### THE MONARCH FLOUR CHEST

Is the most useful and convenient piece of furniture ever invented. Preserves flour from moisture and thus prevents mustiness. Effectually keeps out ants, dust and all foreign substances. Has a reversible lid, which, when let down, forms a perfect kneading board, which is always in position and always ready for use. THE MONARCH FLOUR CHEST will pay for itself in a short time in the saving of flour, time and labor. THE MONARCH FLOUR CHEST is 32 inches long, 17 inches wide, 28 inches high in front and 38 inches high in back. Made in poplar, light finish or cherry stained, all handsomely varnished. Has a capacity for 150 pounds of flour and 60 pounds of corn meal or Graham flour, besides having drawers for coffee, sugar, spices, etc. THE MONARCH FLOUR CHEST is complete in design, perfect in construction, elegant in style and finish; is an ornament to any kitchen, and no well regulated family can afford to do without it.

## BRIEF WIRINGS.

**Mr. Blaine Better.**  
WASHINGTON, Dec. 24.—The news from Mr. Blaine's more cheerful than it has been at any time this week. He has not only continued to hold his own but shows favorable symptoms heretofore absent. For the moment this condition has changed for the good.

**Curtis Case.**  
SAN FRANCISCO, Cal., Dec. 24.—The trial of Acton Curtis for the murder of Policeman Grant is to be resumed to-day. This is the third trial of the case. It first ended in no verdict and the second was stopped by the death of a juror. The work of securing a new jury will probably take up the first four days of the case.

**Army Promotion.**  
WASHINGTON, Dec. 24.—Lieut. Col. John C. Hawkins has been promoted to the position of commissary general of the United States army with the rank of brigadier general, succeeding Gen. DuRoi, retired. In receiving his appointment, Col. Hawkins steps over Gen. M. R. Morgan, recently on duty in Chicago, who was next in line of promotion.

**A. T. & S. F. Wreck.**  
COLORADO SPRINGS, Colo., Dec. 24.—The eastbound A. T. & S. F. passenger train was wrecked yesterday morning near Husted station. Two boys, Bert and Willie Van Gooen, were fatally hurt. Those believed to be the only ones injured, although almost everybody on the train was more or less severely hurt. The character of the accident points to the spreading of the rails.

**Cholera Expected.**  
WASHINGTON, Dec. 24.—The joint committee of senate and house, now investigating the immigration question and the possibility of a cholera invasion in the summer, addressed a communication to prominent New York physicians on the question. Replies were received from mine and all agree upon the existing danger of a visit from the plague in the spring, and a majority are strongly of the opinion that immigration should be suspended, for a short period at least, to urge the establishment of a national quarantine.

**A New Western Line.**  
SALT LAKE, Dec. 24.—Articles of incorporation of the Salt Lake & Deep Creek railroad were filed with the territorial authorities yesterday. The road is to be constructed from this city to Muncie, Nev., a distance of 220 miles. Their capital stock is \$1,400,000, 51 per cent of which has been taken by New York capitalists, the remainder by local capitalists. It is believed the Union Pacific is behind the new road, leading off the proposed line of the Northwestern to the encroachment of the Northwestern on their territory. Grading is to commence early in January.

**What Kunze Says.**  
BOISE, Ida., Dec. 22.—Geo. A. Kunze, the diamond expert, who has been examining the alleged diamond fields here has gone to Chicago taking with him several specimens. He said: "The geology of the country around the diamond field is precisely the same as in the south African and not unlike that of Brazil, the only difference is that there are not as much broken up. In my opinion these diamond fields will be larger than either those of Africa or Brazil, the blow out or shafts being a great deal larger and more clearly defined."

## BRIEF WIRINGS.

New York, Dec. 24.—The American Architecture league begins its annual exhibition in the new art galleries on 57th street to-day.

New York.—All the exchanges and the banks will close to-day at noon and remain closed until Tuesday of next week.

Washington, D. C.—Mike Leonard, the 130 pound pugilist at Brooklyn, is under forfeit to fight an unknown Washington pugilist of the same weight before the Columbia Athletic club to-night. The purse is \$500.

