-BRIEF WIRINGS-

Utah's Action on the World's Fair.
SALT LAKE, March 5.—After a stubborn debate in the house the Mormons succeeded in cutting down the appropriation for the World's fair from \$100,000 to \$25,000. The council is also divided on appropriation, the Liberals being in favor of \$100,000 while the Mormons object to giving more than \$50,000.

Southern Times.
WASHINGTON, March 5.—The house committee on Indian affairs is considering the bill providing for the removal of the Ute Indians from Colorado to Utah. All the time was taken up listening to objections made to the measure by the Indian Rights association people and other alleged philanthropists in the east who know nothing about the situation.

Bad Business.
BIRMINGHAM, Ala., March 5.—Rev. Joseph Calvin, a Methodist preacher, in Green county, yesterday, shot and killed William Hardy, a deacon in the church, and fatally wounded David Smith, brother-in-law of Hardy. Hardy suspected Calvin of being intimate with his (Hardy's) wife and attacked him, when Calvin drew a pistol and fired five shots with the above results. Calvin is in jail at Eata.

El Paso's Mystery.
EL PASO, Texas, March 5.—E. N. Ronquillo, well known through his connection with the famous Ronquillo grant case, which has been in the courts for some years, and who disappeared some three or four weeks ago, has turned up in the City of Mexico, from where he wrote a letter to his niece in this city, stating that he is well and has been furnished with plenty of money by a lawyer of this city to stay there and enjoy himself.

Blaine!
NEW YORK, March 5.—According to the World's Washington correspondent, there is a movement on foot looking to the nomination of Blaine at Minneapolis, despite the letter he has written. Some of the most prominent Republicans in the country are enlisted in it, and the correspondence on the subject shows that it is widespread in the party. The highest authorities say that Mr. Blaine is well aware of the existence of this feeling.

Pushing the Appropriation Bills.
WASHINGTON, March 5.—The appropriations committee of the house is now getting its work well in hand. It expects to report the pension appropriation bill and the sundry civil bill early next week. There will then be left only the legislative and the fortification bills to act upon, besides the general deficiency bill, which, from its nature, cannot be disposed of until later in the session. From other committees the naval, the postoffice and the consular and diplomatic bills will soon be reported. It is probable that somewhere between \$5,000,000 and \$10,000,000 less will be carried by the sundry civil bill this year than was carried by it last year.

The Boundary Line.
PHOENIX, A. T., March 4.—Gen. Louis E. Torrey, governor of Sonora and Baja California, Mexico, passed through Arizona yesterday en route to Ensenada. He said regarding the recovery of the boundary line: "There will be no change in the location that will amount to anything. It may vary a few rods in some places, but that is all. Your American newspapers are so sensational that they seize any opportunity to build mountains out of ant hills."

Speaking of the annexation of Lower California to us Governor Torrey said: "I see that subject has been revived, but can say that the United States can never purchase it because it is not for sale. As far as conquest is concerned you have enough to attend to in this country without seeking more soil to govern."

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been afflicted with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower. Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure."
G. G. GREEN, Sole Man for Woodbury, N. J.

BREAD WINNERS' RIOT.

Serious State of Affairs in Germany—Bakeries and Meat Markets Looted.

BREITENBURG, March 4.—There is no denying the fact that the condition of mechanics and unskilled laborers has reached such a state that the hungry men are capable of doing most anything to get bread for themselves and those dependent upon them. A few days ago the unemployed workmen of Dantzig called upon the authorities to furnish them with bread, no matter what it was, to keep themselves and families from starving.

When the deputations of the unemployed recently waited upon the authorities, they received a promise that something would be done for them and yesterday in obedience to a notice, 800 men proceeded to the landing stage in the expectation that they would be conveyed to the municipal sewage farms and put to work. When they arrived there the officials picked out 224 to be taken to the farms, and said that they were unable to furnish work for the others.

