FRIGHTFUL HARVEST OF DEATH

Now Estimated That Five Hundred and Fifty Men Perished in Monongah Disaster in West Virginia.

SCORES OF MANGLED BODIES FOUND IN RUINS

Accident Declared Worst in Grim History of American Mining; Hope of Saving Entombed Men Abandoned.

(By Morning Journal Special Leased Wire.)
Monongah, W. Va., Dec. 7.—At 8 o'clock tonight a total of twenty-five bodies have been recovered from the mines of the Fairmont Coal company; scores of other victims were in sight of the rescuers, and it was estimated that at least one hundred dead would be brought to the surface before daylight tomorrow. Late today and tonight the deadly black dump became more pronounced as the further recesses of the mines were approached. It was stated tonight by General Manager Leo L. Malone that 478 miners were checked off as entering the mines yesterday morning.

This number, it was further stated, did not include fully one hundred trappers, mule drivers, pumpers and boys who are not under the check system. Should these figures be correct, the death list will be over 550 persons.

The condition of the bodies thus far recovered is horrible. Some are dismembered, some are fearfully crushed and the rest are blackened and burned beyond recognition. A score or more of men of the rescuing party are in a critical condition tonight from inhaling black damp. Several of them are expected to die.

Up to a late hour today many entombed bodies that some of the rescuers would be taken from the mines alive. As the bodies were recovered today, however, and brought to the surface, horribly mangled, all hope was dispelled and distressing scenes followed.

It is estimated that 250 families are destitute. In many places relief funds have already been started for the widows and children. The accident, the greatest in the history of American mining, has dashed the people. Tonight the streets of both this town and Fairmont are crowded with people, while thousands line the hills in the vicinity of the mines. Every barroom in Fairmont and Monongah is closed. Throughout the territory over sixty mines have suspended operations temporarily, and about 5,000 miners are visiting here and in Fairmont.

Twenty-nine bodies had been brought to the surface up to 12:30 o'clock this morning, and word comes from the rescuing party that many others are ready to be brought out.

RESCUERS PERISH FROM INHALING DEADLY G

(By Morning Journal Special Leased Wire.)
Pittsburgh, Dec. 7.—A special telegram from the Gasette-Times from Fairmont, W. Va., says:

"That at least ten members of the heroic band of rescuers will die of gas poisoning is admitted tonight by physicians who are attending them, as they are drawn out of the mines unconscious. Of the 300 or more widows of the victims, at least fifty are distraught, and a dozen temporarily insane. Many of them will die from the shock it proves."

BIG SHIPS GATHER AT RENDEZVOUS

Admiral Evans Assembling His Command For Long Voyage to San Francisco.

(By Morning Journal Special Leased Wire.)
Norfolk, Va., Dec. 7.—The Pacific bound Atlantic fleet under Rear Admiral Evans, is now rapidly assembling in Hampton Roads, whence the great fleet of sixteen battleships will start for the long voyage to San Francisco, following a review by President Roosevelt. The battleships Louisiana, New Jersey and Virginia were today joined by the battleships Georgia, from League Island navy yard, and the Illinois, from the Boston yard.

The Georgia today passed Cape Fear, inward bound, and was followed by the Illinois.

See a number of the battleships were expected to pass into the capes by tonight.

TEXAN ATTEMPTS TO KILL BROTHER'S FAMILY

Cleburn, Texas, Dec. 7.—Returning from services at church tonight, Rev. W. E. Mason, his wife and his mother, Mrs. W. E. Mason, an aged woman, were fired upon by his brother, Curly Mason, and all were wounded. Mrs. W. E. Mason's wound is supposed to be fatal. The man who did the shooting escaped.

CHICAGO CONVENTION REBELS HIS RESPECTS TO GOMPERS

JUNE 16 FIXED AS DATE OF BIG GATHERING

Representation of Territories Reduced From Six Delegates to Two in Convention Which Will Name Next President.

(By Morning Journal Special Leased Wire.)
Washington, Dec. 7.—Chicago, June 16. The former is the place and the latter the time, at which the republican convention for 1908 will be held. Both points were decided by the republican national committee in conference at the Shoreham hotel, in this city, today. Claims of Chicago, Kansas City and Denver for the convention location were all pointedly presented by advocates of the various places. The vote stood 31 for Chicago, 18 for Kansas City, and 4 for Denver, after which the Chicago choice was declared to be unanimous.

Regarding the method of selecting delegates the committee rejected by all the members of the convention and even the Kansas City and Denver boomers, of whom there were thirty or seventy, announced themselves as satisfied.

Kansas City declared through her delegation, however, that she would come back after it again in 1912 and would be sure to get it that time. The selection of a date was a compromise between the first of June and the last of June, all being satisfied on that point also.

William P. Stone, sergeant-at-arms, announced the appointment of Dave G. Owen, of Milwaukee, as chief assistant, sergeant-at-arms, and Leo G. Hitchinger, of East Orange, N. J., confidential clerk.

The formal call will be issued to the delegates to the method of selecting delegates the call provides that delegates from the state at large shall be elected at conventions called by the district committee of congressional districts; that congressional delegates and alternates shall be elected by district conventions called by the district committee of congressional districts; and that delegates, both state and district, and their alternates may be elected under the special laws of any state provided by the state committee of congressional districts.

TERRITORIES ALLOWED ONLY TWO DELEGATES
The call of 1905 gave six delegates to the republican convention to each territory including Alaska. The present call reduces the number in each case to two.

An official announcement of the roll call on the location was made and some special effort was necessary to prevent a secret ballot, as proposed by Senator Scott, of West Virginia. The senator advocating such a course, if he had not been so opposed by the delegates had given pledges to more than one city and if such was the case an open ballot would be embarrassing to Mr. Capers' address of the open ballot, saying that the national convention should set an example to the country in such matters and even much about the west and his position known. There were other brief speeches on both sides, but the open ballot ultimately prevailed.

