## DEMOCRATS MAY YET HAVE CONTROL OF SENATE IT APPEARS

THEY ARE WITHIN TWO SENATORS OF HAVING COMPLETE CONTROL OF THE GOVERNMENT AND INDICATIONS ARE FULL RETURNS FROM ALL STATES WILL SHOW THAT THEY HAVE NEEDED NUMBER

## RECOUNT IN LOS ANGELES GIVES ROOSEVELT CALIFORNIA TODAY

Princeton, N. J., Nov. 7.—"I think my right course just now is to hear everybody and that I should not make any statements."

This was the answer made by President-elect Woodrow Wilson today to a series of requests from state-ments of his attitude on national and international questions.

In line with his campaign argument that the presidency should be conducted "through the common counsel of the country," he will now, so far as possible, assume a receptive attitude, rather than one of pronouncing himself on issues before he takes office.

Governor Wilson looked eagerly today toward a big basket of mail filled to overflowing. It appeared he would continue his custom of opening all mail himself. He likes to do it.

"You know that I can recognize the typewriters of some of my personal friends," he mused. "I don't know just how I do it. I guess I'll need a tonic to go through that pile though."

He began slowly to open some of the letters as he talked.

William Morrissey, secretary of the Denver Lodge of the Brotherhood of Railway Trainmen, wired that the railroad men of Colorado would give the new president "its hearty support."

A cablegram from San Juan, Porto Rico, read:

"My hearty congratulations to standard bearer of democratic principles in America. Union party fully confident justice at hands of party that always stood for their rights in congress."

"BARCELONE, President."

## CALIFORNIA MAY BE DOUBTFUL ON RECOUNT.

Los Angeles, Nov. 7.—With two sets of figures which differ in round numbers 4,000 votes—or enough possibly to alter the result as between Wilson and Roosevelt in the state—both the progressives and democrats demanded a third, or referee count of the Los Angeles city vote today from County Clerk Harry Leland.

## WILSON CARRIES CALIFORNIA EASILY.

San Francisco, Calif., Nov. 7.—Returns from 3,872 precincts out of 4,372 in the state give Wilson 287,591; Roosevelt 286,235; Wilson's plurality 1,356.

These figures include returns from 694 precincts in the city and county of Los Angeles out of 727, unofficial. Roosevelt's plurality in Los Angeles was given as 17,559 by that count. Accurate figures on the result in the state will not be obtainable until the recount of the vote in Los Angeles county now in progress, is completed late today.

## WILSON CARRIES ILLINOIS ALSO.

Chicago, Nov. 7.—Reports to national democratic headquarters, according to Joseph Davis, are that Wilson has a substantial plurality in Illinois with 32 counties missing. The missing counties are in southern Illinois, which have been consistently democratic.

## KANSAS WENT TO WILSON BY 1500.

Topeka, Kans., Nov. 7.—Later returns today from Kansas increased Woodrow Wilson's plurality over Theodore Roosevelt and that of William H. Thompson, democrat, for U. S. Senator over Governor Stubbs, republican. The fight for governor between Arthur Capper, republican, and George H. Hodges, democrat, had narrowed down to a few hundred votes. Ninety-six counties out of 106 gave these pluralities: Wilson, 12,000; Thompson, 10,500; Capper, 800.

## WILSON CARRIES BIG STATE OF ILLINOIS.

Chicago, Nov. 7.—Wilson, according to returns received up to 2 o'clock has overcome Roosevelt's lead in Illinois and with 665 precincts to hear

## REPUBLICAN GOVERNOR IN IOWA.

Des Moines, Ia., Nov. 7.—Woodrow Wilson's plurality in Iowa, with all but seven counties tabulated, is 16,000. For governor, Clark, republican, is leading. Dunn, democrat, by 2,000. The legislature will be republican, insuring Senator Kenyon's return to Washington. Iowa's congressional delegation will be composed of eight republicans and three democrats.

## HIVES! NO---UNDERWEAR!

## STEERAGE OF SINKING SHIP FULL OF PEOPLE

Quebec, Nov. 7.—About 400 of the passengers from the Royal George arrived here today on board a tender. They were later taken to Montreal on special train. Captain Belanger, of the steamer Savoy, who passed the Royal George today, does not think the liner is in a dangerous position. She went ashore on a bottom of sand and gravel and only her forepart touched bottom.

The North, an old ferryboat, which brought the load of passengers to this city, returned to the Royal George today, but a strong wind prevented her getting near the wrecked liner to take off the remaining passengers. The Cruiser, a big tug, also failed to reach the Royal George.

The captains of these two vessels reported the waves were rolling so high it was dangerous for them to try and go alongside the liner. They said there were several hundred steerage passengers still on board.

Montreal, Nov. 7.—A wireless message today from the Canadian Northern Mail steamer Royal George, which went aground in the St. Lawrence river near Quebec last night, confirmed earlier news that 400 of the vessels 901 passengers, had been taken off. Four tugs were standing by when the message was sent and it is believed the work of transferring the passengers continued through the night.

A dispatch from Quebec earlier this morning announced all the passengers and crew were safe.

## THANKSGIVING DAY.

Washington, D. C., Nov. 7.—President Taft today issued a proclamation setting aside Thursday, November 28, as Thanksgiving day.

## HADLEY MAY BE CHOSEN AS VICE PRESIDENT

Washington, D. C., Nov. 7.—President Taft returned to Washington at 9:40 this morning. The private car of Governor Hadley of Missouri, was attached to the president's train at Harrisburg, and the governor came on to Washington. He will confer with Mr. Taft today. Asked if he would take second place on the republican ticket, Governor Hadley said: "I have not been asked."

The president found a grist of routine upon his return to Washington today and some special things to look after. Most important of all the work waiting for the president is his annual message to congress. This probably will be sent as one document instead of in sections as last year.

## LABOR PARTY MAY BE FORMED BY FEDERATION

Rochester, N. Y., Nov. 7.—One of the questions that will be discussed in each of the five departments of the American Federation of Labor, which opened sessions here today, is whether it would be advisable for workers to organize a political party that will embody their desire for legislation.

The American Federation of Labor has never taken part in political campaign and has a rule forbidding political discussions in its meetings.

## NO GOVERNOR IN NEW HAMPSHIRE.

Concord, N. H., Nov. 7.—The republicans will have a majority of 16 in the legislature on joint ballot, according to returns today. The legislature will be called upon to elect a governor and United States senator. The voters failed to choose a chief executive, no candidate received a majority.

## FERGUSON IS FAR IN THE LEAD

139 PRECINCTS OUT OF TOTAL 579, GIVE HIM 7761 VOTES, OR OVER 2500 MORE THAN JAFFA--MARCOS C. DE BACA WILL POLL OVER 6,000 VOTES--BOND ISSUE IS IN DOUBT--LANGUAGE CLAUSE AMENDMENT CARRIED

Returns from 139 precincts out of 579 in the state show that Ferguson is elected for congress and that Wilson has carried the state.

These 139 precincts give the following totals:

Ferguson (dem.) 7761  
Jaffa (rep.) 5187  
De Baca (prog.) 2267

Ferguson's present plurality over Jaffa is 2574.  
It is estimated that if this ratio is kept up Ferguson will carry the state by over 3000 and that E. C. De Baca will poll over 6000 votes.

Woodrow Wilson is running from 800 to 1000 votes behind Ferguson. Taft is running behind Jaffa, but Roosevelt is running ahead of De Baca. The total vote cast for Debs, socialist, is estimated at 2500, by Debs carried certain precincts above Taft, notably that of Deming, Luna county.

## THE TOTAL VOTE.

At Democratic headquarters this morning where estimates were being made from telegraphic, telephone and written reports, it was stated that the total vote cast in the state will not be above 50,000, although that cast in the first state election held last year was over 62,000.

It is thought that the bond issue authorizing the expenditure of \$500,000 is doubtful. A heavy fight appears to have been made against it in certain republican circles.

The constitutional amendment removing language qualification for membership of the legislature or state officials, will surely carry according to reports received today.

The election was the most orderly ever held, politicians of all parties declared.

Eighteen out of 25 precincts in Grant county gave Ferguson 738 plurality over Jaffa and 961 plurality over De Baca. The democratic electors run 646 over the republican and only 607 over the progressive electors. Roosevelt running ahead of Taft in this county.

## TAOS IN DOUBT.

Reports from Taos today state that Ferguson may carry the county by a few votes and will not lose it by over 50.

## COLFAX IS DEMOCRATIC.

In Colfax county Wilson gets 151 plurality and Ferguson 50.  
That New Mexico has gone democratic by a plurality variously estimated at anywhere from 1500 to 3500 is now generally conceded. Striking features are the broads made on the republican party by the new born progressive party despite the pre-election predictions of republican leaders that the progressive party would draw all of its strength from the democrats and the carrying of Bernalillo county for Theodore Roosevelt. The votes cast for Hon. Marcos C. De Baca, progressive candidate for congress, was a complete surprise to the Old Guard machine bosses who had forecast that he would make a decidedly poor showing. He made an excellent showing and had his campaign been financed to the extent of either of the old parties, he would have done much better. Results to date are:

East Las Vegas, N. M., Nov. 7.—Unless returns from the county precincts yet to be heard from show a large increase in republican ballots, San Miguel county will not return its usual majority of from 900 to 1500. In fourteen of the forty-eight precincts

## T. R. CARRIES CALIFORNIA.

San Francisco, Nov. 7.—Returns from the county clerk's report of Los Angeles city and county with 19 precincts outside of the city missing, show Roosevelt's plurality to be 15,763. This is a gain for Roosevelt of 2,201 and gives Roosevelt a plurality in the state of 547 votes.

