**BRIEF WIRINGS:****Gladstone Finally Wins.**

LONDON, July 19.—At 3 o'clock yesterday afternoon the total returns received show the election of 311 supporters of the government and 347 members of the opposition. It is officially announced today that as a result of the visit of Lord Salisbury to the queen at Windsor castle yesterday the conservative government will meet in parliament on August 4.

**Adjournment of Congress.**

WASHINGTON, July 19.—The ways and means committee have adopted a resolution providing for the final adjournment of congress on Monday next. The resolution will soon be called up, and in the present temper of the house there is little doubt but that it will pass. The senate is equally anxious to bring the session to a close so that nothing short of an emergency is likely to cause an extension by the senate of the day fixed by the resolution.

**American Tin.**

LOS ANGELES, July 19.—The Evening Express has interviewed Gervais Purcell, a civil engineer and financial agent of the company working the Temescal mines, in relation to the statement that the mines are exhausted and a failure. He emphatically declares that so far from being exhausted the mines are in the infancy of development. He regards the mines as practically inexhaustible. The ore is twice as rich as the best mines of Cornwall, and he has no doubt of the permanence of the vein.

**Michigan Republicans.**

SAGINAW, Mich., July 19.—The Republican state convention to be held tomorrow and Thursday will be the largest one in several years. The contest over the gubernatorial nomination is an exceedingly bitter one, and much bad blood has been engendered by both sides charging each other with barefaced fraud and the free use of money in the election of delegates. Three hundred and ninety-nine delegates are necessary to elect, and the Rich people assert that they go into the convention with at least 150 votes more than is necessary to give him the nomination. Pinkney, Rich and O'Donnell are the candidates for the gubernatorial nomination.

**Thursday's Event.**

NEW YORK, July 19.—Everything is now arranged for the Democratic mass meeting at which ex-President Cleveland and Adlai E. Stevenson are to be notified of their nomination. All the members of the sub-committee and most of the members of the national committee are here and will be present at the ceremonies. It will be the first time in the history of either party that the formal notification is made on the occasion of a great celebration. The plan of welcoming the ex-president has been slightly changed. The committee of 100 New York Democrats will meet him at the Grand Central depot and from there he will be escorted to the Victoria hotel, instead of the house of Mr. Whitney, as at first proposed.

**At the Homecoming Riots.**

PITTSBURGH, Pa., July 19.—Yesterday afternoon, the Carnegie people made information before Alderman McMaisters, for murder, against Hugh O'Donnell, John McLaughlin, Syl Critchlow, Anthony Flaherty, Samuel Berkel, Jas. Flanagan, and Hugh Ross. These men are all leaders of the strike at Homestead, and they are charged with the murder of T. J. Connors and John Swaine, two Pinkertons killed in the riots. Warrants were issued, and it is possible the men will be arrested, to-day, with the exception of Hugh O'Donnell, who is out of the city.

There is no change in the situation in the upper and lower union mills. The foundry and the mechanical departments are still in operation, yardmen are at work but everything else about the big plants is still. Probably 800 out of the 2,800 men employed in the mills, were

**"August Flower"**

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been affected with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower. Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." G. G. GREEN, Sole Man'fr, Woodbury, N.J.

on duty. None of the men who quit last week, however, responded yesterday to the company's invitation to work. All was quiet in the vicinity of the mine, and but few strikers were loitering about.

**Progress at Creede.**

CREEDE, Colo., July 19.—The amount of work being done is the best proof of faith in the mineral richness of Creede camp. An immense amount is being done in nearly every case; he the formation what it may, there is much encouragement. It is a peculiarity of this camp that scarcely a shaft has been sunk to the depth of 100 feet that is not in good ore, or so near to it, by indication, that a strike may be expected at any time. Mining men adhere to the assurance theory, but the contact with ore being made all over Bachelor hill is hard to explain.

The great Amethyst opened into a chamber of ore that is 80 per cent silver this week. The stratum has proved too rapid for the hoisting facilities and a three-chambered shaft is being sunk. New engines and hoisting facilities are being added.

An enterprise which promises much is the formation of a company to exploit the contact theory with diamond drills. Between sixty and sixty-five claims have been consolidated and prospecting will be carried on in the energetic way. Three drills will be used. The properties owned by the company extend from within 1,500 feet of the Amethyst out to Sunnyside and Shallow creek. Many experts maintain that the time is approaching when the contact theory will be proved a section of the camp and that deep mining will work a great revolution here. This the company advances and will operate to prove.

