W. H. COEBEL.

THE MONARCH FLOUR CHEST

Is the most useful and convenient piece of furniture ever invented. Preserves flour from moisture and thus prevents mustiness. Effectually keeps out ants, dust and all foreign substances. Has a reversible lid, which, when let down, forms a perfect kneading board, which is always in position and always ready for use. THE MONARCH FLOUR CHEST will pay for itself in a short time in the saving of flour, time and labor. THE MONARCH FLOUR CHEST is 22 inches long, 17 inches wide, 28 inches high in front and 36 inches high in back. Made in poplar, light finish or cherry stained, all handsomely varnished. Has a capacity for 150 pounds of flour and 50 pounds of corn meal or Graham flour, besides having drawers for coffee, sugar, spices, etc. THE MONARCH FLOUR CHEST is complete in design, perfect in construction, elegant in style and finish; is an ornament to any kitchen, and no well regulated family can afford to do without it.

BRIEF WIRINGS.

San Francisco Packing House.

SAN FRANCISCO, Dec. 13.—The extensive stock yards of the South San Francisco company in San Mateo county, have been opened and the slaughter of cattle, hogs and sheep has commenced. It is the largest plant of this kind west of Kansas City and was organized by Armour, Swift and other well known Chicago packers.

World's Fair.

CHICAGO, Dec. 13.—The World's fair joint committee is to meet to-day to arrange for the ceremonies on opening day. The act of particular note will be the formal selection of Oliver Wendell Holmes to deliver the ode, or at least to write it. The indications are that no attempt will be made to rival in any way the great events of dedication day. It will be a quiet and unostentatious opening with few speeches and few ceremonies. It is likely that the full program will be given out to-night.

Southerners in Distress.

GREENVILLE, Miss., Dec. 13.—A special from Columbia, says it is positively stated in that city by people in a position to know that the authorities of two or three railroads of the state are seriously considering a complete suspension of business. The roads referred to are not paying operating expenses and it is asserted that under the proposed railroad commission law, there will be no hope for them to meet the monthly demands for pay rolls and materials, to say nothing of keeping their road bed in good condition as to make travel on them safe.

Another Rate Meet.

CHICAGO, Dec. 13.—Chairman Midgely issued a call for a meeting of the Western Freight association here to-day. Among the subjects to be considered are: Rates from New Orleans to Missouri points; basis of division from St. Paul and Minneapolis to points in the Trans-Missouri Association territory; application of proportional rates to Green line and Carolina territory; divisions on rates on Colorado and Utah traffic; proportional rates of 25 cents per 100 pounds desired on all freight from Memphis to Kansas City that comes from Atlantic seaports; desire to establish milling in transit at points on the Great Northern road west of St. Paul.

Homestead Day.

PHILADELPHIA, Dec. 13.—Two months ago President Gompers, of the American Federation of Labor, and an officer of the Amalgamated Association of Iron & Steel Workers of America, issued an address to the American public setting forth the situation at Homestead and appointing December 13 as "Homestead Day," asking that collections be taken up for the destitute in the disturbed Pennsylvania town. This is being religiously obeyed by the national convention now in progress here and the indications are that it will be very genuine throughout the country.

Catholic Congress.

NEW YORK, Dec. 13.—The official program of the Catholic congress, to meet in Chicago on September next, which was approved by the archbishops at their recent meeting in this city, has just been made public. The congress, according to the program, will be composed of delegates from the dioceses and vicinages selected by the bishop in the following ratio: Ten delegates-at-large and five additional delegates for every 25,000 of the Catholic population. The honorary president of the congress will be Cardinal Gibbons. One session at least will be held every day and the same rule of order shall obtain as in the house of representatives in congress.

Statehood.

CHICAGO, Dec. 10.—A. V. Mowbray, of Springfield, N. M., was at the Richelieu to-day. He is here to arrange for the Ceylon tea exhibit at the World's fair. "The people of New Mexico are very much in favor of having the territory admitted to the Union as a state," he said. "New Mexico is very wealthy in its stock and mineral interests, and the people believe they could make a good showing among the states. They object, however, to the provision in regard to the public schools, especially the Spaniards. The latter do not want to see their language given up in the public schools, and this constitutes the principal objection among many of the citizens."

Democrats in Council.