## ALLEN GANG FACES MURDER CHARGE AGAIN

Wytheville, Va., Nov. 7.—Trial of the last two members of the Allen gang, charged with the Hillsville county house assassinations, on March 14, began here today. Sidna Allen and Wesley Edwards, two alleged ring leaders who escaped from the region after the shooting and were captured in Iowa, were before the bar. Two of their kinsmen, Floyd and Claude Allen, are under sentence to be electrocuted on November 22. Fred Allen and Sidna Edwards are serving long terms for complicity.

## WELLS FARGO IS MAKING BIG DIVIDENDS

San Francisco, Nov. 7.—Testimony brought out by the state railroad commission in its investigation of express rates on which it is engaged today, shows that the Wells Fargo company, on an investment in California of \$1,116,167, received in two months June and July, 1911 a gross revenue of \$1,453,450 which would amount to \$8,720,000 for the 12 months or a little less than 800 per cent on the capital outstanding.

## CONFIDENCE MEN OPERATING.

New York, N. Y., Nov. 7.—On complaint of Dr. J. W. Powell and Curly Cleveland Shidbury, a lawyer, both of Wilmington, N. C., the New York police today arrested two men on a charge of having defrauded the southerners out of \$25,000 through a "wire tapping swindle."

## WYOMING STILL DOUBTFUL.

Cheyenne, Wyo., Nov. 7.—Seven counties unheard from for president, leaves Wyoming in doubt as to whether Wilson or Taft will get the electoral vote. Figures are coming in very slowly and no counties have been completed on the head of the ticket.

## WILL SING TE DEUM NEXT SUNDAY IN THE MOSQUES OF SOPHIA

THIS IS BOAST OF BULGARIAN COMMANDERS WHO ARE MARCHING THEIR TROOPS ON TO VICTORY AND DRIVING THE TURKISH FLAG OFF THE MAP OF EUROPE FOR ALL TIMES TO COME.

## BALKANS PLAN TO DIVIDE LANDS AMONG THEMSELVES AFTER THE WAR

London, Nov. 7.—We will sing Te Deum of Thanksgiving in the Mosque of St. Joseph next Sunday, boasted leaders of the conquering army of Bulgaria today before the last Turkish battle between them and the city of Constantinople.

Of the great European empire conquered by the Mohammedan invaders centuries ago, there remain today only five small districts. Even these—Constantinople, Adrianople, Saloniki, Monastir and Scutari—are threatened.

It is reported that the great stronghold of Saloniki has been evacuated and that the Turkish army stationed in the city has been withdrawn but no confirmation of this yet has been received. Which direction the retreating army is supposed to have taken was not mentioned in the report, but it is true that the Turks have abandoned the city. They must sooner or later come into contact with one of the armies investing the fortress which over way they take.

The premier concluded by saying that the Balkan allies desired Turkey to treat directly with them concerning peace and not through the power promised by the optimistic Bulgarians. The critic points out that the invaders have not reached the principal line of forts around that city.

The defenders of Scutari, too, have repeatedly and successfully assumed the offensive and have managed to keep the line open by which they can supply Tarakosch, the other Turkish fortress on Lake Scutari, with provisions and ammunition.

The antagonism of the Malissori tribesmen to the Montenegrins is said to have checked Crown Prince Danilo's army, which has made several attacks on Tarakosch.

Confirmation of the occupation of the Turkish town of Alessio and the port of San Giovanni di Medua in the Adriatic sea has been received. Preparations are being made for the protection of the menaced population of Constantinople. At the request of the foreign ambassadors, entrenchments have been thrown up at San Stefano and at Kiatkane so that if the rout that occurred after previous battles should be repeated, the movement of fleeing soldiers can be checked.

Should matters become more threatening, the fleets of the powers may land a force in the Dardanelles, in which case there would be six thousand men available for landing, with possible reinforcements from the Russian fleet in the Black sea.

The powers have made no further move towards mediation. They first have to agree whether they shall officially apprise the Balkan nations of Turkey's request and as all of them are anxious to avoid taking any action that may have the appearance of a breach of neutrality, they are treading warily.

The Balkan allies, as is well known insist on Turkey dealing direct with them and it is thought in diplomatic circles, they would like to see their once formidable foe, which only a few weeks ago sneered at their ultimatum, come to them on its knees.

A rather serious view is taken here of the Servians' declared intention of invading Albania and crossing thence to sea and of Austria's warning. There is a tendency to bring diplomatic influence to bear in this connection.

The American high school for girls at Scutari, on the Asia Minor side of Bosphorus, has sent its scholars of Bulgarian nationality on board of the cruisers now at Constantinople owing to fears for their safety, according to a news agency dispatch from the Turkish capital.

Boston, Mass., Nov. 7.—The probability of an early cessation of Balkan hostilities was indicated in a cablegram received by the American Board of Commissioners of Foreign Missions today from W. W. Post, the board's treasurer at Constantinople. The cablegram follows:

"Early cessation of hostilities probable. Safety assured. Who is elected?" The board officials interpret the message as indicating that none of the missionaries in the Turkish empire have been injured.

Paris, Nov. 7.—The Balkan allies will ask for the partition of European Turkey, leaving the fate of Constantinople to the decision of the European powers, according to Premier Pachitch, of Serbia, in an interview today with the correspondent of the Temps in Belgrade.

The Serbian statesman continued: "Serbia wants the Ports of St. Giovanni di Medua, Alessio and Durazzo on the Adriatic sea, which Serbia possessed in the middle ages and by which territorially related to the rest of Europe."

Servia, M. Pachitch said, has not received any proposal from Austria, but assuming that Austria has no territorial designs, Servia is quite willing to favor economic and commercial expansion for Austria, said to have been occupied by the allied Balkan troops.

Between the Bulgarian army and Constantinople now stand only the Tohatalia forts held by an army that has suffered a series of crushing defeats and that has been rendered, it is believed, in military circles, incapable of making any sustained defense against a vigorous assault. Some villages in the vicinity of this last line of defense are reported already in the hands of the Bulgarians.

The Turkish fortress of Scutari, near the Montenegrin frontier, and that of Adrianople, in the eastern sphere of operations, are still making a stubborn resistance. Military critics who knew the country well, utter the warning not to expect the early fall of Adrianople promised by the optimistic Bulgarians.

London, Nov. 7.—It is believed that a last big battle is in progress between the defenders and the invaders at the Tohatalia forts before the capital.

London, Nov. 7.—The Turkish garrison has been withdrawn from Saloniki after destroying a number of bridges forming the approaches to the city, according to a news agency dispatch from Athens.

Cologne, Germany, Nov. 7.—The Turks reported to have been decisively beaten by the Bulgarians and driven in disorder from their positions at the Tohatalia forts in front of Constantinople, according to a dispatch from Sofia. The fighting was very severe and lasted two days.

Paris, Nov. 7.—Turkey has decided to give the powers complete liberty of action in arranging conditions of peace, according to a dispatch from Constantinople to the Journal Des Debats.

Sofia, Bulgaria, Nov. 7.—After five days fighting along the line between Lule Burgas, and Bunarhisar, the Bulgarian army, it was officially announced today, lost 15,000 men killed or wounded. The Turkish casualties exceeded 40,000. It is officially announced that the port of Rodosto on the sea of Marmora, and the city of Visa, southeast of Adrianople, were occupied by the Bulgarian troops on November 5th.

## BRYAN TO GET ANY OFFICE IN UNITED STATES

Chicago, Ill., Nov. 7.—There appeared little doubt in western democratic headquarters that William J. Bryan, would be tendered practically a choice of any office within the gift of the president, and many professed to believe that he positively would be secretary of state.

Joseph Davies, western manager, left today for New Jersey, where he will report to Mr. Wilson the results of the western campaign.

Democratic headquarters will be closed tomorrow, save a small force checking up the organization. No one was at the Taft headquarters today.

## CARNEGIE PAYS NO TAXES.

New York, Nov. 7.—Andrew Carnegie will pay no personal property tax to the city of New York this year. The ironmaster's personal property was assessed at \$10,000,000, but he appeared today before the president of the tax department and made affidavit that this was erroneous. Mr. Carnegie swore that the value of his effects in the city did not exceed \$3,500,000 while his debts aggregated \$8,400,000. Accordingly, the assessment against him was cancelled.

## ALMOST IN CONTROL.

Washington, D. C., Nov. 7.—To last night's returns, which gave the democrats 47 senators, in two of the 49 necessary to control, was added today the news that the plurality of Thompson, democrat, of Kansas, had been increased over that of Stubbs, republican, and seemed to assure his election.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly, too.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight! put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.

## DEMING STILL BOOMING

Deming, N. M., Nov. 7.—Splendid weather prevailed in Luna county for the election. Up until 4 o'clock, 400 votes had been cast in the Deming precinct.

W. O. Grace, recently of Chillicothe, Mo., who was brought here by the chamber of commerce, yesterday purchased of G. M. Cadler 320 acres of land eight miles east of Deming, 100 acres four and a half miles south, and a half interest in the Sadler ranch in Lewis flat consisting of 140 acres of leached land and a lease of a school section, 200 head of cattle, forty horses and 500 tons of hay, the consideration being \$35,000. Mr. Grace purchased last spring about \$25,000 worth of farm lands in this vicinity, which makes his investment here total about \$70,000 at the present time. The ranch in Lewis flat will be conducted under the firm name of Sadler & Grace.

C. L. Beard has purchased the old place on Silver avenue for a price of \$2300. The deal was made through the Deming Real Estate Co. Mr. Beard left today and will return with family in a short time. Meyer building, on Silver completed, and the Electric Airing company is installing machinery.

Stenson building, on Gold avenue, adjoining the present grocery of J. C. and S. Stenson, is about completed. It is fifty by eighty feet, one story.