**Knocking for Admission.**

WASHINGTON, July 19.—Mr. Rockwell, of the committee on Indian affairs, has made a report on the resolution introduced by Mr. Breckenridge, of Arkansas, providing for an inquiry relative to the admission of the Indian territory as a state. The original resolution provides that the committee on Indian affairs shall inquire into the condition and sentiment of the people of the Indian territory with reference to the admission of the territory into the Union as a state; and, further, the committee shall consider whether the territory shall be divided into two states, and that in conducting its inquiries it shall be authorized to send for persons and papers, to send a sub-committee to the territory, to employ a stenographer and to compel the attendance for witnesses. It also contemplates an inquiry into the adjustment of all obligations existing between the federal government and the Indian tribes of the territory.

The report sets forth that the population of the territory, according to the last census, was 177,321 persons, and it contained 1,040 miles of railroad. By way of comparison it is stated that the population of Nevada is 45,761, with 925 miles of railroads, and Wyoming is 60,705, with 942 miles of railroads. It is bordered by four populous states and its people are far in advance of all the attributes that fit a people for statehood. The report continues that the obvious policy of the United States is to bring all territories within its limits, with the exception of the District of Columbia into the Union.

**ARMY ORDERS.**

Leave of absence from August 1 to include November 30 is granted Capt. Richard Vance, 19th infantry.

Leave of absence for ten days, to take effect about August 8, is granted Capt. Henry G. Sharpe, commissary of subsistence.

The leave of absence granted Capt. Thomas F. Quinn, 4th infantry, is extended three months on surgeon's certificate of disability.

Leave of absence for one month, with permission to apply for an extension of one month, is granted 1st Lieut. Stephen M. Foote, 4th artillery.

Capt. Edward J. McClennand, 2d cavalry, will visit the several companies of the militia of Arizona at such time as may be designated by the governor.

1st Lieut. Eli D. Hoyle, 2d artillery, will report to the commanding officer, Fort Riley, Kan., for assignment to duty August 1 as adjutant of the light artillery battalion at that post, to relieve 1st Lieut. Alexander B. Dyer, 4th artillery, of that duty.

1st Lieut. Christopher W. Harrold, 3d artillery, having been examined by a board of officers and found physically disqualified for the duties of a captain, by reason of disability incident to the service, is retired from active service as a captain of artillery.

The transfer of 2d Lieut. Frank A. Barton, 24th infantry, to the cavalry arm will take effect on the 1st of August, and his assignment to the 10th cavalry is announced and he will proceed to join his troop (H), Fort Buford, N. Dak.

1st Lieut. Alexander D. Schenck, 2d artillery, will visit the camp of battery A, St. Louis artillery, at Meramec Heights, St. Louis, Mo., during the week commencing July 16, for such duty as may be required and then by the governor of Missouri, to whom he will report by telegraph.

Capt. Hugh G. Brown, 12th infantry, will visit the camps of the Missouri national guard at Carthage, Mo., during the week commencing July 17, and at Brookfield, Mo., during the week commencing August 4, reporting by letter to the governor of Missouri for such duty as may be required of him during the encampments.

Patronize the New Mexican for all sorts of fine and cheap job printing; largest and best printing and book binding establishment in the territory.

**WILL REPORT FAVORABLY.**

That's What the Senate Committee will Do with New Mexico's Enabling Act Bill.

Then Its Final Passage will Be Postponed Till December Next.

The statehood news is not so discouraging after all. Last Friday H. B. Ferguson, of Albuquerque, the New Mexico Democracy's national committeeman sent a misleading private dispatch to parties here saying that statehood had been finally killed for this session by the refusal of the Republican senators to report the bill while at the same time its favorable report and passage was favored by the Democratic senators.

This was accepted by the unsophisticated on these points, and Mr. Ferguson's report "ways that are dark and tricks that are vain" as based on some tangible fact; but others, the knowing ones, took the announcement "cum grano salis." In the press dispatches of Saturday morning last it was stated that no final action had been taken on Friday, but would be, likely, at a meeting of the senate committee on territories on Saturday.

The news from Washington being thus confirmed, the following was sent Hon. A. Joseph, delegate in congress, yesterday:

Hon. A. Joseph, M. C., Washington, D. C. SANTA FE, July 18.—Please wire immediately exact status statehood bill.

New Mexico.

Last night the following came in response: To the New Mexican, Santa Fe.

