-BRIEF WIRINGS-

Herbert Bismarck Will Marry.
BERLIN, May 10.—The emperor has telegraphed Count Herbert Bismarck at Plume, congratulating him upon his betrothal to the Countess Margaret Hoyne.

The Dates for the Three Fights.
NEW ORLEANS, La., May 10.—The Olympic club's big date is arranged as follows: The first affair will be between Fitzsimmons and Pritchard, on Monday night, September 5, McAniff and Myer Tuesday night and Sullivan and Corbett Wednesday night.

Negroes Will Leave.
MEMPHIS, Tenn., May 10.—The recent lynching of a colored man at Nashville has caused much bitter feeling among the negroes here, and a big exodus is threatened. The negroes are savage, and according to one of the ring leaders in the coming migration before June 12, 900 of them will be on the march to Oklahoma.

All Rain Records Broken.
FAIRCHILD, Mich., May 10.—The amount of rain which has fallen since the 24th instant has exceeded by far anything in the way of a deluge known for years. Oats fields or low lands are under water, and potato fields are flooded. If the water continues much longer all kinds of seed will rot.

Thousands of Starving Russians.
ST. PETERSBURG, May 10.—A dispatch from Kazan, the capital city of the province of that name, says: "The overflow of the unemployed from all parts of the province is collected here to the number of 17,000. These people are begging the means of subsistence, many of them are dying of starvation."

"A Million Dollar Congress."
WASHINGTON, May 10.—Democratic leaders were disturbed to-day by the publication of a table prepared by Representative Pettibone, of Pennsylvania, and approved by Chairman Holman, of the committee on appropriations, which showed that the present congress had fair to appropriate a greater sum than did the 51st congress.

Gila River Dam.
WASHINGTON, May 10.—The river and harbor bill has been approved by the house. The only changes of importance were: An increase from \$70,000 to \$100,000 for improving the Missouri river at Great Falls, Mont., and Sioux City, Iowa; \$10,000 for damming the Gila river near Yuma, A. T., and providing that in case where the secretary of war is not satisfied with the bids, or where contracts are not finished in the specified time, he could complete it otherwise than by contract.

Pass Around the Hat.
CHICAGO, Ill., May 10.—The World's Columbian exposition has run out of funds. It had May 4th a balance of \$1,012.29 to pay salaries, rent, etc., for the remainder of the fiscal year ending June 30. The monthly expenses amount average \$5,000, therefore it will have \$1,000 to pay off \$10,000 worth of debts. As congress made no appropriation for the next year there is a probability that the commission will have to go around begging for pocket money.

Boise Supporters.
COUNCIL BLUFFS, Iowa, May 10.—Delegates to the Democratic state convention, which will be in session here to-morrow, are coming in by every train. This afternoon a state association of Democratic clubs will be brought into existence at a convention which has been called for that purpose. Those prominent in the movement include Byron Webster, of Marshalltown, W. P. Connelley, of Iowa City; J. G. Garretson, of Keokuk; N. M. McCreary, of Cedar Rapids; A. M. Fink, of Carroll; L. M. Martin, of Des Moines, and P. L. Throp, of Mt. Pleasant.

The Tenth to Die.
CHICAGO, Ill., May 10.—The death of Patrick O'Sullivan again calls attention to

"August Flower"

How does he feel?—He feels cranky, and is constantly experimenting, dieting himself, adopting strange notions, and changing the cooking, the dishes, the hours, and manner of his eating—August Flower the Remedy.

How does he feel?—He feels at times a gnawing, voracious, insatiable appetite, wholly unaccountable, unnatural and unhealthy.—August Flower the Remedy.

How does he feel?—He feels no desire to go to the table and a grumbling, fault-finding, over-nicety about what is set before him when he is there—August Flower the Remedy.

How does he feel?—He feels after a spell of this abnormal appetite an utter abhorrence, loathing, and detestation of food; as if a mouthful would kill him—August Flower the Remedy.

How does he feel?—He has irregular bowels and peculiar stools—August Flower the Remedy.

the strange fatality among those connected with the Cronin murder case, he having been the tenth that has died since the trial ended. The others prominent in the trial now dead are: John F. Beegh; "Bob" Gibbons, who was shot by Capt. Schuetzler; Gannan, the bartender at Nolan's saloon; Pat Noonan, the liveryman; William Neenan, the saloon keeper; Peter McEneaney, Edward Spellman and the two Melny girls, who lived at Conklin's house.

