## TRAINS CRASH WILLIE BOY IN ON SANTA FE SEVENTEEN KILLED BATTLE WITH PURSUERS

Heavy Freight Plows Through String of Flat Cars Crowded With Men From Construction Camp.

### VICTIMS NEARLY ALL MEXICAN LABORERS

Collision Occurs on Sharp Curve and Unfortunates Have No Warning of Impending Death.

(By Morning Journal Special Leased Wire) Topeka, Kan., Oct. 8.—Seventeen people were killed, ten of them Mexican laborers, and ten severely injured in a collision between a Santa Fe construction train and the regular freight on the Atchison branch of the Santa Fe, shortly after noon today. The wreck occurred near the city limits as the work train which was loaded with laborers, most of them Mexicans, was backing into Topeka for dinner. Following are the dead:

CHARLES GRAY, section foreman, North Topeka.  
STEPHEN BARNES, section hand, North Topeka.  
JESSE TRIPP, section foreman, Valley Falls.  
THOMAS LAIRD, section foreman, Nortonville.  
E. L. BOLTE, brakeman, Argentine.  
IRA CLEMONS, brakeman, Emporia.

Mexicans:  
ANDRUS ALTERA.  
JUAN ROMERO.  
JUAN ALVALLO.  
TOMAS YUQUAS.  
MARGERITO MAREZ.  
CRUZ LUNIGA.  
YAREL AQUADA.  
FOUR MEXICANS, unidentified.

The injured are all Mexicans and are at the Santa Fe hospital.

The work train was backing down from north of Meriden with fifty Mexicans riding on the flat car. As the train was rounding a curve the north-bound extra freight crashed into it.

Engineer Edward Ash and Fireman Joseph Corey, who were in charge of the engine on the freight train, jumped as soon as the air breaks could be set. The Mexicans were not aware of the danger until the engine and trainmen jumped and then it was too late for most of them. But about half the number managed to escape, but many of those escaped with injuries which may prove fatal.

The engine on the freight slid over the four flat cars comprising the work train and in this way fifteen Mexicans besides several section men who were in charge of the gang were pinned down and it was several hours before they were extricated.

It is supposed that the wreck was caused by the crew of the work train disregarding orders.

### PRESIDENT RESTS AMONG BIG TREES OF YOSEMITE

Glacier Point, Cal., Oct. 8.—President Taft arrived here this evening after nightfall. The drive from Wawona, where he spent the forenoon visiting the Mariposa big tree grove, was over 25 miles of mountain road and Mr. Taft was ready for bed immediately after dinner.

The president arose before dawn today and started for the Sequoia trees in a dense fog which quickly cleared, however, as soon as the sun found its way over the mountain tops.

The president was deeply impressed with the immense trees, especially in the upper grove.

The president was continually on foot in the grove and stood for minutes at a time in contemplation of the fluted columns. The "Old Guard" of four trees in a row, the "Faithful Couple" and others of the more noted trees were pointed out.

The stage ride from Wawona to Glacier carried the president to a maximum elevation of 7,500 feet. Tonight, guarded by cavalrymen, he is sleeping at an elevation of 7,000 feet in a little hotel here.

With the setting of the sun the weather became cold and a cheerful fire was a welcome greeting to the presidential party.

### PLAN FOR OPENING LANDS IN HAWAII TO FARMERS

Honolulu, Oct. 8.—The calling of a special session of the territorial legislature is being considered by Governor Walter F. Frear, to take up the question of amendments to the land laws to be urged upon congress at its next meeting. Governor Frear will start for Washington next month on this mission and desires that the legislature take action before he starts.

Horses Shot From Under Them Members of Posse Are Left On Foot In Middle of Colorado Desert.

(By Morning Journal Special Leased Wire) San Bernardino, Cal., Oct. 8.—Willie Boy, the fugitive Indian murderer, who killed his abducted sweetheart, after slaying her father, has engaged Sheriff Ralph's posse in a rifle battle at an isolated place on the desert known as Mesquite Wells, 55 miles northwest of Whitewater, a station on the Southern Pacific. The sheriff lost seven horses, all but one animal with the posse, and Chas. Roche, a deputy sheriff of Banning, was wounded. Deputy Sheriff Book rode to the nearest railroad station to summon a surgeon from this city.

Quickly the two pursuing posses combined and deployed, the men surrounded Bullion Peak on the summit of which the Indian lay concealed. It is believed he has but little water and only a small amount of ammunition. A battle is expected and unless a chance shot ends the Indian's life it is likely that there will be more casualties to the posse.

Strikers Fight French Police. Douarnenez, France, Oct. 8.—Six thousand fishermen while making a demonstration today in behalf of the strike in the sardine industry, raised a barricade and showered stones upon the gendarmes.

### WRIGHT TEACHING OFFICERS TO FLY

Government Aeroplane Soars at College Point Carrying Inventor and His Pupils; Excellent Showing Made.

(By Morning Journal Special Leased Wire) College Point, Md., Oct. 8.—For the first time in the history of American aviation an aeroplane owned by the United States government soared in the air today. Guided by Wilbur Wright, it flew five times in the dedication to aviation of the government's tract of land here.

With almost ideal conditions, few spectators and a breeze blowing squarely at the rate of a mile an hour, Mr. Wright began the flights to teach officers of the signal corps how to handle the machine. On the starting rail at 3:35 he circled the field for three minutes, twenty-five feet above ground.

Again at 4:09 Mr. Wright was off for five minutes. At 4:15 o'clock he soared away to return after five minutes. Each time he had kept to the reservation grounds. Then Lieutenant Lamm took his place in the extra seat.

At 5:15 the two rose probably 150 feet. They went a mile and a half toward Washington in hardly more than as many minutes. In about five minutes after they had left they landed within twenty feet of the starting rail in another short flight.

Mr. Wright took Lieutenant Humphries with him. Flights probably will be made tomorrow and on days following until the officers are familiar with the new art.

### CURTIS ENCOUNTERS BAD WEATHER AT ST. LOUIS

St. Louis, Oct. 8.—Under adverse conditions Glenn H. Curtiss, by a flight in his biplane, late this afternoon in Forest park, received the applause and cheers of the many thousands of persons who had waited for hours for the kind to slacken. George Francis Osment and Hugh A. Robinson of St. Louis attempted to make their machines fly but failed.

Curtiss rose in his machine three feet from the ground and flew the length of the aero field. He covered a quarter of a mile and was aloft 45 seconds. The wind was blowing five miles an hour.

The flight, which was his second of the day, was made so as not to disappoint the multitude that surrounded the aero club.

Curtiss said he wanted the people to see him fly but he would not be able to make any evolutions. Tonight he announced he would make a flight early tomorrow morning and would remain in the air a long time.

## Attack on Integrity of New Mexico Court Calls Out Vigorous Reply by Judge Edward A. Mann

### FORMER JUSTICE WANTS MAGAZINE TO TELL THE TRUTH

Only Twelve Railroad Cases Have Been Before New Mexico Court During Service of Present Judges.

### DECLARES ATTACK FALSE, UNJUST AND MALICIOUS

Desires to Know if Colliers Will Also Charge Supreme Court of United States With Corruption.