WASHINGTON, July 18.—The senate committee has agreed to make favorable report on the statehood bill on Thursday next, 21st inst., and postpone its consideration and passage until next December.

(Signed) A. JOSEPH.

On the whole this is right cheerful intelligence, and, next to immediate admission, will be accepted by the people generally as a very acceptable status of this all-important affair.

**TERRITORIAL TIPS.**

First rain of the season at Albuquerque on Saturday.

Josefita Lopez, infant daughter of Mr. and Mrs. Joe Lopez, died at Las Vegas. Press: "To night's passenger trains are bumper on time."

W. W. Jones, of San Marcial, has withdrawn from the race for the office of sheriff of Socorro county.

Five car loads of fruit trees were sold in New Mexico last year by the Lee Sumner nurseries of Missouri.

After many years the patent for the tomato of Florida has been granted and the title to the land fully settled.

The survey of the San Marcial school district has been completed and an examination of the tax roll shows a property valuation of \$269,000.

D. W. P. Farrar and William Jaeger, are in Las Vegas, from Pueblo, for the purpose of establishing a gold-ore dispensary for the treatment of opium, tobacco and alcohol habits.

The Knights Templar of Albuquerque are now arranging plans for their trip to Denver early in August, and the Knights of Pythias have in view a trip to Katon in September, where the annual session is to be held.

The special chemist of the agricultural college will make an analysis of San Juan county canyons, for the tanning department of the World's fair auxiliary committee, under charge of Mrs. F. J. Conledge, of Ohio.

San Juan note: Mrs. J. A. Koonitz, of Aztec, Mrs. A. F. Miller, of Farmington, and Mrs. E. O. Booran, of Junction City, all have small fruits put up for the World's fair exhibit, ready for transfer to the glass jars when they arrive.

Bishop Chappelle confirmed a large number of Las Vegas people at the Catholic church on Sunday. The grown people confirmed were Mrs. Dr. W. R. Tipton, Mrs. Dr. J. B. Pettigrew, Miss N. Gorman, and S. J. A. Duffield.

Bishop Kendrick has selected Albuquerque as the place for holding the next convocation, and the date September 15. The time and place is chosen on account of the fair affording reduced railroad rates and a day or so of recreation.

Copious rains have fallen the past three days in every direction from White Oaks, and several cloudbursts have caused some damage to roads, and it is reported that some young stock were drowned, but the benefit to the ranges will more than compensate for such slight losses.

Springer sprays: Peaches are in the Springer market now—not the California nor any southern fruit, but the product of their own orchards. \* \* \* Mr. Millie, of Springer, received an additional carload of fruit baskets, to use in marketing the products of his orchard.

A session of the New Mexico annual conference of the M. E. church south is being held in San Marcial. This body includes all the ministers of that denomination in New Mexico and three stations in Texas, including El Paso. Bishop W. H. Duncan is in attendance and presides. Dr. H. C. Morrison, one of the general board of missions, preached the missionary sermon and took up a missionary collection, which is to be applied to the payment of the debt on the Las Vegas seminary, and \$216.10 was subscribed.

TUESDAY, JULY 19

## THE NATIONAL REPUBLICAN TICKET.

FOR PRESIDENT—**BENJAMIN HARRISON.**

OF Indiana.  
FOR VICE PRESIDENT—**WHITELAW REID.**

OF New York.

The free trade lumbar and Grover Cleveland are the modern Siamese twins.

There seems to exist, judging from the fashion plates, no necessity of telling the women of fashion, "how not to dress."

Statehood may be held back this session of congress, but the good fight must be kept up and shall be kept up till victory is attained.

SENATOR DAVID BENNETT HILL is viewing the present political campaign with the abstract air of a man, who has suffered a severe paralytic stroke.

The White Cap Democratic bosses and organs in the territory hate the New Mexican; Satan always hates the light and truth.

A cable dispatch announces: "Mrs. James Browne Potter is tired of acting." That's nothing; her audience have been tired of her acting for years.

FELIX MARTINEZ, support of Harvey B. Ferguson for political honors should be well shaken before taken; specially should the supply of booze give out.

The Democratic policy is to force wages of miners in New Mexico down and to force the miners into subjection and to accept low wages; the miners of New Mexico should vote against the Democratic nominees who represent these principles.

The Springer Stockman comes to the exchange list of this journal in an enlarged and improved form. May the paper succeed and prosper. The Stockman is a good paper and devoted to the interests of the town and county it is published in.