The wildest scenes followed. Some of the men constituted themselves leaders and made violent speeches, calling upon the crowd to help themselves to food if the authorities would not furnish it. With the means of getting it, the mob rushed through the streets, hurrying the bread and meat to their homes and the riotous proceedings at the authorities and declaring that they would steal before they would starve. Every baker's shop they came across they looted, and some of the grain, piled up in the streets, was carried off by the rioters. Others placed the bread they had seized under their coats with the intention of carrying it to their wives and children. Loaded butchers' carts passing along the streets were seized upon, their drivers pushed away, and their contents hastily divided among the crowd. The mob was constantly gaining fresh accessions, and the riotous proceedings were assuming formidable proportions before the police awoke to the fact that they must be up and doing if they hoped to successfully cope with the rioters. Despite the fact that the rioters were armed with their success, resisted the police, and the latter made a determined charge and succeeded in dispersing them.

Mixed on Silver.
WASHINGTON, March 5.—There has been much speculation as to what attitude the Republican minority in the house will assume. Mr. Burrows had a consultation with ex-Speaker Reed upon the subject, after which he said: "Mr. Reed and I agree in our views as to the policy for the minority to pursue. The Republicans will do nothing to allow the Democrats to refrain from placing themselves on record. There has been some talk of the Republicans breaking a quorum by refraining from voting, but we will not allow the majority to hide its head in the sand in that way. I don't believe there are more than four or five Republicans in the house who will vote for the free coinage."

Senator Teller, who will lead the fight on behalf of the silver men in the senate, says: "There is no doubt that the free silver bill will pass the house, and I feel equally certain that it will pass the senate. We may not be able to command a large majority as last year, but we yet have votes enough."

Senator Jones, of Nevada, said: "I have no doubt whatever that a free coinage bill will pass the senate. It will cost only two or three votes less for the free coinage than we did last congress, as I estimate. In that event we will have a safe majority and votes to spare."

A Crook's Fate.

SAN DIEGO, Cal., March 5.—President Collins of the California National bank, who was charged with embezzling \$300,000 of the bank's funds, and who committed suicide yesterday, is reported to have been called many years ago to Cheyenne by M. E. Post, from his Pennsylvania home to enter Post's bank. The latter was elected to congress in 1880, and in his absence Collins is said to have run the bank in his own interest, and on Post's return demanded partnership. On being refused he formed another bank, and subsequently related reports affecting the condition of Post's bank, thereby causing a run which broke it. It is now ascertained that both Collins and Post came to San Diego with comparatively little money. Receiver Pauly has received orders to push collection for the California bank. It is expected that a receiver will be appointed in a day or two for the Savings bank. Attorney General Hart said yesterday the Savings bank had \$255 in cash, but the books showed \$227,000.

Arizona Grant Fight.

PHOENIX, A. T., March 5.—Residents of Nogales, A. T., and settlers in the vicinity have organized a protective association to fight the Cameron grant, which embraces about 225,000 acres on the American side of the line, including the town of Nogales. The question of the title of the grant claimants will come before the land court shortly and will be bitterly contested on both sides. The Cameron grant includes the Mexican town of Nogales and adjacent territory, and was recently confirmed by President Diaz, of Mexico. Both sides are now represented by local attorneys in Washington.

Latest From Garza.

SAN ANTONIO, Texas, March 4.—It was learned here that Robert Sommarlin, the attorney of Alejandro Gonzales, father-in-law of Catrino Garza, is negotiating with Gov. J. S. Hogg for the surrender of the revolutionary leader to the state authorities, and it is expected the formal action will take place in the course of a few days.

THE ARID LANDS.

Is the House Petting It to Death?—A Bill to be Favorably Reported.

WASHINGTON, March 5.—The house committee on irrigation yesterday agreed to the bill prepared by a subcommittee for the cession of arid lands to the states and territories for reclamation. Representative Lapham was authorized to report it to the house.

Bankers to go West.

NEW YORK, March 5.—The executive council of the American Bankers' association held a special meeting yesterday at the directors' room, American Exchange National bank, New York city, and in response to an invitation of the bankers and merchants of San Francisco and of the California Bankers' association, unanimously decided to hold the seventh annual convention of the American Bankers' association in the city of San Francisco on Wednesday and Thursday, 7th and 8th of September, 1892. In addition to the selection of the place and date of the convention, the council adopted the report of the committee on action, on finance and economy, and authorized the preparation of a bill for the abolition of the selection of the place and date of the convention of the several states.

Likely to be Granted.

