BRIEF WIRINGS.

A False Report.
CITY OF MEXICO, Feb. 19.—There is no truth in the report that the Mexican government will grant a concession to the Louisiana lottery.

Wild and Wolfy East.
BUFFALO, Feb. 18.—Between fifteen and twenty wolves have made their appearance in West Secana, a suburb of Buffalo, and women and children are afraid to go out of doors. To-day a large party of men expect to start on a hunt for the beasts.

A New One.
DENVER, Feb. 19.—A new railroad filed articles of incorporation with the secretary of state yesterday. It is called the Florence, Cripple Creek & State Line railway. The incorporators are Senator McCandless, Thomas Robinson, the Canfield, James Collins and W. F. Johnson.

Creede's Land Fiasco.
DENVER, Feb. 19.—Col. Carpenter, attorney for Wason, has served a formal notice on the state land board that he had commenced injunction proceedings in Judge Bell's court to restrain the board from selling the lots leased by Wason at Creede.

The Income Tax.
WASHINGTON, Feb. 19.—The committee on ways and means yesterday devoted its attention to the principle of an income tax as a means of raising revenue, in the event that the reduction of tariff should ever bring revenues of the country below the legitimate expenses of the government.

Democratic Jugglery.
WASHINGTON, Feb. 19.—The anti-free coinage men have again come forward with a demand for a caucus to relegate the silver question in the rear until after the presidential election.
The promoters of the call for a caucus on this subject express the fullest confidence in securing the requisite number of signatures to force a caucus.

Cleveland and Campbell.
CINCINNATI, Feb. 19.—A special from Hamilton, Ohio, says that ex-Governor Campbell will meet ex-President Cleveland at the Russell house in Detroit next Tuesday and confer with him. The purpose of the conference on the part of ex-Governor Campbell is to assure the president of a solid delegation for him in Ohio at the coming national Democratic convention.

Border Troubles.
WASHINGTON, Feb. 19.—Gen. Schofield is in receipt of a dispatch from Gen. Stanley, commanding the department of Texas, giving the names of certain wealthy Mexicans now residents in Texas who are known to have contributed money to the cause of Garza, the fugitive revolutionary, and to have sympathized with and aided him in various ways. It is also represented that most of the Mexican residents of Texas are secretly if not openly in accord with the movement.

National Finances.
WASHINGTON, Feb. 19.—Secretary Foster said yesterday that there was nothing in the financial condition of the treasury to cause the least uneasiness, and that it was silly to suppose that he contemplated the use of the \$100,000,000 gold reserve to meet the current obligations of the government. He said also that while the present net cash balance of \$27,000,000 consisted almost entirely of subsidiary gold and money on deposit with national banks, it did not include the national bank redemption fund of \$5,500,000 and disbursing officers balances, amounting to \$25,000,000, both of which sums are subject to action of the department, and should not be regarded as liabilities.

"German Syrup"

For Throat and Lungs

Hemorrhage "I have been ill for
Five Years. "have had the best
"medical advice,
"and took the first
"dose in some doubt. This result
"was no further hemorrhage till next
"day, when I had a slight attack
"which stopped almost immediately.
"By the third day all trace of
"blood had disappeared and I had
"recovered much strength. The
"fourth day I sat up in bed and ate
"my dinner, the first solid food for
"two months. Since that time I
"have gradually gotten better and
"am now able to move about the
"house. My death was daily expected
"and my recovery has been
"a great surprise to my friends and
"the doctor. There can be no doubt
"about the effect of German Syrup,
"as I had an attack just previous to
"its use. The only relief was after
"the first dose." J. R. LOUGHRAN,
Adelaide, Australia.

Reciprocity and Mexico.
CITY OF MEXICO, Feb. 19.—One of the most prominent persons in Mexico said recently that reciprocity with the United States was improbable. When asked the reason for this belief, he replied that the negotiations had been suspended since the end of December on account of difficulties in regard to the question of cereals.

The Co-Operative Plan.
ST. LOUIS, Feb. 19.—A telegram from Knoxville, Tenn., says: The mines of the Tennessee Mining company at Briceville will be worked hereafter on the co-operative plan. The miners are allowed to take stock and have already taken \$10,000. A subscriber is allowed twenty months in which to pay for \$100 in stock. The company will build residences and allow the miners to buy them on liberal terms.