EX-SECRETARY WILLIAM COLLINS WHITNEY asserts that ex-President Cleveland was a good servant of the people. Yes, he was a very good servant to get rid of and the people want no more of him. One term of such service will suffice for ages to come.

The city of Santa Fe, through its Board of Trade, should bestir itself and induce a portion of the 100,000 strangers that will visit the city of Denver during the coming Knight Templar convocation, to come to the capital of this territory. There is not a more interesting nor lovelier spot upon this great continent.

The Democratic party and its nominees for president and vice-president are hostile to American labor and wage workers. That is the record and it can not be wiped away by howling "force bill" and "negro domination." That bugaboo "worked" once but is absolutely played out this campaign.

The Tammany Democratic New York Sun has changed its endearing terms for Grover Cleveland from "the stuffed prophet" and "the fat claimant" to "a minor consideration" and "an incidental excrement." The Sun is truly a royal supporter of Grover.

The knife that the Hon. Idus L. Fielder stuck between the ribs of his ex-excellency, E. G. Ross, at that Democratic Albuquerque May convention, is still there; at any rate his ex-excellency, E. G. Ross, through the medium of the Deming Headlight, still squeals like a stuck pig.

## PRISS COMMENTS.

### Cleveland Supporters.

Phil Armour says he will support Cleveland. Of course he will. All the trusts are for him. The sugar trust framed the sugar provisions of the Mills bill in 1888, and made a big contribution to the Cleveland campaign fund in that year, while the Standard Oil trust is running his canvass this year. Cleveland is the candidate of the "combinations" and the monopolies.—St. Louis Globe-Democrat.

### The D— Tariff.

The Atlanta Journal says the tariff caused the riot at Homestead. This view of the affair reminds us of a venerable political chestnut that got into circulation when Aleck Stephens was a youth. Two country men who had never seen a train came near a track, and when a train came by with its roar and spouting fire they concluded it was the "D— tariff" about which they had heard so much.—Atlanta Herald.

### How Reciprocity is Injuring This Country.

Santo Domingo does not stand high in the list of civilized nations. It is rich in natural resources and its trade is worth having, as Great Britain is ready to testify. Under reciprocity the United States is getting that trade away from England. During the month ending April 30, 1891, our exports to Santo Domingo were valued at \$45,410.

During the month ending April 30, 1892, they were valued at \$159,838.

—New York Press.

### The Emotional and Sentimental Grover.

The depth of this paragraph from one of Mr. Cleveland's recent letters—it happens to be touching a dog—is so great that one doubts whether the emotional nature of the statesman has ever been sounded: "If I was so situated that I could keep the fine dog you offer me all the year around with me, I should be most happy to possess him, but for the dog's sake, I think I ought to deny myself the pleasure he would be to me here, if I must put him in the hands of others to keep during the winter." Possibly this dog is the under dog in the fight that the permanent president of the recent Chicago convention said the Democratic party was in favor of.—Brooklyn Standard Union.

### Sensible Talk From the Sunny South.

Mr. Andrew Carnegie comes in for the maledictions always heaped upon the rich. But why abuse a man for that? He seems to have gotten his money lawfully and if the laws or any part of them which enable him to get \$50,000,000 (that's the figure they've got him down at) wrong and had, reform the law, and that reformer Carnegie, in so far as to prevent him from making another "pile" in the way he made the first. In point of fact, discounting some natural wrongs and ambition, Mr. Carnegie is one of the best, wisest, most practical friends labor ever had. He is a born commander of industrial forces. Through him and through the fruits of his skill in organization millions on millions have been paid workmen. Thousands live in, not cottages, but fine residences, that represent earnings in the various Carnegie plants. And he goes on in this business, though he is one-tenth as rich as "they say" he is, he could enjoy a princely fixed income and have none of the trouble and turmoil and cursing and kicking that are the sure reward of the successful manufacturer. As for his gains, they are nothing like as great as usually reported, not greater than Dr. Siemen's and others made in "free trade England" in parallel time, and Carnegie has used his money sensibly. How much would Homestead, Duquesne, Braddock's, Field's or Beaver Falls, all largely creations of Carnegie's genius, be worth to Chattanooga? We of the south can not afford to believe like ignorant hoodlums and talk like toughs whenever a manufacturer is simply accused of some wrong. We of all sections need manufacturing capital and need pressing it, and we had better treat him better well or we stand a chance of being left to help ourselves.—Chattanooga Times.

