Brazil's largest instant coffee exporter, Grupo Cacique, reports that 1989 sales to the Soviet Union will total 11,000 tons, up from 4,000 in 1988. Next, the company plans to export another 5,000 tons to the USSR in January-March 1990. The Soviet Union accounts for $43 million of Cacique's $120 million in sales revenues this year. According to Cacique executives, the USSR has become the world's second-largest importer of instant coffee. (Basic data from Xinhua, 10/31/89)
