# POISON GIVEN STEVE SPEECH TO MEXICAN BY STOLYPIN DETECTIVE JULIUS FURLONG

ALLEGED ATTEMPT AT  
MURDER IN LOS ANGELES

Chief Witness Against Alleged  
Revolutionists Suddenly Top-  
ples Over in Street From Dose  
of Strychnine.

[By Morning Journal Special Leased Wire.]  
Los Angeles, Nov. 29.—Said to have been in daily fear of being killed since his arrival here Monday, Trinidad Vasquez, a secret service officer in the employ of the Mexican government, chief witness in the case of Rivera, Villareal and Magon, alleged Mexican revolutionists, was poisoned today.

Vasquez was chatting with Thomas Furlong, the detective who trailed the alleged revolutionists across the country, when he suddenly threw up his hands and fell in front of Central police station. It was thought he was having an attack of epilepsy, but the police surgeon, when he was carried into the receiving hospital, thought he was poisoned. They have not yet determined the nature of the poison, but symptoms of strychnine have been found. It is supposed that the poison was given him today at noon. Detective Furlong has been in constant attendance of Vasquez, as he feared assassination. Word flew to the federal court that Vasquez had been poisoned. Oscar L. Lawler, United States district attorney, accompanied by representatives of the United States marshal's office, ran to the hospital. Vasquez will recover.

## MEXICAN PRISONERS GRANTED CONTINUANCE

Los Angeles, Cal., Nov. 29.—Affirming that the letters introduced by the government in the hearing for extradition were forgeries, attorneys for Villareal, Magon and Rivera, the Mexicans charged with attempting to organize an armed invasion in Mexico, today secured a continuance until Monday, promising to bring witnesses from Arizona to corroborate the evidence already introduced.

# COURT ORDER KILLS ARKANSAS TOWN

Feud Murder Results in Closing  
Down Lumber Plants and  
Scattering of Employees.

[By Morning Journal Special Leased Wire.]  
St. Louis, Nov. 29.—A long distance telephone message from Clio, Ark., today conveyed the information that Clio, the home of 200 lumber mill employees and their families, is to be depopulated as the result of an order issued by Judge Elliott, of Little Rock, which grew about by the triple assassination there Monday of Clarence Bush, Thomas Godfrey and A. B. McEwen, who were shot down as they stepped from a Cotton Belt train.

It is said the killing resulted from a feud between rival lumber companies. Judge Elliott has ordered the mills of the Bluff City Lumber company at Clio closed and all the employees discharged. The court has the power to make this order because the company is in the hands of a receiver appointed by the court.

# INDIAN BREAKS A LEG AT FOOTBALL

Game With the Government  
School At Santa Fe Called  
Off After First Five Minutes  
On Account of Accident.

[Special Dispatch to the Morning Journal.]  
Santa Fe, N. M., Nov. 29.—Yesterday's football game between the United States Indian school and a Papago Indian, playing half back with a broken leg in a scrimmage. Nobody knows exactly how the accident happened. The Indian will recover.

## ROOSEVELT INSPECTS PRAIRIE SCHOONER

Era Meeker Reaches White House on  
Long Trip Overland From  
Oregon.

Washington, Nov. 29.—President Roosevelt stepped out of his office today and made a critical examination of Era Meeker's yoke of oxen and prairie schooner, which has just accomplished a 2,000 mile trip from the state of Washington, the route just accomplished over the old Oregon trail. Mr. Meeker was introduced to the president by Senator Pyles and Representative Cushman, of Washington. He made a plea to have the Oregon trail made a national highway. The president listened with interest, but suggested that if done the project will have to be on a commercial rather than a sentimental basis.

GOVERNMENT INSISTS ON  
ITS AUTOCRATIC POWER

Russian Radicals Excoriated  
As Disturbers of the Peace  
Who Will Be No Longer Tol-  
erated in Czar's Domain.

[By Morning Journal Special Leased Wire.]  
St. Petersburg, Nov. 29.—The declaration of the government read by Premier Stolypin before the duma today, was received with dismay by the Octoberists and the constitutional democrats, and with open exaltation by the members of the right party.

The keynote of the address was a reiteration of the idea of the autocratic power of the emperor as the sole guaranty of security and welfare in an era of disorder. The announcement was made that the duma is expected to take its cue from the administration in the matter of legislation, and the premier outlined what future legislation was expected. He excoriated the radical parties as fomenters of crime and sedition, and said their excesses would no longer be tolerated in Russia. This statement is taken to show that the administration looks with disfavor on any alliance between the Octoberists and the constitutional democrats.

After recess a general debate on the declaration was opened. Premier Stolypin attacked universal autonomy, saying that nothing would prevent the government from taking an active course in the introducing of order and discipline in the schools.

The government was convinced of the necessity of the speediest possible abandonment of martial law and a return to normal conditions, but would use all measures possible to strengthen judicial procedure and hasten the operations.

The government was inclined, the premier continued, to punish the arbitrary use of power as severely as the engine and the settlement of the agrarian problem upon which the prosperity of millions of the population depended, was a first condition to this end.

In conclusion Premier Stolypin said: "The emperor often has shown in the face of extraordinary difficulties how highly he prized the basic principles of the new regime of representative government within the limits established by himself. Nevertheless, the historic autocratic power and the unhappily acquired traditions of the Russian royal family. Solely by this power and this will, which were created to defend existing institutions from the danger of anarchy, of danger and demoralization and have brought to the path of order and historic truth."

Premier Stolypin's utterances of today marked the turning point in the attitude of the ministry toward the terms of the autocracy, as well as his repudiation of the Octoberist initiative. In marked contrast to all former utterances, indicates that the government has taken the offensive and does not intend to allow the Octoberists to proceed on their initiative, but is determined to take the reins into its hands, overriding the Octoberist scruples. That the dominating tone of Stolypin met with unqualified approval in the right half of the duma was shown by almost uninterrupted applause and a great ovation to him at the close of the session. The conservatives hail the day as a brilliant personal triumph for Stolypin, whose dominating personality threatens to displace the present Octoberist leaders and assume the chief direction of the duma.

## HEAVYWEIGHT FIGHT FOR WORLD'S CHAMPIONSHIP

London, Nov. 29.—The big fight for the heavyweight championship of the world between Tommy Burns, of America, and "Gunner" Jim Meek, of England, scheduled to take place at the National Sporting Club December 2, is exciting the liveliest interest here, and high prices are being offered for seats. The public, however, has little chance of viewing the fight, as members of the club will occupy all the available space. The betting today was 5 to 4 on Burns, who expects to weigh in at between 165 and 175 pounds, and Meek about 180.

# SANTA FE AGENT ROUTES ROBBERS

One Mexican Killed; Another  
Wounded in Lively Fight On  
Mojave Desert Near Barstow

[By Morning Journal Special Leased Wire.]  
San Francisco, Cal., Nov. 29.—Santa Fe Agent Perrine, stationed at Nehalem, beyond Barstow, had an encounter with three Mexican bandits yesterday afternoon. In the shooting that followed one Mexican was killed outright and another wounded in the leg. The third escaped, but is being hotly pursued by a posse. The identity of the dead bandit and the wounded man are not established, but they are believed to be members of a gang who for weeks have been raiding Santa Fe cars and sections along the Santa Fe and Salt Lake routes.

# WILL BRING DEMOCRATIC HARSH

LEADER SEES CHANCE  
FOR MAJORITY IN HOUSE

Scheme to Make Speaker De-  
cide Committee Appoint-  
ments Thus Avoiding Party  
Disruption From Losers.

[By Morning Journal Special Leased Wire.]  
Washington, Nov. 29.—At a caucus of the democratic members of the house scheduled for tomorrow afternoon, Representative Jones, of Virginia, will introduce a resolution to this effect:

"That it is the sense of the democratic members that all appointments to committees should be made by the speaker."

The purpose underlying this seemingly commonplace proposal is to take out of the hands of John Sharp Williams the naming of the democratic members of the house committees. Williams, who has been the ruler of the house, has turned over all minority committee assignments to Mr. Williams, thereby providing a source of unpleasantness and squabbles between such of the democratic members of the house as are not pleased with all of Mr. Williams' selections. This has always been a shrewd move on the speaker's part to disrupt the democratic side of the house. If he can repeat it this year, the results are apt to be especially disastrous to the democratic party.

If the democrats, however, hold solidly together during this session, I believe we have a splendid chance for a democratic house in the next congress. Further, with the approach of a presidential year and the certainty of financial considerations to come before the next congress, I count on an absolute harmony in the minority.

