## "I DON'T HAVE TO ACCEPT ANYTHING," SAYS SENATOR PAGE

MEMBER OF LEGISLATURE FROM M'KINLEY SPEAKS RIGHT OUT IN MEETING, DEFIES THE MACHINE AND ASSERTS THAT THE PEOPLE OUGHT TO RULE, AND THAT HE SHALL VOTE ACCORDING TO HIS OWN IDEAS

## MR. HOLT IS TARGET FOR MUCH ORATORY IN SENATE TO-DAY

H. B. Holt whose wavering efforts to floor lead the majority have been witnessed with more or less amusement during this session of the legislative senate, was made the target for an attack this morning, in which Gregory Page, a Republican, elected from McKinley county, threw down the gauntlet and after scolding the senator from Dona Ana severely, asserted that hereafter, no party ties would bind him and that he would vote in the interests of the people, as he saw those interests.

The attack upon Mr. Holt was brought about by himself when he tried to hold his forces in the senate to prevent action on the county salaries bill. He succeeded in delaying action by the slim vote of 13 to 11, but it cost him dearly from the standpoint of leadership in the senate, since it became apparent for the first time on the floor of the senate, that the scenes reported from caucuses, would be repeated there if he persisted in his efforts to dictate to the majority.

The defiance of the Old Guard statesman from Dona Ana was the result of a speech Mr. Holt made in reply to a motion by Mr. Barth in which Mr. Holt tried to pour oil on the troubled waters. He pleaded for calm consideration—for absence of passion—for cool and collected action—for time to take up the salaries bill in a logical and sensible manner. Then he charged peanut politics, distrust of motives and other pet expressions which the Dona Ana county statesman keeps in stock.

Mr. Holt spread himself; he adopted his usual pose when engaged in these periodical oratorical flights and spread on the language in thick layers. He even went back to the foundation of representative government—a thing he frequently does.

The storm broke without warning. It came when S. B. No. 104—the county salaries bill was taken up. Mr. Holt asked that this bill together with S. B. No. 105—the district attorneys bill, not before the house, be deferred for future action. No time was set and no limit imposed.

Arising in his seat, State Senator Page said:

"May I ask the gentleman why?" "Because the gentlemen from McKinley county requested it," answered Mr. Holt.

Mr. Page asserted that he did not request delay; he said he was ready and anxious to proceed. He asked Mr. Holt if it were not true that he only had requested that action be deferred until Senate Bill 113, another salary bill by Mr. Page, could be printed.

Mr. Holt retorted that perhaps his hearing had been defective. It was plain to be seen that there was more feeling between the two senators than appeared in their words. Mr. Page then told Mr. Holt that he would find a copy of the printed bill upon his desk and he said that he did not want any further delay.

At this point Mr. Barth spoke. He protested against delay and said that the charge had been made that these salary bills were being held up and that he for one did not want any delay and that he was ready to go ahead and consider them at any time.

Mr. Mabry said that it had been charged that the Democrats were holding up the salary bills and that he wanted such an impression corrected because there was not a Democrat in the senate who was not ready to go ahead and get the work over with.

At this point Mr. Crampton seized the olive branch and waved it. He pleaded for time. He even said there might be good things in the Page bill and that the senate might want to adopt a portion of that bill. He said he had never seen the Page bill.

Mr. Evans moved to make both bills special order for tomorrow at ten o'clock but the motion was not seconded. Mr. Barth then started the real battle by moving to amend the motion made by Mr. Holt to defer consideration of Senate Bill 104 indefinitely.

It was at this point that Mr. Holt arose and opened his oratorical batteries. The members of the senate sat through the address in peace and quiet. Mr. Holt, with a final effort, closed his remarks and sank back into his seat. Mr. Barth arose. He did not mince words and on three different occasions Mr. Holt felt constrained to call upon the president of the senate for protection because of what he termed personal allusions or "other matters of legislation."

Mr. Barth asserted that when other members of the senate saw things as

## DARROW TELLS THE STORY OF HIS LIFE

Los Angeles, Cal., Feb. 13.—To twelve men sitting in judgment upon his acts, Clarence S. Darrow, lawyer, and author, told the story today of his hopes and ambitions as they have stirred him in action through thirty-six years of legal practice. He spoke as his own counsel in the trial of the second jury bribery charge against him growing out of the McNamara trial.

Fully a third of all his practice, he said, had brought him no fees. He had become interested in the labor problem years ago, he said, and much of his time had been devoted to it. The importunities of his friends, the lawyer said, had drawn him into the McNamara case.

## WILSON'S BILL IS PASSED BY THE SENATE

Trenton, N. J., Feb. 13.—The senate after two hours of debate today passed the main measure of Governor Wilson's seven anti-trust bills by a vote of 14 to 7. Two Republicans voted with the democrats for the bill.

The measure defines trusts and prohibits agreements for the purpose of promoting monopoly. It makes the violation of the law a misdemeanor, an offense in this state that is punishable either by fine or imprisonment, or both.

## ILLINOIS AGAIN BALLOTS FOR U. S. SENATOR

Springfield, Ill., Feb. 13.—The second joint ballot of the Illinois legislature for the long term senatorship, taken today, resulted as follows:

Lewis, Dem., 83; Sherman, Rep., 74; Funk, Prog., 22; Berlynn, Soc., 4; Absent 8. Present and not voting 6. Necessary to elect, 102.

The third ballot on the short term senatorship resulted in no choice.

## THE DAY IN CONGRESS

### SENATE.

Senator Root spoke in favor of the Connecticut river dam bill.

Hearing on bill for valuation of railroad property continued by interstate commerce committee.

Pueblo Indians urged Indian affairs committee to transfer Pueblo lands to the government in trust.

### HOUSE.

Shipping trust investigating committee resumed its hearing, probing Long Island Sound traffic. Chairman Adamson, of interstate commerce committee told Connecticut river dam advocates his committee would not recommend action in the house at this session.

Representative Berger introduced resolution for investigation of post-office department censorship of publications.

## BANKER'S SENT TO THE PEN

Coeur d'Alene, Idaho, Feb. 13.—For having made false statements as to the financial condition of the state Bank of Commerce at Wallace, Idaho, of which he was president, B. F. O'Neill, was sentenced today to serve from two to ten years in the penitentiary. He was allowed 60 days to perfect an appeal during which time he will be held in the county jail.

## WHOLESALE ARRESTS ON RIOT CHARGE.

Charleston, W. Va., Feb. 13.—Every man and woman in Holley Grove was arrested this morning by soldiers and taken before military court, charged with rioting and conspiracy.

## COL. EDWARDS ARRESTED CHARGED WITH BRIBERY

Charleston, W. Va., Feb. 13.—Col. William Seymour Edwards, candidate for United States senator, was arrested this morning on a warrant issued by Justice Marion Gilchrist, charged with bribing Delegate John M. Smith, of Tyler county. The warrant was issued at the instance of Delegate Rhodes, one of the five men arrested yesterday. Edwards furnished bond.

Intense excitement was created in the house of delegates today when Rev. Thomas J. Smith, of West Union, Doddridge county, speaking on a question of personal privilege, declared that Delegate U. G. Rhodes and another man had thrust \$500 in his pocket in a room in a Charleston hotel. He declared Rhodes and the other man had offered him \$2,000 if he would vote for Col. W. S. Edwards for United States senator.

Smith declared he did not know how much money had been put into his pockets until he had left the room. Then he went to Delegate H. C. Williamson, of Tyler county, had him count the money, enclose it in an envelope and return it to Rhodes, Smith, explaining his position, said he had refused to accept any money from Rhodes or the other man, whom he did not recognize, but Rhodes has insisted that it was not a bribe, Smith has been voting for Isaac T. Mann for senator. At the conclusion of his statement, Smith asked the house delegates to investigate the alleged attempt to bribe.

In compliance with the joint resolution adopted yesterday, President Woods in the senate appointed Senators O. S. Marshall, and O. A. Hood as members of the committee to investigate the alleged bribery in the legislature and Speaker George, in the house, named Delegates Sherman T. Robinson, Charles A. Sutton and W. S. Wyson.

Judge Henry K. Black in the criminal court this morning ordered a special grand jury convened immediately for the purpose of investigating the charges that money has been used in the United States senatorial campaign now in progress in the West Virginia legislature.

## BURG OPPOSES STATE FAIR BILL

MEMBER FROM BERNALILLO COUNTY VOTES AGAINST PASSAGE OF MEASURE, BEING ONE OF SEVEN—IT PASSES HOUSE.

John Baron Burg, erstwhile Progressive, later Fall-Republican, etc., member of the house from Bernalillo county, sprung a complete surprise upon Representative Gurule and Garcia of the same county this morning, when he voted against their bill to create a state fair at Albuquerque with an appropriation of \$10,000 for permanent buildings.

Burg's voice rang out clear and distinct, as he cast his vote against the measure that the entire city of Albuquerque has been working strenuously for ever since the session of the first state legislature of a year ago and which it was understood that Mr. Burg had promised to aid in securing. Whether or not Mr. Burg voted against the bill by Messrs. Gurule and Garcia because he too, had a state fair bill before the house which it was well known he did not have the votes to pass or whether he had some other reason remained unexplained.

Mr. Burg tried to address the speaker of the house as the speaker was preparing to announce the result of the vote but the speaker ordered him to sit down and when he declined, the speaker instructed the sergeant-at-arms to seat him. Mr. Burg then sat but said he sat under protest. He made no further explanation of the fact that he voted against the state fair bill.

By unanimous consent this morning, the three fair bills were taken up for consideration. No. 23 was introduced by Mr. Burg. This bill would have established a state fair at Albuquerque; No. 28 was by Mullens to establish the fair at Roswell, and No. 141, by Messrs. Gurule and Garcia to establish the fair at Albuquerque but making an appropriation of \$5000 less than the one introduced by Mr. Burg.

The clerk read No. 141, first. Mr. Burg objected to this on a point of order, stating that although the bills were to be considered together, No. 23 should properly be read first. The speaker overruled Mr. Burg and the reading of 141 proceeded. Mr. Blanchard following the reading of the bill, moved that it be tabled, but this motion was lost whereupon Mr. Gurule moved its passage. The roll call was started. M. C. de Baca voted "aye," M. E. Baca and Blanchard also voted for it. When Mr. Burg's name was reached, he sang out a "No" that could be heard even in the adjoining rooms to the house chamber. The roll call proceeded with a practically unanimous vote for the bill. Mr. Burg then arose but the speaker shouted: "Sit down."

Mr. Burg said "Mr. Speaker—Before he could get further, the speaker shouted again: "Sit down, you are out of order," and pounced furiously with his gavel. Burg raised his right hand as though to further attract the speaker's attention, but this was unnecessary. "The sergeant-at-arms will make that man sit down," commanded the speaker, and the sergeant-at-arms started for Mr. Burg. When the sergeant-at-arms was still several feet away, Burg sank back into his seat, saying as he did so, "I take my seat under protest." The speaker then announced that House Bill No. 141, to establish a state fair at Albuquerque had passed the house 35 to 7.

The situation created a tense feeling for awhile, some members censuring the speaker for his action in not allowing Mr. Burg to be heard, and others asserting that Burg was entitled to the treatment he received for opposing his colleagues' bill.

Following the announcement of the

## ARE FILIPPINOS FIT FOR SELF- GOVERNMENT?

Washington, D. C., Feb. 13.—"The withdrawal of the United States from the Philippines would be an act of cowardice and folly and would result in conditions worse than now exist in Mexico," declared Representative Oimsted, of Pennsylvania in a speech today against the Jones Philippine independence bill, which he described as "remarkable and dangerous."

"In a country where the well educated or 'directing class' constitute less than two per cent of the entire population," he said, "and where wholesale illiteracy prevails among the others, it would be impossible to conduct a government 'of the people, by the people, and for the people.'"

