BRYAN BOASTS OF SURVIVING POLITICAL FUNERAL

Calls Himself Living Example of One Who Has Survived Most Venomous Attacks of Republican Opponents.

FAST ASSEMBLAGE HEARS PEERLESS ONE IN IOWA

Heaps Ridicule on Republicans Charging Them With Taking Credit for the Blessings of Providence.

(By Morning Journal Special Leased Wire)

Color Radio, Ia., Oct. 6.—Bryan, who has survived the venomous attacks of his opponents. You heard me say a fortnight ago that I was not dead. I saw them bury me and you saw them chant their songs over my grave. Now they have to explain why it happened and I was not dead. With all the fever that he could muster Mr. W. J. Bryan, facing a vast assembly in the Chautauque auditorium between Tama and Toledo in this state today delivered himself of this utterance. At no time during the present campaign has he spoken so earnestly or with such vigor. His remarks followed a bitter denunciation of Mr. Taft for refusing to agree to a prohibition of campaign contributions before election. Now, honest men and no political party countenancing an honest campaign," he declared, "must be afraid of the light."

At Woodward heaped ridicule on the republicans by charging them with taking credit for the growth of crops, the shining of the sun and the bringing of rain. In fact, he said, "they seize upon anything that they think gives a plausible excuse for voting the republican ticket."

At Maxwell he compared the granting of special privileges to a case of "poison in the human system." "There has been a poison at work in our politics," he declared, "and today its manifestations are such that I believe the American people are ready to apply the remedy, and that poison is the poison of privilege, the poison of favoritism. Our government has been run too largely in the interest of the favored few."

Becoming larger, cheering crowds all day in the course of his travels through the state, the democratic candidate, never in better form, hurled defiance at his opponents and challenged them to meet his arguments. Fifteen speeches and handshaking with thousands constituted his day's work, the concluding speech being made here tonight in the auditorium, which was filled to overflowing. Previous to going to the hall he was surrounded by the hotel and addressed a throng from the balcony. The keynote of his remarks here tonight was that republican policies meant disaster, while democratic policies meant progress, on this subject he said:

"The democratic party is absolutely necessary to restore prosperity. The republican party has had its chance and it has failed. We are now in the midst of a depression for which no artificial conditions furnish an excuse. Artificial conditions are responsible for the present prostration and those artificial conditions originated in republican policies. The nation's fullness for the five months ending September 20, 1907, was \$1,147,700,000. It means that if the assets are worth no more the amount of which they are placed, 1907, will not be a year of \$1,000,000,000 to amount for. This depression has come at a time when crops are unusually good and when cotton has not withered. See, it comes when the republicans are in power. They have a present when they alone in their plat-

ANOTHER GREAT CROWD OUT FOR AFTERNOON PROGRAM AT THE EXPOSITION

Amusement Program Grows Better and Stronger as the Week Advances and Best Attractions of the Week Are Set for Last Three Days; Today Is Derby Day; Tomorrow the Glorietta Stake Race; Friday, Roman Races and the Monkey Drill.

SATURDAY WILL WIND UP WITH A GREAT WILD WEST SHOW

With a fairly good picnic place, with a baseball game, with the Indians and relay races and running races and a bit of broncho busting thrown in, the crowd that jammed the fair grounds showed yesterday afternoon gave every indication of having a good time. The fair grounds are increasing as the week progresses. Monday's crowd established a new record for the twenty-eight years of the fair and while yesterday's crowd was a very little smaller in actual gate, it was big enough to make the management smile and it seemed to be pleased. In addition to the crowded stand the exhibit buildings, the livestock shows and the grounds were fairly well filled all day and the rest of the week promises to draw larger attendances for each day since the sporting program grows stronger every day until the end.

This afternoon the traveling men, after their parade in the morning, will pull off a baseball game. The knights of the sun will be in costume and the sun will be in costume and from the field the six hundred soldiers of the regular army have assembled here, reinforced by the sheriff's office force and the New Mexico mounted rangers.

The chief sporting event of the day is the Albuquerque derby with its purse of \$400, and a lively interest among backers of the six starters. The infants will give an exhibition still including the Bulls' exhibition of some to music by the regimental band, while the Navajos will perform and two relay races, each good for \$150, will go.

Tonight the second fireworks show will be given, including a reproduction of the Klondike battle, done in fire on the same scale as the exhibition on Monday night.

Tomorrow the Glorietta stake race, good for \$1,000, and placed on the free-for-all basis, will be the chief racing event. There will be a baseball game and all of the customary features and a parade of the livestock now on exhibition following the first sale in the morning.

Friday's feature at the grounds will be the famous monkey drill in the cavalrymen and the exhibition Roman race, the most interesting event of last year's fair and for which the crowds have been clamoring. The Roman race is a dangerous stunt and the cavalrymen who ride are not only expert horsemen, about fifteen cent-

MULTITUDE CHEERS THE CANDIDATE AT ST. LOUIS

Thousand Strangers Made a Journey From Outside Points for Privilege of Seeing William Bryan.

(By Morning Journal Special Leased Wire)

St. Louis, Mo., Oct. 6.—With a whole-hearted and enthusiastic reception, William Bryan, democratic candidate for president, was met at the depot here by a large crowd of his supporters. The candidate, who is in excellent health, was met by a large crowd of his supporters. The candidate, who is in excellent health, was met by a large crowd of his supporters.

The plan for an evening reception to the candidate at the Exposition here was carried out in the most successful manner. A large crowd of his supporters gathered at the Exposition here. The candidate, who is in excellent health, was met by a large crowd of his supporters.