NEW YORK, Dec. 13.—Many of the members of the Democratic national committee were in the city yesterday. They met in the afternoon at ex-Secretary Whitney's house and canvassed the senatorial situation in Kansas, Nebraska, Wyoming and California. Most of their time they devoted to Montana. Martin Maginnis, of that state, who says he was elected to the United States senate two years ago but counted out, told the steering committee the condition of things now. He said that the legislature has thirty-six Democrats, thirty-two Republicans and three Populists.

Maginnis is a candidate, but W. A. Clark and Marcus Daly are prominent candidates, with the chances in favor of the latter. Ex-Governor Houser is also running. Maginnis was promised aid from the national committee. A telegram from Cheyenne, Wyo., to Chairman Harrity was given out. The substance was that the state canvass defeats two Democrats, but the Democrats have one majority in the lower house. This leaves the legislature doubtful.

WASHINGTON BUDGET.

Statehood and Other Matters of Moment to New Mexicans—The Inter-State Commerce Act.

Special Correspondence New Mexican.

WASHINGTON, Dec. 9.—Little has as yet been done by congress except to caucus on both sides and to appoint "steering committees." In the house this committee will remain: The speaker, Mr. Benton, McMillan and Mr. Thos. C. Catechings. In the senate on the Democratic side it will probably consist of Senators Gorman, Carlisle, Vest, McPherson and Gray. At the caucus of the Democratic senators held Dec. 7, in the senate conference room, Senator Gorman, of Maryland, presided, and Senator Faulkner, of West Virginia, acted as secretary. There was a general discussion on the question of attempting to force the admission of New Mexico and Arizona as states during the present session, and it was decided to exhaust all parliamentary efforts to secure the admission of these two territories to the Union. Whether or not this is a unanime time alone will tell.

Gov. L. Bradford Prince, and Hon. Chas. H. Gildersleeve are here urging the question on the attention of congress both in the senate and house, and these gentlemen are awaiting the reinforcement of the committee composed of Hon. T. B. Catron, John H. Riley and H. L. Pickett, who are expected to arrive on the 14th instant. A grand onslaught will then be made.

Senator Platt informed Gov. Prince that "as at present advised I am not in favor of the admission of New Mexico at this session, and I think that with two or three exceptions that is the attitude of the Republican senators." This position of Platt is very annoying. It seems that the anti-slavery feeling of the east permeates every branch of business and politics. The goldbugs feel sure now that with Cleveland's veto they can control legislation and the order seems to have gone around to take no chances. It is not New Mexico that Platt fears so much as it is Wall street. However, the sentiment of a majority of the senate and of the house is unquestionably for the admission to statehood of New Mexico, and the question is can the forces scattered through both parties in the senate be combined. The committee of New Mexicans will have a delicate diplomatic mission to perform, but notwithstanding Mr. Platt's assumption of authority to speak for his colleagues the fact remains that a majority of the votes in congress are for statehood, if the measure can be got up for consideration.

Of course the decision of Judge Graham as to the interstate commerce act, is the sensation of the week. Senator Cullum, chairman of the senate committee, said yesterday: "Some persons are inclined to hold that the decision affecting the validity of one section applies to all, and that if the one is unconstitutional the law in its entirety must be. There is nothing in such an argument. There is one thing about which there can be no doubt, and that is that if the law can be amended so as to withstand the decisions of the courts it will be. Whether such a result can be reached it is hard to determine."

Commissioner Veazy takes an optimistic view of the matter. He thinks there are other methods left for compelling witnesses to answer the questions of the commission, and he believes congress can so amend the law as to get over the constitutional difficulty pointed out by Judge Graham.

BRIEF TELEGRAMS.

KANSAS CITY, Dec. 13.—The annual meeting of the United Association of the Lumbermen of America begins at the Coates house in this city to-day. R. D. Gribble, of Gainesville, Tex., is president and A. D. Moore, of Albion, Mich., secretary and treasurer.

Bremen.—The Havel, which will leave Bremen to-day, is expected to bring the great Paderewski, perhaps the most celebrated pianist of all times, to America, where a triumphal tour awaits him.

Chicago.—Chairman Caldwell, of the Western Passenger association, has called a meeting to take place here to-day for the purpose of canvassing the situation and securing an absolute maintenance of rates.

Where Are the Soldiers? El Paso, Texas, Dec. 13.—A Deming, N. M., special to the Times says: News reached here last evening that "Kid" and his band of renegades made a raid in western Grant county, N. M., last Friday, killing Bud Taylor, who was out hunting near the Grey ranch, owned by the Hargis and Horns cattle company. Taylor was shot down and his body mutilated in a horrible manner. A man named Billingsby, who accompanied Taylor, witnessed the tragedy some distance away and attempted to save his companion by shooting at the murderers. The savages turned on Billingsby and he barely escaped with his life.

