-BRIEF WIRINGS-

Poaching Vessels on the Increase.
WASHINGTON, April 5.—The department of state is advised that at present there are seventy Canadian seal poachers in Behring sea against fifty one at this time last year.**Headlines Sentenced.**
DENVER, April 5.—James Hadley, ex-deputy city treasurer, and George Raymond, ex-deputy city auditor, who were recently found guilty of forgery in raising city warrants and checks, were each sentenced to five years imprisonment in the penitentiary.**On the Border.**
SAN ANTONIO, Texas, April 5.—The government yesterday discharged the Mexican scouts and guides employed during the Garza excitement for service on the border. There is considered no probability of their services being again required, though Garza is still at large.**Closing up the Details.**
WASHINGTON, April 5.—Blaine and Foster conferred with the president yesterday on the closed season of the Behring sea. Most of the day was devoted to the subject by the president. It is understood negotiations for the modus vivendi are nearing conclusion.**Minneapolis Election.**
MINNEAPOLIS, Wis., April 4.—The municipal election today is bringing on out a heavy vote, the total registration being over fifty thousand, or an increase of over seven thousand on last year. The total vote will probably equal that of a general election. Both sides have worked hard, but the heavy registration is admittedly in favor of the democracy.**Pueblo's Mining Exchange.**
PUEBLO, April 5.—The board of directors of the new mining exchange held its first meeting this afternoon, and arranged preliminary business matters looking to the opening at an early date. It has been decided to hold daily calls in the rotunda of the Central block. It is proposed to make the Ore and Metal Review the organ of the exchange, and change it into a daily.**Chicago Election.**
CHICAGO, April 4.—The aldermanic elections are in progress today. Thirty-four aldermen or one-half of the city council are to be elected. The Australian ballot system is being employed, and as a result there will be less partisan in casting votes than at any previous election in Chicago. Quite a number of the aldermanic candidates are under suspicion as having been more or less mixed up with the recent boot investigation.**Rhode Island.**
PROVIDENCE, R. I., April 5.—The state election campaign closes to-night amid much excitement. Ex-Speaker Reed and Gov. McKinley, in their several speeches have made some telling hits in favor of protection, and pointed out the prosperity that had ensued from its influence. Gov. McKinley, in an interview, said that he believed that the two presidential nominees would be Cleveland and Harrison. He said that Cleveland's strength was growing every day, and he did not believe that any other candidate would be heard of in the Chicago convention.**A Neutrality at Frisco.**
SAN FRANCISCO, April 5.—The Russian colony of this city is again by a tremendous sensation. The discovery has been made that a secret circle of anarchists have been for some time organized in this city. Within the last week, men have grown so bold as to threaten the lives of several persons suspected by them of being spies and secret agents of the czar. In one case spotters entered into a fiendish contrivance to use dynamite to accomplish the destruction of their supposed enemies.**The Philanthropist Coming.**
COLORADO SPRINGS, April 5.—It now seems settled that George W. Childs will

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been afflicted with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower. Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure."
G. G. GREEN, Sole Man'fr, Woodbury, N. J.

be present at the dedication of the Printer's home here. Mr. Barnett has received word from him to save a suite of rooms at the Antlers for himself and party of twelve. They will arrive on the 12th of May. On the 10th two trains, bearing 400 editors will arrive. Elaborate preparations for their entertainment are being made.**Few Women Voting.**
LEAVENWORTH, Kansas, April 4.—The municipal election is in progress today, but the women are taking less part in it than in previous years. This is probably due to the fact that it is not a mayor's election. The number of women voters registered is 1240 or five hundred less than last year. Of the total nearly five hundred are of the colored race. The others are school teachers interested in the school board elections, women suffragists, and friends or relatives of the candidates.**Mont's Departure.**
WASHINGTON, D. C., April 4.—The Chilean minister of the United States, Senor Montt, accompanied by his wife, said farewell to the capital today, and left for New York. He will sail for Europe tomorrow for Paris, and after a tour of the continent will proceed to Chile. Minister Montt having been elected a member of the new congress. During the past few days the minister and his wife have been overwhelmed with evidence of the general regret which is felt over their departure from Washington.**Art for the Starving.**
LONDON, April 4.—The twelfth annual picture exhibition of Whitechapel, which opened yesterday, has been rendered more or less famous by Jack the Ripper, and which is intended to inculcate a yearning for art among the demoralized residents of that locality, was formally opened today. The Archbishop of Canterbury delivered the opening address, and an oration vividly setting forth the advantages of the study of art to the poverty stricken and starving residents of the slums was delivered by the Rev. F. A. Barnett, rector of St. Jude's and Toy's Hall. At the conclusion of the formal ceremonies, the archbishop was entertained at a magnificent banquet by the property owners of the district.**In Three States.**
COVINGTON, Kas., April 5.—A terrible storm visited this locality yesterday. The wind was accompanied by hail and rain. Lightning struck the tall tower of the Episcopal church and tore the steeple to pieces. Windows were broken by hail and barns and out houses were overturned by the wind.**Lexington, Mo., April 5.**—This section was visited by a rain and hail storm yesterday. Hailstones were larger than marbles and fell so fast and thick that the ground was covered. The roof of the police court was broken and some panes of glass suffered. There was an average rain fall of one inch or more.**Cincinnati, O., April 5.**—Special report of a heavy hail storm at Wheeling, W. Va., about March 27th and St. Clairsville, Ohio. Enormous hailstones fell at Martin's Ferry. Electric lights were extinguished at St. Clairsville, and the town was left in darkness. Much damage to live stock is reported. The rain fell in torrents. Washouts of railroads are reported.**Are Awaiting Consideration.**
WASHINGTON, April 5.—The present is the slowest season of a congress within the memory of the oldest inhabitant. As a body, or as individuals, the existing houses of representatives is a failure. The committees are not only inactive, but are largely the result of the Democratic policy to hold down the appropriations until after the presidential election, but nevertheless there is quite an amount of business on the calendar waiting for the house to get a fit of industry. Among them are the following of western importance:**A bill to regulate mines and mining in the Indian territory; fixing the fees of jurors and witnesses in United States courts in certain states and territories; for the reclamation of the arid lands; for a military post at Santa Fe, N. M.; to admit New Mexico and Arizona as states; to aid Colorado to support a school of mines. All of these measures call for an appropriation.****Some idea of the size of the private calendar can be formed from the statement that it comprises over thirty pages, with most of the measures taking but one line for the title.****The Ronquillo Grant.**
The long-pending Ronquillo grant contest has just been decided in the U. S. circuit court at El Paso. The suit involved the validity of the Jose Ignacio grant, better known as the Ronquillo, embracing 2,345 square miles of mining, railroad, agricultural and public school lands located in Brewster, Jeff Davis and Presidio counties, Texas.**Complainant relied upon a recorded copy of a testimonio issued in 1832, when Texas was a part of Mexico, by Cesario Herrera, an alcalde, and a decree of the Chihuahua state congress which purported to have been passed by that body Sept. 25, 1834, in ratification of the original grant. A certified copy of this decree, in print, taken from the archives of the town of Santa Barbara, was offered in evidence. The defendants impeached the copy of the decree and Judge Maxey decided the case in their favor. He summed up his decision as follows: "First, that the alcalde was without power to make the grant; second, that congress of the state of Chihuahua never ratified the grant, and as a result of these conditions, a decree will be rendered dismissing the bill and adjudging costs to the defendants." The case will be taken up on appeal.**

