WELLS FARGO ARRIVES IN NEW YORK

FIRST TREASURE SHIP
BRINGS IN \$7,100,000

Shipments Now Afloat or En-
gaged for Import Expected
to Swell Total to Thirty-six
Millions.

(By Morning Journal Special Leased Wire.)
New York, Nov. 5.—The arrival of the first treasure ship laden with gold for the relief of the present stringency was the feature of the financial situation today. The Kron Princess Cecilia was reported off Fire Island at 6 o'clock in the morning, and soon after 10 o'clock had docked and was unloading \$7,100,000 of the yellow metal, which will go to strengthen the New York reserves. The new Cunard liner Lusitania will follow closely with \$10,000,000, and \$14,000,000 more will follow during the remainder of the week and early next week. The additional withdrawals from the Bank of England for the United States and \$2,000,000 for Canada brings up the total gold engagements at the present movement to about \$38,000,000. The news that the Bank of France bought three million pounds in sterling bills on London was regarded here as an event of the first importance as indicating that French financiers were not only able but willing to help London and thus indirectly help America by relieving the strain on the Bank of England caused by the heavy American demands for gold. It is hoped that this action of the Bank of France will deter the Bank of England from raising its discount rate to 7 per cent, as it has threatened to do, and thus prevent a further rise in the rate of interest.

The presence of Secretary Cortelyou in the city on his way to vote gave an opportunity for further conferences with Mr. Morgan and other leading bankers. The secretary came over from Washington with President Roosevelt to vote and on his way back from his home in New York City. Cortelyou today is convinced that there is no question of President Roosevelt to call an extra session of congress to pass any remedial financial legislation. It is understood that the administration feels that the situation should settle down to a basis where a proper judgment can be formed on the various proposed conditions in the present financial situation. It was further understood that the administration has not yet definitely shaped the plans of financial legislation which it may desire to have considered at the coming session of congress.

Measures to strengthen the trust companies upon which runs the loan going on was under further consideration today, but this far it has not been made clear how sufficient assistance could be rendered by other institutions, and bankers, without taking over assets which they do not consider theirs. The project for the acquisition of the Tennessee Coal and Iron company by the United States Steel Corporation has improved the situation. It is understood that by making loans on the Tennessee company's securities more acceptable at the banks. The situation is still far from solved, however, and its difficulties are increased by the fact of a well kept and responsible organization on the part of the trust companies, capable of entering into definite relations with the clearing house banks.

A conference at which the details for taking over the control of the Tennessee Coal and Iron company by the United States Steel Corporation were discussed was held at the Hotel Astor today and was attended by Mr. Morgan, George W. Perkins, Secretary Trimble of the United States Steel Corporation, Vice President Davidson of the First National Bank, and Mr. Schieffelin, one of the members of the pool which held control of the Tennessee Coal and Iron stock. No statement was made following the conference.

That the corner in the recent monetary difficulties has been turned was evidenced today when at a conference of J. P. Morgan, Levi H. Morten, George W. Perkins and with several other well known financial men, attention was directed to the situation in other financial circles throughout the country to ascertain if the strain of the last two weeks had disclosed any weak spots. With the situation cleared here the bankers feel that they are now in a position to render such aid as they can to other points should it prove necessary. Mr. Perkins said after one of a series of conferences held today at the library of J. P. Morgan:

"Things are shaping themselves very satisfactorily locally. We have spent most of today comparing notes on the situation throughout the country. This was done not because we felt any apprehension of difficulty anywhere else, but to learn of the general situation."

Official announcement was made tonight that the essential details of the taking over of the control of the Tennessee Coal and Iron company by the United States Steel Corporation was concluded at the conference at Mr. Morgan's today. The Steel Corporation will secure sufficient stock in the Tennessee Coal and Iron company to give it control, the exact amount not yet being determined, in exchange for which it will give bonds of its own company.

It is estimated that \$150,000,000 of sinking fund five will be issued to 1907 for the control of the Tennessee Coal and Iron company.

Several conferences of the directors of the Trust company of America and the Lincoln Trust company were held tonight.

PHYSICIANS INDICTED FOR TRADE CONSPIRACY

Anti-Trust Law Invoked Against Medical Society in Iowa.