DENVER, March 5.—The Denver Steel company applied some time ago to the Trans-Mississippi and Trans-Continental Traffic association for rates to points in Arizona, New Mexico, Texas, Kansas and Nebraska on the same basis as St. Louis manufacturers. A communication received states that the committee of the two associations have recommended the concession, so the change now depends upon the action of the Southwestern association.

CONDENSED NEWS.

Jay Gould is in Texas for bronchial troubles.

The president has returned from his vacation.

Cattle in southwestern Idaho are in good condition.

The London metallists are growing in confidence.

The Deacon trial takes place in April at Cannes, France.

Ogden is to have a crematory for the consumption of garbage.

Mysterious bloody murders are becoming frequent in Vienna.

Springer's condition is somewhat improved, yet he is dangerously ill.

The senate appropriated \$30,000 for expenses in the typhus fever investigation.

Great Falls and the Castle mining camp in Montana are to be connected by rail.

Helena, Mont., has raised \$25,000 for the erection of a public library and auditorium.

In Leipzig yesterday 1,000 hills men tried to parade, but were dispersed by the police.

Eight inches of snow in New York and New Jersey and over two feet in Pennsylvania.

The house committee has agreed to appropriate \$134,825,000 for pensions during 1892.

Henry Avok, a Turk, killed his mistress, Norma Leighton, and shot himself, at Los Angeles, Cal.

J. P. Randolph shot and killed Henry Ambler near El Paso, Texas. He says it was accidental.

W. W. Dudley announces that he will become delegate-at-large to the Indiana convention.

Gen. Schofield is considering the annual movement of troops. It will commence about May 1.

The river and harbor bill is assuming definite shape. It will be cut down more than any other bill.

W. P. Breckinridge refuses to sign the declaration favoring the silver bill. Yet he wishes Henry George God speed with his movement.

In the house yesterday the \$12,000 salary of the recorder of deeds of the District of Columbia was cut to \$3,000. One good thing the house has done.

The lecture committee of Yale University union has invited President Cleveland to deliver an address on some civil topic similar to his recent discourse at Ann Arbor.

Representative Samuel W. T. Lanham, of Texas, has declined re-nomination. His district is the largest in the country and last term he had nineteen-twentieths of all votes cast.

A table showing the appropriation on public buildings now being erected in the country, the amount of money still on hand, and the amount necessary to complete, is to be published in the Congressional Record.

False Economy
Is practiced by many people, who buy inferior articles of food because cheaper than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Eagle Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

Stockholders Annual Meeting.
The regular annual meeting of the stockholders of the Mutual Building & Loan association, of Santa Fe, N. M., for the election of a board of directors for the ensuing year and for such other business as may legally come before it, will be held at the office of the secretary (at the Second National Bank) on Wednesday, March 9, 1892, at 8 o'clock p. m.

J. D. PROUDFIT, Secretary.
Santa Fe, N. M., March 2, 1892.

SHOOTING STARS.

Crushed.
 A story is told of a foreigner who was visiting Niagara Falls. He was talking to an American about the wonders of the old world, and mentioned, among others, Venus.
 "You haven't got any volcanoes over here like that," added the visitor.
 "No," retorted the American, pointing to the falls; "but we have got something there that will put out your old volcano every time she breaks forth."—Harper's Young People.

Smart Elder Brother.
 Elder Brother (who has to do the work for the family)—Ed, did I hear you say the other day that you wished you knew how to milk a cow?
 Younger Brother—Yes.
 Elder Brother (benignly)—Well, if you will black my shoes for me I will let you milk the cow to-night.
 The arrangement was made and performed.

A Mute Recovers Speech.
 Alphonse Hemphill, of Summit township, Butler Co., Pa., made an affidavit that his 12-year-old son, who had had St. Vitus Dance for twelve years, lost his speech, was completely cured after using three bottles of Dr. Miles' Restorative Nervine, and also recovered his speech. Thousands testify to wonderful cures from using it for nervous diseases, dyspepsia, nervous debility, indigestion, confusion of mind, headache, etc. Four doses of this Nervine cured Mrs. W. E. Burns, South Bend, Ind., who had been suffering with constant headache for three months. Trial bottle and elegant book free at A. C. Ireland, Jr.'s.

