## THE BEST APERIENT

In modern pharmacy is, undoubtedly, Ayer's Cathartic Pills. Except in extreme cases, physicians have abandoned the use of drastic purgatives, and recommend a milder, but no less effective medicine. The favorite is Ayer's Pills, the superior medicinal virtues of which have been certified to under the official seals of state chemists, as well as by hosts of eminent doctors and pharmacists. No other pill so well supplies the demand of the general public for a safe, certain, and agreeable family medicine.

"Ayer's Pills are the best medicine I ever used; and in my judgment no better general remedy was."

## Ever Devised

I have used them in my family and caused them to be used among my friends and employees for more than twenty years. To my certain knowledge many cases of the following complaints have been completely and permanently cured by the use of Ayer's Pills alone: Third day chills, dandruff, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard stools. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above. — J. O. Wilson, Contractor and Builder, Sulphur Springs, Texas.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take

## Ayer's Pills

and soon the bowels recovered their natural and regular action, so that now I am in excellent health." — Wm. H. DeLaune, Dorset, Ontario.

"Ayer's Pills are the best cathartic I ever used in my practice." — J. T. Sparks, M. D., Yehio, Ind.

## BRIEF WIRINGS.

**Water-Logged.**  
CONSTANTINOPLE, Feb. 23.—Railway communication with western Europe is still suspended owing to inundations. No through trains have arrived or departed since Thursday.

**The President Indisposed.**  
WASHINGTON, Feb. 23.—The president is suffering from an obstinate cold and has been compelled to decline a number of invitations for this week, including the dinner of the New York Board of Trade.

**Coming Back, Eh?**  
LITTLE ROCK, Feb. 23.—Workmen began today to renovate the old Garland mansion. The ex-attorney general will return here next month to live. He will continue as general solicitor for the Northern Pacific railroad, but will make this place his headquarters.

**The Texas Rape Cases.**  
LUBBOCK, Texas, Feb. 23.—The jury in the McDermott case returned a verdict of guilty and assessed his punishment at death.

**Seasons Out of Joint.**  
PALESTINE, Texas, Feb. 23.—The heaviest rain ever known in Palestine fell Saturday night, between 6 and 7 o'clock, resulting in the destruction of bridges, crossings and the loss of one life. Emily Graves, colored, aged 84 years, was drowned on attempting to cross the bridge over the ravine which separates the old and new town.

## Food For the Foreigners.

PHILADELPHIA, Feb. 23.—Loaded to her bulwarks with flour and provisions for the famine-stricken provinces of Russia, the steamer Indiana left here on her voyage of mercy yesterday afternoon, with the cheers and well wishes of thousands and thousands and the strains of "America" following her as she steamed down the river. The great cargo she carries is purely a Philadelphia offering.

## The Barony Will.

PROVIDENCE, R. I., Feb. 23.—The matter of the will of Mrs. Barony, for whose murder Dr. Graves is under sentence of death in Colorado, is again before the supreme court to-day. The will has been admitted to probate without opposition, but the point at issue is whether Dr. Graves, in view of the position in which he is placed, can act as executor, as designated in the will. Arguments on this point are being heard.

## The Border Trouble.

CHICAGO, Feb. 23.—A San Antonio, Texas, dispatch says: The several troops of the 3d U. S. cavalry are still engaged in active scouting operations on the lower Rio Grande frontier. The report that Capt. George F. Chase and a detachment of his troops made a round-up of the ranch of Antonio Gonzales last Friday night and captured six revolutionists, Garza making his escape through a back window of his father-in-law's house, is denied.

## Colored Republicans.

JACKSON, Miss., Feb. 23.—The state Republican convention was called to order at noon to-day by Hon. J. M. Mathews, of Winona, with a large attendance. It was announced that Hon. Blanche K. Bruce, ex-United States senator from this state, had resigned from the state Republican executive committee as a result of ill health. Four delegates and alternates to the national Republican convention will be selected this afternoon. The delegation will be for Harrison. There is a lively fight for supremacy between the factions headed by Jim Hill and the Bruce-Lynch element. The latter appeared to be in a decided majority.