Waverly, Ia., Nov. 5.—The Bremer county grand jury which a few weeks ago indicted fourteen members of the County Medical Association, alleging violation of the anti-trust laws, today reported additional indictments against Dr. W. A. Rohlf and Dr. O. L. Shaffer on the general ground of conspiracy. Their alleged offenses resulted from their adherence to the boycott feature of the association agreement which operated to force an o'clock had docked and was unloading \$7,100,000 of the yellow metal, which will go to strengthen the New York reserves. The new Cunard liner Lusitania will follow closely with \$10,000,000, and \$14,000,000 more will follow during the remainder of the week and early next week. The additional withdrawals from the Bank of England for the United States and \$2,000,000 for Canada brings up the total gold engagements at the present movement to about \$38,000,000. The news that the Bank of France bought three million pounds in sterling bills on London was regarded here as an event of the first importance as indicating that French financiers were not only able but willing to help London and thus indirectly help America by relieving the strain on the Bank of England caused by the heavy American demands for gold. It is hoped that this action of the Bank of France will deter the Bank of England from raising its discount rate to 7 per cent, as it has threatened to do, and thus prevent a further rise in the rate of interest.

ARIZONA NATIONAL BANK CLOSES

Institution at Globe With
Deposits of \$300,000 and
\$50,000 Capital Suspends
Payment.

(By Morning Journal Special Leased Wire.)
Globe, Ariz., Nov. 5.—The Globe National bank, with a capital of \$50,000 and deposits of \$300,000, temporarily suspended today. Heavy drafts on the cash on hand with no cash coming in from outside banks forced the action. The full legal reserve is on hand. Cashier Smith says the bank will pay dollar for dollar to depositors.

FATAL ELECTION DAY AFFRAY IN LEXINGTON

Kentuckians Quarrel at the Polls; One
Dead, Three Severely Injured.

Lexington, Ky., Nov. 5.—Following an election day affray between Campbell and Michael Murphy, a Kentuckian, and a Virginian, a fatal election day affray in Lexington, Ky., today resulted in the death of one man and the severe injury of three others. The fight broke out at the polls, where the two men were waiting to vote. Campbell, a Kentuckian, and Murphy, a Virginian, were both armed with pistols. The fight was a desperate one, and resulted in the death of Campbell and the severe injury of Murphy and two other men.

STEEL MEN COMBINE TO KEEP UP PRICES

Pittsburg, Nov. 5.—It is reported here tonight that representatives of the country's large steel companies in the country today have agreed to combine tomorrow, similar to the one held in this city last week for the purpose of re-establishing the old price pool. It is said the meeting will be held either in New York or Chicago. A combination of the steel makers is said to be the only means of saving the trade. Prices are low and the situation here. It is understood that the steel pool of 1903 was formed. In July of that year prices were \$2 and \$2.50 in Pittsburg for Bessemer, with a ton added below in the open market. The time finished products were on a par with conditions which have now prevailed for some time. However, pig iron was about \$4 a ton less than now.

WEST POINT SHORT OF CARETS

For First Time in History Military Academy Finds Difficulty in Securing Students; Low Pay Assigned as Reason.

(By Morning Journal Special Leased Wire.)
Washington, Nov. 5.—The story of the first time in the history of the military academy, in this case for the first time in the history of the academy, a difficulty has been experienced in securing a sufficient number of cadets to fill the ranks of the corps. Colonel Scott says that the corps has only 23 below its authorized strength and the number of resignations from the regular army includes nine of this year's graduates from the academy. Colonel Scott says:

RETURNS FROM OLD KENTUCKY ELECTIONS MAIN STATES REPUBLICAN

DEMOCRATS CLAIM NEW
JERSEY BY SMALL MARGIN

Incomplete Returns Indicate
Victory for Taylor, Anti-Graft
Candidate for Mayor, in San
Francisco.

(By Morning Journal Special Leased Wire.)
New York, Nov. 5.—Elections held throughout the country today passed off in comparative quiet. The returns from various sections show the following results:

Massachusetts re-elects the entire republican state ticket, headed by Governor Curtis Guild. Henry M. Whitney, the citizen's league candidate for governor, polled a much heavier vote than Charles W. Bartlett, the anti-merger democrat.

Pennsylvania elects John O. Scheetz, republican, head of the ticket for state treasurer, by a large majority. New York state elects Edward T. Bartlett and Willard Bartlett, joint candidates on the republican and democratic tickets for justices of the court of appeals, over the candidates of the independence league (Hearst).

New York City elects the Tammany candidates by considerable majorities over the independence league-republican fusion candidates. At a very late hour the figures favored the election of Katzenbach as governor of New Jersey, but his lead was very narrow over Fort, republican, less than 1,000 votes separating them.

The Maryland contest for the governorship is in doubt, owing to the late returns. Chairman Vandiver, of the democratic state committee, claims a democratic victory by 12,000, and estimates based on major returns give Crothers, democrat, for governor, a plurality of 6,000 to 8,000.