The Aransas Pass Harbor.
ARANSAS HARBOR, TEXAS, Feb. 19.—The last dollar of the subsidy required for the improvement of Aransas Pass has been raised. A deed of trust and bonds with approval security have been executed for the \$500,000 originally asked and nearly \$300,000 more are subscribed in Aransas and San Patricio counties and San Antonio.

Booming Creede.
CREEDE, COLO., Feb. 19.—The boom continues and it gets bigger and apparently on more substantial ground every day. Day and night the work of opening claims goes on. Merchants are having enormous trade in all lines. Lodging houses and restaurants are no longer opened up than they are crowded with patrons. Lumber companies cannot get lumber fast enough, and although nearly a dozen are in the field and getting immense quantities every day, they are unable to fully supply the demand.

The railroad company finds it impossible to do the business. They are bringing in from forty to fifty carloads of freight a day, but every side track and siding in the town is full of cars loaded for Creede, and there were 135 in the yards at Aransas yesterday waiting to be forwarded up. The lack of side track and other inability of the train and station crews to handle the immense quantity that the camp demands is felt in all lines of trade. The camp is out of coal, oil and some other staples, and the local merchants all have big bills held back in the freight blockade.

CONGRESSIONAL.

Washington, Feb. 19.—In the senate Mr. Sherman, from the committee on foreign relations, reported back favorably the joint resolution introduced by Mr. Perkins requesting the president to return to the republic of Mexico twenty-one battle flags now in the possession of the United States military academy, which were captured by the army of the United States during the late war with Mexico. It was passed. Mr. Sherman also reported back favorably the resolution offered by Mr. Quay requesting the committee on foreign relations to inquire as to the practicability of the acquisition of certain portions of the republic of Mexico, and it was indefinitely postponed.

Appropriating \$100,000 for a public building at Boise, Idaho, re-committed; increasing the limit of cost for a public building at St. Paul, Minn., to \$1,400,000, passed. For a public building at Helena, Mont., re-committed; increasing to \$800,000 the appropriation for public building at Omaha, passed.

HOPE.
The president's message relative to the Choctaw and Chickasaw claim was laid before the house.

On motion of Mr. Holman, Indiana, the message was ordered printed and laid on the table for the present.

Mr. O'Neill, Pennsylvania, presented a protest of the Philadelphia Board of Trade against the free coinage bill. Referred.

The house then went into committee of the whole, Mr. Eymann, Indiana, in the chair on the Indiana appropriation bill.

Under the cover of a general debate on the Indian appropriation bill, Mr. Bland, Missouri, denounced strongly the course of Mr. Hartar in sending a courier to the G. A. R. posts advising pensioners to use their influence against the free silver coinage bill.

Mr. Hartar admitted the authorship of the letter, and asserted that the passage of the silver bill by a Democratic house would re-elect President Harrison and would cost the pensioner the loss of 33 cents on every \$1 they received.

Disturbances.
imitations, and counterfeiters of Dr. Pierce's medicines, though sold at lower prices than the genuine medicines, are dear at any price. Beware of them. Old bottles are refilled, new ones tampered with, all sorts of substitutes offered at "cut prices," by unscrupulous dealers, who are not authorized to sell Dr. Pierce's genuine medicines. Don't be deceived by them.

These genuine, world-famed remedies are now sold only through druggists, regularly authorized as agents, and under a positive guarantee of benefit or cure, or money refunded. The makers take all the risk. Practically, they sell them to you on trial. On these liberal terms, the genuine guaranteed medicines can be sold only at these long-established prices:

Dr. Pierce's Favorite Prescription (the remedy for women's weaknesses and ailments), \$1. per bottle.
Dr. Pierce's Favorite Pills (the original and best Liver Pills), 25c. per vial.
But, sold in this way at these prices, they're the cheapest medicines that you can buy, for you pay only for the good you get.

TERRITORIAL TIPS.

The Socorro Gun Club opens a three days' shoot today.

Sensational news item in the Las Vegas Optic: "New shirt drummer in town."