"In introducing a resolution for the naming of all committees in their entirety by the speaker, I must not be misquoted as aiming to discredit the leader of the minority. On the contrary, Mr. Williams and I have always been good friends. I told him some time ago of my intention to introduce such a resolution. He neither said he would uphold it or oppose it."

The increased number of the democratic members of the house inclines the leaders of the minority to believe that there should be seven democratic members on committees which last session had but six, and it has been announced that a resolution embodying that sentiment will be adopted at tomorrow's caucus and conveyed to the speaker.

# SCENT PLOT TO SLAY SECRETARY TAFT

Soldiers Stationed in Vestibule  
of Distinguished Visitor's  
Train By Russian Authorities  
Alarmed By Rumor.

[By Morning Journal Special Leased Wire.]  
St. Petersburg, Nov. 29.—The police of St. Petersburg were alarmed last night owing to a report that an attempt would be made to blow up the train bearing Secretary Taft and his party toward St. Petersburg, and five soldiers were stationed in the vestibule and vestibules of the cars at Ufa and remained on guard until morning. The train proceeded slowly and with great caution through the night. Secretary Taft will be received by Emperor Nicholas Tuesday morning and a reception by Minister of Foreign Affairs Lwowich has been offered for Wednesday night. The train will stop at the station of St. Petersburg until Thursday, and will probably leave for Hamburg Thursday noon. Montgomery Schuyler, Jr., charge d'affaires of the American embassy at St. Petersburg, has notified Secretary Taft that a nobleman will be appointed by Emperor Nicholas as his personal aide during his stay in St. Petersburg. Mr. Taft knows nothing of the rumor in circulation that Emperor William will meet him at Hamburg.

Congress to Handle Money Problem.  
Washington, Nov. 29.—As the day for the opening of the sixtieth congress approaches it becomes more and more evident that the financial question will receive first consideration. The members of both houses who have already arrived in the city confess that the situation is a difficult one and there has yet been very little crystallization of thought on the subject. A number of informal conferences have already been held.

No Rush to Withdraw Deposits.  
St. Louis, Nov. 29.—The thirty day limit on savings deposits in the different savings banks expired today and savings accounts of \$100 or less were permitted to be withdrawn at the pleasure of the depositors. There was no rush to withdraw.

Vesuvius Active.  
Naples, Nov. 29.—The slight activity of Mount Vesuvius continues. The crater and the fissures surrounding it are emitting red ashes, but as there is no wind they are not carried far and the Vesuvian villages, therefore, are not suffering materially.

Well Known Manufacturer Dead.  
Jacksonville, Fla., Nov. 29.—Everett Weisner, president of the National Steel and Wire company, with subsidiary companies at DeKalb, Ill., Bayonne, N. J., Hew Haven, and the Pacific coast, died at a hotel here today, aged thirty-eight years. He was a well known horseman.

# ARRIVING FOR GOVERNOR'S MEETING

BIG CROWD WILL HEAR  
GOVERNOR CURRY'S VIEWS

Will Outline Plan of Campaign  
Before Congress in Interest  
of Admission of New Mexico  
to the Union.

[Special Dispatch to the Morning Journal.]  
Santa Fe, N. M., Nov. 29.—Business men, politicians and lawyers from all parts of New Mexico are arriving in Santa Fe tonight to attend the meeting tomorrow afternoon at which Governor Curry is expected to outline his plan of campaign before congress in the interest of admission for New Mexico. The indications are that the attendance will be representative and the governor is expected to give to this meeting his reasons for expecting action on Mexico's claim in the immediate future.

Following the statehood convention Governor Curry will entertain at a formal reception at the executive mansion since he has been the ruler of the house, has turned over all minority committee assignments to Mr. Williams, thereby providing a source of unpleasantness and squabbles between such of the democratic members of the house as are not pleased with all of Mr. Williams' selections. This has always been a shrewd move on the speaker's part to disrupt the democratic side of the house. If he can repeat it this year, the results are apt to be especially disastrous to the democratic party.

Each of them repudiated this charge and declared that they would have testified to her insanity. They were questioned at length and both testified to the defendant, testified to by witnesses, as showing her to be sane.

Rev. David H. Tyler, pastor of the Unitarian church, of Denver, who in former testimony had been referred to as "the priest," was pinned on the witness stand by the testimony of today's proceedings, both of these witnesses declaring that there was nothing in the record of the case to indicate that Mrs. Bradley was insane. Counsel for the defense attempted to impeach the testimony of these experts by showing that they had been called for the government, and that in a matter of fact they were testifying in the interest of the government.

# STANDARD OIL COIN HONEST WEALTH

Vice President Archbold De-  
clares His Fortune Was  
Piled Up By Fifty Years of  
Hard Work.

[By Morning Journal Special Leased Wire.]  
New York, Nov. 29.—John D. Archbold, vice president of the Standard Oil company, declared tonight in a speech at the annual dinner of the New York Alumni association, "Sincerity, honesty, and hard work are the only ways in which a man can pile up his fortune."

He never would have offered a dollar to Syracuse university. The principal speaker of the evening was Chancellor T. E. Day, who delivered an address on "Sincerity and Honesty."

When a toast was proposed for "Chancellor Day and the man behind," there were also cheers for J. D. Archbold, who took the occasion to make a speech, he saying there had been a slight reference to tainted money.

"I wish to say that if I thought that the money I had made in the Standard Oil company was tainted, I would never have offered a dollar to Syracuse university, my conscience would not have allowed me. I would not have asked God's blessing on such a gift," he continued.

"I have earned my money by fifty years of good hard work and honest intentions in the pursuit of business, or I would never have given a dollar to further God's work."

Saloon Men Demand Jury Trials.  
Chicago, Nov. 29.—Plans for combating the Sunday closing campaign of the Chicago Law and Order league, were made at a meeting of the Liquor Dealers Protective association of Illinois tonight. The saloonkeepers of Chicago were warned that a crisis in the liquor traffic of the state has been reached, and as a result 250 names were added to the membership list. Last night additional warrants were sworn out for alleged offenders against the Sunday closing ordinances by agents of the Law and Order league today. Eleven saloon men previously arrested, demand jury trials and their cases were postponed.

Hungarian Busy in Russia.  
Odessa, November 29.—Since Monday of this week thirteen terrorists have been hanged here. The swift justice which is being meted out by the field courts martial is having an excellent effect on the disorderly element and is encouraging the police to a more fearless performance of their duty.

# SUPPOSED DEAR MAN HEARD FROM

Missing Earl Kimmons Tele-  
graphs Oakland Sheriff Deny-  
ing Reports of His Death.

[By Morning Journal Special Leased Wire.]  
Oakland, Cal., Nov. 29.—Sheriff Barnett of Oakland this morning received this telegram:

"Am in Sour Lake, Texas. Know nothing of accident. Will write to day." T. EARL KIMMONS.

This definitely clears up the mystery surrounding this man whom the authorities at once claimed had been murdered by M. A. Wilkins, now a prisoner charged with having killed his wife.

Wilkins spent a comfortable night in his cell. On the advice of his counsel he declines to talk about his case or receive any visitors.

Deputies from the sheriff's office searched Wilkins' home in Elmhurst last night for evidence which might connect him with a number of burglaries in that village. The result was the abandonment of the charge. Sheriff Barnett is arranging to have Kimmons today, brought back to Oakland, as it is believed he can connect several parts of the evidence against Wilkins.

# GOVERNOR'S DECLARES

PRISONER CHEERFULLY  
GOES BACK TO PRISON

Last Days of Hearing Devoted  
to Examining Alienists and  
Testimony of Dr. Utter, Wo-  
man's Former Pastor.

[By Morning Journal Special Leased Wire.]  
Washington, Nov. 29.—"Oh, I'm so glad it's all over at last," exclaimed Mrs. Annie Bradley, charged with the murder of former Senator Arthur M. Brown of Utah, who was led smiling from the court room to the prison which was to take her back to jail today. The presentation of evidence had just been concluded and the adjournment until tomorrow morning, when arguments will begin.

Justice Stafford announced that an agreement had been reached among counsel for four hours of argument on each side. These will be completed Monday afternoon and Justice Stafford said he would then deliver the charge and give the case to the jury.

The testimony of the two government insanity experts, Dr. Edward M. Bruce, of Baltimore, and Dr. S. Ely Jelliffe, of New York, was the feature of today's proceedings, both of these alienists declaring that there was nothing in the record of the case to indicate that Mrs. Bradley was insane. Counsel for the defense attempted to impeach the testimony of these experts by showing that they had been called for the government, and that in a matter of fact they were testifying in the interest of the government.