The accompanying editorial which appeared in the issue of Collier's Weekly of October 3, has attracted wide spread attention in New Mexico and in the west. What has inspired the attack on the New Mexico supreme court at this time is not known, but the attack made upon the court is sufficiently grave to demand the attention of the public.

The attention of Judge Edward A. Mann, former associate justice of the New Mexico supreme court and now a practicing attorney in Albuquerque, was called to the article several days ago. Judge Mann at once pronounced the editorial not only misleading, but false, unjust and malicious, but asked time to consider it before giving any statement. Yesterday Judge Mann gave the Morning Journal the following statement concerning the attack for publication.

Albuquerque, N. M., Oct. 8, 1909. Editor Morning Journal: An attack of the nature of the recent editorial in Collier's upon a court, is always cowardly when coming from outside the jurisdiction of the court where contempt proceedings are impossible. Judges are peculiarly helpless in such matters. They cannot rush in to print in their own defense by reason of an unwritten, but time honored rule of ethics which precludes even the appearance of a discussion of their official conduct. When they are attacked unjustly it is the duty of members of the bar, who are sworn officers of the court, to defend them. This rule is laid down in the code of ethics adopted by the American Bar association as one of the first duties of an attorney. It is also a duty which every good citizen owes to society. The courts are the safe guards of our form of government, and the people have and have always had the utmost confidence in the courts.

The executive and legislative departments of the government are essentially political in their nature, they are naturally swayed by political opinions and policies, but the judiciary in the theory always, and in practice generally at least, interpret and construe the laws impartially and with an honest effort to mete out justice without fear or favor and regardless of political effect. Destroy the faith of the people in our judiciary and you have gone a long way toward destroying their faith in a republican form of government.

In taking this action I am not influenced in the least by the fact that I was a member of the New Mexico supreme court for five years and that the Collier editorial might be considered a reflection on me personally. The attack in Collier's on the supreme court of New Mexico is not only a reflection upon the gentlemen who hold the positions of Chief Justice and Associate Justices of the supreme court, but it is aimed at New Mexico and reflects upon every citizen and every interest of the territory which is knocking for admission at the door of the union. It is not only misleading, it is false, unjust and malicious.

In the first place it seeks to place upon the present justices of the supreme court the responsibility for all the railroad litigation which has been before the court in the history of the territory, when as a matter of fact since the oldest, in point of service, of the present judges have been on the bench there have been but twelve railroad cases before the supreme court of this territory. So far as I have been able to discover from a casual examination of the reports, they are as follows:

Corrillo vs. R. R. Co., vs. Desorant, 9 N. M. 495.  
D. & R. G. R. Co. vs. U. S. N. M. 282.  
D. & R. G. R. Co. vs. U. S. N. M. 339.  
Santa Fe Pacific Ry. Co. vs. Boscut, 19 N. M. 323.  
Santa Fe Pac. Ry. Co. vs. Territory, 19 N. M. 419.  
D. & R. G. R. Co. vs. U. S. N. M. 145.  
Romero vs. A. T. & S. F. Ry. Co., 11 N. M. 479.

(Continued on page 6, column 2).

(This is the editorial from Collier's Weekly of October 3, charging that Railroads control New Mexico supreme court.)

### JUDGE FOR YOURSELF.

Various railroad companies have been parties to thirty-four cases decided by the supreme court of New Mexico. Of these, twenty-eight were decided in favor of the railroads—over eighty per cent. In every suit involving taxation of railroad property the railroads won. Of the various personal injury cases carried to the supreme court not one was decided in favor of the plaintiff. One case was tried three different times, and was ten years in court. Three different times juries found that the Denver & Rio Grande railway company had unlawfully cut timber on the public domain, and assessed damages against that company. The supreme court nullified the judgments. One supreme court judge wrote the opinions in two of the six cases decided against the railroads. He also wrote a dissenting opinion in one case decided in their favor. It was his first term on the bench. He was not reappointed. The New Mexico legislature has been notoriously under the control of railroad influence. The fact that no suit against the railroads had ever been able to secure a favorable decision from the supreme court led to the practice of bringing suits in the courts of adjoining states whenever the law permitted. To stop this practice, the "Hawkins Bill" was passed over the governor's veto. It prohibited the bringing of such suits outside of New Mexico, and gave the New Mexico courts power to enjoin their prosecution. The author of the bill was a railroad attorney. The bill itself was so rank that congress, by a special act repealed it. In one of his text-books ("Leading Cases Simplified") that eminent law writer, John D. Lawson, warns the students "not to pay too much heed to the decisions of the supreme court of Pennsylvania, at least during the past ten or fifteen years. The Pennsylvania Railroad," continues Mr. Lawson, "appears to run that tribunal with the same success that it does its own trains." The western railroads, apparently, are not behind in their control of the judiciary. In one of the cases in New Mexico twenty-three persons were killed by the negligence complained of. The case decided was that of a widow who was suing for the death of her husband and two sons.

## OUTLOOK BRIGHT FOR RECORD BREAKING ATTENDANCE AT TWENTY-NINTH FAIR EVERYTHING READY FOR FORMAL OPENING MONDAY

Governor Curry Will Touch the Button at 1:30 in the Afternoon and the Great New Mexico Fair and Resources Exposition Will Be Under Way; The Official Program in Full.

With the prospect of splendid weather conditions and the largest and most enthusiastic crowd of people ever seen at a territorial carnival, the Twenty-Ninth Annual New Mexico Fair and Resources Exposition, is all ready to start off with a bang on Monday when Governor Curry in front of the grandstand at Traction park will formally declare the show open. After months of the hardest kind of work everything is ready for the start off and everything points to the greatest week's celebration that Albuquerque has ever seen. The fair this year is marked by more new and novel features, by larger and more representative exhibits and by a livelier program of sports and amusements than ever before. Never before have the people of New Mexico at large taken a greater interest in making this event an All-New Mexico fair. The territory has made wonderful progress in the development of its resources in the past twelve months. It has made greater strides than ever before toward becoming a great farming community; there has never been greater activity in the mining industry nor more prosperity among the stock men. Everybody is feeling prosperous and everybody is coming to Albuquerque next week to make a noise like prosperity and to give the president of the United States a tremendous demonstration of New Mexico's fitness for statehood, her patriotism and her progress. The full and complete program for the fair has been finished. It is a program of which the management of the fair and the people of New Mexico may be proud and which shows that the 1909 carnival and exposition marks a new era in the history of the annual fair.

The official program of the week as prepared by President W. G. Tight and Secretary John R. McManus is as follows:

**Fair Program.**  
Additional attractions each day. Exhibits at the fair grounds.

**MONDAY, OCTOBER 11.**  
Governor's Day, Fairgrounds, AFTERNOON.

1:00 p. m.—March to fair grounds starts from Alvarado hotel. Governor George Curry guest of honor.

1:30 p. m.—Formal opening of fair by Governor in front of Grand stand at fair grounds.

1:45 p. m.—Baseball game.

## MAYOR LESTER TIGERS EASILY MAY PROBE OUTCLASSED POLICE BY PIRATES

LIVELY INTEREST IN GRAND JURY REPORT

Action of Jurymen Is Criticized As Stopping Too Soon; Should Either Indict or Vindicate Officers Involved.