The Rhode Island returns indicate the re-election of Governor James H. Higgins, democrat, over Frederick H. Jackson, republican, by a plurality estimated at about 1,500, showing a democratic gain over the plurality of last year.

The election of the democratic ticket in Mississippi headed by H. F. Noel, for governor, is a foregone conclusion, as there is no opposition ticket. The Kentucky returns indicate republican gains, but whether they will be sufficient to elect the republican ticket, the democratic majority is not yet evident.

In Nebraska, M. D. Ream, republican, for supreme court, the most important state office voted on, is undoubtedly elected. The majority contest in Cleveland resulted in the election of Tom L. Johnson, the present mayor, over Congressman Burton, republican, by a plurality of 1,000. Johnson was elected by a plurality of 1,000.

The American anti-trust ticket at Salt Lake City is estimated to have the largest pluralities ever given in that city. At Toledo Mayor Whitlock and the entire independent ticket is re-elected. In Cincinnati, Leopold Markbreit, republican, is elected mayor, over the independent ticket headed by Whitlock.

In Louisville and Jefferson county, which were not included in the foregoing figures, the republican ticket, headed by Mayor Whitlock, is elected by a plurality of 1,000. The republican ticket is elected by a plurality of 1,000.

WILLSON'S ELECTION AS GOVERNOR ASSURED

MAJORITY OVER BURTON
ESTIMATED AT 8,000

Hard Fought Municipal Con-
test Results in Defeat of Can-
didate Backed by Roosevelt
and Taft.

(By Morning Journal Special Leased Wire.)
Cleveland, Ohio, Nov. 5.—Mayor Tom L. Johnson was today elected for the fourth time as mayor of Cleveland in a hard fought battle in which the republican ticket was headed by Congressman Burton, chairman of the house committee on rivers and harbors.

At midnight Chairman Barker, of the republican committee, conceded the election of Johnson by 5,000 plurality. The Johnson headquarters has estimated his majority at a higher figure, and the election of the entire city democratic ticket is indicated by 5,000 or more. The democrats elected a majority of the councilmen.

Congressman Burton made considerable gains over the vote of two years ago, when William H. Boyd was the republican candidate, but the gain was not sufficient to overcome the strong Johnson lead. At midnight the official count in 130 of 244 precincts gave Johnson 23,930; Burton, 20,430.

The present ratio, if maintained, would give Johnson a majority of over 3,500.

LOCAL ISSUES OVERSHADOW PARTISAN POLITICS IN OHIO
Cincinnati, Nov. 5.—Ohio's first experience in separate judicial elections demonstrated today that local issues were paramount, and the results are so various that partisan victories can not be generally counted as such, each fight having some particular complexion.

For Cleveland interest centered on the contest of Mayor Johnson and Congressman Burton over the matter of street railway service and the immediate accomplishment of a present plan in the local transportation matters seemed to give a ballot leaning toward the former idea endorsed by Johnson. Johnson was re-elected.

In Cincinnati, Leopold Markbreit, republican, was elected mayor by a sweeping vote that he has apparently carried his entire ticket with him, ending a fight of Mayor Dempsey, democrat, for the vindication of a re-election and the present efforts of those who have been long opposing republican leadership in Cincinnati affairs.

In Toledo Mayor Whitlock, who refused a democratic nomination and ran for re-election as an independent, has been emphatically endorsed, securing over 7,000 plurality. Bond, republican, was elected mayor by a plurality of 3,000 to 7,000 plurality over Duncan, democrat, who had announced strict enforcement of all liquor and Sunday laws as his platform.

Dayton's three-cornered fight seems according to early returns, to be in favor of the democrats, their candidate, Burkhardt, winning over both the republican and independence candidates.

Mansfield has elected a republican mayor, while Canton, Youngstown, Springfield, Findlay, Portsmouth, Trenton, Zanesville and Xenia seem to have chosen democrats to run their affairs.

TOM JOHNSON WINS FIGHT IN CLEVELAND

MAJORITY OVER BURTON
ESTIMATED AT 8,000

Hard Fought Municipal Con-
test Results in Defeat of Can-
didate Backed by Roosevelt
and Taft.

(By Morning Journal Special Leased Wire.)

TAMMANY HALL TRUMPHANT IN NEW YORK

FUSION FORCES ROUTED
BY OVERWHELMING ODDS

Independent League Candidate
For Sheriff Falls 25,000
Votes Short of Election; Ar-
rests for Illegal Voting.