Each of them repudiated this charge and declared that they would have testified to her insanity. They were questioned at length and both testified to the defendant, testified to by witnesses, as showing her to be sane.

Rev. David H. Tyler, pastor of the Unitarian church, of Denver, who in former testimony had been referred to as "the priest," was pinned on the witness stand by the testimony of today's proceedings, both of these witnesses declaring that there was nothing in the record of the case to indicate that Mrs. Bradley was insane. Counsel for the defense attempted to impeach the testimony of these experts by showing that they had been called for the government, and that in a matter of fact they were testifying in the interest of the government.

Mrs. Bradley was recalled and stated that she was not insane. The charge, certainly, was made by the defendant, and she appeared to sympathize with her in her predicament. The jury, however, of course, is in authority on women's diseases, expected to be called by the government to contradict the testimony of Dr. Jelliffe, Dr. Jelliffe, who was called by the government to call him.

Following are the prayers submitted by the defense:

1.—Presumption of innocence. The usual formal instruction was asked.

2.—Reasonable doubt. By the term "reasonable doubt" as used in the instructions is meant that state of the case which, after the entire comparison and consideration of all evidence leaves the minds of the jurors in that condition that they cannot say that they feel any abiding conviction to a moral certainty of the truth of the charge, a certainty that convinces and directs the understanding and judgment of the reason and judgment of those who are bound to act conscientiously on the matter.

3.—The court instructs that in this case the law raises no presumption against the defendant, but that every presumption of law is in favor of the innocence of the defendant.

4.—Police officers. The jury is instructed that in determining the weight to be given to the confessions of the defendant, they are to consider the facts and circumstances surrounding the alleged confessions, and if upon all the evidence bearing upon this point, they shall find that the alleged confessions are true, and if so, they are then it is their duty to disregard them.

5.—Lay witnesses. The jury in determining the weight to be given to the testimony of lay witnesses upon the question of the sanity of the defendant, shall look to the facts stated by witnesses upon which the said opinions were based and shall consider the facts stated in determining what weight is to be given such persons.

6.—The jury is instructed that it be believed from the whole evidence, that the defendant is sane, and if so, they are then it is their duty to disregard them.

7.—The jury is instructed that if, after a consideration of the whole evidence, they have a reasonable doubt upon the question of the sanity of the defendant, it is their duty to render a verdict of not guilty.

8.—On presumption of innocence. The jury is instructed that if, after a consideration of the whole evidence, they have a reasonable doubt upon the question of the sanity of the defendant, it is their duty to render a verdict of not guilty.

9.—More propensities not sufficient. The jury is instructed that mere propensities of that evidence in favor of the prosecution is not sufficient to convict the defendant, but before she can be convicted such jury must be convinced of her guilt beyond a reasonable doubt.

10.—Presumption of innocence. The jury is instructed that the defendant is presumed to be innocent of the crime charged and if after consideration of the whole evidence, they have a reasonable doubt upon the question of the sanity of the defendant, it is their duty to render a verdict of not guilty.

11.—Good character a factor in the case. The jury is instructed that evidence of good character of the defendant for years and good character when proved, is a factor in the case to be weighed and considered by the jury in determining guilt or innocence and that proof of good character when considered with all the other evidence in the case may create a reasonable doubt, in which case it would be the duty of the jury to render a verdict of not guilty.

# FORAKER WILL FIGHT TAFT IN OHIO

DEFENDS HIS HOSTILITY  
TO ROOSEVELT POLICIES

Declares Time Will Vindicate  
His Position On Rate Bill,  
Joint Statehood and Browns-  
cates of Indebtedness.

[By Morning Journal Special Leased Wire.]  
Washington, Nov. 29.—Senator J. R. Foraker made it clearly known today that he will contest the Ohio delegation to the republican national convention in the presidential campaign. He is contained in a letter to Conrad J. Mattson, vice president of the Ohio league, who forwarded to Mr. Foraker a copy of the resolutions adopted by the advisory and executive committee of the league endorsing Mr. Foraker for the senate and presidential nomination. He defends his course in relation to the passage of the railroad rate bill and insists that the necessity of the railroads of the country to spend millions of dollars annually in increasing their facilities make this a bad time to hamper the roads in any unnecessary way by legislation.

Senator Foraker says he is gratified by the endorsement of the republicans at this time, because it is a flat rebuke to the suggestion that the office of the United States senator is to be stripped of all the real honors attached to it by making its incumbent a mere agent to register the decrees of expediency.

In the course of his letter Senator Foraker says:

"I don't want to even appear to be a candidate for two offices at the same time, and I am not prepared to accept double honor proposed and with heartfelt appreciation, accept the support for the presidential candidacy which the committees have so generously tendered."

Continuing, the letter says: "I do not only stand for the broad principles involved, but also stand ready to submit to my constituents my own judgment not only my actions in the three instances when I was unable to agree with the president, but my entire record of public life, and I am confident that the best light at the time attainable."

"My action on the joint statehood bill, and in the Brownsville matter, have been approved, as I believe the great majority of republicans do everywhere."

"There are doubtless yet many who criticize my vote on the rate bill, but if the associates with which my mail is filled, coming as they do from every section of the country, are not misleading, the number of these critics is rapidly diminishing."

In the debate on that measure I took pains to point out that if the government took upon itself the duty and responsibility of making rates, it would of necessity have to determine not only how much a railroad should be allowed to make, but also how much it would be allowed to spend, how much for the operation of the roads, for equipment and for every other item of necessary expenditure, all of which it is impossible for a government to operate intelligently and satisfactorily, and that the result would inevitably be that just at the time when a rapid increasing business for the road was making it necessary for them to raise hundreds of millions annually for increasing their tracks, cars and general facilities, we would impair the confidence of investors in their stocks and bonds by thereby not only make it impossible for the road to sell the additional securities necessary for such purposes, but would largely overburden them with their values would shrink, dragging down all kinds of securities with them until panic and distrust would take place of confidence and prosperity. While there should be efficient supervision and regulation of interstate commerce, and the carriers and corporations of every kind engaged therein, it will become more and more manifest as time passes and results are developed that this supervision must be safe and conservative.

In conclusion the senator adds: "When the national committee shall have issued the call for the next state convention, I shall, as heretofore announced, formally request the state central committee to embody in its call for the next state convention a provision that all delegates to that convention shall be chosen by direct vote of the republican electors of the state at duly authorized primary elections, held in accordance with the statutes applicable thereto."

GOEBEL SLAIN  
BY SHOT FROM  
STATE HOUSE

EYE WITNESS RELATES  
STORY OF GRIM TRAGEDY

Defense to Mitigate Effect of  
Testimony—Willing to Admit  
Location of Assassin and  
Result of His Work.

[By Morning Journal Special Leased Wire.]  
Georgetown, Ky., Nov. 29.—At the afternoon session of the state power trial of H. H. Goebel, the third witness introduced, was an eye-witness of the tragedy and his testimony was the sensation of the day's proceedings. The witness said he was entering the statehouse grounds when he saw Senator Goebel and Colonel Jack Chinn walking a short distance in front of him. He heard a shot which he said apparently came from the window of the statehouse, and he saw the senator fall. The defense sought to mitigate the effect of the testimony as to the place from which the shot was fired which killed William Goebel by a statement that the witness, while standing in the crowd, saw the bullet lodge in a tree and admit the nature of the wound and that Goebel died of it.

Describe His Assailant.

[Special Dispatch to the Morning Journal.]  
Albuquerque, Nov. 29.—Henry Brandstedt, giving his residence as Albuquerque, was found lying on Delgado street this morning with his right leg broken between the ankle and the knee. Brandstedt stated that he was attacked late Thursday night by a footpad who either kicked him or broke his leg with a club. He was unable to give a description of his assailant. The man is now a patient at St. Vincent's sanitarium.

## SOULLESS SYNDICATES ROB THE POOR INDIAN

Senator Teller Demands Prosecution  
of Land Speculators in  
Oklahoma.

Washington, Nov. 29.—Senator Teller, of Colorado, and Senator Curtis, of Kansas, made an earnest recommendation to the president today that prosecutions be commenced at once in behalf of certain members of the Indian tribe in Oklahoma known as the Kickapoo. An investigation just completed by these senators leads them to believe that the Indians have been robbed of land to the value of \$250,000 by syndicates operating in Oklahoma.