The special report of the Bernalillo county grand jury charging corruption and illegal practices in the conduct of the Albuquerque police department has aroused a great deal of quiet discussion. There is a feeling very frequently expressed that the grand jury stopped too soon in its investigation, that with evidence in its hands sufficient to warrant the report the jury should have continued its inquiry to the point where it could indict, or to the point where the charges would have been shown to be groundless. The half way point reached by the jury in its report has left the matter up in the air so far as the public is concerned, and there is a very active demand for more information and the further investigation which the grand jury gracefully passed up to the city council. From expressions heard yesterday there is very little doubt that the council will call for the evidence brought before the grand jury and the charges and testimony on which the jury based its report.

"Since the day this report was made," said Mayor Felix H. Lester last night, "I have been constantly occupied in the court room, and beyond a single hasty reading of the report I have had no opportunity to study it or to look into the matters handled in it. I do not care to discuss the report or the charges it makes until I have had an opportunity to go into the matter more thoroughly. I will take the matter up just as soon as I can get the time and I have no doubt that after looking into it the council will take such action as the conditions seem to warrant."

### PAPKE TOO FAST FOR WILLIE LEWIS

Illinois Thunderbolt Has All the Better of Six Round Affair at Pittsburgh; Declines Return Match.

(By Morning Journal Special Leased Wire) Pittsburgh, Oct. 8.—Billy Papke, the Illinois thunderbolt, easily defeated Willie Lewis, the New York fighter, tonight at Duquesne gardens before the National Sporting club of Pittsburgh. Both men were standing at the end of the sixth round with Lewis all but out.

Papke easily was given the public's favorable verdict. Lewis, half unconquerable after his fifteen-minute beating, weakly signified his intention to ask for a return match with Papke, who, unmarked and smiling, said he believed he had proven his supremacy over Lewis and would not agree to a match at any date.

Both Papke and Lewis entered the ring shortly after 10 o'clock, smiling. As the going sounded for the opening round Lewis rushed in with a rapid succession of rights and lefts to Papke's body none of the blows, however, having steam behind them. After careful sparring Papke led with a vicious right to the stomach. In the clinches Papke was warned three times to break clean, the crowd hooting his slowness in getting away from Lewis. As they came up for the second round Papke turned loose a right swing to the jaw. Lewis, off his guard, took the blow fair and left to the floor, resting until the count of nine.

The third round was a repetition of the second, with Lewis taking blows on the jaw which forced him twice to rest for the full allowance of time. Papke came out from the round with a mark while Lewis had a badly split lip and his right eye was closed.

Lewis came back after the minute rest in the fifth round, seemingly greatly rested, and before Papke could cover, had sprung a series of left and right swings that plainly staggered his opponent. Papke caught himself and before the fifth period had ended Lewis was hanging on waiting for the welcome bell.

In the sixth round Papke easily led the New Yorker. Lewis was helpless by hanging on and refusing to break. Lewis finally stayed until the gong saved him.

**Gompers Reaches New York.**  
New York, Oct. 8.—Samuel Gompers, president of the American Federation of Labor, who has been in Europe studying continental labor conditions and problems, returned to the United States late tonight on the French liner La Savoie.

An elaborate reception has been planned for Mr. Gompers in Washington on his arrival there next week.

TWENTY-NINE THOUSAND PEOPLE SEE GREAT GAME

Smashing Home Run By Fred Clarke Takes Ginger Out of Detroit Players; Wagner In Batting Form.

(By Morning Journal Special Leased Wire) Pittsburgh, Oct. 8.—The National league champions won the first game of the world's championship series by the score of 4 to 1 at Forbes field today. After the early innings Detroit was outclassed in every department of the game. In the first three innings Detroit outplayed the Pittsburgh champions.

There were 29,265 paid admissions, a new record for attendance in a world's series game. Every seat in the amphitheater was filled when Johnstown called play ball. Manager Fred Clarke and Tommy Leach were the Pittsburgh stars. In the fourth inning Clarke solved pitcher Mullin's puzzling delivery and made a smashing home run hit into the right field bleachers. This tied the score and appeared to take all the heart out of Detroit. Scoring was comparatively easy for Pittsburgh after that. Leach's sensational catch of a hard drive from Ty Cobb's trusty bat with two Detroit men on bases in the seventh inning saved the game. Both George Mullin and Charles Adams pitched admirably. Mullin allowed only five hits. Adams was hit safely six times. Adams was unsteady in the opening inning when he gave two bases on balls and allowed two hits. After that he steadied and Detroit was not able to get more than one hit in an inning.

Mullin was a complete enigma to the locals during the first three innings. In these he did not allow a hit and gave but one base on balls. He had retired two Pittsburgh men in the fourth when Clarke made his home run. Delahanty made a ridiculous error at the beginning of the fifth inning and Abstein made three bases on it. This was followed by a two-bagger by Gibson and another error by Bush gave Pittsburgh two runs and the game.

In the fifth inning Mullin hit Byrne in the head with a pitched ball and it looked for an instant as if he had knocked out the little third baseman. The crack of the ball against Byrne's head could be plainly heard and as he sank to the ground a murmur of sympathy arose from the crowd. After a few minutes he was able to get up and trotted to first base.

Pittsburgh played with machine-like precision all the way and Byrne and Gibson starred with clever bits of fielding. The presence of the leading batters of each league—Cobb and Wagner—created great interest, and the work of both men was closely watched, as many bets have been made as to which will hit the better during the series. Wagner had the better of it today as he made a two-bagger and was hit in four times up giving him an average of .333. Cobb failed to make a hit, as Leach's fine catch robbed him of what was almost a certain three-bagger. Cobb was up four times and drew a base on balls and scored Detroit's only run.

Cobb also stole a base in the fifth inning, and it was on this play that Wagner made a remarkable one-handed scoop of Gibson's low wide throw. The play was close and the Pittsburgh men disputed Umpire O'Loughlin's decision for some time before they would continue the game. Detroit scored in the first inning. D. Jones drew a base on balls and Bush sacrificed him to second. Abstein hit Miller. Adams could not locate the plate, and Cobb also walked. Crawford hit a smart bouncer to Adams and D. Jones was forced at third by a throw to Byrne. Delahanty landed a safe hit in left field and Cobb scored while Crawford moved to third to the plate to catch Cobb. Moriarty shot a bouncer to shortstop but it hit Delahanty and the batter was out, while Moriarty received credit for a hit.

The winners were retired one, two, three, in the first and two were out in the second when Abstein drew a base on balls. This advantage was short-lived as Abstein was caught napping by a quick snap by Mullin to Tom Jones. Again in the third Pittsburgh men were retired in order and not until two were out in the fourth did Clarke's home run come. Immediately after this Wagner was hit by a pitched ball but Miller ended the inning with a fly to Cobb.

The fifth inning brought about the complete downfall of Detroit. Delahanty started it by making an inexcusable misplay on Abstein's grounder and the Pittsburgh first baseman was on third before the ball found its way back to the infield. Mullin struck out Wilson after a hard time but Gibson's two-bagger to center scored Abstein. Bush then muffed Adams' easy grounder, allowing the pitcher to get to first and Gibson to third. Byrne was hit in the head and the bases were full. Leach tied to Davy Jones and Gibson beat the throw to the plate, giving Pittsburgh the lead by three to one. Clarke finished the inning, Delahanty to Tom Jones.