The receipts of Mexican ore at Deming one day last week, were 62,000 pounds.

Thus far there is not much loss of stock on the ranges. Stockmen from many ranches say that cattle are looking better than they were last fall.

Socorro note: Quite a number of the stockmen of this county have sold cattle to be delivered after the grass starts. Most of them will go to Montana.

A tramp by the name of Scott, who tried to jump a train at Wagon Mound yesterday, lost a leg of his foot and was taken to Santa Fe.—Albuquerque Citizen.

"Silencio" has about gone to the eternal demitition bow-wow and this highly painted stock is going at begging.—Albuquerque Democrat. Another bonanza "busted," eh?

Things are really looking up at Las Vegas. Juan Baca, in the height of his hilarity, forgot the common rights of humanity and abused his wife. Judge P. J. Barri sentenced him to thirty days in jail.

J. D. W. Vester left Las Vegas for Washington, D. C., to be present at the signing of the grant case before Secretary Noble on the 26th. He will also visit his old home at Schenectady, N. Y.

At Las Vegas yesterday morning the office of the A. T. & S. F. fuel department was burned. The building was destroyed, but Geo. W. Bell, fuel contractor, succeeded in saving all the books and records.

Grant county note: More rain has fallen this month in this county, than has fallen during the month of February in any year since 1883, when February was an exceptionally wet month. The rainy season is rather late getting around, but will bring early grass.

W. B. Slaughter purchased a carload of wire from Bartlett & Tyler last week to use in fencing in a pasture of twenty square miles, at his ranch. He will ship several thousand head of cattle to Texas this season, where he has engaged a pasture, and will also ship several thousand head to Montana.—Mine and Lariat.

The Anson S. Smelter, at Ansonia, is now in full blast, and M. W. Neff, who is largely interested in the mine and smelter, expects to have \$10,000 worth of copper bullion ready for shipment in a few weeks. The mine looks better now than ever before and the output for this year promises to be much larger than ever before.—Sentinel.

C. O. Hoffman, who pitched for the strong Santa Fe baseball club in 1887, but who has been playing in several state and inter-state leagues since that time, dropped in to see the base ball heavy weight on the Citizen last night. Hoffman is a native of Santa Fe, and a native of the Santa Fe National bank, which was in litigation.—Sentinel.

A settlement was made of all the litigation between W. A. Leonard, receiver of the estate of Meredith & Allman against John Brockman. The settlement was made out of the court by the parties and attorneys, and was approved by the court. By the terms of the settlement Brockman is to pay to the receiver \$9,000. Brockman gets the interest in the Crawford building, the Bristol property and \$800,000 in stock in the Silver City National bank, which was in litigation.—Sentinel.

SANTA FE'S MINES.

Coal shipments from Cerrillos at present run from ten to seventeen cars daily.

F. H. Strong of the Dolores mill has gone to St. Louis with the returns from his first mill run on Cunningham ore.

Within a radius of ten miles of Dolores there is coal, iron, gold, silver, lead, zinc and copper, and all in paying quantities.

Flavel Simonson has again gone to Milwaukee on business connected with the Cerrillos smelter soon to be established.

There are millions of tons of low grade ore, say from \$2.50 to \$5.00 per ton of free milling gold ore, in sight between San Pedro and Cerrillos.

At San Pedro now the smelter company employs from 100 to 150 men, and is shipping copper east daily which is hauled by teams to Cerrillos.

A. W. Kellogg, a Colorado expert who is now at San Pedro sizes up the situation in south Santa Fe county by saying: "If the camps of San Pedro and Dolores could be moved across the line into Colorado they would soon be known as 'Holy Ranges.'"

Everybody in from San Pedro tells the same story. The camp was never so prosperous and so much work going on among the mines as now. Everybody who has claims are working them for all they are worth, and the coming among them of old experienced Colorado miners, has inspired the "hangers on" with renewed activity.