## "August Flower"

Perhaps you do not believe these statements concerning Green's August Flower. Well, we can't make you. We can't force conviction into your head or medicine into your throat. We don't want to. The money is yours, and the misery is yours; and until you are willing to believe, and spend the one for the relief of the other, they will stay so. John H. Foster, 1122 Brown Street, Philadelphia, says: "My wife is a little Scotch woman, thirty years of age and of a naturally delicate disposition. For five or six years past she has been suffering from Dyspepsia. She became so bad at last that she could not sit down to a meal but she had to vomit it as soon as she had eaten it. Two bottles of your August Flower have cured her, after many doctors failed. She can now eat anything, and enjoy it; and as for Dyspepsia, she does not know that she ever had it."

## THE BIG FIGHT ON.

Hill and Cleveland Factions in New York Elect Delegates.

ALBANY, N. Y., Feb. 23.—At the meeting of the state Democratic convention yesterday, the protest of the Cooper Union meeting with a resolution asking for the dissolution of this convention, was received by the committee and was unanimously rejected. The Hill men had it all their own way and made Gen. Daniel E. Sickles permanent chairman. That portion of the platform referring to finance and tariff reads: "We are against the coinage of any silver dollar which is not of the intrinsic value of every other dollar of the United States."

"We therefore denounce the new Sherman silver bill, under which one-tenth of our gold stock has been exported, and all our silver output is dammed up at home, as a false pretense and actual hindrance of return to free domestic coinage, and as tending only to produce a change from one kind of monetarism to another."

"We therefore unite with friends of honest money even signifying the Sherman progressive silver bill, and no solution of the gold and silver question, and as a fit appendix to the subsidy and bounty swindle, the McKinley war tariff, the Blaine reciprocity dumping, the squandered surplus, the advancing deficit, the defective census and falsified representation and the revolutionary procedures of the billion dollar congress, all justly condemned by the people's great uprising last November, (1891), a verdict which renewed this year, (1892), will empower Democratic statesmen to guide the people's councils and to execute the people's will."

Hill delegates were chosen to the Chicago convention.

The Cleveland followers, or those opposed to Hill's early call for this convention met in another hall at 2:30 in the afternoon. Hon. Chas. S. Fairchild was temporary chairman, and Mr. Locke, of Buffalo, permanent presiding officer. Delegates were chosen "to secure proper representation of the Democracy of New York state at the Chicago convention."

## Cleveland in Detroit.

DETROIT, Mich., Feb. 23.—The public reception to ex-President Cleveland this afternoon will be a notable affair. Special trains have been run, covering most of the leading points in the state and a multitude of strangers are in town. After the reception there will be a conference regarding the political situation, in which the ex-president, ex-Governor General Dickinson, ex-Governor Campbell, of Ohio, Allen G. Thurman, Congressman Tom L. Johnson and W. L. Hart of Detroit will all take part. It is generally understood that ex-Governor Campbell will lead the Cleveland element of the Democracy in Ohio and aim to secure a solid delegation as against John R. McLane and the Hill Democrats.

## Christian Unity.

ST. LOUIS, Feb. 23.—For the first time in the history of this city Roman Catholics and Protestants joined hands to-day at the conference in the Centenary Methodist church for the purpose of securing an exchange of ideas regarding the best methods to be pursued in promoting charity, and to adopt plans for carrying such methods into active practice. The program for consideration covered questions relating to orphanages, foundlings' homes, boarding houses and working girls clubs and reformatories. Preparations will be inaugurated for the representation of St. Louis charitable organizations at the World's fair. Although on a local subject the conference is of national interest from the fact that the joining of hands by Catholics and Protestants on such a subject has hitherto been unknown in St. Louis. The proposition originated with the ladies of the Women's Christian Home, but the representative Catholic ladies of the city when approached manifested immediate willingness to co-operate in any plan, suggested by the Protestant body and have embarked enthusiastically in the enterprise.