THE WORLD'S FAIR MEDALS.

Pupils of the Various Schools Called to Meet at the Court House on Friday.

The appended correspondence is self-explanatory:
Mrs. R. J. Palen, Vice-President Advisory Board, World's Columbian Commission.
SANTA FE, N. M., April 4, '92.—Madam: This reply to Mrs. Bartlett's note of last inst. is, at her request, addressed to you. I am asked to approve of the school children and teachers assembling at the court house Friday, April 8, at 1:30 p. m. The lady managers propose to impress on the teachers and scholars that they are in earnest preparing for the Columbian fair; and especially to offer the inducement of medals to be awarded to schools, under certain conditions, for excelling in their appropriate work.
It is with the greatest pleasure that I, as superintendent, approve of the teachers and scholars assembling in answer to your call, at the place and time appointed.
I do not doubt that the directors, Rev. J. H. DeCourci and Mr. Victory, will allow their teachers to attend with the scholars. Wishing you all desirable success, I remain, madam, very respectfully,
P. J. SCHNEIDER,
County Superintendent.

It is hoped that all the children in Santa Fe county will take an interest in this meeting. Prizes and medals will be offered for different objects. The teachers are asked to bring their scholars, and children who are not in school are also invited to attend and gain some information on the subject of the Great World's Columbian Exhibition and its individual interest to each of them.
ELLEN J. PALEN,
Vice President.

TERRITORIAL TIPS.

Peaches in full bloom and prospects good for bountiful crop about Roswell.

Deming's Commercial club is now more than an assured fact, as it has already seventy shares subscribed for and still going.

Comr. Carter, of the general land office, says there is no necessity for another land office in New Mexico at present. Comr. Carter is correct.—Black Range.

It is reported that Messrs. Hadley and Van Wagenen contemplate the erection of a smelter in Deming, which will doubtless shut out the Cook's Peak ore here.—Deming Advance.

The great Jim Crow at Piedmont has made another strike that beats any of the great strikes that have been made in that district of strikes. The losers were sinking the shaft and at seventy feet uncovered a ten inch streak of ore that is simply immense.—Lordsburg Liberal.

Hon. A. A. Freeman, district judge, passed through town Wednesday, enroute home from Lincoln, where he has been holding the spring term of court. The judge reports a great deal of business accomplished in a short space of time, and the docket cleared of a large number of cases.—Roswell Register.

A forgery for a large sum was successfully carried out at Gallup last Saturday. The forged checks were cashed by Peter Knutson at the bank of commerce of this city. The checks were drawn by Teddy McMilligan, J. Wilkey and Patrick Mullen, and were for \$187, \$97 and \$54. The forgers escaped.—Albuquerque Citizen.

Fifty Hereford bulls have been shipped in and put on the N. A. N. ranch. The old bulls have been sold off and the cattle will be graded up as rapidly as possible. Scrub cattle have had their day on the range of Grant county. A number of horns are already well graded, and blooded bulls are being continually brought in.—Sentinel.

Prof. Blount used the pumping plant at the college for irrigating the campus Monday. The result was entirely satisfactory, the water supply being ample. Only a portion of the campus has been as yet planted. Grapes have been put out on the side hill, and ornamental trees along the avenue. The ground is all prepared for putting out fruit trees as soon as they arrive. When that will be in hard to tell, as at last accounts the nurseries were under snow.—Las Cruces Republican.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Stimmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficiency.

NEVER BEEN DISAPPOINTED.

As a general family remedy for all ailments, use nothing else, and have been and are being used in all the great hospitals of the world for the cure of all diseases of the stomach and bowels.