O'Brien Again on the Job. Public Oct. 7.—Thomas J. O'Brien, American ambassador, who has been in the United States on a leave of absence, returned to his post of duty today, arriving in Tokyo at 5 o'clock this morning.

Official Program For To-Day.

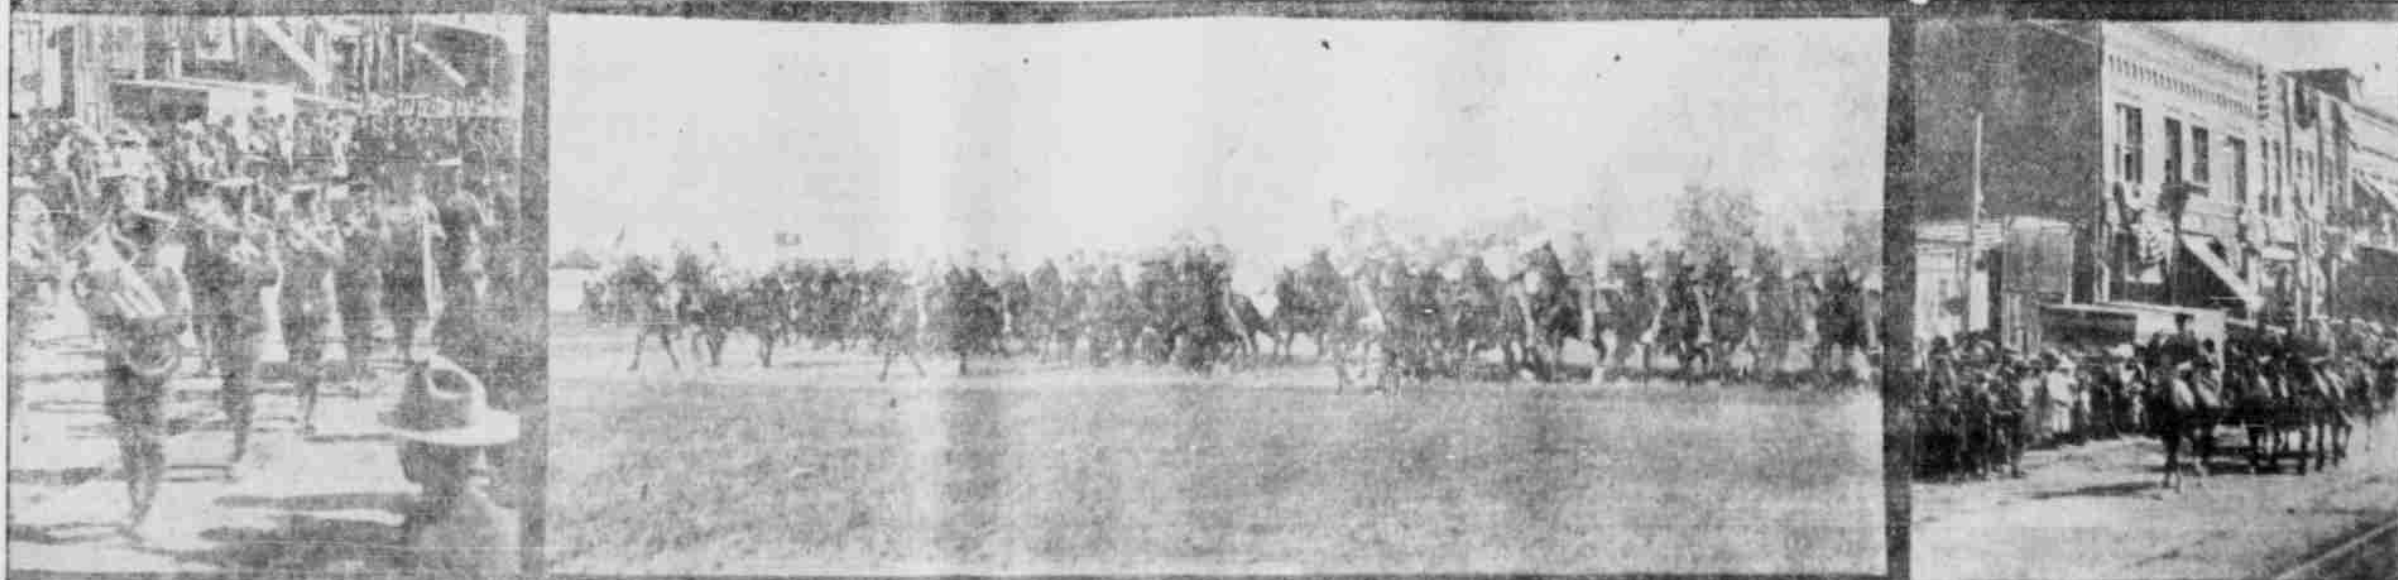

WEDNESDAY—TRAVELING MEN'S DAY.
9:30 a. m.—Exposition grounds open.
10:30 a. m.—Street parade by Northwestern Traveling Men's association.
11:30 a. m.—St. Louis, Mo., the national capital of the traveling men's association.
1:30 p. m.—St. Louis, Mo., the national capital of the traveling men's association.
2:30 p. m.—St. Louis, Mo., the national capital of the traveling men's association.
3:30 p. m.—St. Louis, Mo., the national capital of the traveling men's association.
4:30 p. m.—St. Louis, Mo., the national capital of the traveling men's association.