(By Morning Journal Special Leased Wire.)
New York, Nov. 5.—Sufficiently complete returns to make certain the ultimate results show that republican and independence league fusion in New York county was defeated today by a straight democratic ticket; that the independence league ticket for associate justices of the court of appeals was overwhelmingly beaten by the identical tickets of the republicans and democrats and that there will be a slight change in the make-up of the state assembly. The new state assembly will consist of ninety-six republicans and fifty-four democrats, a gain of six democrats, compared with last year.

In New York City the independence league ticket for associate justices of the court of appeals was defeated by one, and the league vote in state was light. In the city interest centered in the county fight in which the republican and independence league forces opposed the Tammany ticket. James A. Gerard was elected to the supreme court by a wide margin over M. L. Bruce. Thomas F. Foley, defeated for the sheriff's office, the fusion candidate, Max F. Imboden, who had been a fusion candidate in the independence league, early returns gave Foley a big lead, but this latter was cut down until 700 of the 822 election districts in the county showed a margin for the democratic candidate of 25,000.

Edward T. Bartlett and William Bartlett, nominated by both republicans and democrats were elected to the court of appeals over H. R. Lyon of Bath, a former Bryan democrat, and T. McDonough of Albany, a former republican, both of whom were nominated by the independence league.

The election was unusually quiet and the vote light. There were a considerable number of arrests for illegal voting.

Chairman Herbert Parsons, of the New York republican county committee, who brought about the fusion with the independence league, said today that he believed the several republican assemblymen have been chosen.

With 583 districts unreported New York county still shows a plurality of 27,323 over fusion.

Late tonight Chairman Parsons said:

"I believe that I was fully justified in fusing. The vote was probably affected by the financial situation. I am surprised that Judge Whitman, fusion candidate for the court of general sessions, did not get more votes in the republican districts. It will be necessary to look for some other cause than fusion on which to place the blame."

Mr. Imboden, over the long distance phone tonight appealed to Governor Hughes to afford protection to independence league watchers, whom he alleged were being harassed by the governor's militia. Colonel Treadwell, who is at the Hotel Astor, that he had given the police authorities instructions to protect fusion watchers.

TELEGRAPHERS VOTE
TO SUSPEND STRIKE
Chicago, Nov. 5.—A secret vote of striking telegraphers tonight resulted in a decision to recommend to the national executive board that the strike be "suspended." The executive committee will meet tomorrow morning, and after listening to a report from the committee which has been seeking to make terms with the telegraph companies in New York, will act upon the recommendation. The vote stood 213 for adoption of the resolution and 109 against.

W. BURKE COCKRAN IS ARRESTED

Overzealous Officer Charges
New York Congressman With
Illegal Voting; Promptly Dis-
charged in Court.

(By Morning Journal Special Leased Wire.)
New York, Nov. 5.—Congressman W. Burke Cockran was arrested on a charge of illegal voting today at the polling place. The policeman, who made the arrest, said he could not find the address given by Mr. Cockran at 378 East Seventeenth street, from which address Mr. Cockran had registered. The congressman was taken to the police station and thence to the police court.

When he was arraigned in court, one of the state's attorneys general denounced the arrest as an outrage, and Mr. Cockran was promptly discharged. Mr. Cockran said the East Seventeenth street house was his residence before he went to congress, and that he had never forfeited his right to vote from that address.

"When I registered," he said, "I told the inspectors who I was and explained the entire situation. I was not challenged when I registered. I fail to understand under what authority the arrest was made."

ALLEGED SCISSORS MURDERESS IS ACQUITTED IN QUAY

Ruby Estes Set at Liberty After
Trial for the Killing of Blanch
Hudson in Red Light Resort.

HARDWICK ON TRIAL FOR
KILLING CITY MARSHAL

Thirty-one Indicted Gamblers
Plead Guilty and are Fined
by Judge Mann; Court Closes
Saturday.

(Special Correspondence Morning Journal.)
TUESDAY, N. M., Nov. 5.—Quay
county will pay the cost of the
territorial penitentiary at Santa Fe.
Thomas R. Hunt has been found
guilty in this court two
times, which is the first conviction for
a felony in the county under its present
boundaries. Upon the strength of
this conviction, Robert Bell, plead
guilty to drawing and uttering a
worthless check, and he will remain
in Santa Fe for a period of nine
months.

In the case of the territory vs. Ruby
Estes, on trial for murder, there has
been another acquittal in this county
for the taking of human life. Peter
Estes was tried in this court two
years ago for the murder of Will
Stimpson, alleged to be clearly a case
of second degree murder, but the
jury returned a verdict of not guilty.
Last year John White was tried for
murder with a like verdict. Both
defendants are here now. They have
been joined by Ruby Estes, who, by
a jury of her peers, has been set at
liberty. This last case was a little
problematic. It would have been
hard for any jury to arrive at the
exact truth in the matter, considering
the brand of witnesses before the
jury.