## The Lumber Interests.

WASHINGTON, D. C., Feb. 23.—The conference of lumbermen from different parts of the country will open here this afternoon for the purpose of preparing a monster protest against the proposition to put lumber on the free list, and to take measures to accomplish the defeat of a bill with that end in view. During the past year foreign products to a total of \$13,500,000 were imported from Canada, representing that sum in represented manufactures, and causing an approximate loss of \$9,000,000. The bill to make lumber free was introduced by Representative Stone, of Kentucky, who says that the falling forests of the United States makes it necessary to remove the protective tariff now existing. The lumbermen, on the other hand, say that this is an erroneous idea, having its origin with people not familiar with the facts. The Florida forests, they say, are practically exhausted, and the Seminoles war, while throughout the whole of the south there are millions of acres of pine forests, to say nothing of the forests of the Pacific slope. They say that the present low duty of \$1 a 1,000 feet has caused a decided loss to mill men near the Canada line. Coarse grades of lumber have been shipped extensively from Canada, and not only the north and northwest, but also the south has felt the effect of this competition. They expect to be able to present a showing that will ensure the defeat of the measure.

## Mexico Ore Imports.

WASHINGTON, Feb. 23.—During the past three months of 1891, 2,392,602 pounds of silver lead ore was exported to the United States from the state of Sonora, Mexico. The production of gold in Mexico has increased from \$1,100,000 during the fiscal year 1889-90 to \$1,500,000 during

the fiscal year 1890-91. During the same period the silver output has increased from \$41,500,000 to \$48,000,000. Since 1877 the gold production of Mexico aggregated \$13,520,000, and the silver production \$458,645,000.

Ed. Coy, the negro who so brutally assaulted Mrs. Jewell near Texarkana, Ark., a week ago, for whom search had been made by various parties ever since, was captured and identified by his victim. Then he was taken outside the town, bound with wire, saturated with kerosene and a match applied by Mrs. Jewell at the demand of the mob of from 4,000 to 6,000 people. He was burned to death after a quarter of an hour of awful agony.

## TERRITORIAL TIPS.

News must be very scarce at Albuquerque.

San Juan county will vote on March 9 on a proposition to issue \$2,500 in bonds for building a county jail.

A local dramatic organization at San Marcial, led by Capt. Jack Crawford, will give a public entertainment March 2.

W. H. Indgens, who shot a man named Ayer at Kingston, was placed under \$1,000 bonds to appear before the district court on Thursday next.

Hon. L. R. E. Paulin, Robert and Frank E. Brewitt have been appointed as delegates to represent the South Side Canal company at the Las Vegas irrigation convention.—San Juan Times.

County seat note from the San Juan Index: In the absence of full and complete information from Santa Fe the Index this week withholds its commendation for the apple tree financier and dollar lot manipulator.

Hon. Ed. Feat, of Cuchillo, in a letter in the Black Range offers free of any charge to decide to Sierra county the Grand Central hotel at Hermosa, of which he is the owner, if said county will establish and maintain a good hospital therein.

The Atchison, Topeka & Santa Fe company advertises for sale at Deming on the 27th inst. a lot of railroad material belonging to the Mexican Railway & Development company. Several car loads of ties, spikes, splice bars, etc., are included in the lot.—San Marcial Reporter.

C. W. Kempton, the New York expert, who has been here for several days, left for home Wednesday morning. He made a thorough examination of the properties of the Kingston Metal Extraction works,

consisting of the Iron King smelter and group of mines. He expressed himself before leaving as highly pleased with the work.—Advocate.

Dr. Pettin, a Frenchman of Las Cruces, will about March 1, carry out about fifty or sixty large tents and appurtenances to Shedd's ranch at San Agustin, on the east side of the Organ mountains, at the foot of the range. With these tents he will make a small village, where the health seeker can find all the comforts of a home.

A report was received to-day that a German from La Mesa, whose name we did not learn, was found murdered near where Alex. Bull was killed, this side of Paso. The only motive apparent for the killing was a sack of chili which he was carrying to El Paso for the purpose of purchasing some provisions. [This is the fourth murder reported in this locality, and it certainly behooves our sister city to look into the matter of this human abattoir.—Las Cruces Republican.]

Edwin W. Crane, a trusted employee of Wells Fargo & Co., died suddenly in his room, in the Highlands, Sunday afternoon. He was a consumptive, and death resulted from a severe attack of vomiting.