May Keep Liquor Away.
CHICAGO, Ill., May 10.—If the opinion of the lawyers is sustained by the courts the Prohibitionists need circulate no more petitions to have the sale of intoxicating liquors at the World's fair prevented. W. C. Carlisle, attorney for the World's fair directors, and John P. Wilson, after carefully going over the Hyde Park code have reached the conclusion that under the present enactments no intoxicants can be sold at Midway Plaisance, as it would invalidate two contracts for valuable concessions which have been granted for space on the Plaisance.

Democratic Fight.
SALT LAKE, Utah, May 10.—A suit has been commenced by the Gentile Democratic territorial central committee against the committee of ex-Mormons. The Gentiles to determine which faction is legally entitled to call a territorial convention to elect delegates to the national Democratic convention at Chicago. The Gentile Democratic committee claims it was elected in 1888 for four years, and that its term of office has not yet expired, and for that reason it is the only committee having authority to call a convention. The Mormon Gentile faction claims that the committee elected in 1888 passed out of office when the division of the territory took place. The ablest lawyers in the territory have been engaged on both sides.

WHAT LAS VEGAS IS DOING.
A Little Chat with the Superintendent of Public Instruction on School Work.

In a little talk with Mr. Chavez, superintendent of public instruction in New Mexico, a scribbler for the New Mexican learned some readable facts to-day relative to the public school work at Las Vegas.

"The new school building at Las Vegas, erected at a cost of \$10,000," said Mr. Chavez, "is already proving inefficient. The enrollment has reached 250 and is constantly increasing. At first people seemed to entertain some doubt as to the success of a public school in this city, but now you can only hear expressions of approval and there is a unanimous sentiment in favor of expending a sufficient sum of money to satisfy all needs. A high school has already been established and the same will be extended next term with more teachers. Five teachers are now employed in charge of two grades and their salaries range from \$80 to \$85 per month and are making a very good showing in their work for the first year. A library and museum have been started and \$2,500 have so far been expended in furnishing and permanent improvements since last September.

"The fact is that all has been done that was needed to make a complete and comfortable public school. They have a piano on the upper floor and an organ on the lower floor to provide music for marching. They have a reading table with all the latest magazines of the day and current literature. The children of the most respected and influential citizens are attending the public schools. A great deal of the success in that city is due to the good sense of the members of the board of education in selecting the present superintendent. I suppose you would like to know something about him. I can tell you but little except that Prof. Doty is a young man of sterling qualities. He is 26 years of age, a graduate of the university of Wisconsin, which rank he received the degree of bachelor of letters and went at once into the profession as a teacher. Although a very young man he is a most successful instructor and has become endeared to the people of Las Vegas in a high degree and the board of education of that city deserves to be congratulated for their excellent choice. Arbor day was celebrated the other day in grand style by the public schools at Las Vegas and hundreds of choice trees were planted."

Dr. Duncan's Offer.
The Eagle has a proposition from Dr. Duncan, of Chicago, president of the American health resort association of the United States and Canada, to publish a pamphlet containing items of interest on the climate of New Mexico, including White Oaks, as compared with other points, including California. The data has been furnished to Dr. Duncan by a party who made a tour of various states and is now a resident of White Oaks. The pamphlet is to be distributed free and don't cost White Oaks a cent. Now let some dam-ask complexioned male brag and kick about this.—White Oaks Eagle.

Special Rates.
Tickets will be sold by the Santa Fe route on May 9 to 14 inclusive to the general assembly at Portland, Ore., in session May 19, to June 2, at \$66.50 for the round trip. Tickets are good going until May 19, with final limit of ninety days from date of sale. Stop over privileges allowed within these limits.

DECLINE TO CONTINUE.

Socorro County Ladies Quit World's Fair Work—Endorsing Mrs. Bartlett's Resignation.

Socorro, Chieftain: The regular monthly meeting of the Socorro county auxiliary committee, territorial World's fair board, was held in the rooms of the Commercial club, Tuesday, May 3, the full resident committee being present.

The meeting was called to order by the chairman and business was proceeded with. Letters were read from two of our members residing in outside districts. Bills were presented by the secretary and corresponding secretary for incidental expenses and were allowed.