In the last instance Ruby
Estes, an inmate of the Red Light
saloon and resort, is alleged to have
premeditated killed Blanch Hudson.
The territory had an eye witness in
the person of Marie Moore, the proprietress of the place, where she was
killed. The woman killed the Hudson
woman in her presence; that she tried
to prevent the homicide; that the Hudson
woman was "unarmed," and was
taken by surprise. The defendant was
the main witness in her own behalf,
and swore that the Hudson woman
was the aggressor, that Marie Moore
pushed her, the defendant, into the
Hudson woman's room, where she was
attacked by the latter, armed with a
large hat pin; that in self-defense she
picked up a pair of scissors lying on
the washstand and struck her with
it. How many times she stabbed her
she did not know, as at the time
of the killing she was intoxicated. The
demonstrator of the two women on the
witness stand was in fact, the de-
fendant, and when the character of
the two witnesses is considered, it is
possible the jury was loath to take
another life on the testimony of the
husband of a woman of ill repute, and
the killing Ruby Estes has been living
with her husband here, and has led
a quiet, pastoral life. She now swears
that her future life will be one of
good behavior in every sense of the
word. She this day became a member
of the Christian church at District At-
torney Edward R. Wright, of Santa
Rosa, assisted by John M. Pace, of
Chapin, conducted the proceedings, while
the defendant was represented by
C. C. Davidson, this city; Judge
E. V. Long, Las Vegas, and J. E.
Wharton, Alamogordo.

Hardwick Murder Case.
The case of the territory vs. Sam
Hardwick, for the murder of City
Marshal John Lawson, is now before
the court. In this case the district
attorney is assisted by J. E. Wharton,
of Alamogordo, while the defendant's
counsel are S. E. Culp, Gainsville,
Texas; Judge Byron Sherry, Alamo-
gordo, and W. J. Hillson, this city.
The case was called Thursday, since
the regular panel of the petit jury being
exhausted in a short time. A special
venue of forty-eight names was
drawn by the court, which was made
returnable Friday at 10 o'clock. At that
time this special venire was exhausted
four jurors had been accepted by both
parties, and another venire was
drawn by the court, this one containing
thirty-eight names. It was made re-
turnable Monday morning at 9 o'clock.
It is thought by some that a jury for
the trial of this cause will not be ac-
cured out of the names drawn. The
killing has been so generally discussed
over the county that the majority of
those called disqualify.

The Gambling Situation.
The district attorney has been tak-
ing care of the gambling fraternity in
this city in a fatherly sort of way,
pointing out wherein they have been
derelict in their obligations to the ter-
ritory, Judge Mann doing the rest.
Some thirty indictments were by the
grand jury returned for gambling
without license and violation of the
Sunday law. Practically all of the
defendants pleaded guilty, the court
imposing fines of \$25 and costs in
each case of gambling without
license, and a fine of \$5 and costs for
violations of the law relative to doing
business on Sunday. For these viola-
tions of the mandate of the legisla-
ture, the school fund of
quay county has profited to the tune
of about \$200.

Seventy-one True Bills.
During its session of the day, the
grand jury returned seventy-one true
bills, and, for the first time in the
history of the court of the Sixth judicial
district, there was not a "no true
bill" returned.

The grand jury, on closing up its work, submitted a special
report calling the court's attention,
and through it the people of the
county, to the fact that the great
majority of the trouble in the county,
and especially the graver consequences
of little misunderstandings, were the
result of the people carrying deadly
weapons in discharging the jury.
Judge Mann premised the jury and
the people of the county that as the
judge of this court he would do all in
his power to bring up this reprehensi-
ble habit, giving all offenders who
were legally brought before him the
full extent of the law. In order to
get these recommendations before the
people, the report of the jury and
Judge Mann's remarks were published
in full in the News of this place,
and it is thought, at least hoped, it
will have a healing effect on the pos-
sible offenders, and help to put an end

PROBATE CLERK IN GUADALUPE STEPS OUT

George Sena, Former Sheriff of
Lincoln County, Understood
to Be Chosen as Successor.