J. M. Doolittle, formerly manager of the Alamo Huaco ranch in the southwestern portion of Grant county, yesterday purchased the R. P. Boone ranch near Dwyer, N. M., the consideration being \$30,000. The deal included all the horses and cattle on the ranch.

E. M. Kipp, of Millerton, Pa., is here prospecting. Miss W. E. Perkins, of Buffalo, N. Y., has established residence on her claim near Red Mountain, purchased last spring.

W. J. Evans has purchased the Dr. O. O. Osborn place four miles east of town. The place contains forty acres and is partially improved. The consideration was \$4000. Mr. Evans will begin this week the erection of a residence on the tract and will farm it during the coming year. It is his intention to plant it mostly in alfalfa.

Rev. J. A. Marding, of Bowling Green, Ky., is holding a revival meeting in the Church of Christ here.

Don Kedzie, the veteran editor of the Lordsburg Liberal, spent yesterday in Deming on business. Chris Rathel has returned from the shoot of the Arizona Sportsman's association, held at Phoenix, bearing with him a medal and engraved silver cup testifying that he won the high amateur average in the contest.

Roy B. Cutler, local manager of the Wells Fargo Express company, and Miss Mary Anderson, daughter of Mrs. S. H. Wells, were married Monday and departed for California on a wedding trip. C. P. Harris has taken the position formerly occupied by Mr. Cutler who will be transferred to another department of the service.

Jas. Hartzog has returned from a six months' visit to California. B. A. Knowles returned today from a business trip to Mogollon.

Mrs. J. A. Ehrman and children left Monday for California for a pleasant trip. J. T. Kelly left today for a short business trip to Estancia, N. M.

Rev. O. T. Finch, pastor of the First Baptist church of Deming, is in Alamogordo attending the Baptist convention.

**GUNPOWDER IN POCKET.** Anderson, Ind., Nov. 7.—Hartley Tipton, 13 years old, newsboy, was standing in front of an automobile when there was an explosion that hurled the lad seven feet and set his clothing on fire.

When the lad was revived he explained that he had his hip pocket filled with gunpowder. He said he felt his back growing warm from the intense rays of an automobile lamp, and was about to step aside when the powder exploded in his pocket.

He was badly burned about the hips. A little want ad costs but a few cents and brings wonderful results when published in the New Mexican Try one.

## GEORGE CURRY WILL SURVIVE INJURIES

THROWN FROM AUTOMOBILE WHEN WHEEL BROKE MONDAY NIGHT CROSSING AN ARROYO, FORMER GOVERNOR AND PRESENT CONGRESSMAN OF NEW MEXICO SEVERELY BRUISED ON FACE AND CHEST

Special to the New Mexican. Alamogordo, N. M., Nov. 7.—Reports received here this afternoon from Tularosa, where Congressman George Curry was taken after the accident Monday night, are that he is resting easy and is likely to recover. His injuries are bruises about the face and chest due to the jolt and fall he received when the wheel of his automobile broke.

It is said that the accident occurred while crossing an arroyo near here. The machine, it is stated, was going at very high speed, when the arroyo was reached and the jolt was too much for the wheels which gave way, causing the car to top over. Mr. Curry was thrown violently to the ground and the machine on top of him. When he was extricated it was found that his face was bleeding profusely and his chest bruised. At first it was feared that he had been injured internally and that the accident would prove fatal. More encouraging reports are received today, however.

Six other persons in the car with Mr. Curry sustained minor injuries.

Throughout the city today the accident to former Governor Curry who lived in this city when he was governor and who is so well known throughout the state, was the topic of conversation. His friends in the capital, former officials who had worked with him or against him, were solicitous about his welfare.

**CURRY'S CAREER.**

George Curry was born in Louisiana in 1863 but came to the west when a boy working on ranches, which occupation may account for his huge and powerful frame which has stood him to good purpose in many engagements political as well as bellicose. He was one of the foremost rough riders in the Spanish-American war and a trusted lieutenant and captain of Roosevelt. After serving with distinction as civil governor of a province in the Philippines and chief of police of Manila, he was made governor of New Mexico in 1907, holding the office until 1910. He was elected to congress November 7, 1911, as one of the two congressmen to represent the new state.

**TAR COAT FOR BATHERS.**

Mobile, Ala., Nov. 7.—Many young women of Mobile society, as well as other persons of both sexes and in varying walks of life, were unintentional blackface comedians.

The trouble happened in the waters of Mobile bay when numerous bathing parties went in for an evening dip. A big lighter, laden with cressets and beached during the recent storm, had capsized and emptied its black contents into the water.

At Monroe park and elsewhere, however, there was not light enough to see the floating serum and it was not until the first bathers began emerging that they found themselves coated with a tarry substance that would not wash off.

Many walked home rather than face the street car crowds.

**TOY DOGS IN FIRST CABIN.**

Philadelphia, Nov. 7.—Nine pedigree toy dogs, occupying a state room adjoining that of their owner, Miss M. A. Stovell of Norristown, Pa., arrived here on the steamship Merion from Liverpool.

During the eleven and one half days' journey across, the dogs, the heaviest weighing five pounds and the lightest one and a quarter pounds, were special favorites with the cabin passengers.

Of the nine dogs, "Cupid Epingle" is the most expensive, being valued at \$1,000. "Cupid" is a rare specimen of Perkinsee spaniel, being bright red "Ting-a-Ling" five months old, weighs only one and a quarter pounds.

The dogs will be shown for the first time in this country in New York in the near future. The combined value of the dogs is placed at \$5,000.

**HORSE TRIES TO ENTER HOTEL.**

This machine does something that only the brain, directing the hand, has hitherto been able to do—that is, write and add (or subtract) on the same page.

But this is not all. It does such work more easily, more rapidly, and more accurately than the human brain has ever performed similar labor.

Thus the machine is human in what it does and super-human in the way it does it.

## ALVAN N. WHITE PLEADS FOR PUPIL AND TEACHER

Albuquerque, N. M., Nov. 7.—Making a plea for the granting of equal opportunities to the youth of the state in acquiring an education and for better salaries to the educators, State Superintendent of Public Instruction Alvan N. White delivered a striking address this morning at the Elks opera house, the occasion being the twenty-seventh annual meeting of the New Mexico Educational Association.

Mr. White's subject was: "The Next Most Important Step in Educational Progress in New Mexico's Rural Schools." His address covered 14 or 15 typewritten pages.

Some of his striking sentences were:

"It was the intention of our forefathers in their work, of constructive statesmanship, to establish a system of free public schools on the basis of equality of opportunity and they proceeded upon the assumption that all men should have equal opportunity to enjoy 'the inalienable rights of life, liberty, and the pursuit of happiness.'"

"When I came into the office, I was first convinced of the necessity of equality of opportunity in the education of our future citizens; on every hand the necessity for such an equality of opportunity is apparent."

"Our republic can no more endure one-half educated and one-half ignorant than it was possible for it to endure one-half free and one-half slave. Our ideals and standards will not be highest when they are set up by a people one-half educated."

"Showing the great inequality of opportunity afforded a large percentage of our children, I quote you the following: We find that there are 29 incorporated villages, towns and cities of the one thousand school districts in the state and 971 rural school districts. We find that 89 school rooms had no school whatever; 23 had one month, 51 had two months,

visiting throughout that county, and the city schools of Deming believe they are fortunate in securing a city superintendent who is a leading educator in the southwest at a salary of \$3,400 per year, but, no doubt, many of the citizens feel that they are being robbed when they pay the county superintendent for the supervision of the schools throughout the county the sum of \$900 less."

"Can we expect, under these conditions, to have the necessary inspection and supervision of our rural schools? Can we hope to better the rural school conditions when we are not willing as citizens of this rich and prosperous state to pay an adequate salary to our county superintendent, such as will give them a living and permit them to devote all their time and attention to schools?"

"Our constitution makers, with one accord, agreed, no doubt, that education was our most important state department, yet a salary of five thousand dollars was given to our governor, four thousand to our attorney general, and three thousand to the state superintendent. It is the most important problem for our state, why, then, should the state department not receive a salary at least equal to that of the governor?"

"Under the high cost of living a county superintendent cannot live on high ideals."

"First make your county superintendent a specialist, one especially qualified, then provide that he shall perform the duties necessary and be paid therefor an adequate salary; you can then expect an improvement in rural school conditions."

"Until such important steps are taken, you may expect, as I have said, your rural schools to be like a straggling army, some forging to the front and others lagging behind."

Concluding his address, Mr. White made a plea for encouragement of the rural school teachers, saying:

ALVAN N. WHITE.

248 had three months, 265 had four months, 157 had five months and the remainder six or more months.

"It is interesting to note that there resided in the school districts having no school 3,711 children of school age, 822 living in districts having one month of school, 1755 in districts having two months, 12,198 in districts having three months, 14,229 in districts having four months, and 10,073 in districts having five months, which is now the required length of term for each school district under the provisions of our constitution."

"In other words, 40,189, only a few thousand short of half of the people of the school census, had either no school whatever or from one to five months."

"The solution of the problem? To my mind, the next most important step and the next most urgent demand is for a closer and a better supervision of the rural schools throughout the state. Lack of expert supervision appeals to me as the most apparent weakness in our country schools today."

"The reason our city schools have grown in effectiveness and efficiency has been because competent supervision is provided. In every instance in New Mexico, our city superintendents have been selected with care."

"Certainly I do here advocate better payment for county superintendents so long as they are charged with the duty of properly supervising the schools of their respective counties."