The remains will be taken east for interment, at Hastings, Neb.

W. J. Martin, an old timer in Albuquerque, who has lived in a seclusion in a cabin near the Atlantic & Pacific shops, died Sunday afternoon from hemorrhage of the lungs. No one here knows where his relatives are. Albuquerque Democrat.

We are reliably informed that Don Martin Amador received an offer of \$70,000 this week for his invention, mention of which was made in a recent number of the Republican, from Paul James Gregory, a Maricao, N. Y., capitalist.

Mr. Amador asks \$100,000 and allows Mr. Gregory sixty days in which to accept or refuse. In the interim Mr. Amador is in correspondence with Deere, the implement manufacturer who, we understand, also has an eye on the same invention.—Las Cruces Republican.

## AMONG THE ROADS.

A new freight tariff of moment to Santa Fe wholesale men will soon take effect over the narrow gauge.

Three car loads of freight direct from New York were unloaded at the Santa Fe Southern yards to-day.

According to the Albuquerque papers, affairs of the Durango-Albuquerque project are in a hopeful way.

It is yet an open question, it seems, whether or not John W. Young has been let out of the Deming-Mexico railway project. Under date of the 19th inst., Young wires Deming parties from London: "Agreement drawn up and signed to-day. I have given formal notice to Tomas Macanus. Will have money for your use when necessary details have been arranged."

This from the Las Vegas Optic tells the whole story as to the immediate prospects for the White Oaks El Paso road: "The railroad will certainly be built, and that in the near future, but the money market being depressed at the present time, capitalists are not prepared to invest in any new enterprises."

The Principal in the Harness Business Bound Over—Harnes Smers Again in Hook.

The preliminary hearing of Benigno Benavides, chief of the "burn storming" gang that has been robbing stables and out-houses about town for the past month, was held before Justice Vigil yesterday afternoon, and the man in the harness business was sent to jail in default of \$1,000 bonds to await action by the district court.

The case against Manuel Robledo, in whose house the harness and saddles were found, was then called and notwithstanding the statement of Benavides to the effect that Robledo knew they were stolen goods, the justice let Robledo go on the ground that he was an innocent purchaser and didn't know the stuff was wrongfully obtained by Benavides.

A considerable quantity of plunder taken by these harness thieves, is yet missing; the police should get a move on and gather it all in, no matter who is caught concealing it.

Another petty thief was run down by Marshal Gray yesterday afternoon. Frank Smers walked into Grig's store and sneaked away with several pieces of ornamental chinaware. He was caught with the goods in his possession and owned up to being a thief. To-day he was sentenced to sixty days in the county jail.

This is the same young rascal who attempted to rob the postoffice two years ago and served a short term in the penitentiary for it. New Mexico ought to have a house of correction for such samples of humanity.

**Mr. Fiske's New Office Rooms.**

Upon returning from attendance upon court at Las Cruces, U. S. Attorney Fiske finds his new office quarters in the Second National bank block ready for occupancy. A local scribe dropped in up there, second floor, right, front, this morning and found the popular representative of Uncle Sam's department of justice ensconced in about as cozy a den as a man of clever, quiet tastes could wish for. A suite of three apartments fronting the plaza comprise Mr. Fiske's new quarters. Mr. Seward's room is in the rear, in the large front room, hedged about by a fine library, is the private secretary's desk, and Mr. Fiske's private office opens to the right. The furnishings in this room are rich and elegant; a velvet carpet covers the floor, the lounges and immense chairs of cherry wood are upholstered in maroon leather; and rolled top desks, cabinets and revolving book cases make work there as easy as possible. The room is finished in natural cherry; the walls are painted in terra cotta and frescoed in dark cherry, Turkish red and green, making a harmonious blending most agreeable to look upon.

In such new quarters as the U. S. district attorney domiciled and at work—but what are the lounges for? Certainly a man as busy as he is never has any time to recline upon these inviting office fixtures.