(Special Correspondence Morning Journal.)
SANTA ROSA, N. M., Nov. 5.—Placido
Bacon y Escobedo, the probate clerk of this
county, has tendered his resignation to
Judge Mann. It appears that Mr.
Bacon, who is a son of Don Cebal Bacon,
one of the well known residents of
this county, has business relations
which he finds will occupy his time,
and for this reason he will be unable
to attend the duties of the office to
which he was overwhelmingly elected
last fall. It is understood the resig-
nation will be accepted and that
George Sena, who has been filling the
position of deputy in the office, will
be named as Mr. Bacon's successor.
George Sena came here from Lin-
coln last June to accept the position
he has been filling so acceptably ever
since, and has made friends of all
with whom he has had business and
social relations. He was for two terms
elected sheriff of Lincoln county on
the republican ticket, and also held
the office of probate clerk for that
county. He is an exceptionally com-
petent official, and has done much
to put the records of this county in
shape since his coming here. The
commissioners of this county will con-
vene in special session some day this
week, it is understood, to take action
in the matter. Mr. Sena has strong
endorsements for the position.

CATTLEMEN AND FARMERS CLASH NEAR OTTO

HERDS INVADE UNFENCED
HOMESTEADS IN VALLEY

More or Less Bitter Feeling
Caused on Estancia Plains by
Depredations of Hungry
Bunches of Live Stock.

(Special Correspondence Morning Journal.)
OTTO, Nov. 5.—Unless the farmers and
cattlemen of this vicinity come to an
understanding serious trouble will
result. Only one out of every ten wel-
dons, on the other side, assert that
the cattle, compelled by the severity of
the feed, are forcing all over the valley,
much to the distress of farmers whose
homesteads are very poorly fenced.
Cattlemen maintain that settlers
should fence their claims as protection
against the hungry herds, and that
farmers, on the other side, assert that
cattlemen have no right to let their
herds graze on land which is home-
steaded. In a few instances where the
trouble has occurred, the settlers have
been made on the investigation of cat-
tlemen, but so far the trouble has not
come into court, being thrown out on
account of insufficient evidence or in-
competence. The days of the cowboy
are past in this section. Farmers now
round up the stray cattle and drive
them a distance of five to ten miles
from their homesteads. But what is
the principal time when the hungry
cattle make raids on homesteads and
corn fields and many a stock which
the owners thought would last them
through the winter, has disappeared in
a single night. Quite a number of
cattle have been sold lately and driv-
en out of the country. It appears to
be the aim of the cattlemen to cut

DRUMMERS SPEND CHILLY NIGHT IN BOX CAR

Small Boys Invade Santa Fe
Central Engine and Put It Out
of Business at Torrance.

At Mathieu, the well known trav-
eling man, returned home yesterday
after two weeks spent in the Estancia
valley from Kennedy to Mountainair.
Mr. Mathieu brings with him a sad
and pathetic story of a bunch of
drummers who spent the chilly night
Monday in a box car at Kennedy.
The Santa Fe Central northbound
train had to leave Torrance at 11:15
in the morning. Owing to an unfor-
tunate combination of circumstances,
however, it did not do so Tuesday. A
careless employee allowed the fire to
get out in the firebox of the engine. This
in itself might not have been so bad
but for the fact that some small boys
playing "train" got a realistic streak
and, climbing into the cab, let all the
water out of the tender and boiler.
By the time the engineer had made
arrangements to get water and had the
fire started in the boiler and steam
up, it was a clock p.m. Conse-
quently the train did not get into Kennedy
until the weird and wailing hour of
3 a.m. The drummers, including Mr.
Mathieu, taking their choice of camp-
ing in a box car or walking the sand
hills all day, huddled into the box
car and spent several hours in shiv-
ering, fitful, restless slumber—all ex-
cept the slumber.

DANCING PROVES FATAL.
Many men and women catch colds at dances
which terminate in pneumonia and con-
sumption. After exposure of Polya's Home
and Tar is taken it will break up a cold
and get serious results need be feared. It
has a gentle in a yellow pack-
age. J. H. Orsley Co.
All kinds window shades in stock
and made to order. Parsons Furni-
ture company, west end of viaduct.

VERDICT DUE FROM TALLMADGE JURY

Arguments in Famous Pecos
Valley Land Case Completed
Last Night and Case is in the
Jury's Hands.

(Special Correspondence Morning Journal.)
ROSWELL, N. M., Nov. 5.—The case of
the United States against Benjamin H.
Tallmadge was placed in the hands of
the jury tonight at 9:25 o'clock, after
a night session at which argument was
completed. Assistant United States
Attorney Leahy of Las Vegas opened
for the government. James M. Her-
vey, Major William Henry Harrison
Llewellyn, United States attorney for
New Mexico. The major gave a care-
ful review of the evidence presented
by himself and assistants and hope-
fully thought this case harder than
any since he has been United States
attorney for New Mexico. The ac-
cused tonight expressed absolute con-
fidence in his acquittal.
The verdict is an important one and
is being awaited with deep interest
here. It is not probable that it will
be forthcoming before tomorrow.

