CASTRO FLEES NATIVE LAND IS BELIEF

PARIS THINKS DICTATOR
WILL REMAIN IN EUROPE

Claim He Has Fortune of Sixty
Million Dollars Deposited in
France and Europe; Dutch
Blockade Venezuela.

[By Morning Journal Special Leased Wire]
Paris, Dec. 4.—Some of the news-
papers here express the belief that
President Castro has deserted Ven-
ezuela forever. They say that for years
he has been sending money to Eng-
land and France, where they estimate
he has \$60,000,000 deposited.

Dr. Israel, according to a Berlin dis-
patch, said today that he had received
no notice that President Castro of
Venezuela, desired his services for an
operation. It is thought here that
President Castro will leave the steam-
er Guadalupe at Santander, Spain, in-
stead of continuing on to Bordeaux.

Dr. Polizan, proprietor of the only
sanatorium at Bordeaux, where an op-
eration on President Castro is oper-
ating, has not been notified that Dr.
Israel purposes to operate.

**DUTCH PREPARE TO MAKE
COAST BLOCKADE EFFECTIVE**

Willemstad, Dec. 4.—Having been
unable to obtain an amicable settle-
ment of outstanding differences with
Venezuela, the Netherlands govern-
ment has begun a naval demonstration
off the coast of the South American
republic, and since Wednesday ves-
sels flying the Dutch flag have steam-
ed from Puerto Cabello to La Guaira
at a distance of 2,000 yards from the
shore.

The battleship Jacob Van Heem-
skerck and the cruisers Gelderland and
Friesland are engaged in the opera-
tion, which, it is said, will continue
indefinitely. The Jacob Van Heem-
skerck arrived this morning, bringing
the above news. The two cruisers had
proceeded to Maracaibo, it was said,
though the officers observed secrecy
concerning the movements of the ves-
sels.

With steam up in all her boilers, the
Heemskerck arrived off La Guaira
Wednesday morning at 5 o'clock. As
soon as the battleship was sighted all
the lights in the city were extinguish-
ed. From the deck of the ship could
be seen the guns ashore pointing to-
ward the battleship, which was kept
ready for action. The Heemskerck
remained but one day of La Guaira,
and yesterday proceeded up the coast
and passed between the shore and the
small sandy islands in the bay of
Puerto Cabello, off the city of Puerto
Cabello.

The demonstration is regarded as
indicating that the preparations for
an effective blockade of the Venezue-
lan coast are complete.

It is reported here that the Nether-
land battleship Derfflinger left Hol-
land yesterday for this port.

**AMERICAN WARSHIPS
EXPECTED AT CURACOA**

London, Dec. 4.—The Daily Tele-
graph's correspondent at The Hague
says that a dispatch has been received
there that four American warships
are expected at Curacao in January,
and says it is certain that the United
States will staunchly support Holland
against Venezuela.

**UNCLE SAM NOT LIKELY
TO SUPPORT NETHERLANDS**

Washington, D. C., Dec. 4.—The
report that four American warships
are expected at Curacao in January
and that the United States will actively
support Holland against Venezuela
can not be confirmed here and in view
of this government's well known atti-
tude toward Venezuela, it is not gen-
erally credited.

VAST POSSIBILITIES OF WATERWAYS

Enormous Saving to Shippers
and Vast Power Lying Idle
Pointed Out to Conservation
Commission.

[By Morning Journal Special Leased Wire]
Washington, Dec. 4.—During the
course of the discussion before the
waters section of the conservation
commission today it was shown that
an enormous saving could be made in
freight expenditures each year if the
navigable streams were properly de-
veloped. In the year 1906 the rail-
roads carried 217 billion tons miles of
freight, at an average cost of 77
cents. If one-fifth of the freight ship-
ped each year were to be transported
by water it would result in a saving
to the producer and shipper of about
\$250,000,000.

The main topic in connection with
waters discussed today was water sup-
ply, and subsidiary to this navigation
in the east and irrigation in the west
was talked at length. The theoret-
ical strength of the water of the
country was estimated to be about

220,000,000 horse-power as against
5,230,000 horse-power now in prac-
tical use.

Tomorrow the entire four sections
of the committee will hold a session,
and a general report made prepara-
tory to a joint conference of the
governors of the states and territory
and the members of the commission
next week.

**ELGIN SEEKS TO PROTECT
TRADE MARK ON BUTTER**

Chicago, Dec. 4.—Government of-
ficials have started action in the United
States circuit court of Penn-
sylvania to break up the practice of
using the trade name "Elgin" on but-
ter not manufactured in that city.
Prosecution has been instituted by In-
spector Young, of Chicago, against the
D. E. Wood Butter company of Elgin,
Ill., charging misrepresentation on the
labels of packages in a carload he at-
tached at Uniontown, Pa. A hearing
of the case is scheduled for the first
term of court in 1909. The jurisdic-
tion of the Elgin board of trade is in-
volved. The butter which was seized
was shipped from South Wayne, Wis.,
November 12, the valuation being
\$1,000. The label with the word
"Elgin" has been in use for ten years
and is copyrighted. It is said that the
name is used by every manufacturer
of butter whose headquarters are at
Elgin, because of the prestige that
the name has in the butter world and if
the Pennsylvania court holds that the
use of that name on butter not man-
ufactured there is misrepresentation, the
usefulness of the Elgin board of trade
will have ceased.

Islanders in Religious War.

Berlin, Dec. 4.—An official dis-
patch received here from the com-
mander of the German gunboat
Junkara dated Ponape, Caroline is-
lands, describes conditions at Ponape
that threaten to break out at any mo-
ment into religious warfare. The
protestant natives are arrayed against
their Catholic brothers and they have
divided into two armed camps.

TRIUMPHANT REBEL LEADER REACHES PORT AU PRINCE

Opposition Melts Before Well
Disciplined Army of General
Simon; Enters Capital This
Morning.

[By Morning Journal Special Leased Wire]
Port Au Prince, Dec. 4.—General
Simon with his army is at the gates of
Port Au Prince awaiting until tomor-
row to enter the capital triumphantly
at the head of his 6,000 men. Had
it not been that today was Friday, a
day that to superstitions Haytiens is
one of ill omen, the thirty-five miles
separating them from the capital
would have proved no obstacle and
tonight the victorious rebels would be
within the city.

The delegation sent out from Port
Au Prince yesterday met General
Simon today at the cross roads where
recently the government troops were
entrenched where he is lodged at the
Villa Monrepa, a fine house built by
ex-President Hippolyte. The general
assured the delegates that his men
were well disciplined and would make
a peaceful entry into Port Au Prince.
Among the lower classes, General
Simon is very popular. The better
classes are more reserved in their
opinion and would have preferred a
man more refined for the presidency.
They are resigned, however, to ac-
cept General Simon.

General Leconte, former minister
of the interior will embark at St.
Thomas, D. N. L. on a French mail
steamer tomorrow and proceed to
Cape Haytien, where he will land
Sunday. General Pichon is on board
the steamer Virginia bound from St.
Thomas for Port Au Prince by way
of Kingston. No news has been re-
ceived here concerning the move-
ments of General Fouchard.

General Jules Colson, military chief
of Port Au Prince, today took refuge
in a sanctuary. Throbbing groups
stood in front of the building for a
while but soon were dispersed.

The city of Port Au Prince is tran-
quil and from the country districts
have come no reports of disorder.

**LECONTE ASPIRANT FOR
HAYTIAN PRESIDENCY**

Cape Haytien, Dec. 4.—General Clin-
datus Leconte, minister of the in-
terior in the late cabinet and now
an aspirant to the presidency, will ar-
rive Sunday. Partisans are preparing
a demonstration in his honor. Gen-
eral Leconte will be permitted to land
but every effort will be made to re-
press any movement that threatens
the peace of the city. The regular
force here will be reinforced by dis-
ciplined troops from the interior.

**REPORTED JAPANESE
GERMAN UNDERSTANDING**

London, Dec. 5.—The morning
Post's Shanghai correspondent says
that the Chinese foreign board has
learned that Germany and Japan pro-
pose to conclude an agreement rela-
tive to the far east.

The Post, which is a pro Japanese
paper, suggests editorially that the
report of its Shanghai correspondent
be accepted with caution. It holds,
however, that it is not unlikely that
Japan should desire to conclude an
agreement with Germany.

DEAD MEN VOTE IN CHICAGO PRIMARY

GRAND JURY REVEALS
WHOLESALE CORRUPTION

Eighty-One Indictments Re-
turned Against Alleged Law-
breakers; Honest Election
Impossible.

[By Morning Journal Special Leased Wire]
Chicago, Dec. 4.—The ballots of
men long residents of other cities, of
temporary absences, of the insane
and even of the dead, were cast in the
primary election of last August in Chi-
cago. "Repeaters" voted in platoons
with the connivance of wilyly un-
scrupulous judges and clerks of elec-
tion, and fraud, rampant to an extent
hitherto unknown in a city never famous
for the purity of its political atmo-
sphere, rendered the resultant party
nominations morally worthless.

These and other startling allega-
tions were made today in the report
of the special grand jury, which after
several weeks of delving into charges
growing out of Chicago's first pri-
mary and returning eighty-one indict-
ments against two scores or more of
politicians and others, adjourned. The
investigation, owing to physical limi-
tations, merely scratched the surface
of the situation, according to the re-
port, and doubt is expressed that
there has been an honest city or gen-
eral election in Chicago in years. The
findings of the inquisitorial body
characterize the primary election as
a disgrace to the city. Voting ma-
chines are urgently advised as a step
in a remedial direction, and a wider
application of civil service, is recom-
mended. It is stated that while the
jury can not affirm that no frauds
were perpetrated by civil service em-
ployees, it is significant that the in-
vestigators found none such. On the
other hand, the report marks the fact
that although the police were in the
vicinity of every polling booth, the in-
vestigators received no aid from them
in seeking to fasten responsibility for
the conditions which prevailed.

