## BRIEF WIRINGS.

**Small-pox.**  
VICTORIA, B. C., July 12.—There is a small-pox epidemic in Victoria, over forty cases having been reported up to last night, and in consequence there is a general panic.

**English Elections.**  
LONDON, July 11.—At 2 o'clock this afternoon the total returns received showed the election of 194 conservatives; 163 liberals; 27 liberal-unionists; 26 anti-Parnellites; 5 laborites and 4 Parnellites.

**Will Investigate.**  
WASHINGTON, July 12.—The sub-committee of the house committee on judiciary, charged with the investigation of the Pinkerton system in general, and the Homestead affair in particular, left here for Pittsburgh on the 7:40 train last evening.

**Fine Lands Deal.**  
DULUTH, Minn., July 12.—The million-acre lumber firm of Wright, Davis & Co., signed papers to-day disposing of one of the largest tracts of pine lands ever closed out in the entire west. Besides being heavy owners of pine in the Duluth district the firm owned 4,000,000 feet of standing timber on Swan river, a tributary of the Mississippi. This has all been sold to the Pine Tree Lumber company, a Weyerhaeuser concern, for a sum approximating \$1,300,000. The timber will be saved at towns along the Mississippi river above Minneapolis, and concentrates all Wright, Davis & company's business at Duluth.

## WILD CATS MUST GO.

The New York Mining Exchange's Representative at the National Mining Congress.

HELENA, Mont., July 12.—The national mining congress which opened to-day is much more in point of numbers than the one which assembled in Denver a year ago, and from which the call for the present gathering was issued. Nearly every state and territory is represented, the delegates in the majority of instances being appointed by the governors of the several commonwealths. Silver men are here from all over the Union, and there is a remarkably large number of the monometallists. It is intended to be a strictly non-partisan gathering devoted entirely to the mining business, although the free silver question will be freely discussed. Up to 10 o'clock this morning over 1,600 delegates had registered, not counting the hundreds of visitors who are interested in the proceedings of the gathering, although not officially accredited as delegates.

Among the prominent arrivals this morning was L. D. DeForest, and who represents the New York Mining Exchange. He says that the New York mining market has for several months been in a bad shape owing to the unwillingness of the general public to indulge in free trading, and he proposes to present a statement on the subject to the convention. There is a great need, he says, of a reform, and through which all the wild cat stock may be exterminated. Speculators, he said, ought to be able to go into a mining exchange with the same degree of confidence enjoyed by those operating in wheat, cotton and other commodities. The time has arrived when it has become absolutely necessary to protect the public from imposition, and this can only be done by routing out and absolutely exterminating the wild cats.

The convention was called to order by Hon. B. Brown, chairman of the executive committee of the National Mining association, and who with Gen. J. K. Toole, ex-Gov. H. P. Hauser and others delivered addresses of welcome and to which several appropriate responses were made by visiting delegates. The states were then called for the usual commotion on credentials, permanent organization, etc.

## "August Flower"

What is  
It for?  
This is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, balder-headed boys. Life is an interrogation point. "What is it for?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER FOR?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this brimful. We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possesses one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia.

G. G. GREEN, Sole Man'fr, Woodbury, N.J.

## TROOPS IN CONTROL.

The Great Strike at Homestead—Marshall Law—The Strikers to Answer in Court.

PITTSBURGH, Pa., July 12.—Major General Snowden and staff, Adjutant General Greenleaf, Quartermaster General McClelland and other officers in command of 6,000 state militia are in camp near the Homestead iron works by order of the governor last night.

The news of the governor ordering out the militia brought the strikers in Homestead up with a round turn, and made them realize fully that the arrival of the troops meant a loss to them of a control they have exercised over the town and the works. The strikers received the militia brought the strikers in Homestead up with a round turn, and made them realize fully that the arrival of the troops meant a loss to them of a control they have exercised over the town and the works. The strikers received the militia brought the strikers in Homestead up with a round turn, and made them realize fully that the arrival of the troops meant a loss to them of a control they have exercised over the town and the works.

The militia will continue to surround the Homestead iron works and the surrounding settlement, but the entire borough of Homestead.

When it was learned that the troops were really coming there was a meeting of the strikers' advisory committee. A conservative tone dominated the discussion. Mr. O'Donnell is reported to have said: "We can not fight the state of Pennsylvania, and if we could, we would not fight the United States government. The work before us is to hold the men steady and prevent them from running against a stone wall, and this will be work enough."

Mr. O'Donnell's views were re-echoed by several of the men in the meeting, notably by Burgess McClukie, who strongly advised that every possible courtesy be extended to the troops.

The committee of workmen who called on Supt. Frick yesterday was not from the Homestead strikers, as at first supposed, but a committee from the city mills of the Carnegie company, appointed at a meeting of the Amalgamated association the night before to ask the company to confer with the strikers. The scale has been signed by these men and the company. The commission declined that they were here for interference, and wanted it expressly understood that they called solely in the interest of peace. Secretary Lovejoy, of the Carnegie company, said: "No, the committee was not from the strikers, but from our own men who are at work. We would not receive the strikers. We decline to do it. The strikers have taken possession of our property and have murdered our watchmen, for which they will have to answer to the district attorney. We will not see them."