The Denver News contained a malicious article the other day, saying the Lincoln-Lucky mine had retired. Nothing could be farther from the truth. Hon. A. L. Townsend and Sam Newhouse, of Denver, have bought the property in connection with G. W. Middleton. Mr. Newhouse says: "We have ordered a large plant of machinery and as soon as it is placed in position shipments of 80 to 100 tons per day will be made." A Denver paper says: "Since January 8 the superintendent of the Lincoln-Lucky has shipped forty broad gauge cars of ore that will average \$40 a ton, and the smelter

checks have pleased the stockholders so highly that they want to buy up all contiguous land, as they are convinced that they have the main lead of the Lincoln-Lucky and can produce ten times the amount of ore by increasing their holdings."

The Show.
Notwithstanding the chill weather last night Trevino's Mexican show was well filled with a refined and well pleased audience. The show is really a good one, far above the average of tented exhibitions.

Sig. Trevino and his 6 year old daughter are marvelous themselves, and for a child of her age she is a wonder. Sanchez and Lazano are wonderful aerial performers, worth seeing. No doubt Sig. Trevino has spared no pains or expense to secure the best talent in Mexico, as his show last night fully demonstrated the fact, and is fully worth the price of admission, and no doubt they will have a full house to-night.

Notice.
TERRITORY OF NEW MEXICO,
County of Santa Fe.
Santa Fe, N. M., Feb. 5, 1892.

To all whom it may concern: Be it known that in the matter of the estate of the late Sanderson Henry Sanderson, deceased, the honorable court of probate has fixed the 7th day of March, 1892, at 10 a. m. of said day, for the approval of the last will and testament of said deceased, on that day and at that hour all persons who may wish to present objections to the approval of said will must then and there appear.

By order of the probate court.
LUCAS LOPEZ,
Clerk of the Probate Court.

Take Simmons Liver Regulator in youth and you will enjoy a green old age.

Now is the Time—and Wagner is in it.

All home-made coffin go at \$5. Old prices on burial goods have been cut in two, and we have the largest and most complete stock in the city. We are the only practical embalmers in Santa Fe. Call and inspect our stock; we can't be beat on prices.

FRIDAY, FEBRUARY 19.

ARBOR DAY CALL.

Proclamation by the Governor—A Big Holiday Coming for the School Children.

The second Friday in March, which this year falls on the 11th proximo, is to be a big holiday for the 30,000 children attending the various schools in New Mexico. It is Arbor Day, the celebration of which is commended by law to the kindest consideration of all public school officials; it is hoped that teacher and pupil in all the schools will celebrate this occasion with an enthusiasm commensurate with its beauty and importance. Here is the governor's proclamation on the subject:

Whereas, The legislature, by the enactment of Chapter XXXV of the laws of 1901, set apart the second Friday in March of each year to be observed as Arbor Day and directed the governor to call the attention of the people thereto by proclamation; now therefore I, L. Bradford Prince, governor of New Mexico, do proclaim that Friday, March 11, 1902 is to be celebrated as Arbor Day in this territory, to be observed by the planting of trees for the benefit and adornment of public and private grounds and places, and in such other efforts and undertakings as shall be in harmony with the general character of the day so established.

The day as above designated shall be a holiday in all public schools of the territory, and school officers and teachers are required to have the schools under their respective charge observe the day by the planting of trees or other appropriate exercises.

Provided, that in counties so situated that the day herein designated is not suitable on account of local climate conditions the public school observance may be held on such other day as is fixed by the county superintendent of schools.

I desire to repeat the recommendation made in former Arbor Day proclamations, that trees be planted along the borders of all the acequias throughout the territory. The trouble and expense attending such planting is very small, and the ultimate advantage, both in beauty and utility, will be very great. Long lines of beautiful trees will embellish our valleys, and grateful shade will be afforded for both man and beast.

Witness my hand and the great seal of the territory of New Mexico, at Santa Fe, the capital, this 18th day of February 1902.

L. BRADFORD PRINCE,
Governor of New Mexico.

By the governor:
B. M. THOMAS,
Secretary of New Mexico.

No Other Sarsaparilla has the merit by which Hood's Sarsaparilla has won such a firm hold upon the confidence of the people.

No Other combines the economy and strength which make "100 Doses One Dollar" true only of Hood's Sarsaparilla.

No Other possesses the Combination, Proportion and Process which make Hood's Sarsaparilla peculiar to itself.

