TRANSMISSISSIPPI CONGRESS GOES TO DENVER

Colorado Capital Wins Next Year's Meeting After Struggle; Day Devoted to Practical Papers.

(By Morning Journal Special Teased Wire)

San Francisco, Oct. 8.—Assembling after a day of recreation, the delegates to the Transmississippi Commercial Congress devoted the afternoon and evening to practical addresses on the development of the west and brief explanatory speeches of resolutions under consideration by the various committees. Hereafter on each day it is to be taken up by the committees, who are registered as attending the congress fully on Oct. 10, 11 and 12, and on the 13th the delegates will be in session in the morning to many points of interest on the day.

A new fund of resolutions deluged the secretary's desk after the delegates returned. Because of the extended address that they were given in the morning, the committee on resolutions determined to postpone the consideration of the resolutions until the afternoon of Oct. 10, and to devote the morning of that day to a discussion of the practical papers. Our Unmatched Millinery

The wonderful exhibition of Autumn Hats is a veritable revelation of the milliner's art. Their beauty and grace, the harmony and rich contrasts in color and the diversity of trimming combine to produce an attractiveness as distinctly unusual as in all other constant favorable comment from appreciative patrons and visitors.

This week we will make special exhibit and sale of hats at two degrees of quality and price, \$19.00 and \$25.00.

The \$19.00 line is greatly diversified in size, shape, color and trimming, and includes hats for street and dress. Trimmings are principally wings, flowers, and ribbons according to fashion's latest dictates.

The \$25 hats are principally of fine grade silk and velvet, in the most effective of new shapes, handsomely and effectively trimmed, the fashionable large roses being much in evidence. You would guess a much higher price many of these new creations, but for a week of special attraction the price for choice will be, each \$25.00.

Parting Models—For advantage of Paris Autumn Hats is a marvelous exhibit of the incomparable French genius in millinery art. Leading in prominence of effective style and embellishment are the various interpretations of Directoire and Marie Louise vogues. Attempted description is like waste. Visiting are as welcome as purchasers. We are very desirous that every appreciative woman in Albuquerque shall see and enjoy this unusual display of style and beauty.

Carnival Concluding Show
Tomorrow.

The regular troops of the exposition grounds who have been supplying the chief amusement features for the past two weeks will appear out of their gaudy stunts this afternoon when the cavalry stunt most exciting of the fair will enter the Roman race. Street of the chariot race of the fair has been built in one of the most excellent places ever seen in the city. With a four on the back of each of a pair of powerful thoroughbred horses, the regular troops of the exposition grounds will appear in a procession of the most magnificent and picturesque of the fair. The regular troops of the exposition grounds will appear in a procession of the most magnificent and picturesque of the fair.

entry and the cavalrymen, the big band of national Nevada Indians and the cowboys will put on the field a wild west show that will be a genuine thriller. The featured American old stage coach, belonging to the Nevada Indian and a relic of the Santa Fe trail days, will be brought out again, loaded with passengers and drawn by a four-horse team with the driver snapping his long whip. The stage will travel along the highway until a sudden band of thieves on the way-path will appear, surround the coach and are preparing to massacre the passengers when the posse of cowboys with six-shooters flung up and a hand to hand battle ensues. In the midst of it and while the issue is in doubt, with a roar of hoofs and a crackling of fire arms the soldiers rush to the rescue and the real fighting begins which ends naturally in the rout of the bloodthirsty savages of the plains.

It is about as realistic a performance as the genuine article in the days of the pioneers and has the stories of Diamond Dick beat a mile. The afternoon is to be a continuous volley of rifle and revolver fire and no one should miss it.

SMOKER FOR SOLDIERS
PROVES GREAT SUCCESS

The smoker and entertainment for the regular troops last night at the convention hall was a great success in every way and the hall was crowded. The athletic entertainment was an interesting and varied one, including first exhibition of fencing, boxing, back and side dancing, wrestling and all the sports in which the cavalrymen and infantrymen are proficient.

BIG BENEFIT BAND
CONCERT TONIGHTCitizens of Albuquerque Have
a Splendid Chance to Show
Appreciation of Generous
Work of Musicians.

The Mexican National band will give a splendid concert at 8 o'clock in the convention hall at which time they will render the most varied and the most excellent musical program of the exposition period. The repertoire of this famous organization of musicians

is practically limitless and Leader Nicks declares he has saved all his very best things for this occasion. The orchestral work of the band, in which it particularly excels will be a prominent feature of tonight's concert. The proceeds of the concert are to go entirely to the band. The latter have been playing steadily, morning, noon and night wherever asked to do so ever since the exposition and bringing in considerable money and it is up to the people of Albuquerque to show their appreciation of their great courtesy and that of President Diaz in sending them here as a gift to the citizens. By turning out tonight and giving the musicians from the south an ovation. They have it coming.