"Did the committee make any suggestions about an agreement with them and of meeting the Homestead strikers?" "No," was the answer, "we can not make an agreement with the city men about the Homestead scale."

The remarks of Secretary Lovejoy show that it is the purpose of the company to make the Homestead strikers answer through the courts for their actions.

**The Smith Family in It.**  
ST. LOUIS, July 12.—The heirs of one Thomas Smith are suing the city for \$1,000,000, and the suit is ready to go to trial. Several years ago the city purchased from Thomas Smith the ground known as Washington Square, paying him \$25,000 for it and pledging to erect a new city hall in the center of the square at an outlay of \$2,000,000, and the Smiths claim another million as damages for breach of agreement. Several eminent lawyers are encouraging the Smiths, but the city's legal advisers laugh at the claim on the ground that the square will be beautified by the proposed fountain and walks around the municipal building.

## In Council.

MILWAUKEE, Wis., July 12.—The semi-annual of St. Francis was the scene to-day of the first synod of the Catholic diocese of the arch diocese of Milwaukee that has been convened for very many years. The council has been called at the instance of Archbishop Katzer, and this primate is presiding over its deliberations. Absolute secrecy is attached to the proceedings of the body, but it was officially given out this morning that it had been called primarily for the purpose of discussing matters of discipline, or the laws which bind the members of the church in their conduct as distinct from dogmas or articles of faith, which affect their belief. One important subject to come up for consideration is the excesses of the third plenary council of Baltimore with particular reference to the application to the laws of discipline. The school question and other semi-political matters, which during the past year or more have considerably agitated the state are also likely to be considered. It is expressly intimated that the synod has simply advisory powers and that in all matters examined into the archbishop himself will have full and arbitrary powers of decision.

## Notice of Dissolution.

SANTA FE, N. M., July 11, 1892.—The partnership heretofore existing between Lowenthal & Meyers, of Albuquerque, and Chas. Neustadt, of Santa Fe, is this day dissolved by mutual consent, Lowenthal & Meyers retiring.

## TERRITORIAL TIPS.

Eight Deering wheat reapers are cutting grain in the La Plata region of San Juan county.

Perry Gail, of San Marcial, is one of the most enthusiastic poultry breeders in the southwest. What's in a name, anyhow? Two little sons of N. F. Thompson, a round house employe at Las Vegas, were drowned while bathing in the Arroyo Pecos on Sunday.

Las Vegas has a chance to promote water competition, reduce insurance and benefit the town—but most of her people declare they will vote against the new water franchise.

Last Friday at 11 o'clock a. m., while Encarnacion Ansuere and Jose Ortiz, of Moquino, Bernalillo county, were in the saddle looking for their cattle, about six miles east of the town, Ansuere was struck by lightning and instantly killed.

Parties from Denver are expected in Chama the latter part of the month to look at Col. Brodie and Dr. Craig's new mineral find on Chama creek. Should things pan out as anticipated a smelter will be built at the mine.—Chama Northwest.

Miss Minnie Rodes was shot in the face yesterday afternoon, by the discharge from an air gun or gun of like character. The ball passed through the splits in her sun bonnet and perforated her cheek. It is supposed that the gun was fired by some boy in the neighborhood.—Las Vegas Optician.

Wm. Locke, of the Sunnyside orchard, has made two shipments of cherries to Moffat, Sagunche county, Colorado, already this season. So far the Sunnyside orchard has marketed over 600 quarts of black raspberries Wednesday of this week.—Junction City Times.

Chillies note from Albuquerque: The McIntosh brothers were disappointed in receiving bids for their clip this season in this market, the highest price named not being adequate to the quality of the wool they offered, hence they shipped last night to Boston, Mass., 200,000 pounds of this season's clip.

Gallup wants a new county. See this! "The first meeting of the People's party club since its organization, was held last Friday evening with an enrollment of forty-four voting members. The club is working for a local party paper. While it is known as the People's party, it proposes to vote with the party that suits them best."

Agapito Abeytia, sheriff of Mora county, arrived in Las Vegas with a strong guard and took Jose D. Gallegos, the murderer of J. J. Schmitt, at Wagon Mound, to the Mora jail, the murder having been committed in that county. Some little anxiety was felt by the prisoner's friends at the trip across the country.

At Silver City the Fremont hotel has been refurbished, and is now being conducted under the personal management of Mr. D. C. Hobart, the owner of the property and an old hotel man. This will be acceptable news to the commercial travelers and visitors to Silver City as they are assured of first-class entertainment and service. Mr. Hobart will continue his mining operations.

The statement is made by the Albuquerque Democrat that Major E. H. Bogardus, of Wallace, a worthy and well-known veteran of the civil war, is lying at his home, sick, destitute and in need of prompt assistance. He is declared to be without any means, and lacking in both food and medical attention, while his present illness is affirmed to be directly due to wounds received during the war.

Four Jicarilla Apache Indians were arrested at Amargo yesterday for stealing a steer on the range from Manuel Gomez. They admitted their guilt and were sent to jail by Judge Tice to await the decision of the grand jury. It seems to us that the stockmen of that section should take some action against the wholesale stealing of their stock by these red devils. Five thousand head will not cover the stockmen's loss during the past five years.—Chama Northwest.