Referring to the treaty with Spain under which the Philippines were acquired, the speaker said that without asking the permission of the other party to the treaty, "we are trying to slip out from under our obligations and ordain that they shall be assumed and carried into effect by a people who are not qualified even to frame a constitution for their own government."

## BOOSTER MEETING CALLED TONIGHT

THOSE PRESENT AT LAST NIGHT'S MEETING FOR BOOSTING NEW MEXICO WILL HOLD AN ADJOURNED SESSION—A SMOKER AND CONSULTATION GATHERING.

The meeting held last night at the Chamber of Commerce was not as well attended as it should have been and those present determined to make another trial. Tonight at 8 o'clock a smoker and consultation meeting will be held, and a general and urgent invitation is extended.

Those who came from other points to attend the meeting have agreed to stay over, and it is desired that all who possibly can, be present.

Just why the citizens of Santa Fe do not take an enthusiastic interest in this booster's movement is difficult to understand.

The burden of making New Mexico prominent and building up our industries; developing our resources; advertising our great assets, cannot be carried by a few. To be a success there must be united, earnest, enthusiastic endeavor.

Not until our people awaken to the value of advertising New Mexico, can we hope for advancement and growth. The attitude of indifference; the spirit of apathy; the apparent disinclination to make any effort is holding in check a movement which should be encouraged by every citizen in the state.

It is not just those who come from a distance, willing to do their share, that they should be met here by lack of encouragement.

Let Santa Fe citizens make an effort to attend tonight's meeting and show that we are ready to join in any movement that will advance New Mexico's interests.

## MEETING LAST NIGHT.

At the meeting last night J. W. Norment presided and J. B. Hayward acted as secretary in the place of Secretary John S. Harris, who is quite ill. The committee of five appointed a month ago was "revived" by the appointment of four men to work with E. P. Davies. These four members are Mr. Wilson, of Raton; A. E. McCoy, of Aztec; A. E. Edwards, of Farmington, and B. G. Randall, of Taos.

This committee was instructed to make a report tonight on several lines of organization.

Upon meeting this morning this committee of five recommended that a permanent organization of the various commercial organizations of the state of New Mexico be perfected and that the name of said organizations be "The New Mexico League of Commercial Organizations."

The committee recommended that a president be elected by the delegates at the meeting to be held tonight and that vice presidents be selected, one from each organization represented, and also a treasurer. It was decided that the admittance fee for organizations should be \$5.

A committee of three persons will be appointed tonight to canvass the state and find a "real live wire" to act as secretary of the organization.

## NO CHOICE IN W. VA.

Charleston, W. Va., Feb. 13.—The West Virginia legislature today took its seventh joint ballot for United States senator. There was no choice.

## ILLINOIS FOR DIRECT PRIMARY.

Springfield, Ill., Feb. 13.—The house today concurred with the senate in the adoption of the resolution for the direct election of United States senators.

## MADERO AND DIAZ FIGHT AN ARTILLERY DUEL IN MEXICO'S CAPITAL

BUT FIRING WAS OF MONOTONOUS REGULARITY WITHOUT DECISIVE RESULT.—EFFORT TO SILENCE REBELS' GUNS PROVED VAIN, FOR DIAZ REPLIED WITH SHELLS AIMED AT NATIONAL PALACE

## WHITE CROSS IS CARING FOR TWELVE HUNDRED WOUNDED

## TODAY'S EVENTS IN MEXICAN WAR.

### NEWS FROM MEXICO.

Fighting was resumed by Federal artillery at 8 a. m., today. The Federals are said to have 7,000; Diaz, 3,000 men. The White Cross society reports it is caring for 1,200 wounded. Over 1,000 Americans are reported to be without funds in City of Mexico and checks were refused at the ticket offices.

Many Americans are practically "marooned" at stations, without food, shelter or money.

Madero says bombardment last night of La Ciudadela arsenal resulted in destruction of one corner of it.

Alarm is felt over the northbound passenger train which left Mexico City Tuesday night.

Early this afternoon the rebels turned long range guns on the National Palace.

Riots in Chihuahua were due to attempt of rebels to liberate prisoners. "That's going too far," said federals.

All Mexico at noon awaited news of the crushing defeat the government would administer the rebels—but it did not come.

### NEWS FROM WASHINGTON.

The state department decided to order Ambassador Wilson to distribute \$10,000 to indigent Americans in Mexico.

The killing of two American women yesterday alarms President Taft who again warns Americans to keep out of the danger zone. This seems to be difficult just now, however.

Ambassador's Wilson's courage is approved, though there is some criticism of his requesting Madero to make the battle cease.

Admiral Badger's ships at Guantanamo are ready for immediate action.

Grave fears are felt for foreigners in Acapulco, where two officers of the cruiser Denver were assaulted.

The joint Army-Navy board meets in Admiral Dewey's offices and profound significance is attached to such a meeting.

President Taft will handle the Mexican situation up to March 4 without consulting President-elect Wilson.

## WAR BULLETIN.

(Received at 3 p. m., today)

Mexico City, Mex., Feb. 13.—At one o'clock the rebels appeared to have advanced their positions slightly. The heavy guns from the arsenal which are in their possession, continue shelling the center of the city and the National Palace.

Mexico City, Feb. 13.—Up to noon, when the shells of the contending forces had torn their way through the heart of the city for four hours, nothing like a decisive result had been achieved either by the federals or the rebels. It had been practically an artillery duel, although occasionally small arm fire played a vicious part in the battle.

The swift and crushing action promised by the government was not revealed. On the contrary the fighting was of a monotonous regularity, the federal troops slowly pounding the rebel position and endeavoring to silence Diaz's guns in order that the final charge might be made with less sacrifice of life. To this the rebels replied with a steady fire, but they were more chary in throwing away their ammunition and appeared to take better aim than ever.

Most of the rebel fire was directed at the federal batteries, but one of Diaz's batteries from time to time dropped shells over the city into the grounds of the national palace and onto that ancient building itself, the walls of which withstood the bombardment well.

At the beginning of this firing there was a great force of federal soldiers in the palace grounds. When the shower of shells became heavier a federal battery received orders to reply with vigor and under cover of this the federal soldiers moved westward into cover on Independencia street.

It was expected by the federal commander that this move was merely to place his men in position where they would be more easily available for action at the front.

## LITTLE DAMAGE DONE.

Mexico City, Mex., Feb. 13.—Early in the afternoon the rebel batteries turned their long range guns in the direction of the National Palace. Many of the shells thrown in a high arc clear over the city, struck the building, but did little serious damage.

Mexico City, Mex., Feb. 13.—Another fierce street battle, which was expected to be decisive, was begun between the federal troops and the federal troops supporting President Madero and General Felix Diaz in Mexico City at 8 o'clock today. The federal forces had the advantage in numbers, their army totaling 7000 men against the three thousand revolutionists under Diaz.

General Huerta and President Madero declared they would be badly disappointed and surprised if Diaz and his mutinous army were not reduced to submission before tonight.

The battle opened with heavy firing by the federal artillery which had been strongly reinforced in the night. The rebels occupied the same posi-

## "CASCARETS" FOR SICK HEADACHE

It's Your Inactive Liver and Bowels—You Need Cascarets Sure.

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

## FLOWERS FOR ST. VALENTINE

"St. Valentine probably deserved the honor which belongs with the title of Saint and quite possible it was due him long before it was bestowed, but it may possibly compensate the good saint to observe that the day set apart as St. Valentine's has as wide, and possibly wider observance as that of any other saint on the calendar. And this, too, among the young and light-hearted, to whom quite often one saint looks much like all the others.

"It is quite possible that because Dan Cupid seems to have set himself up as doorkeeper at the shrine of St. Valentine, the luster of the good saint's name is not allowed to grow dim. And it is probable that many who visit his shrine are satisfied to pay their respects to the aforesaid Dan, believing that they can do no better. And they are probably right, for Dan is certainly onto his job, and is one of those lively chaps whom it is better to keep busy with legitimate employment than to have tearing around loose with nothing much to do except get into mischief.

"As a valentine gift or offering, flowers are always considered most appropriate, and the daintily arranged basket of choice flowers or the box of flowers, nicely trimmed and tied with ribbon and accompanied with the note or card bearing an inscription appropriately expressing the sentiment of the sender, has the air of personality and individuality that can hardly be said to go with the most elaborate creation of celluloid and satin, which in most instances owes whatever it may claim in beauty to the fact that it is designed and built in imitation of flowers."

"The valentine gift or offering, flowers are always considered most appropriate, and the daintily arranged basket of choice flowers or the box of flowers, nicely trimmed and tied with ribbon and accompanied with the note or card bearing an inscription appropriately expressing the sentiment of the sender, has the air of personality and individuality that can hardly be said to go with the most elaborate creation of celluloid and satin, which in most instances owes whatever it may claim in beauty to the fact that it is designed and built in imitation of flowers."

## MANY JAGS PREVENTED

Frederick, Md., Feb. 13.—Absinthe—fifty quarts of it—was poured into the gutters of the city street today by J. W. Arnold, state pure food inspector. By the act of congress passed last October the sale of absinthe is prohibited. Today Inspector Arnold visited the saloons and grocery stores of the city and confiscating the entire supply, knocked the tops from the bottles and emptied the contents into the streets.

Immediately afterward he issued a warning to all grocers to refuse to sell canned goods containing copper salts used for greening, or any of the copper salts itself, after May 1, as a law prohibiting the sale of this article goes into effect at that time.

## KNIGHT TEMPLAR INSPECTION.

Past Eminent Commander William A. Chapman, of Raton, Inspector General of New Mexico, last evening inspected Santa Fe Commandery No. 1, K. T., and ably instructed the local body in the military tactics of the order. General Chapman is well qualified for his position and demonstrated fully the excellent military training he possesses. He has about completed his inspection tour of the state and finds conditions generally very promising. He was more than favorably impressed with the great many improvements and the many modern residences that have been erected in Santa Fe, which he has not visited in over ten years. General Chapman was chairman of the territorial board of education under the administration of Governor Ross.

## DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## ASSETS OF SANTA FE AND THE STATE

A PLEA FOR A PERMANENT EXHIBIT OF OUR MINERAL DEPOSITS, SAMPLES OF WHICH HAVE BEEN ON EXHIBITION AND SHOULD BE PLACED WHERE THEY CAN BE SEEN.

Its undeveloped mineral wealth must always be counted as one of the most important resources of New Mexico, which capital and courage must come to develop. We have a greater variety of mineral than almost any other state: gold, silver, copper, lead, zinc and iron, besides a multitude of rarer metals.

One of the greatest attractions to population, after the railroad arrived, was found in mines; and while many were disappointed, yet it is now well understood that what is necessary is to go deeper to the great permanent veins in order to insure success, and the day is not far distant when mining enterprises, intelligently conducted, will again cover our mountains and foot hills.

Whatever will hasten this by drawing attention to our real mineral wealth, is of great value to the state. For almost thirty years there was on display in Santa Fe the most extensive and impressive mineral exhibit ever collected in the southwest. It was not an exhibit of specimens, or of cabinet minerals, but of great blocks of ore that instantly impressed the observer, and showed the practical value of the properties from which they came.

There never has been but one such collection made, and it never can be made again. It was brought together at the very height of the mining excitement of thirty years ago, when mining districts and mining camps covered fully a third of the territory.

It was in 1883 that the great Tercio-Millennial celebration was held, and the mining exhibit was the crowning glory of that wonderful affair, among practical things. Nearly a year was spent in preparation, and every mining district was represented. An immense building was erected and devoted to the mineral exhibit. To bring together the specimens—which, of course, were the finest obtainable—was calculated to have cost between \$7500 and \$8000, and the intrinsic value of the metals in the exhibit was carefully estimated at \$4500.