**San Pedro's Leader.**

At Townsend and William A. Middleton have returned from the Lincoln-Lucky mine at San Pedro and both men agree in saying that they have one of the most prolific producers in the country. A 45-horse power plant, which was shipped down there, leaving Denver Monday, broke the record by arriving at Cerrillos yesterday. The superintendent did not expect such dispatch on the part of the railroad, but he telegraphed that the machinery would be at the mine within a couple of days. The output of the mine will be increased to fifty tons a day on a conservative estimate, and from twenty to twenty-five men will be employed. The dimensions of the last chamber of ore uncovered are not known, as the body has not been explored. With the opening of a railroad the Lincoln-Lucky can save \$3 a ton on the shipments.—Denver News.

**Out of Luck.**

Private Dietz, a soldier on his way from Fort Wingate to Santa Fe, on special duty, was drugged here last night and relieved of \$200 in money. He doesn't remember anything connected with the circumstances, except that he took two drinks in a saloon, and after that he is oblivious to all surroundings. He can't locate the saloon where he got drugged. He is around to day trying to get enough money from Paymaster Baker to continue his trip to Santa Fe this evening.—Albuquerque Citizen.

**To Meet To-morrow.**

The joint committee on sanitation location, representing the Board of Trade and citizens, will hold its first meeting at Dr. Eggert's office at 4 o'clock to-morrow afternoon. The committee is composed of Messrs. E. L. Bartlett, Geo. W. Knebel, J. G. Schumann and E. T. Webber, representing the Board of Trade, and Dr. Eggert, Messrs. J. L. Johnson, M. J. Nagel and Elias Brevoort, representing the citizens generally.

**ROUND ABOUT TOWN.**

City council meets to-night.  
An early spring seems now to be a certainty, and farmers are already getting ready for active work.  
Pedro Barbero, aged 9 years 5 days, son of Manuel Barbero, died last night after a brief illness.  
The third ward public school and Miss Gunn's private school in the first ward reopened this morning.  
Meeting of the Centennial encampment L. O. O. F. this evening at the hall of Paradise lodge, L. O. O. F.  
Romulo Alarid, eldest son of Cosme Alarid, died last night, having been weak and puny since his birth.  
Poll tax lists have been posted. You can't vote if the little word "paid" isn't marked down opposite your name.

**SPREADING THE TRUTH.**

Another Timely Publication on the Climatic Advantages of New Mexico—Work in a Good Cause.

"The southwest and New Mexico for phthisis, weak lungs, asthma, bronchitis, etc.," is the title of the fifty page illustrated pamphlet just issued by the American Health Resort association which is soon to begin the erection in Santa Fe of a large sanitarium.

The pamphlet contains reports and papers prepared by Dr. Danter of Toronto, Canada, Dr. Roberts of Maine, Dr. Seward of New York and other experts sent into New Mexico as climatological experts, and also contains short articles by local physicians, among them Dr. W. S. Harroun's article on climate and health in Santa Fe, written for the Medical Record, and Dr. Eggert's article from the Medical Current.

Several thousand copies of this excellent pamphlet have been issued and will give general distribution throughout the consumption breeding districts of the east.

This is another step showing how earnest is the American Health Resort association in its noble work for humanity; and a work, too, that must prove of great benefit to Santa Fe in particular and New Mexico in general. Truly, as Dr. Seward, of New York, has remarked, "the day is not far distant when the incomparable climate of Santa Fe will prove of greater value in the upbuilding of a prosperous commonwealth than all the boasted riches of her mountains of mineral."

Storcy Hoffman, the well known baseball pitcher, is back from California and will remain here. He says Lookabough is at San Jose, and the last he saw of old man Dallas he was en route to Oregon on the lower deck of a freight car.

Gov. Thomas has secured the signatures to more than two thirds of the property owners on Lincoln avenue, whereby they agree to join in building a sidewalk from the Griffin corner past the Palace hotel to Hillside avenue.

Col. Bergman is thinking of utilizing some of the brick and labor at the penitentiary to lay a brick pavement from the capitol through the grounds to the several gates. "Would be a wise move; improve the territory's property, and cause the legislators much comfort when they meet next winter."

The district clerk's office is busy to-day. The last legislature passed a bill allowing one year from February 24, 1891, in which to renew old judgments, otherwise they become void. After this date judgments expire at the end of seven years unless renewed.