**A Great Anniversary.**  
WASHINGTON, Dec. 24.—This is the anniversary of the signing of the treaty, which concluded the war of 1812 and it will be marked by the erection of a flag and liberty pole under the auspices of the Patriotic societies of America. The old and the younger men who comprise the society of the war of 1812 will not celebrate the day as has been their custom in previous years. They announce however, that they will hereafter hold their annual meetings on the 18th of February, that being the date of the proclamation by the president of the United States, announcing the treaty of peace which had been agreed to by the commissioners at Ghent on Dec. 24, 1814.

**Inaugurating a Great Project.**  
DENVER, Dec. 24.—The formal call of a convention to be held in Washington to consider the construction of a canal from the great lakes through American territory to the Hudson river is to be issued to-day by the special committee of the Duluth chamber of commerce. In the call the date for the gathering will be fixed at a time shortly after the holidays and the representation of all commercial bodies in the United States will be desired. Governors will also be asked to appoint state delegates. The committee will call special attention to the fact that Canada will within five years have completed a waterway fourteen feet deep running through her own territory all the way from Lake Superior to the sea.

## A METHODIST MOVE.

A Million Churchmen Asked to Make a Christmas Educational Contribution.

New York, Dec. 24.—Rev. C. W. Gray, general secretary of the proposed Methodist university at Washington, expects to receive 1,000,000 letters to-morrow in which there will be \$1,000,000, the sum needed for the proposed university. Dr. Gray has written to 1,000,000 Methodists to send him \$1. by mail so that it will reach him early Christmas morning. Five thousand ministers intend to give \$100 each, and 10,000 choirists expect to give between \$10 and \$100 each. If the million \$1 donors mail their contributions promptly there will be a pretty low-down in the New York postoffice on Christmas morning. "Somebody will get left, I am afraid," said Postmaster Van Cott, "if we have to deliver all of Dr. Gray's mail on Christmas morning. You see there is only one delivery on Christmas, and the carriers will have as much as they can carry on that day as it is. Think of the burden that would be put upon the carriers if 1,000,000 letters arrive on Christmas morning in addition to the other 3,000,000 of the regular delivery. A million letters weigh about 31,250 pounds, and fifty pounds is a tremendous load for a letter-carrier." Some of the postoffice officials suggested that if Dr. Gray allowed his plan to be too well advertised all of the letters may not arrive. The poor but proud train-robbler may hang up his stockings somewhere along the route.

## CONDENSED NEWS.

Mr. Gladstone has gone to the south of France for a vacation.

It is claimed that enough members of the South Dakota legislature-elect have been secured to secure the ratification of the submission of the prohibition clause to carry it.

At Portland, Ore., a verdict of \$3,700 has been awarded against the Pacific Postal Telegraph company for failure to send a message or to notify the sender of the company's inability to do so.

Kansas City has a clause in its charter fixing the penalty of \$2.50 per capita on all who do not vote. Suits have been begun to collect money from the 18,271 qualified voters who neglected to vote.

## Indian Trouble in Mexico.

CHIHUAHUA, Mexico, Dec. 24.—The Mexican government troops sent from here to the Sierra Madre mountains to suppress the Yaqui and Mago Indian uprising are unable to put down the rebellion. The Indians to the number of about 8,000 have their rendezvous in an almost inaccessible canyon of the Yaqui river and bands of them continue to make frequent raids upon the White and Mexican settlers. Dozens of families have been massacred during the past few weeks and the troops have been powerless to prevent the depredations.

## Gold Mad.

DENVER, Dec. 24.—The great gold fever that has stricken Colorado since the Ruby and California gulch diggings drew thousands of miners into those camps, has now complete possession of the west. Here as well as in every camp in Colorado, New Mexico and Arizona there is nothing talked of except the new placer fields of the San Juan country in Southern Utah.

At Durango, Rico and Dolores, in this state, many outfits have already started for the new fields, and by to-night it is estimated that 300 miners will have left these three points, and from Colorado about 1,000 men are now on the trail for the Eldorado. Mining men in almost every town are clubbing together and offering big inducements to professional prospectors to visit the mines.