The following resolutions were offered and unanimously carried:

Whereas, with feelings of the most profound regret we have learned of the resignation of Mrs. Clara L. Bartlett, our esteemed chief, and of the consequent interruption of the good work so happily commenced by her, and in which she had enlisted our services and assistance, therefore:

Resolved, That while we deeply deplore the causes which have led to the resignation of Mrs. Bartlett from the branch of the work in which we have been proud and happy to be counted among her assistants, yet, we feel that under existing circumstances she had no other course left her, and we heartily and sympathetically endorse her action.

Resolved, That in our opinion the work so skillfully planned and systematically inaugurated by Mrs. Bartlett to the success of which she has devoted so much of her valuable time and untiring energy, would have been carried to a successful conclusion that would have been highly creditable to the women of New Mexico, had it not been for the unfortunate circumstances which make it no longer possible for her or us to continue it, and we tender her our most earnest and heartfelt sympathy for the keen disappointment we so well know she suffers by reason of the interruption of the branch of her work at the time when it bore most promise of success.

A motion, presented by the chairman, was read and signed as below:

We, the undersigned, officers and members of the Socorro county auxiliary committee, territorial World's fair board, do hereby tend our resignation to Mrs. Bartlett, to take effect this 3d day of May, 1892.

Mrs. Wm. Watson, Chair.
Mrs. E. V. Cady, Vice-pres.
Mrs. J. W. Gentry, Secy.
Mrs. C. N. Blackwell, Corres.
Mrs. Thomas Baca.
Miss J. Robinson.

Letters received from Mrs. E. H. Pano, San Antonio, and Mrs. M. Conney, Abilene, also expressed the desire on the part of those ladies to resign. The other members of our committee are not heard from as yet, and it can not yet be known what they will wish to do. There being no further business the committee adjourned.

NEW MEXICO MINES.

Many prospectors are scouring the hills in Taos and Rio Arriba counties.

John O'Connor was in from Organ last Monday on business. He struck sufficient water in his well for all purposes.—Las Cruces Chronicle.

Maudslayi note: The Harborside shipped five car loads of ore last week. W. H. Patterson, the lessee, says they have a fine body of high grade ore.

The Graphic, under the management of W. H. Patterson, shipped during the month of April, 1,335 tons of ore. The mine looks well and may well see a greatly increased output.—Chieftain.

Several anxious creditors are asking what has become of Jonas Nelson? Fear is expressed that he is not at home, and they are taking out attachments against everything they can find.—Socorro Chieftain.

The new smelter is being rapidly pushed ahead, and the calciner is about completed. The capacity of the smelter is for forty tons per twenty-four hours. The smelter is situated near the twenty-stamp mill.—Kingston Shaft.

Socorro note: Judge I. S. Church is knocking out a car load of ore per day under his lease in the upper workings of the Graphic. He has a twelve foot level of pay ore. The judge contemplates sending "Lena and her colt to the World's fair if his lead holds out."

Cook's Peak is coming, or rather has already come, to the front as the great mining camp of southwest New Mexico. The variety of ores is quite an extraordinary one and it is extensive and valuable. In some of the shafts one man can knock down ore as fast as four or five men can take it to the surface.—Denning Headlight.

E. A. Schultz, the prominent merchant, was in the city on Monday on his way to El Paso with a shipment of ore from the celebrated Gold Gulch. Mr. Schultz has twenty tons in this shipment, and soon as it is worked, he expects to return with forty tons more from the same gulch. It is a mighty fine ore that will stand transportation from Morenci.—Lordsburg Liberator.

The first furnace and machinery for the Hillsboro smelter is at Lake Valley, and will probably arrive at its destination today. Manager Galle is now looking about him for the purchase of a second furnace, as the quantity of ore being mined and stocked for the smelter already promises to exceed the capacity of one furnace.—Advocate.

Ed. Felt's teams went out to the rail road this week with ten tons of concentrates from the Silver Monument con-

The New Mexican is the oldest newspaper in New Mexico. It is said to have been founded in the Territory and has a large and growing circulation among the intelligent and progressive people of the country.

TUESDAY, MAY 10.

Thus talk about nominating Chief Justice Fuller for president on the Democratic ticket is all talk. The chief justice weighs 110 pounds.