Precautionary Measures.
 President of Gas company (to secretary)—Any more complaints about the meters?
 Secretary—Not for a day or two.
 President—That's bad. Order some sand-bags and use one on the next kicker that comes in. The public must not be allowed to get the notion into its head that we are weakening.—Chicago Tribune.

Sleep on Left Side.
 Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitan papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist on nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at A. C. Ireland, Jr.'s. Thousands testify to its value as a cure for heart disease. Mrs. Chas. Benoy, Loveland, Colo., says its effects on her were marvelous. Elegant book on heart diseases free.

The Wrong Class.
 "Do I have to stick this stamp on myself?" asked a dude of the clerk at the postoffice.
 "Oh, no," replied the clerk. "You couldn't go in the mail bags, and besides, that is a letter stamp, and you are not first-class mail matter."

Miles' Nerve & Liver Pills.
 Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, children. Small size, mildest, surest! 50 doses, 25 cts. Sample free at A. C. Ireland's.

She Worked Around It.
 What a fortunate thing it is, she said, that I do not have to earn my own living like some girls.
 I should hate to see those little hands soiled by labor, said he.
 I don't mind that so much, she said, as she looked dreamily in the fire, but if I had to earn my own living I should be obliged to get up early in the morning.
 True, he said, shuddering. Pray do not mention such a thing.
 And if I had to get up early in the morning, she continued, with a glance at the clock, I wouldn't get half of my natural sleep.
 Then he arose and took his hat and went forth into the night and wandered slowly home under the silent stars.

Caught by a Compliment.
 She—I was reading of you lately who proposed to a gentleman.
 He—This is leap year, you know.
 She—I know it, but I don't want a husband who has to be proposed to. You are not a man of that kind, I am certain.
 He—No—er—will you have me, Jennie?
 She—This is so sudden.

Acute Advertisers.
 A couple of years ago a Cincinnati firm sent out a corps of artists who decorated all available dead walls with the legend: USE DR. BROWN'S AGUE CURE.
 A few weeks later another band of paint brush wielders struck the trail of Dr. Brown's advertisers, and as the result the rural population was advised thus: TAKE SMITH'S SARSAPARILLA AND YOU WON'T HAVE TO USE DR. BROWN'S AGUE CURE.
 —Chicago Mail.

It Was in the Air.
 (Mr. Robinson, who has tarried too long at a wine supper, finds his wife in a high state of nervousness, awaiting his return.)
 Mrs. R.—Here I've been waiting and rocking in this chair until my head swims around like a top!
 Mr. R.—Just so where I've been; it's in the atmosphere.—London Fun.

She of the Auburn Locks.
 Out of any group of girls possessing miscellaneous wigs, the red-haired one is sure to be the best of the bunch. Live-ly, affectionate, a trifle hasty perhaps, but a captivating character.
 —Oakland, Cal.—Echoes.

The Recovery Complete.
 "Hello, Pickaway! Where are your crutches? Have you got entirely over the effects of that railway accident at last?"
 "Er—yes. By the way, the company settled with me last week for \$3,000."—Chicago Weekly.

Vile and Faworthy.
 Of consideration are nostrums of which it is asserted—and there are many such—that they cure immediately bodily ailments of long standing. There are none such that can. Chronic disorders cannot be instantaneously removed. Continuity in the use of a genuine medicine, such as Hostetter's Stomach Bitters, will eradicate chronic physical evils. Not the least of these last in the force of its opposition to medicine is constipation, to the removal of which, if persisted in, the Bitters is particularly adapted. Constipation of the bowels is a complaint which should be dealt with early and systematically, so as its usual attendant, liver complaint and dyspepsia. For these, for malaria, rheumatism, kidney trouble, and more recently "the blues," this highly purgative and cathartic medicine is an undoubted success. Nothing can exceed it, moreover, as a means of imparting strength to the feeble and nervous.

Equal to It.
 Druggist—I can recommend the nan-fetida pills. They are covered with a coating of gelatine, and you won't taste the stuff at all.

Apathetic Democrat (in the first stages of the grip)—Just as leave have been afforded. My stomach'll stand anything now. I've swallowed Dave Hill.—Chicago Tribune.

Handy for travelers is Simmons Liver Regulator in powder. It can be carried in the pocket.