**Alleged American Aeronaut  
Rested On Earth Before Final

Poland.**

(By Morning Journal Special Leased Wire)  
Berlin, Oct. 8.—Edgar W. Mix, American aeronaut, winner of the Gordon Bennett trophy in the balloon race which started from Zurich last Sunday, arrived here today from Ostrovetz, Russian Poland, and left for Paris tonight.

While in Berlin Mr. Mix received a telegram informing him that a protest had been lodged against his being declared the winner of the Bennett trophy on the ground that he had made a landing with the America II before he finally came down in the forest of Gubova.

This protest, said Mr. Mix, probably is founded on an incident that happened at some place, the name of which is unknown to me, about 30 miles northeast of Prague. We had come below the clouds, through which we had been sailing, when suddenly the guide rope trailing beneath struck the ground in a town or village. We could not make out the dimensions of the place because of a thick fog.

Several persons caught hold of the rope, notwithstanding my protest and despite my efforts to make them let go, and dragged the balloon to earth. The basket touched the ground and rested there probably between five and seven minutes, until I was able to persuade the people to let go and also had written a dispatch instead of being of advantage to me. I lost three bags of ballast before I resumed the voyage.

Mr. Mix said he desired to have the committee make the fullest investigation of the incident. He said he was treated with the greatest courtesy by the police of Ostrovetz, but was detained by them for twenty-four hours when his release was ordered by telegram from St. Petersburg, or Warsaw.

New York, Oct. 8.—Three British armed cruisers and three French battleships which have been attending the Hudson-Fulton celebration, sailed for home tonight, leaving behind a substantial number of their men. It was reported that 200 men from the British ships had failed to turn up for duty. Of the Frenchmen it was said that only three of the 2500 sailors had stayed. Fleet officers were left to search for the men of both squadrons.

An Edward Seymour will leave on the Infatigable tomorrow, and it is probable his ship will try for a new transatlantic record on the run to Gibraltar.

Unconfirmed reports are that certain French officers were dissatisfied at the treatment they received during the Hudson-Fulton celebration. The French ships did not salute as they passed Government wharves. The British, however, fired 21 guns.

Admiral Seymour went sightseeing today on a locomotive of the Twentieth Century limited, on the New York Central. He had expressed a desire to see what an American locomotive could do, in a clear stretch of track near Oswego, the point of the speed that worked 44 miles an hour and the heavy train whirled over a mile of rail in 57 seconds.

The trip covered 47 miles. It was the outcome of a suggestion made to the admiral by J. Pierpont Morgan, one of the Hudson-Fulton functionaries last week.

**HEARST TO RUN  
FOR MAYOR IN  
NEW YORK**

**ACCEPTS NOMINATION AS  
HEAD OF FUSION TICKET**

**Editor Repudiates Endorse-  
ment of Gaynor and Is Ac-  
cused by Tammany Chieftan  
of Helping Republicans.**

(By Morning Journal Special Leased Wire)  
New York, Oct. 8.—William R. Hearst announced at midnight that he would accept the nomination for mayor as tendered at an independent mass meeting at Cooper Union on Wednesday night. Mr. Hearst's statement outlining the conditions on which he will accept is in part as follows:

"Whether I am a candidate or not, I will support the rest of the fusion ticket nominated in opposition to Tammany hall. When the independent league committee withdrew from the fusion conference it declared that it still stood ready to support a frank and honest expression of progressive principles and candidates irrespective of party. This is your opportunity to substantiate that declaration. Nominate me if you so desire with the greater part of that fusion ticket behind me. I will run."

"The candidates nominated on the fusion ticket are worthy of support. The ticket is already in the field. If we nominate the fusion ticket Tammany will be defeated. And if Tammany is defeated the citizens will win."

Mr. Hearst goes on to say that he thinks his chances for election would be better on a straight independent ticket but that he was not considering his personal chances alone but rather of the city at large.

In other words, he wishes the endorsement of the independents to enable him to head a ticket simply by displacing Otto T. Harnard, who has been nominated by the regular republican party and endorsed by the so-called fusionists. Mr. Hearst repudiates his endorsement of Justice Gaynor, the democratic nominee, whom he announced several days ago he would support.

During the day, to insure a party name, legal steps were taken to register the "Civic Alliance," under which title Hearst will make the race if his requests are complied with. The choosing of this new name was made necessary in that Tammany is charged with absorbing the old independent league machinery at the recent primaries.

Numerous statements were issued during the day.

Justice Gaynor, in an interview, disclaimed responsibility for the nomination of alleged unit candidates on the democratic county and borough tickets. Charles E. Murphy, leader of Tammany hall, accused the republicans with urging Hearst to enter the field in order to detract from the democratic vote. Herbert Parsons, the republican county chairman, repeated his former charges that Tammany was planning wholesale frauds and offered rewards aggregating \$12,500 for the detection of repeaters.

The fusion forces opened their active campaign for the fusion-republican ticket tonight with a ratification meeting at Cooper Union, at which Otto T. Harnard pleaded for business administration of the city government.

Justice Gaynor's statement issued in reply to a Hearst challenge called the attempt to hold him responsible for the nomination of his minor associates on the democratic ticket "dishonest and fraudulent."

"The whole thing," he said, "looks scandalous to me and I do not believe Mr. Hearst will lend himself to such political work. Everybody knows that I am not responsible for local nominations made in the boroughs. If Tammany, a local organization of Manhattan, has nominated unit candidates then let the voters of Manhattan defend those unit men at the polls."

Charles E. Gehring, organizer of the new Civic alliance, and members of its executive committee voted unanimously early today to accept conditions as laid down by Hearst. Gehring announced that he would begin the campaign.

**SUFFRAGE QUESTION  
INJECTED INTO CAMPAIGN**

New York, Oct. 8.—A slender woman in white upset the smooth flow of campaign argument in the big republican fusion ratification meeting in Cooper Union tonight. Removing her hat and rising in the center of the hall she demanded of Otto Harnard, who was making his opening speech as candidate for mayor, whether he favored votes for women.

The woman was Miss Maude Malone, president of the Harlem Women's Suffrage union. She was forced to call a second time. "What about votes for women?" before Mr. Harnard replied.

He said he had answered the question and that it would appear in an interview in a Sunday paper. Other than this he declined to commit himself. But Miss Malone was insistent and there were repeated calls of "Put her out." Amid growing confusion Mr. Harnard finished the address, leaving the suffragette's question unanswered.

Nantes, Sar Seine, France, Oct. 8.—At the villa of Daniel, Ridgeway Knight, an American painter, at Rolleboise, Armande Pionot, a 17-year-old girl, renowned for her beauty, and who served Mr. Knight as domestic, yesterday killed herself. After being publicly jilted at a village ball by her sweetheart, Gustav Fortuno, she returned to Mr. Knight's home, took the painter's shotgun and blew off her forehead.

Armande left a letter to her father, a chimney sweep in Paris, and to her sisters, adjuring the girls to avoid love affairs and never to believe man's word.

When Fortuno heard of the affair he tried to kill himself.