The Democratic leaders say congress shall adjourn on July 15 next. Congress may adjourn then and it may not; the chances are that it will not.

MAJOR WILLIAM WALKER, Republican candidate for governor of Missouri, is a fighter and a good one; the bourgeois will find this out before the campaign closes.

The Democratic territorial convention was compelled to make terms with Felix Martinez and the lawless San Miguel White Caps. The White Caps rule the roost of the territorial Democracy.

Mr. CLEVELAND's claim agents are very busy these fine May days; they claim he will be nominated on the first ballot and will be elected by an overwhelming majority; however claiming and rainbow chasing have not yet elected anybody.

It is hard indeed that the territorial insane asylum should be burdened with a man like ex-Chief Justice Long on the board of trustees. There is no way of getting rid of him it seems, and hence that institution and the paper insane of New Mexico must continue to suffer.

AND AGAIN it becomes the duty of the New Mexican to remind the White Cap Democracy of New Mexico, that this is a Republican year in New Mexico and that it is written in the stars that the White Cap Democracy, for the best interests of the people, is to be beaten.

THE NEW MEXICAN helped to down its illustrious (?) and sagacious (?) friend (?) Ross in his ambition to go to Chicago as a delegate from New Mexico. The New Mexican has much more influence with New Mexico Democrats than the ex-governor.

CLEVELAND's floor managers, Vilas and Dickinson, have done well for him in Michigan and Wisconsin in the Democratic conventions; but they can do no more for him and if he is nominated, both these states will give the Republican candidate for president their electoral votes.

SOME of the most populous counties in the territory were not represented at the Democratic territorial convention, except by proxies held by citizens of other counties; indeed it is well known that in several counties no primaries and no conventions were held, but that the bosses just manufactured proxies to order. And that is the way that howls fraud at the actions of Republican conventions.

The condition of our friend, the chairman of the Democratic territorial committee, Mr. William B. Childers, this morning while thinking over how the Ferguson convention and the White Caps beat him yesterday for chairman of the convention and in everything else he wanted, is as follows:

"He went like one,
 That hath been stung,
 And is now of course forlorn;
 A wretched sadler man,
 He rose the morn'g morn."

OS being informed of his own and Chairman Childers' defeat in the Democratic convention at Albuquerque on yesterday evening, ex-Gov. Ross is reported to have walked the streets of Deming, like a colossus, exclaiming, and that very melodramatically:

"I hate ingratitude more in men,
 Than lying, vainglory, babbling drunkenness,
 Or any taint of vice."

But then our dear friend should remember that there is no use in crying over spilled milk and that the White Cap bosses in league with another soulless Democratic faction defeated him, and that with mighty little ceremony.

A REMARKABLE REGION.

Give the farmers of the Rocky mountain valleys a direct railway outlet to the gulf ports of Texas, and no farming community in the west can compete with

them in producing breadstuffs for the export trade.
 Running along up through the mountains, between the Arkansas river on the north and the Pecos on the south, are a succession of spacious, fertile valleys, which, when they shall have been linked one to another by rail, will comprise the granary of the whole southwest. By reference to the map it will be seen that, beginning at Pueblo, Colo., and moving south toward the Gulf of Mexico harbors, we encounter the Arkansas, Wet mountain, St. Louis, upper Rio Grande, Taos, Santa Cruz, Pajarito, Tesuque, Santa Fe, Galisteo, Manzano, Bonito and the Pecos valleys. All these are not only well settled at present with a thrifty population, but they have such facilities in point of fertility of soil, abundance of water for irrigation purposes, a superior climate, and already possess an exceptionally good home market. Skirting these several valleys are mountains containing all the precious and useful minerals; gold, silver, copper, lead, coal, iron, petroleum, salt, soda, gypsum, building stone, marble and mica. Again thousands of acres of virgin forests yielding the best of lumber are near at hand, covering the several approaches to these valleys, while last, but by no means least, is the range live stock industry which flourishes from one end to the other of this region, and yields business for transport not only in the way of beef and mutton, but hides, pelts and wool in quantities not to be overlooked.

Here is a combination of natural resources not to other region of country on the continent can boast of. Open it with a north and south line of railway from Pueblo to El Paso and Eddy, via, Creede, Santa Fe, Cerrillos and White Oaks, and its prosperity would be instantaneous and everlasting. A great deal is being said just at present about a north and south line of road through New Mexico and southern Colorado at this time, but if any such road is built it will probably be over the route above indicated.

