COLONEL ROOSEVELT TO SPEND AFTERNOON WITH PEOPLE AT ALBUQUERQUE

TELEGRAM RECEIVED AT HEADQUARTERS WERE DIRECT FROM NOTED LEADER SAYS HE WILL MAKE BUT ONE SPEECH IN THIS STATE, AS HE IS BEING PRESSED TO MAKE SO MANY SIDE TRIPS ELSEWHERE

HE WILL GET BIG RECEPTION IN DUKE CITY SEPTEMBER 18

Albuquerque, N. M., Sept. 14.—Definite word was received here today from the progressive state headquarters at Santa Fe that Colonel Theodore Roosevelt will speak in this city on the afternoon of September 18 and that he will make no other speech in this state. Colonel Roosevelt will not go to Santa Fe because he has been asked to make so many side trips and so many additional speeches already that he cannot add to his list. He will spend the entire afternoon in this city departing for Colorado points on Santa Fe passenger train No. 8 in the evening.

Great preparations are being made here to give Colonel Roosevelt one of the biggest receptions in the entire southwest. A big platform will be built at the Alvarado hotel here and Colonel Roosevelt will speak there. It is expected that twenty or thirty thousand people will be in the city to hear the leader of the Bull Moose party. The city will be decorated with flags and bunting and there will be several bands on hand.

Special trains are being arranged from Roswell, Las Vegas, Santa Fe and points on the Silver City branch of the Santa Fe.

THOUSANDS SEE T. R.

Reno, Nev., Sept. 14.—Before a large crowd in the city park here today, Colonel Roosevelt made his appeal in Nevada for the progressive party. He said that the progressive party stood for the extension of the irrigation project in which Nevada is especially interested, and asserted that it was through his efforts that both the irrigation law and the pure food law were passed.

When Colonel Roosevelt arrived at Reno he was greeted by crowds that blocked the streets. The Colonel became separated from his escort in the jam and was obliged to make his own way to his automobile. He went at it like a football player and after a few minutes of scrambling reached his automobile before the rest of his party.

"When I became president," said Colonel Roosevelt, "I found that there had been agitation for a number of years for a national reclamation act and for a national pure food law. It is only fair to say that there was not a chance of passing either law until I took hold of them as president, although there had been valiant work done for both laws both inside and outside of congress.

STRIKERS FIRE MILITIA GUARDS

Charleston, W. Va., Sept. 14.—Military outposts were fired on during the early hours today at Holley, in the heart of the territory under martial law because of the miners' strike. The pickets replied and for a time the exchange was brisk. Two militia companies were ordered to the place.

This is pay day in the unionized section on the north bank of the Kanawha river where the men struck last week but returned to work on Tuesday. It was signalled at Hugheson by a fight which began at nine o'clock, the shooting being general. It is reported here that contending factions of miners were engaged but the result of the fighting is not yet known. Military authorities are of the opinion that martial law will be extended north of the Kanawha river as lawlessness in some parts of that section is said to be increasing.

It was stated that Governor Glasscock had ordered an investigation. The proclamation is not expected before Saturday night, time being needed to send troops into the district.

WILL NOT OFFER CONDOLENCES

Washington, D. C., Sept. 14.—Official condolences on the death of Count and Countess Nogi probably will not be transmitted to Japan by the United States. The state department officials believe that as in the estimation of the Japanese the suicide was heroic and in conformity with ancient custom, condolences might be in bad taste.

TERRIBLE STORM

SWEEPS FLORIDA.

Pensacola, Fla., Sept. 14.—A terrific storm that swept the Pensacola water front last night did thousands of dollars of damage to shipping. The United States revenue cutter Penrose was wrecked and other vessels badly damaged. The wind attained a velocity of seventy-four miles an hour before the anemometer at the Weather Bureau was blown away.

COLT PISTOL MAKERS STRIKE

Hartford, Ct., Sept. 14.—A strike involving 130 mechanics at the plant of the Colt Patent Firearms Manufacturing company began today. It was confined entirely to the department in which the .45 calibre automatic revolvers for the U. S. government are being made. The men claim the piece work prices paid have been so changed that they are equivalent to a reduction in wages and declare that if the matter is not adjusted the entire factory force, numbering nearly 1000 hands, will be called out.

The Colt company is running night and day on government work.

WOMEN TARRED LAVALLEY GIRL

Norwalk, Ohio, Sept. 14.—Statements that Mr. and Mrs. Henry Lavalley, parents of the girl who was tarred and feathered and driven out of town will appeal to the courts to have the perpetrators punished, were rife today. Don Young, prosecuting attorney, said that unless complaint is made, nothing will be done. It was learned today that the tarring party, supposed to have consisted of women dressed as men, poured a bucket of paint on the nude form of the Lavalley girl. It is said she is in Cleveland.

CONDITIONS FAR FROM BEING SATISFACTORY.

Washington, D. C., Sept. 14.—Conditions in Cuba are far from satisfactory to the state department, and it was intimated today that the United States might indirectly at least, supervise the coming election. The anti-foreign and anti-American element are giving the department some uneasiness and the situation is being closely watched.

A move in the direction of allaying the anti-American feeling was taken today, when Colonel Herbert Slocum was appointed military attaché to the American legation in Havana. Colonel Slocum is well known and popular in Cuba, having organized the rural police during the American occupation of the island.

TEXAS TO FIGHT FOR WATERS OF THE RIO GRANDE

Salt Lake, Sept. 14.—The announcement that Senator Bailey of Texas, would head a train load of Texas delegates to the irrigation congress at Salt Lake September 30 to do battle with Colorado over the question of rights to the interstate waters of the Rio Grande was followed today by the announcement from Colorado that former Governor Alvah Adams of Colorado and Senator Frank Gouty would head an equal number of Colorado delegates to the Salt Lake meeting. In this connection, Utah will have a word or two regarding the waters of the territory along the Colorado-Utah boundary which both states can use to advantage. Utah, however, as the hostess state will not be expected to press her case strongly but the Beehive state delegates will watch the Colorado-Texas fight with great interest.

The discussion of the Rio Grande water right enlivened the sessions of the congress at Albuquerque in 1908 and the Pueblo congress in 1910. Franklin E. Brooks of Colorado Springs, Horace G. Clark of Denver, and Governor John F. Shafroth are also on the program of the congress.

Governor Shafroth has appointed a strong advisory committee which promises to bring one of the strongest delegations Colorado has ever sent to a session of the congress and equally strong delegations are expected from Kansas, New Mexico, Arizona, Oklahoma and Texas.

Additional delegates appointed from North Dakota this week are as follows: Captain Isaac P. Baker, Blismarck; H. P. Morris, Jamestown; John Yegan, Blismarck; J. W. Jackson, Williston; C. L. Timmerman, Mandan; Major W. L. Belden, Shields; Wm. Black, Chilocot; Pierce Bleywit, Jamestown; H. A. Nelson, Brew; John Breugger, Williston; W. B. Overson, Williston; W. L. Richards, Dickinson; Halver L. Halversen, Minot; Simon Peterson, Leith; and Dr. C. G. Forbes, Washburn.

KANSAS ELECTOR CASE TAKEN UP

IT WILL BE CARRIED INTO THE SUPREME COURT OF UNITED STATES IF NECESSARY AND MAY BE DECIDED BEFORE ELECTION

Denver, Colo., Sept. 14.—The Kansas presidential electors case was taken under advisement in the United States circuit court of appeals here today.

It was agreed by the court that an effort would be made to reach an early decision in order that the case may go to the supreme court in time for review with the Harvey county case, a similar action brought against Kansas electors. It is expected a mandate will be handed down next Monday. The case, it is agreed will be appealed to the United States supreme court.

PANAMA CANAL WILL BE OPENED EARLY NEXT FALL

Washington, D. C., Sept. 14.—The Panama canal is to be opened to traffic in the fall of 1913. This statement was made officially at the navy department today with an announcement that the Atlantic fleet would be rendezvoused at Colon this winter before the water is turned in. The navy's estimate is based on the latest report from the army engineers.

WAS "DEMENTED" IS "FIRED."

New York, Sept. 14.—Cornelius G. Hayes, the demoted police inspector, recently placed on trial for making an alleged false statement reflecting on Police Commissioner Waldo, was found guilty of the charges today and dismissed from the department. The statement was to the effect that Waldo had enjoined him from raiding disorderly houses.

MEET AGAIN IN SANTA FE, 1913

TWELFTH ANNUAL CONVENTION OF NEW MEXICO STATE FIREMEN'S ASSOCIATION RE-ELECT P. D. McELROY OF LAS VEGAS PRESIDENT—DECIDE TO SYSTEMATIZE FIRE FIGHTING THROUGHOUT STATE

A main feature of the twelfth annual convention of the New Mexico State Firemen's association which was in session today at Firemen's Hall was the decision to put fire-fighting in New Mexico on a scientific basis, using the most up-to-date system in handling the apparatus and in attacking the blaze.

It is well known that America possesses the most proficient fire department in the world and the volunteer firemen of this country are the men of small cities and towns must look to when the fire giant runs amok.

The convention was presided over by the president of the association, P. D. McElroy, of Las Vegas, and the business was transacted with rapidity in order to allow many of the delegates to return home on this afternoon's train.

MEET HERE IN 1913.

Before adjourning the convention decided to meet in Santa Fe again in 1913. Frank Owen, a booster for the ancient city, sought hard to get the convention to agree to make Santa Fe a sort of permanent meeting place, but Las Vegas and Carlsbad and other delegates opposed the plan.

The officers for the ensuing year will be P. D. McElroy, of Las Vegas, president (re-elected); William O. Wood, of Las Vegas, secretary, and Thomas P. Delgado, of Santa Fe, treasurer (both holding over); Charles Whiteman, of Roswell, was elected vice president at large, and M. R. Smith was made a member of the board of control. Mr. Smith is from Carlsbad.

The firemen devoted much time to the discussion of the firemen's fund and passed resolutions endorsing the action brought by a special committee consisting of McElroy and Frank Owen, which brought mandamus proceedings in an effort to compel the state to pay the firemen's allowance to the different departments as well as the widows' and orphans' fund to the association.