It's too early as yet to plant fruit trees, but it's well enough to begin now to figure on planting them three weeks hence. The growth of the mining and lumber and stock growing interests in northern New Mexico and southern Colorado means an exclusive market for Santa Fe county products and a market, too, that can never have competition.

There are no freebies on the ladies of Santa Fe when it comes to working in the interest of the World's fair fund. They took complete possession of the circus today, managed the advertising, sold and collected the tickets; presided over the lemonade, candy and peanut stands, and, in fact, ran the whole concern in first-class shape. Thanks to a generous public (and the attractive saleswomen) tickets sold at a surprising rate, and a big crowd was on hand to enjoy the performance and contribute to the good cause.

**NEW PENSIONS.**

Original pensions have been granted the following residents of New Mexico: Frederick Brand, Carnacion Martinez, Emanuel Garcia, Nelson Martin.

**ARMY ORDERS.**

Leave of absence for one month, is granted 1st Lieut. Victor E. Stottler, 10th infantry.

21 Lieut. Samuel D. Rockenbach, 10th cavalry, will proceed from Fort Grant to Fort Bayard and report for temporary duty with C troop of that regiment.

The leave of absence for seven days, granted 1st Lieut. Leighton Finley, 10th cavalry, in orders No. 12, c. s., Fort Grant, A. T., is extended twenty-three days.

Private Otto Dietz, company H, 10th infantry, having been detailed on special duty as clerk at regimental headquarters, will proceed from Fort Wingate to Fort Marcy and report to the regimental adjutant for duty.

2d Lieut. Robert G. Paxton, 10th cavalry, will proceed from Fort Grant to El Paso, Texas, and relieve 1st Lieut. Percy E. Tripp, 10th cavalry, from command of cavalry detachment on duty with the boundary line survey commission, on being so relieved. Lieut. Tripp will rejoin his proper station (Fort Bayard) for duty.

Rev. Wm. Hollinshead, Pastor of the Presbyterian church of Santa Fe, N. J., voluntarily writes strong in favor of Hood's Sarsaparilla. He says: "Nothing I know of will cleanse the blood, stimulate the liver or clean the stomach like this remedy. I know of scores and scores who have been helped or cured by it."

The highest praise has been won by Hood's pills for their easy, yet efficient, action.

**SANTA FE'S PRESTIGE.**

The Mining Boom at Creede and its Benefits to Santa Fe Farmers and Fruit Growers.

John Morton shipped twenty-five boxes of oranges over the narrow gauge to Creede this morning, and to-morrow he goes to the great camp to arrange for shipping all manner of Santa Fe produce there this spring and summer. He calculates that Santa Fe must get the cream of the business originating in this new city, scarcely six months old and yet boasting of a population of 6,000. The fact that Santa Fe valley farm and garden products are fully six weeks earlier in the market than those of Colorado, and can be shipped from here at 7 a. m. and land in Creede in eight or ten hours, will give the market gardeners of this region great prestige, says Mr. Morton. As for fruits, he thinks Santa Fe orchardists can have things all their own way at Creede, because in southern Colorado the season is too short to raise fruits and Santa Fe products will be selling to Creede consumers fully two months before western Colorado fruits can get in there. For these reasons Mr. Morton looks for a boom in horticulture and agriculture in Santa Fe county this year.

**FOUND DEAD.**

Frank Apodaca, a Well Known Character, Drops by the Way-side.

While making the rounds of his beat, about 5 o'clock last evening, Officer Garland discovered the body of a man stretched prone upon the ground in an alley near the Miller place, just across the Galisteo street bridge. He found the body to be yet warm and recognized the man as Frank Apodaca, a well known character about town and a confirmed inebriate. The body was removed to Undertaker Gable's rooms and an inquest held, resulting in the verdict that apoplexy was the cause of death. No marks of violence were found on the body, and it is supposed the man must have fallen in the alley but a few minutes before Officer Garland discovered him. Deceased was about 50 years old, and leaves a wife and three grown children.

Women who suffer from nervous and physical debility find great help in the use of Ayer's Sarsaparilla. It produces the rapid effect of a stimulant, without reaction—the result being a permanent increase of strength and vigor, both of mind and body.