"The city superintendent at Santa Fe draws a salary of five hundred dollars more than does the county superintendent for his work of super-

"We hear repeatedly the story of ed school conditions in our rural schools. We send our young teachers incompetent teachers and the wretched out to teach in the rural districts with an idea of failure and that their teaching will be an inevitable failure because we have dinned into their ears all along the rural school conditions. They go to the school feeling in nine cases out of ten that they cannot make a success in the rural district as a teacher. We should cease disheartening our teachers in this respect and as it has been well said by an educational writer: 'I would take down the shutters and throw open the school room doors that God's pure air, the warm sunshine, the song of birds, and the smell of flowers may come in and fill every crevice and corner of the room so that the humblest teacher may see and feel what a noble, God-like thing it is to strive honestly and conscientiously to do one's duty.' Let us cease our criticisms given in a way to dishearten our teachers and extend them a cheerful and helpful hand that they may go into our humblest rural school districts with a feeling as expressed above."

Prolonged applause followed the address.

## Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema seems to be lodged.

This quality of penetrating—probably explaining the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.B. Prescription.

We have sold other remedies for eczema. THE CAPITAL PHARMACY, Santa Fe, N. M.

## TAUNTS LEAD A YOUTH TO KILL GIRL HE LOVED.

New York, Nov. 7.—Taunted by shopmates because of a quarrel he had had with 19-year-old Virginia Steiner, with whom he was infatuated, Walter Wharmby, 10 years old, shot and killed the girl in the presence of men and boys who were teasing him in the street.

Wharmby then attempted suicide. Aiming the revolver at his own head, he fired one shot, but the bullet did not take fatal effect, and Wharmby will recover.

At his parents' request Wharmby had broken his friendship with Miss Steiner, who was employed in the same machine shop with him. Ridiculed by the men who worked near him, he sought to renew his suit.

From her home he accompanied her to their place of work. On the side walk they quarreled, while acquaintances looked on and laughed. The girl turned and fled, and Wharmby sent two bullets through her back, one penetrating the lungs.

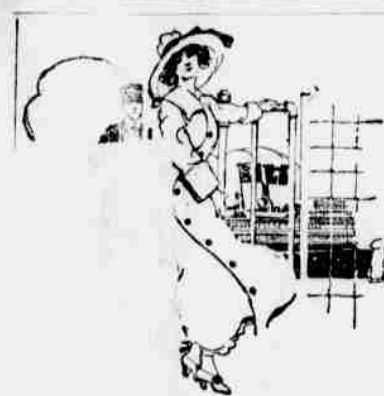

## FATALLY BURNED.

Lawrenceburg, Ind., Nov. 7.—Mrs. Minnie Wesley Richards, 37 years old, wife of Louis D. Richards, a foreman in the George H. Bishop & Company saw and edge tool plant, was fatally burned this morning when starting a fire with gasoline.

The can exploded and the woman was covered with a sheet of fire. Mr. Richards was also seriously burned in attempting to extinguish the flames.

Mrs. Richards was the youngest daughter of Frederick H. Wesley, a coal merchant of this city, and, besides the widower, leaves four small children.

## A DOUBLE PLAY UNASSISTED

### HANS WAGNER BREAKS ALL BATTING AVERAGES.

The "Flying Dutchman" Hits Better Than .300 Throughout Big League Career of 16 Years and Tops "Pop" Anson's High Mark.

HANS WAGNER

have batted .300 or better for 10 years in succession in the past 36 years. Anson batted .300 for 15 years; Dan Brothers, 14; Willie Keeler, 13; Ed Delahanty and Joe Kelley, 11 each; Hugh Duffy, Jesse Burkett and Nap Lajoie, 10 each.

Of the present day stars Lajoie has the best chance to equal Anson's record; Lajoie fell below .300 in 1907, Wagner of course, not being 1907 and in 1908. He is again batting effectively, however, and this year took high rank.

Wagner began at Louisville, then in the National, and Lajoie at Philadelphia. Hans has led the National league six times, in 1900, 1903, 1904, 1906, 1907 and 1908. Before he entered the league he led the Atlantic league batters, with an average of .379.

Ty Cobb has led the American

Anson's record was 15 straight years. Only eight players besides Wagner in the .300 class.

Wagner, barring accidents, will be with the Pirates in 1913 and it is to be expected that he will again bat better than .300 and establish a record of 17 successive years in the .300 class.

league batters as often as the great Pirate has led the National. Cobb has batted better than .300 in each of the seven years he has been in the American league. He is slightly built, nervous chap who probably will not last as long as the stolid, solid "Flying Dutchman."

produced. This perhaps is the greatest tribute ever given the "big mouse."

Papers have been full of the wonders of Joe Wood, the Red Sox star, and of Walter Johnson of the Senators. It has been held that both of these men are greater than Walsh ever was or at least, his equal. Yet Stahl has played with Wood and McAlleer managed Johnson at Washington. They have been able to detect the finest points of both spectacular twirlers. And, after all that, they heralded Walsh as the greatest of them all.

McAlleer, Walsh, Stahl and McRoy were up in the northern Wisconsin woods together as the guests of Charles Comiskey last week. It was there that the three Boston officers spoke in praise of Walsh to his face that he was the king of pitchers. It's a good thing that Walsh doesn't set the swell head. Otherwise it might have burst.

Many fans do believe Walsh is exceedingly fond of himself, that he struts around and gets all chesty over his fame. But the writer thinks that Walsh is as modest as any great star could be.

Robert McRoy kept the averages of the American league for eleven years in Ban Johnson's office. He told the writer up in the woods that he always favored Walsh whenever possible.

"It's like this," exclaimed McRoy. "No pitcher ever did the work Walsh does in recent years and whenever it was possible I always gave him the benefit of the doubt."

"Stahl considers him the most valuable of all pitchers. The main reason is because he is able to finish out so many games in addition to working in his regular turn. Neither Johnson nor Wood could do that. They don't possess the physical strength. Both Wood and Johnson may have had a better actual average than Walsh this year, but you don't find either of them going to the rescue of their mates many times."

"Walsh however, is on the job all the time. His work in the city series with the Cubs stamped him at full work. He is a dangerous man all the time. I've never seen him really bad. When he's beaten it's usually by a mighty close score."

When it comes to drawing power, as an attraction Walsh doesn't compare with men like Cobb, Wagner and Speaker. The reason is obvious. Walsh or Johnson and Wood—work only so often, while Cobb, Wagner and Speaker play day after day. The fans will turn out to see these men play, but might not go out when the White Sox are in town, because they don't know whether Walsh will pitch or not.

Billy Sullivan, who has caught Walsh these many years, says the only bad Ed. throws that the opposition can hit with any degree of certainty is his underhand delivery. The writer can see how this is true, too. Up in the woods Walsh tried to play a little with an indoor baseball. The rules of this sport require underhand delivery. Any man in camp could hit him all over the lot. But they couldn't touch him when he began to throw them overhand.

But Walsh never tries the underhand delivery in big league games unless he is growing tired. Then he's liable to dole out a number of them. So when you see Walsh start his underhand ball you will know it's about time to take him out.

#### FERGUSON IS FAR IN THE LEAD.

(Continued from page one).

Taft has a plurality of 178 and Jaffa 59. The total vote in these precincts is: Taft, 803; Wilson, 625; Roosevelt, 123; Debs, 24; Jaffa, 807; Ferguson, 748; de Baca, 62 and Eagan, 2. Thirty-three out of 58 precincts give Ferguson 1,833; Jaffa, 1,692, or a majority for Jaffa of 309. Conservative estimates place the total republican majority at from 350 to 375. Ferguson will cut this down from 100 to 200, as he ran ahead of the ticket in the county.

Clayton, N. M., Nov. 7.—With all but a few precincts to be heard from in Union county, the democratic majority will be about 450. Ferguson will run ahead of his ticket about 50 votes in the county.

Hillsboro, N. M., Nov. 7.—Fourteen out of fifteen precincts in Sierra county give Ferguson 386; Jaffa, 160; de Baca, 37; Wilson 331; Taft, 164; Roosevelt 88. The missing precincts will increase the democratic plurality to about 250 for Ferguson and 180 or 200 for Wilson.

Silver City, N. M., Nov. 7.—Though several of the county precincts still remain to be heard from, these will make no change in the previously announced result of a plurality of 750 for the democrats. This party gained a sweeping victory in the county, the republican defeat being a crushing one.

Portales, N. M., Nov. 7.—With 90 per cent of the Roosevelt county vote in, Ferguson has 556; Jaffa, 82; Wilson, 490; Roosevelt, 200; and Taft, 84. Debs polled 151 votes.

Tucumcari, N. M., Nov. 7.—Seven-

teen precincts in Quay county give Ferguson a majority of 480. The four precincts yet to be heard from will increase this majority to 550. Wilson carried the county by a majority slightly below the Ferguson vote.

The vote in the following principal towns were as follows:

Tucumcari—Wilson, 268; Roosevelt, 81; Taft, 106; Ferguson, 334; de Baca, 29; Jaffa, 110.

Montoya—Wilson, 35; Roosevelt, 10; Taft, 64; Ferguson, 35; de Baca, 10; Jaffa, 65.

Nara Visa—Wilson, 3; Roosevelt, 39; Taft, 25; Ferguson, 27; de Baca, 28; Jaffa, 32.

San Jon—Wilson, 65; Roosevelt, 13; Taft, 27; Ferguson, 68; de Baca, 9; Jaffa, 28.

Aztec, N. M., Nov. 7.—Complete returns from ten out of eleven precincts in San Juan county give Wilson, 473; Roosevelt, 228; Taft, 189; Debs, 143; Ferguson, 489; Jaffa, 255; de Baca, 118. The state highway bond issue carried by a vote of 581 to 312. The \$6,000 county bridge bond issue was also ratified by a vote of 364 to 312. The constitutional amendment was defeated by a vote of 632 to 216. The missing precinct is Pine River, which usually gives a majority for the democrats of from 15 to 20. A comparatively light vote was polled in the county.