NOTICE
All the banks of the city of Albuquerque will close at 12 o'clock, noon, from now until the close of the exposition. Persons with business to transact are requested to call by the morning until next Monday.

The Big Mineral Exhibit From Cochise County, Arizona, and Sonora, Mexico, and Frank Gerhart, of Douglas, Who Brought Them Here.

BEAMAN CLAIMS VICTORY OVER FORESTRY SERVICE

Colorado Man Declares Resolutions Adopted by the Irrigation Congress Constitute a Big Winning for Opponents of the Pinchot Policies; a Letter From Judge Beaman and a Word From Mr. Pinchot.

That the fight started against the irrigation service has been won, the irrigation congress in Albuquerque has declared. Judge D. C. Beaman, of Colorado, is the champion of the irrigation service, and his opponent is Mr. G. B. Pinchot, of the United States Forest Service.

Denver, Oct. 6.—The irrigation congress, held here today, has adopted resolutions which are a big victory for the irrigation service, and a big defeat for the Pinchot policies.

It was not until the irrigation congress had adopted its resolutions, that the irrigation service was declared victorious.

Pinchot's plan, which is to have the irrigation service, is a big victory for the irrigation service, and a big defeat for the Pinchot policies.

THE TOLEDO SPRINGLESS AUTOMATIC SCALE

SUPERVISOR MAKES REPLY

Denies That Charge for Wood Hauled From Manzano Forest to Albuquerque Is a Hardship on the Wood Haulers.

The Morning Journal cheerfully publishes the following letter from Mr. A. D. Read, acting supervisor of the Manzano national forest, in which Mr. Read takes exception to statements concerning the administration of this forest recently made in an editorial in this newspaper.

United States Department of Agriculture, Forest Service, Albuquerque, N. M., Oct. 6, 1908.

Editor Albuquerque Morning Journal, City.

Dear Sir:—

I would like to call your attention to one of two misstatements which were made in your editorial this morning on the forest service.

You stated that the forest service is charging a price for the wood hauled from the Manzano forest to Albuquerque, which is a hardship on the wood haulers.

The fact is that the forest service is not charging a price for the wood hauled from the Manzano forest to Albuquerque, and that the wood haulers are not being paid for the wood hauled from the Manzano forest to Albuquerque.

SMALL FIRES KEEP DEPARTMENT BUSY

Gasoline Explosion Wipes Out Chili Stand; Incendiary Blaze on South Second Street.

Two small fires, which broke out on the North Second street and Highland fire departments last night, kept the fire department busy.

The first fire occurred at the corner of Fourth street and Central avenue. The explosion of a gasoline stove caused the fire. A large crowd gathered to see the fire.

The second fire occurred at 11 o'clock and was a small fire in an outbuilding in the rear of the Majestic theatre. According to James Henderson, of the Singer Sewing Machine company, the blaze was started by two men, whom he caught in the act of touching a match to a pile of rags and trash near the fence adjoining the outhouse. The men made their escape before Henderson could get a good look at them. The Highland department made quick runs to both fires. At the second blaze, the High-

THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balm sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and merey knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep. Vinol is sold in Albuquerque by J. H. O'Reilly Co. Druggists.

Women Who Wear Well.

It is astonishing how great a change a few years of married life makes in the appearance and disposition of young women. The freckles, the charm, the brilliant hair like the bloom from a peach which is rarely blemished. The woman is only a shadow, a faint echo of the charming maiden. There are two reasons for this change. Ignorance and neglect. Few young women appreciate the change which comes with marriage and motherhood. Many neglect to do it in the simplest and most effective way.

The many uses of Gold Dust

If you were to use for each kind of washing, cleaning, scouring and scrubbing, one of the so-called special preparations which are made, you would have an imposing and expensive array of chemicals, washing compounds, cleaning pastes, etc.

There is one cleaner that can take the place of them all, and without the need of borax, ammonia, kerosene or naphtha, and that is Gold Dust.

OPEN DAY AND NIGHT. THE FASHION CASE.

Norfolk, Mass., Oct. 2.—Yale retained all the title of its 1906 team champion by defeating the Intercollegiate Golf Association by defeating Harvard 14 to 9 today in the links of the Brook Farm Country club.

In the singles Yale won from Harvard this morning 2 to 6. In the afternoon four sets were played, Yale scoring 3 to Harvard's 2.

OVER TWO THOUSAND MACHINES FOR THE CROP

ENORMOUS HARVEST OF WHEAT IN NORTHWEST

Sixty Thousand Men Work at Garnering Sixty Million Bushels of Golden Grain in Washington, Oregon and Idaho.

(Special Correspondence to Morning Journal)
Spokane, Wash., Oct. 7.—Twenty-two hundred and fifty combined harvesting machines, operated by steam, gasoline, horses and mules, and 60,000 men were employed to garner the wheat crop estimated at 60,000,000 bushels in Washington, Oregon and Idaho, during the season just closed. The value of the crop is placed at from \$15,000,000 to \$20,000,000. The machines cut about 100,000 acres of the field, and on this it is estimated there was a saving of one-half a bushel and two bushels of waste grain the acre, adding nearly \$2,000,000 to the revenue of the producers. The men were paid \$4,000,000 in wages, the average cost of saving the crop being twenty cents a bushel, exclusive of bags and twine to be weighed. The harvesters established a new record this year in saving the crop in the three states, as never before were the wheat belts stripped of their staple of grain in such short time. The farmers had the most efficient help in years and at the time were they obliged to suspend or even curtail operations because of shortage. The average earning of each man was \$100 for the season, and the average amount of grain harvested by him was 1,000 bushels, while the average thrashing crew of four men headed, stacked and threshed 2,000 bushels a day. The average yield was a little more than twenty bushels the acre, while individual fields report as high as 12 bushels.