The funeral of the girl today was the occasion of a remarkable demonstration of affection for her. The entire populace attended the services and followed the coffin to the grave. Mr. Knight said tonight that the girl had a face of the most remarkable beauty he had ever seen. She was according to pictures Mr. Knight is painting which he said are valued by him at \$50,000.

**NEED WESTERN MEN  
FOR CENSUS**

**Civil Service Commission Finds  
Small Proportion of Appli-  
cants for Clerical Positions  
Come from Distant States.**

(Special Correspondence to Morning Journal)  
Washington, D. C., Oct. 8.—The United States civil service commission announces that a very small proportion of the applications thus far filed for the examination to be held on October 23 next for positions in the census bureau are from the residents of the more distant states.

As the census act provides for the apportionment of appointments among the states and territories in accordance with the law of apportionment, the commission calls attention to the fact that present indications are that those distant states will probably fail to receive their full share of the appointments, unless more residents of such states apply for the examination.

It is expected that about three thousand appointments will be made from the examination which is scheduled to be held on October 23, 1909, in all the states and territories. These appointments will be for terms of six months to two years and will average about one year in length. The entrance salary will be \$500 per annum and promotion to at least \$900 per annum will be reasonably rapid for those who render satisfactory service.

Under the census law selections from the eligible register will be made in the order of rating and in accordance with the law of apportionment, so that all persons will have an equal chance of appointment.

Applications must be between the age of 18 and 50 years, except that persons honorably discharged from the military or naval service, by reason of disability resulting from wounds or sickness incurred in the line of duty, may be examined without regard to age, and except that boys who have reached the age of 16 years and have not reached the age of 18 years, will be permitted to take the examination, and if they pass will be eligible for appointment as messenger boys only.

It is understood that the census bureau will make some appointments from this examination about January 1, 1910, but the majority of such appointments will be made between April and August, 1910.

Application form and further information may be obtained by addressing the U. S. civil service commission, Washington, D. C., the bureau of the census, Washington, D. C. or the secretary of the board of U. S. civil service examiners at the following named places: Postoffice, Boston, Mass.; Philadelphia, Pa.; Atlanta, Ga.; Cincinnati, O.; Chicago, Ill.; St. Paul, Minn.; Denver, Colo.; San Francisco, Cal.; Custom House, New York; New Orleans, La.; Old Custom House, St. Louis, Mo.

**NOTES ABOUT THE  
SHUBERT SHOWS**

Miss Ruth Allen, who is to be a member of "The Return of Eve" company, has just completed a walking tour of Yosemite park. She was accompanied by Miss Florence Roberts which fact should set at rest the reports as to the latter's poor health.

Contrary to report, "The Revelers," will continue on tour. Charles Richmond's play after its engagement at Maxine Elliott's theater, visited the uptown Shubert theaters, concluding its last week in Manhattan Saturday.

Miss Lulu Glaser opened her season in "The Girl from the States" in Albany October 5. Following Albany she will play a two weeks' engagement in Philadelphia.

The fact that Marguerite Clarke played "Peter Pan" in stock in St. Louis the past summer is said to have decided Lee Shubert to cast her for a legitimate part. This she will have in Owen David "The Wishing King." Heretofore she has played under way. Robert Demme, now leading man with the Shubert Stock company, Brooklyn, will serve in a similar capacity with Miss Clarke.

Miss Louise Gunning, who is starring in "Marcelle," recently received a photograph of unusual interest. The photo shows a profile of Miss Gunning surrounded by a dozen stars of theater tickets. These had been purchased in as many different cities by an "admirer," who happened to witness "Marcelle" on each occasion.

Frank Daniels in "The Belle of Brittany" begins his season under the Shubert management at the Belasco theater, Washington, Monday, October 11. Mr. Daniels has the way has practically rewritten the English musical comedy to his own liking.

The third new play to be brought out by the Shubert Stock company at the Bijou theater, Brooklyn, was "The Ranchman," a four act drama of the plains by Edith Ellis Furness. Mrs. Furness staged and rehearsed the play.

Frank Daniels and De Wolf Hopper have organized a Long Island realty company.

The Chatterton circuit in Illinois has declared for the "open door." As previously announced, independent attractions would play Springfield. In addition to this city there will be included Peoria, Bloomington and Ottumwa. Herbert C. Duke, the Shubert's western representative, will represent the circuit.

John Mason in "The Wishing Hour" was the first "open door" attraction to play the Elks' theater, Albuquerque.

## ALAMOGORDO MEN DISCUSS PLANS FOR Y. W. C. A.

Road to Tularosa Will Be Repaired; Odd Fellows Will Carefully Investigate Sanitarium Matter.

(Special Dispatch to the Morning Journal) Alamogordo, N. M., Oct. 8.—The regular monthly meeting of the Alamogordo Business Men's club was well attended, and some important business was transacted. Mr. Wolfinger, president, introduced the subject of a Y. W. C. A. organization for Alamogordo, not with a view of launching the project just now, but for the purpose of having the people begin to give the matter consideration. Rev. John H. Murray and Rev. S. B. Calloway, both made timely talks.

A committee was ordered to make arrangements to repair the road between Alamogordo and Tularosa. This committee has already raised \$125 in cash pledges and promises of many men and teams to assist in the work. The committee went to Tularosa Wednesday night and received the most cordial treatment from the business men of that town. Judging from the way Tularosa has promised to cooperate in the enterprise, the road should be put in excellent condition within two weeks.

The committee on new advertising made a detailed report. A new descriptive, illustrated folder, will be issued as soon as the printers can do the work. This folder will set forth the resources and possibilities of Otero county in a general way, and will more particularly describe the advantages for the health seeker. In addition to the folder, there will be a post card issued for general distribution. The plan is now to distribute these post cards to the passengers passing through on the Golden State limited every day.

The committee on the "Scenic Highway" to Cloudcroft was not present to report.

The board of county commissioners, at the regular quarterly meeting, formally received the petition for incorporation from the town of Alamogordo. The board has ordered the work of making the required survey of the proposed town and the taking of the census. This work will be commenced at the earliest moment practicable.

J. D. Clements has returned from Seattle, where he attended the annual meeting of the governing lodge of Odd Fellows. Mr. Clements' work at the convention was to present a resolution praying the sovereign body to endorse the Alamogordo Sanitarium as the national home for tuberculous members of the order. The resolution was referred to a committee which was appointed on Saturday. The chairman, a resident of Kansas City, has promised to give this institution his careful attention. A second member, resident of Denver, has promised to make a visit to Alamogordo to look over the field and the institution. Dr. Gilbert, president and medical director, said to the Morning Journal correspondent that they were pleased with the recognition secured.

R. R. Pratt, who came out from Pittsburg, Pa., to look over the New Mexico Institute for the Blind, with a view of accepting the superintendency, has returned to his home. After a lengthy conference with the board of regents, there was no agreement reached, and Mr. Pratt left for home. The board was pleased with Mr. Pratt and Mr. Pratt was favorably impressed with the institution, but they were unable to agree as to some of the points or details of the general policy.