The jury is instructed that the defendant is presumed to be innocent of the crime charged and if after consideration of the whole evidence, they have a reasonable doubt upon the question of the sanity of the defendant, it is their duty to render a verdict of not guilty.

11.—Good character a factor in the case. The jury is instructed that evidence of good character of the defendant for years and good character when proved, is a factor in the case to be weighed and considered by the jury in determining guilt or innocence and that proof of good character when considered with all the other evidence in the case may create a reasonable doubt, in which case it would be the duty of the jury to render a verdict of not guilty.

GOCH CHAMPION WRESTLER.  
Montreal, Nov. 29.—Frank Goch tonight defeated Yankee Rogers in a wrestling match for the catch-as-catch-can championship of America. Goch secured two straight falls in 24:2 and 16 minutes.

Canadian Road Buys Engines.  
Montreal, Nov. 29.—The Grand Trunk railroad today placed orders for 140 freight and passenger engines with different Canadian and United States builders. The cost will be about \$1,150,000, and delivery is to be completed within ten months.

# GRAND JURY IS DISMISSED AT SANTA FE

## NO MORE INDICTMENTS RETURNED BY BODY

Leahy Qualifies As United States Attorney--Hoyt Takes Charge of Land Cases For the Government.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Nov. 29.—The grand jury, which has been in session here at intervals for many weeks, was dismissed this afternoon upon motion of Special United States District Attorney Gregory McHarg. This action was taken at 2 o'clock this afternoon after the jury had been in session practically all the morning. No additional indictments were returned, and it is not known what, if any, additional matters were presented to the jury. Gregory McHarg, a former member of the jury, who was recently fined by Judge McElfee, upon a charge of jury fixing, was before the grand jury during a portion of the session.

The dismissal of the grand jury indicates that the government has no additional matters in connection with the New Mexico lands to present at the present time.

Captain David J. Leahy today qualified and took the oath of office as United States district attorney for New Mexico. The oath was administered by Francis J. Wilson, clerk of the first judicial district. Mr. Leahy took the oath of office immediately following the announcement that the grand jury was dismissed. He has been appointed as special assistant attorney in the department of justice, having received his commission with instructions to qualify at once.

United States Attorney Leahy today made a formal motion which allows Solicitor General Henry M. Hoyt to practice law in this territory. The solicitor general was at once noted as counsel for the United States in the prosecution of the indictments for conspiracy to defraud the United States out of certain coal lands, these being the indictments found some time ago against Phelps Dodge and company and employees of that company.

Upon motion of Assistant Attorney McHarg the indictments returned against Henrietta Ricketts and Maggie A. Van Hook, et al., in connection with these coal lands were formally dismissed.

# LONE ROBBER HOLDS UP RATON SALOON

Bartender and Roulette Wheel Dealer Compelled to Contribute \$250 to Masked Thief.

(By Morning Journal Special Leased Wire.) Raton, Colo., Nov. 29.—A lone masked robber entered the saloon of Raton today, and after a short time, he compelled the bartender and roulette wheel dealer to contribute \$250 to a masked thief.

The robbery took place at 10 o'clock this morning, and at the point of a six shooter compelled the bartender and roulette wheel dealer to face the wall with their hands up. The robber carried \$250 in silver, overloading \$300 in bills in the roulette table drawer. He then made good his escape, leaving no clue as to his identity.

German Reichstag Convenes. Berlin, Nov. 29.—The nineteenth session of the Reichstag today, Herr Reichel, the socialist leader, made an interesting address, in which he called attention to the condition in the country and said that this indicated that a crisis was at hand. He said the unemployed in Berlin already numbered between 50,000 and 100,000.

Millionaire Lawyer Dead. Omaha, Nov. 29.—George P. Porter, millionaire attorney and theatrical man of Minneapolis, was found dead in his room at the Paxton hotel at 10 o'clock today. Heart trouble from which he had been suffering is ascribed as the cause. He has a wife and child living in the south, and they may be in Cuba now. He was thirty-eight years old. He will be taken to Minneapolis by R. B. Massey, connected with Mr. Porter's law firm.

# KNICKERBOCKER TRUST COMPANY MAY REOPEN

New York, Nov. 29.—An important step looking to the reorganization and reopening of the Knickerbocker Trust company, was taken today at a meeting of the so-called Satterlee committee of depositors. Rejecting all plans for a slow payment of claims, the organization of a holding company, etc., the committee formulated a definite plan for the rehabilitation of the Knickerbocker Trust company and an early resumption of business. The provisions of the plan will not be made public until the other committee of depositors have approved it, which probably will be done tomorrow.

Tribesmen Clash With French. Lela Magnifico, Nov. 29.—A serious encounter is reported to have occurred today between the French troops and the Benis Naxos tribesmen at Adjerdoukies. No details have been received.

# SCORING COUNTRY FOR PETTIBONE JURORS

Boise, Idaho, Nov. 29.—Sheriff Shad Hodgins and deputies today began scoring Ada county to fill the special venire ordered in the court of Judge Woodin the Pettibone case. Attorneys for the defense and state are putting in the day getting information on the jurors who were named for cause by the prosecution at Wednesday's session. James McFarland, chief of the western Pinkerton agency, arrived in Boise last night and will be here throughout the trial. His arrival

# THUG SLUGS SECRETARY OF UNITED MINE WORKERS

Trinidad Labor Leader Victim of Third Assault Within Eight Weeks.

Trinidad, Colo., Nov. 29.—While Joe Sharp, secretary of the local union of United Mine Workers of America, accompanied by John E. Harz, a Pueblo, national board member for this district, were walking down Commercial street tonight, Sharp was assaulted by an unknown man, struck on the back of the head with a gun, cutting a three-inch gash. The man who made the assault escaped in the darkness. This is the third assault which has been made on Sharp in two months.

# GETS PARDON ON THANKSGIVING

A. C. Miera Up For Ten Years From Union County, a Free Man--Five Other Convicts Liberated Yesterday.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Nov. 29.—A. C. Miera, sentenced to the penitentiary from Union county for ten years, was pardoned on Thanksgiving day by Governor Curry, having served three years of his sentence. Miera has been in the penitentiary since the time of his arrival at the penitentiary. His pardon was recommended by practically all the officers of the penitentiary.

The following prisoners were released from the penitentiary yesterday, having served out their term: Martin Gonzalez y Bies, Eugenio Ornela, Augustin Casero, Mauricio Chavez and Major Casey, sent up from Bernalillo county for a short term for burglary.

# TRAIN TOO LATE FOR BIG GAME IN EL PASO

Bunch of Bad Luck On South End Results in Deep Disappointment For Football Enthusiasts On Thanksgiving.

As a result of a series of delays here, at San Marcel, Grama hill and in the El Paso yards, No. 9, which left here an hour and thirty minutes late Thursday morning, did not arrive in El Paso until 7:40 o'clock that night, much to the chagrin and disappointment of a number of Albuquerque people, who had planned to witness the game in the Paso City stadium.

The train arrived in San Marcel about an hour late, and was making out time when it was stopped at the Grama hill, this side of El Paso, by a freight wreck, in which half a dozen cars were telescoped and the track torn up.

A wreck was finally cleared away and the delayed train started on its way. El Paso once more, but another long delay was encountered shortly after entering the Paso City freight yards, causing the train to pull into the Union depot at 7:40 o'clock, hours after the football game had been finished, and just as No. 10 pulled out for this city.

No. 10 also appeared to be hoodooed. The engine failed at a mile out of El Paso, the train was backed by a switch engine to the depot and another locomotive procured, after a delay of an hour and forty minutes. At 10 o'clock the train reached Albuquerque about 9:05 o'clock, having made up over an hour's lost time.

**A Bold Step.**

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and to publish a world-wide and complete list of all the ingredients entering into the composition of his widely celebrated medicine. Thus he has taken his numerous patrons and patients into his full confidence. Thus he has removed his medicines from among secret remedies of doubtful merit, and made them remedies of known composition.

By this bold step Dr. Pierce has shown that he is not afraid to subject them to the closest scrutiny.

Not only does the purveyor of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases, wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicine. Due to these little books will be mailed free to any one sending address on postal card or letter to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicine contains no poisons, no narcotics, no stimulants, no opium, no alcohol, no mercury, or other poisonous or injurious agents; and that they are made from native medicinal roots of great value, and are the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription, was known to the Indians as "Snake Weed." Our knowledge of the uses of this water supply is from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the woman's functions, correcting displacements, as miscarriages, and relieving all the various painful periods, restoring a perfect state of health, and for all disorders in medicine.