Carlsbad, N. M., Nov. 7.—The vote in Eddy county, which is complete, shows a substantial majority for Wilson and Ferguson. The vote by precincts follows:

Carlsbad—Wilson, 257; Roosevelt, 67; Taft, 30; Ferguson, 268; Jaffa, 71; de Baca, 23.

Loving—Wilson, 60; Roosevelt, 7; Taft, 8; Ferguson, 45; Jaffa, 8; de Baca, 3.

Otis—Wilson, 50; Roosevelt, 20; Taft, 3; Ferguson, 34; Jaffa, 11; de Baca, 8.

Artesia—Wilson, 208; Roosevelt, 119; Taft, 31; Ferguson, 234; Jaffa, 93; de Baca, 41.

Lakewood—Wilson, 56; Roosevelt, 24; Taft, 19; Ferguson, 69; Jaffa, 11; de Baca, 12.

Dayton—Wilson, 37; Roosevelt, 23; Taft, 9; Ferguson, 49; Jaffa, 9.

Knowles—Wilson, 60; Roosevelt, 8; Taft, 8; Ferguson, 65; Jaffa, 6; de Baca, 5.

Lovington—Wilson, 36; Roosevelt, 8; Taft, 12; Ferguson, 29; Jaffa, 27.

Monument—Wilson, 15; Roosevelt, 11; Taft, 0; Ferguson, 17; Jaffa, 15.

Deming, N. M., Nov. 7.—With but two small precincts to hear from and both of these democratic, the vote in Luna county was as follows: Wilson, 455; Roosevelt, 187; Taft, 80; Debs, 82; Ferguson, 495; de Baca, 129; Jaffa, 105; Eagan, 69.

Gallup, Nov. 7.—Eight precincts in McKinley county show that Ferguson ran far ahead of his ticket. County returns:

Wilson, 170; Roosevelt, 197; Taft, 206; Ferguson, 306; de Baca, 45; Jaffa, 230.

Ferguson thus has a majority of the votes cast for congressman, and more than seventy-five votes above the number given Jaffa.

Estancia, Nov. 7.—Nine precincts show that Wilson has a slight plurality over his competitors, while incomplete returns show Ferguson and Jaffa running neck and neck. County totals are as follows:

Wilson, 253; Roosevelt, 186; Taft, 241; Ferguson, 247 (seven precincts only); de Baca, 101; Jaffa, 257.

Raton, Nov. 7.—Wilson outran both Taft and his democratic running mate, Congressman H. B. Ferguson, in the election here yesterday, according to returns from sixteen precincts out of the thirty in the county. County totals are as follows:

Wilson, 938; Roosevelt, 346; Taft, 727; Ferguson, 772; de Baca, 368; Jaffa, 825.

Socorro, Nov. 7.—Six precincts in

Socorro county show that Ferguson polled a very strong vote in this normally republican section. County totals follows:

Wilson, 290; Roosevelt, 189; Taft, 364; Ferguson, 312; de Baca, 111; Jaffa, 458.

Precinct totals are as follows: Socorro—Wilson, 14; Roosevelt, 21; Taft, 176; Ferguson, 11; de Baca, 21; Jaffa, 180.

San Antonio—Wilson, 33; Roosevelt, 24; Taft, 16; Ferguson, 43; de Baca, 31; Jaffa, 24.

Water Canyon—Wilson, 11; Roosevelt, 5; Taft, 5; Ferguson, 13; de Baca, 8; Jaffa, 5.

Kelly—Wilson, 55; Roosevelt, 66; Taft, 30; Ferguson, 62; de Baca, 35; Jaffa, 59.

San Marcial—Wilson, 96; Roosevelt, 58; Taft, 55; Ferguson, 100; de Baca, 3; Jaffa, 58.

Magdalena—Wilson, 81; Roosevelt, 15; Taft, 32; Ferguson, 83; de Baca, 13; Jaffa, 32.

Roswell, Nov. 7.—Ferguson received almost twice as many votes as Jaffa and de Baca combined in all but four precincts of this county. Wilson outstripped both his competitors for the presidency. The figures for the county except the four precincts still to be heard from, are as follows:

Wilson 1240; Roosevelt 353; Taft 411; Ferguson, 1320; de Baca, 164; Jaffa 624.

A large proportion of the vote for Jaffa was cast in Roswell, in compliance to the candidate as a resident of that city.

Aztec, Nov. 7.—Seven precincts in San Juan county give both Wilson and Ferguson substantial pluralities over their opponents. The county totals are as follows:

Wilson 414; Roosevelt 201; Taft 147; Ferguson 432; de Baca 342; Jaffa 205.

IN VALENCIA.

Los Lunas, Nov. 7.—Jaffa outran his competitors in Valencia county, outstripping even the national republican candidate. The showing made by the democratic candidate is remarkable in view of the fact that this county has been so long solidly republican. County totals are as follows:

Wilson 492; Roosevelt 168; Taft 998; Ferguson 255; de Baca 173; Jaffa 1,059.

The precincts heard from, with their vote, are as follows:

Belen—Wilson 88; Roosevelt 24; Taft 168; Ferguson 101; de Baca, 22; Jaffa 166.

Jaramas—Ferguson 23; de Baca 2; Jaffa 63.

Laguna—Wilson 4; Roosevelt 16; Taft 6; Ferguson 12; de Baca 5; Jaffa 10.

San Mateo—Taft 49; Jaffa 49.

Bibo—Taft 50; Jaffa 50.

Seboyeta—Taft 70; Jaffa 70.

Grants—Taft 29; Jaffa 29.

Nincomanda—Taft 35; Jaffa 55.

Bluewater—Wilson 10; Roosevelt 25; Taft 49; Ferguson 25; de Baca 41; Jaffa 45.

San Rafael—Roosevelt 99; Taft 104; de Baca 9; Jaffa 104.

Cubero—Wilson 12; Taft 44; Ferguson 13; Jaffa 44.

Chaves—Wilson 22; Roosevelt 3; Taft 43; Ferguson 22; de Baca 3; Jaffa 43.

Peralta—Wilson 5; Taft 80; Ferguson 5; Jaffa 80.

Taft 65; Ferguson 14; de Baca 1; Valencia—Wilson 14; Roosevelt 1; Jaffa 65.

Tome Abajo—Wilson 24; Taft 24; Ferguson, 24; Jaffa, 80.

Los Lunas—Wilson, 10; Taft, 85; Ferguson, 10; Jaffa, 85.

Los Lentes—Wilson 3; Taft 32; Ferguson 3; Jaffa 32.

Tome Arriba—Taft 65; Jaffa 65.

#### BIG CINDER IS RELIEVED OF WORST CHARGE

Chicago, Ill., Nov. 7.—The federal grand jury investigation of Jack Johnson, heavyweight pugilist, was expected to close today. Preparation had been made to release Lucile Cameron, the white girl who has been held in \$25,000 bail as a witness. It is said that Miss Cameron's testimony that she came voluntarily from Minneapolis to Chicago, will relieve the negro of prosecution under the White Slave act.

Other cases are pending against Johnson in the municipal and federal courts, the latter on a charge of smuggling a pearl necklace into this country from France.

Business office, 31 W.

Captain Fred Fornoff, of the New Mexico mounted police, has returned from a trip to eastern McKinley county.

Penitentiary Warden and Mrs. J. B. McManus are back from a trip to their home in the Duke City.

Corporation Commissioner M. S. Groves has gone to Albuquerque.

George W. Armijo has gone to the Mimbres for a few days.

Land Commissioner R. P. Ervion has returned from an extensive trip through the state.

Game Warden De Baca has returned from Mora county where he went on business.

Deputy Insurance Commissioner P. M. Lineau has returned from Salt Lake City where he went to investigate two insurance companies. Mr. Lineau said he had a delightful trip.

H. F. Coggeshall, head of the U. S. Indian Industrial school, accompanied by a party of bright looking teachers, left yesterday for the Educational convention at Albuquerque.

Jack Akers is out of the city but is expected home this afternoon.

Judge Lorin C. Collins left this afternoon for Pittsburg, Pa., to take evidence in the foreclosure suit of the New Mexico Central railroad. The judge expects to return to Santa Fe about the 20th of the present month.

Mr. and Mrs. R. C. Garrett left the city yesterday to take up their home in Gallup, where Mr. Garrett is largely interested in a brick manufacturing plant.

Attorney Charles A. Spiess, national committeeman of the former republican party, is in the city.

Mr. and Mrs. Fletcher Clark, of Sandwich, Mass., are sightseers in the city.

Attorney W. J. Lucas is here from Las Vegas.

Perfecto Esquivel is here from Tierra Amarilla, Rio Arriba county.

The condition of Jack Collins who has been quite ill, is steadily improving according to his physicians.

Reginald Viveash, a well known rancher who lives thirty miles east of Santa Fe, leaves today for his home in England. He expects to return here in the spring when he will likely take out papers entitling him to citizenship.

Miss Shea returned yesterday afternoon from Denver where she visited friends.

The condition of Steve Arnold, the rancher who was seriously injured by a fall from his horse, is reported better. The horse rolled on him, it appears, mashing his face and tearing one ear nearly off. The wounds were dressed by a surgeon. Mr. Arnold is also said to have a broken rib. His daughter, a trained nurse from Albuquerque, is attending him.

## PROGRESSIVES WILL NOT FUSE WITH G. O. P.

New York, Nov. 7.—A mass meeting of the state committee of the progressive party and of the county chairman has been called to be held in this city week after next. A statement by state Chairman William H. Hotchkiss says that under no circumstances will the progressive party fuse with the republican party.

## EARTHQUAKE IS REGISTERED BY LITTLE MACHINE

Denver, Colo., Nov. 7.—The seismograph at the college of the Sacred Heart here recorded a strong disturbance beginning at 12:46 this morning and continuing until 1:21. The strongest disturbance was near the beginning. The apparent distance was from 1500 to 2000 miles. The direction could not be determined. For two days slight disturbances have been recorded at frequent intervals.