## Ocean Grey Hounds.

LONDON, Dec. 24.—A unique race will end to-day at Liverpool on the arrival of the City of Paris and the Etruria. Both vessels started from New York on December 17, and each had on board a number

of Parisians, who have wagered a large amount of money between themselves as to which will first arrive in Paris. Specimens are waiting the parties and they will be taken to Dover in lightning time.

## Cold in Colorado.

DENVER, Col., Dec. 21.—The weather throughout Colorado and so far east as reports have been received, has been cold during the past week. The mercury in this city at 9 o'clock yesterday was 15 degrees below zero. Unlike most of the winter storms upon the plains, the present one was not accompanied with a blizzard, there being scarcely any wind at all, hence the snow covers the ground very evenly and has not drifted enough so inconvenient travel or prevent much cattle from feeding.

## TERRITORIAL TIPS.

LAS VEGAS LOCALS.

Mrs. T. B. Mills is confined to her bed again, this time with the symptoms of typhoid fever.

The children attending the M. E. Sunday school will be given a treat at the church this evening.

Ray, the 19-months-old son of Dr. and Mrs. McKinney, died at Russell, of inflammation of the brain.

M. A. Otero will take a trip east as soon as he catches up with accumulated work in the district clerk's office.

David Winteritz has purchased the old Joseph Rosenwald residence on the west side, at present occupied by Senator W. J. Mills and family.

Clever Las Vegas butchers grind knives for their regular, prompt paying customers; also furnish them with cut and dog meat, without money and without price.

## ALBUQUERQUE ATOMS.

The New York Clothing company will sell out and go to Colorado.

The grand concert at the A. M. E. church by colored talent for the benefit of that church, was a pleasant success, both financially and socially.

Reports are to the effect that Page Otero is still very ill. His mother and brother have been notified of his dangerous illness. He is suffering with pneumonia and pleurisy.

P. M. Kallstrom, familiarly known as "Shorty," has returned from St. Joseph, Mo., and thinks seriously of starting a poultry ranch in the Rio Puerco country. He has just fallen heir to considerable money.

Mrs. Mabey, wife of the county treasurer-elect, has disposed of her lodgings to a new arrival for \$200. The lady contemplates building a "flat" frame row of 150-foot frontage on Third and 142 on Lead. The houses will be constructed with a view to changing them to stores in a year or so.

At the regular convocation of Pilgrim monastery No. 3, Knights Templar, the following officers were elected for the ensuing Templar year: John L. Andrews, commander; Arthur E. Walker, generalissimo; Frank McKee, captain general; James H. Wright, prelate; A. A. Kean, senior warden; A. M. Whitcomb, junior warden; F. H. Kent, treasurer; J. H. Kuhn, recorder.

The interest in the hospital fair is increasing daily. Notwithstanding the many other attractions in the city last evening the attendance at the fair was the largest of the week. The contest for the gold headed cane was red hot for a few hours; the thirteen contestants are well up in the race. W. B. Childers lead in the early part of the evening, then Lawyer Ferguson took a start and came up to the top, but was passed by R. P. Hall, who lead the list with 58½ votes at the close of the polls for the night.

## CITIZEN.

Col. J. S. Crawford has been east promoting a mining sale of property not situated near Kingston.

Col. A. W. Harris is out of town and is said to be promoting the Templar-Virginia-Keystone combination.

Ike de Helz, having been elected to the office of county commissioner, is again in luck, and drew a \$100 piano the other night at Hillsboro.

The wife of J. H. Young has added another free silver Democrat to Sierra county and, although young yet, the husband says he is the true blue.

Joe Petet, and old-timer and confederate soldier, courier under Longstreet, was buried Sunday last. A large concourse of citizens followed his remains to the grave.

Freight teams are all busy hauling out ore, and hauling in supplies. More men are at work than for years past. The smelter companies are using up an immense amount of our low grade ore, etc.

Mr. Percy E. Fern, mining expert of New York, and his associate, Mr. Oliver, of London, are here looking over the "Lady Franklin" group of mines on the Bonanza hill in the interest of the owners, who reside in England.

Baldness is often preceded or accompanied by grayness of the hair. To prevent baldness and grayness, use Hall's Hair Renewer, an honest remedy.