At the conclusion of the celebration, the building was taken down and the vast collection had to be removed, and there was some difficulty in finding a suitable place where it could be safely preserved and conspicuously exhibited. There were plenty who desired to obtain it, both cities and individuals, but for private purposes and to remove it from the capital. So at length the Historical society, in possession of the east part of the Palace, came forward, and agreed to remove the entire collection, carefully arrange it for exhibition and preserve it for free, public exhibition forever, in consideration of its transfer. The following documents were executed and the entire collection placed in the hall of representatives in the Palace, the expense of moving being about \$350.

Santa Fe, N. M., August 8, 1884. The Tercio-Millennial Anniversary association hereby transfers the possession of the entire collection of mineral specimens in the main exhibition building of said association to the Historical Society of New Mexico in consideration of said Historical society carefully removing and preserving the same and paying all expenses incident to such removal. Such collection to be kept in Santa Fe on perpetual, free and public exhibition, as provided in the act of the legislature of New Mexico relative to said society.

WM. W. GRIFFIN, President.  
ARTHUR BOYLE, Secretary.  
SOL SPIEGELBERG, Treasurer.  
WALTER V. HAYT,  
ROMULO MARTINEZ,  
EDWARD L. BARTLETT,  
L. PRADFORD PRINCE, Directors.

For twenty-eight years this remarkable exhibit of the mineral resources of New Mexico remained as one of the great attractions to the travelers, home-seekers and prospectors who visited Santa Fe. Its great masses of solid ore impressed every visitor and gave a most favorable impression of the metallic riches of the territory. Between 200,000 and 250,000 persons visited the historical rooms in that period, and a large proportion found much to interest them in this collection. Of course every one in any way connected with mining devoted much time to its inspection and study. It was the great mineral asset of New Mexico, and a special asset of Santa Fe as a local attraction.

But last fall, in the general alteration of the Palace, the whole exhibit was moved out. There were no rooms in which to put it, and so it was placed in the placita back of the Palace, partly under temporary covering, partly entirely exposed. And there it is today. Of course certain classes of mineral will disintegrate when thus exposed to rain and snow, heat and cold. And this naturally occurring now. Every day of such exposure means a loss in the importance and value of the collection.

Can Santa Fe afford this? Can New Mexico afford it? No such collection can ever be brought together again, for there will never again be such universal mining enthusiasm; and in such a work enthusiasm does more than money.

What is to be done to protect this important asset of the state?

## Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any settled community there is a grandma who knows Mother's Friend. Not only is she reminiscent of her own experience, but it was through her recommendation that so many young, expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is applied externally to the abdomen, stomach and breasts, allays all pain, avoids all nausea, and prevents taking of the breasts.

It is quickly and wonderfully penetrating, permits the muscles to expand without the strain on the ligaments, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress. Thus there need be no such thing as dread or fear.

No better nor more cheering advice can be given the expectant mother than to suggest the use of Mother's Friend. She will take courage from the beginning. The days will be cheerful, the nights restful. Thus the health is preserved, the mind is in repose and the period is an unending one of quiet, joyful anticipation.

You can obtain Mother's Friend of any druggist at \$1.00 a bottle. Do not forget our request to be supplied with this greatest remedy ever devised for motherhood. It is unfailing. Write at once to Bradford Regulator Co., 135 Lamar Bldg., Atlanta, Ga., for their very interesting and instructive book of advice for expectant mothers.

## PORTO RICO WILL CELEBRATE 400TH. ANNIVERSARY

Catholics through this country and especially in New Mexico where Spanish civilizations dates back so far, are much interested to see that far-away and little Porto Rico looms up now with the four hundredth anniversary of the arrival of the first Roman Catholic bishop of America.

This anniversary is to be celebrated February 23 and the invitations are most interesting. A Santa Fean who received one has given it to the New Mexican. It reads as follows:

Bishop's House, San Juan, Porto Rico.

You are cordially invited to be present at the celebration of the four hundredth anniversary of the arrival of the first bishop in America, Dr. Alonso Manso, who took possession in person of the See of San Juan in the year 1513. His Eminence John Cardinal Farley, Archbishop of New York, will preside at the solemn services to be held February 23 at nine o'clock a. m. in the Cathedral of this city. M. A. Jones, U. S. A., Bishop of Porto Rico.

## BARELEGGED KIDS THE HEALTHIEST

Indianapolis, Feb. 13.—Fritz and Nellie Taylor, 10 and 9 years old respectively, the children of Mr. and Mrs. William M. Taylor, are said by many persons connected with the Indianapolis public schools to be the healthiest school children in the city.

Among their playmates the Taylor children are known as "the kids that don't wear any socks." Since early childhood neither Fritz nor Nellie Taylor has worn hose, either summer or winter, that come far above their shoe tops.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

# SPORTING NEWS

THIS IS THE FAVORITE PHOTOGRAPH OF WILLIE RITCHIE, LIGHT-WEIGHT CHAMPION OF THE WORLD.

**WESTERN GIRL YOU LOVE IN THE "MOVIES" IS A SURE-ENOUGH SUFFRAGET.**

PAULINE GARFIELD BUSH, IN CHARACTER AND IN LIFE.

Santa Barbara, Cal., Feb. 13.—Pauline Garfield Bush is an ardent suffraget, believing women can and should do just anything a man can do.

That is, she thinks a woman's brain and ability ranks high alongside, not a few feet behind a man's.

This is going some for a real sure enough actress whose life has been spent wearing beautiful clothes and winning the plaudits of an admiring public.

Maybe this notion of hers is the reason Miss Bush left the Los Angeles Belasco stock company to join the American Film company at Santa Barbara, Cal.

Anyway, she went, and now she's the leading lady, don't you know, doing pretty much everything the men in the company attempt, too.

If anyone doubts just how popular this girl has grown, its only necessary to listen to some of the comments of the young men and the exclamations of the girls when Miss Bush comes into the picture at the dime show.

"Oh, I just love her!" sing the girls in chorus.

"There's my girl," whisper the boys. Maybe those who have never seen her, except on the screen, would like to know that she is 5 feet 4 1/2 inches tall; weighs 120 pounds; has brown hair and grey eyes.

Her parents were English, but she proudly announces herself to be a Californian.

In a recent picture, in which she played opposite to Warren Kerrigan, Miss Bush dared a hazardous riding stunt. Kerrigan, riding at full gallop, swept past her, grabbed her by one arm and swung her onto the saddle behind him, without slacking his speed.

That's the way it looked. But in reality Kerrigan didn't do all the work or take all the chance. Miss Bush stood ready to leap, and the minute he caught her arm she jumped toward the horse, practically lifting herself into the saddle. It took the ability which she says women as well as men possess, to play her part in the difficult scene.

That scene is in "The Road to Success." Some of her other pictures are "The Girl of the Manor," "The Power of Love," "Nell of the Campus," and "Maiden and Men."

## REDFIELD NOW ATTACKS BILL

Washington, D. C., Feb. 13.—Representative Redfield of New York, Democrat, joined in the attack on the Jones bill, declaring he was authorized by Senator O'Gorman, a member of the Baltimore convention plan committee to say that a resolution endorsing the Jones measure was presented to the committee and rejected in favor of the clause after inserted in the platform. Representative Jones replied that the resolution re-

ferred to was drafted by Senator John Sharp Williams and himself and contained no reference to the Jones bill.

## FURTHER PROSECUTION OF HARD COAL TRUST.

Trenton, N. J., Feb. 13.—Further prosecution of the "hard coal trust" was begun here today by the federal government in a civil suit against the Delaware, Lackawanna and Western Coal company, charging violations of both the Sherman anti-trust law and the commodities clause of the interstate commerce act.

## MADERO AND DIAZ FIGHT AN ARTILLERY DUEL IN MEXICO'S CAPITAL.

(Continued from page one.)

since the abdication of Porfirio Diaz. Those who consulted with Mr. Taft today declared the fact that he was to go out of office within the next three weeks would have no weight in determining his action towards Mexico.

They declared the president was ready for action up to the last moment of his administration.

In regard to reports that Mr. Taft had or would consult President-elect Wilson, it was said at the White House today that the president considered the Mexican problem one for him alone until March 4.

El Paso, Texas, Feb. 13.—The riots at Chihuahua City were caused by an attempt of rebels to liberate prisoners of the state penitentiary say American refugees who arrived here this morning on a belated passenger train.

They reported that a truce had been made between General Antonio Rago, the federal commander of the northern military zone, and Marcello Carrasco, a rebel general. The rebels were permitted to camp within five miles of the city, and on Tuesday they attempted to open the prison. Federal troops prevented the attempt without bloodshed. A riot followed. It was said that the Mexico City situation had occasioned the best feeling between the rebels and government troops, but that General Rago insisted that opening the state prison was going too far. Quiet had been restored Wednesday morning when the train departed, only to encounter two burned bridges below Juarez. These were repaired, but all telegraph lines to the state capital remain cut.

The refugees reported that the federal troops were expected to welcome the Diaz revolt in event of Madero's defeat and would be joined by the rebels. As only pro-Madero sympathy seems to exist among the volunteers or irregular troops many of whom fought as insurgents in the Madero revolution. These, however, are in the minority. This same condition appears to exist at Juarez and in other parts of the state.

Mexico City, Feb. 13.—Fighting was begun at 8 o'clock this morning by a federal battery of artillery. A general attack on the rebel positions was expected to start immediately. General Huerta placed in command of the federal artillery Lieutenant Colonel Rubio Navarrete who has the reputation of being the most capable artilleryman in the Mexican army. He gained fame in the campaign against Orozco when he was under General Huerta's command.

It was difficult to see how the rebels could long resist the fire poured in by the federals but they again showed the same excellent marksmanship which characterized the previous fighting and this enabled them to offer a grim resistance.

Washington, D. C., Feb. 13.—The White Cross society reports it is caring for approximately 1200 wounded. The Red Cross has not yet made a report. Neither organization is being respected by the federal forces. The president of the latter has been killed. Some members of the White Cross detected by Diaz adherents in the act of conveying ammunition, were executed.

Laredo, Texas, Feb. 13.—A passenger train reported that at least 1,000 Americans were without funds to leave the capital even if the opportunity presented, because the banks had been closed since Saturday. A large number of Americans were at the railroad station, he said, eagerly seeking to take north bound trains but checks were refused as payments for tickets.

Many Americans, the passengers believed, were practically marooned at the station without food, shelter or money.

A circular telegram transmitted to Monterey today by President Madero said that all day yesterday and last night the government forces bombarded La Cuidadela, and succeeded in destroying the one corner of that arsenal, occupied by rebel forces.

Washington, D. C., Feb. 13.—To protect Americans endangered in the firing in Mexico City, Ambassador Wilson was today ordered to draw on the state department for \$10,000. This could be used for relief of the destitute or for getting Americans out of Mexico.

Ambassador Wilson's over night dispatches were laid before President Taft today immediately upon his return from Philadelphia. They contained principally in an account of the most disgusting feature of the fighting—the killing of two American women yesterday.

Administration officials look with much appreciation on the effect of the killing of the two Americans and the first results of the incident was last night's order to Ambassador Wilson to warn all Americans out of the danger zone.

Ambassador Wilson's course so far has the unqualified approval of the administration, though some of the army men question his attempt to stop hostilities. Admitting that, when he asked that the battle subside, his aim was to protect lives and property of Americans and other foreigners, it is believed there would be less bloodshed and a speedy termination of the rebellion if the combatants are allowed to fight it out.

Prepared for a further call for battleships, the navy department has kept Admiral Badger in command of the Atlantic fleet at Guantanamo, advised of developments. The ships with banked fires, are ready to move at once.