The committee, however, voted down a proposition to give the vote to the public and the newspapers were forced to the necessity of getting unofficial figures from members.

The vote by states and territories, was as follows:

For Chicago—California, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Kentucky, Louisiana, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Rhode Island, South Carolina, Tennessee, Texas, Utah, Vermont, Virginia, Washington, Wisconsin, Alaska, District of Columbia.

For Kansas City—Alabama, Arkansas, Arizona, Colorado, Missouri, Montana, Nebraska, South Dakota, Arizona, New Mexico, Oklahoma, Indian Territory, Hawaii, Porto Rico, Philippine Islands, Wyoming.

MAY NOT APPLY TO NEW MEXICO AND ARIZONA
The announcement of the Associated Press dispatch last night dealing with the national convention of the republican party of 1908, was shown to a number of prominent politicians in Albuquerque, to whose attention was called that portion of the dispatch announcing that the representation from the territories had been reduced to two delegates from each territory.

"I am of the opinion," said one prominent republican, "that this reduction does not apply to New Mexico and Arizona, but is meant to refer merely to Alaska and the territories outside the United States which have heretofore been accorded two delegates each, and which have been seeking to have their representation increased. New Mexico and Arizona have been given six delegates each in national conventions for years past, and it seems improbable that this representation would be reduced at this time, when we are just on the eve of statehood. Further advice, I am sure, will show that this statement does not apply to this territory and Arizona."

General surprise was expressed by republicans at the success of Chicago in landing the convention. The west and particularly the southwest, has been enthusiastically for Kansas City, and the success of Chicago is something of a disappointment. It was the feeling in the southwest that good political management would point to Kansas City as the convention city, since Illinois is so solidly republican and it seems probable that this little political importance there. The persistent campaign of the Chicago people, however, appears to have been amply sufficient to carry the day.

NOT WORRYING ABOUT LABOR CHIEF'S HOSTILITY

Veteran Speaker Declares Larger Number of Workingmen Voted For Him Than Ever Before, Despite Union Opposition.

(By Morning Journal Special Leased Wire.)
Washington, Dec. 7.—Speaker Cannon today expressed his sentiments towards organized labor and its leader, Samuel Gompers, with respect to the latter's campaign for his, the speaker's, defeat, the occasion being a call on him by a committee from the local union of plate printers. The speaker for his legislative work in behalf of the plate workers was presented by the chairman of the delegation, Charles Smith. In reply, Speaker Cannon, after expressing his gratification at the confidence conveyed, entered into informal discussion of "one man political leaders" of organized labor. He said that while he bore no enmity to the president of the American Federation of Labor, he did not believe that union men, as a mass, would ever accept a dictatorship of their votes; that if he were a craft worker he would ally himself with a trade union, because unionism has been the vehicle of all progress toward better conditions for wage earners, and his fealty toward organized labor would not waver if he was afflicted with the disease of a dictator.

He presented a high compliment to the ability of Mr. Gompers as an organizer, and expressed himself as highly sensible to the work done by Mr. Gompers in behalf of the laborer, but he made it plain that he, for his party, would pursue his own ideas in legislative matters, irrespective of Mr. Gompers' opposition to some of them.

He said that he knew that in some things Mr. Gompers misrepresented the two million men composing the organization which he leads, and that he (the speaker) had proved by appealing to the people from Gompers' arraignment of him. He said that in his latest election there was a vast, to him a larger union labor vote than ever before in his political life and that he took this as a decisive verdict.

The chairman of the delegation remarked that nothing in the resolution of the visit could be construed as an act of disloyalty to the American Federation of Labor. Replying, Speaker Cannon said there could be no such misinterpretation of the motives he had thought of doing the federation president, but he felt the occasion for making his personal attitude clear.

MYSTERY IN DEATH OF BRAKEMAN
Santa Fe Officials at Work on Supposed Accident Resulting in Death Yesterday of John S. Scott.

(Special Dispatch to the Morning Journal.)
Las Vegas, Dec. 7.—Brakeman John S. Scott, who while riding in the cab of a Santa Fe engine near Chapelle, a week ago, died this morning from the effects of his injuries. The story told when Scott was brought here to the hospital was that he had hit his head against the wall of an iron bridge near Chapelle while the train was in motion, and that his skull had been almost completely crushed. Inspection of the bridge reveals the fact that the wall of the bridge is so far from the side of an engine cab when crossing that it would have been physically impossible for Scott to have leaned out far enough to be struck. It is feared that there was foul play and Santa Fe and other officers are making an investigation. An inquest is to be held. Eugene Scott, of Trinidad, a brother, is here pushing the investigation.

POSSIBLE CANDIDATES RESERVING QUARTERS
Chicago, Dec. 7.—Republican leaders have already begun to reserve headquarters for use during the national republican convention here next June. According to an announcement made tonight Speaker Joseph G. Cannon was the first to reserve a room in the city. Governor Hughes, of New York, Secretary Taft and Senator Foraker and Senator Knox have also asked for suites in the same hotel.

Numerous delegates have also reserved quarters.

SARATOGA THEATERS WILL CLOSE
Saratoga, N. Y., Dec. 7.—The local theater managers who had arranged benefit performances for tomorrow night, have cancelled them and announced that they would comply with the order of the chief of police to keep their houses closed on Sunday night.

COCTAIL INCIDENT SUBJECT OF DITTY

Nature Faking Stunt Brings Down the House At Banquet of Washington Newspaper Correspondents.

(By Morning Journal Special Leased Wire.)
Washington, Dec. 7.—The Gridiron club began tonight its winter season of fun making dinners by a lively entertainment of 300 men prominent in politics, diplomacy and business.

To begin with, when President Samuel Blythe lit up the huge electric gridiron in the spacious and sumptuously appointed banquet hall of the Willard hotel, the absence of the preliminary cocktail was emphasized. Vice President Fairbanks bore the brunt of this stunt, for in front of him stepped a gridironer, who sang a ditty about an Indiana dinner where cocktails were served with subsequent regrets. Mr. Fairbanks was then allowed a ration of buttermilk.