All the pupils of the public schools are invited to be present as well as parents and patrons and citizens generally. Admission of course, being free. Standing of the Teams.		W.	L.	P.C.
Trinidad	3	1	.750

Clifton	2	2	.500

Bob Harmon was in his right pitching form, and that in itself explains the defeat of the Albuquerque Grays at the hands of the Clifton Reds, by the score of 5 to 2 yesterday afternoon at Traction park. The Albuquerque batters were at the mercy of the big Arizona boy from the first inning until the ninth and were never able to hit him when hits were needed. The sides letting the Grays down with eight scattered hits, Harmon established a precedent on the local grounds by striking out seventeen batters in nine innings. His team mates gave him good support both in the field and at the bat, however, and the result of the game was never in doubt after the first inning.

Either Dick for the leads, although he allowed only seven hits, gave seven men free transportation to first, which materially aided the Clifton team in securing at least three of their runs.

Hetting, at third for the locals, was the shining star of the local team. In the first inning he put a sudden end to the hopes of the Clifton boys, by striking out two batters. He was enjoying, when, after two runs had been driven across the plate, he struck out his left hand, and pulled down a hard line drive of Donovan's, which doubled grandstand first. Clancy was the only local man who seemed able to solve Harmon's puzzles, by getting three clean singles, the first of five runs at bat. Stark was the heavy hitter for Clifton. In the first inning with one man on base, he drove a terrific triple to deep center, and again in the fifth with men on bases, he sent out a timely hit which scored a run.

Yesterday's victory for Clifton over them even with Albuquerque at the standing of the teams, and practically assured Trinidad first prize. However, should Albuquerque and Clifton each defeat Trinidad in the remaining games to be played all three teams would again be tied for first money. The game in detail.

First Inning—Albuquerque: Clancy opened the inning with a pretty single to right. Spear struck out. Clancy advancing to second on the play. Hetting struck out and then grounded out. Harmon to Donovan, to run Clifton. Waldman struck out. Clifton was given a base on balls and scored when Stark drove a triple over Harmon's head. Stark was caught off third, but scored when Pettus intervened with a throw from Hetting. To Spear to catch Stark. Grandstand walked out but was doubled off first when Hetting established Harmon's hot hit with one hand. Two runs.

Second Inning—Albuquerque: Graham struck out. Salazar popped up a little fly to Waldman. Weeks hit a slow grounder down the third base line and was safe at first on Allen's fumble. De Blasi singled to right, but both men were left on bases when Dick struck out. No runs. Clifton: Allen doubled over Graham's head in center. Dickerson struck out. Hall was given free transportation to first, but was caught stealing second. Harmon ended the inning by striking out No runs.

Third Inning—Albuquerque: Clancy reached first while Waldman was fumbling his grounder. Spear struck out for the second time. Hetting was thrown out when Waldman and Pettus struck out. No runs. Clifton: Waldman and Harmon both struck out and Stark grounded out. Salazar to Spear. No runs.

Fourth Inning—Albuquerque: Harmon exuded great applause from the spectators by striking out Graham Salazar and Weeks, one right after the other. No runs. Clifton: Grandstand and Harmon both scored the same route. Salazar to Spear. Dick walked. Allen, Dickerson and Hiss, filling the bases, but Harmon grounded out. Clancy to Spear. No runs.

Fifth Inning—Albuquerque: De Blasi struck out. Dick singled over second and Clancy sent him to second with a single to right. Spear flew out to Dickerson, and Dick sent fired out at third when Hetting hit a grounder to Allen. No runs. Clifton: Waldman beat out an infield hit down the third base line. Harmon scored on Stark's single to left center. Harmon and Stark crossed the rubber safe. Grandstand placed a clean drive between center and right. Donovan popped up a little fly to Salazar, and Allen followed out. Spear getting his hit. Grandstand was caught stealing second. Three runs.

Sixth Inning—Albuquerque: Pettus walked but was forced out at second on Graham's grounder to Stark. Salazar singled to right. Graham reaching third on the hit. When Salazar started to steal second, Grandstand hit in center field, allowing Graham to score. De Blasi flew out to Stark. Clancy, Clifton Dickerson struck out. Dick grounded out to Clancy. Harmon sent out his slow grounder, and Waldman walked, but both were left on bases when Harmon struck out. No runs.

Seventh Inning—Albuquerque: Harmon again demonstrated his ability by striking out Dick Clancy and Spear in a row. No runs. Clifton: Stark singled to center and went to second on Grandstand's sacrifice, the latter being thrown out at first. Waldman hit a grounder to Spear, who tried him at first and threw home to time to complete a double play on Stark. Grandstand tried to score from second on the play. No runs.