Referring to the fact that Frank J.
Loesch, the special state attorney ap-
pointed to conduct the investigation,
had been compelled by injunction to
perform his public duty without com-
pensation, even drawing on his purse
for necessary expenses in one instance,
the report denounces the men respon-
sible.

Touching on conditions which have
obtained at elections, the report says:
"In addition to the testimony di-
rectly bearing upon the crimes and
misdeeds for which true bills were
found, the grand jury heard much
testimony regarding the conduct of
said primary election and also gen-
eral elections, and find a deplorable
condition of affairs in certain wards,
not creditable to the officials, who are
charged by law with the conduct of
elections, and disgraced to the city
of Chicago, which has permitted such
election frauds to go on almost un-
questioned until this time.

"We find and so report that no con-
fidence can be placed in the reported
results, in favor or against any can-
didate for a party nomination at the
primary election, unless they are cor-
roborated by the testimony of the grand
jury, the taxpayers of Chicago pay
\$75,000.

"Fraudulent registration, leading to
fraudulent voting, repeating by pla-
toons of men who were voted first for
one party, then for the other party
candidates at the same precinct, vot-
ing names of absentees, non-residents,
insane and dead men, accepting false
affidavits on behalf of the disqualified
voters, known to the judge to be so,
numerous and flagrant perjuries by
party voters to enable them to cast il-
legal votes, taking votes from non-
resident voters without affidavits in
support of such votes; fraudulent
writing names on the poll books and
putting ballots in the boxes to corre-
spond; keeping upon the registers
names of men who had removed from
the respective precincts and voting
them; voting the same name more
than once at the same precinct; dis-
franchising voters by permitting their
names to be voted by others; marking
ballots after the boxes were opened,
handing voters ballots already marked
for certain candidates, marking bal-
lots for voters against their wishes,
and so putting ballots into the boxes
intimidating voters and compelling
them to vote for their candidates con-
trary to their wishes; strangers and
police officers being permitted to han-
dle the ballots after the boxes were
opened so as to permit of fraudulent
marking of ballots, were proven be-
fore us and are by no means all of
the devices which we have reason to be-
lieve were resorted to.

"From the facts coming to our
knowledge we express serious doubt
whether there has been an honest gen-
eral or city election in Chicago for
years past.

"We report that in our opinion
much of said fraudulent voting was
done in pursuance of general schemes
of corruption, the nature, character
and extent of which we had not the
time fully to develop."

The report declares that the elec-
tion commissioner should exercise
greater care in the selection of elec-
tion officials. In closing it recom-
mends a law making compulsory the
services of voters as judges and clerks
of election, and that general election
inspectors provided for by law shall
be men of character and standing,
with police authority.

(Continued on Page 2, Column 2.)

TAFT PLEDGED TO WORK FOR STATEHOOD

CURRY SECURES PROMISE
OF INCOMING PRESIDENT

New Mexico Governor Visits
Virginia Hot Springs and
Comes Away With Definite
Assurance of Help for Cause

[By Morning Journal Special Leased Wire]
Hot Springs, Va., Dec. 4.—Governor
George Curry of New Mexico, laid the
claim of that territory for statehood
before President-elect Taft today and
received the assurance that Mr. Taft
is heartily in favor of the proposition.
Governor Curry told Mr. Taft that
President Roosevelt said to make a
strong recommendation for the passage
of statehood bills for both New
Mexico and Arizona, at the coming
short session of congress. Mr. Taft
was asked to use his influence for the
success of this program. This, he
said, he would do in any manner that
might be consistent with his present
official status. It is probable he
will have an opportunity when in
Washington next week, to mention
the matter to legislative members.

An afternoon snowfall put an end
to future golf playing here for Judge
Taft, who will leave Sunday night for
New York.

PENNSYLVANIA ROAD AVOIDS BIG STIRKE

COMPROMISE REACHED
WITH ENGINE DRIVERS

Federal Board of Mediation In-
tervenes Successfully in
What Promised to be Disas-
trous Labor Controversy.

[By Morning Journal Special Leased Wire]
Washington, Dec. 4.—A successful
issue of the conference between the
representatives of the Brotherhood of
Locomotive Engineers and the Penn-
sylvania railroad lines west of Pitts-
burg and the board of mediation,
consisting of Chairman Knapp, of the
interstate commerce commission, and
Dr. Charles P. Neill, commissioner of
labor, was reached tonight and an
agreement proposed by the board of
mediation was accepted by General
Manager G. L. Peck, of the Penn-
sylvania lines, and by the board of
assessment of the Brotherhood of Lo-
comotive Engineers.

When the controversy was submit-
ted to the board of mediation it con-
tained elements that were very seri-
ous. Already the engineers on the
Pennsylvania lines west of Pittsburg
had voted to strike unless they could
obtain what they deemed to be proper
redress of their grievances. After a
careful consideration of the state-
ments of both engineers and the rail-
way officials, Chairman Knapp and
Mr. Neill proposed a plan of adjust-
ment which eventually proved to be
satisfactory to both sides.

Following is the statement issued
by Chairman Knapp and Dr. Neill
which embodies the agreement:

"The facts of this controversy de-
veloped by repeated conferences with
the respective parties, appear as fol-
lows:

"The general committee of adjust-
ment of the engineers desired to pre-
sent certain requests to the general
manager and to discuss the same with
him. The general manager declined
to take up these requests on the
ground that it was a settled rule of
the road that the general manager
will not take up requests of employes
unless they have been previously pre-
sented to and refused by the proper
division superintendent, and by the
general superintendent in turn and
that the requests in question had not
been presented to these subordinate
officials."

The representatives of the engineers
claim that most of the matters they
desire to present to the general man-
ager have already been submitted to
the division and general superin-
tendents.

"Upon examination of these re-
quests it appears that some were pre-
sented to the division superintendents
in December, 1907, in accordance with
the rules that an appeal was taken
to the general manager, but it was
later decided not to prosecute the
same at that time. It also appears
that some of the requests had not
been previously presented to the sub-
ordinate officials.

FOREIGN MINE WORKERLESS CARELESS

ENGLISH SPEAKING MEN
PRONE TO VIOLATE RULES

Arbitration, Transportation and
Accidents, Topics Before Am-
erican Mining Congress Gath-
ering at Pittsburgh.

[By Morning Journal Special Leased Wire]
Pittsburg, Dec. 4.—Arbitration was
the theme at tonight's session of the
American Mining congress.

President T. L. Lewis, of the United
Mine Workers of America, made
the opening address, taking the stand
that arbitration in which a third
party or outsider had to be utilized
was unsatisfactory and failed to
bring about permanent settlement but
that arbitration in which employer
and employee get together and between
themselves adjust their differences
has done more for the betterment of
the mining industry than any other
agency.

A letter on arbitration from Judge
George Gray of Delaware, was a fea-
ture of tonight's session.

The congress last today adopted a
resolution offered by H. H. Groeg, of
Missouri, opposing the free importation
of one into this country, and
urging a duty sufficiently high to
protect American producers. Another
resolution adopted expressed sym-
pathy for the surviving dependents of
the victims of the Marianna mine dis-
aster and also for the company that
had done so much to make its mines
safe.

There was a general discussion on
conservation, the present waste and
the prevention of accidents. G. W.
Traver, a Chicago delegate, said that
it had been his observation that Eng-
lish speaking miners more often dis-
obey or disregard mine rules than do
foreigners.

Unable to be present in person, E.
H. Harriman forwarded a letter to be
read before the convention on trans-
portation of mineral products. Mr.
Harriman said the mineral produc-
tion of the United States during the
past year had an aggregate value of
more than \$2,000,000,000 and the
crude and manufactured mineral
products of the country gave an
aggregate tonnage of more than 525,-
000,000 tons. The letter continued:

"The products of the mines consti-
tute the heaviest freight and are
charged the lowest rate. This is be-
cause they are non-perishable. If they
were perishable it is not urgent. Also
as a rule mine products are more con-
stant in their production.

"Many of the original investors in
railroads lost a large part of their
capital. The rush was greater than
they thought. But while those invest-
ors lost, the country profited. The
early transcontinental railroads and
the lines that were built after them
have transported coal and other
heavy mineral products for distances
so great and at rates so low as to be
inconspicuous with economic manage-
ment of the railroads, but for the
fact that at those distant points these
crude minerals had developed new
industries, which have in turn been
the means of increasing traffic of a
higher grade.

"In many parts of the country new
territory is being opened and its de-
velopment made possible by the
construction of railroads, but even in
this pioneer work is still in progress
in the lower part of the country, the
struggle of the present railways dur-
ing the past few years has been and
is now to keep pace with the rapid
growth and the rapidly increasing
demand for larger, faster and in every
way more ample transportation facilities.

Both the consumer and the pro-
ducer of mineral products are nat-
urally interested in any and every
factor which enters into the question
of the cost of these materials. It is
natural for the consumer to think
that they cost too much; and he may
divide the responsibility of the sup-
posed excessive cost between the min-
ing and the railroad. The producer,
on the other hand, is apt to lay the
excessive cost at the door of the rail-
road. And there is a widely circu-
lated opinion that the railroads charge
for transportation all that the traffic
will bear. It is equally true that they
do not charge what the traffic will
not bear.

"I am not writing to make or deny
any specific charges as to freight
rates. I realize the fact, as do you,
that inequalities may sometimes get
into freight rates as well as into oth-
er forms of business, but these are
being eliminated as fast as the situa-
tion in each such case is realized.

"The miner and the railroad have
been the two greatest advance
agencies in opening up and develop-
ing this country. Let me call your
attention also to the fact that the
country is developing and as the rail-
roads are developing, freight rates
have been diminishing.

