-BRIEF WIRINGS-

Cowboys on a Tear.

SAN ANTONIO, Texas, Dec. 30.—Six cowboys boarded a train forty miles north of here a few nights since, and among other depredations they forced a Chicago man off the moving train and made some young ladies sing for them.

No News from Egan.

WASHINGTON, Dec. 30.—An officer of the state department stated that so far as he was aware nothing had been received from Minister Egan since the inauguration of President Montt. Secretary Tracy said that the United States steamship San Francisco, which arrived at San Diego, Cal., was there for the purpose of engaging in target practice.

Stage Struck Girls Arrested.

New York, Dec. 30.—Ollie Parker and Dora Van Schaick, the two Chicago girls who ran away from their homes to win fame and fortune on the stage, were arrested yesterday on a telegram from the chief of police of Chicago. They were arraigned in court and remanded to the care of the city society until the arrival in this city of Miss Parker's father.

An Obdurate Woman.

New York, Dec. 30.—The taking of evidence in the Blaine, Jr., divorce case was resumed today before Referee Lord. Despite the strenuous efforts made by young Blaine and his friends to bring about an amicable settlement of the trouble, his wife remains obdurate, and as soon as the taking of evidence is concluded she will return to South Dakota, where she expects that the divorce will be granted in short order.

The Mora Grant.

New York, Dec. 30.—An interlocutory decree has been made over-ruling the demurrer in the suit of E. N. Darling against Benj. F. Butler, of Lowell, Mass. Darling made an arrangement with others for a tract of land in New Mexico of 527,621 acres and was individually interested in 141,337 acres. Gen. Butler agreed to purchase Darling's interests for \$70,000, and payments were made by him amounting to \$11,057. These payments the judge holds to be sufficient as part performance in equity and appear to require that performance be completed.

Railroad Strike.

SAN ANTONIO, Dec. 30.—The entire system of the San Antonio & Aransas Pass railroad is tied up by a strike of its employees. The trouble was caused by the discharging of a conductor for an alleged violation of orders.

The telegraph operators claim they have been poorly paid and that a system of removals and reductions have been inaugurated by the new superintendent, George L. Sande, late of the Texas & Pacific. Several station telegraphers' salaries have been cut and hearing of others the order of railway telegraphers' appointed a grievance committee to secure the signing of a contract by the management of the road maintaining the present operators during good behavior at the existing scale of wages. The management refused to meet this and claimed that no general reduction of wages was contemplated. The department of telegraphs was backed by all the other operatives who, on this particular road, are federated for concerted action. No trains are moving.

Thorndike-Sherman.

WASHINGTON, D. C., Dec. 30.—Rachel Ewing Sherman, daughter of the late Gen. W. T. Sherman, to-day became the wife of Dr. Paul Thorndike, of Boston. The ceremony was performed at high noon at the residence of the bride's uncle, Senator Sherman, No. 1319, K St., opposite Franklin park. Owing to the fact that the bride is still in deep mourning for her father the wedding was very private, the guests being limited to the immediate relatives and friends of the families, the friends including President and Mrs. Harrison, Vice-President and Mrs. Morton, and the members of the cabinet. After the wedding breakfast the newly

married couple left for their future home at Boston. Dr. Thorndike is a young man, but is already very highly esteemed in the medical profession. He is a Unitarian in faith, and hence the union has been regarded as something bordering on the remarkable, so much so that the Holy Pontiff bestowed the golden rose upon the mother of the bride.

Dynamite and Destruction.

PITTSBURG, Pa., Dec. 30.—An Altoona, Pa., special says the Cleveland hotel livory stable was blown up by dynamite, at 2 o'clock, yesterday morning. The debris took fire and, spreading to adjoining properties, destroyed five other buildings. Eight horses were also consumed. The greatest excitement prevails, as it is feared by the people that an organized effort to destroy the town is being made.

Catch the Rabbit First.