GOOD ATTENDANCE.

The firemen began to arrive in the city from various parts of the state as early as yesterday evening and today every train brought more "volunteers," wearing large badges of red with black letters. Not a few more of their official headgear and their delegates attracted more than unusual attention.

Among the officials noticed at the opening of the session at 10 o'clock this morning in the firemen's hall were P. D. McElroy, president, of Las Vegas; William O. Wood, secretary, of Las Vegas; Thomas P. Delgado, treasurer, of Santa Fe, and several vice-presidents including the first of that office, Charles Whiteman, of Roswell.

The directors in control were also present. These were George W. Chalfant, of Clovis; Frank Owen, of Santa Fe, and Jefferson Hightower, of Portales.

THE VISITORS.

The visiting delegates and officers of the association attending the convention were: J. O. Richards and Non A. Wandon, of Artesia; F. C. Rolland and Marshall Parker, of Alamogordo; M. R. Smith and R. M. Thorne of Carlsbad; G. W. Chalfant and James Anderson of Clovis; Major F. W. Hild and C. H. Barly of Las Vegas; Charles Whiteman, of Roswell; Frank Donahue of Tucuman; Charles O'Malley, of East Las Vegas; and A. F. Katzenstein and P. S. Ames of Las Cruces.

The firemen from all over the state were lavish in their praise of the fire department of Santa Fe, declaring it is by all odds the largest and best equipped in any city the size of the capital. Frank Owen and other members of the local department showed the delegates all over the firemen's hall and also took them to various points of interest in the city. "This has been an eventful day for us," said one of the delegates as he took the train for Lamy this afternoon, "and now that I breathe the much advertised ozone of your high altitude city I can realize why so many new homes greet the eye on every side."

AVIATOR ALIGHTS ON A WIRE

Leetonia, Ohio, Sept. 14.—John St. Clair, a Boston aviator, fell while making an exhibition flight at the carnival here today and alighted on a naked electric wire carrying 2200 volts. The wire broke, but he was severely burned.

PRESIDENT TAFT ACCEPTS VALENTINE'S RESIGNATION.

Washington, D. C., Sept. 14.—Robert C. Valentine, former commissioner of Indian affairs, who quit his office to join the progressive party, received today from President Taft a telegraphic acceptance of his resignation.

FUNERAL OF DEAD EMPEROR IS IMPRESSIVE

Kioto, Japan, Sept. 14.—The imperial funeral train bearing the body of the late Emperor Mutsuhito which left Aoyama early today following the conclusion of impressive ceremonies in the great funeral hall there, arrived at Kioto this afternoon. The body will receive final burial tomorrow in the imperial mausoleum at Monoyama, an imperial state five miles southeast of Kioto.

During the journey the train made several stops to permit the people of the country districts to pay their respects to the dead sovereign.

Thousands gathered along the route and bowed their heads as the train passed. An imperial salute was fired by the Japanese warships in Tokyo bay as the train passed the coast towards Yokohama. The casket had been left in the funeral hall at Aoyama by the imperial family, in charge of the Shinto ritualists, and representatives of the emperor.

A special railroad line had been built to a small station in the rear of the funeral hall and there the funeral train was in waiting.

The train was composed of a large locomotive draped with mourning flags, a composite car and four other passenger cars, the funeral car occupying the center of the train.

The outside of the car was painted crimson and the interior covered with white silk. The coffin rested on a low dais raised two feet above the floor.

The party of mourners that accompanied the late emperor's body on its journey to Monoyama included representatives of the holders of Orders of Merit, of ministers of state, of the army and navy and of various grades of officials. The commander of the sixteenth division of the army and the commander in chief of the Mairanzu naval station, accompanied the train, together with the presidents of the house of peers and the house of representatives, the governor of Kioto prefecture, the president of the Kioto assembly and a number of peers residing in the district of Kioto.

The last solemn function in the funeral ceremonies, which began at Kioto, yesterday of the late Emperor Mutsuhito took place today when the body of the departed ruler was buried in the imperial mausoleum at Monoyama.

On arrival at Monoyama, the coffin was removed from the train and placed on a funeral palanquin for conveyance to the imperial tomb by hereditary bearers, selected from the farmers of Yase village.

Prince Kanin, representative of Emperor Yoshihito, together with the Princess, representing the other members of the imperial family, and Prince Fushimi headed the procession which walked behind the palanquin.

Amid the offerings of prayers, and the chanting of dirges, the body was removed to the burial hall and placed in the tomb.

Tokio, Sept. 14.—The dramatic death of General Count Maresuki Nogi, the soldier hero of Japan, and that of his wife, the Countess Nogi, who yesterday coincidentally with the departure from the capital of the body of the late emperor, Mutsuhito, for its final resting place at Monoyama, committed suicide, the general by slashing his throat with a sword and the countess by Hari Kari, is regarded by the great soldiers of Japan as a magnificent act of patriotic duty.

Japan being in the deepest mourning, and the new emperor being forced into seclusion by the death of his father, it is impossible to confer the usual posthumous honors and, consequently General Nogi officially is not dead.

The count, last Thursday, prior to attending the funeral of the emperor, summoned a photographer to his home in Akasaka, a suburb of Tokio, and in the garden of his residence posed with his wife while their picture was being taken.

Letters left by General Nogi, it is understood, explain his deed, and also contain an apology to Prince Arthur or Connaught, the special ambassador of Great Britain at the imperial funeral, to whom the Japanese soldier was especially attached. No messages of condolence in connection with the suicide of the count and countess will be sent for several days.

Emperor Yoshihito today expressed the wish that none of the plans of the special foreign envoys be changed. Philander C. Knox, the special American ambassador and his suite, will visit Nikko this afternoon for sight-seeing among the temples and mortuary shrines there. Mr. Knox will return to the capital Sunday. He will be received in farewell audience by the emperor and will attend a luncheon at the palace Monday.

BURLINGTON TO BUILD ITS LINES

Cheyenne, Wyo., Sept. 14.—No official information is given out here regarding the stopping of work on the Burlington track this side of Powder river when only eight miles more remain to be built to connect it with the Northwestern and thus complete the line for the running of transcontinental trains from the gulf to the sound. It is affirmed that there is a misunderstanding between the Northwestern and Burlington regarding the use of the former's tracks for about 100 miles. Work has been discontinued by the Burlington until spring and it is said at that time the company will build its own tracks and make no use of the Northwestern line for its trains.

CHAOS REIGNS IN ALL MEXICO AND FEDERAL DISTRICT MAY FALL

REBELS PLAN TO OVERTHROW MADERO GOVERNMENT ON DAY OF NATIONAL INDEPENDENCE, AND EVEN HIS OWN SOLDIERS MAY BE MIXED UP IN PLOT TO DEPOSE MAN WHO OVERTHREW DIAZ—SUPPLY POST AT EL PASO

SONORA FORCE IS GROWING LARGER AND VIOLENCE IS ON INCREASE

Washington, D. C., Sept. 14.—Major General Leonard Wood today ordered a general army supply post established at El Paso.

Starvation during the coming winter threatens to add to the suffering. The rural population has been unable to plant or cultivate crops.

General Wood's action is taken to indicate that officials here believe the revolution will be protracted.

The reports of anarchy in southern Mexico reached the state department today with information that Americans and other foreigners were seeking refuge in Mexico City. The Madero government is rushing troops in to the disaffected districts but the necessity for maintaining a formidable force in the vicinity of the capital is hampering the program.

Trains are being wrecked and looted by bandits in the state of Chihuahua and in one instance several passengers were killed, none of them however, being Americans. This information was transmitted to the department with the statement that all was quiet along the border.

Douglas, Ariz., Sept. 14.—Declaring that he would rid northern Sonora of rebel bands which have infested that section of Mexico since the collapse of the Orozco revolution in Chihuahua, General Sanjines left Agua Prieta before daybreak today at the head of a large force of federals. At 10 o'clock, a rancher brought in word that fighting was in progress between the federals and rebels under Rafael Campa in the vicinity of Cenisas Springs, 12 miles from Agua Prieta, where Campa and about 250 rebels camped last night.

Only 200 federals remain at Agua Prieta. Last night a special train containing 196 federals was sent south to the relief of El Tigre. Another special train met them at the other side of the burned bridges on the Nazcari railroad and they were reported to have arrived at Ysabal, 30 miles west of El Tigre, early today.

They started immediately afoot for the American camp which was assaulted by rebels under Salazar yesterday. No word was received from El Tigre except that firing was heard on the Vavispe river, 12 miles away late last night.

A message brought here said that five federal scouts sent out from El Tigre had been killed or captured by the rebels. At 9 o'clock last night, a column of federals was despatched by General Sanjines in the direction of Geniza, and at 3 o'clock a courier brought word to the federal commander which resulted in the sending of further troops.

The United States officials here were confronted with a unique problem today when Major Rice telephoned to Consul Dye that a band of 57 men with 21 rifles and carrying a Mexican national flag, had asked permission to cross American territory at San Bernardino ranch, 20 miles east of Douglas, and make their way via this city into Agua Prieta to secure arms and ammunition for volunteers at the town of Baverac, 126 miles southeast of this point. The American consul could find no precedent for granting the permit and referred the matter to General Schuyler. The problem was solved when it was learned that federals had cleared the vicinity of the border and word was sent to the Mexican delegation to come into Agua Prieta, without crossing the border. Mexican Consul Cuesta said 100 rifles and 25,000 rounds of ammunition would be given the men to take back to Bacerac.

The department of justice at Washington has been advised early today that E. S. O'Reilly and two companions, comprising an alleged filibuster band, had been arrested by the border patrol, 20 miles east of Douglas.

Major Rice, in charge of the cavalry at that point, was ordered to hold the men there until word as to their disposition was received from Washington. It is said that they will be charged with violating the neutrality laws. The report that other filibuster bands crossed at Naco and Mexicali, was a hoax.