CHURCH UNITY PROPAGANDA AMBITIOUS

FAVORS ACTIVE INTEREST
IN ORGANIZED LABOR

Resolution Adopted Urges Abolition of Child Labor and
"Sweat Shop" System, and
Declares for Shorter Hours.

[By Morning Journal Special Leased Wire]
Washington, Dec. 4.—A clear con-
ception of what the federal council of
the Churches of Christ in America
hope to accomplish through church
unity was conveyed through the ac-
tions of the body in session here today
in adopting resolutions placing itself
on record as favoring active work in
the interest of the laboring man and
organized labor and also urging a bet-
ter distribution of churches and the
home missionary workers.

Rev. Charles Shale, of New York,
superintendent of the department of
church and labor of the Presbyterian
church, declared that the relation of
the laboring man to the church was
one that dared not be ignored. He
said that socialism had taken the lead
from the churches in taking up the
fight for advancement in behalf of la-
bor and he placed himself on record
as favoring organized labor.

"The best books on the labor situa-
tion are being written by the so-
cialists and the question is whether
the laboring man shall go forward
without the church. He urged the
church to take up questions affecting
the working men.

Rev. A. J. McKelway, of New Or-
leans, secretary for the Southern
states of the national child labor com-
mission, declared that the greatest
shame of the country was child la-
bor, and that the greatest shame of
the church is its disregard of this in-
dustrial and social problem.

Following the discussion the resolu-
tion of the committee on church and
modern industry presented by Rev.
Frank Mason North of New York,
chairman, was adopted. The resolu-
tion recommends abolition of child
labor, regulation of the work of wom-
en, so as to protect the physical and
moral health of communities; sup-
pression of the "sweating system," a
protection of the worker from dan-
gerous machinery; a reasonable re-
duction of the hours of labor to the
lowest practicable point, etc.

The report on co-operation in home
missions, presented by Rev. Edgar E.
Hill, of Chicago, recommended the
organization of a home mission coun-
cil representing the principal home
missions organizations, for the pur-
pose of effective service, it having
been declared that the work of the
missions of the various denominations
overlap each other, causing financial
and other loss. It was also declared
that in many small communities in
the West too many churches are
working against one another and
preachers are starving.

Chesapeake and Ohio Fined.
Richmond, Va., Dec. 4.—By agree-
ment of counsel the Chesapeake and
Ohio railway and W. R. Johnson &
Co. pleaded guilty to rebating before
Judge Waddell late today. The rail-
road was fined \$9,000 and W. R.
Johnson & Co., \$4,500.

**SEARCH FOR BODY OF
CHIEF BIGGY GIVEN UP**

San Francisco, Dec. 4.—The search
for the body of Chief Biggy, who dis-
appeared from the police launch Pa-
tro last Monday night off Alcatraz
island, has virtually been abandoned,
although a close watch will be kept up
along the shores of the bay. The belief
is now generally entertained that
the body was swept out to sea by the
tide.

BARTENDER FIGHTS BANDITS

Lively Scrimmage Attends At-
tempt to Rob Saloon and
Gambling House in Goldfield.

[By Morning Journal Special Leased Wire]
Goldfield, Nev., Dec. 4.—A battle
took place early this morning in the
bar and gambling room of the Hotel
Casino between two masked hold-up
men and William Floyd, dealer of the
roulette game. Floyd, a bartender
and a porter were in the room when
the highwaymen entered, one carry-
ing two automatic revolvers and the
other a sawed-off shotgun. They or-
dered all hands up, but Floyd drew
his revolver and began shooting, dodg-
ing behind an icebox and shooting
left handed. The walls and doors
were riddled with bullets and buck-
shot. It is believed that one of the
bandits was hit, but both escaped.
Under Sheriff Knight has arrested
two men who are believed to have
been implicated in the hold-up.

**SAYS PRICE OF COAL AT
NEW YORK IS TOO LOW**

New York, Dec. 4.—E. L. Follet, a
retired coal operator of Scranton, Pa.,
said at the cost hearing today that
the price of coal under existing con-
ditions was too low for the individual
operator to compete with. The pur-
chase of coal by the roads relieved the
producer from the expense of market-
ing his product.

MRS. RICE TELLS OF RUSTIN'S DESIRE FOR DEATH

Witness in Murder Case Is Threatened With Death If Testifies for Defense at Trial in Seattle.

(By Morning Journal Special Leased Wire) Omaha, Neb., Dec. 4.—Many sensational situations in the trial of Charles E. Davis, the capitalist, charged with the murder of Frederick E. Rustin, rewarded the large crowd which packed Judge Sear's branch of the criminal court today. While interest centered in the evidence given by Mrs. Abbie Rice, and a reading of that given by Davis at the coroner's inquest, attention also sufficient was attached to the testimony offered by numerous other witnesses, much of it of a corroborative nature.

Mrs. Rice took up most of the forenoon with her story of how Rustin told her of the plan to have Davis kill him under promise that the physician would furnish Davis with a deadly poison with which to take his own life. Despite numerous and vigorous objections by Attorney Quayle, the court permitted Mrs. Rice to recite her entire story which was done during a quietude in the court which made her voice plainly heard all over the big room.

The state placed a number of witnesses on the stand during the afternoon to corroborate the testimony of Mrs. Rice and to fix the time of Dr. Rustin's movements and those of Davis during the evening preceding the death of the former. The exhibits offered in evidence formed another interesting portion of the day's proceedings following which the state rested at 4 o'clock.

The defense quickly began the introduction of witnesses to impeach those of the state who had testified as to the time Rustin and Davis were seen downtown and were employed on that line when evening fell. The defense also took the stand and announced that the usual Saturday afternoon recess would not be taken tomorrow.

DEFENDANT FORMER RICH BUSINESS MAN IN WEST

Bellingham, Wash., Dec. 4.—Charles E. Davis, on trial in Omaha for the murder of Dr. Rustin, was a pioneer business man and land speculator of Bellingham. In the boom days of 1890 he was rated as a millionaire, owning large tracts of land in the city of Bellingham, now South Bellingham. He built extensively and owned several of the best business blocks in that portion of the city. In the panic of 1893 Davis went broke financially, physically and mentally. He decided that he would walk to Omaha and had traveled several miles southward barefooted, when overtaken by friends and put under restraint. He remained here for a year, crazed over his financial losses, but harmless and left the city a physical and mental wreck. His brother, Frederick Davis, now vice president of the First National bank of Omaha, came to the coast to straighten out his brother's tangled affairs, but all he could save was the Davis block which is still owned by the alleged murderer.

THIRTEEN FRENCHMEN SLAIN IN WEST AFRICA

Serious Engagement With Fanatical Moors; Plot to Poison Soldiers.

Paris, Dec. 4.—A telegram from French West Africa says that a detachment of French gendarmes had a serious engagement with a band of Moors. The French lost in killed, one lieutenant and twelve privates while the enemy suffered losses and were routed.

Another communication from the governor of Indo-China says that four native leaders in a plot to poison a detachment of French troops were arrested yesterday.

NAVAL CAPTAIN DROPS DEAD IN DOCTOR'S OFFICE

New York, Dec. 4.—Captain Robert Hanna, United States army, retired, died suddenly in the office of Dr. J. E. Brewer here today, when just about to submit to an examination by the doctor. Graduating from West Point in 1872, nineteen years of his army life were spent on the frontier in Indian campaigns and in command of Apache scouts and on retirement he was made superintendent of the Whitehead torpedo adjusting station in Sag harbor, where he remained ten years. He was a member of the Loyal Legion.

COLONEL MERRILL EXONERATED

Prosecution of Boston Clubman Admits Arrest Was Error; Charges Withdrawn in Court.

(Special Dispatch to the Morning Journal.) Boston, Mass., Dec. 4.—Colonel Winthrop Merrill, the Boston financier, son of the late Moody Merrill, who was for years known as Colonel Grayson, a prosperous Silver City, N. M., business man, was vindicated in

court today and the charges of larceny against him were dropped. The complainants in the case, Jarrid Bros., were convinced that they were in error in misunderstanding the technicalities of a mortgage transaction and asked that the case be dismissed. The matter of his bankruptcy petition in the federal court is yet to be settled. This step was taken largely to avoid arrest on income process if he should have to leave the state on business.

JERSEY REQUISITION NO GOOD IN WASHINGTON

Western Governor Declines to Turn Over Citizen Wanted on Old Charge.

Seattle, Dec. 4.—Governor Mead, who refused to honor requisition papers last night for the return to New Jersey of Elliott A. Archer, wanted in Newark, N. J., on the charge of forgery to the amount of \$70,000, has ordered Archer released from custody. This decision was reached on the plea of Archer's attorneys that he had been here seven years and was leading an upright life and that it was a matter of civil debt in which the Newark authorities were trying to enforce collection. The New Jersey detectives, Walter Godfrey and Frank Tuite, denied this, but the governor refused to listen to any testimony and ordered Archer released. Godfrey has asked the bankers' association to take up the matter.

THE FRIEND IN NEED

(Washington Star.) We'd sort of felt the uplift, and we'd money in the bank. An' Mandy said she thought that simply furnish of a crank. An' lettin' loose the gasoline was easier grin than. A-drivin' to the city with a loss an' hired man.

We're here, here, here. What a lot of things there are. The general public doesn't know about a motor car. An' we're here, here, here. You're likely to be feelin' when you go back on a horse.

A horse may be some hard, but when he's inclined to shirk. You know that with persuasion he'll be gettin' back to work. But when your auto don't feelin' right, it never does.

A hint of its intention. It jolt's stiffens out and stops! A horse won't scatter you around promiscuous at the scene. You see plain factor don't blow up an' bust, like gasoline.

An' if you strike a hill an' find your brakes a-tittin' go. You know that you kin stop him if you simply hold, "Whoa?"