The marine corps "always ready" is prepared for immediate embarkation of its companies at the Atlantic coast navy yards and stations. The marine force on the Panama canal zone also is ready to move.

Anti-American feeling at Acapulco, Mexico, culminated in an assault upon two officers of the cruiser Denver before she departed yesterday for Acapulco, Honduras. The victims of the assault were Surgeon Camerer and Ensign Guthrie, who were passing through the streets. Neither was injured.

Laredo, Texas, Feb. 13.—The whereabouts of the northbound passenger train from Mexico City which left there Tuesday night, still is unreported and there is apprehension for the safety of its passengers. An unsuccessful attack was made on the south bound Mexican National lines passenger train which left here Tuesday.

RAIN OF SHRAPNEL.

Mexico City, Mex., Feb. 13.—Between nine o'clock and ten o'clock shrapnel rained on the walls and shutters of the cable office, but the clerks and operators remained at their posts. A short time after a solid shot from a field gun entered the Jardin hotel.

TRAIN IS MISSING.

Laredo, Texas, Feb. 13.—Passengers from Sattillo said today that one freight train was entirely destroyed by fire and that the fate of another freight was in doubt, since it was rumored it was attacked.

The southbound passenger train which left Laredo Tuesday night at 10 o'clock proceeded in safety until about 518 miles south of this city at El Salado, where it was attacked by a band of fifty to one hundred rebels. As the train was entering the station the engineer was fired upon. Feigning the danger, he reversed the lever and backed full speed toward Sattillo, pursued by the rebels on horseback. The speed of the mounted band was not sufficient to overtake the train. The passengers were endangered by rebel fire.

Aboard the train was a party of fifty Welshmen enroute to Nacaca, a point beyond Mexico City, to take employment with a Light and Power company. Today's passenger list from Mexico City included Bishop Hendrix of the Methodist Episcopal church, south of Kansas City. He was a passenger on the southbound train which was attacked by rebels and returned north. This afternoon Hendrix said that the whereabouts of the northbound train from Mexico City was not known at the attack at El Salado.

Bishop Hendrix said the rebel band appeared to bear a special grudge against the National railroad and immediately after robbing the cars of everything useful, burned the rolling stock and undesirable freight.

A BRIEF BATTLE.

Mexico City, Feb. 13.—The first sharp small arm engagement of the day occurred at half past ten when a party of federals moved into range of the rebel sharpshooters. The battle was very brief, as both sides placed their chief reliance on a steady battery fire.

The infantry fighting lasted only a few minutes and was succeeded by a more intense cannonade from the rebels at the arsenal. The federal battery stationed in front of the British legation replied and drew much of the rebel fire.

The cannonade soon lost some of its viciousness and it seemed that the rebels were conserving their fire, although they continued to throw shells toward the palace. One federal battery kept steadily in action at the Colonia station on the Paseo reforma and another on San Juan de Letran street.

No serious attempt had been made till noon to rush the fortifications of the rebels. At that hour General Huerta dispatched from the palace a considerable force of federal cavalry.

CLUB IS HIT.

Shortly before noon several shells pierced the library of the American club. Nobody was injured. The building was peppered with bullets.

A little later during a small arms action, some bullets fell within the embassy grounds in the heart of the city, tacitly agreed upon as the neutral zone.

FINANCIERS WORRIED.

New York, Feb. 13.—The Mexican situation was a depressing influence over today's stock market. Financial interests with Mexican connections were without definite news from that country, save for brief advices, most of which arrived by devious routes.

Two of the largest banking houses have had no word from their Mexican representatives since the recent trouble began. The local officers of the National railways of Mexico received an overnight cable to the effect that the companies property in and around Mexico City had suffered no material damage but that no word had been received from the interior.

The Mutual Life Insurance company is still without word from its manager in Mexico. "Unless we know where we stand," said Charles A. Peabody, president of the company, "we can make no representations to Washington. Some reports state that our building in Mexico City, has been almost entirely destroyed. That is probably exaggeration."

PREPARING TRANSPORTS.

Newport News, Va., Feb. 13.—Work of fitting and provisioning the transports Meade, Sumner, McClelland and Kilpatrick to carry troops to Mexico is being pushed to completion. The quartermaster's office here has let contracts for thirty carloads of grain and hay. Complete crews have been signed. The majority of the sailors have been secured in New York.

## ACAPULCO CAUSES ALARM.

Washington, D. C., Feb. 13.—Officials here are alarmed. Acapulco has been a storm center of revolutionists for several weeks and the Denver was protecting Americans there when the assassination of President Arango of Salvador, and the gathering of war clouds over all Central America made it necessary to send the cruiser to Acapulco, Salvador.

Officials at the state department feel the gravest concern for the safety of Americans in Acapulco, pending the arrival of the cruiser Sonth Dakota, due there Sunday.

ARMY AND NAVY MEET.

Washington, D. C., Feb. 13.—A significant proceeding of the day was the early assembly of the joint army-navy board in Admiral Dewey's offices. The call was issued by direction of Admiral Dewey himself.

It brought together at an opportune time for consideration of joint use of the army and navy the highest ranking officers of both services and the ablest strategists.

Besides Admiral Dewey and Major General Leonard Wood, the army and navy were represented by Major General Wetherspoon, assistant chief of staff; Brigadier General Weaver, chief of the coast artillery, and Brigadier General Crozier; Rear Admirals Osterhaus and Vreeland and Captain Potts.

By executive order this board is charged with the preparation of plans for the co-operation of the army and the navy when it becomes necessary to conduct joint operations either of offensive or defensive.

Its proceedings are always secret and may be known only through the resulting orders to ships and troops, issued by the secretaries of war and navy. The board is advisory in scope and not capable of executing its own projects.

WAS A VIRGINIAN.

Norfolk, Va., Feb. 13.—Mrs. H. W. Holmes, one of the two American women killed during the battle in Mexico City yesterday, was the wife of Henry W. Holmes, formerly of Iver, Southampton county, Virginia, and formerly a Miss Strickland, of San Antonio, Texas.

HIDES SHARPSHOOTERS.

Mexico City, Mex., Feb. 13.—Diaz succeeded during the night in hiding sharpshooters in houses in the so-called American colony, many blocks beyond his lines. This was revealed by a sharp attack on a detachment of federals advancing from Chapultepec.

Rebel sharpshooters on the roofs of building on Hamburg street attempted to pick off the artillerymen manning the federal guns located near the British legation. The rebels were subsequently driven from their position on the roofs.

CADETS ON GUARD.

Mexico City, Mex., Feb. 13.—The army cadets at Chapultepec, who were the first to rally to the call of President Madero for aid, have for the most part been withdrawn from the line of action to Chapultepec, where they act as guard under the command of General Boltram, former principal of the school and the officer who reduced Felix Diaz at Vera Cruz during his first abortive revolution.

The work of caring for the wounded is limited by the government to the White Cross society, as it is charged that the Red Cross society harbors many political enemies of the government.

TACOMA SAILS.

Boston, Mass., Feb. 13.—The gunboat Tacoma with a hundred marines sailed at 2 o'clock this morning for Central American waters. The Tacoma will be in wireless touch with the navy department on the way down the coast in case of necessity.

SUGGESTS MEDIATION.

Washington, D. C., Feb. 13.—Director John Barrett, of the Pan-American Union, proposed today to President Taft and the members of the house and senate foreign relations committee, the appointment of a "commission of mediation to offer its services to bring about peace in Mexico."

Director Barrett proposed to Mr. Taft that the commission be composed of one prominent American, preferably Senator Root; an official of some South American Republic, and a Mexican, Francisco de la Barra, former provisional President of Mexico, was mentioned as the latter. The proposal was made formally after conferences with house and senate leaders.

Mexico City, Mex., Feb. 13.—During the afternoon, a number of shells directed to the Palace were fired apparently from the rifle and artillery range in the vicinity of the barracks southeast of the city, showing that a force of rebels was posted there also.

Mexico City, Feb. 13.—The question of food supplies throughout the capital was not solved today. Even the soldiery experienced the discomfort of short rations. The rebels managed to obtain during the night seven big wagons full of bread and two wagons loads of milk, but provisions generally within the zone of the mutineers were said early this morning to be scarce.

A picturesque scene during the night was made by fires on the pavements in many parts of the city, where the soldiers under the orders of their officers had raked together the trash and garbage blown from the buildings and burned it. The disposition of this rubbish is a serious problem as it is fast becoming a menace to the public health.

400 MEN ENLIST.

New York, Feb. 13.—Four hundred engineers, firemen, stokers, oilers

Every Woman is interested and should know about the wonderful MARVEL Whirling Spray. The new Whirling Spray is—most convenient, it cleanses instantly, it is safe for the face, it is pleasant to use, it is economical, it is a real beauty aid. It is given full particulars and directions, valuable to ladies. MARVEL, Inc., 44 East 125 Street, New York.

and water tenders are enlisted here today to help man the four army transports now at Norfolk awaiting orders to proceed to Mexico.

The men were under Lieutenant Colonel M. G. Zallinsky, depot quartermaster of the department of the east. They will leave for Norfolk tomorrow.

San Diego, Calif., Feb. 13.—Desertions of Mexican troops from the garrison at Tecate, lower California, are reported today. The number could not be learned, but it was said that the deserters left their arms and ammunition and are believed to have crossed the line.

The men belong to the battalion sent to Lower California a year or more ago to prevent invasion by filibusters.

Mexico City, Feb. 13.—Many women and children in the foreign colonies were conveyed during the night in automobiles flying white flags to places of comparative safety, but a large number of foreigners still were penned up today in regions not free from danger. Thousands of Mexican families concentrated on the lower floors and in the basements of business buildings, trusting to the floors above to protect them.

In the American embassy dozens of American citizens were provided for. Blankets and mattresses were spread on the floors and every chamber in the place was utilized as a sleeping apartment. However, there was little or no evidence of panic or undue excitement.

Francisco de la Barra former provisional president became a refugee in the British station yesterday after he approached President Madero on the question of compromising with the rebels. Madero refused to listen to him.

Mrs. S. S. S. Van Buren St. Kingston, N. Y. (full name furnished on application) had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh how many people I have recommended it to." For sale by all druggists.

WILSON WILL RESIGN.

GOVERNORSHIP MARCH 1.

Trenton, N. J., Feb. 13.—President-elect Wilson announced today that he would resign the governorship of New Jersey to take effect March 1. The governor asked Attorney General Edmund Wilson today how to file his resignation.

Conductor S. L. Miller, Norfolk, Neb., on Bonesteel Division of C. & N. W. Ry. Co., recommends Foley Kidney Pills and says: "I have used Foley and Kidney Pills with very satisfactory results and endorse their use for any one afflicted with kidney trouble. They are all right." For sale by all druggists.

## PERSONALS

(Owing to the great interest manifested in the Personal Column, the New Mexican requests its readers to send in by mail (a postcard will do) or by telephone (call "31 J") items for this column. By doing so the readers will confer a favor on the New Mexican and on their friends. Communications sent by mail should bear the signature of the writer.)

Mrs. E. R. Wright has been ill the past week with a severe attack of pleurisy.

Mrs. Falconer and Miss Falconer, of McIntosh, are visiting friends in the city.

County School Superintendent J. V. Conway is away again on a school inspection tour.

Dr. A. E. Northwood, of Wagon Mound, is a visitor here. He is stopping at the Palace.

R. J. Clancy, a high railroad official of San Francisco, arrived at the Montezuma hotel last night.

Joseph B. Hayward is out again and at his desk after a hard tussle with an attack of grippe and neuralgia.

Josephine Foster, editress of the Las Cruces Republican and one of the proprietors of this live paper, is a Santa Fe guest today.

Col. Ralph E. Twitchell, noted historian and lawyer of Las Vegas, came over from the Meadow City yesterday. He is at the Palace.