Chama echoes: Trout fishing is good in the Chama and Brazos rivers. \* \* \* Mariano Perez, of Bernalillo county, is grazing several thousand sheep in this vicinity. \* \* \* Harry Gibbens shipped three cars of sheep to Leadville Wednesday, and Ed. Yorral four to Denver. \* \* \* O. P. Jones shipped thirty-one cars of cattle to Omaha Saturday evening, and is the largest single shipment ever made from Chama. Mr. Jones expects to ship 1,000 more shortly.

San Juan note: At a meeting of the citizens of San Juan county held on the grounds, on the 4th of July, for the purpose of organizing their fair association, W. A. Hunter, chairman pro tem, Wm. Lock, secretary pro tem, the following directors were selected for the ensuing year: W. A. Hunter, Wm. Lock, C. H. McHenry alternate for John A. Koonz, H. A. King, P. J. Arrington alternate for F. J. Coodledge, N. L. Hayden and Chas. Magraw. A meeting of the committee was called for the last Saturday in July at 2 o'clock p. m.

Yesterday afternoon, about 1 o'clock, a drunken rowdy named Samora and living near San Antonio, was at Tijeras cursing and abusing the Americans. He called at Henry Carpenter's place and attempted to egg on a fight, and in his madman's efforts fell underneath his horse, the animal stepping on his head, badly injuring it in several places. It seems that Samora was put to his misadventure against Mr. Carpenter for the interest he took in endeavoring to get the Canon de Carmel grant surveyed and properly represented before the land court, and last night the fellow's father, brothers and several friends called at Mr. Carpenter's to have revenge, but the old man stood firm.—Albuquerque Citizen.

## WATER ON TAP.

Farm Tales from the Lower Pecos—Facts that Speak Eloquently for New Mexico.

Correspondence New Mexican.

ENBY, N. M., July 9.—Mr. Ed. Scroggins, of this place, cut his first crop of alfalfa, eight acres, on the 28th of May and his second crop on the 30th of June. The yield of the first cutting was a ton and a quarter to the acre, and of the second cutting a ton and a half. He sold it readily at \$18 a ton, without bailing, the total output netting him \$161 for the first crop and \$216 for the second. He will get three more cuttings before the end of the season and the later cuttings will give larger yields than the first. Several other farmers have made their first and second cuttings with equally good results.

Small grain harvest was finished three weeks ago. All the early sown grain is good, but many fields that were planted in April or May have not yielded satisfactorily. It has been demonstrated that spring wheat, oats and barley must be planted in February or not later than the first week in March. The reason that so much grain was sown late this year is that many settlers came in here in December, January and February and having all their improvements to make, their seeding was necessarily delayed. Those already here will, however, be in good time for next year, and those to come will profit by the experience of the past year. It has also been found that oats sown in the fall do even better than those sown in February. Some fields that were sown in September and October last have made fine yields this year.

Fruit is doing well. George Blankenship, W. R. Anderson, Henry Paddock and Witt Bros., of Eddy, have peach, apple, apricot, plum and other trees, as well as grapevines, that are bending under their loads of fruit. The early peaches are ripe, are large and of delicious flavor. Mr. C. W. Green has, in his 600-acre vineyard, nearly 100 vines that have one or two bunches of grapes on each. When it is remembered that these vines were planted last spring—rooted cuttings, less than a foot long—this fact will go a long way in proving the wonderful fertility of Pecos valley soil, the efficiency of Pecos river water and the adaptability of our "sunshine, soil and water" to the growth of fruit.

James Hartigan, of Eddy, has, in his orchard, some 5-year old olive and almond trees that are loaded with fruit. His peach trees are also well filled. Many farmers about Roswell report their orchards as doing well and their trees bearing all the fruit that their branches can support.

Some wonderful growths of fruit trees, vines, etc., have been noted. I measured a raisin grapevine, in Witt Bros. vineyard, that had already grown seven feet and two inches this spring; an apricot tree in Mr. C. B. Eddy's orchard that has grown four feet and seven inches, and a peach tree in Mr. Maynard Sharp's orchard that has grown two feet and eight inches.

We are still having our regular brand of sunshine. Have not had a cloudy day for six months and only two showers of rain this year. We have no need of rain, however, for we have water on tap and turn it on the fields whenever needed.

Silver Shield hams, breakfast bacon and dried beef—extra fine, at C. L. Bishop's.

TUESDAY, JULY 12

## THE NATIONAL REPUBLICAN TICKET.

FOR PRESIDENT—**BENJAMIN HARRISON,**  
OF Indiana.

FOR VICE PRESIDENT—**WHITELAW REID,**  
OF New York.

It appears that Gladstone yet has a right good fighting chance. The grand old man may yet be able to provide justice for Ireland.

Now isn't this a pretty mess that the Albuquerque bosses have got the Democratic party of New Mexico into. The Children-Ross gang and the Ferguson-Fielder faction are at it like so many Killikenny cats.

The miners of New Mexico are informed that the free traders in the house are after them with a sharp stick. The free trade bill has passed that body. They can thank their stars that the Republican senate stands between them and ruin.

