuquerque, N. M.; Fernin Perera, of Peralta, N. M.; and Manuel Alderete, of Peralta, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the interior department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OTERO, Register.

COME TO BELEN, N. M.

The Future Railroad Metropolis of New Mexico

Located on the Belen Cut-off of The Atchison, Topeka & Santa Fe Railway

Belen is 81 miles south of Albuquerque, N. M., at the junction of the Main Line of the Santa Fe system—leading east and west from Chicago, Kansas City, Galveston and points east to San Francisco, Los Angeles, El Paso and Old Mexico

The Belen Town and Improvement Company Own the Belen Townsite

Of 1,900 business and residence lots, size 25x142 feet, laid out with broad 80 and 70-foot streets, with alleys 20 feet wide, with beautiful lake and public park and grand old shade trees; public school house, cost \$14,000; churches, Commercial club; a population of 1,500 inhabitants; largest mercantile establishments in New Mexico; the Belen Patent Roller mill, capacity, 150 barrels daily; large winery; three hotels, restaurants, etc. Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

ALL PART LIMITED EXPRESS, MAIL AND FREIGHT TRAINS OF THE SANTA FE ROUTE WILL GO OVER THE MAIN LINE THROUGH TO BELEN, EAST AND WEST, NORTH AND SOUTH.

The lots offered are in the center of the city, well graded, (many of them improved by cultivation) no sand or gravel. We need a first-class bakery, tailor shop, shoe house, jeweler, plumbing shop, planing mill, etc. Belen is the largest shipping point for wool, flour, wheat, wine, beans and hay in Central New Mexico. Its importance as a great commercial railroad city in the near future cannot be estimated.

OUR PRICES OF LOTS ARE LOW AND TERMS ON EASY PAYMENTS: TITLE PERFECT; WARRANTY DEEDS. APPLY AT ONCE FOR MAP AND PRICES, IF YOU WISH TO SECURE THE CHOICEST LOTS TO

Shoes of Quality and Style

Shoe buyers always seek quality first. When this chief element of shoe making is lacking, all the other parts, though they may be of the highest order, will never make good the loss of this essential feature. But quality alone, without embellishment does not appeal to discriminating buyers. It requires the combination of both to please them.

BEAUTIFYING QUALITY is a thing that has been accomplished in our shoes, without any extra charge for the process.

Our shoes in comparison with rivals at even prices, will show you the advantage attractive shoe-making gives them over the ordinary kind.

Shoes of Quality and Style for Men	\$1.25	\$4.00
Shoes of Quality and Style for Women	1.65	4.00
Shoes of Quality and Style for Children	1.00	2.50

SAUCES AND CONDIMENTS.

When purchased at F. F. Trotter's grocery store, are sure to bring the right flavor to all dishes into which they enter. This is because we always procure the best manufactured. We find out first what brands are reliable and personally guarantee them.

LOCAL AND PERSONAL

DAY AND WEATHER.

Partly cloudy tonight and Tuesday; colder tonight; warmer in north portion, Tuesday.

Sunrise, 5:56; set, 6:16; length of day, 12 hours and 20 minutes; moon will set at 7:57 this evening. Day has been cloudy but pleasant. But little water fell in the brief showers of the last three days. Tomorrow in the Jewish calendar is Pesach Hodesh Nissan. The bank of England was incorporated on this day in 1694, or 212 years ago.

ARRIVAL OF TRAINS.

Following is the 4 o'clock report of the arrival of Santa Fe passenger trains:
First and second No. 1—On time.
No. 7—On time.
No. 8—3:25 a. m.
No. 4—On time.
No. 9—On time.

Don't fail to attend the conventions tonight.

Attorney Felix Baca is spending the day in Bernalillo.

B. A. Sloyter, the fire insurance agent, was a passenger for Gallup on today's train.

W. M. Moore, of El Paso, accompanied by his wife, was a visitor in this city yesterday.

C. W. Crews and wife, of Pueblo, Colo., were visitors in the metropolis of New Mexico yesterday.

Peter Marron of Buffalo, N. Y., is in the city, the guest of his brother, Attorney O. N. Marron, and family.

Louis McKee, who spent the past few days in this city, left this morning for his sheep ranch near Estancia.

There will be a regular meeting of the Women's Relief Corps tomorrow afternoon at 2:30 o'clock, at Red Men's hall.

R. P. Hall, of the Albuquerque Foundry company, has returned from a short visit with his family in Hollywood, Cal.

There will be a special meeting of the Fraternal Order of Eagles tonight at Red Men's hall. Initiations and refreshments.

E. Abrahams, manager of the O'Reilly drug store, has been confined to his home the past week with malarial fever.

Charles Fisher, of Los Angeles, has arrived in the city and will remain several days the guest of his brother, Adam Fisher, of this city.

The Home Mission ladies of the Highland Methodist church will meet with Mrs. Phillips, 855 North Eighth street, March 27th, at 3 p. m.

Hon. H. O. Bursam was in the city between trains, this morning, returning to Santa Fe from a visit to his sheep ranch in Socorro county.

Lieutenant Cipriano Baca, of the Territorial Mounted Police, passed through the city, this morning, en route to Santa Fe from Socorro.

Mrs. Holmes, daughter of Mrs. Hyde and sister of Mrs. A. E. Walker, is here from southern California on a visit, and will remain a few weeks.

Mr. and Mrs. W. D. Hollister of Denver are spending a few days in Albuquerque enjoying the bracing air, after which they will make a tour of the "Sunshine Territory."