### Entitled to Statehood.

Governor Prince, of New Mexico, has addressed a letter to the chairman of the senate committee on territories, in which the reasons why that territory should be admitted as a state are concisely and conclusively set forth. The letter has been published in pamphlet form and ought to be carefully studied by every member of the senate. In it the governor discusses the right of New Mexico to self government which rests upon congress to admit her; reviews the repeated attempts that have been made to obtain statehood; and presents an array of facts as to the population, financial strength, resources, public property and general educational and industrial advancement that can not be gainsaid. The document is an able and unanswerable argument in favor of the rights of New Mexico to admission as a state.

If the advancement of New Mexico to the dignity of statehood was in any way disputed as a matter of right, Governor Prince's appeal would receive great weight. Nothing of the kind, however, is urged. It is not a question of national policy, but a question of party policy, and in the days of party subservience—of which the New Mexican newspapers on both sides are excellent examples—the good of the party, as it is termed, is elevated above the good of the people and the obligations of the nation. A Republican senate is objecting to the admission of New Mexico because it is afraid that it may be a Democratic state. This one reason. The second, and perhaps one that just now wields an equal influence, is the fear of the monopolists that two senators friendly to silver would be sent to Washington. No matter how able the argument, or how just the demand, or how evident the national obligations, any or all of them would not be considered a moment as against a matter of party policy, or as injuring the hold of the anti-silver monopolists.

Every consideration of justice demands the admission of New Mexico as a state,

but we fear that before that justice is done our friends in New Mexico will be obliged to escape from party servitude and assist in manifestly the movement now going on to assist the cause of the west and compel their recognition at the hands of both of the old parties.—Denver Rocky Mountain News.

### Trustee's Sale.

Notice is hereby given, that whereas John T. Doyle, late of the 231 day of March, 1892, by his certain deed of trust of that date, and recorded in book G, of mortgages, pages 351 to 356, in the office of the probate clerk and ex-officio recorder's office in the county of Santa Fe, conveyed to one W. S. Strickler, as trustee, the following described real estate, situate, lying and being in the county of Santa Fe and territory of New Mexico, to-wit: Lot No. 8 in block No. 80, in the town of Cerrillos, Santa Fe county, N. M., according to plat of said town; to secure the payment of one certain promissory note, bearing date the 23d day of March, 1892, for the sum of \$500, on demand after date, which said note bears interest at the rate of 1 per cent per month from date until paid.

And whereas, the said note is now past due and unpaid, and according to the terms and conditions of said deed of trust, upon the failure to pay said note, according to its true tenor, date and effect, the whole of the indebtedness thereby secured should become due and payable, and at the request of the legal holder of said note the property thereby conveyed should be sold for the purpose of paying off said indebtedness.

And whereas said deed of trust provides that in the case of the absence from the said county of Santa Fe, or refusal, failure or inability of the said W. S. Strickler as trustee, to act, then the then acting sheriff of the said county of Santa Fe should be vested with all the powers of the said W. S. Strickler, to act, and whereas said W. S. Strickler is absent from the said county of Santa Fe, and is unable to act, and it has become necessary for the said sheriff of the county of Santa Fe as the successor in trust, to attend to the execution of the deed of trust, and to advertise and sell the property so conveyed as aforesaid, for the purpose of paying off said indebtedness, which the day of sale hereinafter mentioned amounts to, together with principal and interest, to the sum of \$520.83.

Now therefore, I the undersigned, by virtue of the power and authority vested in me as successor in trust, and in accordance with the terms and conditions of said deed of trust, for the purpose of paying off said indebtedness, together with principal and interest, the execution of this trust, and provided to be paid by said deed of trust, will on Monday, the 1st day of August, A. D. 1892, at 12 o'clock noon, at the front door of the postoffice, in the city of Santa Fe, county of Santa Fe, and territory of New Mexico, sell the above described property at public auction to the highest and best bidder for cash.

And which said above described property will be sold subject to a prior deed of trust given by the said John D. Doyle upon the same property to secure seven certain promissory notes, aggregating in the total, the sum of \$750, payable to the order of Lowenthal & Meyers, and upon which said notes there is due and payable on the day of sale the sum of \$705.

CHAS. M. CONKLIN,

Sheriff of Santa Fe Co., N. M., and Trustee.

### BURLINGTON'S NEW FAST TRAIN.

Under its new summer schedule the Burlington route is enabled to offer increased facilities in train service and fast time from Denver eastward.