WASHINGTON, Dec. 30.—Gen. Schofield has received through the Mexican minister, Senor Romero, official dispatches confirming the engagement between Capt. Bourke and a detachment of Garza's band of revolutionists. Gen. Schofield says that if captured, Garza's men will be indicted for violation of the neutrality laws and for murder, as they fired upon and killed a United States soldier.

The dispatches were referred to the attorney general for such action as he deemed necessary. When asked about it Attorney General Miller said that all persons offending against the law will be prosecuted, but it was always necessary to first catch your hare.

GROWING SERIOUS.

Acting Secretary Grant said to-day that he regarded the situation on the Mexican frontier as serious and that the war department was exerting itself to prevent further violations of the neutrality laws by Garza's band of revolutionists. It was necessary to prevent his crossing backward and forward between Mexico and the United States and the entire force under Gen. Stanley will be distributed along the north bank of the Rio Grande.

It is believed at the war department that Garza's movement is gaining strength, notwithstanding the efforts of the United States and Mexican troops to restrain it, and some officers are aware of the fact.

Dis, the president of Mexico, reached his present station through a revolution conducted across the boundary, just as Garza is conducting his campaign.

CONDENSED NEWS.

Gen. Miles has gone to Washington.

Joe J. Jaffa, of the Jaffa-Trader company, has sent the following correct answer to the question above given: "Irrigation was first employed in the cultivation of the soil 3383 years before Christ, in the garden of Eden. The tenth verse of the second chapter of Genesis says: 'And a river went out of Eden to water the garden, and from thence it was parted and became into four heads.'—Roswell Record.

SANTA FE'S MINES.

The directors of the San Pedro Town-site company meet to-morrow at the office of Governor Prince.

The Lincoln-Lucky is freighting an excellent quality of carbonate ore to the railroad at Cerrillos for shipment.

There is considerable teaming being done in the San Pedro camp, but the price for hauling is said to be very poor for the teamsters.

There is being a great amount of assessment work done by the miners and a good feeling generally prevails in south Santa Fe county camps.

Yesterday evening thirty-eight cars were on the side tracks at Cerrillos. Of this number twenty-five were loaded and the balance were being loaded as fast as the black diamonds could be shoveled in.—Rustler.

There has been a rich vein of gold struck on one of J. B. Mayo's mines in the Ortiz mountains. At first the vein was about eleven inches thick, but has widened to twenty-four inches, going about six ounces of gold to the ton.

They are pushing operations at the Simonson mill and are about ready for operations. It is said the Hazelton mine,

Two men named Fisher were arrested at Missouri valley, Iowa, for passing counterfeit money.

The testimony in the Graves-Barnaby case today is all in and arguments began yesterday.

The Aurora & Chicago Inter-Suburban railway has been incorporated there, with a capital stock of \$1,000,000.

Another Italian killing affray has occurred at Kansas City, Joe Mangiaracina being the victim. It was the result of a vendetta.

Prince Christian, husband of the third daughter of Queen Victoria, lost an eye from a stray shot while hunting in the Isle of Wight.

Mrs. James L. Davis, Butte, succeeded in shooting the bandit today. He had deserted her and was living with a paramour.

A mass meeting of the American Secular society will be held in Chicago in February to protest against closing the World's fair on Sundays.

Advices from the South state that the natives of the New Hebrides group have become notorious of late, owing to numerous atrocities perpetrated on the white inhabitants.

After the wedding of Willie Wright and Miss Phillips, Meridian, Miss., the bridegroom was killed by Frank G. Johnson, a former tutor for the young lady's hand.

Gen. A. D. Straight, Indianapolis, is dangerously ill with la grippe. He was a prominent union general and one of the leaders in the famous escape through the tunnel from Libby prison.

Joe E. Hallegan, a telephone operator, was sent to the insane asylum at Cincinnati. Some friends, for a joke, sent a charge of electricity through his ear, which made him crazy.