Ranchers in twelve counties in eastern Washington, including the Big Bend and the Palouse belts, harvested about 14,000,000 bushels. The grain was about normal in the Big Bend country and in the Palouse country the average yield was nearly thirty bushels the acre, and most of it is hard and clean and of good milling grade, and with the crop is smaller than in 1907, the bumper season in the history of the northwest, the farmers have a greater net profit. This season, as prices are better and it cost less to garner the crop. The loss in which the grain was marketed is very slight. The average price of wheat has not been under 24 cents and has been up to 28 cents, and there are many who believe it will reach the dollar mark before the end of the year.

A farm of 700 acres may be taken as a unit upon which to base calculations. Under the ordinary methods on a ranch of this size the labor of six men was required throughout the harvest season. The yield was 10,000 bushels, for which the farmer received about \$14,000 at present prices. After paying the bills he will have a small bank account left, and will have no time in preparing to seed the land for a crop in 1909.

The labor problem has been a serious one with farmers all over the grain belt in recent years. The harvesters, coming from practically all parts of the continent, were without food to eat, ready to quit, even at the drop of a hat, and eager to find time to grow, and up to the marketing point. On the other hand, the farmer, with his help long needed, and the old adage of "you don't need blankets, you're a jockey" was repeated in fact.

However, the working hours were shorter, the conditions much better, the class of men more steady and conscientious and the feeling between them and the farmers was much more friendly. This condition has not brought about by the free grading of the grain, as it is established last year, or by any other unusual conditions except that these men have been less called for in the ordinary harvest circles, and the harvest fields of food opportunities for high wages and a month or two of outdoor life.

An element entering into the labor problem this season was the change in the method of harvesting grain, generally over the northwest. In fact wheat harvesting has been suggested to the most marked evolution of any of the modes of work on the farm. Following the softening process with the header and the self-binder. The header fields were headed readily with the header, but the use of grain was considerable. During the harvest of 1907, a farmer of the name of George Delaney, operating in the Walla Walla county, brought a combined harvester to an effort to save expense and secure the grain from the land. It was successful and it was service until 1907, when it was suggested to the harvester.

From that time the system of harvesting changed rapidly, and today there are 2,250 combined harvesters in operation in Washington, Oregon and Idaho, and there are some in Montana and British Columbia. With a combined machine four men will cut 100 acres during a season. In the use with header and binder, the combined labor of seven men would be required to do the same task. With the aid of combined harvesters, the crop of the inland empire could have been harvested by 1,000 men.

The prospect of the presence in the northwest is plainly evident at the banks. Now and then a man is being taken up in the night, and many are either buying or building homes in towns or making extensive improvements on their farms. Two months or more of good weather may be expected before the snow begins and during that time many

of the farm houses will be replaced by more pretentious structures and many more barns will be erected and machinery installed on farms in various parts of the north and west.

Another thing which bears out the claim of prosperity among the farmers is the number of trucks for the banks and the decrease in demand for money. Bankers say that when the crop is finally disposed of, most of the farmers will be entirely free from debts. There is more surplus money than at any other time in the country's history.

The demand for money is such that the grain is loaded and shipped as rapidly as it is received from the fields to the railroad cars and the money is being paid out in drafts on the commercial banks to pay the growers. In some cases the grain is being taken from the farmers' wagons and loaded into cars. There is no shortage of cars so far and there is no shortage of money to be paid to the farmers.

SECRETARY JAFFA TO LEAD THE PARADE.

(Continued from Page 9, Column 5.)

Southwestern traveling men, mostly fully and partially equipped, were also about the city, from whom the parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

Everything has been made ready for the parade, and the parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

Every man, woman and child in the city will be out to see the parade. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

When the parade is over, the city will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest. The parade will be a sort of review of the business of the northwest.

Delegates to the Imperial Congress are invited before returning home to visit

San Francisco California

The "Wonder City of the Century"

Hotel accommodations are now available. Write your reservation to the

Fairmont Hotel

The Scenic Hotel of the World

Superbly situated, overlooking the Bay of San Francisco, and the City, magnificently appointed, perfectly served.

Accommodations for 1,000 guests.

Every room an outside room.

Every room has attached bath.

European plan.

Single room \$2.50, double \$3.50, \$4.50, \$5.50, \$6.50, \$7.50, \$8.50, \$9.50, \$10.50, \$11.50, \$12.50, \$13.50, \$14.50, \$15.50, \$16.50, \$17.50, \$18.50, \$19.50, \$20.50, \$21.50, \$22.50, will be here a few days to take in the fair.

Archibald Chapman, of the Chapman Mercantile company of Bluewater, N. M., is here attending the fair.

Mr. and Mrs. John W. Carlett and Mr. and Mrs. J. P. Doolittle, of Mount Carmel, are spending the week in the city.

Wallace Henselken, manager of the Superior Printing Mill and Lumber company, left last night on a business trip to Arizona.

Have your cards printed by The Journal Publishing company. Unsurpassed facilities, all styles, prompt delivery.

H. W. Quinlan and J. H. Coons of Pueblo are spending the last days of the exposition and fair in Albuquerque.

Morey Field, who has been in the employ of the L. B. Putney company at the James Pueblo store, has returned to this city.