## The Arcade.

The Arcade, in its appointments and conveniences, far surpasses any thing in the southwest. From Denver to Los Angeles there is no better place to buy cigars, whiskies, wines or brandies. Mr. Jack Akers, the proprietor, has a special lot of Pepper whiskey, which he recommends to lovers of a good article. Very seldom, at least, does one run across better concocted, punches, toddies or cocktails. Mr. Brown, who presides over this altar of

## Deaf for a Year

Caused by

## Catarrh in the Head

Catarrh is a CONSTITUTIONAL disease, and requires a CONSTITUTIONAL REMEDY like Hood's Sarsaparilla to cure it. Read: "Three years ago, as a result of catarrh, I entirely lost my hearing and was deaf for more than a year. I tried various things to cure it, and had several physicians attempt it, but no improvement was apparent. I could distinguish no sound. I was listening under the eaves of a special building when some one suggested that possibly Hood's Sarsaparilla would do me some good. I began taking it without the expectation of any lasting help. To my surprise and great joy I found which I had been three months that my hearing was returning. I kept on till I had taken three more. It is now over a year and I can hear perfectly well. I am troubled but very little by the catarrh. I consider this a remarkable case, and cordially recommend Hood's Sarsaparilla to all who have catarrh." HERMAN HICKS, 30 Carter Street, Rochester, N. Y.

Buchan, for years dispensed his sparkling and delicious compounds across the Hoffman house bar in New York. The New Mexican would advise you if you shall and must drink to take your refreshment at the Arcade, where everything will be done to make you comfortable. You may also indulge in a social and friendly game of whist or in something of quicker action.

## Church Announcements.

There will be midnight mass to-night at the cathedral, at Guadalupe church and at the old chapel of San Miguel.

To-morrow, at 10:30 a.m., His Grace Archbishop Salpointe will be the celebrant at the very solemn pontifical high mass at the cathedral.

Episcopal services in the Methodist Episcopal church for Sunday, Dec. 25, as follows: Preaching at a Christmas sermon by the pastor at 11 a.m.; Christmas concert at 7:30 p.m. The singing will be an attractive feature of the evening. Sabbath school at 10 a.m. Visitors and travelers are welcome to all its services. Seats free. C. I. Mills, pastor.

At the Episcopal church of the Holy Faith to-morrow, Christmas day, there will be morning service and the holy communion at 11 o'clock. Bishop Kendrick will officiate and preach the sermon. A general invitation is extended to all.

At the Presbyterian church on Dec. 25: Sunday school at 9:45 a.m.; morning and evening services at 11 and 7:30 respectively; meetings of the Y.P.S.C.E., junior at 3 p.m.; senior at 4. All who do not regularly worship elsewhere are cordially invited to this church.

Elder Berry—Jobolts is anxious to have our theological students take a preliminary course in the weather bureau. Dr. Thirdly—What for?

Elder Berry—He says there is a lot in knowing the proper time to begin praying for rain.

**Newspapers Endorse.**

"Editors are certainly the greatest benefactors of the race, and after reading Dr. Franklin Miles' popular work, can not but be declaring him to be among the most enterprising and educational authors."—New York Daily.

He is not a stranger to our readers, as his advertisements appear in our columns in every issue, calling attention to the fact that his elegant work on Nervous and Heart Diseases is distributed free by our enterprising druggists, A. C. Ireland.

**Signs and Tokens.**

I don't think that Charley loves me any more.

Why?

I see by the paper that violets are \$1 a bunch and he keeps on sending me chrysanthemums.

**Not Discount the Future.**

Ella—Are these slippers for Carl?

Winnie—Yes.

Ella—Why don't you embroider his initials on them?

Winnie—Mercy, it is two whole weeks until Christmas, and who knows who I'll be engaged to by that time?

**Strong Witnesses.**

Among the thousands of testimonials of cures by Dr. Miles' New Heart Cure, is that of Nathan Allison, a well-known citizen of Glen Rock, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, smothering spells, etc.; one bottle of Dr. Miles' New Heart Cure and one box of Nerve and Liver Pills cured him. Peter Jaquet, Salem, N. J., is another witness, who for twenty years suffered with heart disease, was pronounced incurable by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Heart Cure he felt better and could lie down and sleep all night, and is now a well man. The New Heart Cure is sold, also free book, by A. C. Ireland, Jr.