A class in nature-faking, through questions and answers, developed a logical connection between "cocktails" and "nature-faking." It is true that money talks, "the president must be the richest man in the world."

"John Barrett ain't broke," remarked one of the class. The story that George Washington threw a dollar across the Potomac and declared not to be a nature fake, because Secretary Cortelyou had thrown \$20,000,000 to Wall Street.

"Why are the ships going to the Pacific?" was answered in many ways, "because the ships are to be sent to the Pacific." "Why are the ships going to the Pacific?" was answered in many ways, "because the ships are to be sent to the Pacific."

The new state of Oklahoma made its appearance with democratic senators and representatives and an electoral vote for Bryan.

The menu souvenirs was a collection of clearing house certificates for the Gridiron club clearing house association.

SWEDES AWAIT DEATH OF ARCH
Passing of King Oscar Only Question of Hours

Heart Stimulants Injected At Frequent Intervals Serve to Stave Off Grim Reaper; No Hope Held Out.

(By Morning Journal Special Leased Wire.)
Stockholm, Dec. 8.—Although the theaters and other places of amusement were open as usual last evening, the crowd, numbering thousands, patiently waiting in a pouring rain in front of the palace, testified to the popular sympathy for the aged monarch, whose life is slowly ebbing.

Following the banquet the galleries were thrown open to the public, and about three hundred persons availed themselves of the opportunity to hear the speech of the evening. The enthusiastic reception was evidently noted with considerable feeling by the democratic leader, and he acknowledged the hearty greeting which followed in a feeling introductory to his speech. He said that the democratic party would enter into the next campaign with an army of volunteers and that these volunteers were fighting because their hearts were in the work, and that they would be more than a match for any troops that might be marshaled for the defense of the monopolies and special privileges.

Many references had been made during the evening to Mr. Bryan's candidacy for the democratic nomination and to those suggestions the speaker gave little encouragement, except to state that his position remained the same as indicated in the preliminary campaign. He reiterated that his position was unchanged and that his acceptance of the nomination would be forthcoming if he were satisfied the rank and file of the party wished him again to lead their forces.

The banquet was representative of the Omaha democracy. John H. Atwood, of Leavenworth, Kansas, acted as toastmaster. Among the other speakers were Mayor James C. Dahlman, of Omaha, and Colonel Roy C. Hoffman, of Oklahoma. The latter responded to the toast, "The Oklahoma Democracy."

HARRY ORCHARD IS TAKEN TO CALDWELL

Boise, Idaho, Dec. 7.—Harry Orchard was taken to Caldwell today by two penitentiary guards, and the case in which he is charged with the murder of ex-Governor Steiensenberg was called in the district court. Judge Wood presiding. On motion of his attorney the case was continued for the term and Orchard was returned to the penitentiary.

MOTHER AND WIDOW OF WAR SECRETARIES

Lingering Illness Commencing Last Summer Ends Career of Woman With Interesting History.

(By Morning Journal Special Leased Wire.)
Milbury, Mass., Dec. 8.—Death, which had been expected almost hourly for a week past, was announced this morning at 12:20 o'clock from the bedside of Mrs. Louisa M. Taft, mother of William H. Taft, secretary of war. Mrs. Taft was the widow of Antonius Taft, secretary of war and attorney general of the United States under President Grant, and later minister to Austria and Russia.

Mrs. Taft was attacked last July with acute indigestion and a gradual breakdown of her vigorous constitution soon followed. Secretary Taft, her son, had visited her on Independence day and left her apparently in normal health to go to his summer home in Canada, from where he was summoned on August 15 because of alarm at his mother's condition. He spent a day at her bedside and found her in a less dangerous condition than he had supposed. The imperative duties of his office called him to Washington, where plans of a tour of the world had so definitely been arranged that they could not be changed, and his mother was reported as rallying her strength, he proceeded to carry out his program.

Mrs. Taft resided in the old homestead, where she had lived as a girl, and which is now the home of her sister, Miss Della Torrey.

Mrs. Taft was born in Boston September 11, 1827, the daughter of Samuel Haven Torrey.

Mrs. Taft is survived by four children, of whom Secretary Taft is the eldest. The two other sons are Henry W. Taft, of the New York law firm of Strong & Cadwallader, and Horace D. Taft, founder and head of the Taft School for Boys at Watkinson, Conn.

The daughter, Fanny L., is the wife of Dr. William A. Edwards, of Los Angeles. Besides Miss Torrey, the only other relative is her stepson, Arthur Charles P. Taft, editor of the Cincinnati Times-Star.

WHITE HOUSE OR NOTHING FOR GOVERNOR HUGHES

New York, Dec. 7.—State Senator Alvin J. Pate, one of the friends of Governor Hughes' personal friends, said today that the governor would not accept a renomination. He said that if the governor continued in public life after the end of next year it would be because the republicans elected him president of the United States.

Omaha, Nebraska, Dec. 7.—Bryan was the chief guest at a dollar dinner given at the Auditorium tonight by the Dahlgren Democratic club, at which about 1,200 persons were present. Following the banquet the galleries were thrown open to the public, and about three hundred persons availed themselves of the opportunity to hear the speech of the evening. The enthusiastic reception was evidently noted with considerable feeling by the democratic leader, and he acknowledged the hearty greeting which followed in a feeling introductory to his speech. BLUE LAWS IN FULL FORCE IN KANSAS CITY

Theatrical People Indicted by Hundreds for Taking Part in Sunday Shows.

(By Morning Journal Special Leased Wire.)
Kansas City, Dec. 7.—Draconic measures were taken here today to enforce the Sunday closing law as a result of the recent campaign begun by Judge William H. Wallace, of the criminal court. The county grand jury indicted 228 traveling actors and actresses and employees of local theaters, charged with violating the Missouri law forbidding labor on Sunday. Of this number 141 were arraigned and gave bond for \$200 each, while the others evaded the officers and left the city without being apprehended.