The band only comprised eight Indians. This makes the fifteenth murder committed by "Kid" and his followers within the past three months.

Catholics Lead.

MONTREAL, Dec. 13.—The Roman Catholics are congratulating themselves on their preponderance in the new dominion parliament. They actually have seven cabinet ministers, the premiership of the

dominion, the leadership of the opposition, the presidency of the senate and the leadership of the lower house, in fact, they lead in the parliament. The country is largely protestant as a whole.

Another for Silver.

WASHINGTON, Dec. 13.—Stewart, Nevada, introduced in the senate yesterday an amendment to the bill introduced by Senator Hill repealing the act of July 14, 1890. The amendment is in the nature of a substitute and provides, among other things, that bullion brought to any mint for coinage shall be received and coined for the benefit of the depositor. The bill was referred to the finance committee.

Presidential Nominations.

WASHINGTON, Dec. 13.—The president has sent to the senate the following nominations: Gen. W. Lambertson, of Nebraska, assistant secretary of the treasury, vice A. B. Ketleton resigned; James W. McMill, of Iowa, interstate commerce commissioner—a reappointment; Parson C. Cheney, of New Hampshire, envoy extraordinary and minister plenipotentiary of the United States to Switzerland.

This is Awful!

WASHINGTON, Dec. 13.—An unusual scene took place in the house at the opening of yesterday's session. When Speaker Crisp entered, the Democrats rose en masse and cheered loudly. The Republicans joined in and for a few moments there was a noisy ovation. The demonstration was not without its effect. Crisp had been given Crisp at the reform dinner Saturday night in New York. Crisp had a speech, but the toastmaster forgot to call on him to deliver it.

New York Republicans.

NEW YORK, Dec. 13.—The Republicans will hold their primary election for the selection of a new county committee to-day. Many of the present committee-men will probably fail to be re-elected, owing to the disastrous results achieved during the recent campaign. Chairman William Broomfield does not desire a reelection, having served two years. It is said he will be succeeded by Col. W. L. Strong.

And Whiskey is Up, Too.

BALTIMORE, Dec. 13.—Maryland prohibitionists have called a conference to meet in the Y. M. C. A. building in this city to-day. There are to be two sessions, one in the morning and one in the evening. After the mass meeting, a banquet will be given in the St. James hotel and General Green Clay Smith of Kentucky, is expected to make the principal address.

TERRITORIAL TIPS.

CHAMA CULING.

It was reported 12 degrees below zero Thursday morning.

The Weekly Northwest will soon be enlarged to six columns.

The railway firemen will give a grand ball here Christmas eve.

The Tierra Amarilla southern train runs regular trips and is always on time.

The Brown Bros. shipped out fourteen cars of beef cattle from here to-day to Omaha.

Six hundred and forty-one cars of live stock have been shipped from Chama during the past season.

Col. Broad spent a couple of days at Monero this week looking after his coal interests at that place. He reports his company as being rushed with orders.

D. M. Henderson is preparing to open a trading post near the Navajo reservation.

James Fleck, his partner, who has been east during the summer selling Indian ponies.

LINCOLN LAYS.

W. F. Blanchard is surveying on the Penasco.

Col. Jewett has been rusticated at Pinalito this week.

Railroad rumors are again in the air, and it is believed by many that this time work on the El Paso short line will soon be commenced.

The Lincoln public school opened last Monday, Mr. Amos Gallegos, from Las Vegas, teacher. The number of pupils enrolled is 38, nearly every seat in the house being occupied. Mr. Gallegos holds a territorial certificate and has won for himself a high reputation as a teacher, and there seems to be nothing to hinder a first-class school being taught here this winter, except the lack of room after the scholars have all come in.

ALBUQUERQUE WATERS.

The A. M. E. church is being plastered, and it will be completed by the first of the year.

It is not economy to darken the streets and give robbers a chance to get in their work, observes the Citizen.

While coupling cars in the Santa Fe yards, Richard Farley was severely injured, having two ribs broken.

The fire companies were called out by a blaze at the stable of Frank & Eakin's warehouse on First street. The fire was promptly put out, and the damage was slight.

The coldest weather of the season is being experienced in this city. There is heavy snow on the adjacent mountains, and this is the first real cloudy day of the winter.