Seattle, Wash., Nov. 7.—A violent earthquake shock was recorded last night at the University of Washington. The disturbance was not more than 2,000 miles distant, to the north-west or southwest and therefore probably was in Alaska.

## PHILIPPINES WANT TO BE FREE AT ONCE

Princeton, N. J., Nov. 7.—Sergio Osmeña, speaker of the Philippine assembly, today sent this cablegram to the president-elect:

"The Philippine assembly has unanimously and heartily adopted a resolution conveying to you its congratulations as well as those of the Philippine people, upon your success in the election for the office of president of the United States and expressing its hope and confidence that your administration will redeem the pledge of the American people to recognize Philippine independence in accordance with the reiterated petitions of the Philippine assembly."

## SUGAR TRUST TAKES UP ITS BAD STOCK ISSUE

New York, Nov. 7.—Directors of the National Sugar Refining company voted today to take up the \$10,000,000 issue of 6 per cent preferred stock, given the late Henry O. Havermeyer, which the New Jersey courts recently held invalid on the ground that it was issued without consideration. The directors voted to pay par value for the stock out of the treasury and to issue \$10,000,000 stock with no fixed grade.

## DYNAMITE PLANTS.

Salem, Mass., Nov. 7.—Dynamite "planting" in Lawrence during the textile strike was the subject of testimony today in the trial of Joseph Ettrich, charged with the murder of Anna Lopizzo.

Urbano di Prato, a shoemaker, arrested when dynamite was found in his shop, testified there was a belief among the strikers that dynamite had been planted in Lawrence at the instigation of the mill owners to prejudice the cause of the strikers.

No testimony was admitted relating to the indictment of mill officials including Wm. H. Wood, president of the American Wool company, charged with conspiring to "plant" dynamite. Mr. Wood has been summoned for next Monday as a witness.

## FEDERALS ATTACK ZAPATISTAS.

Mexico City, Mexico, Nov. 7.—Fighting between the federals under General Blanquet and Zapatistas led by General Genevoro de Lao, was renewed at 5 o'clock last night, to the south of Cuernavaca, after the rebels had been signally routed in the La Trinchera hills, to the north of the city, earlier in the day.

When darkness started the combat, bullets from rebel guns were falling almost in the outskirts of Cuernavaca. The federals, commanded by General Angeles who had been hard pressed by the rebels in the earlier fighting, were reinforced by a train from the north with artillery and by General Blanquet, who made a hard cross-country march with infantry. It is expected at the war department here that General Blanquet will be able to repulse the insurgents.

The losses in battle are said to have been heavy on both sides.

## NEWSPAPER CLIPPINGS.

Indianapolis, Ind., Nov. 7.—Newspaper clippings about explosions were read at the "dynamite conspiracy" trial today as having been sent to John J. McNamara by officials of the International Association of Bridge and Structural Iron Workers.

Nashville, Tenn., Nov. 7.—Returns today assure Governor Hooper, (republican), of a plurality of 5000 over McMillin, (democrat).

Cheyenne, Wyo., Nov. 7.—The fight in Wyoming between democrats and republicans for United States senator is close. Unofficial returns this morning from Uinta county will give the republicans six majority on joint ballot, and Senator Warren's re-election is assured.

Trinidad, Colo., Nov. 7.—Complete returns from Baca, Bent and Huerfano counties and with two precincts missing in Las Animas and two in Prowers show the election of McHendrie, democratic and progressive, over Hunter, republican, by six hundred and of Hendrick, democratic and progressive, over Hendershot, republican, by 900.

Colon, Panama, Nov. 7.—The progressives came out well on top of the poll for the presidential elections in the canal zone. The figures were: Roosevelt, 1926; Wilson, 782; Debs, 440; Taft, 196; Chaffin, 71.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents sickening of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

### THE DOCTORS AND OUR FOODS.

We all of us are forced to consider more or less what we shall eat, partially because it seems necessary to keep the human machine in operation, and partially because we enjoy the sensation of eating.

What to eat and when and how, is a much discussed question among our physicians and scientists and it is a well known, conspicuous fact that the doctors disagree.

Dr. Wiley and Dr. Hutchinson are on opposite sides now on the subject of baked beans.

Dr. Wiley says: "I am a great lover of baked beans. I eat them every Sunday at least. I regard the baked bean as a highly nutritious and valuable food product. For Thanksgiving dinner I hope I have roast turkey stuffed with chestnuts and oysters."

Dr. Hutchinson says: "I most emphatically do not care for beans. I think beans are one of the greatest frauds in the food line ever foisted upon the public. It is true that they are cheap and very filling, but that is the only good that can be said for them. Don't stuff your turkey for Thanksgiving dinner."

This was all said in Boston, too, and another doctor who overheard the two distinguished physicians chipped in. He said: "Beans are the best food for man. They are much better than meat and stay back of you longer."

So the doctors disagree, and the only course left open to us seems to be to eat beans if we like them, and what American does not—or eat something else.

The human system has received a great deal of attention within the last few years by the experts who have been diagnosing it from a scientific standpoint, and we of the laity sometimes wonder if the intricacies of it are really understood much better than they used to be in generations past.

Of course, the appendix has been discovered and a manner evolved for its removal with artistic, if sometimes fatal, skill, but diseases seemingly unknown in the days of our forefathers seem to seize us now and appear to be alarmingly on the increase. There are more of us than there used to be and it may be that disease is more easily communicated, but when doctors disagree we are placed at great disadvantage and they are certainly at variance on important questions, even on the value of beans as a diet.

### OUR EX-PRESIDENTS.

What will President Taft do after he leaves the presidential chair is a query often propounded just now, and the thought leads to the occupations of other ex-presidents when they retired to private life.

Grant traveled extensively and then entered into a banking corporation as one of the incorporators and had a disastrous business career. Hayes engaged in chicken farming up to the time of his death. Cleveland went back to his law practice at the close of his first term and when he left the white house at the close of his second term he retired from active work, living at Princeton. Harrison threw himself actively into the field before the law and achieved even a higher position at the bar than he held before he became president. At his death he was regarded as easily one of the greatest lawyers of the country. Roosevelt went hunting in foreign lands and on his return home assumed a chair in the editorial rooms of the Outlook.

Taft has the law, of course, but it is many years since he was practiced law though he has had long service on the bench. Taft has so many years been on Uncle Sam's payroll, however, in public positions that it will be difficult to enter upon a career of activity where he may have to hustle for himself like the ordinary individual. While there has been talk from time to time of pensioning ex-presidents, the policy does not seem just in line with American methods.

Being president is not like being a soldier who is constantly on call and who may be any time exposed to danger and sacrifice, and who gives his time for the span of his life to the service of his country. A political position is sought for the honor and the joy of it and there isn't any special reason why any official should be pensioned when he is pried loose from it.

### WHAT OF THE FUTURE.

The progressive party was but partially victorious in its first contest, but this fact does not spell disaster. Defeat is not annihilation and the position attained by the progressives in Tuesday's great battle presages both its stability as a future factor and its continued growth.

Political history presents no parallel in achievement to that of this young party, which at the age of three months, in a contest with two old, war-scarred organizations, won second place in the quadrennial national contest.

The party has come to stay, because it is builded on the right foundation, —justice and square dealing between public officials and the people. It is bound to draw to it in the coming years those of all parties who want a new system established in the conduct of the nation's business, which is the people's business.

The democratic party, victorious in the battle of November 5, is on trial, and after March 4, with probably all the government machinery in its control the task before it is no easy one.

The people are on guard. The great interests they have at stake can no longer be juggled with, and no penalty demanded. The old system has been destroyed.

There will be two great parties in the gold four years hence. One will be the progressive party. In its ranks will be those who believe in the new order of things. Arrayed against it will be those who worship still the fetish of a party name or who are worshippers of the image of gold.

The coming four years promise to be the most interesting and critical of any since the Civil War.

### FOR MOTHER AND HOME.

The system of pensioning good mothers of dependent children, enacted into law each year by the Illinois legislature, is such a success in its operation that it suggests revolutionary methods of charity everywhere, and our state should not be the last, but rather among the first, to adopt this saving method of saving children.

The old, inhuman, worn-out, impractical method is to take children away from their mothers and send them to institutions at an expense to taxpayers of three times what it takes to pay the mothers to take care of their own children in their own homes. The mother's heart is broken and the children are made motherless.

Think what this would mean to you, good mother. Suppose an officer should arrive at your home today with a warrant authorizing him to take all of your children away from you and place each in a different institution.

With all the honor of it and all the glory of achievement, Woodrow Wilson must feel that the American people have placed upon his scholastic shoulders a responsibility that will make the governorship of New Jersey look like a plugged nickel beside a twenty dollar gold piece.

The Salt River excursion which is always taken after election, will have an unusually large number going on it this year, including a good many who did not intend to go.

As a prophet Mr. Hilles was a frost. He must have gathered his data from a gypsy fortune teller or some media in a fit.

### AS THE BYSTANDER SEES IT

#### IT LOOKS BAD.

Every time one goes to the depots in Santa Fe the fact is impressed upon him that the approach to the section of the city is really an offense.

This may be a move in the interests of the hack business—this sidewalkless arrangement about the depot grounds. It may be a hint for people to ride instead of walk. Or it may be just negligence in caring for a neglected section of Santa Fe.

If it is in the interest of those who run hacks and automobiles and own carriages and "one horse shays," and all such vehicles, then of course it must be classed as a move in the interest of aristocracy, plutocracy and all those other cretaries that are said to be in favor of the rich against the poor and all that sort of thing, which has grown gradually into common thought and expression. It recalls the old saying that our grandmothers taught us, "The rich they ride in chairs, but the poor, they walk, etc., showing that back to our grandmothers' time the rich and the poor were placed in distinct classes as far as the method used to get there was concerned.