# TWELVE THOUSAND ALIENS SAIL

Rush of Immigrants Eastward Continues Unabated; Steamships Taxed Beyond Capacity.

(By Morning Journal Special Leased Wire.) New York, Nov. 29.—The extraordinary rush of aliens to Europe continues unabated, and eight steamships sailing tomorrow will carry over 12,000 steerage passengers. Nearly all transatlantic lines scheduled to sail within the next two weeks have been booked up because of the flood of applications. The steamship President Lincoln, sailing next Thursday, will break all records for the number of steerage passengers carried by one ship. This steamer will take 2,800 passengers in the steerage for Mediterranean ports, which is about 500 passengers more than the vessel could ordinarily accommodate.

Berths made up between decks, and as it is more profitable to carry steerage passengers than freight, several hundred tons of freight will be left behind and the space used for passengers. The last week carried away 3,200. The Maritima, the Republic, the Patricia, the Koenig, the New York, the Santa America and the C. F. Tigen will take away the 12,000 passengers who will sail tomorrow.

# JAPANESE DENIED LANDING

Canadian Authorities Adopt Policy of United States in Rejecting Immigrants Suffering From Disease.

(By Morning Journal Special Leased Wire.) Victoria, Nov. 29.—The Japanese steamer Tosa is detained here owing to a dispute between her agents and the United States and Canadian immigration officials regarding the handling of sick Japanese booked to Victoria, but holding passports to the United States.

The United States immigration officials have received instructions now to examine those with passports for the United States, and the Canadian officials insist upon the Japanese being carried through to Seattle. This the steamship agents are unwilling to do, and the vessel is detained in consequence. Meanwhile telegrams are being sent to the Washington and Ottawa authorities seeking to reach a settlement of the difficulty.

**Iron Works Closed Down.**

Reading, Pa., Nov. 29.—Because of a shortage in the iron trade some of the departments of the Reading iron company will be temporarily closed down tomorrow. It will affect 600 hands.

**Referee Stops Fight.**

Baltimore, Nov. 29.—Willie Fitzgerald, of Brooklyn, defeated "Amby" McGarry, of New York, in a boxing contest before the Eureka Athletic club tonight, the referee stopping the fight in the eleventh round, when McGarry was clinging to the ropes helplessly.

**Chicago To Resume CURRENCY PAYMENT**

Date Ten Days Hence Expected to Witness Resumption of Normal Conditions.

Chicago, Nov. 29.—The report that Chicago banks will resume currency payments Monday was discounted by members of the Chicago clearing house committee tonight. John G. Mitchell, president of the Illinois Trust and Savings bank, and a member of the committee, said:

"The announcement is a bit premature. We have set no formal date for the resumption of specie payment, because we are waiting for replies to the six thousand circular letters which we sent to bankers of the west and middle west ten days ago. Thus far some 2,000 replies have been received, and the tone of these is so uniformly encouraging that it is safe to say that currency payments will be resumed soon. The exact date, however, has not been determined."

From other sources it was learned that the clearing house has started arrangements for a return to normal conditions in about ten days. The approach of the holiday season and the fact that several large individual firms have been compelled to defer dividend payments until the banks will agree to handle large currency transactions have caused the bank leaders to double their efforts to terminate present methods. Progress has already been made toward this end, and the Chicago clearing house has begun to cancel some of its certificates as are returned to it from day to day.

**Mayor Insane, Kills Himself.**

Ypsilanti, Mich., Nov. 29.—Mayor John W. Shuman shot and killed himself today while temporarily insane.

**Alleged Murderer Acquitted.**

Beattyville, Ky., Nov. 29.—B. Fulton French, accused of complicity in the assassination of James R. Marshall, has been acquitted.

Daniel Almsworth, a well known Arizona mining man, was frightfully bitten by a pet dog suffering from rabies, at a camp 50 miles northwest of Phoenix. Both arms were lacerated in a hand to hand struggle, in which he caught the dog by the jaws and forced him into a cabin, closing the door. The dog escaped in some manner, but a companion by that time had procured a shot gun and dispatched him. Almsworth is for Chicago for treatment.

**The Santa Fe Land Improvement Company.**

A concern subsidiary to the Santa Fe Railroad company, has purchased two big ranches and one-half of the water supply of the Rio Grande, the source of the Verde river in Arizona. These springs, flowing at the rate of two million gallons a day, furnish the largest water supply in northern Arizona. The city of Phoenix gets its water from these springs.

# BOND ISSUE LIMITED TO \$25,000,000

Secretary Cortelyou Announces Final Closing of Allotments of Three Per Cent Certificates of Institutions.

(By Morning Journal Special Leased Wire.) Washington, Nov. 29.—The final closing of allotments of the three per cent one-year certificates was definitely announced by Secretary Cortelyou today. He declared that no allotments had been made or would be made after his announcement that no further subscription would be considered. The point was not quite clear until his statement today that some few allotments might not be made from subscriptions already in hand on Wednesday. As the matter stands, practically all the allotments are to national banks which have agreed to take out circulation and in the majority of cases have indicated a willingness to surrender the certificates before maturity upon payment of accrued interest to the date of redemption. Information was still withheld as to the treasury as to the amount of the allotments made, but such information as is obtainable indicates that the total will not materially exceed \$25,000,000. If this proved to be the case, and a considerable portion of the certificates are delivered, on the condition that they shall be surrendered in six months with interest to that time, or even for a shorter period, it becomes possible to calculate roughly the cost of the issue in interest. There appears to be no doubt that by far the largest part of the amount allotted, probably three-fifths, is subject to redemption with accrued interest, within three months. On the basis of an issue of \$25,000,000, this would amount to the redemption of \$15,000,000, with interest to the amount of one and one-half per cent, which would require \$225,000 for the interest payments. If \$10,000,000 of the certificates ran the full period for one year the interest payments at 3 per cent would consume \$300,000, these two sums, therefore, making a total of \$525,000, would represent the entire cost of the issue of certificates to the treasury, outside the trifling incidental expense of the issue. This would be at the rate of 2.1 per cent per annum for the population of the United States.

Offers for Panama two per cent bonds are still reaching the treasury in large numbers. They will remain unopened until tomorrow afternoon, when the receipt of subscriptions closes.

## PARISIAN DEPLORES DOWNFALL OF BEAUTY

INTELLIGENCE AND CHIC  
REIGN IN GAY CAPITAL

Dress and Adornment Now  
Chief Aim of Woman, De-  
clares Famous French Writer;  
Scores Corset and Costume.

(By Henri Dubois.)  
Paris, Nov. 29.—"The Downfall of Beauty" is the title of an article by Marcel Prevost, which everybody is talking about on the boulevards, in the cafes, and in fashionable resorts.

Paris being considered the headquarters of beauty, Parisians are astonished when Mr. Prevost, the gifted novelist and essayist, tells them that pure physical beauty unadorned no longer exists in Paris—or at least is not admired with the enthusiasm of other days.

Classical beauty, in effect, has been replaced by "chic" as women's chief weapon. Dress and adornment are the supreme aim of the Parisienne, who does not care whether she is plain or pretty so long as she is elegant.

There is no longer that worship of beauty which existed a hundred or even fifty years ago. No more, remember, no Lady Hamilton, no Mme. de Castiglione receive the homage of the gallants, the dynasty of queens of beauty has died out. Elegance and intelligence are now the lures by which women attract their admirers.

With the great advance in the art of adornment and in "feminism" woman no longer needs to be beautiful, says Marcel Prevost, because artificial elegance, with conversation as her attraction, is being used to acquire the arts of conversation than a classical beauty of face—if that can ever be attained even in the beauty institutes. The present disposition to award the palm to intelligent and attractive plainness rather than to witless physical perfection, is eminently suited to the great bulk of the feminine world. With the advance of democracy in France women have become democratic in their charms, and the regime of despotic, imperial beauty is over.

Even the artists have joined in a conspiracy against beauty. At the salon there is scarcely an example of radiant loveliness in women. There is the "interesting face," but the interesting face is very rarely pretty. Moreover, modern corsets and costumes have destroyed the classical symmetry of line in the female figure.

Vicomte Jean d'Avenel, in the *Claudio*, devotes a long article to an examination of the trust question in the United States, when, after lucidly explaining the causes of the present crisis, he concludes as follows:

"This is simply a crisis of individualism. America is not thinking of dethroning her 'kings'—neither her kings of steel or petrol nor those of railways, copper, wool, iron—rather, or any of the other powerful princes of matter.