An' when you get him planted he will go as he is bid. He may do a little shippin', but by gum, he'll never add! An' there ain't no commutator nor no sparkin' plug to quit.

Nor yet no carburetor to be failin' in a fit. So, when we've lots of time an' want to make the neighbors stare. We start out in that auto an' go glidin' in 'ere an' there. But for real, serious travel, when you've got to get across. We jolt 'em up an' say that there ain't nothin' like a horse.

Don't Be Hopeless. about yourself when you're crippled with rheumatism or stiff joints or course you've tried lots of things and they failed. Try Ballard's Snow Liniment—it will drive away all aches, pains and stiffness and leave you as well as you ever were. Sold by J. H. O'Reilly & Co.

When Your Head Aches don't take chances with your heart by dosing with headache cures. It's caused by upset stomach or inactive liver.

Nature's Remedy

TELLS OF CRUELTY OF SAILORS ON WHALER

Chief Witness for State in Omaha Murder Trial Continues Thrilling Tale of Suicide Pact

(By Morning Journal Special Leased Wire) Seattle, Dec. 4.—Threatened with death at the hands of the officers of the whaler downed, because of his intention to testify that Joseph P. Gardner, who is under arrest at San Francisco, charged with the murder of Joseph P. Gardner, near Point Barrow, Alaska, committed the act in self-defense. John Griffith, who is held prisoner here as a witness with P. Kalkbrenner, declared this morning that he ran away from the ship at Dutch Harbor and boarded the Thetis. He characterized the whaler as a hell ship, saying that nothing but death, starvation and tyranny were perpetrated on her from the time she left San Francisco last March until her recent capture at East Cape, on the coast of Siberia, facing almost certain death in the early days of the voyage. Griffith declared that two men died at Nome as a result of abuse, overwork and starvation, and that a man was hanged over to the revenue cutter Thetis in a dying condition. He said the killing of Cadogan was the culmination of a long series of persecutions and abuse heaped upon Griffith by the dead man, who was a petty officer, and that the killing was necessary to save his (Griffith's) own life.

CATTLE BARONS LOOK TO MEXICO FOR RANGE

Washington, Dec. 4.—Cattle barons, whose number in the west are gradually being cut up for agricultural purposes, are investigating Mexican lands with regard to the advantages they offer for the raising of cattle. Consul Griffith, of Tampico, reports that the cattle barons have been virtually forced to look elsewhere for a cattle country, and they have discovered that Mexico and also that there is an advantage in settlement in the land and water transportation facilities for shipment to the United States. The climate, grass and water and general topography is said to be well adapted to animal growth and comfort.

For a Lame Back. When you have pains or lameness in the back, bathe the parts with Chamberlain's Liniment twice a day, massaging with the palm of the hand for five minutes at each application. Then dampen a piece of flannel slightly with this liniment and bind it over the seat of pain, and you may be surprised to see how quickly the lameness disappears. For sale by all druggists.

Smoked salmon, imported blooders, special forcing. Ballard's Snow Liniment, French fish and sealship oysters, Trotter & Hawkins.

BELLEVUE HOSPITAL IN DANGER FROM FIRE

New York, Dec. 5.—A serious fire, which necessitated two alarms and called out three fire boats, in East river broke out early today in a lumber yard between Twenty-fifth and Thirty-first streets, First avenue and East river. The blaze gained great headway and threatened the new wing of Bellevue hospital. The police were forced to rent hundreds of Italian families from their tenements.

BODY OF REVOLUTIONARY HERO TO BE REMOVED

Washington, D. C., Dec. 4.—Having been buried for nearly a century in a modest corner of the Diggins farm in Maryland near the body of Major L. B. Smith, the volunteer officer of the colonial army who assisted George Washington in laying out the national capital is to be removed at government expense with military ceremonies to Arlington cemetery in Virginia.

Irish University Named. Dublin, Dec. 4.—The title for the new university which has been the subject of an acute controversy for some time was settled today by the satisfaction of all parties when King Edward issued letters of patent constituting it as the National University of Ireland.

DENY PRESIDENT HAD ANY NARROW ESCAPES

Sensational Newspaper Stories Pronounced "Pure Inventions."

Washington, D. C., Dec. 4.—Recent newspaper stories connecting the president with narrow escapes from accident by being run down by automobiles, motorcycle boys and heavy fire engine have resulted in the giving out at the White House of an official statement characterizing the stories as "pure inventions."

Cattaro Reported Bombarded.

Paris, Dec. 4.—A special dispatch received here from Vienna says that a message from the Cattaro branch of the Austro-Hungarian bank to the bank's Vienna branch stated that Cattaro had been bombarded since 9 o'clock this morning. The dispatch adds that as the ministry of war it was said that the ministry had no information on the subject but that it was impossible to deny the news.

Morgan Buys Costly Books.

London, Dec. 4.—It is definitely announced that the purchase of the 11th book of the famous library of Lord Amhurst of Hackney, which were bought at private sale yesterday prior to the auction sale of the library yesterday, was J. Pierpont Morgan. A large sum was paid for them.

MANUFACTURERS TO APPEAR BEFORE TARIFF INQUIRY

Chairman of National Association's Committee on Tariff Arrives to Attend Sessions Today.

(By Morning Journal Special Leased Wire) Washington, Dec. 4.—Various interests were represented at the hearing this morning before the house committee on the revision of the tariff.

W. P. Wasserman, secretary of the American Protective Tariff league, who was the applicant for the port of New York from 1897 to 1899, called the attention of the committee to what he asserted were weaknesses in the administration of the tariff laws. Former Representative Montague, of New York, appeared before the committee in favor of having the duty of one dollar a ton on pear blossoms removed.

John M. Peters, of New York, secretary of the National Association of Importers, spoke on the section of the administrative act of the tariff law applying to undervaluations. Chairman Payne asked Mr. Peters to file a brief.

Gordon P. Morse, of Detroit, asked that higher duty be imposed on gasoline engines imported into the Philippine islands from other countries than the United States.

"What you want, Mr. Morse," said Mr. Hill, republican of Connecticut, is the same protection in the Philippine islands that you are getting in the United States. Hawaii and Porto Rico, and I think that at some time soon you will get that."

Representative William C. Lovering, republican of Taunton, Mass., spoke with reference to the drawback provisions of the tariff. He offered several amendments claiming that the law has been found to have certain defects which tend to limit its usefulness.

MANUFACTURERS TO BE REPRESENTED TODAY

Washington, Dec. 4.—H. E. Miles, of Taunton, Mass., chairman of the tariff committee of the National Association of Manufacturers, arrived in this city last night to appear on Saturday before the ways and means committee of the house. He will appear, however, as an individual and not as a representative of the association. Mr. Miles is one of the largest independent manufacturers of agricultural implements, carriages and wagons in the country.

Mr. Miles agrees with President Van Clow, of the National Association of Manufacturers, that in some form the preliminary work of changing the tariff schedules must be put into the hands of a board of committee who shall go to the bottom of the matter, as he claims the ways and means committee can not do this and that he has become a special committee. Mr. Miles said that this means nothing else than the tariff committee which the manufacturers are asking for. He declared that great progress has been made during the past few weeks in demonstrating the tariff schedule and industry of the tariff schedule.

OUT OF DOOR WORKERS

Men who cannot stop for a rainy day, will find the greatest comfort and freedom of bodily movement in TOWER'S FISH BRAND WATERPROOF OILED CLOTHING SLICKERS' SUITS \$300. Every garment bearing the sign of the fish guaranteed waterproof catalog free.

MORE BARTENDERS FINED FOR SUNDAY LAW VIOLATION

Native Accused of Wife Beating Acquitted by Jury; Resisting Arrest Case Dismissed.

The case of the territory versus Juan Sanchez charged with robbing a man at the hands of Deputy Sheriff Francisco Lopez, on October 15, 1907, was dismissed from court yesterday morning on account of lack of evidence. The chief witness for the territory failed to materialize and counsel for the territory decided not to prosecute the case, as the testimony given by minor witnesses was not sufficient to go to trial with.

After being out for twenty-five minutes, the jury in the case of the territory versus Florentine Sanchez, charged with assaulting his wife, was dismissed. It was alleged that Sanchez pulled his wife's hair, beat her and otherwise abused her because she failed to have his supper ready for him when he returned to his house on a certain evening. Mrs. Sanchez when placed on the stand testified that her husband did beat and otherwise abuse her on the occasion referred to in the indictment against him, but Sanchez testified that he did not do any of the things alleged by his wife. The jury believed the evidence given by Sanchez and returned a verdict of not guilty.

Pete Dinelli and Louis Giannini, two bartenders, appeared before the court yesterday and pleaded guilty to violating the Sunday closing law and were fined fifteen dollars and costs each. The fines and costs amounted to thirty-four dollars and forty-five cents per each man.

SWIFTWATER BILL
NOW HAS HIS
4TH WIFE

Famous Character of the
Northwest Takes Unto Him-
self Another; Big Force of
Men at Work on Great Tun-
nel Near Spokane.

[Special Correspondence in Morning Journal]

Spokane, Wash., Nov. 28.—(Swiftwater Bill) Gates, whose spectacular mining and matrimonial adventures in Alaska, Egypt, Honduras, California and Nevada have been the talk of the northwest for the last ten years, has taken unto himself wife No. 4. The bride is Sadie M. Green, eighteen years old, daughter of Mrs. Violet M. Erickson, manager of Hotel Webster in Spokane. They were married at Court House, Idaho, last Saturday, after a brief courtship. Gates and his bride are now on the way to New York, whence they will sail for Liverpool to pass a year in England. "Bill" cleaned up a fortune in Nevada a short time ago, coming to Spokane two months ago, about the time Gates returned to Spokane from Nevada. They met two weeks ago in the hotel where the veteran miner was domiciled to avoid notoriety. "Bill" was struck with the young girl's beauty and was ardent in his wooing. When Miss Mercer told him the loved another, Gates became more ardent and finally won the girl's heart and hand. It was intended to keep the engagement and wedding a secret, but the bride's confidant was over-enthusiastic and told another girl friend.