But, seriously speaking, about the railroad grounds they do need looking after, do they not? A good many people really prefer to walk to the railroad and if they do they ought to be permitted to do so without being forced to wade ankle deep through dust and clinders.

When guests come to Santa Fe—and you know we are going to have a lot of them next summer, the first impression will be awful. Of course, I understand that people who travel most always have ducks enough about their clothes to pay back fare to and from trains, but just suppose some dainty eastern girl was athletically inclined and wanted to walk.

After she had waded through the dirt and dust and sharp clinders and found her dainty eastern shoes all scarred and roughed up, what do you suppose she would remark about Santa Fe, when she joined papa at the hotel.

I've been so long in the west, I've forgotten just what they say in the east on such occasions, but I can imagine where Santa Fe would be located in just one short word.

#### CLEANLINESS.

You know where cleanliness is said to rank in affairs in this old world. It is away up toward the top and those who observe it in personal and civic life have at least one commendable characteristic.

Santa Fe is not a cleanly city.

I have noticed a decided improvement in some ways, but there is still a chance for improvement. One particular matter has been more carefully attended to and that is the reckless throwing of papers in the street. It was only a few weeks ago that the street from the postoffice to the plaza was a disgrace. It seemed as if everyone who came out of the postoffice with a newspaper, tore off the wrapper and threw it in the street. The citizens of our town are showing more care in this respect, which is both a hopeful sign and a commendable feature.

Let the good work go on.

A great many cities now have "clean-up-days." It is a day established at least once a year, for a general clean up. Why cannot Santa Fe have such a day?

I recall a little time ago, I mentioned the fact that a great lot of papers and public documents and official records that had probably become out-of-date

and valueless, had been dumped in the fill by the raging Santa Fe river, up by the cement wall, adjoining the executive mansion grounds.

They are there yet, and they do not make a very pretty landscape decoration, either. Of course, some of them have blown away and are scattered hither and yon. Those that remain should be buried. They do not look nice.

Probably many of the official documents are so heavy that their own weight will hold them down, but the main thing is to get them out of sight, and remove them as a decoration.

So, too, let's get rid of broken bottles and tin cans that find their way into the alleys and even streets.

Why not establish a clean-up-day?

#### ALL TOGETHER.

The people have decisively settled the presidential question, and have done it so conclusively that none of us in old Santa Fe need think of the nation's dangers and the wool industry and panics, and all such matters.

Let us all devote our energies and industry to making a greater, better and more popular Santa Fe.

Every one who comes to the old historic town for the first time is delighted with it and fascinated. I hear this expression over and over again by strangers who drift in. With this fact as a foundation we ought to get to work in an all together movement.

The last few weeks have been promising in the line of making ourselves better known.

The beautiful Masonic temple, now nearing completion, is one helpful feature. It will attract attention and comment from all who come among us. The establishment of this temple here, so beautiful in its architecture and so strong a magnet for the members of the great fraternity will bring many people here during the next few months.

The Woman's club intends to make an effort to advance Santa Fe interests and bring more people here.

The archaeological summer school will grow and bring more and more travelers this way.

The Chamber of Commerce and city planning board are making an effort to give us prominence.

Colonel Collier intends to give us all the advertising he can, and get people to come and see us. Already he has done much.

Let us all do our best now to boost for Santa Fe.

It is our opportunity. We can make it the best known city in the west. We all want to, do we not? All right. Then boost.

## THE FORUM.

Editor New Mexican:

I am sorry that the poor little innocent Bystander should have been the occasion—in part anyway—of such a scathing article as appeared in the evening paper last night under the head of "Anonymous."

But it was written in the spirit of mischief, in an idle moment and as the old saying goes "Satan finds some mischief still for idle hands to do," was certainly brought about by the Fates, and the innocent Bystander, as usual, was hurt awfully.

If you dig way, way, down to the bottom of the waste basket and look sharp, you may find the offending mischievous and by adjusting your official "spec" you might observe in the left upper hand corner of paper or envelope our name in print or better still on the Old Codger's "picture"—we did not intend it to be "anonymous," nor later to mail it at all, but like one other letter brimming over with "alleged" matter, it reached some editor's desk and called forth in as mild terms the article last night.

The writer is no "humorist," "critic," nor "nuthin' much" but a poor downtrodden mother of six small chillun, who, when she seizes the pen to stifle the world with the wisdom of her writings, is violently dealt with and awfully cut up.

The writer is going to take her doll rags and go right straight home and never, never come back again. Anyway, I wouldn't be a critic, for, as the youngster aptly told his teacher he was "the fellow, who was always telling everybody else to do things he couldn't do himself." And as for humor, I haven't met enough to recognize it easily outside of the "Smart Set," "Judge" and "Life" and we have to economize and so for funny papers take the New Mexican and read "Nan's" articles. I think she must take them all.

Well, Mr. Editor I won't sign my name to this for I want the last word and now I guess you know I am a woman. I am not an old maid tho' I am alone writing this and sipping my breakfast coffee.

**VICIOUS RAM ATTACKS WOMAN.**  
 Charlottesville, Va., Nov. 7.—Attacked by a vicious ram while she was mailing a letter in a rural box in the vicinity of her home, near this place, Mrs. Virginia Earl, wife of Robert Earl, wealthy planter of Jefferson county, was knocked down and so severely injured that she died without regaining consciousness.

She was a sister of Colonel R. Preston Chew, of this city, noted as a Confederate artillery officer, and one of the leading citizens of West Virginia. The funeral will be held tomorrow.

**GROWING CALL FOR BEER.**  
 Boston, Mass., Nov. 7.—"Brewers are the mahatmas of national and practical temperance," said President Jacob Ruppert of New York at the fifty-second annual convention of the United Brewers' association. He sketched briefly the commercial changes of the 38 years since the Boston convention, stating that between 1870 and 1910, while the population had increased 200 per cent, the consumption of beer increased 700 per cent.

S. R. Mass, Beachley, Texas, says: "My baby had a dangerous attack of croup, and we thought we would lose him. But one bottle of Foley Honey and Tar Compound pulled him through. We would not be without it in our house." For sale by all druggists.

**IN THE DISTRICT COURT OF THE UNITED STATES FOR THE DISTRICT OF NEW MEXICO.**

United States of America, Plaintiff, vs. The Sierra Irrigating Ditch Company, Defendant.

No. 78.  
 It appearing from the complaint in the above entitled cause that the same is commenced for the purpose of removing a cloud upon the title to real estate of plaintiff, the United States of America, within the district of New Mexico; and it further appearing that the Sierra Irrigating Ditch Company, the defendant herein, is not an inhabitant of and can not be found within the said district of New Mexico, and that said defendant has not voluntarily appeared in this cause:

Now, on motion of plaintiff, it is ordered by the court, that the said defendant do plead, answer or demur in this cause by the 6th day of January, A. D. 1913.

It is further ordered, that as personal service on said defendant, the Sierra Irrigating Ditch Company, can not be had as shown by the affidavit of Leroy O. Moore, Esq., filed herein and made on the sixth day of November, A. D. 1912, that a copy of this order duly certified under seal by the clerk, be published in the Santa Fe New Mexican, a daily newspaper published within the District of New Mexico, once a week for six consecutive weeks, the last publication to be made at least one week before said return day.

Done in open court at Santa Fe, New Mexico, this sixth day of November, A. D. 1912.

WM. H. POPE, Judge, United States District Court, ss. District of New Mexico.

I, Harry F. Lee, Clerk of the United States District Court for the District of New Mexico, do hereby certify that the above and foregoing is a true and correct copy of an order of court made on the 6th day of November, A. D. 1912.

Witness my official signature and the seal of said court at Santa Fe, in said District, this 6th day of November, A. D. 1912.

HARRY F. LEE, Clerk.

30,000 VOICES.

And Many Are the Voices of Santa Fe People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to their friends. They tell it in the home papers. Santa Fe people are in this chorus. Here's a Santa Fe case.

Miss Adela Arias, 106 Griffin St., Santa Fe, N. Mex., says: "The splendid results I obtained from Doan's Kidney Pills several years ago has been permanent and for that reason, my confidence in them has increased. I suffered from a dull, heavy ache in the small of my back and was subject to headaches and dizzy spells. I always felt tired, had no ambition and was in poor health when I procured Doan's Kidney Pills. It did not take long to cure me and from that day to this, I have been free from kidney complaint. I willingly confirm the public statement I gave in January, 1907, telling of my experience with Doan's Kidney Pills."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## GROWS BEAUTIFUL, HEAVY HAIR WE PROVE IT-25 CENT "DANDERINE"

**Destroys Dandruff--Stops Falling Hair--Cleanses and Invigorates Your Scalp--Delightful Dressing.**

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now--all drug stores recommend it--apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair--fine and downy at first--yes--but really new hair--sprouting out all over your scalp--Danderine is, we believe, the only sure hair grower! Destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair--taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments--a delightful surprise awaits everyone who tries this.

## NEWS OF THE STATE

### AZTEC BOOMS.

The appearance of Main street has been very much improved during the past few months. Cement sidewalks are now completed in front of nearly all of the buildings, the old eye sore awnings have been pulled down, and the old unoccupied buildings have been repainted, remodeled and occupied. Aztec is not having a boom, but steady improvement, which counts most in the end--Aztec Democrat.

### VANADIUM HUNTING.

Dr. E. A. Beck, of New York, is making an extensive examination of the vanadium properties owned by Vanadium Queen Mining company. Dr. Beck has been on the ground for several days and expects to complete his labors in that direction in a few days. The doctor carries his right hand in a sling owing to a badly sprained thumb which he sustained by a horse he was riding falling with him. Dr. Beck is very much impressed with this district from a mining point of view.--Hillsboro Advocate.