TERRITORIAL PRESS COMMENTS.

Deeply Regrets Mrs. Bartlett's Resignation.

The Argus deeply regrets the resignation of Mrs. Cora L. Bartlett, as one of New Mexico's World's fair managers. She has done more to arouse the people of New Mexico to the importance of having a good exhibit, than all the remainder of the committee. This paper agrees with the Black Range, when it says: "While Mrs. Bartlett may cease to be a member of the territorial alliance, the excellent work that she has so earnestly performed while chairman of the alliance, will hold her good name to the public, high above those of her associates who rebelled and belied her faithful work."—Eddy Argus.

In Hard Lines.

Something has got to be done, or it is dollars to cents that New Mexico will have no exhibit at the great show next year, and as it is, the time is too short to collect the exhibit that should be made. Socorro county has got to raise the funds for her own and has got to collect it, or it will not be done, and when it is collected, it is not definitely known who will exhibit it at Chicago. The World's fair business seems to have fallen into hard lines. Most of the time is gone, nothing done and the money spent. We hope to see the citizens of this county take the matter in hand and see to it that Socorro county has an exhibit that will do her justice. It can be done, and should be done. Will the people act?—Socorro Chieftain.

They Are Upheld by all Good People.

In another part of this paper will be found a full report of the doings of the ladies auxiliary committee for the county of Socorro at their last meeting. They have closed up the affairs of the committee, passed resolutions endorsing Mrs. Cora L. Bartlett, their chief, and resigned in a body. This is exactly as it should be. The ladies of Socorro have done right, and are upheld by every lady and gentleman in this county. We are sorry this had to be done; yet no one is to blame for it but the gentlemen who composed the board of World's fair commissioners for New Mexico, and did they have half the intelligence or spirit of the ladies of this territory, they would learn a lesson from their action and not stand in the way of New Mexico's success at the World's fair, but would resign in a body.—Socorro Chieftain.

New Mexico at the Fair.

W. H. H. Llewellyn, secretary of the World's Columbian exposition, New Mexico, writes, under date of April 30, to Mrs. H. B. Ferguson, ex-chairman of the auxiliary to the World's fair in Bernalillo county, which auxiliary recently resigned in a body: "With reference to Mrs. Bartlett, I heartily agree with the statements contained in your letter and did all that I could at the meeting of the board to prevent the attempted resignation of the committee in San Miguel county, and sincerely trust that Mrs. Bartlett will withdraw her resignation and continue the work, even now."

These are manly words of justice to Mrs. Bartlett, and Major Llewellyn—their in a hopeless minority at that meeting—will find he has the support of the very best element of New Mexico, not only in Bernalillo and Santa Fe counties where Cora L. Bartlett is widely known and universally respected, but throughout the territory.

Her appointment by Richard Mansfield White as lady manager is not affected by her retiring from the territorial board, neither her position on the national executive committee nor her office of

president of the territorial alliance vacated. She is now working on the special exhibits from the various counties, also on her grand idea of a relief model of the territory. She has been in San Juan county and addressed the commissioners there who in response to her appeal at once appropriated the \$100 asked for from each county. Llewellyn county appropriated its quota, a number of others have responded, and should the amount, \$1,000, be raised, the credit of it will belong to her.
 The territorial alliance seems to be a stumbling block in the way of a clear comprehension of affairs. It is simply a confederation of the five territories for certain, defined purposes, and of this federation Mrs. Bartlett is president. The Llewellyn Record shows the most lamentable ignorance in the matter of any other journal or person and "goes off at half cock" in its wild desire to boost other people. The whole matter now rests with the territorial board. These gentlemen thoroughly understand the situation, know the value of Mrs. Bartlett's services to New Mexico and what is due her. Major Llewellyn shows that he is ready to support her by his vote and influence and the Times sincerely hopes that at the next meeting, everything will be so ordered that this able, energetic and intelligent woman can continue her work. Her's the work that will show what New Mexico is. Old clothes, relics, etc., etc., all well enough in their place, but the trails of money at the disposal of the board, and every dollar that can be raised by the general public, should go toward demonstrating what we are capable of doing and having. We can not afford to indulge in sentiment and send off a lot of useless museum antiquities and neglect our opportunity to bring to the notice of the great outside world the accomplished and the possible.—Albuquerque Times.