Gates came into public notice a dozen years ago, when he gave Gusie Lamore, of San Francisco, his weight in gold to marry him. His discarded wife soon afterward, and he married her sister Rose, divorcing her. Then he eloped with Bera Beale, sixteen years of age, at Skagway, Alaska, committed suicide early last month, after separating from Gates and marrying Harry Cook. "Bill" arranged for the burial and paid the bills.

"I have helped others to the limit of my ability, as God knows. I now lay out for aid in the hour of my affliction."

Rev. Thomas Bell, an Episcopal minister at Clifton Heights, Pa., employs the foregoing words in a letter reflecting the emotions of a heart broken servant to his former classmate, Right Rev. Bishop Samuel H. Wells, of Spokane, for assistance in locating his son, Robert Huntington Bell, who was last heard from by his father in California last May, while rooming at the Inn Bellevue in some-where in the east.

Twenty-eight machine drills, manned by experts, and three hundred men are working day and night in the big tunnel for the Chicago, Milwaukee & St. Paul railway near the Coeur d'Alene mining district, east of Spokane, and if the present rate is kept up more than 100 feet will be dug during this month. This will break all records in the history of railway construction in the Pacific northwest, work is progressing faster than called for by the schedule and engineers on the job say the hole will be completed before April 1, when it was estimated the drillers working on the east and west sides of the tunnel would come together. Tracklaying is also proceeding at a lively rate.

PROSECUTION RESTS IN
RUEF BRIBERY TRIAL

San Francisco, Cal., Dec. 4.—With all the testimony for the state before

"The Blood Is The Life."

Science has never gone beyond the above simple statement of scriptors. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. What the blood is "bad" or impure it is not a stain on the body which suffers through disease. The blood is also through. No mind and judgment are there, and every evil deed or impure thought is directly traced to the impurity of the blood. **Purify Impure Blood** can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which contains wonderful healing properties when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist does not happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Tablets regulate and invigorate stomach, liver and bowels.

the jury the prosecution rested its case late this afternoon in the third trial of Abraham Ruef, former political boss of San Francisco, charged with having offered a bribe to former Supervisor John J. Farley to vote for a trolley franchise for the United Railroads in 1906. Counsel for Ruef stated that "It might take no time at all to put in the case for the defense—it might take a week or it might take three weeks," and declined to make known until Monday morning, until which time the court adjourned, whether the defense would require any testimony or submit the case without placing witnesses on the stand, as was done in the previous trials. The case has been on trial for fourteen weeks, ten of which time was consumed in getting a jury.

ADMIRAL EVANS HAS NO
DESIRE FOR GIFT HOUSE

Los Angeles, Dec. 4.—(Rear Admiral) Robert D. Evans, retired, now on the lecture platform, does not desire the people of Los Angeles or elsewhere to make him a present of a house or anything else if such a thing is contemplated. Having an eye on the history of events of this kind, he does not care to experience similar results in his own case.

A letter from Admiral Evans to friends here says as much.

Following the admiral's tentative acceptance of a position as chairman of the board of directors of the Los Angeles Harbor company, to be actively occupied at the end of his present lecture engagement, a friend here addressed the admiral asking his views regarding the possible presentation of a residence to him by admiring friends in Los Angeles. In his response, the admiral declined the proposition fully and finally.

ANOTHER INTERNATIONAL
MARRIAGE A FAILURE

Mayor Tom Johnson's Daughter Wins
Divorce From Italian Husband.

Cleveland, O., Dec. 4.—Mrs. Elizabeth Johnson, daughter of Mayor Tom L. Johnson, today was granted a divorce from Federico Mariani of New York. She testified that her husband had never supported her. Miss Johnson and Mariani were married in March, 1907, at the home of the mayor. Shortly afterward, the couple went to New York to live. In a few months they separated. Mariani is an Italian play-wright.

MISSOURI MAN URGED
FOR INTERIOR PORTFOLIO

Washington, D. C., Dec. 4.—Representative Barthold of Missouri today at the White House declared that the people of Missouri want to be represented in President Taft's cabinet and are in favor of the appointment of Charles Nagle, of St. Louis, as secretary of the interior. Mr. Barthold had a talk with President Taft before the cabinet meeting and arranged for the reception by the president of a committee of one hundred of the deep waterways commission next Thursday.

CRUISER YANKEE TOWED
OFF BUZZARD BAY REEF

Newport, R. I., Dec. 4.—The United States cruiser Yankee, which has been grounded on Hen and Chickens Shoals in Buzzard Bay for the last ten weeks, has been floated and has started for New Bedford in tow, according to a wireless message received at the naval station here tonight from her commander, Charles C. Marsh. The Yankee will undergo minor repairs at New Bedford after which it is planned that she will proceed under her own steam to the New York navy yard for a complete overhauling.

GIFT FROM DEAD EMPRESS
TO MRS. NICK LONGWORTH

Washington, D. C., Dec. 4.—Mrs. Nicholas Longworth, daughter of President Roosevelt, has been presented with a beautiful pair of jeweled bracelets, the gift of the late Empress Dowager of China, to whom she paid a visit some years ago. The presentation was made by Tsung Shao Yi, the special ambassador who with Prince Tsai and two secretaries called by appointment at the Longworth home. There are also some presents for Mrs. Roosevelt while to the president to be given several hundred volumes of Chinese literature printed in the Chinese language and handsomely bound.

CLAIM SMELTER FUMES
ARE DESTROYING FOREST

Washington, D. C., Dec. 4.—Another conference will be held tomorrow at the White House on the controversy over the destruction of forests and vegetation in Montana by the fumes of a copper company's smelters. The company has promised to send representatives to present its side of the case.

LEADERS OF NEW PARTY IN
CONFERENCE AT ST. LOUIS

St. Louis, Dec. 4.—The leaders in the movement for a new national political party who began a conference here yesterday today prepared a declaration of principles. A committee consisting of J. W. Forest and J. English Walling, New York; L. H. Taylor and F. F. Folsom, St. Louis; E. S. Van Loan, Schenectady, N. Y., and

J. A. Bullard, a publisher, was engaged in the work. Government ownership, direct ownership of all national and state officers and similar tenets were incorporated in the platform.

ENGINEMEN KILLED IN
WRECK ON ROCK ISLAND

Little Rock, Ark., Dec. 4.—Passenger train No. 43 on the Rock Island railroad while running at a high rate of speed near Keosauqua, twelve miles east of this city today, with the switch at that point, derailed the engine, baggage and express cars, combination smoker and one chair car.

Joseph Hemphill, engineer, and J. Peigram, fireman, were killed. No passengers were injured.

Naval Collier to be Launched.

Vallejo, Cal., Dec. 4.—Everything is in readiness at Mare Island navy yard for the launching tomorrow of the collier Prometheus, the government built vessel, which is the largest ever constructed on the Pacific coast. The collier was early decorated with flags today in preparation for its initial dip into the waters of the channel.

Vallejo will take a half holiday in honor of the launching, all business being suspended and all men on the yard will lay down their tools for the day. It is expected that thousands of visitors will be here.

Pope's Illness Exaggerated.

Rome, Dec. 4.—The Correspondence Romana, a Vatican organ, asserts that, contrary to reports in circulation that Pope Pius has suffered a relapse and again has been obliged to take to his bed, the pontiff has practically recovered from his recent indisposition and today descended from the third floor of the Vatican to his official quarters on the second floor. There he received Cardinal Merry Del Val and worked several hours on political affairs.

Woman Swallows Poison.

Los Angeles, Cal., Dec. 4.—Mrs. Amanda Wagner, niece of the late Don Pio Pico, last governor of California under Mexican rule committed suicide today by taking poison. She had been afflicted with nervous trouble and feared this would lead to insanity.

Election Returns in South Dakota.

Sioux Falls, S. D., Dec. 4.—The official count for South Dakota shows the following vote for president: Taft, 67,934; Bryan, 49,265; Chaslin, 4,039; Hinson, 88.

California Pioneer Dead.

San Jose, Cal., Dec. 4.—W. B. Rogers, who lived in this valley for fifty-seven years, died today aged eighty-seven years. He was a native of Crawford county, Ohio.

New York Cotton.

New York, Dec. 4.—Cotton futures opened steady at an advance of one point to a decline of three points and closed easy at a net decline of 7 1/2 points.

Protest Against Freight Rates.
Spokane, Wash., Dec. 4.—The Spokane Jobbers' association, representing about one hundred of the principal shippers met today to protest against the increase in freight rates announced by the transcontinental roads to go into effect June 1st.

Secretary Bacon Ill.

Washington, Dec. 4.—Assistant Secretary of State Bacon is confined to his bed with a severe attack of tonsillitis. Yesterday his temperature was very high, but he is reported to be slightly better today.

Hasan's Ordered Extradited.

Sacramento, Cal., Dec. 4.—Governor Gillett today authorized the extradition of Homer Hasan, wanted in North Carolina on a charge of grand larceny. Hasan is under arrest at Fresno, Cal.

Wyoming's Official Vote.

Cheyenne, Wyo., Dec. 4.—The canvass of the vote in Wyoming for president is as follows:

Taft, 28,816; Bryan, 11,918; Debs, 1,715; Chaslin, 61; Hinson, 61.

Haytian Refugees Return.

St. Thomas, B. W. I., Dec. 4.—Over one hundred political Haytian refugees, including General Firmin, who headed one revolt in 1902 and another in January of this year have left here during the past few days for Hayti.

Choked to Death.