THEATRICAL MANAGERS DECIDE TO OBEY LAW TO THE LETTER IN HOPE OF SECURING ITS EARLY REPEAL.

(By Morning Journal Special Leased Wire.)
New York, Dec. 7.—A "blue Sunday" is promised New York tomorrow. A literal enforcement of an old, but not seriously regarded, statute under a new interpretation, will deprive New York's millions of any form of public entertainment for twenty-four hours at least, and perhaps for many other Sunday observances. Orders for a strict enforcement of the law in regard to the closing of places of amusement on the Sabbath were issued today by Police Commissioner Bingham.

Commissioner Bingham's orders to the police call for a rigid enforcement of the law and clamps the cover of strict suppression on all forms of amusement from vaudeville to the symphony concert. The orders of the Y. M. C. A. The commissioner informed the inspectors that the Sunday closing law covers everything from the symphony concert to the open camp. The statement of Commissioner Bingham is direct and unequivocal and throws down a gauntlet to the Western Federation of Miners. Officers of the association in New York City are expected to be ordered to say if any steps have been taken toward importation of night union miners in sufficient numbers to replace the miners, who are now idle and rapidly filling warehouses, but stated that many telegrams are being received hourly from men and that within twenty-four hours the mines could be opened with the same number as were formerly at work in them. One concern in San Francisco is said to have ordered one thousand men on one hour's notice. The officers say, however, that in their belief, there are enough men in the camps who will leave the work in the mines at present to operate the pumps and keep them clear of water. Cave-ins are constantly taking place and other damage is being wrought by reason of the activity.

NO EXCITEMENT ATTENDS ARRIVAL OF TROOPS
Goldfield, Nev., Dec. 7.—No unusual excitement was caused by the arrival of the first detachment of troops and the crowds that gathered at the depot quickly dispersed after the troops had marched to the station in the northeast part of the city, where they have gone into temporary encampment. Tonight Goldfield is quiet and there are no indications of impending trouble. In the command of Colonel Reynolds are 283 men exclusive of officers. From San Francisco came companies A, B, D, E and M, of the Twenty-second Infantry. At 10 o'clock tonight a special train arrived from Monterey, Cal., with many of Companies C, F, G, H and I, of the Twenty-second Infantry.

With the two detachments are Captain Richardson, adjutant; Captain Wolfe, quartermaster; Captains Wessel and Stewart and Major Fredericks and Krupp. Captain William Cox, a member of Governor Sparks' staff and the personal representative of the governor, is in Goldfield tonight. In conference with Colonel Reynolds, he stated that Governor Sparks' action in requesting that troops be sent to Goldfield was merely a precautionary measure, based on based on any overt acts of the union men. He refused to say tonight whether Colonel Reynolds would be asked by the governor to station men at or near the mines in case the owners decide to make an effort to start up the mines with non union men. Colonel Reynolds refused to say whether he would take such action.

Officers of the local union, and the Western Federation of Miners, stated to the Associated Press representative tonight that the only grievance of the union miners is over the matter of accepting a special issue by John S. Cook and company, the only banking concern now doing business in Goldfield, which, they say, the mine owners intend to guarantee personally. There are about 1,500 W. F. M. Federation miners out in the entire camp, "The Nevada Workmen." A statement of the mine workers in Goldfield issued tonight, contains a statement by Charles K. McKinnon, president of the Goldfield miners' union, in which he says:

"There is no sane man in the district who will say that there was any need for the federal troops in Goldfield."

The paper says solemnly: "It is evident that the Mine Owners' association intends to re-enact the tragic scenes of Colorado. The coming of the troops means nothing short of that. Violence and disorder will ensue upon the arrival of the troops, and it is apparent that the gloomy history of Colorado is to be re-lived."

A statement to the public issued tonight by the Goldfield Mine Operators' association states in the beginning that "repeated outrages against individual rights and bankruptcy of the camp of men desirous of investing in the mines, open looting of every mine carrying high grade ore and deaths of violence have become so unbearable that the owners must either close the mines, hand them over to the union, or make a desperate effort to gain the right to work them as we please."

"We have chosen the latter alternative, and propose to make one final struggle for the right to manage our own property."

The paragraph concludes: "Individual miners and citizens who have incurred the animosity of the union have been beaten up at night by the score and compelled to leave the camp. Citizens of the camp and merchants who have dared to protest"

again or even disprove these charges, have been threatened, boycotted and even murdered," continues the statement. Specific instances of outrages of this nature alleged to have been committed by the union miners are detailed.

The union has encouraged, protected its members in the crime of stealing ore, from the mines of the district. The union has prevented every effort to stop these practices and in every way encouraged the ore stealing.

The statement concludes as follows: "The mine owners have notified the Goldfield miners union that all contracts, agreements and understandings heretofore existing are at an end. We propose to adopt fair and reasonable rules for the operation of our property and employ men irrespective of whether they belong to the union. We believe enough courageous and fair-minded miners in Goldfield who are weary of the tyranny of the union and who know that they will receive ample protection, will come forward and work the mines. If there are any who will be given the preference. But if there are not, we will be compelled to secure them from other sources."

The troops are temporarily accompanied about a mile from the business center of Goldfield. The troops are being picketed and all those without business are being prevented from approaching near. The men have only the regular military equipment. Tomorrow the detachments will be divided and several camps in different parts of the city and near the mines will be made. The weather is clear and cold but the men are experiencing little discomfort.

Rumors are here tonight that attempts were made to derail at Goldfield the train carrying the troops from San Francisco. The rumor is partially confirmed by General Mendenhall, who is in command of the troops at Goldfield. He stated that an employee of the road made a verbal report to him this afternoon saying that dynamite had been found on the tracks at a point about a mile and a half from the Goldfield depot. The dynamite, according to the report made, was found last night several hours before the train bearing Colonel Reynolds and his command from Fort McDowell arrived here. Colonel Reynolds said tonight that he had heard nothing of the rumor.