The nation will not commit the mistake of replacing their private councils by judicial councils, but these absolute monarchs, which govern—or according to a delicate euphemism of the New World, "control"—some branch of the nation, all publication, are transformed into constitutional monarchies.

Royal grandmothers are no exception to the invariable human rule that all human grandmothers adore their grandchildren. The Queen Dowager of Spain, mother of Alfonso XIII, on her journey to Vienna from Madrid, passed through France, and during her presence on the soil of this country, was accompanied by the famous conductor of royalties, M. Paoli.

The sovereign was very gracious to the "protector of kings," who has often before watched over her safety when in France, and who was in duty on the occasion of the royal engagement at Biarritz. During the conversation M. Paoli asked her majesty the news of the royal baby.

"Oh," explained the queen, "my grandson is a lovely child—superb. I would like you to see him. I am sure that if he was sent to a baby competition he would take the first prize without an influence at all being exerted." And M. Paoli, who is the quintessence of all that he should be, said he was sure this was so.

The French turf has been thrown into consternation by the sudden arrival of the American lady Jockey, Miss Mary Money, who has come over here to obtain a Jockey's license and try her luck on the French race course.

There is nothing at all against this in France, where women cabblers, women barristers, women doctors and sandwich women, are now common objects. Miss Money, who has only just arrived from America, has come to France for the first time, and has taken up her residence at Chantilly with one of her country women, Miss Burnham, who has a school for girls in the Avenue d'Aunelle. Miss Mary Money is in her way a beauty.

She is about thirty years old, and slight, though plump, with rosy cheeks caused by gallops in the French air, clear blue eyes, dark brown hair and a bright clear little laugh, and she looks very attractive in her simple waist and short skirt.

Miss Money asked to tell in her own words what she is here for, said: "I do not want to be talked about. I am training for my own pleasure. My trainer was Mr. Webb. I am very good at jumping hedges and ditches, good at jumping over a fence, and in America I took off twenty-eight prizes and fourteen silver cups. My portrait has been in all the newspapers in America. On horseback I am a boy, I ride like a boy. I have you not seen me? Oh, I'm fine. No, you not seen me? I don't like it? I don't photograph me? I don't like it? I don't think I shall get my license over here? It would be very nice."

Kaptivating Komedians Under

Monday Night.

The way that "Little Johnny Jones" took Albuquerque by storm assures that there will be not even standing room at the Elks' theater next Monday night, when another clever rol-

licking comic opera under the man-  
agement of Joseph M. Gaites will be  
put on the boards. In "The Mayor  
of Tokio" the exuberant, but pen-

## NATIVES HIKING BACK TO LAND OF MANANA

General Reduction in Wages  
Causes Extensive Migration  
of Laborers From North and  
West to Old Mexico.

The exodus of Old Mexico railroad section hands from New Mexico and other states was never before so large as at present. The approach of winter has caused many of the "hombres" to return to the land of manana, but the chief reason is because the railroads are reducing their pay from \$1.25 to \$1 and less on account of the money stringency.

Every train from the east brings hundreds of them from Missouri, Kansas, Illinois, Iowa and elsewhere. The railroads are not the only employers of Mexican laborers that are cutting their pay. In the sugar beet fields of Colorado thousands of the Mexicans have been employed at fairly good wages. The money question has caused a decided cut in their pay, causing many to quit.

The Santa Fe coast lines have employed many hundreds of Mexicans as section hands from Albuquerque to Barstow, Cal., and as a result of the cut of twenty-five cents many on the west end are returning home.

No. 9, the El Paso mail and express train, carries from four to six extra chair cars every night, loaded with Mexicans. According to the railroad officials they expect to carry them for many weeks to come.

## Three Bales of Cotton FROM SIX ACRES OF New Mexico Land

STAPLE NO LONGER  
AN EXPERIMENT  
AT MONTOKA

THOUSANDS OF ACRES TO  
BE PLANTED THIS SPRING

Ten New Business Blocks Go-  
ing Up in Hustling Young  
Town Over in Eastern Tier  
of Counties.

(Special Correspondence Morning Journal.)  
Montoka, N. M., Nov. 25.—Three  
bales of the finest cotton ever raised  
anywhere were produced from six  
acres of land in this valley this season  
by J. Hooper, a well known  
farmer who planted one of the leading  
wool centers of the territory and there  
is no reason to doubt that it will  
soon be equally celebrated as a cot-  
ton center. Mr. Hooper's experiment  
is only one of many that have been  
made in this valley, effectually dem-  
onstrating the cotton raising possi-  
bilities of this section. Farmers have  
been trying it for several years and  
several others beside Mr. Hooper  
have produced fair crops this season.  
There are 100 pounds of cotton in  
an average bale, the cotton selling at  
12 cents a pound or \$120 a bale. The  
opportunity for money making in this  
way is such a tempting one that  
thousands of acres will be planted in  
the fleecy crop next year and A. A.  
Jones, the well known merchant, has  
already sold a whole carload of cot-  
ton seed. He will order several more  
carloads. A cotton gin will be built  
here and cotton raising on a large  
scale will be successfully done for the  
first time in the history of the terri-  
tory.

### MONTOKA NOW HAS ABOUT HALF THOUSAND PEOPLE

Montoka, 50 miles east of Tucum-  
cari on the Rock Island, has grown  
in nine months from a whetting post  
to a town of 500 and is expanding so  
rapidly that you can see it grow.  
Plenty of the soft water for town  
supply is obtained here at a  
depth of anywhere from 25 to 100  
feet. Half a mile from town there is  
good building stone in inexhaustible  
quantity and many of the new build-  
ings which are rapidly going up are  
built of this material.  
Over one hundred buildings have  
been erected here since the first of  
last March, and at the present time  
there are ten fine new business blocks  
in course of erection. Three of these  
buildings will be two stories in height  
and will greatly add to the appear-  
ance of the town. Kohn Brothers  
have had much to do with the rapid  
growth of Montoka. They are the  
principal owners of the Montoka  
Townsite and Land company. The  
Kohns started five years ago in a lit-  
tle store building 18x32 feet and with  
an \$1,800 stock. Today they have a  
big store 30x80 feet in dimensions  
and carry goods valued at \$25,000.  
They also have a commodious ware-  
house 24x160 feet. During the first  
half of the present year this concern  
paid the railroad company some  
\$12,000 for freight alone. The Montoka  
Trust and Savings bank will be  
doing business in its new build-  
ing by the first of the year, work on  
the handsome structure being rushed  
as fast as possible.  
Among the other prominent busi-  
ness firms are A. J. Jones, the general  
merchandise retailer; H. W. Griffin,  
lumber yard; Frank H. Cochran,  
blacksmith shop. There are three hot-  
els, the Montoka House, managed by  
J. E. Coker; the Bradley hotel, by R.

J. Owens, and the Prunty house, by  
Mrs. J. W. Prunty.

The Townsite company has just  
platted the Montoka View addition,  
selling lots at \$10 and up, and are de-  
termined to offer every inch of land to  
prospective settlers as Montoka's situ-  
ation makes it one of the very best  
towns in the home state belt.

### LIVE COMMERCIAL CLUB IS BUSILY BOOSTING

A live active Commercial club has  
already been organized and is doing  
most effective work in building up the  
town. W. C. Hawkins is the bustling  
and efficient secretary, being also the  
editor of the Montoka Republican, as  
sparkling and up-to-date a weekly  
paper there is in New Mexico, and a  
paper devoted to the interests of  
Montoka first, last and all the time.  
The school here has an enrollment  
of eighty pupils under the supervision  
of A. T. Henderson, an experienced  
and successful teacher. The business  
of the postoffice here has more than  
trebled during the past six months.  
Dr. Shelton, the railroad physician  
here and a skillful surgeon, has a  
first class up-to-date drug store. One  
other business man and booster who  
should not be overlooked is Creed  
Walker, who runs a big hardware  
store.

## MILK-EYED COW SETS TOME BY EARS AGAIN

ARRESTS AND COUNTER  
ARRESTS IN VILLAGE

Merchant and Mail Carrier  
Principal Figures in Sen-  
tinal Occurrences in Valen-  
cia County Hamlet.

(Special Correspondence Morning Journal.)

Tome, N. M., Nov. 25.—The peace  
of this pueblo is again disturbed by  
the milk-eyed cow. Last Saturday Miguel Baca, a local mer-  
chant, and Mr. Benabides, the mail  
carrier between Tome and Helen, met  
in conversation. Benabides claims Baca  
charged him with being the "evil  
assassin" of his cow. This  
statement led to high words between  
the men, but nothing else of conse-  
quence followed. It was only after  
the two men had returned to Tome  
that the conversation began to take  
effect.