Much anxiety is felt here for the safety of the Mormons remaining at Colonia Morelos. Runners were sent out last night to notify them of the approach toward that town of Rojas and his rebels who conveyed threats to Mormon leaders that they would wipe out the town and kill every American there. Only four men and a boy remain at Morelos. The damage already done to the Mormons is estimated at \$100,000.

Several cowboys and their families from Gallardo ranch, who have been

held prisoners by the rebels for several days, were reported to have been released and now on their way to Douglas. Distribution of the Ninth United States cavalry was made today by General Schuyler. Eight troops and regimental headquarters will remain at Douglas. Two troops were sent to Warren, Arizona, one troop to Naco, and one to the San Bernardino ranch. Major Hardeman and two troops of the Fourth cavalry, who have been relieved on border patrol here, will take their new station at Hereford, west of Douglas, next Monday. There has been no disorder of any importance due to the arrival of the colored regiment, despite the fact that the negro troops received three months' pay while en route here from Fort D. A. Russell, Wyo.

Mexico City, Mex., Sept. 14.—That the plot to occupy Saltillo and Monterrey is believed here to be a part of the general rebel movement in the northern part of the state of Coahuila. The revolutionists are said to be organized there under Andres Garza Galan, and to be operating along the international road toward Ciudad Porfirio Diaz.

In all of these places arrests of alleged conspirators have been made. The plot to occupy Saltillo and Monterrey is believed here to be a part of the general rebel movement in the northern part of the state of Coahuila. The revolutionists are said to be organized there under Andres Garza Galan, and to be operating along the international road toward Ciudad Porfirio Diaz.

Jaurez, Mex., Sept. 14.—Startling developments are expected in the Mexican situation on or before next Monday, the Mexican day of independence, when the Mexican patriot Hidalgo, began his revolution against the Spanish invaders, more than a century ago.

It is rumored here that the military element heretofore remaining loyal to the Madero government, will take a hand in the present revolution. Lack of pursuit of the rebels invading the territory both east and west of Jaurez, which is headquarters for the army in the north, commanded by General Victoriano Huerta, seems to be responsible for the persistence of the rumor. It is known that troops from Jaurez only were sent into Sonora, along the Arizona border to the west, on absolute orders from Mexico City following demands from Washington that American mining interests and American lives must be protected.

That General Rabago with the main group of federal cavalry remains inactive at Casas Grandes, with rebel bands operating east in Chihuahua, near Ojinaga, and west along the Arizona line, and that only infantry was sent to combat the rebels in the west is considered significant.

Rabago is under command of General Huerta, who controls all forces in the local military zone.

General Huerta has been mentioned often as a presidential possibility. The incident in the chamber of deputies at Mexico City yesterday, where President Madero was hushed, and the name of Diaz cheered, has caused a stir here among the army officers of General Huerta's command. The former President of Mexico, as a military dictator and the remnants of his political fabric left remaining in Mexico after the Madero revolution, are believed to retain much power with the army which is officered in general by former chiefs of the Diaz army.

Mexican secret service men today reported to President Madero, by telegraph, that there was fear of a counter revolution by the army in the north. General Huerta has announced plans for a celebration in Jaurez Sunday and Monday at which will be held public dances and concerts. He is also planning a banquet Sunday night at which General E. Z. Steever and staff officers from Fort Bliss will be invited. Saloons have been ordered closed on Monday a unique occurrence for a feast day in Mexico.

Washington, D. C., Sept. 14.—The state department has decided to await further reports from Minister Russell, the commander of the gunboat Petrel and some of the American consuls in the Dominican republic, regarding the revolution there before deciding whether the United States shall intervene.

Mobile, Ala., Sept. 14.—The equinoctial storm which struck the gulf coast last night and threatened to do serious damage to this city, abated this morning. While conditions are unsettled, is thought the disturbance has spent itself so far as Mobile is concerned.

THURSDAY DANCE

The subscription dance which was held Thursday evening in library hall was one of the jolliest dances of the summer and was thoroughly enjoyed by all those present. Morrison's orchestra had never played better or more lively music and that alone was enough to inspire everyone to trip the slowest waltzes and fastest two-steps. The crowd was not large and the informality of the affair added much to the evening's enjoyment. After a dainty supper had been served by Mrs. Henry Woodruff, circle two steps and tag dances were interspersed through the program and a merry time followed until the last strains of the last dance sounded at 1 o'clock.

FIFTEEN CLUB

Mrs. Jacob Weltmer entertained the members of the Fifteen Club and a few other friends Friday afternoon in honor of Mrs. Paul A. F. Walter. Mrs. Walter has been an enthusiastic member of the Fifteen club for a number of years and her interest and activity in all club circles will be greatly missed when she leaves Santa Fe.

There was no regular program for the afternoon since the bi-monthly meeting has not begun as yet. The afternoon was very pleasantly spent in discussion of quotations and current events.

At five o'clock an appetizing lunch was served after which the guests bade Mrs. Walter God speed in her new home and "Hasta la Vista," instead of goodbye.

LAWN PARTY

Miss Ada Harvey was hostess last evening at a most delightful lawn party which was given at her home on Johnson street. This will probably be the last lawn party of the summer and Miss Harvey took advantage of the last of the pleasant summer evenings for her entertainment. Stump-speaking and singing with the mandolin and piano accompaniment were the order of the evening. There was also a most remarkable case of hypnotism and the fraud which was afterward revealed caused great consternation among the hypnotists. There were merry games on the lawn and a general good time for all those present.

Miss Harvey's guests were Miss Smith, Miss Laura Wood, Miss Grace Williamson, Miss Marie Green, E. G. Wells, L. M. Lowe, P. M. Stuart and the Rev. Leonides Smith.

TEA FOR MRS. WALTER

Mrs. Loria C. Collins was hostess Wednesday afternoon at a most delightful reception in honor of Mrs. Paul A. F. Walter. Mrs. Collins is a charming hostess and Santa Fe is indeed fortunate to have Judge and Mrs. Collins make their home here. Mrs. Collins and Mrs. Walter received the numerous guests in the sun parlor at St. Vincent's Sanitarium. The room was beautifully decorated with asparagus ferns and golden rod, yellow color predominating in all the decorations.

The tea table was attractive in its dainty appointments. A large bowl full of yellow dahlias and large shasta daisies formed an artistic centerpiece for table, where tea and cakes and other dainties were dispensed. Those assisting Mrs. Collins at the tea table were Mrs. Edgar L. Hewett, Mrs. W. H. Sargent, Mrs. A. B. Renahan, Mrs. James Seligman, Miss Massie, Miss Elizabeth Massie and Miss Miller, of New Orleans.

IN CLUB CIRCLES

The regular meeting of the Mothers' club began last Monday after the recess for the summer vacation. Reports of the civic committee about the work done in the school gardens and plans for many improvements for the schools were discussed. The club was much encouraged with the past year's work and have many new plans for the coming year. The success of the school gardens showed the keen interest taken by the children along these lines and the work will be begun on a larger scale early next spring.

Committees for the reception to be given the local teachers at the home of Mr. and Mrs. R. F. Asplund next Friday night were appointed. The president has not been able to find all of the members appointed and wishes the following ladies to serve on the committees:

Refreshment—Mrs. J. A. Rolls, Mrs. J. A. Walker, Mrs. Anita Chapman, Mrs. E. E. Friday, Mrs. C. F. Easley.
Invitations—Mrs. S. G. Cartwright, Mrs. E. C. Abbott, Mrs. J. W. Norment.
Decorations—Mrs. James Seligman, Mrs. Charles Stauffer, Mrs. Henry Woodruff.
Reception—Mrs. T. Z. Winter.

ART EXHIBITS

Three pictures arrived at the school of archaeology last week from Gerald Cassidy, who is spending the summer in California. The pictures are water color sketches of Indians and are both characteristic and effective. One shows an Indian with his red blanket standing beside an adobe wall and is very striking. The others are sketches of Indian life, one being a portrait and the other a sketch of a squaw making bread in an estufa. Mr. and Mrs. Cassidy were here during the winter and spring and their friends hope they will return to Santa Fe again this fall.

Speaking of pictures reminds me of the splendid collection of photographs that have just been finished by Jesse Nussbaum, at his studio in the palace of the governors. The photographs are in every detail artistic and beau-

tiful and show Santa Fe and the surrounding country in its most attractive phases. One picture is of especial merit. It shows the interior of a Mexican house with its whitewashed walls, adobe fireplace with the characteristic fire screen, the cross on the table and the saints pictures on the walls, and in front of the fireplace sits the owner of the house—an old Mexican woman in her black dress. Another picture shows a vine covered adobe doorway that reminds one of the mission doorways that have been made famous in California. The wonderful cloud effects in the mountains have been caught at just the right moment in another picture, and give a marvelous contrast of light and shade on the mountains. Quaint corners of adobe houses, and bits of crumbling wall along some by-path form subjects for other photographs. These pictures should be exhibited where the public could enjoy them, for they all work toward the city beautiful idea and show what quaint, unique corners may be found about Santa Fe.

FAREWELL

Mrs. Rupert Franz Asplund entertained at bridge Tuesday afternoon as a farewell to Mrs. Paul A. F. Walter, who leaves Saturday evening for Los Angeles. The afternoon will be remembered as one more pleasant affair given in the Asplund home, but the pleasure was mingled with regret as the guests realized that they had been invited to meet and say goodbye to Mrs. Walter who has been a favorite in all social circles here for so long.

Mrs. Asplund says that one bridge party differs from another only in the pattern of the silver used, but her guests probably would not agree with her in that. The delightful individual touches a hostess plans for her guests entertainment are the very things that make a home affair so much more enjoyable than a game of bridge at a club, and it is for just these original points that Mrs. Asplund is noted as a hostess.

The decorations in the living room and dining room were carried out in rich fall colors of the dahlia. Immense yellow dahlias were banded against green asparagus fern in the living room and the deep red "ragged dahlias" decorated the dining room. The soft green tints of the walls harmonized beautifully with the color scheme and formed a contrasting background.