W. W. Cox, the San Augustine ranchman, reached Alamogordo on No. 2 Wednesday, quite ill. Mr. Cox had been out with an outfit and a big bunch of cattle for several days. The

cattle were hard to control, and for two days and nights were on the run. For that length of time the men were separated from the camp wagon and had very little to eat. Sleeping on the ground without covering and having so little to eat resulted in Mr. Cox's illness. He left Oliver Lee's horse camp and rode to Camp City and caught the train for Alamogordo. At the same time one of the men left for the San Augustine ranch and rode 65 miles horseback, immediately upon arrival at the ranch he left in the big oldsmobile car, with Mrs. Cox and little daughter, for Alamogordo, arriving at noon yesterday.

Mr. Cox's condition is now improved and he will soon be able to leave for home.

To ward off Bright's disease or diabetes. Doan's have done great work in Albuquerque.

Mrs. E. Fournelle, 403 S. Broadway, Albuquerque, N. M., says: "I can vouch for the merit of Doan's Kidney Pills as heartily now as when I publicly recommended them over two years ago. Though I have not taken Doan's Kidney Pills during this interval of time I have advised other persons to try them and I know from reports that the remedy has acted satisfactorily. In a testimonial I gave in favor of Doan's Kidney Pills in January, 1907, I said that the contents of three boxes had cured me of pain in the back that had clung to me for a long time. Now, after a lapse of years, I can say that I have had no recurrence of my old trouble. I believe that my permanent cure justifies me in praising Doan's Kidney Pills more highly than ever."

Pecos Valley Press Men Vote to Affiliate With the American Editorial Association.

(Special Correspondence to Morning Journal) Carlsbad, N. M., Oct. 6.—The country side turned out in full force from far and near yesterday and helped to make Carlsbad a surging mass of humanity from early morning till late at night. Out of town visitors to the tournament began coming in Monday night. Every incoming train has added to the number since. The entire day was devoted to amusement pure and simple. A fireman's parade was given the first thing in the morning. The local firemen as well as the visitors, appeared in fine uniform and the apparatus was as bright as if it had just come from the factory. From this on the amusement features crowded in thick and fast, including the circus, ball games, a show at the opera house, ball, reception, etc.

Today the various associations holding their annual meeting here settled down to business on time. The Pecos Valley Press men met in the Commercial club rooms and listened to a very instructive and entertaining

program the entire forenoon. Many new members were admitted, and the association now has a membership of sixty. There were representatives from every part of the valley, from Malaga in Eddy county, to Clovis and Texico to the north. This afternoon the members of the association were given an auto ride through the Carlsbad project. On their return they saw the ball game. The association met again at eight p. m., in the Commercial club rooms. The leading citizens of Carlsbad attended this meeting.

C. H. McLanthen made an address in which he dwelt on the importance of the press in the development of the Pecos Valley. Will Robinson of the Register-Tribune, responded in his happy style. The association today voted to join the American Editorial Association. Frank Prouty of the Malaga News, was elected as committee man; Will Robinson as first delegate; W. H. Mullane, Carlsbad Current, second delegate; A. E. Curran of the Clovis News, as alternate.

The New Mexico Association of Firemen met in the opera house this morning. Mayor J. M. Dye made the address of welcome. Secretary A. M. Dettiebach of Santa Fe responded. Capt. E. P. Bujac and C. H. McLanthen also made short addresses in their happiest vein. Much routine business was transacted afterwards. This is by far the largest attendance the association has ever had at any annual convention, nearly every department in the territory being represented by delegates. This afternoon the first races were run. The baseball game was attended after the races. Tomorrow will be devoted to business in the forenoon and races in the afternoon.

**COX'S WOUND NOT DANGEROUS**  
Cattlemen Shot by Sheriff Kendall at Hillsboro Not Seriously Injured and Will Recover.

(Special Dispatch to the Morning Journal) Hillsboro, N. M., Oct. 8.—John Cox, who was shot twice by sheriff Kendall at Sierra county here yesterday as the result of a dispute, is not seriously hurt and will soon recover. The two men became engaged in a wordy quarrel regarding the attachment of some horses of Cox's by the sheriff, and Cox struck the sheriff with his fist. The sheriff drew his gun and shot twice, one bullet inflicting a flesh wound in the right buttock and the other in the groin. There has long been ill feeling between the two men which culminated when the sheriff endeavored to attach the ranchman's property.

More Than Enough is Too Much. To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If diet, reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets, and you will soon be all right again. For sale by all druggists.

## GRAND BALL AT THE SULPHUR SPRINGS

Social Event in Honor of Visitors to Mountain Resort Proves Unqualified Success.

(Special Correspondence to Morning Journal) Sulphur Springs, N. M., Oct. 5.—One of the most enjoyable events of the season here was the grand ball at the Sulphur Springs hotel last night in honor of the visiting association and the present were Mr. and Mrs. Taylor of Glorieta, Mr. D. McLeay and sister, and Miss Tilly Bernicke of St. Louis; Mr. B. J. Donnell of Dewey, Ark.; Mr. Tom Ivey, of Farmington, Mr. John Anderson of Albuquerque, and many others. Harry Fluke's orchestra furnished the music. Supper was served at midnight.

The weather in the mountains has been perfect for weeks past and the prospects are for the most pleasant autumn ever seen in the Jemez country. The hotel here will remain open all winter for the trade.

Fritz asserts that Mrs. Guinness recognized him and hastily went into the woman's dressing room, where she locked herself in.

## FIRST SNOWSTORM OF SEASON FALLS IN LAS VEGAS

GENUINE BLIZZARD IN MEADOW CITY

High Winds Bring Rapid Fall In Temperature In Albuquerque and Overcoats Swarm Out of Dusty Trunks

(Special Dispatch to the Morning Journal) Las Vegas, N. M., Oct. 8.—The first snow storm of the winter in Las Vegas and probably in New Mexico hit here at 10 o'clock this morning and at 2 o'clock in the afternoon had reached the proportions of a genuine blizzard.

The temperature fell rapidly for an hour and as the storm cleared rose again as rapidly, melting the snow as fast as it reached the ground. In the vicinity of Mora the snow began falling heavily yesterday at 1 o'clock in the afternoon and this morning at 11 o'clock still coming down. In the nearby mountains there is reported a very heavy storm which is moving to the south and gaining in violence as it progresses.

## COAL MAN GETTING INNINGS IN THIS CITY

Following an unusually cold night Wednesday night a high wind all day yesterday in Albuquerque brought falling temperature and last night had the real sting of winter in the air.

The comfortable smile on the idler's gloomy countenance of the coal man yesterday gave the snap dead away and orders came in fast from all parts of the city. There was a general smell of moth balls in the air following the sudden resumption of overcoats and other familiar features of the advent of the chilly season were in evidence on all sides.

No snow fell in the mountains near here yesterday but the effects of the storms further north were plainly felt. A slight frost was noticed yesterday morning and there will probably be near-frost this morning.

## LAS VEGAS GUN PLAY A NEAR KILLING

WOMEN GRAB SIX SHOOTER AND AVERT TRAGEDY

Meadow City Colored Circles Worked Up Over Troubles of the Rev. P. D. Yocum.