FEDERATION WILL SEEK REDRESS FROM CONGRESS

Denver, Colo., Dec. 7.—A formal question of the executive committee of the Federation of Miners in this district today it was agreed to levy an assessment on all members of the district to be sent upon members of the executive committee of the Federation to be held this afternoon.

W. E. Forbes, a congressional investigator, stated that the action of the Federation was a serious one. He stated that the Federation was a serious one. He stated that the Federation was a serious one.

Elaborate plans for the president in relief of the troops to Goldfield were given tonight. The plan was to have the troops moved to the Goldfield depot.

GERMAN ROYAL HOUSEHOLD DIVIDED

RUMORS OF SERIOUS FAMILY DIFFERENCES

Failure of Kaiserin to Accompany Wilhelm to England is Taken to Indicate Coldness Between Couple.

(By Robert Broderick.)
London, Dec. 7.—Kaiser Wilhelm was much benefited from his "rest cure" at High Cliffs Castle, a charming house among the pine woods in the Hampshire cliffs, which was shared at his disposal by the present tenant, Sir Alfred Cooper.

The house, which is very handsome and full of art treasures, is close to the winter health resort, Bournemouth, and also within a short motor drive of Portsmouth.

As an English admiral, the Kaiser is entitled to see everything at Portsmouth. There are rumors that he has been seen at the harbor.

Another account is based on the diagnosis of a famous German doctor, who considers that the emperor is in a condition of extreme nervous tension, resulting in an extraordinary fertility of ideas, but provoking an incapacity to concentrate on any given subject for any considerable length of time.

That, however, seems to be more a matter of temperament than of specific disease. His majesty's appearance when he came to London gave the impression that he had aged very much, his skin having hardened and become lined, and his bearing having acquired a stooping tendency which was noticeable whenever he happened to forget that he was in military uniform. An observer remarked that the "light had literally gone out of his countenance."

Whatever his malady is, the Kaiser does not allow it to interfere with either his business or his pleasure at High Cliffs Castle. He received an immense correspondence in letters and telegrams, which kept him and his secretaries busy every morning.

The afternoon he usually spends in rapid automobile trips through the New Forest and the beautiful south coast scenery.

The latest version of the Kaiser's alleged ailment is the following: Her ex-wife, the Kaiserin, who was a child of a poor family, was a child of a poor family, was a child of a poor family.

er's face took on as if it were a lamp. The evolution of the "poker" face, certainly, seems to be leading in the direction of grandmother's quaint headgear.

Twentieth century women are alarmed at the prospect of having to wear the antique bonnet of their grandmothers. It is considered an utterly unsuitable for the modern woman, who is energetic, independent and with the poker bonnet would feel like a horse in blinkers.

The modern woman wants a clear view all around, just like a man, not like the timid, clinging creature of sixty years ago, who looked upon the world with a limited view from the depths of the "poker bonnet."

That brims and studious habits are not appreciated in an office of the king's guards has been shown once more in the case of Lieutenant H. C. Woods, of the Grenadier guards, who obtained a military court of inquiry into his grievances against superior officers and brother lieutenants.

Lieutenant Woods, the son of a wealthy man, was ambitious to qualify for the military department of the army, and studied hard at eastern languages, military history and other abstruse subjects. He made himself useful to the war office, especially in his work of assisting the late Colonel Henderson with his official "History of the war in South Africa."

Meanwhile Woods was making himself unpopular with his brother officers, who resented his making himself useful to the war office, especially in his work of assisting the late Colonel Henderson with his official "History of the war in South Africa."

One of his most serious offenses was not going out with the regimental "drag." The lieutenant also allowed his studies to interfere with his military duties. His slackness in this regard was the subject of adverse reports from his superior officers, who formed the opinion that he could not control men and was not likely to be a good regimental officer.

He was privately advised that he would do better in some other profession. Woods resented these aspersions on his ability as a soldier, and in consequence he was forced to submit to the advice of his physicians, and the entreaties of his family and go away from the raw and damp climate of Berlin, even if he thereby reveals the truth of his condition to the world.

Persons close to the court say that while the Kaiser is in no danger, the threat disease from which he is suffering has been forced to submit to the advice of his physicians, and the entreaties of his family and go away from the raw and damp climate of Berlin, even if he thereby reveals the truth of his condition to the world.

KAISER TO SPEND VACATION IN SOUTH

EMPEROR DECLARED A VERY SICK MAN

Obliged to Submit to Long Stay in Milder Climate in Hope of Relief From Chronic Throat Trouble.

(By Walter Dunkirk.)
Berlin, Dec. 7.—What I foretold three weeks ago is coming true. The Kaiser is going to Capri and will spend a long time in the idyllic castle of Capri, which he bought from the emperor of Austria. When I first predicted this it was denied by the German government and that the Kaiser's poor health was an invention of sensational newspaper correspondents, he was simply going to pay King Edward and Queen Wilhelmina of Holland a visit, which could not be postponed any longer and under no circumstances would he go to the Mediterranean.

Now that everyone knows that he must go to a milder climate, the same official press insists that the Mediterranean trip was planned long ago and that the Kaiser simply wants to see the family he bought. His health, of course, has nothing to do with it.

The truth is that the Kaiser is a very sick man, who, in spite of his indomitable willpower and innate obstinacy, has been forced to submit to the advice of his physicians, and the entreaties of his family and go away from the raw and damp climate of Berlin, even if he thereby reveals the truth of his condition to the world.

NIGHT RAIDERS INVADE TOWN IN KENTUCKY

PROPERTY VALUED AT
\$200,000 DESTROYED

Outrage at Hopkinsville Culmination of Disorders Growing Out of War Between Tobacco Growers and Buyers.