Notice of Award.

To Whom It May Concern: Notice is hereby given that under and by virtue of the powers in me vested by certain trust agreements, wherein the signers of said agreements released their several claims against the Texas, Santa Fe & Northern Railroad company and agreed to assert their claims against a certain trust, fund in my hands, as trustee, I hereby make this my award as follows:

First. I find that Orman & Crook are entitled, by virtue of their mechanics lien, to a first lien against said fund in the sum of twenty-two thousand, five hundred and forty-eight dollars and seven cents (\$22,548.07), with accumulated interest in that amount of bonds.

Second. That Saxton & Browne, or their assigns, are entitled, by virtue of their mechanics lien, to a second lien on said fund in the sum of two thousand, three hundred and twenty-one dollars (\$2,321.00), with accumulated interest in that amount of bonds.

Third. That the first mortgage bonds of the said road are a third lien upon said fund and that the holders of bonds who asserted their claims against this fund are entitled to receive, in bonds, amounts respectively equal to one-third of the amount deposited by them, that is to say, they are entitled to receive one-third of a bond for each bond so surrendered, with accumulated interest.

All other claims, being subsequent to this class of claims can not be considered as liens.
 For my views in full upon each of the several classes of claims and their precedence those interested are referred to an opinion filed with the clerk of the said District Court.

GEORGE C. PRESTON, Trustee.

Notice to the Public and All Persons Interested in the Proposed White Oaks Park Reservation at White Oaks.

In pursuance of the instructions of the commissioner of the general land office, the undersigned has made a personal inspection of the lands and country comprising the drainage both to the north and west of Carrizo and Pajarito mountains in the vicinity of White Oaks and has decided to recommend to the honorable commissioner, that not only the land sloping to the north and westward of Carrizo and Pajarito mountains but also those lands on the mesa and sloping to the southward and furnishing a watershed and running into a common channel and arroyo basin descending to the westward towards the plains to the west of the Carrizo mountains be comprised within the limits of said reservation.

The preservation of the timber slopes to the southward of the mountains are essential to the preservation of such limited water supply and springs as may be utilized for agricultural or mining industries that may be developed in the future.

The lands embraced in the proposed White Oaks reservation are described as follows:—Secs. 12, 13, 24, 25, and 36 T. 6 S., R. 12 E.

Also Secs. 1, 12, 13, 24, 25, and 36 T. 7 S., R. 12 E.

Also Secs. 7, 8, 9, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 31, 32, 33, 34, and 35, T. 6 S., R. 13 E.

Also Secs. 4, 5, 6, 7, 8, 9, 16, 17, 18, 19, 20, 21, 22, 23, 30, 31, 32, 33, 34, and 35, T. 7 S., R. 13 E.

Also Secs. 2, 3, 4, 5, 6, 7, 8, and 9 T. 8 S., R. 13 E.

Recommendation will be made that no restrictions be placed on mining for coal, minerals or development of water supplies within the boundaries of the proposed reservation. The restrictions will only apply to the cutting or removal of forest trees on the proposed reservation. The object of this publication is to give timely notice of the proposed reservation in order that all persons who favor or oppose its establishment may have opportunity to submit their views to the honorable commissioner of the general land office by petition or otherwise for the purpose of having the same considered prior to final establishment of such reservation.

Objections to the proposed reservation may be forwarded to the undersigned, special agent of the general land office, at Santa Fe, N. M., for transmission to the honorable commissioner of the general land office.
 A. McKINNEY,
 Special Agent G. L. O.

Patronize the NEW MEXICAN for all sorts of fine and cheap job printing; large and best printing and book binding establishment in the territory.

WHY IS THE W. L. DOUGLAS \$3 SHOE FOR GENTLEMEN THE BEST SHOE IN THE WORLD FOR THE MONEY?
 It is a simple shoe, with no tacks or wax thread to hurt the feet, made of the best fine calf, and easy, and because we make more shoes of this grade than any other manufacturer, it equals hand-sewed shoes costing from \$10 to \$20.
\$5.00 Hand-sewed, the finest calf, imported shoes costing from \$10 to \$20.

 TAKE NO SUBSTITUTE.
 Look on local advertised dealers supplying you, W. L. DOUGLAS, Brockton, Mass., and J. C. Schumann.