After the devotees of bridge had enjoyed their favorite game for a couple of hours, a dainty lunch was served. Nasturtiums added a unique note to the salad and carried out the prevailing colors.

Mrs. Asplund's guests were: Mrs. Paul A. F. Walter, Mrs. L. B. Prince, Mrs. Jacob Weltmer, Mrs. Frank Clancy, Mrs. Charles Stauffer, Mrs. A. B. Renahan, Mrs. James Seligman, Mrs. S. G. Cartwright, Mrs. E. C. Abbott, Mrs. E. B. Thomas, Mrs. J. A. Rolls, Mrs. I. H. Rapp, Mrs. Francis C. Wilson, Mrs. S. Spitz, Mrs. E. R. Wright, Mrs. Frank Newhall, Miss Atkinson, Miss Massie, Miss Elizabeth Massie, Miss Elizabeth Brown.

BEEF STEAK FRY.

Miss Kate Mueller was hostess Tuesday evening at a merry picnic supper on one of the hills near Arroyo Hondo. The party left Santa Fe early in the afternoon in an automobile and explored the Arroyo Hondo canon before sunset. After gathering wood for a big bonfire and heating large flat stones on which to broil the beef steak the picnickers sat down to "the best bunch of eats" that they had seen for a long time.

After jolly stories and been told and songs had awakened the coyotes on the hillsides and the last coals of the camp fire and burned out the merry party returned to Santa Fe to plan more picnics for a later date. Those who enjoyed Miss Mueller's treat were Mrs. Guy Turley, Miss Myrtle Boyle, Miss Elsie Nussbaum, Wallace Springer and Jess Nussbaum.

Speaking of the good time one always has on a picnic makes one wonder why steak broiled with ashes and cinders and cooked in the smoke of an open fire out in the country always is more enjoyed than the most exquisitely flavored fillet au mignon served at a fussy luncheon table. Puck makes the following distinction.

Lunch and Luncheon.
There is a very great difference between a "lunch" and a "luncheon." At a luncheon there are tea and wafers. The refreshments are not handed around nor passed—they are served. One partakes of a luncheon.

The napkin is laid across one knee, which is carefully parallel to the other knee. The tea is tasted or sipped; the crackers are nibbled. In breaking the crackers or sipping the tea the last two fingers must be held forth at an angle, while the thumb and other two fingers do most of the work.

The only things one talks about at a luncheon are the weather and person-

RECEPTION.

At the meeting of the Mothers' club Monday afternoon it was decided to hold a reception for the teachers of the public schools at the home of Mr. and Mrs. Rupert Franz Asplund at 8 o'clock next Friday evening. The affair promises to be one of great interest to all Santa Fe people for they may in this way meet and become acquainted with the new teachers who will be in Santa Fe during the winter. The Mothers' club extends a cordial invitation to the public to attend this reception and hopes that they will cooperate with the club in welcoming the new corps of teachers.

PURELY PERSONAL

Mr. and Mrs. Charles Stauffer have moved into the home of Mr. and Mrs. Paul A. F. Walter, on Palace avenue.

Wallace Springer left this morning for a few days in Las Vegas. He made the trip over on his motorcycle.

Mr. and Mrs. Hugh K. Gilmour have returned after a week's visit with Mr. and Mrs. Woodford at the Bishop's ranch.

Mr. and Mrs. A. M. Bergere, Mrs. Nina Otero Warren and Miss Agnes C. Laut arrived yesterday from Albuquerque.

Mrs. S. Viveash, who spent several days with Mrs. Boyle this week, returned to her ranch on the Pecos Thursday.

Miss Ethel Church leaves this evening on the Limited for her home in Washington, where she will spend the winter.

Mr. and Mrs. G. Franklin Brooks, of Colorado Springs, are visitors in Santa Fe this week. They are stopping at the Sanitarium.

Leslie Gillett, mining expert in the field division of the federal land office, left today for Roswell after spending a week in Santa Fe.

Miss Agnes C. Laut, a noted writer and enthusiastic admirer of New Mexico, arrived in Santa Fe yesterday and will spend several days here. She is registered at the Palace hotel.

Mrs. Max Frost is spending a couple of weeks in Kansas City with relatives and friends. Her plans include a trip to Excelsior Springs before her return to Santa Fe the end of the month.

Miss Lavert, of New Orleans, is visiting Mr. and Mrs. J. V. Lavert at their home on the south side. Miss Lavert will probably remain in Santa Fe for the next month before returning to her home in the south.

Miss Flora Conrad left Wednesday evening for a visit with her sisters in New York and Pennsylvania. She will remain in the east for a couple of months before returning to her home on Buena Vista Heights.

Mrs. William A. Glasford spent the day in Santa Fe Wednesday and visited several of her old friends in the city. Mrs. Glasford may decide to spend a few months here with her mother, Susan B. Davis, who has lived in Las Vegas for a number of years. Colonel Glasford, who official title is

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information, and many suggestions of a helpful nature.

MOTHER'S FRIEND

Dr. Edgar L. Hewett returned last evening from San Diego where he delivered a course of lectures at the meeting of the school of archaeology in that city. The school was well attended and proved to be very popular in California.

Miss Joy Washburn, who underwent an operation at St. Vincent's Sanitarium Wednesday morning, is on the safe road to a speed recovery. Mrs. Washburn, of Oklahoma, arrived in the city the first of the week and is with her daughter.

Mrs. E. P. Davies and children have returned from a long stay in California. Mrs. Davies was in ill health when she left Santa Fe in the early spring for the Pacific coast and the rest and change of climate have done her a great amount of good.

T. A. Hayden and the Rev. Leonidas Smith left Tuesday for Las Vegas for a business trip. Mr. Smith returned to Santa Fe Wednesday while Mr. Hayden made a mining survey in the country near Las Vegas. He is expected to return next Tuesday.

Miss Helen Laughlin leaves Sunday night for Northampton, Massachusetts, where she will enter the senior class in Smith College. She will meet Miss Eileen McMillen, of Albuquerque, at Lamy and make the journey with her, since the girls are classmates at college.

Judge and Mrs. E. C. Abbott have returned from a delightful trip along the Pacific coast. Mrs. Abbott left early in the summer for Seattle and Portland, where she visited relatives. Judge Abbott joined her in August and they spent a month or so along the California beaches.

Mrs. Sparks and son and daughter, left Wednesday evening for the east. Their first stop was in Louisville, Ky., where Ralph will enter the Kentucky

The Misses Ada and Eva Springer, daughters of Frank Springer, of Las Vegas, sailed from Liverpool yesterday on the Augusta Louise. The girls are evidently not superstitious and have no fear of starting on a journey on Friday the thirteenth. They will remain in Washington with their father until December, when they are planning a family reunion for the holidays in Las Vegas. Mrs. Springer and Miss Laura will remain in Switzerland for a couple of months longer, when they will join Mr. Springer in Washington.

Mrs. Paul A. F. Walter and four children, Dorothy, John, Paul and Constance, will leave this evening for Los Angeles, where they will make their home in the future. Mr. and Mrs. Walter came to Santa Fe thirteen years ago and have become thoroughly affiliated with the town and its interests and its progress. They leave a host of friends in Santa Fe who will miss them keenly in every line, but who rejoice in their prosperity and the advantages that will be theirs in a larger city. Mr. Walter is connected with the Los Angeles Times and will no doubt have his name there. He has bought a house in Hollywood, the most beautiful suburb of Los Angeles, and Mrs. Walter and the children will go there immediately.

THE MACKINAW IS WARM AND COMFY FOR ROUGH, STORMY WEATHER.

The new outing and winter garment is styled the Mackinaw and, as its name indicates, is particularly suited to windy or stormy weather. It may be just the right fashion for the fun-loving girl who has no intention of spending any large part of her days indoors, in spite of the occasional dark day.

Its material is a rich, soft worsted with plain black which shows in the collar and cuffs.

The particular feature of the coat is the shawl fringe at the lower edge which seems to add to the length without increasing the weight.

A loose belt and four handy pockets, with a big collar which turns up comfortably around the ears add to its favor.

SPORTING NEWS

WHICH WILL WIN---THE AMERICAN ROSE OR THE ENGLISH LILY IN A PERILOUS SWIM?

Drover, Eng., Sept. 14.—Ever since G. Washington cornered Cornwallis at Yorktown, the British and American brothers-under-the-skin have been walloping each other at every turn—and now the woman are at it.

Here in Drover in little red brick cottages on the Esplanade which skirts the English Channel, an American girl and an English girl have been watching each other like kitty hawks. The girls are Rose Pitonof, champion of the American women swimmers, and Lily Smith, the English girl who gives splendid exhibitions of a tug boat herself.

Both want to swim the channel. Each aspires to be the first woman to negotiate the roughest bit of water in the world—a feat never performed by one of the sex, and by but two men.

For more than six weeks the girls have waited for the water for the cold, rainy weather to disappear, that they may have decent conditions for their swim. All Drover is interested in the determined mermaids and the girls from across the briny has as many followers as the statuesque English beauty.

The rival camps watch each other closely, that neither girl may be first to attempt the swim. They keep a retinue of tugs and small boats in constant readiness, for it is no small thing to brave the English channel chop, in a swim to La Belle France, and to the first one will go large bobs of cheering and the press awaiting, for future vaudeville engagements.

Both girls are accompanied by their fathers, every morning each sire is afoot before daylight, scanning the horizon with glasses, for the first threat of a promising day, that his daughter may take advantage of the conditions.

One fairly good day did come. The Pitonofs watched the Smiths. They didn't particularly want to make the swim, but would if the Smiths started. The Smiths feigned lack of interest, but suddenly, from an out-of-the-way corner of the harbor their boat shot along the English coast and June Lily was on her 20-mile swim to Mar-

gate.

The next the English press blazed with the news, but Papa and Rose Pitonof declared this was nothing. The channel remained unconquered by woman. Days have passed, and neither has attempted the swim. It is the United States against Eng-

land, just as it was in 1875, and just as it will be until the end of the time, probably; with woman pitted against woman—but give either a chance to take a yank at the bull dog's caudal appendage or the eagle's feathers, and watch them both grasp opportunities and tail piece.