Mrs. George Seelover and children, of Las Vegas, are in the city visiting with Mr. and Mrs. S. B. Coon, of 216 West Hazeltine avenue.

Mr. and Mrs. Wiley Wolcott of Las Vegas are in the city for a few days, the guest of Mr. and Mrs. Sam Livingston, of 609 South Second street.

A. B. Bennett, of Terra Haute, Ind., president of the Southwestern Lead and Coal company, with mines in the Caballo mountains near Engle, is in the city.

Frank Gerhart, secretary of the Douglas Chamber of Commerce, who brought the Cochise county mining exhibit here from Arizona, left for his home last night.

Mr. and Mrs. E. Francis returned to their home in Berkeley last night after spending a week in Albuquerque visiting relatives. Mr. Francis is a merchant at Berkeley.

Owen A. Kane, Santa Fe operator at Laguna, returned home last night after spending a couple of days at the fair and taking part in the Knights of Columbus celebration.

Max Levy, of the Levy Brothers stock brokerage office of Denver, is in the city visiting friends. Mr. Levy was formerly in the brokerage business here, moving to Denver a year ago.

Rather than return what Navajo blankets I have in stock and pay freight charges on them back to the reservation I am going to sell them from at cost. E. Strumquist, 412 West Central avenue.

COME SEE THE EFFECT OF ONE MIND UPON ANOTHER—3:30—2:00—SIXTH AND SECOND ST. FOR THIRTY-SIX HOURS A MAN WILL BE IN SLEEP. JUDGE FOR YOURSELVES. COME AND ASK.

Mr. and Mrs. Archie H. Dixon and children are here from Tucuman to attend the fair. Mr. Dixon, who was formerly a Santa Fe coast-line engineer, running out of Albuquerque, is now traveling engineer on the El Paso and Southwestern railroad.

R. C. Ten Eyck, trainmaster for the El Paso and Southwestern railroad, with headquarters at Alamogordo, returned to that place last night after visiting here for several days with his family. Mr. Ten Eyck was formerly Santa Fe yardmaster in Albuquerque.

O. C. Watson, manager of the southwestern division of the Mutual Life Insurance company of New York, is in the city from Pueblo. Mr. Watson was formerly territorial manager for the company with headquarters in Santa Fe.

Trev. and Mrs. Haggart are in the city for a few days taking in the fair and exposition. Mr. Haggart has been in charge of the Methodist church, south, at Gallup for three years, and is now on his way to the Pecos valley where he will look after the churches of his denomination at Dayton and Lakewood. Before leaving Gallup, Rev. Haggart was a recipient of a handsome gold-headed ebony cane, presented to him for his product nights at Pecos.

Appreciation

This Bank values the business it receives from its customers and takes every opportunity of telling them so. Our customers on the other hand appreciate the fact that the service extended to them is coupled with security. Any business arrangement to be permanent must be mutually satisfactory and profitable. Therefore, in the selecting of your bank, have permanency in view and establish yourself for your present and future well being with a good sound bank.

THE NEIGHBORLY SESSION ON IN THE CAPITAL

OFFICIAL SOCIETY IS
BACK IN WASHINGTON

Strenuous Roosevelt Boys Are
Settled for the Winter; Tu-
berculosis Congress Will
Have a Wide Influence.

Special Correspondence to Morning Journal
Washington, D. C., Oct. 6.—Official and resident society is rapidly drifting back to Washington. The social season is, of course, not on but what may be called the neighborly session has begun. Neither the houses nor their occupants are prepared for anything verging on ceremony or formality. Painters, paperhangers and decorators are, in most instances, supreme in the homes of the fashionable West End. Chattering at odd hours or holding conversations over the telephone are the privileges and pastimes of this reason when domestic rather than social questions are the subject of interest. The president's wife and daughter are, of course, and as usual, inundated with invitations to join home parties at country homes but it is probably that they will spend the remainder of their time from now until March, barely five months, without much interruption at the White house. The Roosevelt boys are settled for the winter. None of them will be at the White house. Quentin, the youngest, has just been sent to a boarding school at Alexandria, Va., six miles distant from Washington. This leaves Mrs. Roosevelt in the White house with her debutante daughter, Miss Ethel, who last summer completed her studies at school in Washington and will this winter take her place among the much courted young ladies of the season. The form of debut has not been decided upon nor has the time been definitely selected. She will be present, however, from now on at all White house functions, attending the first dinner in December, when the president and Mrs. Roosevelt will entertain the cabinet. From that date on until the fourth of March, she need not leave the house to make her debut. The form of debut has not been decided upon nor has the time been definitely selected. She will be present, however, from now on at all White house functions, attending the first dinner in December, when the president and Mrs. Roosevelt will entertain the cabinet. From that date on until the fourth of March, she need not leave the house to make her debut.

The International Tuberculosis congress, which is in session in Washington, is likely to have a wide influence in this country on the war against the dread disease. So recent is the discovery of tubercular bacilli that there is not a man present at the congress but who well remembers its entire history. Dr. Koch, who was the original discoverer, is himself present. Notwithstanding the fact that the progress in eliminating the disease is considerable as shown by the exhibits of all nations on view at the convention as compared with the work yet to be done, it is thrilling. Some startling figures given by Prof. Irving Fisher of Yale at one of the sessions demonstrate the immensity of the task still before the profession and should prove an awakening to the public of the necessity of wide and concerted effort of all classes if the white plague is ever to be eradicated.