It is commonly said of babies who have died of the croup, how unnecessary this is. No child ever had the croup without having a cold or cough at the start. If you will stop the first symptoms of the cough with Ballard's Horehound Syrup there is no danger whatever of croup. Sold by J. H. O'Reilly & Co.

LEGAL NOTICES.

NOTICE FOR PUBLICATION.
United States Land Office, Santa Fe, N. M., October 12th, 1908.

Notice is hereby given that Clark M. Carr, of Albuquerque, County of Bernalillo, of New Mexico, has filed in this office his application to enter under provisions of Sections 2306-7 of the Revised Statutes of the United States the NE 1/4, SE 1/4, NW 1/4, and lots and land of Section 20, Township 14 N., Range 15 W., N. M. P. Meridian.

Any and all persons claiming adversely the land described, or desiring to object because of the mineral character of the land or for any other reason, to its disposal to applicant, should file their objections of protest on or before December 15, 1908.

MANUEL R. OTERO, Register.

In the Matter of the Estate of Ferdinand Selva, Deceased.

TO WHOM IT MAY CONCERN:
You are hereby notified that the administratrix of the above-named estate, having filed her final report, will, on the 15th day of December, 1908, apply to the probate court for the county of Bernalillo, territory of New Mexico, for her final discharge, and any persons objecting thereto may appear on said date.

BERNARDINA SELVA, Administratrix.

FOR SALE—Two horses; riders or drivers. 724 North 2nd st.

FOR SALE—1,000 lbs.

FINANCE AND COMMERCE

Wall Street.

New York, Dec. 4.—The restraint under which operations for higher prices in the stock market have labored during the week was thrown off to a large extent today and the advance was resumed with more appearance of harmony than any movement has shown for many days. The change in the temper of the market was not explained by any striking item of news although there was much discussion on the floor of the stock exchange of the supposed contents of the forthcoming message of President Roosevelt. The word was passed around that the tone of the message was mild and that it contained nothing calculated to cause fright to the most timid speculator. It was alleged also that the modification of the Sherman anti-trust law would be advocated so as to provide against its application to other than unreasonable organizations. In restraint of trade and so open the way to allow agreements among railroads on rates. The action of the market owed something to the relief afforded by the speculative liquidation already effected and of which there was evidence of a subsidence today. This was notably true of United States Steel in which the selling has been persistent throughout the week. The freedom with which that stock advanced although to a moderate extent, was of material effect in changing sentiment on the whole market. Low priced stocks continued a prominent feature and in some of these the only reason advanced for volatile upshots was the activity of market pools which had accumulated large amounts of chosen stocks and were holding them out of the market for higher prices. Manipulation to that end was rather obvious in the case of some of these stocks. The Gould group led by Wabash preferred was a conspicuous feature of the dealings. Great Northern preferred was the leader of the high priced stocks. The money market continues stiffer than of late in reflection of the large demands making upon banking supplies, rates for call loans ranging higher than since January when the money market was but emerging from abnormal conditions following the panic and the premium on currency was but newly abolished. The speculation seems entirely unapprehensive over this development and confident that the interval will be easily bridged to the period of disbursement of January interest and dividend money.

Preparations were in progress today for participation in the Panama canal bond issue for which subscriptions to an amount of \$20,000,000 are to be opened tomorrow. The usual preliminary estimates of the week's currency movement pointed to a heavy loss in cash by the bank largely owing to the government operations, but including also shipments of gold to Paris and to Canada. DR. PRICE'S Cream Baking Powder

Dr. Price's Cream Baking Powder adds to the healthfulness of all risen flour-foods, and makes the food lighter, sweeter, finer-flavored, more delicious.

Made from pure Grape Cream of Tartar.

No alum. No lime phosphates.

Read the Label

Note.—There are many mixtures, made in imitation of baking powder, which it is prudent to avoid. They are lower in price than pure powders, but they are made from alum. Alum in food is poisonous.

How One Doctor Successfully Treats Pneumonia.

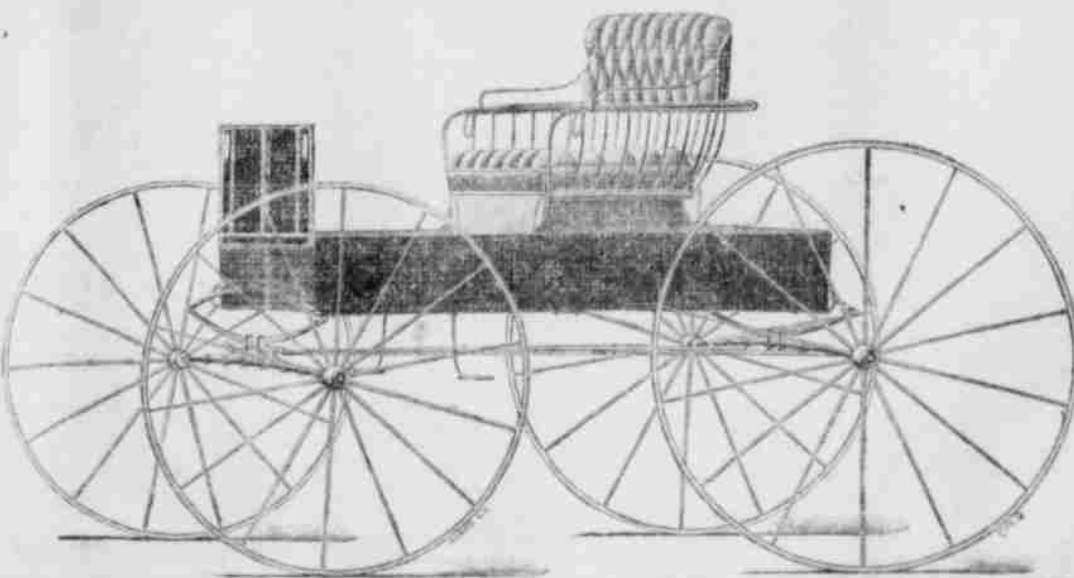

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice, and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all druggists.

BREAD FROM THIS BAKERY

Don't like the ordinary baker's
bread. It doesn't dry up in a
little while and be fit only for
toast. Our bread stays fresh and
moist as long as the best home
made. Try a loaf for a test.
You'd better look it up, however.
Our bread is so good it doesn't
have a chance to get stale where
people can get at it.

Pioneer Bakery

307 SOUTH FIRST STREET.

When the Furnace Fails

On many a cold winter morning you will wake to find the fires "out." What are you going to do about it—shiver? Prepare now for the emergency with a

PERFECTION Oil Heater

(Equipped with Smokeless Device)

and you'll have genial, glowing heat—instantly—wherever you want it—without smoke or smell—smokeless device prevents—turn the wick as high or as low as you like. Easily carried about. Brass font holds 4 quarts of oil—burns 9 hours. Handsomely finished in japan and nickel. Every heater warranted.

The **Rayo Lamp** makes cherry the long evening—brilliant, steady light for reading or sewing. Made of brass, nickel plated and equipped with the latest improved central draft burner. Every lamp warranted. If your dealer doesn't carry the Perfection Oil Heater and Rayo Lamp, write our nearest agency for descriptive circular.

THINKS NEW MEXICO BETTER THAN KENTUCKY

LEXINGTON MAN WILL
SHAKE OFF THE DUST

Declares Lawlessness in His
Native State Makes It Impos-
sible to Live There, and He
Will Try Land of Sunshine.

Kentucky loses two prominent citizens, and New Mexico gains them, because of lawlessness in Kentucky on the one hand and the attractions of New Mexico on the other, according to the Louisville Courier-Journal of November 30. Charles H. Stoll, of Lexington, Ky., Nov. 29, (Special.)—Charles H. Stoll, of this city who for probably thirty years has been one of the most prominent lawyers, business men and Republican politicians of this state, has decided to leave Kentucky, with the determination never to make his home here again, on the ground that the night-riding and general lawlessness in the state has made it an unfit place for a good citizen to live and bring up his family.

In turning his back on the old commonwealth, Mr. Stoll severely discommends what he designates as the present reign of lawlessness, and graphically depicts the deplorable conditions which he alleges have come under his own observation.

Mr. Stoll and his son-in-law, Halsey H. Lash, both of whom are among the best-known citizens, and are members of the most prominent families of Fayette county, have completed their arrangements for removing with their families to New Mexico, where they will, in future, make their home upon a large tract of land which Mr. Stoll bought about a year ago.

Mr. Stoll is well known in Louisville and New York, where he has spent much of his time in recent years as in this native city. A few years ago he was brought prominently into public notice by organizing what is now known as the Bourbon Whiskey trust, by which a large number of distilleries of bourbon whiskey in Kentucky were combined into one body under the title of the Kentucky Distilleries and Warehouse company. Mr. Stoll is a member of the large and influential family of that name, which has for many years been prominent distillers and wholesale flour dealers, and prominent in many of the most important business transactions of Central Kentucky. He was for many years at the head of the Lexington Waterworks company and the street railway system, and took a conspicuous part in other large business enterprises of this city.

Mr. Stoll announced today that he expected to take up his citizenship in New Mexico, and has no idea of ever returning to Kentucky to live.

Mr. Stoll talks very bitterly concerning conditions in Kentucky. When asked why he declared so emphatically that he would never again take up his citizenship in Kentucky, he replied:

"I mean to say simply that a state where lawlessness reigns supreme is no place for a man to rear children. Neither is it a place where he would be justified in giving his children to raise their children. I believe that Kentucky is infinitely worse off today, relatively speaking, than she was at the close of the war, in 1865.