The Chicago Mail makes this caustic comment on the recent labor troubles at Homestead, Pa.: "The lesson of the hour is this: More stringent immigration laws and better enforcement of labor statutes are necessary for the protection of American labor and American institutions."

PAMPHLET copies of Governor Prince's letter to the senate committee, on the subject of statehood, have been sent to every senator, the members of the cabinet, leading members of the house of representatives, and prominent men of all classes, both within the territory and in the east. It can not fail to have a good effect.

The Creede Chronicle has suspended publication. This is not a surprise. As respects news the Chronicle was rather bright and breezy, but it had an ugly habit editorially of clipping in and abusing New Mexico and New Mexico enterprises under the apparent belief that New Mexico's prosperity somehow or in some way was going to injure southern Colorado. Therefore we grieve not over the loss of the Creede Chronicle from among our list of exchanges.

These interests of Republicans in New Mexico demand that all petty personal differences be buried and a shoulder-to-shoulder effort be made to induce in fair play and name the winners on all tickets, county, legislative and congressional. Mistakes of the past can now be turned to good account if Republicans will calmly reflect upon the situation. The outlook is certainly excellent, and by the right sort of work, each Republican showing a spirit of toleration and forbearance toward his friend and neighbor, victory can be made an easy matter. Let Republicans reflect upon this subject.

That was a very near sighted policy which prompted the Missouri river railroads leading to the Rocky mountains to decline to place Knights Templar excursion tickets on sale this month. July is the hot month in the states and thousands of people would have sought the cool air of the Rockies weeks before the August conclave at Denver in preference to going north as they perform now must do, and it is a question if many of them come west at all. The roads leading into Colorado could have well afforded to take a different view of it from what they did.

THEY ARE NOT IN IT.

The Deming Headlight, edited by ex-Gov. Ross, and the acknowledged mouth-

piece of the Children-Ross-Ashenfelter gang of the Democratic-White Cap party in New Mexico, has we are gratified to note, come frankly out at last in opposition to statehood for New Mexico. For a year or so this sheet has been posing as an earnest advocate of the statehood movement, and in doing so, we violate no confidence in stating it has done so much to injure our real chances of admission as any other thing that the anti-statehooders could dig up. Its change of heart is a little late, but not too late to do good, for certainly the true friends of the movement will now continue their duties with hearts filled with renewed hope.

What is the meaning of all this? Ross sees the hand-writing on the wall, probably. He knows that the chances now all point to New Mexico coming in, if at all, as a Republican state. This would seal his political fate forever. If, however, it should so happen that New Mexico, upon admission, should be Democratic, the outlook for Ross, Childers, et al, would be quite as gloomy. They are not in touch with their party by any means, so that a state government, either Republican or Democratic, has no claims for them. They are not in it, hence self interest dictates that they fight statehood for any possible advantage they may in time be able to secure through a continuance of a territorial form of government.

### PRESS COMMENTS.

**That's What They Did.**

Cleveland's land officials declared that 99 per cent of the land entries of New Mexico were fraudulent and the entrymen perjurers.—Raton Reporter.

**They Always Do It.**

The Albuquerque Democrat says that the editor of the Rio Grande Republican "ought to have more respect for his own intelligence than to talk of a Democrat refusing to betray the Democracy of the territory." Of course they never lose. The Reporter agrees with the Democrat that the editor of the Rio Grande Republican ought to have more intelligence than to even insinuate that a New Mexico Democrat would refuse to betray the party.—Raton Reporter.

**Not a Request—But a Demand.**

The Liberal is in receipt of a pamphlet from the governor setting forth in plain and figures the reasons why New Mexico is entitled to statehood. It is a well written article setting forth in an indisputable manner the right of New Mexico to statehood. New Mexico no longer asks to be admitted as a state—she demands it as an unalienable right which emanates from the very foundation of this government. The Liberal regrets that it is unable to print the article in this week's edition for want of space.—Lordsburg Liberal.

**Ross Makes Another Threat.**

The Grant county delegation which went to Albuquerque in May, with one exception, represented Silver City Republicanism and nothing else. It is a notorious fact that Republicans held the balance of power in the Silver City primary, and their votes were used in the Fielder interest. When a protest was entered and the claim made that, but a fortnight previous, these men had voted a Republican primary, the answer was that "they had failed to change their politics." It was fitting that the delegation selected for Albuquerque should have been (with the exception named) just such free voters and free booters in politics as their candidates. The end is not yet.—Deming Headlight.

**There is No Incentive.**

What has become of the Grant county committee of the World's fair? Isn't it about time for the committee to get to work? The fair opens May next, and the buildings will be open for collection this fall, and so far Grant county has done absolutely nothing. It would be a lasting shame and disgrace if Grant county does not make an exhibit at the fair. We can make decidedly the best exhibit from territory provided our people will but take an interest in the matter and go to work and make the collection. This matter is really before the Commercial club, and has been for some weeks. If our business men do not take an interest in this matter it is not likely that others will.—Silver City Enterprise.