(Special Dispatch to the Morning Journal) Las Vegas, N. M., Oct. 8.—An exciting gun play in the west side cleaning and dyeing shop of N. Letten on Bridge street came perilously near resulting in a killing. The principals who figured in the near-tragedy were Frederick Letten of the establishment and Vicente F. Martinez, who runs an adjacent second hand goods store. While having an argument in the Letten place the two men became very angry and Letten drew a gun on Martinez and threatened to kill him. He no doubt would have attempted to carry his threat into execution had not two women employed by Letten grabbed the gun out of his hands and hidden it so he couldn't locate his artillery. Martinez took advantage of the opportunity to hastily withdraw and swore out a warrant for the arrest of Letten, who was taken into custody on the charge of assault with firearms and threatening to kill.

Las Vegas colored church circles are considerably exercised over the suspension of Letten of the establishment for some time past minister in charge of the A. M. E. church here. While Yocum was attending the conference of the church at Boulder, Colo., recently charges were preferred against him for violating the rules of the church by marrying a divorced woman. The conference decided that the

## RAILROADS ENJOIN IRRIGATION PROJECT

Grand Junction, Colo., Oct. 8.—On application of the Denver & Rio Grande and the Colorado Midland railroads, Judge Shackelford, in the district court this noon, issued a temporary restraining order against the Orchard Construction company, forbidding the construction of a dam across the Grand river, now being planned in connection with the million dollar Orchard Mesa irrigation project.

Rev. Mr. Yocum had erred, took away his license to preach and deposited him as minister here.

He is considered one of the most able centers among his people and one well liked by the church here. He left this afternoon for Durango, Colo., where he hopes to start a new church and by hard work prove himself worthy of being restored to standing.

## Midnight Doctors.

Are the most unwelcome visitors—even the doctor himself curses the luck that compelled him to leave his comfortable bed. Suppose you try our method, and keep a big 5c bottle of Perry Davis' Painkiller in the house, and let the doctor stay in bed and enjoy himself.

## WALL STREET.

New York, Oct. 8.—The struggle to maintain prices of stocks met with partial success today, although the effect on the market was kept alive by the spirit of uncertainty in the speculation throughout the day. Early prices generally were higher and after the first relapse there were numerous renewals of the attempts to turn the course of the prices upward. Publications of the preliminary estimates of the week's currency movement disclosed as heavy an inroad on cash resources of the banks as to threaten a deficit in the legal reserve unless the position has been conserved by a drastic reduction of deposit liabilities through loan contractions. The idea that deposits of cash expended by visitors for the Hudson celebration might have a beneficial effect on the bank statement found no corroboration in the estimates by the banks themselves.

The express movement in the interior seems to have been at the expense of New York to the extent of upwards of \$2,000,000 and the substructure absorption has taken up \$4,392,000, without counting \$2,000,000 deposits with that institution today for telegraphic transfer to San Francisco and shipment to Japan. This transaction is on London orders for meeting London indebtedness to Japan but is significant of London's command of credits here to enable bankers to make the transaction.

The pressure on the money market directs attention to the old time facility with which the loans were effected to the trust companies on such occasions. The present situation is the first when the money has grown tight since the new law became effective obliging the trust companies to maintain 15 per cent of cash reserves in their own vaults.

The accumulation of the additional reserve by the trust companies was not without effect on money rates in New York even during the lethargic money markets of the period of depression. The rise in call loans to 4 1/2 per cent for a brief interval in the third week of December of last year was attributed to preparations of the trust companies for a final statement of the cash resources.

There was an expectation in Wall street today that the United States treasury would come into the money market shortly with treasury notes to make good deficiencies in the revenues.

The government crop report was somewhat disappointing on corn but considered good on spring wheat. It was of little effect on stocks, however.

**FOUR NEW READING  
ROOMS BUILDING  
ON SANTA FE**

Structures at Waynoka, Can-  
adian, Vaughn and Belen  
Will Be Commodious and  
Well Equipped.

"Give a man a bath, a book and an  
entertainment that appeals to his  
mind and hopes by music and knowl-  
edge, and you have enlarged, extend-  
ed and improved his life, and as he  
becomes more faithful to himself, he  
is more valuable to the company."  
The above is the motto of the Santa  
Fe reading rooms. And with this in  
mind, the Santa Fe railway com-  
pany is other building, or will build  
within a year, seven new reading  
rooms for the benefit of the employ-  
ees of this system which now number  
nearly 60,000. Each reading room will  
cost the company in the neighbor-  
hood of \$20,000, so that the total ex-  
penditure, just for broadening the  
minds and usefulness of Santa Fe em-  
ployees, will amount to nearly \$150,-  
000.  
Four of these new reading rooms  
will be on the part of the system  
known as the Atchison proper, the  
favored towns being Waynoka, Okla.,  
Canadian, Texas, Vaughn, N. M., and  
Belen, N. M.  
Waynoka, while not a very well  
known town, has assumed prominence  
only within the past two years, or  
since the Santa Fe made that point  
of the old Panhandle line a freight  
division. This has transferred a  
number of new employees to this  
point, and made the reading room a  
necessity for the trainmen. This  
building has reached a point of com-  
pletion, seventy-five per cent, com-  
pleted.  
Canadian, like Waynoka, is a  
freight division point, and many train-  
men who live at other places are forced  
to spend much time there. Here  
the work is not at all far along as at  
Waynoka, but the foundation has  
been laid for several days and the  
work will be pushed to an early con-  
clusion. Charles A. Fellows, has the  
contract and is working a good sized  
force of men on the job.  
**Two on Cut-off.**  
The new reading room at Vaughn  
is being built by the construction  
firm of Nelson & McLeod of Chi-  
cago, which firm has just completed  
a large Santa Fe hotel at that place.  
Vaughn is a new town, which lies  
west of Texas on the new Belen cut-  
off, and which has been made a divi-  
sion point. This work has been un-  
der way for several weeks.  
The reading room planned for Belen  
has not yet started yet but will be  
within a few months, as the plat-  
forms have already been drawn.  
On the coast lines three are planned  
for completion within a year, one  
at Gallup, another at Winslow, and  
another at Batavia. All these are  
towns prominent in the operation of  
the Santa Fe and where train and  
ship employees are located.  
These reading rooms are to be com-  
fortable of brick veneered with  
cement and pebble dash. All will be  
similar in plan, the location and sur-  
roundings of the different ones caus-  
ing the only differences, which will  
be merely in details, the general  
plans being practically the same.  
**Commodious Buildings.**  
These reading rooms along the  
Santa Fe are ideal places for the en-  
ertainment of the Santa Fe employ-  
ees. The general plan which is main-  
tained in the four new buildings on the  
Atchison proper, provides for a basement  
and two additional stories. The base-  
ment is commodiously equipped with  
bath and shower baths, and lavatories.  
The main floor provides office room  
for the secretary who is in charge,  
as well as card rooms, billiard rooms,  
and reading rooms, all comfortably  
furnished. The top floors are natu-  
rally devoted to sleeping rooms, the  
number varying from fifteen to twenty  
in the different buildings.  
Each will have a wide and spacious  
veranda. The veranda at Vaughn is  
particularly enclosed. The one at Can-  
adian will extend clear around the  
building, and in the warm weather  
will make a comfortable and cool  
resting place for the weary train-  
men, just in from a long run in the  
summer winds and sun.  
The roofing will cover the four  
buildings, and in architectural struc-  
ture each one will be a model of com-  
pactness and simplicity.  
If you want a choice building lot in  
any part of the city, at original plat-  
price and on easy terms, inquire for

**Preparing for Montezuma Ball.**  
The preparations at the Alvarado  
for the grand Montezuma ball next  
Friday night are going on apace and  
latest reports show conclusively that  
this will be by a wide margin the most  
brilliant social event in the history of  
the city. Contrary to a report which  
gained ground yesterday, there has  
been no change in the arrangements  
regarding the price of tickets or other  
features.  
**Carload of Horses Arrives.**  
Another carload of Colorado and  
Wisconsin horses arrived yesterday  
and were taken out to Traction park  
to be ready for the big racing tourna-  
ment.