Hood's Pills cure sick headache.

Death at Bernalillo.

Rev. S. Parisi, the parish priest at Bernalillo, widely known throughout New Mexico, died there to-day. He was a native of France, 48 years of age, and had been a resident of this territory for twenty years.

The funeral will take place to-morrow, when Archbishop Salpointe and clergymen representing many of the parishes will be in attendance.

Give your pet dogs or cats Simmons Liver Regulator when sick—it will cure them.

ROUND ABOUT TOWN.

It seems likely that a boom in sidewalk walks will strike Santa Fe this spring. Don't stop it.

The new allotment of transportation animals to the various military posts allows twenty mules at Fort Marcy.

Trevino's Mexican circus gave a good performance last night to a large crowd, and they are at it again this afternoon.

Spring advertisements are ripe. Help your town and local paper by doing the fair thing for yourself and your business.

Fruit shipments from Santa Fe to Creede camp are made frequently over the narrow gauge. This is a starter on what will soon be a lively traffic out of Santa Fe.

Speaking of sunshine, the official record shows the average in Santa Fe for ten years—just think of it, ten years—to be but four cloudy days in each month.

Here's a climatic world beater for you. Supt. Helm, of the narrow gauge, is informed that another train will be put on over the D. & R. G. between Denver and Creede camp next week. Mr. Helm is figuring for an extension of this improved service to Santa Fe and says the prospects for success are rosy.

E. T. Webber is feeling pretty good over news from Denver that \$2,000,000 of English money has been secured by the Denver & Apex railroad to begin building out of Denver to Lookout mountain.

A big resort company in which Mr. Webber is interested will make Lookout mountain the most picturesque summer resort in the Rockies.

Lieut. V. E. Stottler to-night takes up his long and journey to Stanford, Conn., accompanying the remains of his beloved wife. The body has been perfectly embalmed at A. T. Grigg's. Lieut. Stottler, and as far as the many rumors about respecting Indian troubles would be able to make the through trip with him.

There are over 1,500 children attending the schools of Santa Fe and if each of these plants a tree in observance of Arbor day, counting 100 trees to the acre, it would mean fifteen acres of trees. Suppose this plan prevailed for five years, that would come pretty near locating Santa Fe in the heart of a small forest. Let the school children have a chance this year.

Death of Fred Shaw.

Information from Toronto, Canada, announces the not unexpected intelligence that Fred C. Shaw, for years a resident of Santa Fe and Cerrillos, died there on the 15th inst. Deceased carried \$5,000 insurance in the Mutual Life, represented here by Paul Wunschmann & Co., and also carried two policies in the A. O. U. W.

OFFICIAL NEWS.

A Penitentiary Commissioner and District Attorney Named by the Governor—Gossip Notes.

The governor has just made two important appointments. One is of Thomas McQuiston as penitentiary commissioner in place of Hon. T. D. Burns, resigned. Mr. McQuiston is a resident of Rincón, Rio Arriba county, where he is the leading merchant and has an extensive orchard. He was strongly recommended by Mr. Burns as his successor, and has the confidence and respect of all the people in the upper Rio Grande valley. In the district composed of Lincoln, Chavez and Eddy counties, District Attorney Hawkins resigned, owing to the pressure of his private practice. There were several candidates for the position, but the claims of Lincoln county seemed indisputable, both because it is the mother county and has the bulk of the population, and also because the Pecos valley had the last district attorney. The Republicans of Lincoln, so far as heard from, all united in asking the appointment of George B. Barber, the oldest attorney there, he being endorsed by both members of the territorial committee, the chairman of the county committee, the editor of the Republican county paper; Mr. Barber has accordingly been appointed.

Governor Prince expects to leave for the Trans-Mississippi congress this evening in order to be at New Orleans at their opening on Tuesday morning. This bids fair to be a very important meeting, and it seemed necessary that the territory should be represented. It is understood that the governor proposes to bring up the matter of New Mexico statehood and have a resolution passed on the subject, as well as present the facts of the case as far as possible to the congress. The alien law, and limitation of ownership of domestic corporations will also receive attention, and the irrigation question will be discussed at length.