**An Able View of It.**

From the moment that these men ceased to be in the employ of the Carnegie company they had no more right to say anything as to its conduct of affairs, to molest anyone in its employ or to enter upon its premises than Carnegie would have to enter the home of one of them, bought and paid for with his earnings, and throw wife and children and household effects into the street. Yet this is what they did, as coolly as if by right; and camped down, like an armed enemy, to keep the works silent and idle until their battle should be won. And from this moment they became law breakers.

The course of the employers from this on does not seem to have been wanting in moderation. As a matter of necessity the company had resort to the Pinkerton agency, employing its men, not to face the strikers, but to take charge of and protect its property.—St. Paul Pioneer Press.

**An Able Document.**

Gov. Prince, of New Mexico, has prepared a letter to the senate committee on territories, presenting the claims of New Mexico to statehood. The argument is a strong one, and it ought to receive proper consideration by the committee, particularly by Senator Platt, the chairman. New Mexico has been kept out of the Union unjustly for a great many years. It has now a population, according to the last census, of 155,976. Of these about

one-third are of American, as distinguished from Mexican blood. In wealth, it is amply able to support a state government, and that the people are able of conducting such a government is shown by the state officers in the territory—more especially its sound financial condition. To keep New Mexico out of the Union is to do injustice to the people of that territory, and the senate will do a great wrong if it does not pass the bill for its admission which has already passed the house.—Denver Republican.

### Trustee's Sale.

Notice is hereby given, that whereas, John T. Doyle, did on the 5th day of March, 1892, by his certain deed of trust of that date, and recorded in book G, of mortgage deeds, on pages 326 to 330 in the office of the probate clerk and ex-officio recorder's office in the county of Santa Fe, convey to one W. S. Strickler, trustee, the following described real estate, situate, lying and being in the county of Santa Fe and territory of New Mexico, to-wit: Lot No. 3, in block No. 30, in the town of Cerrillos, Santa Fe county, N. M., according to the plat of said town, to secure to Lowenthal & Meyers, or order, the payment of seven certain promissory notes, bearing date the said 5th day of March, 1892, six of which are for the sum of \$100 each, and one for the sum of \$150 and which said notes are payable in 1, 2, 3, 4, 5, 6 and 7 months respectively, after the date thereof, and which said notes bear interest at the rate of 1 per cent per month from date until paid.

And whereas, three of said notes payable respectively in 30, 60 and 90 days, each for the sum of \$100, are now past due and unpaid, and according to the terms and conditions of said deed of trust, upon the failure to pay any of said notes, according to their true tenor, date and effect, the whole of the indebtedness thereby secured should become due and payable, and at the request of the legal holder of said notes the property thereby conveyed should be sold for the purpose of paying off said indebtedness.

And whereas, the legal holders of said notes have requested the undersigned to advertise and sell said property so conveyed, as aforesaid, for the purpose of paying off said indebtedness, which on the day of sale hereinafter mentioned amounts to, together with principal and interest, to the sum of \$704.15-100.

Now therefore, I the undersigned, by virtue of the power and authority vested in me, and in accordance with the terms and conditions of said deed of trust, for the purpose of paying off said indebtedness, together with costs and charges of the execution of this trust, and provided to be paid by said deed of trust, will on Monday, the 25th day of July, A. D. 1892, at 12 o'clock noon, at the front door of the postoffice, in the city of Santa Fe, county of Santa Fe, and territory of New Mexico, sell the above described property at public auction to the highest and best bidder for cash.

W. S. STRICKLER,  
Trustee.

Clerk.

**Knights of Pythias, Attention!**

The biennial session of the supreme lodge and encampment of the Uniform Rank, Knights of Pythias, to be held at Kansas City, August 23 to 27, inclusive, promises to be one of the best attended, and most successful, gatherings, in the history of the order.

The accessibility of the point of meeting will be an inducement to draw a vast number of Knights and visitors, and the Missouri Pacific railway, with its vast network of lines entering Kansas City from every direction, offers greater facilities than any other line, and will be in better position to take care of divisions and regiments, and the large delegations that are expected. Its trains will be found the handsomest, equipped with Pullman buffet sleeping cars, Pullman parlor cars, reclining chairs cars, (seats free) and elegant day coaches.

The Missouri Pacific railway is prepared to land divisions and regiments within four blocks of the encampment grounds. The Missouri Pacific railway is the only line running out of Colorado, which is so situated as to be able to properly handle the Knights who may contemplate making the journey; making a direct connection from all points in the west, at Denver, Colorado Springs and Pueblo.

### BURLINGTON'S NEW FAST TRAIN

Only 28 Hours—Denver to Chicago.

Under its new summer schedule the Burlington route is enabled to offer increased facilities in train service and fast time from Denver eastward.

Train No. 6, "The Chicago Special," leaves Denver daily at 9 a. m.; reaching Omaha at 11:40 the same evening and Chicago at 2:15 the next afternoon, making the run—Denver to Chicago—28 hours and only one night on the road.

This train also has through Pullman sleepers from Kansas City and St. Louis, making quicker time than any other line.

Train No. 2, popularly known as "The Flyer," continues to leave Denver as formerly, at 8:30 p. m., reaching St. Louis at 7:10 and Chicago at 8:00 the second morning.