**Wanted to Use the Money.**

Patient—As we have known each other so long, doctor, I do not intend to insult you by paying your bill. But I have left you a handsome legacy in my will.

Physician—Very kind of you, I am sure. Allow me to look at that prescription again; there is a slight alteration I should like to make in it.

**Mr. J. P. Blaise, an extensive real estate dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that state during a recent blizzard, says the Saturday Review.**

Mr. Blaise had caught the New Heart Cure, and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaise sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines. Mr. Blaise regards his cure as simply wonderful. For sale by druggists.

**Particular.**

Murray Brown—Aren't you positively ashamed to meet your creditors, Madison? Madison—Gall—I don't meet them. Do you suppose I would associate with such people?

**Pays to Bet.**

Tom—Knox must be reconciled to you; I don't notice that vicious dog in his barn anymore.

Jerry—No; I bet a policeman \$5 the dog wasn't mad.

**Are You Squirming?**

Rheumatism will make any one wince. Countess it, as you can readily do, at the outset with Hostetter's Stomach Bitters, which expels the rheumatism from the blood and promptly relieves the tortures that it produces. The evidence in its behalf on this point is ample and conclusive, and emboldens the deliberate assertions of many medical practitioners. Like all standard preparations, the Bitters deserves a prominent trial, which if it receives the approval and most thorough results may be confidently anticipated. For malarial, kidney and liver complaints, neuralgia, nervousness, indigestion and loss of flesh and appetite it is a well-known remedy. Convalescence after debilitating ailments is much facilitated by it.

**Waiting for the Show.**

Pedestrian—More along, yez gawky? What are you looking at?

Uncle Jayson (from the remote woods)—Move along yourself. A man jes offered to show me how they turn that new-fangled rotary skyscraper round on a pivot so the different officegats a sunnin' and I give him \$2 to start it up right now.

**Always Giving Satisfaction.**

Brandreth's Pills have always given satisfaction. In fifty years there has been no complaint of them. That is about their life in the United States and millions of persons have used them. There is no doubt that they have established themselves by merit alone. They cure rheumatism, dyspepsia, piles, liver complaint, biliousness, and all diseases arising from an impure state of blood. One or two at night on an empty stomach, for a week or two, will keep you in good form and tone up the system. They are purely vegetable, absolutely harmless, and safe to take at any time.

**Sold in every drug or medicine store, either plain or sugar coated.**

**A Profitable Investment.**

"A snake in the grass" is all the more dangerous from being unsuspected. So are many of the blood medicines offered the public. To avoid all risk, ask your druggist for Ayer's Sarsaparilla, and also for Ayer's Almanac, which is just out for the new year.

Justice—Were you carrying your pocketbook in your hand, madam, when this man took it?

Prosecuting Witness—No, sir; I had it in my pocket.

Justice (to prisoner)—Held to the Grand Jury in \$50,000 bonds. You're too dangerous to be at large. A man who can find a woman's pocket is a menace to the National Treasury.

**When on a visit to Iowa, Mr. K. Dalton, of Iowa, Russell county, at the laboratory of Chamberlain & Co., Des Moines, to show them his six year old boy, whose life had been saved by Chamberlain's Cough Remedy, it having cured him of a very severe attack of whooping cough.**

**A Rough Rebuff.**

Lieutenant (in a trembling voice)—I am really on the verge of despair, sir. Your daughter—

Banker—Oh, yes; I understand you thoroughly. The fact is you gentlemen never think of marrying except when you are on the verge of despair.

**Salvage.**

Here, my love, said Parker to his wife; here is your Christmas present. Twenty-five dollars in money.

**Rheumatism Can Be Cured.**

It has baffled the skill of our best physicians, and there are to-day more men, women and children suffering from this terrible disease than ever before, and the opinion seems universal that it is incurable. This is a mistaken idea. It can be cured by using as directed, Hibbard's Rheumatic Syrup and Strengthening Plasters. Prepared only by the Charles Wright Medicine Co., Detroit, Mich. Price \$1 per bottle, or six bottles for \$5; or we will send it to any address on receipt of price.

