On Sept. 1, the Mexican Foreign Ministry expressed the government's "profound concern" to the US over the deaths of two young Mexicans, and called for prosecution of border patrol agents responsible for the incidents. The ministry said the incidents occurred on Aug. 20 and 28 in the Tijuana-San Diego border area. The first involved a minor, Eduardo Hernandez, who was fatally struck by a patrol vehicle while seeking to enter the US along with another 100 undocumented workers. On Aug. 28, said the ministry, Pedro Garcia Hernandez, 15, was shot to death. (Basic data from AFP, 09/01/89)