Prof. Irving has gathered statistics which show that consumption kills 125,000 persons in the United States every year. This is equal to the deaths from scarlet fever, typhoid, diphtheria, appendicitis, meningitis, diabetes, smallpox and cancer all put together. As it takes about three years for the disease to run its fatal course he estimates the minimum cost of the items of doctor's bill, medicines, nursing and loss of earn-

ings for each victim at \$24, while the possible "earning power" if life were not cut short is put at eight thousand. If this is multiplied by 125,000, the number of those afflicted, it reaches the almost incredible sum of \$3,000,000,000. He calculates that of this amount four thousand millions fall on the family, friends, or physicians of the victim and concludes by asserting that if one-quarter of the lives are to be saved it would be necessary to invest five billions of dollars. Less than one per cent of this money is now being used for the purpose. In preparing this sadly statistical review of the loss in dollars and cents the professor does not forget to mention the more important cost in broken hearts and disappointed lives which cannot be measured. Five million persons now in the United States are doomed to ill consumptive graves unless the crusade can be made more effective.

In another paper on the diet for consumptives he upset one of the theories upon which many sanitariums are now working, namely that the victim of pulmonary tuberculosis must be fed and over-fed and stuffed like Strasburg geese. From the experiments of Professor Chittenden of Yale, who has demonstrated that athletes have greater strength and endurance when taken off of a meat and egg diet, he has proved in his own satisfaction that consumptives do best on a moderate diet of non-protein foods.

The agreement between this country and Great Britain that letters to England, Ireland, Scotland and Wales will need only a two-cent stamp instead of a five-cent as heretofore went into effect Thursday. At present the new rate of postage applies only to the British Isles but eventually it may be extended so as to include all of the British possessions and it may be that in a few years one may send letters to South Africa or India for the same postage that is required for a letter to be delivered in one's home town. The remarkable reduction in rates was agreed upon between the two nations as the best means of promoting commercial and friendly relations between the United States and Great Britain and it is quite certain that before long Germany, France and Italy will be asking for a similar arrangement with regard to letter mail in those countries. Postmaster General Meyer is entitled to most of the credit for the change.

ONLY ONE "BEST"

Albuquerque People Give Credit where Credit is Due.

People of Albuquerque who suffer with sick kidneys and backache want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Albuquerque. Here's Albuquerque testimony:

Wm. Sanquinette, living at 415 N. Sixth St., Albuquerque, N. M., says: "My wife suffered a great deal from pains in her back, which became severe when she brought even a slight strain on the muscles of the back. Some three years ago she was advised to use Doan's Kidney Pills and procured a box. They afforded her quick and genuine relief and from that time on she has appealed to them as occasion might require and always obtained the most satisfactory results. We are convinced that there is nothing more effective for disordered kidneys than Doan's Kidney Pills."

For sale by all dealers. Price 25 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

FINANCE AND COMMERCE

Wall Street.

New York, Oct. 6.—Whether on account of the Balkan war cloud or for some other reason, there was much nervousness manifested in today's stock market. Fictitious and irregular fluctuations of prices followed each other all day. A vigorous show of resistance to the prevailing depression of foreign markets was made at the opening, when heavy buying orders forced prices upwards with some violence. The aggressive operations in Union Pacific led to a supposition that leadership of the market was being asserted by the forces long supposed to be in control, playing to cover by the short interest which sold freely in the final break yesterday was an element in the spirit. The news arriving from abroad by that time also was of a reassuring character, and the report of the Turkish edition's intention to appeal to a conference of the powers rather than declare war against Bulgaria was regarded as offering a means of peaceful solution of the complication. The alignment of the powers on the new situation presented is watched with manifest anxiety and all indications that serve to define their attitude are welcomed on the financial markets. The adjustment of the Northern Pacific directors without declaring that extra cash dividend which was confidently predicted yesterday, proved disappointing to a considerable speculative element which has been operating confidently on the strength of these predictions. Northern Pacific weakened materially after the adjournment of the directors' meeting and carried the list with it to a level below high. This was in spite of the favorable showing made by the outline of the annual report, in which the depression of the past fiscal year was given to have made but made the impression. The future of the Northern Pacific rumors to come true cast suspicion on a number of rumors which were effective in yesterday's speculation and awakened a fear that they had been prompted simply by speculative manipulation. The afternoon weakness was traceable in part to the news of embarrasment of an important bond house having connections both in New York and Boston and to the knowledge of the measures which had to be taken to conserve the large resources involved. The decided strength developed by the foreign exchange market had rather an impressive effect as implying an effective foreign demand for withdrawal of funds from New York. The demand was associated with the war news and was the occasion of some misgivings as to the accuracy of the more superficial indications. The market ended strong under the influence of the animated dealings in Rock Island preferred. Closing stocks:

Chicago Board of Trade.

Chicago, Oct. 6.—A record breaking increase in the world's supply of wheat was an important factor in causing a slump in wheat prices here today. Final quotations showed a net loss for the day of 3 1/2 to 16 1/4. Corn, oats and provisions were also weak. The wheat market was nervous the entire session and trade was of only moderate volume. There was considerable selling at the start of wheat brought up 1/2 to 3/4 cent when early values disclosed the fact that the foreign grain market apparently reflected no excitement in Europe over the prospect of the beginning of hostilities between Turkey and Bulgaria. The close was weak at almost the lowest point. Profit taking by local longs on a liberal scale caused weakness in the corn market. Prices at the close were almost at the bottom. Oats were dull and weak. Prices for the cash grain were 1/2 to 1/4 lower. Reduced selling of provisions by local packers caused a fresh slump in prices. Pork showed the greatest weakness. At the close prices were 5 to 10 lower.