**BULL FIGHTERS TO  
BE IN PARADE  
THURSDAY**

Bull Durham Tobacco People  
Will Have Large Float With  
Huge Live Bull on Board in  
the Big Street Pageant.

If you have never seen a bull fight  
and would like to see a real live en-  
counter of that nature, be lined up on  
one of the principal streets Thursday  
morning of next week and you will  
see a fight between a real live bull,  
weighing over 2000 pounds, and a  
picked matador and torreador, who are  
heroes of many fights in Spain and  
Old Mexico. The bull will be mounted  
on a large float, which will be equip-  
ped with iron bars tested a ton to the  
square inch. The bull and the float,  
which will be drawn by four large  
black horses, will be entered in the  
parade by the Blackwell "Bull" Dur-  
ham smoking tobacco company, which  
concern has had a corps of men here  
for several days, under the direction of  
George Levesque, of Denver, distribut-  
ing samples of "Bull." Two of Mr.  
Levesque's assistants, R. B. Webb and  
John J. Donovan, better known as the  
"Bull Durham Twins," will be in the  
parade with the bull. Mr. Webb will be  
the matador in the realistic bull fight  
which will occur during the parade.  
While his side partner, Mr. Donovan,  
will officiate as a torreador. During  
the parade, Mr. Levesque and James  
A. Dale, better known as "Jimmy"  
Dale, will distribute thousands of one  
ounce samples of "Bull" Durham to-  
bacco and little gold watch for sou-  
venirs. Mr. Dale, who has been with  
the "Bull" Durham people for some  
time, is well known in Albuquerque,  
where he formerly resided, being pri-  
vate secretary to G. L. Brooks.  
"Jimmy" has turned out to be a  
professional "Bull" Durham salesman  
and is making good in the tobacco  
business in a very substantial way.  
The "Bull" Durham people will re-  
main in Albuquerque until after the  
fair. Thirty thousand one ounce sam-  
ples of "Bull" Durham and fifty  
thousand "Bull" Durham watch  
chains will be distributed before they  
leave town. The "Bull" Durham peo-  
ple have decided to make a big noise  
during the fair, and will spare no ex-  
pense in doing so.

**BUSINESS DRAGS IN  
DISTRICT COURT**

Necessary to Take New Start  
In Childers-Hubbell Suit;  
Case Will Occupy Several  
Days; Another Reform school  
Sentence.

If other courts in New Mexico do  
as well for the recently established  
New Mexico reform school as Judge  
Abbott's court has done at this ses-  
sion, that institution will be one of  
the busiest in the territory in a very  
short time. The court yesterday sen-  
tenced another youthful culprit to the  
Springer school for not less than one  
year nor more than two. Gus Weld-  
man, who received the sentence,  
pleaded guilty to larceny in a shop.  
The commitment was suspended un-  
der \$500 bond furnished by the boy's  
parents, pending an effort to place  
him in an eastern reform school. This  
will be allowed by the court if ar-  
rangements can be made by the boy's  
parents.  
Business dragged in the court yester-  
day, the entire session being oc-  
cupied by evidence in the Childers-Hub-  
bell suit for attorney's fees. Owing  
to a misunderstanding on the part of  
counsel for the plaintiff as to the  
answer made by defendant's counsel,  
it became necessary to begin evidence  
for the plaintiff all over again. It is  
now likely that the case will not be  
sent to the jury before Tuesday of  
next week.  
Chas. Buckman, indicted for rape,  
was arraigned and entered a plea of  
not guilty.  
The Santa Fe railroad yesterday  
filed a suit against V. S. Myers for  
\$116, alleged to be due on a freight  
bill.  
**County Commissioners Meet.**  
A brief adjourned session of the  
board of county commissioners was  
held yesterday afternoon at which a  
number of accounts were audited and  
ordered paid. The commission ad-  
journing to meet at the call of the  
chairman. The report of the county  
treasurer for September was ap-  
proved. The report shows a balance  
on October 1 of \$83,222.55.

Long Drought Broken in Kansas.  
Kansas City, Oct. 8.—A drought  
which has extended through a large  
part of the southwest for the last  
two months, was broken by a heavy  
rain early today and tonight. In  
Kansas, Arkansas and Oklahoma, the  
drought was especially severe. Much  
suffering and crop damage has re-  
sulted.

**SIDSWIPED BY A HEADQUARTERS FOR  
SWITCH ENGINE STOCKMEN ARE  
COMPLETE**

Jose Lopez Sidestepped Fast  
Moving Train But Managed  
to Get Hit by Yard Goat.  
Jose Lopez, a Santa Fe messenger,  
employed at the general offices and  
living at 1509 Williams street, was  
quite seriously injured shortly after  
6 o'clock last evening as the result of  
being hit by a yard switch engine,  
which was traveling at a pretty good  
clip. Lopez was walking through the  
yards on his way to the offices with  
the mail, when he saw delayed No.  
10 coming from the south. In his ef-  
forts to get away from the passen-  
ger train Lopez jumped across a cou-  
ple of tracks and placed himself in  
front of an oncoming switch engine.  
He became confused and the "goat"  
hit him. The accident resulted very  
fortunately for Lopez, as he only sus-  
tained a severe shaking up and a  
number of bruises, when he might  
easily have been killed. The injured  
man was removed to the Santa Fe  
hospital, where his injuries were at-  
tended to by Dr. W. W. Statton.

**HANDSOME BRIDLE  
TO BE GIVEN TO  
PRESIDENT**

Young Men's Republican Club  
to Present Beautiful Trophy  
In Behalf of Albuquerque  
Citizens.  
A beautiful horsehair bridle heavily  
mounted with massive solid silver  
and set with turquoise, in short a triumph  
of the finest art of the Navajo Indi-  
an craftsman has been completed and  
will be presented to President Traft on  
the occasion of his visit to this city  
October 13.  
The bridle will be formally pre-  
sented with a little speech by District At-  
torney George S. Kivwe. It is the gift  
of the citizens of Albuquerque through  
the Young Men's Republican club of  
this city and is undoubtedly one of the  
most beautiful gifts the president will  
receive on his short tour.  
The bridle was made by the most  
skilled of the Navajo hair weavers,  
and silversmiths on the reservation,  
and took many weeks to complete. It  
bears a silver name plate at the top  
with the engraved initial "Y. M. R. C."  
The bridle was placed on exhibition in the  
window of the J. H. O'Reilly and com-  
pany store yesterday, and attracted  
much admiring attention.