Our Overcoats
We've put the peg a notch
higher this year, and we be-
lieve we are showing the
finest ready to wear Overcoats
ever offered the trade.
Don't even think of going
to the high priced Tailor for
an Overcoat.
Very few men do, and

CURIOUS ACTION BY PROMOTER OF BREWERY

Name of M. P. Kelly, of the Morning Journal, Used as an Incorporator Without Shadow of Authorization.

There is an extremely curious feature in connection with a prospectus circulated around Albuquerque yesterday, and advertising for sale stock in the proposed Albuquerque Brewing and Ice company, which is being promoted by H. G. Drexlerman, who came here recently from Louisville, Ky., and who claims to be back in the enterprise by Louisville capital. This prospectus, which in itself contains some somewhat remarkable statements as to how New Mexico is a liquor selling field, carries the name of Mr. M. P. Kelly, business manager of the Morning Journal, as one of the incorporators of the company.

Mr. Kelly flatly states that he has, and has had, no connection whatever with the proposed company; that he is not one of its incorporators, never intended to be and has no intention of becoming one.

"The use of my name in connection with this prospectus is entirely unauthorized," said Mr. Kelly last night. "I desire it made plain to every one that I have not authorized anything with the incorporation of this company, but that I have refused to allow the use of my name in connection with it in any way, and that I have no intention of being in any way associated with it."

"I have had nothing whatever to do with this proposed enterprise. I am not going to have anything to do with it, and the use of my name on this prospectus was not only unauthorized, but was positively forbidden by me. I think this makes the matter perfectly plain to every one."

"Little Johnny Jones." Everybody has either seen or heard of "Little Johnny Jones," therefore the announcement that this the greatest musical hit of last season will be presented in this city at the Elks' theater Monday, November 11, conveys with it a deal of pleasant anticipation for our theater-goers. "Little Johnny Jones" has been called a musical melodrama, and this title probably fits it better than anything else, as it is a story of a melodramatic play to music, and has the distinction of being the only one of its kind that has attained any marked degree of success. It was written by George M. Cohan, the author of "Puttin' on the Ritz," "The Governor's Son" and "Runnin' for Office." Mr. Cohan is also the composer of the twenty-four musical numbers and has personally staged the production. This attraction comes to us with the prestige of a metropolitan reputation, having played ten different engagements in New York already, covering a period of almost an entire year. It was also seen for three months in Chicago, several weeks in Boston, four weeks in Philadelphia, and in all the principal cities where it scored the greatest success of any musical production seen in the past dozen years. The production in a scenic way is a very large and massive one, the three acts displaying beautiful and realistic stage pictures, representing the exterior of the Hotel Cecil in London, the steamship pier at Southampton, England, and a street scene in the district of San Francisco. The production is also said to be very expensive and beautifully mounted, the wardrobe consisting of eleven complete changes of costume, and an investment of twenty thousand dollars. The company is the largest on tour this season, numbering seventy-five people, and including a chorus of forty, while the cast embraces the names of many well-known stage favorites. George Cohan, the author, has written many plays and sketches, and composed many songs, but attained his greatest reputation when he gave the public "Little Johnny Jones," which is spoken everywhere as a musical play that has few if any equals.

CALIFORNIA RAISIN MEN ARE UP AGAINST IT

Problem of Where to Get Wood for Shipping Boxes is Becoming a Difficult One for the Pacific Coast Growers.

Washington, Nov. 4.—The California packing and fruit growers are hard hit by the excessive and increasing cost of wooden packing boxes. They have not yet found a satisfactory substitute for the wooden boxes, which are becoming scarcer each year.

The chief market for raisins is thousands of miles away, and packing cases must be strong. Paper boxes tried but have been only partially successful, because it is injured by dampness, and even when dry it is not strong except for small parcels. Besides, paper is in another form of wood and its cost climbs with lumber as timber scarcity increases. The far western fruit shippers see little promise of relief from the excessive cost of the lumber they use.

The burden which the packing box lays upon the California fruit industry is apparent when it is stated that the boxes for a carload of raisins cost \$100. When used they become a dead loss. The California orange grower, apple grower, lemon grower, and the growers of nearly all fruits which go to eastern markets are hurt in the same way. From 20 to 30 per cent of the retail price of many fruits is due to the cost of the boxes which contain them. In some instances, it is said, the box costs more than the fruit packed in it.