BASEBALL

O'TOOLE IN TROUBLE.

What is the matter with Marty O'Toole? The red haired twirling marvel who last year opened the eyes of the baseball world by his remarkable work as a member of the St. Paul club's pitching staff, has failed to live up to his reputation with the Pittsburgh club, and the baseball fans of the smoky town have opened up with an overtime panning. The unfortunate O'Toole has failed miserably on several occasions this season, and while the sport writers of Pittsburgh have refrained from knocking, the fans have not shown the same spirit of goodfellowship, and as a result Marty has been the recipient of several wallops.

David J. Davies, one of the Pittsburgh's leading sport writers, defends O'Toole and the following editorial was published recently:

The writer was sorry to witness the outburst of feeling against Marty O'Toole at Forbes field yesterday.

Marty was so highly touted when he was purchased from the St. Paul club that the fans in Pittsburgh and elsewhere were led to expect impossibilities from him. A clean liver and a hard worker, this famous young athlete has failed to get going since his enrollment as a member of the Pittsburgh club. He has pitched great ball and has pitched the other kind. But usually, when he is on the hill his teammates fall down; and if the reader will take the trouble to go back over the dope he or she will find that Marty has had it put up to him to hold the other fellows to one or two runs in order to win; in many cases the only manner in which he could have won would have been to shut the opposing club out.

O'Toole is a great pitcher! The writer has implicit faith in his ability to make good. He has been under the handicap of too much publicity—much notoriety—this season, and until the fans have ceased to expect what cannot be, Marty is going to have his troubles.

We would cite the case of Rube Margard, the "eleven-thousand dollar lemming," who made John McGraw's life a burden during a couple of seasons. But there is no need going outside the Pittsburgh club for a parallel; take the experience of Charley Adams for instance:

Adams was the hero of the 1909 world's series. His jump into fame was meteoric; from being an obscure sub on the Pittsburgh staff he became, overnight the famous pitcher in the business. He was pictured and caricatured everywhere where baseball is known. He was the subject of a moving picture stunt; he was followed by little boys and big boys every time he was recognized on the streets. In short he became famous and had to pay the price.

DAVIS NOT TO BLAME.

Those who have known Harry Davis best in his capacity as manager of the Naps will all join in wishing him luck. He was square with all hands. That he has baseball ability of a high order is not open to question, but the results show that his talents were not of the spe-

BASEBALL

TRUYS COMES HIGH.

Detroit, Mich., Sept. 14.—Ty Cobb's three-year contract with the Detroit club expires this season. Before the Tigers start out in 1913 Truys must sign another contract and the new salary figure named by the player will undoubtedly make the most interesting bit of off-season gossip.

The salary the Detroit club is paying Ty this year and also for the two preceding years is \$30,000 a season in real money. To sign a new contract the Georgian, it is said will demand the largest salary figure ever named by a man in base ball, player or manager. He refuses to say what it will be, it is reported that he will want between \$12,000 and \$15,000 to continue his career as a Tiger.

Cobb realizes that he is now in his prime and that the next two or three years will mean a continuation of the same quality of playing, so if he is ever to better his income, now is the psychological moment.

There is no question that Cobb is the greatest player today, and has been the peer of players for at least the last three years. There is also no question that Cobb is the most valuable man in the game from the business end. He brings more money into the coffers of a club than any individual in baseball or any team in the American league.

Connie Mack says Detroit, a losing team, is constantly drawing better than the Athletics, although the Philadelphia team is lugging a world's championship over the American League circuit, and recognized as the best nine-man team ever produced in baseball organization.

Every club in the league realizes the value of Cobb as a drawing card.

AMERICAN TEAM WINS PALMA TROPHY

BIG EVENT AT OTTAWA, CANADA, PROVES EASY MONEY FOR YANKEES—BRITAINS WON FIRST MATCH

Ottawa, Ont., Sept. 14.—The American team won the Palma trophy representing the military rifle championship of the world, here today. The Canadian team won the first match. At the 800 yard range the Canadians made 593 points and the team from the United States designated as the "American" team, 590 points. The Americans won in the 900 yard contest, 571 to 561.

The American team won the Palma trophy by eight points. Score: Americans 1720, Canadians 1712. Both teams broke the world's rifle shooting record.

RUSSIAN POLITICAL POLICEMAN IS SHOT.

London, Sept. 14.—Colonel Lupakoff, head of the Russian political police, was shot down while waiting for a street car today with his wife at Pyatigorsk, Ciscaucasia, according to a dispatch received here by a news agency from St. Petersburg. The assassin escaped.

OUR OWN UNITED STATES BEST FOR MISS BLAISDELL

An English woman's idea of the United States, as she conveyed it to Eva Blaisdell of the "Beverly" company.

Miss Eva Blaisdell, who plays on the leading parts in "Beverly" at the Elks' theatre, is a Toledo, Ohio, girl who spent the past summer in England, and judging from her remarks, she is not particularly enamored with Britain or the Britishers.

"I saw the sun three times in nine weeks," says Miss Blaisdell, "and then it was a very poor imitation of the one we have over here. I think the rain must soak into their skulls, for they are certainly the stupidest people I ever came in contact with. They imagine this country is about the same size as their own two by four island, and nothing you can say will convince them to the contrary. I went down to Brighton one day—their leading watering place, and it was about as joyful as a morgue. The men and women bathe separately, and look like they want to bite nails."

BIG MONEY IN FUR BUSINESS IN CANADA

Edmonton, Alta., Sept. 14.—Seven hundred and twenty-five thousand dollars is the value of the furs brought to Edmonton from the north country and transhipped today to London, Paris, St. Petersburg, New York and Boston. The Hudson's Bay heads the list with \$375,000 worth of fur, Re-villon Brothers have \$150,000, the Northern Trading company reports \$100,000 and independent fur traders make up the balance. The skins are of the highest quality and are in the best of condition.

There are several silver fox skins, each valued at from \$1,250 to \$1,500, and others ranging in value from \$500 to \$1,000. The catch of fox fur was larger than in former years. The other skins are marten, mink, beaver, fox, bear, deer of various kinds and muskrat. Most of the furs are from the country north and east of Slave lake and the Mackenzie river, and from the Peace river district and the northern portions of the provinces of Alberta and British Columbia.

Indians are the principal hunters at the northerly posts of the trading companies, although a number of white men are engaged in the business. The average catch for an experienced trapper is valued at from \$1,500 to \$2,000 a season, though at times the hunter earns from two to three times that amount by taking silver foxes, which are not only rare but also difficult to lure to the baited traps.

The Chipewyan Indians, who are the chief hunters for the Hudson's Bay company, made their largest catches in the Great Slave lake district, where the country is as wild and undeveloped as nature left it centuries ago. There is a fascination about the remote north, which insidiously works its way into the blood, and as a result the white men, who have lived there two or three seasons, find it difficult to leave and live in restricted civilization altogether.

At the present time the residents of the far north travel about in car roles or dog trains. There are some horses and oxen in the country, but they are used for other purposes. Trapping and fishing are the chief occupations, though at and near the posts, south of the Arctic circle, the factors grow grains, grasses and vegetables.

POLICE CALLED TO FUNERAL OF MRS. JOHNSON

Chicago, Ill., Sept. 14.—People crowded so at the funeral today of the white wife of Jack Johnson, negro pugilist, who committed suicide, that the police were called to clear the sidewalk in front of the house. Several thousand people were in the street when the police arrived.

Chicago, Sept. 14.—Mrs. Johnson's mother and sister, Mrs. David Terry, and Miss Elaine Terry, of Brooklyn, N. Y., were attended by the negro pugilist. Johnson supported and half carried Mrs. Terry as she walked from the house. The two women entered Johnson's closed limousine and sped away with the fighter.

Tom Flanagan, manager of Jim Flynn, Tom Flanagan, Johnson's trainer, Jack Barry, ex-pugilist, Barney Furey, trainer of many fighters, all white, and a score of others prominent in the world of gloves, attended the funeral. The pall bearers were negroes, Johnson's personal friends.

SIDNA ALLEN CAPTURED IN IOWA, TODAY.

Des Moines, Ia., Sept. 14.—Sidna Allen, leader of the Hillville, Virginia, Allen gang, and Wesley Edwards, a member of the gang, were arrested here today, according to detectives from Roanoke, Va.

The man believed to be Sidna Allen was captured in a house at Eleventh and Locust streets, and Wesley was arrested while working with a paving gang.

When Sidna Allen was found in the rooming house, the officer ordered him to surrender. As he did so, according

"When I left Mount Ayre, I did not think any one would know that I was going to him. He was always kind to me and we were to have been married soon."

SOCIETY.

BY NAN O'NIEL

The Honorable Mike O'Toole has returned from the metropolis. You may not realize just how much of a society item this statement is, but if you had heard the long list of dinner engagements and breakfast engagements and luncheon engagements and after-the-fireworks-were-over engagements that man had you would surely recognize the fact that he was a much sociated gentleman. He attended three conventions and did all he could to make himself the conventional man but yet he returns wearing that highly original and individual blue suit. Haven't you noticed it?—then surely you haven't seen him, for the blue is the last word in autumn color styles and the cut is just the latest—but he says cut it out.

The Honorable Mike says that the society leaders of Albuquerque were out for the conventions. Albuquerque has more than its share of circuses this fall with three conventions in one week and the state fair to include all of another week. It must have been rather hard on those society women to attend three conventions in succession though, for they would undoubtedly be convinced with each speaker's views at each meeting and their minds would be worn out, to say nothing of their gowns, by the end of the week, because they had had to change them so often.

The story is told of an Albuquerque woman who attended all the conventions. Tuesday morning she told her husband that he would have to vote for Wilson. "Mr. A. A. Jones came up to speak to me last night after that splendid speech of his and he asked me about the children and said they were so pretty. Do you really think they look like me, Harry? Yes, you must be a democrat this year, dear. You know Mr. Jones always knows just how one should vote."