[By Morning Journal Special Licensed Wire.] Hopkinsville, Ky., Dec. 7.—Five hundred "night raiders," masked and heavily armed, marched into Hopkinsville at an early hour today and destroyed property valued at more than \$200,000, while citizens in terror, feared to open the windows of their homes.

The police, fire, telegraph and telephone offices were in the possession of the mob and all were shooting right and left.

Flames from the burning buildings lighted up the city and the surrounding country.

Lindsay Mitchell, a tobacco buyer, was severely beaten and a brakeman, while trying to take a train from the path of the flames, was shot in the back.

The raid of the "night raiders" this morning caught the city unawares, as for some time a depredation resulting from the tobacco war had been of a minor nature, and it was generally thought that in the "dark district" at least the worst was over.

The property destroyed was as follows: W. H. Tandy, independent tobacco warehouse, building owned by John C. Latham.

H. M. Woodbridge, association warehouse.

Tandy and Fairleigh, warehouse, in addition, the entire glass front of the Hopkinsville Kentucky, Mayor Meacham's paper, which has condemned the raids of the "night raiders," was destroyed, while windows in the front of the Commercial Banking and Savings company, the First National, the Planters' Trust company, and the Bank of Hopkinsville, were punctured with bullet holes.

A number of other business houses and residences bear the marks of the "night raiders' bullets, and it was considered remarkable that no one was killed. The insurance is believed to be about \$70,000.

At the intersection of citizens, who were being guarded on a street corner, the invaders allowed the fire department to leave the building to save property adjacent to the burning buildings.

The girls in the telephone office were forced by fifteen men to leave their switchboards until the mob was ready to leave town.

As soon as the "night raiders" left the town a posse of about fifteen men headed by Major Bassett, of the local militia, and Deputy Sheriff Cravens, entered bugles and followed the trail.

As soon as the posse could get near enough they opened fire on the fleeing mob and the pursued returned the shots. It is not believed any of the "night raiders" were hit. Members of the posse captured the "night raiders" and after chasing the marauders past Gracey, the officials returned home.

HIGH OFFICIALS OF SANTA FE VISIT LOCAL SHOPS

Superintendent of Transportation Kouns and Party in Conference—President Ripley Comes December 20.

Superintendent of Transportation C. W. Kouns, assistant to Second Vice President J. E. Kendrick, of the Santa Fe, J. E. Baxter, assistant general auditor of the Santa Fe system, and H. W. Jacobs, assistant superintendent of the mechanical department of the Santa Fe system, headed a party of officials who arrived in Albuquerque yesterday morning on No. 2. Among the other officials with the party were S. L. Bean, mechanical superintendent of the coast line, L. L. Hibbard, general superintendent, L. J. Healey, auditor for the coast line, and E. J. Gibson, superintendent of the Albuquerque division.

E. J. Engle and W. G. Drummond, of the Chicago office, accompanied the party, which were shown over the shops and the yards by J. F. Whiteford, general roundhouse inspector for the Santa Fe system, and Frank L. Myers, superintendent of the Rio Grande division, who arrived here from San Marcial to confer with the visitors.

None of the officials would talk about the reported retrenchment policy which the Santa Fe and other railroads will inaugurate the first of the year. All that Mr. Kouns would say was that they were on an inspection and pleasure trip.

President E. P. Ripley, of the Santa Fe system, is expected to arrive in Albuquerque accompanied by a party of subordinate officials, about December 20.

SALOME MONTOYA ACQUITTED OF LARCENY

Found Not Guilty of Swiping \$37 From Fellow Herder. Criminal Cases to Be Finished Monday—Court Notes.

Salome Montoya, a sheep herder, living near this city, after a trial in the district court yesterday on the charge of larceny from the person, was found not guilty by the jury, which returned its verdict in comparatively quick time, after being instructed by Judge Ira A. Abbott.

Estevan Tael, another sheep herder, was the complaining witness. He asserted that he came to Albuquerque October 23, this year, got drunk in a local saloon, and that when he was sober again he missed \$37 which he had on his person. He accused Montoya of the theft, which resulted in Montoya's arrest and indictment. Julius Staab represented the territory. Effego Baca and Manuel Vigil were attorneys for Montoya.

To Finish the Criminal Cases. Tomorrow the remaining criminal cases on the docket of the district court will be tried.

Suit for Divorce.

Cruelty, indignities, non support, habitual drunkenness and several other charges are the grounds upon which Tilly May Armistage seeks to be divorced from Edwin Percy Armistage. Rock and Owen, attorneys for the plaintiff, filed the above suit in the district court yesterday. The couple were married in St. Joseph, Mo., in 1905, and one child, now deceased, was born to them.

DANGEROUS FIRE IN SAN PEDRO MINING CAMP

Saloon Proprietor Narrowly Escapes Death in Flaming Structure.

[Special Correspondence Morning Journal.] San Pedro, N. M., Dec. 7.—Fire of unknown origin early today destroyed the restaurant and saloon of L. G. Stewart, and for a time threatened to set fire to a row of buildings in the business part of the town. The building and contents were completely destroyed.

Mr. Stewart and Robert Martin, a friend, had a narrow escape from being caught in the burning building and burned to death. They were sleeping in a room back of the saloon, and at 3 o'clock they were awakened by smoke, which had filled both rooms. Springing from bed they quickly made a break through the flames for safety. Their hands and faces were slightly burned.

The loss to the building and contents is estimated at \$2,500.

A Terrible Loss.

A doctor acting as locum tenens in a country district told a laborer's wife to give her husband the medicine "in a recumbent position." The woman, after the doctor's departure, went through the village trying to borrow a "recumbent position." Her neighbors, rather than confess their ignorance, all assured her that she could have theirs if only they had not lent or lost it!—Philadelphia Inquirer.

THE ECONOMIST TOY STORE IS READY.