There is no hope that wood boxes will ever be much cheaper. In past years the raisin packers' ideal lumber was choice sugar pine—light in weight, white in color, and so free from pitch that no flavor was imparted to the fruit packed within. Little box mills in the Sierra Nevada pineries cut the finest of the sugar pine for the raisin men. The "sugar pine" on which the grapes were spread in the sun to dry, the "sweet boxes" in which they were hauled to packing houses, and the boxes in which they were sent to market were all of the same material—the prime timber of the California forests. But the sugar pine is running short. It is going as the white pine of the east went. Those who are able and willing to pay for may still have it, but many prefer to get along with fir, balsam, or other cheap pine. The "sugar pine" is still in the line, and prices have come up until the purchase of box lumber

DR. PRICE'S Cream Baking Powder

The finest in the world

When ordering ask for Dr. Price's by name, else the grocer may forget the kind you are accustomed to.

PEOPLE AND THINGS ALL OVER THE SOUTHWEST

Ruby Estes, charged with stabbing Blanche Hudson to death with a pair of scissors, was acquitted by a jury in the district court for Quay county at Tucuman last week. The defendant pleaded self defense, alleging that the other woman had previously made an attack on her with that deadliest of feminine weapons, a hat pin.

Harold White, of the tender age of 16, and who probably has never been kissed, is presumably on his way to Arizona from Spokane, Wash., with the intention of causing a terrific mortality among the bloodthirsty and unclad Indians with whom he is convinced the territory swarms. At any rate Harold had announced his intention of going on the warpath in Arizona and he has disappeared much to the grief of his parents who are searching the country for him. At last reports the massacre had not commenced.

Yavapai and Mohave counties, Arizona are engaged in a scrap about their respective, joint and several and individual boundary lines.

A. F. Stennel, a Motoplane operator who was in the office of the Joplin, Mo. News-Herald when that plant was blown up with dynamite, has arrived in Phoenix. He denies, however, that the explosion blew him clear into Arizona.

The Phoenix high school came very near being burned last week while school was in session. A small boy named Guy Wilkey discovered the fire in time and by his presence of mind averted both a fire and a panic among the pupils.

There is considerable gold excitement in the Salado district of Arizona, near Nicksburg. The stampede to the hills depopulated the town of Salado with the exception of the railroad agent and the postmaster, whose duties prevented them from prospecting.

The Phoenix postoffice reports great increased sales of stamps for the month of October.

Dr. Ray Ferguson, superintendent of the Phoenix insane asylum, who was attacked by Jeff Woods, an insane patient, is improving and is expected to recover. The lunatic struck the doctor twice with an axe and but for the timely arrival of assistance and a shotgun, which put 150 shot into the wild man, Ferguson would have been killed.

Houses of ill-fame within the city limits of Globe will not be tolerated in the future if the provisions of an ordinance passed by the city council are faithfully carried out.

Superintendent Harry J. Bennett of the Buffalo and Arizona mine, says that all work on the big shaft of the copper property has ceased until the installation of new machinery, when it can be prosecuted to better advantage. There are still four men employed, but they are kept busy on the Buffalo and Ghost claims of the group in which the chief values are gold.

The Rifle in the Tree. An old Rifle has been found in Arizona imbedded in the forks of a tree.

SHAKE INTO YOUR SHOES

Allen's Foot-Powder is a powder. It cures painful smarting, nervous feet, and instantly takes the sting out of corns and bunions. Allen's Foot-Powder makes tight or new shoes feel easy. Crex Furniture

The quality of Prairie Grass Furniture is uniform, and there is but one grade—the Best. It does not become brittle, to break and crack and fray; dust and germs do not lodge in it; moths and other insects will not eat it. It is the most sanitary of house furniture, and the most easily cared for.

Someone evidently has a grudge against W. A. Goodwin, the Mortuary merchant. The following card was found on his door one morning. The previous night being Halloween, the sign may have been hung up for a joke, but Mr. Goodwin doesn't think so.

"Pay your debts or get out of town—er turn your store into some one else's. Then take your friends' advice. The public."

"The above sign was printed on a card and hung on my front door some time during the night of October 31st by some sneaking coward, who, if they could get credit, would not pay. Now if anyone will present a debt that I owe a penny to any man or woman, but they are neither man or woman—just plain, sneaking cowards, worse than chicken thieves. They haven't the grit to come up face to face and talk or fight as the case may require. They say 'take a friend's advice' and get out of town. I am from Missouri and those two or three people who call themselves 'the public' will have to show me before I leave town. Respectfully,"

"W. A. GOODWIN."

Cured of Bright's Disease. Mr. Robert O. Burke, Elmore, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my sight was so impaired I could scarcely see one of my boys across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One bottle worked wonders and before I had taken the third bottle the dropsy had disappeared and all other symptoms of Bright's disease." J. H. O'Reilly Co.