In Judge Madden's court, Jose Montoya was bound over to the district court in a bond of \$250, or to remain in jail till the first of May. He is charged with beating Mrs. Rusconi, about a month ago.

The ladies of the Presbyterian church are very busy working on the fancy ar-

ticles which will be on sale at their bazaar to be held in the new Cins. Whiting building on Thursday and Friday of this week.

The annual meeting of the New Mexico Cattle Growers' association will be held at the office of the association, at Albuquerque, N. M., at 10 a. m., on the 19th of December, 1892, for the election of two executive committee members, and the transaction of other business.

The grand holiday ball given for the benefit of the public library will take place at the Armory, Friday evening, December 24. There will be no cards issued to the residents of the city, it being hoped that all friends of the library will take tickets, which will be placed on sale at 10c each in a few days. Invitations will be sent to Santa Fe, Las Vegas, Los Lunas and Socorro, and parties from each of these towns will be in attendance.

EDDY SUGGESTS.

A. W. Greene arrived here yesterday morning, bringing with him a steam cauldron, or muggy-go-round.

The petrified man was removed from its quarters in the Branson block to make room for a more useful occupation—that of a grocery store.

The office engineers of the Pecos Irrigation & Improvement company are busy preparing their part of the annual statement of the company.

The holes have all been dug and as soon as a car load of trees have arrived the Town Co. will set out over 5,000 to beautify our thoroughfares.

The Warren Grain Commission company forwarded a carload of grain to the Ward & Courtney outfit, who are at work on the ditches near Roswell.

Miles T. Stone came in Wednesday with nineteen deer and a bear, which he killed in the Granddole mountains. Deer are unusually fat this year and make fine eating.

Mr. J. B. Allen, formerly of Colorado City, Texas, is the latest addition to the city of Eddy. He arrived Thursday morning with a car of goods and will open a grocery store in the Branson block, next to the prescription pharmacy.

The McLean-Gilmore Hardware Co. have purchased all of R. H. Pierce's stock of hardware and all of W. A. Miller's stock of glass. In turn Mr. Miller has purchased all of the paints and oils of the McLean-Gilmore Co.

Mr. E. H. Kelo, one of the parties who came here from Boyce, La., after looking the country over thoroughly, he purchased a lot in the north part of the town and also leased the property immediately south of the E. G. Shick's implement and grain warehouse, and will in a short time establish a lumber yard thereon.

DEMING DOGS.

Somebody broke into John Corbett's warehouse Wednesday night and stole two dogs of best.

The influx of strangers in town has been considerable during the past week, and Deming is again taking on quite an air of activity.

The Deming people have got the tramp business down fine. The road commissioner uses the road tax to hire a guard, to see that the festive hobo works hard on the street. The hobo is kept at it for several days at a time, and then escorted out of town and advised not to return.

The members of the local lodge, Knights of Pythias, are preparing a grand spectacular production of "Columbus" for presentation at the annual convocation of the grand lodge of the territory which convenes here next summer. I Brown has the matter in charge, and it promises to be a great success.

If you are Bilious, take Beecham's Pills.

The New Stamps. The postmaster general has decided to issue what is known to be the Columbus series of postage stamps. The new stamps will be of the same length, as the present series, but twice as wide, the increased size being thought necessary in order to properly display the illustration. These are intended to commemorate the discovery of America by Columbus. It is expected the entire series will be on sale the first of January, and during the succeeding year will entirely supersede the present series.

Have you tried "Silver State" cigars? They are the best.

For Sale Cheap.

H. B. HENRY, Observer.

For these complaints take Simmons Liver Regulator. It keeps the stomach clear and prevents any of the above poison from getting in the system, or, if there already is, it will drive them out, no matter how strongly rooted or long-standing, and you will again have good health and be happy.

Have you a pain in the side, back or under the shoulder-blade? It is not rheumatism, but dyspepsia. Take Simmons Liver Regulator.

Does your heart throb violently after unusual exertion or excitement? It is not heart disease, but indigestion.

Take Simmons Liver Regulator.

"As a matter of conscience, duty to humanity, I wish to bear my testimony to the unending value of Simmons Liver Regulator. I have known it to cure a multitude of ailments, and I consider it a valuable medicine in my home. I have known it to cure a multitude of ailments, and I consider it a valuable medicine in my home. I have known it to cure a multitude of ailments, and I consider it a valuable medicine in my home."

—MRS. MARY KAY, Camden, Ala.