Eighth Inning—Albuquerque: The locals started after Harmon in a desperate manner in this inning. Hetting hit to Stark, who threw wild to first in an attempt to catch him. Pettus sent him across the plate with a single to center. Graham struck out and Salazar, after singling to right, was caught at first base because of leading on the way. Harmon, who was substituted for Weeks, sent him across to Donovan. One run. Clifton: Allen struck out. Dickerson singled in center, but was left on first base, as Hiss flew out to De Blasi, and Harmon struck out. No runs.

Ninth Inning—Albuquerque: De

Blasi struck out and Dick flew out to Donovan. Clancy singled to right, but never got farther than first, as Stark struck out for the third time. Following is the box score:

Lard Has Been in Existence a
Long Time—So Has Indigestion

Human nature is hard to solve. People who are most particular about adapting the weight of their wearing apparel to the season and its conditions, who never think of going out in a storm without an umbrella and rubbers, who would not sit in a draft, will day after day eat lard-soaked food and not realize for an instant that it is clogging their whole inner machinery. Lard is produced from hog-fat, sometimes impure, always indigestible. Cottolene is the only rational frying and shortening medium in the world. It is made from refined vegetable oil and everything about it is digestible and conducive to health.

It will make pure, palatable, healthful food, and food which anyone can eat and enjoy without the after-pangs of a disordered stomach.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

One of the most pleasing vaudeville attractions announced to appear in this city during the current season, is the Houdini-Lessie Co., which begins an engagement at the Elks theater next Monday night continuing throughout the ensuing week with matinee Saturdays. The company has established an excellent following during the past four seasons of its engagements at the Elks theater, by the progressive methods employed in the management, and the promises for the present season indicate an effort to outdo any previous attempt in the presentation of standard melodrama at cheap prices. Miss Lessie has been provided with an excellent repertoire of metropolitan successes in which to display her talents, and comes to this city with a supporting company that is said to excel any with which she has ever been connected. "Anita, the Singing Girl," has been selected for the opening performance.

Little Lessons on the Big Exposition

See the Perished Gentleman.
You perhaps were under the delusion that this individual was a Circus Store Indian. Such is not the case. It is merely Farmer Bill from Soapwood Hill going Enraptured at a Horse.

This Horse is Exhibit A of the Livestock Show. Farmer Bill has been Transfixed in this same Posture for three hours.

Observe the Disappointed Offspring. The Offspring is not infatuated with Blue Ribbon Quadrupeds. She is filled with a Yearning Desire to return to the parental Red-trees. Observe the Mother's Altruistic efforts to Assuage the Infantile Grief by Blowing the Nose.

The Offspring is Squalling. But Farmer Bill does not hear it. How Much longer will Farmer Bill remain in this position? Five hours.

We may therefore conclude that this is a Horse on the Infant.

Arrangements Have Been Made to Make This the Most Brilliant and the Most Enjoyable Event Ever Held.

The Montezuma ball, the crowning social event of the year, will be held tonight at the Alvarado, and as far as the hour of the grand match draws near it begins to appear that the elaborate and careful preparations at which the committee have been working for the past month or so will be rewarded with the best attended and the most brilliant occasion since the Montezuma ball became a feature of the territorial fair. The appointments of the Alvarado which lends itself so admirably to such a function, will be most clever and appropriate, and combined at considerable expense, and thought on the part of the committee. The assembly will be a most notable one as prominent people from all parts of the territory, military officers and society ladies from everywhere will crowd the great door as never before and the glitter of gold head and the dazzlement of boudoiring gowns will be a sight worth seeing. Governor George Curry arrives this morning and will lead the grand march this evening with Mrs. Willard S. Hopewell.

The Twenty-first infantry band will furnish the music for the occasion which assures that this feature will be all that could be desired.

Members of the reception committee are requested to be on hand not later than 8 p. m. and the floor committee not later than 8:15.

HAD QUIT WORK
READY TO GIVE UP IN DESPAIR
Restored to Health By Vinol

"I was sick, run-down and finally had to give up work. After trying a number of remedies and several physicians, I was just about ready to give up in despair. I saw Vinol advertised and decided to try it, and it has done more good for me than all other means combined. It has built me up and restored my strength until I now feel twenty years younger, and am able to attend to my work again as usual." Job Leavens, 1036 Lind Street, Wheeling, W. Va.

The reason Vinol is so successful in such cases is because it contains tonic iron and all of the strengthening blood-making and body-building elements of cod liver oil, but no oil. Vinol is unexcelled as a strength restorer for old people, delicate children, weak, run-down persons, and after sickness—and is the best known remedy for coughs, colds and bronchitis. We return your money if Vinol fails to give satisfaction.