### THE FORTIETH BOX.

The fortieth box of apples all picked from one tree came into our office this morning as a sample of the bearing of a Dona Ana county orchard. The fortieth box is a good one filled with fine red-cheeked apples of uniform color, size and flavor. The tree from which they came is one of many in the orchard of J. G. Stuart and this orchard covers a little more than 32 acres and has been bearing four years.

The fortieth box of apples is worth wholesale one dollar--a low estimate. Putting the average tree at thirty boxes which Mr. Stuart says is a very fair average and allowing sixty-five trees to the acre at about \$30 per tree makes \$1950 per acre for the average apple crop as it has been picked and marketed year in and year out. Can alfalfa equal that?--Rio Grande Republican.

### THE BONDS ARE SOLD.

The town bonds voted at the last election were sold this week to J. R. Southernlin & Company, of Kansas City, Mo., for a bonus of \$25 on the issues of \$10,000. Eight parties bid on the bonds, and only one bid at par. The others bid bonus to as high as \$300. The reason that the \$25 bonus was accepted before the \$300, was that the town saves more than that amount in interest, as they obtained money at 5 1/2 per cent when the other bids called for 6 per cent interest.

The showing of these bids is a good thing for Artesia, and they illustrated that our securities are above par and are eagerly sought in the money centers. The bonus of \$25 will amply cover the small cost of holding the election and the council will have the \$10,000 entire to go to work on. Undoubtedly the good bid received from Southernlin & Company was influenced by the heavy majority in favor of the bonds.--Artesia News.

## CLEAN YOUR LIVER AND 30 FEET FO BOWELS WITH "SYRUP OF FIGS"

**More Effective Than Calomel, Castor Oil or Salts; Gently Cleanses the Stomach, Liver and Bowels Without Nausea or Gripping. Children Dearly love it.**

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic--they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you don't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, with-

out gripe, nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it can not cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name--California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.

this week another of over two thousand to parties in Nebraska. The best part about it, we are informed by Mr. Williams, is that practically all of these lambs weigh fifty pounds or over. Like the Colorado shipments, they go to be fed on the cheap hay and other forage of those states. It is said that a quality of alfalfa sells in Nebraska at present for \$2.50 a ton, just about a third of the price that the New Mexico alfalfa brings. This is a good thing for both ends of the line, as New Mexico can be depended on to furnish the sheep.--Vaughn Reporter.

### BIG TRAFFIC.

Travel westward on the regular Santa Fe trains is as heavy at the present time as during the period when special rates were in effect. During the past three weeks, it has practically been impossible to secure accommodations for local California passengers on trains Nos. 1 and 9. This unprecedented regular traffic, it is rumored, will necessitate the installation of an additional through train between Chicago and Los Angeles by the first of the year. The new Santa Fe "De Luxe" trains, run once a week during the four winter months, will be placed on the regular schedule about December 15.--Raton Range.

### DID NOT POISON CHILD.

Los Angeles, Calif., Nov. 7.--Mrs. Pansy Hastings Lesh, the young woman who walked into the Los An-

geles police station last week and announced that she had killed Mrs. Eliza Coe, of Sedalia, Mo., and Mrs. E. M. Quintance, of Greenleaf, the same state, 8 years ago, denied today that she had attempted to poison the infant son of Paul Eaker, of St. Louis.

### ROGER DOESN'T KNOW.

St. Louis, Nov. 7.--Roger Bresnahan, recently unconditionally released as manager of the St. Louis National league baseball club, departed for his home in Toledo, O., tonight. Before leaving Bresnahan said he had received offers from two National league clubs and one American league team for his services as catcher.

Bresnahan said that he will not consider any offer at present, as he intends to fight for his present contract with the local National league, Pittsburgh and Chicago, according to a telegram from President Lynch have made offers for Bresnahan's services. If Bresnahan can get away from the National league he probably will be with the local American league club, as a formal offer has been made.

### JUDGE WILLIS DEAD.

Elgin, Ill., Nov. 7.--Henry B. Willis of Elgin, judge of the appellate court of the second district of Illinois, died today from injuries received Tuesday night, when he was run down by a train while watching election returns. He was 63 years old.

## FREDERIC THOMPSON'S GREAT PLAY POLLY OF THE CIRCUS NOVEMBER 13

The tender, beautiful romance of a pretty little circus rider and a village clergyman in a small middle western town is the unusual love theme about which Margaret Mayo framed her tremendously appealing American play, "Polly of the Circus," under the management of Frederic Thompson, with lovely little Elsie St. Leon as Polly, which the management of the Elks theatre, Wednesday, November 13, announced as the banner event of the season.

"Polly of the Circus" carries the largest amount of scenery and accessories ever brought here, as well as one of the finest acting companies organized in recent years, and local theatre-goers are afforded an opportunity to witness this unrivalled attraction in exactly the same form in which it was presented for one entire season at the Liberty theatre, New York City.

In a season that is remarkable chiefly because of attacks by press and clergymen upon certain managers because of their alleged tendency to produce plays of questionable moral tone, it is worthy of more than passing comment that "Polly of the Circus," with the charming Elsie St. Leon as Polly, and the famous St. Leon family under the direction of Frederic Thompson, which comes to Elgin in all its massive entirety exactly as seen at the Liberty theatre in New York City for one full season has been the subject of special commendation from more than one audience.

## NEW YORK LETTER

New York, Nov. 7.--New York has become a billion dollar city, according to data made public by the Merchants' association yesterday. The municipal debt is now more than 1057 million dollars. This, according to the association's figures, is several million more than the national debt. Father Knickerbocker owes more than five times as much as Philadelphia, Chicago and Boston combined.

In New York City there is a new building every fifty minutes. There is a new business corporation every forty minutes. The stock brings a New Yorker every six minutes. There are 25,000 manufacturers. They make 2000 million dollars of goods a year. The greatest city has 85,000 acres of vacant land.

As a result of a fight before daylight between a Jersey City policeman and a Hoboken policeman, each of whom suspected that the other was a criminal, the two men are in the North Hudson hospital, one with a fractured skull and the other with four bullet wounds in the breast. Both will die. In the fight one of the policemen depended on a club and the other used his revolver at close range. The policemen are Stephen Connelley, of Jersey City, and John Deltrich, of West Hoboken. When they were picked up after the fight both were unconscious and it was not until several hours later that the first version of the strange fight could be obtained from the participants.

Thomas Coupe, one of the witnesses of the Rosenthal shooting, who was brought from England too late to testify at the trial of Lieutenant Becker, will be placed on the stand in the trial of four gunmen, "Gyp the Blood," "Lefty Louie," "Whitely Louis" and "Doc Frank." Coupe is one of four witnesses who are expected to identify the gunmen positively, the others being Shapiro, driver of the gray "murder car," Stanish, an Austrian engineer, and Krause, a waiter.

A woman's naked body, with bruises on the hips was found in a half-sitting position in a bathtub in a Harlem apartment house late last night. It was identified as that of Miss Anna Van Auker, a stenographer. In a pocketbook which had evidently belonged to the woman, were letters written by relatives living in Schenectady, dated from 1910 up to a month ago. When the body was found the bathroom was filled with gas fumes, but Coroner Winterbottom said he was satisfied that the woman had not met death by asphyxiation. A man who was supposed by neighbors to be Miss Van Auker's father, is missing.

The Clinical Congress of Surgeons of North America, will meet here November 11, for a 6-day session. It is expected 5000 physicians and surgeons from all parts of the continent will attend. It will be the third annual session of the congress, the first having been in Chicago in 1910, and the second in Philadelphia last year. The

president of the congress is Dr. Edward Martin, of Chicago. Surgical clinics will be held in the hospitals in different parts of the city. The program contains a list of 995 clinics.

A famous day in Tammany Hall has become obsolete. "Dough day" is no more. From time immemorial the Monday before election has been the day the district leaders assembled to receive their "dough" and other things that were to be passed out for the work of election. The new election law has changed all this. Now the treasurer of the county organization, Philip P. Donohue, sends to the treasurer of the district committee a check for the amount allotted his district. Twenty days after election, the law provides, the treasurer of the county committee must account to the secretary of state for every cent expended. It was estimated last night that the election districts have received from \$10 to \$50 each.

Ground will be broken today for the erection of the most remarkable psychological laboratory in the world. It will represent, when completed early next spring, a part of the general outlay by John D. Rockefeller, Jr., (estimated at more than one million dollars), to carry on his recently inaugurated investigating work at the New York State Reformatory for Women. The purpose of the institution is to save girls from crime.

### GOSSIP ABOUT THE FIGHTERS

Discussion of the Wolgast-Mandot bout brings to mind the fact that it was Jimmy Clabby, former welterweight champion, who first taught Joe Mandot the clever side of boxing. When Jimmy first went to New Orleans to fight Jimmy Gardner he was unknown to followers of the game, but his great battle with the champion of the welters at that time

## Gave Up Hope

"I suffered five years, with awful pain, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache."

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

## Housework Drudgery!

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription, and as Mrs. Briggs and others testify:

**It Makes Weak Women Strong and Sick Women Well.**

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any druggist persuade you that his unknown composition is "just as good" in order that he may make a bigger profit.

Mrs. BRIGGS, of 529 N. Washington St., Delphos, Ohio, writes: "Having taken your 'Favorite Prescription' for a bad case of intestinal disease and constipation with woman's ills, for which I was almost unable to do anything, I think I am safe in saying that there are no remedies in the world like Dr. Pierce's Favorite Prescription and 'Purifying Lotion Tablets.' I am now enjoying the best of health, and thank Dr. Pierce for his wonderful medicines which have done me a world of good."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.