A. G. Payne, superintendent of the Denver office of the Wells Fargo Express company, arrived in the city last night. He is here on business.

T. A. Hayden, Santa Fe's well known civil engineer left for Colorado this morning where he will make mineral surveys for Denver mining interests.

Francis C. Lester, one of the good roads boosters of the state and a hustler for New Mexico, is in the city in the interest of the appropriation for the Agricultural College.

J. H. Paxton and Morgan McCall, members of the board of regents of the School of Agriculture and Mechanical Arts, are in the city to advocate the appropriation for that institution.

E. E. McClintock, manager of the Denver office, Western Union Telegraph company, arrived last night from Denver with W. A. Reynolds, an official from Manager Lloyd's office. They are here on business matters.

NO ELECTION IN N. H.

Concord, N. H., Feb. 12.—The legislature took another ballot for United States senator today without a choice. Hollis, Democrat, fell six votes short of election.

THOROUGH WORK.

How a Santa Fe Citizen Found Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys, Use a tested kidney remedy.

Doan's Kidney Pills have been tested by thousands.

Santa Fe people can testify. Can you ask more convincing proof of merit?

Pasquale Yanni, shoemaker, College St., Santa Fe, N. Mex., says: "In 1902 I gave a public testimonial in praise of Doan's Kidney Pills to the effect that they had cured me of pain in my back, caused by disordered kidneys. Work obliges me to sit down a good deal and this weakened my kidneys, causing backache. While at work I suffered more intensely than at any other time and I was very anxious to find a remedy that would relieve me. Learning of Doan's Kidney Pills, I procured a box and to my delight, they soon fixed me up in good shape. During the past seven years I have had no need of kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Where Quality Governs the Price and Price the Quality

Your Best Resolution

Will be to buy your goods this year on a basis of quality, not price alone. That will lead you to our door, because there is no store which sells QUALITY GOODS so reasonably. And remember, during this year that cheap goods do not always prove economical in the end. Put your buying on this basis: It is the thing that pays in the end, which pays you all.

EVEN THOUGH IT COSTS MORE IN THE BEGINNING!

## LOCAL ITEMS.

THE WEATHER.

Santa Fe, N. M., Feb. 12.—For New Mexico: Tonight and Friday generally fair. Not much change in temperature.

IN TELEPHONING

The New Mexican, if your business is about advertising, subscriptions or job work, please call up "31 W." If you wish to speak to the editor or give any news, please phone "31 J."

A Valentine of flowers is the most appropriate gift.

Meets Tomorrow—The Fifteen club will meet tomorrow (Friday) afternoon at 3 o'clock with Mrs. R. H. Hanna.

Step to the Phone and Say It—Whether you need a necessity or luxury, you can depend upon our phone service and prompt delivery. Zook's Pharmacy.

WANTED—A good delivery boy at The White House.

We specialize in all kinds of heavy machine work. All work guaranteed. Agents for Essenkay, Transcontinental Garage.

Preparing for Marshall—Various committees are being named this week to escort Vice President-elect Thomas R. Marshall from Lamy and to entertain him here Monday and Tuesday.

The leading candidates are working subscriptions good and strong and they are gaining fast. Why not you? Billard will make your abstracts right.

Candidates, do you know that a year's subscription to the New Mexican will count 6000 votes. Worth your while to look them up.

Guaranteed to Cure all heart trouble—A Flower Valentine. Phone 12. The Clarendon Garden.

Democrats Meet—A meeting of the executive committee of the county Democratic central committee for 4 p. m. tomorrow is called, at the office of General Charles F. Easley. The purpose is to fix a day for calling the county central committee.

We Deliver the Goods—Whatever your purchase may be, in whatever section of the city you reside, we'll deliver to your door. Our service will please you. Zook's Pharmacy.

Elegantly Furnished Rooms for rent. The finest rooms in the city, having electric light, steam heat and baths. The European Hotel, centrally located. State Progressive Headquarters in the hotel.

Bridge is Repaired—As a result of the campaign made by the New Mexican the county road board has repaired the Palace avenue bridge and is also at work repairing the large bridge over Santa Fe river. The work is being done following a guarantee given by the road commissioners.

See Billard of the Santa Fe Title Abstract Co. for abstract work.

Subscriptions to the Santa Fe New Mexican, the English and Spanish weeklies count up very fast and you should see to it that your friends are subscribers or pay up their subscriptions.

February 14th, St. Valentine's Day. Your mother, wife or sweetheart will appreciate some beautiful flowers more than anything else.

Heard Over the Phone—Many an order "is heard over the phone" at our store. It is one of the ways in which folks enjoy purchasing quality drug store goods from us. Zook's Pharmacy.

Boy Scouts, Attention!—Patrols one, two and three and the scoutmaster's patrol of small boys will meet at the Boy Scout rooms promptly at 7:30 p. m. Friday, February 14, for drill, to receive the new Scout robes and to plan the building of a 14-foot boat. Tenderfoot and second Scout examinations as usual at 11:12 a. m. Saturday. Leonidas Smith, Scoutmaster.

MASS MEETING ON FEBRUARY 20.

A mass meeting for women will be held at the court house in Santa Fe, Thursday afternoon, February 20, 3 p. m., at which the legal status of women in New Mexico will be explained by eminent lawyers. All citizens interested in this subject are cordially invited to be present. The laws affecting woman, her rights in community property, inheritance and guardianship of children will be explained by Hon. C. J. Roberts, chief justice of New Mexico; Hon. E. C. Abbott, district judge, and Hon. F. W. Clancy, attorney general. The meeting will be given under the auspices of the legislative committee of the state federation of woman's clubs. By order of:

The legislative committee of the State Federation of Woman's Clubs; the committee on Welfare of Women and Children of New Mexico; the D. A. R. and the legislative committee of Santa Fe Woman's Club.

MISS HALL IS LAID TO REST

The many friends of Miss Anna B. Hall, formerly of Santa Fe, will regret to hear of her death on February 5, at the home of her aunt in Portland, Maine. The end came peacefully. At her bedside was a devoted sister, father and aunt. To the very end Miss Hall displayed that brave, cheerful and loving disposition so characteristic while she lived in Santa Fe, and which won her a host of friends.

Miss Hall came to Santa Fe in the fall of 1909, as a clerk in the local land office, for the purpose of regaining her health. Last May she was compelled to resign her position and return to her relatives in the east.

THOSE TWO BATTLESHIPS

Washington, D. C., Feb. 12.—At an executive session of the house naval affairs committee today the economy advocates failed to force a reduction in the two battleship program adopted by the committee and returned to a further conference with little likelihood of an agreement.

The economy advocates demand that at least one of the two battleships authorized by the bill as originally framed be eliminated. They plan to fight the bill on the floor.

### THE GALLEGOS BILL

If the bill of Mr. Gallegos for abolishing the mounted police, gets into the arena, we would be glad to listen to the arguments that can be offered in its favor.

Perhaps the main one will be the expense incurred in the maintenance of this organization, but judging from the salaries bill that passed the house on Tuesday, the expense proposition is of minor importance.

The body known as the mounted police is one of the most important and valuable pieces of machinery known to our state governmental service. Its members are minute men, always ready to be called out for active and speedy service. They reach unprotected sections more quickly than any other officials and their influence is more strongly felt.

They are the best protectors in the state today and our most efficient police guardians.

It would be far more sensible and better legislation to abolish the sheriffs in each county and enlarge the mounted police force.

It is an undeniable fact that many of the sheriffs of the state are influenced by party politics and directed by political manipulation. This is particularly true in New Mexico, and any man who will look at the question from an unbiased viewpoint, knows it.

The members of the mounted police are free from this domination and are not swayed by local conditions or local influences.

They have done splendid service in New Mexico, and the very existence of this body has been in the nature of a hindrance to crime.

The farther removed from politics our police powers are, the better service we will get and the greater will be the protection offered the citizenship of the state.

As long as New Mexico is situated as it is, with communities far removed from each other, and without railroad connection we need this additional police guard for the security of the people of the state.

We can far better afford to pare down some of the other appropriations than to eliminate the mounted police department, on account of expense or on any other account.

The bill of Mr. Gallegos will not meet with general approval, and if passed, will be one of the most unpopular measures of the present legislative session.

### ANOTHER MENACE

It has long been known to the American people that their public utility corporations get into politics so they can control cities and legislatures in order that they may continue to milk the public. But now a new phase of corporation activities has come to light which reveals a new menace. Once more it shows truth stranger than fiction—drama in real life far more dramatic than on the stage.

Twelve years ago in New York City young Ben Oppenheim, in the practice of his profession as a lawyer, brought suit against a street car company because one of its cars had run over a little child and cut off both its legs. Oppenheim secured a verdict, having produced a large number of witnesses. The company shortly afterwards asked for a new trial—and all of Oppenheim's witnesses fled into court and testified that they had been bribed by the lawyer to testify against the company.

Of course, the damage verdict fell to the ground and Oppenheim was disbarred from practice because of "abominable perjury."

Just the other day there fell into the hands of some just men evidence that revealed an astounding state of affairs.

Oppenheim had not suborned witnesses to perjure themselves.

In the first trial the witnesses had told the truth.

In the second trial—paid to do so by the street car company—they lied on the stand, robbed a needy woman of a just verdict, and robbed an honorable lawyer of his good name and profession.

The case was reported, the mother of the injured child given a big sum for damages, and Oppenheim exonerated and reinstated.

But that is not enough. The company's officers who managed this dastardly crime against justice, against lawyer and client, should be brought to the bar of justice and sent to the prison they so richly deserve. That is the only way to stop the new corporation menace which amounts to this threat:

"Keep hands off us, or we will ruin you, no matter how just your cause."

### LIMIT THE APPLICATION

The following resolution passed at the last meeting of the State Horticultural society is a step in the right direction:

"RESOLVED: That it is the opinion of this society that any appropriation made by the state to any fair should be expended exclusively for premiums for products of New Mexico, and that its use should be so limited in the appropriation."

The fair is an institution established distinctly for the purpose of exhibiting home products and this object should not be lost sight of.

Gradually fairs have grown to be more like circuses,—just to draw the crowd. This is all right if the money expended for these extra attractions comes from private subscription or from another source than public or legislative appropriation.

It is not just that the state should pay for attractions that only add locally, and are beneficial only to the town where the exhibition is being held.

The stimulation to grow better products and bring them into competition by public exhibition is worthy, and has a tendency to increase interest in the growing of a higher grade of products. It is just what fairs are instituted for. The outside attractions, athletic events and balloon ascensions are well enough as a side issue, but not to be paid for at state expense.

It is to be hoped that when an appropriation for any fair is made the stipulation will be in the appropriation bill, that the money shall be used "exclusively for premiums for products of New Mexico."

This will add to the interest in the fair and will bring to it a greater number of exhibitors among the farmers, to whom the fair partially belongs and without whose co-operation it would not be much of a success.

### THE STATE FAIR

The New Mexican congratulates the City of Albuquerque on the generous appropriation for the State Fair by the House this morning. The people of Albuquerque have been maintaining the Fair at their own expense for so many years that the state appropriation is only their just due. Moreover, the accessibility of Albuquerque makes it the logical location for such a state-wide enterprise.

All credit is due to Mr. Gurule for his unceasing and intelligent efforts which were crowned with success today. Mr. Gurule's unwavering loyalty to his principles has won him the respect of all parties alike; only a man of his calibre could have accomplished this result,—a result his constituents so richly deserve.

The absence of those "Prominent New Mexicans,"—pictured in Vol. 1, Peterson's compilation of half-tones,—Spies, Springer and Bursum, was noticeable at last night's meeting, called to help boost New Mexico. Their absence was not noticeable because it was unusual, but it was just noticeable.