This show-year announcement is always interesting—both to the little people who delight in coming to see, and to their elders, who are reminded that this time is ripe for beginning the plans for Christmas buying. The Toy Store is large, bright and very interesting in its vast stock of Christmas things—the largest of all the large Christmas stores we have ever assembled. In pricing this season's Santa Claus lines we have planned to make the buying joy, and to tempt every liberal buyer to deal with us. We have a large stock of toys, and we are ready to serve you in any way you please.

UNAPPROACHABLE MILLINERY BARGAINS.
Second Floor.

Our Millinery Section this season has been the series of Millinery Triumphs. The stock is still low, and we make radical reductions to this week's sale. \$15.00 and \$20.00 Hats, this week's price \$10.00. Wing-trimmed Bachelors, all-black small hats, black and white coupe-facette hats, brown, maroon, black, small, heavy hats, also large and small hats. Any of these for \$10.00. Velvet, felt and straw frames, stylishly trimmed in novelties, reduced from \$15.00 and \$20.00.

A GREAT REDUCTION SALE OF WOMEN'S OUTER GARMENTS.
Second Floor.

For lack of space we cannot print the interesting details of this important sale but wish to assure the women of Albuquerque that it presents the greatest and most interesting assortment of outer garments this department has ever offered in the astonishingly enormous stock, and this at a most opportune season. See our window display. These reductions extend to all Women's Suits, Coat Suits, Outer Dresses and Skirts. At prices now quoted the reduction is fully 25 per cent.

ANSWERS TO THE COAT QUESTION.
These early reductions are more than merely saving coats. To the question, "What shall I wear?" our daily increasing catches of new models give us the answer. It may be long—it may be loose or form fitting. Novelty and elegance have authority, but the long broad-brimmed coat light trousers. Keepers with their feet head swimming head, and their feet. We show special \$15.00 at \$10.00, \$12.50, \$15.00, \$17.50 and \$20.00—worth, of course, higher.

BUY EARLY IF YOU CAN.

It is wise to consider that in early buying there is greatest comfort, best clerk service and your pick from the choicest articles in new fall lines. With just a little planning the tremendous crush or better shopping days may be safely avoided.

REMEMBER ONLY 15 DAYS: THEN CHRISTMAS

We are more than ready in every section. The Christmas spirit is already showing itself. We have made greater preparations than ever before for the Christmas season. We wish you to come here if only to look around, and see the best things.

NEW MEXICO OFFICIALS
CALLED TO TESTIFY

Now Understood That United States District Attorney for New Mexico Will Take Charge of Prosecutions in This Territory.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Dec. 7.—Captain F. Muller, receiver of the United States land office here, left last night for Globe, Ariz., where he has been summoned to testify before the United States grand jury in session there, presumably in connection with the further investigation of the alleged fraudulent coal land entries by employees of Phelps, Dodge & Co., in San Juan county.

Payment for the coal lands entered on in this territory were made to the land office here, of which Captain Muller is the head.

Special Attorney Ormsby McHarg, of the department of justice, returned here today from Las Vegas, where he accompanied Solicitor General Hoyt several days ago. It is understood here tonight that Mr. McHarg will shortly transfer the care of the land cases now pending in this territory to the office of the United States attorney for New Mexico, to which Captain P. J. Leahy was recently appointed, succeeding Major W. H. H. Llewellyn.

COMMERCIAL CLUB TAKES UP MELON PROPOSITION

CELERY AND CANTALOUPE
WILL MAKE US FAMOUS

Santa Fe Official Offers Ready Market for All Farmers Can Raise and Matter Will Be Followed Up.

It rests with Albuquerque and the Bernalillo county farmers to make Albuquerque and Bernalillo county the most famous cantaloupe and celery producing section in the world. At the full meeting of the board of directors of the Commercial club held yesterday afternoon, President Brooks laid before them the proposition of Superintendent Leeds, of the Santa Fe Refrigerator Dispatch company, who is anxious to see this section get in the cantaloupe business, and get strong. Mr. Leeds has arranged to make a proposition to the farmers of this section to market all the celery and cantaloupes they can grow. According to the proposition, the cantaloupes and celery are to be marketed in the city of Albuquerque, cantaloupes are to be marketed in the city of Santa Fe and superior in flavor. They can be marketed immediately following the Phoenix and Mesquite valley melons, and thus allow the Santa Fe to ship melons east continuously all through the season. Mr. Leeds is also enthusiastic over the Albuquerque celery, and assures a market for all that local farmers can be induced to raise. "The celery raised here is undoubtedly the best in the world," declares the Santa Fe man. The sale of both crops is positively guaranteed by Mr. Leeds, and the opportunity for enterprising farmers is one that should by no means be overlooked. There is good money in the business, and no need to worry about the market.

Mr. Brooks' report was listened to with the greatest interest by the club directors, and the officers were authorized to take up the proposition without delay, and to call on the directors and members for any assistance desired. Freight rates will be looked into and negotiations finished with several big commission houses.

To Give Geologists a Tide.

The secretary of the club was instructed to act with President T. H. of the university to arrange for the transportation of the Santa Fe mountains of the delegates to the meeting of the Geological Society of America, to be held in this city the week beginning December 21. Automobiles will likely be called into requisition and the visitors shown some of the geological wonders of the mountain range. Arrangements are also in progress for a reception to the visitors to be given on the night of December 21 by the club. The following new members were elected last night: Harry S. Hout, C. H. Constock, Edwin C. Anbin, H. A. Buckley and N. G. McCroden.

The question of promotion of the sugar beet industry in the Rio Grande valley, tributary to Albuquerque was taken up and plans laid out for an active campaign to establish the beet growing industry in the valley, to the end that sufficient acreage may be secured for a sugar factory. The club has been at work on this proposition for some time, but added impetus has been given to its efforts through the agitation resulting from the discussion incident to the irrigation congress work. The club has taken up the matter of freight rates in connection with the committee appointed from the board of control of the irrigation congress, this freight rate being aimed to furnish an outlet for the product until a sufficient acreage has been obtained to warrant an effort for a factory here. It is proposed to secure a freight rate which will allow of profitable shipments of sugar beets from this valley to the Arkansas valley factories, and in this way to prove to the valley farmers the profitable nature of the industry.