St. Louis Wood.

St. Louis, Oct. 6.—Wood steady; medium grades, combing and clothing 16 1/2 to 20; light pine 16 1/2 to 20; heavy pine 11 to 12; tub washed 20 to 25.

BEST CATARRH DOCTOR

Has Cured Thousands—Will Cure You or Money Back.

This is the little Hyomei inhaler, the little doctor that has cured many thousands of sufferers from catarrh, bronchitis, asthma, hay fever, coughs, colds and grip. It's so easy and pleasant to use yourself with Hyomei. Just pour a few drops in the little inhaler, and breathe in. In the healing, soothing and antiseptic air will reach every nook and cranny of the mucous membrane of the nose and throat, will stop the irritation almost immediately, will allay the inflammation, drive out the foul odor, kill the germs and cure the disease.

"My wife has been using Hyomei for two months for catarrh and pulmonary trouble. She has received more relief and benefit than from any other treatment."—E. S. Parrett, Jeffersonville, O.

"Hyomei cured me of terrible catarrh and burning in the head. I would not be without it in the house for a single night."—Mrs. S. P. Fuller, Columbia, S. C.

J. H. O'Reilly, the druggist, sells Hyomei (pronounced High-o-mey) and guarantees it. A complete outfit, including inhaler, only costs \$1.00, and an extra bottle of Hyomei, if afterward needed, will cost but 25 cents.

closed steady at a net advance of six to eight points.

The Metals.

New York, Oct. 6.—Copper advanced to 133, 1/2 for spot and 134 1/2 for futures in the London market. The local market was dull and unchanged. Lake copper at \$13.37 1/2, electrolytic at \$13.12 1/2, and casting at \$13.87 1/2. Lead was lower at \$12.80 to 16 in London. The local market was easy and a shade lower at \$4.40 to 4.45. Spelter was unchanged in London at \$19.45. Locally the market was dull at \$4.72 1/2 to 4.75.

HOLDS DEMOCRATS GRANTED OSAGE OIL LEASE

Kansas Newspaper Furnishes Information, Which, if True, May Surprise Governor Haskell.

Independence, Kan., Oct. 5.—The Daily Reporter here today published the following: "Governor Charles N. Haskell of Oklahoma has demanded of President Roosevelt that the Foster block of land of the Osage nation be reserved, holding it to be a republican grant. Governor Haskell will no doubt be surprised to learn that the original Foster lease, comprising the entire Osage nation, was approved by Secretary Hoke Smith of Georgia, under the democratic administration of Grover Cleveland and was never questioned until Secretary Hitchcock, a republican, characterized it 'the most audacious act of the interior department ever perpetrated.' Under Secretary Hitchcock the lease was reduced to cover only those lands upon which expenditures had been made in the search for oil."

HOKE SMITH DENIES APPROVING ALLEGED LEASE.

Atlanta, Ga., Oct. 6.—When today the Associated Press despatch today quoted an Independence, Kan., newspaper as saying that the Foster oil block of the Osage nation was approved by him while secretary of the interior under President Cleveland's administration, Governor Smith said: "The Osage lease which Governor Haskell has attacked was made by a republican administration. The lease which was approved in 1894 under my administration as secretary of the interior expired March 14, 1904."

"When Secretary Hitchcock closed the lease of 1894 I went to Washington and on February 19, 1895, I exposed through the press his lease. The Washington post of the following day published an official statement from the interior department that the statement made by Secretary Hitchcock was without any intention of charging Secretary Smith or any other official of the department with dereliction of duty. "The department under my administration approved a lease to individuals in a large undeveloped country, when there was little to encourage the expenditure of money in boring for oil. The republican administration made a lease in corporations of oil-bearing or developed oil fields. It is the republican lease which is now the subject of attack."

Herman Ridder at Founder's Day Celebration in Philadelphia, Pays Tribute to Distinguished Sons of the Fatherland.

(By Morning Journal Special Teamed Wire) Philadelphia, Oct. 6.—A German celebration at the Academy of Music tonight was a feature of the celebration of Founder's week. Addresses were made by Count Hatzfeldt, representative of the German emperor; Dr. C. J. Hermann, president of the National German-American Alliance; Governor Stewart, and Herman Ridder, editor of the New York Staats Zeitung. Mr. Ridder, leader and speaker, addressed the German community, and in his address, he paid tribute to the distinguished sons of the Fatherland.

FAKE PRIESTS TO HIT THE TRAIL

Trio of Clever Grafters in Clerical Garb Go Up Against the Police and Are Allowed to Leave the City in a Hurry.

Three men representing themselves to be Roman Catholic priests, or Greek Catholic priests, who have been in the city for several days soliciting funds from charitable institutions, persons for the support of educational work in Turkey, were declared upon good authority to be impostors. Persons of all religious denominations are not to be duped by them. The impostors obtained a license to travel over the city and not used for any charitable purpose whatever. It is said the men are not priests of the Roman Catholic church and have obtained non-residence, either from the archbishop of the diocese of Santa Fe or from local church authorities to solicit funds in New Mexico. The three alleged clergymen are thought to be Greeks from New York, who have assumed clerical attire and are making a tour of the city soliciting money. One of the men speaks fairly good English. The impostors were reported to the police department that the three men were obtaining money under false pretenses and the police were unable to catch any of them in the act until last evening, when one attempted to touch a gentleman in one of the

down town office buildings. This particular victim soon discovered that the man was a fake and called in Chief of Police McMillin. The chief ordered him through the third degree and the man finally admitted that he was not a priest. He was allowed to go his way on condition that he would leave the city on the first train. It is said that the trio succeeded in reaping a harvest by means of their graft. It is believed they left last night for El Paso to operate in new fields.