Big Black Horse Takes the \$1000 Race With Ease From Helena Morgan.

Yesterday morning program while it is a series of interesting events, was a disappointing one to most of the spectators of the meeting in that the Glorieta Black Horse race, which was the feature of the day, was a walk away for Walnut.

The race was held at the Glorieta track, and was a very interesting one. The horse Walnut, a big black horse, won the race with ease, taking the \$1000 prize. Helena Morgan, the owner of Walnut, was very pleased with the result.

Colonel Stewart's attorney presented a list of fifteen witnesses, all but one of whom are fellow officers, medical and otherwise, of the colonel, and he asked to have all of them summoned. The board separately refused the requests except Dr. Sprague, a civilian physician, residing in this city, who yesterday made an examination of Colonel Stewart's health.

The board announced its willingness to hear Dr. Sprague, should he voluntarily appear, but his testimony would not be asked for.

Mr. Lattimer made a request that Colonel Stewart should be permitted to make the ninety-mile ride required by the military authorities, and to follow it with the wife, which is required as an alternative, but the request was denied.

Democratic Candidate and Gifford Pinchot the Principal Speakers Before Chicago Gathering.

Chicago, Oct. 8.—Addressed by William J. Bryan and Gifford Pinchot, the latter being chairman of the national conservation committee, the reading of a letter from James J. Hill, short address by delegates and a big reception at the Coliseum tonight were the features of the second day of the convention of the Lake to the Gulf Deep Water association.

Mr. Bryan, who spoke earnestly in favor of deep waterways, not only from the lakes to the gulf but in other sections of the country where increased transportation facilities were needed was given an enthusiastic reception which was a duplicate of that given to W. H. Taft who opened the convention yesterday.

Resolutions adopted by the convention commented upon the exceptionally

the time, with half the labor

Count the cracks in your kitchen floor. There's no end to them. There's no end to the dirt either if you clean with greasy soap. Soap and water are all right in their place, but they won't do the work of GOLD DUST.

GOLD DUST pries out dirt—dissolves it. Hot water rinses it away—leaves your woodwork clean and fresh.

Aside from doing better work, GOLD DUST saves about half your time and labor. It is a cleansing powder of magic power, which starts to clean the moment it dissolves.

METHODISTS WAGE WAR ON CANNON

Aim Not Only to Drive Speaker
From Chair But to Prevent
His Return to Congress.

[By Morning Journal Special Leased Wire]

Baltimore, Oct. 8.—The Baltimore committee of the temperance society of the Methodist Episcopal church, which is conducting a campaign against the re-election of Speaker Cannon, has today issued a statement in which it says that it has received a letter from Cannon, dated Oct. 7, in which he says that he will not accept the nomination for re-election to Congress. The statement says that Cannon's letter is a "sneaking retreat" and that the committee will continue its efforts to prevent his return to Congress. The committee also says that it has received a large number of letters from other members of the church who are opposed to Cannon's re-election.

Albany, N. Y., Oct. 8.—W. W. Kern, after reading the sensational attack upon him by W. R. Hearst in a special issue of the New York World, today declared that the charges were "preposterous" and that he was "not in the least interested in the big game of the New York World."

TRUCE ENDS; BRYAN ATTACKS TAFT

President Roosevelt Also
Comes in For Severe Ver-
bal Castigation at Hands of
Democratic Candidate.

[By Morning Journal Special Leased Wire]

Chicago, Oct. 8.—Having temporarily forgotten the political chaos which separated them and shaken hands with his republican opponent, W. J. Bryan, democratic candidate for president, today again sallied forth and launched his attack. Not only Mr. Taft but President Roosevelt came in for a severe verbal castigation at his hands. The forenoon was spent by Mr. Bryan in holding conferences with his lieutenants at headquarters and in the delivery of an address before the Chicago Citizens' Union. In the afternoon he rode out to Evanston, a distance of 15 miles, in an auto and there addressed several hundred students of Northwestern university and citizens of the city and tonight journeyed to Chicago Heights, where he spoke to a big gathering of laboring men. He will leave at 7:30 o'clock in the morning for the Santa Fe for Joliet, Gaillard and Quincy, Ill. Following his speech at the latter place he will be taken to Hannibal, Mo., where he will make his final address of the day.

Mr. Bryan's principal remarks today were made at Northwestern university. He at first dwelt at some length on the desirability of good citizenship. "I want you to believe me," he declared, "that I am more anxious to help you than I am anxious that you should help me." He said it was his duty to the world, whether any particular man was elected to the presidency, but that it did make a