The attention of the club has been called to the newest model of the which is now being extensively used in the east, and which, it is said, applies an entirely new principle to the utilization of the sun rays in developing heat for power. The object is to obtain some practical ex-

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements, and for the speedy and permanent cure of bad colds stands without a peer.

A Severe Cold Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. G. Quahart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used."

periments with this motor in the valley, with a view to ascertaining whether or not it is practicable for pumping purposes.

The club directors at yesterday's meeting also took up the matter of headquarters for the irrigation congress in the club building during the coming year. The club has been agreed upon as the most practicable location for these important offices, although other quarters have been offered free of charge, and it is probable that arrangements can be made in the near future so that offices can be supplied in the building.

Muscular Pains Cured.

"During the summer of 1905 I was troubled with muscular pains in the neck of my foot," says Mr. S. Pedlar, of Toronto, Ont. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends, all of whom speak highly of it." For sale by all druggists.

TOME RESOLVES IN FAVOR OF STATEHOOD

Strong Resolutions Adopted in Valencia County Town—Ex-Censul Makes Interesting Address—Tome News Notes.

Tome, N. M., Dec. 5.—A large and enthusiastic meeting was held in precinct No. 12 this afternoon for the purpose of adopting resolutions favorable to statehood. The meeting was called to order by Jesus C. Sanchez, who in glowing language stated the objects of the gathering, and who pointed out forcibly and clearly the great benefits the people of New Mexico would derive from statehood. Mr. Sanchez was elected permanent president, and Doroteo Chavez secretary.

Ex-United States Consul Newell, who happened to be in Tome, was invited to address the assembly, and for the especial reason that he had taken an active part in the admission of Washington as a state, consequently was qualified to describe the advantages of statehood over a territorial form of government. Mr. Newell spoke at length and was listened to with deep and marked attention. He spoke in Spanish.

After remarks by Manuel Lucero, Doroteo Chavez, and Juan Benabides, the meeting adopted the following resolutions:

Resolutions.
"Whereas, it is our opinion that New Mexico is worthy, by reason of its population, its resources, and the intelligence of its people, to be a star in the bright galaxy of states of the United States; and
"Whereas, it is our opinion that the future welfare and prosperity of our territory will be advanced by a change in our form of government, and
"Whereas, it is our opinion that all interested in the advancement and improvement of our political and industrial condition should bend their energies to the accomplishment of that end;

"Be it resolved, That we tender to Governor George Curry, and to the committee in charge of the statehood measure our undivided support, and
"Be it further resolved, That each person present at this meeting constitute himself a committee to arouse sentiment and activity in behalf of our admission as a state in the immediate future."

Rural Delivery.
The advisability of petitioning the national government for a free rural delivery service was discussed, and it was voted to circulate a petition for that purpose.

The telephone company has not yet begun the construction of the telephone line between Tome and Los Lunas and Tome and Belen. The

OLD OFFICERS ARE RE-ELECTED

Non-Sectarian Benevolent Society Expresses Gratitude to Public for Thanksgiving Donations.

At the regular meeting of the Non-Sectarian Benevolent Society held Wednesday afternoon in the office of District Attorney F. W. Clancy, the officers of the charitable organization were unanimously re-elected to take charge of the work of the society for the ensuing year as follows:

President, Mrs. H. B. Ray.
Vice president, Mrs. Alfred Grunfeld.
Secretary, Mrs. D. H. Carns.
Treasurer, Mrs. B. H. Hefel.

The reports of the officers showed the results of the Thanksgiving ball and charity work to be most gratifying, the society having been enabled to dispense more substantial aid to the needy this year than ever before. A vote of grateful thanks was tendered to all subscribers and especially the city school pupils for the large and generous donations of food, clothing and money. The society expressed its appreciation of the interest taken by Superintendent of Schools W. D. Sterling and of the liberal collection taken at the union church meeting at the Elks' theater for the aid of the work of the society. The latter was never in a more flourishing condition and it would be impossible to properly estimate the great good it has done in Albuquerque.

ROSWELL NOW HAS FIFTY AUTOS

Expensive Machine Presented to Cashier Cahoon of First National Bank by President Godair—Big Fees Collected.

Roswell, N. M., Dec. 5.—That Roswell is thoroughly in the metropolitan class is demonstrated by the fact that

the Pecos valley city now possesses over fifty automobiles. The latest addition is a splendid \$3,000 thirty horse power, five passenger touring automobile, sent as a present from Chicago to Cashier E. A. Cahoon, of the First National bank by President W. H. Godair, of the bank. The car is one of the biggest and best in Roswell and has attracted much attention here.

Big Suits on Commission Fees.
W. H. Anderson, the local real estate man, has made a record in winning lawsuits for commission fees. Just recently he has won a suit for \$2,000 commission for selling the old Medley farm for \$125,000. He has also won a suit for \$1,000 commission from John Matheson for selling defendant's sheep and ranch outfit to James Miller for \$70,000, the decision being given him at this term of court for the second time. He won the first suit about a year ago. The jury, after being out only ten minutes, awarded plaintiff the amount asked with costs.

WAS BALD SIX YEARS.

Three Months of the New Scientific Treatment Restored His Hair.
Baldness is caused by dandruff, which is caused by a germ. Kill the germ and it is almost certain that hair will grow again. If the follicle has not been totally destroyed, Nels Peterson, of Lime Spur, Mont., says: "I had been bald six years, and had tried all kinds of 'cures,' but without any benefit whatever, until I tried Herpicide. November 18, 1899, I began using Herpicide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpicide. Everybody can have luxuriant, glossy hair, if Herpicide is used thoroughly. Take no substitute. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1.00. B. H. Briggs & Co., special agents.