After the progressive convention was over Wednesday she changed her vote. "Harry, I think you will have to vote for Roosevelt. You see Governor Otero says he is just positive 'Teddy' will be the next president and he really is a wonderful man. Yes I had quite a long talk with the governor after his speech. Of course, if we had woman's suffrage Governor Otero could be elected to anything. He said he thought this was an awfully becoming hat and that I must wear blue all the time. I think he's right—no, of course not, not right about the hat, but about the progressives. Yes, you'll have to vote their ticket."

And Friday she came home returned to the faith again and absolutely sure that she was a stand pat republican never could be anything else. "Why, Harry, when Senator Catron got up and made that speech and told how poor President Taft had been abused by the very men he had served, I felt sorry for him. He is such a nice man you know, and he has really done very well as president. Don't you think he ought to be re-elected, because he has had his feelings hurt so much lately? I'm so glad Senator Catron represents us in Washington. You know he told me that he used to tell his sons that I was the prettiest girl in Albuquerque—and he doesn't think I've changed much since then either."

Saturday she came home in tears. "Durn those old conventions and the politicians. I'm never going into politics again. I thought that bargain sale at Rosenwald's was this morning and it was yesterday and Edith's gotten that lovely blue silk I had planned to get and she'll wear it every time she sees me now, just to make me mad. Wish I'd gotten it before they reduced it and then I could have missed that bargain sale just as well as not. But it was so high-priced! And I know nothing else will ever be so becoming."

ing! Why do they have old conventions anyway, when they know there is going to be a bargain sale that week? Harry you've got to vote for the socialists and then maybe the prices will be reduced all the time and I can have a blue dress made just like that one Edith got—only prettier."

FRIDAY MUSICAL.

Mrs. E. A. Fiske was hostess at a musical Friday afternoon at her home at Cathedral place. Twenty or more guests were present and enjoyed the musical numbers which were rendered by Mrs. Zimmerman. Mrs. Zimmerman is a pianist of great ability and talent and studied for many years abroad before she decided to live in Germany. Her friends enjoyed the rare treat of hearing her play and listened to Chopin waltzes and Beethoven sonatas played as old masters would like to have heard them played.

IN CLUB CIRCLES.

The Wallace club were the guests of Mrs. Guy Turley at the home of her mother, Mrs. H. S. DuVal, on Weber street. The program for the winter was begun today, the club having decided to study the English novelists this year. Mrs. Turley's guests, besides the members of the club, were Mrs. Hugh K. Gilmore, Mrs. T. A. Hayden, Miss Helen Zane and Miss Kate Mueller.

Mrs. A. B. Rennehan was hostess this afternoon to the Saturday Card club. There were no outside guests present.

The Thirteen club met with Mrs. Francis C. Wilson this afternoon.

PURELY PERSONAL.

Miss Pearl Gallagher left on the New Mexico Central this noon to inspect her homestead near Estancia. The Elks theatre will open the winter season with "Beverly" next Tuesday night and since the production will be given by a first class company and Santa Fe audiences have not had stock companies playing in their summer theatres these last few months, it promises to be quite a society affair. The company is going on to San Francisco and we will have the advantage of seeing a regular city production.

PERSONALS

A. C. Vorhees, the Raton attorney, is here on business.

Eugenio Romero, treasurer of San Miguel county, is here on business.

Rifego Baca, candidate for congress in the first state election, is here from Albuquerque.

Attorney Cheatham, who has been here on business, left this morning for his home in Taos.

Ludwig Hfeld, the merchant of Las Vegas, is in the city. He is registered at the Palace Hotel.

Former Mounted Policeman A. A. Sena is here from Las Vegas. He is now deputy U. S. marshal.

R. C. Little, a prominent merchant of Questa, who has been in the city on business, left today for his home.

Miss Edith Marmon left for Albuquerque today to see her two brothers before they leave for California where they enter college.

State Treasurer O. N. Maroon, who attended the democratic convention in Albuquerque, has returned to his desk at the capitol.

County School Superintendent John V. Conway is back from Tesuque and Rio del Medio which he visited in the interests of education.

John Ortega has just returned from Denver and declares that the sentiment of the people there is strongly progressive and Roosevelt is declared the ideal nominee.

Jake Levy has returned from the Duke City where he will serve as the presiding judge of the racing program at the state fair to be held next month.

Dr. Edgar L. Hewett, director of the School of American Archaeology and of exhibits of the San Diego Exposition, has returned from California. He attended the session of the San Diego Archaeological Society last week and the session in Los Angeles this week.

Malaquias Martinez, prominent republican of Taos county, and candidate for lieutenant governor in the first state election, is down from Taos. He has been attending the old guard's convention in the Duke City and says he is much pleased with the ticket.

Mrs. Mary P. Conway has returned from Raton where she visited relatives. She has taken the guardianship of the sons of the late Mrs. Mary Morgan, David Morgan aged 13 and Arthur Morgan aged 12, and has sent them to the public schools.

Reports from New York state that Dr. Frederick M. Bishop, who was "scheduled" to sail on the Mauritania Wednesday, has postponed his trip across the seas for a week or ten days owing to the social affairs given in his honor in the metropolis. The London physician and playwright appears to be as popular in the east as in the great southwest, "for he's a jolly good fellow," as the Santa Fe club men sang at the farewell party here.

"I do not know that we may call the architecture of the old Santa Fe by a special name, such as 'Santa Fe architecture,' but I do know that the Spanish style is peculiarly suited to our city," said I. H. Rapp, the well known architect who has designed so many important buildings in this city and elsewhere in the southwest.

"I think Santa Fe builders should strive hard to maintain a uniformity of architecture—of Spanish architecture—in their residences. Certainly there could be no greater charm than this style for Santa Fe. But as regards following out this style in public buildings, I am frank to admit I do not think it is always feasible.

nowadays which were not made in bygone centuries. We know that architecture, after all, is building according to certain well defined principles of proportion and symmetry, but it is designed so that an edifice when completed shall suit the purposes for which it was erected as well as form a harmonious whole, externally and internally.

"CASCARETS" BEST FOR THE BOWELS

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleaning, too.

"All of Today's News Today"

THEY'RE SO SORRY.

One of the really amusing features of the campaign in this state so far, is the deep sympathy expressed by the standpatters for Congressman Curry and their grief at what they term his unkind treatment and neglect at the hands of the progressive convention.

It is not that they dislike George Curry less but they dislike the progressive party more. It is only that they are hunting for some chance to "get something" on the progressives. It is only that they would stir up jealousy and dissension if they could.

Congressman Curry, as is well known, could have had any honor at the hands of the convention that it was in its power to bestow. He could have had the nomination for congress, and had it by acclamation; he could have been an elector by saying he would take it; he could have had any recognition that he might have desired. He was a member, it might be noted, of every committee that served in the body in which he was a delegate.

No, the opposition will have to find some other argument than that George Curry was ill treated by his friends. They think too much of him for that.

Then comes the cry of boss rule, and yet in the very face of this declaration is the printed story in an opposition paper that even the officers were chosen by the convention at large, which was a proceeding the old liners had never heard of in their lives.

It is certainly amusing to consider the limits to which individuals and newspapers will go to try and make themselves believe things, and endeavor to stir strife. There is not much of anything that can be brought against the progressive convention, so in casting about for an indictment, the old guard find that they are sorry that George Curry was not given proper recognition, and they discover that there were two or three members of the convention that they never did like, anyway, and so the progressive movement is all wrong and their sensitive consciences are sadly mutilated. They are hurt.

It is noticeable that in spite of his inhuman treatment, Congressman Curry is still a progressive, is chairman of the executive committee, which will really handle the fight.

THE STORY OF ALLEN.

Nathan Allen, the convicted smuggler who paid \$100,000 in addition to a criminal fine of \$12,000 into the United States treasury the other day, is one of the heads of the leather trust. In the N. R. Allen & Sons' tannery in Kenosha, Wis., are 2000 employees who are paid less than \$9 a week. Three years ago these workmen revolted and among other evidences of their displeasure they smashed every pane of window glass at which a stone could be hurled in "the world's greatest harness and sole leather tannery."

It appears that Allen, criminal millionaire and captain of industry, is in the same class with Wool Trust Wood in that he was "a poor boy who became rich." Which, however, doesn't mean anything particular in this connection except that the poor boy grown fabulously rich becomes intoxicated with his wealth and is therefore easier caught when he diverges from the moral pathway.

Allen is a widower. He took a woman, Helen Dwell Field Jenkins, not his wife, on a big trip over Europe. He bought her \$300,000 worth of jewels. Though some of the fellows who tan leather for Allen make their dinner on dry bread and bologna, Helen Dwell Field Jenkins, with her simpering laugh and flirty eyes, had to have the jewels.

Less jewels for Helen would, of course, mean a warm dinner and a little coffee to the tollers back in Kenosha, but as we sit at Carlsbad listening to the plash of the cool waters in the fountains and the soft nothings of a strange woman, why should we bother ourselves about the sweaty foreigners back in Kenosha?

Allen put this woman, whose beauty he would purchase for his own private property like a lot of beef hides, into a fine mansion on Sheridan road, Chicago. Fifty thousand dollars was spent on the house and its equipment of horses, automobiles and buttons to push for what was wanted.

But in Kenosha you may visit basement holes where families of tannery workers drift drearily and damped through a mere existence, living five in a room, without butter for bread, without carpets on the floor, pictures on the wall, or hope in the heart.

When Orrison Sweet Marden or any of the other comfortable writers on success tell us the story of our great American leather magnates, they will hardly mention the Kenosha Poles and Italians in connection with Nathan Allen, convicted smuggler and one of the heads of the leather trust to which we pay tribute whenever we buy a pair of shoes.

Another text in our creed:

The supreme duty of the nation is the conservation of human resources through an enlightened measure of social and industrial justice. We pledge ourselves to work unceasingly in state and nation for:

The abolition of the convict contract labor system.

Substituting a system of prison production for governmental consumption only; and the application of prisoners' earnings to the support of their dependent families.