DESPISED WEED IS GOOD FORAGE

New Mexico Farmer Tells of Interesting Results of Experiments With Plant Considered Worthless.

The Morning Journal has received the following letter from a New Mexico ranchman, which will prove of interest:

Dear Sir:—While you are looking over the Irrigation Congress looking at big displays and listening to big reports on the results of irrigation, I wish to call your attention to the possibilities of weeds. I have been experimenting with weeds and the results are very interesting. I have found that weeds are a good source of food for cattle and horses. I have found that weeds are a good source of food for cattle and horses. I have found that weeds are a good source of food for cattle and horses.

of the much despised "Tarweed," a native plant of this territory that I wish to speak. Being a native plant and self-seeding all it needs is a fair show to prove its worth.

To prove my point I will give the result of the growth of one plant which came up near the fence in my garden last May. As it was not the way I determined to watch it and note its progress. I let it grow of itself, secured with no water but rain until June, when I had occasion to feed some small pigs. So I cut the center stalk out down close to the ground and chopped off several of the large branches, leaving only the stub of the stalk standing. Shortly after the annual rainy season started in I had plenty of weeds more convenient for feeding so did not disturb the plant until today. The results are interesting.

The one plant covered a space seven feet in diameter, and averaged eight inches in height. One selected branch was four feet long and weighed three-quarters of a pound. I cut 500 seed stalks from the plant, averaging from eight to sixteen inches in length and weighing four and three-quarters pounds. Then I cut the rest of the plant back to within six to twelve inches of the root. All this cutting was done with a scythe and with much work. It weighed twelve and a half pounds, making a total of eighteen pounds from one seed head, which was fed in the morning and all without any water or care. It is a good source of food and makes splendid pasture for hogs, horses and cattle. Care must be exercised, however, in feeding it to cattle as it is a little bit of a laxative. It is a good source of food and makes splendid pasture for hogs, horses and cattle. Care must be exercised, however, in feeding it to cattle as it is a little bit of a laxative.

LOCAL AND PERSONAL

R. H. Ludlum, bank clerk in the First National bank of Baton, is visiting Albuquerque friends and taking in the fair.

Mrs. L. B. Prince, territorial agent of the Daughters of the American Revolution, was the guest of honor at a luncheon given yesterday noon by Mrs. J. H. Wroth, at the Alvarado. Mrs. Prince left in the evening for her home in Santa Fe, after a week's stay in the city attending to duties pertaining to the order of which she is the head and in visiting her many friends in this place.

As a result of the strenuous work on the part of a number of girls and young ladies yesterday in their efforts to provide every one with charity tags, quite a nest egg of money was turned over to Sister Alexandrine, superintendent of the St. Joseph's hospital, to be used in assisting to defray the operating expenses of that institution, every one were a little green tax, signifying that they had done their part towards making the St. Joseph's tag day a success.

There was an interesting program at the skating rink last night and the pictures were especially pleasing. "The Daughters of the American Revolution" is a dramatic presentation of the depths of depravity to which man can sink and a portrayal of the sacredness of home. "Philadelphia the Cradle of Liberty" is a most interesting historical picture. "A Student's Pranks" depicts a typical school boy at his usual antics. These pictures will all be repeated tonight and Prof. Gibbs, talented violinist, will accompany the illustrated songs rendered by Mrs. C. A. Frank.

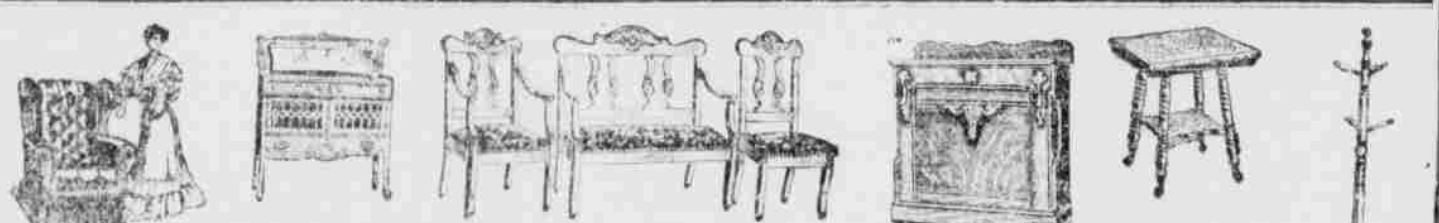

STRANGE SHOOTING AFFRAY

Manuel Garcia Painfully Wounded by Bullet Fired, He Claims, by John La Rue.

Manuel A. Garcia, of 909 Mountain street, was shot and painfully wounded at 8 o'clock last night, by a bullet fired from a revolver held by John La Rue, an employee of the American Lumber company, who lives at 1022 Forester avenue.

The shooting took place at the corner of Roma avenue and Second street. According to Garcia, he and his wife were walking down Second street towards town when they were approached by La Rue, who pulled a revolver from his pocket and fired. The bullet entered Garcia's abdomen and inflicted a painful wound. Garcia was taken to the hospital and is now recovering from his wounds. La Rue was arrested and is now in custody of the police.