Train No. 6, "The Chicago Special," leaves Denver daily at 9 a. m.; reaching Omaha at 11:40 the same evening and Chicago at 2:15 the next morning, making the run—Denver to Chicago—in 25 hours and only one night on the road.

This train also has through Pullman sleepers from Kansas City and St. Louis, making quicker time than any other line.

Train No. 2, popularly known as "The Flyer," continues to leave Denver as formerly, at 8:30 p. m., reaching St. Louis at 7:10, and Chicago at 5:00 the second morning.

Both of these trains consist of vestibuled Pullman sleepers, chair cars and dining, serving all meals en route. For full information, tickets and sleeping berths, call on local ticket agents, or address G. W. Valley, General Agent, 1700 Larimer street, Denver.

### Visit the Grand Canon of the Colorado.

Commencing at once, I will sell to those desirous of visiting the Grand Canon of the Colorado, round trip tickets from Santa Fe via Pagetas for \$24.00 for the round trip. Tickets will have a transit limit of thirty days in each direction, with a final limit of ninety days from date of sale.

The stage connects with our through Pacific coast trains, and leaves Flagstaff, Monday, Wednesday and Friday, returning from the canon each Tuesday, Thursday and Saturday. The Grand Canon Hotel company have provided tents for tourists, meals \$1 per capita and lodging \$1 per night. Apply at city office for full information.

W. M. SMITH,

Ticket Agent A. T. & S. F. Ry.

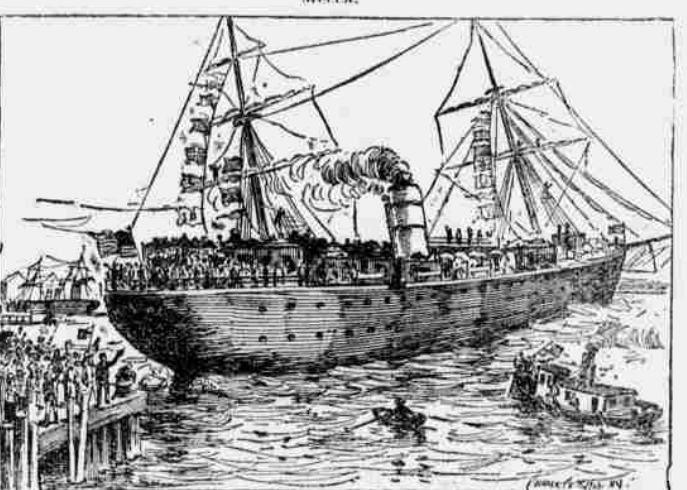

If Messrs. Sells Brothers' Mammoth Circus is merely regarded as a stupendous advertisement for America, from which enterprising land they hail, or whether it is regarded as a startling revelation in this class of entertainment, in either case it must be pronounced a brilliant success.—Melbourne (Australia) Daily Age.

An Exhibition manifestly worthy its American reputation and the extensive prominence with which it came upon Australia.—Sydney Daily Telegraph.

RETURNING FROM ITS TREMENDOUS, TRIUMPHANT, FOREIGN TOUR OF OVER 20,000 MILES, TO EXHIBIT ALL ITS WEALTH OF CROWDING WONDERS, AT

## SANTA FE, THURSDAY, 21 J-U-L-Y 21 SELLS BROTHERS' ENORMOUS UNITED SHOWS

THE BIG ONE OF THE WORLD.

Las Vegas Hot Springs, N. M.

THIS great health and summer resort is situated on the southern slope of the Santa Fe range of the Rocky Mountains, and an elevation of nearly 7,000 feet above the sea. The springs, some forty in number, vary in temperature from very warm to entirely cold, and are widely celebrated for their curative effects upon rheumatism and almost all forms of chronic disease. The bathing facilities are unequalled.

Round-trip tickets to Las Vegas Hot Springs on sale at all coupon stations. Round-trip tickets from Santa Fe, N. M.

THE MONTEZUMA HOTEL

(Formerly Phoenix Hotel)

It is a commodious and massive structure of stone—the finest water-cure hotel west of the Alleghenies. It has every convenience, and is elegantly furnished. The Springs and Hotel are located on a branch of the main line of the Santa Fe route, six miles from the town of Las Vegas, New Mexico; is readily accessible by telegraph, telephone, and passenger train per day. It is extensively used as a resort and bathing place by transcontinental tourists, as well as by all classes of rest, pleasure, and health seekers from every part of the country.