Assistant State Attorney William S. Elliott, Jr., of Chicago, is ill from nervous prostration, owing to the threats of criminals, whose enemy he has incurred. A deep-laid plot against him has just been revealed by a prisoner in the county jail.

The ministers of the government were lined up as they passed through the streets of Montreal and had great difficulty in securing a hearing. Mercier denied the charges that his ministry embezzled millions of dollars from the treasury.

The governor of the state of Durango telegraphed to the City of Mexico that in that state people are dying of starvation. Corn is being sold at cost to the poor, and

many orders for the purchase of corn are being distributed by organized charity.

The Rev. Robert E. Wallace, the evangelist who has been saving souls by the score in the Canadian Soo for some weeks past, has rated a sensation by marrying one of his converts, Miss Rachel E. Ross, a negress.

Leonard Parin, Chicago, has been sued by the United States Express company for \$30,000. He is the father of one of the converted Hurley, Wis., bank robbers, and it is claimed received money belonging to the company.

TERRITORIAL TIPS.

Mrs. W. S. Potter died at Fort Sumner.

The Pecos Valley railway has reduced the fare from Elly to Pecos City to \$3.

C. W. Lewis is to develop several mining claims in Hill canon near Albuquerque.

The Angel Coal company expect to put in a large general saw-mill as soon as they can erect a building.

The snow is over two feet deep in the Magdalena mountains and thirteen inches deep on the plain at the mouth of Water canon.

Alfalfa hay is selling at from \$15 to \$16 per ton. Planting alfalfa, it seems to us, would be a good investment.—Socorro Chieftain.

Barnes Pettijohn, while logging at the Willow Creek mill Saturday, had two ribs broken by the overturning of a sled.—Chama Northwest.

One hundred live pigeons have been secured by the Keweenaw club for their shoot on Saturday, January 2. Afterward, the gold medal offered by G. A. Richardson, will be completed for.

Silver Cityites are again agitating the building of a bridge across the Gila river in order to better control the trade from Meclonons, as there are two companies at work there now who are paying out about \$10,000 per month.

Col. Dick Hinson, of Silver City, came down on Wednesday en route to Separ. Dick is putting in two, and perhaps more, wind mills near there and as soon as they are up he intends to remove all his cattle from the Hot Springs to his new ranch.—Deming Advocate.

In the case of the territory vs. Santos Duran, tried in justice Reber's court before a jury on Wednesday last, the defendant was found guilty of carrying a deadly weapon, and fined \$50 and costs. The six-shooter, "must go."—Roswell Record.

"When and where was irrigation first used in the cultivation of the soil?" Joe J. Jaffa, of the Jaffa-Trader company, has sent the following correct answer to the question above given: "Irrigation was first employed in the cultivation of the soil 3383 years before Christ, in the garden of Eden. The tenth verse of the second chapter of Genesis says: 'And a river went out of Eden to water the garden, and from thence it was parted and became into four heads.'—Roswell Record.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting artificial strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes that tired feeling, creates an appetite, purifies the blood, and, in short, gives good bodily, nerve, mental and digestive strength.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." E. C. BROOKS, Editor Enterprise, Belleville, Mich.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." Ed. J. JARVIS, Mt. Savage, Md.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

100 Doses One Dollar

which is to supply the mill, has a good vein of ore about three feet thick. It is under contemplation to put up another mill by Mr. Simonson to mill the ore of the Gold Leaf mine, owned by John De Roe, of San Pedro.

Says the Rustler: "A car load of ore from the Lincoln-Lucky should be worth \$1,000 a day. The copper mine is paying out some \$15,000 per month or more, the Cerrillos Mining company chips in with its \$5,000, the coal shippers pile up their \$20,000 to \$40,000 worth of coal per month, the San Lazarus and other properties will soon be working good forces, prospecting and assessment work brings in more or less money. Are there any flies on south Santa Fe county?"