It is hinted as likely that Hon. Trinidad Alarid, of Santa Fe, formerly territorial auditor, will be appointed by the president to be the first national bank at Silver City. Under the law no stockholder, creditor or debtor of the bank, nor resident of the town wherein the bank is located, is qualified to act in the capacity of receiver.

Great news gathered, the Associated Press is, on Saturday the 13th inst. a few Indians on the Mesquero reservation got hold of liquor and engaged in a quarrel among themselves resulting in the death of four bucks. Last Monday the news was published all over the west but the Associated Press sent it out from Washington city yesterday as fresh news.

The governor has offered a reward of \$100 for the capture and conviction of Jose Reyes Anzures, a public Indian, indicted in Bernalillo county for the murder of Remigio Abeytia, also an Indian, in January, 1891.

U. S. patent for the land on which H. G. Whitcomb resides near Albuquerque (that includes the famous Whitcomb's summer resort in the Sandias) has arrived at the local land office.

New pensions have been granted the following residents of New Mexico: Anastacia Cordova, Juan Valencia, Miguel Sanchez, David Kinsey, David Long.

A notice from Commissioner Carter announces that the U. S. land office at Folsom will be closed on April 6 and opened at Clayton on April 14.

Spraying Orchards.

The county board of horticultural commissioners is striving to have every orchard in the county sprayed at last thrice this spring. Orchardists are showing a very generous disposition to do this, realizing that it will prove money in their own pockets. Some six or eight growers have written each through Mr. Rivenburg to secure the necessary spraying machines, it being thought that a very decided reduction in price can be had by thus joining in one order.

Painting the town red means headache in the morning. Simmons Liver Regulator prevents it.

One Wiggles, the Other is Silent.

The New Mexican's arrangement of the sensational Indian war correspondence from the "reliable" man on the Citizen, and the Democrat wiggles out of the serious charge in this manner:

"The New Mexican is attempting to run down the romance that sent out the late ridiculous lies about a Navajo war. We cheerfully join in this chase."

The newspapers down the right to be sure they're right next time before they attempt another such petty meanness.

Toncho, the Payaso, is one of the best clown ever in Santa Fe; funny and original.

PERSONAL.

Geo. W. Neff, of Denver, representing the California Insurance company is in town.

O. W. Alexander, mining engineer, Cerrillos, is in the city, stopping at the Palace.

R. R. Foulks and A. P. Buck, sheep buyers from Kansas City, are at the Exchange.

H. B. Chase and wife and a party of Rochester, N. Y., tourists are visiting Santa Fe to-day.

Hon. H. L. Waldo and wife arrived from Kansas City last night, and are guests at the Palace.

Hon. Jose Pablo Gallegos, a well known and prominent citizen of Rio Arriba county, is in the city on business.

James Bowman, a prominent business man of Del Norte, Colo., is in the city. He expects his family to-night, and will remain here a month or more combining business with pleasure.

At the Exchange: James Bowman, Del Norte, Colo.; Sheriff J. A. Garcia, Conejos; Capt. Jose G. Gutierrez, Santa Cruz; R. R. Foulks, A. P. Buck, Kansas City; Elijo Lozano, Eduardo Sanchez, M. Reese, Trevino's circus.

At the Palace: J. W. Haskett, Kansas City; Edw. J. Becker, Kansas City; C. J. Gibson and wife, O. W. Alexander, Cerrillos; Geo. B. Everard, Madison; T. R. Condon, Trinidad; A. H. Bridgeman, Denver; J. H. Brink and wife, Silverton; Mr. and Mrs. H. B. Chase, Mr. F. G. Newell and wife, Wm. Eastwood, Rochester, N. Y.; Frank F. Chase, Lincoln, Kas.; Geo. W. Neff, San Francisco.

TEN THOUSAND STOLEN.

Navajo Depredations Among Cattle Men—A Startling Statement of Facts.