Benabides then charged that Baca  
had slandered him in the presence of  
witnesses and that he would have him  
arrested on a criminal charge. Ben-  
abides did not confine his statements  
to an undertone, but made them  
openly and loudly upon the public  
highway and only a short distance  
from Baca's place of business. Baca  
construed Benabides' attentions to  
mean bodily injury and today he had  
him arrested and taken before Doc-  
tor Chavez, justice of the peace, to be  
placed under bonds to keep the peace.  
The justice of the peace refused to ac-  
cept the bondmen offered by Ben-  
abides, but sent him under arrest to  
the sheriff at Los Lunas, who event-  
ually accepted the bondmen who  
were released here Friday before Ben-  
abides had made threats to do him  
bodily harm. As it was so late Sat-  
urday night when the complaint was  
filed Baca was not arrested until to-  
day, when he went to Tome to have

his hearing, but as Benabides was  
still in the custody of the sheriff at  
Los Lunas the case was postponed  
until the 26th.  
Benabides, it is understood, will  
file a criminal charge against Baca for  
slander. The case caused this ham-  
let to be very lively Sunday and to-  
day. The place is alive with witnesses  
for one side or the other, and what  
will be the ultimate result cannot be  
stated at this time.

## THREE ACQUITTED IN COURT AT ALAMOGORDO

WOMAN WHO OPENED A  
LETTER NOT GUILTY

Case of Woman Accused of  
Importing Girls for Immoral  
Purposes Next On the Docket

(Special Correspondence Morning Journal.)

Alamogordo, N. M., Nov. 25.—The  
United States court for the sixth judi-  
cial district, which convened in this  
city last Monday with Judge Edward  
A. Munn on the bench, will close to-  
morrow evening.

The government has been repre-  
sented at this term by Edward L.  
Maddox, assistant United States attor-  
ney, and even though the session has  
been a short one, considerable busi-  
ness has been transacted. Three cases  
have been called for trial and dis-  
posed of the defendants in each case  
drawing a verdict of not guilty at the  
hands of the jury. The first case  
tried was that of the United States  
against Eduardo Amelin and An-  
dres, charged with breaking into a  
railroad car at Tucumcari and pur-  
loining several hundred pounds of  
some whiskey. C. C. Davidson, of  
Tucumcari, conducted the case for the  
defense, and the jury, after deliber-  
ating for 125 minutes, returned a ver-  
dict of not guilty. The next case taken  
up was that against Sarah A. Ver-  
line, of Estancia, indicted for viola-  
tion of the postal laws by sending the  
defendant five letters in a neighborhood  
of four or five families, the custom  
prevailing amongst them being that  
the one who received a letter called for  
the mail of all. Last September Mrs.  
Verline went to Estancia, called for  
her mail and also that of M. C. Quin-  
nell. Both received letters. In the  
letter, which was from her son, Mrs.  
Verline read the information that he,  
her son, had sent her a money  
order and ordered her to have it cashed.  
The money order, however, was  
drawn in favor of Quinnell, in which  
she lived, told what she had done,  
and turned letter and money order  
over to Quinnell, the brother of the  
payee of the money order, who took  
care to his brother, explained mat-  
ters, and returned in a short time  
with M. C. Quinnell's check in favor  
of Mrs. Verline for \$15.00, claiming  
that she owed him \$10.00. After a  
short deliberation, the jury failed to  
decide on this charge, but on the  
part of the defendant, and returned a  
verdict of not guilty. E. B. Brum-  
back, of Estancia, conducted the de-  
fense in this case.

In the matter of the United States  
against Edward R. King, charged with  
adultery and fornication, after the  
government had introduced its evi-  
dence and rested, the court sustained  
the motion of the defendant for an in-  
struction of not guilty, it being plain-  
ly evident that the government had  
failed to make out a case against the  
defendant. The court, therefore, in-  
structed the jury to return a verdict  
of not guilty, which was done. The  
trial occupied about one hour.  
Messrs. Wharton and Lawson and  
Judge Byron Sherry, of this city, were  
Mr. King's attorneys.

The cases against Tom Stodgin,

## SANCHEZ WINS THE SHEARS ACCUSED PRIZE CONTEST OF MURDER

Declamations At Demorest Medal Competition At Presbyterian Church Applauded By Large Audience.

D. F. Sanchez won the first prize in the Demorest medal contest by the pupils of the Manual school, held at the First Presbyterian church last night. His declamation was "The Defense of the Alamo." J. B. Green won second prize with "The Potter's Field."

A large crowd attended the oratorical contest. The boys acquitted themselves splendidly and all were heartily applauded. The decisions of the judges, Prof. W. D. Sterling, Mrs. S. E. Newcomer and Mrs. J. S. Easterday, were received with general approval.

Great credit is due to Miss Alden, the teacher and instructor of the boys. All the declamations were well received. The musical features of the program were very good. Florio Floridillo, who played a mandolin solo, is a native of the Philippines. The program was as follows:

Musical: "Zacatecas," Indian school orchestra; declamation, "Fighting," L. M. Ortiz; declamation, "The Boys of America," B. J. Martinez; declamation, "The Defense of the Alamo," D. F. Sanchez; musical, "We'll Turn Our Glasses Upside Down," chorus of boys; declamation, "The Wild West of Our Civilization," P. R. Miao; declamation, "Baptized in Blood," T. D. Romero; clarinet solo, "Coming Through the Rye," Mr. Fleming Lavelle; declamation, "The Glorious Railroad," J. E. Lucero; declamation, "The Potter's Field," J. B. Green; musical, "Who Hath Sorrow," quartette; mandolin solo, Florio Floridillo.

Man Arrested By Local Police Will Be Inspected Today By Mounted Policeman Murray From Ketchikan.

What will be done with William Shears, alias William Blackwood, accused of a murder in Texas a year ago and arrested Thanksgiving night by Officer George Highbarlin, will be determined today when Mounted Policeman G. K. Murray arrives here from Ketchikan. Shears, Blackwood, or as he is commonly called, Blackie, spent a quiet day yesterday in the city jail. Yesterday he denied any knowledge of the murder, his description and information available at present make it likely that he will be returned to the Lone Star state to stand trial.

According to the information obtained by Mounted Policeman Murray and conveyed to Officer Highbarlin, Shears came to New Mexico immediately after the crime and obtained employment in a lumber camp near Ketchikan. When he learned that the authorities were after him he went to Domingo.

In company with a man named Erick, Shears had planned to spend several weeks in the vicinity of Magdalena hunting, camping and fishing. Learning that his companion would probably be in jail for some time, Erick left yesterday morning for Magdalena.

**An Attractive Calendar.** By far the most attractive calendar that has been brought to our notice this year is issued by the Pabst Brewing company, in connection with their popular malt extract, sold and known everywhere under the name of Pabst Extract, The "Best" Tonic. Like the preparation it represents, this charming calendar—of exquisite and appealing beauty—stands out in contrast and is exceptionally unique among art calendars for 1908.

The Pabst Extract Jewel Calendar, as it is called, rich in color, exclusive in design and strong in sentiment, appeals to both men and women and is beautiful as well as educational. It portrays a very handsome woman standing between two rich red pillars in such a position that the sun from the back throws rays of light across her shoulders and face, while the artistic arrangement and rich coloring of the draperies in which she is partly enshrouded, produces an effect

that is hard to imagine without seeing the original. This beautiful work of art derives its name, the Pabst Extract Jewel Calendar, from the unique arrangement of the calendar pads, which portray the birthstones and their significance for each month of the year. This effect greatly enhances the beauty of the calendar, giving it originality and sentiment at once most interesting and pleasing.

A copy of the calendar, 7x4 inches, may be obtained by mailing ten cents in stamps or coin to Pabst Extract Dept., 518 Chestnut street, Milwaukee, Wis.

## WORKMAN KILLED BY TRAIN ON THE CUT-OFF

John Boyd's Life Snuffed Out and Body Badly Mangled Under Wheels Near Construction Camp No. 7.

John Boyd, aged thirty-four years, a workman at construction camp No. 7, on the Belen cut-off, was run over early yesterday morning by a work train near that place and instantly killed, his body being badly mangled by the car wheels. As nearly as can be learned, the crew of the train were not to blame for the death of the man. Undertaker A. Borders, of this city, left yesterday for Belen to prepare the remains for burial.