Milwaukee threatens to regulate by law the length of hat pins. That won't do any good. The only way to get long hat pins out of the way is to have them go out of style.

### REMARKS FROM THE SIDE LINE

Somehow we can't believe that \$100 tenes is real money.

The latest reports from Mexico are that the situation has been all shot to pieces.

That salary bill, it seems, is open to discussion. Likewise it is open to suspicion.

We fear that, if those fellows down in Mexico City keep on shooting at each other, some one will get hurt.

The Gallup Independent says the smallest house in Gallup burned up the other day. Further remarks are not in order.

Just because John Baron Burg happens to represent Bernalillo county is no reason why the state fair bill should not pass.

"Seeking dead and wounded" reads a headline. No Agnes, it's not in Mexico; it's in West Virginia and the coal camps, U. S. A.

The Raton Reporter says that Senator Catron has lined things up for a public building for Raton. Thanks Uncle Tom, thanks!

John Baron Burg has demonstrated that he is an able statesman, a man close to the people and above all—from Bernalillo county.

Mr. Taft evidently takes the position that after all the Americans in Mexico have been killed off, intervention would be useless anyhow.

The passage by the house of that salary bill without the emergency clause is what some members of the Old Guard might term a "Coop de Tep."

Congress formally announces that Woodrow Wilson and Thomas R. Marshall have been elected president and vice-president. We told you so, all the time.

The president of the Locomotive Firemen says the railroads are going to put the fear of the Lord into Wilson by a monster strike. In our humble opinion, the railroads are looking for trouble, then.

One of the press dispatches from Mexico City says that the people did not know whom to cheer after Felix Diaz rebelled against Madero. Is it necessary to cheer for someone in Mexico City?

We should dislike to question this county salary bill, but it doesn't hardly seem right that some duffer who couldn't earn more than \$1800 a year, should be paid four or five times that doing nothing, just because he happened to be elected to a county office.

Because it looks like it might be necessary to send troops to Mexico, the senior military officer at Galveston has been instructed to see what transport accommodations this government can get from merchant owners of vessels. It often leads one to ponder what would happen if this country should have a real war somewhere, besides in West Virginia.

According to the Belen News, they arraigned a negro porter before a justice of the peace there on a charge of murder and he pleaded guilty. The court then discovered that he had not had an opportunity to consult with a lawyer and re-arraigned him. After consulting with an attorney, the negro porter pleaded not guilty. That's all.

According to the Silver City Independent a steam fitter employed by the Chino Copper company was placed in jail because he had about 1000 pounds of brass fittings in his house and could not explain how they got there. Only a few years back, they never put a man in jail in Silver City except for horse stealing and murder. But the march of civilization is with us, no doubt of it.

Mr. Speaker, if the amendment is now in order, I move you sir, that in addition to the county salaries bill, that all surplus funds found in any county or in the state treasury at the end of each fiscal year, be turned over to the county officials and the district attorney and be divided pro rata among them. The purpose of this amendment, Mr. Speaker, is to prevent any possibility of the tax payer breaking even.

Subscribe for the Santa Fe New Mexican, the paper that boosts all the time and works for the upbuilding of our new state.

### AS THE BYSTANDER SEES IT

#### WERE THEY THERE?

It was a meeting to devise the best plans for the advancement and development of the state of New Mexico.

It was held at the Old Palace last evening. Citizens from other towns in the state came many miles to be present. At least two of these had driven twenty-five miles across the country to reach the train that would bring them to Santa Fe. They were interested in any movement that would help New Mexico.

Was Charles Spies there? No. Was Charles Springer there? No. Was Holm O. Bursum there? No.

Yet these gentlemen are featured in Vol. 1 of "Prominent New Mexicans," by C. S. Peterson—pictures inserted at however much they would pay, per insertion.

Prominent in what are these three gentlemen? In joining in a movement to advance this splendid state and help to make her great?

Heavens, no!

Two of the trio have been in Santa Fe since the opening session of the legislature. What for?

A few weeks ago, a big meeting was held to boost for New Mexico. There were gatherings for consultation. A banquet was held. Enthusiasm ran high. Men came from even the southern part of the state to aid in a movement that might help to make this state bigger, better, more prosperous.

Spies, Springer, Bursum were not there.

Last night another meeting was called. Again patriotic citizens were present from the outside, men interested in state development. Spies, Springer, Bursum, not there.

Not sufficiently interested in this movement to walk or ride from the Palace hotel to the Old Palace of the Governors, one block.

What are they here for, day after day, these "prominent New Mexicans," and what movement are they or have they been prominent in? Is it the movement of the legislature? Is it some personal movement, or something which they are hired to make move or keep from moving?

There are a good many people who would like to know.

What is it that keeps them here during the session of the legislature? Maybe this will be ascertained later on.

#### WAR.

The dove of peace is really having a pretty hard time of it, after all, as every now and then the war eagle comes sailing up from the far off horizon and the little unquarrelsome bird is obliged to seek safety.

From earliest childhood the fighting spirit is in evidence and as nations are merely people in aggregate, any way, nations will scrap just as individuals do. All that is necessary is to touch off the fight spark.

I saw a couple of kids fighting on the street yesterday. Of course it was a harmless affair, and they could not injure each other, or they would have been stopped. They were game though, and had they possessed an iota of the skill of Luther McCarty they would have spilled a little gore or put a shadowed eye on each other. At it was, nothing was visible but a bit of good exercise and the outlet of a little temper that might just as well be uncorked.

It was the same spirit, however, that is abroad in our neighbor country, Mexico, and the one that is beginning to ferment here.

Once in a while I hear some chap say: "I hope this country will intervene." They want to fight, you see.

It is not especially a spirit of patriotism, as no one has insulted our flag. That would stir any man's fighting blood. It seems to be just the glamour of war, and the touching off of the scrap spark.

To lick Mexico would not be any very great feat and would not bring a large amount of glory, but there would be death and mourning and great sorrow that must come even with a little war, and one wonders if, after all, it is the right way to settle difficulties and disagreements. We wonder if the time has not come when killing people and burning cities should be regarded as barbaric, and belonging to a past age.

And yet, if the United States does intervene we will all get the spirit and cheer the thing on. I sometimes wonder just why we were given this desire to fight, to thrash somebody. It is not the spirit of defense, but attack and it is in everything. Sometimes it is admirable; sometimes, despicable.

#### JUST LOOKING ON.

So far, what has been done in the month in which the legislature has been in session, and what benefit has the state gained?

What law has passed, or even been

seriously considered to advance the interests of New Mexico, or to lighten the burdens of a people who are endeavoring to do their part toward building up the state?

The plum distribution has taken up a full share of the time,—a political measure, drawn for political purposes.

The direct election of senators resolution was passed by the house, and immediately upon entrance to the senate, was slid into the senate morgue.

The anti-lobby bill, intended to relieve the legislature from the nuisance of the continuous presence of paid professional lobbyists,—morgued.

The bill to prevent those public officials who may disgrace themselves and defile their offices,—morgued.

The taxation question, based on a bill supported by the state bar association and demanded by a large number of New Mexico citizens, uncon sidered.

The state fair bill, which should be either passed or defeated and out of the way, still taking up time.

I am only speaking from the standpoint of an onlooker, not as a professional in legislative matters, but only seeing the show, and with other citizens wondering what the legislature is here for.

It was supposed by the uninformed that the legislature was to meet to transact some business for the good of the state. Didn't you think so, you common hink, who don't pretend to be on the inside of legislative business or proceedings? I did. I thought the members really intended to give us some legislation besides those carrying big salaries for political advantage. But maybe the bosses told them not to do anything else. It may be that the superintendents of legislation have instructed them how to proceed.

### EARTH GROWS HUMAN HAIR

Harrington, Del., Feb. 13.—Following their dog into the cellar of an abandoned and partly ruined house along the Delmar road this afternoon two sons of U. Grant Nicholson made a discovery that led to a partial solution of the mystery surrounding the disappearance, 10 years ago, of Mrs. Ann Maloney, who at that time, lived alone in the house.

The boys were attracted by their dog whining as if he had discovered an animal and when they reached their pet it was pawing at the frozen ground. Lighting some matches, the boys found what looked to them like human hair protruding through the earth.

The boys ran home to their father, who summoned neighbors, and the men, with spades and picks soon discovered a human skeleton from the skull of which the hair still was growing. On examining it, Dr. J. S. Strick, who lived here at the time of Mrs. Maloney's disappearance, decided it was hers, and showed the astonished farmers a mark in the vertebrae on the neck, which, he said, had been made by an ax.

At the time Mrs. Maloney disappeared it was thought that she had been murdered for her money, and a negro was arrested on suspicion, but was discharged when no trace of the woman could be found, and the belief grew that the woman had moved from the vicinity, as she had talked of doing.

### CONGRESSMAN GETS SARCASTIC

Washington, D. C., Feb. 13.—Representative Aiken, of New York, introduced the following in the house today:

"That the secretary of agriculture be authorized and directed to expend not exceeding \$1000 on the purchase of six high-grade, thoroughbred male turkey buzzards and ninety-nine thoroughbred humming birds, each to be examined and passed upon by Dr. A. D. Melvin, chief of the bureau of animal industry, as to soundness of limb and heart strength, in order that a test may be made as to the value of their offspring, be they gnats or fleas, for agricultural purposes, and to report to congress whether the experiment is more valuable to the American farmer than the one now going on in this bureau, where thousands of dollars have been expended in buying zebras in Africa and transporting the same to the District of Columbia, where they are joined in wedlock to Missouri mules, the offspring of which seem to be a cross between a North Dakota jackrabbit and an Australian kangaroo."

It will not pay you to waste your time writing out your legal forms when you can get them already printed at the New Mexican Printing company.

### THE FIRST NATIONAL BANK OF SANTA FE

SANTA FE, NEW MEXICO.

The Oldest Bank in the State. Organized in 1870.

Time is the test of a bank's endurance and strength. Growth determines its adaptability to changing conditions. This bank has successfully withstood all the country's financial and commercial disasters for over forty years. Its management has regarded safety as of the first importance in banking, a tradition that still rules its policy, but the bank is not living on its history but depends for its prosperity upon adaptability to present-day needs.

Commercial bills discounted. Credit and Deposit Accounts opened. Letters of Credit and Drafts issued on all Countries. Coupons collected and cashed. Stock Exchange Sales and Purchases effected. Telegraphic transfers of money made.

It is important for every business house to establish banking relations with a strong, service-giving bank where credit can be had when required.

Exchange your inactive funds for our time Certificates of Deposit.

Confer with our officers in regard to your banking business.

J. B. READ, Cashier. FRANK McKANE, Assistant Cashier.

## NEWS OF THE STATE

## HE HIKED IT.

Antonio Manzanarez, mail carrier from Jaroso, Colo., to Questa, had a long walk last Friday. He had entered his buggy at the Virsylvia postoffice when his team gave a jump, threw him out in the road and then ran on towards Costilla. Antonio started after them. Mrs. Woodman phoned to Costilla and a team was summoned and came part of the way to meet the runaway. Antonio walked ten miles before he found the captured team. No damage was done.—Taos Valley News.

## SHOULD BE LABELED.

Two of our local nimrods Messrs. Brown and Clifford went out after ducks Wednesday. At the point of the mesa they discovered a flock of ducks, but not being able to distinguish them from the domestic variety they passed them up. After tramping around all day they succeeded in getting one lone bunny. Learning later that it was wild duck that they had passed up. The boys are seriously thinking of petitioning the legislature to enact a law compelling all varieties of wild game to carry a label stating this fact so that respectable and law abiding citizens will not be compelled to come home from hunting trips without any game.—San Marcial Standard.