In compliance with the request of Lieut. R. E. Wallace, 2d cavalry, detailed from Fort Wingate to investigate the recent troubles between stock raisers and Navajo Indians in the vicinity of Coolidge, Chavez and Mitchell, the stock raisers held a meeting at Coolidge on Monday last and formulated a statement which will be forwarded to Washington through official channels. This statement is a voluminous one, giving in detail names, dates and figures showing what the stock raisers have suffered in the past few years as a result of the government's failure to prohibit the Navajos from roving far beyond the limits of their reservation. One paragraph reads:

"For the past four years the cattlemen of this section have been losing cattle, and it can safely be said that the losses at that time will exceed 10,000 head, which figures have been ascertained by actual count and tally of the cattle. These losses are the result of depredations committed by Navajo Indians who have been trading their sheep and horses and prostituting their women in order to get whisky, and they have now come to such a condition of poverty that they are obliged to steal and kill cattle to live."

The statement then sets forth that discouraged at the failure of all other efforts to remedy this matter, the stock raisers held a conference early this year with Chief Mariano, whom they believe to be trying to do what is right in the premises, and he said the depredations were committed by renegade Navajos, but that he earnestly desired to check them. He sent runners to the camps of the several roving bands and notified them to leave the range in the vicinity of Chavez and Mitchell stations, and he asked that the cattle men and him, by force, if necessary, to keep the Indians out of that region. It was in carrying out this agreement with Chief Mariano that the recent conflict arose between the stockmen and Navajos near Mitchell.

The statement then proceeds to give in full the testimony of a score or more of stockmen, of which the following is a sample:

William Crane has lived near Coolidge for twenty-seven years; owns horses and had cattle up to three years ago when he had to give up the business because of the depredations of the Navajos. He believes that he has lost 150 head of horses which have been stolen by Navajos, and knows that within the past four months they have stolen twenty head. He has often taken his horses from the Indians, and recently found many of the horses stolen from him in past years in the possession of the Navajos, and the brands had been obliterated.

The statement also names parties known to be in the habit of selling liquor to the Navajos.

The statement is certainly a very strong one, and the result of its transmission to Washington is awaited with interest.

Afternoon performance at Mexican show to-morrow afternoon at 2 o'clock. Let the children attend and have a good time.

Fine McBrayer whisky at Colorado saloon.

Furnished rooms by the day, week or month; brick house, clean beds, outfit place, at 25, 35 and 50 cents. Olinger block. Jasoline Widmaier, props.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder

ABSOLUTELY PURE

Advertising Santa Fe. The New Mexican's job presses are today turning out 10,000 folders for Messrs. Ramsey & Burnham, of the Palace hotel, which will be sent broadcast over the country to advertise this popular hotel and the varied attractions of Santa Fe for tourists and invalids.

The pamphlet details the many places of note to be visited hereabouts, presents a list of "what there is and what there is not at Santa Fe," contains data touching the climate, orchard and garden, and announces a new departure by the Palace hotel to the effect that special rates will be made to persons and parties stopping there by the week or month. The hotel is also prepared to furnish guides to sight seeing parties.

The distribution of this pamphlet by Messrs. Ramsey & Burnham is a timely stroke of enterprise that will undoubtedly prove remunerative for the hotel and of value to Santa Fe generally.

Don't sicken people with that breath of yours. Take Simmons Liver Regulator.

A City of Tents and Shanties. A Denver man writing Gen. Bartlett from Creede says the accommodations at that camp consist at present of tents and shanties filled with cots and used for lodging purposes, saloons, gambling rooms and lunch joints.

However, two hotels about the size of the Palace will be in full blast there in twenty days more.

Just the thing for Mirers and Campers.

The Next of all Heating Stoves! The Cheapest of all Heating Stoves! The Best of all Heating Stoves! The Most Economical Heating Stove ever invented and placed on the World's Market. We call your attention to our patent "Hager's King Heating Stove," made of the best Russia iron, and lined with charcoal iron. Ornamented and suitable for bed room or parlor. We do not hesitate to say it is the best, cheapest and safest quick heater ever offered. It is King Heater because it devours the whole wood pile, burning knots, chips, trash and anything that will go into the 15-inch opening at the top. It is King Heater because it will warm the whole room in five minutes. It is King Heater because no fire can fall from it. It is King Heater because the ashes do not need removing but once a month. It is King Heater because one or two knots or chips will run it twelve hours in cool weather. It is King Heater because the fire is everlasting.