At the Hushing.
 She got a red ear and I kissed the lass.
 For I thought 'twas the thing to do,
 But her lover was there and it came to pass
 That I got a red ear, too.

To feel bright and cheerful attend to your stomach. Take Simmons Liver Regulator.
Greek Meeting Greek.
 Lookout (in Quincy street)—Hiat, ps! Cover up the tables quick! Hide the chips.
 Mr. Ray Roe—What's the matter? police coming?
 Lookout—Worse than that. It's a party of congressmen. They'll break the bank.
 —Chicago Tribune.

Do not almost kill yourself by violent purgatives. Take Simmons Liver Regulator.
At Second Hand.
 And you kissed her dog?
 Well, well!
 Ah, but you see she had just kissed him.

Bucklen's Arnica Salve.
 The best Salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale at C. M. Creamer's.

The Four Hundred are in the Shade.
 She turns up her nose when the Four Hundred's named,
 For she wants you to know that that isn't her set;
 Of a crowd so promiscuous that she's ashamed,
 She belongs to the Hundred and Fifty, you bet!

A Little Girl's Experience in a Light House.
 Mr. and Mrs. Loren Treseott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones."
 Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at C. M. Creamer's Drug store.

MANHOOD RESTORED.

 Wonderful! Special Remedy to cure all Nervous Weakness, such as: Loss of Memory, Loss of Power, Nervousness, Loss of Appetite, Loss of Sleep, Loss of Vigor, Loss of Strength, Loss of Endurance, Loss of Manliness, Loss of Honor, Loss of Respect, Loss of Influence, Loss of Wealth, Loss of Life.
 Before & After Use.
 Photographed from Life.
 Over-excitation, youthful indiscretions, or the excessive use of tobacco, opium, or stimulants, which ultimately lead to debility, consumption and insanity. Put up in convenient form to carry in the vest pocket. Price \$1 a bottle, or for \$5. With every \$5 order we give a written guarantee to cure or refund the money. Sent by mail to any address. Circular free. Write for name and address.
 MADRID CHEMICAL CO., Branch Office of U. S. A. for SALE IN SANTA FE, N. M. BY C. M. Creamer, S. W. Corner Plaza.

A Peep into the Future.
 The Hon. Mr. Holman, of Indiana, (grumblingly putting on his angelic robe)—There's stuff enough in this gown, if it had been used economically, to make two of 'em for a smaller sized man. It's a shameful waste of material.
 —Chicago Tribune.

Strength and Health.
 If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on the Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with Sick Headache, relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large Bottles only 50c. at C. M. Creamer's Drug store.

She Didn't Worry Over It.
 My husband received a note to-day in a woman's handwriting.
 Did you open it?
 I did not. And what is more, I left him by himself to read it at his leisure.
 No, but I guess he does. It was from my dressmaker.

How to get Thin.
 The only safe and reliable treatment for Obesity, or (superfluous fat) is the "Leverette" Obesity Pills, which gradually reduce the weight and measurement. No injury or inconvenience—Leaves no wrinkles—acts by absorption.
 This cure is founded upon the most scientific principles, and has been used by one of the most eminent Physicians of Europe in his private practice "for five years," with the most gratifying results. Mr. Henry Perkins, 29 Union Park, Boston, writes: "From the use of the 'Leverette' Obesity Pills my weight has been reduced ten pounds in three weeks and my general health is very much improved. The principles of your treatment are fully endorsed by my family physician. In proof of my gratitude I herewith give you permission to use my name if you desire to do so."
 Price \$2.00 per package, or three packages for \$5.00 by registered mail. All orders supplied direct from our office. THE LEVERETTE SPECIFIC CO., 339 Washington St., Boston, Mass.

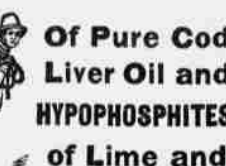

Why He Stopped.
 He kissed her once; he kissed her twice; he was the happiest of men—I think he would have kissed her thrice if papa hadn't come just then.

The healthy people you meet have healthy liver. They take Simmons Liver Regulator.
Freedom of an Old Acquaintance.
 Miss Lilly—There goes your friend Corkbat. He is a great African traveler, I hear.
 Tom Knoch—I should say so. Why that man's so familiar with Sahara that he calls it "Sallie"—Judge.