## STORE ROBBERED.

Robbers on Sunday night broke into the store at Pendleton and rifled the cash drawer of about \$50. Entrance was secured by breaking the fastenings on a rear door. The cash was in the form of a \$20 gold certificate, three \$10 bills and the balance silver. On Saturday night there was left at the store, which is owned by Miller Bros., \$250 with which to pay the men working in the coal mines nearby. It was probably this money the robbers were after, which leads Sheriff Dufur to conclude that "home talent" did the job. No tracks of any kind were found leading away from the store building. A fall of snow in the night would have revealed tracks but as none were found the sheriff is working on a clue that he believes will reveal the guilty ones. The postoffice funds were not molested.—Aztec Index.

W. E. Holt was exhibiting around town Tuesday a number of samples

of opals taken from the mines between Hurley and Bayard which are owned by Mr. Holt and his associates, Major James R. Waddill, John S. Waddill and Charles B. Spence and A. B. Davis. There are eight claims extending about a mile in length, and the pay streak ranges from 25 to 50 feet in width. Three shafts have been sunk and the prospects are encouraging in the extreme. Reports from some of the leading jewelers in the country pronounce the opals to be of excellent quality, and when the stones are cut and polished there will be no difficulty in marketing them. The owners of these claims are to be congratulated on having such splendid prospects.—Deming Headlight.

## IT'S ALL OVER.

The actual proceedings of the courts in the litigation over the county seat matter is now a matter of history and a thing of the past. The state supreme court this week received the mandates from the United States supreme court containing the decision in the case and issued judgment re-affirming their former judgment. Judge John Y. Hewitt for the board of county commissioners was present to file the papers necessary and then proceeded to the district court and Judge Abbott issued an order formally dissolving the injunction which had been in force for some time. This was the last piece of red tape in the process of clearing up the situation for the completion of buildings.

Now as soon as the appraisers have finished their work ascertaining the damages done to the county buildings and the county has adjusted their contract with the contractor, owing to the delay, the buildings will proceed.

The county board meets on March 3rd to consider the matters named and the work on the buildings will undoubtedly be resumed early in March.—Carrizozo Outlook.

## A HOG THE CAUSE.

Late yesterday evening Walter Hayward and E. M. Bagwell, both well known in the city, had a little argument which resulted in fistfights. Bagwell, it is said, owed the Graef and Hayward firm a bill and some time ago sent in some hogs as a settlement. Yesterday Bagwell came into the Graef and Hayward butcher shop and was informed, so the story goes, that he had sent in two hogs

and had been given credit for that number.

Bagwell, however, said he had sent in three hogs and wanted credit for that many. An argument was started and words passed that were not of a religious style, it is declared. Finally words wouldn't suffice further and manual strength was brought into play. After a couple of first rounds the men were parted and the argument was then taken to court. Action was brought against Bagwell for assault and battery. Bagwell paid a fine and was released. Lagwell then swore out complaint against Walter Hayward. This case was heard by Police Judge Murray late this afternoon. Hayward withdrew his plea of not guilty to a charge of assault and battery. He was given a fine, which he paid.—Las Vegas Optic.

## AUTO ACCIDENT.

Traveling at a high rate of speed from Roswell to catch a train on the Pelen cut-off late Saturday, a party of three Albuquerque automobilists met with a serious accident about ten miles north of the Halfway house, and two of the party are at present in the local hospital and a third is slightly injured. Those seriously injured are A. W. Goodrich and R. Quikie, the third member of the party being F. L. Schnabel.

The three men spent several days last week in Roswell and other valley points on business, starting for their home at Albuquerque Saturday morning via Vaughn. When about ten miles above the half-way house, they encountered a stretch of road much worse than that over which they had passed, and as their time was getting very short to make the train connection, they tried to increase their speed and the car skidded into a bad hole, completely turning turtle, and one wheel was broken.

When the car alighted Quikie was pinned underneath it, and Goodrich had a shoulder dislocated, and was nursing some painful cuts. Schnabel was the least hurt of any of the men, and, being ten miles out, they were unable to make any use of their auto. They decided to leave Schnabel in charge of Quikie and that Goodrich should walk back to the half-way house for help.

It was then late in the afternoon, and growing dark, but Goodrich started out. For hours and hours he tramped through the mud and snow, and evidently became lost, for he was cut all night, and when found he was only about three miles from the scene of the accident.

Meantime, early Sunday morning, Frank Billings came along from his sheep ranch and picked up the other two. Goodrich was much the worse off for the exposure and all were more or less weak from loss of food and sleep. Mr. Billings arrived in the city with the three about 5 o'clock Sunday afternoon, taking the two worst hurt to the hospital where it is said this afternoon they are both resting nicely and will recover.—Roswell Record.

## SPRAYING WAS A LIVE TOPIC

A most interesting meeting of the State Horticultural society, at the Water company's office was held. The secretary, Mr. Oakley, stated that he had to leave on a business trip to York, and Mr. C. J. Neils by request, acted as secretary pro tem.

Hon. W. H. Chrisman, chairman on the committee on spraying, gave an interesting account of the legislation looking to compulsory spraying, and of the measures now before the legislature. A long and interesting discussion ensued which included the methods of spraying for the leaf roller, etc., as well as the codlin moth, in connection with the bill in the interest of bee keepers, prohibiting spraying until nearly all flowers have fallen. Mr. Williams, Mr. Bacon and Mr. Owen and others gave interesting experiences on this subject.

As the law of 1912 was not approved till June 10, and became effective 90 days later, after the spraying season, and appears to be carefully considered, the society voted in opposition to any change or amendment at the present time.

The committee on the horticultural fair was increased by adding thereto Senator Pankey, Mr. Toulouse and Mr. Neils. The question of asking legislative aid for the fair was left to the fair committee, but this brought up the general question of state aid and a prolonged discussion resulted in the unanimous passage of the resolution, which we printed yesterday. The plan of having lectures by representatives of the Agricultural College in connection with the fair was favorably considered. President Prince stated that he had seen Dr. Garrison of the Agricultural College who had promised the hearty co-operation of that institution. After the election of a number of new members and a general discussion of horticultural topics the society adjourned to Monday, February 24th, unless sooner convened.

## ENQUIRER ASKS FOR REASON

To the Editor:

I notice that in Mr. Burg's bill to create a state fair commission and also in the bill of Messrs. Gurule and Garcia on the same subject, the following appears as section twelve: "Sec. 12. No commissioner shall either directly or indirectly by financially interested in any contract made by the commission, and any such contract in which a commissioner shall be interested either directly or indirectly, shall be void. Any violation of the provisions of this act, shall be punishable by imprisonment in the state prison for one year."

Why would it not be well to put a similar section in the laws relating to the state board of education?

ENQUIRER.

## Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

## TAKE The CARDUI Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

Write to: Ladies' Advisory Dept., Chattanooga, Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 151

## NEWSPAPER MAY SOLVE THE QUACK MEDICINE PROBLEM

New York, Feb. 12.—Dr. Carl L. Alsberg, chief of the bureau of chemistry of the department of agriculture, in his first public utterance since he was appointed to succeed Dr. Harvey Wiley, told the members of the association of manufacturers of medical products here last night that he intended to enforce the pure food laws as strictly as possible. He asked proprietary medicine manufacturers to aid him to reduce the sale of narcotics to the lowest possible point.

"The eyes of the people," said Dr. Alsberg, "have centered on the department's struggle for pure foods. The work of the department has, I think you will admit, been successful in improving the quality of our foods and preventing grave forms of fraud and adulteration. We realize fully that much remains to be done, but public confidence has been won, and precedents have been created. No backward step will be taken. There will be no let-up in the enforcement of the pure food and drug act."

Just prior to this statement, Dr. Alsberg asked that the patent medicine manufacturers combine with the bureau to bring about government control of the sale, and regulation in the handling, of all patent medicines and narcotics. He also asked that these same manufacturers begin the agitation for uniform legislation in all states with the same object in view.

"While the effect of the department of agriculture," continued Dr. Alsberg, "insofar as the control of the

## TWO NEW SENATORS.

CHARLES THOMAS, newly elected senator from Colorado, is a Georgian by birth, a graduate of the University of Michigan and a lawyer. He served one term as governor of Colorado, and was elected to fill the unexpired term of the late Charles J. Hughes. He is a democrat.

JAMES H. BRADY, a Republican, has been elected by the Idaho legislature to fill out the unexpired term of the late Senator Heyburn. He was governor of Idaho from 1909 to 1911.

F. E. Walling, a farmer living near Yukon, Mo., strongly recommends Foley's Honey and Tar Compound and says: "I have been advised by my family doctor to use Foley's Honey and Tar Compound for my children when there was a cough medicine needed. It always gives the best of satisfaction and I recommend it to others." For sale by all druggists.

## FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP—25 CENT DANDRUFF

Save your Hair! "Danderine" Destroys Dandruff and Stops Falling hair at once—Grows Hair, We Prove It.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair

roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. It eventually—why not now? A 25 cent bottle will truly amaze you.

## Accusing Fingers Point to Coffee

Last year the Government Health Office, by authority of the District of Columbia, issued an appeal to parents, asking them not to allow their children to drink coffee or tea.

They noticed that the children who drank coffee were nervous and didn't get along in their studies, and were not healthy looking—

And those who did not drink coffee or tea, were, as a rule, strong and vigorous and got along well in their studies.

It isn't so much what Doctors, Government, Nurses or the School Teachers of the country are saying about coffee, as

## How Does Coffee Treat You?

Every coffee drinker who is afflicted with nervousness, sleeplessness, heart irritation, indigestion or biliousness (and most of them are) should consider that

A cup of coffee contains about 2½ grains of caffeine—a poison. Hence the various troubles from coffee drinking.

## INSTANT POSTUM

is taking the place of coffee in thousands of homes where health is valued.

This new food-drink, made of prime Northern Wheat and the juice of Southern Sugar Cane, tastes much like high-grade Java but is absolutely pure and free from caffeine.

## Requires No Boiling

Place a spoonful of the powder in a cup, pour on boiling water, stir and add sugar and cream to taste; and instantly you have a delightful drink of charming flavor.

Grocers sell Instant Postum—45 to 50-cup Tin 30c; 90 to 100-cup Tin 50c.

## "There's a Reason" for POSTUM

## "Recognized Leader

### Among Typewriters"

Consider all that is  
meant by  
these words

Leadership means superiority of product—a superiority which produces leadership and is proved by leadership. It means more than this. It means everything associated with the word **FIRST**.

The Remington Typewriter is first in history, first in prestige, first in quality, first in recent improvements, first in size and completeness of organization, first in distribution, and first in service to the customer.

The word **FIRST** in every department of leadership applies only to the

### FIRE IN CHEYENNE.

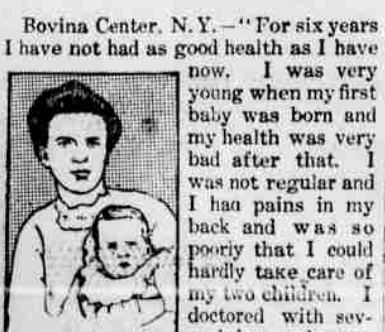

Cheyenne, Wyo., Feb. 12.—Fire, due to a discarded match, caused a \$5000 loss and fatally burned one man at noon today in the exhibit race of the made-in-Cheyenne exhibition prepared by local manufacturers.

### CHARLES MAJOR DEAD.

Shelbyville, Ind., Feb. 12.—Charles Major, the author, died at his home here this morning after an illness of several months of liver trouble.

## MOTHER SO POORLY

Could Hardly Care for Children—Finds Health in  
Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y.—"For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."—Mrs. WILLARD A. GRAHAM, Care of ELSWORTH TUTTLE, Bovina Center, N.Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

### "I DON'T HAVE TO ACCEPT ANYTHING," SAYS SENATOR PAGE.

(Continued from page one).