# CLOVIS, NEW MEXICO

1,100 Population—TOWN FOUR MONTHS OLD.  
21 Stall Concrete Roundhouse  
\$62,000 Harvey House  
\$30,000 Concrete Depot  
\$40,000 Recreation Bldg

## SANTA FE TOWNSITE FOUR POINT DIVISION

Large Concrete Machine and Car Shops  
100 Ton Ice Plant for R.R. Co.  
\$42,000 Concrete Coal Shutes  
Numerous Other R. R. Bldgs.

Clovis, New Mexico, is the New Santa Fe Division Townsite, Situated Nine Miles West of Texico, New Mexico, on the Belen Cut-Off

The surface of the land on which the townsite is located is level. Clovis is situated in the best portion of the level plains country and is in the center of the best dry farming and stock raising section of Eastern New Mexico. All this land is settled upon by homesteaders who are improving their land. The Santa Fe Land Improvement Company have 213,000 acres of railroad scrip land, commencing five miles north of Clovis, New Mexico, which is considered the finest farming land in Eastern New Mexico. This land will shortly be open to homeseekers and sold in small tracts on terms to suit purchaser. The country around Clovis, New Mexico, will command trade for fifty miles to the north, thirty miles to the east, twenty miles to the south and twenty-eight miles to the west. There is a settler on every 160 acres, which assures its future rapid growth and permanency. Clovis is on the main transcontinental line of the Santa Fe which is called in this territory, the Eastern Railway of New Mexico, or the Belen Cut-off. Clovis will be the division point for the main line of the Santa Fe, the Pecos Valley line and the Brownwood Extension, thus making it a Division Point for three distinct lines of the Santa Fe System.

The Pecos Valley tracks will be taken up between Texico, New Mexico, and Cameo, New Mexico, and be moved west eight miles to make Clovis the northern division point of the Pecos Valley line. The Brownwood Extension will be run out of Clovis which will give a through line from California to Galveston, Texas. The Railroad Company has retained 320 acres for railroad purposes and there are extensive machine and car shops being erected at Clovis. Clovis will be the first division point west of Amarillo, Texas, and the Santa Fe have just completed a twenty-one stall concrete roundhouse, graded miles of siding and yards, are erecting a \$30,000 concrete two-story depot and a \$62,000 two-story Harvey house and \$40,000 three-story recreation building for railroad employees. The recreation building will have a standard library, pool and billiard halls, swimming pool, auditorium and living rooms for railroad employees. All these buildings are of solid concrete and the latest style of mission architecture. The Company is drilling ten large wells to secure all the water that will be required for railroad purposes, the supply being inexhaustible. The Railroad Company will erect a one-hundred ton ice plant for icing refrigerator and passenger cars.

The concrete coal chutes, costing \$42,000, are half completed and are the largest west of the Mississippi river. There are numerous other railroad improvements to be started, but the engineers' reports have not been completed and we cannot give data on the same. As soon as the Belen Cut-off and connecting lines of Clovis are completed, the Company will put all of its extra California fast passenger, freight and perishable fruit traffic on this line, which will be the shortest between Chicago and Southern California and Galveston, Texas, and New Orleans, Louisiana, and Southern California. It will also carry all the Pacific and Oriental mail which is now being largely handled by the Rock Island and Southern Pacific.

Clovis has two national banks with \$25,000 and \$35,000 capital, respectively. There is a water, electric light and ice company located in Clovis, owned and controlled by railroad officials, with equipment now in operation. A complete telephone system is in operation connecting with all adjacent towns and the long distance lines. There are thirty-five business houses, six hotels and rooming houses, four lumber yards, three livery stables, cold storage and other buildings already erected. Clovis has nearly eleven hundred population, is four months old and growing very fast. If you are looking for a business location or a new town for investments, look the situation over at Clovis. The lots being offered for sale are all residence lots and can be purchased at from \$70 to \$90 per lot, one-half down, the balance in six months at 8 per cent interest. On all sales over \$500 10 per cent discount is allowed. On all cash sales, 10 per cent discount allowed. Clovis will make a city of ten thousand in a few years. This is the best proposition ever offered in New Mexico for small investors and now is the time to purchase these lots, as the prices will double within six months' time.

## CLEVER PROGRAM ON THANKSGIVING AT INDIAN SCHOOL

Pupils At Big Government Institution Participate in Most Interesting Entertainment Thursday.

An exceedingly clever Thanksgiving day program was given at the United States Indian school Thursday, in which a large number of pupils took part. The entertainment was attended by a number of visitors who found the program not only interesting but a striking demonstration of the high mark of work that is being done at the school under the management of Superintendent Custer. The following was the program:

Band selection, "The New Colonial March," B. F. Hall.

Reading the president's proclamation, Albert Cooley.

First part song, "Sweet Summer Gone Away," fifth grade.

Reading, "Hawatha's Friend," Mrs. Beale Slow.

Song, "Thank You," kindergarten.

"A Song of Thanksgiving," first primary children.

Recitation, "The Pumpkin Thanksgiving," Alice Hardy.

"The Mowers," second primary children.

Clarinet solo, "The Blue Bells of Scotland," Mr. Lablander.

"The American Indians," concert and recitation by the sixth and seventh grades.

Song, "Mr. Turkey," first primary boys.

"Thanksgiving Song," second primary pupils.

Recitation and action song, "Pilgrim Made," first primary children.

Quartet, "There's a Psalm in the Word Book," High school boys.

"The Cat Tail Drill," third grade girls.

Song, "The Hunters," school chorus.

Recitation, "Goodbye to Autumn," second primary pupils.

Song, "Under the Double Eagle," by Wagner.

**COUNTY ASSESSOR A BUSY MAN**

Holds Informal Reception to Property Owners Who Roar At Penalty For Not Submitting Assessment Returns.

County Assessor Sigfried Grunfeld was a busy man yesterday, and, in fact, has been so for the past few days. The assessor's office is filled daily with complaining citizens, who neglected to get in their assessment returns between March 1 and May 1 last. In accordance with the law, the taxes of these negligent parties have been increased 25 per cent, and the \$200 exemption disallowed. It is believed the persons affected will be more prompt about attending to the matter next year.

Stranger Requests Man Who Married Him to Undo the Trouble and Is Puzzled At Getting Refusal.

"I'd like to get a divorce, what's the law?" said a young man as he walked into the court room of Justice of the Peace Jose E. Romero, yesterday morning.

"Who you are in the wrong office, Go and see the district clerk up stairs," answered Justice Romero.

"How's that?" You married me a month ago. My wife and I have fallen out and I thought you could separate us," said the incoherent stranger.

"You will have to see an attorney," said Mr. Romero. And the individual walked up stairs with a determined air.

**WANTS DAMAGES FOR INJURY TO HIS HAND**

Fred J. Otero Seeks to Recover From Santa Fe and Pullman Company For Getting Member Mashed in Car Door.

Alleging that his right hand was caught by a defective door on the observation car of the California limited train in this city on October 1, 1907, and the fingers so badly mashed that he was incapacitated for labor for eight weeks, Fred J. Otero, of this city, seeks \$5,000 damages and the costs of the action from the Santa Fe railway and the Pullman company.

The above suit was filed in the district court yesterday by N. H. Field, attorney for Otero. The plaintiff bases his grounds for damages upon the fact that the two defendants were negligent in not having their passenger cars better equipped.

**COURT NOTES.**  
The Bank of Commerce was awarded judgment for \$251.41 by Justice Ira A. Abbott yesterday against H. T. McKinney.

A suit for divorce for McKinley county has been filed in the district court by Mrs. Viola B. Howard against Charles B. Howard upon the grounds of non support.

**WELL KNOWN MINING ENGINEER ASSUMES CHARGE OF VALUABLE ROSENFIELD PROPERTIES IN HELL CANYON DISTRICT.**

Christopher McGrath, a mining engineer, who has had charge of mines in Mexico for years, and who has just recently moved to New Mexico, has signed a contract with L. O. Rosenfield, the local pawnbroker, by which he will take charge of the Alvarez mine in Hell canyon and push the work that the late J. E. Geddes was to have done.

Mr. McGrath assumed charge of the property yesterday with a force of a dozen miners. Mr. Rosenfield has furnished him with a complete mining outfit and after the completion of the preliminary work he expects to proceed with the sinking of the shaft.

The body of Geddes, the mining expert, who died here suddenly last week, will probably be buried in Albuquerque, as the relatives have failed to answer any of the several telegrams sent to them by Undertaker A. Borders, who proposes to investigate the mining properties which Geddes is reputed to own in northern New Mexico and western Oklahoma.