THE WORLD'S SANITARIUM.
 But it is to Santa Fe's superior climatic advantages, and its fame as nature's most potent healing power as a cure for consumption and other pulmonary diseases that Santa Fe has its great future upon it. The highest American medical authorities concede the superior advantages of the city's location. The requisites of a climate curative of consumption, are, according to the best medical testimony, altitude, dryness, equality of temperature, light and sunshine, and a porous soil. Moreover, if possible, the large deposits of coal, silver, iron, copper and gold, in veins as well as in the form of placer gold, at Cerrillos, New Placers (Dolores), Golden and San Pedro being justly noted for their richness.

CONSUMPTION.
 Have a positive remedy for the above disease, by its removal from the system. It is a disease of the blood, and stands high in the list of diseases that are incurable. It is a disease that is cured by a VALUABLE TREATMENT, in the shape of a new method of treatment, by Dr. J. A. Sloan, M. C., 133 Pearl St., N. Y.

In the Lead.
 Close competition; enlarged views; closer relations between railway officials and the public; newspaper comment; liberal advertising.
 All the above are the direct causes of the luxurious facilities afforded to travelers at the present time.
 The Washburn Line has kept itself in the front rank during the march of progress and offers to travelers every luxury and convenience which human ingenuity can devise or the liberal expenditure of money procure. Its passenger trains from Kansas City and Council Bluffs to St. Louis, Chicago, Toledo, Detroit and intermediate points, its through cars to New York, Boston, and other seaboard and eastern points, its magnificent track and unsurpassed running time, leave nothing to be desired.
 Passengers are always safe when asked to specify their route in naming the Washburn Line.
 C. M. HAMPTON, Com'l Agent, 1227, 17th street, Denver, Colo.

S. HIS CHILDREN.
 My little son had a number of bad ulcers and running sores to come on his head and body, which lasted for four years. I tried all the doctors and many remedies, but the sores still grew worse, until I did not expect him to recover. My friends were confident that if I lengthened it would kill him. I at length quit all other treatment and put him on Scott's Emulsion, and less than three weeks cured him a sound and healthy child. S. S. S. also cured a sore on another of my children.

HISTORICAL.
 Santa Fe, the city of the Holy Faith of St. Francis, is the capital of New Mexico, trade center, sanitarium and archeological museum. An Indian Pueblo had existed on the site previous to the 15th century. Its name was Oga-phego, but it was abandoned before Coronado's time. The Spanish town of Santa Fe was founded in 1605, it is therefore the second oldest European settlement still extant in the United States. In 1891 came the first venturesome American trader—the forerunner of the great line of merchants who have made trade over the Santa Fe trail, world-wide in its celebrity.

CITY OF SANTA FE.
 The city lies in a charming nook on the west side of the Santa Fe range and is sheltered from the northern winds by a spur of low hills which extend from the mountains west as far as the Rio Grande. It lies in the center of the valley at the mouth of a picturesque canon, the chief entrance to the Pecos National Park, and through which runs the Rio Santa Fe, a beautiful mountain stream, having its rise in the Santa Fe range of mountains. Its elevation is 6,966 feet. Its population is 7,850. It has good schools and churches. There is an excellent system of water works. The city is lighted with gas and electricity. It has more points of historic interest than any other place on the North American continent. Land may be purchased at prices to suit the rich or the poor. Five acres in Santa Fe or vicinity will produce more than can be produced anywhere else in the world. Our markets are close at hand and we can successfully compete with any other locality. Since the first tree was planted in the Santa Fe valley there has been but one failure in the fruit crop. What place, what country can approach this record?

PUBLIC INSTITUTIONS.
 Among the more important public institutions located here, in spacious and attractive modern buildings, are the U. S. court and federal office building, the territorial capital, St. Vincent's sanitarium, territorial penitentiary, New Mexico orphan's training school, St. Vincent's charity hospital, U. S. government Indian school, Ramona memorial institute for Indian girls, St. Catherine Indian boys training school, Fort Marcy barracks, St. Michael's college, Loretto academy, Presbyterian, Methodist and Congregational churches, the governor's palace, the archbishop's residence of Archbishop J. B. Salpointe, 414 Grand Avenue, 437 North Platte, 523. We find that Santa Fe has the spring temperature of northern Illinois and Indiana, the summer temperature of northern Wisconsin and Michigan, the autumn temperature of Wisconsin and Michigan, and the winter temperature of central Illinois and Indiana. In other words, by staying in Santa Fe, the invalid gets the favorable summers that a resident of Springfield, Illinois, can get only by emigrating annually to Lake Superior.