It would permit cities and towns to vote "dry" if they so desired.

Senator McCoy opposed the elimination by Mr. Holt by amendment of what probably was the most important clause in the bill. It was section No. 5 which prohibited the sale of liquor in any unincorporated town or village of less than 300 persons. It was the small saloon in the cross roads village, that the local option and prohibition forces have been especially trying to wipe out because it is there that most of the crime and excesses are committed. Mr. Holt changed that section by inserting another section merely prohibiting the sale of liquor within two miles of the city limits of any city or town voting "dry." The amendment was adopted.

State Senator Page again took the floor during the discussion of this bill. He asserted that the two year amendment offered by Mabry was a good thing but he said there never would be any solution to the liquor business until the congress of the United States shall enact a law prohibiting the manufacture and sale of liquor.

"I probably know more about this liquor question than any member of this senate and as much about it as any resident of this state," said Senator Page. "I know for the reason that for many years I was engaged in the wholesale and retail liquor business. I know it from practical experience. There is no good in it. But the only real solution is to prohibit the making of the stuff. So long as you make your state or city government a party to the saloon, just so long will you have trouble. Any time that you take away a license to sell liquor, you wipe out the saloon business. It would die out for want of business. It couldn't exist without the government upheld it. I know whereof I speak—I have been in the business."

Mr. Barth also addressed the senate. He said that the people who were opposing the liquor business couldn't agree on what they wanted. He said he had then on his desk three different letters from three different persons, all opposed to the liquor business and all offering a different method of dealing with it.

The vote stood as follows on the passage of the bill:

Ayes: Abeytia, Alldredge, Barth, Bowman, Crampton, Doepf, Evans, Hinkle, Walton, Holt, Hild, Laughren, and Navarro.

Nays: Burns, Clark, Gallegos, Hartt, McCoy, Mabry, Miera, Page, Pankey, Sulzer, and Romero.

The bill now goes to the house where another similar local option measure is pending.

### WOULD APPOINT A RACING COMMISSION.

Jefferson City, Mo., Feb. 12.—A bill was introduced in the house today providing for the appointment of a racing commission to have charge of all fairs and racing. The bill prohibits book-making or the recording of bets.

A clause in the bill, it is said, permits the "part-mutual" system of betting.

### BURG OPPOSES STATE FAIR BILL.

(Continued from page one).

definitely No. 88, the Roswell bill, vote, Mullens moved to table it and Burg without gaining the recognition of the speaker, moved that No. 25, his bill be tabled. Both motions carried.

The house took up the two bills referring to appropriations for the San Diego and San Francisco expositions this morning and following considerable discussion, decided by rather a decisive vote that they preferred to exhibit at San Diego to the extent of \$5,000 and do nothing whatever at San Francisco, rather than make an inadequate showing at both places.

The first bill considered was No. 30, by R. L. Baca, to provide for a display at the San Diego exposition. The bill as originally introduced provided for an appropriation of \$30,000. This was amended in the committee to \$50,000, and the committee amendment was adopted by the house. Mr. Tully tried to amend making the appropriation \$100,000 for San Diego, but it was lost. Rogers moved to amend to read \$100,000, with the understanding that nothing be appropriated, but because objection was raised to the amount of his amendment, rather than to the cutting out altogether of San Francisco. He withdrew his motion.

Young then moved that the amount appropriated for San Diego be placed at \$75,000, with the understanding that the bill for an appropriation for San Francisco would be withdrawn, and this motion carried. Mr. Hilton succeeded in getting the bill amended reducing the exposition commissioners from New Mexico from five to three, and the bill then passed, 26 to 17.

Bills were introduced as follows: H. B. No. 163—Lovato and Quintana, to provide for the appointment of town marshals in incorporated towns.

H. B. No. 164—Campbell, Llewellyn and Moreno, to sell the improvements of the Quay county experiment station, and with that money purchase a site for an experiment farm to be leased to the federal government.

No. 164—Toombs, to amend the law relating to the publication of delinquent tax lists so as to require their publication commencing during the first week of January.

No. 166—M. C. de Baca, appropriating \$1500 for a bridge across the Rio Puerco, near Casa Salazar.

No. 167—M. C. de Baca, appropriating \$30,000 for a bridge across the Rio Grande, near Pena Blanca.

No. 168—Montoya, providing for a bridge across the Rio Colorado, near Questa, Taos county.

No. 169—Carter, defining seduction, and providing penalties.

No. 170—Martinez, to amend Section 14 of the game warden act.

No. 171—M. E. Baca and Padilla, to provide for the construction of county bridges.

No. 172—M. E. Baca, to amend Section 411 of the laws of 1907.

No. 173—R. L. Baca, to limit the hours of employment for women and children.

The legislative reception committee to arrange for the entertainment of Vice-President Thomas R. Marshall while he is in the city next Monday.

met this afternoon in the office of the adjutant general. The committee from the senate was announced yesterday. Speaker Baca this morning announced the house members of the committee. He stated that he had selected a representative of each county, and named the following: Marcos C. de Baca, R. L. Boulware, J. W. Campbell, C. C. Catron, James W. Clancy, W. H. Chrisman, Juan J. Clancy, Thomas P. Cooney, Manuel Cardona, Charles P. Down, J. T. Evans, Rafael Garcia, Tomas Gurule, V. H. H. Llewellyn, Jose Lobato, Remigio Lopez, Florence Love, M. T. Manzanarez, P. Moreno, W. W. Nichols, Z. Padilla, W. E. Rogers, Las Sanchez, J. R. Skidmore, O. T. Toombs, Julian Trujillo, James V. Tully, John A. Young and the speaker.

### WALSH MAY TELL ALL ON HIS DEATH BED

New York, Feb. 12.—The extraordinary grand jury investigating police graft, visited the home of Police Captain Thomas W. Walsh today to hear what may be a death-bed confession. Since his revelations several days ago gave fresh impetus to the investigation, Walsh has failed rapidly, until his physician today said his end might be momentarily expected. The importance of the repentant police captain's evidence is emphasized by the statement that his food is being watched to prevent his enemies from poisoning him. The grand jurors today expect Walsh to carry his story further and enable them to trace the graft system to its source. It was reported that the jury is preparing to indict an important police official who is the last connecting link between the head of the system and the men who worked under him.

### RAILROADS AND FIREMEN STILL DISAGREE

New York, Feb. 12.—The fifty-four eastern railroads and their 34,000 firemen who demand higher wages and better working conditions, were no nearer an agreement this afternoon. Judge Martin A. Knapp, of the United States commerce court had a conference with the firemen's representatives throughout the forenoon without result.

"No progress has been made." "It is an extremely stubborn situation, but I would not say hopeless." President Carter of the Brotherhood of Locomotive Firemen and Enginemen denied this afternoon that he had decided to issue the strike call Friday night. He would not say when, if at all, this last move would be made.

### BAD NEWS HURTS WALL STREET

New York, Feb. 12.—The selling movement of the earlier days of the week gathered increased momentum in Wall Street during the morning and prices were borne down abruptly. Speculators were confronted with a budget of unfavorable news and sentiment was correspondingly bearish.

Uneasiness over the money situation was increased by preparations to export \$1,000,000 more gold and by a sub-treasury declaration of more than \$5,000,000. Prospects for a strike of the firemen on the eastern railroads, the revolution in Mexico, and proposed legislation to require incorporation of the stock exchange helped to unsettle the market.

Bear operators concentrated their attack against the coalers, Hariman's coppers and steel, and succeeded in forcing out a good deal of long stock. High grade investment shares which ordinarily display sturdy resistance to pressure, crumbled away as readily as the market leaders.

A large number of important issues were lowered 1 to over three points. While there was no brisk demand

for stocks in the latter part of the day, short covering was extensive enough to keep the market more stable. Union Pacific and Steel ruled a point above their lowest. Analysis of the day's movement showed a larger proportion of material losses in the inactive stocks than ordinarily occurs. The market closed steady. Another outbreak of selling in Canadian Pacific, which increased its loss to over four points, was disregarded by the general list which made further progress upwards.

Southern Pacific was sluggish and did not recover appreciably. Union Pacific was on the forefront of the rally, as were Reading and Steel.

### SOCIALIST GETS A NEW TRIAL

San Francisco, Feb. 12.—A new trial for Leonard Olsson, of Seattle, deprived of citizenship by former Judge Cornelius Hanford, was ordered here today by the United States circuit court of appeals, in conformity with a stipulation previously signed by counsel for Olsson and the government. The case was remanded to the United States district court and will be tried in Seattle. Olsson's citizenship papers were cancelled by Judge Hanford on the ground that he had obtained them through fraud when he swore he was attached to the constitution of the United States whereas in point of fact, as a Socialist, he held opposite views.

The Socialist part took up the case at Washington, and a congressional

## HINTS TO CONTEST CANDIDATES

By the SANTA FE HARDWARE & SUPPLY CO.

To win in our big joint contest it is necessary that the candidate have the right point of view.

First, remember that there are fifteen Plano prizes with a value of over \$4000, also a large number of other prizes. . . .

In other words, practically a prize for every candidate.

Second, recollect that to win you must put your efforts into the line which will bring the most returns.

For instance, accounts dated before 1913 carry double votes. When paying such accounts, your friends should see that they are given these extra votes. Again, the Gen. Mdee. Due Bills are perhaps the most prolific source of votes. They mean FREE Votes—DOUBLE Votes.

The Due Bill is an order on our store for merchandise. You deliver it to your friend, she gives you the money which you bring to us.

We then give you the number of votes represented by the money brought in. When your friend uses the due bill she receives the same number of votes that have already been given to you.

If she traded directly at the store, with the money, there would be only the one set of votes. See the gain made at no extra cost?

BEAR THIS HINT IN MIND.

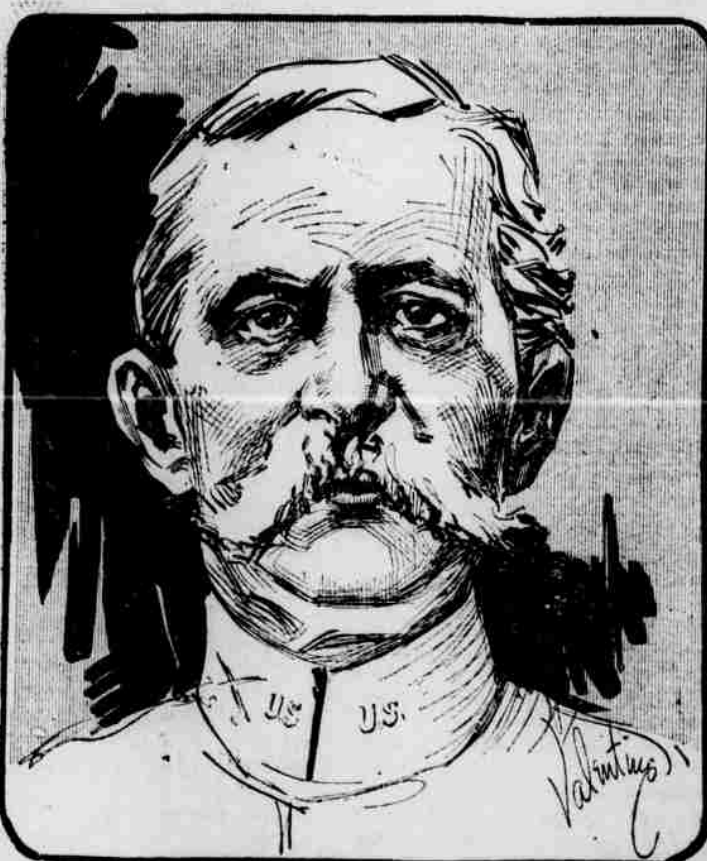

## OFFICIAL NEWS.