"I find in my travels in other states that whereas twenty years ago men were proud to be known as Kentuckians, now these same men will conceal the fact that they even have Kentucky kin. That is putting it strong, isn't it? But it is true. Kentuckians throughout the length and breadth of the country are today hanging their heads in shame. One young gentleman born in this city said to me in the far West, week before last: 'Why Mr. Stoll, our people have become a race of degenerates.' You don't know what a blow that pierced through my heart. You can't con-

ceive what pain that brought to a man whose family has been prominently identified with affairs in the state, whose home was here during the first forty years of his life, and who has tried to do his part in the upbuilding of the community.

"Did I deny his statement? No, I did not see any other explanation for it. There is something rotten in the body-politic here. Many, even, of the good women of Kentucky have given their moral aid during the last twelve months to barn-burners, murderers and women-whippers. Think of it! Just think of it! Good women, born and reared in Old Kentucky, giving encouragement to devils who take women to roam and lay bare their backs and abuse strikes on the naked skin, simply because a woman has the courage to take her husband to task and make an honest living for her children and his.

"I was asked last week in a Western city how I could think of ever leaving for good this beautiful blue-grass country? This question was put by a former Kentucky woman, at her dinner table, where I was being entertained along with a number of other guests. I said: 'I will tell you a little bit of recent history and you can judge for yourself why I reached the conclusion which I have finally reached.'

After telling the story referred to, Mr. Stoll continued:

"I was not asked to give any other reason why I preferred New Mexico to Kentucky, but I say to you and through you to the people of Kentucky, that if this thing is not stopped, Kentucky is not the only young man who will seek a home where the laws are enforced and protection is given to every honest citizen in his efforts to make an honest living for himself and his family."

In reply to the question if he thought New Mexico should be made a state, Mr. Stoll said:

"I undoubtedly do. Her population is considerably less than the population of the city of Louisville. I believe not much more than half, but by the time the new state government is started I think you will find the population will be almost, if not quite, doubled, and, if I mistake not, New Mexico in ten years will be one of the most important states of this union.

"You know sometimes I think it might be a glorious thing for Kentucky, if, as New Mexico takes her place in the starry domain of states, Kentucky would ask Uncle Sam to take charge of her interests for a period, until she rose again to her old-time respect. But then I suppose that could not do. There will come another, or at least a great one, in Old Kentucky and you will find strong men and women taking hold of the serpent which is now holding our dear old state in its coils, and with one tremendous pull she will again be set free. I tell you, there is no power on earth like that of an aroused public sentiment. Do you remember what happened in Cincinnati when Tom Campbell, the murderer of the fourteenth president, stretched to the nostrils of decent people? Why, a mob of 20,000 people swarmed that courthouse and burned it to the ground. The people of Kentucky will do this way some day, and that day is not far distant, and when that day comes to pass the name of Kentucky will again be honored throughout the world."

OFFICE BOY CARRIES
OFF BLOCK OF STOCK

New York, Dec. 4.—The theft from a stock brokerage firm of stock valued at \$7,000, and of a check for \$325 upon which the cash had subsequently been secured, was brought to light tonight by the arrest of Philip Moser, nineteen years old, employed by Herchfield & Stern, from whose offices the securities and check were stolen.

The missing stock, 100 shares of Colorado and Southern preferred, was left in the brokerage office with check attached payable in cash at the National City bank. The cashier of that bank, it was learned, paid the amount to a boy who endorsed it with the name of Harry Smith. A hand writing comparison with the check's endorsement as signed for the investigating authorities, and the office boy of the brokerage firm, resulted in the arrest of young Moser, who is not charged with the theft, but being held as a suspicious person.

Turkeys, ducks and geese, Kansas City roasts and steaks, at Trotter & Hawkins.

MANY CHANGES IN LOCAL RAILWAY OFFICE FORCE

Big Shakeup Among Santa Fe
Employees as Result of Re-
cent Changes in Roster of Of-
ficials.

As the result of an official notice posted on the bulletin board in the Santa Fe shops yesterday afternoon, there is much to be said for the clerical force in the mechanical department. The notice contained the information that a number of the men had been promoted to fill various positions caused by transfers, promotions and creation of new positions. The changes were caused by the visit of S. L. Dean, mechanical superintendent of the Santa Fe line, who has been here several days. Mr. Dean, after a conference with other officials of the road, appointed W. A. George, superintendent of shops, with headquarters here, and William Dose, manager of mechanics with headquarters at Albuquerque and Seligman. As a result of these appointments there was a general shakeup in the personnel of the force in the master mechanics' office.

S. R. Chastell, who was chief clerk under Mr. George, has been transferred to Point Richmond, where it is understood he will become assistant to Master Mechanic F. R. Harlow. G. P. Clark, record clerk, has been promoted chief clerk to Mr. George. Clark, chief timekeeper, has been advanced to be record clerk, and John J. Tierney has relieved Mr. Spahr. Frank Bradley, distribution clerk, has taken the position of stock clerk, vacated by Mr. Tierney. Harry Appin, with the same time head bonus clerk, has been appointed chief clerk under Superintendent of Shops W. A. George. Clarence Wiley, bonus accountant, has been advanced to the position formerly held by Mr. Appin. The change in the lineup of the force will mean an advance in salary for every one concerned and the men were kept busy yesterday congratulating each other.

Mr. Dean, superintendent of machinery, accompanied by Clarence A. Barby, motor power accountant, and G. S. Smith, Mr. Dean's stenographer, left last night for their headquarters in Los Angeles.

NIGHT RIDERS GET CHANCE FOR BAIL

Tennessee Prisoners Taken to
Union City to Hunt Bonds-
men in Charge of Nashville
Police.

(By Morning Journal Special Leased Wire) Nashville, Tenn., Dec. 4.—In charge of Chief Form, of this city, Garrett Johnson, Tom Johnson, Lige Cloud, Bob Lee, Roy Ramsey, Bob Hoffman and Sam Applewhite, the alleged night riders who have been in jail here charged with being implicated in the murder of Captain Quentin Rankin at Redfoot, and who were yesterday allowed to give bond by Judge Matthews, were today taken to Union City, where they will make an effort to secure bail. Jesse Carter will not be taken to Union City yet, as he is officially ill of malaria at a local hospital. Taken to the local hospital two weeks ago, he rapidly improved, and as a precaution the sheriff had a small chain put on Carter. Thursday he grew worse and the chain was removed from his ankle. His condition is serious, but hopes for his recovery are entertained.

THIEVES ATTEMPT TO SELL SWAG

Men Who Robbed Michael
Brothers' Store Wednesday
Night Had Goods on Sale
When Theft Was Discovered.

That the thieves who entered the store of Michael Brothers in this city Wednesday night were of an enterprising turn is proven by the fact that they were trying to sell the jewelry, clothing and other stolen stuff early Thursday morning in Gallup. The men evidently took train No. 7 for the west shortly after midnight, and perhaps an hour before the theft was known here Thursday morning were trying to get rid of the stuff in the Carbon City, New Mexico, and the thieves boarded another westbound train at Gallup before the authorities here could get word there. Notice has been sent to all the towns west to look out for the guilty parties and they can hardly escape being apprehended.

The loss sustained by Michael Brothers as a result of the burglary will exceed five hundred dollars. An inventory of the stock was taken yesterday and a large amount of goods are missing, which were not thought to have been stolen when the first inventory was taken immediately after the discovery of the burglary.

It is believed that three men were concerned in the job, as three suit cases were carried away. The articles stolen include watches, rings and other jewelry, fancy silk and linen

handkerchiefs, corduroy trousers, an overcoat, together with a number of other articles of ladies and gentlemen wearing apparel.

A NERVOUS COAT THIEF.

There has been an epidemic of pet burglaries about the city lately. The other evening a well-dressed man stepped into the shop of a well-known clothes cleaner while the proprietor was at dinner. The stranger came out an overcoat and told the assistant in charge of the place to wrap it up for him, as the charges were paid. The polite stranger took the coat and skirted, and probably still has it.

SANTA FE CARPENTER RECEIVES BAD FALL

E. W. Reynolds, a Santa Fe carpenter, twenty-eight years of age, was painfully, although not seriously injured, as a result of falling from the top of the round house at the Santa Fe shops at 4 o'clock yesterday afternoon. Reynolds was engaged in the work of repairing smoke ventilation on top of the building, and in some manner lost his hold and fell to the ground, striking on a piece of timber with great force. Fellow employees who saw the carpenter fall, though at first that he had been killed, Reynolds suffered intense pain, but did not lose consciousness. He was removed to the Santa Fe hospital in a ambulance, where an examination of his injuries revealed the fact that he was not seriously injured beyond receiving a sprained ankle, a sprained wrist, a number of bruises about the head and other parts of the body. The injuries are very painful, however, and it will be several weeks before Reynolds will be able to resume his work.

MITCHELL BURIED YESTERDAY

Remains of Man Who Com-
mitted Suicide Thanksgiving
Night, After Shooting His
Wife, Interred Yesterday in
Fairview Cemetery.

The funeral of James P. Mitchell, who committed suicide Thanksgiving night after shooting his wife, was held from the African Methodist Episcopal church yesterday afternoon. The services at the church and at Fairview cemetery, where interment took place, were conducted by Rev. James Washington. The funeral was quite largely attended. Mitchell was for several years bartender at the bar in the Alvarado hotel and had always been esteemed as a sober, steady-going man. Several weeks ago his wife, Mrs. Lillian E. Mitchell, filed a suit in the district court, asking for a divorce and a return of her other charges of a like nature. After the filing of the petition for the divorce, Mitchell had his wife haled into the court of justice, of the Peace Craig on a charge of stealing a diamond pin from him. The case was dismissed, however, the court holding that Mrs. Mitchell could not steal from her husband, as she was still his wife in the eyes of the law.