Both of these trains consist of vestibuled Pullman sleepers, chair cars and diners, serving all meals en route. For full information, tickets and sleeping berths, call on local ticket agents, at address G. W. Valley, General Agent, 1700 Larimer street, Denver.

### TEACHERS' EXCURSION.

To Saratoga and Return, One Fare for the Round Trip.

The Burlington Route has been designated as the official line from Colorado for the excursion to the National Educational association to be held at Saratoga, N. Y., July 12 to 15. The low rate of one fare will be made for the round trip from all Colorado points. The official train will leave Denver at 8:30 p. m., July 4, and all those who desire to accompany the excursion party and wish to secure sleeping car accommodations in the special Pullman train, which will run through to Saratoga without change, should send in their names at once to W. E. Knapp, 1267 South 11th street, Denver, who, as state manager, has charge of the excursion.

The low rate, however, is open to everyone and all those who wish to avail themselves of it can purchase tickets at any time from July 2 to 8, good to return until September 3. Parties purchasing tickets via the Burlington Route secure the advantage of two fast vestibuled trains leaving Denver daily at 9 a. m. and 8:30 p. m., affording better accommodations and much quicker time than any other line. For full information call on any local ticket agent or address G. W. Valley, General Agent, 1700 Larimer St., Denver.

**The Best and Shortest Route.**

Effective this date, the Santa Fe Southern and D. & R. G. railways will sell excursion tickets to the following points, good to return until October 31, 1892, with two days transit limit in each direction: Denver, \$23.75; Colorado Springs, \$19.00; Pueblo, \$17.55. Passengers leave Santa Fe at 10:30 a. m. on Sunday at Alamosa and take through Pullman sleeper, arriving at Denver at 8 o'clock the following morning, making close connections with the Burlington, Rock Island and Union Pacific lines for Kansas City, Omaha, St. Louis, Chicago, and all points east.

### FUNERAL OF MAJOR J. D. SENA.

The Regulars and G. A. R. Men Ordered Out—Elaborate Preparations for Honoring an Esteemed Citizen.

The remains of the late Major Jose D. Sena will be buried tomorrow at the cathedral at 9 o'clock with imposing ceremonies. At the cathedral high mass will be celebrated by Vicar General Egillion, and at the grave in Rosario cemetery a brief address will be made in English by Gov. Prince and in Spanish by Hon. Tranquillino Luna, of Valencia county.

The following named will serve as pallbearers:  
L. B. Prince, Tranquillino Luna, Antonio Ortiz y Salazar, Solomon Luna, Miguel Salazar, A. L. Morrison.  
The honorary pall bearers are: Amado Chaves, Marcelino Garcia, Martin Quintana, A. M. Berge, Francis Downs.

In this connection the following communication and the appended order are self-explanatory:  
**EXECUTIVE OFFICE,**  
Santa Fe, July 11, 1932.  
Col. Pearson, 10th Infantry U. S. A., Headquarters, Fort Sargent.

Dear Sir: Major Jose D. Sena, one of the most highly respected citizens of New Mexico, died this morning at his residence in this city.  
Major Sena, prominently displayed the patriotism which characterized his whole career, in the war of the rebellion. He raised a company in this city and was mustered in as captain in the 24th New Mexico volunteers, Col. Miguel Pino, in July 1861. At the reorganization in May, 1862, after the battle of Glorieta, he was transferred to the 1st regiment, cavalry, Col. Kit Carson, and soon after promoted to be major of that regiment, and served as such until 1864. He took part in the battles of Valverde, Peralta and Glorieta and in Indian campaigns.

In view of his military record, it would be gratifying to his family if a military escort could be furnished at his funeral from the church to the cemetery, and they wish me to make a request to that effect.

It will be very gratifying to me personally if you can afford this token of respect. Yours very truly,  
L. BRADFORD PRINCE,  
Governor of New Mexico.  
FORT MCKAY, N. M.,  
July 12, 1932.

Orders No. 90.  
1. Major Jose D. Sena, a distinguished citizen of New Mexico, died yesterday morning at his residence in Santa Fe.  
The Hon. L. Bradford Prince, governor of the territory, writes that Major Sena prominently displayed the patriotism which characterized his whole career in the war of the rebellion. He raised a company and was mustered in as captain in the 24th New Mexico volunteers in July, 1861. He was transferred to the 1st New Mexico cavalry and promoted major and served as such until 1864. He took part in the battles of Valverde, Peralta and Glorieta and in Indian campaigns.  
The battalion of the 10th infantry under command of Capt. Kirkman, accompanied by a funeral escort for the remains of Major Sena. During the funeral the flag received by Sena will be displayed at half staff.  
The equipment will be full dress and the company commanders will serve blank ammunition and take the usual precautions. The battalion will arrive in front of the cathedral at 9:45 a. m., on Wednesday, the 13th inst., the time appointed for the funeral.  
By order of Col. Pearson.

1st Lieut. and Adj., 10th infantry.  
This call to the members of the Grand Army of the Republic was also issued today.  
SANTA FE, N. M., July 12, 1932.—A meeting of Carleton post, G. A. R., is called for 7:30 this evening for the purpose of making preparation to attend the funeral of their late comrade Jose D. Sena.  
FRANCIS DOWNS,  
Post Commander.