STATISTICAL INFORMATION.
 The annual temperature varies but little from year to year. The following tables tell the tale:

YEAR.	ANNUAL MEAN.	YEAR.	ANNUAL MEAN.
1872	47.9	1882	48.6
1873	45.5	1883	47.7
1874	45.0	1884	47.7
1875	47.5	1885	47.6
1876	47.6	1886	47.6
1877	47.5	1887	48.4
1878	47.5	1888	48.4
1879	47.5	1889	48.4
1880	47.5	1890	48.4
1881	47.5	1891	48.4

THE ANNUAL MONTHLY VALUES will show the distribution of temperature through the year.

MONTH.	MEAN.	MONTH.	MEAN.
Jan'y.	28.3	July	68.0
Feb'y.	28.1	August	68.0
March	29.1	Sept.	68.0
April	30.1	Oct.	68.0
May	30.1	Nov.	68.0
June	60.0	Dec.	68.0

From this it will appear that Santa Fe is relatively warmer in winter and cooler in summer than other places having nearly the same annual temperature. Compare the difference between the coolest month and the warmest month for these places. In Santa Fe the monthly range is 39.7, in Detroit, 41.6; Albany, 41.6; Buffalo, 41.8; Portland, 41.6; New Haven, 43.7; North Platte, 52.3. We find that Santa Fe has the spring temperature of northern Illinois and Indiana, the summer temperature of northern Wisconsin and Michigan, the autumn temperature of Wisconsin and Michigan, and the winter temperature of central Illinois and Indiana. In other words, by staying in Santa Fe, the invalid gets the favorable summers that a resident of Springfield, Illinois, can get only by emigrating annually to Lake Superior.

There are some forty various points of view of the city of Santa Fe, and about the ancient city.
 The old adobe palace stands on the spot where the old Spanish palace had been erected shortly after 1605. That ancient structure was destroyed in 1680, and the present one was constructed between 1687 and 1716.
 The chapel of St. Francis, 1840, still the only Spanish chapel in Santa Fe. It still remains the oldest church in use in New Mexico.
 The walls of the old cathedral date in part from 1629, but the edifice proper is from the past century.
 Other points of interest to the tourist are: The Historical Society's rooms; the "Garita," the military quarters; chapel and cemetery of Our Lady of the Rosary; the church museum at the new cathedral, the archbishop's garden; church of Our Lady of Guadalupe with its rare old works of art; the soldiers' monument, monument to the Pioneer Path-Finder, Kit Carson, erected by the G. A. R. of New Mexico; St. Vincent's Hospital, conducted by the Sisters of Charity, and the Orphan's industrial school; the Indian training school; Loretto Academy; the chapel of Our Lady of Light; the Ramona Indian school; St. Catherine's Indian school.

THE LIGHT-SEEKER here may also take a vehicle and enjoy a day's outing with both pleasure and profit. The various spots of interest to be visited are Tesuque pueblo, taking in the divide route, Monument rock, up in picturesque Santa Fe canon; the Aztec mineral springs; Nambé pueblo; Agua Fria village; the turquoise mines; place of the assassination of Governor Perez; San Ildefonso pueblo, or the ancient cliff dwellings, beyond the Rio Grande.

THE MILITARY POST.
 At Santa Fe is the oldest military establishment on American soil, having been in almost continuous occupation since 1602 when the Spaniards first established here their base of operations. Old Fort Marcy was built by U. S. soldiers in 1808, and the new post was occupied a few years later. Appended is a roster of the present garrison at Fort Marcy:
 Headquarters Infantry
 Colonel E. P. Fanning
 Lt. Col. Simon Snyder
 Maj. K. W. Whittemore
 1st Lt. L. W. Littell, adj.
 1st Lt. E. H. Plummer
 2d Lt. J. M. Barrett