Evidently filled with the spirit of Thanksgiving, on Thanksgiving day, Mitchell purchased a box of flowers and sent them to his wife, who was living with friends on South Water street. In a note attached to the flowers Mitchell requested his wife to forget past differences and pleaded for a reconciliation and a return of their former relations. Mrs. Mitchell, however, returned the offer and returned the flowers and the note. Thanksgiving night Mitchell went to the home where his wife was rooming, broke the door down and shot her with a Remington-Revolver. Mrs. Mitchell fell to the floor, and Mitchell, evidently believing that he had killed her, went to his home on Hazelton avenue and committed suicide. The remains were held in the undertaker's parlors for some time, waiting for instructions from relatives in Dallas and Waco, Texas. The relatives, however, were unable to make satisfactory arrangements to have the body shipped to Texas, and the funeral was held here yesterday.

According to Dr. John A. Reilly, the surgeon who has attended Mrs. Mitchell, the woman is slowly recovering from the effects of the wound and will be able to be up in a short time. Mrs. Mitchell was not informed of the fact that her husband had killed himself until several days ago. Beyond the request that he be given decent burial, she made no comment on the tragedy.

SOUVENIR DISHES NOW ON SALE

Good Chance for Buyers to Get
Something Out of the Ord-
inary Cheap at Solfie and Le
Breton's.

Just now is a good opportunity for Christmas shoppers to get in on a good thing at the big sale which has been in progress for a week or more at Solfie and LeBreton's on West Gold avenue, Berardillo's old stand. They have a large stock of handsome and unique souvenir china, the various pieces being adorned with pictures of the various points of interest about Albuquerque, including the old church in Old Town and various other places. The dishes are of most excellent quality and something quite out of the ordinary and already they are going fast. The closing out sale of Solfie and LeBreton's big stock has been a most successful one and no one should miss the chance to get some of the good things remaining.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

BUSY SHOPPING SEASON BEGINS ON PAYDAY

Christmas Buyers Who Wish
to Avoid the Rush Should Get
in the Game Before Decem-
ber Sixteenth.

"The Christmas business is starting in most prominently," said a well-known Second street merchant yesterday. "We are being kept pretty busy right along. The real Christmas rush, however, judging from experience of former years will begin after December 16, pay day. From that time on the big money will be in the game. The retail men will keep their stores open nights after that date and there will be something doing every minute at the beginning of the season in any criterion. My advice to Christmas buyers is to make the most of the ten days between now and pay day. They will stand a much better chance of getting what they want promptly and getting what they want."

"All the merchants I believe are prepared for a big Christmas trade this year and the indications are that they will not be disappointed."

AT THE SIGN OF THE INDIAN HORSE

Handsome \$25.00 Chafing
Dish of Hammered Brass to
Be Given Away Today With-
out Cost to Lucky One of the
Ladies Who Call to See New
Christmas Lines.

If there is a single woman in Albuquerque who fails to see the beautiful assortment of Christmas things which have just been placed on display by John Lee Clarke, Incorporated, at The Sign of the Indian Horse, it will not be the fault of the owners of the store. It is their belief that if the ladies see these things, the goods will do the rest and that the only problem they have to solve is that of bringing the ladies to the store.

That is the reason a very beautiful and extra chafing dish will be given away at The Sign of the Indian Horse tonight at 9 o'clock to the lady who holds the lucky number in the drawing to take place at that time.

The chafing dish is the most attractive article of its kind ever brought to Albuquerque. It is of hand-hammered copper, mounted on a base of mission oak and steel with an imported earthenware casserole, a distinct novelty in this part.

This chafing dish is to be given away absolutely without cost to the lady who holds the lucky number and every lady who calls at the store during the day and up to 9 o'clock this evening will receive a chance on the prize. There is no cost of any kind attached and the only conditions are that each lady who calls at The Sign of the Indian Horse spend at least ten minutes in inspecting the beautiful display and, if they meet her approval, to tell a friend something about them. No one will be asked to buy anything. The idea is simply to let the ladies of Albuquerque know what there is in this most attractive store in the way of Christmas things.

Each lady on leaving the store, will

HAPPY NOW

Family of Twelve Drink Postum.

"It certainly has been a blessing in our home," writes a young lady in regard to Postum.

"I am one of a family of twelve, who, before using Postum, would make a healthy person uncomfortable by their complaining of headache, dizziness, sour stomach, etc., from drinking coffee."

"For years Mother suffered from palpitation of the heart, sick headache and had stomach and at times would be taken violently ill and about a year ago she quit coffee and began Postum."

"My brother was troubled with headache and dizziness all the time he drank coffee. All these troubles of my mother and brother disappeared since Postum has taken the place of coffee."

"One of my brothers declared he would stick to coffee if it killed him, which we thought it was doing. One day we ran out of coffee and being a mile from town we gave him Postum without saying what it was."

"My, Oh!—he said, 'the coffee is the best today I have ever tasted.'"

"A sister was ill nearly all her life with headache and heart trouble, and about all she cared for was coffee and tea. The doctors told her she must leave them alone, as medicine did her no permanent good."

"She thought nothing would take the place of coffee until we induced her to try Postum. Now her troubles are all gone and she is a happy little woman, enjoying life as people should."

"I think everyone who makes Postum according to directions on the package will find it a success."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in papers.

LOCAL AND PERSONAL

Mrs. C. T. Brown, of Socorro, and sister, Miss A. D. Hutton, of San Antonio, were in the city yesterday, guests of the Alvarado.

A marriage license was granted yesterday to Henry Conwell, of Logan, Ohio, and Miss Addie E. Orr, who has made her home in Albuquerque for several years past.

William Vincent and Don Veray, formerly of Grand Haven, Mich., and who have been punching cattle in Colorado, arrived in the city yesterday. They are working their way to California.

J. C. Osgood and W. R. Bowen, officials of the Colorado Fuel and Iron company, passed through the city last night in private car Colorado, en route to Gilman, N. M., where they will inspect the property of the American Fuel company.

Elmer Murphy, a sixteen-year-old lad from Trinidad, arrived in the city yesterday and was taken in charge by Superintendent Hill, of the Detention house. Murphy says he left home on account of his stepmother's cruelty to him, and an effort will be made to give the boy permanent employment here.

Dr. A. G. Shortle, formerly of Chicago, has a force of men at work excavating on a lot he has purchased in the Terrace addition for a residence and private sanatorium which is to cost some \$25,000. Tubercular patients will be treated by Dr. Shortle, who is a well-known pulmonary specialist.

A big crowd enjoyed the good program of moving pictures last night at the Columbus theater. The best of the comic films will be repeated tonight with some new ones. The Columbus is now starting a new film service and promises to show local people the best moving pictures ever shown here.

Hon. Nathan Jaffa, secretary of the territory, returned to Santa Fe last night after a brief visit here. Mr. Jaffa received a message from Governor Curry just before leaving Santa Fe, in which the governor expressed himself as well satisfied with the situation regarding the territory, saying that he believed the chances improving for New Mexico's admission during the short session of congress.

Mr. William Rose, one of the recent arrivals from Washington, D. C., in the employ of the forestry bureau, has been with the government for a number of years, having spent three years in the disbursing office of the Lithian canal commission. He was in the Philippines while Governor George Curry was governor of Samar. His wife and family accompany him, and they are living at the residence of Miss H. V. Moore.

Franklin B. Sheldon, seventy-four years old, died yesterday at his home in Old Albuquerque, after an illness of several weeks. Mr. Sheldon came here recently from South Dakota to spend the winter. Death was the result of advanced age, together with a complaint of the kidneys. The remains will be shipped this morning to his former home in Bellefourche, Jay, Sheldon, a son of the deceased, who arrived here several days ago to be at the bedside of his father, will accompany the remains to South Dakota.

Sees Better Times Ahead. New York, Dec. 4.—Senator Vice President W. C. Brewster, of the New York Central, says he sees better times ahead. He said tonight that there had been a steady increase of business of late. He added:

"There is no friction whatever in the handling of traffic, and no labor troubles of any kind in sight."

For the Sake of Business. A countrywoman was taking her son to school for the first time, and, after improving the schoolmaster with the necessity of giving him a thoroughly good education, finished up by saying: "Be sure he learns Latin."

"That, my dear woman," said the schoolmaster, "Latin is a dead language."

"So much the better," replied the woman. "You ken he's gawn tae be an undertaker?"—Tit-bits.

The First Time. "You say the victim was shot in the head?" queried the coroner. "Yes, sir," replied the witness. "Previous to the shooting had there been any trouble or threats that would have led the victim to expect the shot?"

"No, sir. I don't think such a thing ever entered his head before."—Philadelphia Inquirer.

FOURTH LETTER FROM SANTA CLAUS

Toyaland, Dec. 4, 1908.

My Dear Friends—I wrote you
yesterday about some of the books at
Strong's Book Store. Today I want
to tell you something about dolls,
doll carriages and doll beds. You see,
Strong has made a big window dis-
play of these articles and you can get
some faint idea of the stock from
the window, though not all the vari-
eties were used in this exhibition.

They have everything in bisque,
china, rag, kid covered and hand-
somely dressed dolls, ranging in
price from 5 cents to \$7. I feel sure
the price can't be beat on those
lines of dolls and would advise you
to make your selection early.

Just a lot of the little folks will
want doll carriages. Only a few of
these samples are in the window for
lack of space, but you can find any-
thing from a 50-cent to a \$5.50 fold-
ing carriage. These are the nicest
line of carriages I have seen for the
money, and it is worth your while to
see them.

Then there are the doll beds, all
quaint and prices, from 75c up to
\$4.50. The prices on these are at least
25 per cent below the ordinary.

Now, my friends, do not delay your
Christmas shopping this year. People
generally are beginning early and
first thing you know the best stock
will have been sold and you will have
to take what is left.

Your friend,
SANTA CLAUS.

P. S.—Don't you know a subscrip-
tion to one of the standard mag-
azines would make a nice Christmas
present. Strong will attend to it for
you. SANTA CLAUS.