Publicity as to wages, hours and conditions of labor; full reports upon industrial accidents and diseases and the opening to public inspection of all tallies, weights, measures and check systems on labor products.

Standard of compensation for death by industrial accident and injury and trade disease which will transfer the burden of lost earnings from the families of working people to the industry and thus to the community.

The protection of home life against the hazards of sickness, irregular employment and old age through the adoption of a system of social insurance adapted to American use.

The development of the creative labor power of America by lifting the last load of illiteracy from American youth and establishing continuation schools for industrial education under public control and encouraging agricultural education and demonstration in rural schools.

The establishment of industrial research laboratories to put the methods and discoveries of science at the service of American producers.

We favor the organization of the workers, men and women, as a means of protecting their interest and of promoting their progress.

How natural it sounds. Charles A. Spiess, national committeeman; Charles Springer, mentioned for chairman; Gregory Page likely to be chairman; T. B. Catron sounds the keynote; H. B. Holt reports resolutions. Will the time come some time in New Mexico when these men will not be in control of the republican machine? Will the time come when a weary, nauseated public will not have to see these names as the bosses of the party?

Science says that every typhoid germ in a glass of drinking water may be instantly killed by the addition of a few drops of lemon juice. That is not an unpleasant method of administering the death blow for the administrator but probably not especially relishable to the germ.

One would think that about the only answer Mayor Gaynor could have given to his interviewers—the attorneys in the New York court room—would have been the stereotyped one, so often heard from the man who is in the corner—"I have nothing to say."

Mr. Hilles did not say what "the president and I" thought of the situation in California, when they were discussing the joyous news from Vermont, which these two enthusiasts thought was so encouraging.

Senator Fall and Senator Catron did not seem to be in exact accord in their views of men and needs and conditions, politically.

The United States spends \$15,000,000 a year to see base ball games. Well, it's worth it.

AS THE BYSTANDER SEES IT

EATING IN THE DINER.

A man just home from a vacation trip was asked what he enjoyed most about it. "Don't tell anybody," he said, "but what I really had the most fun from was eating in the dining car."

There is a lot in the remark of the vacationist. A rest from labor for a little while is good stuff. The thought of the country and farm with "home cooking," with "fresh vegetables"—in the can these days: the thought of the woods and the camp fire; the thought of visiting some friend in another town; the thought of the family reunion back in the old homestead, are all fine in the thinking, and in the reality too. But when they're over and you're on your way home again, with real home cooking in mind and as you go whirling along, just to meander back into the dining car and sit down to one of Fred Harvey's meals don't tell me there is not a delight in it, and you don't wish for a moment, that you are back on the farm, nor in the mountains, nor anywhere else, only just in the dining car having what you really want, coming up, cooked in the style you like and full of real relish.

Even the experienced traveler, who goes on the cars all he wants to, and to my mind that is a thing of which one soon wearies, never really feels weary at "first call" of the porter as he passes through your car.

Of course, there's no place like home. And it's true, too, though one would not think it to watch the conduct of some men who seem to like any place better, but the dining car on the way home from vacation always feels pretty good.

RESULTS.

A bottle of milk, an act of courtesy, a passage at arms, an arrest, a fine, was a combination that was pulled off in Memphis, Tennessee, the other day, and only goes to show how small beginnings large results flow.

The Memphis man was going home with a bottle of milk in his side coat pocket; a lady entered the crowded car; the man with the milk bottle politely arose to give her a seat to the lady; the pasteboard top slipped from the bottle and the smart street gown of a lady occupying the next seat was deluged with fluid, lacteal.

Then the trouble began. The seat next to the woman whose gown was mugged up with milk was occupied by her brother who arose and unbosomed himself of his opinion of the man whose bottle became uncorked, and in a moment there were present a couple of bloody noses and a policeman.

Things happen so fast in this life and results hinge on such small and funny things that we do not know one moment what is going to happen next. Spilled milk has come to be known in our mixed vernacular as being misfortune, and it is so to the person who gets it on a suit of clothes but it is seldom that an act of courtesy and spilled milk work in conjunction, as resultant one from the other.

There isn't any special lesson to be drawn from the Memphis incident that I know of only perhaps that it isn't wise to carry milk in your pocket and it isn't polite to pour it over your neighbor's smart, street gown. We might, too, cogitate on the old well known bit of philosophy, that a big fire is sometimes kindled by a little spark, and that we show wisdom in guarding the insignificant things we do and say as well as those that seem to us of greater moment.

In other words, be courteous, but don't have milk in your pocket while you're doing it.

THE DIME NOVEL.

A man arrested in Findlay, Ohio, the other day for horse stealing, declared when questioned that he had never read a dime novel. This is quite remarkable, for the poor little yellow covered book which we boys used to read secretly in the hay loft or behind our geography in the school room, has been under indictment year in and year out, as the cause of all the iniquity and crime that has been perpetrated in our country since I can remember.

Of course, from a literary standpoint I do not commend the dime novel with its silly and impossible stuff, but I do not think that it has really caused any more crime than a lot of the truck we read in our daily newspapers or in other books on sale in our stores. I remember some titles of the dime novels I read like Big Foot Wallace and Eagle Eye Zeke, but long ago I forgot the stories, and really cannot recall that I enjoyed my Shakespeare, Thackeray, Dickens or Lytton Bulwer any less, nor the histories in later school days because I read a few dime novels at the dime novel age.

I am in sympathy with the member of the mother's club who advocated the reading of fairy stories by children and let them revel in the blood and thunder of Jack the Giant Killer and all those historic characters we know so well. Jack was brave and he

did things, and we want our boys and girls to have courage and stamina. They get a little of it by reading of the fabled acts of courage in those books that have been so much read. I sometimes think they have helped more than the wishy washy, goody goody stuff that is put out today. Any way the Ohio horse thief got his stimulus through some other source.

IT'S A MISTAKE.

Made By Many Santa Fe Residents.

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Santa Fe is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Santa Fe.
Thomas M. Baca, Cerrillos St., Santa Fe, New Mex., says: "My faith in Doan's Kidney Pills is just as strong today as when I publicly recommended them in 1902. I was caused much suffering by backaches for three years and though I was never laid off from work, my back was so painful that it was all I could do to get around. Doan's Kidney Pills entirely relieved me and I had no return attack of the trouble for six months. At that time my work brought on a recurrence of my trouble. I at once took Doan's Kidney Pills and they gave me relief. A medicine that lives up to the claims for it like Doan's Kidney Pills do, deserves the strongest endorsement."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

For The Nervous Woman,

Or the woman who experiences hot flashes nothing is so good to soothe, quiet and calm the nervous system as a pure glyceric extract of native medicinal plants, and made without alcohol, which has been sold by druggists for the past forty years, and most favorably known as Doctor Pierce's Favorite Prescription. In younger years some women suffer from dizziness, or fainting spells, hysteria, headache, bearing-down feelings and pain. All these symptoms of irregularity and female disturbance are relieved by the use of this famous "Prescription" of Doctor Pierce.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system, and in particular to the organs distinctly feminine. For over-worked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, it is an excellent appetizing cordial and restorative tonic.

"My disease was called retroversion," writes Mrs. Lydia McDONALD, of Meosota, Mich., Route 1. "I had nervous chills and numb spells and they would leave me very weak. Then I had inflammation and the doctor said I had a floating kidney. I doctored seven months with our family physician. He said I would have to have an operation. Then I stopped taking his medicine. After taking three bottles of Dr. Pierce's medicine I have not had any nervous chills or weak spells. I am better than for years."

"My daughter is now taking the 'Prescription' and Dr. Pierce's Golden Medical Discovery, also the 'Pellets' for nervousness and weak, tired feeling. These remedies have helped her ever so much in a short time. We have great faith in your medicines for female troubles."

MRS. McDONALD. Dr. Pierce's Pleasant Pellets induce mild natural bowel movement.

NEW YORK LETTER

New York, Sept. 14.—Women suffragists appeared as part of the vaudeville program on the roof of the Victoria theatre yesterday, and Arthur Hammerstein, with a yellow aster in his buttonhole, said he was "for the women."

While the audience was made up largely of women, there was much masculine hand-clapping during the snappy plea for votes for women made by Miss Fola La Follette. She wore a graceful gown of old French blue and her hair was done in the fetching Gretchen style.

The entire theatre was hung with "votes for women" pennants and flags and when the curtains rose on No. 9 (on the official program) the audience was dazzled by the sight on the stage of 150 handsome matrons and pretty maids, each holding a banner aloft, while Mrs. James Lees Laidlaw introduced the speaker of the afternoon, Miss La Follette.

After the speaker was introduced a half dozen of the younger women, who had been acting as ushers and flower girls, came down on either side of the stage and descended from the platform and took their places in the aisles. In the evening the same number was repeated, with speeches by Miss Mary Shaw, Miss Beatrice Forbes and Mrs. Pierce Bailey.

On complaint of Jefferson De Angelis, the actor, Judge Beall of Yonkers issued a summons yesterday for Joseph Saboy, a Hungarian, to appear and answer to a charge of threatening to kill Mr. and Mrs. De Angelis by blowing up their residence at 69 Sunnyside drive, Yonkers. Saboy is being sought in the Hungarian colony or the Sawmill river road by the police. De Angelis told the judge that Saboy had worked on his premises as handy man five weeks. Last Thursday he wanted to quit. When Mrs. De Angelis told him he would have to stay until she found someone to take his place and that she would not pay him a small balance due on his wages, he became angry. "I will kill you," he said. "Before tomorrow night I'll blow up the place and not one of you will be left alive."

Forty collateral heirs of George Repp, who in 1807 founded the Harman society at Economy, Pa., met yesterday in Jersey City and decided to take further legal action to get possession of the 75 million dollars of property accumulated in the name of the society. The last member of the society, Barbara Boesch, died five

years ago. Since then there has been a continuous legal contest for the property. Repp died without issue, as did all other members of the organization. They opposed matrimony and the rearing of families. But many of the relatives of Repp did not accept his views, and there are now said to be at one hundred collateral heirs.