No one in ordinary health need become bald or gray, if he will follow sensible treatment. We advise cleanliness of the scalp and the use of Hall's Hair Renewer.

**Official Waifs.**  
P. Craig Monero, Rio Arriba county, N. M., has been appointed postmaster. Governor Prince is at Las Vegas today to attend a meeting of the insane asylum trustees. He will return tonight.  
Hon. Daniel Dorchester, superintendent of the Indian schools of the United States, resigned his position as a member of the territorial cattle sanitary board. A number of applicants for appointment have filed papers with the governor.

**Pleasant People Coming.**  
Says the Albuquerque Citizen: "Information has been received that both of the United States paymasters, Majors Towar and Baker, have been ordered to abandon their offices here as soon as possible and take station at Santa Fe. Both gentlemen are now out on a paying trip. They are pleasant people, with exceedingly pleasant families, and just as they have got acquainted with our citizens, the department orders their removal elsewhere. The Citizen regrets to note their departure."

**Will Go It Alone.**  
By reference to notice in another column it will be seen that the partnership existing between Lowenthal & Myers, Albuquerque, and Chas. Neustadt, Santa Fe, has been dissolved. Mr. Neustadt has bought out the Albuquerque firm's interest here and will continue the business for himself. His friends will be pleased to know this and will now, more than ever, look to his support. Aside from being a most clever gentleman, Mr. Neustadt is an excellent young business man, whose presence is valuable to any community. The New Mexican hopes for him all possible success.

**ROUND ABOUT TOWN.**  
Chas. Sandusky, book-keeper at the penitentiary, left last night for Raton accompanied by his family, a telegram having been received announcing the death of Mrs. Sandusky's mother.  
Several city subscribers may have missed their New Mexican last night. The book-keeper can explain if they will call around and ask why. It takes money to keep up a daily newspaper.  
Advice from the Mora fork of the upper Pecos, where Arthur Knaebel, Adolph Fischer and others are in camp, say they

caught 580 trout the first two days after arrival there.  
The friends of the late Major Sena are called to assemble at the court house at 9 o'clock tomorrow afternoon to adopt resolutions in memory of deceased.  
Capt. John Dalton, the sage of the upper Pecos, rode over from his place this morning. He says the trout fishing since the recent rains is simply "out of sight," and he reports a great many camping parties going in there at present.

D. A. Covert made an extraordinary capture yesterday, killing a rather large rattlesnake about a mile south of the penitentiary. The reptile was three and a half feet in length, one and a half inches in diameter at the thickest point and had six rattles and a button.  
Visitors at Gold's: L. P. Sandies, Fort Smith, Ark.; W. C. Brannan, Durango, Colo.; H. J. Keller, Durango, Colo.; Mrs. J. Forshen, Denver, Colo.; Dave J. Pallen, Colorado Springs, Colo.; S. T. Ken, Manitou Springs, Colo.; James R. Vorn Horn, Manitou Springs, Colo.; Miss P. Reaten, Newark, N. Y.

The New Mexican was in error last evening in speaking of Lieut. Paulding having received his promotion to the captaincy through the death of Major Lacey. The major is on duty at Leavenworth and through his recent promotion, growing originally out of the death of Col. Drum, Lieut. Paulding attains a captaincy. It is yet unsettled as to whether Capt. Paulding will remain here or will go to Leavenworth.

A force of bill posters is engaged today giving the boards a fresh coating of pictorial paper announcing the coming of Sells Bros. circus on the 21st. This is a great show and will attract hundreds of people from the country round-about.  
The Georgia Editorial association will visit Santa Fe on that date also, and altogether the day is expected to be a big one for everybody, including those people who merely "go to see the animals."

J. J. Leeson, grand chancellor, K. of P. of New Mexico, arrived from Socorro this morning. He has been a resident of New Mexico for twelve years and this is his first visit to Santa Fe. He is charmed with the capital city, he says, and thinks this valley the best in the west for fruit growing. Mr. Leeson is receiving every attention from the local knights, and a joint meeting of two lodges will be held tonight to tender him a reception.

**Frank Simers Again.**  
Frank Simers was arrested Tuesday night at Monero for horse stealing. It seems that on the 26th of June he stole a horse belonging to J. F. Colinder, of Cerrillos, rode him to Tierra Amarilla, traded him for another horse. He was bound over to await the action of the grand jury and in default of bail was sent to jail.  
Simers is the Cerrillos young rascal who was sent up for attempting to burglarize the Santa Fe postoffice some three years ago.

**Proposals for Purchase of Penitentiary Bonds of the Territory of New Mexico.**  
Whereas, there has accumulated in the territorial treasury, to the credit of the penitentiary interest and sinking fund, a surplus in excess of \$5,000, L. L. Bradford, Prince, governor of New Mexico, hereby gives notice that I will receive bids for the sale of the penitentiary bonds of the territory at the governor's office, at Santa Fe, up to 12 o'clock of Saturday, July 16th, 1932, and will then purchase from the lowest bidder said bonds to the amount of \$5,000, reserving the right to reject any and all bids which may be deemed disadvantageous to the territory.  
L. BRADFORD PRINCE, Governor.  
Santa Fe, N. M., June 13, 1932.