A Tonic and A Pleasure:

That's the happy combination found in

Hires' Root Beer

You drink it for pleasure, and get physical benefit. A wholesome, refreshing, appetizing, thirst quenching drink.

One package makes five gallons.

Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it is false. No imitation is as good as the genuine Hires'.

LYON & HEALY,
 124 to 130 South Second Street,
 Will sell you their newly patented
 Hires' Root Beer, in bulk or
 in bottles, and will also supply
 you with the Hires' Root Beer
 bottles, and the Hires' Root Beer
 labels, and the Hires' Root Beer
 signs, and the Hires' Root Beer
 and a limited list of other goods.

WALL PAPER FREE

Samples and directions how to hang and clean paper sent free of charge to all who request them.
 We have the largest stock in the country to select from at all prices. Painters and Paper Hangers trade solicited.

 DENVER, COLO.
 BOX 2401.

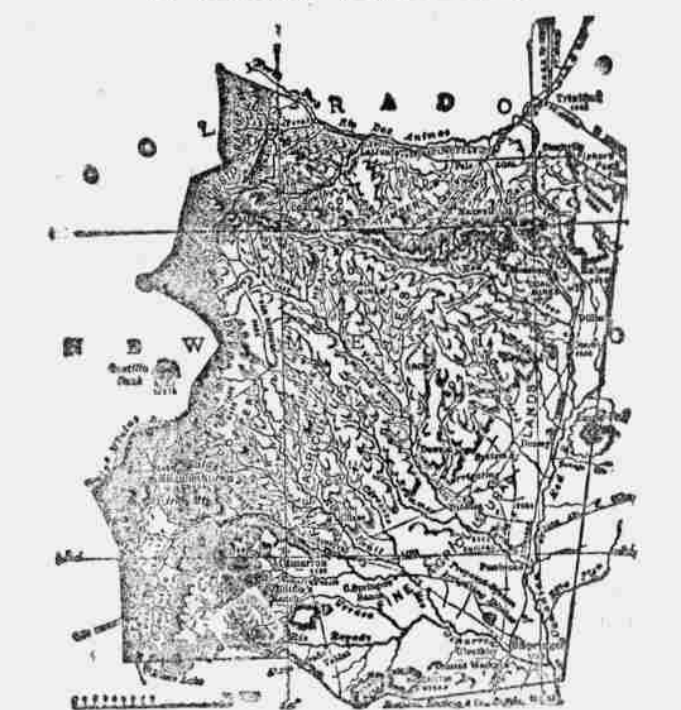

BURLINGTON'S NEW FAST TRAIN.

Only 28 hours—Denver to Chicago—Under its new summer schedule the Burlington route is enabled to offer increased facilities in train service and fast time from Denver eastward.
 Train No. 6, "The Chicago Special," leaves Denver daily at 9:00 a. m., reaching Omaha at 11:40 the same evening and Chicago at 2:15 the next afternoon, making the run—Denver to Chicago—in 28 hours and only one night on the road.
 This train also has through Pullman sleepers for Kansas City and St. Louis, making quicker time than any other line.
 Train No. 2, popularly known as "The Flyer," continues to leave Denver as formerly at 8:20 p. m., reaching St. Louis at 7:10 and Chicago at 8:00 the second morning.
 Both of these trains consist of vestibuled Pullman sleepers, chair cars and diners, serving all meals en route. For full information, tickets and sleeping berths, call on local ticket agents, or address G. W. Valley, General Agent 1,700 Larimer Street, Denver.

THE MAXWELL LAND GRANT Farm Lands! UNDER IRRIGATING DITCHES.

Choice Mountain Valley and Lands near the Foot Hills

FOR SALE

For the irrigation of the prairie and valleys between Raton and Springer one hundred miles of large 32' water canals have been built, or are under construction, with water for 35,000 acres of land. These lands with perpetual water rights will be sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.
 In addition to the above there are 1,400,000 acres of land for sale, consisting mostly of agricultural lands.
 The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.
 The A. T. & S. F. railroad and the D. T. & Fort Worth railroad cross this property, and other roads will soon follow.
 Those wishing to view the lands can secure special rates on the railroads, and will have a rebate also on the same if they should buy 100 acres or more of land.

Warranty Deeds Given

For full particulars apply to