**HISTORICAL.**

Santa Fe, the city of the Holy Faith of St. Francis, is the capital of New Mexico, trade center, sanitarium and Archeological site. An Indian Pueblo has existed on the site previous to the 15th century. Its name was Oga-phego, but it was abandoned before Coronado's time. The Spanish town of Santa Fe was founded in 1581, it is therefore the second oldest European settlement still extant in the United States. In 1846 came the first venture of American traders—the forerunner of the great line of merchants who have made Santa Fe the Santa Fe trail, world-wide in its celebrity.

**CITY OF SANTA FE.**

The city lies in a charming nook on the west side of the Santa Fe range and is sheltered from the north by a spur of the low hills which extend from the mountains west as far as the Rio Grande. It lies in the center of the valley at the mouth of a picturesque canon, the chief entrance to the Pecos National Park, and through which runs the Rio Santa Fe, a beautiful mountain stream, having its rise in the Santa Fe range of mountains. Its elevation is 5,800 feet. Its population is 7,250. It has good schools and churches. There is an excellent system of water works. The city is lighted with gas and electricity. It has many points of historic interest, but any other place on the North American continent. Land may be purchased at prices to suit the rich or the poor. Five acres in Santa Fe or vicinity will produce more than can be produced anywhere else in the world. Our markets are close at hand and we can successfully compete with any other locality. Since the first fruit tree was planted in the Santa Fe valley there has been but one failure in the fruit crop. What place, what country can approach Santa Fe in its celebrity.

**FEDERAL INSTITUTIONS.**

Among the more important public institutions located here, in spacious and attractive modern buildings are the U. S. court and federal office building, the territorial capitol, St. Vincent's sanitarium, territorial penitentiary, New Mexico orphan's training school, St. Vincent's charity hospital, U. S. government Indian school, Ramona memorial hospital for the Indian girls, St. Catherine Indian boys training school, Fort. Mary barracks, St. Michael's college, Loretto academy, Presbyterian home missions industrial school for girls, New Mexico and dining institution, New West academy, Catholic cathedral and four parish churches, Episcopal, Presbyterian, Methodist and Congregational churches, the governor's palace, the archbishop's residence of Archbishop J. B. Salpointe and Bishop P. L. Chapelle and many others, including first-class hotel accommodations, and several sanitary institutions for the benefit of health-seekers.

**RECREATION.**

Santa Fe county has an area of 1,498,000 acres and a population of 10,000. The principal occupations are mining, sheep and cattle raising, truck farming and fruit growing. The valley soils are especially adapted to horticulture and there is a hand a never failing market in the mining camps.

In the suburbs of the city the country mining forms the principal industry, the large deposits of coal, lead, silver, iron, copper and gold, in veins as well as in the form of placer gold, at Cerillos, New Plumas (Dolores), Golden and San Pedro being justly noted for their richness.

**THE WORLD'S SANITARIUM.**

But it is to Santa Fe's superior climate, advantages, and its fame as nature's most potent healing power as a cure for consumption and other pulmonary diseases that Santa Fe has its great future upon. The highest American medical authorities concede the superior advantages of the city's location.

The regulations of a climate curative of consumption, are, according to the best medical testimony, altitude, dryness, equality of temperature, light and sunshine, and a porous soil. Moreover, if possible, these must be sought in localities interesting and attractive, where variety and occupation may be had, and the social advantages are good.

An eminent German authority says: "The altitude most favorable to the human organism is about 5,000 meters," somewhat more than 5,000 feet.

**THE MILITARY POST.**

At Santa Fe is the oldest military establishment on American soil, having been in almost continuous occupation since 1692 when the Spaniards first established here their base of operations. Old Fort Marcy was built by U. S. soldiers in 1846 and the new post was occupied a few years later.

**THE HISTORICAL POST.**

The sight-seer here may also take a vehicle and enjoy a day's outing with both pleasure and profit. The various points of interest to be visited are: Monument rock, in picturesque Santa Fe canon; the Aztec ruins, springs, Namah, Huelmo, Agua Viva village; the turquoise mine; place of the assassination of Governor Perez; San Ildefonso pueblo, or the ancient cliff dwellings, beyond the Rio Grande.