Robert Dix, a young East Side politician, is dying in the Harlem hospital of a bullet fired by a patrolman named Crosson late last night. Dix had been arrested on complaint of a mulatto girl he had slapped. Police man and prisoner were on their way to the station when Dix ran. Crosson fired three shots. The first dropped an innocent bystander with a bullet in his leg. The second shot went wild. The third brought the real fugitive to earth with a wound in his breast. Crosson is known on the force as "Diamond Dick." He has been devoting much of his attention recently to an extended search for "Gyp the Blood."

The notoriety gained by motor car No. 41,333, the gray touring car used by the murderers of Herman Rosenblatt, has been capitalized and the car is being used as a sightseeing machine. Frederick Halloran recently bought the car from Louis Libbey, who owned it at the time of the murder.

Advices received in Malden Lane indicate that the last season in the pearl fisheries has been unsuccessful. The result will probably be an advance of 20 to 25 per cent in the prices of pearls.

Lord Decies, who will be a visitor here at the national horse show in November, has given the association the Beresford challenge cup to be competed for by officers of the United States army. Only officers on government horses can compete. The officers must ride in uniform.

A tall man with stinging sideburns and a frock coat dashed into the 86th street subway station, ran up to the ticket window, threw down a handful of pennies, shouted "One!" grabbed a ticket and tore madly for a train.

A howl from the ticket seller called him back to the window. The ticket man pointed to four pennies lying on the shelf. "Say," he demanded, "where do you think you are—in church?"

One penny had rolled off the shelf. The tall man contritely picked it up and handed it in.

A hat merchant in Nassau street sold all the straw hats that he could at bargain prices, then decided to get

rid of the rest of them in a hurry. He piled them up beside the door, then stood in the doorway and sailed them up into the air, one after another. Of course an enormous crowd gathered in a few moments. The

street car blocked. Men caught the hats as they came down, and traded with each other to get proper sizes. Before a policeman could get through and stop the performance the hats were all gone.

NEWS OF THE STATE

CHANCE FOR DAIRY.

The dairy business is surely coming to the front in Taos county. It will not be long before the shipping of butter into our valley will be a thing of the past. This is as it should be, as Taos county is the ideal place for the dairy business. — Taos Valley News.

ONLY A RAINBOW.

W. C. Ferguson returned from his prospecting trip to Taos. He was in search of some of the gold reported to being around Taos, but his eyes failed him and he could not see any. He says he had a good view of the rainbow but could not judge how far it was to the end of the rainbow where it is said gold and diamonds galore are to be had for the picking.—Wagon Mound Pantagraph.

APPROPRIATE SADDLE.

Ray Patterson, a youth from Oklahoma, was arrested Monday by Deputy Sheriff Jim Johnson on suspicion and confessed to stealing a saddle, valued at about fifty dollars from J. B. West. It is thought that Patterson was promised a fair sum by another man to steal the saddle and turn it over to him.

In police court Patterson waived examination and pleaded guilty. He was bound over to the action of the grand jury and held under bond of \$750. It is not likely that he can produce bail, and he will have to remain in jail until the grand jury meets.—Roswell News.

BOY WITH NERVE.

"I got it off all right, papa," was the only comment made by a little four-year-old boy yesterday morning after he had deliberately taken a hand axe and chopped off about half of the index finger on his left hand.

The little fellow is the son of Sastro Penida, living out about eight miles west of town. The little fellow was brought to town at once to have the finger dressed, and the father could give no reason for the foolhardy act except that the little boy wanted to show how the axe worked. He found out.—Roswell Record.

A CHANCE FOR LADIES.

Friday afternoon, September 27, the fair association will hold a cake baking contest in the main auditorium of the armory. All cakes must be entered between the hours of 11 a. m. and 2 p. m. at which time the entries will be closed and the cakes be judged.

The cakes entered in competition will be sold as soon as judged and the money derived from the sale of these cakes will be placed in a special fund to provide for the purchase of a permanent ground for the Mesilla Valley Fair association; this will give the ladies the privilege of becoming the first promoters of the permanent fair grounds.—Las Cruces Citizen.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

San Antonio, Texas. — "To all women who desire to have children in their homes and to be well and happy I recommend Lydia E. Pinkham's Vegetable Compound. I suffered from a displacement and other female weakness. Lydia E. Pinkham's Vegetable Compound was the only remedy that ever helped me, and now I am a happy mother and highly recommend your medicine to all my friends." — Mrs. A. B. MARTINEZ, 121 S. Laredo St., San Antonio, Texas.

Brooklyn, N.Y. — "I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way." — Mrs. J. STEWART, 299 Humboldt St., Brooklyn, N.Y.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

game association for the protection of game and fish in Grant county. "If such a preventive measure is not taken soon," say the sportsmen, "there will be no game and fish to protect."

They claim the laws on the statute books are inadequate to properly protect game, and they hope, by starting agitation early in favor of such a movement, it will have acquired sufficient momentum by the time the next legislature meets, to precipitate favorable legislation. The game laws, say these sportsmen, are being violated every day without prosecution. Quail and dove are killed out of season and nothing said about it.

If such an organization is started here, it is supposed to have similar organizations formed in every county of the state. A meeting will be called at the city hall in the next eight or ten days to perfect organization and adopt resolutions. Every citizen in the county is invited to join and help protect our game.—Silver City Enterprise.

LOST HIS TEMPER.

When Jake Cartwright, ranchman living on the north plains, a short distance from Roswell, was brought up in court at Carrizozo for preliminary hearing a few days ago, he jumped out of his seat and turning to Deputy Sheriff Jim Johnson exclaimed, "You're a liar and Lou Beall is not dead." The prisoners are held in connection with the murder of the late William Alonzo Beall, who was commonly known as "Lou" Beall.

The body of Beall was found just across Chaves county line and the case therefore was taken to the Lincoln county court for trial. Cartwright was recently taken to Carrizozo by Sheriff C. R. Young, accompanied by Deputy Sheriff Jim Johnson and others.

After the frenzied attack of the prisoner court was adjourned a few hours to give him time to recover his equilibrium. At the next session the prisoner was released on \$5,000 bail to await the action of the grand jury, having waived preliminary hearing.

The alleged murderer of Beall, a Mexican named Pedro Madrid, is still at large, and is believed to have escaped across the Mexican border. The authorities were on his trail through the mountains for several days following the killing of Beall, but were unsuccessful in their attempt to head off his escape.—Roswell News.

In the District Court of Santa Fe County, State of New Mexico. Independent Steel and Wire company and Pittsburg Trust company, Plaintiffs, v. New Mexico Central Railroad company, et al. Defendants. Consolidated cause No. 6566. To whom it may concern, especially the creditors of the defendant railroad company, and all parties interested therein.

In pursuance of an order of Court made in the above entitled cause, on the 12th day of September, 1912, notice is hereby given that there was filed in the office of the Clerk of the District Court within and for Santa Fe County on the 12th day of September, 1912, a fourth account and report, being an itemized account of all moneys received from the operation of said railroad and from all other sources and of all disbursements made, by the undersigned receiver, from January 1, 1912, to June 30, 1912, both inclusive; that the undersigned receiver will, on the 12th day of October, 1912, or as soon thereafter as counsel may be heard, at the Court House in the City of Santa Fe, New Mexico, ask the court to approve said account and report, and that exceptions to the approval of said account and report, if the same are to be heard by the court, shall be in writing, and specify the particular item or items of said account or report to which objections are made, and be filed with the Clerk of the District Court wherein said cause is pending, on or before the 7th day of October, 1912.

CHARLES D. MURRAY, Receiver, New Mexico Central Railroad Company.

A Feast of Bargains

THE PEOPLE OF THIS CITY have never before in the old town's history had such a feast of bargains as they have had at our GOING OUT OF BUSINESS PRICES during the last week. Some of our best friends came in a little skeptical, but timidly asked, "ARE YOU REALLY GOING TO QUIT?"

To all such inquiries we simply had to refer them to the prices we are making to fully convince them. These prices are not on one or two catch articles, but on our ENTIRE LINE of the highest grade of merchandise that we could find in the markets of the country. Many lines are badly broken already, but remember this sale will last as long as there is anything left. The sooner we close out the better it will suit us.

FOLLOWING ARE A FEW ARTICLES THAT CAUGHT OUR EYE AS WE GLANCED DOWN THE COUNTER:

LOAN BOARD IS FORMED

The state loan board which will pass upon the indebtedness which is to be paid off by the big bond issue authorized by the last legislature and provided for in the constitution enabling act was organized at the capital this morning with Frank W. Clancy, attorney general, as chairman; W. G. Sargent, state auditor, secretary, and O. N. Marron, state treasurer, as treasurer. The board did no other work, but will arrange to meet in the near future for the purpose of taking up the important task assigned to it.

SNOW FALLING IN WYOMING

Laramie, Wyo., Sept. 14.—More than a foot of snow has fallen in the valley, the storm beginning at 6 o'clock last evening and ending after noon. Much of it melted as it fell. Snow is reported from Ogden, Utah, to Kimball, Neb., and in some places in the mountains is greatly in excess of.

On some of the farms in Laramie valley, great damage is being done to the unharvested oats, barley and native hay crops, the oats and barley being weighted with snow and bent over that there will be loss in yield. The railroads are being badly crippled.

Perrenot to Speak.—E. E. Perrenot, a prominent business man of this city, will address the members of the Santa Fe chamber of commerce at their luncheon Monday noon, Sept. 16. Secretary Harris was busy today in selling tickets for the luncheon which should be largely attended.

Writes Postmaster Hitchcock.—That there are still ways of improving the postal service is the belief of a Santa Fean who has just written Postmaster General Hitchcock asking why a deposit of stamps or money may not be made with a postmaster to forward second and third class mail matter when one changes to a new post office address. The present system requires mailing of a card by the postmaster and the remailing of the card to the postmaster with the amount of postage, in addition to the use of a new envelope and a 2-cent stamp and loss of time attending to the details of the transaction.