A new sidewalk that will add much to the appearance of the property is being laid at the southeast corner of the vacant lot at Fourth street and West Gold avenue.

John Rhinerson, the well known Albuquerque carpenter, returned today from an extended visit in Hanover, N. M., where he reports much success in his line of business.

Howard H. Betts, city clerk of Silver City, arrived in the city Saturday night from Santa Fe and spent the Sabbath here, leaving for his home in Silver City last night.

There will be a regular meeting of the Knights of Pythias in their lodge rooms tonight at 8 o'clock, at which time matters of importance to the lodge will be discussed.

The street department is to be complimented on some good work being done on North Fourth street, where a deep sag in the street is being filled up to the grade level.

Mrs. W. T. Martiniere, mother of E. Martiniere, of 117 East Gold avenue, left this morning for her home at Columbus, Ga., after a pleasant visit of a month's duration to her son.

Walter Jaffa has recovered sufficient to be moved to his home. Mr. Jaffa spent several weeks at St. Joseph's hospital suffering from an operation for appendicitis.

Mrs. J. H. Wroth will leave Wednesday for Berkeley, Cal., where she goes to be present at the graduation exercises of the college her son James, who graduates this year, is attending.

Dr. and Mrs. G. W. Harrison are rejoicing in the arrival of a long-checked stranger at their home Sunday. It is a girl and the father is inordinately proud. They have decided to christen the little one Filomena Marguerita, after her grandmother and mother.

Miss Margaret Hartman, formerly a teacher in the Central High School, has tendered her resignation, to take effect at once, and will remain in the city until the first of May, on which date she will leave for New York.

Mr. and Mrs. Will Menz have broken up housekeeping and leave this evening for Los Angeles, where Mr. Menz will represent the Conservative Life Insurance company. Their household goods have preceded them.

Mr. and Mrs. Claude King of Chicago are in the city, returning home after a pleasant visit to Mexico. Mr. King called at The Citizen office this morning. He is the managing editor of the Sports Field, published in Chicago.

There was an exchange of overcoats at the Gossett billiard hall, in the Barnett building, last Saturday night, and the person, who, by mistake, took a much better overcoat than his own is requested to return it and thus save trouble.

The Saturday and Sunday police drag net only encased a few drunks and a "vag," four of the first class being fined in police court this morning for their indulgence, all being natives. An American hobo also went to the chain gang for his refusal to work.

The Socorro Chieftain says: For months past the Chieftain has been doing more advertising for Albuquerque merchants than for Socorro merchants. It is a significant fact that the former are securing a greater amount of business from Socorro county customers.

The Lyric Quartette reorganized yesterday, and will begin practicing again with renewed energy. J. M. Hetherington assumes the management of the quartette under the reorganization. The singers are as follows: J. Wesley Beane, James M. Hetherington, Bert Gamble and A. M. Krine.

Postmaster R. W. Hopkins has received official notice from the postal authorities at Washington to the effect that an extra man has been allowed him on the free delivery service. This will make seven mail carriers on the free delivery. The new man will be appointed about April 1.

The Albuquerque Hardware company shipped to Boston Saturday a handsome set of harness and a western saddle, the goods being consigned to Thomas Casey, a mining man, who makes his home in the city of beans and classic rhetoric. This is probably the first sale of such goods by order from a city so far east.

There will be a meeting of the Associated Charities Tuesday afternoon at which time all interested in the organization are requested to be in attendance. The organization will meet at 3 o'clock in the Commercial club rooms, and the finance committee and board of directors are urged to be present.

Hon. T. B. Catron passed through the city this morning, returning to his home at Santa Fe from an extended sojourn in the east. Mr. Catron was on Saturday nominated on the citizens' ticket as candidate for mayor and is now hurrying home to take a hand in the campaign, which will end in an election to be held on April 3d.

John W. Slayton, at one time socialist candidate for the governorship of Pennsylvania, and one of the prominent leaders of the socialist party in Pennsylvania, will lecture in this city March 29, 30, 31 and April 1 and 2, on the subject of "Graft." He will also take an active part in the socialists' campaign in the coming city election.

Unless something unforeseen happens, the Congregationalists will be back in the auditorium of their church on next Sunday. The new pews are all in place and the new Lyon & Healy pipe organ will have been fully installed by that time. This is the first pipe organ to be brought to Albuquerque and the Congregationalists are justly proud of it.

Preparations have already begun for the reception of delegates to the annual meeting of the New Mexico Association of Congregational churches and Mission Teachers, which will take place in this city on the 6th, 7th and 8th of April. The sessions of the meeting will be held in the auditorium of the Congregational church. An elaborate program has been arranged for the occasion.

Under the direction of the music committee of the Albuquerque Woman's Club, that club will, on Friday evening, March 30, give an invitation musicale that for excellent local talent will be one of the best ever given in this city. Each member of the club has the privilege of inviting, as her guests, two people not connected with the club. The affair promises to be one of the best musical treats of the season.

Full equipment for Company E and G of the New Mexico National Guards has arrived, and will be distributed to the members not now having their complete equipment, on the next drill night. Company G with its new equipment, will be the finest company, both in numbers and equipment, as well as the best drilled, in the National guards. The members of Company G are preparing to give a dance April 20, and Captain Ruppe, in honor of the event, has decorated one of his front windows with equipment paraphernalia of the company.

A pair of new laces will improve the looks of your shoes 100 per cent. We have all kinds and colors—leather, cotton, linen or silk, in brown, white or black. Prices run from 2 1/2 cents to 25 cents. C. May's shoe store, 314 West Railroad avenue.