### HORTICULTURAL COMMISSIONERS.

Orchardists Who Ignore the Law to Be Formally Served with Notice—The Pests Must Be Destroyed.

At a meeting of the county board of horticultural commissioners yesterday afternoon, reports were received showing that while as a rule the destruction of fruit pests had received attention from very many orchardists, yet many whose orchards and gardens are in close proximity to those who have sprayed their trees have wholly ignored the law. It was stated that now is the period when the codlin moth worm leaves the apple and falls to the ground, there to seek shelter and form cocoons, and it is suggested that bands of cloth be placed about all apple trees to provide such shelter, these to be removed from time to time and burned, thus destroying very many of these pests which have escaped the effects of spraying.  
The following was drawn up and adopted, and copies ordered sent to those who have failed to comply with the law:  
Whereas, The attentive of the horticultural commissioners of Santa Fe county has been directed to the fact that the season is already far advanced and that certain parties, owners of gardens, grounds and orchards, have not taken and are not, apparently, taking any steps to comply with the law made and provided for the destruction of insect pests on fruits.  
And whereas, By such neglect the trees, plants and premises of the parties aforesaid are now and will continue to be in danger and nuisance to those who have complied with the law.  
Whereas, The law passed by the 20th legislature of the territory of New Mexico, entitled an act "to promote and protect the horticultural interests of the territory of New Mexico," approved by the governor on February 26, 1891, provides as follows:  
"It shall be the duty of the board of horticultural commissioners of each county, whenever it shall deem it necessary, to cause an inspection to be made of any orchard or nursery or vineyard or trees, or any fruit packing house, store-room, sales-room, or any other place in their jurisdiction, and if found infested with scale-bugs, codlin moth, or other insect pests, injurious to fruit, trees or vines, they shall notify the owner or owners or person or persons in charge or possession of said trees or vines or places aforesaid, that the same are infested with said insect, or any of them, or their eggs or larvae, and they shall require such person or persons to disinfest or destroy the same within a certain time to be specified. If it shall be found that such infestation or destruction has not been accomplished, the said person or persons shall be required to make application of such treatment for the purpose of destroying them as said commissioners may prescribe. Said notices may be served upon the person or persons owning or having charge or possession of such infested trees or vines or places or articles, as aforesaid, by any commissioner, or by any person deputed by said commissioners for that purpose, or they may be served in the same manner as a summons in a civil action. If the owner or owners or person or persons in charge or possession of any orchard or nursery or vineyard or trees or places or articles infested with said insects, or any of them, or their eggs or larvae, or eggs, after having been notified as above to destroy the same, or make application of treatment as directed, shall fail, neglect or refuse so to do, he or they shall be deemed guilty of maintaining a public nuisance, and any such orchards, nurseries, vineyards, trees, or places or articles thus infested, shall be adjudged and the same is hereby declared a public nuisance, and may be proceeded against as such, and the county board of horticultural commissioners are hereby authorized and empowered to abate such nuisance, and the expense thus incurred may be a lien upon the real property of the defendant."

Now therefore, be it resolved, That the horticultural commissioners of Santa Fe county ascertain the names of all the parties who up to the present time have neglected to spray or otherwise to properly disinfest their orchard, and send them notice in accordance with the law. And that they give to them the said parties due notice to at once comply with the law, or in the event of failure or refusal so to do, within ten days after receiving such notice that the said horticultural commissioners will forthwith employ the necessary labor, material and machines for carrying out the law and will place a lien upon the property so treated to secure payment of the cost of same.

**SCHOOL ELECTIONS.**  
Some Official Correspondence Elucidating the Law on the Subject.

The following official opinion is self-explanatory:  
**TERRITORY OF NEW MEXICO,**  
Office of Solicitor General,  
Santa Fe, N. M., July 9, 1932.  
Hon. Amado Chaves, Superintendent Public Instruction, Santa Fe.

Dear Sir: Your favor of yesterday asking, with reference to my former opinion on the qualifications of voters at school elections, "How it is to be determined legally what persons received the largest number of legal votes—if the judges of elections have the legal right to go about and interrogate voters—they not being under oath as to how they voted, and issue certificates of election based upon such answers, and if a certificate of election is not issued until after the first Monday in July, can the county superintendent legally receive the same?"—has had my attention and in reply would say that section 19 of chapter 25, laws of 1891, "the school law," simply provides for an election for school directors at which the directors were to act as judges of election, and certify the results to the county superintendent. There is no provision for canvassing the vote or for counting the ballots or for a contest, and no means under that act for going behind the certificates of the judges. The county superintendent is not authorized to impugn the certificate of election given by the directors; there is no provision for the disposition of the ballots, and in fact the whole law is very defective in this particular, and it should be amended at the next session of the legislature. The only remedy any person aggrieved by the result would have, would be by going into the district court on the equity side where testimony could be taken as to the qualifications of voters and for whom they cast their ballot, or by a criminal proceeding against the board of directors who had willfully neglected their duties or violated their oath of office. Very respectfully,  
EDWARD L. BARTLETT,  
Solicitor General of New Mexico.
